University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Plan multiple lessons using a variety of inquiry approaches that demonstrate their knowledge and understanding of how to engage all students in learning science.
2. Plan a learning environment and learning experiences for all students that demonstrate chemical safety, safety procedures, and the ethical treatment of living organisms within their licensure area.
3. Plan fair and equitable assessment strategies to analyze student learning and to evaluate if the science learning goals are met.

Admission GPA for Undergraduate Students

For admissions, the College of Education, Health and Human Services considers a student to have established a Kent State University GPA after the student has successfully completed a minimum of 12 Kent State University credit hours. Undergraduate students who have not completed a minimum of 12 Kent State University credit hours will be evaluated for admission into programs, Advanced Study, and the Professional phase based on their high school GPA for new freshmen, or transfer GPA for transfer students. Once a student has successfully completed a minimum of 12 Kent State University credit hours, only the student's Kent State cumulative GPA will be considered for admission into a program, Advanced Study, and Professional Phase.

Students who have completed 12 or more credit hours of previous college-level coursework, either at Kent State University or at another accredited institution, need an overal GPA of 2.00 or higher to declare a College of Education, Health and Human Services majors, minors or certificates unless a higher minimum GPA is specified by the program. See specific programs in this catalog for more information on required minimum GPA to declare. Non-degree EHHS General can be declared without a minimum 2.00 overall GPA.

Transfer applicants who have completed fewer than 12 semester hours of college-level coursework will be evaluated on both collegiate and high school records.

Background Checks for Teacher Licensure Candidates

For field experience, student teaching and any culminating internship in teacher education that requires candidates to be placed within a school or agency ("school/agency") setting, the college requires candidates to complete Bureau of Criminal Investigation and Identification (BCII) and Federal Bureau of Investigation (FBI) background checks and submit the results to authorized personnel at their assigned school/agency before the beginning of the field experience or the first day of the semester in which the student teaching/internship will take place. Authorized school/agency personnel will determine whether a candidate may participate in fieldwork in that setting. The BCII and FBI background checks are good for one year and are mandatory for licensure application. Electronic fingerprinting is available for BCII and FBI in 221 White Hall and should be completed at least two months prior to field experience/student teaching/culminating internship. Regional campus students should contact their Regional Campus coordinator to identify fingerprinting availability at each campus. Candidates are responsible for fees incurred for this requirement. For more information on this policy, contact the Director of Clinical Field Experience in 304 White Hall. Visit the Ohio Department of Education (ODE) website at www.ode.state.oh.us for more information about background check requirements for educators in Ohio. Contact the Office of Professional Conduct at the ODE for specific information about the results of the background check.

Education Licensure Application

Students in the teacher education programs must apply for State of Ohio Licensure within 12 months of program completion (defined by completion of all licensure program requirements) . After 12 months, applicants must meet State approved program/licensure requirements that are in effect at the time of application. This means that students who apply after the 12 month deadline may have to take additional coursework if the content, methods courses, program requirements, or licensure requirements have changed from the catalog in force.

If a student does not apply for their license within 6 years, they are subject to any additional state licensure requirements and are also subject to additional coursework based on changes in areas such as content, age of coursework and changes in program requirements. A minimum of 9 credit hours will be required to apply for licensure after 6 years of program completion.

Professional Dispositions for Teacher Candidates

Professional dispositions are the professional attitudes, values, and beliefs demonstrated through both verbal and non-verbal behaviors as educators interact with students, families, colleagues, faculty, and communities. The teacher education faculty believe that the following dispositions support student learning and development. Therefore teacher candidates are expected to demonstrate:

- Communication and Collaboration
- Fairness and Equity
- Ethical Behavior
- Professional Responsibility

These dispositions are assessed at least three times in a candidate's program:

- Education in a Democratic Society course,
- a methods course with a field component, and
- student teaching.

In addition, a disposition assessment may be completed by a faculty member at any time a situation calls for it. A disposition is considered 'acceptable' if a candidate does not have an outstanding Professional Disposition Plan (PDPs) that requires improved performance in specified areas. A candidate may not progress through the teacher education

program if they have any PDPs submitted and unresolved at the following three points:

- Applying for advanced study: If a student has an outstanding PDP at the time of application, a student will not be able to apply for advanced study until the PDP is rectified.
- Prior to the student teaching semester: All outstanding PDPs must be completed and cleared prior to the start of student teaching.
- End of student teaching semester: A student with an outstanding PDP during the student teaching semester will not successfully pass student teaching.

Professional Education Warning

Professional Education Warning for students in teacher licensure programs and the Community Health Education major must have a minimum 2.75 GPA to progress in their programs and ultimately graduate. Unless other factors are present, students who do not meet the prescribed conditions are required to transfer out of their declared major. An appeal of this decision is directed to the associate dean of undergraduate student services, College of Education, Health and Human Services, 304 White Hall.

Repeating Field Experience Courses in Teacher Education Programs

Teacher candidates are permitted to repeat a field experience course once (see major requirements for specific courses). If a teacher candidate is unsuccessful in completing OR fails to earn the required grade in a field experience course the first time, the teacher candidate will receive a warning and will be required to work with a faculty advisor in their academic unit to develop a plan for continuation. The required grade is a C or better in a course that awards a letter grade, or Satisfactory (S) in a course that awards an S/U grade. The plan will include all actions necessary to continue in current program, the opportunity to declare a different program, a timeline of when actions should occur, and next steps if actions are not followed. If the teacher candidate does not earn the required grade in the field experience course the second time, a hold will be placed on their account, preventing them from registering for classes until they change their major out of the education program.

Requirements for Admission to Advanced Study

Admission to advanced study is required of all teacher education initial licensure majors and minors prior to enrolling in courses designated as advanced study courses. Upon completion of coursework as determined by program area, students must apply during the term which all prerequisites for advanced study will be completed, and at least one semester prior to beginning any coursework for which "Admission to Advanced Study" is a prerequisite.

Application Dates

Fall Semester:

- Application window: August 1 to September 1
- Term to begin advanced study courses: Spring semester

Spring Semester:

- Application window: January 1 to February 1
- Term to begin advanced study courses: Summer term and/or fall semester

Summer Term:

- Application window: May 1 to June 1
- Term to begin advanced study courses: Fall semester

All students apply for Advanced Study through the College of Education, Health and Human Services Student Portal which can be accessed through the Vacca Office of Student Services web page.

Please note: Admission to advanced study is required for students pursuing an undergraduate major that leads to initial teacher licensure, with the exception of students in the Career Tech Teacher Education certificate who obtain initial licensure through the Alternative Resident Educator Licensure Program (teachers recruited from business and industry).

Requirements for Admission to Advanced Study

To deliver high-quality programs, faculty will select the most qualified applicants for admission based upon evaluation of academic success (overall GPA) at Kent State University, non-academic criteria and other specific program criteria.

Students may be required to reapply if they postpone advanced study coursework or withdraw from their courses for one year or more.

College Writing

- Students are required to attain minimum C grade in each writing course (ENG 11011 and ENG 21011 or equivalent) (Integrated Language Arts majors must attain minimum B grade).

Mathematics

- The following courses must be completed with minimum C grade for the majors Early Childhood Education, Middle Childhood Education and Special Education:
  - MATH 14001 (or equivalent)
  - MATH 14002
- The following courses must be completed with a minimum C grade for Integrated Mathematics majors:
  - MATH 12002
  - MATH 12003
  - In addition, a minimum 2.600 overall GPA in math content coursework is required.

Pre-Advanced Study Coursework

- To be eligible for advanced study, students must earn a minimum C grade in CULT 29535 and minimum C grade in **one** of the following courses (i.e., both courses must be completed with a minimum C grade for graduation):
  - EPSY 29525 (note: Middle Childhood Education majors must earn a minimum C grade in this course to be eligible for Advanced Study)
  - SPED 23000
- Early Childhood Education majors must earn a minimum C grade in ECED 10120 to be eligible for advanced study.
- Middle Childhood Education majors must earn a minimum C grade in MCED 20000 to be eligible for advanced study.
- Middle Childhood Education majors must complete at least 50 percent of content area coursework from each concentration

(minimum C grade) to be eligible for advanced study. Students should meet with their advisor.

- Adolescence/Young Adult Programs: majors must earn a minimum C grade in ADED 20000 to be eligible for Advanced Study.

Grade Point Average

All students must have a minimum 2.750 overall GPA, with additional conditions for the following majors:

- Adolescence/Young Adult Programs: A minimum 2.600 GPA in the chosen adolescence/young adult content area is required for admission to advanced study, student teaching and graduation. A minimum C grade is required in each course within the content area. The following majors are affected: Earth Science, Integrated Language Arts, Integrated Mathematics, Integrated Science, Integrated Social Studies, Life Science, Life Science/Chemistry and Physical Science.
- For minimum GPA criteria for Art Education and Music Education, please see Requirements for Admission to Advanced Study for Art Education and Music Education in the College Policies section for the College of the Arts in the University Catalog.
- Education Minor: Students in a program eligible to declare the Education minor must achieve a minimum 2.500 overall and a content GPA to declare the Education minor, be admitted to advanced study, participate in student teaching and be recommended for licensure.

All GPA requirements must be met at the time of application.

Disposition Assessment/Professional Disposition Plans (PDPs)

Students are required to have completed all professional dispositions plan (PDPs) at the time of application to be eligible for advanced study.

Teacher Candidate Acknowledgments and Legal Questions for Licensure

Candidates are required to electronically sign five statements acknowledging that they have read and understand the following areas: pre-service teacher permit / background check requirements, professional dispositions, licensure application information, legal questions asked on the licensure application, and teacher education handbook information. Statements can be found on the student portal.

Student Teaching

The application for student teaching is completed online through the College of Education, Health and Human Services' student portal. Students will be required to complete the application during specified windows posted on the Vacca Office of Student Services' (VOSS) website. Application windows will typically be accessible during the months of October and November in the fall semester and March and April in the spring semester. Failure to complete the application and submit the prerequisite training documents within the designated time frame may delay the student teaching placement. Depending on the program area, students will apply either 2 or 3 semesters prior to their anticipated student teaching semester. Students should meet with their academic advisor for details on which semester to apply.

Once the application is submitted, VOSS staff (or appropriate regional campus staff) will determine eligibility by reviewing coursework, GPA, disposition assessments, and other program area requirements. Specifically, staff will review the following:

- Coursework – aside from student teaching and inquiry seminar, all coursework in the program of study must be completed with the minimum grade required in each course (i.e., a 'C' or higher in a course where the program requirements prescribe a minimum grade of C).
- GPA – confirmation that the applicant has a 2.75 cumulative GPA or higher and meets the minimum major GPA required for their program as listed in the university catalog.
- Disposition Assessments – no outstanding Professional Disposition Plans (PDPs) are permitted. An applicant with an outstanding PDP must have it cleared before beginning student teaching.
- Program Area Requirements – applicant must have completed all program requirements for their major that are outlined and specified in the university catalog.

Students should meet with their faculty and/or academic advisor in VOSS for any clarifications. Written notification of eligibility will be emailed to each applicant.

Those eligible for student teaching are required to attend a mandatory meeting where additional information about student teaching is provided. Failure to attend this meeting may result in a delay of student teaching. Placement forms, distributed at this meeting, need to be completed by the deadline.

The Clinical Experience Office will make the final decision about the placement site for the Kent Campus. Placement decisions at the Regional Campuses are made by the designated placement officer at each campus. Candidates are not to contact schools or potential mentors directly to make their own arrangements. Placements are generally made within a 50 mile radius of Kent State University. Student teaching is a full-time commitment and candidates are expected to follow the schedule of the cooperating teacher.

Undergraduate Graduation Requirements

- Students declared in a teacher licensure major or minor must earn a minimum C grade in all major/minor and professional coursework.
- Students declared in the Education minor must earn minimum 2.500 content GPA.
- Students may apply a maximum 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses toward their degree.
- Students may apply a maximum of 4 credit hours of variable-titled workshop (xxx93) toward an undergraduate degree. Identical workshop topics that are repeated for credit will not count towards graduation requirements. All workshops are graded S/U (satisfactory/unsatisfactory). Some program areas may be more restrictive. Students are advised to consult their program regarding application of workshop credit toward degree requirements.

