Program Learning Outcomes

Graduates of this program will be able to:

1. Articulate and perform standards and skills in one or more areas of dance.

2. Communicate an understanding of the vocabulary of dance and employ this knowledge to work conceptually with the elements of dance.
3. Articulate and communicate an understanding of choreographic processes, aesthetic properties of style and the ways these elements shape and are shaped by artistic and cultural ideas and contexts.
4. Develop and defend critical evaluations.
5. Through a Capstone project or presentation, students will articulate and communicate a relationship between their dance studies and a secondary concentration, minor or double major, if applicable.

Full Description

The Bachelor of Arts degree in Dance Studies allows students who have previous dance experience and a strong interest in another subject area, within or outside of the arts, the opportunity to combine the two into one plan of study. The curriculum provides students with a solid foundation in dance techniques and dance academics while allowing flexibility to incorporate another area or minor.

The B.A. degree program encourages exploration of areas that can be combined with dance to enhance opportunities for future employment.
