ACCOUNTING - M.S.A.

Description
The Master of Science in Accounting degree is for students interested in specializing in accounting. The combination of coursework in accounting and various business disciplines, provides students with a strong theoretical foundation in accounting, as well as an understanding of the practical applications of the discipline. The program also emphasizes the development of communication, interpersonal and analytical problem-solving skills through the use of case studies, team and individual projects and accounting and auditing computer applications. Upon completion and 150 credit hours, students should be considered as having met the educational requirement for sitting for the CPA exam in Ohio. Students will also meet the education requirements to sit for various other accounting certifications.

Accreditation
AACSB International - The Association to Advance Collegiate Schools of Business

Admission Requirements
• Bachelor's degree from an accredited college or university for unconditional admission
• Minimum 3.000 undergraduate GPA on a 4.000 point scale for unconditional admission

MIS 64038 ANALYTICS IN PRACTICE
MIS 64082 DATABASE MANAGEMENT AND DATABASE ANALYTICS
MIS 64185 BUSINESS STRATEGY

Minimum Total Credit Hours: 30

1 If an M.S.A. student successfully completed ACCT 43009, ACCT 43020 and ACCT 43033 as a Kent State accounting undergraduate (or completed comparable classes in another accounting undergraduate program), they will not be required to complete the required comparable graduate courses (ACCT 53009, ACCT 53020 and ACCT 53033) for the M.S.A. degree. Rather, the student will substitute an additional accounting elective for each waived course.

2 Students are encouraged to structure a concentration tailored to their needs.

3 During the admission evaluation, the M.S.A. program coordinator may require students to take other non-accounting graduate business courses depending on the undergraduate courses the student has previously taken.

Graduation Requirements
Additional coursework may be required for the M.S.A. degree if the student does not have an undergraduate degree in accounting.
