Policy Statement
The integrity of a student’s academic transcript is fundamental to the validity of coursework and degrees certified by the university. Therefore, all student transcript entries (grades and other notations) are finalized when the degree is officially posted to the permanent academic record following the effective date of graduation. Subsequent revision and alteration of any transcript entry, after the relevant degree is awarded, is permitted only for the correction of a proven error as certified by the appropriate academic dean and the registrar. Degrees are posted to students’ permanent academic records approximately 30 days following the effective date of graduation.

Reason for Policy
The integrity of a student’s academic transcript is fundamental to the validity of coursework and degrees certified by the university.

Procedures
There are no procedures associated with this policy.

Forms/Instructions
• Transcript Requests

Frequently Asked Questions
1. **What's the difference between an official and an unofficial transcript?**
   Official transcripts contain the seal of the university and the signature of the university registrar and are sent directly to the final recipient (e.g., your employer or graduate school). Unofficial transcripts are available to current students via FlashLine and are for your own reference only.

2. **When will my most recent grades or degree be noted on my transcript?**
   Final grades and degree postings do not appear on official transcripts until the end of the term. To find processing dates, visit Grades and Transcript Processing Dates. Degrees are posted to students’ permanent academic records approximately 30 days following the effective date of graduation.

3. **How do I request a transcript?**
   Students can request transcripts online. For more information on requesting transcripts, visit the Transcript Requests website.
