which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Minimum 3.000 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Résumé
- Goal statement(s)
- Academic paper written in English
- Three letters of recommendation
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning one of the following:
 - Minimum 525 TOEFL PBT score (paper-based version)
 - Minimum 71 TOEFL IBT score (Internet-based version)
 - Minimum 74 MELAB score
 - Minimum 6.0 IELTS score
 - Minimum 50 PTE score
 - Minimum 100 Duolingo test score

For more information about graduate admissions, visit the graduate admission website. For more information on international admission, visit the Office of Global Education's admission website.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements		
MUS 55314	WORLD MUSIC ENSEMBLE (taken three times for 1 credit hour each)	3
MUS 61173	WORLD MUSIC ANALYSIS	3
MUS 62411	MUSIC BIBLIOGRAPHY AND RESEARCH METHODS	2
MUS 62412	INTRODUCTION TO ETHNOMUSICOLOGY	3
MUS 62414	ISSUES AND TRENDS IN ETHNOMUSICOLOGY	3
Major Electives, choose from the following:		6
MUS 52111	AFRICAN MUSIC AND CULTURES	
MUS 52131	MUSIC OF THE UNITED STATES	
MUS 52141	FOLK MUSIC OF EUROPE AND NORTH AMERICA	
MUS 52151	ASIAN MUSICS	
MUS 52161	HISTORY OF JAZZ	
MUS 52181	POPULAR WORLD MUSIC	

MUS 62171	MUSIC FROM WORLD CULTURES	
Seminar Elective, choose from the following:		3
MUS 62281	SEMINAR IN MUSIC HISTORY AND LITERATURE	
MUS 62601	SEMINAR IN MUSICS OF AFRICA	
MUS 62602	SEMINAR IN MUSICS OF THE AMERICAS	
MUS 62603	SEMINAR IN MUSICS OF THE MIDDLE EAST	
MUS 62604	SEMINAR IN MUSICS OF EAST ASIA	
MUS 62606	SEMINAR IN MUSICS OF SOUTHEAST ASIA	
Non-Ethnomusicology-Focused Course ¹		3
<i>Culminating Requirement</i>		
Choose from the following: ²		6
MUS 68092	GRADUATE INTERNSHIP	
MUS 68099	CAPSTONE PROJECT	
MUS 68199	THESIS I	

Minimum Total Credit Hours: 32

¹ Students are expected to take a non-ethnomusicology focused course from an outside discipline (e.g. anthropology, music education) approved by the ethnomusicology faculty.

² For the culminating experience, all students selecting must pass a final oral examination.

Program Learning Outcomes

Graduates of the program are able to:

1. Recognize, identify, interpret and discuss theoretical concerns and important contributions of historical figures in the field of ethnomusicology, as well as representative music styles from different historical periods, countries and ethnic populations.
2. Demonstrate and apply fieldwork techniques including proficiency with photography, videography and audio recording, interviewing and participant-observation research.
3. Demonstrate the ability to plan and execute an efficient and productive lecture presentation in an academic setting for use at professional conferences, concert performances and classroom teaching that includes time management, clear and effective explanation, efficient use of multi-media and successful question and answer interactions.
4. Utilize and discuss theoretical issues related to ethnomusicology and related disciplines, such as socio-cultural identity, semiotics, gender studies, politics and power, ritual studies, globalization and hybridity.
5. Identify, explain and utilize performance pedagogy.
6. Analyze compositional forms, appropriate to the specific vocal or instrumental areas of study.
7. Display performance and interpretation skills in music.

Full Description

The Master of Arts degree in Ethnomusicology is designed to offer students a solid foundation in regional studies of music style, performance practice, history and cultural associations in order to prepare students for continued graduate studies at the doctoral level and/or public sector careers in world music. The program integrates theoretical perspectives relevant to the discipline with these practical aims, so that students can communicate effectively with persons within and outside the field of ethnomusicology.

While a balanced global coverage is emphasized, Kent State music faculty focus on studies in Central Africa, mainland Southeast Asia, East Asia, the Caribbean, North and South America and the Middle East, as well as popular music studies. Theoretical concerns include sociocultural identity, semiotics, gender studies, politics and power, ritual studies, globalization and hybridity, as well as studies in inter-related arts (e.g., dance and theatre).

Jazz Studies - Minor

College of the Arts
School of Music
www.kent.edu/music

About This Program

The Jazz Studies minor promotes the development of fundamental skills in jazz. The minor provides instruction in performance, composition and arranging.

Contact Information

- Program Director: **Bobby Selvaggio** | rselvagg@kent.edu | 330-672-2965
- Speak with an Advisor

Program Delivery

- **Delivery:**
 - In person
- **Location:**
 - Kent Campus

Admission Requirements

Admission to this minor is selective. To declare the Jazz Studies minor, students must audition to music faculty in voice or on an instrument.

Program Requirements

Minor Requirements

Code	Title	Credit Hours
Minor Requirements (min C grade required in all courses)		
MUS 16001	APPLIED MUSIC JAZZ (repeated for 2 semesters) ¹	2
MUS 17013	FUNDAMENTALS OF JAZZ PIANO	1
MUS 41341	JAZZ IMPROVISATION I	1
MUS 41342	JAZZ COMPOSING AND ARRANGING ²	2
MUS 41351	JAZZ IMPROVISATION II	1
MUS 42162	JAZZ STYLES AND ANALYSIS	3
MUS 45231	JAZZ ENSEMBLE (repeated for 4 semesters)	4
MUS 45312	JAZZ COMBO DEVELOPMENT (repeated for 2 semesters)	2

Minimum Total Credit Hours: 16

¹ A half-jazz recital or approved equivalent is required to complete the minor. Registration in MUS 16001 is required during the jazz recital semester.

² Advanced pianists may replace MUS 41342 with MUS 48598.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.250	2.000

- Minimum C grade is required in all courses for the minor.
- MUS 11110, MUS 11111, MUS 16914 and MUS 16915 will not count as credit for graduation in this program.
- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Examples of Possible Careers and Salaries*

Musicians and singers

- 0.9% little or no change
- 175,600 number of jobs
- \$N/A potential earnings

Secondary school teachers, except special and career/technical education

- 3.8% about as fast as the average
- 1,050,800 number of jobs
- \$62,870 potential earnings

Additional Careers

- Music and singing teachers, community college, colleges & universities, art institutes

Accreditation

National Association of Schools of Music

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to this major is selective. Students must audition before being admitted to the Music major. Inquiries can be directed to the coordinator of admissions and scholarships, School of Music, E-101 Music and Speech, Kent State University, Kent, OH 44242-0001 (or call 330-672-2172).

For more information on admissions, including additional requirements for some academic programs, visit the admissions website for new freshmen and the admissions website for transfer, transitioning and former students.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE score or minimum 100 Duoling English score, or by completing the ELS level 112 Intensive Program. For more information on international admission visit the admissions website for international students.

Minimum Total Credit Hours:	27	

¹ A minimum C grade must be earned to fulfill the writing-intensive requirement.

² The senior recital may be used to satisfy the Experiential Learning Requirement (ELR), with approval.

³ Bachelor of Arts students are restricted to taking two-credit hour applied music sections, which include a 60-minute group practice and 60-minute private lesson. Students not declaring a concentration will need to take a total of six semesters and 12 credit hours of applied music or replace up to two semesters of applied music with MUS 21213 and MUS 21214 based on instrument of music degree acceptance. Students must meet the 46000-entry-level prior to graduation. The 46000-level may be taken following a successful 46000-level barrier exam. One semester of MUS 21213 can replace one semester of MUS 31211.

⁴ Piano class (two credit hours): placement test required. Students who have piano as their main instrument and students placed into Applied Music Piano replace with music (MUS) electives.

⁵ Major ensemble: Students must enroll in a major ensemble appropriate to their major performance area.

MUS 36612	APPLIED MUSIC HORN	
MUS 36613	APPLIED MUSIC TROMBONE	
MUS 36614	APPLIED MUSIC EUPHONIUM	
MUS 36615	APPLIED MUSIC TUBA	
MUS 36711	APPLIED MUSIC PERCUSSION	
MUS 36912	APPLIED MUSIC GUITAR	

Minimum Total Credit Hours: 27

¹ Only available at the Stark campus.

² MUS 36913 (senior recital) may be used to satisfy the Experiential Learning Requirement (ELR), with approval.

³ A minimum C grade must be earned to fulfill the writing-intensive requirement.

⁴ Applied music: Students in the Contemporary Popular Music concentration must take two semesters and four credit hours of applied music and eight credit hours of MUS 36913, MUS 36914, MUS 36915, MUS 36916, MUS 36917, MUS 36918, MUS 36919, MUS 36920, MUS 36921, MUS 36922, MUS 36923, MUS 36924 or MUS 31211 (one semester of MUS 21213 can be included). Students must also meet the 46000-entry-level prior to graduation. The 46000-level may be taken following a successful 46000-level barrier exam.

⁵ One semester of MUS 21213 can replace one semester of MUS 31211.

⁶ Electric guitar and electric bass students, based upon the audition, can be placed in either MUS 16914 or MUS 16915. Upon successful completion of two semesters of MUS 16914/MUS 16915, students continue with applied study as indicated in footnote four.

⁷ Bachelor of Arts students are restricted to taking two-credit hour applied music sections, which include a 60-minute group practice and 60-minute private lesson.

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	

Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	36-37

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate knowledge of music history and theory.
2. Demonstrate high-level skills in recitals, ensembles or music research.

Full Description

The Bachelor of Arts degree in Music gives music majors an opportunity to study music and liberal arts with an optional minor, available in most academic areas of the university, or as a dual degree program with a major in another field. Although not as music intensive as the Bachelor of Music (B.M.) degree, the B.A. degree includes study on a main instrument and ensemble participation throughout the program.

The Music major includes the following optional concentrations:

- The **Contemporary Popular Music** concentration provides students the opportunity to study contemporary instruments such as electric guitar, electric bass and voice, as well as participate in a variety of styles, including rock, pop, Motown and other popular styles.
- The **Jazz Studies** concentration provides students the opportunity to study jazz improvisation, arranging and composing.

Students not selecting a concentration will continue with applied music and major ensemble electives, in addition to a music history course and research or senior recital as the culminating experience.

Music - B.M.

- **Location:**
 - Kent Campus

Examples of Possible Careers and Salaries*

Musicians and singers

- 0.9% little or no change
- 175,600 number of jobs
- \$N/A potential earnings

Secondary school teachers, except special and career/technical education

- 3.8% about as fast as the average
- 1,050,800 number of jobs
- \$62,870 potential earnings

Accreditation

The B.M. degree in Music is approved by the National Association of Schools of Music.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to this major is selective. Students must audition before being admitted to the Music major. Inquiries can be directed to the coordinator of admissions and scholarships, School of Music, E-101 Center for the Performing Arts, Kent State University, Kent, OH 44242-0001 (or call 330-672-2172).

For more information on admissions, including additional requirements for some academic programs, visit the admissions website for new

freshmen and the admissions website for transfer, transitioning and former students.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE score or minimum 100 Duoling English score, or by completing the ELS level 112 Intensive Program. For more information on international admission visit the admissions website for international students.

Choose from the following:		54
Composition		
Instrumental Performance		
Piano Performance		
Voice Performance		
Minimum Total Credit Hours:		125

¹ A minimum 3.000 GPA is required in music theory courses (MUS 11121, MUS 11122, MUS 21111, MUS 21112) in the Composition concentration.

² A minimum C grade must be earned to fulfill the writing-intensive requirement.

³ Students must enroll in a major ensemble appropriate to their major performance area. Piano performance majors satisfy the eight-semester ensemble requirement as follows: two credit hours of MUS 45311, four credit hours of MUS 45321 and two credit hours selected from chamber music or a major vocal or instrumental ensemble or one credit hour selected from chamber music or a major vocal or instrumental ensemble and DAN 28010. Composition majors may use MUS 45271 for maximum four semesters of the eight-semester requirement.

MUS 36615/46615	APPLIED MUSIC TUBA	
MUS 36711/46711	APPLIED MUSIC PERCUSSION	
Minimum Total Credit Hours:		54

¹ In addition to completing the required courses, students in the Music Composition concentration must do the following prior to taking MUS 41131, MUS 41151 and MUS 48251: (1) pass a theory proficiency exam, incorporating score reading, sight singing, keyboard

harmony and written analysis; and (2) receive approval from the theory and composition faculty based on a portfolio of compositions.

² Bachelor of Music students are restricted to taking four-credit hour applied music sections, which include a 60-minute group practice and 60-minute private lesson. Students whose main instrument is piano may fulfill this requirement with piano only or can include one or two semesters with a different instrument. Students whose main instrument is not piano must take two semesters of Applied Music Piano. A piano placement test or piano audition is required and additional remedial courses may be necessary. Students must meet the 46000-entry-level prior to graduation.

² The 46000-level courses may be taken following a successful 46000-level barrier exam.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.250	2.000

- Minimum C grade required in all music courses
- Attendance at minimum 10 concerts or recitals during semesters of applied music registration. Composition students use semesters of registration in MUS 21213, MUS 21214, MUS 31211 and MUS 41211.
- Students in the Music Composition concentration must pass a theory/composition piano proficiency exam as a prerequisite for required courses MUS 41131, MUS 41151 and MUS 48251; and present a senior recital.
- Students in the Instrumental Performance, Piano Performance and Voice Performance concentrations must complete one-half junior and one full- senior recital and register for applied music courses (46000-level) during a degree recital semester. The senior recital may be used to satisfy the Experiential Learning Requirement (ELR).
- MUS 11110, MUS 11111, MUS 16914 and MUS 16915 will not count as credit for graduation in this program.

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	36-37

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate knowledge of music history and theory.
2. Demonstrate beginning professional skills in recitals.

Full Description

The Bachelor of Music degree in Music is a professional degree. The primary emphasis is on the development of the skills, concepts and sensitivity essential for those wishing to pursue music as a profession.

The Music major comprises the following concentrations:

- The **Composition** concentration provides preparation for graduate study in the field, a credential for private instruction and the ability to compose and use technology in a variety of musical styles.
- The **Instrumental Performance** concentration provides preparation for graduate study in the field, a credential for private instruction and the ability to perform as a soloist, in chamber music and in large ensembles. This program is available on the following instruments: violin, viola, violoncello, double bass, flute, oboe, clarinet, bassoon, saxophone, trumpet, horn, trombone, euphonium, tuba and percussion.
- The **Piano Performance** concentration provides preparation for graduate study in the field, a credential for private instruction and the ability to perform as a soloist, as an accompanist, in chamber music and in large ensembles.
- The **Voice Performance** concentration provides preparation for graduate study in the field, a credential for private instruction and the ability to perform as a soloist, in opera, in chamber music and in large ensembles.

Music - Minor

College of the Arts
School of Music
www.kent.edu/music

About This Program

The Music minor provides a basic understanding of music literature, theory and performance. Study on voice or selected instruments is available to students in other fields who desire private instruction in addition to ensemble participation.

MUS 42131	MUSIC OF THE UNITED STATES	
MUS 42161	HISTORY OF JAZZ (DIVD)	

Minimum Total Credit Hours:

19

- ¹ Major ensembles include: MUS 45111, MUS 45121, MUS 45141, MUS 45142, MUS 45143, MUS 45212, MUS 45221 and MUS 45223.
- ² Music electives may include additional applied music, major or chamber ensembles or any other music courses for which students have fulfilled the prerequisite.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.250	2.000

- Minimum C grade is required in all courses for the minor.
- Transfer students must complete a minimum of 11 credit hours in music courses at Kent State University, including one semester of applied music and one semester of a major ensemble.
- MUS 11110, MUS 11111, MUS 16914 and MUS 16915 will not count as credit for graduation in this program.
- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Music Composition - M.A.

College of the Arts
School of Music
www.kent.edu/music

About This Program

Take your music composition skills to the next level. Our master's degree is designed to advance your creative skills and prepare you for doctoral study, with an emphasis on large-scale composition for various ensembles, including orchestra, choir and band. Read more...

Examples of Possible Careers and Salaries*

Art, drama, and music teachers, postsecondary

- 5.6% faster than the average
- 116,300 number of jobs
- \$69,690 potential earnings

Music directors and composers

- 1.7% slower than the average
- 58,000 number of jobs
- \$52,250 potential earnings

Accreditation

National Association of Schools of Music

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Minimum 3.000 undergraduate GPA on a 4.000 point scale
- Official transcripts(s)
- Résumé

- Goal statement(s)
- Portfolio of original compositions
- Three letters of recommendation
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning one of the following:
 - Minimum 525 TOEFL PBT score (paper-based version)
 - Minimum 71 TOEFL IBT score (Internet-based version)
 - Minimum 74 MELAB score
 - Minimum 6.0 IELTS score
 - Minimum 50 PTE score
 - Minimum 100 Duolingo test score

MUS 62171	MUSIC FROM WORLD CULTURES	
MUS 62281	SEMINAR IN MUSIC HISTORY AND LITERATURE	
	Music Theory Electives, choose from the following: ¹	6
MUS 51141	16TH-CENTURY COUNTERPOINT	
MUS 51151	18TH-CENTURY COUNTERPOINT	
MUS 61131	SCHENKERIAN ANALYSIS	
MUS 61173	WORLD MUSIC ANALYSIS	
MUS 61174	ANALYSIS OF WESTERN ART MUSIC	
MUS 61181	POST-TONAL THEORY	
MUS 61191	SEMINAR IN MUSIC SINCE 1900	
Culminating Requirement		
MUS 68199	THESIS I ²	6
Minimum Total Credit Hours:		32

¹ Selection of music theory course is based on students' result from the theory placement exam. In the case of the exam results placing a student into MUS 51011 and/or MUS 51012, these courses will not

count towards the M.A. degree and must be taken in addition to the music theory requirements.

² Students writing a thesis must pass a final oral examination covering the thesis and the student's major area of study. The final oral examination may be attempted two times.

Program Learning Outcomes

Graduates of the program will be able to:

1. Compile a body of completed compositions.
2. Demonstrate and apply compositional techniques for creation of new works, including musical style and structure.
3. Analyze music from a wide range of styles and style periods and communicate results in written and oral formats.
4. Recognize, identify and analyze representative literature from different historical periods, countries and composers.
5. Communicate knowledge of composition, theory and other aspects of music as would be done in classroom and private teaching.

Full Description

The Master of Arts degree in Music Composition is designed to advance the music composition creative skills of advanced students and to prepare them for admission to doctoral study. The program emphasizes mastery of composition of large-scale works for media, including orchestra, choir, band and/or chamber music ensembles.

Based on a solid undergraduate music degree, the M.A. degree further develops abilities in music theory, including analytical, aural, written, keyboard and pedagogical skills. The program further develops breadth and depth in the area of Western music history and literature.

Music Education - B.M.

Minimum Total Credit Hours:

132

- ¹ A minimum C grade must be earned to fulfill the writing-intensive requirement.
- ² B.M. in Music Education students are restricted to taking two-credit hour applied music sections, which include a 60-minute group practice and 60-minute private lesson. Applied music is seven semesters (14 total credit hours), which comprises four semesters (eight credit hours) at 36000-level and three semesters (six credit hours) at 46000-level. Course selection is based on instrument of acceptance into the music education major. The 46000-level courses can be taken following a successful 46000-level barrier exam.
- ³ Major ensemble (seven separate semesters): Students must enroll in a major ensemble appropriate to their major performance area. Students in the Choral General concentration should choose choral based courses; students in the Instrumental concentration should choose the instrument-based courses. Guitar principals may elect MUS 45231 or MUS 45312 for a total of two semesters to replace major ensembles.
- ⁴ All courses in the Kent Core Composition category must be completed with a minimum C grade.

MUS 45221	SYMPHONY BAND	
MUS 45222	MARCHING BAND	
MUS 45225	UNIVERSITY BAND	
Minimum Total Credit Hours:		19

¹ Wind, brass and percussion majors must enroll in MUS 45222 once during their first two years of study. String majors select from MUS 45221, MUS 45222 or MUS 45225.

Progression Requirements

Students must meet all professional requirements for admission to advanced study and to enroll in upper-division coursework.

- Minimum 2.750 major GPA and 2.500 overall GPA
- Students are required to pass the Music Education Professional Evaluation (MEPE), and must pass all sections in order to continue in the music education program with MUS 34211, MUS 34212, MUS 44211 or MUS 44212. Information regarding the MEPE is distributed by the Coordinator of Music Education.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.750	2.500

- Completion of the Major Field Test (MFT) in music history and music theory during senior year (specific score level achievement is not required)
- Minimum C grade required in all music (MUS) courses

- Attendance at minimum eight concerts or recitals during semesters of Applied Music registration.
- Completion of one-half senior recital, which may not be performed during the student-teaching period, and registration of applied music courses (46000 level) during a degree recital semester
- MUS 11110, MUS 11111, MUS 16914 and MUS 16915 will not count as credit for graduation in this program.

Licensure Information

Candidates seeking Ohio licensure are required to pass specific assessments in order to apply for licensure. See Ohio Department of Education-Educator Preparation website for more information on assessments specific to licensure type. Taking and passing the licensure tests prior to graduation is encouraged but not required.

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses

Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCOMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	36-37

Program Learning Outcomes

Graduates of this program will be able to:

1. Successfully meet all requirements for state licensure.

Full Description

The Bachelor of Music degree in Music Education prepares students for Ohio licensure to teach music in grades K-12 in choral general and instrumental music. The program includes studies in jazz, folk, musical theatre, world music and music technology, while providing a strong grounding in Western art music history, theory and performance.

The Music Education major comprises the following concentrations:

- The **Choral General** concentration is for guitar, voice and piano principals.
- The **Instrumental** concentration is for students with an instrumental background. Piano and guitar principals with significant instrumental background may elect this concentration with the approval of the music education coordinator.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Requirements for Admission to Advanced Study for Art Education and Music Education

Admission to advanced study is required of all art education and music education majors and minors prior to enrolling in upper-division education courses. Upon completion of coursework, as determined by program area, students should have satisfied the prerequisites for admission to advanced study. Students must submit an application for advanced study by the second Friday of the term during which all prerequisites for advanced study will be completed, and at least one semester prior to beginning any coursework for which "Admission to Advanced Study" is a prerequisite. Students at the Kent Campus apply for Advanced Study through the College of Education, Health and Human Services Student Portal, which can be accessed through the Vacca Office of Student Services web page. Students completing a licensure program at a regional campus should check with that campus for instructions on how to apply for "Advanced Study." Please note: Admission to advanced study is required for students pursuing an undergraduate major that leads to teacher licensure. Please be aware that reapplication may be necessary if postponing advanced study coursework or if withdrawn for one year or more.

Requirements for Admission to Advanced Study for Art Education and Music Education

- **College Writing:** Students are required to attain a minimum C grade in each writing courses (ENG 11011 and ENG 21011 or equivalent).
- **Pre-Advanced Study Coursework:** To be eligible for advanced study, students must earn a minimum C grade in CULT 29535 and a minimum C grade in one of the following courses (please note that a minimum C grade must be earned in all of the four courses for teacher licensure programs):
 - EPSY 29525
 - SPED 23000
- **Grade Point Average:**
 - Art Education majors must have earned a minimum 2.500 cumulative GPA in order to be admitted to Advanced Study.
 - Music Education majors must have earned a minimum 2.500 cumulative GPA and a minimum 2.750 major GPA at the time of application in order to be admitted to Advanced Study.
- **Disposition Assessment/Professional Disposition Plans (PDPs):** Students are required to have completed all professional dispositions plan (PDPs) at the time of application to be eligible for advanced study.
- **Advising Appointment:** Art Education and Music Education students should make an advising appointment with a professional advisor in the Vacca Office of Student Services (or Regional Campus advising office if completing the program at that campus) for information about applying for Advanced Study and educator licensure. Advising appointments at the Kent Campus are made through the Vacca Office of Student Services' website at www.kent.edu/ehhs/services/voss.
- **Teacher Candidate Acknowledgments and Legal Questions for Licensure:** Candidates are required to electronically sign four statements acknowledging that they have read and understand the following areas: background check requirements; professional dispositions; licensure application information; legal questions asked on the licensure application. Statements can be found on the student portal.

Admission Requirements

- Bachelor's degree in music education from an accredited college or university
- Minimum 3.000 undergraduate GPA on a 4.000 point scale
- Official transcript(s)
- Current and valid state teaching license earned from an accredited U.S. university program
- One year of full-time teaching completed before beginning coursework
- Résumé
- Goal Statement
- Three letters of recommendation
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning one of the following:
 - Minimum 525 TOEFL PBT score (paper-based version)
 - Minimum 71 TOEFL IBT score (Internet-based version)
 - Minimum 74 MELAB score
 - Minimum 6.0 IELTS score
 - Minimum 50 PTE score
 - Minimum 100 Duolingo test score

Minimum Total Credit Hours:

31

¹ With the capstone project, students complete a 12-week, individual research investigation comparable to a master's thesis. Under the supervision of a capstone advisor, students synthesize knowledge through the development of a curricular project applicable to the student's specific area of teaching. A prescribed description outlines requirements, goals, objectives, procedures and assessment. Activities include student reading-research-writing, preparation of a project outline and drafts, regular interaction with a research mentor and evaluation of conclusions for the final submission. The project's goal is to support students to critically analyze and improve their own music teaching and learning skills in classroom settings. The project is reviewed and evaluated by a graduate committee of music education faculty.

Program Learning Outcomes

Graduates of this program will be able to:

1. Develop and apply knowledge of foundational principles of music education (history, philosophy, sociology, psychology); research methods and practices; music technology; methods of music education in instrumental, choral and general music contexts; western music theory and history; and world music.
2. Exhibit scholarly writing skills focusing on comprehensive knowledge of research methodology.
3. Demonstrate reading, research, writing and critical-thinking skills related to contemporary music education contexts.

Full Description

The Master of Music degree in Music Education is designed to offer teachers of choral, instrumental and general music the opportunity to develop and refine their professional skills. The degree program allows for enhancement and specialization relative to music teaching and learning in contemporary school contexts. The program is not intended to provide licensure and is constructed for those who have a music education background with the desire to improve the student and teacher experience in music classroom settings.

<i>Culminating Requirement</i>		
MUS 88199	DISSERTATION I ²	30
Minimum Total Credit Hours:		75

¹ Students may be required to take courses in music theory, which will be applied toward the Musical Literacy requirement of the degree. Requirements will be determined based on the results of a diagnostic exam as stated in the Music Graduate Handbook. Remaining Musical Literacy credit hours are fulfilled by taking courses in music theory, music history, ethnomusicology, composition, conducting, music performance or other related topics of student interest as approved by the academic advisor.

² Upon successful completion of the candidacy examination, students take a dissertation topic from the proposal stage through approval, writing, submission and an oral defense process with a faculty committee comprised of the music education advisor, one additional music education faculty member, one representative from music education or education, a member from another music discipline area or education and an appointed graduate faculty representative. Each doctoral candidate, upon admission to candidacy, must register for MUS 88199 for a total of 30 credit hours. It is expected that a doctoral candidate will continuously register for Dissertation I, and thereafter MUS 88299, each semester, until all requirements for the degree have been met.

Graduation Requirements

Residency Requirements

Student must complete a residency requirement of minimum 9 credit hours each year until qualifying exams.

Candidacy Requirements

For the Ph.D. a comprehensive, qualifying, candidacy examination is taken when the student has substantially completed his/her coursework and has received the consent of the advisor committee to attempt the examination. The examination includes an extensive written section consisting of proctored and non-proctored questions, and an oral section taken before a faculty committee. Material for both written and oral sections is drawn from the coursework taken during the degree program,

current professional research literature, and current topics in music education. Students who fail the candidacy examination two times will be dismissed from the doctoral program.

Program Learning Outcomes

Graduates of the program will be able to:

1. Demonstrate knowledge of music education research and practice relative to primary, secondary, undergraduate, masters and doctoral levels through writing and oral communication.
2. Engage in research activities appropriate to doctoral and professional level practice in music education.
3. Demonstrate active involvement at local, national and global levels through diverse professional activities, including but not limited to scholarly publications and presentations, collaborative research and engagement with other scholars in order to share knowledge in music and related fields.
4. Communicate a comprehensive and sophisticated knowledge of music education through the lens of history, philosophy, psychology, sociology, research methodologies, advanced pedagogy, learning theories and methods of curricular structure.
5. Demonstrate reading, research, writing and critical-thinking skills related to contemporary music education contexts.

Full Description

The Ph.D. degree in Music Education integrates teaching, theory and research in inquiry about music teaching and learning. Through a collaboration with Kent State's College of Education, Health and Human Services, the degree program allows for emerging scholars to engage in coursework and research in areas connecting musical and educational pedagogies. Students pursuing the Ph.D. degree are interested in preparing music teacher educators at institutions of higher learning; engaging in arts education activities; and exploring emerging practices in curriculum, artistic instruction and educational thought.

Accreditation

The B.S. degree in Music Technology is approved by the National Association of Schools of Music.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to this major is selective. To be admitted to the Music Technology major, students audition their primary instrument and/or with a portfolio and complete theory and keyboard placement tests.

For more information on admissions, including additional requirements for some academic programs, visit the admissions website for new freshmen and the admissions website for transfer, transitioning and former students.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE score or minimum 100 Duolingo English score, or by completing the ELS level 112 Intensive Program. For more information on international admission visit the admissions website for international students.

Minimum Total Credit Hours:		23

¹ Students must take four semesters of four credits of Applied Studio Musicianship courses. Students must meet the Senior ASM Proficiency Threshold and must complete one full senior recital and register for applied music courses during a degree recital semester.

² Students who choose to complete more than one concentration may apply Applied Studio Musicianship hours toward all concentrations.

³ Integrated study and special topics courses may be applied toward concentration electives with approval.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.250	2.000

- Minimum C grade required in all music (MUS) courses.
- Minimum eight semesters of major ensemble courses and six semesters of applied studio musicianship and applied music courses. Applied music courses are available in the summer on selected instruments. Composition may also be taken in the summer.
- Attendance at minimum 84 concerts or recitals for students who begin the program as first-semester freshmen (students who transferred from a non-music program or university must attend an average of 10 music concerts or recitals for semesters of full-time enrollment)

- Students pursuing the Audio Recording and Music Production concentration simultaneously can take the Audio Recording and Music Production III, IV, V, and VI classes concurrently.

Roadmaps

Audio Recording Concentration

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCOMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	36-37

Program Learning Outcomes

Graduates of this program will be able to:

1. Function as competent and versatile professional studio musicians who perform in diverse commercial music venues.
2. Compose and arrange music.

3. Create appropriate sound for visual media.
4. Create music productions of professional quality.
5. Produce professional audio recordings, both live and in studio, from start to finish.

Full Description

The Bachelor of Science degree in Music Technology prepares students as musicians within a broad field of constantly changing technology. Students study in courses that will develop expertise in music computer technology for application in the recording industry, audio-engineering and music production.

The development of music technology has had an enormous impact on the music industry. There are many career opportunities for talented musicians in music technology. Skilled musicians can apply formal training to recording careers, studio performance, arranging or producing and live performances. Opportunities are also available in non-traditional, contemporary popular music venues, the movie industry, television, multi-media events, and music for advertising as well as traditional performing arts venues. The growth of music technology has made knowledge and experience in this area a necessity for all students preparing for a career in any area of the music industry. To compete effectively in the contemporary music world, one must possess a strong traditional music background, plus the technical expertise required to make the most of a rapidly changing and developing technology.

The Music Technology major comprises the following concentrations:

- The **Audio Recording** concentration provides students the opportunity to learn advanced audio recording techniques.
- The **Music Production** concentration provides students the opportunity to learn how to use technology to realize creative work such as original music, arranging and production.
- The **Performance** concentration provides students who want to perform to have the necessary technological tools to succeed in the modern music industry.

Music Technology - Minor

College of the Arts
School of Music
www.kent.edu/music

About This Program

The Music Technology minor is designed to give students a strong foundation in the rapidly developing field of music production and audio recording technologies. Coupled with courses in applied music, the minor provides students with the necessary tools to be successful in studio equipment, techniques and standards.

Program Delivery

- **Delivery:**
 - In person

- **Location:**
 - Stark Campus

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Students declared in the Music or Music Education major must complete 18 credit hours that are separate from music degree requirements.

- MUS 11110, MUS 11111, MUS 16914 and MUS 16915 will not count as credit for graduation in this program.
- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Music Theory - M.A.

College of the Arts

School of Music

www.kent.edu/music

About This Program

Deepen your understanding of music theory, music analysis and the historical and cultural context of music with the M.A. degree in Music Theory. You'll develop analytical, aural, written, keyboard and pedagogical skills, preparing you for a range of career opportunities. Read more...

- ¹ Selection of music theory course is based on students' result from the theory placement exam. In the case of the exam results placing a student into MUS 51011 and/or MUS 51012, these courses will not count towards the M.A. degree and must be taken in addition to the music theory requirements.
- ² All students writing a thesis must pass a final oral examination covering the thesis and the student's major area of study. The final oral examination may be attempted two times.

Program Learning Outcomes

Graduates of this program will be able to:

1. Analyze music from a wide range of styles and style periods, and communicate results in written and oral formats.
2. Demonstrate and apply functional aural, written and keyboard skills.
3. Recognize, identify and analyze representative literature from different historical periods, countries and composers.
4. Communicate knowledge of music theory and other aspects of music as would be done in classroom and private teaching.

Full Description

The Master of Arts degree in Music Theory is designed to enhance music theory abilities of advanced students and to prepare them for admission to doctoral study. Based on a solid undergraduate music degree, the master's degree further develops abilities in music theory, including analytical, aural, written, keyboard and pedagogical skills. The program further develops breadth and depth in the area of Western music history and literature

Music Theory - Composition - Ph.D.

College of the Arts
School of Music
www.kent.edu/music

About This Program

The Ph.D. degree in Music Theory–Composition prepares composers, research scholars and college/university teachers in the areas of music theory and composition. This degree program is based on the premise that original composition of high quality requires a strong background in theory, and that significant scholarship in theory requires experience in original composition.

Program Learning Outcomes

Graduates of this program will be able to:

1. Recognize, identify, interpret and perform representative literature from different historical periods, countries and composers.
2. Apply advanced performing skills in solo and ensemble settings, including tone production, accuracy, intonation, instrumental/vocal

technique, musicality/expression, vocal language and diction and stage presence/presentation.

3. Discuss, utilize and achieve high-quality results from efficient and effective practice techniques, including time management, achievable goals and use of appropriate technical skills, musical expression skills and focused work ethic.
4. Have an enhanced understanding of interpretation and expression in music.
5. Identify, explain and utilize performance pedagogy appropriate to the specific area of study.
6. Identify, associate, differentiate and utilize performances practices appropriate to the literature of the various stylistic periods.
7. Utilize and discuss score study of literature performed and also representative literature from various historical periods and composers.

Full Description

The Master of Music degree in Performance is designed to prepare the student for professional music activities, including solo performance, orchestral playing, ensemble playing, collaborative performance, studio teaching; as well as doctoral study. The program emphasizes development of skills, knowledge and background in the following areas: literature and repertoire, performance skills, practice skills, interpretation and expression, performance pedagogy, historical performance practices, music history and music theory.

The Performance major includes the following optional concentrations:

- The **Chamber Music** concentration is for intensive coaching and performance of string quartet literature.
- The **Collaborative Piano** concentration provides focused study on performance, chamber music, accompanying and literature.

World Music - Minor

College of the Arts

School of Music

www.kent.edu/music

About This Program

The World Music minor provides concentrated study of traditional and popular world music (style, performance, history, cultural associations and related arts). Students of any major can pursue this minor as part of their degree program.

Dance (DAN)

DAN 17001 MODERN 1 1 Credit Hour

(Repeatable for credit) Practice of basic modern dance technique. Open to all university students.

Prerequisite: None.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 17002 MODERN DANCE 2 1 Credit Hour

(Repeatable for credit) Exploration of modern dance technique foundations and improvisation with emphasis on the movement and performing qualities of modern dance. Open to all university students.

Prerequisite: DAN 17001.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 17004 JAZZ 1 1 Credit Hour

(Repeatable for credit) Practice of basic jazz techniques. Open to all university students.

Prerequisite: None.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 17005 JAZZ 2 1 Credit Hour

(Repeatable for credit) Continuation of jazz dance technique foundations with emphasis on more advanced dance combinations. Open to all university students.

Prerequisite: DAN 17004.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 17007 TAP 1 1 Credit Hour

(Repeatable for credit) Basic tap steps and combinations with varying sound intensities and rhythms. Open to all university students.

Prerequisite: None.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 17008 TAP 2 1 Credit Hour

(Repeatable for credit) Continuation of tap dance technique foundations with emphasis on more advanced dance combinations.

Prerequisite: DAN 17007.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 17009 TAP 3 1 Credit Hour

(Repeatable for a maximum of 8 credit hours) Advanced tap dance techniques with emphasis on clarity, speed and performance skills.

Prerequisite: DAN 17008.

Schedule Type: Studio

Contact Hours: 1 other

Grade Mode: Standard Letter

DAN 17010 BALLET 1 1 Credit Hour

(Repeatable for credit) Introduction to the foundations of ballet placement, vocabulary and movement for the beginner. Open to all university students.

Prerequisite: None.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 17011 BALLET 2 1 Credit Hour

(Repeatable for credit) Continuation of ballet technique foundations with emphasis on more advanced dance combinations. Open to all university students.

Prerequisite: DAN 17010.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 17012 BALLET 3 1 Credit Hour

(Repeatable for credit) This course presents high intermediate ballet techniques for the serious non-major dance student. Students will apply the principles of body alignment to an ever expanding movement vocabulary. Intricate combinations in adagio, petite and grand allegro and turns will be offered. Focus will be on the strength, flexibility and endurance required to master movements at this more advanced level.

Prerequisite: DAN 17011.

Schedule Type: Studio

Contact Hours: 2 other

Grade Mode: Standard Letter

DAN 17013 AFRICAN DANCE 1 1 Credit Hour

(Repeatable for credit) Designed to acquaint students with basic elements of African dance. Open to all university students.

Prerequisite: None.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 17016 SWING DANCE 1 1 Credit Hour

(Repeatable for credit) Practice of basic swing dance movements with emphasis on social partnering skills. Open to all students.

Prerequisite: None.

Schedule Type: Studio

Contact Hours: 1 other

Grade Mode: Standard Letter

DAN 17019 HIP HOP 1 1 Credit Hour

(Repeatable for credit) Introduction to Hip Hop dance including warm-up techniques, movement across the floor and dance combinations. Open to all university students. No previous experience is necessary.

Prerequisite: None.

Schedule Type: Studio

Contact Hours: 2 other

Grade Mode: Standard Letter

DAN 17020 HIP HOP 2 1 Credit Hour

(Repeatable for credit) Hip Hop II is for students with previous experience in hip hop and will explore in greater depth fundamentals, history, technique and personal style.

Prerequisite: DAN 17019.

Schedule Type: Studio

Contact Hours: 2 other

Grade Mode: Standard Letter

DAN 17049 FUNDAMENTALS OF DANCE AND MOVEMENT 2 Credit Hours

(Repeatable for credit) Introduction to an intensive exploration of dance and movement techniques for majors and non-majors with special emphasis on alignment, body awareness, and movement vocabulary.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 6 other

Grade Mode: Standard Letter

DAN 17050 INTRODUCTION TO DANCE 1 Credit Hour

Overview of modern dance as a performing art. Specifically focusing on preparation, basic knowledge and career choices.

Prerequisite: Dance major; and special approval.

Schedule Type: Lecture

Contact Hours: 1 lecture

Grade Mode: Standard Letter

DAN 17051 MODERN 3A 3 Credit Hours

(Repeatable for credit) Development of skill acquisition in basic technique, understanding and appreciation for the creative nature of dance through exposure to improvisational experiences.

Prerequisite: Dance major; and special approval.

Schedule Type: Studio

Contact Hours: 9 other

Grade Mode: Standard Letter

DAN 17053 PRINCIPLES OF DANCE MECHANICS I 2 Credit Hours

The study and application of alignment and basic movement principles to dance techniques.

Prerequisite: Dance major; and special approval.

Corequisite: DAN 17051 or 17052.

Schedule Type: Lecture

Contact Hours: 2 lecture

Grade Mode: Standard Letter

Attributes: TAG Arts and Humanities

DAN 17054 BALLET 3A 3 Credit Hours

(Repeatable for credit) Students learn and perfect Beginning/Intermediate -Intermediate Ballet techniques: pre-barre; barre and center work.

Prerequisite: Dance and dance studies majors and minor; and special approval.

Schedule Type: Studio

Contact Hours: 9 other

Grade Mode: Standard Letter

DAN 17055 MEN'S BALLET 1 Credit Hour

(Repeatable for credit) Men's Ballet allows male- identifying students to receive training to enhance their ballet skills. Goals include improving overall placement and ballet technique while focusing on style and movements particular to the male danseur.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 2 other

Grade Mode: Standard Letter

DAN 17080 MUSICAL THEATRE RUDIMENTS OF JAZZ AND TAP 1 Credit Hour

Rudiments of Jazz and Tap will lay the foundation of beginning musical theatre Jazz and Tap. The beginning student will learn proper vocabulary and proper alignment for both mediums of dance.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 2 other

Grade Mode: Standard Letter

DAN 17101 MODERN 1A 1 Credit Hour

(Repeatable for credit) The practice of basic modern dance technique, vocabulary, and movement for the beginner. This course is geared toward the dance major or minor seeking to raise their level of ability, knowledge and understanding in order to progress in their professional development.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 17102 MODERN 2A 1 Credit Hour

(Repeatable for credit) Further practice of modern dance vocabulary and movement. This course is geared toward the dance majors or minor seeking to raise their level of ability, knowledge, and understanding in order to progress in their professional development.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 17104 JAZZ 1A 1 Credit Hour

(Repeatable for credit) Introduction to jazz dance vocabulary and movement. This course is geared toward the dance major or minor seeking to raise their level of ability, knowledge and understanding in order to progress in their professional development.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 17105 JAZZ 2A 1 Credit Hour

(Repeatable for credit) Further studies in jazz dance vocabulary and movement. This course is geared toward the dance major or minor seeking to raise their level of ability, knowledge and understanding in order to progress in their chosen field of study and professional development.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 17110 BALLET 1A 1 Credit Hour

(Repeatable for credit) Introduction to the foundations of ballet placement, vocabulary and movement for the beginner. This course is geared toward the dance major or minor seeking to raise their level of ability, knowledge and understanding in order to progress in their professional development.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 17111 BALLET 2A 1 Credit Hour

(Repeatable for credit) Further practice with ballet placement, vocabulary, and movement. This course is geared toward the dance major or minor seeking to raise their level of ability, knowledge and understanding in order to progress in their professional development.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 17151 MODERN 3B 3 Credit Hours

(Repeatable for credit) Continued exploration of basic modern dance technique and improvisation begun in DAN 17051. Continued study of dance innovators and their historical significance.

Prerequisite: DAN 17051; and dance major; and special approval.

Schedule Type: Studio

Contact Hours: 9 other

Grade Mode: Standard Letter

DAN 17154 BALLET 3B 3 Credit Hours

(Repeatable for credit) A continuation from Ballet 3A, students learn and perfect Beginning/Intermediate -Intermediate Ballet techniques: pre-barre; barre and center work.

Prerequisite: Dance major or minor or dance studies major; and special approval.

Schedule Type: Studio

Contact Hours: 9 other

Grade Mode: Standard Letter

DAN 27070 JAZZ STYLES I 2 Credit Hours

(Repeatable for credit) Development of basic jazz dance skills for dance majors and minors.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 27071 MODERN 4A 3 Credit Hours

(Repeatable for credit) Intermediate modern dance styles emphasizing complex movement phrases.

Prerequisite: DAN 17051; and special approval.

Schedule Type: Studio

Contact Hours: 9 other

Grade Mode: Standard Letter

DAN 27073 BALLET 4A 3 Credit Hours

(Repeatable for credit) Students learn and perfect intermediate to advanced-intermediate ballet techniques: pre-barre; barre and center work.

Prerequisite: Dance major or minor or dance studies major; and special approval.

Schedule Type: Studio

Contact Hours: 9 other

Grade Mode: Standard Letter

DAN 27074 DANCE COMPOSITION I 3 Credit Hours

(Repeatable for a maximum of 6 credit hours) Movement exploration and improvisation including developing the body as an instrument of expression.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

Attributes: TAG Arts and Humanities

DAN 27076 DANCE AS AN ART FORM (DIVG) (KFA) 3 Credit Hours

Survey of the various types, styles and functions of dance with emphasis on understanding dance as an art form and an expression of culture.

Prerequisite: None.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

Attributes: Diversity Global, Kent Core Fine Arts, Transfer Module Fine Arts

DAN 27080 MUSICAL THEATRE JAZZ AND TAP I 2 Credit Hours

This course serves the advanced beginner to intermediate level musical theatre dance student. Students will build on the foundation of Rudiments of Jazz and Tap. They will learn more difficult concepts and steps and work to apply those concepts and steps in their dancing.

Prerequisite: DAN 17080; and special approval.

Schedule Type: Studio

Contact Hours: 4 other

Grade Mode: Standard Letter

DAN 27170 JAZZ STYLES II 2 Credit Hours

(Repeatable for credit) Continued development of basic jazz dance skills.

Prerequisite: DAN 27070; and special approval.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 27171 MODERN 4B 3 Credit Hours

(Repeatable for credit) Continuation of intermediate level dance styles with emphasis on complex movement phrases.

Prerequisite: DAN 27071; and special approval.

Schedule Type: Studio

Contact Hours: 9 other

Grade Mode: Standard Letter

DAN 27173 BALLET 4B 3 Credit Hours

(Repeatable for credit) Students learn and perfect intermediate to advanced-intermediate ballet techniques: pre-barre; barre and center work.

Prerequisite: Dance major or minor or dance studies major; and special approval.

Schedule Type: Studio

Contact Hours: 9 other

Grade Mode: Standard Letter

DAN 28010 DANCE ACCOMPANIMENT LABORATORY I 2 Credit Hours

(Course is repeatable for a maximum of 4 credit hours) Students will be introduced to the techniques and strategies of modern dance and ballet technique class accompaniment. Emphasis is placed on supervised student accompaniment and acquiring familiarity with dance class protocols, procedures, and the accompanist-instructor relationship. Course meets concurrently with one of the professional-level modern dance or ballet technique classes offered by the Dance Division.

Prerequisite: None.

Schedule Type: Laboratory

Contact Hours: 4 lab

Grade Mode: Standard Letter

DAN 37010 DANCE PEDAGOGY 3 Credit Hours

This course brings together the theory and practice of dance pedagogy as applied in various settings including preschools; elementary, middle and high schools; private studios; universities; and professional settings. Students learn to develop lesson, unit and yearly learning and assessment plans. Specific developmental attributes and age-appropriate approaches as well as best business practices for teachers and studio owners are also addressed.

Prerequisite: Dance or Education major or minor.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

DAN 37020 TEACHING DANCE AND MOVEMENT FOR NONTRADITIONAL POPULATIONS 3 Credit Hours

This course focuses on the theories, content and pedagogical methods for teaching dance and movement for nontraditional populations. Nontraditional populations include individuals with physical, sensory and/or developmental/intellectual disabilities; persons living with chronic illness; and senior adults. Further, the course addresses best practices for integrated classes that are inclusive of individuals with and without disabilities. Finally, the course addresses related topics including aspects of civil rights, disability culture and aesthetics and professional applications beyond instruction.

Prerequisite: None.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

DAN 37035 DANCE COMPOSITION II 2 Credit Hours

Basic principles of dance composition with attention to design, thematic material, structure, form and small groups.

Prerequisite: DAN 27074; and special approval.

Schedule Type: Lecture

Contact Hours: 2 lecture

Grade Mode: Standard Letter

DAN 37058 METHODS AND MATERIALS OF DANCE 3 Credit Hours

(Repeatable for a maximum of 6 credit hours) Theory and practice of teaching dance technique from middle school to adults with an emphasis on modern dance.

Prerequisite: DAN 37057; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

DAN 37068 MODERN 5A 3 Credit Hours

(Repeatable for a maximum of 15 credit hours) Advanced modern dance technique.

Prerequisite: DAN 27171; and special approval.

Schedule Type: Studio

Contact Hours: 9 other

Grade Mode: Standard Letter

DAN 37069 BALLET 5A 3 Credit Hours

(Repeatable for credit) Students learn and perfect advanced ballet techniques: pre-barre; barre and center work.

Prerequisite: Dance major or minor or dance studies major; and special approval.

Schedule Type: Studio

Contact Hours: 9 other

Grade Mode: Standard Letter

DAN 37070 DANCE COMPOSITION III 2 Credit Hours

(Repeatable for a maximum of 8 credit hours) Development of individual movement style through improvisational studies and movement manipulation exercises of structure and form resulting in a substantial solo modern dance work.

Prerequisite: DAN 37035; and special approval.

Schedule Type: Studio

Contact Hours: 2 other

Grade Mode: Standard Letter

DAN 37071 MOVEMENT NOTATION 2 Credit Hours

Analyzing and recording human movement. The common aspects of movement in all forms of sports, dance and aquatics. Analysis and recording with the labanotation system.

Prerequisite: Dance major; and special approval.

Schedule Type: Lecture

Contact Hours: 2 lecture

Grade Mode: Standard Letter

DAN 37072 DANCE AND TECHNOLOGY 2 Credit Hours

This course introduces students to new technologies as resources for creative expression, performance and documentation of dance. Students will learn a brief history of screen dance, techniques for archiving dance, shooting and editing video with dance as the subject and approaches to interactive performance. Students will gain a basic understanding of how new media interacts with current practice in dance creation, production, education and research.

Prerequisite: Dance major or minor; and special approval.

Schedule Type: Combined Lecture and Lab

Contact Hours: 2 lecture

Grade Mode: Standard Letter

DAN 37080 MUSICAL THEATRE JAZZ AND TAP II 2 Credit Hours

This class is a continuation of the building of jazz and tap skills, as the steps increase in difficulty. Course will incorporate sequencing of transition steps which smoothly connect one set of steps to another.

Prerequisite: DAN 27080; and special approval.

Schedule Type: Studio

Contact Hours: 4 other

Grade Mode: Standard Letter

DAN 37081 MUSICAL THEATRE JAZZ AND TAP III 2 Credit Hours

Continuation of Jazz and Tap techniques building on skills suitable for and required in professional audition circumstances. Course will assist advanced student to fine tune jazz and tap skills for auditions.

Prerequisite: DAN 37080; and special approval.

Schedule Type: Studio

Contact Hours: 4 other

Grade Mode: Standard Letter

DAN 37092 KENT DANCE ENSEMBLE (ELR) 1 Credit Hour

(Repeatable for credit) Participation in rehearsal, preparation and performance of public dance concerts in an established dance ensemble.

Prerequisite: Special approval.

Schedule Type: Practical Experience

Contact Hours: 3 other

Grade Mode: Standard Letter

Attributes: Experiential Learning Requirement

DAN 37100 POINTE 1 1 Credit Hour

(Repeatable for credit) Allows intermediate to advanced ballet dancers with some previous experience dancing on pointe to continue their pointe studies. The class explores ballet vocabulary and repertory at the barre, center, and travelling across the space, specifically in pointe shoes.

Dancers must demonstrate sufficient strength, alignment, flexibility and prior ballet training required to safely dance on pointe prior to receiving approval for participation in a university pointe class.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 37150 POINTE 2 1 Credit Hour

(Repeatable for credit) Allows advanced ballet dancers with previous experience dancing on pointe to continue studies to include classical variations. The class explores ballet vocabulary and repertory at the barre, center and traveling across space, specifically in pointe shoes. Dancers are expected to have achieved the strength, alignment, flexibility and prior ballet training in order for a faculty member to approve participation in a university pointe class. Dancers taking Pointe 2 are expected to have reached an advanced level of ballet technique.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 37168 MODERN 5B 3 Credit Hours

(Repeatable for credit) Continuation of advanced modern dance technique.

Prerequisite: DAN 37068; and special approval.

Schedule Type: Studio

Contact Hours: 9 other

Grade Mode: Standard Letter

DAN 37169 BALLET 5B 3 Credit Hours

(Repeatable for credit) A continuation from Ballet 5A, students learn advanced ballet techniques: pre-barre; barre and center work.

Prerequisite: Dance major or minor or dance studies major; and special approval.

Schedule Type: Studio

Contact Hours: 9 other

Grade Mode: Standard Letter

DAN 37170 DANCE COMPOSITION IV 1 Credit Hour

Exploration of advanced composition skills in preparation for the B.F.A. senior choreography project and future choreographic endeavors.

Prerequisite: DAN 37070; and special approval.

Schedule Type: Studio

Contact Hours: 1 other

Grade Mode: Standard Letter

DAN 37192 DANCE PRACTICUM (ELR) 1 Credit Hour

(Repeatable for a total of 4 hours) practical experience in co-curriculum dance activities under faculty supervision.

Prerequisite: Special approval.

Schedule Type: Practical Experience, Studio

Contact Hours: 3 other

Grade Mode: Satisfactory/Unsatisfactory

Attributes: Experiential Learning Requirement

DAN 37310 MUSIC FOR DANCERS 3 Credit Hours

Students will build theoretical, analytical and performance skills in music specific to the needs of dancers, dance teachers and choreographers.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

DAN 38001 APPLIED SKILLS FOR DANCE ACCOMPANIMENT 2 Credit Hours

(Course is repeatable for a maximum of 8 credit hours) Private applied music instruction in performance skills necessary to accompany a modern dance or ballet class. Emphasis is placed on hand drum and frame drum technique, keyboard repertoire, and keyboard improvisation skills.

Prerequisite: DAN 28010.

Schedule Type: Private Lesson

Contact Hours: 1.5 other

Grade Mode: Standard Letter

DAN 38010 DANCE ACCOMPANIMENT LABORATORY II 1-4 Credit Hours

(Course is repeatable) Students will receive intermediate and advanced instruction in modern dance or ballet technique class accompaniment. Emphasis will be placed on continued development of accompaniment strategies for specific styles of movement and increasing the students' range of accompaniment repertoire and improvisational vocabulary.

Prerequisite: Two semesters of DAN 28010; and special approval.

Schedule Type: Laboratory

Contact Hours: 2-8 other

Grade Mode: Standard Letter

DAN 47054 MODERN 6A 3 Credit Hours

(Repeatable for credit) Advanced technique integrating previously learned modern dance techniques and developing advanced movement phrasing.

Prerequisite: DAN 37168 and special approval.

Schedule Type: Studio

Contact Hours: 9 other

Grade Mode: Standard Letter

DAN 47060 PROFESSIONAL ASPECTS IN DANCE 2 Credit Hours

Development of pragmatic skills for entrance into professional dance careers. Emphasis on resume writing, preparation for auditions and economic survival.

Prerequisite: DAN 27170; and special approval.

Schedule Type: Studio

Contact Hours: 2 other

Grade Mode: Standard Letter

DAN 47063 DANCE HISTORY I 3 Credit Hours

History of dance from antiquity to 1900.

Prerequisite: Dance major; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

Attributes: TAG Arts and Humanities

DAN 47069 BALLET 6A 3 Credit Hours

(Repeatable for credit) Pre-professional Ballet techniques: pre-barre; barre and center work.

Prerequisite: Dance major or minor or dance studies major; and special approval.

Schedule Type: Studio

Contact Hours: 9 other

Grade Mode: Standard Letter

DAN 47070 JAZZ STYLES III 2 Credit Hours

(Repeatable for credit) Jazz style for students with advanced dance technique.

Prerequisite: DAN 27170; and special approval.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 47080 MUSICAL THEATRE DANCE STYLES I 2 Credit Hours

Advanced Jazz and Tap class for Musical Theatre students to develop the stylization skills of musical theatre dance and performance. Students will work on stylization of movement by learning three different production numbers. One of a vernacular style, one classic style, and one involving partnering.

Prerequisite: DAN 37081; and special approval.

Schedule Type: Studio

Contact Hours: 4 other

Grade Mode: Standard Letter

DAN 47081 MUSICAL THEATRE DANCE STYLES II 2 Credit Hours

Students will work to prepare a professional dance reel (a video record of their skills and accomplishments). The student's skills will include various media (jazz, tap, ballet, gymnastics, partnering, etc.) and styles (Charleston, Swing, Waltz, dances of the 50s, 60s, 70s, etc.). Students will be ready to submit dance reels, which they will prepare in the course of the semester. Provisions will be made for those students who do not desire or require a dance reel.

Prerequisite: DAN 47080; and special approval.

Schedule Type: Studio

Contact Hours: 4 other

Grade Mode: Standard Letter

DAN 47095 SPECIAL TOPICS IN DANCE 1-3 Credit Hours

(Repeatable for a total of 24 hours) offered when resources permit a topic different from existing courses. Topic to be announced when scheduled.

Prerequisite: None.

Schedule Type: Lecture

Contact Hours: 1-3 lecture

Grade Mode: Standard Letter

DAN 47154 MODERN 6B 3 Credit Hours

(Repeatable for credit) Continuation of advanced technique integrating previously learned modern dance techniques and developing advanced movement phrasing with special emphasis on performing quality and movement range.

Prerequisite: DAN 47054; and special approval.

Schedule Type: Studio

Contact Hours: 9 other

Grade Mode: Standard Letter

DAN 47156 DANCE PRODUCTION 3 Credit Hours

Study of elements involved in planning and implementing a concert. Experiential work in technical and management components.

Prerequisite: Dance major; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

DAN 47163 DANCE HISTORY II (WIC) 3 Credit Hours

History of the development of concert and theatrical dance forms from 1900 to present day.

Prerequisite: DAN 47063; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

Attributes: Writing Intensive Course

DAN 47169 BALLET 6B 3 Credit Hours

(Repeatable for credit) A continuation from Ballet 6A, students learn pre-professional Ballet techniques: pre-barre; barre and center work.

Prerequisite: Dance major or minor or dance studies major; and special approval.

Schedule Type: Studio

Contact Hours: 9 other

Grade Mode: Standard Letter

DAN 47170 JAZZ STYLES IV 2 Credit Hours

(Repeatable for credit) Continuation of DAN 47070.

Prerequisite: DAN 47070; and special approval.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

DAN 47192 INTERNSHIP IN DANCE (ELR) 1 Credit Hour

(Repeatable for credit) Supervised dance apprenticeship in an approved educational setting.

Prerequisite: Dance major; and special approval.

Schedule Type: Practical Experience

Contact Hours: 3 other

Grade Mode: Standard Letter

Attributes: Experiential Learning Requirement

DAN 47196 INDIVIDUAL INVESTIGATION IN DANCE 1-3 Credit Hours

(Repeatable for credit) Individual projects for dance majors.

Prerequisite: Junior standing; and special approval.

Schedule Type: Individual Investigation

Contact Hours: 1-3 other

Grade Mode: Standard Letter-IP

DAN 47199 BACHELOR OF ARTS CAPSTONE (ELR) 1-3 Credit Hours
(Repeatable for credit) The capstone project represents a culminating event for the Dance Studies student. Capstone projects can be taken in the junior or senior year and are identified in consultation with a faculty advisor. Honors students may combine the capstone project with an Honors thesis.

Prerequisite: Junior standing; and special approval.

Schedule Type: Project or Capstone

Contact Hours: 1-3 other

Grade Mode: Satisfactory/Unsatisfactory-IP

Attributes: Experiential Learning Requirement

DAN 47299 BACHELOR OF FINE ARTS CAPSTONE (ELR) 1-3 Credit Hours

(Repeatable for credit) The B.F.A. Capstone Project consists of choreography and/or performance with full production values in an approved setting, along with the written and/or digital record of the production and creative process. It should be of significant scope and substance that will demonstrate excellence in the conscious artistry acquired through formal training. The project is generally accomplished within the last semester of the student's program. Students must present choreography in a Student Dance Festival prior to the presentation of their Senior Projects Concert (BFA Senior Dance Concert), i.e., during sophomore or junior year.

Prerequisite: DAN 37170; and sophomore standing; and special approval.

Schedule Type: Project or Capstone

Contact Hours: 3-9 other

Grade Mode: Satisfactory/Unsatisfactory-IP

Attributes: Experiential Learning Requirement

DAN 47525 STUDENT TEACHING IN DANCE (ELR) 9 Credit Hours

This experience provides for a full semester of student teaching in the broadest range of multi-age school settings.

Prerequisite: DAN 47192; Dance major and admission to student teaching and Official valid certification of Child Safety Training, approved Basic Life Support and ALICE Training must be presented to the campus office of clinical experience or designated faculty/staff at Regional campuses as prerequisite for student teaching; and special approval.

Schedule Type: Practical Experience

Contact Hours: 9 other

Grade Mode: Satisfactory/Unsatisfactory-IP

Attributes: Experiential Learning Requirement

Kent Blossom Theatre (KBT)

KBT 22092 PRACTICUM I:DESIGN/TECHNOLOGY (ELR) 3 Credit Hours

(Repeatable for a maximum of 12 credit hours)Practical experience in theatre production under faculty supervision. Available for lower division students only.

Prerequisite: Freshman and sophomore standing only.

Schedule Type: Practical Experience

Contact Hours: 3 other

Grade Mode: Satisfactory/Unsatisfactory

Attributes: Experiential Learning Requirement

KBT 22192 PRACTICUM I:PERFORMANCE (ELR) 3 Credit Hours

(Repeatable for a total of 12 hours) practical experience in theatre performance under faculty supervision. Available for lower division students only. Repeatable for a total of 12 hours.

Prerequisite: Freshman and sophomore standing only.

Schedule Type: Practical Experience

Contact Hours: 3 other

Grade Mode: Satisfactory/Unsatisfactory

Attributes: Experiential Learning Requirement

KBT 41096 INDIVIDUAL STUDY:THEATRE 1-3 Credit Hours

(Repeatable for a total of 12 hours) Selected research topics in theatre.

Prerequisite: Permission.

Schedule Type: Individual Investigation

Contact Hours: 1-3 other

Grade Mode: Standard Letter-IP

KBT 41992 THEATRE PRODUCTION INTERNSHIP (ELR) 1-6 Credit Hours

(Repeatable for a maximum of 12 credit hours)Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in Porthouse Theatre Company.

Prerequisite: Junior standing; and special approval.

Schedule Type: Practical Experience

Contact Hours: 1-6 other

Grade Mode: Satisfactory/Unsatisfactory

Attributes: Experiential Learning Requirement

KBT 42092 PRACTICUM II: DESIGN/TECHNOLOGY (ELR) 3 Credit Hours

(Repeatable for a maximum of 12 credit hours) Advanced practical experience in theatre production under faculty supervision. Available for upper division students only.

Prerequisite: Junior and senior standing only.

Schedule Type: Practical Experience

Contact Hours: 3 other

Grade Mode: Satisfactory/Unsatisfactory

Attributes: Experiential Learning Requirement

KBT 42192 PRACTICUM II:PERFORMANCE (ELR) 3 Credit Hours

(Repeatable for a maximum of 12 credit hours) Advanced practical experience in theatre performance under faculty supervision. Available for upper division students only.

Prerequisite: Junior and senior standing.

Schedule Type: Practical Experience

Contact Hours: 3 other

Grade Mode: Satisfactory/Unsatisfactory

Attributes: Experiential Learning Requirement

KBT 60199 M.F.A.. THESIS 3 Credit Hours

(Repeatable for credit) Students must register for course during the semester of their MFA thesis project.

Prerequisite: Graduate standing; and special approval of adviser.

Schedule Type: Masters Thesis

Contact Hours: 3 other

Grade Mode: Satisfactory/Unsatisfactory-IP

KBT 60992 PROFESSIONAL THEATRE INTERNSHIP I 1,6 Credit Hour

(Cross-listed with THEA 60992) (Repeatable once for credit) Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in the Porthouse Theatre Company.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Practical Experience

Contact Hours: 1-6 other

Grade Mode: Satisfactory/Unsatisfactory

KBT 61096 INDIVIDUAL INVESTIGATION:THEATRE AND DRAMA 1-4 Credit Hours

(Repeatable for a maximum of 6 credit hours) Independent study of an area or problem approved by divisional graduate coordinator in consultation with project director.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Individual Investigation

Contact Hours: 1-4 other

Grade Mode: Standard Letter-IP

KBT 61992 PROFESSIONAL THEATRE INTERNSHIP II 1,6 Credit Hour

Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in Porthouse Theatre Company.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Practical Experience

Contact Hours: 1-6 other

Grade Mode: Satisfactory/Unsatisfactory

KBT 62092 PRACTICUM: DESIGN/TECHNOLOGY 3 Credit Hours

(Repeatable for credit)Practical experience for the graduate student in theatre design and technology under faculty supervision.

Prerequisite: Graduate standing.

Schedule Type: Practical Experience

Contact Hours: 3 other

Grade Mode: Satisfactory/Unsatisfactory

KBT 62192 PRACTICUM:PERFORMANCE 3 Credit Hours

(Repeatable for a maximum of 12 credit hours) (Cross-listed with THEA 62192)Practical experience for the graduate student in theatre performance under faculty supervision.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Practical Experience

Contact Hours: 3 other

Grade Mode: Satisfactory/Unsatisfactory

KBT 62992 THEATRE PRODUCTION INTERNSHIP 1-6 Credit Hours

(Repeatable for a maximum of 12 credit hours)Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in Porthouse Theatre Company.

Prerequisite: Graduate standing; and special approval of adviser.

Contact Hours: 1-6 other

Grade Mode: Satisfactory/Unsatisfactory

KBT 72992 THEATRE PRODUCTION INTERNSHIP 1-6 Credit Hours

(Repeatable for a maximum of 12 credit hours)Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in Porthouse Theatre Company.

Prerequisite: Doctoral standing; and special approval of adviser.

