* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics'

Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, and the Twinsburg Academic Center, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

For more information on admissions, contact the Regional Campuses admissions offices.

Program Learning Outcomes

Graduates of this program will be able to:

1. Utilize professional behaviors when interacting with clients, peers and other professionals when providing occupational therapy services.
2. Apply clinical reasoning by integrating clinical experiences with evidence-based practice and personal experience to provide best-practice occupational therapy services.
3. Utilize a creative, holistic approach to support client's desired occupational roles and participation in occupations through a creative, holistic approach.
4. Collaborate with inter-professional team members to provide distinct valued services to each client based on individual needs.
5. Evaluate and support at-risk individuals, groups and populations who are in the community to identify resources and opportunities for improving engagement in occupations.

Full Description

The Associate of Applied Science degree in Occupational Therapy Assistant prepares students for a career as an occupational therapy assistant. Occupational therapy services are provided for habilitation, rehabilitation and promotion of health and wellness, while emphasizing participation in meaningful occupations for clients and groups in a variety of settings. Occupational therapy assistants work under the direction of and in partnership with occupational therapists.

The degree program prepares students with a sequential curriculum, including lectures, labs and a variety of fieldwork experiences. Graduates are eligible to take the national certification exam and obtain state licensure.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.
