**Full Description**

The Special Education Mild/Moderate Needs Initial Licensure Preparation non-degree program is designed for individuals who hold a bachelor’s degree and want to teach students with mild/moderate disabilities. These students are distinguished from students with more severe disabilities by greater participation in the general academic curriculum. Mild/moderate disabilities include learning disabilities, emotional and behavioral disorders, ADHD, mild intellectual disabilities and (in certain cases) autism spectrum disorder.

Completion of the coursework is a prerequisite to being recommended by Kent State University for an initial teacher license in Special Education Mild/Moderate Educational Needs (Ohio Intervention Specialist), which is granted by the Ohio Department of Education.

This program does not culminate in a master’s degree. Students interested in a master’s degree at Kent State must be fully admitted into and complete the requirements for the master’s program, in addition to courses that are prescribed here for licensure. Completing a master’s degree in special education in addition to licensure will, in most cases, require an additional 15-18 credit hours.

**Professional Licensure Disclosure**

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State’s website for professional licensure disclosure.
