Physical Activity and ROTC Courses
No more than 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses or the first 16 credit hours of ROTC courses—Aerospace Studies (ASTU) and Military Studies (MSCI)—may apply to the 120 credit hours required for graduation.

Veterans who have completed a minimum of one year of active duty may receive PWS credit for military basic training according to branch of service, as follows:
- Army and Marine Corps, 3 credit hours;
- Navy and Coast Guard, 2 credit hours;
- Air Force, 1 credit hour.
Requirement Audit

Upon completion of 60 credit hours, each student is required to contact the College of the Arts Advising office to obtain a current evaluation of progress toward completion of the student’s chosen degree program. Requirement evaluations are not a substitute for meeting with a faculty advisor. Students may access the Graduation Planning System (GPS) through their FlashLine account. Questions about GPS audits are answered in the College of the Arts Advising office.

Requirements for Admission to Advanced Study for Art Education and Music Education

Admission to advanced study is required of all art education and music education majors and minors prior to enrolling in upper-division education courses. Upon completion of coursework, as determined by program area, students should have satisfied the prerequisites for admission to advanced study. Students must submit an application for advanced study by the second Friday of the term during which all prerequisites for advanced study will be completed, and at least one semester prior to beginning any coursework for which “Admission to Advanced Study” is a prerequisite. Students at the Kent Campus apply for Advanced Study through the College of Education, Health and Human Services Student Portal, which can be accessed through the Vacca Office of Student Services web page. Students completing a licensure program at a regional campus should check with that campus for instructions on how to apply for “Advanced Study.” Please note: Admission to advanced study is required for students pursuing an undergraduate major that leads to teacher licensure. Please be aware that reapplication may be necessary if postponing advanced study coursework or if withdrawn for one year or more.

Requirements for Admission to Advanced Study for Art Education and Music Education

- College Writing: Students are required to attain a minimum C grade in each writing course (ENG 11011 and ENG 21011 or equivalent).
- Pre-Advanced Study Coursework: To be eligible for advanced study, students must earn a minimum C grade in CULT 29535 and a minimum C grade in one of the following courses (please note that a minimum C grade must be earned in all of the four courses for teacher licensure programs):

- Advising Appointment: Art Education and Music Education students should make an advising appointment with a professional advisor in the Vacca Office of Student Services (or Regional Campus advising office if completing the program at that campus) for information about applying for Advanced Study and educator licensure. Advising appointments at the Kent Campus are made through the Vacca Office of Student Services’ website at www.kent.edu/ehhs/services/voss.
- Teacher Candidate Acknowledgments and Legal Questions for Licensure: Candidates are required to electronically sign four statements acknowledging that they have read and understand the following areas: background check requirements; professional dispositions; licensure application information; legal questions asked on the licensure application. Statements can be found on the student portal.

School of Music Graduate Study

Theory Placement Examination

All entering graduate students (except those in the online music education degree program) take a placement examination in music theory at the beginning of enrollment in a graduate degree program. Graduate theory coursework required as a result of this examination will be counted toward the degree requirements. Students who are not fully prepared for graduate-level work may be required to take the undergraduate Music Theory Practicum course (MUS 41111). Students may retake the examination once.

Program Requirements

Each student will be accepted as a major in a specific curricular area. It may be necessary for the student to complete Kent State University requirements for the appropriate undergraduate degree. Each student’s academic requirements are based on the catalog in force during his/her first semester at Kent State University. Students may elect to complete their degrees under the most recent catalog but must comply with all of the new requirements relevant to their program under the new catalog.

Master’s Thesis, Essay, Recital and Final Oral Examination

All Master of Arts candidates must write a thesis. All Master of Music candidates in Performance and Conducting must perform two recitals or one recital and write an essay depending on their specific degree requirements. Final Oral Examinations are required in all masters programs and this exam will include thesis defense for the Master of Arts candidates. The final oral examination may be attempted two times.

Research Tool Requirement

Candidates for the Master of Arts degree program in Ethnomusicology must demonstrate a reading and understanding knowledge of one foreign language. Credit hours earned in meeting this requirement are not applied toward the credit-hour requirement in the degree program.

For candidates for the Music Theory-Composition Ph.D. program, this requirement may be either a reading translating knowledge of one foreign language or a demonstrated competence in an area of research specified by the doctoral advisory committee and approved by the Graduate Studies Committee. Credit hours earned in meeting this requirement are not applied toward the credit-hour requirement in the degree program.