To see graduation requirements for a specific program, please select a major from the undergraduate program listing.

Full Description

The Bachelor of Science in Education degree in Life Science/Chemistry prepares students for teacher licensure in life science and chemistry, grades 7-12. Students take a broad range of science-content courses in geology and physics and specialize in biology and chemistry content. Students complete most content coursework during their first three years; methods coursework typically begins during the spring of their third year. During the final year of the program, students complete remaining content courses, science teaching methods courses and a year-long placement in a local school district, which concludes with 13 weeks of student teaching in the spring. Life Science/Chemistry students

are encouraged to meet with their advisor early in their programs as many courses must be sequenced carefully.

Students are required to complete Bureau of Criminal Investigation and Identification (BCII) and Federal Bureau of Investigation (FBI) background checks.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Middle Childhood Education (4-9) Language Arts/Reading and Mathematics Initial Licensure Preparation - Non-Degree

College of Education Health and Human Services
School of Teaching, Learning and Curriculum Studies
www.kent.edu/ehhs/tlcs

About This Program

The Middle Childhood Education (4-9) Language Arts/Reading and Mathematics Initial Licensure Preparation program is designed for aspiring educators who want to teach language arts, reading and math to students in grades 4-9. You'll gain the knowledge and skills needed to create engaging lesson plans, evaluate student progress and establish a positive classroom culture. Read more...

Examples of Possible Careers and Salaries*

Education teachers, postsecondary

- 4.8% about as fast as the average
- 77,300 number of jobs
- $65,440 potential earnings

Middle school teachers, except special and career/technical education

- 3.6% about as fast as the average
- 627,100 number of jobs
- $60,810 potential earnings

Secondary school teachers, except special and career/technical education

- 3.8% about as fast as the average
- 1,050,800 number of jobs
- $62,870 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Minimum 2.750 overall GPA on a 4.000-point scale
- Official transcript(s)
- Goal statement
- Two letters of recommendation
- Questions in Anticipation of Licensure form
- Interview (to be conducted prior to full acceptance into the program)

Applicants already licensed as a teacher in Ohio, at any level, **cannot** apply to this program.

Applicants are assessed holistically, considering academic credentials, academic or professional references, nonacademic dimensions and dimensions; and other specific program criteria.

Application Deadlines

- **Fall Semester**
  - Priority deadline: June 15
- **Spring Semester**
  - Priority deadline: October 1
- **Summer Term**
  - Priority deadline: February 15

Applications submitted by this deadline will receive the strongest consideration for admission.

[1] Teacher candidates are only permitted to repeat a field experience course once. Please see Repeating Field Experience Courses in Teacher Education Programs policy for details.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
3.000	3.000

- Additional Coursework: An analysis of additional content-area coursework required at the post-undergraduate level will be completed before entering into the program, and a Plan of Study will be created based on transcript analysis and current licensure requirements by the Ohio Department of Education. A minimum C grade is required in each of these courses. This coursework would be in addition to requirements for the Middle Childhood Education non-degree program.

Licensure Information

Candidates seeking Ohio teaching licensure are required to pass specific requirements in order to apply for licensure from the Ohio Department of Education. A qualifying score on the Ohio Assessments for Educators for the Assessment of Professional Knowledge (APK) and content tests is required for licensure. Students should consult their advisors for specific program requirements and refer to the Ohio Department of Education-Educator Preparation website for more information on assessments specific to licensure type.

Students who do not apply for license within 12 months of program completion may be subject to additional course requirement, based on Ohio licensure standards in force at the time of application.

Program Learning Outcomes

Completers of this non-degree program will be able to:

1. Describe the Ohio Standards for the Teaching Profession.
2. Describe the Ohio Standards for Professional Development.
3. Describe the Ohio School Operating Standards.
4. Describe the Ohio Value Added Progress Dimension(s).
5. Demonstrate knowledge and skills consistent with the standards of the Association for Middle Level Education (AMLE).
6. Demonstrate knowledge and skills identified in the initial standards of the Council for the Accreditation of Educator Preparation (CAEP).

Residence Requirement Policy for Non-Degree Teacher Education Licensure/ Endorsement Preparation Programs

- Non-degree licensure (initial and additional) and endorsement programs that are a total of 15 credits or above: Students must complete 60% of the coursework at Kent State University, including the course that addresses the CAEP A.1.1 Standard as designated by the program area.
- Non-degree licensure (initial and additional) and endorsement programs that are less than 15 total credits: Students must complete 100% of the coursework at Kent State University.
- Students are permitted 6 years to complete licensure programs and 4 years to complete endorsement programs at Kent State University.
- Coursework transferred from another university cannot be more than 6 years old at the time the licensure/endorsement program is completed.
- Students who do not meet the residence requirements will not be recommended for licensure by Kent State University.

Full Description

This Middle Childhood Education (4-9) Language Arts/Reading and Mathematics Initial Licensure Preparation non-degree program prepares students to obtain the Ohio Middle Childhood 4-9 teacher license in language arts/reading and mathematics. Completion of the prescribed coursework is a prerequisite to being recommended by Kent State University for licensure, and licenses are granted by the Ohio Department of Education.

The program includes intensive pedagogy courses that prepare students to understand the unique social, physical, cognitive and emotional needs of the young adolescent; these courses are taken as a cohort. Student teaching occurs during the final semester of the program.

This program does not culminate in a master's degree. Students interested in a master's degree at Kent State must be fully admitted into and complete requirements for the master's program, in addition to courses that are prescribed here for licensure.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Examples of Possible Careers and Salaries*

Education teachers, postsecondary

- 4.8% about as fast as the average
- 77,300 number of jobs
- $65,440 potential earnings

Middle school teachers, except special and career/technical education

- 3.6% about as fast as the average
- 627,100 number of jobs
- $60,810 potential earnings

Secondary school teachers, except special and career/technical education

- 3.8% about as fast as the average
- 1,050,800 number of jobs
- $62,870 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Official transcript(s)
- Minimum 2.750 overall GPA on a 4.000-point scale
- Goal statement
- Two letters of recommendation
- Questions in Anticipation of Licensure form
- Interview (to be conducted prior to full acceptance into the program)

Applicants already licensed as a teacher in Ohio, at any level, **cannot** apply to this program.

Applicants are assessed holistically, considering academic credentials, academic or professional references, nonacademic dimensions and other specific program criteria.

Application Deadlines

- **Fall Semester**
  - Priority deadline: June 15
- **Spring Semester**
  - Priority deadline: October 1
- **Summer Term**
  - Priority deadline: February 15

Applications submitted by this deadline will receive the strongest consideration for admission.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
3.000	3.000

- Additional Coursework: An analysis of additional content-area coursework required at the post-undergraduate level will be completed before entering into the program, and a Plan of Study will be created based on transcript analysis and current licensure requirements by the Ohio Department of Education. A minimum C grade is required in each of these courses. This coursework would be in addition to requirements for the Middle Childhood Education non-degree program.

Licensure Information

Candidates seeking Ohio teaching licensure are required to pass specific requirements in order to apply for licensure from the Ohio Department of Education. A qualifying score on the Ohio Assessments for Educators for the Assessment of Professional Knowledge and content tests is required for licensure. Students should consult their advisors for specific program requirements and refer to the Ohio Department of Education-Educator Preparation website for more information on assessments specific to licensure type.

Students who do not apply for license within 12 months of program completion may be subject to additional course requirement, based on Ohio licensure standards in force at the time of application.

Program Learning Outcomes

Completers of this non-degree program will be able to:

1. Describe the Ohio Standards for the Teaching Profession.
2. Describe the Ohio Standards for Professional Development.
3. Describe the Ohio School Operating Standards.
4. Describe the Ohio Value Added Progress Dimension(s).
5. Demonstrate knowledge and skills consistent with the standards of the Association for Middle Level Education (AMLE).
6. Demonstrate knowledge and skills identified in the initial standards of the Council for the Accreditation of Educator Preparation (CAEP).

Residence Requirement Policy for Non-Degree Teacher Education Licensure/ Endorsement Preparation Programs

- Non-degree licensure (initial and additional) and endorsement programs that are a total of 15 credits or above: Students must complete 60% of the coursework at Kent State University, including the course that addresses the CAEP A.1.1 Standard as designated by the program area.
- Non-degree licensure (initial and additional) and endorsement programs that are less than 15 total credits: Students must complete 100% of the coursework at Kent State University.
- Students are permitted 6 years to complete licensure programs and 4 years to complete endorsement programs at Kent State University.
- Coursework transferred from another university cannot be more than 6 years old at the time the licensure/endorsement program is completed.
- Students who do not meet the residence requirements will not be recommended for licensure by Kent State University.

Full Description

This Middle Childhood Education (4-9) Mathematics and Science Initial Licensure Preparation non-degree program prepares students to obtain the Ohio Middle Childhood 4-9 teacher license in mathematics and science. Completion of the prescribed coursework is a prerequisite to being recommended by Kent State University for licensure, and licenses are granted by the Ohio Department of Education.

The program includes intensive pedagogy courses that prepare students to understand the unique social, physical, cognitive and emotional needs of the young adolescent; these courses are taken as a cohort. Student teaching occurs during the final semester of the program.

This program does not culminate in a master's degree. Students interested in a master's degree at Kent State must be fully admitted into and complete requirements for the master's program, in addition to courses that are prescribed here for licensure.

Completion of the prescribed coursework is a prerequisite to being recommended by Kent State University for licensure, and licenses are granted by the Ohio Department of Education.

The program includes intensive pedagogy courses that prepare students to understand the unique social, physical, cognitive and emotional needs of the young adolescent; these courses are taken as a cohort. Student teaching occurs during the final semester of the program.

This program does not culminate in a master's degree. Students interested in a master's degree at Kent State must be fully admitted into and complete requirements for the master's program, in addition to courses that are prescribed here for licensure.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Middle Childhood Education - B.S.E.

College of Education Health and Human Services
School of Teaching, Learning and Curriculum Studies

About This Program

The Bachelor of Science in Education in Middle Childhood Education equips students with the skills and knowledge needed to succeed as a middle school teacher. With a focus on hands-on learning, experienced faculty, and real-world experience, this program prepares graduates to make a meaningful impact on young students. Read more...

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Geauga Campus *Applications to the B.S.E. in Middle Childhood Education are not being accepted starting spring 2024 on the Geauga Campus.*
  - Kent Campus
  - Stark Campus

Examples of Possible Careers and Salaries*

Middle school teachers, except special and career/ technical education

- 3.6% about as fast as the average
- 627,100 number of jobs
- $60,810 potential earnings

Secondary school teachers, except special and career/ technical education

- 3.8% about as fast as the average
- 1,050,800 number of jobs
- $62,870 potential earnings

Accreditation

Council for the Accreditation of Educator Preparation | Association of Middle Level Education

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

Applications to the B.S.E. in Middle Childhood Education are not being accepted starting spring 2024 on the Geauga Campus.

Admission to this major is selective. Admission to the college does not guarantee admission to a major and/or admission to professional coursework for a selective admission program. Students can be admitted directly into the major, including first-time students or transfer students.

