Examples of Possible Careers and Salaries*

Compliance officers
- 4.6% about as fast as the average
- 337,600 number of jobs
- $71,100 potential earnings

Environmental science teachers, postsecondary
- 3.7% about as fast as the average
- 7,600 number of jobs
- $84,740 potential earnings

Environmental scientists and specialists, including health
- 7.8% faster than the average
- 90,900 number of jobs
- $73,230 potential earnings

Environmental science and protection technicians, including health
- 8.4% much faster than the average
- 34,700 number of jobs
- $46,850 potential earnings

Forestry and conservation science teachers, postsecondary
- 2.2% slower than the average
- 2,100 number of jobs
- $87,400 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics’ Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements
The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State’s campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of English language proficiency unless they meet specific exceptions. For more information, visit the admissions website for international students.

Transfer Students: Students who have attended any other educational institution after graduating from high school must apply as undergraduate transfer students. For more information, visit the admissions website for transfer students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar’s website.

Admission policies for undergraduate students may be found in the University Catalog.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.
## Program Requirements

### Major Requirements

</table>

#### Biological Sciences Elective, choose from the following: 2-4
- BSCI 30274  FORESTRY
- BSCI 30275  LOCAL FLORA (ELR)
- BSCI 30277  ECONOMIC BOTANY
- BSCI 30360  GENERAL ECOLOGY
- BSCI 30361  BIOGEOGRAPHY
- BSCI 30362  INTRODUCTION TO BIOLOGY OF THE TROPICS
- BSCI 30370  CLIMATE CHANGE BIOLOGY
- BSCI 40170  STREAM BIOLOGY
- BSCI 40222  INVASION BIOLOGY
- BSCI 40365  FIELD METHODS IN ORNITHOLOGY (ELR)
- BSCI 40375  ENVIRONMENTAL BIOLOGY AND MANAGEMENT
- BSCI 40525  WILDLIFE RESOURCES (ELR)
- BSCI 40558  MAMMALOGY
- BSCI 40560  HERPETOLOGY

#### Geography Elective, choose from the following: 3
- GEOG 41051  NATURAL DISASTERS AND SOCIETY
- GEOG 41066  GLOBAL CLIMATE CHANGE
- GEOG 41074  RESOURCE GEOGRAPHY
- GEOG 41082  GEOGRAPHY OF SOILS
- GEOG 41195  SPECIAL TOPICS IN ENVIRONMENTAL GEOGRAPHY

#### Earth Science Elective, choose from the following: 3
- ESCI 33025  WATER AND THE ENVIRONMENT
- ESCI 42065  WATERSHED HYDROLOGY
- ESCI 42066  PHYSICAL HYDROGEOLOGY

#### Methods Elective, choose from the following: 3-4
- BSCI 40224  QUANTITATIVE METHODS IN BIOLOGY
- ESCI 42030  REMOTE SENSING
- ESCI 42035  DATA ANALYSIS IN THE EARTH SCIENCES
- GEOG 49070  GEOGRAPHIC INFORMATION SCIENCE
- GEOG 49073  ENVIRONMENTAL DATA ANALYSIS IN R
- GEOG 49230  REMOTE SENSING
- SOC 32210  RESEARCHING SOCIETY (ELR) (WIC) 1

#### Social Sciences Electives, choose from the following: 15
- ARCS 30421  ENVIRONMENTAL IMPERATIVES
- ECON 32084  ECONOMICS OF THE ENVIRONMENT
- ENG 35105  LITERATURE, CULTURE AND ENVIRONMENT
- ENVS 30000  ENVIRONMENTAL PROTECTION REGULATIONS AND ASSESSMENT
- ENVS 40902  INTERNSHIP IN ENVIRONMENTAL STUDIES (ELR)
- ENVS 49195  SPECIAL TOPICS IN ENVIRONMENTAL STUDIES

### Additional Requirements (courses do not count in major GPA)

### Foreign Language College Requirement, B.A.

Students pursuing the Bachelor of Arts degree in the College of Arts and Sciences must complete 14-16 credit hours of foreign language.

To complete the requirement, students need the equivalent of Elementary I and II in any language, plus one of the following options:

1. Intermediate I and II of the same language
2. Elementary I and II of a second language
3. Any combination of two courses from the following list:
   - Intermediate I of the same language
   - ARAB 21401
   - ASL 19401
   - CHIN 25421
All students with prior foreign language experience should take the foreign language placement test to determine the appropriate level at which to start. Some students may start beyond the Elementary I level and will complete the requirement with fewer credit hours and fewer courses. This may be accomplished by (1) passing a course beyond Elementary I through Intermediate II level; (2) receiving credit through one of the alternative credit programs offered by Kent State University; or (3) demonstrating language proficiency comparable to Elementary II of a foreign language. When students complete the requirement with fewer than 14 credit hours and four courses, they will complete remaining credit hours with general electives.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this major. However, courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Semester One

<table>

Minimum Total Credit Hours: 120

University Requirements

All students in a bachelor’s degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001) 1 credit hour

Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.

Diversity Domestic/Global (DIVD/DIVG) 2 courses

Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.

Experiential Learning Requirement (ELR) varies

Students must successfully complete one domestic or approved experience.

Kent Core (see table below) 36-37 credit hours

Writing-Intensive Course (WIC) 1 course

Students must earn a minimum C grade in the course.

Upper-Division Requirement 39 credit hours

Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.

Total Credit Hour Requirement 120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP) 6

Kent Core Mathematics and Critical Reasoning (KMCR) 3
Program Learning Outcomes
Graduates of this program will be able to:

1. Demonstrate an understanding of the environment and how it relates to human activity, human resource needs and human cognition.
2. Analyze the interconnections between environmental and human systems and how those play out in particular problem areas.
3. Evaluate how environmental problems are framed and how public attitudes and policies can be harnessed to provide solutions to environmental degradation.

Full Description
The Bachelor of Arts degree in Environmental Studies prepares students to integrate concepts and knowledge on environmental issues from across multiple disciplines and to communicate about these in important ways. Basic scientific knowledge about environmental processes is used to inform different social goals. Students develop a set of key competencies in earth systems science, environmental social science, human-natural systems and sustainability science to be able to solve specific environmental problems.

Environmental Studies students may apply early to the M.S. degree in Geography and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor’s/Master’s Degree Program policy in the University Catalog for more information.