Schedule Type: Practical Experience

Contact Hours: 1-6 other

Grade Mode: Satisfactory/Unsatisfactory

Theatre (THEA)

THEA 11000 THE ART OF THE THEATRE (DIVG) (KFA) 3 Credit Hours

Using the life-centered nature of theatre as a medium of analysis, this course is designed to develop critically engaged audience members who are aware of the impact, significance and historical relevance of the interconnection between culture and theatre performance.

Prerequisite: None.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

Attributes: Diversity Global, Kent Core Fine Arts, Transfer Module Fine Arts

THEA 11100 MAKING THEATRE: CULTURE AND PRACTICE 2 Credit Hours

Overview of theatre practices through creative experiential learning. The focus and course content combines practical and cultural experiences and culminates with a performance event that provides a solid foundation in the artistic process and an identity for the first-year theatre student.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 2 lecture

Grade Mode: Standard Letter

THEA 11303 THE ART OF ACTING 3 Credit Hours

General introduction to acting: the actor's instrument, sensory awareness, personal and group response, objectives and tactics. Basic scene work.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

Attributes: TAG Arts and Humanities

THEA 11521 GRAPHICS FOR THE THEATRE 3 Credit Hours

An introduction to computer software currently used by professional theatre designers and technicians. These applications include image processing software, computer-aided design software and 3D visualization software.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 11722 FUNDAMENTALS OF PRODUCTION I: SCENERY, STAGECRAFT AND SOUND 2 Credit Hours

An introduction to professional theatre production principles and practices in the areas of scenery, stagecraft and sound.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 2 lecture

Grade Mode: Standard Letter

Attributes: CTAG Performing Arts, TAG Arts and Humanities

THEA 11723 FUNDAMENTALS OF PRODUCTION LABORATORY I: SCENERY 1 Credit Hour

Practice in theatre production techniques in the area of scenery.

Prerequisite: Special approval.

Corequisite: THEA 11722.

Schedule Type: Laboratory

Contact Hours: 2 lab

Grade Mode: Standard Letter

Attributes: TAG Arts and Humanities

THEA 11724 FUNDAMENTALS OF PRODUCTION LABORATORY II: PROPS AND SCENIC ART 1 Credit Hour

Practice in theatre production techniques in the area of properties and scenic art.

Prerequisite: Special approval.

Corequisite: THEA 11722.

Schedule Type: Laboratory

Contact Hours: 2 lab

Grade Mode: Standard Letter

Attributes: CTAG Performing Arts, TAG Arts and Humanities

THEA 11732 FUNDAMENTALS OF PRODUCTION II: COSTUMES, LIGHTING AND PROJECTIONS 2 Credit Hours

An introduction to professional theatre production principles and practices in the areas of costumes, lighting and projections.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 2 lecture

Grade Mode: Standard Letter

Attributes: CTAG Performing Arts

THEA 11733 FUNDAMENTALS OF PRODUCTION LABORATORY III: COSTUMES 1 Credit Hour

Practice in theatre production techniques in the area of costumes.

Prerequisite: Special approval.

Corequisite: THEA 11732.

Schedule Type: Laboratory

Contact Hours: 2 lab

Grade Mode: Standard Letter

THEA 11734 FUNDAMENTALS OF PRODUCTION LABORATORY IV: LIGHTING, SOUND AND PROJECTIONS 1 Credit Hour

Practice in theatre production techniques in the area of lighting, sound and projections.

Prerequisite: Special approval.

Corequisite: THEA 11732.

Schedule Type: Laboratory

Contact Hours: 2 lab

Grade Mode: Standard Letter

THEA 13092 BACHELOR OF FINE ARTS FRESHMAN PRACTICUM: DESIGN AND TECHNOLOGY (ELR) 1 Credit Hour

(Repeatable for credit) Practical experience at the freshman level in theatre and dance production.

Prerequisite: Theatre design, technology and production major; and special approval.

Schedule Type: Practical Experience

Contact Hours: 3 other

Grade Mode: Satisfactory/Unsatisfactory

Attributes: Experiential Learning Requirement

THEA 20202 MUSIC THEORY FOR MUSICAL THEATRE I 3 Credit Hours

Study the basic principles and applications of music theory as it may apply to the work of a professional singing actor. It will begin by gaining a thorough understanding of the rudiments of music and progress to studying the objective and subjective aspects of music and its structure, principally pertaining to the world of musical theatre. The course is intended to establish fundamental concepts to be further explored in THEA 20202.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 20203 MUSIC THEORY FOR MUSICAL THEATRE II 3 Credit Hours

Study the basic principles and applications of music theory as it may apply to the work of a professional singing actor. Course focuses on the interpretation of music for musical theater and serves as a continuation of the material presented in THEA 20202.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 21016 MAKEUP FOR STAGE AND SCREEN 3 Credit Hours

Study of stage, TV and photographic makeup techniques and materials. Four lecture demonstration laboratory hours per week; special projects as assigned.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 21095 SPECIAL TOPICS IN THEATRE 1-3 Credit Hours

(Repeatable for credit) Offered irregularly when unusual resources permit a topic different from existing courses. Topic will be announced when scheduled.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 1-3 lecture

Grade Mode: Standard Letter

THEA 21111 SCRIPT ANALYSIS 3 Credit Hours

Principles, theories and techniques of play script analysis for theatrical production.

Prerequisite: THEA 11100; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

Attributes: TAG Arts and Humanities

THEA 21201 INTRODUCTION TO AMERICAN MUSICAL THEATRE 3 Credit Hours

The evolution of the American musical from comic opera, European operetta and African American jazz to today's commercial Broadway stage. Students engage in the traditions, identity, and socio-economic development of the quintessential American art form: Musical Theatre.

Prerequisite: None.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 21303 ACTING PROCESS 3 Credit Hours

Fundamentals of naturalistic acting and interaction; development of spontaneity, believability and a sense of truth; game playing and basic stage technique.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 2 lecture, 1 lab

Grade Mode: Standard Letter

THEA 21306 MUSICAL THEATRE PERFORMANCE I 3 Credit Hours
(Repeatable for a maximum of 12 credit hours) Performance-oriented class that will focus on techniques and styles of performance in musical theatre and cabaret from Gilbert and Sullivan to present.

Prerequisite: Musical theatre major.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

THEA 21501 SOPHOMORE PORTFOLIO REVIEW 1 Credit Hour
Preparation and review of a portfolio of work, judged by the design technology faculty at the beginning of the spring semester. Student must pass to remain in the BFA design technology program.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 1 other

Grade Mode: Satisfactory/Unsatisfactory

THEA 21521 THEATRICAL DRAFTING 3 Credit Hours
Drafting techniques for all design and technology students. Includes plans, elevations, sections, detailed drawings light plots.

Prerequisite: THEA 11521 and THEA 11722 and THEA 11723; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 21522 LIGHTING DESIGN 3 Credit Hours
Exploration of the tools of the lighting designer applied to design choices; frequent paper design projects.

Prerequisite: THEA 11732 and THEA 11734; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 21523 COSTUME TECHNOLOGY 3 Credit Hours
Study of the basics of costume construction, pattern drafting, tailoring and millinery for costumes in the performing arts. A variety of historical periods and styles are covered. Students create portfolio-quality projects.

Prerequisite: THEA 11732; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 21524 COSTUME DESIGN 3 Credit Hours
Theory and practice of costume design. Emphasis on play text analysis, formation of concepts, use of design elements and principles, period styles.

Prerequisite: THEA 11732; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 21526 BASIC COSTUME CONSTRUCTION 3 Credit Hours
Course is designed to provide the student with a more advanced set of sewing skills in preparation for stitcher positions in the entertainment field. Prepares students for more advanced costume technology courses.

Prerequisite: THEA 11732; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 21528 SOUND AND PROJECTION DESIGN AND TECHNOLOGY 3 Credit Hours
Studies in sound design and projection design with emphasis on practical application and specific processes related to designing for theatre and dance.

Prerequisite: THEA 11521; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 21621 SCENE PAINTING 3 Credit Hours
Techniques of scene painting; emphasis on a variety of techniques through practical projects.

Prerequisite: THEA 11722 and THEA 11724; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 21622 SCENE DESIGN 3 Credit Hours
Theory and practice of scene design; emphasis on script analysis, formation of concepts, use of design elements and principles in period styles and genres.

Prerequisite: THEA 11722 and THEA 11723; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 21700 MOVEMENT I 3 Credit Hours
Beginning exploration of technical skills emphasizing the physical components of expressive action through integration of breath, text and body conditioning.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

THEA 21736 STAGE MANAGEMENT 3 Credit Hours
Introduction to the skills and techniques necessary to stage manage a theatrical production. Focus on the production process, preparing for and running rehearsals and performances, paperwork and communication skills.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 21800 VOICE I 3 Credit Hours
Breathing, physical alignment, sound and text explorations designed to develop relaxed, free and fully connected voice production for the actor. Proper use and care of the voice.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

THEA 22092 PRACTICUM: DESIGN AND TECHNOLOGY (ELR) 1-3 Credit Hours
(Repeatable for credit) Practical experience in theatre production under faculty supervision. Available for lower-division students only. Required of all theatre majors.

Prerequisite: Special approval.

Schedule Type: Practical Experience

Contact Hours: 1-3 other

Grade Mode: Satisfactory/Unsatisfactory-IP

Attributes: Experiential Learning Requirement, TAG Arts and Humanities

THEA 22192 PRACTICUM I: PERFORMANCE (ELR) 3 Credit Hours
(Repeatable for credit) Practical experience in theatre performance under faculty supervision. Available for lower-division students only.

Prerequisite: Special approval.

Schedule Type: Practical Experience

Contact Hours: 3 lecture

Grade Mode: Satisfactory/Unsatisfactory

Attributes: Experiential Learning Requirement, TAG Arts and Humanities

THEA 22292 PRACTICUM I: THEATRE MANAGEMENT (ELR) 3 Credit Hours

(Repeatable for a maximum of 12 credit hours) Practical experience in theatre management under faculty supervision.

Prerequisite: Freshmen or sophomore only; and special approval.

Schedule Type: Practical Experience

Contact Hours: 3 other

Grade Mode: Satisfactory/Unsatisfactory-IP

Attributes: Experiential Learning Requirement

THEA 23092 BACHELOR OF FINE ARTS SOPHOMORE PRACTICUM: DESIGN AND TECHNOLOGY (ELR) 1 Credit Hour

(Repeatable for credit) Practical experience at the sophomore level in theatre and dance production.

Prerequisite: Theatre design, technology and production major; and special approval.

Schedule Type: Practical Experience

Contact Hours: 3 other

Grade Mode: Satisfactory/Unsatisfactory

Attributes: Experiential Learning Requirement

THEA 31110 HISTORY OF THEATRE AND DRAMA I 3 Credit Hours

Theatre history and drama in Europe from antiquity through the renaissance.

Prerequisite: THEA 21111; and junior standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 31111 HISTORY OF THEATRE AND DRAMA II 3 Credit Hours

Theatre history and drama in Europe and the United States from 1700 to the present.

Prerequisite: THEA 21111; and junior standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 31303 CHARACTER AND SCENE STUDY I 3 Credit Hours

The development of character in the realistic scene.

Prerequisite: THEA 21303; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 31304 CHARACTER AND SCENE STUDY II 3 Credit Hours

Further character and scene exploration; spontaneity and creative choice making.

Prerequisite: THEA 31303; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 31401 DIRECTING 3 Credit Hours

Theoretical and practical work in the process of play direction; the director's mission; play analysis and design collaboration; the rehearsal process.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 31501 JUNIOR PORTFOLIO REVIEW 1 Credit Hour

Review of a portfolio of theatre and related work, and a review of the student's academic progress and coursework judged by the design/technology faculty at the beginning of the spring semester. Student must pass to remain in the BFA program.

Prerequisite: Theatre design, production and technology major; and junior standing; and special approval.

Schedule Type: Studio

Contact Hours: 1 other

Grade Mode: Satisfactory/Unsatisfactory

THEA 31526 FLAT PATTERNING FOR THEATRE 3 Credit Hours

The course is designed to provide the student with a basic set of skills in flat patterning techniques, using the sloper (a basic fitted pattern from which patterns for different styles can be developed) and individualizing patterns to meet the actors costume needs. This class is also preparatory for more advanced costume technology courses.

Prerequisite: THEA 21526.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 31701 MOVEMENT II 3 Credit Hours

Development of movement exploration and improvisation skills which focus on physical relationships in performance and utilize the components of energy, space and time.

Prerequisite: THEA 11303 or THEA 21306; and special approval.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

THEA 31801 VOICE II 3 Credit Hours

Continuation of THEA 21800. Explorations involve various texts and incorporation of voice principles at a more detailed level.

Prerequisite: THEA 21800; and special approval.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

THEA 33092 BACHELOR OF FINE ARTS JUNIOR PRACTICUM: DESIGN AND TECHNOLOGY (ELR) 2 Credit Hours

(Repeatable for credit) Practical experience at the junior level in theatre and dance production.

Prerequisite: Theatre design, technology and production major; and special approval.

Schedule Type: Practical Experience

Contact Hours: 6 other

Grade Mode: Satisfactory/Unsatisfactory

Attributes: Experiential Learning Requirement

THEA 40091 VARIABLE TOPICS SEMINAR: DEVISING THEATRE 3 Credit Hours

(Slashed with THEA 50091) A devised theatre event is work that has emerged and been generated by a group of people working in collaboration. Devising Theatre explores the processes of creating original performances defined and determined by its makers. Process and product originate from stimuli other than traditional play scripts. Students learn specialist techniques by developing solo and group performance pieces. Alternative modes of making theatre performances are considered.

Prerequisite: Special approval.

Schedule Type: Seminar

Contact Hours: 3 other

Grade Mode: Standard Letter

THEA 41010 THEATRE AND SOCIAL CHANGE 3 Credit Hours

(Slashed with THEA 51010) This course interweaves the history, theory, practice and play text development in the field of theatre and social change.

Prerequisite: THEA 11000 or THEA 11100.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41026 PLAYWRITING (WIC) 3 Credit Hours

(Repeatable for a total of 6 credit hours)(Slashed with THEA 51026) Principles underlying playwriting for the contemporary theatre; analysis of short play form.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

Attributes: Writing Intensive Course

THEA 41027 ADVANCED PLAYWRITING 3 Credit Hours

(Repeatable for a maximum of 6 credit hours)(Slashed with THEA 51026) Application of principles of playwriting to the longer play and to variations from traditional realism; play analysis and composition.

Prerequisite: THEA 41026; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41095 SPECIAL TOPICS IN THEATRE 1-3 Credit Hours

(Repeatable for credit)(Slashed with THEA 51095) Course offered irregularly when unusual resources permit a topic different from existing courses. Topic will be announced when scheduled.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 1-3 lecture

Grade Mode: Standard Letter

THEA 41096 INDEPENDENT STUDY IN THEATRE 1-3 Credit Hours

(repeatable for a total of 6 hours) selected research topics in theatre; to be elected only after all coursework in study area completed.

Prerequisite: Special approval.

Schedule Type: Individual Investigation

Contact Hours: 1-3 other

Grade Mode: Standard Letter-IP

THEA 41113 THEATRE IN A MULTICULTURAL AMERICA (DIVD) 3 Credit Hours

(Slashed with THEA 51113) A study of theatre and drama in the Native American, Hispanic-American, African-American and Asian-American communities in the United States from 1980 to the present.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

Attributes: Diversity Domestic

THEA 41115 LGBTQ THEATRE (DIVD) 3 Credit Hours

(Slashed with THEA 51115) Studies of various theatrical representations of Lesbian, Gay, Bisexual, Transgender and Queer people as seen through the frameworks of history, gender theory, identity, politics, psychology, law and justice.

Prerequisite: Junior standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

Attributes: Diversity Domestic

THEA 41130 THEATRE AND DRAMA IN AMERICA 3 Credit Hours

(Slashed with THEA 51130) The history of theatre and drama in America from their beginnings to the present.

Prerequisite: THEA 21111; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41140 AMERICAN MUSICAL THEATRE HISTORY (WIC) 3 Credit Hours

Comprehensively examines the history of American musical theater and incorporates the exploration of musical literature in production and performance.

Prerequisite: Theatre major; and junior standing.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

Attributes: Writing Intensive Course

THEA 41191 VARIABLE CONTENT SEMINAR: THEATRE HISTORY, LITERATURE AND THEORY 3 Credit Hours

(Repeatable for credit)(Slashed with THEA 51191) Seminar in theatre history and literature providing an in-depth focus on selected topics such as: African-American theatre, women in theatre, politics and theatre, theatre in a multicultural society, costume history on stage and screen.

Prerequisite: Special approval.

Schedule Type: Seminar

Contact Hours: 3 other

Grade Mode: Standard Letter

THEA 41301 ACTING FOR THE CAMERA I 3 Credit Hours

(Slashed with THEA 51301) Introduction to the specific techniques used in film acting. The course provides students with the necessary tools to make the transition from stage acting to camera acting.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41302 ACTING FOR THE CAMERA II 3 Credit Hours

(Slashed with THEA 51302) Further development on the specific techniques used in film acting. The course continues to assist students in making the transition from stage acting to camera acting.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41304 ACTING II-SCENE STUDY-MODERN AMERICAN REALISM 3 Credit Hours

(Slashed with THEA 51304) The application of the Stanislavski and Michael Chekhov Techniques to in-depth scene study using the plays of Odets, Miller, Williams, Shanley and others.

Prerequisite: None.

Schedule Type: Studio

Contact Hours: 4 other

Grade Mode: Standard Letter

THEA 41305 PROFESSIONAL ASPECTS: PERFORMANCE 3 Credit Hours

(Slashed with THEA 51305) A study of the practical demands and requirements of a professional acting career with particular emphasis on audition skills. Also covered: pictures and resumes, making rounds, professional unions, casting directors, agents and managers, the job market and career prospects.

Prerequisite: Junior standing.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41306 PROFESSIONAL ASPECTS: DESIGN AND TECHNOLOGY 3 Credit Hours

A study of the practical demands and requirements of a professional career in design and technology, including portfolio development, resumes, unions, job market, financial matters and career prospects. Use of computers as a resource and tool emphasized.

Prerequisite: Junior standing.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41307 MUSICAL THEATRE PERFORMANCE II 3 Credit Hours

Repeatable for credit. Advanced work in musical theatre performance techniques for junior- and senior-level students. Course content includes selecting appropriate musical theatre audition material and developing contrasting selections from the musical theatre repertory. Preparation for musical theatre auditions is included.

Prerequisite: THEA 21306; and special approval.

Schedule Type: Studio

Contact Hours: 3 other

Grade Mode: Standard Letter

THEA 41308 MUSICAL THEATRE AUDITION 2 Credit Hours

(Repeatable for a maximum of 4 credit hours)(Slashed with THEA 51308) Explore the various genres and styles of American musical theatre songs with specific emphasis on finding practical audition repertoire for each student. Performance and research will be the primary activities in the class.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 2 lecture

Grade Mode: Standard Letter

THEA 41401 ADVANCED DIRECTING 3 Credit Hours

(Slashed with THEA 51401) Advanced work in directing for the theatre. Topics include the director as creative/interpretative artist and the director and the actor; students direct individual projects.

Prerequisite: THEA 11303 and THEA 31401; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41420 THEATRICAL DRAFTING II 3 Credit Hours

(Slashed with THEA 51420) Advanced 2D and 3D drafting techniques for technical directors and theatre designers. Representation of scenery through drafting using current AutoCAD software.

Prerequisite: THEA 21521.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41430 ADVANCED CONSTRUCTION THEORY 3 Credit Hours

(Slashed with THEA 51430) The theory and practice of structural and mechanical design for theatre production. Related issues in resource management for the professional shop, including reliably predicting the performance of untraditional, unusual or unfamiliar structures and use of mathematical models, formulas, and representative diagrams.

Prerequisite: THEA 11722 and THEA 41560; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41440 SHOP MANAGEMENT 3 Credit Hours

(Slashed with THEA 51440) Study of resource management, both human and non-human, for professional and academic shops. Topics include scheduling, budgeting, health and safety, interactions with other theatre workers and leadership development.

Prerequisite: THEA 11722; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41499 MUSICAL THEATRE SHOWCASE (ELR) 2 Credit Hours

(Repeatable for credit) (Slashed with THEA 51499) Development, promotion, and presentation of a Musical Theatre showcase for industry casting personnel in New York City. Audition required prior to registration for this course.

Prerequisite: Senior standing; and special approval.

Schedule Type: Senior Project/Honors Thesis

Contact Hours: 3 other

Grade Mode: Standard Letter

Attributes: Experiential Learning Requirement

THEA 41501 SENIOR PORTFOLIO REVIEW 1 Credit Hour

Review of a portfolio of theatre and related work, and a review of the student's academic progress coursework and professional potential judged by the design technology faculty at the end of the fall semester. Student must pass to remain eligible for the bfa design technology degree.

Prerequisite: Theatre design, production and technology major; senior standing and; special approval.

Schedule Type: Studio

Contact Hours: 1 other

Grade Mode: Satisfactory/Unsatisfactory

THEA 41521 ADVANCED LIGHTING TECHNOLOGY I 3 Credit Hours
(Slashed with THEA 51521) Advanced study of the technologies used in lighting design; conventional and intelligent fixtures, electricity, projection techniques and special effects.

Prerequisite: THEA 11732 and THEA 11734; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41522 DESIGN STUDIO: LIGHTING 3 Credit Hours
(Slashed with THEA 51522) Advanced study of lighting design, emphasizing artistic style and concept through a variety of design problems.

Prerequisite: THEA 21522; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41523 SOUND DESIGN AND TECHNOLOGY I 3 Credit Hours
(Slashed with THEA 51523) Sound design for the theatre, sound production and sound reinforcement techniques. Introduction to electronic equipment mixing consoles amplifiers speakers.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41524 DESIGN STUDIO: COSTUME 3 Credit Hours
(Slashed with THEA 51524) Advanced study in costume design. Genres styles in the context of performance spaces with an emphasis on research, practical considerations of costume production and communication between designer shop/personnel and designer director.

Prerequisite: THEA 21524; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41525 PROPS AND CRAFTS 3 Credit Hours
(Slashed with THEA 51525) Examination of the processes related to the creation and procurement of scenic and costume props.

Prerequisite: THEA 11722 and THEA 11732; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41526 ADVANCED LIGHTING TECHNOLOGY II 3 Credit Hours
(Slashed with THEA 51526) Course focuses on the practice of intelligent lighting programming and the technology of intelligent lighting fixtures.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41527 SOUND DESIGN AND TECHNOLOGY II 3 Credit Hours
(Slashed with THEA 51527) Studies in sound design, sound production and reinforcement for live performance. Advanced software applications will be explored.

Prerequisite: THEA 41523; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41528 THEATRE SOUND REINFORCEMENT 3 Credit Hours
(Slashed with THEA 51528) Studies in the theories and practice of audio mixing in support of live vocal and musical performance. Topics include wired and wireless microphones and real time digital processing of audio.

Prerequisite: THEA 41523; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41529 ADVANCED WIG AND MAKEUP TECHNIQUES-STAGE AND SCREEN 3 Credit Hours

(Slashed with THEA 51529) Advanced study of the process of designing and executing wigs and makeup with an emphasis on standards in the profession. Some prosthetic work required.

Prerequisite: Junior standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41531 THEATRICAL RIGGING 3 Credit Hours
(Slashed with THEA 51531) Course is designed to teach students the principles of stage rigging, knot tying and counterweight rigging systems used in theatrical and other live entertainment situations. Students examine the process involved in overhead applications for the theatre industry. Students learn the proper method to design and rig in theatrical environments through the explanation of tools, equipment, hardware and safety practices.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41540 DRAPING FOR THE THEATRE I 3 Credit Hours
(Slashed with THEA 51540) The course is designed to provide an introduction to the basics of draping and building flat patterning techniques from this knowledge as they apply to theatre.

Prerequisite: THEA 31526; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41541 DRAPING FOR THE THEATRE II 3 Credit Hours
(Slashed with THEA 51541) Course is designed to build upon skills developed in Draping for the Theatre I. Emphasis is placed on learning to drape over period undergarments such as corsetry, panniers, bustles, etc.

Prerequisite: THEA 31526; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41560 THEATRE FABRICATION TECHNOLOGY 3 Credit Hours
(Slashed with THEA 51560) History of technical production practice, materials theory and application in scenic construction technology.

Prerequisite: THEA 21521; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41562 ADVANCED PROJECTION DESIGN 3 Credit Hours
(Slashed with THEA 51562) Studies in projection design, digital media, and related technologies. Advanced software applications will be explored.

Prerequisite: THEA 11521; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41620 HISTORY OF PERIOD STYLES FOR THEATRE DESIGNERS (WIC) 3 Credit Hours

Students explore the way in which theatre designers approach period style in their own creative work.

Prerequisite: Theatre design, technology and production major; and junior standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

Attributes: Writing Intensive Course

THEA 41621 PRESENTATION MEDIA 3 Credit Hours

(Slashed with THEA 51621) Advanced process techniques in rendering, model building and design presentation for the scenic costume and lighting designer in traditional and new media.

Prerequisite: THEA 11722 and THEA 11732 and THEA 21521; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41622 DESIGN STUDIO: SCENERY 3 Credit Hours

(Slashed with THEA 51622) Advanced study in scenic design. Explores genres styles performance spaces, including practical considerations.

Prerequisite: THEA 21622; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41625 HISTORY OF COSTUME AND TEXTILES FOR THEATRE 3 Credit Hours

(Slashed with THEA 51625) This class is designed to give a global overview of the history of period costume and textiles from 1500 to 1990, a span of time that is most often used in theatrical production and broken down into commonly regarded "time periods" in the history of costume as well as looking at clothing history across various continents and regions. Emphasis is placed on how, as theatre practitioners, we can recreate the silhouettes of these periods and regions in ways that make sense to our audience using the textiles available today. We will also look at the social and cultural influences of clothing, recognition of historic silhouette, and focus how to utilize various tools needed to accurately research any given period or region.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41702 MOVEMENT AND DANCE FOR ACTORS 3 Credit Hours
(Repeatable for a maximum of 6 credit hours)(Slashed with THEA 51702) Designed to acquaint actors with theatre dance techniques and choreographic styles by concentrating on vernacular dances used throughout musical theatre. Course combines basic ballet, jazz and tap terminology.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 4 other

Grade Mode: Standard Letter

THEA 41703 STAGE COMBAT 3 Credit Hours

(Repeatable for a maximum of 6 credit hours)(Slashed with THEA 51703) Introductory course focuses on creating the illusion of violence for the stage and screen. Basic instruction is given in unarmed and armed stage combat. Emphasis is on the development of technique; the process of the work; and the performance, with a focus on safety, accuracy and the fundamental techniques recognized by the Society of American Fight Directors (SAFD). Basic techniques are incorporated into short scenes to provide experience performing fights in production.

Prerequisite: Special approval.

Schedule Type: Laboratory, Lecture

Contact Hours: 2 lecture, 2 lab

Grade Mode: Standard Letter

THEA 41726 THEATRE MANAGEMENT 3 Credit Hours

Principles and practices of managing theatrical-producing organizations. Problems of finance, personnel, policy, program building and public relations. Production participation as assigned.

Prerequisite: Junior standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41734 COSTUME PRODUCTION MANAGEMENT 3 Credit Hours

(Slashed with THEA 51734) The course is designed to provide an introduction to managerial processes as they apply to costume production; the role of a shop manager, the roles of a wardrobe supervisor and wardrobe crew, and the running of a smooth technical rehearsal and production.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41736 PRODUCTION AND STAGE MANAGEMENT 3 Credit Hours

(Slashed with THEA 51736) Advanced investigation of the methodology used in stage managing professional theatrical productions and production management processes. Focus on production processes for various theatre, dance, opera and entertainment genres.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 41802 ENSEMBLE SINGING FOR MUSICAL THEATRE 1 Credit Hour

(Repeatable for a maximum of 6 credit hours)(Slashed with THEA 51802) The study and performance of diverse styles specific to the musical theatre canon for mixed voices.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 41808 ACTING STYLES I: SHAKESPEARE 3 Credit Hours
(Slashed with THEA 51808) The application of acting, movement, and voice and speech techniques to sonnets, monologues, soliloquies and scenes from Shakespeare.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 4 other

Grade Mode: Standard Letter

THEA 41992 THEATRE PRODUCTION INTERNSHIP (ELR) 1-6 Credit Hours

(Repeatable for a maximum of 12 credit hours) Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in a theatre company.

Prerequisite: Junior standing; and special approval.

Schedule Type: Lecture, Practical Experience

Contact Hours: 1-6 lecture

Grade Mode: Satisfactory/Unsatisfactory-IP

Attributes: Experiential Learning Requirement

THEA 41999 CAPSTONE PROJECT (ELR) 1-3 Credit Hours

The capstone project represents a culminating event for the student. Capstone projects can be undertaken in the junior or senior year and are identified in consultation with a faculty advisor. Honor students may combine the capstone project with an Honors thesis.

Prerequisite: Junior standing; and special approval.

Schedule Type: Project or Capstone

Contact Hours: 1-3 other

Grade Mode: Satisfactory/Unsatisfactory

Attributes: Experiential Learning Requirement

THEA 42092 PRACTICUM II: DESIGN AND TECHNOLOGY (ELR) 3 Credit Hours

(Repeatable for credit) Advanced practical experience in theatre production under faculty supervision. Available for upper division students only. Required of all theatre majors.

Prerequisite: Juniors or senior only; and special approval.

Schedule Type: Practical Experience

Contact Hours: 3 lecture

Grade Mode: Satisfactory/Unsatisfactory-IP

Attributes: Experiential Learning Requirement

THEA 42101 DYE TECHNIQUES AND FABRIC MODIFICATION 3 Credit Hours

(Slashed with THEA 52101) This course is designed to enable the artisan to identify fiber content and determine appropriate mediums for fabric dyeing. The course explores various techniques such as shabori, stamping, rubbing, and surface lifting in order to create special effects on fabrics. A collection of dye fabric samples and information will be created so student may use as a reference book.

Prerequisite: Junior standing; and special approval.

Schedule Type: Laboratory, Lecture

Contact Hours: 1 lecture, 4 lab

Grade Mode: Standard Letter

THEA 42150 3D CHARACTERS: FOAM FABRICATION AND FIGURE FINISHING TECHNIQUES 3 Credit Hours

(Slashed with THEA 52150) This course provides knowledge and application of the different types of plastics/foams used for 3D character building. This course is designed to enable the artisan to work with a range of materials when building atypical pieces for costumes or props.

Prerequisite: Junior standing; and special approval.

Schedule Type: Laboratory, Lecture

Contact Hours: 1 lecture, 4 lab

Grade Mode: Standard Letter

THEA 42192 PRACTICUM II: PERFORMANCE (ELR) 3 Credit Hours
(Repeatable for credit) Advanced practical experience in theatre performance under faculty supervision. Available for upper division students only.

Prerequisite: Junior or senior standing; and special approval.

Schedule Type: Practical Experience

Contact Hours: 3 other

Grade Mode: Satisfactory/Unsatisfactory

Attributes: Experiential Learning Requirement

THEA 42292 PRACTICUM II: THEATRE MANAGEMENT (ELR) 3 Credit Hours

(Repeatable for a maximum of 12 credit hours) Advanced practical experience in theatre management under faculty/staff supervision. Available for upper division students only.

Prerequisite: Special approval.

Schedule Type: Practical Experience

Contact Hours: 3 other

Grade Mode: Satisfactory/Unsatisfactory-IP

Attributes: Experiential Learning Requirement

THEA 43092 BACHELOR OF FINE ARTS SENIOR PRACTICUM: DESIGN AND TECHNOLOGY (ELR) 2 Credit Hours

(Repeatable for credit) Practical experience at the senior level in theatre and dance production.

Prerequisite: Special approval.

Schedule Type: Practical Experience

Contact Hours: 6 other

Grade Mode: Satisfactory/Unsatisfactory

Attributes: Experiential Learning Requirement

THEA 50091 VARIABLE TOPIC SEMINAR: DEVISING THEATRE 3 Credit Hours

A devised theatre event is work that has emerged and been generated by a group of people working in collaboration. Devising Theatre explores the processes of creating original performances defined and determined by its makers. Process and product originate from stimuli other than traditional play scripts. Students learn specialist techniques by developing solo and group performance pieces. Alternative modes of making theatre performances are considered.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Seminar

Contact Hours: 3 other

Grade Mode: Standard Letter

THEA 51010 THEATRE AND SOCIAL CHANGE 3 Credit Hours

(Slashed with THEA 41010) This course interweaves the history, theory, practice and play text development in the field of theatre and social change.

Prerequisite: Graduate standing.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51026 PLAYWRITING 3 Credit Hours

(Repeatable once for credit) Principles underlying playwriting for the contemporary theatre; analysis of short play form.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51027 ADVANCED PLAYWRITING 3 Credit Hours

(Repeatable once for credit)(Slashed with THEA 41027) Application of principles of playwriting to the longer play and to variations from traditional realism; play analysis and composition.

Prerequisite: THEA 51026; and graduate standing; and special approval of instructor.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51095 SPECIAL TOPICS 1-3 Credit Hours

(Repeatable for credit) Offered irregularly when unusual resources permit a topic.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 1-3 lecture

Grade Mode: Standard Letter

THEA 51113 THEATRE IN A MULTICULTURAL AMERICA 3 Credit Hours

A study of theatre and drama in the Native American, Hispanic American, African-American, and Asian American communities in the United States from 1980 to the present.

Prerequisite: Graduate standing; and special approval of instructor.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51115 LGBTQ THEATRE 3 Credit Hours

Studies of various theatrical representations of Lesbian, Gay, Bisexual, Transgender and Queer people as seen through the frameworks of history, gender theory, identity, politics, psychology, law, and justice.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51130 THEATRE AND DRAMA IN AMERICA 3 Credit Hours

The history of theatre and drama in America from their beginnings to the present.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51191 VARIABLE CONTENT SEMINAR: THEATRE HISTORY, LITERATURE AND THEORY 3 Credit Hours

(Repeatable for credit) Seminar focuses on selected topics in these areas, for example performance art, performance theory or theatre in a multicultural society.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Seminar

Contact Hours: 3 other

Grade Mode: Standard Letter

THEA 51301 ACTING FOR THE CAMERA I 3 Credit Hours

An introduction to the specific techniques used in film acting. The course provides students with the necessary tools to make the transition from stage acting to camera acting.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51302 ACTING FOR THE CAMERA II 3 Credit Hours

Further development on the specific techniques used in film acting as applied to the Graduate Actor. The course continues to assist in making the transition from stage acting to camera acting.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51303 ACTING I FOUNDATIONS/STANISLAVSKI AND MICHAEL CHEKHOV 3 Credit Hours

The Stanislavski and Michael Chekhov Techniques: A thorough exploration of Stanislavski's Method of Psycho-Physical Action, and the Michael Chekhov technique including atmosphere, psychological gesture, and qualities of movement.

Prerequisite: Graduate standing; and special approval of instructor.

Schedule Type: Studio

Contact Hours: 4 other

Grade Mode: Standard Letter

THEA 51304 ACTING II: SCENE STUDY-MODERN AMERICAN REALISM 3 Credit Hours

The application of the Stanislavski and Michael Chekhov Techniques to in-depth scene study using the plays of Odets, Miller, Williams, Shanley and others.

Prerequisite: Graduate standing; and special approval of instructor.

Schedule Type: Studio

Contact Hours: 4 other

Grade Mode: Standard Letter

THEA 51305 PROFESSIONAL ASPECTS: PERFORMANCE 3 Credit Hours

(Slashed with THEA 41305) A study of the practical demands and requirements of a professional acting career with particular emphasis on audition skills. Also covered pictures and resumes, making rounds, professional unions, casting directors, agents and managers, the job market and career prospects.

Prerequisite: Graduate standing; and special approval of instructor.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51308 MUSICAL THEATRE AUDITION 2 Credit Hours

(Repeatable for a maximum of 4 credit hours) Explore the various genres and styles of American musical theatre songs with specific emphasis on finding practical audition repertoire for each student. Performance and research will be the primary activities in the class.

Prerequisite: Graduate standing; and special approval of instructor.

Schedule Type: Lecture

Contact Hours: 2 lecture

Grade Mode: Standard Letter

THEA 51401 ADVANCED DIRECTING 3 Credit Hours

Advanced work in directing for the theatre. Topics include director as creative interpretative artist, the director and the actor. Students direct individual projects.

Prerequisite: Graduate standing; and special approval of instructor.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51420 THEATRICAL DRAFTING II 3 Credit Hours

(Slashed with THEA 41420) Advanced 2D and 3D drafting techniques for technical directors and theatre designers. Representation of scenery through drafting using current AutoCAD software.

Prerequisite: Graduate standing.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51430 ADVANCED CONSTRUCTION THEORY 3 Credit Hours

(Slashed with THEA 41430) The theory and practice of structural and mechanical design for theatre production. Related issues in resource management for the professional shop, including reliably predicting the performance of untraditional, unusual or unfamiliar structures and use of mathematical models, formulas, and representative diagrams. Graduate Students will cover steel construction, and cables.

Prerequisite: Graduate standing.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51440 SHOP MANAGEMENT 3 Credit Hours

(Slashed with THEA 41440) Study of resource management, both human and non-human, for professional and academic shops. Topics include scheduling, budgeting, health and safety, interactions with other theatre workers and leadership development.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51499 MUSICAL THEATRE SHOWCASE 2 Credit Hours

(Repeatable for credit) (Slashed with THEA 41499) Development, promotion and presentation of a Musical Theatre showcase for industry casting personnel in New York City. Audition required prior to registration for this course.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Project or Capstone

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 51521 ADVANCED LIGHTING TECHNOLOGY I 3 Credit Hours

Advanced study of the technologies used in lighting design; conventional and intelligent fixtures, electricity, projection techniques and special effects.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51522 DESIGN STUDIO: LIGHTING 3 Credit Hours

Advanced study of lighting design, emphasizing artistic style and concept through a variety of design problems.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51523 SOUND DESIGN AND TECHNOLOGY I 3 Credit Hours

Sound design for the theatre, sound production and sound reinforcement techniques. Introduction to electronic equipment, mixing consoles, amplifiers, speakers.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51524 DESIGN STUDIO: COSTUME 3 Credit Hours

Advanced study in costume design. Genres, styles, in the context of performance spaces with an emphasis on research, practical considerations of costume production and communication between designer/shop personnel and designer/ director.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51525 PROPS AND CRAFTS 3 Credit Hours

Examination of the processes related to the creation and procurement of scenic and costume props.

Prerequisite: Graduate standing; and special approval of instructor.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51526 ADVANCED LIGHTING TECHNOLOGY II 3 Credit Hours

(Slashed with THEA 41526) Course focuses both on the practice of intelligent lighting programming and the technology of intelligent lighting fixtures.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51527 SOUND AND DESIGN TECHNOLOGY II 3 Credit Hours

(Slashed with THEA 41527) Studies in sound design, sound production and reinforcement for live performance. Advanced software applications will be explored.

Prerequisite: THEA 51523; and graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51528 THEATRE SOUND REINFORCEMENT 3 Credit Hours

Studies in the theories and practice of audio mixing in support of live vocal and musical performance. Topics include wired and wireless microphones and real time digital processing of audio. rerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51529 ADVANCED WIG AND MAKEUP TECHNIQUES-STAGE AND SCREEN 3 Credit Hours

Advanced study of the process of designing and executing wigs and makeup with an emphasis on standards in the profession. Some prosthetic work required.

Prerequisite: Graduate standing; and special approval of instructor.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51531 THEATRICAL RIGGING 3 Credit Hours

(Slashed with THEA 41531) Course is designed to teach students the principles of stage rigging, knot tying and counterweight rigging systems used in theatrical and other live entertainment situations. Students examine the process involved in overhead applications for the theatre industry. Students learn the proper method to design and rig in theatrical environments through the explanation of tools, equipment, hardware and safety practices.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51540 DRAPING FOR THE THEATRE I 3 Credit Hours

(Slashed with THEA 41540) The course is designed to provide an introduction to the basics of draping and building flat patterning techniques from this knowledge as they apply to theatre. More in-depth content for this graduate level course.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51541 DRAPING FOR THE THEATRE II 3 Credit Hours

(Slashed with THEA 41541) Course is designed to build upon skills developed in Draping for the Theatre I. Emphasis is placed on learning to drape over period undergarments such as corsetry, panniers, bustles, etc.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51560 THEATRE FABRICATION TECHNOLOGY 3 Credit Hours

History of technical production practice, materials theory and application in scenic construction technology.

Prerequisite: Graduate standing; and special approval of instructor.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51562 ADVANCED PROJECTION DESIGN 3 Credit Hours

(Slashed with THEA 41562) Studies in projection design, digital media, and related technologies. Advanced software applications will be explored.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51621 PRESENTATION MEDIA 3 Credit Hours

Advanced process techniques in rendering, model building and design presentation for the scenic costume and lighting designer in traditional and new media.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51622 DESIGN STUDIO:SCENERY 3 Credit Hours

Advanced study in scenic design. Explores genres, styles, performance spaces, including practical considerations.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51625 HISTORY OF COSTUME AND TEXTILES FOR THEATRE 3 Credit Hours

(Slashed with THEA 41625) This class is designed to give a global overview of the history of period costume and textiles from 1500 to 1990, a span of time that is most often used in theatrical production and broken down into commonly regarded "time periods" in the history of costume as well as looking at clothing history across various continents and regions. Emphasis is placed on how, as theatre practitioners, we can recreate the silhouettes of these periods and regions in ways that make sense to our audience using the textiles available today. We will also look at the social and cultural influences of clothing, recognition of historic silhouette, and focus how to utilize various tools needed to accurately research any given period or region.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51701 MOVEMENT, FORM AND SPACE I-THE ACTOR'S PHYSICAL INSTRUMENT 3 Credit Hours

Development of technical skills emphasizing the physical components of expressive action through integration of breath, voice and body conditioning.

Prerequisite: Special approval.

Schedule Type: Studio

Contact Hours: 4 other

Grade Mode: Standard Letter

THEA 51702 MOVEMENT AND DANCE FOR ACTORS 3 Credit Hours

(Repeatable for a maximum of 6 credit hours) Designed to acquaint actors with theatre dance techniques and choreographic styles by concentrating on vernacular dances used throughout musical theatre.

Course combines basic ballet, jazz, and tap terminology.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Studio

Contact Hours: 4 other

Grade Mode: Standard Letter

THEA 51703 STAGE COMBAT 3 Credit Hours

(Repeatable for a maximum of 6 credit hours) (Slashed with THEA 41703) Introductory course focuses on creating the illusion of violence for the stage and screen. Basic instruction is given in unarmed and armed stage combat. Emphasis is on the development of technique; the process of the work; and the performance, with a focus on safety, accuracy and the fundamental techniques recognized by the Society of American Fight Directors (SAFD). Basic techniques are incorporated into short scenes to provide experience performing fights in production.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Laboratory, Lecture

Contact Hours: 2 lecture, 2 lab

Grade Mode: Standard Letter

THEA 51734 COSTUME PRODUCTION MANAGEMENT 3 Credit Hours

(Slashed with THEA 41734) The course is designed to provide an introduction to managerial processes as they apply to costumes, the role of a shop manager, the role of a wardrobe supervisor and the wardrobe crew, the running of a smooth technical rehearsal and production.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51736 PRODUCTION AND STAGE MANAGEMENT 3 Credit Hours

Advanced investigation of the methodology used in stage managing professional theatrical productions and production management processes. Focus on production processes for various theatre, dance, opera and entertainment genres.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 51802 ENSEMBLE SINGING FOR MUSICAL THEATRE 1 Credit Hour

(Repeatable 6 times for credit) The study and performance of diverse styles specific to the musical theatre canon for mixed voices.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Studio

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 51803 VOICE AND SPEECH I 3 Credit Hours

Practical study and application of voice and speech production for the actor into various styles of verse and prose, including heightened language and text.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Laboratory, Lecture, Combined Lecture and Lab

Contact Hours: 2 lecture, 2 lab

Grade Mode: Standard Letter

THEA 51808 ACTING STYLES I: SHAKESPEARE 3 Credit Hours

The application of acting, movement, and voice and speech techniques to sonnets, monologues, soliloquies, and scenes from Shakespeare.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Studio

Contact Hours: 4 other

Grade Mode: Standard Letter

THEA 52101 DYE TECHNIQUES AND FABRIC MODIFICATION 3 Credit Hours

(Slashed with THEA 42101) This course is designed to enable the artisan to identify fiber content and determine appropriate mediums for fabric dyeing. The course explores various techniques such as shabori, stamping, rubbing, and surface lifting in order to create special effects on fabrics. A collection of dye fabric samples and information will be created so student may use as a reference book.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Laboratory, Lecture

Contact Hours: 1 lecture, 4 lab

Grade Mode: Standard Letter

THEA 52150 THREE-DIMENSIONAL CHARACTERS: FOAM FABRICATION AND FIGURE FINISHING TECHNIQUES 3 Credit Hours

(Slashed with THEA 42150) This course provides knowledge and application of the different types of plastics/foams used for 3D character building. This course is designed to enable the artisan to work with a range of materials when building atypical pieces for costumes or props.

Prerequisite: Graduate Standing and special approval.

Schedule Type: Laboratory, Lecture

Contact Hours: 1 lecture, 4 lab

Grade Mode: Standard Letter

THEA 60196 INDIVIDUAL INVESTIGATION: HISTORIC TEXTILES 3 Credit Hours

(Repeatable for credit) Identification and analysis of textile fabric as the reflection of culture.

Prerequisite: Graduate standing.

Schedule Type: Individual Investigation

Contact Hours: 3 other

Grade Mode: Standard Letter

THEA 60199 M.F.A. THESIS PROJECT 3 Credit Hours

(Repeatable for credit) Students must register for course during the semester of their M.F.A. thesis project.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Masters Thesis

Contact Hours: 3 other

Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 60992 PROFESSIONAL THEATRE INTERNSHIP I 3,6 Credit Hours

(Repeatable once) Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in the Porthouse Theatre Company.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Practical Experience

Contact Hours: 3-6 other

Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 61000 INTRODUCTION TO GRADUATE STUDY IN THEATRE 3 Credit Hours

Orientation to bibliography and research in the field of theatre with emphasis on application of research to performance.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 61094 COLLEGE TEACHING IN THEATRE 3 Credit Hours

(Repeatable for credit) Strategies for teaching, issues on implications of pedagogical practice and responsibilities of academic leadership.

Prerequisite: Graduate standing; and special approval of instructor.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 61095 SPECIAL TOPICS 1-3 Credit Hours

(Repeatable for credit) Offered irregularly when unusual resources permit a topic different from existing courses. Topic are announced when scheduled.

Prerequisite: Graduate standing; and special approval of instructor.

Schedule Type: Lecture

Contact Hours: 1-3 lecture

Grade Mode: Standard Letter

THEA 61096 INDIVIDUAL INVESTIGATION: THEATRE AND DRAMA 1-4 Credit Hours

(Repeatable for a maximum of 6 credit hours) Independent study of an area or problem approved by divisional graduate coordinator in consultation with project director.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Individual Investigation

Contact Hours: 1-4 other

Grade Mode: Standard Letter-IP

THEA 61098 RESEARCH 1-15 Credit Hours

(Repeatable for credit) Research or individual investigation for master's-level graduate students. Credits may be applied toward meeting degree requirements with school approval.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Research

Contact Hours: 1-15 other

Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 61201 SOFTWARE APPLICATIONS 3 Credit Hours

A survey of current software used in theatre production with an emphasis on applications for management, design and technical direction.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 61303 ACTING III SCENE STUDY: NATURALISM AND ABSURD 3 Credit Hours

In-depth scene study in the genres of Naturalism and Absurd theatre. Exploration of the works of Chekhov, Strindberg, Beckett and others.

Prerequisite: Graduate standing; and special approval of instructor.

Schedule Type: Studio

Contact Hours: 4 other

Grade Mode: Standard Letter

THEA 61305 ACTING STYLES II: GREEK AND COMEDY OF MANNERS 3 Credit Hours

Application of acting, movement and speech techniques to these specific genres. Focus on style and physicalization using Greek and English Restoration playwrights as well as Molière, Wilde and others.

Prerequisite: Graduate standing; and special approval of instructor.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 61306 PROFESSIONAL ASPECTS: DESIGN AND TECHNOLOGY 3 Credit Hours

A study of the practical demands and requirements of a professional career in design and technology, including portfolio development, resumes, unions, job market, financial matters and career prospects.

Emphasis is placed on developing skills and materials for finding employment and the use of marketing communication techniques.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 61309 MASTER OF FINE ARTS COMPREHENSIVE PROJECT IN ACTING 1-3 Credit Hours

Intensive work in the development of the practical aspects of production; includes performance or exhibition of work, documentation of that work in a format appropriate for area and project, and an exit interview.

Prerequisite: THEA 61000; and graduate standing; and special approval of instructor.

Schedule Type: Laboratory

Contact Hours: 3-9 lab

Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 61310 MASTER OF FINE ARTS DESIGN AND TECHNOLOGY CULMINATING PROJECT 3 Credit Hours

An intensive experience in the development of design and/or technical aspects of a theatrical production; the scope of work may include but not necessarily be limited to research, drawings and drafting, renderings and associated digital image, video or audio files. Documentation (appropriate for the area and project) is presented at an exit interview.

Prerequisite: THEA 61000; and graduate standing; and special approval of instructor.

Schedule Type: Individual Investigation, Masters Thesis, Studio

Contact Hours: 3 other

Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 61420 COLLABORATION IN PRODUCTION STUDIO 1 Credit Hour

Knowledge acquisition and the development of skills to create resolve and present well-reasoned theatrical design. Students will employ the design and production process, observation of deadlines, and collaboration with other designers and technical directors, as a structure to elevate production.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Seminar

Contact Hours: 1 lecture

Grade Mode: Standard Letter

THEA 61525 MILLINERY AND 3-D CHARACTERS 3 Credit Hours

Advanced studies of techniques of millinery construction and 3D character construction with an emphasis on current practice in the industry.

Prerequisite: Graduate standing; and special approval of instructor.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 61528 DESIGN PROCESS AND COLLABORATION 3 Credit Hours

Introduction to the design process and collaboration in a theatrical production. Students have the opportunity to analyze best practices, strategies and the strengths and challenges of designers.

Prerequisite: THEA 61000; and graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 61531 PERIOD STYLE FOR THEATRE DESIGNERS 3 Credit Hours

An exploration of the relationship of period style, historical context and the designer's artistic choices in contemporary interpretations of period plays.

Prerequisite: Theatre studies major; and concentration in design/technology-costume design, design/technology-lighting design, design/technology-scene design or design/technology-technical direction; and graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 61623 DIGITAL RENDERING THEATRE DESIGN 3 Credit Hours
Explores a variety of digital rendering methods for artistic 2D and 3D graphics visualization of theatrical design concepts.

Prerequisite: Theatre studies major; and concentration in design/technology-costume design, design/technology-lighting design, design/technology-scene design or design/technology-technical direction; and graduate standing; and special approval.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 61701 MOVEMENT, FORM AND SPACE II-NEUTRAL AND CHARACTER MASK 3 Credit Hours

Advanced skills and conditioning focusing on the physical and vocal qualities of characterization achieved through performance in masks.

Prerequisite: THEA 51701; and graduate standing; and special approval of instructor.

Schedule Type: Studio

Contact Hours: 4 other

Grade Mode: Standard Letter

THEA 61703 MOVEMENT, FORM AND SPACE III 3 Credit Hours

Advanced skills and conditioning focusing on the physical and vocal qualities of characterization achieved through period movement. This course allows actors to effectively perform movement and styles from specific historical periods and genres.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Seminar, Studio

Contact Hours: 2 lecture, 2 other

Grade Mode: Standard Letter

THEA 61803 VOICE AND SPEECH II 3 Credit Hours

Ongoing study and application of voice and speech technique into various styles of text, and the analysis and development of accents for performance and presentation.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Laboratory, Lecture, Combined Lecture and Lab

Contact Hours: 2 lecture, 2 lab

Grade Mode: Standard Letter

THEA 61804 VOICE AND SPEECH III 3 Credit Hours

Advanced study and application of voice and speech techniques, focusing on the extremes of vocal demands.

Prerequisite: THEA 51803; and graduate standing; and special approval.

Schedule Type: Laboratory, Lecture, Combined Lecture and Lab

Contact Hours: 2 lecture, 2 lab

Grade Mode: Standard Letter

THEA 61806 SINGING FOR THE ACTOR 1 Credit Hour

A comprehensive study of performance techniques and repertoire appropriate to the singing actor.

Prerequisite: THEA 51801; and graduate standing; and special approval of instructor.

Schedule Type: Studio

Contact Hours: 1 other

Grade Mode: Standard Letter

THEA 61992 PROFESSIONAL THEATRE INTERNSHIP II 3,6 Credit Hours

(Repeatable for credit) Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in a professional theatre company.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Practical Experience

Contact Hours: 3 lecture

Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 62092 PRACTICUM: DESIGN/TECHNOLOGY 3 Credit Hours

(Repeatable for credit) Practical experience for the graduate student in theatre design and technology under faculty supervision.

Prerequisite: Graduate standing; and special approval of instructor.

Schedule Type: Practical Experience

Contact Hours: 3 lecture

Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 62192 PRACTICUM: PERFORMANCE 3 Credit Hours

(Repeatable for credit) (Cross-listed with KBT 62192) Practical experience for the graduate student in theatre performance under faculty supervision.

Prerequisite: Graduate standing; and special approval of instructor.

Schedule Type: Practical Experience

Contact Hours: 3 lecture

Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 62292 PRACTICUM:THEATRE MANAGEMENT 3 Credit Hours

(Repeatable for a maximum of 12 credit hours) Practical experience for the graduate student in theatre management under faculty/staff supervision.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Practical Experience

Contact Hours: 3 other

Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 62392 PRACTICUM: PERORMANCE PEDAGOGY 1 Credit Hour

(Repeatable for credit) Advanced practical experience in theatre performance pedagogy under faculty supervision.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Practical Experience

Contact Hours: 3 other

Grade Mode: Standard Letter

THEA 62892 THEATRE PRACTICUM 1 Credit Hour

(Repeatable twice for credit) Practical experience for the graduate student in cocurricular theatre activities, under faculty supervision.

Prerequisite: Graduate standing; and special approval.

Schedule Type: Practical Experience

Contact Hours: 1 lecture

Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 62992 THEATRE PRODUCTION INTERNSHIP 1-6 Credit Hours

(Repeatable for a maximum of 12 credit hours)(Slashed with THEA 72992) Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in a theatre company or touring with Kent Theatre Ensemble.

Prerequisite: Graduate standing; and special approval of advisor.

Schedule Type: Practical Experience

Contact Hours: 1-6 lecture

Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 63001 SCENIC DESIGN I: FOUNDATIONS IN SINGLE SET SCENIC DESIGN 2 Credit Hours

Introduction to the methodology and practice of professional scene design. Application of knowledge made through a series of design projects. Script Analysis, perspective rendering and model-making techniques will be emphasized for single set productions.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 63002 SCENIC DESIGN II: ADVANCED SINGLE SET SCENIC DESIGN 2 Credit Hours

Inquiry to the methodology and practice of professional scene design. Application of knowledge will be through a series of complex design projects. Script analysis, drafting, perspective rendering and more advanced model-making techniques will be emphasized.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 63003 SCENIC DESIGN III: DESIGNING BEYOND DRAMA 2 Credit Hours

An advanced approach to professional scene design as it applies to opera, musical theatre, and the entertainment industry. Advanced design communication techniques will be applied through a series of design projects. Textual analysis, conceptual unit/multi-set productions, storyboarding, and advanced visual communication/presentation techniques will be emphasized.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special permission.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 63004 SCENIC DESIGN IV: ADVANCED MULTI-SETTING DESIGN 2 Credit Hours

An advanced approach to professional scene design as it applies to opera, musical theatre, and the entertainment industry in non-traditional spaces. Advanced design communication techniques will be applied through a series of design projects. Analysis, conceptual unit/multi-set productions, storyboarding, and advanced visual communication/presentation techniques will be emphasized.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special permission.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 63005 SCENIC DESIGN V: ENTERTAINMENT AND PRODUCTION DESIGN 2 Credit Hours

An advanced approach to professional scene design as it applies to industrials, showrooms and the entertainment industry. Knowledge of techniques will be applied through a series of design projects, analysis, conceptual approaches, storyboarding, and advanced visual communication/presentation techniques. This course will focus on refinement of the theoretical and practical skills of the professional scenic designer.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 63006 SCENIC DESIGN VI: NON-TRADITIONAL AND SITE-SPECIFIC PERFORMANCES 2 Credit Hours

An advanced approach to professional scene design as it applies to industrials and the entertainment industry. Site specific design communication techniques will be applied through a series of design projects. Analysis, conceptual approaches, storyboarding, and advanced visual communication/presentation techniques will be emphasized.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 63092 PRODUCTION COLLABORATION: SCENIC DESIGN 1-2 Credit Hours

(Repeatable for credit) Practical preparation, design and production work as applied to Scenic design within the School of Theatre and Dance. This course will serve as both a time to cultivate management of resources and synthesize information in developing solutions to production-related issues in scene design. Repeatable to a maximum of 8 credits.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Practical Experience

Contact Hours: 3-6 other

Grade Mode: Standard Letter

THEA 63192 MENTORSHIP IN PERFORMANCE 3 Credit Hours

(Repeatable for a total of 6 credit hours) Development of advanced skills and abilities to mentor student performers in aspects of the profession, including professional behavior, understanding of the business and the actor's creative process. Major work done while participating in rehearsal and performance of main stage productions or assisting in THEA 41305/ THEA 51305. Students may take the course alongside THEA 62192.

Prerequisite: Graduate standing; and special approval of instructor.

Schedule Type: Practical Experience

Contact Hours: 6 other

Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 64001 THEATRE TECHNICAL DIRECTION I: FOUNDATIONS I 2 Credit Hours

Investigation of publications in the field of technical theatre and their relevance to examining the technical manager as planner, artist, creative thinker positive leader and colleague.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 64002 THEATRE TECHNICAL DIRECTION II: FOUNDATIONS II
2 Credit Hours

Continued Investigation of publications in the field of technical theatre and their relevance to examining the technical manager as planner, artist, creative thinker positive leader and colleague.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 64003 THEATRE TECHNICAL DIRECTION III: TOURING PRODUCTIONS
2 Credit Hours

Course covers the logistics of transporting a theatrical production, the concepts and needs of touring productions, and different construction techniques needed for disassembly and quick reassembly.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 64004 THEATRE TECHNICAL DIRECTION IV: EDUCATIONAL THEATRE
2 Credit Hours

Examination of the roles of the technical director in academia, including the evolution of and current state of technical theatre education.

Course will explore the work and presentations of the USITT Education Commission.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 64005 THEATRE TECHNICAL DIRECTION V: MECHANICS AND AUTOMATION
2 Credit Hours

Examination of the techniques and applications of automated scenery and stage mechanics.

Prerequisite: Graduate Standing in the School of Theatre & Dance and special permission.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 64006 THEATRE TECHNICAL DIRECTION VI: HEALTH AND SAFETY
2 Credit Hours

Focus on the health & safety concerns of live performance, including the organizations OSHA, NFPS, ANSI, Red Cross, their protocols and their relation to theatre.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 64092 PRODUCTION COLLABORATION: TECHNICAL DIRECTION
1-2 Credit Hours

(Repeatable for credit) Practical preparation, design and production work as applied to technical direction within the School of Theatre and Dance. This course will serve as both a time to cultivate management of resources and synthesize information in developing solutions to production-related issues in technical direction. Repeatable to a maximum of 8 credits.

Prerequisite: Graduate standing in the School of Theatre and Dance.

Schedule Type: Practical Experience

Contact Hours: 3-6 other

Grade Mode: Standard Letter

THEA 64192 MENTORSHIP AT PORTHOUSE
3 Credit Hours

(Repeatable for a total of 6 credit hours) Development of advanced skills and abilities to mentor student performers in aspects of the profession, including professional behavior, understanding of the business and the actor's creative process. Major work done while participating in rehearsal of Porthouse Theatre productions. Students may take the course alongside THEA 62192.

Prerequisite: Graduate standing; and special approval of instructor.

Schedule Type: Practical Experience

Contact Hours: 6 other

Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 65000 HISTORY, HISTORICISM, THEORY AND PRACTICE IN THEATRE AND DRAMA
3 Credit Hours

Course covers the breadth of theatre history and historicism and application of theatre theory to practice by focusing on the six major stylistic periods: Greek and Roman, Medieval, Renaissance, Romanticism, Realism and Non Realism (symbolism, expressionism, surrealism, absurdism) and contemporary period (postmodernism, feminism and interculturalism, multiculturalism). Using lecture, scholarly articles, video viewing and practical writing projects, students learn about and practice each style, as well as apply the style to students' respective areas of graduate study (i.e. actor, director, designer).

Prerequisite: THEA 61000; and graduate standing; and special approval.

Schedule Type: Seminar

Contact Hours: 3 lecture

Grade Mode: Standard Letter

THEA 65001 LIGHTING DESIGN I: DRAMA
2 Credit Hours

Advanced exploration and development of artistic processes and method for lighting design in drama.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 65002 LIGHTING DESIGN II: MUSICAL THEATRE
2 Credit Hours

Advanced exploration and development of artistic processes and methods for lighting design in musical theatre.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 65003 LIGHTING DESIGN III: DANCE AND OPERA 2 Credit Hours

Advanced exploration and development of artistic processes and methods for lighting design in classical and contemporary dance and opera.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 65004 LIGHTING DESIGN IV: NON-TRADITIONAL PRODUCTIONS 2 Credit Hours

Exploration and development of artistic processes and methods in lighting design for non-traditional works, including multidisciplinary and devised productions.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 65005 LIGHTING DESIGN V: ARCHITECTURAL AND INTERIOR LIGHTING 2 Credit Hours

Exploration and development of artistic processes and methods in lighting design for architectural and commercial interiors.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 65006 LIGHTING DESIGN VI: NEW TECHNOLOGY 2 Credit Hours

Exploration of innovative technology and technological tools and their application to lighting design. The course includes exploration of non-conventional, automated, projection and LED technologies.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 65092 PRODUCTION COLLABORATION: LIGHTING DESIGN 1-2 Credit Hours

(Repeatable for credit) Practical preparation, design and production work as applied to lighting design within the School of Theatre and Dance. This course will serve as both a time to cultivate management of resources and synthesize information in developing solutions to production-related issues in lighting. Repeatable to a maximum of 8 credits.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Practical Experience

Contact Hours: 3-6 other

Grade Mode: Standard Letter

THEA 65192 TEACHING PRACTICUM 3 Credit Hours

(Repeatable for a total of 6 credit hours) Application of strategies for teaching at the college level. Development of advanced skills in course preparation, classroom management and pedagogical practice. Major work done teaching or assisting with undergraduate classes.

Prerequisite: THEA 61094; and graduate standing.

Schedule Type: Practical Experience

Contact Hours: 6 other

Grade Mode: Satisfactory/Unsatisfactory

THEA 66001 COSTUME DESIGN I: SCRIPT ANALYSIS 2 Credit Hours

Exploration and development of different methods and artistic processes for costume design. By focusing on textual analysis, the costume student will be able to explore a wide variety of performance types.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 66002 COSTUME DESIGN II: PERFORMANCE GENRES 2 Credit Hours

Exploration and development of different methods and artistic processes for costume design in diverse genres, including dance, opera, and circus.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 66003 COSTUME DESIGN III: THEATRICAL STYLES 2 Credit Hours

Advanced exploration of costume designs which incorporate both historical and thematic stylized conventions.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 66004 COSTUME DESIGN IV: ADVANCED RENDERING 2 Credit Hours

Development of advanced figure drawing study and rendering techniques in order to strengthen the student's skill and facility in producing costume renderings.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 66005 COSTUME DESIGN V: RESEARCH METHODS 2 Credit Hours

Intensive focus on the variety of research methodologies and their application to both contemporary and period costume designs.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 66006 COSTUME DESIGN VI: TEXTILES 2 Credit Hours

An understanding of the appropriate application of many common and specialty fabrics used in costume design.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Standard Letter

THEA 66092 PRODUCTION COLLABORATION: COSTUME DESIGN/ TECHNOLOGY 1-2 Credit Hours

(Repeatable for credit) Practical preparation, design and production work as applied to Costuming within the School of Theatre and Dance. This course will serve as both a time to cultivate management of resources and synthesize information in developing solutions to production-related issues in costumes. Repeatable to a maximum of 8 credits.

Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.

Schedule Type: Practical Experience

Contact Hours: 3-6 other

Grade Mode: Standard Letter

THEA 72992 THEATRE PRODUCTION INTERNSHIP 1-6 Credit Hours

(Repeatable for a total of 12 credit hours)(Slashed with THEA 62992) Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in a theatre company or touring with Kent Theatre Ensemble.

Prerequisite: Doctoral standing and special approval of advisor.

Schedule Type: Lecture, Practical Experience

Contact Hours: 1-6 lecture

Grade Mode: Satisfactory/Unsatisfactory-IP

Acting - M.F.A.

Examples of Possible Careers and Salaries*

Actors

- 3.1% about as fast as the average
- 70,100 number of jobs
- \$N/A potential earnings

Art, drama, and music teachers, postsecondary

- 5.6% faster than the average
- 116,300 number of jobs
- \$69,690 potential earnings

Miscellaneous entertainers and performers, sports and related workers

- 4.2% about as fast as the average
- 33,300 number of jobs
- \$N/A potential earnings

Accreditation

National Association of Schools of Theatre (NAST)

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Minimum 2.750 undergraduate GPA on a 4.000 point scale
- Official transcript(s)
- Résumé
- Goal statement
- Three letters of recommendation
- Evidence of professional experience¹
- Audition
- Interview
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning one of the following:
 - Minimum 525 TOEFL PBT score (paper-based version)
 - Minimum 71 TOEFL IBT score (Internet-based version)
 - Minimum 74 MELAB score
 - Minimum 6.0 IELTS score
 - Minimum 50 PTE score
 - Minimum 100 Duolingo test score

For more information about graduate admissions, visit the graduate admission website. For more information on international admission, visit the Office of Global Education website.

