Description
The Master of Music degree in Music Education is designed to offer teachers of choral, instrumental and general music the opportunity to develop and refine their professional skills. The degree program allows for enhancement and specialization relative to music teaching and learning in contemporary school contexts. The program is not intended to provide licensure and is constructed for those who have a music education background with the desire to improve the student and teacher experience in music classroom settings.

Accreditation
National Association of Schools of Music; National Council for Accreditation of Teacher Education

Admission Requirements
• Bachelor's degree in music education from an accredited college or university for unconditional admission for unconditional admission
• Minimum 3.000 undergraduate GPA on a 4.000 point scale for unconditional admission for unconditional admission

Minimum Total Credit Hours: 31

¹ With the capstone project, students complete a 12-week, individual research investigation comparable to a master’s thesis. Under the supervision of a capstone advisor, students synthesize knowledge through the development of a curricular project applicable to the student’s specific area of teaching. A prescribed description outlines requirements, goals, objectives, procedures and assessment. Activities include student reading-research-writing, preparation of a project outline and drafts, regular interaction with a research mentor and evaluation of conclusions for the final submission. The project’s goal is to support students to critically analyze and improve their own music teaching and learning skills in classroom settings. The project is reviewed and evaluated by a graduate committee of music education faculty.
