Description

The Special Education Moderate/Intensive Needs Initial Licensure Preparation non-degree program will prepare students to obtain an initial teacher license in Special Education Moderate/Intensive Needs (Ohio Intervention Specialist). Completion of the coursework is a prerequisite to being recommended by Kent State University for licensure, and licenses are granted by the Ohio Department of Education (see 'Licensure Information below).

The Moderate/Intensive licensure preparation program is designed for individuals who have a bachelor's degree and want to teach students requiring intensive and ongoing special education support. Most often, these will be students with intellectual disabilities, autism spectrum disorder, multiple disabilities and complex health impairments.

The non-degree program is not a master's degree program. If you are interested in a master's degree in Special Education from KSU in addition to licensure, you must be fully admitted into the master's program and complete the prescribed coursework on the master's degree plan of study form in addition to the courses prescribed for Licensure. Completing a master's degree in special education in addition to licensure will in most cases require an additional 15- 18 credit hours.

Fully Offered at:

- Kent Campus