¹ Required evidence in support of admission may include, but not limited to, Broadway, regional, and/or international performance credits; film and television credits; awards of national recognition; professional union affiliation; publication in the field of expertise; significant record of mentoring; and certifications and/or designations in areas such as acting, voice and speech or stage combat. Program faculty will evaluate the submitted documentation of professional experience and determine eligibility for the M.F.A. degree.

Application Deadlines

- **Fall Semester**
 - Final deadline: August 1
- **Spring Semester**
 - Final deadline: January 1
- **Summer Term**
 - Final deadline: May 1

Applications will not be accepted after these deadlines.

Program Learning Outcomes

Graduates of this program will be able to:

1. Employ a broad range of acting knowledge and skills in the creation and presentation of roles.
2. Perform in plays of various types and from various periods.
3. Acquire advanced capabilities in acting, voice and speech, movement, theatre history and pedagogy.
4. Apply sound pedagogical practices to aspects of theatre or performance studies.
5. Demonstrate professionalism in an acting setting.

Full Description

The Master of Fine Arts degree in Acting is intended for the returning professional and mentors seasoned professional performers who wish to focus on refining and articulating their acting process, while gaining sound pedagogical practice in performance. The two-year terminal degree provides candidates with a set of core classes centered around a variety of techniques and theories, within a flexible pedagogical laboratory model. Returning professional students are offered ample opportunity to hone performance and explore teaching skills as they earn a terminal M.F.A. degree in pursuit of employment.

Costume Design and Technology - Minor

College of the Arts

School of Theatre and Dance - Theatre Division
www.kent.edu/theatredance

About This Program

The Costume Design and Technology minor provides an understanding of the process and practice of costume design and construction.

Minimum Total Credit Hours:	120

- Students must be enrolled in a minimum of one 90-minute daily dance technique class each semester. Promotion to the next level of technique is at the discretion of the dance faculty. Students may take technique courses an unlimited number of times for credit toward their program requirements.
- Students may substitute a musical theatre dance style course for any of the four required semesters of jazz with approval.
- Students must take a minimum of six semesters of performance credit (DAN 37092 or DAN 37192). Maximum 8 credit hours of DAN 37192 may be applied toward major requirements.
- A minimum C grade must be earned to fulfill the writing-intensive requirement.

Progression Requirements

- Entrance to the Dance major within the B.F.A. is by audition.
- Promotion to the next level is at the discretion of the dance faculty. Students must be enrolled in daily 90-minute dance technique classes each semester until graduation.
- Students enter on a probationary status and must maintain GPA requirements and professional standards as indicated in the student handbook in order to be allowed to audition for concerts and progress through to graduation.
- All students in the Dance major must audition for and perform when cast in all Dance Division concerts. Students may petition for an exception due to either injury or an approved performance opportunity outside of Kent State.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.500	2.000

- Students must participate in dance faculty juries and an annual review.
- Successful completion of DAN 47299 is the culminating experience required of this degree.

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	36-37

Program Learning Outcomes

Graduates of this program will be able to:

1. Perform a wide range of dance works with an intentional focus on the inclusion of Western and non-Western dance forms.
2. Articulate and communicate an embodied understanding of diverse dance forms, their histories including the role of oppression and their relationship and representation in the contemporary era of dance.
3. Articulate and demonstrate dance theory, aesthetics, pedagogy and choreography.
4. Create, revise, reflect and present choreography.

Full Description

The Bachelor of Fine Arts degree in Dance develops technically sound, intellectually diverse and creatively expressive dance artists who can contribute significantly to the art form and society. The curriculum provides students with opportunities for strong and varied technical preparation in contemporary dance forms, including modern, ballet, jazz and improvisation. Opportunities for performance and choreography, along with dance theory courses, complete a degree focused on the artist/scholar.

Dance - Minor

College of the Arts

School of Theatre and Dance - Dance Division
www.kent.edu/theatredance

About This Program

The Dance minor provides students with an understanding of dance through its contemporary applications.

Students are eligible to begin in level 1 dance courses without auditioning. Students may audition for higher-level placement.

Minimum Total Credit Hours:

15

¹ Any physical practice Dance (DAN) courses may be repeated towards minor requirements. Students must receive permission for placement into the course levels beyond one.

² An additional concert audition may be required for DAN 37192.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.250	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Articulate dance aesthetics and technique.
2. Perform positions and movement phrases in one or more dance genres.
3. Articulate appropriate dance terminology and vocabulary.

Accreditation

National Association of Schools of Dance (NASD)

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics'

Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE Academic score, or by completing the ELS level 112 Intensive Program.

For more information, visit the admissions website for international students.

Transfer Students: Students who have attended any other educational institution after graduating from high school must apply as undergraduate transfer students. For more information, visit the admissions website for transfer students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the program's Coursework tab.

UC 10001	FLASHES 101	1
Kent Core Composition		6
Kent Core Mathematics and Critical Reasoning		3
Kent Core Humanities and Fine Arts (minimum one course from each)		6
Kent Core Social Sciences (must be from two disciplines)		6
Kent Core Basic Sciences (must include one laboratory)		3-4
Kent Core Additional		6
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours) ⁵		35

Minimum Total Credit Hours: 120¹ Students may substitute a different level of modern or ballet.² Promotion to the next level of technique is at the discretion of the dance faculty.³ Maximum 8 credit hours of DAN 37192 may be applied toward the major.⁴ A minimum C grade must be earned to fulfill the writing-intensive requirement.⁵ Students must complete a minimum of 15 elective credit hours of courses related to a secondary area of inquiry or minor.

Progression Requirements

- Promotion to the next level is at the discretion of the dance faculty.
- All students in the major must audition for all Dance Division concerts. To perform in the concert, students must be enrolled in a minimum of one dance technique class during the semester of the concert.
- Students enter on a probationary status and must maintain GPA requirements and professional standards as indicated in the student handbook in order to be allowed to audition for concerts and progress through to graduation.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.500	2.000

- All majors must participate in dance faculty juries and an annual review.
- All graduates must successfully complete a course of study that includes a minimum of 15 credit hours related to a subject or a minor chosen by the student.
- All graduates must complete a project or presentation through DAN 47199 that demonstrates knowledge of dance and the additional subject chosen by the student.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this major. However, courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	36-37

Program Learning Outcomes

Graduates of this program will be able to:

1. Perform a wide range of dance works within Western and non-Western dance forms.
2. Articulate and communicate an embodied understanding of diverse dance forms; their histories, including the role of oppression; and their relationship and representation in the contemporary era of dance.
3. Articulate and demonstrate dance theory, aesthetics, pedagogy and choreography.
4. Create, revise, reflect and present choreography.
5. Articulate a relationship between their dance studies and a secondary concentration, minor or double major, as applicable.

Full Description

The Bachelor of Arts degree in Dance Studies allows students who have previous dance experience and a strong interest in another subject area, within or outside of the arts, the opportunity to combine the two into one plan of study. The curriculum provides students with a solid foundation in dance techniques and dance academics while allowing flexibility to incorporate another area or minor.

The B.A. degree program encourages exploration of areas that can be combined with dance to enhance opportunities for future employment.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to this major is selective. Applicants must pass an audition in each of the three performance areas—dance, singing and acting—to be admitted. Students who pass the audition will be admitted directly into the major in the first semester of their first year at Kent State. In exceptional cases, students may be admitted to the program in the second semester of their first year.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE score or minimum 100 Duolung English score, or by completing the ELS level 112 Intensive Program. For more information on international admission visit the admissions website for international students.

Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines)		6
Kent Core Basic Sciences (must include one laboratory)		6-7
Kent Core Additional		6
Minimum Total Credit Hours:		120

¹ A minimum C grade must be earned to fulfill the writing-intensive requirement.

² Enrollment in many of the dance courses are by audition only.

Progression Requirements

- In order to continue and graduate with the B.F.A. degree, students are expected develop skills equal to entry-level positions in the profession or as expected for admission into a M.F.A. degree program.
- Students on academic probation may not participate in School of Theatre and Dance productions.
- Students may be immediately dismissed from the program for failure to maintain a 2.500 major GPA. Students should strive to maintain a 3.000 overall GPA.
- Students are required to participate in biannual B.F.A. evaluations/ interviews/meetings, and must must pass annual evaluation reviews to remain in the program.
- Students are required to participate in annual school screening auditions and, if qualifying, must participate in at least one unified audition.
- Students are required to audition for all main-stage theatre productions and accept roles as cast.
- Students may be subject to probation or dismissal for failing to audition for main-stage productions, for not accepting a role that is offered or for failure to demonstrate continuous skill development and growth in all areas of the program as defined by the Musical Theatre Student Handbook. At the time a student is placed on probation, he or she will be provided written information regarding specific areas for improvement.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.500	2.000

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this major. However, courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Semester One		Credits
THEA 11100	MAKING THEATRE: CULTURE AND PRACTICE	2
! THEA 21306	MUSICAL THEATRE PERFORMANCE I	3
THEA 31200	APPLIED VOICE FOR MUSICAL THEATRE	2
UC 10001	FLASHES 101	1
Fundamentals of Production		2
Fundamentals of Production Laboratory		1
Dance Elective		1
Kent Core Requirement		3
Credit Hours		15
Semester Two		Credits
! THEA 20202	MUSIC THEORY FOR MUSICAL THEATRE I	3
! THEA 21303	ACTING PROCESS	3
Fundamentals of Production		2
Fundamentals of Production Laboratory		1
Dance Elective		1
Kent Core Requirement		3
Kent Core Requirement		3
Credit Hours		16
Semester Three		Credits
! THEA 20203	MUSIC THEORY FOR MUSICAL THEATRE II	3
! THEA 21111	SCRIPT ANALYSIS	3

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses

Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCOMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	36-37

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate proficiencies that are equal to entry-level positions in the profession or as expected for admission into the Master of Fine Arts degree as a singer, actor and/or dancer.
2. Demonstrate and articulate proficiency and understanding in and of music performance and theory, basic dance performance and technique and acting and acting theory/systems.
3. Demonstrate understanding of how acting and storytelling are the foundation of all three interrelated areas of performance (acting, singing and dance).
4. Demonstrate correct and aesthetically pleasing technique in movement and dance.
5. Demonstrate and articulate correct and aesthetically pleasing technique in the execution of vocal performance, sight-singing, musicianship and music theory.
6. Demonstrate and articulate correct and aesthetically pleasing technique in acting and acting theory/systems.
7. Perform in workshops and full productions of musical theatre in a variety of formal and informal settings.
8. Develop substantial and appropriate audition repertoire.
9. Demonstrate proficiency in audition technique.
10. Demonstrate professional behavior in respect for the craft.

Full Description

The Bachelor of Fine Arts degree in Musical Theatre prepares students for life as working artists in the musical theatre field. Practical training and creative experiences are coupled with an interdisciplinary liberal arts curriculum and a foundation in theatre history, analysis and criticism.

Students will be able to study and perform in the school's theatrical and dance productions. Kent State's Center for the Performing Arts houses three theatres, performance and rehearsal spaces, costume shop and laboratories for costumes, drafting, lighting and scenery. In addition, the School of Theatre and Dance oversees the outdoor venue Porthouse Theatre.

Students in their senior year may participate in the annual New York City Musical Theatre Showcase, which enables students to perform for prospective casting directors, talent managers and theatrical and commercial agents.

Scene Design - Minor

College of the Arts

School of Theatre and Dance - Theatre Division

www.kent.edu/theatredance

About This Program

The Scene Design minor provides an understanding of the process and practice of scene design.

- 5.6% faster than the average
- 116,300 number of jobs
- \$69,690 potential earnings

Film and video editors

- 21.6% much faster than the average
- 38,300 number of jobs
- \$67,250 potential earnings

Lighting technicians and media and communication equipment workers, all other

- 4.9% about as fast as the average
- 26,600 number of jobs
- \$70,980 potential earnings

Set and exhibit designers

- 1.2% slower than the average
- 15,200 number of jobs
- \$58,180 potential earnings

Accreditation

National Association of Schools of Theatre

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics'

Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Minimum 2.750 undergraduate GPA on a 4.000 point scale
- Official transcript(s)
- Résumé

- Goal statement
- Three letters of recommendation
- Portfolio review
- Interview
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning one of the following:
 - Minimum 525 TOEFL PBT score (paper-based version)
 - Minimum 71 TOEFL IBT score (Internet-based version)
 - Minimum 74 MELAB score
 - Minimum 6.0 IELTS score
 - Minimum 50 PTE score
 - Minimum 100 Duolingo test score

Progression Requirements

Students must pass semester reviews and are expected to participate in at least one main-stage production each semester, which may be in addition to any production design assignment.

Graduation Requirements

The culminating project requirements include documentation, portfolio presentation and an exit interview. Documentation consists of a design analysis, process journal, relevant research and other supporting materials (e.g., photos, links to the candidate's website). The scope of work may include, but not necessarily be limited to, evidence of research, drawing and drafting, rendering and associated digital image, video or audio files, which will be presented at an exit interview. The topic of each M.F.A. candidate's culminating project will be proposed by the candidate and based on faculty feedback from yearly portfolio and academic assessments. The student will register for THEA 61310 for the student's project assignment. The process is then documented in a format appropriate for the project and presented to the faculty advisor.

Program Learning Outcomes

Graduates of this program will be able to:

1. Acquire creative and technical ability to develop the design of a production from concept to finished product.

2. Acquire advanced abilities in the unification of all design elements used in professional production.
3. Understand analytical or academically oriented theatre studies in areas related to and supportive of the work in the major field such as history, theory, dramatic literature and performance studies.
4. Understand information resources associated with theatrical design and production.
5. Produce full working drawings for mounted productions.
6. Analyze text, music and dance and the ways that historical, critical and theoretical content inform playwriting, acting, directing and design.
7. Communicate ideas clearly and effectively to the theatre community, production teams and the public.
8. Know the history of their area of specialization and have the ability to integrate that history into production design.
9. Know current technology, tools and methods in their area of specialization and have the ability to integrate technology into production design.
10. Know health and safety practices associated with theatre production.
11. Communicate and navigate effectively within the field of professional theatrical production design.
12. Demonstrate an understanding of professional ethics and practice.

Full Description

The Master of Fine Arts degree in Theatre Design and Technology is a terminal degree designed for those who are interested in achieving the artistry and skills necessary to qualify as practicing professionals in the entertainment industry and/or professional theatre educators. The program is a three-year course of study with a flexible curriculum for students to explore areas of special interest.

The Theatre Design and Technology major comprises the following concentrations:

- The **Costume Design and Technology** concentration prepares students for careers in the entertainment industry, professional theatre or theatre education. Students study both design and technology, including related areas such as dye techniques, costume crafts and wigs and makeup. Students also design costumes for main-stage departmental productions. The curriculum includes core classes in theatre history, dramatic theory and historical periods.
- The **Lighting Design** concentration balances instruction and experience in lighting design with instruction and experience in lighting technology. Studies include digital rendering, CAD, lighting technology and automated lighting. Students research and study all of aspects of theatrical lighting, including the design process from concept to execution, communication skills, integration of technology into design, documentation of the work and critical evaluation of the work.
- The **Scene Design** concentration balances focused classroom instruction with practical design and production experience. Students also study related artisan areas such as digital and traditional rendering techniques, 3D CAD, props, fabrication, scene painting and presentation techniques with particular emphasis on integrating contemporary digital techniques into the design process. The curriculum contains courses in construction theory, rigging, costume crafts and projection/media design.
- The **Technical Direction** concentration provides students with training and practical experiences in planning main stage productions for

the School of Theatre and Dance. Studies focus on safety and all logistics of production assembly, including touring and dance. Technical directors have the opportunity work in four very different theatre spaces: black box, large proscenium, thrust and open outdoor.

Accreditation

National Association of Schools of Theatre (NAST)

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics'

Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE Academic score, or by completing the ELS level 112 Intensive Program. For more information, visit the admissions website for international students.

Transfer Students: Students who have attended any other educational institution after graduating from high school must apply as undergraduate transfer students. For more information, visit the admissions website for transfer students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the program's Coursework tab.

Additional Requirements (courses do not count in major GPA)		
UC 10001	FLASHES 101	1
Kent Core Composition		6
Kent Core Mathematics and Critical Reasoning		3
Kent Core Humanities		3
Kent Core Social Sciences (must be from two disciplines)		6
Kent Core Basic Sciences (must include one laboratory)		6-7
Kent Core Additional		6
Minimum Total Credit Hours:		120

¹ A minimum C grade must be earned to fulfill the writing-intensive requirement.

Progression Requirements

- In order to continue and graduate with the B.F.A. degree, students are expected develop skills equal to entry-level positions in the profession or as expected for admission into a M.F.A. degree program.
- Students on academic probation may not participate in any School of Theatre and Dance productions.
- Students may be immediately dismissed from the program for failure to maintain a minimum 2.500 major GPA. B.F.A. degree students should strive to maintain a 3.000 overall GPA.
- Students must pass yearly portfolio reviews and are expected to participate in at least one mainstage production per semester (this may be in addition to any production design assignment).

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.500	2.000

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this major. However, courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001) 1 credit hour

Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.

Diversity Domestic/Global (DIVD/DIVG) 2 courses

Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.

Experiential Learning Requirement (ELR) varies

Students must successfully complete one course or approved experience.

Kent Core (see table below) 36-37 credit hours

Writing-Intensive Course (WIC) 1 course

Students must earn a minimum C grade in the course.

Upper-Division Requirement 39 credit hours

Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.

Total Credit Hour Requirement 120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP) 6

Kent Core Mathematics and Critical Reasoning (KMCR) 3

Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each) 9

Kent Core Social Sciences (KSS) (must be from two disciplines) 6

Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory) 6-7

Kent Core Additional (KADL) 6

Total Credit Hours: 36-37

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate ability to conceptualize and realize a design aesthetic consistent with the overall artistic concepts of a production.
2. Demonstrate ability to understand and articulate basic elements and principles of design theory.
3. Demonstrate ability to understand and articulate basic elements and principles of composition related to line, shape, color, texture and sound.
4. Demonstrate an understanding of the aesthetic use of color.
5. Demonstrate understanding of aesthetic use of sound.
6. Demonstrate ability to communicate design ideas and realities to other personnel involved in the production, including directors, other designers, stage managers and actors.
7. Demonstrate ability to produce and communicate design ideas with freehand drawings.
8. Demonstrate ability to provide formalized, accurate production models and drawings by hand and/or through the use of current industry standard software programs.
9. Demonstrate fundamental knowledge of the total design process, including the progression of raw materials through multiple design "shops" and the roles that various craftspeople play in the creation of a finished product.
10. Acquire knowledge of federal, state and local health and safety codes, best practices and industry standards as they relate to theatrical venues and production elements.
11. Prepare and present a professional resume and a portfolio of design- and technology-related work that demonstrate one's abilities, strengths, processes and experiences.

12. Acquire experiences in the design/technology aspects of theatre in a variety of formal and informal settings.

Full Description

The Bachelor of Fine Arts degree in Theatre Design, Technology and Production fosters the artistic development of theatre designers, technicians and artisans. Students study both traditional theatre practices and new methods, materials and technologies. Students must demonstrate continued progress through annual portfolio reviews, course work and production responsibilities. In addition, students are expected to complete a significant production assignment each semester.

Students will be able to apply design and technology concepts for the school's theatrical and dance productions. Kent State's Center for the Performing Arts houses three theatres, performance and rehearsal space, a scene shop, a costume shop and laboratories for costumes, drafting, lighting and scenery. In addition, the School of Theatre and Dance oversees the outdoor venue Porthouse Theatre.

The B.F.A. degree program prepares students for M.F.A. degree study, as well as such occupations as scenic designer, costume designer, lighting designer, sound/projection designer, prop master, scenic artist, stage manager, production manager, wardrobe supervisor, technical director and stage technicians.

Theatre Management - Minor

College of the Arts

School of Theatre and Dance - Theatre Division
www.kent.edu/theatredance

About This Program

The Theatre Management minor provides a background in the processes and techniques employed in production, stage and company management.

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Theatre Performance - Minor

College of the Arts

School of Theatre and Dance - Theatre Division
www.kent.edu/theatredance

About This Program

The Theatre Performance minor will appeal to students who have an interest in acting. The minor connects traditions of performance, and

enables students to relate the context of performing in theatre to other area disciplines.

Examples of Possible Careers and Salaries*

Actors

- 3.1% about as fast as the average
- 70,100 number of jobs
- \$N/A potential earnings

Art, drama, and music teachers, postsecondary

- 5.6% faster than the average
- 116,300 number of jobs
- \$69,690 potential earnings

Miscellaneous entertainers and performers, sports and related workers

- 4.2% about as fast as the average
- 33,300 number of jobs
- \$N/A potential earnings

Producers and directors

- 10.0% much faster than the average
- 159,500 number of jobs
- \$76,400 potential earnings

Accreditation

The B.A. degree in Theatre Studies is accredited by the National Association of Schools of Theatre (NAST).

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics'

Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE Academic score, or by completing the ELS level 112 Intensive Program. For more information, visit the admissions website for international students.

Transfer Students: Students who have attended any other educational institution after graduating from high school must apply as undergraduate transfer students. For more information, visit the admissions website for transfer students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the program's Coursework tab.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.500	2.000

- Students on academic probation may not participate in School of Theatre and Dance productions.
- Students may be dropped from the program for failure to maintain a 2.500 GPA.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this major. However, courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Semester One		Credits
THEA 11100	MAKING THEATRE: CULTURE AND PRACTICE	2
THEA 11303	THE ART OF ACTING	3
UC 10001	FLASHES 101	1
Fundamentals of Production Elective		2
Fundamentals of Production Laboratories		2
Kent Core Requirement		3
Kent Core Requirement		3
Credit Hours		16
Semester Two		Credits
THEA 22092	PRACTICUM: DESIGN AND TECHNOLOGY (ELR)	3
or	or PRACTICUM II: DESIGN AND TECHNOLOGY	
THEA 42092	(ELR)	
Fundamentals of Production Elective		2
Fundamentals of Production Laboratories		2
Kent Core Requirement		3
Kent Core Requirement		3
General Elective		2
Credit Hours		15
Semester Three		Credits
THEA 21111	SCRIPT ANALYSIS	3
THEA 22092	PRACTICUM: DESIGN AND TECHNOLOGY (ELR)	3
or	or PRACTICUM II: DESIGN AND TECHNOLOGY	
THEA 42092	(ELR)	
Concentration Elective		3
Kent Core Requirement		3
General Elective		3
Credit Hours		15
Semester Four		Credits
Concentration Elective/Requirement		3
Kent Core Requirement		3
Kent Core Requirement		3
Kent Core Requirement		3
General Elective		3
Credit Hours		15

Semester Five			Credits
!	THEA 31110	HISTORY OF THEATRE AND DRAMA I	3
Concentration Elective/Requirement			3
Concentration Elective (not from students' declared concentration)			3
Kent Core Requirement			3

Theatre Elective			3
General Electives			6
Credit Hours			15
Semester Eight			Credits
	THEA 41999	CAPSTONE PROJECT (ELR)	3
or Kent Core Requirement			
Concentration Electives			6
Writing-Intensive Elective			3
General Elective			2
Credit Hours			14
Minimum Total Credit Hours:			120

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCOMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	36-37

Program Learning Outcomes

Graduates of this program will be able to:

1. Articulate procedures and approaches to differentiate various theatrical styles and techniques.
2. Examine playwriting and production processes and the artistic and cultural forces that shape them.
3. Develop and apply intermediate to advanced skills in one or more theatre specializations in creation, performance or scholarship.
4. Recognize and evaluate a diverse selection of theatre repertory.
5. Describe the basic process involved in mounting a theatre production.
6. Synthesize research, performance and/or production.

Full Description

The Bachelor of Arts degree in Theatre Studies gives students an opportunity for study in all aspects of theatre and its relationship to other liberal arts studies. This program serves students who seek a wider range of possibilities to fulfill individual creative goals, whether as theatre artists, scholars, educators and/or contributors in related fields. Students receive thorough grounding in theatre history and theory and learn imaginative and critical thinking, the process of making theatre and leadership skills.

The Theatre Studies major comprises the following concentrations:

- Performance
- Production
- Theatre Management
- Theatre and Society

Honors College

Honors College

20 Stopher Hall
Kent Campus
330-672-2312
honors@kent.edu
www.kent.edu/honors

Mission of the College

The mission of the Honors College is to provide an enriched educational experience for academically motivated and talented students at Kent State University. We welcome students of diverse backgrounds and are firmly committed to advancing a diverse, inclusive and equitable community of scholars. We affirm that all members of the Honors College community are valued for their contributions and treated with dignity

and respect. Each student in the college plays a vital role in enhancing and influencing critical debate, critical thinking and learning from each other through their individual stories and lived experiences. This synergy creates a unique and inclusive foundation on which students can explore and develop their sense of belonging.

Founded in 1933, the Honors College is at the center of Kent State University's tradition of providing special attention to undergraduates with outstanding intellectual and creative ability. Within the framework of the larger university, with its diverse academic programs and excellent research and library facilities, the Honors College offers students enriched and challenging courses and programs, opportunities for close relationships with their peers and faculty, and careful advising to meet their interests and goals.

Scholarships

All new freshman who are admitted to the Honors College will automatically be considered for an Honors College scholarship award. Honors College scholarships are renewable for maximum eight semesters of undergraduate work, provided students remain in good standing with the Honors College. These scholarships are in addition to university awards.

The Honors Concept

The Honors College is guided by two basic principles:

- The first is a responsibility to provide academic work that offers intellectual challenge to the best students in the university and demands of them the best effort of which they are capable. To this end, courses are designed to stretch the mind, sharpen skills and encourage high standards of performance.
- The second principle is a belief that, regardless of degree program, students should be liberally educated. That is, they should understand and appreciate the language, literature and history of our culture; the social, political and economic structure of our society; the creative achievements that enrich our lives; and the basic assumptions and substance of the natural sciences. Honors students are, therefore, encouraged to select courses that provide an understanding of the arts, humanities and sciences.

Honors Advising

Students meet with their Honors College advisors at least once per semester. During advising meetings, students are encouraged to develop long-range plans to organize their academic work and co-curricular experiences in accordance with their interests and career aspirations.

Community

The Stopher-Johnson complex is located at the center of campus. Honors student living there have the best of worlds - a nurturing and stimulating experience with other Honors students as well as convenient access to the surrounding Kent State campus community.

The Honors complex includes the three-story Johnson and Stopher Residence Halls, a library/computer room, a reception lobby and advising offices. Students live just steps from the Honors College dean and its academic advisors.

Student involvement in the affairs of the college is a tradition. For example, Honors students are eligible to serve on the Honors College Policy Council (HOCOPOCO).

Admission Requirements

The Honors College recruits incoming students who demonstrate the potential for superior academic and creative ability at Kent State University. Admission to the Honors College for new freshmen is by invitation only. In addition to the Kent State undergraduate admission application, admission is based on holistic review of many variables, including, but not limited to: high school performance (curriculum, grade point average), essay, extra-curricular activities, work experiences. Standardized tests are considered but not required for admission.

Honors Work

Honors courses can be used to meet requirements in all degree granting colleges and schools of the university and to also satisfy Kent Core requirements. All honors freshmen are enrolled in the year-long Freshman Honors Colloquium. The colloquium is designed to be a rigorous course in reading, thinking and writing about literature and ideas. The goal of the course is to develop habits of intellectual inquiry, mature understanding and effective communication that will serve the students through the college years and afterward.

Beyond the freshman honors colloquium, many Honors courses are offered by distinguished faculty from academic departments throughout the university. Although these courses differ significantly in content, from art to zoology, they share a common form. Class enrollments are small, and students can get to know each other and their professors in an environment that encourages learning through discussion, reading, individual work and writing.

Seniors in the Honors College can conclude their undergraduate careers by completing a sustained scholarly or creative project under faculty guidance. Theses and projects have been submitted by seniors from all of the degree-granting colleges and schools at Kent State University and have ranged over many disciplines and areas of creative endeavor. Novels and plays have been written; research has been undertaken in the natural and social sciences; historical events and periods have been critically analyzed; architectural models have been proposed for urban renewal sites; and paintings and films have been created and exhibited. Each thesis/project attests to the willingness of Honors students to extend learning beyond the classroom to self-directed efforts appropriate to the conclusion of an enriched program of study.

Graduation from the Honors College

The college offers three programs for Graduation with Honors. Although each has minimum cumulative GPA requirements, the primary emphasis is on the successful completion of an undergraduate degree program, including a Senior Honors Thesis or Project.

- Graduation with Departmental Honors requires completion of a Senior Honors Thesis or Project and a minimum 3.5 cumulative GPA. The requirements are sufficiently flexible to enable undergraduates who join the college in their junior year to participate in this program.
- Graduation with General Honors requires completion of a Senior Honors Thesis or Project plus 24 Honors College credit hours and a minimum 3.5 cumulative GPA.
- Graduation with University Honors requires completion of a Senior Honors Thesis or Project plus 24 Honors College credit hours and a minimum 3.8 cumulative GPA.

Students who do not wish to complete a Senior Honors Thesis or Project to graduate with Honors may alternatively finish 24 Honors College credit

hours and achieve a minimum 3.25 cumulative GPA to graduate from the university as Honors College Scholars.

Design Innovation (DI)

DI 10010 SURVEY OF DESIGN INNOVATION NODES 3 Credit Hours

Develop awareness and actively utilize the wide array of shared-resource laboratories and environments across Kent State University's eight campus system that are connected as part of the Design Innovation (DI) Ecosystem. Explore the context of maker-communities, emerging technologies and social innovation resources while working in collaborative cross-disciplinary teams to tackle projects that intentionally connect the capabilities of multiple DI Nodes.

Prerequisite: None.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

DI 20020 BE SMARTER THAN YOUR SMARTPHONE 3 Credit Hours

This course uses the development of the smart phone to illustrate the multi-disciplinary nature of design and innovation. It provides an understanding of the technologies that make the smartphone possible. Specifically, the course covers the role of research and design in product development, the changed in patterns and nature of our communications through smartphones, and the implications for businesses, markets and society. The aim of this course is to introduce the multidisciplinary nature of innovation using the smartphone as an example. It presents the complexities, challenges, and opportunities that the smartphone has created.

Prerequisite: None.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

DI 20100 INTRODUCTION TO DESIGN INNOVATION 3 Credit Hours

This course blends analytical skills, intuition and creative thinking to develop practical solutions to real world problems. Gain a high-level understanding of the design process through team-based projects tackling challenges. Design thinking, methods and strategies offer novel ways to discover market opportunities, experiment to validate concepts and mitigate risk, and deliver value to all. This will be a reflective lecture and small project-based course that addresses the programmatic, technical, business, social and human factors of design in a way that leads to innovation(s) in the development of integrated solutions. Learn how to engage with end users, effectively frame problems, identify potential solutions, build prototypes to test assumptions and learn what works (and doesn't). Then dive into a range of ways large and small to bring design innovation into your daily life.

Prerequisite: None.

Schedule Type: Laboratory, Lecture, Combined Lecture and Lab

Contact Hours: 2 lecture, 3 lab

Grade Mode: Standard Letter

DI 30099 CHALLENGE-BASED INNOVATION (ELR) 3 Credit Hours
 (Repeatable for credit) Challenge-Based Innovation (CBI) is a project and problem-based learning course, where multidisciplinary student teams and their instructors collaborate with faculty researchers, community and industry partners to discover novel solutions for the future of humankind. The projects are an elaborate mixture, proposed by cross-disciplinary faculty teams and derived from using research to tackle messy or complex problems to meet societal, human-driven needs. The multidisciplinary student teams act as catalysts in creating novel solutions to pressing problems.

Prerequisite: None.

Schedule Type: Laboratory, Lecture, Combined Lecture and Lab, Project or Capstone

Contact Hours: 2 lecture, 3 lab

Grade Mode: Standard Letter

Attributes: Experiential Learning Requirement

DI 49095 SPECIAL TOPICS IN DESIGN INNOVATION STUDIO 1-6 Credit Hours

(Repeatable for credit) Analysis and cross-disciplinary problem-solving of significant and current issues in design innovation not covered in existing design innovation courses. This studio course is offered when opportunities and resources permit; the topic is announced when the course is scheduled.

Prerequisite: None.

Schedule Type: Studio

Contact Hours: 2-6 other

Grade Mode: Standard Letter

DI 49099 DESIGN INNOVATION WORKSHOP (ELR) 1-4 Credit Hours

(Repeatable for credit) This course supports brief, intensive and interactive activities that address a narrowly defined range of problems in which the content is practical and concentrates on the acquisition of specific information and skills related to practices in design innovation. The variable credit format allows for intensive challenges that might occur in short periods, and that it might be focused on a single problem.

Prerequisite: None.

Schedule Type: Project or Capstone, Workshop

Contact Hours: 1-4 other

Grade Mode: Satisfactory/Unsatisfactory

Attributes: Experiential Learning Requirement

DI 49995 SPECIAL TOPICS IN DESIGN INNOVATION 1-3 Credit Hours

(Repeatable for credit) Analysis and cross-disciplinary problem-solving of significant and current issues in design innovation not covered in existing design innovation courses. This course is offered when opportunities and resources permit; the topic is announced when the course is scheduled.

Prerequisite: None.

Schedule Type: Lecture

Contact Hours: 1-3 lecture

Grade Mode: Standard Letter

DI 49999 DESIGN INNOVATION GRAND CHALLENGES STUDIO PROJECT (ELR) 3 Credit Hours

(Repeatable for credit) A cross disciplinary project-based capstone course that collaboratively focuses on a single grand challenge. Challenges range from those identified by GrandChallenges.org, "solving global health and development problems for those most in need" to one of the "Grand Challenges for Engineering", to one from the list regularly updated by the National Science Foundation, to a pressing challenge identified by the faculty. Taught by a multidisciplinary team of primary instructors with input from industry leaders with complementary expertise, the collaborative effort of students, faculty members, industry partners and-or community leaders, focuses on developing robust multi-perspective, actionable solutions considering multiple criteria including but not limited to technical, socio-cultural and economic dimensions. Outcomes range from early designs, to physical prototypes or policy solutions with an understanding of how to take them to a next phase. Travel component may be included.

Prerequisite: None.

Schedule Type: Project or Capstone

Contact Hours: 6 other

Grade Mode: Standard Letter

Attributes: Experiential Learning Requirement

Honors (HONR)

HONR 10010 HONORS LEADERSHIP ACADEMY 2 Credit Hours

This course will examine effective leadership in the public and nonprofit sectors from both a theoretical and practical perspective. Using course readings, discussions, and assignments students will be challenged and equipped to serve as actively engaged citizens at the university and in the greater community. Students will examine the complexities of generational leadership, working in groups, using effective communication, inspiring a shared vision and purpose, group problem solving, and decision making, ethical leadership, civic engagement, and leading in communities of difference. This class will feature multiple learning methods including lectures, class discussion, case studies, group exercises, in and out-of-class assignments, presentations, and self-reflection. This course aims to teach first semester Honors freshmen students how to be engaged Honors College leaders from the beginning of their college career.

Prerequisite: None.

Schedule Type: Seminar

Contact Hours: 2 lecture

Grade Mode: Standard Letter

HONR 10096 INDIVIDUAL HONORS WORK 1-4 Credit Hours

(Repeatable for credit) Directed independent study for freshmen in any department.

Prerequisite: Special approval of department.

Schedule Type: Individual Investigation

Contact Hours: 1-4 other

Grade Mode: Standard Letter-IP

HONR 10197 FRESHMAN HONORS COLLOQUIUM I (KCMP) 1-4 Credit Hours

(Repeatable for credit) Required of all honors freshmen in lieu of College Writing. Stresses exploration, discussion and communication of ideas expressed in works related to theme of colloquium.

Prerequisite: Admitted to the Honors College.

Schedule Type: Colloquium

Contact Hours: 1-4 other

Grade Mode: Standard Letter-IP

Attributes: Kent Core Composition

HONR 10297 FRESHMAN HONORS COLLOQUIUM II (KCMP) 1-4 Credit Hours

(Repeatable for credit) Continuation of HONR 10197.

Prerequisite: Admitted to the Honors College.

Schedule Type: Colloquium

Contact Hours: 1-4 other

Grade Mode: Standard Letter-IP

Attributes: Kent Core Composition

HONR 13597 COLLOQUIUM: THE WESTERN IDENTITY (KADL) 3 Credit Hours

(Repeatable for credit) Focuses on Western and non-Western cultures from a comparative perspective, in order to identify both different and shared values and to see how one's own culture shapes one's perspective, ideology, and values.

Prerequisite: Admitted to the Honors College; and special approval.

Schedule Type: Colloquium

Contact Hours: 3 lecture

Grade Mode: Standard Letter

Attributes: Kent Core Additional

HONR 20096 INDIVIDUAL HONORS WORK 1-4 Credit Hours

(Repeatable for credit) Directed independent study for sophomores in any department.

Prerequisite: Special approval of the department.

Schedule Type: Individual Investigation

Contact Hours: 1-4 other

Grade Mode: Standard Letter-IP

HONR 20197 SOPHOMORE COLLOQUIUM 1-4 Credit Hours

(Repeatable for credit) One-semester course or two-semester sequence exploring interdisciplinary ideas and issues related to a single theme, by means of readings, discussion and individual papers and projects.

Prerequisite: Admitted to the Honors College.

Schedule Type: Colloquium

Contact Hours: 1-4 other

Grade Mode: Standard Letter-IP

HONR 20297 SOPHOMORE COLLOQUIUM 1-4 Credit Hours

(Repeatable for credit) One-semester course or two-semester sequence exploring interdisciplinary ideas and issues related to a single theme, by means of readings, discussion and individual papers and projects.

Prerequisite: Admitted to the Honors College.

Schedule Type: Colloquium

Contact Hours: 1-4 other

Grade Mode: Standard Letter-IP

HONR 30096 INDIVIDUAL HONORS WORK 1-4 Credit Hours

(Repeatable for credit) Directed independent study for juniors in any department.

Prerequisite: Special approval of department.

Schedule Type: Individual Investigation

Contact Hours: 1-4 other

Grade Mode: Standard Letter-IP

HONR 30197 JUNIOR COLLOQUIUM 1-4 Credit Hours

(Repeatable for credit) One-semester course or two-semester sequence for juniors or seniors exploring interdisciplinary ideas and issues related to single theme, by means of readings, discussion and individual papers and projects.

Prerequisite: Admitted to the Honors College.

Schedule Type: Colloquium

Contact Hours: 1-4 other

Grade Mode: Standard Letter-IP

HONR 30297 JUNIOR COLLOQUIUM 1-4 Credit Hours

(Repeatable for credit) One-semester course or two-semester sequence for juniors or seniors exploring interdisciplinary ideas and issues related to single theme, by means of readings, discussion and individual papers and projects.

Prerequisite: Admitted to the Honors College.

Schedule Type: Colloquium

Contact Hours: 1-4 other

Grade Mode: Standard Letter-IP

HONR 40085 SENIOR HONORS PORTFOLIO 1 Credit Hour

Construction of a senior portfolio, consisting of a collection of artifacts and a reflective essay interpreting the student's growth during the college years.

Prerequisite: Senior standing.

Schedule Type: Individual Investigation

Contact Hours: 1 other

Grade Mode: Standard Letter-IP

HONR 40096 INDIVIDUAL HONORS WORK 1-4 Credit Hours

(Repeatable for credit) Directed independent study for seniors in any department.

Prerequisite: Prior special approval of instructor; and special approval of and preregistration with Honors College.

Schedule Type: Individual Investigation

Contact Hours: 1-4 other

Grade Mode: Standard Letter-IP

HONR 40099 SENIOR HONORS THESIS/PROJECT (ELR) 1-10 Credit Hours

(Repeatable for credit) Thesis or creative project.

Prerequisite: Special approval of department.

Schedule Type: Senior Project/Honors Thesis

Contact Hours: 1-10 other

Grade Mode: Standard Letter-IP

Attributes: Experiential Learning Requirement

HONR 40197 SENIOR COLLOQUIUM 1-4 Credit Hours

(Repeatable for credit) One-semester course or two-semester sequence exploring interdisciplinary ideas and issues related to single theme, by means of readings, discussion and individual papers and projects.

Prerequisite: Admitted to the Honors College.

Schedule Type: Colloquium

Contact Hours: 1-4 other

Grade Mode: Standard Letter-IP

HONR 40297 SENIOR COLLOQUIUM 1-4 Credit Hours

(Repeatable for credit) One-semester course or two-semester sequence exploring interdisciplinary ideas and issues related to single theme, by means of readings, discussion and individual papers and projects.

Prerequisite: Admitted to the Honors College.

Schedule Type: Colloquium

Contact Hours: 3 other

Grade Mode: Standard Letter-IP

Mission of the College

The mission of the University College is to help students explore, engage and succeed with purpose.

The college's record of innovation includes 14 national awards, three internationally certified programs and nearly \$8 million in grant funding in the past several years.

Initiatives in the University College for students to succeed include the following:

- Involvement in Destination Kent State: New Student Orientation increases students feeling connected to campus, ability to find resources they need and increases their feeling of being prepared to start college.
- Students who regularly attend services offered by the Academic Success Center are 11.4 percent more likely to return for the next academic year than their classmates.
- Students who attend six or more Academic Success Center sessions per semester earn 0.65 higher course GPA on average.
- The college's Office of Career Exploration and Development helps our students find on-campus employment, and these students are more likely to earn higher grades and stay in school.
- "Early and Often Advisement" – First-year students engage in career experiences at the same rate as senior students.
- Students who participate in the Exploratory Advising Center's EXCEL Living Learning Community are nearly 10 percent more likely to return to Kent State compared to their peers.
- Student Support Services exceeded all Ohio Department of Education performance goals by 10 percent or more.

Academic Programs

Pre-Major

- Exploratory

Special Program - Non-Degree

- Cooperative Education Program

National Student Exchange (NSE)

NSE 10095 NATIONAL STUDENT EXCHANGE (ELR) 0 Credit Hours

(Repeatable for credit) This is not a real academic course but a means of holding out of state students awaiting their transfer back to Kent. For record keeping only.

Schedule Type: Lecture

Contact Hours: 0 lecture

Grade Mode: Transfer

Attributes: Experiential Learning Requirement

University College (UC)

UC 10001 FLASHES 101 1 Credit Hour

(Equivalent to UC 10002 or UC 20007) Course aims to foster a university-wide sense of belonging; promote engagement in the curricular and co-curricular life of the university; articulate what students can expect from and contribute to their community; and help students continue to clarify their purpose, meaning and direction. This course is required for all new degree-seeking, first-time students to Kent State. The course is not required for transfer students with 30 or more credit hours or students who are admitted as an adult student.

Prerequisite: None.

Schedule Type: Seminar

Contact Hours: 1 lecture

Grade Mode: Satisfactory/Unsatisfactory

UC 10002 ADULT STUDENT ORIENTATION 1 Credit Hour

(Equivalent to UC 10001) Course focuses on balancing adult roles and responsibilities with college demands. Students sharpen learning skills and study strategies while making connections with other adult students at Kent State.

Prerequisite: None.

Schedule Type: Lecture

Contact Hours: 1 lecture

Grade Mode: Satisfactory/Unsatisfactory

UC 10095 SPECIAL TOPICS IN UNIVERSITY COLLEGE 1-3 Credit Hours

(Repeatable for credit) Variable topics course that encourages interdisciplinary study to cover areas not treated adequately in traditional coursework and to make available promptly the new and significant experience of the faculty.

Prerequisite: None.

Schedule Type: Lecture

Contact Hours: 1-3 lecture

Grade Mode: Standard Letter

UC 10096 INDIVIDUAL INVESTIGATION 1-6 Credit Hours

(Repeatable for a maximum of 6 credit hours) Experiential learning opportunity, working with a faculty member in his or her area of expertise.

Prerequisite: None.

Schedule Type: Individual Investigation

Contact Hours: 1-6 other

Grade Mode: Standard Letter-IP

UC 10162 INTRODUCTION TO PROFESSIONAL DEVELOPMENT 1 Credit Hour

Course exposes students to professional skills and competencies they will need and use in the future. Students begin to develop important career ready competencies. Students learn about the art of networking and relationship building, what it means to be culturally agile, how to succinctly present themselves (elevator pitch and executive summaries), how to use career job sites and resources for career exploration and-or researching companies. Students must have satisfactorily completed UC 10097 before taking this course.

Prerequisite: Ambassador Crawford College of Business and Entrepreneurship major.

Schedule Type: Lecture

Contact Hours: 1 lecture

Grade Mode: Standard Letter

UC 10192 EXPERIENTIAL LEARNING PLUS-1 CREDIT (ELR) 1 Credit Hour

(Repeatable for maximum 2 credits) Course allows students to add experiential learning to any undergraduate course. The course involves applying the knowledge and skills developed in a course to support local initiative through civic engagement. Students consider the knowledge base of the primary course and/or discipline, and how it is applied in real practice. Reflective activities are used to challenge students to consider larger questions and the interdisciplinary nature of complex problems and solutions. This course is not a stand-alone course - it must be appended to a primary course.

Prerequisite: Special approval.

Schedule Type: Practical Experience

Contact Hours: 3 other

Grade Mode: Standard Letter

Attributes: Experiential Learning Requirement

UC 20007 LIFE BEYOND KSU 1 Credit Hour

(Equivalent to UC 10001) Equips students with the knowledge and tools critical for entering the professional world through research and application of career-related concepts and activities. Reserved for students who have not successfully completed the Flashes 101 course.

Prerequisite: Junior or senior standing.

Schedule Type: Lecture

Contact Hours: 1 lecture

Grade Mode: Standard Letter

UC 20008 CAREER CONSTRUCTION 1 Credit Hour

Course prepares students to increase their self-awareness, while equipping them to navigate a lifetime of meaningful occupational realities. Through experiential activities, discussions and reflective exercises, students gain self-understanding and connect academic opportunities to careers and specializations in career fields. Designed for students who have not yet declared a major, are evaluating a career change or are interested in finding personal meaning and mattering in occupational and life decisions.

Prerequisite: None.

Schedule Type: Lecture

Contact Hours: 1 lecture

Grade Mode: Standard Letter

UC 20009 CAREER AND LIFE PLANNING: CHANGE, CHANCE AND CHOICE 1 Credit Hour

Navigating a career and life planning can be complex. Course is designed to equip students with knowledge and skills useful in deciding how to use opportunities to build meaningful futures and how to maintain flexibility and adaptability in the work environment. Designed for students who have not yet declared a major or are contemplating or engaged in life and career exploration or change.

Prerequisite: UC 20008.

Schedule Type: Lecture

Contact Hours: 1 lecture

Grade Mode: Standard Letter

UC 20010 CAREER NAVIGATION: CONSTRUCTING POSSIBILITIES 2 Credit Hours

Navigating a career and life planning can be complex. Course is designed to equip students with self-awareness, knowledge and skills useful in deciding how to use opportunities to build meaningful futures and how to maintain flexibility and adaptability in the work environment. Students learn how to balance planning with uncertainty and navigate a lifetime of meaningful occupational realities. Through experiential activities, discussions and reflective exercises, students gain self-understanding and connect academic opportunities to careers and specializations in career fields. Designed for students who have not yet declare a major, are interested in finding personal meaning and mattering in occupational and life decisions or are contemplating or engaged in life and career exploration or change.

Prerequisite: None.

Schedule Type: Lecture

Contact Hours: 2 lecture

Grade Mode: Standard Letter

UC 20095 SPECIAL TOPICS IN UNIVERSITY COLLEGE 1-3 Credit Hours

(Repeatable for credit) Variable topics course that encourages interdisciplinary study to cover areas not treated adequately in traditional coursework and to make available promptly the new and significant experience of the faculty.

Prerequisite: None.

Schedule Type: Lecture

Contact Hours: 1-3 lecture

Grade Mode: Standard Letter

UC 20193 VARIABLE TITLE WORKSHOP IN UNIVERSITY COLLEGE 1-3 Credit Hours

(Repeatable for credit) Workshop focused on variable topics.

Prerequisite: None.

Schedule Type: Workshop

Contact Hours: 1-3 other

Grade Mode: Satisfactory/Unsatisfactory

UC 20201 DESTINATION KENT STATE STUDENT LEADER TRAINING 2 Credit Hours

Course prepares students to develop a solid foundation in Destination Kent State programs, Kent State knowledge, leadership and communication skills in order to support the Destination Kent State programs. May include Saturday sessions.

Prerequisite: UC 10001.

Schedule Type: Lecture

Contact Hours: 2 lecture

Grade Mode: Satisfactory/Unsatisfactory

UC 20203 THEORY AND PRACTICE OF PEER TUTORING 1 Credit Hour

Preparation for tutoring in several academic areas. Emphasis on the student as learner. Introduction to current learning theories. Opportunities provided to adapt learning strategy to particular disciplines. Field experience included.

Prerequisite: None.

Schedule Type: Lecture

Contact Hours: 1 lecture

Grade Mode: Standard Letter

UC 20250 COLLEGIATE LEADERSHIP COMPETITION 2 Credit Hours

This experiential, competency-based course is designed to help students become more aware of a wide range of managerial and leadership concepts. Students will develop leadership skills and gain an opportunity to build their resume and professional network. This course will increase the student's understanding of personal strengths and areas for improvement by stretching them to the boundaries of their knowledge, skills, and abilities. Likewise, students will build skills around ethical decision making, problem solving, negotiation, conflict management, and presentation skills. Students will represent Kent State University at the Collegiate Leadership Competition against other schools in the Great Lakes Region.

Prerequisite: None.

Schedule Type: Lecture

Contact Hours: 2 lecture

Grade Mode: Standard Letter

UC 20260 (R)EVOLUTION LEADERSHIP 1 Credit Hour

The (R)evolution leadership course is an experiential, competency-based course designed to equip students with the tools and the introspection they need to be successful leaders and engaged community members in a complex and ever changing landscape. Students are taken through a series of leadership modules and develop a capstone project that will utilize the skills they have gained and make a positive impact on the community.

Prerequisite: None.

Schedule Type: Seminar

Contact Hours: 1 lecture

Grade Mode: Standard Letter

UC 20292 EXPERIENTIAL LEARNING PLUS-1 CREDIT (ELR) 1 Credit Hour

(Repeatable for maximum 2 credits) Course allows students to add experiential learning to any undergraduate course. The course involves applying the knowledge and skills developed in a course to support local initiative through civic engagement. Students consider the knowledge base of the primary course and/or discipline, and how it is applied in real practice. Reflective activities are used to challenge students to consider larger questions and the interdisciplinary nature of complex problems and solutions. This course is not a stand-alone course - it must be appended to a primary course.

Prerequisite: Special approval.

Schedule Type: Practical Experience

Contact Hours: 3 other

Grade Mode: Standard Letter

Attributes: Experiential Learning Requirement

UC 30202 DESTINATION KENT STATE STUDENT SUCCESS LEADER SEMINAR 2 Credit Hours

(Repeatable a maximum of 4 credits) Required of all student success leaders who are paired with a faculty member in assisting with UC 10097. Students need to meet the minimum requirements for the college or department in which they serve as a student success leader.

Prerequisite: UC 20201.

Schedule Type: Seminar

Contact Hours: 2 other

Grade Mode: Satisfactory/Unsatisfactory

UC 30392 EXPERIENTIAL LEARNING PLUS-1 CREDIT (ELR) 1 Credit Hour

(Repeatable for credit) Course allows students to add experiential learning to any undergraduate course. The course involves applying the knowledge and skills developed in a course to support local initiative through civic engagement. Students consider the knowledge base of the primary course and/or discipline, and how it is applied in real practice. Reflective activities are used to challenge students to consider larger questions and the interdisciplinary nature of complex problems and solutions. This course is not a stand-alone course - it must be appended to a primary course.

Prerequisite: Special approval.

Schedule Type: Practical Experience

Contact Hours: 3 other

Grade Mode: Standard Letter

Attributes: Experiential Learning Requirement

UC 31000 MCNAIR RESEARCH METHODS I 1 Credit Hour

Introduction to research methods in the context of the McNair Scholars Program. Topics include selection of a research mentor, research ethics, finding, collecting and citing empirical sources. Registration is restricted to McNair Scholars.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 1 lecture

Grade Mode: Satisfactory/Unsatisfactory

UC 31001 MCNAIR RESEARCH METHODS II 1 Credit Hour

Research methods in the context of the McNair Scholars Program. Topics include developing a question, various design and data collection approaches, writing the research paper. Registration is restricted to McNair Scholars.

Prerequisite: Special approval.

Schedule Type: Lecture

Contact Hours: 1 lecture

Grade Mode: Satisfactory/Unsatisfactory

UC 40010 MCNAIR SCHOLARS SEMINAR I 1 Credit Hour

McNair Scholars are required to take this course after participation in Summer Research Institute. The course provides training related to the graduate school application process. Registration is restricted to McNair Scholars.

Prerequisite: Special approval.

Schedule Type: Seminar

Contact Hours: 1 lecture

Grade Mode: Satisfactory/Unsatisfactory

UC 40201 DESTINATION KENT STATE STUDENT LEADER TRAINING 3 Credit Hours

Experienced student leaders for Destination Kent State selected to be trainers are required to take this course. Course provides training and skill development for assisting with training future Destination Kent State student leaders.

Prerequisite: UC 30202.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

UC 40202 DESTINATION KENT STATE INTERN SEMINAR 3 Credit Hours

Experienced student success leaders selected to be student interns are required to take this course. Course extends training and skill development for students who assume responsibility for assisting student success leaders.

Prerequisite: UC 30202.

Schedule Type: Lecture

Contact Hours: 3 lecture

Grade Mode: Standard Letter

UC 40492 EXPERIENTIAL LEARNING PLUS-1 CREDIT (ELR) 1 Credit Hour

(Repeatable for credit) Course allows students to add experiential learning to any undergraduate course. The course involves applying the knowledge and skills developed in a course to support local initiative through civic engagement. Students consider the knowledge base of the primary course and/or discipline, and how it is applied in real practice. Reflective activities are used to challenge students to consider larger questions and the interdisciplinary nature of complex problems and solutions. This course is not a stand-alone course - it must be appended to a primary course.

Cooperative Education Program

University College

Department of Career Exploration and Development

www.kent.edu/career/co-op

About This Program

Looking for a way to gain professional work experience while earning your degree? Look no further than Kent State University's Cooperative Education Program. Our co-op program provides students with the opportunity to alternate between full-time semesters of classroom instruction and full-time semesters of paid, professional work experience in their field of study. Read more...

 - In person
- **Location:**
 - Ashtabula
 - East Liverpool
 - Geauga
 - Kent
 - Salem
 - Stark
 - Trumbull
 - Tuscarawas
 - Twinsburg Academic Center

Admission Requirements

- Students must have one semester as a degree-seeking student at Kent State prior to their first co-op rotation.
- Students must be enrolled as a half- or full-time student (minimum 6 credit hours) in the semester prior to enrollment in the co-op education program.
- Students must have earned a minimum 2.000 overall GPA at the time of their co-op application.
- Students must have no holds on their student's record from any source (financial, academic, conduct).
- Cooperative position must be approved and relevant to students' career direction.
- Students must have received a completed grade and have resolved any outstanding non-completed grades for previous co-op rotations.
- International students must receive work authorization prior to enrolling in each co-op rotation.

The University College will work with the student's college to assess all applicants holistically, considering their academic progress, related experience, academic and extracurricular activities, among others, to evaluate the student's likelihood of success in the program.

Full Description

Students in Kent State University's Cooperative Education Program (co-op) enhance their degree program by relating theory to practice and applying what they have learned in the classroom to real-life workplace scenarios. This process of "learning by doing" increases student motivation and employability after graduation and maximizes student growth and development. Through a co-op experience, students explore career and academic options, test career choices, increase professional skills and earn money to contribute to educational expenses. Cooperative education experiences are highly desired, selective and in the student's chosen field.

All students participating in a co-op experience must register for COOP 20092 (non-credit, offered through University College) and pay the co-op fee. Enrollment in the course is restricted by special approval,

and students may only register after submission and approval of all application forms. Enrollment in the course will ensure the student is designated and reported as a full-time student and permit the student to have access to all student services and resources during the co-op semester. Students participating in a cooperative education course do not earn credit hours the semester away. As a result, students are not eligible to receive federal or state grants, student loans or institutional scholarships. However, students will be reported to their federal loan services as enrolled full-time, allowing for student loans to remain in the in-school deferment status and therefore not enter repayment.

Exploratory Program

Examples of Declared Majors

The top majors declared by students earning a degree from Kent State in 2021 who started in the Exploratory program:

- Psychology
- Nursing
- Public Health
- Human Development and Family Studies
- Criminology and Justice Studies
- Business Management
- Communication Studies
- Biology
- Marketing
- Finance
- Public Relations
- English

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE Academic score, or by completing the ELS level 112 Intensive Program. For more information, visit the admissions website for international students.

Transfer Students: Students who have attended any other educational institution after graduating from high school must apply as undergraduate transfer students. For more information, visit the admissions website for transfer students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the program's Coursework tab.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this major. However, courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Credit Hours		15
Minimum Total Credit Hours:		45

Full Description

The Exploratory pre-major affords a tremendous opportunity for students explore, engage and succeed with purpose—confidently declaring their major. . Students benefit from the guidance, advising and support offered in the Exploratory Program. Beginning in a student's first semester, academic advisors partner with students through their exploration process with a personalized Exploratory Plan.

The Exploratory pre-major does not lead to a degree. Students must declare a degree major by the time they have earned 45 credit hours at Kent State University.

The Exploratory pre-major comprises the following interest areas.

- **Aeronautics, Applied Engineering and Technology.** Are you curious about how things work? Are you a great problem solver, have a flare for detail and organizing and an interest in green technologies that can improve the quality of life for people? Maybe you enjoy using technology to get things done or to solve problems when they arise, or you spend time playing flight simulation video games. If so, you might wish to consider careers in aviation, emerging technologies, production or manufacturing and sustainability.
- **Biological Sciences, Health and Wellness.** Are you committed to improving the health and well-being of others? Do you like to study human behavior or want to pursue a career in nursing, nutrition, speech pathology and audiology, counseling or other health-related fields? You may want to consider a major in the area of biological sciences, health and wellness where you will learn to use the knowledge and techniques of biological and biomedical science as

well as the knowledge of the helping professions to promote the maintenance of health and the prevention of illness.

- **Business.** Are you a problem solver and good communicator? Do you like to think strategically and lead others? You may find that a major in the area of business is right for you. Learn to analyze business problems through the development of skills in accounting, finance, economics and information systems and gain an understanding of real-world business problems through case studies and simulations.
- **Communications, Journalism and Media.** If you can imagine yourself writing for a major news organization, producing television shows and movies, providing corporate training and development, designing political or health campaigns, working as a social media manager, creating advertising or public relations campaigns or working as a speech writer for CEOs or political leaders, majors in this field will appeal to you. Opportunities spanning multiple industries await you in TV, radio, film, print or electronic media, corporate communications, international business and diplomacy. Learn different aspects of communication and information theory, research, use and practice while engaging in scholarly investigations and practical applications of the elements and means of creating, managing, using and evaluating messages.
- **Computers, Mathematics and Information Sciences.** Can you easily solve a Rubik's cube or disentanglement puzzle, figure out logic teasers or optical illusions and decrypt secret message codes? These games of strategy are good indicators that your problem-solving and critical thinking skills could be applied to the study of information and computation, as well as the new area of digital sciences. Understand the properties, uses and impact of the programs used to implement software and use that understanding to create new programs or improve existing ones.
- **Design.** Do you enjoy the process of communicating through visual means – using illustration, photography, motion graphics or the Internet to express a concept or solve a problem? Are you intrigued by the use of lights, stage props and sound in theatre and dance productions to create unique environments? Or perhaps the environment you are interested in is one of residential and commercial spaces – the lighting, interior materials and color, signage and graphics or the very structure and form of a building. Are you admired for your sense of fashion and have an ability and interest in designing and constructing your concepts? A wide range of academic programs in design provide students with an opportunity to merge a creative life with a profession and to work individually, collaboratively or within an organization to bring value and beauty to our global community.
- **Education and Teaching.** Can you envision yourself shaping young minds and preparing them for a successful future? Do those who know you well describe you as nurturing, patient, organized, a multi-tasker good at explaining things and somewhat conventional in your views? If these adjectives resonate with you, then you'll probably find a rewarding career as an educator. For those interested in advanced degrees in schools, schooling, education in non-school settings and leadership positions, there are opportunities to add endorsements, licenses or degrees to strengthen knowledge in teaching, learning, administration and leadership in a variety of disciplines.
- **Government, Public Policy and Justice.** Are you able to resolve disputes? Are you committed to the pursuit of truth? If you are also a detailed problem solver, articulate communicator, and passionate about righting wrongs, you should explore majors in this area. Study the action, regulatory measures, laws, social service agency engagement, social justice and funding priorities developed by

government, agencies or representatives, and use qualitative and quantitative methods to understand and assess their impact.

- **Human Services and Social Sciences.** Do you want to make a difference in the lives of others? As long as you are resourceful, committed, empathic and empowering, you can help to change the world. Start living out your calling by providing a voice for the people who need it most.
- **Languages, Literature and Culture.** Have you wondered about people and their roots and history? Do you enjoy languages? Study the creation, organization and use of human knowledge, belief and behavior. Investigate how the development of symbolic languages and social learning have impacted shared attitudes, values, goals and practices associated with human institutions, organizations and groups.
- **Physical Sciences and the Environment.** If you are intrigued by the natural world and its sustainability, you may have happened upon your ideal area of study. You should be highly inquisitive, detail oriented, analytical and adventurous. Or, you may choose to prepare for scientific careers in the fascinating world of physical science, which uses experimental and quantitative methods to study, model and understand natural and physical phenomena.
- **Sport, Recreation and Hospitality.** Do you want to be in the business of playing? Your competitive, persistent nature will serve you well on the athletic field, as well as in sports management or marketing/promotion. You may also consider the hospitality industry and event planning or community-based park and wellness facilities. The ability to plan activities, motivate and involve participants is critical.
- **Visual and Performing Arts.** Do you find it exciting to express your ideas and emotions through art, music or dance? Are you intrigued by the process of staging productions? Do you enjoy studying the history of visual and performing arts? If you are disciplined, energetic and drawn to challenging artistic environments that demand your best, then a major in the visual and performing arts could be the right choice for you. Study at the graduate level fosters an exciting intersection between professional training and academic excellence where you are encouraged to create artistic projects that combine theory, history, criticism, pedagogy and interdisciplinary studies.

To assist students in making informed major choices by the time they reach 45 credit hours, all Exploratory students participate in personalized Exploration Plan. There are six main components of the Exploration Plan that students participate. Students will:

1. Select one of **13 areas of interest** to begin exploring. This is the first step and will be completed before the student's first semester.
2. Create a **Major Action Plan** using the results of a career readiness inventory and continuously update the plan until a major is declared.
3. Engage in the **Flashes 101** course (UC 10001), which will focus on the transition to college and utilizes a curriculum developed specifically for exploratory students, including career exploration, developing an awareness of diverse perspectives, learning about their strengths, interests and much more.
4. Enroll in **Coursework with Peers**, providing students with the opportunity to network with fellow peers and create study groups. Some of the courses include Kent Core and introductory courses.
5. Enroll in **Career Navigation** in the student's second semester. In this course, students explore themselves, explore careers, make connections and set career-related goals. As a bonus, if students are part of the Exploratory Learning Community, they will take this course with other learning community students.

6. Participate in the **Exploratory Learning Community**. The Exploratory Learning Community is designed to assist students in confidently selecting their major with programming focused on exploration of careers and majors, leadership and academic success. Joining the learning community is a great way for students to build connections with their peers and gain access to more support through their career and major exploration. The Exploratory Learning Community is housed in Lake Hall for students living on campus; however, Honors College students living in honors housing and students who commute may also join.

Each Exploratory student is assigned an academic advisor. The expert academic advisors are focused on partnering with the student. This partnership includes guiding students through their personalized Exploration Plan, keeping them on track to declare their major (and staying on track to graduate as planned), and celebrating their major declaration and graduation. Exploratory academic advisors are housed in the Exploratory Advising Center; students have a minimum of one required meeting with an advisor each semester.

Diversity Course Requirement

The purpose of Kent State's diversity requirement is to help educate students to live in a world of diverse communities, many of which are becoming increasingly permeated with cultural and ideological differences. The study of diversity is intended to promote awareness of local and global differences, to identify shared values, to improve understanding of one's own culture, and to encourage people to explore and respect differences.

The diversity requirement is part of the university's broader efforts to encourage, both at the university and beyond, the development of communities in which all members and their contributions are recognized and valued. Diversity courses provide opportunities for students to learn about such matters as the history, culture, values and notable achievements of people other than those of their own national origin, ethnicity, religion, sexual orientation, age, gender, physical and mental ability, and social class. Diversity courses also provide opportunities to examine problems and issues that may arise from differences, and opportunities to learn how to deal constructively with them.

Courses that satisfy the diversity requirement aim to give students significant opportunities to:

- Address diversity issues, particularly those involving unequal and/or discriminatory treatment
- Compare positive and negative implications of various parochial or "...centric" perspectives
- Encourage global awareness and sensitivity
- Engage issues of racial or ethnic perceptions, attitudes and stereotypes
- Examine patterns and trends of diversity in the United States
- Explore ways to communicate and participate constructively in a diverse community
- Foster appreciation of aesthetic dimensions of other traditions and cultures
- Learn systematic approaches to understanding cultural differences and commonalities
- Learn systematic techniques for dealing constructively with problems arising out of cultural differences
- Participate in special programs that promote understanding other peoples
- Study Western and non-Western cultures in a world context or from a comparative perspective
- Understand how one's own culture shapes one's perceptions, ideology and values

It is understood that not every course will address all of these criteria.

