Description
The Special Education Deaf Education Initial Licensure Preparation non-degree program is designed for individuals who have a bachelor’s degree and want to teach deaf and hard-of-hearing students, ages 3-21 (pre-kindergarten to grade 12).

Completion of the coursework is a prerequisite to being recommended by Kent State University for an initial teaching license in Special Education Deaf Education (Ohio Intervention Specialist Hearing Impaired), with a license granted by the Ohio Department of Education (see Licensure Information, below).

This program does not culminate in a master’s degree. Students interested in obtaining a teaching license and a master’s degree from Kent State University must also be fully admitted to a master’s degree and complete the prescribed coursework on the master’s degree prospectus, in addition to the courses that are prescribed here for licensure. Completing a master’s degree in special education and the initial licensure requirements will, in most cases, require an additional 15-18 credit hours.

Admission Requirements
Applicants are assessed holistically, considering academic credentials, academic or professional references, non-academic criteria and other specific program criteria.

• Bachelor’s degree from an accredited institution
• Minimum 3.000 GPA
• Official Transcripts
• Goal Statement
• Two letters of recommendation
• Questions in Anticipation of Licensure form
• Praxis Core tests in reading, writing, and mathematics (effective spring 2022, the Praxis is not required for admissions)

All initial teacher licensure candidates are required to demonstrate basic competency in reading, writing and mathematics prior to admission. To demonstrate these competencies, students are required to take the Praxis Core tests in reading, mathematics and writing unless exempted by GRE scores fewer than five years old at the time of application. In order to gain exemption from Praxis Core requirements, a student must achieve at or above the 50th percentile scores on the GRE Verbal, Quantitative and Analytical Writing tests. Students who have not taken the GRE are strongly encouraged to take the Praxis Core tests to demonstrate these competencies, rather than GRE. Further information is available in the Office of Graduate Student Services, 418 White Hall.

Competency Test Equivalents:
• Reading: GRE Verbal Reasoning or Praxis Core Reading
• Mathematics: GRE Quantitative Reasoning or Praxis Core Mathematics
• Writing: GRE Analytical Writing or Praxis Core Writing