For candidates for the Music Education Ph.D. program, this requirement is MUS 73283 and related research methods courses in the College of Education. These courses are applied toward the credit-hour requirement for the degree.

PhD. Candidacy Exams, Dissertation and Dissertation Defense

Doctoral candidates will take a comprehensive examination upon completion of their coursework and research tool requirement. This candidacy exam normally takes place within four years of beginning coursework. All doctoral candidates write a dissertation and defend this
dissertation in a Final Oral Examination. The dissertation phase nonnally is completed within five years of passing the candidacy exams.

Time Limits
Master of Arts and Master of Music students must complete their degree within six calendar years after their first graduate registration at Kent State University. Any credit transferred for meeting degree requirements must also have been earned within the six-year period.

Ph.D. students must complete their degree within nine calendar years after their first doctoral registration at Kent State University. Any credit transferred for meeting degree requirements must also have been earned within the nine-year period.

Workshop Credit
A maximum of 4 credit hours of workshop credit may be applied to certain graduate degrees. The credit hours must pertain to the degree emphasis. Only workshop credits with grades of A or B may be transferred into a degree program.

School of Music Undergraduate Professional Standards

1. Ensemble Requirements
   Ensemble participation is an integral part of every music major’s program. All full-time music majors must enroll for credit and participate in an ensemble appropriate to their major performance area until the number of semesters required in the program are completed.

   Music minors in the College of the Arts must enroll in a major ensemble for a minimum of two semesters. Transfer music minors must enroll in a major ensemble for a minimum of one semester.

2. Recital Attendance
   Required recital attendance is intended to enhance the musical perspective of all music majors and to give them exposure to a sampling of various genres and performing media. Transfer students must attend a minimum of 10 recitals per semester. Other undergraduate music majors are required to attend a minimum four-year total of 84 concerts or recitals. Attendance at an average of 10-12 School of Music concerts per semester is recommended. Students will be notified of their status in regard to this policy once per semester. Appropriate information for all students will be sent to the college office prior to graduation. Further information is available in the School of Music Office.

3. Applied Music Requirement for the Bachelor of Music
   a. 36000-Level Requirements: All freshmen enter at the 36000 level of applied study. A minimum of four semesters of enrollment are required in the number of applied credit hours as prescribed by the degree program. A jury is performed at the end of each semester. At entrance all students are informed of the performance standards necessary to advance to the 46000 level as determined by the faculty of each applied area. Transfer students with a minimum of four semesters of applied study (or equivalent) may enter at the 46000 level as determined by the entrance audition.

   b. 46000-Level Evaluation: Students in the Bachelor of Music degree program will be evaluated during juries to determine if they meet the 46000-level entrance standard. The results of the 46000-level entrance evaluation are:
      i. Pass to the 46000 level.
      ii. Probation for one semester: The students will register at the 46000 level and retake the upper-level entrance jury at the end of the probationary semester. If the 46000 entrance standard is not achieved, the students return to the 36000 level, repeating as needed.

   iii. Failure to pass the entry-level evaluation: The students remain at the 36000 level of applied study until the 46000 entry standard is met.

   c. Required Accumulation of 46000-Level Applied Credits
      i. Performance Concentration: four semesters (16 credit hours)
      ii. Education Majors: three semesters (6 credit hours)
      iii. Composition Concentration: must pass the 46000-level entry evaluation prior to graduation.

   d. 46000-Level Outcome Assessment/Recital
      i. Performance Requirement: All Bachelor of Music performance degree candidates (piano, voice, instrumental) must perform both a one-half junior and a full senior recital; all other Bachelor of Music majors (composition, music education) must perform a half recital. Students who do not pass the recital must repeat 46000-level lessons until the recital is acceptable. Composition students may fulfill the one-half recital requirement in several ways.

   e. Applied Music Requirements for the Bachelor of Arts in Music
      Students in the Bachelor of Arts in Music program must meet the 46000 level as a graduation requirement and are not required to enroll at the 46000 level. Bachelor of Arts degree candidates are required to perform a half or full senior recital if approved by the faculty while enrolled in applied music or complete MUS 48598.

   f. Applied Music Requirements for the B.S. in Music Technology
      i. Music technology majors are required to complete a total of six semesters (12 credit hours) of applied music. A jury is performed at the end of each semester of study. For the first two semesters (4 credit hours) students are required to register for the 26000 or 36000-level of applied music on the major instrument or voice. For students entering at the 26000 level, the faculty of each applied area will inform the students of the performance standards expected as an outcome of the first two semesters of study to be evaluated through a jury performance (36000 Threshold).

