Description
The Game Design minor is for students who want to learn and enhance their ability to create 2D and 3D games and who want to focus on the modeling and game environment design perspective. Students will create 2D and 3D games by learning the essentials of modeling, texturing, lighting, sculpting environments and communicating ideas with other designers.

Admission Requirements
Admission to a minor is open to students declared in a bachelor’s degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.
