Description

The Bachelor of Arts degree in Criminology and Justice Studies takes an interdisciplinary approach to the study of crime, law and justice. Faculty members view crime, deviance and society's response from the fields of sociology, political science, psychology and traditional criminal justice viewpoints. The curriculum provides a firm understanding of the basic institutions of the criminal justice system. Students are also exposed to criminological theory and diversity courses, which help them understand the complex relationship between the individual, society and the criminal justice system. The program stresses effective writing and analytical skills. Students are afforded the opportunity to earn credit through internship placements.

Students select at least one concentration in consultation with a faculty advisor or the undergraduate coordinator. Consultations with faculty enable students to make informed choices about which combination of courses will maximize their preparation for future careers and graduate education.

The Criminology and Justice Studies major comprises the following concentrations:

- The **Corrections** concentration is for students interested in pursuing careers in institutional corrections for adults or juveniles, or in such community corrections fields as probation and parole.
- The **Criminology and Deviance** concentration is for students interested in understanding the origins and nature of deviance and crime, their patterns and societal responses; this concentration is appropriate for students preparing for graduate study in sociology, criminology, criminal justice, public policy or social work.
- The **General–Criminology and Justice Studies** concentration is for students who either choose not to pursue specializations within the major or wish to pursue an individualized program of study (through general electives), which does not align with the other concentrations.
- The **Justice and Human Relations** concentration is for students interested in such fields as social work, counseling, clinical psychology, victimology, victim advocacy, juvenile justice, public/community relations in criminal justice, community organizing, diversity or social justice. (Interdisciplinary training and/or specialized graduate training are necessary for careers in many of those fields.)
- The **Law and Society** concentration is for students interested in the social relevance of law and social influences on law; this concentration is appropriate preparation for law school or graduate study in the social sciences.

- The **Policing** concentration is for students intending careers in law enforcement and other occupations related to security and public safety.
- The **Victimology** concentration is relevant for students interested in the scholarly study of crime victims, their treatment in the justice systems and programs that serve victims. It is useful for those interested in victim advocacy.

GRADUATION REQUIREMENTS

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

- Students must complete a minimum of 9 credit hours of upper-division courses in their declared concentration(s).

Foreign Language College Requirement

Students pursuing the Bachelor of Arts degree in the College of Arts and Sciences must complete 14-16 credit hours of foreign language.¹ To complete the requirement, students have the equivalent of Elementary I and II in any language, plus one of the following options:

1. Intermediate I and II of the same language²
2. Elementary I and II of a second language
3. Any combination of two courses from the following list:

- Intermediate I of the same language
- MCLS 10001 INTRODUCTION TO STRUCTURAL CONCEPTS FOR LANGUAGE STUDENTS
- MCLS 20091 VARIABLE CONTENT SEMINAR IN GLOBAL LITERACY: CASE STUDIES
- MCLS 21417 MULTICULTURALISM IN TODAY'S GERMANY (DIVG)
- MCLS 28404 THE LATIN AMERICAN EXPERIENCE (DIVG)

¹ All students with prior foreign language experience should take the foreign language placement test to determine the appropriate level at which to start. Some students may begin beyond the Elementary I level and will complete the requirement with fewer credit hours and fewer courses. This may be accomplished by (1) passing a course beyond Elementary I through Intermediate II level; (2) receiving credit through Credit by Exam (CBE), Advanced Placement (AP), International Baccalaureate (IB) or College Level Examination Program (CLEP); or (3) being designated a "native speaker" of a non-English language (consult with the College of Arts and Sciences Advising Office for additional information). When students complete the requirement with fewer than 14 credit hours and four courses, they will complete remaining credit hours with general electives.

² Certain majors, concentrations and minors may require specific languages, limit the languages from which a student may choose or require coursework through Intermediate II. Students who plan to pursue graduate study may need particular language coursework.