Current Kent State and Transfer Students: Active Kent State students who wish to change their major must have attempted a minimum 12 credit hours at Kent State and meet all admission criteria listed above to be admitted. Students who have not attempted 12 credit hours at Kent State will be evaluated for admission based on their high school GPA for new students or transfer GPA for transfer students. Transfer students who have not attempted 12 credit hours of college-level coursework at Kent State and/or other institutions will be evaluated based on both their high school GPA and college GPA.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements (courses count in major GPA)		
CULT 29535	EDUCATION IN A DEMOCRATIC SOCIETY (min C grade)	3
ENG 22071	STORIES THAT BUILT THE WORLD: HEROES, QUESTS AND LEGENDS (KHUM) [1]	3
or ENG 22072	STORIES TO SAVE THE WORLD: LITERATURE AND THE FUTURE OF HUMANITY (KHUM)	
EPSY 29525	EDUCATIONAL PSYCHOLOGY (min C grade)	3
MATH 14001	BASIC MATHEMATICAL CONCEPTS I (KMCR) (min C grade)	4
MATH 14002	BASIC MATHEMATICAL CONCEPTS II (KMCR) (min C grade)	4
MCED 20000	LEARNING AND EXPERIENCE IN MIDDLE CHILDHOOD EDUCATION (min C grade) [2]	3
MCED 30001	TEACHING MATHEMATICS IN MIDDLE CHILDHOOD I (min C grade)	3
MCED 30002	INTEGRATED SOCIAL STUDIES AND SCIENCE IN MIDDLE CHILDHOOD (min C grade)	3
MCED 31000	TEACHING AND LEARNING IN MIDDLE CHILDHOOD (min C grade) [2]	3
MCED 40005	EFFECTIVE USE OF PHONICS IN READING (min C grade)	3
MCED 40006	READING AND WRITING IN MIDDLE CHILDHOOD (WIC) (min C grade)	6
MCED 40007	TEACHING READING WITH LITERATURE IN MIDDLE CHILDHOOD (min C grade)	3
MCED 41000	CURRICULUM AND ORGANIZATION IN MIDDLE CHILDHOOD (min C grade) [2]	3
MCED 42392	STUDENT TEACHING IN MIDDLE CHILDHOOD (ELR) [2]	9
MCED 49525	INQUIRY INTO PROFESSIONAL PRACTICE:MIDDLE CHILDHOOD (min C grade)	3
SPED 23000	INTRODUCTION TO EXCEPTIONALITIES (DIVD) (min C grade)	3
Additional Requirements (courses do not count in major GPA)		
GEOG 17063	WORLD GEOGRAPHY (DIVG) (KSS) [3]	3
PSYC 11762	GENERAL PSYCHOLOGY (DIVD) (KSS) [3]	3
UC 10001	FLASHES 101	1
Kent Core Composition (min C grade)		6
Kent Core Fine Arts		3
Concentrations		
Choose from the following:		45-55
Language Arts and Mathematics		
Language Arts and Science		
Mathematics and Science		
Mathematics and Social Studies		
Social Studies and Language Arts		
Social Studies and Science		
Minimum Total Credit Hours:		**120-130**

1 A minimum C grade is required in either ENG 22071 or ENG 22072 for students in the Language Arts concentration.

2 Teacher candidates are only permitted to repeat a field experience course once. Please see Repeating Field Experience Courses in Teacher Education Programs policy for details.

3 A minimum C grade is required for students in the Social Studies concentration.

Minimum Total Credit Hours:		**49**

[1] Additional mathematics course(s) may be required depending on mathematics placement. Please see your advisor.

Progression Requirements

Students must meet all professional requirements for admission to advanced study. To be admitted, students must display evidence of the following:

- Adequate communication skills
- Sound content area knowledge (language arts, mathematics, science or social studies)
- Basic understanding of the teaching profession
- Basic understanding of young adolescents
- Dispositions aligned with the conceptual framework of the College of Education, Health and Human Services, including being open-minded, flexible, caring and responsible.

Faculty will select the most qualified applicants based on an interview, letters of recommendation, and GPA[1]. Applicants to the Middle Childhood Education major should have experience working with young adolescence in a supervisory capacity, such as tutoring, camp counseling, volunteer work or related experience. Students should contact the College of Education, Health and Human Services' Vacca Office of Student Services, 304 White Hall, at the Kent campus, or the Geauga Student Services Office at 440-834-4187 at the Geauga campus, or the Office of Student Services, 132 Main Hall, 330-244-3251 at the Stark campus, during the first year of study to inquire about the procedures and criteria associated with advanced study

[1] Undergraduate students who have not completed a minimum of 12 Kent State University credit hours will be evaluated for advanced study and professional phase based on their high school GPA for new freshmen or transfer GPA for transfer students.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	2.750

Licensure Information

Candidates seeking Ohio licensure are required to pass specific assessments in order to apply for licensure. See Ohio Department of Education-Educator Preparation website for more information on assessments specific to licensure type. Taking and passing the licensure tests prior to graduation is encouraged but not required.

Students must apply for State of Ohio Licensure (defined by completion of all licensure program requirements) within 12 months of program completion. After 12 months, applicants must meet state-approved program/licensure requirements that are in effect at the time of application. This means that students who apply after the 12-month deadline may have to take additional coursework if the content, methods courses, program requirements or licensure requirements have changed from the catalog in force.

Roadmaps

Language Arts and Mathematics Concentration

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
	AFS 23001 or HIST 11050 or HIST 12070	BLACK EXPERIENCE I: BEGINNINGS TO 1865 (DIVG) (KHUM) or WORLD HISTORY: ANCIENT AND MEDIEVAL (DIVG) (KHUM) or EARLY AMERICA: FROM PRE-COLONIZATION TO CIVIL WAR AND RECONSTRUCTION (DIVD) (KHUM)	3

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
	GEOG 17063	WORLD GEOGRAPHY (DIVG) (KSS)	3
!	MATH 14001	BASIC MATHEMATICAL CONCEPTS I (KMCR)	4
	PHY 11030	SEVEN IDEAS THAT SHOOK THE UNIVERSE (KBS)	3
	UC 10001	FLASHES 101	1
	Kent Core Requirement		3
	Kent Core Requirement		3
		Credit Hours	**17**
	Semester Two		
	AFS 23001 or HIST 11050 or HIST 12070	BLACK EXPERIENCE I: BEGINNINGS TO 1865 (DIVG) (KHUM) or WORLD HISTORY: ANCIENT AND MEDIEVAL (DIVG) (KHUM) or EARLY AMERICA: FROM PRE-COLONIZATION TO CIVIL WAR AND RECONSTRUCTION (DIVD) (KHUM)	3
!	CULT 29535	EDUCATION IN A DEMOCRATIC SOCIETY	3
	ESCI 11040 or ESCI 11042	HOW THE EARTH WORKS (KBS) or EARTH AND LIFE THROUGH TIME (KBS)	3
	ESCI 11041 or ESCI 11043	HOW THE EARTH WORKS LABORATORY (KBS) (KLAB) or EARTH AND LIFE THROUGH TIME LABORATORY (KBS) (KLAB)	1
!	MATH 14002	BASIC MATHEMATICAL CONCEPTS II (KMCR)	4
		Credit Hours	**14**
	Semester Three		
	Requirement: minimum 2.750 overall GPA by the end of term		
	BSCI 10120 or BSCI 10110	BIOLOGICAL FOUNDATIONS (ELR) (KBS) (KLAB) or BIOLOGICAL DIVERSITY (ELR) (KBS) (KLAB)	4
	CHEM 10030	CHEMISTRY IN OUR WORLD (KBS)	3
	COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
	MCED 20000	LEARNING AND EXPERIENCE IN MIDDLE CHILDHOOD EDUCATION	3
	Kent Core Requirement		3
		Credit Hours	**16**
	Semester Four		
	Requirement: minimum 2.750 overall GPA		
	CHEM 10060 or PHY 13001	GENERAL CHEMISTRY I (KBS) or GENERAL COLLEGE PHYSICS I (KBS)	4
	CHEM 10062 or PHY 13021	GENERAL CHEMISTRY I LABORATORY (KBS) (KLAB) or GENERAL COLLEGE PHYSICS LABORATORY I (KBS) (KLAB)	1
	COMM 26000 or MDJ 20001	CRITICISM OF PUBLIC DISCOURSE (DIVD) (KHUM) or MEDIA, POWER AND CULTURE (DIVD) (KSS)	3
	ENG 22071 or ENG 22072	STORIES THAT BUILT THE WORLD: HEROES, QUESTS AND LEGENDS (KHUM) or STORIES TO SAVE THE WORLD: LITERATURE AND THE FUTURE OF HUMANITY (KHUM)	3
	ENG 31001 or ENG 31003	FUNDAMENTAL ENGLISH GRAMMAR or LINGUISTICS	3
!	EPSY 29525	EDUCATIONAL PSYCHOLOGY	3
		Credit Hours	**17**
	Semester Five		
	Requirement: minimum 2.750 overall GPA		
!	MCED 30001	TEACHING MATHEMATICS IN MIDDLE CHILDHOOD I	3
!	MCED 30002	INTEGRATED SOCIAL STUDIES AND SCIENCE IN MIDDLE CHILDHOOD	3
!	MCED 31000	TEACHING AND LEARNING IN MIDDLE CHILDHOOD	3
!	MCED 40006	READING AND WRITING IN MIDDLE CHILDHOOD (WIC)	6
		Credit Hours	**15**
	Semester Six		
	Requirement: minimum 2.750 overall GPA		
	ANTH 18630 or BSCI 10002	HUMAN EVOLUTION (KBS) or LIFE ON PLANET EARTH (KBS)	3
!	MCED 40002	TEACHING SCIENCE IN THE MIDDLE CHILDHOOD II	3
!	MCED 40007	TEACHING READING WITH LITERATURE IN MIDDLE CHILDHOOD	3
!	MCED 41000	CURRICULUM AND ORGANIZATION IN MIDDLE CHILDHOOD	3
	Writing Elective		3
		Credit Hours	**15**
	Semester Seven		
	Requirement: minimum 2.750 overall GPA		
	MCED 40005	EFFECTIVE USE OF PHONICS IN READING	3
	PSYC 11762	GENERAL PSYCHOLOGY (DIVD) (KSS)	3
	SPED 23000	INTRODUCTION TO EXCEPTIONALITIES (DIVD)	3
	Literature Elective		3
	Science Elective		3-4
		Credit Hours	**15**
	Semester Eight		
	Requirement: minimum C grade in all professional courses and minimum 2.750 overall GPA		
	MCED 42392	STUDENT TEACHING IN MIDDLE CHILDHOOD (ELR)	9
!	MCED 49525	INQUIRY INTO PROFESSIONAL PRACTICE:MIDDLE CHILDHOOD	3
		Credit Hours	**12**
		Minimum Total Credit Hours:	**121**

Mathematics and Science Concentration

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies

Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of the program will be able to:

1. Demonstrate the knowledge, skills and disposition needed to work collaboratively with diverse others.
2. Demonstrate content knowledge in two licensure specialization areas.
3. Demonstrate in-depth instructional and planning skills to effectively meet the needs of all their students.

Admission GPA for Undergraduate Students

For admissions, the College of Education, Health and Human Services considers a student to have established a Kent State University GPA after the student has successfully completed a minimum of 12 Kent State University credit hours. Undergraduate students who have not completed a minimum of 12 Kent State University credit hours will be evaluated for admission into programs, Advanced Study, and the Professional phase based on their high school GPA for new freshmen, or transfer GPA for transfer students. Once a student has successfully completed a minimum of 12 Kent State University credit hours, only the student's Kent State cumulative GPA will be considered for admission into a program, Advanced Study, and Professional Phase.

Students who have completed 12 or more credit hours of previous college-level coursework, either at Kent State University or at another accredited institution, need an overal GPA of 2.00 or higher to declare a College of Education, Health and Human Services majors, minors or certificates unless a higher minimum GPA is specified by the program. See specific programs in this catalog for more information on required minimum GPA to declare. Non-degree EHHS General can be declared without a minimum 2.00 overall GPA.

Transfer applicants who have completed fewer than 12 semester hours of college-level coursework will be evaluated on both collegiate and high school records.

