Description

The Associate of Applied Science degree in Environmental Health and Safety provides students with the knowledge to work in a number of career areas in business and industry.

Fully Offered At:

- Trumbull Campus

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, and the Regional Academic Center in Twinsburg, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

For more information on admissions, contact the Regional Campuses admissions offices.

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate knowledge required of an environmental technologist.
2. Understand core concepts in select biological and chemical sciences.
3. Master the basic skills necessary for environmental investigation and be knowledgeable in designing, collecting data and analyzing results of investigations.
4. Use oral and written expression to clearly communicate technical concepts.
5. Grow in intellectual ability, enhance problem-solving knowledge and attain higher level reasoning skills for advanced study or work in the environmental sciences.
