Description
The Sociology minor provides students with a broad understanding of
the theoretical, methodological and substantive issues relevant to the
field, as well as the tools necessary to apply this knowledge to other
areas of study. Students explore the intersections between culture, social
structure and individual behavior by examining issues related to social
inequality, health and healthcare, deviance, families and family violence,
urban communities, social psychology and more.

The skills developed in the Sociology minor allow students to
connect their own life experiences to the experiences of other people,
communities and cultures.

Fully Offered At:
• Ashtabula Campus
