\* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

## Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

**Freshman Students:** Admission to the Fashion Merchandising major is selective. Prospective applicants must have a minimum 3.000 overall grade point average (on a 4.000 scale).

**Transfer Students:** Admission to the Fashion Merchandising major requires a minimum 2.750 overall GPA based on minimum 24 credit hours of college-level coursework at an accredited institution. Those students meeting this GPA requirement but with fewer than 24 credit hours will be evaluated as new freshmen.

Students who do not meet the criteria for admission to the Fashion Merchandising major may be eligible for admission to the Pre-Fashion Design and Merchandising non-degree major. In addition, students who do not meet the admission criteria may initiate the process for declaring the B.S. degree in Fashion Merchandising after completing minimum 12 credit hours of non-developmental coursework at Kent State University and earning a minimum 2.750 overall GPA.

**International Students:** All international students must provide proof of English language proficiency unless they meet specific exceptions. For more information, visit the admissions website for international students.

## Full Description

The Bachelor of Science degree in Fashion Merchandising allows for students to acquire a thorough background in the business aspects of the fashion industry, whereby they develop competencies in fashion theory, retail operations, management and buying, fashion forecasting and promotion, the merchandising for apparel manufacturing and the development and marketing of fashion goods.

Students participate in a study abroad/away experience, which includes opportunities to study for a semester in New York City and Florence, Italy, as well as through collaborative partnership programs with the Paris

American Academy, Hong Kong Polytechnic University and Regent's University in London.

In addition, students in the Fashion Merchandising major have the opportunity to enroll in the combined degree program with the Master of Business Administration degree. The combined B.S./M.B.A. degree program allows high-achieving undergraduate students early admission into graduate school. Students enrolled in the combined degree program will complete a maximum of 9 credit hours of graduate-level coursework for the M.B.A. degree during their senior year. This allows a student to accelerate their completion of the M.B.A degree after being awarded their undergraduate degree. Students complete a minimum of 150 credit hours (120 representing the B.S. degree in Fashion Merchandising and at least an additional 30 representing the M.B.A. degree). To be eligible for the combined program, students must first complete a minimum of 90 credit hours in the fashion merchandising degree with at least a 3.300 overall grade point average. Upon achieving these requirements, students submit an admissions application to the M.B.A. program by the set application deadline. Students need to satisfy all requirements for the graduate admissions application.
