

# ENVIRONMENTAL STUDIES - MINOR

College of Arts and Sciences  
Department of Geography  
www.kent.edu/geography

## About This Program

The Environmental Studies minor prepares students to integrate concepts and knowledge on environmental issues from across multiple disciplines and to communicate about these in important ways. Basic scientific knowledge about environmental processes is used to inform different social goals. Students will develop competencies in earth systems science, environmental social science, human-natural systems and sustainability science to be able to solve specific environmental problems.

## Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline. To declare the Environmental Studies minor, students must have a minimum 2.000 overall Kent State University GPA. No Kent State University GPA is required if the student is a first-semester freshman or transfer student admitted in good standing.
