2. Design a CBI program at middle or high school levels using one of the approved ODE models for CBI.

Full Description

The Career-Based Intervention Endorsement Preparation non-degree program is designed to prepare educators for teaching learners ages 12 through 21 or grades 7 through 12 who are identified as disadvantaged (either academically and/or economically) or with disabilities and who have barriers to achieving academic and career success. Successful completion of this program qualifies individuals to apply for the Career-Based Intervention endorsement granted by the Ohio Department of Education.

The program does not result in a degree. Individuals interested in obtaining this endorsement and a graduate degree from Kent State University must also be fully admitted into the major and complete the prescribed coursework.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.
