SPORT, EXERCISE AND PERFORMANCE PSYCHOLOGY - MINOR

College of Education Health and Human Services
School of Teaching, Learning and Curriculum Studies
www.kent.edu/ehhs/tlcs

About This Program

The Sport, Exercise and Performance Psychology minor provides students, athletes and those preparing for careers in coaching, performing arts, sport practitioners and sport administrators with the knowledge of psychological theory and skills development to enhance human behavior in sport and exercise settings and artistic performance. The minor explores social-psychological concepts such as motivation, self-confidence, concentration, anxiety or burnout, and how these concepts can influence a sport environment (e.g., losing focus under pressure or self-doubt during a game), and the performing and creative artistic domain (e.g., lifestyle stresses, self-esteem or confidence.) Students are prepared to work in a wide-range of sport-related fields or to further their education in their chosen careers by continuing to a graduate program and certification.

• Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
• Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
• Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Gain knowledge and skills on the influences of the psychological aspects of exercise, injury and physical activity on performance.
2. Achieve a greater understanding of performance and achievement within the context of sport at a variety of levels, with diverse populations and in many different sports.
3. Consider a holistic perspective of sport, which includes athlete-centered coaching, cultural competence, development of character and life lessons through youth sport.
4. Demonstrate cultural competence, effective leadership and ethical decision-making skills.