Requirements

As part of the requirements for any bachelor's degree at Kent State, all students must satisfy the diversity requirement, consisting of one course addressing domestic (U.S.) issues and one course addressing global issues.

At least one course must come from the Kent Core. Students may satisfy the second diversity requirement in one of three ways:

1. They may complete the second diversity course from the Kent Core, which also will count toward fulfilling the Kent Core.

2. They may complete any non-Kent Core diversity course. This course may also count toward major or minor program requirements or may be used as an elective.
3. They may satisfy the global diversity requirement by completing a course in another country.

Diversity Criteria and Guidelines

Domestic Diversity Focus

Flashes 101 (New Student Orientation)

All undergraduate students are required to satisfactorily complete UC 10001 to earn an associate or bachelor's degree at Kent State. New student orientation courses from another college or university may not be substituted for Kent State's course.

The only exceptions to the requirement are the following:

1. Incoming students who are designated by Kent State admissions as adult students (21 years or older). These students are encouraged to contact the Center for Adults and Veteran Services or a Regional Campus advising office for information regarding the availability of special orientation programs for adult students.
2. Students who transfer 30 or more credit hours from another higher education institution, excluding post-secondary and dual-enrollment credit (College Credit Plus).

Full-time students are expected to complete UC 10001 during their first semester of enrollment. Part-time students are expected to complete the course before they attain sophomore standing (30 credit hours).

Experiential Learning Requirement

Kent State University's experiential learning requirement (ELR) provides students with the opportunity to initiate lifelong learning through the development and application of academic knowledge and skills in new or different settings.

Kent State recognizes that there are diverse ways to fulfill the experiential learning requirement. To accommodate such diversity, an experiential learning activity may fall into one or more of the following categories:

- **Civic Engagement** enables Kent State students to interact with people from diverse backgrounds; to challenge their understanding of community needs and the systems addressing those needs; and to explore ways of improving community life. The primary purpose for activities that fall into this category encompasses community involvement, awareness, learning or reflection.
- **Creative/Artistic** activities enable Kent State students to engage in various forms of creative expression to produce works that reflect a synthesis of knowledge and skills. These works may be original or interpretative and may be expressed through performances, portfolios, exhibits, pieces of work or other significant projects.
- **Practical Experiences** enable Kent State students to actively extend learning to new contexts outside the typical classroom environment. These experiences allow students to use skills and concepts related to their career path while engaging in work-like settings that are common to their field of study
- **Research** activities enable Kent State students to engage in systematic inquiry that contributes to the discovery or interpretation of knowledge significant to their field of study. This research can be applied, creative/artistic, descriptive, experimental, historical, inferential, observational or theoretical.
- **Study abroad/Away** activities enable Kent State students to be immersed in an off campus environment. These experiences contribute to a student's understanding of culture, customs, diversity, history, language, politics, religion, society and/or traditions.

Requirements

1. As part of the requirements for any baccalaureate, all students must satisfy the experiential learning requirement.
2. The requirement may be fulfilled by a course, a component of a course or a non-credit paid or unpaid experience. Courses may be at either the lower-or upper-division level.
3. For non-course options, students must obtain prior approval from their program faculty for the experience.
4. The requirement may be fulfilled individually or collaboratively.
5. Students must meet the learning outcomes listed below and any additional learning outcomes as defined by their program.
6. Satisfactory completion of this requirement will be determined by the faculty.
7. Experiential learning opportunities must be completed while enrolled at Kent State University.
8. These experiential learning opportunities must meet existing university regulations and guidelines (e.g., institutional review board approval for research with animals or human subjects, memoranda of affiliation/understanding with community partners).

Learning Outcomes

Students will be able to:

- Connect ideas, concepts and skills developed at the university with their applications to new and different contexts.
- Demonstrate the implementation of ideas, concepts and/or skills studied at the university in new and different contexts.
- Demonstrate how this experience has broadened their understanding of the discipline, the world of themselves as learners.
- Reflect on the meaning of the experience for their current and future learning.

- Honors equivalents shall satisfy the Kent Core.
- None of the courses on the Kent Core list may be taken pass/fail.

Transfer Credit, Proficiency Testing and Other Options in Meeting the Kent Core

1. Certain alternatives to formal Kent State coursework may be recognized in the fulfilling of the Kent Core.
2. Credits earned for specified courses within the Kent Core course list through external credit-conferring testing programs, such as the College Board Advanced Placement and College Level Examination Program (CLEP), will be applied toward the fulfillment of the Kent Core as appropriate for the specific courses for which credit is received.
3. Courses transferred from accredited post-secondary institutions will be applied toward fulfillment of the Kent Core as appropriate for the specific courses for which credit is awarded.
4. The university's Credit-By-Examination (CBE) program may be utilized in fulfillment of the Kent Core within the conditions, guidelines and policies established for that program and for the course (s) for which credit is sought.
5. Proficiency, as established by placement examinations or other recognized procedures and mechanisms for this purpose, can be used to fulfill Categories I (Composition) and II (Mathematics and Critical Reasoning) of the Kent Core. For example, students who are placed into ENG 21011 and complete it with a passing grade will have met the Category I. It is assumed that students who are placed at and pass the higher level of one of these sequenced courses have also mastered the content of the prerequisite course. While students may meet the requirements of Categories I and II through proficiency, minimum credit hours must be met in Categories III, IV, V and VI. Students meeting Categories I and II requirements through proficiency must substitute other courses, which shall be elective, to earn the minimum credit hours required for the bachelor's or associate degree.

To fulfill the purposes of general education, any of the above alternatives to the fulfillment of the Kent Core by formal coursework at Kent State University must be exercised by the students within the first 60 credit hours of academic credits earned at and/or transferred to Kent State University.

Students who transfer to the university with more than 45 credit hours of applicable credits (including students with associate's degrees in technology from the Kent State University Regional Campuses or those who transfer to bachelor's-level programs from associate-level technology programs) must exercise such option(s) within the first calendar year of their Kent State University enrollment.

Post-undergraduate students who have earned a baccalaureate from a regionally accredited institution will be deemed to have completed the equivalent of the university's Kent Core requirement. By virtue of having earned a bachelor's degree, these students will be recognized as having completed their general education requirements. If they pursue an academic program at Kent State University that requires specific courses that are also in the Kent Core but are unmet, they can be held to those requirements because the courses are considered program requirements first and foremost.

Kent State students who update their official catalog from a year prior to 2010 to the current catalog year will be given special consideration in determining completion of the Kent Core. If students have met all of the

Kent Core (General Education Requirement)

The Kent Core is the foundation of the university's mission to prepare students to live in today's complex, global society. It broadens intellectual perspectives, fosters ethical and humanitarian values and prepares students for responsible citizenship and productive careers. Through this learning experience, students develop the intellectual flexibility they need to adapt to an ever-changing world.

Kent Core courses enable students to:

- Acquire critical-thinking and problem-solving skills
- Apply principles of effective written and oral communication
- Broaden their imagination and develop their creativity
- Cultivate their natural curiosity and begin a lifelong pursuit of knowledge
- Develop competencies and values vital to responsible uses of information and technology
- Engage in independent thinking, develop their own voice and vision and become informed, responsible citizens
- Improve their understanding of issues and behaviors concerning inclusion, community and tolerance
- Increase their awareness of ethical implications of their own and others' actions
- Integrate their major studies into the broader context of a liberal education
- Strengthen quantitative reasoning skills
- Understand basic concepts of the academic disciplines

Although not every Kent Core course will address all these goals, learning within the Kent Core as a whole enables students to acquire the tools for living rich and meaningful lives in a diverse society.

Requirements

- As part of the requirements for any bachelor's degree and the Associate of Arts and Associate of Science degrees, all students must complete a minimum 36-37 credit hours of the Kent Core distributed as indicated within the specific categories.
- As part of the requirements for any applied and technical associate degrees (A.A.B., A.A.S., A.T.S.), all students must complete a minimum 15 credit hours of the Kent Core distributed as indicated within the specific categories.
- Colleges or degree programs may augment the university's minimum Kent Core, and they may specify for their students certain courses in fulfillment of the requirements. It is essential, therefore, that students consult that section of the catalog for their college and degree program.
- The Kent Core should normally be completed within the 60 credit hours that immediately follow the first date of enrollment in a bachelor's degree program.

general education requirements (or Liberal Education Requirement) in their prior catalog, their Kent Core will be considered complete. Students must contact their advisor to determine eligibility.

Kent Core for the Associate of Arts (A.A.), Associate of Science (A.S.) and Bachelor's degrees

VI. Additional

Select courses from I.-V. Any of the following courses below may also be selected:

Code	Title	Credit Hours
COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL) (OT36)	3
HONR 13597	COLLOQUIUM: THE WESTERN IDENTITY (KADL)	3
MCLS 20001	GLOBAL LITERACY AND CULTURAL AWARENESS (KADL)	3
PHIL 11009	CRITICAL THINKING (KADL)	3

¹ MATH 10772 and MATH 11009 are equivalent; students earn credit once.

² MATH 10775 is equivalent to MATH 11010; students earn credit once.

³ MATH 10771 and MATH 14001 are equivalent; students earn credit once.

⁴ ATTR 25057 and EXSC 25057 are equivalent, and ATTR 25058 and EXSC 25058 are equivalent; students earn credit once for each group.

⁵ Science-related major course; not recommended for non-science majors.

Writing-Intensive Course Requirement

The purpose of the writing-intensive course (WIC) requirement is to assist undergraduates in becoming effective writers within their major discipline. Building on earlier writing courses, the WIC focuses on writing forms and standards used in the professional life of the discipline. Through these courses, students should understand and experience the ways in which writing shapes and enhances the acquisition and communication of knowledge.

All writing-intensive courses must meet the following criteria:

- Be designed, at least in part, to help students become effective writers in a specific discipline
- Involve a substantial amount of writing

- Provide at least one writing assignment where there is an opportunity for guided revision before grading occurs

Requirements

1. As part of the requirements for any baccalaureate, all students must satisfy the writing-intensive course requirement.
2. At least one upper-division course from the writing-intensive course list must be completed with a minimum C grade.
3. Students should fulfill the requirement by taking a course in the major. In rare instances, a student may use a writing-intensive course from another discipline if approved by the student's major department or school.

A and AS Levels

Kent State accepts for credit the successful completion of A (Advanced) Level and AS (Advanced Subsidiary) Level qualification conferred as part of the General Certificate of Education administered by AQA, Edexcel or the University of Cambridge International Examinations.

The A and AS Levels Credit Chart gives information about these exams and credits earned for passed exam reports. The chart reflects Cambridge exam numbers and syllabi, but exams from other sources will be cross-referenced by the Office of Global Education in consultation with faculty upon evaluation of scores.

An official score report must be submitted to Kent State before A- and AS-level credit can be applied to a student's academic record. Specific questions regarding how these credits apply to program requirements should be directed to the student's major program's college office.

Academic Standing - Graduate Student

Effective Date: Month Day, Year

Last Revised: Month Day, Year

Last Revised: Month Day, Year

Next Review: Month Day, Year

Policy Statement

Good academic standing indicates that students are meeting university and program requirements and are making satisfactory progress towards their degree. The definition of satisfactory performance and progress toward completion of the degree may differ among degree programs; therefore, it is imperative that each graduate program have these requirements in writing in their graduate handbook and distribute them to graduate students when they matriculate into the program.

Progress Toward Degree Completion

All graduate students are expected to meet university and program requirements, and to make progress toward completion of their degree. This progress includes satisfying the conditions listed below and achieving the requirements set by the individual degree program.

Students who fail to satisfy the requirements of their degree program and/or the conditions outlined below may be dismissed from the program.

1. Students must maintain their status as degree-seeking student by registering for at least 1 graduate credit hour that contributes to their degree requirements as determined by their graduate program each year (defined as three consecutive terms, including summer as one term) or by taking an approved leave of absence. Courses taken for audit and course withdrawals will not be counted as fulfilling the minimum enrollment requirements. Meeting this minimum enrollment requirement does not guarantee students will meet the minimum requirements of other programs, offices or agencies.
2. Students are expected to maintain a minimum 3.000 grade point average (GPA).¹ Some programs have minimum academic standards that may exceed the overall university standards and are listed in the University Catalog.
3. Doctoral students must comply with the time limits for passing candidacy. Reference policy on Candidacy for Doctoral Degree.
4. Students must comply with the policy of Time Limits for Graduate Degrees.

In addition to the performance and progress made upon the conditions listed above, individual degree programs will review student performance in the fulfillment of the degree program's requirements. Consideration may include, but is not limited to, such factors as performance during informal coursework and seminars, research capability and performance, professional standards of conduct and the number of AU (Audit), IN (Incomplete), IP (In Progress) and W (Withdrawal) administrative marks on a student's record. Violations of the university policy on plagiarism and cheating may also impact a student's academic standing.

Grades of C- and below are not counted toward completion of requirements for any graduate degree, but are counted in the graduate GPA. Credit hours earned in undergraduate courses are not counted toward completion of any graduate degree and are not counted in the graduate GPA. A change by a graduate student from one department or program to another does not remove from the student's GPA the grades

that were earned in the first enrollment. Refer to the Grading Policies and Procedures in the University Catalog for information on grades and administrative marks and their application to the GPA.

Review of Academic Performance

Each graduate program should review the academic performance and progress of its students, according to university and program requirements, at least once per academic year. Reviews may result in one of four outcomes:

- No action
- Warning
- Probation
- Dismissal

NO ACTION

If a student's performance and progress are satisfactory, the program may provide the student with written communication regarding the student's satisfactory performance and progress in the degree program.

WARNING

A warning may be issued to a student if the student's performance and/or progress falls slightly below expectations (e.g., failure to make timely progress on thesis or dissertation; overall GPA is 3.000 or higher, but term GPA is below 3.000).

The department chair, school director or program coordinator administrating the program will provide the student with written communication regarding the warning, including expectations for future performance and a timetable for the correction of deficiencies. Warnings are documented by the graduate program and may be communicated to the college dean, or designee.

PROBATION

Students are placed on academic probation at the end of any semester in which their overall Kent State GPA in graduate courses within the current program is below 3.000. Students must complete 6 graduate credit hours at Kent State before being subject to academic probation. Enrollment is permitted only on a term-by-term basis until the probation is removed. Students placed on academic probation are encouraged to contact their program advisor for assistance in determining how to return to good academic standing.

Students must obtain a minimum 3.000 semester GPA in the first semester of probation. Failure to do so will result in academic dismissal.

Students who earn a 3.000 or higher semester GPA in their first semester probation but still have an overall GPA below 3.000 will be given one additional term to raise their overall GPA to 3.000 or higher. Failure to do so will lead to academic dismissal.

Exceptions:

- A student on an official leave of absence cannot be issued academic probation.
- If a student on academic probation does not take any graded (A-F) coursework, then that semester will not count as their semester of probation.
- A second semester of academic probation requires approval of the student's school/department and college dean.
- Any further extensions or exceptions require approval of the student's school/department, college dean and the Graduate College.

Students are not eligible to begin a new graduate assistant position while on academic probation.

Students in the College of Podiatric Medicine will have the probation noted on their student record, including the official transcript.

The department chair, school director or program coordinator administrating the program will provide the student with written communication regarding the probation, including expectations for future performance and a timetable for the correction of deficiencies. Probation is documented by the graduate program and communicated to the college dean, or designee.

Coursework used in raising the student's GPA must be a part of normal degree requirements and must be approved in advance by the program. The department chair, school director or program coordinator must notify the college dean, or designee, of the review outcome.

Reviews within the College of Podiatric Medicine may result in two additional outcomes.

DEAN'S LIST

Full-time students in the College of Podiatric Medicine who have a minimum 3.500 current GPA for the fall and spring semesters and earned no grade below a C or S (Satisfactory) in all course/rotation work will be cited on the Dean's List at the end of each semester. Only students taking a full course load will be eligible for the Dean's List. College of Podiatric Medicine students are ranked at the end of each semester according to their overall grade point averages. Ranking is done on an individual basis by class year.

GOOD STANDING

Students in the College of Podiatric Medicine and/or the College of Nursing are considered to be in good standing if they are meeting course and/or program expectations and have not failed any requirements.

ACADEMIC DISMISSAL

Review of a student's performance, progress and adherence to professional standards in a graduate program may result in a recommendation for academic dismissal. Refer to the **Dismissal and Appeal—Graduate** policy in the University Catalog for more information.

¹ Refer to the College of Podiatric Medicine's section in the University Catalog for GPA expectations for students seeking the Doctor of Podiatric Medicine degree.

Reason For Policy

This policy provides clear guidelines regarding student status related to warnings and probationary status. To create a consistent approach for student progress to prevent dismissal. The policy also clarifies minimum GPA and guidelines for students to know what they must earn when in status of probation.

Procedures

The academic status of graduate students is reviewed by the student's department at the end of each semester. Good academic standing is defined by (1) a semester grade point average of at least 3.0 and (2) a cumulative grade point average of at least 3.0.

Once status is determined, the department chair, school director or program coordinator administrating the program will provide the student

with written communication regarding the consequences of academic status, i.e. warning and/or probation.

Upon exceeding the term of probation, the department chair, school director, or program coordinator will submit recommendation for dismissal following the **Dismissal and Appeal–Graduate** policy.

Forms/Instructions

There are no forms associated with this policy.

Additional Resources

There are no additional resources associated with this policy.

Frequently Asked Questions

1. What is an academic standing warning notice?
2. What options exist for graduate students that may have been provided a warning or placed on probation?
3. When a warning or probation is issued, while that appear on a students transcript?

Definitions

1. Minimum GPA. A minimum GPA is no more than 6 credits of grades below a 3.0.
2. Warning notice. A warning notice will be sent from the academic unit if a students semester grade point average falls below a 3.0.
3. Probation. Probation refers to the academic status condition in which a student's overall GPA falls below 3.0.
4. GPA Adjustment. The Grade Point Average (GPA) Adjustment policy provides students, who are leaving or have left one graduate program to begin another, the opportunity to make progress toward degree completion by allowing them to remove a maximum of six courses with grades C- or lower from the calculation of their overall GPA and earned hours. Revision History

TBD

Academic Standing - Undergraduate Student

Because undergraduate students must earn a minimum 2.000 overall grade point average (GPA) to graduate from the university, they must maintain that average throughout the undergraduate years. Students whose GPA falls below 2.000 should make a positive effort to improve their academic performance. Such students should devote their entire attention and energies to their studies by improving study habits

and concentrating on such basic skills as composition, reading and mathematics.

The following academic standing designations apply to undergraduate students:

President's List

In recognition of an extremely high level of academic excellence, a President's List is compiled each academic semester. To qualify, students must have a 4.000 GPA in the semester and must have completed 15 or more credit hours (all of which must have regular letter grades) by the end of that semester. This notation will be printed on students' official transcripts.

Dean's List for Full-Time Students

In recognition of academic excellence, a Dean's List is compiled each academic semester. To qualify, students must have a minimum 3.400 GPA in the semester and must have completed 12 or more regular letter-graded credit hours by the end of that semester. This notation will be printed on students' official transcripts.

Dean's List for Part-Time Students

A Dean's List for Part-Time Students is compiled after spring semester grades are issued. To qualify, students must have a minimum 3.400 GPA in 12 or more regular letter-graded hours taken during the previous summer, fall and spring semesters. Such students must have registered for fewer than 12 hours in each of the semesters under consideration. This notation will be printed on students' official transcripts.

In Good Academic Standing

Students with a minimum 2.000 GPA are in good academic standing. Students with an overall GPA below 2.000 are placed on academic probation. Good academic standing is not the same as eligibility for financial aid or for participation in other activities of the university such as athletics, student organization leadership, extracurricular activities, etc. For information about eligibility standards, students should contact the appropriate office or organization.

Midterm Warning

Students who earn a midterm GPA of less than 2.000 will be placed on midterm warning.

Semester Warning

Students with a minimum 2.000 overall GPA who earn a semester GPA of less than 2.000 in any given semester will be placed on semester warning.

Selected Academic Program Warning

If a student's GPA does not meet the standards required for a selective program, the dean may place the student on selective academic program warning. The student would be allowed to remain enrolled in the selective major while attempting to improve academic performance.

Not Permitted to Continue

Students not progressing academically in their selected academic program will be deemed not permitted to continue based on criteria established by their program area. Refer to the Not Permitted to Continue policy in the University Catalog for more information.

Academic Probation

Students who fail to maintain a minimum 2.000 overall GPA will be placed on academic probation. This probation signifies that the cumulative performance is below the minimum university requirement for graduation. Probation is an emphatic warning to the students that the quality of their academic performance must improve if they are to obtain the minimum grades required for graduation. Students on probation must show considerable improvement in their academic work or they will be dismissed from the university. Students on probation must reduce their course load to 15 hours and may receive a prescription from the dean of their college or campus that they further reduce their hours carried until removed from probation. The students also should reduce participation in social and extracurricular activities. Students are removed from probation only when they have achieved a minimum 2.000 overall GPA. Students on probation will be notified by their dean's office.

In addition, the following students will be placed on academic probation:

1. Students reinstated to the university after being dismissed because of poor scholarship.
2. Transfer students whose cumulative records at all previous institutions do not meet the minimum GPA requirements of Kent State University.

Academic Dismissal

Students whose academic performance indicates a limited chance of obtaining the minimum grades required for graduation will be subject to dismissal from the university. Refer to the Dismissal, Appeal and Reinstatement—Undergraduate policy in the University Catalog for more information.

Accommodations for Student Religious and Spiritual Beliefs

ASK A QUESTION OR SUBMIT FEEDBACK ON THIS POLICY

Date Effective: June 12, 2023

Policy Statement

A student will be granted up to three days each academic term to take holidays for reasons of faith or religious or spiritual belief system, or participate in organized activities conducted under the auspices of any religious or spiritual organization. Kent State University shall not impose an academic penalty as a result of a student being absent as permitted in this policy.

Students will be provided with alternative accommodations with regard to examinations and other academic requirements missed due to an absence, if both of the following apply:

- The student's sincerely held religious belief or practice severely affects the student's ability to take an examination or meet an academic requirement; and
- Not later than 14 days after the first day of instruction in a particular course, the student provides the instructor with written notice of the specific dates for which the student requests alternative accommodations.

The instructor shall accept without question the sincerity of a student's religious or spiritual belief system. An instructor shall keep requests for alternative accommodations confidential. An instructor shall schedule a time and date for an alternative examination, which may be before or

after the time and date the examination or other academic requirement was originally scheduled but shall do so without prejudicial effect.

Instructors are required to include in each course syllabus a statement regarding this policy. The statement shall include a description of the general procedure for requesting accommodations and contact information for an individual whom a student may contact for more information about the policy.

Reason for Policy

The purpose of this policy is to establish procedures to reasonably accommodate the sincerely held beliefs and practices of individual students with regard to all examinations or other academic requirements and absences for reasons of faith or religious or spiritual belief system consist with Ohio Revised Code 3345.026.

Procedures

Students requesting alternative accommodations in a course due to religious belief or practice must provide the course instructor written notice no later than 14 days after the first day of instruction in that course. Students with concerns about an alleged violation of this policy are encouraged, but not required, to first discuss those concerns with their instructor. Students may also notify the university of any complaint following the Administrative Policy and Procedure for Student Academic Complaints (3342.4-02.3).

Forms/Instructions

- Non-exhaustive list of major religious holidays or festivals
This list may not be used to deny accommodations to a student for a holiday or festival of the student's faith or religious or spiritual belief system that does not appear on the list. No inclusion or exclusion of a religious holiday or festival on the list shall preclude a student from full and reasonable accommodations for any sincerely held religious beliefs and practices with regard to all examinations or other academic requirements and absences for reasons of faith or religious or spiritual belief system provided under this policy.

Additional Resources

- Office of the Student Ombuds
- Office of Compliance, Equal Opportunity and Affirmative Action

Frequently Asked Questions

There is no FAQ associated with this policy.

Definitions

- **Ohio Revised Code:** The codified law of the state of Ohio found at codes.ohio.gov/ohio-administrative-code.
- **Instructor:** Instructor of record with the primary responsibility for course instruction, including the assignment of appropriate grades.
- **Syllabus:** An outline or a summary of the main points of what will be expected of students in a course, provided by the course's instructor.

Revision History

Effective April 2023: Establishes a formal university policy regarding accommodations for student religious and spiritual beliefs.

Admission of Adult Students

Undergraduate students who are 21 years or older and will have been graduated from high school for three or more years at the time of their first college enrollment are considered freshman adult students. Other students classified as adult students fit these criteria and also have earned a General Education Development (GED) credential and whose high school class will have been graduated for three years or more at the time of their first enrollment.

Adult students who have earned previous credits at any post-secondary institution are considered transfer students. Official transcripts from each school attended must be provided for admission consideration. For adult students who have completed 12 or more semester hours of college credit, a high school transcript is not required. Refer to the policy on Transfer Undergraduate Student in the University Catalog for more information.

Prospective and admitted adult students should contact the Center for Adult and Veteran Services for counseling and help with procedures.

Admission of Former Graduate Students

Kent State University graduate students who withdrew from or left the university in good standing will be required to re-apply for admission and pay the non-refundable application fee. Refer to the policy for Enrollment - Graduate in the University Catalog for more information.

For information concerning former graduate students who have been dismissed from the university, refer to the policy for Academic Standing - Graduate Student in the University Catalog.

Admission of Former Undergraduate Students

Kent State University undergraduate students who withdrew from or left the university in good standing, or who left on academic probation and in the interim have not attended another post-secondary institution, do not need to apply for readmission. These students should contact the Office of the University Registrar for current enrollment and registration procedures. Students who have attended another institution since leaving Kent State will be required to apply for admission as transfer students, submit official transcripts and pay the non-refundable application fee. The Center for Adult and Veteran Services provides general advising, information, referrals and assistance for undergraduate students who meet the "adult student" criteria.

For information concerning former undergraduate students who have been dismissed from the university, refer to the policy for Dismissal, Appeal and Reinstatement in the University Catalog.

Admission of Graduate Non-Degree Students

Admission as a non-degree student enables students to take a limited number of courses for credit (either full time or part time). Students in this status are not seeking a degree, but may wish to earn a certificate or take courses for job achievement, personal enrichment, intellectual

curiosity or other personal reasons. Students cannot earn a degree in the non-degree status.

Application for graduate non-degree student status should be made through the Office of Admissions. Students who plan to pursue a graduate certificate program must apply as a non-degree student, unless they are already in a concurrent degree program. Admission is based on the same criteria detailed in the Admission of Graduate Students policy in the University Catalog.

Graduate non-degree students must register for coursework within one year after the admission date. Admission of students who do not register within one year will be inactivated. Reapplication must be made if students desire to register for coursework at this time. Once registered, graduate non-degree students may continue to take courses for six years. Six years after the first registration, non-degree students will be inactivated and must reapply for admission if continued registration in graduate coursework at Kent State University is desired. Anyone who has been denied admission to graduate studies, or is under dismissal from the university, is not eligible for graduate non-degree student status.

Graduate non-degree students who wish to pursue a degree must apply for admission to the degree program. A maximum of 12 semester credit hours taken as a non-degree student may be petitioned to satisfy requirements of a degree program. A petition for transfer of credit must receive approval of the department or school and the college dean. Note that some departments and schools will not accept any credit hours for transfer.

Non-degree students must meet all prerequisites for courses (or obtain permission of the instructor). In addition, graduate non-degree students must obtain approval from the corresponding graduate program coordinator to register for graduate courses. Students may not transfer in credit earned at another university while in non-degree status.

All fees, deadlines and performance standards for degree students apply to non-degree students.

Admission of Graduate Students

Kent State University is an access institution and has an important role to play in making sure its graduate programs are open to applicants who desire to pursue them. Applicants are evaluated based on both past academic performance and potential for continued achievement. In all cases, a combination of quantitative and qualitative measures is assessed. Credentials indicating an ability to succeed in graduate-level work may include overall and major grade point average (GPA), caliber of prior institutions attended, progression of academic performance over time, written communication skills, recommendation letters, relevant work experience, indices of leadership, prior research experience and correspondence between research interests and available faculty expertise.

Refer to the end of this section for admission procedures for the College of Podiatric Medicine.

Minimum Qualifications For Admission

1. **A bachelor's degree from an accredited college or university.** If applicant attended a non-U.S. college or university, the degree must have been received from a recognized institution where the requirements for the bachelor's degree are similar to those at Kent State University, as determined by Kent State's Office of Global Education.

2. **A total undergraduate grade point average (GPA) of 2.750 on a 4.000 point scale.** For graduate-level coursework, a minimum 3.000 GPA is required. Some programs may require a higher minimum undergraduate or graduate GPA. Refer to individual program admission criteria in the University Catalog for any required GPA above the minimum.

Applicants who do not meet the minimum GPA requirement may still be considered for admission if the applicant demonstrates one or more of the following conditions:

- Earned a graduate degree from an accredited institution with a 3.000 GPA.
- Completed 9 or more graduate credit hours at Kent State University or an accredited institution and earned a minimum 3.000 overall GPA in graduate-level courses.
- Scored at the 50th percentile or above on a standardized admission examination relevant to the academic program (e.g., GRE, GMAT, MCAT, LSAT).
- Earned a 3.000 overall GPA in the undergraduate major or in courses related to the academic program to which the applicant has applied.
- Earned a 3.000 overall GPA in the last 60 credit hours of completed undergraduate courses.
- Other compelling evidence as determined by the academic program.

Applicants who do not meet the minimum university and/or program requirements for admission may be considered for conditional admission. Admission in such cases will depend heavily on other indices of the student's ability to handle graduate-level work. These might include strong performance on standardized tests, GPA in the major and/or other experiences that are clearly indicative of strong academic ability.

Conditional Admission

The purpose of conditional admission is to provide applicants with an opportunity to compensate for any deficiencies and to demonstrate their ability to satisfactorily complete graduate level work. Conditional admission is normally assigned for one or more of the following reasons:

1. **Applicant does not meet minimum university/program requirements.** The conditions are determined by the applicant's program/college. Normally, conditions will include the successful completion of specified graduate coursework and/or the achievement of a specified first semester GPA. A statement of the conditions of admission, as well as the rationale for conditional admission, will be sent to the student in writing by the academic college. Monitoring the student's success in meeting specified conditions is the responsibility of the program.
2. **Applicant does not have expected academic background in the field of proposed graduate study.** The conditions are determined by the applicant's program/college. Normally, the conditions will include the successful completion of specified undergraduate coursework. A statement of the conditions of admission, as well as the rationale for conditional admission, will be sent to the student in writing by the academic college. Monitoring the student's success in meeting specified conditions is the responsibility of the program.
3. **Applicant does not meet minimum English proficiency requirements.** A statement of the conditions of admission will be included in the student's letter of admission. Conditions include the successful completion of English as a Second Language (ESL) courses and proof of English proficiency. Enrollment in ESL courses does not

assure admission to an academic program. ESL faculty members are responsible for monitoring the student's conditions.

It is recommended that students who are admitted conditionally do not enroll in more than 9 credit hours during their first semester of enrollment.

Students admitted conditionally must satisfactorily complete the conditions of admission as prescribed by the academic program to which they are admitted and maintain a 3.000 overall GPA in the first 9 credit hours of graduate coursework attempted.

Required Application Materials For Admission

- Online application and non-refundable application fee.
- Copy of official transcripts from the college or university that conferred a bachelor's degree (or equivalent) and any further degree(s) earned. Additional transcripts, official or unofficial, may be required. Scanned copies of official transcripts may be uploaded as PDF files in the electronic admission application.
 - Applicants previously enrolled at Kent State do not need to submit the Kent State transcript. The Admissions Office will obtain the Kent State transcripts on the applicants behalf, as long as Kent State is listed as a previous institution on the admission application. Applicants must still submit transcripts for all post-secondary work done elsewhere.
 - Students offered admission to Kent State University will be required to submit official transcripts from the college or university that conferred any degree, undergraduate or graduate. The offer of admission will be considered "Provisional" until **all** required official transcripts are received by Kent State University.
 - The Admissions Office is responsible for monitoring receipt of official transcripts. If official transcripts are not received by the Admissions Office by the second week of students' first semester of attendance, a registration hold will be placed on their records. Students will not be able to register or adjust their course schedule until all official transcripts have been received.
 - Any significant discrepancies found between student-provided unofficial transcripts and official transcripts will be **grounds for dismissal**.
- Letters of recommendation. Most programs require three letters, although some programs require two. The letters should be completed by persons who are familiar with the applicant's educational goals and professional and/or academic ability.
- Proof of English proficiency. All applicants whose education has been primarily outside the United States must have objective evidence of proficiency in the English language. Exceptions may be granted for applicants who have completed their education in a primarily English speaking country/territory. Refer to individual program admission criteria in the University Catalog for minimum test score requirements and applicable exceptions.
- Test Scores. As an access institution, Kent State University does not require the Graduate Record Exam (GRE) or the Graduate Management Admission Test (GMAT) for graduate admission. However, a graduate program may require a GRE or GMAT score as part of its admissions criteria if it is deemed necessary. Refer to individual program admission criteria in the University Catalog for any minimum test score requirements.

- Additional materials as required by the graduate program to which the individual is applying.

Once received, all application materials become the property of Kent State University and will not be returned. Application materials are kept for a period of one year from the date the completed online application form is submitted. After that time, materials will be destroyed. Applicants interested in admission after one year will need to reapply and submit a new application fee.

Multiple Applications

If an applicant chooses to apply to more than one graduate program, the applicant must submit a separate application and application fee for each program. Contact the Division of Graduate Studies to have application materials applied to more than one application. Applicants may be required to submit additional materials. Refer to individual programs in the University Catalog for required application materials.

Deadlines For Admission

For timely consideration of the application, it is recommended applicants submit a complete application at least one month before the start of the semester of first coursework. Some programs may have much earlier deadlines. Refer to individual programs in the University Catalog for their deadlines.

Application Procedures

Domestic Applicants

Domestic applications are received and processed by the Admissions Office. All transcripts, letters of recommendation, goal/purpose statements, vita/résumés and other required materials as specified by the program must be sent to gradapps@kent.edu or Division of Graduate Studies, Office of Graduate Admissions, PO Box 5190, Kent State University, Kent, OH 44242.

After completing the online application form, applicants will receive notification via e-mail that the application was received. Applicants can also view the status of their submitted application using the Login ID and PIN that they created to complete the application. The Admissions Office will send applicants periodic e-mail reminders regarding any required application materials that have yet to be received.

Once all required application materials are received, the completed application form and materials are electronically forwarded to the respective program for review. The program's review committee then forwards its recommendation for admission or denial to the academic college dean. The dean's final admission decision is sent to the Admissions Office where it is documented on the applicant's record. The official admission decision letter is sent by the dean of graduate studies. Individual programs may send additional information to applicants, such as information about a graduate assistantship.

International Applicants

International applications are received and processed by Kent State's Office of Global Education. Applicants who require an F-1 or J-1 student visa must:

1. Meet the visa eligibility requirements.
2. Verify that they have the financial resources to cover their expenses during graduate study at Kent State University. The Financial Information Worksheet for International Students is available through the Office of Global Education. If a governmental entity is funding the student, an official letter regarding the funding must be submitted

along with the Financial Information Worksheet for International Students.

The Financial Information Worksheet for International Students, proof of English proficiency and all transcripts, letters of recommendation, goal/purpose statements, vita/résumés and other required materials as specified by the graduate program must be sent to the Office of Global Education, Kent State University, 106 Van Campen Hall, 625 Loop Road, Kent, OH 44242, USA.

After completing the online application form, international applications will receive notification via e-mail that it was received. Applicants can also view the status of their submitted application using the Login ID and PIN that they created to complete the application. The Division of Graduate Studies will send applicants periodic e-mail reminders regarding any required application materials that have yet to be received.

Once all required application materials are received, the completed application form and materials are electronically forwarded to the respective program for review. The program's review committee then forwards its recommendation for admission or denial to the academic college dean. The dean's final admission decision is sent to the Division of Graduate Studies where it is documented on the applicant's record. The official admission decision letter is sent by the dean of graduate studies. Individual programs may send additional information to applicants, such as information about a graduate assistantship. If accepted for admission, the Office of Global Education will issue the form I-20 or DS-2019.

International students may enroll at Kent State University only if they have been admitted to a degree program, certificate program or post-baccalaureate teacher education program. The form I-20 (required to obtain F-1 immigration status) or the form DS-2019 (required to obtain J-1 immigration status) is issued only after the application is complete, all documents are properly verified, the applicant is admitted to a program and proof of funding is received.

Fraudulent Records

Any transcripts, certificates, translations or examination results that appear irregular will be verified with the appropriate school or examination authorities, and the application process will be delayed until verification is received. If it is determined that an applicant has submitted false records or omitted information about previous school attendance, the application will be denied, and legal action may be taken.

Change Of Application Term

Applications and application materials are valid for one year only. Applicants may change the term of their application to a later term within one calendar year from the date the completed online application form was submitted. To be considered for admission during a different term, contact the Division of Graduate Studies to have the term of application changed. Some programs admit only one term per year. Refer to individual programs in the University Catalog for the term(s) during which they will consider admission. Applicants interested in admission after one year will need to re-apply and submit a new application fee.

Defer Enrollment

Admitted students are expected to enroll in and attend courses during the term of their admission. Students may defer the term of enrollment to another term within one calendar year from the term of admission. Initial enrollment beyond one year is not permitted. To defer enrollment to a later term, contact the Division of Graduate Studies. Students who

have not enrolled in and attended courses within one calendar year of admission will need to re-apply and submit a new application fee.

College Of Podiatric Medicine

Kent State University's College of Podiatric Medicine adheres to the admissions policies set forth by the American Podiatric Medical Association. For the college's admissions procedures and requirements, visit the College of Podiatric Medicine website. Applicants to the Doctor of Podiatric Medicine degree will need to apply through the American Association of Colleges of Podiatric Medicine Application Service.

Admission of Guest Students

Admission as a guest student enables students to take a limited number of courses for credit. To be admitted in this category, undergraduate students must have graduated from high school, obtained a GED certificate or achieved the equivalent; and graduate students must have earned a bachelor's degree. Guest students typically take courses for job or personal achievement. Students pursuing a degree at another institution may apply as a guest student.

Guest students may remain in this status until no more than 18 semester hours at the undergraduate level or 6 semester hours at the graduate level of Kent State University credit have been attempted. Students cannot earn a degree or certificate in this admission status. Guest students who wish to pursue a degree or certificate program or continue after 18 semester credit hours (undergraduate) or 6 semester credit hours (graduate) have been attempted must apply for regular admission. Credit hours taken in this status may apply to a degree or certificate program with the approval of the college dean.

Guest students must meet all prerequisites for courses (or obtain permission of the instructor). Graduate guest students must also obtain approval from the corresponding program coordinator.

Individuals who have been denied admission to or are under dismissal from Kent State are not eligible for guest student status. Guest students are not eligible for financial aid.

Admission of Home-Schooled Students

Kent State welcomes applications from home-schooled students. Students who are home-schooled may submit an equivalent diploma through a successful General Educational Development (GED) examination, or they may submit the following information for admission consideration:

1. Written verification from the appropriate school district that the student has been excused from compulsory attendance for home education. Students applying from states that do not require school districts to issue a verifying statement may have this requirement waived.
2. A portfolio of the student's work reflecting all secondary coursework completed.

Students should complete a program of study that covers the material in the full college preparatory program recommended by the Ohio State Board of Education. Non-Ohio students should submit appropriate supporting documents as required by their home state. Please contact the Office of Admissions for further details.

Admission of Non-Traditional Master's Degree Students

In rare instances, persons who have not completed a baccalaureate will be considered for admission to the appropriate graduate unit due to unusual and exemplary experiential learning.

Such applicants may apply for admission by presenting for departmental consideration a curricular plan encompassing undergraduate and graduate coursework to achieve a liberal educational background and professional graduate degree and three letters of recommendation attesting to their potential for graduate study. Upon departmental recommendation and the approval of the college dean, applicants will be admitted to undertake graduate work.

Upon successful completion of the curricular plan and the particular master's degree requirements, the students will be awarded the master's degree.

Admission of Post-Undergraduate Students

Those who have received a bachelor's degree from an accredited college or university other than Kent State University and who wish to take undergraduate courses at Kent State may apply as post-undergraduate students. Kent State graduates who have taken coursework elsewhere since leaving Kent State are also considered post-undergraduates. Baccalaureate graduates of Kent State University who have not attempted subsequent college work do not need to reapply to the university but do need to declare their intent to the Office of the University Registrar. Typically, post-undergraduate students take undergraduate courses to pursue a certificate or an additional baccalaureate, to prepare for graduate school or to enrich themselves personally or professionally.

A post-undergraduate application is available online on the Admissions website. Kent State requires a non-refundable application fee and official transcripts from all colleges or universities attended.

Admission of Transient Students

Students pursuing a degree at another institution may apply as transient students to Kent State. Such students must be in good standing. Transient undergraduate students must possess a minimum 2.000 GPA (on a scale of 4.000) to be eligible for admission. The transient permission form must be certified in writing by the registrar or college dean of the institution where the students are enrolled. Graduate students may obtain a Graduate Transient Certification of Good Standing form on the Division of Graduate Studies website.

Transient status is for one semester only. Students wishing to attend more than one semester must reapply. Returning transient students must be in good academic standing at Kent State. A non-refundable transient student fee will be assessed for each transient admission. An ID card may be obtained through the FLASHcard Office in the Kent Student Center.

Kent State undergraduate students wishing for take coursework at another institution should refer to the policy on Transfer of Undergraduate Credit in the University Catalog.

Transient International Visiting Graduate Students

Students who are in good standing in a graduate degree program at a university abroad may be admitted as transient students at Kent State University to take coursework that may apply to their degree program.

Steps for approval:

1. Complete the International Transient Certification of Good Standing form, which will be processed through the Office of Global Education, 106 Van Campen Hall.
2. Submit a request letter from the advisor at the home institution certifying that the student is in good standing.
3. Submit a letter of acceptance from a Kent State faculty member.
4. Receive approval by the department/school graduate program committee and by the college dean.

International transient students are allowed to work using Kent State facilities for maximum 12 months. Students may also register for research hours or for regular courses not to exceed a total of 12 credit hours over the visiting period. Tuition will be paid by students' home institution or by a Kent State grant. Students will be identified as full time.

Admission of Undergraduate Non-Degree Students

Admission as a non-degree student enables students to take a limited number of courses for credit (either full time or part time). Students in this status are not seeking a degree, but may wish to earn a certificate or take courses for job achievement, personal enrichment, intellectual curiosity or other personal reasons. Students cannot earn a degree in the non-degree status.

Application for undergraduate non-degree status should be made through the Office of Admissions. A non-refundable application fee is required. Admission is based on the same criteria detailed in the University Catalog for undergraduate or transfer students, whichever is appropriate.

Undergraduate non-degree students may remain in this special status for one academic year or until a maximum of 45 semester credit hours is earned. Should non-degree students wish to pursue a degree, they may, prior to or upon earning 45 semester credit hours, apply to any undergraduate division of the university. Admission to a degree program, however, is based upon the admissions requirements established by each academic department or school.

Non-degree students must meet all prerequisites for courses (or obtain permission of the instructor). All fees, deadlines and performance standards for degree students apply to non-degree students.

Admission of Undergraduate Students

Students desiring admission to an undergraduate program should submit the appropriate application materials to the Admissions Office. Students should arrange to have all necessary high school and college transcripts sent directly to the Admissions Office from each institution previously attended. All credentials submitted for admission become the property of the university and are not returnable or transferable. The university reserves the right to change, without notice, any admissions procedures described in the University Catalog.

Appealing an Admission Decision

Students not admitted to the Kent Campus may appeal the admission decision by contacting their personal admission counselor. To appeal an admission decision a student should be prepared to submit new information (e.g., improved GPA, test scores, letters of recommendation, personal essay outlining extenuating circumstances).

Change of Admit Term

Admission to Kent State University is valid only for the specific term to which students are admitted. Students who want to begin their enrollment in a different term than they were admitted must contact the Admissions Office to request a change of admit term.

Destination Kent State: New Student Orientation

Admitted Kent Campus first-year students and their parents are invited to campus for a one-and-a-half day orientation to Kent State. The primary goals of **Destination Kent State: New Student Orientation** are to acquaint students and parents with university programs and services, provide an individual advising session for each student and register students for classes. New summer and fall semester first-year students are invited to campus to participate in this program over the summer. New spring semester first-year students are invited for academic advising and registration for spring classes in November and January.

First-Year Students

Students who have not attended any other educational institution after graduating from high school should apply to be admitted as first-year students. Students who have taken college credit while in high school, but have not attended any other educational institution after graduating from high school, should apply to be admitted as first-year students.

Admission Requirements at the Kent Campus

First-year admission to the Kent Campus is selective. Admission decisions are based upon the following: cumulative grade point average (GPA), strength of high school college preparatory curriculum, and grade trends.

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents, and adult students who graduated from high school three or more years ago.

Application requirements Application

First-year students can apply by submitting an application online through the Admissions Office website. Students may submit either the Kent State application or the Common Application.

Application Fee

The Admissions Office must receive a non-refundable application fee, or fee waiver, before processing the application.

Transcripts

First-year students applying for admission to Kent State must submit an official high school transcript. Applicants must contact their high school to request an official transcript of their entire curriculum. If an applicant has attended multiple secondary schools, transcripts are required from each school attended (or the results from a diploma equivalency examination) to be considered for admission.

For a transcript to be considered official, it must be sent directly from the school to the Kent State Admissions Office. The school counselor or other school official may submit the transcript through a secure electronic provider, email (transcripts@kent.edu) or mail.

A final high school transcript verifying graduation, or a diploma equivalency score report, is required for both enrollment and for dispersing financial aid at Kent State University. Admitted students must submit a final high school transcript, bearing diploma conferral, prior to the start of the term to which they were admitted.

Optional - Test Scores

Kent State University offers test optional admissions. A test optional policy means applicants are not required to submit a standardized test score (ACT/SAT) to be considered for admission. The absence of test scores will not hinder an applicant's potential to be admitted.

Applicants are welcome to submit test scores if they choose. If test scores are submitted the scores will be considered as one of many factors in a holistic review of the application.

ACT or SAT scores should be reported to Kent State University directly from the testing agency. Students should use the following ACT codes based on the campus to which they plan to be admitted:

- Ashtabula Campus (3773)
- East Liverpool Campus (3225)
- Geauga Campus (3224)
- Kent Campus (3284/SAT 1367)
- Salem Campus (3354)
- Stark Campus (3226),
- Trumbull Campus (3343),
- Tuscarawas Campus (3361)

Admission Requirements at Regional Campuses

Admission to the Regional Campuses is handled through the Admissions Office at any of the seven regional campuses. Admission is open to anyone with a high school diploma or its equivalent. In some instances, selective programs may require applicants to submit additional materials to meet certain criteria. Each regional campus has staff members available to discuss admissions, financial aid opportunities and programs with prospective students.

Registration dates, times, procedures and access methods mirror those of the Kent Campus. Registration information at a particular campus can be obtained from that campus. Because the seven regional campuses and the Kent Campus comprise one university system, access and mobility among the campuses is encouraged and facilitated. Even so, there are some differences between the Kent Campus and the regional campuses in first-year and transfer admission requirements.

Holistic Review

Kent State reviews applications holistically. Rather than disproportionately focusing on one factor, the Admissions Office carefully reviews each applicant based on multiple factors, including cumulative grade point average (GPA), strength of high school preparatory curriculum, grade trends, and special talents or passions.

Students applying for admission are not required to submit standardized test scores (ACT or SAT). This policy aligns with our admissions philosophy of holistic review, supports the university's strategic plan on access, and reflects the most current data analysis regarding the use of testing in admission. The best indication of whether a student will be

successful at Kent State University is their academic performance in high school—the grades they earn and the rigor of their coursework.

Home-Schooled Student

Kent State welcomes applications from home-schooled students. Students who are home-schooled may submit an equivalent diploma through a successful General Educational Development (GED) examination or submit the following information for admission consideration:

1. Written verification from the appropriate school district that the student has been excused from compulsory attendance for home education. Students applying from states that do not require school districts to issue a verifying statement may have this requirement waived.
2. A portfolio of the student's work reflecting all secondary coursework completed.

Students should complete a program of study that covers the material in the full college preparatory program recommended by the Ohio State Board of Education. Non-Ohio students should submit appropriate supporting documents as required by their home state. Please contact the Admissions Office for further details.

Major and Program Specific Requirements

Some academic programs may have additional application requirements. Individual requirements for these programs are listed under the respective departments in the University Catalog. Students interested in these special admission programs should apply one year prior to the date of anticipated enrollment. Even though some of these programs do not have an early application deadline for fall semester, students who apply early will receive priority consideration. Specific questions about these programs can be directed to the Admissions Office, colleges or the individual departments or schools.

Pre-Admissions Review

Kent State is committed to ensuring a safe and secure learning environment for students, faculty, staff, and guests of the university. Applicants are required to answer questions related to pending felony charges, felony convictions, and dismissal or suspension from previous educational institutions for non-academic reasons. Answering 'Yes' does not automatically preclude admission to Kent State but will require applicants to complete a Personal Explanation Statement and provide supporting documentation for review by the pre-admissions committee to determine eligibility for admission.

Referred to Regional Campus

Students not admissible to the Kent campus may be administratively referred to a regional campus to which they are eligible for admission. When completing an application students should select a secondary campus for which they would like to be considered for admission.

Students not meeting the first-year admission criteria for the Kent Campus who wish to enter the Kent State University system must enroll for at least one semester at a regional campus. Enrollment at the regional campuses permits students to take advantage of smaller class sizes, more individualized advising services, and a wider range of developmental programs.

For the referred first-year or transfer student who enrolls at a regional campus to obtain the best possible foundation for academic success, the

student must complete the following minimum academic achievements before becoming eligible to enroll at the Kent Campus:

1. Successfully complete all developmental coursework as prescribed by placement testing and an academic advisor.
2. Successfully complete 12 credit hours of college-level coursework (not including any coursework considered developmental).
3. Achieve a minimum 2.000 overall GPA.

Students are strongly encouraged to work closely with their academic advisor in planning for the transition to the Kent Campus.

Transfer Students

Students who have attended any other educational institution after graduating from high school must apply as undergraduate transfer students.

Admission Requirements

Generally, transfer applicants who have taken at least 12 credit hours of non-remedial/developmental coursework with a minimum 2.000 overall GPA as computed by Kent State University (on a scale of 4.000) may be admitted to the university. Applicants who have taken fewer than 12 credit hours will be evaluated on both their collegiate and high school records. Applicants who have been dismissed from another college or university will not be considered for admission unless the applicant is eligible to return to that previous institution, has been out of college at least 12 consecutive months since the dismissal, or has completed at least 12 credit hours of credit at another institution with a minimum 2.000 overall GPA (on a scale of 4.000).

Application Requirements

Prospective transfer students are encouraged to apply before their junior year in college. Students applying just prior to, or after, the junior year must declare a major and a minor (if required) and should consult with the appropriate academic division concerning the suitability of their preparation for their major.

Application

Transfer students can apply by submitting an application online through the Admissions Office website. Students may submit either the Kent State application or the Common Application.

Application Fee

The Admissions Office must receive a non-refundable application fee, or fee waiver, before processing the application.

Transcripts

Transfer students are required to list on the application each post-secondary institution attended, whether or not credit was earned, and submit official transcripts from each institution. Questions regarding transcript requirements should be directed to the Admissions Office prior to application. Failure to comply with transcript requirements represents falsification of the application and will result in appropriate disciplinary action.

For a transcript to be considered official, the transcript must be sent directly from the originating institution to the Kent State Admissions Office through a secure electronic provider, email (transcripts@kent.edu) or mail.

A final high school transcript verifying graduation, or a diploma equivalency score report, is required for transfer students with fewer

than 12 credit hours of non-remedial/developmental coursework earned at other colleges or universities after graduating from high school. The Admissions Office reserves the right to require submission of a high school transcript, or a diploma equivalency report, for a variety of reasons prior to enrollment or dispersing financial aid.

Application Deadlines

Transfer applications are reviewed on a rolling basis. Early application helps ensure early consideration for course registration, residence hall preference and financial aid. Therefore, the best time to apply is at least six months prior to anticipated enrollment, although some selective programs may have different deadlines.

Refer to the policy on Transfer of Undergraduate Credit in the University Catalog.

Admission of Veteran Students

Ohio veterans of the Armed Services who did not graduate from an accredited high school and who are 21 years of age or older will be considered by Kent State University if they have passed the General Educational Development (GED) examination. Certain training courses provided in the Armed Services may be acceptable for college credit. Certificates of completion for such courses should be submitted to the Office of Admissions for consideration.

Veterans may also seek assistance with pre-admission counseling through the Center for Adult and Veteran Services.

Admission to International Pathway Program

International students whose English proficiency is below the university minimum but are otherwise admissible may be admitted to Kent State's International Pathway Program. To be eligible, applicants must meet one of following English proficiency requirements based on degree level:

Undergraduate Degree Level

- TOEFL 54
- IELTS 5.0
- Duolingo English 75
- Completion of ESL Center Level 6

Graduate Degree Level

- TOEFL 61
- IELTS 5.5
- Duolingo English 90
- Completion of ESL Center Level 8

In addition to English proficiency, international pathway applicants must meet all other admission requirements outlined in this section of the University Catalog depending on their level, student type and program. Refer to the Admission Section for more information on criteria for admission and application procedures, including deadlines.

Advanced Placement (AP)

The College Board Advanced Placement (AP) program awards college credit based on college-level high school courses and tests administered through the high schools. The State of Ohio, working through the

University System of Ohio, has initiated policies to facilitate the ease of transition from high school to college as well as between and among Ohio's public colleges and universities.

Beginning in fall 2009:

- Students obtaining an AP exam score of 3 or above will be awarded the aligned course(s) and credits for the AP exam area(s) successfully completed.
- General education courses and credits received will be applied towards graduation and will satisfy a general education requirement (Kent Core) if the course to which the AP area is equivalent fulfills a requirement.
- If an equivalent course is not available for the AP exam area completed, elective or area credit will be awarded in the appropriate academic discipline and will be applied towards graduation where such elective credit options exist within the academic major.
- Additional courses or credits may be available when a score of 4 or 5 is obtained. Award of credit for higher score values varies depending on the academic discipline.
- In academic disciplines containing highly dependent sequences (e.g., sciences, technology, engineering and mathematics), students are strongly advised to confer with their advisor to ensure they have the appropriate foundation to be successful in advanced coursework within the sequence.

Kent State will not accept AP credit from a high school or out-of-state transcript. Students must submit either an official score report from the College Board or, upon special request, a transcript from an Ohio college or university with the AP credit displayed. Visit the Credit Transfer Office's AP website for more information on scores and credits earned.

Alternative Credit Programs

After enrollment at Kent State in an undergraduate degree or certificate program, students may be awarded credit toward their academic program through methods other than completing Kent State coursework. This credit may shorten the time required to complete a Kent State degree.

For information on credit awarded for transfer coursework earned before or after matriculation at Kent State, refer to the Transfer of Undergraduate Credit policy in the University Catalog.

Credit will not be awarded for any exam or content that duplicates the content of a college course for which a student has already received credit or if a student has completed more advanced study, i.e. beyond the level covered by an exam. Evaluation of credit earned by alternative methods is based on articulated course and requirement equivalencies in effect at the time the credit is requested. General guidelines for alternative credit types accepted by the university are described in the sections below.

Advanced Placement (AP)

The College Board Advanced Placement (AP) program awards college credit based on college-level high school courses and tests administered through the high schools. The State of Ohio, working through the University System of Ohio, has initiated policies to facilitate the ease of transition from high school to college as well as between and among Ohio's public colleges and universities.

Beginning in fall 2009:

- Students obtaining an AP exam score of 3 or above will be awarded the aligned course(s) and credits for the AP exam area(s) successfully completed.
- General education courses and credits received will be applied towards graduation and will satisfy a general education requirement (Kent Core) if the course to which the AP area is equivalent fulfills a requirement.
- If an equivalent course is not available for the AP exam area completed, elective or area credit will be awarded in the appropriate academic discipline and will be applied towards graduation where such elective credit options exist within the academic major.
- Additional courses or credits may be available when a score of 4 or 5 is obtained. Award of credit for higher score values varies depending on the academic discipline.
- In academic disciplines containing highly dependent sequences (e.g., sciences, technology, engineering and mathematics), students are strongly advised to confer with their advisor to ensure they have the appropriate foundation to be successful in advanced coursework within the sequence.

Kent State will not accept AP credit from a high school or out-of-state transcript. Students must submit either an official score report from the College Board or, upon special request, a transcript from an Ohio college or university with the AP credit displayed. Visit the Credit Transfer Office's AP website for more information on scores and credits earned.

A and AS Levels

Kent State accepts for credit the successful completion of A (Advanced) Level and AS (Advanced Subsidiary) Level qualification conferred as part of the General Certificate of Education administered by AQA, Edexcel or the University of Cambridge International Examinations.

The A and AS Levels Credit Chart gives information about these exams and credits earned for passed exam reports. The chart reflects Cambridge exam numbers and syllabi, but exams from other sources will be cross-referenced by the Office of Global Education in consultation with faculty upon evaluation of scores.

An official score report must be submitted to Kent State before A- and AS-level credit can be applied to a student's academic record. Specific questions regarding how these credits apply to program requirements should be directed to the student's major program's college office.

College Level Examination Program (CLEP)

Students may earn academic credit through the College Board's College Level Examination Program (CLEP) administered at Kent State by the Office of Academic Engagement and Degree Completion. CLEP allows a student to earn college credit for prior knowledge and move on to more advanced coursework sooner. Credit hours, but no letter grade, is granted for scores that meet the minimum for each exam as determined on the CLEP guide for the Kent State University Catalog in effect at the time of the exam.

For additional CLEP information, including available tests, Kent State course equivalents and test dates, visit the Office of University Advising and Testing's website. Refer to the Alternative Credit-Testing Eligibility policy at the end of this section for more regulations on earning credit through testing.

College Tech Prep (CTP)

Kent State University will award college credit to students who successfully complete an approved College Tech Prep (CTP) program. Credit received through the CTP program is applied toward an appropriate degree at Kent State as identified in the signed articulation agreement. A student-articulated credit application for CTP credit is available from the CTP teacher or high school guidance counselor or on the Kent State Tech Prep website.

To earn Kent State University credit, students must:

- Complete the state-approved CTP program with a minimum B grade
- Graduate from high school
- Enroll at Kent State and request credits within three years after high school graduation
- Meet any additional criteria identified on the articulated credit application

Credit By Examination (CBE)

Students with demonstrable ability and knowledge in a particular subject area may earn credit in selected courses through Credit-By-Examination (CBE), coordinated by the Office of the University Registrar. Students who wish to pursue CBE must complete the CBE application to gain appropriate college and departmental permission. The appropriate academic department administers the exam, which may include the completion of additional assignments. The minimum passing standard for CBE is the equivalent of a C grade. However, no letter grade, only credit hours, are posted to the academic transcript for CBE.

For the CBE application, per-credit-hour fee and a list of available courses, visit the Office of the University Registrar's CBE website. Refer to the Alternative Credit-Testing Eligibility policy at the end of this section for more regulations on earning credit through testing.

DANTES Subject Standardized Tests (DSST)

Formerly known as the Defense Activity for Non-Traditional Educational Support (DANTES) exams, the DANTES Subject Standardized Tests (DSST) is a nationally recognized program that gives students the opportunity to receive college credit for learning acquired outside the traditional college classroom. Kent State accepts the American Council on Education (ACE) recommendations for the minimum score required and the amount of credit awarded. Official score reports or a joint services transcript (JST) must be submitted to Kent State before the credit can be applied to a student's academic record.

For information on credit options for military students, visit the Credit Transfer Office website.

Industry-Recognized Certifications, Examinations and Professional Training

Kent State accepts many industry-recognized certifications, examinations and professional training as prior learning credit applicable toward degree programs upon programmatic approval. Kent State awards academic credit following recommendations from the American Council on Education (ACE) and the Ohio Department of Higher Education. Official documentation from the issuing company or professional organization

must be submitted to Kent State before credit can be applied to a student's academic record.

Industry-recognized certifications, examinations and professional training that is not evaluated by ACE may be considered for academic credit. Students who wish to request credit for training not yet evaluated must complete the industry/training credit application, including submission of all documentation to determine whether academic credit is to be awarded. All credit for industry/professional training appears on the student transcript without a grade.

Students should contact the Credit Transfer Office for more information on the types of certifications, examinations and professional training accepted and the approval process. Official documentation from the issuing agency must be submitted to Kent State before the credit can be applied to a student's academic record.

International Baccalaureate (IB)

Students who complete the International Baccalaureate (IB) Diploma Programme, a rigorous two-year course of pre-university studies in their high school, may be awarded credit toward a degree or certificate at Kent State. An official IB transcript must be submitted to Kent State before the credit can be applied to a student's academic record. (A notation on a high school transcript will not be accepted.)

Kent State accepts scores of 5, 6 or 7 for higher-level (HL) and standard-level (SL) IB exams toward specific course equivalencies and general education requirements (e.g., Kent Core, diversity). Visit the Credit Transfer Office's IB website for more information on these scores and credits earned.

Military Training

Kent State University awards academic credit for military coursework according to recommendations listed on the Joint Services Transcript (JST). All eligible credits must be recognized by the American Council on Education (ACE). Kent State awards Military Transfer Assurance Guide (MTAG) coursework for articulated credit as established by the Ohio Department of Higher Education. Service members can visit Kent State's Credit Transfer Office website for information regarding requesting and submitting military transcripts.

Service Examinations: Credit is awarded for some experiences in basic training that are equivalent to specific beginning Physical Activity, Wellness and Sport (PWS) courses at Kent State University. Credit is awarded on the basis of recommendations from the School of Teaching, Learning and Curriculum Studies in the College of Education, Health and Human Services.

In order for credit to be granted in any of the above areas, a transcript or certificate of completion or a veterans DD 214 form is required. In addition, Kent State reserves the right to set the percentile score that is necessary for satisfactory performance in a course and for the granting of credit. Credit will not be given for duplicate work taken through any of these agencies.

Military Transfer Credit Appeals Process

Students must submit, in writing, a letter of appeal regarding their military transfer credit to the Credit Transfer Office c/o Kent State University. Upon recommendation by the Transfer Review Committee, students will be notified of the outcome, in writing. Information regarding the

standards for satisfactory performance or to submit an appeal may be found on the Credit Transfer Office website.

Retroactive Credit

Undergraduate students currently enrolled in a degree or certificate program who are placed into an advanced course through assessment or departmental review may earn retroactive credit for designated lower level course(s) in that subject. The advanced courses approved for earning retroactive credits are listed below.

To apply for retroactive credit, students must submit an application for retroactive credits to the Office of the University Registrar.

The following stipulations apply:

- Students must complete the advanced course at Kent State with a minimum C or S (Satisfactory) grade to be eligible for retroactive credit. Courses taken for the pass/fail grade or audit mark will not be accepted for retroactive credit.
- Students who withdraw from or fail to meet the minimum C or S grade in the advanced course may retake the course and apply for retroactive credit once the minimum C or S grade is achieved and posted.
- Course credits earned through the retroactive policy are not assigned a letter (A-F) grade. The mark CR will be posted to a student's transcript for the enrolled term the student applied for the retroactive credit.
- Retroactive credit will count toward students' class standing, total credit hours earned for graduation and hours required for graduation honors.
- Retroactive credit will not count in students' grade point average (GPA), quality points and residence requirement.
- Students are not eligible for retroactive credit if they previously earned college credit for a course that is comparable to a lower level course in the same subject of the advanced course. Previous college credit includes credit earned through exam (e.g., AP, CLEP); courses transferred from other college-level institutions, tech prep programs or dual enrollment in a high school; or any other alternative credit listed in the University Catalog.
- Not all courses that offer retroactive credits are available each semester.
- Retroactive credit is not available for graduate courses.
- Students may apply for retroactive credit following the posting of the grade at any time before graduation, but no later than the second Sunday of the semester in which they are graduating.

A fee per credit hour is charged for processing and posting of the credit on the student's transcript. The Kent State Retroactive Credit Chart provides information about eligible courses and credits earned.

Alternative Credit-Testing Eligibility

The student's college determines eligibility for testing. The following regulations govern credit through testing:

1. Credit is awarded on a course-by-course basis. Students may be tested for Credit-By-Examination (CBE) only once for any given course. Students may not attempt a course CBE for which they have previously attempted through the College Level Examination Program (CLEP).

2. New students may take the CLEP before beginning work at Kent State University. CBE is available to currently enrolled degree- and certificate-seeking Kent State students only.
3. Students are allowed to take CBE only if they are in good standing (i.e., not on probation).
4. Students may not take CLEP or CBE for any course:
 - a. In which they have audited
 - b. In which they are currently enrolled
 - c. In which they have previously enrolled and earned a grade, including withdrawal (A-F, AU, IN, IP, NF, NR, S, SF, U, W, Y or Z)

In subject fields in which knowledge is sequential or accumulative (e.g., mathematics, foreign language), courses are structured in prescribed sequences. Students who have received credit for, or established proficiency at, one level in such a sequence (either by testing or by enrolling in and completing the course) cannot subsequently earn CLEP or CBE credit for any prior course in the sequence or in any lower level sequence. Students who want to earn CBE for more than one course in such a sequence must complete CBE one course at a time, beginning with the lowest level course for which they want to receive academic CBE credit.

Students approaching graduation must complete all CBE and CLEP credit by at least the semester proceeding the semester in which they plan to graduate.

Students who sign up for CBE must take the exam within 60 days of the payment date of application. If they do not, they forfeit any fees paid and must reapply to take the exam.

