Description
The International Business minor introduces students to cultural issues of a broad, global nature. Students are encouraged to participate in study-abroad programs to complement their studies. Global business is fast becoming an important part of the U.S. economy. The world that college graduates are facing will essentially be a borderless world. This suggests a need to be trained for employment that will have international implications. Whether students take a major in business, fashion design and merchandising, the hard sciences, English or education, some training in global outreach, cultural diversity and "business cultures" will be necessary.

Admission Requirements
Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

• Students who study abroad and take at least one business course can use any other courses taken for their program (such as Kent Core) to satisfy the global experience.
