Description
The Finance minor allows students to gain some familiarity with financial management, as well as with the financial system of institutions and markets in which firms must operate. Some knowledge of finance is necessary to understand and work in most businesses and organizations. Profits and value creation are the “bottom lines” to which companies direct their efforts. Some acquaintance with investment techniques may help students in managing their personal finances.

The Finance minor is particularly useful for business students in other majors who take the requisite courses, and for other students who desire to acquire some understanding of finance without having to take all the core business school requisites. Both groups are exposed to important fundamentals, yet they also will have the flexibility to consider several areas of finance.

Admission Requirements
Admission to a minor is open to students declared in a bachelor’s degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

To declare the Finance minor, students must have a minimum 2.500 overall Kent State University GPA (effective spring 2022, a minimum 2.000 overall GPA will be required). No Kent State University GPA is required if the student is a first-semester freshman or transfer student admitted in good standing.

Progression Requirements
• Minimum 2.000 overall GPA
• Minimum C grade in FIN 26085 and FIN 36053.
