Description
The Software Development minor is designed to complement a wide range of majors. The minor includes two courses focused on Visual Basic, a scripting course and a course on programming mobile devices. Two electives provide flexibility to tailor the minor to each student's interests and career goals. For example, a student might choose a different programming language or a more in-depth course in scripting, Visual Basic or data design.

FULLY OFFERED AT:
• Online
• Ashtabula Campus
• East Liverpool Campus
• Geauga Campus
• Kent Campus
• Salem Campus
• Stark Campus
