Description
The Master of Library and Information Science degree in School Library Media K-12 prepares students to apply for multi-age licensure in school library media. The program curriculum is based in both practice and theory and includes library science and educational technology courses. The theoretical content is aligned with the American Library Association, the American Association of School Librarians national standards and the Ohio state standards for school libraries.

Students are given opportunities to apply their learning in practical environments through a culminating experience and other options. Graduates are prepared to work in all types of libraries.

Accreditation
The M.L.I.S. degree in School Library Media K-12 is approved by the American Library Association and accredited by the Council for the Accreditation of Educator Preparation (CAEP)

Admission Requirements
• Bachelor’s degree from an accredited college or university for unconditional admission
• Minimum 3.000 undergraduate GPA on a 4.000 point scale for unconditional admission
  • Applicants who do not meet the minimum 3.000 GPA requirement must submit a statement that addresses the circumstances that contributed to the GPA and preparation for success in graduate study. Applicants should include recent professional achievements that indicate an ability to perform at a higher academic level to be considered for conditional admission to the program.
• Official transcript(s)
• GRE scores if total GPA is below 3.0 in highest completed degree

For more information about graduate admissions, please visit the Graduate Studies admission website. For more information on international admission, visit the Office of Global Education’s admission website.

1 In calculating the total GPA, all grades from all courses taken at relevant level (baccalaureate or master’s) from all institutions are required.

Program Learning Outcomes
Graduates of this program will be able to:
1. Apply the field’s foundational theories, principles, values, ethics and skills to everyday practice in a school library context.
2. Critique and synthesize research and identify appropriate research methodologies to solve problems in the school librarianship field.
3. Analyze and engage in the changing cultural, educational and social roles and responsibilities of librarians and the educational environments they work in within the global society.
4. Evaluate systems and technologies relevant to a school librarianship context.
5. Identify needs and connect K12 stakeholders (students, teachers, administrators) and communities with information that engages and empowers them.

Professional Licensure Disclosure
This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State’s website for professional licensure disclosure.

Minimum Total Credit Hours:  37

Graduation Requirements
• Minimum 3.000 overall GPA
• Successful completion of all requirements with a minimum C grade
• An electronic portfolio is required to obtain licensure in K-12 School Library Media

Licensure Information
Candidates seeking Ohio licensure are required to pass specific assessments in order to apply for licensure. Students should consult their advisors for specific program requirements and refer to the Ohio Department of Education–Educator Preparation website for more information on assessments specific to licensure type.

Dual Degree with M.Ed. degree in Educational Technology
Student have the opportunity to complete a dual degree program with the M.Ed. degree in Educational Technology and the M.L.I.S. degree in School Library Media K-12. A separate application must be submitted for each program. Students can view admission requirements for each program on their respective catalog page.

The M.Ed./M.L.I.S. dual degree program leads to a multi-age initial licensure in school library media. This program prepares students to work in all types of libraries, including school libraries. The program of study includes professional educational requirements, along with library science and educational technology courses.
