Examples of Possible Careers*

Education teachers, postsecondary
- 4.8% about as fast as the average
- 77,300 number of jobs
- $65,440 potential earnings

Mathematical science teachers, postsecondary
- 1.3% slower than the average
- 60,100 number of jobs
- $73,650 potential earnings

Middle school teachers, except special and career/technical education
- 3.6% about as fast as the average
- 627,100 number of jobs
- $60,810 potential earnings

Secondary school teachers, except special and career/technical education
- 3.8% about as fast as the average
- 1,050,800 number of jobs
- $62,870 potential earnings

Contact Information
- Program Coordinator: Kristine E. Pytash, Ph.D. | kptash@kent.edu | 330-672-0641
- Speak with an Advisor
- Chat with an Admissions Counselor

Fully Offered
- Delivery:
  - In person
- Location:
  - Kent Campus

Description
The Bachelor of Science in Education degree in Integrated Mathematics prepares students for teacher licensure in grades 7-12. Students complete most of their content coursework during their first three years; methods coursework typically begins during the spring of their third year. During the final year of the program, candidates complete remaining content courses, mathematics teaching methods courses and a year-long placement in a local school district, which concludes with 13 weeks of student teaching in the spring.

Students are required to complete Bureau of Criminal Investigation and Identification (BCII) and Federal Bureau of Investigation (FBI) background checks.

Accreditation
National Council for Accreditation of Teacher Education

Admission Requirements
Admission to this major is selective. Admission to the college does not guarantee admission to a major and/or admission to professional coursework for a selective admission program. To be admitted directly into a teacher education program, it is required that new freshmen have a 2.750 high school GPA. Students who do not meet the GPA requirement at the time of admission for this major will be admitted to the EHHS General non-degree program until which time they have established a minimum 2.750 Kent State GPA. They may then submit a change of program to declare this major.

Current Kent State and Transfer Students: Active Kent State students who wish to change their major must have attempted a minimum 12 credit hours at Kent State and meet all admission criteria listed above to be admitted. Students who have not attempted 12 credit hours at Kent State will be evaluated for admission based on their high school GPA for new students or transfer GPA for transfer students. Transfer students who have not attempted 12 credit hours of college-level coursework at Kent State and/or other institutions will be evaluated based on both their high school GPA and college GPA.

English Language Proficiency Requirements for International Students:
All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score, minimum 48 PTE score or minimum 100 DET score; or by completing the ESL level 112 Intensive Program. For more information on international admission, visit the Office of Global Education's admission website.

Program Learning Outcomes
Graduates of this program will be able to:
1. Successfully pass the Ohio Assessment Exam.
2. Demonstrate understanding of the content and pedagogy of required program courses.
3. Successfully plan three types of lesson plans: conceptual, procedural and relevance to teaching mathematics.
4. Successfully complete student teaching.
5. Create a unit plan in secondary mathematics.
6. Model five problems of antiquity in Desmos or Geogebra.

Professional Licensure Disclosure
This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational...
requirements for licensure or certification and contact information for state licensing boards at Kent State’s website for professional licensure disclosure.

**University Requirements**

All students in a bachelor’s degree program at Kent State University must complete the following university requirements for graduation.

**NOTE:** University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

**Destination Kent State: First Year Experience**

- Course is not required for students with 25 transfer credits, excluding College Credit Plus, or age 21+ at time of admission.

**Diversity Domestic/Global (DIVD/DIVG)**

- Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.

**Experiential Learning Requirement (ELR)**

- Students must successfully complete one course or approved experience.

**Kent Core (see table below)**

- Writing-Intensive Course (WIC) 36-37
- Students must earn a minimum C grade in the course.

**Upper-Division Requirement**

- Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.

**Total Credit Hour Requirement**

- 120

---

### Kent Core Requirements

**Kent Core Composition (KCMP)**

- Kent Core Mathematics and Critical Reasoning (KMCR) 6
- Kent Core Social Sciences (KSS) 3
- Kent Core Humanities and Fine Arts (KHUM/KFA) 9
- Kent Core Basic Sciences (KBS/KLAB) 6-7

**Total Credit Hours:** 36-37

---

**Mathematics Electives, choose from the following:**

- Ordinary Differential Equations
- Hands-On Mathematics
- Probability Theory and Applications
- Theory of Statistics (WIC)
- Modern Algebra I (ELR) (WIC)
- Modern Algebra II (ELR) (WIC)
- Theory of Matrices
- Numbers and Games
- Euclidean Geometry
- Linear Geometry
- Theory of Numbers

**Additional Requirements (courses do not count in major GPA)**

- Topics in Social Justice in Teaching and Learning (min C grade) 3
- Principles of Teaching Adolescents (WIC) (min C grade) 3
- The Secondary School Mathematics Curriculum (min C grade) 3
- Teaching of Mathematics in Secondary Schools (min C grade) 3
- Field Work Practicum (ELR) (min C grade) 3
- Secondary Student Teaching (ELR) 9
- Inquiry into Professional Practice (min C grade) 3
- Introduction to Human Communication (KADL) 3
- Education in a Democratic Society (min C grade) 3
- Educational Psychology (min C grade) 3
- Educational Technology (min C grade) 3
- Health and Learning: Strategies for Students and Teachers (min C grade) 3
- General Psychology (DIVD) (KSS) 3
- Introduction to Exceptionalities (DIVD) (min C grade) 3
- Destination Kent State: First Year Experience 1

**Minimum Total Credit Hours:** 121

---

**Progression Requirements**

Students must meet all professional requirements for admission to advanced study. To be admitted, students must display evidence of the following:

- Adequate communication skills
- Sound content area knowledge (language arts, mathematics, science or social studies)
- Basic understanding of the teaching profession
Students must apply for State of Ohio Licensure (defined by completion of all licensure program requirements) within 12 months of program completion. After 12 months, applicants must meet State approved program/licensure requirements that are in effect at the time of application. This means that students who apply after the 12 month deadline may have to take additional coursework if the content, methods courses, program requirements, or licensure requirements have changed from the catalog in force.

Roadmap
This roadmap is a recommended semester-by-semester plan of study for this major. However, courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

### Graduation Requirements

### Double Majors/Dual Degrees

Students seeking to declare an additional teacher education major in the B.S.E. degree (double major), or in a different degree (dual degree) may have the double major/dual degree approved as long as the following requirements are met:

1. Approval is received from the academic unit administrating each major. A program of study for those interested in pursuing a double major must be approved in writing by faculty from each major area prior to admission to advanced study.
2. All required content courses are completed for each major
3. All required methods courses are completed for each major.
4. Separate practicum and inquiry courses are completed for each major as listed below:
   a. ADED 42292 (or the equivalent required by the major outside the college)
   b. ADED 49525 (or the equivalent required by the major outside the college)
5. Students who have two majors from among the following only need to take ADED 42392, consisting of a 16-week classroom experience involving both subject areas: Life Sciences, Earth Science, Physical Sciences, Integrated Science, Integrated Mathematics, Life Science/Chemistry, Integrated Social Studies and/or Integrated Language Arts.
6. Students who have a second major not included in the list above (#5) will have their student teaching requirements determined by faculty from both program areas at the time the program of study is developed, with a minimum 16 weeks spent in the classroom.

### Licensure information

Candidates seeking Ohio licensure are required to pass specific assessments in order to apply for licensure. See Ohio Department of Education-Educator Preparation website for more information on assessments specific to licensure type. Taking and passing the licensure tests prior to graduation is encouraged but not required.
### Semester Six

- **SPED 23000**  INTRODUCTION TO EXCEPTIONALITIES (DIVD)  3