      ii. Having completed these 4 credit hours of 26000 or 36000-level applied music with a grade of C or above, and having met the performance standards by passing the 36000 Threshold, music technology majors may take either 36000 level assigned music or 36000 level applied studio musicianship (ASM) to complete the remaining 4 semesters (8 credit hours) of applied study.

      iii. At the end of the last required semester of applied study expected performance outcomes will be evaluated at the 46000 Threshold consisting of a juried performance. Although not required, Bachelor of Science in music technology degree candidates may perform a half or full recital, or performance of original compositions, on the recommendation of a pre-hearing panel. Students who choose to complete all required six semesters of applied music through the 26000/36000 applied music series in place of 36000 ASM will be required to follow the performance standards guidelines and requirements for applied music established for the Bachelor of Arts degree in Music.

4. Advanced Study Admission Requirements
   All Bachelor of Music degree majors must fulfill certain requirements to enter appropriate advanced standing for program specific upper-
division coursework in the School of Music. These requirements are as follows:

a. Performance Concentrations: All students must meet the requirements for admission to 46000-level applied study as stated above.

b. Composition Concentration: The composition faculty will evaluate each student's work during the semester in which MUS 21112 is taken to determine if the student should continue to pursue the concentration. A 3.00 GPA is required in music theory classes. A skills test and composition portfolio are required. Specific information may be obtained from the coordinator of theory and composition.

c. Music Education Concentration: Music education majors must apply for admission into advanced study in the College of Education, Health, and Human Services prior to junior year. Music education majors must also pass the music education professional evaluation in the music education division limited to two attempts of the entire evaluation. Specific information may be obtained from the coordinator of music education.

5. Grade Standard
Music majors and minors must earn the grade of C or better in all music courses in order to count them toward graduation and to meet prerequisites for subsequent courses. Music courses required to meet the Writing Intensive Course requirement must be passed with a C or better.

6. Outcomes Assessment
To graduate from Kent State University with the degree B.M. or B.A. in music, it is required that students take a major field test in music history and music theory during their senior year. Specific score level achievement is not required. Music minors are not required to take this music exam. Specific information regarding test dates may be obtained from the Music Office, E101 Center for the Performing Arts. Candidates seeking Ohio licensure are required to pass specific assessments in order to apply for licensure. See Ohio Department of Education-Educator Preparation website for more information on assessments specific to licensure type. Taking and passing the licensure tests prior to graduation is encouraged but not required.

To graduate from Kent State University with the B.S. in music technology, students must have successfully completed a music technology Internship through an evaluation by the Music Technology coordinator. Students at the completion of all required music technology courses, must have successfully completed a music technology Internship through an evaluation by the Music Technology coordinator. Students at the completion of all required music technology courses, must submit a senior portfolio appropriate to their concentration (audio recording and/or music production). The portfolio must pass an evaluation by a jury composed of the music faculty.

Dual Degree/Double Major
School of Art
Students are permitted to double major in more than one division of the School of Art or complete more than one concentration in the same division.

1. Students enrolling in more than one major within the school must complete all course requirements in each major. If the two majors represent different degree programs, a minimum of 140 credit hours must be completed.

2. Students enrolling in a double concentration within the B.F.A. program must complete at least 12 upper-division credit hours within each concentration. In addition, all reviews must be passed and a senior project must be completed in each concentration.

A student taking a second major in art history must complete the language requirement. The program requirements for a double major must be approved in advance in writing by either the director or the division coordinator and become a part of the student's permanent file.

The Hugh A. Glauser School of Music
The Bachelor of Music, Bachelor of Arts degree in Music and the Bachelor of Science degree in Music Technology programs can be combined with approval by the faculty and director of the School of Music. In addition, double majors and more than one concentration within a major can be approved by the faculty and director of the School of Music.

Exhibitions
Students enrolled in a B.F.A. or B.A. program in studio arts, and in the B.A. in art education, must receive a rating of “satisfactory” on selected works exhibited during their portfolio review.

No-Credit Courses
Some courses do not generate credit within particular programs. ARTH 12001 does not generate credit for majors within the School of Art, but can be used to fulfill Kent Core requirements. Check course descriptions carefully for more information.

Transfer Students to the School of Art
Transfer students with more than two studio art courses should submit a portfolio of work for proper placement. The director of the School of Art may impose additional requirements considered reasonable and necessary. Transfer credits are evaluated consistent with the state Transfer Articulation Guidelines (TAG), although each student will be evaluated individually in terms of his or her ability to perform within the program. Transfer students should make every effort to complete admission requirements before the deadlines and to see an advisor in the School of Art for an evaluation of the portfolio and for schedule planning before registration.

