

# ELECTRONIC TECHNOLOGY - MINOR

College of Aeronautics and Engineering  
www.kent.edu/cae

- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

## About This Program

The Electronic Technology minor gives students a basic knowledge in the use and programming of microprocessor-based circuits. It also illustrates how digital combinational and sequential circuits work, and provides students with some applications of these types of circuits. The minor complements studies in computer science, physics, instrumentation, as well as student interest in a general background on how computers work.