Background Checks for Teacher Licensure Candidates

For field experience, student teaching and any culminating internship in teacher education that requires candidates to be placed within a school or agency ("school/agency") setting, the college requires candidates to complete Bureau of Criminal Investigation and Identification (BCII) and Federal Bureau of Investigation (FBI) background checks and submit the results to authorized personnel at their assigned school/agency before the beginning of the field experience or the first day of the semester in which the student teaching/internship will take place. Authorized school/agency personnel will determine whether a candidate may participate in fieldwork in that setting. The BCII and FBI background checks are good for one year and are mandatory for licensure application. Electronic fingerprinting is available for BCII and FBI in 221 White Hall and should be completed at least two months prior to field experience/student teaching/culminating internship. Regional campus students should contact their Regional Campus coordinator to identify fingerprinting availability at each campus. Candidates are responsible for fees incurred for this requirement. For more information on this policy, contact the Director of Clinical Field Experience in 304 White Hall. Visit the Ohio Department of Education (ODE) website at www.ode.state.oh.us for more information about background check requirements for educators in Ohio. Contact the Office of Professional Conduct at the ODE for specific information about the results of the background check.

Education Licensure Application

Students in the teacher education programs must apply for State of Ohio Licensure within 12 months of program completion (defined by completion of all licensure program requirements) . After 12 months, applicants must meet State approved program/licensure requirements that are in effect at the time of application. This means that students who apply after the 12 month deadline may have to take additional coursework if the content, methods courses, program requirements, or licensure requirements have changed from the catalog in force.

If a student does not apply for their license within 6 years, they are subject to any additional state licensure requirements and are also subject to additional coursework based on changes in areas such as content, age of coursework and changes in program requirements. A minimum of 9 credit hours will be required to apply for licensure after 6 years of program completion.

Professional Dispositions for Teacher Candidates

Professional dispositions are the professional attitudes, values, and beliefs demonstrated through both verbal and non-verbal behaviors as educators interact with students, families, colleagues, faculty, and communities. The teacher education faculty believe that the following dispositions support student learning and development. Therefore teacher candidates are expected to demonstrate:

- Communication and Collaboration
- Fairness and Equity

- Ethical Behavior
- Professional Responsibility

These dispositions are assessed at least three times in a candidate's program:

- Education in a Democratic Society course,
- a methods course with a field component, and
- student teaching.

In addition, a disposition assessment may be completed by a faculty member at any time a situation calls for it. A disposition is considered 'acceptable' if a candidate does not have an outstanding Professional Disposition Plan (PDPs) that requires improved performance in specified areas. A candidate may not progress through the teacher education program if they have any PDPs submitted and unresolved at the following three points:

- Applying for advanced study: If a student has an outstanding PDP at the time of application, a student will not be able to apply for advanced study until the PDP is rectified.
- Prior to the student teaching semester: All outstanding PDPs must be completed and cleared prior to the start of student teaching.
- End of student teaching semester: A student with an outstanding PDP during the student teaching semester will not successfully pass student teaching.

Professional Education Warning

Professional Education Warning for students in teacher licensure programs and the Community Health Education major must have a minimum 2.75 GPA to progress in their programs and ultimately graduate. Unless other factors are present, students who do not meet the prescribed conditions are required to transfer out of their declared major. An appeal of this decision is directed to the associate dean of undergraduate student services, College of Education, Health and Human Services, 304 White Hall.

Repeating Field Experience Courses in Teacher Education Programs

Teacher candidates are permitted to repeat a field experience course once (see major requirements for specific courses). If a teacher candidate is unsuccessful in completing OR fails to earn the required grade in a field experience course the first time, the teacher candidate will receive a warning and will be required to work with a faculty advisor in their academic unit to develop a plan for continuation. The required grade is a C or better in a course that awards a letter grade, or Satisfactory (S) in a course that awards an S/U grade. The plan will include all actions necessary to continue in current program, the opportunity to declare a different program, a timeline of when actions should occur, and next steps if actions are not followed. If the teacher candidate does not earn the required grade in the field experience course the second time, a hold will be placed on their account, preventing them from registering for classes until they change their major out of the education program.

Requirements for Admission to Advanced Study

Admission to advanced study is required of all teacher education initial licensure majors and minors prior to enrolling in courses designated as advanced study courses. Upon completion of coursework as determined by program area, students must apply during the term which all prerequisites for advanced study will be completed, and at least one semester prior to beginning any coursework for which "Admission to Advanced Study" is a prerequisite.

Application Dates

Fall Semester:

- Application window: August 1 to September 1
- Term to begin advanced study courses: Spring semester

Spring Semester:

- Application window: January 1 to February 1
- Term to begin advanced study courses: Summer term and/or fall semester

Summer Term:

- Application window: May 1 to June 1
- Term to begin advanced study courses: Fall semester

All students apply for Advanced Study through the College of Education, Health and Human Services Student Portal which can be accessed through the Vacca Office of Student Services web page.

Please note: Admission to advanced study is required for students pursuing an undergraduate major that leads to initial teacher licensure, with the exception of students in the Career Tech Teacher Education certificate who obtain initial licensure through the Alternative Resident Educator Licensure Program (teachers recruited from business and industry).

Requirements for Admission to Advanced Study

To deliver high-quality programs, faculty will select the most qualified applicants for admission based upon evaluation of academic success (overall GPA) at Kent State University, non-academic criteria and other specific program criteria.

Students may be required to reapply if they postpone advanced study coursework or withdraw from their courses for one year or more.

College Writing

- Students are required to attain minimum C grade in each writing course (ENG 11011 and ENG 21011 or equivalent) (Integrated Language Arts majors must attain minimum B grade).

Mathematics

- The following courses must be completed with minimum C grade for the majors Early Childhood Education, Middle Childhood Education and Special Education:
  - MATH 14001 (or equivalent)
  - MATH 14002
- The following courses must be completed with a minimum C grade for Integrated Mathematics majors:
  - MATH 12002
  - MATH 12003
  - In addition, a minimum 2.600 overall GPA in math content coursework is required.

Pre-Advanced Study Coursework

- To be eligible for advanced study, students must earn a minimum C grade in CULT 29535 and minimum C grade in **one** of the following

courses (i.e., both courses must be completed with a minimum C grade for graduation):
  - EPSY 29525 (note: Middle Childhood Education majors must earn a minimum C grade in this course to be eligible for Advanced Study)
  - SPED 23000
- Early Childhood Education majors must earn a minimum C grade in ECED 10120 to be eligible for advanced study.
- Middle Childhood Education majors must earn a minimum C grade in MCED 20000 to be eligible for advanced study.
- Middle Childhood Education majors must complete at least 50 percent of content area coursework from each concentration (minimum C grade) to be eligible for advanced study. Students should meet with their advisor.
- Adolescence/Young Adult Programs: majors must earn a minimum C grade in ADED 20000 to be eligible for Advanced Study.

Grade Point Average

All students must have a minimum 2.750 overall GPA, with additional conditions for the following majors:

- Adolescence/Young Adult Programs: A minimum 2.600 GPA in the chosen adolescence/young adult content area is required for admission to advanced study, student teaching and graduation. A minimum C grade is required in each course within the content area. The following majors are affected: Earth Science, Integrated Language Arts, Integrated Mathematics, Integrated Science, Integrated Social Studies, Life Science, Life Science/Chemistry and Physical Science.
- For minimum GPA criteria for Art Education and Music Education, please see Requirements for Admission to Advanced Study for Art Education and Music Education in the College Policies section for the College of the Arts in the University Catalog.
- Education Minor: Students in a program eligible to declare the Education minor must achieve a minimum 2.500 overall and a content GPA to declare the Education minor, be admitted to advanced study, participate in student teaching and be recommended for licensure.

All GPA requirements must be met at the time of application.

Disposition Assessment/Professional Disposition Plans (PDPs)

Students are required to have completed all professional dispositions plan (PDPs) at the time of application to be eligible for advanced study.

Teacher Candidate Acknowledgments and Legal Questions for Licensure

Candidates are required to electronically sign five statements acknowledging that they have read and understand the following areas: pre-service teacher permit / background check requirements, professional dispositions, licensure application information, legal questions asked on the licensure application, and teacher education handbook information. Statements can be found on the student portal.

Student Teaching

The application for student teaching is completed online through the College of Education, Health and Human Services' student portal. Students will be required to complete the application during specified windows posted on the Vacca Office of Student Services' (VOSS) website. Application windows will typically be accessible during the months of October and November in the fall semester and March and April in the spring semester. Failure to complete the application and submit the prerequisite training documents within the designated time frame may delay the student teaching placement. Depending on the program area, students will apply either 2 or 3 semesters prior to their anticipated student teaching semester. Students should meet with their academic advisor for details on which semester to apply.

Once the application is submitted, VOSS staff (or appropriate regional campus staff) will determine eligibility by reviewing coursework, GPA, disposition assessments, and other program area requirements. Specifically, staff will review the following:

- Coursework – aside from student teaching and inquiry seminar, all coursework in the program of study must be completed with the minimum grade required in each course (i.e., a 'C' or higher in a course where the program requirements prescribe a minimum grade of C).
- GPA – confirmation that the applicant has a 2.75 cumulative GPA or higher and meets the minimum major GPA required for their program as listed in the university catalog.
- Disposition Assessments – no outstanding Professional Disposition Plans (PDPs) are permitted. An applicant with an outstanding PDP must have it cleared before beginning student teaching.
- Program Area Requirements – applicant must have completed all program requirements for their major that are outlined and specified in the university catalog.

Students should meet with their faculty and/or academic advisor in VOSS for any clarifications. Written notification of eligibility will be emailed to each applicant.

Those eligible for student teaching are required to attend a mandatory meeting where additional information about student teaching is provided. Failure to attend this meeting may result in a delay of student teaching. Placement forms, distributed at this meeting, need to be completed by the deadline.

The Clinical Experience Office will make the final decision about the placement site for the Kent Campus. Placement decisions at the Regional Campuses are made by the designated placement officer at each campus. Candidates are not to contact schools or potential mentors directly to make their own arrangements. Placements are generally made within a 50 mile radius of Kent State University. Student teaching is a full-time commitment and candidates are expected to follow the schedule of the cooperating teacher.

Undergraduate Graduation Requirements

- Students declared in a teacher licensure major or minor must earn a minimum C grade in all major/minor and professional coursework.
- Students declared in the Education minor must earn minimum 2.500 content GPA.
- Students may apply a maximum 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses toward their degree.
- Students may apply a maximum of 4 credit hours of variable-titled workshop (xxx93) toward an undergraduate degree. Identical workshop topics that are repeated for credit will not count towards graduation requirements. All workshops are graded S/U (satisfactory/unsatisfactory). Some program areas may be more restrictive. Students are advised to consult their program regarding application of workshop credit toward degree requirements.

To see graduation requirements for a specific program, please select a major from the undergraduate program listing.

Full Description

The Bachelor of Science in Education degree in Middle Childhood Education prepares students for teacher licensure in selected subject areas, plus reading, for grades four to nine. In addition to content coursework and a substantial amount of field experiences, the Middle Childhood Education major includes intensive pedagogy courses that prepare students to understand the unique social, physical, cognitive and emotional needs of the young adolescent; these courses are taken as a cohort. Student teaching occurs during the final semester of the program.

Students choose two concentrations from the following:

- The **Language Arts** concentration includes courses in communication, grammar, literature, reading and writing.
- The **Mathematics** concentration includes courses in algebra, trigonometry, calculus, geometry and statistics.
- The **Science** concentration includes diverse courses in chemistry, biology, geology and physics.
- The **Social Studies** concentration includes diverse courses in economics, history, political science and geography.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Examples of Possible Careers and Salaries*

Education teachers, postsecondary

- 4.8% about as fast as the average
- 77,300 number of jobs
- $65,440 potential earnings

Middle school teachers, except special and career/technical education

- 3.6% about as fast as the average
- 627,100 number of jobs
- $60,810 potential earnings

Secondary school teachers, except special and career/technical education

- 3.8% about as fast as the average
- 1,050,800 number of jobs
- $62,870 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Minimum 2.750 overall undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Goal statement
- Two letters of recommendation
- Questions in Anticipation of Licensure Form
- Evidence of valid Resident Educator or Professional State of Ohio teaching license
- Interview (to be conducted prior to full acceptance into the program)

Applicants are assessed holistically, considering academic credentials, academic or professional references, non-academic dimensions and other specific program criteria.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
3.000	3.000

- Additional Coursework: An analysis of additional content-area coursework required at the post-undergraduate level will be completed before entering into the program, and a Plan of Study will be created based on transcript analysis and current licensure requirements by the Ohio Department of Education. A minimum C grade is required in each of these courses. This coursework would be in addition to requirements for the Middle Childhood Education non-degree program.

