Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, and the Twinsburg Academic Center, have

open enrollment admission for students who hold a high school diploma, GED or equivalent.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

For more information on admissions, contact the Regional Campuses admissions offices.

18. Engage in ongoing and collaborative relationships to enhance one's own learning and practice.

Full Description

The Associate of Applied Science degree in Early Years Education and Care prepares students with the knowledge and skills needed to plan and implement developmentally appropriate practices as they engage with young children. Coursework focuses on the unique needs and development of infants, toddlers and preschool children. Students who wish to pursue this degree program must possess a commitment to valuing all children, regardless of ability or background. In addition, they must have the ability to work collaboratively with the child's home and community.

Graduates of the degree program are eligible to apply for pre-kindergarten licensure through the State of Ohio. Graduates will be qualified for job positions as teacher assistants, child caregivers and family child-care providers in a variety of settings; including child-care centers, early intervention programs, hospitals, Head Start programs, home-based early childhood programs, private schools and public preschool and special needs programs.

The degree program articulates to the B.S.E. degree in Early Childhood Education, from which graduates are eligible to apply for Ohio licensure to teach children in preschool to grade five. Completion of the associate degree does not guarantee admission to the bachelor's degree. Admission to the B.S.E. degree is selective.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.
