¹ Selection of music theory course is based on students' result from the theory placement exam. In the case of the exam results placing a student into MUS 51011 and/or MUS 51012, these courses will not count towards the M.A. degree and must be taken in addition to the music theory requirements.

² Students writing a thesis must pass a final oral examination covering the thesis and the student's major area of study. The final oral examination may be attempted two times.

Program Learning Outcomes

Graduates of this program will be able to:

1. Compile a body of completed compositions.
2. Demonstrate and apply compositional techniques for creation of new works, including musical style and structure.
3. Analyze music from a wide range of styles and style periods and communicate results in written and oral formats.
4. Recognize, identify and analyze representative literature from different historical periods, countries and composers.
5. Communicate knowledge of composition, theory and other aspects of music as would be done in classroom and private teaching.

Full Description

The Master of Arts degree in Music Composition is designed to advance the music composition creative skills of advanced students and prepare them for admission to doctoral study. The program emphasizes mastery of composition of large-scale works for media, including orchestra, choir, band and/or chamber music ensembles.

Based on a solid undergraduate music degree, the M.A. degree further develops abilities in music theory, including analytical, aural, written, keyboard and pedagogical skills. The program further develops breadth and depth in the area of music history and literature.