Licensure Information

Prior to program completion, the candidate must demonstrate proficiencies in the following areas (including but not limited to): data literacy and analysis; use of research and assessment data; leadership and collaboration; utilizing and supporting appropriate technology for the discipline; and application of professional dispositions, laws and policies, codes of ethics and professional standards appropriate to their field of specialization.

Candidates seeking Ohio licensure are required to pass the OAE Content Knowledge Assessment for each teaching field in order to apply for licensure. Students should consult their advisors for specific program requirements and refer to the Ohio Department of Education-Educator Preparation website for more information on assessments specific to licensure type.

Students who do not apply for license within 12 months of program completion may be subject to additional course requirements, based on Ohio licensure standards in force at the time of application.

Program Learning Outcomes

Completers of this program will be able to:

1. Describe the Ohio Standards for the Teaching Profession.
2. Describe the Ohio Standards for Professional Development.
3. Describe the Ohio School Operating Standards.
4. Describe the Ohio Value Added Progress Dimension(s).
5. Demonstrate knowledge and skills consistent with the standards of the Association for Middle Level Education (AMLE).
6. Demonstrate knowledge and skills identified in Advanced Standard A.1.1. of the Council for the Accreditation of Educator Preparation (CAEP).

Residence Requirement Policy for Non-Degree Teacher Education Licensure/ Endorsement Preparation Programs

- Non-degree licensure (initial and additional) and endorsement programs that are a total of 15 credits or above: Students must complete 60% of the coursework at Kent State University, including the course that addresses the CAEP A.1.1 Standard as designated by the program area.
- Non-degree licensure (initial and additional) and endorsement programs that are less than 15 total credits: Students must complete 100% of the coursework at Kent State University.
- Students are permitted 6 years to complete licensure programs and 4 years to complete endorsement programs at Kent State University.
- Coursework transferred from another university cannot be more than 6 years old at the time the licensure/endorsement program is completed.
- Students who do not meet the residence requirements will not be recommended for licensure by Kent State University.

Full Description

The Middle Childhood Education–Language Arts and Reading Grades (4-9) Additional Licensure Preparation non-degree program provides coursework and field-based experiences for students who plan to apply for additional teacher licensure from the Ohio Department of Education. This non-degree program cannot be used for students seeking initial licensure.

This program does not culminate in a master's degree. Students interested in a master's degree at Kent State must be fully admitted into and complete requirements for the master's program, in addition to courses that are prescribed here for additional licensure.

Professional Licensure Disclosure

[1] Students will need permission from the middle childhood education program coordinator to register for the course.

[2] Requirement to be determined by faculty advisor after review of previous teaching experience. Teacher candidates are only permitted to repeat a field experience course once. Please see Repeating Field Experience Courses in Teacher Education Programs policy for details.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
3.000	3.000

- Additional Coursework: An analysis of additional content-area coursework required at the post-undergraduate level will be completed before entering into the program, and a Plan of Study will be created based on transcript analysis and current licensure requirements by the Ohio Department of Education. A minimum C grade is required in each of these courses. This coursework would be in addition to requirements for the Middle Childhood Education non-degree program.

Licensure Information

Prior to program completion, the candidate must demonstrate proficiencies in the following areas (including but not limited to): data literacy and analysis; use of research and assessment data; leadership and collaboration; utilizing and supporting appropriate technology for the discipline; and application of professional dispositions, laws and policies, codes of ethics and professional standards appropriate to their field of specialization.

Candidates seeking Ohio licensure are required to pass the Ohio Assessments for Educators (OAE) Content Knowledge Assessment for each teaching field in order to apply for licensure. Students should consult their advisors for specific program requirements and refer to the Ohio Department of Education-Educator Preparation website for more information on assessments specific to licensure type.

Students who do not apply for license within 12 months of program completion may be subject to additional course requirements, based on Ohio licensure standards in force at the time of application.

Program Learning Outcomes

Completers of this program will be able to:

1. Describe the Ohio Standards for the Teaching Profession.
2. Describe the Ohio Standards for Professional Development.
3. Describe the Ohio School Operating Standards.
4. Describe the Ohio Value Added Progress Dimension(s).
5. Demonstrate knowledge and skills consistent with the standards of the Association for Middle Level Education (AMLE).

6. Demonstrate knowledge and skills identified in Advanced Standard A.1.1. of the Council for the Accreditation of Educator Preparation (CAEP).

Residence Requirement Policy for Non-Degree Teacher Education Licensure/ Endorsement Preparation Programs

- Non-degree licensure (initial and additional) and endorsement programs that are a total of 15 credits or above: Students must complete 60% of the coursework at Kent State University, including the course that addresses the CAEP A.1.1 Standard as designated by the program area.
- Non-degree licensure (initial and additional) and endorsement programs that are less than 15 total credits: Students must complete 100% of the coursework at Kent State University.
- Students are permitted 6 years to complete licensure programs and 4 years to complete endorsement programs at Kent State University.
- Coursework transferred from another university cannot be more than 6 years old at the time the licensure/endorsement program is completed.
- Students who do not meet the residence requirements will not be recommended for licensure by Kent State University.

Full Description

The Middle Childhood Education-Social Studies (4-9) Additional Licensure Preparation non-degree program provides coursework and field-based experiences for students who plan to apply for additional teacher licensure from the Ohio Department of Education. This non-degree program cannot be used for students seeking initial licensure.

This program does not culminate in a master's degree. Students interested in a master's degree at Kent State must be fully admitted into and complete requirements for the master's program, in addition to courses that are prescribed here for additional licensure.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Middle Childhood Generalist Science (4-6) Endorsement Preparation

College of Education Health and Human Services
School of Teaching, Learning and Curriculum Studies
www.kent.edu/ehhs/tlcs

About This Program

The Middle Childhood Generalist Science (4-6) Endorsement Preparation non-degree program prepares teachers to teach grades 4-6 in the concentration areas that are listed on the license. Completion of the coursework is a prerequisite to being recommended by Kent State University for endorsement, which is granted by the Ohio Department of Education.

This endorsement can be added to a Middle Childhood license for graduates of Kent State's middle childhood initial licensure education program after 2004.

3. Successfully plan and teach two social studies lessons using the College, Career and Civil Life (C3) framework.
4. Successfully plan and teach a unit plan in social studies.

Repeating Field Experience Courses in Teacher Education Programs

Teacher candidates are permitted to repeat a field experience course once (see major requirements for specific courses). If a teacher candidate is unsuccessful in completing OR fails to earn the required grade in a field experience course the first time, the teacher candidate will receive a warning and will be required to work with a faculty advisor in their academic unit to develop a plan for continuation. The required grade is a C or better in a course that awards a letter grade, or Satisfactory (S) in a course that awards an S/U grade. The plan will include all actions necessary to continue in current program, the opportunity to declare a different program, a timeline of when actions should occur, and next steps if actions are not followed. If the teacher candidate does not earn the required grade in the field experience course the second time, a hold will be placed on their account, preventing them from registering for classes until they change their major out of the education program.

Residence Requirement Policy for Non-Degree Teacher Education Licensure/Endorsement Preparation Programs

- Non-degree licensure (initial and additional) and endorsement programs that are a total of 15 credits or above: Students must complete 60% of the coursework at Kent State University, including the course that addresses the CAEP A.1.1 Standard as designated by the program area.

Online and Blended Learning - Graduate Certificate

College of Education Health and Human Services
School of Teaching, Learning and Curriculum Studies
www.kent.edu/ehhs/tlcs

About This Program

The Online and Blended Learning graduate certificate provides the skills people need to teach effectively online, whether they are teaching an entire course online or integrating web-based activities into a traditionally taught class. Students examine recommendations from research, design their own online modules and develop effective strategies for delivering instruction online.

Graduate Certificate Policy

- Students seeking a graduate certificate must maintain a minimum 3.000 grade point average. A graduate certificate student who receives a combination of more than 8 credit hours of B- or lower grades, or more than 4 credit hours of grades lower than C is subject to dismissal. Students who are unable to maintain academic standards of the College are subject to dismissal for academic reasons. Grades of C- or below are not counted toward completion of the certificate.
- Certificates must be completed within six years after the first graduate enrollment.
- No more than 2 credit hours of workshop may be used toward a certificate.
- Before being eligible to be awarded a Certificate, students must be admitted to the Certificate program.
- Students currently in a graduate degree program may also apply to a certificate program. Their degree seeking coursework may be applied to the certificate coursework with advisor approval. The courses must be completed within six years and satisfy certificate course requirements.
- Students who have a previous graduate degree and are not currently seeking another graduate degree may transfer a maximum 6 credit hours with advisor approval. These credits may include hours from another KSU program, or from another accredited institution, if the following conditions are met:
  - courses were at the graduate level
  - a grade of "A" or "B" was earned
  - credit will be less than six years old at the time the certificate is conferred at Kent
  - student was admitted as a graduate student at the time the course was taken.
- Some program areas may be more restrictive. Students are advised to consult their program.

Physical Education and Sport Performance - B.S.

College of Education Health and Human Services

Recreation and fitness studies teachers, postsecondary

- 2.6% slower than the average
- 19,100 number of jobs
- $66,290 potential earnings

Secondary school teachers, except special and career/technical education

- 3.8% about as fast as the average
- 1,050,800 number of jobs
- $62,870 potential earnings

Accreditation

Council for the Accreditation of Educator Preparation

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

Please use the standard undergraduate university admissions language.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements (courses count in major GPA) [1]		
ATTR/EXSC 25057	HUMAN ANATOMY AND PHYSIOLOGY I (KBS) (KLAB) [2]	4
PESP 15010	INTRODUCTION TO PHYSICAL EDUCATION, FITNESS AND SPORT	3
PESP 25033	LIFESPAN MOTOR DEVELOPMENT	3
PESP 25056	ASSESSMENT OF LEARNING IN PHYSICAL EDUCATION AND SPORT	3
PESP 35020	FITNESS EDUCATION	3
PESP 35084	MOTOR SKILL ANALYSIS	3
Additional Requirements (courses do not count in major GPA)		
PSYC 11762	GENERAL PSYCHOLOGY (DIVD) (KSS) [3]	3
UC 10001	FLASHES 101	1
Kent Core Composition [3]		6
Kent Core Mathematics and Critical Reasoning		3-5
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines)		3
Concentrations		
Choose from the following:		76-113
Health and Physical Education		
Physical Education Licensure		
Physical Activity and Sport Performance		
Minimum Total Credit Hours:		**120-157**

1. Minimum C grade is required in all major coursework for the Health and Physical Education concentration and the Physical Education Licensure concentration.
2. Students who have successfully completed BSCI 11010 with a minimum C grade may use that course in place of ATTR 25057/EXSC 25057.
3. Minimum C grade is required for the Health and Physical Education and Physical Education Licensure concentrations.

Health and Physical Education Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (courses count in major GPA)		
EHHS 49592	STUDENT TEACHING IN HEALTH AND PHYSICAL EDUCATION (ELR) [1]	10
HED 11570	PERSONAL HEALTH (min C grade)	3

NUTR 23511	SCIENCE OF HUMAN NUTRITION (KBS) (min C grade)	3
SPED 23000	INTRODUCTION TO EXCEPTIONALITIES (DIVD) (min C grade)	3
Kent Core Additional		3
Minimum Total Credit Hours:		**113**

[1] Teacher candidates are only permitted to repeat a field experience course once. Please see Repeating Field Experience Courses in Teacher Education Programs policy for details.

