EMERGING MEDIA AND TECHNOLOGY - B.S.

College of Communication and Information
School of Emerging Media and Technology
www.kent.edu/emat

About This Program
Technology touches every facet of society; in the Emerging Media and Technology major, you’ll explore technology at the intersection of design, education, communication, project management, computer information systems, data and more. Students learn technical applications and skills in problem solving, design, user experience, creative applications and programming and gain experience working in interdisciplinary teams to solve tech-focused problems. • Location: Kent Campus

Examples of Possible Careers and Salaries*

Computer and information systems managers
• 10.4% much faster than the average
• 461,000 number of jobs
• $151,150 potential earnings

Computer occupations, all other
• 5.7% faster than the average
• 431,100 number of jobs
• $92,870 potential earnings

Computer systems analysts
• 7.4% faster than the average
• 632,400 number of jobs
• $93,730 potential earnings

Market research analysts and marketing specialists
• 17.7% much faster than the average
• 738,100 number of jobs
• $65,810 potential earnings

Project management specialists and business operations specialists, all other
• 5.9% faster than the average
• 1,361,800 number of jobs
• $77,420 potential earnings

Software developers and software quality assurance analysts and testers
• 21.5% much faster than the average
• 1,469,200 number of jobs
• $110,140 potential earnings

Web developers and digital interface designers
• 8.0% much faster than the average
• 174,300 number of jobs
• $77,200 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics’ Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements
The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State’s campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of English language proficiency unless they meet specific exceptions. For more information, visit the admissions website for international students.

Transfer Students: Students who have attended any other educational institution after graduating from high school must apply as undergraduate transfer students. For more information, visit the admissions website for transfer students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar’s website.

Admission policies for undergraduate students may be found in the University Catalog.
Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

Semester Six
EMAT 41510 3
PROJECT MANAGEMENT AND TEAM DYNAMICS (WIC)
College of Communication and Information Core Requirement 3
Minor or Certificate Requirements and/or General Electives 9
Credit Hours 15

Semester Seven
EMAT 49992 1
INTERNSHIP IN EMERGING MEDIA AND TECHNOLOGY (ELR)
Emerging Media and Technology (EMAT) Upper-Division Elective (30000 or 40000 level) 3
Minor or Certificate Requirements and/or General Electives 11
Credit Hours 15

Semester Eight
EMAT 40999 3
INTERDISCIPLINARY PROJECTS (ELR)
Minor or Certificate Requirements and/or General Electives 11
Credit Hours 14

Minimum Total Credit Hours: 120

University Requirements
All students in a bachelor’s degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001) 1 credit hour

Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.

Diversity Domestic/Global (DIVD/DIVG) 2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.

Experiential Learning Requirement (ELR) varies
Students must successfully complete one course or approved experience.

Kent Core (see table below) 36-37 credit hours
Writing-Intensive Course (WIC) 1 course
Students must earn a minimum C grade in the course.

Upper-Division Requirement 39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.

Kent Core Requirements
Kent Core Composition (KCMP) 6
Kent Core Mathematics and Critical Reasoning (KMCR) 3
Kent Core Humanities and Fine Arts (KHM/KF) (min one course each) 9
Kent Core Social Sciences (KSS) (must be from two disciplines) 6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory) 6-7
Kent Core Additional (KADL) 6
Total Credit Hours: 36-37

Program Learning Outcomes
Graduates of this program will be able to:
1. Demonstrate competency in the technical skills needed to pursue jobs in emerging media and technology, which includes web development, coding, data, human-computer interaction, creative applications, programming and problem-solving.
2. Utilize emerging media technologies to design better experiences, improve existing systems and analyze digital social structures.
3. Recognize the rapidly changing nature of emerging media and technology and learn the skills needed to adapt.
4. Apply interdisciplinary solutions to solving technical, social and human problems related to emerging media and technology.
5. Employ teamwork and project management as a problem solving technique.
6. Critically analyze the effectiveness of their own work and the work of others.

Full Description
The Bachelor of Science degree in Emerging Media and Technology teaches technical applications and skills in problem solving, design, user experience, creative applications and programming. Students synthesize technical and organizational skills in a series of experiential, hands-on and project-based courses in which they work collaboratively in interdisciplinary teams. The degree program offers students the space to play, imagine and solve problems. Students also learn to recognize the rapidly changing nature of emerging media and technology and learn the skills needed to adapt.
The Emerging Media and Technology major is interdisciplinary, drawing from a number of disciplines, including emerging media, design, information sciences, human-computer interaction and communication. The technology curriculum is grounded in social science and the humanities, introducing students to theories of how technology shapes and changes people and societies.

Students may apply early to the following master's degree programs and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program Policy in the University Catalog for more information.

- Master of Arts degree in Communication Studies
- Master of Arts degree in Media and Journalism
- Master of Arts degree in Visual Communication Design
- Master of Library Information Science degree in Library and Information Science
- Master of Science degree in Emerging Media and Technology
- Master of Science degree in Health Informatics
- Master of Science degree in Knowledge Management
- Master of Science degree in User Experience
