## Description

The Qualitative Research graduate certificate is for students who wish to improve their ability to design, conduct, analyze and quality-assess qualitative approaches to research used in the context of funded research, educational assessment, program evaluation, critical, creative, exploratory or theoretical endeavors or other applications.

The courses in this program offer students inter- and trans-disciplinary opportunities to learn and develop skills in qualitative methodologies, including grounded theory, phenomenology, ethnography and descriptive approach; as well as methods, including observation, interviewing, transcription, data analysis, use of software, analytic memoing and others.

## Admission Requirements

- Official transcript(s)
- Résumé
- Goal statement
- Two letters of recommendations

Review of applications will be handled by one of the certificate co-coordinators, who will also evaluate prerequisites (if substitute syllabi are submitted by student). For more information about graduate admission, please visit the Graduate Studies website.

## Program Learning Outcomes

Graduates of this program will be able to:

1. Argue for the value of qualitative methodological approaches and help others understand the value of this form of inquiry to enhance understanding within their respective fields.
2. Critique and review a wide variety of qualitative research in their respective fields.
3. Create and enact a variety of forms of high-quality, ethical qualitative research in their respective fields.

## Graduate Certificate Policy for the College of Education, Health and Human Services

- Students seeking a graduate certificate must maintain a minimum 3.000 grade point average. A graduate certificate student who receives a combination of more than 8 credit hours of B- or lower grades, or more than 4 credit hours of grades lower than C is subject to dismissal. Students who are unable to maintain academic standards of the College are subject to dismissal for academic reasons. Grades of C- or below are not counted toward completion of the certificate.
- Certificates must be completed within six years after the first graduate enrollment.
- No more than 2 credit hours of workshop may be used toward a certificate.

- Before being eligible to be awarded a Certificate, students must be admitted to the Certificate program.
- Students currently in a graduate degree program may also apply to a certificate program. Their degree seeking coursework may be applied to the certificate coursework with advisor approval. The courses must be completed within six years and satisfy certificate course requirements.
- Students who have a previous graduate degree and are not currently seeking another graduate degree may transfer a maximum 6 credit hours with advisor approval. These credits may include hours from another KSU program, or from another accredited institution, if the following conditions are met: (1) courses were at the graduate level; (2) a grade of "A" or "B" was earned; (3) credit will be less than six years old at the time the certificate is conferred at Kent; and (4) student was admitted as a graduate student at the time the course was taken.
- Some program areas may be more restrictive. Students are advised to consult their program.