Physical Activity and Sport Performance Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (courses count in major GPA)		
PESP 15020	FUNDAMENTAL MOVEMENT, GYMNASTICS AND DANCE	3
PESP 45015	PSYCHOLOGY OF COACHING	3
PESP 45037	ADAPTED PHYSICAL EDUCATION [1]	3
PESP 45092	INTERNSHIP IN PHYSICAL EDUCATION (ELR)	3
or PESP 45096	INDIVIDUAL INVESTIGATION IN PHYSICAL EDUCATION	
SPAD 25000	SPORT IN SOCIETY (DIVD)	3
SPAD 35065	HISTORY AND PHILOSOPHY OF SPORT AND PHYSICAL ACTIVITY (WIC) [2]	3
Physical Activity, Wellness and Sport (PWS) or Professional Movement Elective		1
Development and Analysis Electives, choose from the following:		6
PESP 15011	DEVELOPMENT AND ANALYSIS OF INVASION GAMES	
PESP 15015	DEVELOPMENT AND ANALYSIS OF NET GAMES	
PESP 15016	DEVELOPMENT AND ANALYSIS OF TARGET AND FIELD GAMES	
Additional Requirements (courses do not count in major GPA)		
Kent Core Basic Sciences (must include one laboratory)		3
Kent Core Additional		6
Declared Minor and General Electives (total credit hours depends on earning 120 credit hours, including 39 upper division credit hours) [3]		42
Minimum Total Credit Hours:		**76**

[1] Teacher candidates are only permitted to repeat a field experience course once. Please see Repeating Field Experience Courses in Teacher Education Programs policy for details.

[2] A minimum C grade must be earned to fulfill writing-intensive requirement.

[3] Students are required to declare and complete a minor as part of the Physical Education and Sport Performance program. Students may select any minor available at Kent State, but it should be aligned with the student's overall educational and career goals. Number of credit hours depends on the program selected. A minimum of 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.

Kent Core Additional		6
Minimum Total Credit Hours:		**76**

[1] Teacher candidates are only permitted to repeat a field experience course once. Please see Repeating Field Experience Courses in Teacher Education Programs policy for details.

Progression Requirements

Students in the Health and Physical Education and Physical Education Licensure concentrations must meet all professional requirements for admission to advanced study.

To manage enrollment and deliver high-quality programs, the faculty will select the most qualified applicants for admission based upon evaluation of academic success (overall GPA[1]) at Kent State University; non-academic criteria and other specific program criteria.

Please be aware that reapplication may be necessary if postponing advanced study coursework or if withdrawn for one year or more.

[1] Undergraduate students who have not completed a minimum of 12 Kent State University credit hours will be evaluated for advanced study and professional phase based on their high school GPA for new freshmen or transfer GPA for transfer students.

Graduation Requirements

Health and Physical Education Concentration

Minimum Major GPA	Minimum Overall GPA
2.750	2.750

Physical Activity and Sport Performance Concentration

Minimum Major GPA	Minimum Overall GPA
2.250	2.000

Physical Education Licensure Concentration

Minimum Major GPA	Minimum Overall GPA
2.750	2.750

- Students in the Health and Physical Education concentration and the Physical Education Licensure concentration are required to provide evidence of certification in First Aid, CPR and a minimum equivalence to level 5 competency in Red Cross swimming.

Licensure information

Candidates seeking Ohio licensure are required to pass specific assessments in order to apply for licensure. See Ohio Department of Education-Educator Preparation website for more information on assessments specific to licensure type. Taking and passing the licensure tests prior to graduation is encouraged but not required.

Students must apply for State of Ohio Licensure (defined by completion of all licensure program requirements) within 12 months of program completion. After 12 months, applicants must meet State approved program/licensure requirements that are in effect at the time of application. This means that students who apply after the 12 month deadline may have to take additional coursework if the content, methods courses, program requirements, or licensure requirements have changed from the catalog in force.

Roadmaps

Health and Physical Education Concentration

This roadmap is a recommended semester-by-semester plan of study for this major. However, courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
!	HED 11570	PERSONAL HEALTH	3
!	PESP 15010	INTRODUCTION TO PHYSICAL EDUCATION, FITNESS AND SPORT	3
!	PESP 15020	FUNDAMENTAL MOVEMENT, GYMNASTICS AND DANCE	3

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	

Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of the Health and Physical Education and Physical Education Licensure concentrations will be able to:

1. Demonstrate an understanding of content and scientific and theoretical foundations for the delivery of an effective PK-12 PE and/or Health program.
2. Plan and implement developmentally appropriate and meaningful PE and/or health learning experiences aligned with local, state and/or national standards and grade-level outcomes.
3. Use effective resources, accommodations, and technology that support the diverse needs of all students in planning and teaching.
4. Use effective communication, feedback, and instructional and managerial skills to enhance student learning.
5. Select and implement appropriate assessments and reflection to monitor students' progress and guide decision making related to instruction and learning.
6. Demonstrate dispositions essential to becoming effective professionals.

Graduates of the Physical Activity and Sport Performance concentration will be able to:

1. Demonstrate understanding and value of human diversity.
2. Apply their broad spectrum of knowledge of human movement in their capstone experience by being able to:
   a. Describe and apply biophysical (anatomical, physiological and biomechanical) and social-psychological concepts to skillful movement, physical activity and fitness, depending upon their area of focus.
   b. Identify individual and group motives and opportunities and barriers to involvement in different types of human movement.
   c. Understand the historical significance of past events and how these events have shaped the present development of sport and physical education.

Admission GPA for Undergraduate Students

For admissions, the College of Education, Health and Human Services considers a student to have established a Kent State University GPA after the student has successfully completed a minimum of 12 Kent State University credit hours. Undergraduate students who have not completed a minimum of 12 Kent State University credit hours will be evaluated for admission into programs, Advanced Study, and the Professional phase based on their high school GPA for new freshmen, or transfer GPA for transfer students. Once a student has successfully completed a minimum of 12 Kent State University credit hours, only the student's Kent State cumulative GPA will be considered for admission into a program, Advanced Study, and Professional Phase.

Students who have completed 12 or more credit hours of previous college-level coursework, either at Kent State University or at another accredited institution, need an overal GPA of 2.00 or higher to declare a College of Education, Health and Human Services majors, minors or certificates unless a higher minimum GPA is specified by the program. See specific programs in this catalog for more information on required minimum GPA to declare. Non-degree EHHS General can be declared without a minimum 2.00 overall GPA.

Transfer applicants who have completed fewer than 12 semester hours of college-level coursework will be evaluated on both collegiate and high school records.

Background Checks for Teacher Licensure Candidates

For field experience, student teaching and any culminating internship in teacher education that requires candidates to be placed within a school or agency ("school/agency") setting, the college requires candidates to complete Bureau of Criminal Investigation and Identification (BCII) and Federal Bureau of Investigation (FBI) background checks and submit the results to authorized personnel at their assigned school/agency before the beginning of the field experience or the first day of the semester in which the student teaching/internship will take place. Authorized school/agency personnel will determine whether a candidate may participate in fieldwork in that setting. The BCII and FBI background checks are good for one year and are mandatory for licensure application. Electronic fingerprinting is available for BCII and FBI in 221 White Hall and should be completed at least two months prior to field experience/student teaching/culminating internship. Regional campus students should contact their Regional Campus coordinator to identify fingerprinting availability at each campus. Candidates are responsible for fees incurred for this requirement. For more information on this policy, contact the Director of Clinical Field Experience in 304 White Hall. Visit the Ohio Department of Education (ODE) website at www.ode.state.oh.us for more information about background check requirements for educators in Ohio. Contact the Office of Professional Conduct at the ODE for specific information about the results of the background check.

Education Licensure Application

Students in the teacher education programs must apply for State of Ohio Licensure within 12 months of program completion (defined by completion of all licensure program requirements) . After 12 months, applicants must meet State approved program/licensure requirements that are in effect at the time of application. This means that students who apply after the 12 month deadline may have to take additional coursework if the content, methods courses, program requirements, or licensure requirements have changed from the catalog in force.

If a student does not apply for their license within 6 years, they are subject to any additional state licensure requirements and are also subject to additional coursework based on changes in areas such as content, age of coursework and changes in program requirements. A minimum of 9 credit hours will be required to apply for licensure after 6 years of program completion.

Professional Dispositions for Teacher Candidates

Professional dispositions are the professional attitudes, values, and beliefs demonstrated through both verbal and non-verbal behaviors as educators interact with students, families, colleagues, faculty, and communities. The teacher education faculty believe that the following dispositions support student learning and development. Therefore teacher candidates are expected to demonstrate:

- Communication and Collaboration
- Fairness and Equity
- Ethical Behavior
- Professional Responsibility

These dispositions are assessed at least three times in a candidate's program:

- Education in a Democratic Society course,
- a methods course with a field component, and
- student teaching.

In addition, a disposition assessment may be completed by a faculty member at any time a situation calls for it. A disposition is considered 'acceptable' if a candidate does not have an outstanding Professional Disposition Plan (PDPs) that requires improved performance in specified areas. A candidate may not progress through the teacher education program if they have any PDPs submitted and unresolved at the following three points:

- Applying for advanced study: If a student has an outstanding PDP at the time of application, a student will not be able to apply for advanced study until the PDP is rectified.
- Prior to the student teaching semester: All outstanding PDPs must be completed and cleared prior to the start of student teaching.
- End of student teaching semester: A student with an outstanding PDP during the student teaching semester will not successfully pass student teaching.

Professional Education Warning

Professional Education Warning for students in teacher licensure programs and the Community Health Education major must have a minimum 2.75 GPA to progress in their programs and ultimately graduate. Unless other factors are present, students who do not meet the prescribed conditions are required to transfer out of their declared major. An appeal of this decision is directed to the associate dean of undergraduate student services, College of Education, Health and Human Services, 304 White Hall.

Repeating Field Experience Courses in Teacher Education Programs

Teacher candidates are permitted to repeat a field experience course once (see major requirements for specific courses). If a teacher candidate is unsuccessful in completing OR fails to earn the required grade in a field experience course the first time, the teacher candidate will receive a warning and will be required to work with a faculty advisor in their academic unit to develop a plan for continuation. The required grade is a C or better in a course that awards a letter grade, or Satisfactory (S) in a course that awards an S/U grade. The plan will include all actions necessary to continue in current program, the opportunity to declare a different program, a timeline of when actions should occur, and next steps if actions are not followed. If the teacher candidate does not earn the required grade in the field experience course the second time, a hold will be placed on their account, preventing them from registering for classes until they change their major out of the education program.

Requirements for Admission to Advanced Study

Admission to advanced study is required of all teacher education initial licensure majors and minors prior to enrolling in courses designated as advanced study courses. Upon completion of coursework as determined by program area, students must apply during the term which all prerequisites for advanced study will be completed, and at least one semester prior to beginning any coursework for which "Admission to Advanced Study" is a prerequisite.

Application Dates

Fall Semester:

- Application window: August 1 to September 1
- Term to begin advanced study courses: Spring semester

Spring Semester:

- Application window: January 1 to February 1
- Term to begin advanced study courses: Summer term and/or fall semester

Summer Term:

- Application window: May 1 to June 1
- Term to begin advanced study courses: Fall semester

All students apply for Advanced Study through the College of Education, Health and Human Services Student Portal which can be accessed through the Vacca Office of Student Services web page.

Please note: Admission to advanced study is required for students pursuing an undergraduate major that leads to initial teacher licensure, with the exception of students in the Career Tech Teacher Education certificate who obtain initial licensure through the Alternative Resident Educator Licensure Program (teachers recruited from business and industry).

Requirements for Admission to Advanced Study

To deliver high-quality programs, faculty will select the most qualified applicants for admission based upon evaluation of academic success (overall GPA) at Kent State University, non-academic criteria and other specific program criteria.

Students may be required to reapply if they postpone advanced study coursework or withdraw from their courses for one year or more.

