1. Before taking any field-based experiences, students must complete state and Federal background checks. See the program coordinator for more information.

2. Students will complete 3 credit hours of CES 88292 per semester for two consecutive semesters, for a total of 6 credit hours of internship.

3. Elective courses must be relevant to counselor education and supervision. Students must consult with and obtain approval from their advisors about registering for electives.

4. Upon admission to candidacy, each doctoral candidate must register for CES 80199. It is expected that a doctoral candidate will continuously register for Dissertation I for a total of 30 credit hours, and thereafter CES 80299, each semester until all requirements for the degree have been met. Students will be expected to be familiar with data entry and interpreting computer generated analysis.

### Progression Requirements

- Students who earn a C+ grade or lower in any course for the degree must repeat the course for a better grade.
- All prerequisites for courses must be completed with a minimum minimum B- grade.

### Graduation Requirements

- Minimum B- (or Satisfactory) grade in all courses
- After admission to the Ph.D. degree program, students plan a program of study with their respective faculty advisory committee. Please refer to the program doctoral handbook and graduate student handbook for more information about requirements for graduation.
- Successful completion of written and oral comprehensive exams is required before students can be registered for dissertation credit hours.
