Admission to the minor has been temporarily suspended as of fall 2021.

Fully Offered
• Kent Campus

Description
Admission to the minor has been temporarily suspended as of fall 2021.
The Electronic Technology minor gives students a basic knowledge in the
use and programming of microprocessor-based circuits. It also illustrates
how digital combinational and sequential circuits work, and provides
students with some applications of these types of circuits. The minor
complements studies in computer science, physics, instrumentation, as
well as student interest in a general background on how computers work.

Admission Requirements
Admission to a minor is open to students declared in a bachelor’s degree,
the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized
Program major). Students declared only in the A.A. or A.S. degree or the
A.T.S. degree in Individualized Program may not declare a minor. Students
may not pursue a minor and a major in the same discipline.