Alternative Credit-Testing Eligibility

The student's college determines eligibility for testing. The following regulations govern credit through testing:

1. Credit is awarded on a course-by-course basis. Students may be tested for Credit-By-Examination (CBE) only once for any given course. Students may not attempt a course CBE for which they have previously attempted through the College Level Examination Program (CLEP).
2. New students may take the CLEP before beginning work at Kent State University. CBE is available to currently enrolled degree- and certificate-seeking Kent State students only.
3. Students are allowed to take CBE only if they are in good standing (i.e., not on probation).
4. Students may not take CLEP or CBE for any course:

In subject fields in which knowledge is sequential or accumulative (e.g., mathematics, foreign language), courses are structured in prescribed sequences. Students who have received credit for, or established proficiency at, one level in such a sequence (either by testing or by enrolling in and completing the course) cannot subsequently earn CLEP or CBE credit for any prior course in the sequence or in any lower level sequence. Students who want to earn CBE for more than one course in such a sequence must complete CBE one course at a time, beginning with the lowest level course for which they want to receive academic CBE credit.

Students approaching graduation must complete all CBE and CLEP credit by at least the semester proceeding the semester in which they plan to graduate.

Students who sign up for CBE must take the exam within 60 days of the payment date of application. If they do not, they forfeit any fees paid and must reapply to take the exam.

Award of a Master's Degree to a Doctoral Student

A student who has been admitted to and is currently pursuing a doctoral degree may apply for a master's degree in the same department in which the doctorate is to be taken. Upon certification that the student has met the requirements for the master's degree in that department, the degree may be awarded. The total number of graduate hours required for the doctorate shall not be altered thereby.

Candidacy for Doctoral Degree

To become a candidate for the doctorate, a student must pass a candidacy (comprehensive) examination in the field of the major subject. This examination will be taken when departmental requirements have been met, but it should not be taken later than nine months before the student expects to receive the degree. The content and scope of the examination are determined by the department concerned. The examination may be either written or oral or both. The student is not permitted to continue with the dissertation unless this requirement is satisfied. Failure on the candidacy examination and a subsequent prescription and reexamination are subject to departmental policy. When opportunities for such reexamination are exhausted without success, the student will be dismissed from graduate study.

For candidacy of the Doctor of Podiatric Medicine degree, refer to the college policies in the College of Podiatric Medicine section of the University Catalog.

Catalog Rights and Exclusions

Policy Statement

The university has established the following Catalog rights and exclusions relating to requirements for students in an academic program (major, minor, certificate). While these Catalog rights establish specific academic program requirements for students, the exclusions noted ensure that the knowledge and skills acquired by students will be current with the state of knowledge in their fields of study.

Rights

1. The students' academic requirements for graduation are based on the Catalog year that is assigned initially to the student's first term of enrollment in a degree or certificate program at Kent State University.
2. Students are permitted to complete an academic program (major, minor, certificate) under a more recent Catalog year. When changing Catalog year, students must comply with all the requirements relevant to their program in the newer Catalog year. After a Catalog year is updated, students are not permitted to revert to an older catalog year.
3. Students may declare a different Catalog year for a minor, certificate or second major/degree. However, students must comply with all the requirements relevant to the additional program in the different Catalog year.

4. Catalog rights may be granted through mutual agreements with other institutions. Such rights are subject to the same exclusions noted below.

Exclusions

1. Students are governed by the academic policies in the Catalog in effect for the current academic year, regardless of students' first term of enrollment.
2. Students who transfer to another university and return to Kent State are readmitted under the Catalog in effect for the term of readmission.
3. Dismissed students are reinstated under the Catalog in effect for the term of reinstatement.
4. Undergraduate students who interrupt their enrollment at the university for one full academic year or longer, consecutively, including summer, are updated to the Catalog in effect for the term of their most recent re-enrollment. Transfer work and alternative credit do not qualify as enrollment at Kent State University.
5. Kent State will not permit admission or reentry into programs that are no longer offered.
6. Undergraduate students who are enrolled continuously in a degree or certificate program in a catalog older than six years may be required to update to a more recent Catalog.
7. The university reserves the right to change academic requirements to keep programs in compliance with accreditation, certification, licensure or industry standards. In these situations, the college administering the program may update students to a more recent Catalog year.
8. The university reserves the right to change academic requirements due to financial urgency, unavailability of faculty or unavailability of other instructional resources. Where programmatic changes are required that do not alter the core academic requirements of the university, the students' college dean will identify available alternatives for currently enrolled students to complete their declared program(s).
9. Course specifications such as title, credit hours, prerequisites, status (e.g., Kent Core), etc., are based on the term for which the student registered for the course. If the course is revised after the student completed it, the student does not gain or lose anything with that revision. In the event that a change in prerequisite, for example, would substantially disadvantage a continuously enrolled student by unreasonably adding one or more courses to that student's academic requirements, the college administering the student's program may authorize course substitutions, waiver(s) or some other appropriate alternative.
10. The university reserves the right to change course specifications; cancel a scheduled course; and change the time, location or delivery of class meetings for a scheduled course. If a course is canceled, every attempt will be made to contact the registered students. Students registered in canceled courses will be given the opportunity to change to another course with seats available.

Reason for Policy

Establishes consistent practices for understanding requirements for students in an academic program.

Procedures

There are no procedures with this policy.

Forms/Instructions

- Manage My Programs in FlashLine

Additional Resources

- Advising - Schedule an Appointment
- One Stop for Student Service

Frequently Asked Questions

There are no FAQ associated with this policy.

Definitions

Catalog: official document of record for undergraduate and graduate programs, courses, academic policies and special programs.

Catalog Year: identifies the University Catalog that contains the requirements for the student's academic program.

Re-enrollment: process for students who have previously attended Kent State University as an undergraduate to return as an undergraduate student.

Related Information

- Kent Core (General Education Requirement)
- Minors

Revision History

Amended August 2020: Revised policy clarifies how catalog year is assigned and the meaning of a catalog year; adds limitation that students cannot revert after updating catalog year; replaces term "in force" with "in effect"; adds disclaimer that colleges may approve appropriate substitutions or waivers if changes to courses substantially disadvantage enrolled students; and adds university's rights to cancel courses and change the time, location or delivery of a scheduled course.

Change in Graduate Program of Study

Because admission to a graduate degree program involves admission to both the program and the university, a change in program of study (degree, major, concentration or catalog year) requires approval. Admission to a new program is not automatic.

A graduate assistantship normally does not transfer with students who are approved for admission into a different graduate program. Doctoral candidacy status does not transfer to a new graduate program. International students must consult with the Office of Global Education to determine how a change of program affects their visa status.

Procedures

Students interested in changing their program of study should first contact the graduate coordinator of the proposed program to gain a clear understanding of the program's requirements. Admission requirements, deadlines and required application materials vary by graduate program, and it is the student's responsibility to adhere to the requirements and deadlines.

Students must contact the graduate coordinator of the proposed program to determine whether they submit either a Change in Program of Study form or a new application. The determination of whether a form or application should be submitted is based on the proposed program's

judgment about the amount, and availability, of application materials needed by the program in order to make an informed admission decision. More significant program changes (e.g., change to a major within a different department/school) likely will require a new application, while less significant changes (e.g., change to another concentration within the same major in the same department/school) likely will require completion of the Change in Program of Study form.

In some cases, the proposed program will accept application materials that had been submitted to the student's original graduate program. In other cases, new materials may be required. If the proposed program will accept materials that were submitted along with the student's application to the current program, the student must contact the Division of Graduate Studies to request that the materials be added to the new application.

The proposed program will review the application/form and all materials according to established procedures. Applicants who do not meet the minimum university and/or program requirements may be considered for conditional admission. If the student is admitted into the program, the program will determine how much of the student's previously completed work may be applied toward the new graduate degree, in accordance with the university's transfer of credit policy.

Class Attendance and Class Absence

ASK A QUESTION OR SUBMIT FEEDBACK ON THIS POLICY

Date Revised: June 28, 2023

Date Effective: August 28, 2023

Policy Statement

Regular attendance in class is expected of all students at all levels at the university. While classes are conducted on the premise that regular attendance is expected, the university recognizes certain activities, events and circumstances as legitimate reasons for absence from class. This policy provides for accommodations in accordance with federal and state laws prohibiting discrimination, including, but not limited to, Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. §794, and its implementing regulation, 34 C.F.R. Part 104; Title II of the Americans with Disabilities Act of 1990, 42 U.S.C. §12131 et seq., and its implementing regulations, 28 C.F.R. Part 35; as well as university policy 5-16.

This policy describes the procedures for requesting and responding to legitimate absences with the exception of absences for religious and spiritual beliefs. Refer to the policy for absences for religious and spiritual beliefs.

The individual instructor has both the responsibility and the prerogative for managing student attendance. The instructor's policy regarding attendance for each course should be written in the course syllabus and communicated to students during the first week of the term. The policy may take alternate forms within the bounds of appropriate instructional techniques.

Legitimate reasons for an "excused" absence include, but are not limited to, illness and injury, disability-related concerns, military service, death in the immediate family, academic field trips, participation in an approved concert or athletic event and direct participation in university disciplinary hearings.

Even though any absence can potentially interfere with the planned development of a course, and the student bears the responsibility for fulfilling all course requirements in a timely and responsible manner, instructors will, without prejudice, provide students returning to class

after a legitimate absence with appropriate assistance and counsel about completing missed assignments and class material. Neither academic departments nor individual faculty members are required to waive essential or fundamental academic requirements of a course to accommodate student absences. However, each circumstance will be reviewed on a case-by-case basis.

Informal resolution should first be attempted between individual instructors and students in the event of any attendance-related concerns. If informal resolution is unsuccessful, the following offices, with respect to that office's purview, can provide assistance and guidance on attendance concerns and instruction on filing a grievance: student ombuds; student accessibility services; or compliance, equal opportunity and affirmative action.

In addition to this policy, students are responsible for following the procedures and policies of the respective offices from which they are seeking assistance, e.g., student accessibility services, the student ombuds, etc. In all instances of absences, students shall be responsible for all material covered in class during their absence. Students are responsible for completing any makeup work resulting from their absence. In no case is an excuse from class to be interpreted as a release from class responsibility.

The general procedures and responsibilities for requesting and determining legitimate class absence can be found in policy 3-01.2 of the University Policy Register.

Reason for Policy

Kent State University aims to foster an atmosphere of honesty and trust between instructors and their students. It is in both the university's and the student's interest to outline academic protections for students when they miss class for legitimate reasons. This policy places parameters around what is a legitimate absence, and reinforces the responsibilities of the instructor and the student.

Procedures

The general procedures and responsibilities for requesting and determining legitimate class absence can be found in policy 3-01.2 of the University Policy Register.

Forms/Instructions

- Class Absence Authorization Form
- Procedures for requesting an absence

Additional Resources

- Office of the Student Ombuds
- Office of Student Accessibility Services
- Office of Compliance, Equal Opportunity and Affirmative Action

Frequently Asked Questions

1. Can I receive a letter from the DeWeese Health Center to be excused from class or exam?

The DeWeese Health Center does not provide written absence excuses for students who miss a class, presentation, quiz, exam or other academic responsibility. Refer to the DeWeese Health Center website for more information.

2. Can I request class absences when I have flare-ups of a chronic illness?

Please contact the Office of Student Accessibility Services to discuss eligibility of using the attendance modification policy.

3. **I missed the first day of class and received an email that I now have an NF (Never Attended - Fail) grade for the course. What can I do?**
Contact the course's instructor as soon as possible to discuss the circumstances and to start attending the course.

4. **What should I consider if I am going to miss a significant amount of class time and/or academically related activities due to illness or other reasons?**

You should contact your instructor to discuss your academic standing in the course so you can determine your next steps. For example, this could include dropping the course, withdrawing from the course, requesting an Incomplete mark (if eligible) or leave of absence (graduate students only). You can also consult with your academic advisor or the student ombuds if you need assistance discussing academic options.

Definitions

Course syllabus: An outline or a summary of the main points of what will be expected of students in a course, provided by the course's instructor.

University disciplinary hearings: A formal meeting through the Office of Residence Services or the Office of Student Conduct for a violation of university rules.

- Accommodations for Student Religious and Spiritual Beliefs

Revision History

Information to come

Classification of Undergraduate Students

An undergraduate student is classified as follows:

- FRESHMAN — 0 to 29 credit hours of earned credit
- SOPHOMORE — 30 to 59 credit hours of earned credit
- JUNIOR — 60 to 89 credit hours of earned credit
- SENIOR — 90 credit hours to graduation

College Credit Plus

College Credit Plus is offered through the University College for middle/high school students (grades 7-12) who want to take Kent State courses at any Kent State campus, online, hybrid in-class/online or at their middle/high school. The course is taught by either a Kent State faculty member or a Kent State-qualified secondary instructor.

A College Credit Plus course offered in middle/high schools through the university must duplicate the course offered by Kent State to matriculated students. Courses must be approved for College Credit Plus status, and credit awarded must be deemed acceptable for transfer by faculty of the appropriate Kent State academic department/school.

Students enrolled in College Credit Plus courses must adhere to the deadline dates specified by Kent State for registration, drop, withdrawal and refund. Kent State may give priority to matriculated students for course registration over College Credit Plus students. However, once a College Credit Plus student has been registered into a course, Kent State will not displace that student for another student.

Kent State will provide students full access to Kent State libraries and electronic databases, as appropriate, and general academic support services, including academic advising, regardless of whether the course is taken in person, online or at a middle/high school.

Kent State is responsible for maintaining a College Credit Plus student's college transcript. Courses will be identified on the Kent State transcript as a college-level course. The middle/high school is responsible for maintaining the student's middle/high school transcript. The evaluation of courses when transferring to a college or university other than Kent State is the purview of that college or university.

College Credit Plus students are limited to a maximum of 30 credit hours per academic year and a maximum of 120 credit hours overall prior to high school graduation. Students who wish to continue at Kent State University after high school graduation should apply for admission as new freshman during the fall of their senior year.

For more information, please visit Kent State's College Credit Plus website.

College Level Examination Program (CLEP)

Students may earn academic credit through the College Board's College Level Examination Program (CLEP) administered at Kent State by the Office of Academic Engagement and Degree Completion. CLEP allows a student to earn college credit for prior knowledge and move on to more advanced coursework sooner. Credit hours, but no letter grade, is granted for scores that meet the minimum for each exam as determined on the CLEP guide for the Kent State University Catalog in effect at the time of the exam.

For additional CLEP information, including available tests, Kent State course equivalents and test dates, visit the Office of University Advising and Testing's website. Refer to the Alternative Credit-Testing Eligibility policy at the end of this section for more regulations on earning credit through testing.

College Tech Prep (CTP)

Kent State University will award college credit to students who successfully complete an approved College Tech Prep (CTP) program. Credit received through the CTP program is applied toward an appropriate degree at Kent State as identified in the signed articulation agreement. A student-articulated credit application for CTP credit is available from the CTP teacher or high school guidance counselor or on the Kent State Tech Prep website.

To earn Kent State University credit, students must:

- Complete the state-approved CTP program with a minimum B grade
- Graduate from high school
- Enroll at Kent State and request credits within three years after high school graduation
- Meet any additional criteria identified on the articulated credit application

Combined Bachelor's/Master's Degree Program

ASK A QUESTION OR SUBMIT FEEDBACK ON THIS POLICY

Date Revised: January 26, 2023

Date Effective: August 21, 2023

Policy Statement

A combined bachelor's/master's degree program allows exceptional, well-prepared Kent State University undergraduate students early admission into a graduate program. Students in a combined degree program take graduate-level coursework as undergraduate students, thus enabling courses to be applied toward both degree programs.

Students in a combined degree program must meet the minimum requirements for each degree earned. Undergraduate requirements must be fully satisfied before a bachelor's degree will be awarded. Until that time, students continue to have undergraduate student status and are charged undergraduate tuition and fees. Following the awarding of the undergraduate degree, their status is changed to that of graduate student.

Eligibility for Admission

To be eligible for admission to a combined degree program, undergraduate students must meet the following stipulations:

- Earn a minimum 60 credit hours (junior standing)
- Achieve a minimum 3.000 overall Kent State GPA (some combined degree programs may require a higher GPA)
- Complete a standard online graduate application, including paying the application fee
- Meet all admissions requirements for the master's degree program (consult the University Catalog for specific requirements)
- Be admitted to the master's degree program
- Submit the Combined Bachelor's/Master's Degree Form prior to the first semester of enrollment in the combined program

Application of Graduate Credit

Undergraduate students in a combined degree program may complete a maximum 9 credit hours of graduate-level coursework, depending on the approved combined degree program (see list of approved programs), and apply the courses and credit hours toward their undergraduate degree. Once students complete the undergraduate degree and enter graduate student status, their graduate-level coursework may be applied toward the graduate degree (i.e., courses are double counted). Students who undertake a combined bachelor's/master's degree program must complete a minimum 141 unique credit hours, with a minimum 30 of those credit hours applied toward the master's degree.

To be eligible for double counting, the coursework must meet all the following criteria:

1. Be of graduate level – under no circumstances will undergraduate-level coursework be applied toward the master's degree
2. Apply to degree requirements for the bachelor's and master's degrees
3. Are not awarded as credit by examination
4. Meet minimum standards as described in the Academic Standing - Graduate policy in the University Catalog

Combined degree programs are initiated by students in consultation with their academic advisor. The combined degree program should

be developed according to the individual career interests and goals of the student and should be an integrated learning experience rather than merely the completion of a certain number of undergraduate and graduate credits. The proposed combined degree program requires the approval of both the undergraduate and the graduate programs involved, as well as the respective college dean(s).

Reason for Policy

Policy enforces uniform standards for undergraduate students seeking early admission to a graduate degree at Kent State University and aligns with the policy from the Ohio Department of Higher Education.

Procedures

There are no procedures with this policy.

Revision History

Amended August 2023: Revised policy decreases the maximum of graduate courses that may be double-counted toward both degrees, from 9-12 credit hours (depending on the credit hours of the master's degree) to 9 credit hours for all combined programs.

Amended August 2020: Revised policy permits a minimum total of 141 unique credit hours earned (111 for bachelor's and 21 for master's and 9 double counted) with approval of the university and Ohio Department of Higher Education. The revised policy also replaces specific GPA per credit hours with a minimum 3.000 overall GPA for eligibility for a

combined degree program; removes requirement that a letter grade must be earned in courses that will be doubled counted toward both degrees; and removes categories of formal and informal combined programs.

Amended August 2014: Revised policy requires a minimum total of 150 unique credit hours earned (120 for bachelor's and 30 for master's) before double counting of credit hours is allowed. The revised policy also distinguishes between formal (university approved) and informal programs and clarifies that students in the combined program are classified as undergraduate until the bachelor's degree is earned; after that award, they are reclassified as graduate.

Amended August 1988: Revised policy allow maximum 12 credit hours of graduate courses that may be double-counted toward both degrees. Those credit hours can only be counted as electives, and not toward any requirements, in the bachelor's degree.

Effective September 1976: Establishes a policy to allow baccalaureate-seeking students early admission to a master's degree and be dually enrolled in both degrees upon recommendation of the academic department, the undergraduate college dean and upon approval of the dean of the Graduate College.

Core and Critical Reading Strategies Placement

Kent State University regional campuses offer two courses to help students develop reading strategies to successfully complete college-level coursework — READ 00003 and READ 00006. A student placed into READ 00003 must take READ 00006 the following term. Both courses require a minimum C grade. Students who have taken the Accuplacer Classic or Next Generation at another institution within two years of their initial start date may opt to transfer that score to Kent State University.

Assessment	Score	Placement
ACT Reading	0-13	READ 00003
ACT Reading	14-19	READ 00006
ACT Reading	20+	No Course
SAT Evidence-Based Reading and Writing	200-380	READ 00003
SAT Evidence-Based Reading and Writing	390-470	READ 00006
SAT Evidence-Based Reading and Writing	480+	No Course
Accuplacer Classic Reading	0-50	READ 00003
Accuplacer Classic Reading	51-79	READ 00006
Accuplacer Classic Reading	80-120	No Course
Accuplacer Next Generation Reading	200-221	READ 00003
Accuplacer Next Generation Reading	222-249	READ 00006
Accuplacer Next Generation Reading	250-300	No Course
GED Reasoning Through Language Arts College Ready	165+ *	No Course
Final high school GPA	0.00-1.59	READ 00003

Final high school GPA	1.6-2.79	READ 00006
Final high school GPA	2.8+	No course

* Kent State University awards college credit for GED 175+ scores.

Course Numbering System

Kent State University's numbering system for courses is as follows:

Range	Level
00000-09999	Developmental level
10000-19999	Freshman level
20000-29999	Sophomore level
30000-39999	Junior level
40000-49999	Senior level
50000-59999	Master's level
60000-69999	Master's level
70000-79999	Doctoral level
80000-89999	Doctoral level

Developmental courses (00000-09999) are considered pre-college level. Refer to the Developmental Coursework policy in the University Catalog for more information.

Undergraduate courses (10000-49999) are generally open to students of a class rank equivalent to the levels indicated. Students participating in the Honors, Early Admissions and Advanced Placement (AP) programs, as well as those who otherwise present evidence of qualifications beyond their class rank, may enroll in the appropriate undergraduate courses with the approval of their advisors and the instructors or departments offering the courses.

Most courses are offered in a regular sequence to meet students' programmatic needs; however, the availability of any specific course in a given semester is subject to sufficient student demand and available resources. Some courses require that a special fee be paid in addition to instructional and general fees. A listing of courses with these special fees can be found on the Bursar's Office website.

Courses numbered 50000 and above are for graduate students only and are referred to as graduate courses. Many of the 50000-level courses are also offered at the 40000 level for undergraduates. Students who have already completed 40000-level courses may not repeat the courses at the 50000-level for credit toward a graduate degree. No more than one-half of a graduate student's coursework may be taken in 50000-level courses.

Course Privilege for Doctoral Students

A doctoral student will be allowed, with the consent of the advisor and of the instructor concerned, to enroll in any course offered at Kent State University.

Course Repeat

ASK A QUESTION OR SUBMIT FEEDBACK ON THIS POLICY

Date Revised: February 11, 2019

Date Effective: August 22, 2019

Policy Statement

Students must register and pay tuition and any applicable fees when repeating a class. All course attempts and grades appear on the student transcript, including grades not calculated in the GPA. A student's Kent State GPA will not be affected by repeating courses at another institution. The university is not obligated to offer courses so that students can repeat them. If students plan to repeat a course, they are to work with their advisor to identify resources for academic support. Repeating courses could affect students' financial aid, scholarships or other assistance. Students should consult the appropriate office prior to registration. Students may repeat courses taken at Kent State University subject to the following provisions:

Undergraduate Courses

Students may repeat undergraduate courses (00000-40000 levels) no more than two times (a maximum of three attempts per course). The university will use only the highest grade and the credit hours associated with that highest grade in all attempts of the same course in the calculation of the overall undergraduate GPA, program GPA, credit hour totals and requirements for students' program.

Additional conditions for the repeating of undergraduate courses:

- After the third attempt (second repeat), the student is restricted from registering for the course again.
- Withdrawal from a course is counted as an attempt.
- Courses designated as "repeatable for credit" (see section below) are exempt from the three-attempt limit.
- Recalculation of the student's GPA occurs automatically at the end of the semester in which the student completes the repeated course.
- All grades for all attempts at a course are used in the GPA calculation for determining Latin honors (e.g., summa cum laude) and class standing (e.g., dean's list). These GPA calculations are independent of the overall GPA as it appears on the student transcript.
- All grades for all attempts may be counted for admission to or progression in specific programs, for admission to graduate programs or for admission to other institutions.

This policy is in effect for all undergraduate courses repeated in or after the fall 2019 semester.

Graduate Courses

Students may repeat graduate courses (50000-80000 levels), and the university will use all grades (passed and failed) in the calculation of the overall graduate GPA. Earned credit for a course applies only once toward meeting program requirements and credit hour totals.

Repeatable-for-Credit Courses

Some undergraduate and graduate courses are identified as "repeatable for credit" in the course description. Typically, a repeatable-for-credit course offers a different instructional experience and learning outcomes each time students take the course (e.g., internship, special topics, applied music). For those courses, students earn credit for each successful attempt, and the university uses all grades (passed and failed) for all attempts in the calculation of the GPA.

Students repeating a repeatable-for-credit course should consult the University Catalog and their advisor because some academic programs

have a limit on the total number of credit hours that may be applied for these types of courses.

Reason for Policy

Students may need to repeat a course to fulfill a requirement to earn a degree or certificate. This policy outlines limitations when repeating a course and the effect of a repeated course on the student's GPA.

Procedures

There are no procedures associated with this policy.

Frequently Asked Questions

1. What has changed with the course repeat policy?

A major change is that, effective fall 2019, students may repeat any undergraduate course (00000-40000 levels), and the university will count only the highest grade from all attempts of the same course in the student's undergraduate GPA. Before fall 2019, this policy extended only to lower-division (0000-20000 levels) courses.

2. Will the revised course repeat policy affect current or returning students even if they are not in the 2019 catalog (or later)?

The revised policy affects all students IF they repeat an upper-division course in fall 2019 or later. Below are some scenarios:

- Student repeated an upper-division course prior to fall 2019. Both grades (initial attempt and repeat) count in the student's GPA under their previous course repeat policy.
- Student attempted an upper-division course prior to fall 2019 and repeats the course in fall 2019 or later. The highest grade from the two attempts counts in the student's GPA.
- Student repeated an upper-division course prior to fall 2019. The GPA includes both grades. Then, the student repeats the course a second time in fall 2019 or later. The highest grade from the three attempts (initial attempt and two repeats) counts in the student's GPA.

3. If a student who repeated a course under the previous course repeat policy upgrades to the 2019 catalog, will the student be able to take advantage of the revised policy?

No, the revised policy is enacted by a student's course repeats in fall 2019 or later, and not by the student's catalog year.

Additional FAQ: Course Repeat

Definitions

GPA (Grade Point Average): An indication of a student's academic achievement at Kent State University, determined by the number of credit hours attempted at Kent State University and the grades received. The Kent State GPA is calculated to three places past the decimal point and not rounded.

Revision History

Amended August 2019: Revised policy allows all repeated undergraduate courses to be eligible for GPA recalculation for graduation.

Amended August 2015: Revised policy limits the number, to three, of overall attempts to an undergraduate course before a student can no longer register for that course. The student must then meet with meet with an advisor to decide next steps.

Amended August 2010: Revised policy clarifies that any student who has already received a bachelor's degree from any college or university is ineligible to use a course repeat to remove a grade from the GPA.

Amended August 2008: Revised policy allows lower-division courses taken for an earned associate degree to be repeated for a GPA recalculation; but prohibits course repeats for GPA recalculation after conferral of the bachelor's degree.

Amended January 2008: Revised policy counts only the highest grade earned in a repeated lower-division course in the GPA, subject to specific provisions.

Amended August 1987: Revised policy allows the grade in the second attempt of a passed undergraduate course (with approval) to count toward graduation.

Amended August 1980: Revised policy allows the grade in the second attempt of a passed undergraduate course (with approval) to count in the GPA, although the grade does not count toward graduation.

Amended September 1971: Revised policy limits the credit hours and grade in the second attempt of a passed undergraduate course (with approval) from counting toward graduation and in the GPA. Students may repeat courses that are identified as repeatable for credit.

Amended September 1970: Revised policy requires dean approval for students to repeat an undergraduate course in which the student already received a passing grade, and the credit hours and grade in the second attempt do not count toward graduation. All grades count in the GPA.

Effective September 1952: Establishes a formal course repeat policy that specifies that students are not eligible automatically to repeat an undergraduate course. However, under certain conditions and with dean and department head approval, only the grade in the second attempt may be used for the student's scholastic standing.

Rule for Recalculation of First-Year Grade Point Average (2008)

Freshman Rule for Recalculation of Grade Point Average (2004)

Credit By Examination (CBE)

Students with demonstrable ability and knowledge in a particular subject area may earn credit in selected courses through Credit-By-Examination (CBE), coordinated by the Office of the University Registrar. Students who wish to pursue CBE must complete the CBE application to gain appropriate college and departmental permission. The appropriate academic department administers the exam, which may include the completion of additional assignments. The minimum passing standard

for CBE is the equivalent of a C grade. However, no letter grade, only credit hours, are posted to the academic transcript for CBE.

For the CBE application, per-credit-hour fee and a list of available courses, visit the Office of the University Registrar's CBE website. Refer to the Alternative Credit-Testing Eligibility policy at the end of this section for more regulations on earning credit through testing.

Credit-Hour Requirement for Graduation

Undergraduate Students

All students in bachelor's degree programs must satisfactorily earn (with passing grades) a minimum of 120 credit hours of coursework to graduate. Associate degrees are awarded for the successful completion of a minimum of 60 credit hours of coursework. Some bachelor's and associate degree programs require more hours than the 120 and 60, respectively.

As part of this requirement, students must complete a minimum 36 credit hours of the Kent Core for the bachelor's, Associate of Arts and Associate of Science degrees. Students must complete a minimum 15 credit hours of the Kent Core for applied and technical associate degrees.

Students who have had coursework or credits waived may be allowed to graduate from their program when they earn fewer than the minimum credit hours stated for that program in the University Catalog provided that they fulfill all requirements for the program and meet the university minimum credits hours for graduation.

Graduate Students

All master's degree students must satisfactorily complete a minimum 30 credit hours applicable toward a master's degree in order to graduate. Some master's degree programs require more credit hours.

While the well-prepared doctoral candidate may expect to meet formal course requirements (exclusive of dissertation) for the doctoral program by completing a minimum of two years of full-time work beyond the baccalaureate, departments may require more extensive preparation where needed. In order to qualify for a doctoral degree, students must present a minimum of 90 credit hours beyond the bachelor's degree, or 60 credit hours beyond the master's degree. These hours may include registration for coursework, individual investigation or research courses and dissertation. Only work of high quality is approved for doctoral credit.

DANTES Subject Standardized Tests (DSST)

Formerly known as the Defense Activity for Non-Traditional Educational Support (DANTES) exams, the DANTES Subject Standardized Tests (DSST) is a nationally recognized program that gives students the opportunity to receive college credit for learning acquired outside the traditional college classroom. Kent State accepts the American Council on Education (ACE) recommendations for the minimum score required and the amount of credit awarded. Official score reports or a joint services transcript (JST) must be submitted to Kent State before the credit can be applied to a student's academic record.

For information on credit options for military students, visit the Credit Transfer Office website.

Developmental Coursework

"Developmental" means a course that is below college level and cannot be applied toward a certificate or degree program. At Kent State, course numbers that begin with a "0" (e.g., MATH 00022) are designated as developmental and may be prescribed or recommended through placement testing. Although these courses will count toward the course load for financial aid and other purposes, credit hours earned in these courses will be subtracted from the students' total before graduation. None of these courses may be taken pass/fail.

Students placed into any developmental course must continuously enroll in the course(s) each semester until they successfully complete the course or sequence of courses. Students who delay the start of their developmental mathematics coursework more than one semester must be reassessed for placement (a fee may be charged). Students who are placed into a developmental mathematics course and whose program has a specific mathematics requirement must continuously enroll in the course(s) each semester, beginning with their first semester at Kent State, until they successfully complete their first non-developmental mathematics requirement.

Dismissal and Appeal - Graduate Academic Dismissal

Review of a graduate student's performance, progress and adherence to professional standards in a graduate program may result in a recommendation for academic dismissal.¹ Expectations for academic performance, progress and professional standards must have been communicated to students in writing at the time of matriculation into the program.

The decision for academic dismissal rests with the department chair, school director or program coordinator administering the program. Students who have been dismissed will be provided the decision in writing along with information on their right to appeal the decision (see dismissal appeal section below).

Students who are dismissed from their degree program—or from all programs for students admitted to a dual degree or multiple programs—are dismissed from Kent State University. The college notifies the Office of the University Registrar to remove the student immediately from the program(s) and from any future-registered courses. The University Registrar will note on the student's record, including the student's official transcript, that the student was academically dismissed as of the term of the dismissal decision.

Students admitted to a dual-degree or multiple programs who are dismissed from only one of the programs are not dismissed from the university and may continue in the other program. Undergraduate students admitted to a combined bachelor's/master's degree program who have been dismissed from the undergraduate program are dismissed from the graduate program.

Dismissed students who wish to enroll in a different graduate program or in coursework at Kent State must complete an application for admission and follow the graduate admission procedures found in the University Catalog.

In the College of Podiatric Medicine, determinations for dismissal are made in accordance with the grading policy. The final decision rests with the Academic Appeals Committee. The director of academic services

and institutional research is responsible for providing the student with written communication regarding the dismissal decision and notifying the university registrar to remove the student from the program and all registered courses. For more information on that college's policy for dismissal, refer to the College of Podiatric Medicine section of the University Catalog.

Appeal of Dismissal

Students who are dismissed have the right to appeal the decision. Students who are dismissed from more than one program must appeal each dismissal separately.

Appeal Process

Students may appeal to the college dean, or designee, for the dismissal decision made at the department, school or program level in that college. If conditions or causes exist requiring a modification of the time limits listed below, it is the responsibility of the college dean, or designee, to assess such circumstances and determine the nature or extent of any such modification. If the college dean, or designee, decides to modify the time limits, the college dean, or designee, immediately will inform all parties involved.

1. If the student decides to appeal the dismissal decision, the student must submit the appeal in writing to the appropriate college dean, or designee, within 10 weekdays of receipt of the decision for dismissal. In the written appeal statement, the student must state clearly the reasons why the decision is being appealed, the nature of the appeal, the facts and circumstances leading to the appeal, reasons in support of the appeal and the remedy or remedies requested. The appeal statement submitted by the student becomes the basis for all further consideration of the matter.
2. Upon receipt of the student's appeal statement, the dean, or designee, convenes the college's dismissal and appeals committee to review and make a recommendation on the appeal.
3. The college dean, or designee, must send a copy of the appeal statement to the chair, director or coordinator who issued the dismissal decision. The chair, director or coordinator may respond to the student's appeal and include any information or documentation related to the response. The chair, director or coordinator will provide that written response to the college's dismissal and appeals committee, with a copy sent to the student.
4. The college's dismissal and appeals committee shall examine and evaluate fully the dismissal decision, including any supporting documentation submitted by the student or by the chair, director or coordinator who issued the dismissal. At its discretion, the committee may interview the student and/or the chair, director or coordinator and/or consult with any others who the committee believes may assist in the review of the appeal.
5. The college's dismissal and appeals committee is expected to conduct its review as expeditiously as possible. If a full committee is unable to convene in a timely manner, the college dean, or designee, will determine—with input from the student and the chair, director or coordinator who issued the dismissal decision—if the appeal review process will proceed with limited committee members or will be scheduled to convene at a later, predetermined time.
6. Once the review of the appeal is completed, the committee's chair must forward a written recommendation to the college dean, or designee. The recommendation becomes part of the student's record.
7. The college dean, or designee, shall make the final decision and provide that decision in writing to the student, with a copy sent to the

university registrar, the college's dismissal and appeals committee and the chair, director or coordinator who issued the dismissal.

8. If the appeal is approved, the university registrar will re-enroll the student into the program, and the student may re-register for courses. The notation of the student's dismissal is updated or removed from the student's record (depending on the decision).

College of Podiatric Medicine: For dismissal appeal procedures in the College of Podiatric Medicine, refer to that college's section in the University Catalog. Dismissed students who are reinstated are placed on academic probation with a notation on their transcript, until outstanding failures have been satisfactorily resolved. Students who are officially dismissed from the college for any other reason are not eligible for readmission consideration at any time. Any student who has been officially dismissed two times from the college is ineligible for readmission consideration at any time.

¹ A student on an official leave of absence cannot be dismissed.

Dismissal, Appeal and Reinstatement - Undergraduate

Effective Date: August 2024

Last Reviewed: October 2023

Last Revised: Faculty Senate approval

Next Review: September 2028

Policy Statement Academic Dismissal

Undergraduate students whose academic performance indicates a limited chance of obtaining the minimum grades required for good academic standing will be subject to dismissal from the university.

The provost may dismiss a student if any of the following conditions apply to that student:

1. Any student who earns between a 0.000 and 0.500 grade point average (GPA) in the student's first semester at Kent State.
2. Any continuing student who is:
 - a. Placed on academic probation (0.000 to 1.999 overall GPA) for the last term of attendance at the undergraduate level, and
 - b. Earns between 0.000 and 1.999 semester GPA in the term under review, and
 - c. Earns one of the following:
 - i. Between 0.000 and 1.099 overall GPA for students with 0.000 to 29.999 GPA credit hours* or
 - ii. Between 0.000 and 1.499 overall GPA for students with 30.000 to 59.999 GPA credit hours* or
 - iii. Between 0.000 and 1.749 overall GPA for students with 60.000 to 89.999 GPA credit hours* or
 - iv. Between 0.000 and 1.999 overall GPA for students with 90.000 or more GPA credit hours*.
3. Any full-time student in the student's first semester at Kent State or on academic probation who receives 9 or more credit hours of any combination of the following grades or marks in the semester under review: F (Fail), NF (Never Attended-Fail), SF (Stopped Attending-Fail), U (Unsatisfactory). This policy applies without regard to whether the designated grades were included or excluded from the student's overall GPA.

4. Any less-than-full-time student in the student's first semester at Kent State or on academic probation who receives 6 or more credit hours of any combination of the following grades or marks in the semester under review: F (Fail), NF (Never Attended–Fail), SF (Stopped Attending–Fail), U (Unsatisfactory). This policy applies without regard to whether the designated grades were included or excluded from the student's overall GPA.

A student who is dismissed should expect to be away from the university for a minimum of 12 consecutive months. A dismissed student may not register for any coursework at any campus of Kent State University. The notation of academic dismissal will be printed on the student's official transcript. For further information concerning the conditions of academic probation and dismissal, students should contact their college or campus advising office. See guidelines for dismissal appeals below.

* "GPA credit hours" are credit hours earned with a Kent State grade that counts toward the student's GPA (e.g., 3 credit hours earned with a B grade at Kent State).

Dismissal Appeal

A student who is academically dismissed has the right to appeal the decision. Appeals must be based on circumstances within the past academic year that were beyond the control of the student and affected the student's academic performance. Appeals must be submitted by the date and according to the process specified in the dismissal letter. See the Procedures section below for information on submitting an appeal.

Reinstatement

Reinstatement after dismissal from Kent State University is neither automatic nor guaranteed. A student may be reinstated only if the student provides convincing evidence of probable academic success if permitted to return to the university. A dismissed student who has previously accumulated a substantial number of credit hours and/or an excessively low GPA should expect that reinstatement is not likely to be approved.

Application for reinstatement after the required period of time away from the university should be to the dean of the college or campus that houses the major program the student wishes to enter. Students wanting to be reinstated into a program with selective admission requirements, specified certification standards or additional graduation requirements may be approved to be reinstated into the university but not into that particular program. The application should include convincing evidence of the student's motivation to continue and of the student's specific efforts during the period of dismissal to eliminate previous weaknesses. After evaluating the application for reinstatement and all supporting materials, the dean will inform the student of the reinstatement decision.

A student who is reinstated is automatically placed on academic probation until good academic standing (minimum 2.000 overall GPA) is attained. Academic requirements will be determined by the Catalog-in-force at the time the student re-enrolls at the university. For further information concerning reinstatement, students should consult their college or campus advising office.

Reason for Policy

Students need to have clearly articulated criteria for being subject to academic dismissal from Kent State University, procedures for appealing a dismissal and information on reinstatement after dismissal.

Procedures

Students placed on academic probation (below a 2.000 overall GPA) will be notified that they are in danger of being academically dismissed. When students are academically dismissed, they receive an email the day after final grades are entered and their GPA is calculated.

To appeal an academic dismissal, students must complete the steps below:

1. Apply by the deadline stated in the dismissal letter.
2. Include the following in the appeal:
 - a. An explanation of the extenuating circumstances – e.g., personal illness/injury, critical family illness or other situations of sufficient severity – and how these circumstances affected academic performance. These circumstances must be documented by providing physician statements or other appropriate documents.
 - b. A detailed plan of action for achieving academic success for any future enrollment at Kent State University.

Appeals that do not meet these guidelines will not be reviewed. Decisions made by the appeals committee are final.

Forms/Instructions

Students are notified of their academic dismissal by the Office of the Provost via their kent.edu email address. They should refer to the link in their dismissal letter for the form and instructions to appeal.

Frequently Asked Questions

Dismissal

1. **Why was I dismissed?**
Undergraduate students whose academic performance indicates a limited chance of obtaining the minimum grades required for good academic standing will be subject to dismissal from the university. The university may dismiss a student based on a list of conditions above.
2. **What should I do about my room in the residence hall?**
As soon as possible, arrange to check out of your residence hall room by calling University Housing at 330-672-7000 or via email (housing@kent.edu).
3. **Do I need to drop my classes for the next semester?**
If you have registered for a future term at any Kent State campus or location, your schedule has been cancelled. You do not need to cancel your registration.
4. **What should I do if I have a balance on my FlashCash account?**
To inquire about a refund, visit the FlashCard Office on the first floor of the Kent Student Center on the Kent Campus, call the office at 330-672-2273 or send an email (flashcard@kent.edu). Please know that a dining plan balance is nonrefundable.

5. **How can I receive a refund if I have paid tuition or fees for a future term?**

If you have paid for a future term, Kent State will issue a refund. If you have questions regarding fees or refunds, contact the One Stop for Student Services at 330-672-6000 or online via the "Contact Us" button.

6. **What do I need to do if I am on an international student visa?**

If you currently maintain F-1 or J-1 immigration status, you should immediately contact an advisor in the Office of Global Education at 330-672-7980 or via email (isss@kent.edu). Failure to do so may result in the termination of your immigration status and cancellation of your visa.

Appeals

1. **Can I appeal my dismissal?**

If you have been dismissed, you have the right to appeal the decision. Some questions to ask yourself before appeal include: Were there recent circumstances beyond your control? Were you doing well in your classes prior to these circumstances? Why weren't you able to withdraw from classes or work with your instructors?

2. **Who do I contact for the appeal or if I have questions or need help?**

Contact your college/campus advising office listed in your dismissal email. Links to dismissal contacts for the Kent Campus and Regional Campuses.

3. **Is it a guarantee that I can return next semester if I submit an appeal?**

No. The appeal allows you the opportunity to be considered for immediate return to the university. The appeals committee will review your submission and make a decision based on the merits of your appeal. You will be notified of the decision regardless of the outcome.

4. **Can I be return to my same major/college if my appeal is successful?**

Yes. After a successful appeal, you will be reinstated into the same program you were in at the time of your dismissal. We encourage you to talk with an academic advisor to discuss if this plan of study is the best option for you and if another program may be a better fit for your interests and career goals.

5. **What if my appeal is denied?**

The decisions of the committee are final. However, you can apply for reinstatement after being away for a full 12 months. We encourage you to work with your academic advisor to discuss how best to use this year off. This may include attending classes at a community college or other higher education institution or simply taking time to refocus. You were admitted to the university because we believe you could be successful. We think with some time to regroup you still can be.

Reinstatement

1. **If I don't appeal, can I come back to Kent State?**

Yes! All students can apply to return to the university, referred to as reinstatement, after being away for a full 12 months. We encourage you to work with your academic advisor to discuss how best to use this year off. This may include attending classes at a community college or other higher education institution or simply taking time to refocus. You were admitted to the university because we believe you could be successful. We think with some time to regroup you still can be.

2. **What should I do if I plan to take classes at another school before applying for reinstatement?**

Schedule an appointment with your Kent State academic advisor. You need to make sure that the courses you intend to take are

transferrable and that you do not jeopardize your eligibility for any of Kent State's course repeat or forgiveness policies.

Definitions

- **Academic Standing:** Academic status at institutions of higher education. Students with a cumulative 2.00 GPA or above are in good academic standing.
- **Dismissal (Academic):** Students who fail to make adequate progress toward completion of a program of study or whose academic performance indicates little chance of obtaining the minimum grades required for graduation are no longer allowed to enroll at the university.
- **Probation (Academic):** A warning to undergraduate students who fail to maintain a semester and/or overall grade point average of 2.00 or better. Failure to improve the academic record within a specific time may result in academic dismissal.
- **Reinstatement:** Process by which a student may gain reentry to the university after a dismissal.

Revision History

Information to come from Office of Curriculum Services.

Dissertation for the Doctoral Degree

Date Revised: May 11, 2020

Date Effective: August 27, 2020

Policy Statement

A dissertation is required of each candidate for the Ph.D. degree. The dissertation must demonstrate that the student has acquired the ability to conduct research in a discriminating and original manner. The dissertation should make a significant enough contribution to the field in which it is written that at least one scholarly article suitable for publication in a professional journal may be derived from it or that the findings of the dissertation would be otherwise publishable.

Dissertation Registration and Applicability Toward Degree

Each doctoral student, upon admission to candidacy, must register continuously for Dissertation I (8x199) each semester (fall, spring) for a total of 30 credit hours. A student who has completed the required 30 credit hours of Dissertation I but has not finished the dissertation is expected, thereafter, to register continuously for Dissertation II (8x299) each semester (fall, spring) until all degree requirements are met. Students who are planning to defend their dissertation in summer or early fall, or who are requiring access to university resources during the summer months — including, but not limited to, feedback or mentoring from their dissertation advisors, use of university buildings and other research resources — must register for dissertation in the summer term. For students in good standing, those credit hours will be approved by the academic unit administrator. The student receives an In-Progress

(IP) administrative mark until the dissertation is completed, at which time the IP mark is changed to either the Satisfactory (S) or Unsatisfactory (U) grade.

No more than 30 credit hours of Dissertation I may be counted toward completion of degree requirements. Credit hours earned in Dissertation II do not, under any circumstances, count toward the degree.

Dissertation Prospectus

The dissertation topic must be approved by the academic unit and filed with the college dean no later than one semester preceding that in which the candidate expects to receive the degree. Each graduate unit has adopted a procedure for the preparation of a dissertation prospectus. This document will normally include an outline of the parameters of the projected dissertation topic with a statement of the problem to be undertaken, the procedure or methodology to be used in the research, a preliminary review of the literature substantiating the need for the study, and the principle sources of information for the dissertation. The prospectus must be in writing, but an oral presentation may also be required.

Dissertation Committee

When the student has developed a dissertation topic acceptable to the advisor, a dissertation committee is convened, responsible for overseeing the progress of the candidate's dissertation. The graduate/program coordinator appoints the members of the committee in consultation with the student and the student's advisor. This group will consist, at minimum, of four members:

1. The advisor, who chairs the committee
2. Two additional members from the candidate's program
3. One faculty member from a discipline outside the program

The advisor and two committee members must be members of the graduate faculty who have been approved to direct dissertations. The remaining members of the committee must have associate or full graduate faculty status and be approved to serve on a dissertation committee. A co-advisor, if used, will count as one of the above members.

Special permission must be obtained from the college dean for anyone on the dissertation committee who does not meet the qualifications stated above.

Examining Committee

When the advisor believes the candidate's dissertation is ready for preliminary approval, the advisor will convene an examining committee. The examining committee will consist of members of the dissertation committee and an appointed graduate faculty representative. The procedures for appointing the graduate faculty representative are detailed in the procedures section below.

Once the graduate faculty representative is appointed, the advisor will submit the dissertation to the members of the committee for a 10-day reading period of the dissertation. Following the reading period, the advisor will convene the examining committee to evaluate the dissertation. The advisor will note and communicate to the candidate any revisions recommended by the committee. When, in the opinion of the advisor and the candidate, the appropriate revisions have been made, the advisor will inform the graduate/program coordinator, the academic unit's lead administrator and the college dean.

Final Examination (Oral Defense)

Upon completion of the revisions, if any, the student will be required to defend the findings before a committee of graduate faculty members,

including the dissertation committee and others chosen by the academic unit and college dean. The final oral defense will be open to the university community. The procedures for the defense are detailed in the procedures section below.

Dissertation Submission

After passing the oral examination, doctoral candidates must submit their dissertation in electronic form to the OhioLINK Electronic Thesis or Dissertation (ETD) Center, where the dissertation is made publicly available. The dissertation must include an abstract of maximum 350 words. The dissertation must be prepared according to established guidelines, which are available in the college office.

Individual units may still require submission of a paper copy for their archives, and the deadline for the dissertation to be filed in the college office is the last day of classes for the term of graduation (some colleges may require an earlier deadline). It is the responsibility of the doctoral student to fulfill this requirement.

All dissertations must be published according to a plan provided by ProQuest for the purposes of archiving, indexing and dissemination. All communications and relations between faculty or students and ProQuest shall be carried out only through the Kent State University librarian. Publication of the complete dissertation or significant parts of it through other avenues is expected, but this is not to be used in lieu of the requirement stated herein.

Reason for Policy

Policy enforces uniform standards for the doctoral dissertation submission and oral defense and defines the dissertation committees and applicability toward the doctoral degree.

Procedures

Procedures for Appointing the Graduate Faculty Representative

The college dean, or designee, will appoint the graduate faculty representative to the examining committee after consultation, when appropriate, with the advisor or lead administrator of the academic unit. The graduate faculty representative must have the following credentials:

- Directed a dissertation to completion
- Familiar with the general content area of the candidate's dissertation
- Outside the candidate's program or outside the candidate's area of focus

The graduate faculty representative may be appointed from outside the university but still must have directed a dissertation to completion.

The principal responsibility of the graduate faculty representative is to preside and moderate the final examination (oral defense) and to note whether the nature of the questioning of the faculty and the responses of the candidate meet highly respectable scholarly standards. Any concerns must be presented immediately to the college dean or designee. As moderator, the graduate faculty representative should ensure that all participants in the defense act in a civilized, polite and proper manner. The graduate faculty representative should be familiar with the procedures of the oral defense and has the authority to suspend the examination should a situation arise that would not be conducive to a fair examination.

The graduate faculty representative is expected to question the candidate and to vote on the passing of the final examination.

If a separate moderator for the final oral defense is desired, that individual will be selected by the dissertation committee from the members of

the graduate faculty who have been approved to direct dissertations. The separate moderator will not be a faculty member in the candidate's program.

Procedures for the Final Examination (Oral Defense)

When the dissertation committee has met and has agreed to proceed to the final examination, the advisor will designate the time and place of the final oral defense and notify the student and all members of the examining committee.

The oral defense is open to any member of the University wishing to attend and, therefore, a facility adequate to meet this requirement should be provided. The defense should be scheduled to allow a minimum of 10 days for all members of the examining committee to review the dissertation; this is in addition to the 10-day period preceding the dissertation committee meeting.

In the absence of the advisor, the lead administrator of the academic unit may postpone the oral defense. In the case of long-term absence or enduring illness of the advisor, the lead administrator, in consultation with the college dean, should make appropriate arrangements for a substitute.

The dissertation must be in final form (not merely a late draft but also not necessarily the final typed copy) prior to the final oral defense. Students are permitted to number their pages in pencil to reduce the cost of final changes that may result from the oral defense. If, in the opinion of more than one member of the examining committee, the dissertation is not in acceptable final form, the oral defense will not be held. An acceptable final form refers to the substance and usefulness of the dissertation as well as the quality of the writing. The decision to halt the defense is to be determined by vote prior to the final oral examination and without the candidate or others being present. If a negative vote occurs, the candidate may be called in to provide clarification.

A rescheduling of the oral defense, if necessary, will occur when, in the opinion of the advisor and the student, the dissertation has been modified to incorporate the suggested changes. The dissertation must be acceptable, with no more than one dissenting vote, before the rescheduled final oral can be held. If the dissertation is not in suitable form at this second scheduled oral, the advisor will notify the college dean. Further action is then the responsibility of the college dean.

The final oral defense will be open to the university community. The advisor should notify the academic unit of the time and place of the so that it may be announced in a suitable way. The student should provide copies of the dissertation abstract to the academic unit so that it will be available to interested individuals prior to the defense to familiarize members of the graduate faculty with the methodology and findings.

Students may participate in the oral defense in a different location than the committee members (i.e., by web conferencing) if they are declared in a fully online degree program or have obtained permission in advance from the committee chair. See the policy on remote participation in a thesis or dissertation defense in the University Catalog.

The candidate will open the defense with a brief presentation of dissertation findings, after which the members of the examining committee will question the candidate in an order to be determined by the moderator. When, in the opinion of the moderator, members of the examining committee have had an adequate opportunity to question the candidate, the moderator may open the examination to appropriate questions from others present. Questions dealing with the substance, meaning and usefulness of the research in the dissertation are of greatest propriety. Questions or comments dealing with punctuation

or grammatical minutiae, spelling, etc., are out of order and should be written out and privately submitted to the advisor.

If, in the opinion of the moderator or upon motion duly passed by a majority of the committee, it should be deemed necessary to discontinue the defense, the moderator may recess the defense until a time mutually agreeable to the moderator, the advisor, the candidate and the college dean.

When the questioning has run its course, the moderator will adjourn the defense, and the room will be cleared of everyone except the members of the examining committee. Parliamentary procedure will be observed to determine the success or failure of the candidate, with the moderator acting as chair without a vote. The committee should evaluate the candidate upon both (a) the overall quality and significance of the dissertation, and (b) the oral defense of the findings.

All members of the examining committee will sign the Report of Final Examination form, recording their votes of "yes" or "no." Committee members may not abstain in this vote. A candidate passes the final oral defense if there is no more than one dissenting vote. The moderator and lead administrator of the academic unit must then sign the report, which is forwarded to the college for the signature of the dean. The college returns a copy of the completed form to the academic unit.

Only members of the examining committee who voted "yes" are required to sign the dissertation signature page.

Frequently Asked Questions

There is no FAQ associated with this policy.

Definitions

Academic Unit: an academic department, school or a designated graduate program within a college, department or school.

Defense: refers to students presenting, explaining and defending their ideas submitted in their dissertation. The defense is designed so that faculty members can ask questions to ensure that students understand their chosen field and focus area.

Dissertation: a highly individualized investigative study that results in the development and writing of a scholarly, comprehensive paper and fulfills the culminating requirement for a Ph.D. degree. The dissertation must demonstrate that the student has acquired the ability to conduct research in a discriminating and original manner. The dissertation should make a significant enough contribution to the field in which it is written that at least one scholarly article suitable for publication in a professional journal may be derived from it or that the findings of the dissertation would be otherwise publishable.

- Eligibility for a Doctoral Degree

Revision History

Amended August 2020: Revised policy clarifies that a dissertation is required for the Ph.D. degree, rather than all doctoral degrees; replaces language regarding dissertation committees with more up-to-date information; removes graduate faculty status levels; eliminates summer registration requirement; add credit hours earned in Dissertation II do not count toward the degree; and adds deadline for filing the dissertation.

Dual Degrees and Double Majors

ASK A QUESTION OR SUBMIT FEEDBACK ON THIS POLICY

Effective Date: August 2024

Last Reviewed: February 2024

Last Revised: *date to come*

Next Review: September, 2027

Policy Statement

Undergraduate Programs

Kent State University students may be able to simultaneously pursue two associate or bachelor's degree programs through either a double major or a dual degree. A double major combines two majors within the same degree (e.g., Accounting and Finance majors in the B.B.A. degree). A dual degree combines two majors within different degrees (e.g., Architectural Studies major in the B.A. degree and Construction Management major in the B.S. degree).

Certain major combinations are not permitted by the colleges. Students interested in a double major or dual degree must consult with their advisor (and an advisor for the second major if in a different college) to determine whether the desired combination of majors is permitted. Declaring a double major or dual degree in the same department or school is allowed only when the department or school offers different majors. For example, a student may declare the Spanish major and the French major even though both majors are offered by the Department of Modern and Classical Language Studies. Some departments or schools may allow a student who earned a Bachelor of Arts degree to return to complete a Bachelor of Science degree in the same major.

Because of their generalist nature, the following degree programs may not be earned as a double major or dual degree with another major and cannot be earned as an additional degree after another degree at the same or higher level has been earned previously.

- Applied Media - B.A.
- Individualized Program - A.T.S.
- Integrative Studies - B.I.S.
- Professional Studies - B.S.
- Technical and Applied Studies - B.T.A.S.

In addition, due to the similarity in program requirements, the Associate of Arts and the Associate of Science degrees may not be earned concurrently with each other; nor may either be awarded as an additional degree when one has been earned previously.

Students cannot be on academic probation and declare another major or degree at either the associate or bachelor's level.

Students pursuing a double major or dual degree concurrently or subsequently must be officially admitted to the programs and complete all requirements for both in addition to the university's undergraduate and residence requirements.

Graduate Programs

Graduate dual degree programs allow students to simultaneously pursue two graduate degrees at the same level (two master's degrees or two doctoral degrees) or two graduate degrees at different levels (one master's degree and one doctoral degree).¹ Rather than sequentially completing first one degree and then the other, the amount of time required to complete both sets of degree requirements may be reduced by completing the programs in a coordinated way. Graduate dual degrees are distinct from combined degree programs, which allow students to simultaneously pursue two degrees at the undergraduate and graduate levels (see policy on Combined Bachelor's/Master's Degree Program in the University Catalog for details).

Coursework common to both programs must constitute a well-planned and meaningful part of each program. A minimum of 60 percent of the total credit hours required for each degree program must be unique to that degree program, after which some courses may be double counted. The percentage of unique hours that must be completed in each degree program may vary from the 60 percent minimum only when the graduate dual degree program has been formally approved by the university.

Graduate credit transferred from another institution is limited to a maximum of 12 credit hours across both degree programs. Doctoral-level courses may be applied toward a master's degree. Under no circumstances may master's-level courses be applied toward a doctoral degree.

The maximum time limits for completing degree requirements and graduation apply to each degree individually (see the policy on Academic Standing—Graduate Student in the University Catalog for details).

Kent State University allows for both informal and formal dual degree programs, as described below.

Informal Dual Graduate Degree Programs

Students may simultaneously pursue two graduate degrees in different programs through an informal dual degree program (those that have not received official university approval). Informal dual degree programs offer students the flexibility to double-count some coursework, given that the two programs in question approve the arrangements. Once admitted to both degree programs, the student and advisor(s) must plan an integrated course of study. The plan must be approved by both programs and filed with the respective college(s). Culminating experiences (e.g. capstone courses, theses, dissertations, applied projects) and comprehensive examinations cannot be shared.

Formal Dual Graduate Degree Programs

A formal dual degree program is one that has been officially approved by the university. It has one curriculum established by two programs resulting in the completion of two graduate degrees at the same level. A list of dual degree programs that have been formally approved may be found in the University Catalog [\[link to come\]](#).

¹ This policy does not apply to dual concentrations. Students should contact their program coordinator if they are interested in completing dual concentrations.

Reason for Policy

Policy enforces uniform standards for students seeking to pursue multiple degree programs, either concurrently or subsequently.

Procedures

Undergraduate Dual Degrees and Double Majors

Undergraduate students request the second major/degree through the Manage My Program application in FlashLine and review program requirements in their GPS degree audit.

Graduate Dual Degrees

An applicant who is not currently a graduate student at Kent State University must submit an application and pay an application fee for each program.

Students who are currently enrolled in one graduate program at Kent State University must submit an application and pay an application fee for the second program, indicating on the application that the intent is to complete both degrees rather than to transfer from the first to the second program.

If applying to a formal degree program (see list above), the applicant/student should indicate the specific dual-degree concentration in the program.

If admitted to an informal degree program, the student and advisor(s) must plan an integrated course of study. The plan must be approved by both programs and filed with the respective college(s).

Frequently Asked Questions

There are no FAQ associated with this policy.

Definitions

Degree: an award for completion of a course of study at a specific level designated by the customary titles of associate, bachelor's, master's, specialist or doctorate. Examples: Associate of Arts degree, Bachelor of Arts degree, Master of Arts degree, Doctor of Philosophy degree.

Double Counting: allowance of a course (and its credit hours) to count toward the requirements of two programs.

Double Major: combines two majors with the same degree; e.g., B.A. degree in Psychology and the B.A. degree in Sociology.

Dual Degree: combines two majors with different degrees, e.g., B.A. degree in Fashion Merchandising and B.B.A. degree in Business Management.

Formal Dual Graduate Degree: dual graduate degree program that has been officially approved by the university; the curriculum for the dual degree is published in the University Catalog.

Informal Dual Graduate Degree: an agreement between two program areas to allow a student admitted to both degree programs to double-count specific coursework toward both.

Major: a set of requirements for completion of a degree as authorized by the Kent State Board of Trustees and the Ohio Department of Higher Education. Examples: Geography major, Nursing major, Public Health major.

Revision History

Amended August 2024: Revised to include two additional completer programs and to link to the list of graduate dual degree programs so they can be updated as needed without having to update this policy.

Amended August 2023: Revised to reflect name change of the bachelor's degree in educational studies and the addition of new graduate dual degree programs.

Amended August 2020: Revised to redefine "double major," eliminate the 140-credit hour requirement for dual degrees; eliminate additional 15 credit hours for concurrent or subsequent associate degrees; provide more information on certain major/degree combinations that are not permitted; restrict students on academic probation from declaring multiple majors; and include master's/doctoral degrees in the graduate dual degrees policy.

Amended August 2015: Revised to reflect university minimum semester credit hours for a degree was decreased, from 121 to 120 for one major or double majors. Minimum semester credit hours for dual degrees remains at 140. Disclaimer on dual concentrations within one major is added.

Amended August 1995: Revised to reflect university minimum semester credit hours for a degree was decreased, from 129 to 121 for one major or double majors and from 148 to 140 for dual degrees.

Amended August 1995: Distinction between double majors and dual degrees are made, with no minimum credit hours for double majors beyond what is required for one degree (129 semester credit hours). Minimum semester credit hours for dual degrees remains at 148.

Amended August 1988: Application fee for graduation is eliminated.

Amended August 1979: Revised to reflect the university's conversion from quarters to semesters; total semester credit hours for two degrees is increased, from 147 (220 quarter credit hours) to 148.

Amended September 1974: Disclaimer added that some degree combinations are not permitted. Students are now allowed to declare and earn two degrees simultaneously. Required additional coursework

(30-35 quarter credit hours) is eliminated. A deadline and fee are added for applying for graduation.

Amended September 1965: Allowance on qualifying for a degree in absentia is removed.

Amended June 1952: New allowance on qualifying for a degree in absentia after three years of work at Kent State University.

Amended June 1948: Total quarter credit hours for two degrees is decreased, from 234 to 220. Additional coursework is revised from one year to 30-35 quarter credit hours. Now recommends declaration in second degree as early as possible, changing it from junior to sophomore year. Second degree must be earned after first degree (no awarding of two simultaneously).

Amended June 1942: Revised to reflect the university's conversion from semesters to quarters (now requiring 234 quarter credit hours); procedures added for students to seek college dean approval for a dual degree before the start of junior year.

Effective June 1939: Establishes a policy requiring students to complete 156 semester credit hours and one year (or six summer terms) of residence beyond four years to earn two degrees in any two colleges or two degrees in the same college.

Eligibility for a Doctoral Degree

The student will ordinarily observe the following procedure in order to be eligible for the doctoral degree:

- Indicate the intention to meet specifications of the departments concerned by applying for admission. The college or independent school and the department together will determine acceptability.
- Fulfill the credit requirements of the department in which the major work is done.
- Fulfill the residence requirements (if any).
- Satisfy the language or research tool requirements of the department.
- Pass the candidacy (comprehensive) examination in the field of the major subject.
- Carry out a suitable scholarly research or creative program.
- Write a dissertation that shows high attainment and creativity.
- Successfully defend the findings of the dissertation in public before a committee of the graduate faculty.
- Have registered for a minimum of 90 credit hours beyond the bachelor's degree, or 60 credit hours beyond the master's degree (registration for thesis, dissertation and research may be included in this total).

For eligibility for the Doctor of Podiatric Medicine degree, please refer to the college policies in the College of Podiatric Medicine section of this Catalog.

English Placement

English Placement

All undergraduate degree programs require successful completion of the Kent Core Composition requirement. Placement into the appropriate starting course in the sequence is determined by ACT English or SAT evidence-based reading and writing or high school GPA. In the event students do not have ACT, SAT scores or qualifying high school GPA and are attending a Kent State University regional campus, they will take

Accuplacer Next Generation reading and Writeplacer. This assessment is available on site or remotely. Students who have taken Accuplacer sentence skills, Writeplacer or reading comprehensive at another institution within two years of their initial start date may opt to transfer those scores to Kent State University.

Students enrolled at a Kent State University regional campus who do not meet the university readiness standards will be required to enroll in and earn a minimum C grade in ENG 01001 and a minimum C- grade ENG 11002 before they can enroll in ENG 21011. Students who wish to challenge their writing placement may do so using the Writing Placement Reassessment.

To provide more opportunities to all students, ACT/SAT scores and/or high school GPA older than two years are acceptable for English placement. Regional Campus students should also be informed about the Stretch sequence and given the option to enroll in Stretch, regardless of their older ACT/SAT or GPA. Students who do not have ACT/SAT scores or high school GPA will take Accuplacer Reading and Writeplacer.

Kent Campus Students

Assessment	Score	Placement
ACT English	0-25	ENG 11011
ACT English	26+	ENG 21011
SAT Evidence-Based Reading and Writing	200-590	ENG 11011
SAT Evidence-Based Reading and Writing	600+	ENG 21011
Accuplacer and Writeplacer (challenge to ACT/SAT placement)	7+	ENG 21011
GED Reasoning Through Language Arts College Reading	165+ *	ENG 11011
Final high school GPA	2.8+	ENG 11011
Final high school GPA	3.8+ and writing sample **	ENG 21011

Regional Campus Students

Assessment	Score	Placement
ACT English	0-17	ENG 01001 and ENG 11002
ACT English	18-25	ENG 11011
ACT English	26+	ENG 21011
ACT Reading and Writeplacer Next Generation	0-19 and 4	ENG 01001 and ENG 11002
ACT Reading and Writeplacer Next Generation	20+ and 4	ENG 11011
SAT Evidence-Based Reading and Writing	200-470	ENG 01001 and ENG 11002
SAT Evidence-Based Reading and Writing	480-590	ENG 11011
SAT Evidence-Based Reading and Writing	600+	ENG 21011
Accuplacer Next Generation Writing	0-4	ENG 01001 and ENG 11002
Accuplacer Next Generation Writing	4 and 0-249 Accuplacer Reading	ENG 01001 and ENG 11002
Accuplacer Next Generation Writing	4 and 250+ Accuplacer Reading	ENG 11011
Accuplacer Next Generation Writing	5-6	ENG 11011

Accuplacer Next Generation Writing	7+	ENG 21011
GED Reasoning Through Language Arts College Reading	165+ *	ENG 11011
Final high school GPA	0.0-2.9	ENG 01001 and ENG 11002
Final high school GPA	2.8+	ENG 11011
Final high school GPA	3.8+ and writing sample **	ENG 21011

* Kent State University awards college credit for GED 175+ scores.

