Description
The Print Media and Photography minor provides an introduction to printmaking and fine art photography. Students can pursue a study in traditional printmaking techniques such as intaglio, silkscreen and lithography, as well as digital applications. Students can also pursue a study in photography, including traditional darkroom and film alternative photographic techniques and fine art digital photography. Synergies between these two historically related disciplines provide ample room for experimentation and a course of study designed specifically to suit students' interests.

Admission Requirements
Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.
