Program Delivery
• Delivery: In person
• Location: Tuscarawas Campus

Admission Requirements
Applications to the B.S. in Agribusiness are not being accepted at this time.

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of English language proficiency unless they meet specific exceptions. For more information, visit the admissions website for international students.

Transfer Students: Students who have attended any other educational institution after graduating from high school must apply as undergraduate transfer students. For more information, visit the admissions website for transfer students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Admission policies for undergraduate students may be found in the University Catalog.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

Examples of Possible Careers and Salaries*
Farm labor contractors
• 10.4% much faster than the average
• 800 number of jobs
• $47,780 potential earnings

Farmers, ranchers, and other agricultural managers

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Program Learning Outcomes

Graduates of the program will be able to:

1. Demonstrate in-depth knowledge of the agribusiness industry
2. Evaluate and apply agriculture principles, methods and techniques in an agribusiness environment
3. Possess strong analytical and problem-solving skills to identify and critically assess problems facing the agribusiness industry
4. Work effectively in a team-based environment
5. Communicate clearly and effectively both orally and in writing
6. Use computer technology and mathematical reasoning
7. Demonstrate ethical and professional understanding and conduct

Full Description

The Bachelor of Science degree in Agribusiness is designed to meet the agribusiness industry’s needs for professionals and entrepreneurs who have the educational background to become successful decision-makers in the rapidly changing agribusiness world. Students take a blend of courses in business and agriculture, giving them a balance between the decision-making framework of business and the technical aspects of modern agriculture and food systems. In addition, students have the opportunity to interact with agribusiness professionals as invited speakers in the classroom and in work-related internships.
