*Note
Source of occupation titles and labor data is from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Description
The Master of Science in Accounting degree is for students interested in higher-level positions in banking, taxation, insurance or any company with a financial division. More than just focusing on debits and credits, the M.S.A. degree promotes critical thinking, hands-on application of technology, effective communication skills and ethical decision making. Graduates pursue careers in auditing, taxation, fraud investigation, law enforcement, investment banking, management and consulting. The flexible combination of required coursework in accounting and electives from a wide variety of business disciplines provides students with a strong foundation in accounting, as well as an understanding of the practical applications of the discipline across all facets of business.

Graduates of the M.S.A. degree meet the educational requirement to sit for a variety of professional certifications, including becoming a Certified Public Accountant (CPA) or Certified Management Accountant (CMA).

1 Please refer to the most recent academic requirements for admission to the CPA exam issued by the Accountancy Board of Ohio.
