Description

The Accounting minor is for students desiring accounting education in financial statement preparation, budgeting, costing and accounting systems at a level beyond the user of financial information but less than the preparation for being a professional accountant. The minor is especially useful to students whose career paths are in business, not-for-profit and governmental organizations where dealing with financial issues will be an important part of their duties.

Admission Requirements

Admission to a minor is open to students declared in a bachelor’s degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

To declare the Accounting minor, students must have a minimum 2.500 overall Kent State University GPA (effective spring 2022, a minimum 2.000 overall Kent State University GPA is required). No Kent State University GPA is required if the student is a first-semester freshman or transfer student admitted in good standing.

Program Learning Outcomes

Graduates of this program will be able to:

1. Defined financial accounting transaction, identify and analyze the issue, record the transaction in the books of original entry and prepare the financial statement disclosure.
2. Demonstrate an understanding of managerial and cost accounting with the ability to identify and analyze information useful in decision making.
3. Assemble, cleanse and analyze the information provided by accounting information systems and prepare summary reports useful for business decision-making.