College Writing

- Students are required to attain minimum C grade in each writing course (ENG 11011 and ENG 21011 or equivalent) (Integrated Language Arts majors must attain minimum B grade).

Mathematics

- The following courses must be completed with minimum C grade for the majors Early Childhood Education, Middle Childhood Education and Special Education:

- MATH 14001 (or equivalent)
- MATH 14002

- The following courses must be completed with a minimum C grade for Integrated Mathematics majors:
  - MATH 12002
  - MATH 12003
  - In addition, a minimum 2.600 overall GPA in math content coursework is required.

Pre-Advanced Study Coursework

- To be eligible for advanced study, students must earn a minimum C grade in CULT 29535 and minimum C grade in **one** of the following courses (i.e., both courses must be completed with a minimum C grade for graduation):
  - EPSY 29525 (note: Middle Childhood Education majors must earn a minimum C grade in this course to be eligible for Advanced Study)
  - SPED 23000
- Early Childhood Education majors must earn a minimum C grade in ECED 10120 to be eligible for advanced study.
- Middle Childhood Education majors must earn a minimum C grade in MCED 20000 to be eligible for advanced study.
- Middle Childhood Education majors must complete at least 50 percent of content area coursework from each concentration (minimum C grade) to be eligible for advanced study. Students should meet with their advisor.
- Adolescence/Young Adult Programs: majors must earn a minimum C grade in ADED 20000 to be eligible for Advanced Study.

Grade Point Average

All students must have a minimum 2.750 overall GPA, with additional conditions for the following majors:

- Adolescence/Young Adult Programs: A minimum 2.600 GPA in the chosen adolescence/young adult content area is required for admission to advanced study, student teaching and graduation. A minimum C grade is required in each course within the content area. The following majors are affected: Earth Science, Integrated Language Arts, Integrated Mathematics, Integrated Science, Integrated Social Studies, Life Science, Life Science/Chemistry and Physical Science.
- For minimum GPA criteria for Art Education and Music Education, please see Requirements for Admission to Advanced Study for Art Education and Music Education in the College Policies section for the College of the Arts in the University Catalog.
- Education Minor: Students in a program eligible to declare the Education minor must achieve a minimum 2.500 overall and a content GPA to declare the Education minor, be admitted to advanced study, participate in student teaching and be recommended for licensure.

All GPA requirements must be met at the time of application.

Disposition Assessment/Professional Disposition Plans (PDPs)

Students are required to have completed all professional dispositions plan (PDPs) at the time of application to be eligible for advanced study.

Teacher Candidate Acknowledgments and Legal Questions for Licensure

Candidates are required to electronically sign five statements acknowledging that they have read and understand the following areas: pre-service teacher permit / background check requirements, professional dispositions, licensure application information, legal questions asked on the licensure application, and teacher education handbook information. Statements can be found on the student portal.

Student Teaching

The application for student teaching is completed online through the College of Education, Health and Human Services' student portal. Students will be required to complete the application during specified windows posted on the Vacca Office of Student Services' (VOSS) website. Application windows will typically be accessible during the months of October and November in the fall semester and March and April in the spring semester. Failure to complete the application and submit the prerequisite training documents within the designated time frame may delay the student teaching placement. Depending on the program area, students will apply either 2 or 3 semesters prior to their anticipated student teaching semester. Students should meet with their academic advisor for details on which semester to apply.

Once the application is submitted, VOSS staff (or appropriate regional campus staff) will determine eligibility by reviewing coursework, GPA, disposition assessments, and other program area requirements. Specifically, staff will review the following:

- Coursework – aside from student teaching and inquiry seminar, all coursework in the program of study must be completed with the minimum grade required in each course (i.e., a 'C' or higher in a course where the program requirements prescribe a minimum grade of C).
- GPA – confirmation that the applicant has a 2.75 cumulative GPA or higher and meets the minimum major GPA required for their program as listed in the university catalog.
- Disposition Assessments – no outstanding Professional Disposition Plans (PDPs) are permitted. An applicant with an outstanding PDP must have it cleared before beginning student teaching.
- Program Area Requirements – applicant must have completed all program requirements for their major that are outlined and specified in the university catalog.

Students should meet with their faculty and/or academic advisor in VOSS for any clarifications. Written notification of eligibility will be emailed to each applicant.

Those eligible for student teaching are required to attend a mandatory meeting where additional information about student teaching is provided. Failure to attend this meeting may result in a delay of student teaching. Placement forms, distributed at this meeting, need to be completed by the deadline.

The Clinical Experience Office will make the final decision about the placement site for the Kent Campus. Placement decisions at the Regional Campuses are made by the designated placement officer at each campus. Candidates are not to contact schools or potential mentors directly to make their own arrangements. Placements are generally made within a 50 mile radius of Kent State University. Student teaching is a full-time commitment and candidates are expected to follow the schedule of the cooperating teacher.

Undergraduate Graduation Requirements

- Students declared in a teacher licensure major or minor must earn a minimum C grade in all major/minor and professional coursework.

- Students declared in the Education minor must earn minimum 2.500 content GPA.
- Students may apply a maximum 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses toward their degree.
- Students may apply a maximum of 4 credit hours of variable-titled workshop (xxx93) toward an undergraduate degree. Identical workshop topics that are repeated for credit will not count towards graduation requirements. All workshops are graded S/U (satisfactory/unsatisfactory). Some program areas may be more restrictive. Students are advised to consult their program regarding application of workshop credit toward degree requirements.

To see graduation requirements for a specific program, please select a major from the undergraduate program listing.

Full Description

The Bachelor of Science degree in Physical Education and Sport Performance prepares teachers who exemplify best practices in the PK-12 setting and professionals who promote high quality physical activity opportunities for individuals across the lifespan. The program places a strong emphasis on field experience, internships and professional development experiences.

The Physical Education and Sport Performance major comprises the following concentrations:

- The **Health and Physical Education** concentration is a five-year program that provides the curriculum necessary for students seeking Ohio teacher licensure in both health education and physical education. The program includes multiple field experiences in a variety of school districts, followed by a full semester of student teaching. Students teach in both subjects and are eligible to sit for the multi-age teacher licensing examinations. Students in combined bachelor's/master's degree programs may apply graduate courses toward the B.S.E. degree.
- The **Physical Activity and Sport Performance** concentration is grounded in the understanding that the study of physical activity and sport is important in themselves and as biological and social concepts. The concentration provides students with the opportunity to design their educational experience by developing an individualized program of study. Students in this concentration are required to declare a minor, either in a related field or outside the field.
- The **Physical Education Teacher Licensure** concentration prepares students to seek Ohio teacher licensure in physical education. The program includes multiple field experiences in a variety of school districts, followed by a full semester of student teaching. Graduates are eligible to sit for the multi-age teacher licensing examinations.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

  - In person
- **Location:**
  - Kent Campus

Examples of Possible Careers*

Agricultural sciences teachers, postsecondary

- 2.1% slower than the average
- 11,400 number of jobs
- $90,340 potential earnings

Atmospheric, earth, marine, and space sciences teachers, postsecondary

- 1.9% slower than the average
- 13,100 number of jobs
- $94,520 potential earnings

Biological science teachers, postsecondary

- 9.3% much faster than the average
- 64,700 number of jobs
- $85,600 potential earnings

Chemistry teachers, postsecondary

- 4.3% about as fast as the average
- 26,400 number of jobs
- $80,400 potential earnings

Education teachers, postsecondary

- 4.8% about as fast as the average
- 77,300 number of jobs
- $65,440 potential earnings

Environmental science teachers, postsecondary

- 3.7% about as fast as the average
- 7,600 number of jobs
- $84,740 potential earnings

Forestry and conservation science teachers, postsecondary

- 2.2% slower than the average
- 2,100 number of jobs
- $87,400 potential earnings

Middle school teachers, except special and career/technical education

- 3.6% about as fast as the average
- 627,100 number of jobs
- $60,810 potential earnings

Physics teachers, postsecondary

- 4.4% about as fast as the average
- 17,100 number of jobs
- $90,400 potential earnings

Secondary school teachers, except special and career/technical education

- 3.8% about as fast as the average
- 1,050,800 number of jobs
- $62,870 potential earnings

Accreditation

Council for the Accreditation of Educator Preparation

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

Admission to this major is selective. Admission to the college does not guarantee admission to a major and/or admission to professional coursework for a selective admission program. Please insert the standard university approved admission language for undergraduate degrees.

Current Kent State and Transfer Students: Active Kent State students who wish to change their major must have attempted a minimum 12 credit hours at Kent State and meet all admission criteria listed above to be admitted. Students who have not attempted 12 credit hours at Kent State will be evaluated for admission based on their high school GPA for new students or transfer GPA for transfer students. Transfer students who have not attempted 12 credit hours of college-level coursework at Kent State and/or other institutions will be evaluated based on both their high school GPA and college GPA.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements (courses count in major GPA; min C grade required in all courses)		
CHEM 10060	GENERAL CHEMISTRY I (KBS)	4
CHEM 10061	GENERAL CHEMISTRY II (KBS)	4
CHEM 10062	GENERAL CHEMISTRY I LABORATORY (KBS) (KLAB)	1
CHEM 10063	GENERAL CHEMISTRY II LABORATORY (KBS) (KLAB)	1
CHEM 20481	BASIC ORGANIC CHEMISTRY I	4
CHEM 30105	ANALYTICAL CHEMISTRY I	3
CHEM 30284	INTRODUCTORY BIOLOGICAL CHEMISTRY	4
CHEM 30301	INORGANIC CHEMISTRY I	3
PHY 21430	FRONTIERS IN ASTRONOMY (KBS)	3
PHY 23101	GENERAL UNIVERSITY PHYSICS I (KBS) (KLAB)	5
PHY 23102	GENERAL UNIVERSITY PHYSICS II (KBS) (KLAB)	5
PHY 30020	INTERMEDIATE PHYSICS LABORATORY (WIC)	2
PHY 36001	INTRODUCTORY MODERN PHYSICS	3
PHY 32511	ELECTRONICS	3-4
or PHY 36002	APPLICATIONS OF MODERN PHYSICS	
Additional Requirements (courses do not count in major GPA)		
ADED 20000	TOPICS IN SOCIAL JUSTICE IN TEACHING AND LEARNING (min C grade) [1]	3
ADED 32142	PRINCIPLES OF TEACHING ADOLESCENTS (WIC) (min C grade) [1]	3
ADED 32277	TEACHING SCIENCE IN SECONDARY SCHOOLS (min C grade) [1]	3
ADED 42277	TOPICS IN SECONDARY SCHOOL SCIENCE TEACHING (min C grade)	3
ADED 42292	FIELD WORK PRACTICUM (ELR) (min C grade) [1]	3
ADED 42392	SECONDARY STUDENT TEACHING (ELR) [1]	9
ADED 49525	INQUIRY INTO PROFESSIONAL PRACTICE (min C grade)	3
CI 47330	READING AND WRITING IN ADOLESCENCE/ADULTHOOD (min C grade)	3
CULT 29535	EDUCATION IN A DEMOCRATIC SOCIETY (min C grade)	3
EPSY 29525	EDUCATIONAL PSYCHOLOGY (min C grade)	3
MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	3
MATH 11022	TRIGONOMETRY (KMCR)	3
MATH 12002	ANALYTIC GEOMETRY AND CALCULUS I (KMCR)	5
MATH 12003	ANALYTIC GEOMETRY AND CALCULUS II (min C grade)	5
SPED 23000	INTRODUCTION TO EXCEPTIONALITIES (DIVD) (min C grade)	3
UC 10001	FLASHES 101	1
Kent Core Composition (min C grade)		6
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines)		6
Minimum Total Credit Hours:		**122**

[1] Teacher candidates are only permitted to repeat a field experience course once. Refer to the Repeating Field Experience Courses in Teacher Education Programs policy for details.