** Permission must be granted from the Department of English after review of writing sample.

Enrollment - Graduate

Graduate students shall enroll for at least one term each year (three consecutive terms, including summer as one term) to maintain status as a degree-seeking student. Meeting this minimum enrollment requirement does not guarantee the student will meet the minimum requirements of other programs, offices or agencies.

Students not meeting the minimum enrollment requirement for maintaining status as a degree-seeking graduate student will be considered as having voluntarily withdrawn from the university. After three consecutive terms of non-enrollment, students will be inactivated as a degree-seeking student.

Students who withdrew and wish to have their graduate standing reinstated must follow the same admission procedures as those required of new applicants, including submission of a non-refundable application fee and application materials. Acceptance back into a graduate program is not guaranteed even if the student departed in good standing. Students who apply and are admitted will be re-instated under the catalog-in-force at the time of admission. The program determines how much of the previously completed work may be applied toward the graduate degree program.

Students on an approved leave of absence may return to their program of study by completing the Application for Graduate Re-Enrollment form found on the Graduate Studies website.

Exploratory and General Majors

Kent State offers the non-degree Exploratory major on all campuses and generalist majors within most colleges to enable undergraduate students to explore academic areas and/or meet minimum program requirements. Baccalaureate-seeking students in these non-degree majors must declare a degree major by the time they have earned 45 credit hours at Kent State University. Students needing assistance with selecting a major must consult with an academic advisor.

Foreign Language Placement

Students intending to study Chinese, French, German, Italian, Russian or Spanish should take the placement assessment 48 hours before their academic advising appointment.

Students planning to study a language other than the ones listed above should contact the Department of Modern and Classical Language Studies via email (mcls@kent.edu) or website for further placement instructions. All students should begin foreign language study in the

appropriate course, which may be determined in one of the following ways:

1. WebCAPE Placement Exam available on the Placement Channel in FlashLine for Chinese, French, German, Italian, Russian and Spanish.
2. Placement interview with a faculty member in the Department Modern and Classical Language Studies for languages for which there is no WebCAPE Placement Exam.
3. Placement based on alternative credits accrued per one of the approved methods specified in the University Catalog.

Foreign Language Requirements: Generally, foreign language requirements are met by passing the highest level course in the language requirement or a course beyond the highest level in the requirement. Students should review the University Catalog and consult with their academic advisor(s) to determine specific language requirements for their college and program. Some students may begin their university foreign language experience beyond the Elementary I level without receiving credit for the previous course(s) and, thus, may complete the requirement with fewer credit hours and fewer courses than specified in their language requirement. In this case, the credit hours not used for the language requirement may be still required for graduation, but may be applied toward coursework in the student's major or minor or as electives.

Foreign Language Proficiency Waiver: Students able to demonstrate foreign language proficiency comparable to the highest course in their foreign language requirement may be able to have their language requirement waived. Students should review the University Catalog and consult with their academic advisor(s) and the Department of Modern and Classical Language Studies to verify eligibility. Proficiency waivers will be granted for the following:

1. **International students** who were educated through high or secondary school in a language other than English. Foreign language waivers will be granted to international students who have
 - a. TOEFL, IELTS, MELAB, PTE Academic score recorded in their Kent State University academic record;
 - b. completed English-as-second-language courses at Kent State; or
 - c. provided documentation that they attended a secondary or high school in a country in which courses were taught in a language other than English (e.g., high school transcripts or diploma in the original language along with a certified English translation).
2. **American Council on the Teaching of Foreign Languages (ACTFL) Exams.** The tests are administered by Language Testing International. Students are responsible for the costs of the exam(s) and for providing the Department of Modern and Classical Language Studies with a copy of the certificate(s). Instructions for taking the ACTFL Exams may be found on the department's website.
 - a. A proficiency waiver will be granted through Elementary II of a foreign language to students who provide either
 - i. an official ACTFL Oral Proficiency Interview (OPI) certificate that documents proficiency at the Intermediate Low or higher level; or
 - ii. comparable qualifying score on an ACTFL-based proficiency exam such as those accepted for the Ohio Seal of Biliteracy confirming oral proficiency of at least an intermediate low level.
 - b. A proficiency waiver will be granted through Intermediate II of a foreign language to students who provide either

- i. an official ACTFL Oral Proficiency Interview (OPI) **and** Writing Proficiency Test (WPT) certificates with scores at the Intermediate Low or higher level; or
 - ii. comparable qualifying ACTFL-based proficiency exams such as those accepted for the Ohio Seal of Bilingualism confirming oral proficiency **and** writing proficiency of at least an intermediate low level.
3. **Common European Framework of Reference for Language (CEFR) Ratings.** A proficiency waiver will be granted through Elementary II of a foreign language to students who provide an official (European) CEFR certificate confirming oral proficiency of at least the B1.1 level. A proficiency waiver will be granted through Intermediate II of a foreign language to students who provide an official CEFR certificate confirming oral and writing proficiency of at least the B1.2 level. Students are responsible for providing the Department of Modern and Classical Language Studies with a copy of the certificate(s).
 4. **Defense Language Proficiency Test (DLPT).** A proficiency waiver will be granted through Elementary II of a foreign language to students who were tested during military service and provide an official DLPT certificate confirming oral proficiency of at least ILR 1. A proficiency waiver will be granted through Intermediate II of a foreign language to students who provide an official DLPT certificate confirming oral proficiency of at least ILR 1+.
 5. **Ohio Seal of Bilingualism.** A proficiency waiver will be granted through Intermediate II of a foreign language to students with an Ohio Seal of Bilingualism. Students who have qualified for the Ohio Seal of Bilingualism by means of an International Baccalaureate or AP exam or who submit their ACE transcripts may be eligible to receive credit for the Ohio Seal of Bilingualism. For more information, visit the Credit Transfer website.
 6. **Alternative proficiency measures.** Students may have proficiency in a language for which no standardized test exists. In this case, students should contact the Department of Modern and Classical Language Studies to arrange for assessment by an approved native speaker of that foreign language (e.g., teacher, professor or certified translator), with the assessment method approved in advance by a department administrator.

Grade Point Average (GPA)

Undergraduate Students

Overall GPA for Graduation

To graduate from Kent State University with an associate degree, bachelor's degree, undergraduate minor or undergraduate certificate, all students must earn a minimum 2.000 overall grade point average (GPA). Some programs require a higher overall GPA for graduation, and these are noted on the program's page in the University Catalog and in the GPS degree audit.

A student's overall GPA is calculated using all coursework taken at Kent State, with the exception of grades exempted through Kent State's course repeat or GPA adjustment policies.

Major, Minor and Certificate GPA for Graduation

To graduate with a declared undergraduate major, minor or certificate, all students must earn a minimum 2.000 GPA in the program. Some programs require a higher GPA for graduation, and these are noted on the program's page in the University Catalog and in the GPS degree audit.

A student's major, minor or certificate GPA is calculated using only the courses that complete the requirements in that major, minor or certificate. When multiple courses may be used to complete a specific requirement (e.g., "choose from" or either/or choice), the course with the highest passing grade will complete the requirement and be used in the calculation of the major, minor or certificate GPA.

The major, minor and certificate GPA can be found in the student's GPS degree audit; they are not displayed on the student transcript or diploma and are not stored in the university's student information system.

Latin Honors GPA

For information on how the GPA is calculated for Latin Honors (bachelor's degrees) and for Distinction (associate degrees), refer to the Honors at Graduation policy in the University Catalog.

Graduate Students

To be considered "in good standing," a 3.000 average or better in all graduate and required undergraduate work undertaken at Kent State University should be maintained by graduate students¹. In order to qualify for graduation, the student must have a 3.000 average in all graduate courses attempted. The grade point average of a student who enlists in the military service after work is begun toward a graduate degree may, at the student's request upon return from military service, exclude the grades earned in the last semester in which that student is in residence prior to induction.

¹ Students seeking the Doctor of Podiatric Medicine degree are expected to maintain a minimum 2.000 grade point average.

Calculating Grade Point Average

Quality points are awarded on the following scale:

- 1 credit hour of A equals 4.000 points
- 1 credit hour of A- equals 3.700 points
- 1 credit hour of B+ equals 3.300 points
- 1 credit hour of B equals 3.000 points
- 1 credit hour of B- equals 2.700 points
- 1 credit hour of C+ equals 2.300 points
- 1 credit hour of C equals 2.000 points
- 1 credit hour of C- equals 1.700 points
- 1 credit hour of D+ equals 1.300 points
- 1 credit hour of D equals 1.000 point
- 1 credit hour of F equals 0.000 points
- 1 credit hour of NF equals 0.000 points
- 1 credit hour of SF equals 0.000 points
- 1 credit hour of U equals 0.000 points

A grade point average is determined by dividing the total number of points earned by the number of quality hours taken. Totals are extended to three decimal points and are **not** rounded up.

As an example, assume a student has completed 30 credit hours with a grade distribution of 3 credit hours of A, 3 credit hours of B, 3 credit hours of B-, 15 credit hours of C, 4 credit hours of D and 2 credit hours of F.

Dividing 63.100 by 30, a GPA of 2.103 is obtained, which is slightly above a C average. Overall GPA is computed by dividing the total quality points

by the total quality hours. Grades of S (Satisfactory), Y (Pass) and Z (Fail) are not included in the GPA.

Grade Point Average (GPA) Adjustment

ASK A QUESTION OR SUBMIT FEEDBACK ON THIS POLICY

Date Revised: February 23, 2023.

Date Effective: August 21, 2023

Policy Statement

The Grade Point Average (GPA) Adjustment policy provides students the opportunity to make progress toward degree completion by allowing them to remove a maximum of six courses with grades C- or lower from the calculation of their overall GPA and earned hours.

Eligibility

To be eligible for a GPA adjustment, students must meet all the following conditions at the time of the request:

- Officially admitted, reenrolled or reinstated to Kent State *
- Seeking a Kent State undergraduate degree or certificate
- Enrolled in undergraduate credit courses at Kent State

* Students who are dismissed may apply for GPA adjustment if they appeal and are reinstated.

Students with a previous undergraduate degree or certificate and currently enrolled in a subsequent undergraduate program are eligible with the following stipulations:

- Students who earned a Kent State associate or bachelor's degree or certificate may request a GPA adjustment for failed grades (F, NF, SF, U) and only C-, D+ and D grades for the courses that were not used toward earning the previous degree or certificate.
- Students who earned a non-Kent State associate or bachelor's degree or certificate may request a GPA adjustment for failed grades (F, NF, SF, U) earned before or after the awarded degree or certificate and only C-, D+ and D grades earned after the awarded degree or certificate.

Reason for Policy

This GPA Adjustment policy is an alternative to the Course Repeat policy and allows students to request specific course grades to be removed from their GPA and overall credit hours subjected to specific conditions for eligibility and approval.

Procedures

To apply for a GPA adjustment, students must complete the following steps:

1. Meet with an academic advisor to begin an application
2. Provide a written statement describing their plan to assure successful academic performance in the future
3. Select a maximum of six courses with grades C-, D+, D, F, NF, SF, M and/or U to be removed from the GPA and earned hours

Once the steps outlined above have been completed, the Office of the University Registrar will remove the student-selected grades from the calculation of the student's GPA and earned hours. The grades will be

retained on the student's transcript with the notation of an "E" (excluded) in the repeat column. The official grade for the courses will be changed to X* (e.g., XC-, XD) to denote a GPA adjustment.

The following stipulations to course forgiveness will be enforced:

- The GPA Adjustment policy applies only to coursework taken at Kent State University and only to the students' Kent State transcript. Students cannot request the policy for grades earned from transfer courses.
- Students cannot request the policy for courses taken for a pass/fail grade.
- The course must officially be recorded on the student's transcript for grade adjustment to be considered.
- Students selecting a GPA adjustment for a course required to graduate with their declared program must retake this course unless the dean of the college in which they are enrolled approves a suitable substitution.
- The original GPA (includes any courses under the GPA Adjustment policy) will be used in determining eligibility for Latin honors, distinction or other recognition, as well as satisfactory academic progress eligibility for federal financial aid, based upon the entirety of students' undergraduate academic career and record of academic performance.
- A student may submit multiple requests for GPA adjustment until the maximum six courses is met or the student graduates with that degree or certificate, whichever comes first. Students cannot request this policy for a course in a degree or certificate program after that degree or certificate has been awarded.
- Students who participated in academic forgiveness in the past may request GPA adjustment if they had fewer than six courses removed from their GPA and earned hours under the previous policy. Maximum six courses may be removed under previous and proposed policy, combined.
- Once the course grade and credit hours have been removed from the student's GPA and earned hours, they will not, under any circumstances, be reinstated.
- A graduate school may review a student's complete undergraduate record (including any courses under the GPA Adjustment policy) when making admission decisions.

Forms/Instructions

Students must contact an academic advisor to begin an application.

Additional Resources

- Student Financial Aid: Satisfactory Academic Progress
- One Stop for Student Service

Frequently Asked Questions

1. **How does the new GPA Adjustment policy differ from the Academic Forgiveness policy?**

The Academic Forgiveness policy has been revised and renamed GPA Adjustment. The process for applying and the eligibility requirements have been modified to simplify the process and remove unintended barriers for students to receive a second chance at pursuing their academic goals and progress for degree completion.

2. **What is the difference between the GPA Adjustment policy and the Course Repeat policy?**

GPA Adjustment allows for students to select a maximum of six courses with grades C- and lower to be removed from the calculation of their GPA and overall credit hours

Course Repeat also allows for courses taken to be excluded the student's GPA; however, in contrast to the GPA Adjustment Policy, students must take the same course again (i.e., repeat), and have only the highest grade earned in the attempts be applied to the GPA.

You should consult with your academic advisor regarding both policies to help them determine which one applies best to your circumstances.

3. How will using GPA Adjustment affect my financial aid?

Courses forgiven under GPA Adjustment still will be used in determining your financial aid eligibility. Grades and credit hours (earned and attempted) from forgiven courses will be reflected in your Satisfactory Academic Progress calculation found in FlashLine.

Additional FAQ: GPA Adjustment

Definitions

Admitted: Offered admission to enroll in a program at Kent State University.

Earned Hours: Credit hours for courses that the student completed with a grade or administrative mark that is considered passing.

Enrolled: Student has completed course registration for a specific term.

GPA (Grade Point Average): An indication of a student's academic achievement at Kent State University, determined by the number of credit hours attempted at Kent State University and the grades received. The Kent State GPA is calculated to three places past the decimal point and not rounded.

GPS Degree Audit: A summary of all official program requirements merged with the student's academic record to provide a real-time assessment of progress toward graduation.

Reenrolled: Act of being restored to active-student status in order to register for courses and pursue completion of an academic program after an absence of one full academic year or longer.

Reinstated: Act of being restored to active-student status after academic dismissal in order to register for courses and pursue completion of an academic program.

Student Transcript: The accurate and complete record of a student's academic coursework attempted at an institution, presented in either electronic format or paper format.

Revision History

Amended August 2023: Revised policy clarifies that students must be seeking a Kent State undergraduate degree/certificate and enrolled in

undergraduate Kent State courses (i.e., not open to guest students or former students who do not return to Kent State). In addition, the required quiz is eliminated; instead, students initial each statement that was part of the quiz on their application request.

Amended August 2022: Revised policy eliminates the one-year away requirement from Kent State, allows students with a previous degree to be eligible with certain stipulations, replaces GPA and credit-hours requirement for eligibility with requirement that students meet with their academic advisor and provide a written statement describing their plan to assure successful academic performance in the future. Instead of removing all grades C- and lower from the GPA, students select a maximum of six courses with grades C- and lower to be removed. Policy is renamed Grade Point Average (GPA) Adjustment.

Amended August 2012: Revised policy applies to the clause for Kent State associate degree holders to allow forgiveness to be applied toward any course not used for a previous associate or certificate degree, rather an any course after earning the previous credential.

Amended August 2011: Revised policy decreases the time away from three (two for veterans) to one year for all students; and removes stipulation that students cannot take coursework elsewhere for at last three years. Students who earned a Kent State associate degree are now eligible for coursework taken after that degree.

Amended August 2005: Revised policy add C- to the list of grades that are forgiven after eligibility.

Amended August 1981: Revised policy decreases the time away only for students who were enlisted in the armed forces, from three to two years. Former students who did complete coursework elsewhere may be eligible if three years passed since that study. Revision also adds an eligibility requirement of 15-30 credit hours of graded coursework with a 2.000 GPA. Once eligible, all grades D or lower are forgiven.

Effective September 1976: Establishes a formal Academic Forgiveness policy for all undergraduate students. To be eligible, former students must be away from the university for three or more calendar years and have not attended another university during that time.

Effective September 1968: Establishes an administrative policy regarding academic forgiveness for former students who had left the university to serve in the armed forces. To be eligible, students must be away from the university for three or more calendar years.

Grade-/Mark-To-Grade Change Policy

With the exception of the IN, IP and NR marks, once grades or marks are submitted, they are final and will not be changed except in cases of administrative error. Grades will not be changed by allowing the students to do additional work (e.g., retaking exams; redoing papers; submitting extra credit papers, reports) or by using criteria other than those applied to all students in the class.

In the event of a possible administrative error, the students must contact the instructor as soon as possible following the awarding of the grade. If the instructor is not available, the department/school chair/director should be contacted.

Grade appeals for reasons other than administrative error must follow established policy and procedures for student academic complaints, see

policies 4-02.3 for Kent Campus and 8-01.4 for regional campuses in the University Policy Register.

Approved grade change requests for reasons other than removal of the IN, IP and NR marks must be submitted no later than the end of three consecutive terms after the grade was submitted or before the student's degree is posted officially to the permanent academic record, whichever comes first.¹ No challenge will be considered or adjustment made after that period. Deadline for removing the IN mark is noted in the Administrative Marks section above.

Grading Policies and Procedures

The transcript is an accurate and complete historical record of work attempted at the university. Changes to transcript entries that alter the enrollment history of a student are not to be made.

Academic Grades

The following grades are determined and assigned by faculty based upon appraisal and evaluation of student performance in completing requirements of a course:

Letter Grade	Description
A	(4.000) Denotes "superior scholarship."
A-	(3.700)
B+	(3.300)
B	(3.000) Denotes "good performance" for students in undergraduate courses and "average performance" for students in graduate courses.
B-	(2.700)
C+	(2.300)
C	(2.000) Denotes "fair or average performance" for students in undergraduate courses and "below average performance" for students in graduate courses.
C-	(1.700)
D+	(1.300)
D	(1.000) Denotes "poor (but passing) performance" for students in undergraduate courses and "far below average performance" for students in graduate courses.
F	(0.000) Denotes failure of the student's overall performance. This grade is earned and is not used for students who never attended or stopped attending the course (see NF and SF marks in Administrative Marks section below).
S	The grade S (Satisfactory) denotes passing performance and is used for courses where S/U grading, rather than letter grading, is permitted. The credit hours are awarded, but the grade is not counted in grade point averages. Work earning an S grade may be applied toward meeting degree requirements.

U

The grade U (Unsatisfactory) denotes failing performance and is used for courses where S/U grading, rather than letter grading, is permitted. This grade is earned and is not used for students who never attended or stopped attending the course (see NF and SF marks in Administrative Marks section below). Credit hours are recorded as attempted, and the grade is counted as an F (zero quality points) in grade point averages.

Y

The grade Y denotes a passing grade in undergraduate courses in which students have elected the pass/fail grading option. The credit hours are awarded, but the grade is not counted in grade point averages.

Z

The grade Z denotes failing performance in undergraduate courses in which students have elected the pass/fail grading option. The credit hours are recorded as attempted, and the grade is not counted in grade point averages.¹

¹ Please refer to the Pass/Fail Grade policy below for conditions governing the acceptability of pass/fail (Y/Z) grades at Kent State.

Administrative Marks

The following administrative marks are assigned when a letter grade is not appropriate.

Mark	Description
AU	The mark AU (Audit) denotes enrollment in a course without benefit of a grade or credit, typically for purposes of self-enrichment and academic exploration. Students may audit any course subject to space availability and prior departmental approval. To audit a course, students must go through registration procedures and be assessed registration fees. An audited course cannot be applied toward a student's degree or certificate. An instructor may impose whatever attendance requirements deemed necessary upon the students registered for audit. The students must be informed of these requirements at the beginning of the semester. Failure to meet such attendance requirements subjects the students to being withdrawn from the course by the instructor. The AU mark is not counted in grade point averages. ¹
CP	The mark CP (Complete) denotes completion of requirements for registered course COOP 20092 Cooperative Education. The CP mark is not counted in grade point averages.

CR	The mark CR (Credit) denotes credit hours, but not letter grade, earned through successful completion of an alternate credit program (e.g., exam credit, trade competency or other non-institutional credit). The CR mark is not counted in grade point averages.	SF	The mark SF (Stopped Attending–Fail) denotes that the student stopped attending the course and did not formally withdraw. The SF mark counts as an F grade (zero quality points) in grade point averages and must be accompanied by a date of last attendance in the course. Faculty who cannot determine the exact date of last attendance may use the date of the last academic activity in which students participated. In the case of undergraduate courses taken pass/fail, the SF mark will be changed to a Z (fail) grade. ¹
IN	The mark IN (Incomplete) may be given to students who—due to extenuating circumstances—are unable to complete the required work between the course withdrawal deadline and the end of classes. The timeline shall be adjusted appropriately for summer sessions and flexibly scheduled courses. The IN mark is not counted in grade point averages. ²	T	The mark T denotes student participation in a national or international academic exchange program and is not counted in grade point averages.
IP	The mark IP (In Progress) may be given to students to indicate that work is in progress toward a thesis, dissertation, research, individual investigation or a similar effort that requires additional time beyond a semester. A grade will be given when the work is completed. The IP mark can be utilized only in designated courses and remains a terminal mark if the student does not complete the requirements for the course. For courses required for a degree or certificate, a grade must be given before the credential may be granted. The IP mark is not counted in grade point averages.	TR	The mark TR (Transfer) denotes accepted transfer coursework and is not counted in grade point averages.
M	The mark M (Missing) was used until 1980. It is similar to the NF and SF marks (see below) and counts as an F grade (zero quality points) in grade point averages.	W	The mark W (Withdrawal) denotes that the student has withdrawn from the university or from any individual course without evaluation. For courses in the College of Podiatric Medicine, this mark is given to students who withdraw prior to midterm exams. The W mark is not counted in grade point averages.
NC	The mark NC (Not Complete) denotes requirements have not been completed for registered course COOP 20092 Cooperative Education. The NC mark is not counted in grade point averages.	WF	The mark WF (Withdrawal–Fail) is used by the College of Podiatric Medicine to denote that the student has withdrawn from the university or from any individual course/rotation with failing status after seven weeks of course instruction. The WF mark is not counted in grade point averages. ³
NF	The mark NF (Never Attended–Fail) denotes that the student neither attended any class session nor formally withdrew from the course. The NF mark counts as an F grade (zero quality points) in grade point averages. In the case of undergraduate courses taken pass/fail, the NF mark will be changed to a Z (fail) grade. ¹	WP	The mark WP (Withdrawal–Pass) is used by the College of Podiatric Medicine to denote that the student has withdrawn from the university or from any individual course/rotation with passing status after seven weeks of course instruction. The WP mark is not counted in grade point averages. ³
NR	The mark NR (Not Reported) indicates the instructor did not submit a grade. For courses required for a degree or certificate, a grade must be given before a credential can be granted. The NR mark is not counted in grade point averages.		

¹ A student receiving the AU, NF or SF mark is enrolled officially in the course; however, credit hours for the course are not applied toward the student's course load for financial aid and other select purposes.

² Please refer to the Incomplete Mark policy below for conditions governing student eligibility and approval for an Incomplete mark at Kent State.

³ Please refer to the College of Podiatric Medicine section in the University Catalog for procedures for withdrawal.

Calculating Grade Point Average

Quality points are awarded on the following scale:

- Each hour of A equals 4.000 points
- Each hour of A- equals 3.700 points
- Each hour of B+ equals 3.300 points
- Each hour of B equals 3.000 points
- Each hour of B- equals 2.700 points

- Each hour of C+ equals 2.300 points
- Each hour of C equals 2.000 points
- Each hour of C- equals 1.700 points
- Each hour of D+ equals 1.300 points
- Each hour of D equals 1.000 point
- Each hour of F equals 0.000 points
- Each hour of NF equals 0.000 points
- Each hour of SF equals 0.000 points
- Each hour of U equals 0.000 points

A grade point average is determined by dividing the total number of points earned by the number of quality hours taken. Totals are extended to three decimal points and are not rounded up.

As an example, assume a student has completed 30 credit hours with a grade distribution of 3 credit hours of A, 3 credit hours of B, 3 credit hours of B-, 15 credit hours of C, 4 credit hours of D and 2 credit hours of F.

Dividing 63.100 by 30, a grade point average of 2.103 is obtained, which is slightly above a C average. Cumulative averages are computed by dividing the total quality points by the total quality hours. Grades of S, Y and Z are not included in grade point average.

Grade Reports

Final grades are reported at the close of each academic term and become a part of the students' permanent records. Grades are available in FlashLine.

Pass/Fail Grade Policy

Students who wish to pursue an unfamiliar field or otherwise expand their educational boundaries beyond the requirements of any declared academic program may request to take certain undergraduate courses on a pass/fail basis. The purpose of this option is to foster experimentation by providing students with the opportunity to explore a broad range of coursework without affecting their grade point average.

Students may **not** request the pass/fail grading option for the following types of courses:

- Courses used to meet requirements in a student's major, minor, concentration or certificate program, or to meet college general requirements for the student's degree.
- Courses designated as Kent Core (general education requirement).
- Courses numbered 00000-09999 (developmental).
- Courses numbered 50000-89999 (graduate).
- Courses graded Satisfactory/Unsatisfactory (S/U).

Pass/fail grading is subject to the following conditions:

1. Students whose overall GPA is below 2.000 after their most recent graded term are not eligible to request the pass/fail grading option. Transfer students admitted on probation are not eligible to request the pass/fail grading option in their first term.
2. Students may take only one course per term on a pass/fail basis.
3. Instructors will not be informed of students' selection of the pass/fail grading option. Regular passing letter grades (e.g., B, C, D) that are reported by the instructor will be converted to a Pass (Y) grade. Letter grades of F (Fail), NF (Never Attended–Fail) and SF (Stopped Attending–Fail) reported by the instructor will be converted to a Fail (Z) grade.

4. Under no circumstances will Pass (Y) or Fail (Z) grades be converted to regular grades.
5. Students who earn Pass (Y) grades and later declare a major, minor, concentration or certificate program may apply the pass/fail credit to program requirements, if applicable, but all subsequent required coursework must be completed with regular grading.
6. A maximum 12 hours of Pass credit may be applied toward a declared undergraduate program.
7. Pass (Y) and Fail (Z) grades are not used in computing grade point averages and do not satisfy specific required grades (other than the minimum D grade) in course prerequisites and program requirements.

In order to request the pass/fail grading option, students must submit a Pass/Fail Grade Request form to the Office of the University Registrar. Students may not change grading options, including pass/fail, after the final day of course registration. Information about schedule adjustment deadlines, which includes deadlines for changes to grading options, is located in the Registration policy in the University Catalog.

Incomplete Mark Policy

To be eligible to request an incomplete mark for a course that was not completed due to extenuating circumstances, undergraduate students must be earning a minimum D grade, and graduate students must be earning a minimum C grade, in the course at the time of the request. Appropriate documentation is required to support the extenuating circumstance.

The student or university-approved designee must request the IN mark from the instructor of the course, and it is the responsibility of the student to arrange to make up the incomplete work. After the instructor approves the request, the instructor must initiate the request by submitting an Incomplete Mark Contract workflow to the department chair/school director prior to the grading deadline. This electronic workflow includes justification for awarding the Incomplete, describes the work to be completed for the course and specifies the grade to be assigned if the work is not completed (default grade). The Incomplete Mark Contract is sent electronically to the student.

When the work is completed, an appropriate grade will be assigned—based on the instructor's evaluation of the work submitted—and a new grade point average computed.

If the student does not complete and receive a grade, or is not granted an extension, the student's IN mark for the course automatically will lapse to the default grade designated on the Incomplete Mark Contract:

1. at the end of one semester for undergraduate courses or
2. at the end of three consecutive terms for graduate courses.

If the student is granted an extension and does not complete and receive a grade by the deadline, the student's IN mark for the course automatically will lapse to the default grade designated on the Incomplete Mark Contract at the end of the term in which the extension deadline occurs.

Grade-/Mark-To-Grade Change Policy

With the exception of the IN, IP and NR marks, once grades or marks are submitted, they are final and will not be changed except in cases of administrative error. Grades will not be changed by allowing the students to do additional work (e.g., retaking exams; redoing papers; submitting

extra credit papers, reports) or by using criteria other than those applied to all students in the class.

In the event of a possible administrative error, the students must contact the instructor as soon as possible following the awarding of the grade. If the instructor is not available, the department/school chair/director should be contacted.

Grade appeals for reasons other than administrative error must follow established policy and procedures for student academic complaints, see policies 4-02.3 for Kent Campus and 8-01.4 for regional campuses in the University Policy Register.

Approved grade change requests for reasons other than removal of the IN, IP and NR marks must be submitted no later than the end of three consecutive terms after the grade was submitted or before the student's degree is posted officially to the permanent academic record, whichever comes first.¹ No challenge will be considered or adjustment made after that period. Deadline for removing the IN mark is noted in the Administrative Marks section above.

Midterm Evaluation

Effective Date: to come
Last Reviewed: December 2013
Last Revised: August 2016
Next Review: September 2028

Policy Statement

A midterm evaluation grade is submitted between the fourth and seventh week for all students in lower-division undergraduate courses (levels 00000, 10000, 20000). Midterm evaluation grades are not given for summer or flexible-scheduled courses due to the short duration of these offerings. Midterm results are available to academic advisors and college/school/campus deans for the purpose of intervening when achievement is considered unsatisfactory according to program or university requirements. Students will be able to view their midterm grades in FlashLine for the fall or spring semester in progress. Midterm grades are not included as part of the students' academic transcript, nor are they included in a student's grade point average (GPA).

Reason For Policy

Research has shown that early and frequent assessments are important to student success because they can help students not only have a sense of how they are doing in their courses, but also help to improve their final grade. Midterm evaluations are a snapshot of how a student is performing in the course and allows time to seek help and make adjustments. While midterm grades are encouraged for all undergraduate students, lower-level classes are targeted due to the high concentration of new students who may be experiencing college courses for the first time. There are additional opportunities for students to see their progress in a course either by viewing the course grades in Canvas or talking with the faculty member teaching the course.

Procedures

Students can log into their FlashLine account to view their midterm grades. Faculty can submit midterm grades as early as the fourth week and through the seventh week.

Forms/Instructions

There are no forms associated with this policy.

- University Registrar – Calendars and Deadlines
- Viewing grades in FlashLine

Frequently Asked Questions

1. **What do midterm grades mean?**
 Midterm grades are an early signal from your instructor about how you are doing in the course at the time the grade is submitted. Because courses can vary in the rhythm of assignments and how those assignments are weighted, your midterm grades will likely mean different things for each of your courses. While a midterm grade is not part of your permanent Kent State record, you should use your midterm grades as important and helpful feedback.
2. **Where can I see my midterm grades?**
 You will need to log in to FlashLine to view your midterm grades. In Flash, under Student Resources, select Grades and Transcripts, then click on View Midterm Grades.
3. **When can I view my midterm grades?**
 Faculty can submit the grades any time between the fourth and seventh week of the semester. You can see them in FlashLine as soon as they are submitted. Check back often as additional grades may appear. All grades must be in by the end of the seventh week.
4. **How do I know if I have midterm grades submitted?**
 You will only be able to see/know if you have midterm grades by looking in FlashLine.
5. **I am not doing well in a course, what can I do?**
 You should always talk to your instructor first. Your instructor may be able to help you with topics that you may not understand and point you to resources to help. Next, you can talk with your advisor about options for tutoring, goal-setting and other tools to help you in your classes.
6. **Will midterm grades display on my transcript?**
 No, midterm grades are only viewable in FlashLine and do not affect your GPA. Midterm grades are meant to be a guide for you to understand your progress in your courses midway through the semester.
7. **My instructor didn't submit a grade for a course, what should I do?**
 You should always talk to your instructor first to discuss your grades. You can also look in Canvas, if your instructor uses the software, to see what grades you have received on assignments. Remember, midterm grades are required for full-term, lower-division undergraduate courses (levels 00000, 10000, 20000), although instructors may submit midterm grades for upper-division undergraduate courses (levels 30000, 40000) as well.
8. **What happens if I receive an NF or SF midterm grade?**
 You should consult with the One Stop for Student Services to see what effect and NF or SF grade will have on your financial aid, scholarships and other eligibility statuses (e.g., athletics, student organizations, housing).
9. **How do midterm grades affect my GPA?**
 No, midterm grades do not affect your GPA and do not display on your student transcript.

10. Will midterm grades affect my scholarships?

Midterm grades are for advising purposes only and are not part of your official transcript and GPA. However, they are indicators of where your GPA is trending. If your midterm grades are not at the minimum required for your scholarships, you will want to take action to improve. Also, an NF or SF midterm grade could change your enrollment status, which could affect your scholarships.

Definitions

Academic Advising: Advising helps students clarify their career goals, reach their maximum educational potential and achieve academic success. Academic advisors address student needs related to learning, personal development and career aspirations; recognize and respond to diverse individual needs and differences among students; and help students plan and implement academic programs of study in a manner that will ensure timely progress toward graduation.

Canvas: Cloud-based learning management system (LMS) that allows instructors to manage their courses, including posting materials, assignments, quizzes and grades. Through Canvas, students can submit assignments, participate in discussions, view course materials and their grades.

FlashLine: Web-based portal (entryway) for Kent State students, faculty, staff and alumni.

GPA (Grade Point Average): A number that is determined by the number of credit hours attempted at Kent State University and the grades received. The GPA is calculated to three places past the decimal point and not rounded.

Lower Division Courses: (10000, 20000): Courses that are for freshmen, sophomores and others with little or no background in the discipline. Generally, these courses provide the understanding, foundation and preparation for more advanced study (although a pathway for more advanced study is not always required, and they may be ends in themselves).

Transcript: An accurate and complete record of a student's academic coursework attempted at an institution, presented in either electronic format or paper format.

Information to come from Office of Curriculum Services.

Graduation

Each Kent State University college awards one or more undergraduate and graduate degrees and certificates at commencement exercises in December, May and August. The graduation requirements for these degrees are outlined in the various college sections of the University Catalog.

Undergraduate and graduate students applying for graduation should complete the online graduation application available in their Graduation

Planning Tools channel (Student Tools and Courses tab) in FlashLine by the published deadlines. The online graduate application is used for all degrees and certificate programs. If students fail to carry out the proper application procedures by the published deadlines, the degree will not be granted until the next graduation date. Associate degrees are conferred at each Regional Campus at the end of the academic term in which all requirements are successfully completed. Application deadlines may be obtained from the Office of the University Registrar as well as from the various college and campus offices.

For commencement dates for each campus, refer to Kent State University's Academic Calendar.

Application for Graduation

Prospective graduates for degrees and certificates must complete the online application for graduation (available in FlashLine) by the following deadlines:

- **December Graduation:** The application for a bachelor's degree or undergraduate certificate must be submitted by the 15th day of the preceding March. The application for an associate degree, graduate degree (master's, post-master's or doctoral) or graduate certificate must be submitted by the Friday of the first week of the fall term in which graduation will occur.
- **May Graduation:** The application for a bachelor's degree and/or undergraduate certificate must be submitted by the 15th day of the preceding September. The application for an associate degree, graduate degree (master's, post-master's or doctoral) or graduate certificate must be submitted by the Friday of the first week of the spring term in which graduation will occur.¹
- **August Graduation:** The application for a bachelor's degree or undergraduate certificate must be submitted by the 15th day of the preceding December. The application for an associate degree, graduate degree (master's, post-master's or doctoral) or graduate certificate must be submitted by the Friday of the first week of the summer term in which graduation will occur.

¹ Candidates for the Doctor of Podiatric Medicine degree must meet all graduation requirements before June 30 immediately following the May graduation. Completion of program requirements after June 30 but before the conclusion of the calendar year will result in a December graduation. After December, candidates will not be eligible for graduation until the following May. Attendance at the graduation ceremony is required.

Failure to adhere to the posted deadlines may result in a late fee. The Late Graduation Application form is accessible in the Student Tools and Courses tab in FlashLine. Exceptions to the policies above shall be made only by the respective collegial deans or their appointed representative, based upon unusual circumstances.

Posting of Degrees

The integrity of academic transcripts is fundamental to the validity of coursework and degrees certified by the university. Therefore, all student transcript entries (grades and other notations) are finalized when the degree is officially posted to the permanent academic record. Degrees are posted to students' permanent academic records approximately 30 days following the effective date of graduation.

Graduation Planning System (GPS)

The Graduation Planning System (GPS) provides students with a comprehensive and understandable pathway to graduation. It begins with the roadmap, a semester-by-semester mapping of properly sequenced degree requirements. From the roadmap, students will meet with their advisor, who will create a degree plan for them. The degree plan is an online version of the roadmap, individualized to meet each student's specific requirements. The degree audit is a summary of the student's degree requirements that is merged with the student's academic record. The audit provides a real-time assessment of the student's progress toward graduation and is the official document that determines eligibility for graduation.

All Kent State University students in the 2010 University Catalog and beyond will have a GPS degree audit and plan. Kent State uses data from the plan to determine future course offerings.

Honors at Graduation

ASK A QUESTION OR SUBMIT FEEDBACK ON THIS POLICY

Date Revised: April 8, 2019

Date Effective: December 2019

Policy Statement

Graduation with Latin Honors

Candidates for bachelor's degrees who demonstrate high levels of scholarship throughout their undergraduate years will graduate with Latin honors. To graduate with this recognition at Kent State University, students must achieve one of the following criteria:

- Earn a minimum 60 credit hours at Kent State and earn a minimum 3.500 Kent State GPA; or
- Earn at least 30 but fewer than 60 credit hours at Kent State and earn a minimum 3.500 Kent State GPA and earn a minimum 3.500 transfer GPA

There are three levels of Latin honors at graduation with a bachelor's degree:

- *Cum laude* — Student has earned a Kent State GPA of 3.500 to 3.699.
- *Magna cum laude* — Student has earned a Kent State GPA of 3.700 to 3.899.
- *Summa cum laude* — Student has earned a Kent State GPA of 3.900 to 4.000.

The Kent State GPA for determining Latin honors is calculated from all grades earned in undergraduate courses at Kent State University, including original grades forgiven and/or recalculated under other policies. The transfer GPA is calculated from all grades earned in undergraduate transfer courses that were awarded college credit by Kent State and completed prior to the student's most recent admission to Kent State. The GPA for both is extended to three decimal places and not rounded up.

Because grades in courses taken in the student's final term are not official until after commencement, Latin honors candidates will be recognized at the commencement ceremony based on all their Kent State academic work completed prior to those courses. However, the final term grades will be used in determining honors posted to the transcript and

the diploma. Honor citations are inscribed on diplomas as follows: cum laude, magna cum laude and summa cum laude.

Graduation with Distinction

Candidates for associate degrees who demonstrate high levels of scholarship throughout their coursework will graduate "with distinction." To graduate with this recognition, students must achieve the following criteria:

- Earn a minimum 30 credit hours at Kent State University, and
- Earn a minimum 3.500 Kent State University GPA

A Kent State GPA is calculated from all grades earned in undergraduate courses at Kent State University, including original grades forgiven and/or recalculated under other policies. The GPA used to determine the "with distinction" designation is extended to three decimal places and not rounded up.

Because grades in courses taken in the student's graduation term are not official until after commencement, distinction candidates will be recognized at the commencement ceremony based on all their Kent State academic work completed prior to those courses. However, the final term grades will be used in determining the "graduated with distinction" recognition posted to the transcript and the diploma.

Reason for Policy

Students who achieve high academic performance as evidenced in their grade point average receive recognition on their transcript and diploma and during the commencement ceremony.

Forms/Instructions

There are no forms associated with this policy.

Frequently Asked Questions

1. Can any student earn Latin honor?

To qualify for Latin honors, students must (1) be awarded a bachelor's degree, (2) earn a minimum of 60 semester credit hours of Kent State courses and (3) meet the minimum criteria for one of the three honors level as listed in the policy. Students who are being awarded a bachelor's degree with fewer than 60 semester credit hours of Kent State courses still may qualify for Latin honors if they have a minimum 3.500 transfer GPA and meet the minimum criteria for one of the three honors level at listed in the policy.

2. Will a student's transfer GPA (if one) always be calculated for eligibility for Latin honors?

No, the transfer GPA will factor into eligibility only for students being awarded a bachelor's degree with fewer than 60 credit hours of Kent State courses.

3. How is a student's transfer GPA calculated for eligibility for Latin honors?

The transfer GPA is calculated from all grades for undergraduate transfer courses awarded college credit at Kent State and completed prior to the student's most recent admission to Kent State.

Additional FAQ: Graduation Honors

Definitions

Cum laude: A recognition with honor; from the Latin *cum* (“with”) and *laude* (ablative of *lause*, “praise”).

GPA (Grade Point Average): An indication of a student’s academic achievement at Kent State University, determined by the number of credit hours attempted at Kent State University and the grades received. The Kent State GPA is calculated to three places past the decimal point and not rounded.

Magna cum laude: A recognition with great honor; from the Latin *cum* (“with”), *magna* (plural of *magnum*, “great”) and *laude* (ablative of *lause*, “praise”)

Summa cum laude: A recognition with the highest honor; from the Latin *summa* (feminine of *summus*, “highest,” “greatest”), *cum* (“with”) and *laude* (ablative of *lause*, “praise”)

Revision History

Amended December 2019: Institutional Honors for bachelor’s degree students is revised to allow eligibility for students who do not meet the requirement of 60 Kent State semester credit hours but have a minimum 3.500 transfer GPA at the point of admission to Kent State. Policy is renamed Latin honors. Graduation with Distinction for associate degree students is revised to decrease minimum Kent State credit hours for eligibility, from 32 to 30 semester credit hours.

Amended May 2016: Institutional Honors for bachelor’s degree students is revised to increase minimum overall GPA criteria to earn cum laude (from 3.300 to 3.500), magna cum laude (from 3.600 to 3.700) and summa cum laude (from 3.800 to 3.900).

Amended August 2012: Institutional Honors for bachelor’s degree students is revised to extend the GPA to three decimal points and not round up to determine honors. Graduation with Distinction for associate degree students is revised to extend the GPA to three decimal points and not round up to determine distinction.

Amended May 2008: Institutional Honors for bachelor’s degree students is revised to round up the GPA to determine honors. Graduation with Distinction for associate degree students is revised to round up the GPA to determine distinction.

Amended May 1996: Graduation with Distinction for associate degree students is revised to remove inclusion of other institution grades, with the GPA calculated with only Kent State courses. Revised policy also establishes a requirement that students earn minimum 32 semester credit hours at Kent State for distinction eligibility.

Amended December 1995: Honors for bachelor’s degree students is revised to increase the required Kent State credit hours for honors eligibility, from the minimum credit hours required for a bachelor’s degree to 64 semester credit hours. Revised policy also removes inclusion of other institution grades, with the GPA calculated with only Kent State courses. Policy is renamed Institutional Honors.

Amended December 1995: Honors is revised to clarify that the GPA to determine honors is extended two decimal points and not rounded up.

Amended August 1976: Honors is revised to decrease the required Kent State credit hours for honors eligibility, from 96 quarter credit hours (64 semester credit hours) to the minimum credit hours required for a bachelor’s degree (48 quarter or 32 semester credit hours). Graduation “With Distinction” is established for students earning an associate degree with a minimum overall 3.5 GPA earned at Ken State and other institutions.

Amended March 1968: Honors for High Scholarship is revised to clarify that students must have minimum 96 quarter credit hours (64 semester credit hours) of Kent State coursework to be eligible. Policy is renamed Honors.

Amended June 1956: Honors for High Scholarship is revised to base honors eligibility on only students’ overall GPA with stipulation that at least one half of the students’ courses must be taken at Kent State.

Effective June 1937: Establishes a formal Honors for High Scholarship recognition, awarded by vote of university faculty for graduating students who earned a minimum overall GPA of 3.3 (cum laude), 3.6 (magna cum laude) and 3.8 (summa cum laude) at Kent State and other institutions.

Incomplete Mark Policy

To be eligible to request an incomplete mark for a course that was not completed due to extenuating circumstances, undergraduate students must be earning a minimum D grade, and graduate students must be earning a minimum C grade, in the course at the time of the request. Appropriate documentation is required to support the extenuating circumstance.

The student or university-approved designee must request the IN mark from the instructor of the course, and it is the responsibility of the student to arrange to make up the incomplete work. After the instructor approves the request, the instructor must initiate the request by submitting an Incomplete Mark Contract workflow to the department chair/school director prior to the grading deadline. This electronic workflow includes justification for awarding the Incomplete, describes the work to be completed for the course and specifies the grade to be assigned if the work is not completed (default grade). The Incomplete Mark Contract is sent electronically to the student.

When the work is completed, an appropriate grade will be assigned—based on the instructor’s evaluation of the work submitted—and a new grade point average computed.

If the student does not complete and receive a grade, or is not granted an extension, the student’s IN mark for the course automatically will lapse to the default grade designated on the Incomplete Mark Contract:

1. at the end of one semester for undergraduate courses or
2. at the end of three consecutive terms for graduate courses.

If the student is granted an extension and does not complete and receive a grade by the deadline, the student’s IN mark for the course automatically will lapse to the default grade designated on the Incomplete Mark Contract at the end of the term in which the extension deadline occurs.

Industry-Recognized Certifications, Examinations and Professional Training

Kent State accepts many industry-recognized certifications, examinations and professional training as prior learning credit applicable toward degree programs upon programmatic approval. Kent State awards academic credit following recommendations from the American Council on Education (ACE) and the Ohio Department of Higher Education. Official documentation from the issuing company or professional organization must be submitted to Kent State before credit can be applied to a student's academic record.

Industry-recognized certifications, examinations and professional training that is not evaluated by ACE may be considered for academic credit. Students who wish to request credit for training not yet evaluated must complete the industry/training credit application, including submission of all documentation to determine whether academic credit is to be awarded. All credit for industry/professional training appears on the student transcript without a grade.

Students should contact the Credit Transfer Office for more information on the types of certifications, examinations and professional training accepted and the approval process. Official documentation from the issuing agency must be submitted to Kent State before the credit can be applied to a student's academic record.

International Baccalaureate (IB)

Students who complete the International Baccalaureate (IB) Diploma Programme, a rigorous two-year course of pre-university studies in their high school, may be awarded credit toward a degree or certificate at Kent State. An official IB transcript must be submitted to Kent State before the credit can be applied to a student's academic record. (A notation on a high school transcript will not be accepted.)

Kent State accepts scores of 5, 6 or 7 for higher-level (HL) and standard-level (SL) IB exams toward specific course equivalencies and general education requirements (e.g., Kent Core, diversity). Visit the Credit Transfer Office's IB website for more information on these scores and credits earned.

Language Requirement for Graduate Students

All students must demonstrate proficiency in both oral and written English, which is the language of graduate study at Kent State. Judgment of such competence rests with the appropriate major department. Deficiency in English is cause for dismissal from any graduate program.

There is no universal foreign language or research tool requirement. Individual departments or discipline areas may have specific requirements. Students should consult their individual departments. The appropriate languages are determined by the student's major department. Language requirements (if any) must be completed before doctoral students are admitted to candidacy. Special arrangements for examinations in other languages must be made by the student's major department in consultation with the chair of the Department of Modern and Classical Language Studies. Where required, the language examination used to establish a student's language proficiency is determined by the student's department. The examination may be a

departmentally designed and administered test. Dates for departmentally administered tests are set by the department.

A series of courses has been instituted in French and German to develop "reading" proficiency in these languages. Reading proficiency in a foreign language is demonstrated when the student completes one of the following sequences with a minimum B grade in each course of the sequence. Credit hours earned in this language sequence are not applicable toward the completion of the hour requirement in a student's graduate program and do not count toward the minimum 8-credit-hour semester load required.

Leave of Absence for Graduate Students

Effective Date: to come
Last Reviewed: March 2013
Last Revised: August 2014
Next Review: February 2028

Policy Statement

A leave of absence may be granted for graduate students who must be away from their studies for personal, family, financial, medical, pregnancy, parenting, active-duty service or other compelling reasons.

In agreement with the program area, graduate students may request an absence for the following lengths:

- **Short-term leave of absence** – more than five consecutive Monday-Friday days and up to six weeks. For shorter absences, consult the policies regarding class attendance or graduate assistantship. (*NOTE: New policy on graduate assistantships was approved by Faculty Senate on 13-Nov-23 and will be published in the Policy Registrar and linked in this policy once final approval is received.*)
- **Long-term leave of absence** – more than one term and up to three consecutive terms (e.g., fall, spring, summer).

The time taken on an approved leave of absence is not included in the time limitations for degree completion and advancement to candidacy, except for programs where accreditation requirements stipulate otherwise (e.g., the Doctor of Podiatric Medicine degree and certain nursing degrees). Students need to consult with their academic unit for specific details and procedures before requesting a long-term leave of absence.

Prior to applying for a leave of absence, students should consider its potential implications for such matters as funding (including assistantship and veterans' benefits), loan repayment, immigration status, health insurance, university housing and time-to-degree completion.

Eligibility

To be eligible for a leave of absence, students must

- Hold active status as a student and
- Be admitted to a graduate degree or non-degree program and
- Long-term leave of absence only: Completed a minimum of one full term of enrollment prior to the date the leave is to begin.

International students should contact the Office of Global Education to ensure compliance with immigration regulations and visa restrictions before starting a leave of absence that is expected to last more than five consecutive Monday-Friday days and before returning to campus.

Reason for Policy

An approved leave of absence encourages students to develop concrete plans for returning to their studies while not penalizing them by counting the time on leave against their time to degree and by guaranteeing their return to the program at the end of their leave.

Procedures

Requesting a Leave

Students requesting a leave of absence must submit the Request for Leave of Absence form by the following deadlines::

- Short-term leave of absence: No later than the last day of classes in the term during which the leave is needed.
- Long-term leave of absence: Before the start of the term for which the leave is requested.

A leave of absence will not be granted retroactively for a prior term.

All leave of absence requests are submitted through Graduate College for final approval. For questions regarding specific rationale for leave of absence approval, contact the Graduate College.

Students who received an extension of their degree time limit may need additional approvals.

When an academic unit grants a long-term leave of absence, that unit will be willing to re-enroll the student into their program, and any graduate assistantship held by the student before the leave will be re-offered provided all conditions of the assistantship are met and contingent upon available funds. A plan for return, including any conditions that must be met, should be put in writing and clearly understood by all parties prior to the start of the leave. If an extension of the long-term leave of absence is requested, a revision to the plan for return is required and understood by all parties.

For both short- and long-term leave of absences, graduate assistants are required to notify their supervisor and academic unit in a timely manner for a replacement to be arranged as necessary.

Course Registration

Students requesting a short-term leave of absence may need to drop or withdraw from their courses or request an Incomplete mark in consultation with their instructors, depending on the requested length and timing of the leave.

Students requesting a long-term leave of absence must drop or withdraw from all courses after the request has been approved and before taking the leave. Course withdrawal does not negate a student's financial obligation, and students will be held responsible for all balances due to the university. Any applicable refunds will be processed per the policy regarding tuition credit for dropped courses. Students are advised to check with the One Stop for Student Services prior to taking an approved leave of absence to determine the status of their student accounts. Accounts that are overdue will be subject to regular procedures in accordance with university guidelines, notwithstanding any approved leave of absence.

Students applying for a leave of absence after the course withdrawal deadline should address grading and course completion issues with their individual instructors. To consider any variation from this rule for reasons of extenuating circumstances, students must submit a Petition for Exception to Registration to the University Registrar.

Student Resources

Students on a short-term leave of absence continue to have an active student status; therefore, they maintain their current rights, privileges and access to university resources and support. Graduate assistants will continue to receive stipends and access to subsidized health insurance where applicable.

Students on a long-term leave of absence have an inactive student status; therefore, they do not have the rights and privileges of active students, including course pre-registration and access to the recreational center. However, they will continue to have access to the university libraries and university health services (the latter service is limited to students who have purchased student health insurance). Once on long-term leave, students cannot fulfill any official department/school or university requirements during the leave period, such as taking qualifying exams or submitting a thesis or dissertation.

Extension of a Leave of Absence

Students on a long-term leave of absence may request an extension for a maximum of one additional term. Although a leave may be taken for as many as three terms, students are encouraged to return to graduate study as soon as is reasonably possible to minimize the impact of the leave on their degree progress.

Returning from a Leave

Students on a long-term leave of absence must complete the Application for Graduate Re-Enrollment form to register for classes and have the rights and privileges of registered students.

Students who do not return from a long-term leave of absence within the approved period for which the leave was granted will be considered as having withdrawn from the program. To be reconsidered for graduate study, students must formally apply to their program of interest, including the submission of an application, the nonrefundable application fee and any necessary application materials.

Frequently Asked Questions

1. **What are the benefits of taking a leave of absence?**
The main benefit of a leave of absence is that the time taken on an approved leave of absence does not count in the time limitations for your degree completion and advancement to candidacy.
2. **Am I able to take a leave of absence for parental reasons?**

Graduate students are permitted to a parental leave of absence in the event of pregnancy, birth, adoption or placement of a foster child with legal custody or guardianship, for themselves or their domestic partner.

3. Who will know the reason I request a leave of absence?

The academic unit administrator, college graduate dean (or designee) and the Graduate College will review your leave of absence request but will not share details with other individuals.

4. I was admitted to a program but cannot begin the program until a later date. Should I take a leave of absence?

No, only currently active students are eligible for a leave of absence. Instead, you should contact Admissions to defer enrollment up to one year.

5. I am enrolled in a dual degree program. Do I need to request a leave of absence from each program?

Students enrolled in a dual degree program will need to submit separate request forms for each program.

6. How will an approved leave of absence be entered into my student record?

For a long-term leave of absence, the Graduate College, in conjunction with the University Registrar, will place a "hold" on your student record to prevent further registration and to convert your status from active to inactive.

7. What do I do if I need an extension?

Students on a long-term leave of absence may be eligible to receive a one-term extension. To request an extension, the student must submit a new Request for Leave of Absence form prior to the expiration of your original leave and select "extension."

8. Will I receive notification before my leave of absence expires?

Yes, you will be sent a reminder to your Kent State email address from the Graduate College before the leave of absence expires. The administrator of your academic unit will be copied on the email.

Revision History

Amended August 2024: Revised policy provides specific guidance for absences of different lengths and conditions; eliminates language requiring "good academic standing"; and provides clarification for situations when a leave of absence is necessary and/or acceptable, as well as continuation of services and benefits to students on leave.

Amended August 2014: Revised policy aligns with the Enrollment - Graduate policy, with the approved length of time of the absence changing from one year to three consecutive terms with the allowance of an extension of one semester.

Effective August 2012: Establishes a formal leave of absence policy and process for graduate students to take a temporary leave (for personal, family, financial and other compelling reasons. Students who take an approved leave are not penalized in that the time spent on leave is not counted against time limitations for degree completion.

Mathematics Placement

In addition to the remediation-free standards established by the Ohio Department of Education, Kent State's Department of Mathematical Sciences accepts the following for students in a program that does not require higher levels of mathematics (i.e., non-algebra track):

- Students with a 3.00 overall high school GPA or higher may take MATH 10040 or MATH 10050, regardless of their score on assessments mentioned in the standards listed above.
- Student with a 3.50 overall high school GPA or higher may take MATH 10041 or MATH 10051 regardless of their score on assessments mentioned in the standards listed above.

All undergraduate degree programs require the successful completion of the Kent Core Mathematics and Critical Reasoning requirement. Some programs may require specific mathematics course(s). Placement into mathematics courses is determined by a student's score on the ALEKS placement assessment and/or the ACT or SAT score or scores on the other listed assessments. Not all students need to take the ALEKS mathematics placement assessment, and students should check their "My Lists" checklist in FlashLine for that determination. However, all students scoring below 22 on ACT mathematics or below 530 on SAT mathematics or below the threshold in the other listed assessments need to take the ALEKS placement assessment.

Students may improve their initial placement score by working in an individualized learning module on ALEKS, then retaking the ALEKS mathematics placement assessment. They have free access to their learning modules and reassessment for one year from their initial assessment. Students who score 80 percent mastery in the learning modules have an excellent chance of improving their placement through a proctored reassessment.

Students deemed remediation-free in mathematics, as described in the table above, or with an overall 3.5 high school GPA or higher, may register for one of the following courses, as required by their major:

3. **Who will know the reason I request a leave of absence?**
The academic unit administrator, college graduate dean (or designee) and the Graduate College will review your leave of absence request but will not share details with other individuals.
4. **I was admitted to a program but cannot begin the program until a later date. Should I take a leave of absence?**
No, only currently active students are eligible for a leave of absence. Instead, you should contact Admissions to defer enrollment up to one year.
5. **I am enrolled in a dual degree program. Do I need to request a leave of absence from each program?**
Students enrolled in a dual degree program will need to submit separate request forms for each program.
6. **How will an approved leave of absence be entered into my student record?**
For a long-term leave of absence, the Graduate College, in conjunction with the University Registrar, will place a "hold" on your student record to prevent further registration and to convert your status from active to inactive.
7. **What do I do if I need an extension?**
Students on a long-term leave of absence may be eligible to receive a one-term extension. To request an extension, the student must submit a new Request for Leave of Absence form prior to the expiration of your original leave and select "extension."
8. **Will I receive notification before my leave of absence expires?**
Yes, you will be sent a reminder to your Kent State email address from the Graduate College before the leave of absence expires. The administrator of your academic unit will be copied on the email.

Definitions

Academic unit: College or a department or school within a college that offers degree programs.

Active student: Student who is eligible to register for classes in each term.

Long-term leave of absence: Student on approved leave for for a period of time of more than one term and up to three consecutive terms (e.g., fall, spring, summer).

Short-term leave of absence: Student on approved leave for a period of time from more than five consecutive Monday-Friday days and up to six weeks.

Term: Kent State University is on the semester system with three terms for each academic year: fall, spring and summer.

Related Information

- Administrative Policy Regarding Class Attendance and Class Absences

- Algebra Track: MATH 10675, MATH 10771, MATH 10772
- Non-Algebra Track: MATH 10041, MATH 10051, MATH 11008

Remediation-free students who want to register for a course other than the ones listed above may take the ALEKS mathematics placement assessment.

Students who are not deemed remediation-free in mathematics, as described in the table above, must take the ALEKS mathematics placement assessment to determine the course they should take as required by their major.

Additional information regarding placement after taking the ALEKS assessment may be found on the Department of Mathematical Sciences website.

Midterm Evaluation

Effective Date: to come
Last Reviewed: December 2013
Last Revised: August 2016
Next Review: September 2028

Policy Statement

A midterm evaluation grade is submitted between the fourth and seventh week for all students in lower-division undergraduate courses (levels 00000, 10000, 20000). Midterm evaluation grades are not given for summer or flexible-scheduled courses due to the short duration of these offerings. Midterm results are available to academic advisors and college/school/campus deans for the purpose of intervening when achievement is considered unsatisfactory according to program or university requirements. Students will be able to view their midterm grades in FlashLine for the fall or spring semester in progress. Midterm grades are not included as part of the students' academic transcript, nor are they included in a student's grade point average (GPA).

Reason For Policy

Research has shown that early and frequent assessments are important to student success because they can help students not only have a sense of how they are doing in their courses, but also help to improve their final grade. Midterm evaluations are a snapshot of how a student is performing in the course and allows time to seek help and make adjustments. While midterm grades are encouraged for all undergraduate students, lower-level classes are targeted due to the high concentration of new students who may be experiencing college courses for the first time. There are additional opportunities for students to see their progress in a course either by viewing the course grades in Canvas or talking with the faculty member teaching the course.

Procedures

Students can log into their FlashLine account to view their midterm grades. Faculty can submit midterm grades as early as the fourth week and through the seventh week.

Forms/Instructions

There are no forms associated with this policy.

Additional Resources

- Academic Success Center (tutoring, coaching, resources)
- One Stop for Student Services

- Schedule an appointment with an advisor
- University Registrar – Calendars and Deadlines
- Viewing grades in FlashLine

Frequently Asked Questions

- 1. What do midterm grades mean?**
Midterm grades are an early signal from your instructor about how you are doing in the course at the time the grade is submitted. Because courses can vary in the rhythm of assignments and how those assignments are weighted, your midterm grades will likely mean different things for each of your courses. While a midterm grade is not part of your permanent Kent State record, you should use your midterm grades as important and helpful feedback.
- 2. Where can I see my midterm grades?**
You will need to log in to FlashLine to view your midterm grades. In Flash, under Student Resources, select Grades and Transcripts, then click on View Midterm Grades.
- 3. When can I view my midterm grades?**
Faculty can submit the grades any time between the fourth and seventh week of the semester. You can see them in FlashLine as soon as they are submitted. Check back often as additional grades may appear. All grades must be in by the end of the seventh week.
- 4. How do I know if I have midterm grades submitted?**
You will only be able to see/know if you have midterm grades by looking in FlashLine.
- 5. I am not doing well in a course, what can I do?**
You should always talk to your instructor first. Your instructor may be able to help you with topics that you may not understand and point you to resources to help. Next, you can talk with your advisor about options for tutoring, goal-setting and other tools to help you in your classes.
- 6. Will midterm grades display on my transcript?**
No, midterm grades are only viewable in FlashLine and do not affect your GPA. Midterm grades are meant to be a guide for you to understand your progress in your courses midway through the semester.
- 7. My instructor didn't submit a grade for a course, what should I do?**
You should always talk to your instructor first to discuss your grades. You can also look in Canvas, if your instructor uses the software, to see what grades you have received on assignments. Remember, midterm grades are required for full-term, lower-division undergraduate courses (levels 00000, 10000, 20000), although instructors may submit midterm grades for upper-division undergraduate courses (levels 30000, 40000) as well.
- 8. What happens if I receive an NF or SF midterm grade?**
You should consult with the One Stop for Student Services to see what effect and NF or SF grade will have on your financial aid, scholarships and other eligibility statuses (e.g., athletics, student organizations, housing).
- 9. How do midterm grades affect my GPA?**
No, midterm grades do not affect your GPA and do not display on your student transcript.
- 10. Will midterm grades affect my scholarships?**
Midterm grades are for advising purposes only and are not part of your official transcript and GPA. However, they are indicators of where your GPA is trending. If your midterm grades are not at the minimum required for your scholarships, you will want to take action

to improve. Also, an NF or SF midterm grade could change your enrollment status, which could affect your scholarships.

Definitions

Academic Advising: Advising helps students clarify their career goals, reach their maximum educational potential and achieve academic success. Academic advisors address student needs related to learning, personal development and career aspirations; recognize and respond to diverse individual needs and differences among students; and help students plan and implement academic programs of study in a manner that will ensure timely progress toward graduation.

Canvas: Cloud-based learning management system (LMS) that allows instructors to manage their courses, including posting materials, assignments, quizzes and grades. Through Canvas, students can submit assignments, participate in discussions, view course materials and their grades.

FlashLine: Web-based portal (entryway) for Kent State students, faculty, staff and alumni.

GPA (Grade Point Average). A number that is determined by the number of credit hours attempted at Kent State University and the grades received. The GPA is calculated to three places past the decimal point and not rounded.

Lower Division Courses: (10000, 20000): Courses that are for freshmen, sophomores and others with little or no background in the discipline. Generally, these courses provide the understanding, foundation and preparation for more advanced study (although a pathway for more advanced study is not always required, and they may be ends in themselves).

Transcript: An accurate and complete record of a student's academic coursework attempted at an institution, presented in either electronic format or paper format.

Information to come from Office of Curriculum Services.

Military Training

Kent State University awards academic credit for military coursework according to recommendations listed on the Joint Services Transcript (JST). All eligible credits must be recognized by the American Council on Education (ACE). Kent State awards Military Transfer Assurance Guide (MTAG) coursework for articulated credit as established by the Ohio Department of Higher Education. Service members can visit Kent State's Credit Transfer Office website for information regarding requesting and submitting military transcripts.

Service Examinations: Credit is awarded for some experiences in basic training that are equivalent to specific beginning Physical Activity, Wellness and Sport (PWS) courses at Kent State University. Credit is awarded on the basis of recommendations from the School of Teaching,

Learning and Curriculum Studies in the College of Education, Health and Human Services.

In order for credit to be granted in any of the above areas, a transcript or certificate of completion or a veterans DD 214 form is required. In addition, Kent State reserves the right to set the percentile score that is necessary for satisfactory performance in a course and for the granting of credit. Credit will not be given for duplicate work taken through any of these agencies.

Military Transfer Credit Appeals Process

Students must submit, in writing, a letter of appeal regarding their military transfer credit to the Credit Transfer Office c/o Kent State University. Upon recommendation by the Transfer Review Committee, students will be notified of the outcome, in writing. Information regarding the standards for satisfactory performance or to submit an appeal may be found on the Credit Transfer Office website.

