Credit Hours		9
Minimum Total Credit Hours:		18

Program Learning Outcomes

Graduates of this program will be able to:

1. Identify the Domains of Practice as established by the National Association of Long Term Care Administrator Boards to successfully pass the nursing home administrator licensure exams.
2. Exhibit mastery of the Domains of Practice as evidenced by passing the online practice exams.
3. Earn the Certified Dementia Practitioner (CDP) credential.

Full Description

The Nursing Home Administration/Health Services Executive graduate certificate prepares individuals to apply managerial principles to the administration of nursing homes, assisted living facilities, adult day care, home health services, senior living communities, retirement communities and other long-term services and supports. Individualized coursework may include instruction in social and clinical aspects of aging, health care delivery systems, long-term care administration, aging policy and government programs, ethics, business management, financial management, human resource management, marketing and applicable laws and regulations.

The certificate prepares graduates for the national licensure examinations required in the State of Ohio to become a Licensed Nursing Home Administrator (LNHA). Once licensed, individuals are qualified to lead organizations in the field of long-term care services and supports. The program is particularly appropriate for graduate students from any discipline who are interested in long-term care, but also for individuals currently working in the long-term care field who wish to advance their career as an executive of long-term care services and supports.

Students should be able to complete the certificate within one academic year or three semesters. The program includes an internship as required by the State of Ohio in a skilled nursing facility.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.
