Clinical rotations function by adapting and applying classroom techniques that are consistent with successful surgical outcome. In order to be a successful surgeon, it is imperative that the student master those basic skills that will be utilized through his or her career. This rotation is the foundation upon which surgical careers are built.

Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinic
Contact Hours: 16 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80340 SURGICAL SKILLS WORKSHOP 4 Credit Hours

Provides students with the knowledge and hands-on training pertaining to the physical skills that are necessary to perform surgery of the foot and ankle. An effort is made to correlate didactic information learned in the classroom with the rationale behind why many surgical procedures are performed. Adequate demonstration of surgical skills are provided along with practice time and constructive performance feedback.

Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinic
Contact Hours: 16 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80341 RADIOTHERAPY 4 Credit Hours

Implements surgical patient care which includes history taking, physical examination, radiographic evaluation, post-operative care, patient teaching and pain management. Provides students the opportunity to work in actual practice settings and perform on-site surgical patient care under the supervision of the clinical faculty. Students learn basic surgical palliative care techniques on patients, as well as how to record their findings in the medical record. Students are evaluated on their ability to present the case history, treat the patient and properly record their findings. Students receive clinical conferences on a variety of podiatric medical topics with practical exams in many areas. Two months are spent at the Cleveland Foot and Ankle Institute. One month is spent at the Cleveland VA Hospital. This rotation also provides the student with the opportunity for observation and practice of examination skills required in performing a musculoskeletal and biomechanical evaluation. This involves the development of skill in obtaining a biomechanical/musculoskeletal history, arthrometric evaluation, visual gait analysis and musculoskeletal examination to include muscle strength testing, flexibility and range of motion. The student is also taught, and provided opportunities for practice, various methods of obtaining and evaluating proper biomechanical cast impressions of the feet for the purpose of fabricating orthotic devices. Emphasis is placed on the practice and refinement of clinical evaluation and manual skills.

Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinic
Contact Hours: 16 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80351 PODIATRIC MEDICINE/BIOENGINEERING 4 Credit Hours

Gives students the opportunity to perform primary foot and ankle care under the supervision of the clinical faculty. Students learn basic podiatric palliative care techniques on patients, as well as how to record their findings in the medical record. Students are evaluated on their ability to present the case history, treat the patient and properly record their findings. Students receive clinical conferences on a variety of podiatric medical topics with practical exams in many areas. Two months are spent at the Cleveland Foot and Ankle Institute. One month is spent at the Cleveland VA Hospital. This rotation also provides the student with the opportunity for observation and practice of examination skills required in performing a musculoskeletal and biomechanical evaluation. This involves the development of skill in obtaining a biomechanical/musculoskeletal history, arthrometric evaluation, visual gait analysis and musculoskeletal examination to include muscle strength testing, flexibility and range of motion. The student is also taught, and provided opportunities for practice, various methods of obtaining and evaluating proper biomechanical cast impressions of the feet for the purpose of fabricating orthotic devices. Emphasis is placed on the practice and refinement of clinical evaluation and manual skills.

Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinic
Contact Hours: 16 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80352 PODIATRIC MEDICINE/BIOENGINEERING (INDEPENDENCE) 4 Credit Hours

Gives students the opportunity to perform primary foot and ankle care under the supervision of the clinical faculty. Students learn basic podiatric palliative care techniques on patients, as well as how to record their findings in the medical record. Students are evaluated on their ability to present the case history, treat the patient and properly record their findings. Students receive clinical conferences on a variety of podiatric medical topics with practical exams in many areas. Two months are spent at the Cleveland Foot and Ankle Institute. One month is spent at the Cleveland VA Hospital. This rotation also provides the student with the opportunity for observation and practice of examination skills required in performing a musculoskeletal and biomechanical evaluation. This involves the development of skill in obtaining a biomechanical/musculoskeletal history, arthrometric evaluation, visual gait analysis and musculoskeletal examination to include muscle strength testing, flexibility and range of motion. The student is also taught, and provided opportunities for practice, various methods of obtaining and evaluating proper biomechanical cast impressions of the feet for the purpose of fabricating orthotic devices. Emphasis is placed on the practice and refinement of clinical evaluation and manual skills.

Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinic
Contact Hours: 16 other
Grade Mode: Satisfactory/Unsatisfactory
CLI 80370  HISTORY AND PHYSICAL ROTATION  4 Credit Hours
The history and physical rotation is a one-month experience in one of the several area hospitals, which is designed to provide experience in history and physical examinations. Each rotation site will provide the same core experiences, (based on the goals and objectives), in patient assessment techniques (i.e., history and physical examination), the understanding of disease processes and management strategies. In addition to the core experiences, each rotation site may add additional exposures and training.

Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinic
Contact Hours: 16 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80380  SIMULATED PATIENTS I  4 Credit Hours
Clinical course offered as part of the core clinical rotations in the third year. Covers general medicine rotation, simulated patients interactions and clinical skills exam exposure.

Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinic
Contact Hours: 4 other
Grade Mode: Satisfactory/Unsatisfactory-IP

CLI 80381  SIMULATED PATIENTS II  4 Credit Hours
Clinical course offered as part of the core clinical rotations in the third year. Covers general medicine rotation, simulated patients interactions and clinical skills exam exposure.

Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinic
Contact Hours: 4 other
Grade Mode: Satisfactory/Unsatisfactory-IP

CLI 80441  SENIOR CLINICAL ROTATION I  4 Credit Hours
The senior podiatric rotation is a one-month rotation at the Cleveland Foot and Ankle Institute, which emphasizes competencies needed to enter hospital residency training. Experiences are gained in primary clinical sites and external sites affiliated with the college.

Prerequisite: Students must be enrolled in the Podiatric Medicine program in order to register for this course.
Schedule Type: Clinic
Contact Hours: 48 other
Grade Mode: Standard Letter-S/U-IP

CLI 80442  SENIOR CLINICAL ROTATION II  4 Credit Hours
The senior podiatric rotation is a one-month rotation at the Cleveland Foot and Ankle Institute, which emphasizes competencies needed to enter hospital residency training. Experiences are gained in primary clinical sites and external sites affiliated with the college.

Prerequisite: Students must be enrolled in the Podiatric Medicine program in order to register for this course.
Schedule Type: Clinic
Contact Hours: 48 other
Grade Mode: Standard Letter-S/U-IP

CLI 80445  SENIOR ROTATION VETERANS ADMINISTRATION HOSPITAL  4 Credit Hours
Designed to provide clinical experiences in primary care management, treatment, and problem solving for that special population in the VA medical center, Brecksville nursing home environment and extended care facilities. This rotation also gives the students the opportunity to gain experience by providing care to the medically disenfranchised veterans. Additionally, intensive educational opportunities are offered to evaluate and treat various degrees of chronic and acute wounds, as well as offer some surgical experience. Finally all students are offered an opportunity to participate in a specialized surgical clinic, designed to be interactive and skills oriented, followed by surgical case presentations and group discussions.

Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinic
Contact Hours: 16 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80455  COMMUNITY MEDICINE/MEDICAL IMAGING ROTATION  4 Credit Hours
In addition to the rotations on campus, the college operates several community medicine clinics in various sites throughout the city of Cleveland to full the college's commitment to serve the community. Students are assigned to these clinics and treat patients under the supervision of members of the clinical faculty. Students are afforded the opportunity to provide care and develop an understanding and appreciation of community based health problems. Also included is training in various imagining modalities including plain film radiography, MRI and CT scanning.

Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinic
Contact Hours: 16 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80460  CLERKSHIP ROTATION I  4 Credit Hours
Designed to enhance the clinical education and patient exposure of the podiatric medical student. This interdisciplinary training affords students an opportunity to share and expand their knowledge with experience members of the health care team in Cleveland and around the country. Office and hospital based programs available in almost every state, offer a diversity of clinical experiences. Students are expected to participate in a minimum of five months of external rotations during their fourth year. An orientation is conducted and a complete handbook of information is provided to the third year student to assist in this important educational process.

Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinic
Contact Hours: 4 other
Grade Mode: Satisfactory/Unsatisfactory-IP
CLI 80465  CLERKSHIP ROTATION II  4 Credit Hours
Designed to enhance the clinical education and patient exposure of the podiatric medical student. This interdisciplinary training affords students an opportunity to share and expand their knowledge with experience members of the health care team in Cleveland and around the country. Office and hospital based programs available in almost every state, offer a diversity of clinical experiences. Students are expected to participate in a minimum of five months of external rotations during their fourth year. An orientation is conducted and a complete handbook of information is provided to the third year student to assist in this important educational process.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinic
Contact Hours: 4 other
Grade Mode: Satisfactory/Unsatisfactory-IP

CLI 80470  CLERKSHIP ROTATION III  4 Credit Hours
Designed to enhance the clinical education and patient exposure of the podiatric medical student. This interdisciplinary training affords students an opportunity to share and expand their knowledge with experience members of the health care team in Cleveland and around the country. Office and hospital based programs available in almost every state, offer a diversity of clinical experiences. Students are expected to participate in a minimum of five months of external rotations during their fourth year. An orientation is conducted and a complete handbook of information is provided to the third year student to assist in this important educational process.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinic
Contact Hours: 4 other
Grade Mode: Satisfactory/Unsatisfactory-IP

CLI 80475  CLERKSHIP ROTATION IV  4 Credit Hours
Designed to enhance the clinical education and patient exposure of the podiatric medical student. This interdisciplinary training affords students an opportunity to share and expand their knowledge with experience members of the health care team in Cleveland and around the country. Office and hospital based programs available in almost every state, offer a diversity of clinical experiences. Students are expected to participate in a minimum of five months of external rotations during their fourth year. An orientation is conducted and a complete handbook of information is provided to the third year student to assist in this important educational process.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinic
Contact Hours: 4 other
Grade Mode: Satisfactory/Unsatisfactory-IP

CLI 80480  CLERKSHIP ROTATION V  4 Credit Hours
Designed to enhance the clinical education and patient exposure of the podiatric medical student. This interdisciplinary training affords students an opportunity to share and expand their knowledge with experience members of the health care team in Cleveland and around the country. Office and hospital based programs available in almost every state, offer a diversity of clinical experiences. Students are expected to participate in a minimum of five months of external rotations during their fourth year. An orientation is conducted and a complete handbook of information is provided to the third year student to assist in this important educational process.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinic
Contact Hours: 4 other
Grade Mode: Satisfactory/Unsatisfactory-IP

CLI 80485  CLERKSHIP ROTATION VI  4 Credit Hours
Designed to enhance the clinical education and patient exposure of the podiatric medical student. This interdisciplinary training affords students an opportunity to share and expand their knowledge with experience members of the health care team in Cleveland and around the country. Office and hospital based programs available in almost every state, offer a diversity of clinical experiences. Students are expected to participate in a minimum of five months of external rotations during their fourth year. An orientation is conducted and a complete handbook of information is provided to the third year student to assist in this important educational process.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinic
Contact Hours: 4 other
Grade Mode: Satisfactory/Unsatisfactory-IP

CLI 80490  CLERKSHIP VII  4 Credit Hours
Designed to enhance the clinical education and patient exposure of the podiatric medical student. This interdisciplinary training affords students an opportunity to share and expand their knowledge with experience members of the health care team in Cleveland and around the country. Office and hospital based programs available in almost every state, offer a diversity of clinical experiences. Students are expected to participate in a minimum of five months of external rotations during their fourth year, but are given the opportunity to add elective clerkship rotations. An orientation is conducted and a complete handbook of information is provided to the third year student to assist in this important educational process. This is an elective rotation that is available in the event that students wish to gain additional experience in a clinical setting prior to graduation.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinic
Contact Hours: 4 other
Grade Mode: Satisfactory/Unsatisfactory-IP

CLI 80521  SENIOR MEDICINE ROTATION I  4 Credit Hours
One month external rotation at an area hospital. Students are instructed in skills, values and knowledge necessary to perform a complete medical history and physical. Satisfactory/Unsatisfactory (S/U) graded.
Prerequisite: Students must be enrolled in the Podiatric Medicine program in order to register for this course.
Schedule Type: Clinic
Contact Hours: 48 other
Grade Mode: Satisfactory/Unsatisfactory-IP

CLI 80522  SENIOR MEDICINE ROTATION II  4 Credit Hours
One-month external rotation at an area hospital. Students are instructed in skills, values and knowledge necessary to perform a complete medical history and physical. Satisfactory/Unsatisfactory (S/U) graded.
Prerequisite: Students must be enrolled in the Podiatric Medicine program in order to register for this course.
Schedule Type: Clinic
Contact Hours: 48 other
Grade Mode: Satisfactory/Unsatisfactory-IP