ARTh 42050  ART AND REVOLT IN THE NINETEENTH CENTURY  3 Credit Hours
(Slashed with ARTH 52050) The nineteenth century is one of the most dramatic time periods in Euro-American art history. Artists and viewers experienced a number of revolutions that profoundly changed the landscape of art and politics. More specifically, nineteenth-century art was created during a violent sweep of colonial expansion, a rise in industrialization, and a revolt against the French Salon. This course considers how artists responded to these social changes by exploring art movements in France and beyond across a wide range of artistic media—including spirit photographs, Moulin Rouge posters, and cemetery sculpture. Students will examine the most canonical nineteenth-century artists while also challenging their placement in the art history canon, which was established at the expense of women and people of color.

ARTh 42056  AMERICAN ART I: INDIAN WARS TO CIVIL WAR  3 Credit Hours
(Slashed with ARTH 52056) In this first section of American art history, students will explore the evolution of American art from European conquest through the American Revolution, and stretching to the Civil War. This time period in American history is characterized by waves of social unrest followed by periods of peace that American artists reflected and shaped in their work. The American-Indian Wars and the Trans-Atlantic slave trade also profoundly impacted the art and politics of the early United States, inspiring artists to support or protest conflicts in society with their art. Exchanges with African, Indigenous, as well as Asian and European peoples pervaded every aspect of art in the United States. In looking widely at objects such as paintings, clothing, food advertisements, and furniture, this class will examine debates about nationhood in early American art that exploded by the Civil War.

ARTh 42057  AMERICAN ART II: CIVIL WAR TO CIVIL RIGHTS  3 Credit Hours
(Slashed with ARTH 52057) In this second section and in-depth study of American art history, students will explore shifts and advancements in American art since the closing of the Civil War. New styles in abstraction and technological innovations in photography, lithography, and cinema dramatically altered the trajectory of American art and resulted in an expansion of art museums and patronage. As the United States gained economic power and expanded its borders, American art was also profoundly influenced by movements such as French Impressionism and Mexican muralism, and shaped by artists as close as Canada and as far as Australia. While American artists were debating whether to welcome “foreign” influences in their work, debates over racial segregation and women’s suffrage permeated art and politics on the homefront. In looking widely at objects such as paintings, photographs, silverware, and public monuments, this class will examine the art and visual culture of the United States from the Civil War to Civil Rights movement.

ARTH 42069  NATIONS AND BORDERS  3 Credit Hours
(Slashed with ARTH 52069) Emphasizing art and visual culture since World War II, this course considers the phenomenon of the nation-state in the context of embodied borders and diasporas. From the historically charged U.S.-Mexico borderlands to the Berlin Wall that divided East and West Germany, modernity is characterized by the development of nations and subsequent nationalisms as well as the delineation of borders and boundaries—and, once unpacked, theoretical and physical embodiments become legible. Taking a historically-grounded and global approach to state production and displacement, critical texts—many of which are grounded in feminist and queer theories—will address various interpretations of boundaries, especially national and corporeal. We will explore the intellectual history of nation-building and subsequent textual analyses of geographic and embodied borders. We will also study specific art historical moments, such as the militarization of the U.S.-Mexico frontera, Israel’s occupation of Palestine, treating East and West Berlin as metaphor and allegory, the borderlands of queer and black identities in the United States and present-day Euro-American imperialism. The course format consists of rigorous class discussions guided by readings and illustrated presentations.

ARTh 52166  HISTORIES AND THEORIES OF MODERN AND CONTEMPORARY ART  3 Credit Hours
This course examines both the visual and textual. As such we travel through contemporary moments such as Abstract Expressionism, Post-Painterly Abstraction, Nouveau Réalisme, Pop, Minimalism, Conceptual art and participatory art—to name a few. So too, this course entails a broad overview of critical and theoretical approaches often engaged by contemporary artists such as existentialism, psychoanalysis, structuralism, semiotics, feminist and queer theories, theories of modern sculpture, and theories of photography. When art and theory are taken together, modern and contemporary art underscores the cultural, sociopolitical and economic developments characteristic of the last half of the twentieth century. While time constraints restrict a consideration of every artist, a selection of practitioners will be addressed. That said, this course affirms the importance of questions rather than finite answers, celebrates ambiguity and neglects any attempt at surveying and summarizing the field of modern and contemporary art.
