Description
Persons who hold an active license in Special Education, Elementary Education, or Middle Childhood Education may pursue an additional license in Early Childhood Education. This Early Childhood Education (PK-3) Additional Licensure Preparation program is approved by the state of Ohio and adds a Prek-3 license to an already existing valid Ohio license. Students must have an advising appointment with the graduate program coordinator to review former licenses, teaching experiences, employment, as well as field experiences to determine which of the courses and field experiences are necessary (to compliment an already existing valid license held by prospective student). Additionally, a program of study must be filed in the Office of Graduate Student Services, 418 White Hall, prior to application for the licensure.

The non-degree program is not a master’s degree program. Students interested in obtaining a teaching license and a master’s degree from Kent State University must also be fully admitted into the master’s degree prospectus, in addition to courses that are prescribed here for licensure.
