Description

The Associate of Applied Science degree in Viticulture provides students with the foundational scientific and mathematical knowledge, practical experiences and technological skills of the cultivation of grapes for making wine. This program emphasizes hands-on experiences and internships at local vineyards and wineries in Ashtabula County.

Graduates are qualified for positions in the commercial winemaking industry as a viticulturist, vineyard manager and assistant vineyard manager.

Fully Offered At:

- Ashtabula Campus

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, and the Regional Academic Center in Twinsburg, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

For more information on admissions, contact the Regional Campuses admissions offices.

Program Learning Outcomes

Graduates of this program will be able to:

1. Identify and safely use planting, cultivating, spraying and harvesting equipment found in a vineyard
2. Identify the various parts of a grapevine and describe the sequential growth cycle of grapevines
3. Properly prune grapevines, including calculations regarding the appropriate balanced pruning formula
4. Identify and treat major pest, weed and fungus infestations in a vineyard, including preventative treatments
5. Perform random sample on vines to predict crop yield and maintain vine balance
6. Collect fruit samples and perform lab analyses regarding harvest parameters
7. Make decisions regarding vineyard management practices, including planting, pruning, harvest, nutrition, planning and winterization

University Requirements

All students in an applied or technical associate degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements, please see Program Requirements for details.