Minors

An academic minor is a curriculum component, smaller than the major, which enables a student to make an inquiry into a discipline or field of study or to investigate a particular theme. The purpose of a minor is to provide formalized guidance to students in selecting courses in a field or content area that is outside the major and to provide formal recognition of that work on the transcript. The courses in the minor may be centered in a specific department or be drawn from several departments, as in the case of an interdisciplinary topical or thematic focus.

Students may not pursue a minor and a major in the same discipline. A minimum of 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.

Undergraduate Minors

An undergraduate minor is minimum 12 credit hours and normally contains between 18 and 25 credit hours, with a minimum of 6 of those hours being upper-division credit and a minimum 50 percent of the total hours in residence.

Students must formally declare a minor, similar to the process by which they declare the major. Students in a bachelor's or an applied associate degree (e.g., A.A.B., A.A.S.) or the Associate of Technical Study (A.T.S.), of which there is a major, may declare a minor. Students in a generalist associate degree (e.g., A.A., A.S., A.T.S.—Individualized Program) may not declare a minor.

Graduate Minors

A graduate minor is minimum 9 credit hours, with a minimum 50 percent of the total credit hours taken at Kent State.

Students must be admitted to a master's, post-master's or doctoral degree to declare a graduate minor. Students formally declare a minor through the change of program application, which must be approved by the college administering the students' major and the college administering the chosen minor.

Not Permitted to Continue

Undergraduate students not progressing academically in their selected academic program will be deemed not permitted to continue based on criteria established by their program area. The criteria set forth by each program area can be found under the program section of the

University Catalog. Students enrolled in a program that has not permitted to continue criteria will be notified upon entrance to the program.

Prior to being deemed not permitted to continue, students will receive a minimum of one warning and will be required to work with an advisor in their academic unit to develop a plan for continuation. The plan will include all actions necessary to continue in current program, the opportunity to declare a different program, a timeline of when actions should occur, and next steps if actions are not followed. Students who have received a warning the previous term will be reviewed during end-of-term processing to determine their status regarding continuation in their current program.

Students deemed ineligible to continue in their current program and who have not identified and declared a different program within two weeks after grades post will be administratively moved to the Degree Pathways Alternatives non-degree program. They also will be removed from all applicable courses in their former major. Students administratively moved to Degree Pathways Alternatives and enrolled at the Kent Campus will receive academic advising in the University College; regional campus students will receive advising in their assigned advising unit.

Students deemed not permitted to continue and who are subsequently enrolled in Degree Pathways Alternatives will not be able to register for courses until they meet with an advisor to complete a new plan for continuation, which will include selecting a degree program at a time specified on the plan. In addition, they will no longer be eligible to receive Federal Title IV or state financial aid until they enroll in a degree-granting program or a federal Title IV aid-eligible certificate program.

Ohio Articulation and Transfer Policy Institutional Transfer

The Ohio Department of Higher Education in 1990, following a directive of the 118th Ohio General Assembly, developed the Ohio Articulation and Transfer Policy to facilitate students' ability to transfer credits from one Ohio public college or university to another in order to avoid duplication of course requirements. A subsequent policy review and recommendations produced by the Articulation and Transfer Advisory Council in 2004, together with mandates from the 125th Ohio General Assembly in the form of Amended Substitute House Bill 95, have prompted improvements of the original policy. Additional legislation from the 125th Ohio General Assembly also initiated the development of a statewide system for articulation agreements among state institutions of higher education for transfer students pursuing teacher education programs.

Action by the 126th Ohio General Assembly led to the establishment of criteria, policies, and procedures for the transfer of technical courses completed through a career-technical education institution; and standards for the awarding of college credit based on Advanced Placement (AP) test scores.

Legislation from the 130th Ohio General Assembly required public institutions of higher education to: use baseline standards and procedures in the granting of college credit for military training, experience, and coursework; establish an appeals process for resolving disputes over the awarding of credit for military experience; provide specific assistance and support to veterans and service members; adopt a common definition of a service member and veteran; and establish a credit articulation system in which adult graduates of public career-technical institutions who complete a 900 clock-hour program of study

and obtain an industry-recognized credential approved by the chancellor shall receive 30 college technical credit hours toward a technical degree upon enrollment.

While all public colleges and universities are required to follow the Ohio Articulation and Transfer Policy, independent colleges and universities in Ohio may or may not participate in the Transfer Policy. Therefore, students interested in transferring to independent institutions are encouraged to check with the college or university of their choice regarding transfer agreements. In support of improved articulation and transfer processes, the Ohio Department of Higher Education has established an articulation and transfer clearinghouse to receive, annotate, and convey transcripts among public colleges and universities. This system is designed to provide standardized information and help colleges and universities reduce undesirable variability in the transfer credit evaluation process.

Acceptance of Transfer and Articulated Credit

To recognize courses appropriately and provide equity in the treatment of incoming transfer students and students native to the receiving institution, transfer credit will be accepted for all successfully completed college-level courses completed in or after fall 2005 from Ohio public institutions of higher education. Students who successfully completed Associate of Arts (A.A.) or Associate of Science (A.S.) degrees prior to fall 2005 with a 2.0 or better overall grade-point average would also receive credit for all college-level courses they have passed. While this reflects the baseline policy requirement, individual institutions may set equitable institutional policies that are more accepting.

Pass/Fail courses, credit-by-examination credits, experiential learning courses and other non-traditional credit courses that meet these conditions will also be accepted and posted to the student record.

Application of Transfer and Articulated Credit

Application of credit is the decision process performed by the receiving institution to determine how the credits it has accepted and recorded on the student's official academic transcript will or will not apply toward program and degree requirements. While the receiving institution makes this decision, it will do so within the parameters of this Policy.

The following guidelines and requirements shall govern the application of transfer and articulated credit:

Ohio Transfer 36

The Ohio Department of Higher Education's Articulation and Transfer Policy established the Ohio Transfer 36 (previously Ohio Transfer Module or OTM), which may be a subset or the entire set of a public higher education institution's general education curriculum in Associate of Arts (A.A.), Associate of Science (A.S.) and bachelor's degree programs. Students in applied associate degree programs may complete some individual Ohio Transfer 36 courses within their degree program or continue beyond the degree program to complete the entire Ohio Transfer 36. The Ohio Transfer 36 contains 36-40 semester or 54-60 quarter hours of course credit in English composition (minimum of 3 semester or 5 quarter hours); mathematics, statistics and logic (minimum of 3 semester or 3 quarter hours); arts and humanities (minimum of 6 semester or 9 quarter hours); social and behavioral sciences (minimum of 6 semester or 9 quarter hours); and natural sciences (minimum of 6 semester or 9

quarter hours). Oral communication and interdisciplinary areas may be included as additional options. Additional elective hours from among these areas make up the total hours for a completed Ohio Transfer 36.

Courses for the Ohio Transfer 36 should be 100- and 200-level general education courses commonly completed in the first two years of a student's course of study. Each public university and technical and community college is required to establish and maintain an approved Ohio Transfer 36.

Ohio Transfer 36 course(s) or the full 36 completed at one college or university will automatically meet the requirements of individual Ohio Transfer 36 course(s) or the full Ohio Transfer 36 at another college or university once the student is admitted. Students may be required, however, to meet additional general education requirements at the institution to which they transfer. For example, a student who completes the Ohio Transfer 36 at Institution S (sending institution) and then transfers to Institution R (receiving institution) is said to have completed the Ohio Transfer 36 portion of Institution R's general education program. Institution R, however, may have general education courses that go beyond its Ohio Transfer 36. State policy initially required that all courses in the Ohio Transfer 36 be completed to receive its benefit in transfer. However, subsequent policy revisions have extended this benefit to the completion of individual Ohio Transfer 36 courses on a course-by-course basis.

Transfer Assurance Guides

Transfer Assurance Guides (TAG) comprise Ohio Transfer 36 courses and additional courses required for an academic major called TAG courses. A TAG is an advising tool to assist Ohio university and community and technical college students in planning for specific majors and making course selections that will ensure comparable, compatible, and equivalent learning experiences across Ohio's public higher education system. A number of area-specific TAG pathways in meta-majors including the arts, humanities, business, communication, education, health, mathematics, sciences, engineering, engineering technologies, social sciences and foreign languages have been developed by faculty teams.

TAGs empower students to make informed course selection decisions and plans for their future transfer. Advisors at the institution to which a student wishes to transfer should also be consulted during the transfer process. Students may elect to complete the full TAG or any subset of courses from the TAG. Because of specific major requirements, early identification of a student's intended major is encouraged.

Career-Technical Assurance Guides

Collaboration among the Ohio Department of Higher Education, the Ohio Department of Education and other key stakeholders led to the development of policies and procedures to create statewide career-technical discipline specific articulation agreements and further ensure that students completing coursework at an adult or secondary career-technical institution can articulate and transfer agreed-upon technical courses/programs to any Ohio public institution of higher education and among Ohio public institutions of higher education "without unnecessary duplication or institutional barriers."

Career-Technical Assurance Guides (CTAG) are statewide articulation agreements that guarantee the recognition of learning which occurs at public adult and secondary career-technical institutions and have the opportunity for the award of college credit toward technical courses/programs at any public higher education institution. CTAG serve as advising tools, identifying the statewide content guarantee and

describing other conditions or obligations (e.g., program accreditation or industry credential) associated with the guarantee.

Military Transfer Assurance Guides

In response to the legislative requirement (Ohio Revised Code 3333.164) to create a military articulation and transfer assurance guide for college-level learning that took place through military training, experience, and coursework, college credit will be granted to students with military training, experience, and/or coursework that is recognized by the American Council on Education (ACE) or a regionally accredited military institution, such as Community College of the Air Force

In order to streamline the awarding, transferability and applicability of college credit, service members and veterans are guaranteed to earn certain types of credit(s) or course(s) as specified in the Military Transfer Assurance Guides (MTAG), which are based on the endorsed baseline standards and procedures by the chancellor. Equivalent course(s), credits for courses or block of credit is to be awarded and applied towards general education and/or major course requirements at the receiving institution in accordance with the MTAG guarantee. There is some training, experience, and coursework that the receiving institution may be able to award college credit only toward general or free electives.

In addition, public institutions of higher education shall ensure that appropriate equivalent credit is awarded for military training, experience, and coursework that meet the baseline standards and procedures according to the Ohio Revised Code 3333.164. This requirement goes beyond credit/course awarded based on the MTAG alignment process.

Apprenticeship Pathway Programs

The apprenticeship pathways initiative advocates for individuals completing apprenticeships by incorporating their learning into academic credit, thereby saving them time and money and encouraging them to advance their academic credentials to contribute to a strong, educated workforce.

Ohio apprenticeship programs partner with public two-year institutions to provide technology-specific statewide articulation agreements that recognize non-traditional prior learning. College credit is awarded toward a technical associate degree. Each agreement simplifies student advising by outlining how apprenticeship training in a certain pathway applies to an applied associate degree and lists remaining courses required to complete the degree. The application of the credit toward a technical associate degree in these agreements is guaranteed at the participating receiving institutions.

Advanced Placement (AP) Exams

The State of Ohio, working with public institutions of higher education, has initiated policies to facilitate the ease of transition from high school to college, as well as between and among Ohio's public colleges and universities.

Beginning in the fall semester 2009:

1. Students obtaining an Advanced Placement (AP) exam score of 3 or above will be awarded the aligned course(s) and credits for the AP exam area(s) successfully completed.
2. General education courses and credits received will be applied towards graduation and will satisfy a general education requirement if the course(s) to which the AP area is equivalent fulfill(s) a requirement.

3. If an equivalent course is not available for the AP exam area completed, elective or area credit will be awarded in the appropriate academic discipline and will be applied towards graduation where such elective credit options exist within the academic major.
4. Additional courses or credits may be available when a score of 4 or 5 is obtained. Award of credit for higher score values varies depending on the institution and academic discipline.

In academic disciplines containing highly dependent sequences (Sciences, Technology, Engineering and Mathematics – STEM) students are strongly advised to confer with the college/university advising staff to ensure they have the appropriate foundation to be successful in advanced coursework within the sequence.

College-Level Examination Program (CLEP)

The State of Ohio, working with public institutions of higher education and statewide faculty panels, has developed policies to recognize students' prior learning and to facilitate the articulation and guaranteed transfer of such learning between Ohio's public colleges and universities.

College credit is guaranteed for students who achieve an established College-Level Examination Program (CLEP) test score for exams that have been endorsed statewide as college level. Statewide faculty panels aligned CLEP exams to equivalent Ohio Transfer 36 and Transfer Assurance Guide (TAG) courses, as appropriate. If an equivalent course is not available for the CLEP exam area, by default, endorsed elective or area credit will still be awarded and applied towards graduation.

Specific endorsed alignments and scores for individual CLEP exams that are outlined in the College-Level Examination Program (CLEP) Endorsed Alignment Policies document are available on the Ohio Department of Higher Education website.

One-Year Option Credit Award

The One-Year Option builds upon Ohio's articulation and transfer system to help more adults accelerate their preparation for work by earning a technical associate degree. Consistent with the philosophy of the Career-Technical Assurance Guides (CTAG), the One-Year Option guarantees that college credit will be awarded for college-level learning that occurs through adult programs at public career-technical institutions.

Adults who complete a career-technical education program of study consisting of a minimum of 900 clock-hours and achieve an industry-recognized credential approved by the chancellor shall receive 30 semester credit hours of technical course credit toward a standardized Associate of Technical Study Degree (A.T.S.) upon matriculation at a public institution of higher education that confers such a degree. The 30 semester credit hours will be awarded as a block of credit rather than credit for specific courses. Proportional credit is to be awarded toward the A.T.S. degree for adults who complete a program of study between 600 and 899 clock hours and achieved an industry-recognized credential approved by the chancellor.

The credit earned through the One-Year Option will be applied to A.T.S. degrees bearing the following standardized degree titles:

1. Associate of Technical Study in Building and Industrial Technology
2. Associate of Technical Study in Business Technology
3. Associate of Technical Study in Health and Allied Health Technology

4. Associate of Technical Study in Information Technology
5. Associate of Technical Study in Services Technology

Conditions for Transfer Admission

1. Graduates who are considered transfer students under the Integrated Postsecondary Education Data System (IPEDS) definition with associate degrees from Ohio's public institutions of higher education and a completed, approved Ohio Transfer 36 shall be admitted to a public institution of higher education in Ohio, provided their cumulative grade-point average is at least 2.0 for all previous college-level courses and and other institutional admission criteria, such as space availability, adherence to deadlines, payment of fees and grade-point average that are fairly and equally applied to all undergraduate students, have also been satisfied. Further, these students shall have admission priority over graduates with an out-of-state associate degree and other transfer students with transferable and/or articulated college credit.
2. Associate degree holders who are considered transfer students under the IPEDS definition and have not completed the Ohio Transfer 36 from an Ohio public institution of higher education will be eligible for preferential consideration for admission as transfer students as long as the institution's admission criteria, such as the minimum academic standards, space availability, adherence to deadlines and payment of fees, are fairly and equally applied to all undergraduate students.
3. In order to encourage completion of the bachelor's degree, students who are not enrolled in or who have not earned a degree but have earned 60 semester/90 quarter hours or more of credit toward a bachelor's degree with a cumulative grade-point average of at least a 2.0 for all previous college-level courses will be eligible for preferential consideration for admission as transfer students as long as the institution's admission criteria, such as the minimum academic standards, space availability, adherence to deadlines and payment of fees, are fairly and equally applied to all undergraduate students.
4. Students who have not earned an associate degree or who have not earned 60 semester/90 quarter hours of credit with a grade-point average of at least a 2.0 for all previous college-level courses will be eligible for admission as transfer students on a competitive basis.
5. Incoming transfer students admitted to a college or university shall compete for admission to selective programs, majors, and units on an equal basis with students native to the receiving institution.

The admission of transfer students by an institution, however, does not guarantee admission to any majors, minors or fields of concentration at the institution. Some programs have additional academic and non-academic requirements beyond those for general admission to the institution (e.g., background check, a grade-point average higher than a 2.0 or a grade-point average higher than the average required for admission to the institution). Once admitted, transfer students shall be subject to the same regulations governing applicability of catalog requirements as native students. Furthermore, transfer students shall be accorded the same class standing and other privileges as native students on the basis of the number of credits earned. All residency requirements must be completed at the receiving institution.

Responsibilities of Students

To maximize transfer credit application, prospective transfer students must take responsibility for planning their course of study to meet both the academic and non-academic requirements of the institution to which they desire to articulate or transfer credit as early as possible. The

student is responsible to investigate and use the information, advising and other available resources to develop such a plan. Students should actively seek program, degree and transfer information; meet with an advisor from both the current and receiving institutions to assist them in preparing a course of study that meets the academic requirements for the program/degree to which they plan to transfer; use the various electronic course/program transfer and applicability database systems, including Ohio Transfer to Degree Guarantee web resources; and select courses/programs at their current institution that satisfy requirements at the receiving institution to maximize the application of transfer credit. Specifically, students should identify early in their collegiate studies an institution and major to which they desire to transfer. Furthermore, students should determine if there are foreign language requirements or any special course requirements that can be met during the freshman or sophomore year. This will enable students to plan and pursue a course of study that will better articulate with the receiving institution's major.

Appeals Process

Following the evaluation of a student transcript from another institution, the receiving college institution will provide the student with a Statement of Transfer and Articulated Credit Applicability (Degree Audit Report). Students disagreeing with the application of transfer and/or articulated credit by the receiving institution must file their appeal in writing within 90 days of receipt of the Statement of Transfer and Articulated Credit Applicability. The institution shall respond to the appeal within 30 days of the receipt of the appeal at each appeal level.

Student Complaints Following Transfer Appeals at the Receiving Institution

After a student exhausts the appeals process at the receiving institution and chooses to pursue further action, the Ohio Department of Higher Education (ODHE) responds to formal written complaints related to Ohio Articulation and Transfer Policy against public, independent non-profit, and proprietary institutions of higher education in Ohio. While the ODHE has limited authority over colleges and universities and cannot offer legal advice or initiate civil court cases, staff will review written complaints submitted through its established process and work with student complainants and institutions.

Orientation for Graduate Students

All new teaching assistants are required to attend and participate in the university's Graduate Student Orientation program prior to the beginning of the semester. The program is also open to all new graduate students and current graduate students with new teaching responsibilities. Departments may also require attendance at departmental orientation meetings.

Pass/Fail Grade Policy

Students who wish to pursue an unfamiliar field or otherwise expand their educational boundaries beyond the requirements of any declared academic program may request to take certain undergraduate courses on a pass/fail basis. The purpose of this option is to foster experimentation by providing students with the opportunity to explore a broad range of coursework without affecting their grade point average.

Students may **not** request the pass/fail grading option for the following types of courses:

- Courses used to meet requirements in a student's major, minor, concentration or certificate program, or to meet college general requirements for the student's degree.
- Courses designated as Kent Core (general education requirement).
- Courses numbered 00000-09999 (developmental).
- Courses numbered 50000-89999 (graduate).
- Courses graded Satisfactory/Unsatisfactory (S/U).

Pass/fail grading is subject to the following conditions:

1. Students whose overall GPA is below 2.000 after their most recent graded term are not eligible to request the pass/fail grading option. Transfer students admitted on probation are not eligible to request the pass/fail grading option in their first term.
2. Students may take only one course per term on a pass/fail basis.
3. Instructors will not be informed of students' selection of the pass/fail grading option. Regular passing letter grades (e.g., B, C, D) that are reported by the instructor will be converted to a Pass (Y) grade. Letter grades of F (Fail), NF (Never Attended-Fail) and SF (Stopped Attending-Fail) reported by the instructor will be converted to a Fail (Z) grade.
4. Under no circumstances will Pass (Y) or Fail (Z) grades be converted to regular grades.
5. Students who earn Pass (Y) grades and later declare a major, minor, concentration or certificate program may apply the pass/fail credit to program requirements, if applicable, but all subsequent required coursework must be completed with regular grading.
6. A maximum 12 hours of Pass credit may be applied toward a declared undergraduate program.
7. Pass (Y) and Fail (Z) grades are not used in computing grade point averages and do not satisfy specific required grades (other than the minimum D grade) in course prerequisites and program requirements.

In order to request the pass/fail grading option, students must submit a Pass/Fail Grade Request form to the Office of the University Registrar. Students may not change grading options, including pass/fail, after the final day of course registration. Information about schedule adjustment deadlines, which includes deadlines for changes to grading options, is located in the Registration policy in the University Catalog.

Qualifying Examination for Master's Degree

In some departments, graduate students are required to take a qualifying examination. Each student should inquire of the major department whether such an examination is required and when it should be taken. The student is responsible for making the arrangements for taking the examination. Students working for a degree requiring a thesis may have their thesis topic approved as soon as they pass the qualifying examination.

Registration

Only students who have been formally admitted to Kent State University may register for coursework and pay the appropriate fees. An official registration is a record of a student's schedule of classes maintained online in the university's student information system, Banner. Students who are not officially registered for a course by published university deadlines should not attend classes and will not receive credit or a grade for the course. Students are responsible for their schedules and have

the ultimate responsibility to confirm the accuracy frequently during the semester before posted deadline dates. Allowing a member of the university staff to make schedule changes does not relieve the student of his or her responsibilities.

Students register for courses online through FlashLine. Students must clear any registration holds before adjusting their class schedule. Refer to the Office of the University Registrar website for registration information, instructions, dates, deadlines and procedures. New freshmen and new transfer students register through the various campus advising and registration orientation programs.

All changes to a student's course schedule must be completed by published university deadlines. Students can find registration deadlines on their course schedule and in the Schedule of Classes in FlashLine.

Kent State University reserves the right to change the time of a course if it is deemed necessary, and it reserves the right to drop any course from the Schedule of Classes if there is insufficient student demand or if resources are unavailable to offer the course.

Late Registration Fee

Students who are not officially enrolled for any coursework (i.e., neither registered nor paid fees) as of the end (11:59 p.m.) of the seventh calendar day for the fall or spring semester will have a non-refundable late registration fee assessed for any initial registration processed. A non-payment fee will be assessed for registrations not paid by the end (11:59 p.m.) of the 14th calendar day of the semester. Visit the Office of the Bursar website for information on students' fees.

Add, Drop and Other Schedule Adjustments

Schedule adjustments are changes to a class schedule for students who have already enrolled in at least one course (1 credit hour or more) for that semester. During registration, students may make adjustments or requests in FlashLine by the following deadlines:

- Deadline is the end (11:59 p.m.) of the seventh calendar day of the fall or spring semester (prorated deadline for summer or flexibly scheduled courses):
 - Adding a course or changing the section of a course¹
- Deadline is the end (11:59 p.m.) of the 14th calendar day of the fall or spring semester (prorated deadline for summer or flexibly scheduled courses):
 - Adding a course or changing the section of a course with instructor approval¹
 - Dropping a course/section
 - Changing credit hours for a variable-credit-hour course
 - Changing from graded to pass/fail or audit status
 - Changing from pass/fail or audit to graded status

Students must submit a Petition for Exception to Registration form to the One Stop for Student Services when requesting schedule adjustments after the university deadlines listed above. There are no processing fees for schedule adjustments, but tuition and fees assessment may be affected.

¹ The ability to add a course (or change the section of a course) after the semester begins will depend on available seats in the course section

and the student satisfying course prerequisites and other registration requirements.

Registration Cancellation

To receive a full refund of tuition, students who register and decide not to attend the university must cancel their registration as early as possible, and no later than the end (11:59 p.m.) of the seventh calendar day of the fall and spring semester (prorated deadline for summer or flexibly scheduled courses). This may be accomplished by the student dropping all courses in FlashLine during registration periods.

Any paid registration not canceled by the end (11:59 p.m.) of the seventh calendar day of the fall and spring semester (prorated deadline for summer or flexibly scheduled courses) will be subject to the refund policy published on the Office of the Bursar website.

Any applicable refund is determined by the date the transaction is processed in the student information system.

Registration Limits

Undergraduate students are able to register each fall and spring for a maximum of 18 credit hours.

Graduate students are able to register each fall and spring for a maximum of 16 credit hours, with the exception of students in the Doctor of Podiatric Medicine degree who may be required to be registered for more.

For the summer term, undergraduate and graduate students have the following registration limits:

- Maximum 6 credit hours in a single five-week summer session
- Maximum 10 credit hours in an eight-week summer session
- Maximum 10 credit hours in overlapping summer sessions
- Maximum 12 credit hours for all summer sessions combined, including summer intersession

Course Withdrawal

Course withdrawal indicates that a student intends to stop attending any or all classes for the current term. Course withdrawal is permitted through the end (11:59 p.m.) of the 70th calendar day the fall or spring semester (prorated deadline for summer or flexibly scheduled courses). The spring semester course withdrawal deadline may be adjusted for spring break. After that time, students are considered to be committed to all remaining courses and must complete them.

Students will use FlashLine to withdraw from one or more courses by the deadline. If students are unable to complete the term because of extreme circumstances that first occur after the deadline, they should consult their college or campus dean's office. Any course withdrawal(s) processed on or after the 15th calendar day of the fall or spring semester (or prorated deadline for summer or flexibly scheduled courses) will appear on the students' academic record with the Withdrawal (W) administrative mark. For more information on the W mark, refer to Grading Policies and Procedures in the University Catalog. Any applicable tuition credit (policy published on the Office of the Bursar website) is determined by the date the transaction is processed on FlashLine.

International students on J1 and F1 visas are required to contact the Office of Global Education if a course withdrawal causes them to be less than full time.

Graduate students who withdraw from all courses with an intention to return at a later date may be eligible for a leave of absence (refer to Leave of Absence for Graduate Students policy in the University Catalog).

Students in the College of Podiatric Medicine who fail to complete registration requirements by the deadline will not be enrolled in classes for the following academic year and may be withdrawn from the college. These students may also be subject to a professionalism deficiency evaluation. Podiatric Medicine Students who request withdrawal after seven weeks of course instruction will receive on their academic record the administrative mark WP or WF if passing or failing, respectively, for each withdrawn course. Refer to the college policies in the College of Podiatric Medicine section of the University Catalog for more information on the procedures for withdrawal.

Course withdrawal does not negate a student's financial obligation, and students will be held responsible for all balances due to the university.

Course Overload Undergraduate Students

Eligible undergraduate students wanting to register for more than the maximum listed under registration limits may do so through an automated overload process.

Criteria for eligibility

- Students who have a minimum 12 Kent State earned credit hours and the following GPA are eligible for an automatic overload: Table Type Not Defined
- First-semester transfer students and freshmen without a Kent State GPA are excluded from qualifying for an automatic overload. They must seek approval from their advising office.
- Students not meeting the above criteria or requesting more than 21 credit hours in the fall or spring semester (more than 12 credit hours in all summer terms) will be blocked from registering for an overload unless approval is granted from their advising office.
- Students on academic probation may not register for more than 15 credit hours and may receive a prescription from the dean of their college or campus that they further reduce the credit hours carried until removed from probation.

Exceptions to this rule must be approved by the appropriate college dean.

Graduate Students

Graduate students wanting to register for more than the maximum listed under registration limits should request permission from their advisor, who will consider such factors as academic standing, progress to degree and the rigor of their proposed course schedule in deciding whether to approve the overload. Graduate students with an approved overload will have their course limit adjusted to register for the approved overload class(es).

Enrollment Definitions

For financial aid eligibility and enrollment certification for loan deferments, insurance coverage and other purposes, the enrollment status of students is defined as the following:

Undergraduate Students

Enrollment Type	Credit Hours
Full-time	12+
Three-quarter-time	9-11
Half-time	6-8
Less-than-half-time	1-5

Graduate Students

Enrollment Type	Credit Hours
Full-time	8+
Three-quarter-time	6-7
Half-time	4-5
Less-than-half-time	1-3

For summer, the statuses listed above may be fulfilled by enrollment in one or more sessions within the summer semester, including summer intersession. Courses receiving an AU, NF or SF mark are not counted in enrollment credit hours. This definition differs from the one used for assessing tuition and fees (for more information, see Office of the Bursar website).

Flexibly Scheduled Course Sections

Some courses are offered as flexibly scheduled sections, that is, the course does not meet for the full semester. Eligibility for processing registration transactions for these courses (adding, dropping or withdrawing) is determined by the beginning and ending dates of the section. Students can find registration deadlines on their course schedule and in the Schedule of Classes in FlashLine.

Remote Participation in a Thesis or Dissertation Defense

ASK A QUESTION OR SUBMIT FEEDBACK ON THIS POLICY

Date Effective: August 27, 2020

Policy Statement

Under normal circumstances, all members of a dissertation committee must be physically present in the examination room during the entire dissertation defense and during the committee's private deliberations following the examination. In most cases, the chair of the dissertation committee and the graduate faculty representative are expected to be physically present in the examination room.

Students enrolled in a fully online degree program are not required to be physically present for their dissertation defense.

For on-ground and hybrid (online/on-ground) degree programs, remote participation by web conferencing is permitted only if the student and/or committee member has obtained permission in advance from the chair of the thesis/dissertation committee in consultation with committee members. They must provide a compelling reason and/or explanation as to why they cannot be physically present.

With any dissertation defense that is approved to be conducted with remote participation, the following rules must be enforced:

- The web-conferencing software to be used allows all participants to see and hear each other during the defense.
- The defense remains open and available to the university community.

- The program pays for any costs associated with the remote participation.
- The chair of the dissertation committee is responsible for ensuring that all requirements for remote participation are met, that the remote participation was uninterrupted and, if interrupted, that the defense was paused until all remote participations were fully restored.
- Participation by telephone only is not permitted under any circumstances.

Reason for Policy

To establish consistent practices when a student and/or a committee member are not able to be physically present for the student's defense of a thesis or dissertation.

Procedures

There are no procedures associated with this policy.

Forms/Instructions

There are no forms associated with this policy.

Frequently Asked Questions

There is no FAQ associated with this policy.

Definitions

Defense: refers to students presenting, explaining and defending their ideas submitted in their thesis or dissertation. The defense is designed so that faculty members can ask questions to ensure that students understand their chosen field and focus area.

Dissertation: a highly individualized investigative study that results in the development and writing of a scholarly, comprehensive paper and fulfills the culminating requirement for a Ph.D. degree. The dissertation must demonstrate that the student has acquired the ability to conduct research in a discriminating and original manner. The dissertation should make a significant enough contribution to the field in which it is written that at least one scholarly article suitable for publication in a professional journal may be derived from it or that the findings of the dissertation would be otherwise publishable.

Thesis: a highly individualized investigative study that results in the development and writing of a scholarly, comprehensive paper and fulfills the culminating requirement for a master's degree. The thesis topic is formulated by the student in consultation with the advisor and should be one that will further the student's educational development by developing research or other skills that will help the student keep abreast of the field and enable the student to pursue independent work.

Web-conferencing software: allows participants to conduct or attend meetings via the internet. The software allows participants in different locations to connect to each other for voice and video chat, instant messaging and file and screen sharing. Examples of software include Skype, Zoom, Webex Meetings, GoToMeeting and Blackboard Collaborate.

Revision History

Effective August 2020: Establishes a formal policy for graduate students to defend their thesis or dissertation through remote participation.

Residence Requirement

Effective Date: Month, Day, Year

Last Reviewed: Month Day, Year

Last Revised: Month Day, Year

Next Review: Month Day, Year

Policy Statement

Residence is defined as academic credit earned at Kent State University. In this context, residence does not refer to whether a student lives on campus; it refers to the hours required to earn a degree or certificate from Kent State University.

Undergraduate Students

For bachelor's degree programs, students must complete a minimum of 30 passed hours in residence, of which 9 passed hours must be at the upper division (30000, 40000) level in the major. For associate degree programs, students must complete a minimum of 15 passed hours in residence. For certificate and minor programs, students must complete a minimum 50 percent of the program's total required passed hours in residence. Some certificate and minor programs may require more. Passed hours comprise graded coursework, including those receiving an S (satisfactory) or Y (pass) grade. Information on specific degree or certificate requirements may be obtained in the college section of the University Catalog. Kent State study-abroad and study-away programs that count toward a student's Kent State University hours may be taken as part of the residence requirement.

Credit earned by means of transfer courses does not count toward residence. Transient study will not count toward the hours of residence, but it will not invalidate residence requirements in progress. Students eligible to take transfer coursework at other institutions are discouraged from taking these courses during their last semester because of the time necessary to receive and process transcripts, which may delay clearing the student for graduation. Under unusual circumstances, students may request a minor modification of this requirement by contacting their college prior to registration elsewhere.

Graduate Students

Students admitted to a graduate certificate or graduate minor must complete a minimum 50 percent of the program's total required in residence. Some certificate and minor programs may require more. Residence requirements for graduate degree programs are determined by their respective department, school and/or college. Please consult with the program's coordinator (and/or program catalog page) as to its residence requirement for the degree. More information on the transfer of courses may be found in the Transfer of Graduate Credit policy in the University Catalog.

Reason For Policy

It is expected that students who graduate from Kent State will have completed a minimum amount of coursework taken at the university.

The requirement allows the faculty to ensure students meet the program, college and university standards of achievement. This policy implements criteria and requirements for accreditation established by the Higher Learning Commission.

Procedures

There are no procedures associated with this policy.

Forms/Instructions

There are no forms associated with this policy.

Frequently Asked Questions

1. **How are the credit hours "in residence" determined? For example, for a bachelor's degree, are they the first 30 credit hours or the last 30 credit hours of the degree?**

"In residence" includes all Kent State credit hours (graded for undergraduate) no matter when they were earned.

- a. For graduate students, all credits earned at Kent State beyond what's allowed in the transfer policy count toward "in residence".
2. **How do I know what are the upper division courses in my major that count toward the 9 credit hours for residence?**
Those 30000- and 40000-level courses will be listed for your program in the University Catalog under the headers "Major Requirements (courses count in major GPA)" and (if applicable)"Concentration Requirements (courses count in major GPA)." Your GPS degree audit will track fulfillment of the residence requirement.

3. **I'm searching for the Ohio residency policy for tuition. Where can I find that?**

You can find the policy regarding Ohio student residency for state subsidy and tuition surcharge purposes in the Kent State Policy Register.

Definitions

Passed hours for undergraduate: Credit hours earned from courses that were graded A to D+, S (satisfactory) or Y (pass).

Passed hours for graduate: Credit hours earned from courses that were graded A to C, or S (satisfactory).

Residence: Credit hours earned from Kent State courses. Residence does not include credit hours awarded for courses transferred from another college or university or exams (e.g., AP, CLEP) or industry-recognized credentials.

- Grading Policies and Procedures

Revision History

To come

Retroactive Credit

Undergraduate students currently enrolled in a degree or certificate program who are placed into an advanced course through assessment or departmental review may earn retroactive credit for designated lower

level course(s) in that subject. The advanced courses approved for earning retroactive credits are listed below.

To apply for retroactive credit, students must submit an application for retroactive credits to the Office of the University Registrar.

The following stipulations apply:

- Students must complete the advanced course at Kent State with a minimum C or S (Satisfactory) grade to be eligible for retroactive credit. Courses taken for the pass/fail grade or audit mark will not be accepted for retroactive credit.
- Students who withdraw from or fail to meet the minimum C or S grade in the advanced course may retake the course and apply for retroactive credit once the minimum C or S grade is achieved and posted.
- Course credits earned through the retroactive policy are not assigned a letter (A-F) grade. The mark CR will be posted to a student's transcript for the enrolled term the student applied for the retroactive credit.
- Retroactive credit will count toward students' class standing, total credit hours earned for graduation and hours required for graduation honors.
- Retroactive credit will not count in students' grade point average (GPA), quality points and residence requirement.
- Students are not eligible for retroactive credit if they previously earned college credit for a course that is comparable to a lower level course in the same subject of the advanced course. Previous college credit includes credit earned through exam (e.g., AP, CLEP); courses transferred from other college-level institutions, tech prep programs or dual enrollment in a high school; or any other alternative credit listed in the University Catalog.
- Not all courses that offer retroactive credits are available each semester.
- Retroactive credit is not available for graduate courses.
- Students may apply for retroactive credit following the posting of the grade at any time before graduation, but no later than the second Sunday of the semester in which they are graduating.

A fee per credit hour is charged for processing and posting of the credit on the student's transcript. The Kent State Retroactive Credit Chart provides information about eligible courses and credits earned.

Selective Service Requirement

Pursuant to Ohio Law, House Bill 845, all Ohio resident male students between the ages of 18 and 26 not registered with Selective Service System must file a statement of Selective Service registration with the Office of the University Registrar. If students have not already registered with the Selective Service System, they will be contacted regarding their non-compliant status. Failure to comply will result in the assessment of nonresident tuition fees to their account and the cancellation of all state-based financial aid. Further questions may be directed to the Office of the University Registrar.

Semester System

The academic year at Kent State University consists of two semesters—fall and spring—each approximately 15 weeks in length. The normal bachelor's degree program is designed to be completed in four academic years, or eight semesters. The normal associate degree is designed to

be completed in two academic years, or four semesters. In addition, the university conducts four sessions during the summer term:

- one three-week intercession
- two five-week sessions
- one eight-week session

Each credit hour of coursework is called a "credit hour," as distinguished from the quarter system used at some other universities and colleges. An academic year under the quarter system consists of three 10-week quarters, and one credit hour of coursework is called a "quarter credit hour."

One quarter credit hour of coursework is equivalent to two-thirds of a credit hour (1 quarter credit hour = 0.67 credit hour); one credit hour is equivalent to one and one-half quarter credit hours (1 credit hour = 1.50 quarter hours). A transfer student with a number of quarter credit hours should multiply that number by two-thirds to determine the equivalent credit hours at Kent State University. For example, a student with 48 quarter credit hours would receive 32 credit hours of transfer credit, providing the previous work meets university academic standards.

Sequential Coursework

In certain subject fields, such as mathematical sciences, foreign languages, English composition and some of the basic natural sciences, knowledge is sequential or cumulative at the lower levels of study, and courses are structured in clear sequences. Students who already have received credit for, or established proficiency at, one level in such a sequence of courses may not receive academic credit counting toward graduation for a prior course in the sequence or for a course in a lower sequence.

Chemistry Course Sequencing Policy

Because of the similar level of course content in specific chemistry courses, credit hours toward graduation can be earned for only one course in each of the following groups:

Group	Courses
Group A	CHEM 10050, CHEM 10060, CHEM 10970
Group B	CHEM 10050, CHEM 10061, CHEM 10971
Group C	CHEM 10052, CHEM 20481, CHEM 30481
Group D	CHEM 10052, CHEM 20482, CHEM 30482
Group E	CHEM 10053, CHEM 10062
Group F	CHEM 10053, CHEM 10063

- Students who have successfully completed CHEM 10060 may bypass CHEM 10050. However, students who have successfully completed CHEM 10050 may not bypass CHEM 10060.
- Students who have successfully completed CHEM 10062 may bypass CHEM 10053. However, students who have successfully completed CHEM 10053 may not bypass CHEM 10062.
- Students who have successfully completed CHEM 20481 or CHEM 30481 may bypass CHEM 10052.

Standardized Test Score Reports

Kent State University only accepts official standardized test score reports sent directly by the testing center. Graduate Record Examination (GRE) scores are sent directly by the Educational Testing Service, and Graduate Management Admission Test (GMAT) test scores are sent

directly by the Graduate Management Admission Council. Consistent with the policies of both the Educational Testing Service and the Graduate Management Admission Council, GRE and GMAT scores are valid for five calendar years. Thus, GRE and GMAT scores taken more than five calendar years prior to the date of application to Kent State University will not be accepted.

Student Conduct

The Kent State University Code of Student Conduct applies to both graduate and undergraduate students. Students are subject to educational sanctioning, including, but not limited to, probation, suspension or dismissal for violations of the code.

University policies regarding behavioral conduct and cheating/plagiarism are available on the Office of Student Conduct website and the Plagiarism website. Furnishing false or incomplete information to the university with intent to deceive or forge, alter or misuse university documents or other official documents that serve as the basis for admission and graduation may result in the revocation of admission, academic dismissal or revocation of a degree or certificate.

It is the policy of Kent State University that:

1. Students are to perform their own academic work according to the standards set by faculty members, departments, schools and colleges of the university.
2. To take and present as one's own a material portion of the ideas or words of another, or to present as one's own an idea or work derived from an existing source, without full and proper credit to the source of the ideas, words or works is considered plagiarism/cheating and will result in university sanctioning.
3. University rules and regulations form parameters for individual behavior on and off campus, and follow the normative standards of behavior adhered to by the City of Kent and Kent State University communities. By virtue of a student's enrollment at Kent State University, he/she consents to follow the policies and procedures of the university, including those outlined in the Code of Student Conduct. It is the student's responsibility and in his/her interest to be familiar with all applicable conduct-related policies.

Student Responsibilities

Each Kent State University student is responsible for:

1. Pursuing successful completion of all courses for which he or she enrolls.
2. Meeting with an advisor to develop an academic plan. However, the final responsibility for following procedures and meeting university, college and program requirements as outlined in the University Catalog rests solely with the student.
3. Being familiar with the current academic calendar, including, but not limited to, deadlines for course registration, course withdrawal and application for graduation.
4. Knowing his or her academic record, including student schedule (found on the Student Printable Schedule in FlashLine) for each semester, and academic progress toward program completion.
5. Maintaining a current and accurate mailing address, phone number and Kent State e-mail address in FlashLine, and reading and responding promptly to all communications from the university.

6. Being familiar with and adhering to the university's rules, regulations and policies as published in the University Catalog and University Policy Register.

proposed committee for appropriate balance, and the topic for strength and suitability.

Thesis for the Master's Degree

Date Revised: May 11, 2020

Date Effective: August 27, 2020

Policy Statement

The writing of an acceptable thesis is mandatory or an option in certain master's degree programs.

Thesis Topic

The thesis topic must be approved by the student's academic unit and filed with the college dean no later than the semester preceding that in which the candidate expects to receive the degree. The thesis topic should be one that will further the student's educational development by developing research or other skills that will help the student keep abreast of the field and enable the student to pursue independent work. The thesis topic is formulated by the student in consultation with the advisor and submitted to the academic unit for approval according to normal procedures for that academic unit.

All students preparing a thesis are required to file a Notification of Approved Thesis Topic form. After the topic has been approved by the student's advisor and a committee has been formed, the advisor, members of the committee, graduate/program coordinator and lead administrator of the academic unit sign the form and forward it to the college dean for approval. The college office returns a copy of the completed form to the academic unit.

When submitting the form, the student should attach a short summary of the thesis (no more than a paragraph) that includes a clear statement of the problem to be undertaken and the procedure or methodology to be used in the research.

Thesis Committee

When the student has developed a thesis topic acceptable to the advisor, a thesis committee is convened, responsible for overseeing the progress of the candidate's thesis. The graduate/program coordinator appoints the members of the committee in consultation with the student and the student's advisor. This group will consist, at minimum, of three members:

- The advisor, who chairs the committee
- Minimum two additional members from the candidate's academic unit
- If appropriate, one or more committee members also may be selected from other academic units. However, the majority of the committee members must be from the student's home academic unit.

The advisor must be a member of the graduate faculty who has been approved to direct theses. The other members of the committee must have associate or full graduate faculty status and be approved to serve on a master's committee. A co-advisor, if used, will count as one of the required members from the student's academic unit.

Special permission must be obtained from the college dean for anyone on the thesis committee who does not meet the qualifications stated above.

The graduate/program coordinator, in consultation with the graduate studies committee will, as necessary, review the composition of the

Thesis Registration and Applicability Toward Degree

Upon approval of the thesis topic, the student is required to register continuously for Thesis I (6x199) each semester (fall, spring) for a total of 6 credit hours. A student who has completed the required 6 credit hours of Thesis I but has not finished the thesis is expected thereafter to register continuously for Thesis II (6x299) each semester (fall, spring) until all degree requirements are met. Students who are planning to defend their thesis in summer or early fall, or who are requiring access to university resources during the summer months – including, but not limited to, feedback or mentoring from their thesis advisors, use of university buildings and other research resources – must register for thesis in the summer term. For students in good standing, those credit hours will be approved by the academic unit administrator. The student receives an In-Progress (IP) administrative mark until the thesis is completed, at which time the IP mark is changed to either the Satisfactory (S) or Unsatisfactory (U) grade. No more than 6 credit hours of Thesis I may be counted toward completion of degree requirements. Credit hours earned in Thesis II do not, under any circumstances, count toward the degree.

Student must register for thesis no later than the last semester they are in residence. The thesis must be completed and in the hands of the examining committee by the deadline as determined by the college and communicated in advance to the student.

Final Examination (Oral Defense)

In some academic units, a final examination (oral defense), open to the university community, may be required of candidates writing a thesis. This examination is directed primarily toward the thesis but may contain other topics with which the committee feels the candidate should be familiar. The procedures for the final examination are detailed in the procedures section below.

Thesis Submission

Master's candidates are required to submit their thesis in electronic form to the OhioLINK Electronic Thesis or Dissertation Center, where the thesis is made publicly available. Information on the process can be found on the University Libraries guidelines for ETD preparation website. The thesis must be prepared according to established guidelines, which are available in the college office. Individual units may still require submission of a paper copy for their archives and the deadline for the thesis to be filed in the college office is the last day of classes for the term of graduation (some colleges may require an earlier deadline). It is the responsibility of the master's student to fulfill this requirement.

Reason for Policy

Policy enforces uniform standards for the master's thesis submission and oral defense and defines the thesis committee and applicability toward the master's degree.

Procedures

Procedures for the Final Examination (Oral Defense)

When the thesis has been accepted by a student's advisor, the advisor will arrange for the final examination, and the student will distribute the thesis to members of the thesis committee. The advisor will designate the time and place of the oral defense and notify the student and all members of the thesis committee. The oral defense should be scheduled to allow a minimum of 10 days for all members of the thesis committee to review the thesis. The college dean will be kept informed of the time

and place of the examination and the composition of the examining committee.

In the absence of the advisor, the graduate/program coordinator will postpone the oral defense. In the case of long-term absence or enduring illness of the advisor, the lead administrator of the academic unit, in consultation with the graduate studies committee and the original advisor, should make arrangements for a substitute.

The oral defense will be open to the university community. The advisor should notify the academic unit of the time and place of the so that it may be announced in a suitable way. The student should provide copies of the thesis abstract to the academic unit so that it will be available to interested individuals prior to the defense to familiarize members of the graduate faculty with the methodology and findings.

Students may participate in the oral defense in a different location than the committee members (i.e., by web conferencing) if they are declared in a fully online degree program or have obtained permission in advance from the committee chair. See the policy on remote participation in a thesis or dissertation defense in the University Catalog.

The thesis advisor will act as the moderator at the oral defense. The duties of the moderator are to preside and ensure that all participants act in a civilized, polite and proper manner. The advisor should be familiar with the procedures of the oral defense and has the authority to suspend proceedings should a situation arise that would not be conducive to a fair examination. The student will open the defense with a brief presentation of the thesis findings, after which the members of the thesis committee will question the student in an order determined by the advisor. Questions dealing with the substance, meaning and usefulness of the research in the thesis are of greatest priority. Inquiries or comments dealing with punctuation, grammatical minutiae, spelling, etc., are out of order and should be written out and privately submitted to the student and the advisor.

When, in the judgment of the advisor, members of the thesis committee have had an adequate opportunity to question the student, the advisor may open the examination to non-committee members of the graduate faculty, then, as the advisor deems appropriate, to others present. If, in the opinion of the advisor or upon a motion duly passed by a majority of the committee, it is deemed desirable to discontinue the oral defense, the advisor may recess the oral defense until a time mutually agreeable to the advisor, the student and the thesis committee.

When the questioning has run its course, the advisor will excuse everyone except members of the thesis committee and, if in attendance, the graduate/program coordinator and lead administrator of the academic unit. Parliamentary procedure will be followed to determine the success or failure of the student, with the advisor serving as chair. The student should be evaluated upon both: (a) the overall quality and significance of the thesis, and (b) the oral defense of the findings.

The advisor and members of the thesis committee will sign the Report of Thesis Final Examination form, and all register their vote of "pass" or "fail." Thesis committee members may not abstain in this vote. A student passes the oral defense and becomes a "candidate" for the degree if there is no more than one dissenting vote. The graduate/program coordinator and lead administrator of the academic unit also signs the report, and the document is forwarded to the college for the signature of the dean. The college returns a copy of the completed form to the academic unit.

Following any revisions required by the committee, the advisor and the lead administrator of the academic unit must approve the final version of

the thesis document by signing the signature page of the Thesis and the Thesis Preparation Approval Form when the student submits the thesis.

Frequently Asked Questions

There is no FAQ associated with this policy.

Definitions

Academic Unit: an academic department, school or a designated graduate program within a college, department or school

Defense: refers to students presenting, explaining and defending their ideas submitted in their thesis. The defense is designed so that faculty members can ask questions to ensure that students understand their chosen field and focus area.

Thesis: a highly individualized investigative study that results in the development and writing of a scholarly, comprehensive paper and fulfills the culminating requirement for a master's degree. The thesis topic is formulated by the student in consultation with the advisor and should be one that will further the student's educational development by developing research or other skills that will help the student keep abreast of the field and enable the student to pursue independent work.

Related Information

- Guidelines for Submission of Electronic Theses and Dissertations
- Remote Participation in a Thesis or Dissertation Defense
- Qualifying Examination for Master's Degree
- Thesis for Master's Degree

Revision History

Amended August 2020: Revised policy includes procedures, removes graduate faculty status levels, eliminates summer registration requirement, adds deadline for filing thesis and removes deadline for thesis completion (deadline now determined by each college).

Time Limits for Graduate Degrees

Master's degree students will normally complete work within six calendar years after the students' first graduate registration at Kent State University. Any credit being transferred for meeting degree requirements should also have been earned within the six-year period. Departments with time limits that vary from these norms will notify their students in writing.

It is expected that the doctoral degree students entering Kent State with a baccalaureate will complete the degree in no more than 10 years. Normally, doctoral degree students entering with a master's degree will complete the degree in no more than nine years. Students proceeding from the baccalaureate will normally pass the candidacy examination within five years, and students already possessing a master's degree will pass the candidacy examination within four calendar years of the first graduate registration at Kent State University. A doctoral candidate is expected to satisfactorily complete the dissertation and pass the

final oral examination within five calendar years after having passed the candidacy examination. Individual disciplines may have shorter time limits, and students should consult with their specific program's department.¹

When an extension of any of these time limits seems to be necessary and proper, the student and advisor will petition the student's department for an extension. The extension may be denied, in which case the student will be dismissed, or it may be granted with qualification. The student, advisor and college dean must be informed of the decision in writing. If the extension exceeds one year, the approval of the college dean is required. Requests for time extensions exceeding one year must be submitted to the college dean with evidence that the degree candidate is current in his/her field of study.

Students who must be away from their studies for one or more semesters for personal, family, financial or other compelling reasons may apply for a leave of absence. More information can be found in the Leave of Absence policy in this Catalog.

Upon receiving their graduate degree, students are inactivated and are no longer eligible to register for courses at Kent State University. If students wish to continue their studies at Kent State, they will need to reapply to the appropriate academic unit and be accepted for another graduate degree program or as a non-degree student.

¹ Candidates for the Doctor of Podiatric Medicine degree must successfully complete all graduation requirements within six years of their initial matriculation. The six-year limitation includes any leaves of absence, withdrawals or any other interruptions of the students' program.

Transcripts

The integrity of a student's academic transcript is fundamental to the validity of coursework and degrees certified by the university. Therefore, all student transcript entries (grades and other notations) are finalized when the degree is officially posted to the permanent academic record following the effective date of graduation. Visit the University Registrar website for the degree-posting deadline.

All financial obligations to Kent State University must be satisfied before a transcript is released. For information on ordering transcripts, refer to the Office of the University Registrar website.

Transfer of Graduate Credit

Effective Date: to come
Last Reviewed: April 2022
Last Revised: August 2023
Next Review: September 2028

Policy Statement

Graduate courses earned at another college or university may be transferred into a Kent State University graduate program. Students who wish to have those courses considered for transfer must petition administrators of the graduate program. The program can accept or reject such courses based on the program requirements, regardless of the discipline or institution in which the credits were earned.

The following conditions must be satisfied to transfer graduate credit:

1. A maximum of 12 credit hours of transfer courses may be applied toward a master's degree, the Educational Specialist degree or a doctoral degree. Some programs may have a lower maximum.
2. The graduate credit was earned at an institutional accredited college or university (or international equivalent).
3. The credit was not used for a previously awarded degree.
4. The student earned, at minimum, a B or satisfactory (S) grade in each course for which credit is to be transferred.
5. The transfer coursework satisfies a requirement in the student's program.
6. Time limits for transfer credit must follow established policy. Refer to policy for time limits for graduate degrees
7. The student's petition for transfer credit with an official transcript is filed with the program and college.
8. The student's program coordinator approves the petition.

Accepted transfer credits are posted on the Kent State University transcript in semester hours and count toward total credit hours earned for graduation at Kent State. Transfer credits and grades will not count toward the students' Kent State Grade Point Average (GPA) and residence requirement; nor will a transfer grade replace a grade earned in an equivalent course at Kent State. Transfer grades, however, may be considered for prerequisites to a specific course or admission to and/or progression for a specific program.

Students who are enrolled in a Kent State graduate program and wish to take graduate credit at another college or university to be transferred back to their Kent State's program must obtain approval from their program coordinator prior to taking the courses.

Reason For Policy

This policy specifies where authority resides for decisions regarding transferability of graduate credit and outlines the conditions required for the transfer of credits to Kent State graduate programs from other institutions.

Procedures

Students who wish to transfer graduate-level credits into a Kent State graduate program must obtain approval from their program coordinator by submitting the Request for Transfer of Graduate Credit form and including an official transcript of the courses.

Forms/Instructions

- Transfer of Graduate Credit form

Frequently Asked Questions

1. **Are Kent State courses taken for one graduate program considered "transfer" if I want to apply them to another Kent State graduate program?**
 Courses completed at Kent State are not considered transfer. However, courses taken in one Kent State program may be applied

toward another Kent State program with approval of that program's coordinator.

2. Is there an appeal process if my transfer request was denied?

Yes, if a student wants to appeal a decision made on a transfer course, follow the administrative policy and procedure for student academic complaints

3. Does the 12-credit limit include courses transferring from a certificate to a degree?

The 12-credit limit pertains to any and all coursework taken at another institution regardless of program type. The limit does not pertain to coursework taken for a Kent State graduate program (major, minor, certificate) that is being requested to apply toward another Kent State program.

4. Where do I start the transfer process?

Meet with your faculty advisor and/or program coordinator to review the courses in question for applicability toward your degree program.

Definitions

Credit hour: Units based on contact hours in a learning environment that are acquired for completed coursework applied toward a degree or certificate.

GPA (Grade Point Average): An indication of a student's academic achievement at Kent State University, determined by the number of credit hours attempted at Kent State University and the grades received. The Kent State GPA is calculated to three places past the decimal point and not rounded.

Graduate credit: Courses earned for a master's, Educational Specialist or doctoral degree or for a graduate-level certificate program. Graduate credit at Kent State are courses numbered 50000-69999 for master's level and 70000-89999 for doctoral level.

Institutionally accredited college or university: Previously called regional accreditation, the primary form of accreditation for traditional colleges and universities in the United States. There are six institutional accrediting organizations recognized by the Council for Higher Education Accreditation and the U.S. Department of Education, including the Higher Learning Commission, which accredits Kent State University.

- Residence Requirement

Revision History

Amended August 2024: Revised policy clarified earned credits from other institutions may be used in Kent State University graduate programs. The revisions also clarified language that students changing from one Kent State program to another are not considered transfer of credit.

Amended August 2023: Revised policy removes restriction that students with an earned Kent State graduate degree cannot transfer courses, with program permission, to another Kent State graduate degree.

Amended August 2015: Revised policy provides more guidance about the conditions associated with the transfer of credit at the graduate level, including the transfer of credit into the educational specialist (Ed.S.) degree; the transfer of credit that was earned at Kent State University; and the conditions surrounding the transfer of credits (e.g., role of the student, time limits, impact on the student's GPA). Name of policy

changes from "Admission–Transfer Graduate Student" to "Transfer of Graduate Credit."

Transfer of Undergraduate Credit

Students may transfer academic credit to Kent State University as new students, as active students or as returning students.

Transfer credit will be accepted for college-level courses (e.g., not remedial/developmental, eligible to count toward a degree) from regional accredited or international equivalent institutions as determined by Kent State's Credit Transfer Office per the following conditions:

College or University in Ohio

- The student earned a minimum D (1.000 or Pass or Satisfactory) grade in fall 2005 or later.
- The student earned a minimum C (2.000) grade prior to fall 2005.
- The student earned a minimum D (1.000 or Pass or Satisfactory) grade in fall 1990 or later that was applied toward an earned Associate of Arts or Associate of Science degree with a minimum overall 2.000 GPA.

College or University Outside Ohio

- The student earned a minimum D (1.000 or Pass or Satisfactory) grade in fall 2010 or later.
- The student earned a minimum C (2.000) grade prior to fall 2010.

Effective fall 2010, upper-division and lower-division credit hours are awarded for transfer based upon the level of course to which they are equated at Kent State.

Accepted transfer credits are posted on the Kent State University transcript in semester hours and count toward class standing and total credit hours earned for graduation at Kent State. Transfer credits and grades will not count toward the students' Kent State Grade Point Average (GPA), residence requirement and graduation honors; nor will a transfer grade replace a grade earned in an equivalent course at Kent State. Transfer grades, however, may be considered for prerequisites to a specific course or admission to and/or progression for a specific program. Kent State prerequisite requirements will be taken into consideration before students enroll in coursework at another institution.

The Kent State college that houses the student's major determines the applicability of these courses toward the desired degree or certificate. Some programs may require students to earn higher grades in specific courses or requirements. Students will be held to the required grade and GPA standards for admission to and graduation from these programs.

Students who have attended schools that are not regionally accredited or that are not candidates for such accreditation are not granted credit by the Credit Transfer Office for work completed there. The students' Kent State college, however, may grant such credit at its discretion. Although the evaluation of a student's performance at a non-accredited institution is considered in the admissions decision, any work completed at an accredited institution takes precedence. See the Alternative Credit policy in the University Catalog for more information on limits of credit hours.

Transfer Credit Appeals Process: Students must submit, in writing, a letter of appeal regarding their transfer credit to the Kent State University Credit Transfer Office. Upon recommendation by the Transfer Review Committee, students will be notified of the outcome in writing.

New Students: An official evaluation of transfer credit is completed for undergraduate students who have been admitted to the university and have submitted official transcripts from all post-secondary institutions previously attended.

Active Students: An "active" student is one who is enrolled at Kent State University for a minimum 1 credit for one semester of longer without more than a one-year interruption. Active undergraduate students who wish to take college-level coursework at another institution (as described in the policies above) while continuing their studies at Kent State need to complete the steps listed below before enrolling at the other institution. Completing these steps will ensure students enroll in coursework that will transfer back to Kent State. Not completing these steps will not guarantee the coursework will transfer as expected. Thus, students who do not complete the following steps when transferring coursework do so at their own risk.

1. Meet with their academic or faculty advisor to review program requirements, course prerequisites, remaining coursework, possible impact if repeating courses and transfer course equivalencies.
2. Complete the Transfer Course Planning form.
 - a. The form is valid for one term only (quarter, semester, etc.), or for one academic year for year-long study abroad/away opportunities.
 - b. The form is subject to all restrictions of the dean of the student's college or regional campus offering a College of Applied and Technical Studies program.
3. Submit an Ad Hoc Consortium Agreement to the Office of Student Financial Aid if applying for financial aid during the term at the institution or to continue eligibility.

After completing the transfer coursework, students are responsible for submitting an official transcript from the other institution to the admissions office of the Kent State campus enrolled. Students are discouraged from taking transfer coursework during their last semester because of the time necessary to receive and process transcripts, which may delay the student's graduation.

Returning Students: All transfer policies described above apply to Kent State students who interrupted their studies at the university for one or more years, completed coursework at another college or university and are now returning to Kent State.

Kent State students who have not attended for one year, were not academically dismissed and completed coursework at another college or university during their absence should refer to the "former undergraduate student" section in Admission Information page in the University Catalog. Kent State students who were academically dismissed and completed coursework at another college or university during their absence should refer to the Dismissal, Appeal and Reinstatement policy in the University Catalog.

Undergraduate Students Enrolling in Graduate Courses

Undergraduate students who have earned a minimum of 90 credit hours and minimum 3.300 overall GPA may enroll in a maximum of 12 credit hours of graduate coursework and apply these hours to the completion of the bachelor's degree. These credit hours cannot be applied to a future graduate degree at Kent State University (nor can the student take the course again). Enrollment in graduate coursework is limited to master's

(50000 and 60000) level courses, and students must obtain permission in advance.

To obtain permission to enroll in the course, the student must complete a Permission for Undergraduate Students to Enroll in Graduate Courses form. The request form must be approved by the instructor of the graduate course.

To obtain permission to apply graduate coursework to the bachelor's degree, the student must meet with their undergraduate advisor to complete a Petition for Exception to Undergraduate Program Requirements form. The advisor may approve the request if all of the following conditions apply:

- Student has earned the minimum undergraduate semester credit hours and minimum GPA requirement.
- Graduate course will provide enrichment while the student pursues the undergraduate degree.
- Student does not exceed the maximum 12 graduate credit hours.

Another option for undergraduate students to take graduate level coursework is through a combined bachelor's/master's degree program.

See the Combined Bachelor's/Master's Degree Program policy for more details.

University Readiness Standards and Placement Assessment

In 2012, the Ohio Department of Higher Education established uniform statewide standards and college testing thresholds for remediation-free status for undergraduate students. Students meeting these standards and thresholds are deemed remediation-free and are eligible to enroll in college-level courses in the respective subjects. These standards and thresholds do not replace Kent State's placement assessment policies.

Tests	Mathematics	English	Reading
ACT	22	18	22
SAT	530	480 Evidence-Based Reading and Writing	480 Evidence-Based Reading and Writing
Accuplacer Classic	55 College-Level Mathematics	88 Sentence Skills or 5 Writeplacer	80
Accuplacer Next Generation	263 Quantitative Reasoning, Algebra and Statistics or 263 Advanced Algebra and Functions	263 Writing or 5 Writeplacer	250 Reading
GED	165+	165+	165+
MapleSoft T.A.	Algebra 50% of items correct	n/a	n/a
ALEKS	46	n/a	n/a
PlaceU	18	n/a	n/a

Kent State University Placement Assessment

Kent State University uses ACT, SAT, GED, high school GPA and/or placement assessment(s) to determine appropriate course placement in mathematics, English, foreign language and critical and core reading strategies. Any required placement assessments must be completed before a student registers for classes in order to ensure student readiness and correct course placement. Any student required to attend

a campus-specific orientation program (e.g., Destination Kent State: Advising and Registration) will be required to complete all appropriate assessments prior to the orientation program.

Students who earn college credit before enrolling at Kent State may be exempt from taking some or all placement assessments. Students must submit their college transcripts (including College Credit Plus and dual enrollment credit), Advanced Placement (AP), International Baccalaureate (IB) and military transcript(s) for review and consideration of transfer credits in order to be exempt from taking some or all placement assessments.

Most assessments are accessible online. Students will be provided with information about assessments that are required and how to access the assessment, either by e-mail, "My Lists" Checklist or some other form of communication.

Time Limits: ACT, SAT, ALEKS mathematics and Accuplacer scores are accepted for two years from the date of the assessment and can be used for placement in mathematics, English and critical and core reading strategies. Placement assessment scores for Foreign Language provided through WebCape can be used for one year from the date of assessment.

Mathematics Placement

In addition to the remediation-free standards established by the Ohio Department of Education, Kent State's Department of Mathematical Sciences accepts the following for students in a program that does not require higher levels of mathematics (i.e., non-algebra track):

- Students with a 3.00 overall high school GPA or higher may take MATH 10040 or MATH 10050, regardless of their score on assessments mentioned in the standards listed above.
- Student with a 3.50 overall high school GPA or higher may take MATH 10041 or MATH 10051 regardless of their score on assessments mentioned in the standards listed above.

All undergraduate degree programs require the successful completion of the Kent Core Mathematics and Critical Reasoning requirement. Some programs may require specific mathematics course(s). Placement into mathematics courses is determined by a student's score on the ALEKS placement assessment and/or the ACT or SAT score or scores on the other listed assessments. Not all students need to take the ALEKS mathematics placement assessment, and students should check their "My Lists" checklist in FlashLine for that determination. However, all students scoring below 22 on ACT mathematics or below 530 on SAT mathematics or below the threshold in the other listed assessments need to take the ALEKS placement assessment.

Students may improve their initial placement score by working in an individualized learning module on ALEKS, then retaking the ALEKS mathematics placement assessment. They have free access to their learning modules and reassessment for one year from their initial assessment. Students who score 80 percent mastery in the learning modules have an excellent chance of improving their placement through a proctored reassessment.

Students deemed remediation-free in mathematics, as described in the table above, or with an overall 3.5 high school GPA or higher, may register for one of the following courses, as required by their major:

- Algebra Track: MATH 10675, MATH 10771, MATH 10772
- Non-Algebra Track: MATH 10041, MATH 10051, MATH 11008

Remediation-free students who want to register for a course other than the ones listed above may take the ALEKS mathematics placement assessment.

Students who are not deemed remediation-free in mathematics, as described in the table above, must take the ALEKS mathematics placement assessment to determine the course they should take as required by their major.

Additional information regarding placement after taking the ALEKS assessment may be found on the Department of Mathematical Sciences website.

