Examples of Possible Careers*
Dietitians and nutritionists
• 8.0% much faster than the average
• 74,200 number of jobs
• $63,090 potential earnings

Contact Information
• Program Coordinator: Natalie Caine-Bish, Ph.D., RD, LD | ncaine@kent.edu | 330-672-2148
• Chat with an Admissions Counselor

Fully Offered
• Delivery:
  • In person
• Location:
  • Kent Campus

Admission Terms
• Fall
• Spring
• Summer

Accreditation
The Dietetic Internship concentration is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND).

Admission Requirements
• Bachelor’s degree from an accredited college or university
• Minimum 3.000 undergraduate GPA on a 4.000 point scale
• Upper level, undergraduate coursework in biochemistry, physiology and advanced nutrition
• Official transcript(s)
• Goal statement
• Didactic Program in Dietetics (DPD) verification statement (required for Dietetic Internship concentration only)
• Dietetic internship application through the Dietetic Internship Centralized Application System (DICAS) with D & D Digital Computer Matching (required for Dietetic Internship concentration only)
• Three letters of recommendation
• English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning one of the following:
  • Minimum 550 TOEFL PBT score (paper-based version)
  • Minimum 79 TOEFL IBT score (Internet-based version)
  • Minimum 77 MELAB score
  • Minimum 6.5 IELTS score
  • Minimum 58 PTE score
  • Minimum 110 Duolingo English test score

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Program Learning Outcomes
Graduates of this program will be able to:
1. Describe the physiological functions, metabolism, dietary requirements, deficiency symptoms, food sources and the metabolic utilization of macronutrients and micronutrients for physiological processes; and how they relate to nutrition, health promotion and disease prevention/treatment
2. Contribute to the quality of life, well-being and wellness of individuals and families by utilizing their nutrition knowledge and participating in activities that promote nutritional well-being
3. Demonstrate an understanding of research methods and apply knowledge gained by participation in research and/or outreach

Professional Licensure Disclosure
This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State’s website for professional licensure disclosure.

*Note
Source of occupation titles and labor data is from the U.S. Bureau of Labor Statistics’ Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.
## Program Requirements

### Major Requirements

<table>

### Additional Requirements or Concentration

Choose from the following: 5-16

- Additional Requirements for Students Not Declaring a Concentration
- Dietetic Internship Concentration

### Minimum Total Credit Hours:

32-43

---

1. Maximum 3 credit hours of NUTR 63591 may be applied towards the degree.
2. The master's project is intended for students who do not plan to continue graduate work beyond the master's degree. The option provides the opportunity to approach research and theory in a more applied manner. The presentation and interpretation of original research is not required. However, approval of the intended project by the student's master's project committee is required, as is the successful completion of an oral final examination conducted by the student's master's project committee.
3. The thesis is intended for research-oriented students and is designed to provide the opportunity to conduct original research. Approval of a thesis proposal by the student's thesis committee is required as is the successful completion of an oral final examination conducted by the thesis committee.
