Description
The User Experience Design minor provides students with comprehension and applicable skills that focus on a product’s overall customer experience, ease of use, control and feedback. The minor’s curriculum covers fundamentals, principles, strategies, software, industry standards and professional ethics in regards to user experience design, user interface design, prototyping, usability, technology, software and information architecture.

Admission Requirements
Admission to a minor is open to students declared in a bachelor’s degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

To declare the User Experience Design minor, students must have a minimum 2.700 overall Kent State University GPA and have completed 15 earned credit hours.

Program Learning Outcomes
Graduates of this program will be able to:
1. Create a portfolio as a means to demonstrate competencies.
2. Design and conduct research in a variety of ways necessary to understand users, stakeholders and competitors.
3. Apply principles of Information Architecture and Content Strategy to web and mobile design problems.
4. Create and evaluate structures to support information and content organization.
5. Test and critique existing designs and prototypes by employing usability testing methods.

6. Communicate design ideas in a variety of ways to design teams, stakeholders and developers.
