Description
The Special Education Deaf Education Initial Licensure Preparation non-degree program will prepare students to obtain an initial teaching license in Special Education Deaf Education (Ohio Intervention Specialist Hearing Impaired). Completion of the coursework is a prerequisite to being recommended by Kent State University for licensure, and licenses are granted by the Ohio Department of Education (see 'Licensure Information,' below).

The Special Education Deaf Education licensure preparation program is designed for individuals who have a bachelor's degree and want to teach deaf and hard-of-hearing students ages 3-21 (grades pre-K-12).

The non-degree program is not a master's degree program. If you are interested in a master's degree in Special Education from KSU in addition to licensure, you must be fully admitted into the master's program and complete the prescribed coursework on the master's degree plan of study form in addition to the courses prescribed for Licensure. Completing a master's degree in special education in addition to licensure will in most cases require an additional 15-18 credit hours.

Fully Offered At:
- Kent Campus

Admission Requirements
Applicants will be assessed holistically, considering academic credentials; standardized test scores of reading, writing and mathematics; academic or professional references; non-academic criteria; and other specific program criteria.

- Bachelor's degree from an accredited institution
- Minimum 3.00 GPA
- Official Transcripts
- Goal Statement
- Two letters of recommendation
- Questions in Anticipation of Licensure form
- Praxis Core tests in reading, writing, and mathematics

1 All initial teacher licensure candidates are required to demonstrate basic competency in reading, writing and mathematics prior to admission. To demonstrate these competencies, students are required to take the Praxis Core tests in Reading, Mathematics, and Writing unless exempted by GRE scores fewer than five years old at the time of application. In order to gain exemption from Praxis CORE requirements, a student must achieve at or above the 50th percentile scores on the GRE Verbal, Quantitative, and Analytical Writing tests. Students who have not taken the GRE are strongly encouraged to take the Praxis CORE tests to demonstrate these competencies, rather than GRE. Further information is available in the Office of Graduate Student Services, 418 White Hall.

Competency Test Equivalents:
- Reading: GRE Verbal Reasoning/Praxis CORE Reading
- Mathematics: GRE Quantitative Reasoning, Praxis CORE Mathematics
- Writing: GRE Analytical Writing, Praxis CORE Writing

Program Learning Outcomes
Completers of this non-degree program will be able to:

1. Demonstrate knowledge of: learner development and individual learning differences; the learning environment; curricular content knowledge; assessment; instructional planning and strategies, and professional practice and collaboration.

2. Demonstrate the dispositions necessary to be a successful special education teacher/professional

3. Demonstrate preparation for the profession by successfully completing the Ohio Assessment for Educators (OAE) Special Education Assessment.
