- 31.5% much faster than the average
- 422,300 number of jobs
- $104,280 potential earnings

**Social and community service managers**
- 17.0% much faster than the average
- 175,500 number of jobs
- $69,600 potential earnings

**Clinical laboratory technologists and technicians**
- 7.3% faster than the average
- 337,800 number of jobs
- $54,180 potential earnings

Accreditation
The M.P.H. degree in Public Health is accredited by the Council on Education for Public Health (CEPH).

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements
- Bachelor’s degree from an accredited college or university
- Minimum 3.000 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- GRE scores or other standardized admission exam (GMAT, MCAT, LSAT or PCAT)¹ (effective for spring 2024 admission term, test scores are no longer required)
- Goal statement
- Résumé is required effective for spring 2024 admission term
- Three letters of recommendation
- English Language Proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning one of the following:
  - Minimum 550 TOEFL PBT score
  - Minimum 79 TOEFL IBT
  - Minimum 77 MELAB score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 Duolingo English score

¹ GRE scores may be waived, as determined by graduate coordinator, using program criteria.

Application Deadlines
- Fall Semester
  - Priority deadline: March 15 (international student)
  - Applications submitted by this deadline will receive the strongest consideration for admission.
  - Rolling admissions (domestic student)
- Spring Semester
• Priority deadline: August 15 (international student)
  Applications submitted by this deadline will receive the strongest
  consideration for admission.
• Rolling admissions (domestic student)

Summer Term
• Rolling admissions (domestic student)

Graduation Requirements

- Practicum placement at an approved public health agency under the guidance of a qualified preceptor (150 or 300 contact hours)
- Final portfolio/report and a seminar presentation integrating theory and practice
- Participation in at least one approved interprofessional education event; event requires students to participate at a specific time/date to be determined in consultation with the student’s advisor

Program Learning Outcomes

Graduates of this program will be able to:

Evidence-based Approaches to Public Health

1. Discuss multiple dimensions of the policy-making process, including the roles of ethics and evidence.
2. Propose strategies to identify stakeholders and build coalitions and partnerships for influencing public health outcomes.
3. Advocate for political, social or economic policies and programs that will improve health in diverse populations.
4. Evaluate policies for their impact on public health and health equity.

Leadership

1. Apply principles of leadership, governance and management, which include creating a vision, empowering others, fostering collaboration and guiding decision making.
2. Apply negotiation and mediation skills to address organizational or community challenges.

Communication

1. Select communication strategies for different audiences and sectors.
2. Communicate audience-appropriate public health content, both in writing and through oral presentation.
3. Describe the importance of cultural competence in communicating public health content.

Interprofessional Practice

1. Perform effectively on interprofessional teams.

Systems Thinking

1. Apply systems thinking tools to a public health issue.

Dual degree with M.B.A. in Business Administration

Students have the opportunity to complete a dual degree program with the Master in Public Health and the Master of Business Administration. A separate application must be submitted for each program. Students can view admission requirements for each program on their respective catalog page.

The M.B.A./M.P.H. dual degree program prepares students for responsible leadership positions and offers an integrated business and public health curriculum designed to help students develop real-world knowledge and skills needed to pursue success and management opportunities in the public health industry.
