Examples of Possible Careers*

Audiologists
- 13.3% much faster than the average
- 13,800 number of jobs
- $81,030 potential earnings

Health specialties teachers, postsecondary
- 20.5% much faster than the average
- 254,000 number of jobs
- $99,090 potential earnings

- Graduate Coordinator: Myrna Forbes | mforbes4@kent.edu | 330-672-0258
- Chat with an Admissions Counselor

Fully Offered
- Delivery:
  - In person
- Location:
  - Kent Campus

Admission Terms
- Fall

*Note
Source of occupation titles and labor data is from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Description
The Doctor of Audiology degree is a professional doctorate that prepares students to be licensed clinical audiologists. The program emphasizes the principles and practices underlying evaluation, treatment and provision of hearing care services. Graduates are independent professionals who specialize in the diagnosis, management and treatment of hearing and balance disorders.

The Au.D. degree is a full-time, continuous, 48-month post-baccalaureate course of study designed to integrate classroom, laboratory and clinical experiences, culminating in the qualification for national certification and state (Ohio) licensure as an audiologist. All students attend full-time and take a fixed sequence of classroom- and clinic-based courses.

This program may be undertaken simultaneously or sequentially with the Ph.D. in Audiology.

The Au.D. degree in Audiology is offered in consortium with the Cleveland Clinic and the University of Akron.

Accreditation
Council on Academic Accreditation in Audiology and Speech-Language Pathology

Admission Requirements
- Bachelor's degree or higher from an accredited college or university (not necessarily in speech-language pathology and audiology)
- Minimum 3.000 GPA on a 4.000 point scale
- Official college transcript(s)
- GRE scores
- Goal statement
- Three letters of recommendation
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning one of the following:
  - Minimum 587 TOEFL PBT score (paper-based version)
  - Minimum 94 TOEFL IBT score (Internet-based version)
  - Minimum 82 MELAB score
  - Minimum 7.0 IELTS score
  - Minimum 65 PTE score
  - Minimum 120 Duolingo English Test score

For more information about graduate admissions, please visit the Graduate Studies admission website. For more information on international admission, visit the Office of Global Education's admission website.

Program Learning Outcomes
Graduates of this program will be able to:

1. Demonstrate knowledge of standards of ethical conduct.
2. Apply knowledge of the principles and methods of prevention, assessment and intervention for people with hearing impairments.
3. Demonstrate knowledge about certification, specialty recognition, licensure and other relevant professional issues.
4. Demonstrate knowledge of contemporary professional issues.
5. Apply knowledge of research processes by integration of research principles into evidence-based practice.
6. Demonstrate skill in oral and written and other forms of communication sufficient for entry into professional practice.
7. Apply knowledge of and experience with individuals from culturally/linguistically diverse backgrounds with client/patient populations across the lifespan.

### Graduation Requirements

- **Minimum Major GPA:** 3.000
- **Minimum Overall GPA:**

- **Clinical Setting**

For any clinical practicum (on campus or off campus) in speech pathology or audiology that requires candidates to be placed within the on-campus speech and hearing clinics, school or agency setting, the SPA program requires candidates to complete Bureau of Criminal Investigation and Identification (BCII) and Federal Bureau of Investigation (FBI) background check and submit the results to authorized personnel at their assigned clinic/school/agency before the beginning of their placement or the first day of the semester in which the practicum will take place. Authorized school/agency personnel will determine whether a candidate may participate in practicum in the off-campus setting. The BCII and FBI background checks are good for one year and the candidates will need to complete one each year that they are in graduate school.

Electronic fingerprinting is available for BCII and FBI in 221 White Hall and should be completed one month prior to clinical practicum. Candidates are responsible for fees incurred for this requirement. For more
