Description
The Aviation Management minor is offered to those students whose career paths are focused towards management or operations in the aviation industry. The program's emphasis is on management practices within the aviation industry to include airlines, airports and general aviation management.

Students graduating with this minor will be able to demonstrate a thorough understanding of fundamental aeronautical management concepts and practices and demonstrate a comprehensive understanding and application of aviation business management principles.

Fully Offered At:
• Kent Campus

Admission Requirements
Admission to a minor is open to students enrolled in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students enrolled only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.
