Description

The Master of Landscape Architecture I degree in Landscape Architecture is a pre-professional program that focuses on sustainable landscapes with a study in regional ecologic, economic and social issues.

The degree program emphasizes professional approaches highlighted by sustainable planning and design practices. Students travel to regional landscapes within the Great Lakes-Ohio River basins to research post-industrial cities. They also have an option to study for a semester in Florence, Italy. Individual research studios or multi-disciplinary studios with graduate architecture and urban design students can comprise the final year of study.

Fully Offered At:

- Kent Campus

Accreditation

The M.L.A. I degree in Landscape Architecture has candidacy status for Landscape Architecture Accrediting Board (LAAB).