English Placement

English Placement

All undergraduate degree programs require successful completion of the Kent Core Composition requirement. Placement into the appropriate starting course in the sequence is determined by ACT English or SAT evidence-based reading and writing or high school GPA. In the event students do not have ACT, SAT scores or qualifying high school GPA and are attending a Kent State University regional campus, they will take Accuplacer Next Generation reading and Writeplacer. This assessment is available on site or remotely. Students who have taken Accuplacer sentence skills, Writeplacer or reading comprehensive at another institution within two years of their initial start date may opt to transfer those scores to Kent State University.

Students enrolled at a Kent State University regional campus who do not meet the university readiness standards will be required to enroll in and earn a minimum C grade in ENG 01001 and a minimum C- grade ENG 11002 before they can enroll in ENG 21011. Students who wish to challenge their writing placement may do so using the Writing Placement Reassessment.

To provide more opportunities to all students, ACT/SAT scores and/or high school GPA older than two years are acceptable for English placement. Regional Campus students should also be informed about the Stretch sequence and given the option to enroll in Stretch, regardless of their older ACT/SAT or GPA. Students who do not have ACT/SAT scores or high school GPA will take Accuplacer Reading and Writeplacer.

Kent Campus Students

Assessment	Score	Placement
ACT English	0-25	ENG 11011
ACT English	26+	ENG 21011
SAT Evidence-Based Reading and Writing	200-590	ENG 11011
SAT Evidence-Based Reading and Writing	600+	ENG 21011
Accuplacer and Writeplacer (challenge to ACT/SAT placement)	7+	ENG 21011
GED Reasoning Through Language Arts College Reading	165+ *	ENG 11011
Final high school GPA	2.8+	ENG 11011
Final high school GPA	3.8+ and writing sample **	ENG 21011

Regional Campus Students

Assessment	Score	Placement
ACT English	0-17	ENG 01001 and ENG 11002
ACT English	18-25	ENG 11011
ACT English	26+	ENG 21011
ACT Reading and Writeplacer Next Generation	0-19 and 4	ENG 01001 and ENG 11002
ACT Reading and Writeplacer Next Generation	20+ and 4	ENG 11011
SAT Evidence-Based Reading and Writing	200-470	ENG 01001 and ENG 11002
SAT Evidence-Based Reading and Writing	480-590	ENG 11011
SAT Evidence-Based Reading and Writing	600+	ENG 21011
Accuplacer Next Generation Writing	0-4	ENG 01001 and ENG 11002
Accuplacer Next Generation Writing	4 and 0-249 Accuplacer Reading	ENG 01001 and ENG 11002
Accuplacer Next Generation Writing	4 and 250+ Accuplacer Reading	ENG 11011
Accuplacer Next Generation Writing	5-6	ENG 11011
Accuplacer Next Generation Writing	7+	ENG 21011
GED Reasoning Through Language Arts College Reading	165+ *	ENG 11011
Final high school GPA	0.0-2.9	ENG 01001 and ENG 11002
Final high school GPA	2.8+	ENG 11011
Final high school GPA	3.8+ and writing sample **	ENG 21011

* Kent State University awards college credit for GED 175+ scores.

** Permission must be granted from the Department of English after review of writing sample.

Core and Critical Reading Strategies Placement

Kent State University regional campuses offer two courses to help students develop reading strategies to successfully complete college-level coursework — READ 00003 and READ 00006. A student placed into READ 00003 must take READ 00006 the following term. Both courses require a minimum C grade. Students who have taken the Accuplacer Classic or Next Generation at another institution within two years of their initial start date may opt to transfer that score to Kent State University.

Assessment	Score	Placement
ACT Reading	0-13	READ 00003
ACT Reading	14-19	READ 00006
ACT Reading	20+	No Course
SAT Evidence-Based Reading and Writing	200-380	READ 00003
SAT Evidence-Based Reading and Writing	390-470	READ 00006
SAT Evidence-Based Reading and Writing	480+	No Course

Accuplacer Classic Reading	0-50	READ 00003
Accuplacer Classic Reading	51-79	READ 00006
Accuplacer Classic Reading	80-120	No Course
Accuplacer Next Generation Reading	200-221	READ 00003
Accuplacer Next Generation Reading	222-249	READ 00006
Accuplacer Next Generation Reading	250-300	No Course
GED Reasoning Through Language Arts College Ready	165+ *	No Course
Final high school GPA	0.00-1.59	READ 00003
Final high school GPA	1.6-2.79	READ 00006
Final high school GPA	2.8+	No course

* Kent State University awards college credit for GED 175+ scores.

Foreign Language Placement

Students intending to study Chinese, French, German, Italian, Russian or Spanish should take the placement assessment 48 hours before their academic advising appointment.

Students planning to study a language other than the ones listed above should contact the Department of Modern and Classical Language Studies via email (mcls@kent.edu) or website for further placement instructions. All students should begin foreign language study in the appropriate course, which may be determined in one of the following ways:

1. WebCAPE Placement Exam available on the Placement Channel in FlashLine for Chinese, French, German, Italian, Russian and Spanish.
2. Placement interview with a faculty member in the Department of Modern and Classical Language Studies for languages for which there is no WebCAPE Placement Exam.
3. Placement based on alternative credits accrued per one of the approved methods specified in the University Catalog.

Foreign Language Requirements: Generally, foreign language requirements are met by passing the highest level course in the language requirement or a course beyond the highest level in the requirement. Students should review the University Catalog and consult with their academic advisor(s) to determine specific language requirements for their college and program. Some students may begin their university foreign language experience beyond the Elementary I level without receiving credit for the previous course(s) and, thus, may complete the requirement with fewer credit hours and fewer courses than specified in their language requirement. In this case, the credit hours not used for the language requirement may be still required for graduation, but may be applied toward coursework in the student's major or minor or as electives.

Foreign Language Proficiency Waiver: Students able to demonstrate foreign language proficiency comparable to the highest course in their foreign language requirement may be able to have their language requirement waived. Students should review the University Catalog and consult with their academic advisor(s) and the Department of Modern

and Classical Language Studies to verify eligibility. Proficiency waivers will be granted for the following:

1. **International students** who were educated through high or secondary school in a language other than English. Foreign language waivers will be granted to international students who have
 - a. TOEFL, IELTS, MELAB, PTE Academic score recorded in their Kent State University academic record;
 - b. completed English-as-second-language courses at Kent State; or
 - c. provided documentation that they attended a secondary or high school in a country in which courses were taught in a language other than English (e.g., high school transcripts or diploma in the original language along with a certified English translation).
2. **American Council on the Teaching of Foreign Languages (ACTFL) Exams.** The tests are administered by Language Testing International. Students are responsible for the costs of the exam(s) and for providing the Department of Modern and Classical Language Studies with a copy of the certificate(s). Instructions for taking the ACTFL Exams may be found on the department's website.
 - a. A proficiency waiver will be granted through Elementary II of a foreign language to students who provide either
 - i. an official ACTFL Oral Proficiency Interview (OPI) certificate that documents proficiency at the Intermediate Low or higher level; or
 - ii. comparable qualifying score on an ACTFL-based proficiency exam such as those accepted for the Ohio Seal of Biliteracy confirming oral proficiency of at least an intermediate low level.
 - b. A proficiency waiver will be granted through Intermediate II of a foreign language to students who provide either
 - i. an official ACTFL Oral Proficiency Interview (OPI) **and** Writing Proficiency Test (WPT) certificates with scores at the Intermediate Low or higher level; or
 - ii. comparable qualifying ACTFL-based proficiency exams such as those accepted for the Ohio Seal of Biliteracy confirming oral proficiency **and** writing proficiency of at least an intermediate low level.
3. **Common European Framework of Reference for Language (CEFR) Ratings.** A proficiency waiver will be granted through Elementary II of a foreign language to students who provide an official (European) CEFR certificate confirming oral proficiency of at least the B1.1 level. A proficiency waiver will be granted through Intermediate II of a foreign language to students who provide an official CEFR certificate confirming oral and writing proficiency of at least the B1.2 level. Students are responsible for providing the Department of Modern and Classical Language Studies with a copy of the certificate(s).
4. **Defense Language Proficiency Test (DLPT).** A proficiency waiver will be granted through Elementary II of a foreign language to students who were tested during military service and provide an official DLPT certificate confirming oral proficiency of at least ILR 1. A proficiency waiver will be granted through Intermediate II of a foreign language to students who provide an official DLPT certificate confirming oral proficiency of at least ILR 1+.
5. **Ohio Seal of Biliteracy.** A proficiency waiver will be granted through Intermediate II of a foreign language to students with an Ohio Seal of Biliteracy. Students who have qualified for the Ohio Seal of Biliteracy by means of an International Baccalaureate or AP exam or who submit their ACE transcripts may be eligible to receive credit for the Ohio Seal of Biliteracy. For more information, visit the Credit Transfer website.

6. **Alternative proficiency measures.** Students may have proficiency in a language for which no standardized test exists. In this case, students should contact the Department of Modern and Classical Language Studies to arrange for assessment by an approved native speaker of that foreign language (e.g., teacher, professor or certified translator), with the assessment method approved in advance by a department administrator.

Upper-Division Requirement

Most specialization in bachelor's degree programs is pursued through upper-division coursework. Upper-division courses are numbered 30000–49999 and expect both greater familiarity with the subject matter and greater intellectual sophistication. Students must complete the appropriate prerequisites in specified lower-division courses before entering upper-division courses. In general, baccalaureate programs require the successful completion of minimum 39 upper-division credit hours of coursework.

Workshops for Graduate Students

The Office of Continuing and Distance Education, in cooperation with academic departments, offers a variety of for-credit workshops. These workshops are especially designed to meet identified needs of various professions. Each workshop is set up to recognize the needs of the audience in terms of time, place, format and content.

A student holding a bachelor's degree from an accredited institution and who has been accepted by a workshop director for a specified workshop, institute or other special program offering graduate credit may be admitted as a special non-degree workshop student for the term of the workshop only. Prerequisites for admission are set by the instructional department. The temporary admission is valid for only one workshop consisting of a maximum of 12 credit hours. Students desiring to take other non-workshop graduate courses concurrently with the workshop or to do graduate work beyond the length of the workshop term must apply for admission to the appropriate college or school under regular procedures. A student may reapply for subsequent workshop participation under workshop admission regulations.

A maximum of 4 credit hours earned in graduate workshops may be applied to a graduate degree program. All workshops are graded S/U (satisfactory/unsatisfactory). Some departments may be more restrictive. Students are advised to consult their departments regarding application of workshop credit toward degree requirements.

FACULTY & ADMINISTRATORS

University Administrators

University Faculty

University Administrators

Executive Officers and Administration

- Todd A. Diacon, President
- Melody J. Tankersley, Senior Vice President for Academic Affairs and Provost
- Mark M. Polatajko, Senior Vice President for Finance and Administration
- Lamar R. Hylton, Senior Vice President for Student Affairs
- Sean M. Broghammer, Vice President for Enrollment Management
- Douglas L. Delahanty, Vice President for Research and Economic Development
- Amoaba Gooden, Vice President for Diversity, Equity and Inclusion
- Stephen P. Ward, Vice President for University Communications and Marketing
- John M. Rathje, Vice President for Information Technology and Chief Information Officer
- Charlene K. Reed, Vice President and University Secretary
- Margaret A. Shaddock, Vice President for Regional Campuses
- Valoree S. Vargo, Vice President for Philanthropy and Alumni Engagement
- Willis Walker, Vice President for General Counsel
- Nicholas M. Gattozzi III, Executive Director of Government and Community Relations
- Randle L. Richmond, Director of Athletics

Office of the Provost

- Melody J. Tankersley, Senior Vice President for Academic Affairs and Provost
- Marcello Fantoni, Vice President for Global Education
- Margaret A. Shaddock, Vice President for Regional Campuses
- Denise S. Bartell, Associate Provost for Academic Affairs
- Susan R. Perry, Associate Provost for Institutional Effectiveness
- Manfred H. van Dulmen, Senior Associate Provost for Academic Affairs
- Kevin West, Associate Provost for Faculty Affairs
- Eboni J. Pringle, Senior Associate Vice President for Access and Student Support
- Valerie L. Kelly, Associate Vice President for Kent State Online
- Dana M. Lawless-Andric, Associate Vice President for University Outreach and Engagement
- Therese E. Tillett, Associate Vice President for Curriculum Planning and Administration
- James R. Campbell, Executive Director of Design Innovation

Academic Administration

Ambassador Crawford College of Business and Entrepreneurship

- Deborah F. Spake, Dean
- Emmanuel Dechenaux, Associate Dean, Administration
- Christopher Groening, Associate Dean (Interim), Graduate Education
- Elizabeth A. Sinclair, Assistant Dean, Undergraduate Programs and Assessment

Department Chairs

- **Department of Accounting:** Wei Li
- **Department of Economics:** Michael A. Ellis
- **Department of Finance:** Steven A. Dennis
- **Department of Information Systems and Business Analytics:** Jose A. Benitez

University Faculty

The listing below represents full-time faculty at all Kent State campuses and locations who were employed at the start of the academic year. The date in parentheses following each name is the year in which the faculty member initially was hired at Kent State University.

Ambassador Crawford College of Business and Entrepreneurship Faculty**Department of Accounting Faculty**

- Ballestero, Ryan C. (2021), Assistant Professor, Ph.D., University of Texas - Austin, 2021
- Fang, Shunlan (2014), Associate Professor, Ph.D., Temple University, 2013
- Laksmana, Indrarini V. (2004), Professor, Ph.D., Georgia State University, 2004
- Li, Wei (2006), Associate Professor, Ph.D., Washington State University, 2006
- Loftus, Serena (2021), Associate Professor
- Nett, Malinda B. (2009), Associate Professor, M.Tax., University of Akron, 1995
- Sellers, R. Drew (2011), Associate Professor, D.M., Case Western Reserve University, 2008
- Tietz, Wendy M. (2000), Professor, Ph.D., Kent State University, 2007
- Zhang, R.Z. (2020), Assistant Professor, Ph.D., Tulane University, 2020

Department of Economics Faculty

- Bagheri, Omid (2017), Assistant Professor, Ph.D., Virginia Polytechnic Institute and State University, 2017
- Boyd-Swan, Casey (2015), Associate Professor, Ph.D., Arizona State University, 2015
- Choi, Yoonho (2021), Assistant Professor, Ph.D., Iowa State University, 2017
- Dechenaux, Emmanuel (2004), Professor, Ph.D., Purdue University, 2004
- Ellis, Michael A. (1990), Professor, Ph.D., Texas A&M University, Main Campus, 1991
- Engelhardt, Lucas M. (2010), Associate Professor, Ph.D., The Ohio State University, 2010
- Greenhalgh-Stanley, Nadia (2009), Professor, Ph.D., Syracuse University, 2009
- Johnson, Eric D. (2005), Associate Professor, Ph.D., University of California, San Diego, 1997
- Leontieva, Ludmila (2007), Assistant Professor, Ph.D., Rostov State University, 1991
- Liu, Dandan (2008), Associate Professor, Ph.D., Texas A&M University, Main Campus, 2005
- Mukherjee, Deepraj (2012), Associate Professor, Ph.D., University of Memphis, 2010
- Park, Jooyoun (2009), Associate Professor, Ph.D., University of Michigan, 2009

- Reynolds, Curtis Lockwood (2007), Professor, Ph.D., University of Michigan, 2007
- Sahajdack, Thomas (2016), Associate Professor, Ph.D., University of Illinois, 2016
- Shaeye, Abdihafit (2018), Assistant Professor, Ph.D., University of Wisconsin, Milwaukee, 2017

Department of Finance Faculty

- Baran, Lindsay C. (2011), Associate Professor, Ph.D., University of North Carolina, Charlotte, 2010
- Beier, Lois J. (1985), Associate Professor, J.D., University of Akron, 1980
- Billik, William M. (2009), Assistant Professor
- Deng, Saiying (2019), Professor, Ph.D., Temple University, 2005
- Dennis, Steven A. (2014), Professor, Ph.D., University of Kentucky, 1993
- Harris, Jeremiah R. (2014), Assistant Professor, Ph.D., Purdue University, 2014
- Pelleg, David S. (2018), Lecturer, M.B.A., University of Chicago, 1994
- Pu, Xiaoling X. (2008), Professor, Ph.D., University of Massachusetts-Amherst, 2008
- Shynkevich, Andrei (2009), Associate Professor, Ph.D., Louisiana State University, 2009

Department of Information Systems and Business Analytics Faculty

- Akpan, Ikpe A. (2012), Associate Professor, Ph.D., Lancaster University, 2006
- Benitez, Jose A. (2023), Professor
- Berardi, Victor L. (1993), Associate Professor, Ph.D., Kent State University, 1998
- Brandyberry, Alan A. (2000), Professor, D.B.A., Southern Illinois University, Carbondale, 1995
- Datta, Pratim (2007), Professor, Ph.D., Louisiana State University, 2003
- Dragan, Natalia (2003), Associate Professor, Ph.D., Kent State University, 2010
- Kwak, Dong-Heon (2014), Associate Professor, Ph.D., University of Wisconsin, Milwaukee, 2014
- Mostafa, Kamali Ardakani (2022), Associate Professor, Ph.D., Catholic University of America, 2014
- Offodile, Onyebuchi F. (1988), Professor, Ph.D., Texas Tech University, 1984
- Patuwo, Eddy B. (1988), Professor, Ph.D., Virginia Polytechnic Institute and State University, 1989
- Polites, Greta L. (2012), Associate Professor, Ph.D., University of Georgia, 2009
- Razavi, Rouzbeh (2017), Associate Professor, Ph.D., University of Essex, 2008
- Wu, Chaojiang (2019), Assistant Professor, Ph.D., University of Cincinnati, 2013

Department of Management Faculty

- Arikan, Asli M. (2014), Associate Professor, Ph.D., The Ohio State University, 2004
- Arikan, Ilgaz (2014), Associate Professor, Ph.D., Ohio State University, 2004

- Blundell, Gregory E. (2001), Professor, Ph.D., Kent State University, 2015
- Gomez, Claudia (2013), Associate Professor, Ph.D., New Mexico State University, 2012
- Hogue, Mary B. (2001), Professor, Ph.D., University of Akron, 2000
- Kaur, Vaneet (2019), Assistant Professor, Ph.D., University of Jammu, 2018
- Knapp, Deborah K. (1992), Associate Professor, Ph.D., Kent State University, 1994
- Landingham, Velvet L. (2004), Associate Professor, Ph.D., Case Western Reserve University, 2004
- Levashina, Julia (2008), Professor, Ph.D., Purdue University, 2005
- Palmer-Johnson, Catrina E. (2004), Assistant Professor, Ph.D., Rutgers University, 2021
- Riczo, Steve (2014), Associate Lecturer, M.H.A., Xavier University, 1982
- Whitmore, Mark D. (2011), Associate Professor, Ph.D., The Ohio State University, 1985

Department of Marketing and Entrepreneurship Faculty

- Bridges, Eileen (1994), Professor, Ph.D., Northwestern University, 1987
- Daniels, Ellen P. (1981), Associate Lecturer, M.B.A., Baldwin-Wallace College, 1979
- Groening, Christopher (2013), Associate Professor, Ph.D., University of Pittsburgh, 2008
- Heidler, Mary R. (2011), Associate Lecturer, M.B.A., American University, 1995
- Hsieh, Meng-Hua (2018), Associate Professor, Ph.D., University of Washington, 2013
- Jewell, Robert D. (2004), Professor, Ph.D., Ohio State University, 1999

- Burkholder, Maria R. (2006), Associate Lecturer, B.S., The Ohio State University, 2001
- Burnworth, Christina M. (1995), Lecturer, M.Tech., Kent State University, 2006
- Butler, Matt A. (2023), Lecturer, M.S., Case Western Reserve, 2010
- Cameron, Mary M. (2017), Lecturer, B.S., Kent State University, 2013
- Carvalho, Carolyn J. (2004), Senior Lecturer, M.Tech., Kent State University, 2007
- Chen, Jie (2001), Professor, Ph.D., University of Wisconsin-Madison, 1993
- Courey, Tamra J. (1998), Associate Professor, D.N.P., Kent State University, 2014
- Cowling, Vanessa M. (2022), Lecturer
- Daniels, Martha E. (2010), Associate Professor, Ed.D., Walden University, 2008
- DiPofi, Rhonda S. (2018), Associate Lecturer, M.S.N., Kent State University, 2018
- Douglass, Angela T. (2003), Senior Lecturer, M.S.N., Youngstown State University, 2003
- Dragomir, Kelly A. (2012), Associate Lecturer, M.A., Kent State University, 2018
- Emens, Susan (1993), Associate Professor, Ph.D., Trident University International, 2013
- Farag Mohamed Elshahat, Sheren E. (2021), Assistant Professor, Ph.D., University Of Seville, 2011
- Frazier, Rebecca D. (2008), Lecturer
- Fritz, Timothy E. (2003), Lecturer, M.Tech., Kent State University, 2017
- Ginal, Sharon L. (2006), Associate Lecturer, M.S.N., Ursuline College, 2002
- Golden, Shawn D. (2004), Associate Professor, Ph.D., Kent State University, 2014
- Gump, Traci L. (2016), Lecturer, B.S., Ohio University, 2014
- Hancock, Darryl A. (2012), Associate Professor, Ph.D., Chatham College, 2008
- Hoffman, Susan C. (1983), Assistant Professor, M.B.A., Wheeling College, 1982
- Iagulli, Margie B. (1997), Senior Lecturer, M.Ed., Kent State University, 2002
- Johnston, Kelly R. (2016), Associate Professor, D.V.M., The Ohio State University, 1992
- Koptur, Turan E. (2007), Associate Lecturer, M.Tech., Kent State University, 2013
- Leija, Lynn M. (2005), Senior Lecturer, B.S., Ohio University, 1991
- Lickwar, Alisha (2017), Lecturer, M.S., Kent State University, 2017
- Littles, La Toya R. (2020), Lecturer, M.S., Robert Morris University, 2003
- Majernik, John G. (2009), Lecturer, M.Ed., Kent State University, 2012
- Marshall, Shelley K. (1999), Associate Lecturer, M.Tech., Kent State University, 2008
- McCrea, Justin M. (2017), Lecturer, M.A., Savannah College of Art and Design, 2008
- Morgan, Donna D. (2016), Associate Professor
- Morris, Lora J. (2003), Associate Professor, M.S.N., Ursuline College, 2002
- Muscatello, Joseph R. (2004), Associate Professor, D.B.A., Cleveland State University, 2002
- Panthi, Dhruva (2016), Assistant Professor, Ph.D., University of Tokyo, 2014
- Pate, Corey M. (2007), Associate Lecturer, M.A., Kent State University, 2005
- Peterson, Cynthia L. (1999), Senior Lecturer, M.P.H., Kent State University, 2008
- Rajagopal, Chitra P. (1993), Associate Professor, M.S., Youngstown State University, 1992
- Ratican, Sean P. (2018), Assistant Professor, Ph.D., University Of The Cumberland, 2019
- Rempe, Rebecca D. (2010), Associate Lecturer, M.L.I.S., Kent State University, 2017
- Rose, Stacy R. (2001), Associate Professor, M.S.N., Case Western Reserve University, 2000
- Schlosser, Elizabeth A. (1995), Associate Lecturer, B.S., Bowling Green State University, 1989
- Schnurrenberger, Julia K. (2018), Lecturer, M.S.N., Indiana University-Purdue University, 2008
- Senita-Saksa, Jenna R. (2021), Lecturer, B.S., Kent State University, 2020
- Shadduck, Margaret A. (2021), Associate Professor, Ph.D., Southern Illinois University School of Medicine, 1995
- Singer-Bare, Lori B. (2022), Lecturer, M.P.A., Upper Iowa University, 2020
- Spickler, Jamie L. (2019), Lecturer, M.S., Chamberlain College of Nursing-Addison, 2020
- Stefka, Shelly L. (2013), Associate Lecturer, M.S.N., Walden University-Baltimore, 2012
- Sustar, Amy K. (2014), Lecturer, B.S.N., Kent State University, 2004
- Totten, Christopher W. (2018), Assistant Professor, M.Arch., Catholic University of America, 2009

- Tu, Tsunghui (2002), Associate Professor, Ph.D., Iowa State University, 2001
- Upole, Daryl G. (1992), Associate Lecturer
- Vanfossen, Jonathan S. (2007), Lecturer, M.Tech, Kent State University, 2009
- Warino, Shellie I. (2006), Lecturer, M.Ed., Kent State University, 2011
- Zampino, Anthony C. (1998), Associate Lecturer, M.Tech., Kent State University, 2003
- Zarzour, Richard (2019), Lecturer, M.S.N., University of Phoenix, 2014

College of Architecture and Environmental Design Faculty

- Adamtey, Simon (2016), Associate Professor
- Bayramzadeh, Sara (2018), Assistant Professor, Ph.D., University of Florida, 2015
- Bielak, Britta (2022), Assistant Professor, M.F.A., Virginia Commonwealth University, 2014
- Brandner, Sara K. (2010), Lecturer, M.Tech., Kent State University, 2018
- Coffman, Reid R. (2012), Professor
- Daniel, Ronn (2018), Associate Professor, M.Arch., University of Illinois at Chicago, 1994
- Davis-Sikora, Diane M. (1997), Professor, M.Arch., Harvard University Graduate & Professional School, 1995
- Fantoni, Marcello , Professor
- Frederick, Charles M. (1996), Assistant Professor, M.L.A., University of Virginia-Main Campus, 1998
- Hughes, David (1985), Professor, M.U.P., New York City College of Technology, 1975
- Hutchinson, Matthew (2022), Assistant Professor
- Jaminet, Jean J. (2017), Assistant Professor, M.Arch., Princeton University, 2004
- Karpinski, Joseph (1990), Senior Lecturer, M.Tech, Kent State University, 2005
- Lahrmer, Jill (2008), Associate Professor, B.A., Bowling Green University, 1999
- Liu, Rui (2013), Associate Professor, Ph.D., University of Colorado-Denver, 2010
- Lucak, Frederick W. (1986), Associate Professor, B.Arch., Kent State University, 1990
- Marshall, Cathy S. (2017), Associate Professor, M.L.A., Harvard University Graduate and Professional School, 2003
- Meshkani, Taraneh (2018), Assistant Professor, Harvard University Graduate & Professional School, 2016
- Mimms-Scavnicky, Kristen (2021), Assistant Professor, M.Arc., University of Cincinnati, 2014
- Mirando, Anthony M. (2013), Associate Lecturer, M.S., Colorado State University, 2014
- Mistur, Mark S. , Professor
- Mosley, Paul L. (2022), Assistant Professor, M.A., University of Illinois at Chicago, 2017
- Onsarigo, Lameck M. (2016), Associate Professor, Ph.D., Indiana State University, 2016
- Patel, Tina (2018), Assistant Professor, M.F.A., Iowa State University , 2016

- Poustinchi, Mohammad Ebrahim (2017), Assistant Professor, M.Arch., University of California-Los Angeles, 2014
- Robison, Elwin C. (1985), Professor, Ph.D., Cornell University, 1985
- Rugare, Steven N. (1993), Professor
- Safley, Robert N. (2018), Assistant Professor, M.Arch., University of Michigan-Ann Arbor, 2013
- Sharag-Eldin, Adil M. (2002), Associate Professor, Ph.D., University of California-Berkeley, 1998
- Sosa Fontaine, Andrea-Louise (2020), Assistant Professor
- Stauffer, Thomas A. (1977), Professor, M.Arch., University of Pennsylvania, 1976
- Strand, Kathryn E. (2003), Associate Professor, M.Arch., University of Pennsylvania, 2003
- Stroh, Gregory S. (1998), Associate Professor, M.Arch., University of Pennsylvania, 1996
- Tippet, Brett D. (2012), Associate Professor, Ph.D., Universidad de Navarra, 2011
- Willoughby, William T. (2013), Associate Professor, M.A., Kent State University, 1991
- Yoder, Jon (2013), Associate Professor, Ph.D., University of California-Los Angeles, 2011

College of Arts and Sciences Faculty

- Bartell, Denise S. , Professor

Department of Africana Studies Faculty

- Arki, Shemariah J. (2018), Assistant Professor
- Crawford, Charmaine M. (2019), Associate Professor, Ph.D., York University, 2010
- Gooden, Amoaba (2005), Professor, Ph.D., Temple University, 2005
- Kumah-Abiwu, Felix (2015), Associate Professor
- Okantah, Mwatabu S. (1991), Professor, B.A., Kent State University, 1976
- Piccirillo-Smith, Linda A. (1983), Senior Lecturer, M.A., Kent State University, 1980
- Sunni-Ali, Asantewa (2016), Associate Professor
- Syed, Idris K. (1991), Professor, M.Ed., Kent State University, 2001

Department of Anthropology Faculty

- Bebbler, Michelle R. (2019), Assistant Professor, Ph.D., Kent State University , 2019
- Cimino, Aldo N. (2021), Assistant Professor
- Edler, Melissa K. (1998), Assistant Professor, Ph.D., Kent State University, 2016
- Eren, Metin I. (2016), Associate Professor, Ph.D., Southern Methodist University, 2011
- Lovejoy, C. Owen (1968), Distinguished Professor, Ph.D., University of Massachusetts, Amherst, 1970
- Meindl, Richard S. (1979), Professor, Ph.D., University of Massachusetts-Amherst, 1979
- Perusek, David J. (1998), Associate Professor, Ph.D., Michigan State University, 2002
- Raghanti, Mary Ann (2000), Professor, Ph.D., Kent State University, 2007
- Spurlock, Linda B. (1993), Associate Professor, Ph.D., Kent State University, 2001

- Stumpf-Carome, Jeanne M. (1994), Associate Professor, Ph.D., University of California, Berkeley, 1992
- Takeshita, Rafaela S. (2019), Assistant Professor, D.Sc., Kyoto University, 2018
- Tosi, Anthony J. (2014), Associate Professor, Ph.D., Columbia University, 2000

Department of Biological Sciences Faculty

- Bade, Darren L. (2006), Associate Professor, Ph.D., University of Wisconsin, 2004
- Bagavandoss, Paul (1993), Associate Professor, Ph.D., University of Michigan-Ann Arbor, 1986
- Bahlai, Christine (2017), Associate Professor, Ph.D., University Of Guelph, 2012
- Bailey, Erin L. (2012), Associate Professor, Ph.D., Kent State University, 2001
- Bedont, Joseph L. (2023), Assistant Professor, Ph.D., The Johns Hopkins University, 2016
- Caldwell, Heather K. (2007), Professor, Ph.D., Georgia State University, 2004
- Chung, Wilson C. (2011), Associate Professor, Ph.D., University of Amsterdam, 2003
- Clements, Robert J. (1997), Associate Professor, Ph.D., Kent State University, 2004
- Costello, David M. (2014), Associate Professor, Ph.D., University of Notre Dame, 2010
- Dankovich, Daniel S. (2010), Lecturer, B.S., National University Of Health, 1987

- Kershner, Mark W. (1999), Associate Professor, Ph.D., The Ohio State University, 1998
- Kim, Min-Ho (2012), Associate Professor, Ph.D., University of Toledo, 2002
- Kim, Woo-Yang (2018), Associate Professor, Ph.D., University at Buffalo-SUNY, 2004
- Kinsman-Costello, Lauren E. (2013), Assistant Professor, Ph.D., Michigan State University, 2012
- Kooijman, Edgar (1998), Professor, Ph.D., Utrecht University, 2006
- Koski, Gary K. (2010), Professor, Ph.D., Johns Hopkins University, 1995
- Kurokawa, Manabu (2017), Associate Professor, Ph.D., Univ Of Massachusetts Amherst, 2004
- Lamichhane, Sangeet (2019), Assistant Professor, Ph.D., Uppsala University, 2016
- Leff, Adam A. (1994), Associate Professor, D.V.M., University of Georgia, 1991
- Leff, Laura G. (1994), Professor, Ph.D., University of Georgia, 1992
- Lehnert, Matthew S. (2012), Associate Professor, Ph.D., University of Florida, 2010
- Lovell, John A. (1995), Associate Professor, Ph.D., Kent State University, 1993
- McDonough, Jennifer A. (2006), Associate Professor
- Meek, Leah M. (1995), Senior Lecturer, Youngstown State University
- Mintz, Eric M. (2002), Professor, Ph.D., University of California-Santa Cruz, 1995
- Model, Michael A. (2004), Associate Professor, Ph.D., University of Michigan-Ann Arbor, 1995
- Moore, Aleisha M. (2019), Assistant Professor, Ph.D., University of Otago, 2015
- Mou, Xiaozhen (2008), Professor, Ph.D., University of Georgia, 2006
- Mueller, Devin (2018), Professor, Ph.D., Concordia University, 2005
- Naji, Josephine W. (1988), Associate Professor, Ph.D., Kent State University, 1994
- Novak-Barnett, Colleen M. (2009), Professor, Ph.D., Michigan State University, 1999
- Piet, Richard (2019), Assistant Professor, Univ De Bordeaux, 2003
- Piontkivska, Olena (2005), Professor, Ph.D., Pennsylvania State University, 2003
- Popescu, Daniela C. (2013), Associate Professor, Ph.D., Vanderbilt University, 2006
- Qutob, Dinah S. (2018), Assistant Professor, Ph.D., University Of Western Ontario, 2002
- Redfearn, James C. (2006), Assistant Professor, Ph.D., Kent State University, 2016
- Rocha, Oscar J. (2004), Professor, Ph.D., Penn State University, 1990
- Russell, Mary A. (2003), Professor, Ph.D., The Ohio State University, 1996
- Smith, Gregory A. (2014), Associate Professor, Ph.D., University of Oklahoma, 2007
- Steele, Louise (2012), Associate Professor, Ph.D., Case Western Reserve University, 2002
- Stone, Jonathan F. (2003), Associate Professor, B.S., University of Akron, 1985
- Tinkler, Gregory P. (2013), Associate Professor, Ph.D., Wake Forest University, 2005
- Vash, Sarah R. (2004), Senior Lecturer, M.S., Kent State University, 2003

- Venev, Sean L. (2004), Associate Professor, Ph.D., University of Virginia-Main Campus, 2000
- Vijayaraghavan, Srinivasan (1997), Professor
- Ward, David (2015), Professor, Ph.D., University of KwaZulu-Natal, 1988
- Zhu, Haiyan (2010), Associate Professor, Ph.D., University of Kentucky, 2006

Department of Chemistry and Biochemistry Faculty

- Abeyirigunawardena, Sanjaya C. (2015), Associate Professor, Ph.D., Wayne State University, 2008
- Abraham, Ann C. (2004), Associate Professor, Ph.D., University of Pittsburgh, 1983
- Basu, Soumitra (2005), Professor, Ph.D., Thomas Jefferson University, 1997
- Bowers, David J. (2013), Associate Professor
- Bunge, Scott D. (2004), Associate Professor, Ph.D., Georgia Institute of Technology, 2001
- Burns, Andrew (1994), Professor, Ph.D., Brown University, 1990
- Cubon-Bell, Valerie A. (2010), Professor, Ph.D., Princeton University, 2008
- Datta, Bansidhar (2000), Associate Professor, University of Nebraska-Lincoln, 1989
- Dunietz, Barry (2012), Associate Professor
- Ekanayake, Sujeewani K. (2012), Associate Professor
- Fenk, Christopher J. (1990), Professor, Ph.D., University of Pittsburgh, 1987
- Fouad, Farid S. (2008), Professor, Ph.D., Northeastern University, 2003
- Friedrich, Dirk (2016), Associate Professor, Ph.D., Universitat Leipzig, 2013
- Goncalves Schmidt, Diana P. (2019), Assistant Professor
- Huang, Songping D. (1998), Professor, Ph.D., Michigan State University, 1993
- Konar, Arkaprabha (2019), Assistant Professor, 2019, Michigan State University, 2015
- Leslie, Margaret R. (2004), Professor, Ph.D., Rhodes University, 1995
- Mao, Hanbin (2005), Professor, Ph.D., Texas A&M University, 2003
- Mighion, Jeffrey D. (2017), Assistant Professor, Ph.D., Princeton University, 2014
- Motry, Douglas H. (1996), Associate Professor, Ph.D., Michigan State University, 1996
- Pal Chaudhuri, Urmila (2008), Associate Professor, Ph.D., Indian Institute of Technology Madras, 2004
- Perera, Roshinee S. (2013), Associate Professor, Ph.D., University of Akron, 2011
- Prevot, Marianne (2016), Assistant Professor
- Seed, Alexander J. (1996), Associate Professor, Ph.D., University Of Hull
- Shen, Hao (2018), Assistant Professor, Ph.D., Cornell University, 2015
- Stroup, Diane (2000), Associate Professor, Ph.D., The Ohio State University, 1992
- Subramanian, Pritha (2006), Associate Professor, Ph.D., Kent State University, 2013
- Tandon, Santokh S. (2004), Professor, Ph.D., Guru Nanak Dev University, 1979

- Tubergen, Michael J. (1995), Professor, Ph.D., University of Chicago, 1991
- Wang, Zhiqiang (2007), Professor, Fudan University, 2000
- Zheng, Yaorong (2015), Assistant Professor, Ph.D., University of Utah, 2011

Department of Computer Science Faculty

- Allouzi, Maha A. (2013), Associate Professor, Ph.D., Kent State University, 2022
- Bansal, Arvind K. (1988), Professor, Ph.D., Case Western Reserve University, 1985
- Bhati, Deepshikha (2017), Lecturer, Uttar Pradesh Tech University, 2016
- Chae, Younghun (2016), Assistant Professor, Ph.D., University of Rhode Island, 2017
- DeLozier, Gregory S. (2014), Associate Professor
- Dragan, Feodor F. (2000), Professor, Ph.D., Belarus State University
- Guan, Qiang (2018), Associate Professor, M.S., University of North Texas, 2008
- Guercio, Angela (1999), Associate Professor, Ph.D., Kent State University, 2004
- Hasan, Md Raiful (2023), Assistant Professor
- Jin, Ruoming (2005), Professor, Ph.D., The Ohio State University, 2001
- Khan, Javed I. (1997), Professor, Ph.D., University of Hawaii-Manoa, 1995
- Kim, JungYoon (2019), Assistant Professor, Ph.D., Penn State University, 2014

- Brett-Paez, Maria C. (2009), Associate Lecturer, M.A., Kent State University, 2013
- Bystrova-McIntyre, Tatyana (2002), Associate Professor, Ph.D., Kent State University, 2012
- Carduner, Jessie (1998), Associate Professor, Ph.D., University of Pittsburgh, 1998
- Carl, Michael (2018), Professor, Ph.D., Kent State University
- Castaneda-Vise, Daniel A. (2007), Professor, Ph.D., West Virginia University, 2007
- Chism, Rebecca L. (1999), Associate Professor, Ph.D., Florida State University, 2000
- De Julio, MaryAnn (1986), Professor, Ph.D., University of Iowa, 1979
- Dunne, Keiran J. (2000), Professor, Ph.D., Pennsylvania State University, 2000
- Dzero, Irina (2010), Assistant Professor, Yale University, 2009
- Ehrman, Radd K. (1982), Professor, Ph.D., University of Illinois-Chicago, 1982
- Gallagher, Patrick L. (2001), Associate Professor, Ph.D., University of Iowa, 1997
- Gee, Jacqueline L. (2009), Lecturer, M.Ed., Kent State University, 2016
- Hall, Jennifer E. (2008), Lecturer, M.Ed., University of Akron, 2015
- Harvey, Brian K. (1999), Associate Professor, Ph.D., University of Michigan-Ann Arbor, 1998
- Harvey, Sarah M. (2001), Professor, Ph.D., University of Michigan, Ann Arbor, 1999
- Hermosilla, Luis G. (1994), Associate Professor, Ph.D., The Ohio State University, 1994
- Kish-Leland, Farah (2009), Lecturer, B.A., Kent State University, 2012
- Barnbaum, Deborah R. (1997), Professor, Ph.D., University of Massachusetts-Amherst, 1996
- Byron, Michael B. (1997), Professor, Ph.D., University of Notre Dame, 1996
- Coate, Matthew B. (2015), Assistant Professor, Ph.D., Stony Brook University, 2015
- Garchar, Kimberly K. (2008), Associate Professor, Ph.D., University of Oregon, 2006
- Ikuenobe, Polycarp A. (1997), Professor, Ph.D., Wayne State University, 1993
- Kim, Jung-Yeup (2008), Associate Professor, Ph.D., University of Hawaii-Manoa, 2008

Department of Philosophy Faculty

- Palmer, Daniel E. (2001), Associate Professor, Ph.D., Purdue University, 2000
- Pereplyotchik, David (2013), Associate Professor, Ph.D., City University of New York Graduate Center, 2012
- Ryan, Frank X. (1997), Associate Professor, Ph.D., Emory University, 1996
- Smith, Deborah C. (1997), Professor, Ph.D., University of Washington, 2003
- Uher, Clarence G. (1993), Associate Lecturer, M.A., Cleveland State University, 1991
- Zavota, Gina (2003), Professor, Ph.D., State University of New York-Stony Brook, 2003

Department of Physics Faculty

- Almasan, Carmen C. (1995), Professor, Ph.D., University of South Carolina, 1989
- Antocheviz Dexheimer Strickland, Veronica A. (2013), Associate Professor, Ph.D., Goethe Universitat, 2009
- Balci, Hamza (2009), Professor, Ph.D., University of Maryland, 2004
- Bos, Philip J. (1994), Professor, Ph.D., Kent State University, 1978
- Driscoll, Donald D. (2007), Associate Professor, Ph.D., Case Western Reserve University, 2004
- Dzero, Maxim (2010), Professor
- Ellman, Brett D. (1997), Associate Professor, Ph.D., University of Chicago, 1993
- Fregoso, Benjamin (2017), Assistant Professor
- Gleeson, James T. (1997), Professor, Ph.D., Kent State University, 1991
- Jakli, Antal I. (1989), Professor, Ph.D., University Of Budapest, 1988
- Katramatou, A. Mina T. (1996), Professor, Ph.D., American University, 1988
- Keane, Declan F. (1988), Professor, Ph.D., University College of Dublin
- Lavrentovich, Oleg D. (1992), Trustees Research Professor, Kiev University, 1990
- Li, Ran (2007), Associate Professor, Ph.D., Southern Illinois University, Carbondale, 2007
- Mann, Elizabeth K. (1998), Professor, Ph.D., University of Paris, 1992
- Margetis, Spyridon (1997), Professor, Ph.D., Goethe Universitat, 1991
- Minnick, Stephen A. (2003), Professor, Ph.D., Pennsylvania State University, 2003
- Petratos, Gerassimos G. (1994), Professor, Ph.D., American University, 1988
- Polak, Robert D. (2022), Associate Professor
- Portman, John J. (2003), Professor, Ph.D., University of Illinois-Urbana, 2000
- Quader, Khandker F. (1990), Professor, Ph.D., State University of New York-Stony Brook, 1983
- Schmidt, Thorsten-Lars (2019), Assistant Professor
- Schroeder, Almut (2001), Associate Professor
- Secaur, Jonathan M. (1980), Associate Professor, Ph.D., Kent State University, 1994
- Selinger, Jonathan V. (2005), Professor, Ph.D., Harvard College, 1989
- Selinger, Robin L. (2005), Professor, Ph.D., Harvard College, 1989
- Sprunt, Samuel N. (1995), Professor, Ph.D., Massachusetts Institute of Technology, 1989
- Strickland, Michael (2013), Professor, Ph.D., Duke University, 1997

- Vanfossen, Joseph A. (2004), Assistant Professor, Ph.D., Kent State University, 2017
- Yang, Deng-Ke (1989), Professor, Ph.D., University of Hawaii at Manoa, 1989
- Yokoyama, Hiroshi (2009), Professor, Ph.D., Tokyo International University, 1987

Department of Political Science Faculty

- Banks, Christopher P. (2006), Professor, Ph.D., University of Virginia, 1995
- Carbonell, Joel R. (2007), Associate Professor, Ph.D., University of California, Riverside, 2007
- Cassell, Mark K. (1998), Professor, Ph.D., University of Wisconsin-Madison, 1998
- Chand, Daniel E. (2016), Associate Professor
- Claassen, Ryan L. (2005), Professor, Ph.D., University of California-Davis, 2005
- Dzordzormenyoh, Michael K. (2022), Assistant Professor, Ph.D., University Of South Dakota, 2019
- Ensley, Michael J. (2009), Associate Professor, Ph.D., Duke University, 2002
- Hawes, Daniel P. (2008), Professor, Ph.D., Texas A&M University, Main Campus, 2008
- McLaughlin, Danielle (2022), Assistant Professor, Ph.D., University of Cincinnati, 2021
- Molina, Anthony D. (2013), Associate Professor, Ph.D., Cleveland State University, 2004
- Paar-Jakli, Gabriella (1991), Associate Professor, Ph.D., Kent State University, 2010

Department of Psychological Sciences Faculty

- Bartholomew, Christie L. (2003), Assistant Professor, Ph.D., Kent State University, 2014
- Ben-Porath, Yossef S. (1990), Professor, Ph.D., University of Minnesota-Twin Cities, 1989
- Black, Sarah R. (2023), Assistant Professor, Ph.D., Stony Brook University, 2015
- Blasiman, Rachael N. (2010), Associate Professor, Ph.D., Case Western Reserve University, 2010
- Ciesla, Jeffrey (2007), Associate Professor, Ph.D., University at Albany-SUNY, 2004
- Ciesla, Shannon N. (2007), Associate Professor, Ph.D., Kent State University, 2013
- Coifman, Karin G. (2010), Professor, Ph.D., Columbia University, 2008
- Cremeans-Smith, Julie K. (1998), Professor, Ph.D., Kent State University, 2004
- Delahanty, Douglas L. (1997), Professor, Ph.D., University of Pittsburgh, 1997
- Evey, Julie A. (2018), Assistant Professor, Ph.D., Kent State University, 1998
- Flessner, Christopher A. (2011), Professor, Ph.D., University of Wisconsin, Milwaukee, 2008
- Folk, Jocelyn R. (1999), Associate Professor, Ph.D., University of South Carolina, Columbia, 1997
- Frey, Katelyn T. (2023), Assistant Professor, M.A., University of Akron, 2021

- Galati, Ashley R. (2013), Associate Professor, Ph.D., University of Kentucky, 2013
- Gere, Judith (2013), Associate Professor
- Gilman, Tracy L. (2020), Assistant Professor, Ph.D., Penn State University, 2013
- Grau, Josefina M. (1994), Associate Professor, Ph.D., University of Illinois-Chicago, 1992
- Gunstad, John J. (2005), Professor, Ph.D., Ohio University, 2002
- Hamrick, Phillip M. (2013), Associate Professor, Ph.D., Georgetown University, 2013
- Himmelstein, Mary S. (2019), Assistant Professor, Ph.D., Rutgers University, 2016
- Hughes, Joel W. (2003), Professor, Ph.D., The Ohio State University, 2001
- Jones, Bryan A. (2010), Associate Professor, Ph.D., State University of New York-Stony Brook, 2007
- Joynes, Robin L. (2000), Professor, Ph.D., Texas A&M University-Main Campus, 1998

- Morabito, John Paul (2022), Assistant Professor, M.F.A., School of Art Institute of Chicago, 2013
- Polo, Darice M. (2004), Associate Professor, M.F.A., University at Albany-SUNY, 1999
- Powell, Shawn K. (2018), Associate Professor, M.F.A., City University of NY-Hunter College, 2009
- Reischuck, Albert W. (1990), Senior Lecturer, M.A., Kent State University, 1991
- Reisig, Shana K. (2018), Assistant Professor, Ph.D., University Of New Mexico, 2015
- Roll, Melanie R. (2001), Associate Professor, M.F.A., Kent State University, 2022
- Schatz, Mark K. (2010), Associate Professor, M.F.A., University of Texas-Austin, 2005
- Sokso, Jillian L. , Professor
- Underwood, Joseph L. (2017), Associate Professor, Ph.D., SUNY Stony Brook, 2017
- Vande Zande, Robin S. (2001), Professor, Ph.D., University of Wisconsin-Milwaukee, 2002
- Warner, John-Michael H. (2015), Associate Professor, Ph.D., University of Arizona, 2015
- Zhu, Pinyan (2022), Assistant Professor, Ph.D., University of Kansas, 2022

College of the Arts Faculty

School of Art Faculty

- Buntin, Phillip D. (2006), Associate Professor, M.F.A., University of Connecticut, 2002
- Commito, Gianna E. (2005), Professor, M.F.A., University of Iowa, 2003
- Dorff, Juliann B. (1999), Senior Lecturer, M.A., Kent State University, 1998
- Ebanks, Davin (2007), Assistant Professor, M.F.A., Kent State University, 2010
- Farnsworth, Isabel (1997), Associate Professor, M.F.A., Stanford University, 1995
- Foster, Arron L. (2022), Assistant Professor, M.F.A., University of Georgia, 2017
- Garcia, Janice L. (2019), Assistant Professor, M.F.A., University of Wisconsin, Madison, 2018
- Gasper-Hulvat, Marie (2013), Associate Professor, Ph.D., Bryn Mawr College, 2012
- Hoepfner-Poling, Linda A. (1986), Associate Professor, Ph.D., Kent State University, 2005
- Arnett, Joanne M. (2011), Associate Professor, M.F.A., Kent State University, 2013
- Benitez, Margarita (2010), Professor, M.F.A., School of the Art Institute of Chicago, 2008
- Bhaduri, Gargi (2014), Associate Professor, Ph.D., University of Missouri, Columbia, 2014
- Burton, Michelle D. (2022), Assistant Professor
- Campbell, James R. (2009), Professor, Ph.D., University of California-Davis, 1996
- Copeland, Lauren E. (2017), Assistant Professor, Ph.D., Kansas State University, 2015
- Dancie, Paula K. (2003), Senior Lecturer, B.F.A., Miami University, 1980
- Fladung, Daniel J. (2020), Lecturer, M.A., Academy of Art University, 2022
- Grieder, Trista L. (2010), Senior Lecturer, M.S., Purdue University Global, 2009
- Hahn, Kim H. (2011), Professor, Ph.D., University of Nebraska-Lincoln, 2005
- Hauck, William E. (2000), Assistant Professor, M.A., Northeastern Illinois University, 1981

- Hughes, Jacqueline (2018), Lecturer, B.A., Kent State University, 1994
- Hume, Sara E. (2009), Associate Professor and Museum Curator, M.A., Fashion Institute of Technology, 2003
- Hwang, Ja Young (2015), Assistant Professor, Ph.D., Iowa State University, 2013
- Hyun, Jonghan (2010), Assistant Professor, Ph.D., University of Tennessee-Knoxville, 2015
- Kornel, Jasmine A. (2012), Assistant Professor
- Krifa, Mourad (2017), Associate Professor, Ph.D., Virginia Tech, 2017
- LaPolla, Kendra L. (2013), Associate Professor, M.F.A., The Ohio State University, 2010
- Leslie, Catherine A. (2002), Professor, Ph.D., The Ohio State University, 2002
- LoMonaco-Benzing, Rachel E. (2018), Assistant Professor, M.S., University of Rhode Island, 2009
- Mehta, Archana (2001), Associate Lecturer, B.A., Kent State University, 2002
- Novak, Kathryn E. (2016), Lecturer, M.F.A., Kent State University, 2021
- Ohrn, Linda M. (2004), Professor, M.F.A., University of North Texas, 2003
- Palomo-Lovinski, Noel N. (2001), Professor, M.F.A., Kent State University, 2009
- Perrine, William C. (2006), Senior Lecturer, M.A., Western Michigan University, 2004
- Quevedo, Vincent (2008), Associate Professor, M.A., University of Nebraska-Lincoln, 2004
- Riewe, Krissi R. (2019), Assistant Professor, M.F.A., University Of North Texas, 2019
- Stone, Hillary M. (2012), Associate Professor, M.S., School of the Art Institute of Chicago, 1999
- Valenzda, Lisa A. (2009), Associate Lecturer, M.A., Kent State University, 2015
- Vick, Jihyun (2013), Professor
- Wachowiak, Marjorie (2012), Associate Lecturer, M.S., Franklin University, 2011
- Yoder, Sue J. (2013), Associate Professor, M.F.A., Syracuse University, 2008
- Le, Andrew (2019), Associate Professor, D.M.A., Juilliard School of Music, 2007
- Lee, Donna (1999), Professor, Ph.D., The Johns Hopkins University, 1999
- Lorenzo, Benjamin (2022), Associate Professor, University of Texas at Austin, 2012
- Marshall, Herbert D. (2019), Assistant Professor, Ph.D., Temple University, 2002
- Matthews, Wendy K. (2018), Associate Professor, Ph.D., George Mason University, 2007
- McPherson, Eve (2011), Associate Professor, Ph.D., University of California, Santa Barbara, 2009
- McWilliams, Kent M. (2019), Professor
- Mitchell, David E. (2001), Associate Professor, M.M., University of Akron, 1989
- Nanongkham, Priwan (1998), Assistant Professor, Ph.D., Kent State University, 2011
- Noh, Hyunjoo G. (1998), Assistant Professor, Ph.D., Kent State University, 2013
- Nowakowski, Mark (2016), Associate Professor, D.M.A., University of Maryland-College Park, 2013
- Olson, Darin K. (2020), Assistant Professor
- Petrella, Diane H. , Professor
- Petrella, Nicholas E. (2021), Assistant Professor, D.M.A., University Of Iowa, 1998
- Rechner, Diane M. (1991), Associate Professor, M.M., University of Cincinnati, 1983
- Resta, Craig M. (2008), Professor, Ph.D., University of Maryland, University College, 2008
- Roberts, Adam (2018), Assistant Professor, Ph.D., Harvard University, 2010
- Seachrist, Denise A. (1988), Professor, Ph.D., Kent State University, 1993
- Selvaggio, Robert (2010), Associate Professor, M.M., Manhattan School of Music, 1995
- Shahriari, Andrew C. (1993), Professor, Ph.D., Kent State University, 2001
- Sundet, Danna S. (2002), Professor, M.M., Kent State University, 2002
- Tiffe, Janine L. (2011), Assistant Professor, Ph.D., Florida State University, 2015
- Troyer, Lara K. (2010), Assistant Professor
- Vardi, Amitai (2012), Associate Professor, M.M., Cleveland Institute of Music, 2002
- Vaughn, Erin M. (2006), Associate Lecturer, M.M., Kent State University, 2015
- White, Jay G. (2011), Professor, D.M.A., University of Maryland-College Park, 2005

School of Music Faculty

- Anderson, Ian (2015), Associate Professor, M.F.A., Middle Tennessee State University, 2009
- Bagwell, Dawn M. (2011), Lecturer, M.M., Kent State University, 2012
- Berg, Marla (2009), Associate Professor, M.M., Cleveland Institute of Music, 1983
- Birch, Sebastian A. (2002), Associate Professor, D.M.A., Cleveland Institute of Music, 1997
- Culver, Timothy M. (1999), Professor, M.M., Kent State University, 2002
- Dorfman, Jay (2006), Professor, Ph.D., Northwestern University, 2006
- Fucci, Melissa D. (2002), Professor, M.M., Kent State University, 2009
- Holm, Matthew D. (2017), Assistant Professor, Ph.D., Arizona State University, 2006
- Johnstone, Jennifer L. (2002), Associate Professor, Ph.D., Kent State University, 2012
- Labovitz, Sarah J. , Professor,

School of Theatre and Dance Faculty

- Black, Jennifer (2019), Assistant Professor, B.F.A., University of Akron, 1996
- Brown, Courtney (2014), Associate Professor, M.F.A., University of Southern Mississippi, 2008
- Emory-Maier, Ambre G. (2022), Assistant Professor, M.F.A., Ohio State University, 2019

- Fritsche, Amy (2013), Associate Professor, M.F.A., San Diego State University, 2010
- Hardin, Albert A. , Professor
- Humes, Thomas W. (2019), Assistant Professor, B.A., Bowling Green State University, 2007
- Hurley, Paul (2018), Assistant Professor, M.F.A., University of Delaware, 2007
- Huya, Natalie J. (2003), Senior Lecturer, M.A., Villanova University, 2001
- Kane, Caitlin (2022), Assistant Professor, Ph.D., Cornell University, 2022
- Keenan, Grace A. (2004), Assistant Professor, M.F.A., Penn State University, 2012
- Kent, Therese J. (1991), Professor, M.F.A., Michigan State University, 1987
- Kildow, Eric S. (2015), Assistant Professor, M.F.A., Savannah College of Art and Design, 2009
- Korecki, Jennifer S. (2012), Associate Professor, M.M., Kent State University, 1996
- Kurahashi, Yuko (2001), Professor, Ph.D., Indiana University, Bloomington, 1996
- Meredith, Catherine E. (2019), Assistant Professor, M.F.A., Hollins University, 2011
- Pauna, Steven R. (2013), Professor, M.F.A., Kent State University, 2000
- Polanco, Fabio J. (2009), Associate Professor, M.F.A., Case Western Reserve University, 1997
- Polunas, Jeffrey W. (2022), Assistant Professor, M.F.A., University of California-Irvine, 2012
- Rockland, Jeffrey M. (2015), Associate Professor, M.F.A., University of California-Irvine, 1992
- Seo, Jakyung (2009), Associate Professor, M.F.A., University of Illinois-Urbana, Champaign, 2004
- Souza, Michelle H. (2019), Assistant Professor, M.F.A., University of San Diego, 2007
- Swoboda, Jonathan F. (2008), Associate Professor, M.M., University of Nebraska, Omaha, 1997
- Verlezza, Barbara A. (2002), Associate Professor, M.F.A., Northern Illinois University, 2005
- Fagan, Nicholas G. (2019), Assistant Professor, M.L.I.S., Kent State University, 2006
- Gilgenbach, Cara L. (1994), Associate Professor, M.L.S., Kent State University, 1995
- Guedel, Theodore E. (2015), Assistant Professor, M.L.I.S., Kent State University, 2007
- Hall, Virginia A. (1994), Associate Professor, M.L.I.S., Kent State University, 2007
- Hawkins, Michael C. (2014), Assistant Professor
- Jefferson, Jasmine (2005), Assistant Professor, M.L.I.S., Kent State University, 2012
- Kennedy, Hilary M. (2003), Lecturer, B.S., Kent State University, 2002
- Kennedy, Sean P. (2022), Assistant Professor, M.L.I.S., Kent State University, 2014
- Kristof, Cynthia M. (1996), Associate Professor, M.L.S., Kent State University, 1995
- Lisius, Peter H. (2007), Associate Professor, M.L.S., Indiana University-Bloomington, 2000
- MacDonald, Karen I. (2013), Associate Professor, M.L.I.S., Wayne State University, 2002
- McCutcheon, L. Sevim (2006), Associate Professor, M.L.S., Kent State University, 1997
- Medicus, Kathleen S. (1991), Associate Professor, M.L.S., Indiana University-Bloomington, 1988
- Richardson, Elizabeth A. (2008), Professor, M.L.I.S., Kent State University, 2003
- Robinson, Kara L. (1988), Associate Professor, M.L.S., Kent State University, 1989
- Serkownek, Edith W. (2005), Professor, M.L.I.S., Kent State University, 2005
- Sheu, Feng-Ru (2014), Associate Professor
- Slack, Anita J. (2020), Assistant Professor, M.L.I.S., Kent State University, 2011
- Spohn, Melissa M. (1985), Professor, M.L.S., Kent State University, 1986
- Voelker, Tammy J. (1997), Associate Professor, M.L.S., Kent State University, 2000
- Warren, Thomas (1991), Professor, M.L.I.S., Kent State University, 2000
- Yeager, Kristin E. (2013), Lecturer, M.S., University of Akron, 2012
- Zhang, Yuening (2020), Associate Professor, M.L.S., Indiana University-Bloomington, 2010

University Libraries Faculty

- Antell, Haley M. (2018), Assistant Professor, Oberlin College, 2009
- Bauer, Melissa M. (2012), Associate Professor, M.L.I.S., Kent State University, 2005
- Burhanna, Kenneth J. (1991), Professor, M.L.S., Kent State University, 2005
- Champion, Elizabeth A. (2013), Assistant Professor, M.L.I.S., Kent State University, 2015
- Clark, Joe (2010), Professor, M.A., University of Arizona, 2003
- Deemer, Kevin L. (2002), Assistant Professor, M.L.S., University of Kentucky, 1999
- Dressler, Virginia A. (1994), Assistant Professor, M.L.I.S., Kent State University, 2007
- Earp, Vanessa J. (2005), Associate Professor , Ed.S., Kent State University, 2016
- Faehnel, Amanda C. (2010), Associate Professor, M.L.I.S., Kent State University, 2007

INDEX

A

A and AS Levels	3872	Advanced Accounting - Graduate Certificate	967
Academic Policies	3871	Advanced Placement (AP)	3882
Academic Standing - Graduate Student	3872	Advertising - B.S.	2595
Academic Standing - Undergraduate Student	3874	Advertising - Minor	2598
Accessories - Minor	3660	Aeronautical Studies - B.S.	1127
Accommodations for Student Religious and Spiritual Beliefs	3875	Aeronautical Systems Engineering Technology - B.S.	1130
Accounting - B.B.A.	960	Aeronautics (AERN)	24
Accounting - M.S.A.	964	Aerospace Engineering - B.S.	1133
Accounting - Minor	966	Aerospace Engineering - M.S.	1137
Accounting (ACCT)	15	Aerospace Engineering - Ph.D.	1138
Accounting Analytics - Graduate Certificate	966	Aerospace Studies (ASTU)	37
Accounting Technology - A.A.B.	1244	African Studies - Minor	1748
Accounting Technology (ACTT)	20	Africana Studies - B.A.	1749
Acting - M.F.A.	3817	Africana Studies - Minor	1753
Actuarial Mathematics - B.S.	2087	Africana Studies (AFS)	39
Adapted Physical Education Endorsement Preparation - Non-Degree ..	3257	Agribusiness - B.S.	1246
Addictions Counseling - Graduate Certificate	3115	Agribusiness - Minor	1249
Addictions Counseling - Undergraduate Certificate	3117	Agribusiness (AGRI)	46
Admission of Adult Students	3876	Air Traffic and Airspace Management - B.S.	1139
Admission of Former Graduate Students	3876	Aircraft Dispatch - Minor	1142
Admission of Former Undergraduate Students	3876	Alcohol, Tobacco and Other Drug Prevention - Undergraduate Certificate ..	2996
Admission of Graduate Non-Degree Students	3876	Allied Health Sciences (AHS)	47
Admission of Graduate Students	3876	Alternative Credit Programs	3883
Admission of Guest Students	3879	Alternative Credit-Testing Eligibility	3885
Admission of Home-Schooled Students	3879	Alternative Licensure Professional Development Institute, English/ Language Arts - Non-Degree	3258
Admission of Non-Traditional Master's Degree Students	3879	Alternative Licensure Professional Development Institute, Mathematics - Non-Degree	3260
Admission of Post-Undergraduate Students	3879	Alternative Licensure Professional Development Institute, Science - Non- Degree	3261
Admission of Transient Students	3879	Alternative Licensure Professional Development Institute, Social Studies - Non-Degree	3262
Admission of Undergraduate Non-Degree Students	3880	Ambassador Crawford College of Business and Entrepreneurship	903
Admission of Undergraduate Students	3880	American Sign Language - B.A.	2159
Admission of Veteran Students	3882	American Sign Language - Minor	2162
Admission to International Pathway Program	3882	American Sign Language (ASL)	48
Adolescent and Adult Education (ADED)	21	American Sign Language/English Interpreting - B.S.	3118
Adult Gerontology Acute Care Nurse Practitioner - Graduate Certificate ..	3425	American Sign Language/English Interpreting Licensure Preparation (Non- degree)	3122
Adult Gerontology Clinical Nurse Specialist - Graduate Certificate	3426	Ancient, Medieval and Renaissance Studies - Minor	2392
Adult Gerontology Primary Care Nurse Practitioner - Graduate Certificate ..	3427	Animation Game Design - B.S.	1250
Adult/Adolescent Sexual Assault Nurse Examiner - Graduate Certificate ..	3428	Animation Game Design (AGD)	50
		Anthropology - B.A.	1764
		Anthropology - B.S.	1767

Anthropology - M.A.	1771	Athletic Training (ATTR)	107
Anthropology - Minor	1773	Audio Recording - Minor	3749
Anthropology (ANTH)	52	Audiology - Au.D.	3003
Applied Data and Information - Minor	2562	Audiology - M.A.	3005
Applied Engineering - B.S.	1143	Audiology - Ph.D.	3006
Applied Geology - Ph.D.	1941	Autism Spectrum Disorders - Graduate Certificate	3124
Applied Mathematics - B.S.	2092	Autism Spectrum Disorders - Minor	3125
Applied Mathematics - M.A.	2099	Aviation Law and Policy - Minor	1147
Applied Mathematics - M.S.	2100	Aviation Maintenance Management - B.S.	1148
Applied Mathematics - Minor	2102	Aviation Maintenance Technology (AMRT)	114
Applied Mathematics - Ph.D.	2103	Aviation Management - B.S.	1150
Applied Statistics - Minor	2104	Aviation Management - Minor	1153
Arabic - Minor	2163	Aviation Management and Logistics - M.S.	1153
Arabic (ARAB)	61	Aviation Weather - Minor	1156
Arabic Translation - Graduate Minor	2164	Award of a Master's Degree to a Doctoral Student	3886
Architectural History - Minor	1398	B	
Architectural Studies - B.A.	1398	Behavioral Intervention Specialist - Graduate Certificate	3126
Architectural Studies - Minor	1401	Biochemistry - B.S.	1869
Architectural Studies (ARCS)	64	Bioinformatics - Minor	1912
Architecture - B.S.	1402	Biological Sciences - Cell Biology and Molecular Genetics - M.S.	1806
Architecture - M.Arch.	1405	Biological Sciences - Cell Biology and Molecular Genetics - Ph.D.	1807
Architecture and Environmental Design - M.S.	1408	Biological Sciences - Ecology and Evolutionary Biology - M.S.	1809
Architecture and Environmental Design (AED)	76	Biological Sciences - Ecology and Evolutionary Biology - Ph.D.	1810