Progression Requirements

Students seeking admission to this program must meet all professional requirements for admission to advanced study. To be admitted to the program, students must display evidence of the following:

- Adequate communication skills
- Sound content area knowledge (language arts, mathematics, science or social studies)
- Basic understanding of the teaching profession
- Basic understanding of adolescents
- Dispositions aligned with the conceptual framework of the College of Education, Health and Human Services, including being open-minded, flexible, caring and responsible

Faculty will select the most qualified applicants based on an interview, letters of recommendation, GPA[1] and performance in English coursework.

Applicants must have experience working with young adults in a supervisory capacity, such as tutoring, camp counseling, volunteer work or related experience. Students should contact the College of Education, Health, and Human Services' Vacca Office of Student Services, 304 White Hall, during their first year of study to inquire about the procedures and criteria associated with admission to advanced study.

[1] Undergraduate students who have not completed a minimum of 12 Kent State University credit hours will be evaluated for advanced study and professional phase based on their high school GPA for new freshmen or transfer GPA for transfer students.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.600	2.750

Dual Majors/Dual Degrees

Students seeking to declare an additional teacher education major in the B.S.E. degree (double major) or in a different degree (dual degree) may have the double major/dual degree approved as long as the following requirements are met:

1. Approval is received from the academic unit administrating each major. A program of study for those interested in pursuing a double major must be approved in writing by faculty from each major area prior to admission to advanced study.
2. All required content courses are completed for each major.
3. All required methods courses are completed for each major.
4. Separate practicum and inquiry courses are completed for each major as listed below:
   a. ADED 42292 (or the equivalent required by the major outside the college)
   b. ADED 49525 (or the equivalent required by the major outside the college)
5. Students who have two majors from among the following only need to take ADED 42392, consisting of a 16-week classroom experience involving both subject areas: Life Sciences, Earth Science, Physical Sciences, Integrated Science, Integrated Mathematics, Life Science/Chemistry, Integrated Social Studies and/or Integrated Language Arts.
6. Students who have a second major not included in the list above (#5) will have their student teaching requirements determined by faculty from both program areas at the time the program of study is developed, with a minimum 16 weeks spent in the classroom.

Licensure information

Candidates seeking Ohio licensure are required to pass specific assessments in order to apply for licensure. See Ohio Department of Education-Educator Preparation website for more information on assessments specific to licensure type. Taking and passing the licensure tests prior to graduation is encouraged but not required.

Students must apply for State of Ohio Licensure (defined by completion of all licensure program requirements) within 12 months of program completion. After 12 months, applicants must meet State approved program/licensure requirements that are in effect at the time of application. This means that students who apply after the 12 month deadline may have to take additional coursework if the content, methods courses, program requirements, or licensure requirements have changed from the catalog in force.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		**Credits**
	CHEM 10060	GENERAL CHEMISTRY I (KBS)	4
	CHEM 10062	GENERAL CHEMISTRY I LABORATORY (KBS) (KLAB)	1
	MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	3
	UC 10001	FLASHES 101	1
	Kent Core Requirement		3
	Kent Core Requirement		3
	Kent Core Requirement		3
		Credit Hours	**18**
	Semester Two

	PHY 21430	FRONTIERS IN ASTRONOMY (KBS)	3
		Credit Hours	**12**
	Semester Eight		
	Requirement: minimum 2.750 overall GPA and minimum 2.600 major GPA		
!	ADED 42392	SECONDARY STUDENT TEACHING (ELR)	9
!	ADED 49525	INQUIRY INTO PROFESSIONAL PRACTICE	3
		Credit Hours	**12**
		Minimum Total Credit Hours:	**122**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7

Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Plan multiple lessons using a variety of inquiry approaches that demonstrate their knowledge and understanding of how to engage all students in learning science.
2. Plan a learning environment and learning experiences for all students that demonstrate chemical safety, safety procedures and the ethical treatment of living organisms within their licensure area.
3. Plan fair and equitable assessment strategies to analyze student learning and to evaluate if the science learning goals are met.

Admission GPA for Undergraduate Students

For admissions, the College of Education, Health and Human Services considers a student to have established a Kent State University GPA after the student has successfully completed a minimum of 12 Kent State University credit hours. Undergraduate students who have not completed a minimum of 12 Kent State University credit hours will be evaluated for admission into programs, Advanced Study, and the Professional phase based on their high school GPA for new freshmen, or transfer GPA for transfer students. Once a student has successfully completed a minimum of 12 Kent State University credit hours, only the student's Kent State cumulative GPA will be considered for admission into a program, Advanced Study, and Professional Phase.

Students who have completed 12 or more credit hours of previous college-level coursework, either at Kent State University or at another accredited institution, need an overal GPA of 2.00 or higher to declare a College of Education, Health and Human Services majors, minors or certificates unless a higher minimum GPA is specified by the program. See specific programs in this catalog for more information on required minimum GPA to declare. Non-degree EHHS General can be declared without a minimum 2.00 overall GPA.

Transfer applicants who have completed fewer than 12 semester hours of college-level coursework will be evaluated on both collegiate and high school records.

Background Checks for Teacher Licensure Candidates

For field experience, student teaching and any culminating internship in teacher education that requires candidates to be placed within a school or agency ("school/agency") setting, the college requires candidates to complete Bureau of Criminal Investigation and Identification (BCII) and Federal Bureau of Investigation (FBI) background checks and submit the results to authorized personnel at their assigned school/agency before the beginning of the field experience or the first day of the semester in which the student teaching/internship will take place. Authorized school/agency personnel will determine whether a candidate may participate in fieldwork in that setting. The BCII and FBI background checks are good for one year and are mandatory for licensure application. Electronic fingerprinting is available for BCII and FBI in 221 White Hall and should be completed at least two months prior to field experience/student teaching/culminating internship. Regional campus students should contact their Regional Campus coordinator to identify fingerprinting availability at each campus. Candidates are responsible for fees incurred for this requirement. For more information on this policy, contact the Director of Clinical Field Experience in 304 White Hall. Visit the Ohio Department of Education (ODE) website at www.ode.state.oh.us for more information about background check requirements for educators in Ohio. Contact the Office of Professional Conduct at the ODE for specific information about the results of the background check.

Education Licensure Application

Students in the teacher education programs must apply for State of Ohio Licensure within 12 months of program completion (defined by completion of all licensure program requirements) . After 12 months, applicants must meet State approved program/licensure requirements that are in effect at the time of application. This means that students who apply after the 12 month deadline may have to take additional coursework if the content, methods courses, program requirements, or licensure requirements have changed from the catalog in force.

If a student does not apply for their license within 6 years, they are subject to any additional state licensure requirements and are also subject to additional coursework based on changes in areas such as content, age of coursework and changes in program requirements. A minimum of 9 credit hours will be required to apply for licensure after 6 years of program completion.

Professional Dispositions for Teacher Candidates

Professional dispositions are the professional attitudes, values, and beliefs demonstrated through both verbal and non-verbal behaviors as educators interact with students, families, colleagues, faculty, and communities. The teacher education faculty believe that the following dispositions support student learning and development. Therefore teacher candidates are expected to demonstrate:

- Communication and Collaboration
- Fairness and Equity
- Ethical Behavior
- Professional Responsibility

These dispositions are assessed at least three times in a candidate's program:

- Education in a Democratic Society course,
- a methods course with a field component, and
- student teaching.

In addition, a disposition assessment may be completed by a faculty member at any time a situation calls for it. A disposition is considered 'acceptable' if a candidate does not have an outstanding Professional Disposition Plan (PDPs) that requires improved performance in specified areas. A candidate may not progress through the teacher education program if they have any PDPs submitted and unresolved at the following three points:

- Applying for advanced study: If a student has an outstanding PDP at the time of application, a student will not be able to apply for advanced study until the PDP is rectified.
- Prior to the student teaching semester: All outstanding PDPs must be completed and cleared prior to the start of student teaching.

- End of student teaching semester: A student with an outstanding PDP during the student teaching semester will not successfully pass student teaching.

Professional Education Warning

Professional Education Warning for students in teacher licensure programs and the Community Health Education major must have a minimum 2.75 GPA to progress in their programs and ultimately graduate. Unless other factors are present, students who do not meet the prescribed conditions are required to transfer out of their declared major. An appeal of this decision is directed to the associate dean of undergraduate student services, College of Education, Health and Human Services, 304 White Hall.

Repeating Field Experience Courses in Teacher Education Programs

Teacher candidates are permitted to repeat a field experience course once (see major requirements for specific courses). If a teacher candidate is unsuccessful in completing OR fails to earn the required grade in a field experience course the first time, the teacher candidate will receive a warning and will be required to work with a faculty advisor in their academic unit to develop a plan for continuation. The required grade is a C or better in a course that awards a letter grade, or Satisfactory (S) in a course that awards an S/U grade. The plan will include all actions necessary to continue in current program, the opportunity to declare a different program, a timeline of when actions should occur, and next steps if actions are not followed. If the teacher candidate does not earn the required grade in the field experience course the second time, a hold will be placed on their account, preventing them from registering for classes until they change their major out of the education program.

Requirements for Admission to Advanced Study

Admission to advanced study is required of all teacher education initial licensure majors and minors prior to enrolling in courses designated as advanced study courses. Upon completion of coursework as determined by program area, students must apply during the term which all prerequisites for advanced study will be completed, and at least one semester prior to beginning any coursework for which "Admission to Advanced Study" is a prerequisite.

Application Dates

Fall Semester:

- Application window: August 1 to September 1
- Term to begin advanced study courses: Spring semester

Spring Semester:

- Application window: January 1 to February 1
- Term to begin advanced study courses: Summer term and/or fall semester

Summer Term:

- Application window: May 1 to June 1
- Term to begin advanced study courses: Fall semester

All students apply for Advanced Study through the College of Education, Health and Human Services Student Portal which can be accessed through the Vacca Office of Student Services web page.

Please note: Admission to advanced study is required for students pursuing an undergraduate major that leads to initial teacher licensure, with the exception of students in the Career Tech Teacher Education certificate who obtain initial licensure through the Alternative Resident Educator Licensure Program (teachers recruited from business and industry).

Requirements for Admission to Advanced Study

To deliver high-quality programs, faculty will select the most qualified applicants for admission based upon evaluation of academic success (overall GPA) at Kent State University, non-academic criteria and other specific program criteria.

Students may be required to reapply if they postpone advanced study coursework or withdraw from their courses for one year or more.

College Writing

- Students are required to attain minimum C grade in each writing course (ENG 11011 and ENG 21011 or equivalent) (Integrated Language Arts majors must attain minimum B grade).

Mathematics

- The following courses must be completed with minimum C grade for the majors Early Childhood Education, Middle Childhood Education and Special Education:
  - MATH 14001 (or equivalent)
  - MATH 14002
- The following courses must be completed with a minimum C grade for Integrated Mathematics majors:
  - MATH 12002
  - MATH 12003
  - In addition, a minimum 2.600 overall GPA in math content coursework is required.

Pre-Advanced Study Coursework

- To be eligible for advanced study, students must earn a minimum C grade in CULT 29535 and minimum C grade in **one** of the following courses (i.e., both courses must be completed with a minimum C grade for graduation):
  - EPSY 29525 (note: Middle Childhood Education majors must earn a minimum C grade in this course to be eligible for Advanced Study)
  - SPED 23000
- Early Childhood Education majors must earn a minimum C grade in ECED 10120 to be eligible for advanced study.
- Middle Childhood Education majors must earn a minimum C grade in MCED 20000 to be eligible for advanced study.
- Middle Childhood Education majors must complete at least 50 percent of content area coursework from each concentration (minimum C grade) to be eligible for advanced study. Students should meet with their advisor.
- Adolescence/Young Adult Programs: majors must earn a minimum C grade in ADED 20000 to be eligible for Advanced Study.

Grade Point Average

All students must have a minimum 2.750 overall GPA, with additional conditions for the following majors:

- Adolescence/Young Adult Programs: A minimum 2.600 GPA in the chosen adolescence/young adult content area is required for admission to advanced study, student teaching and graduation. A minimum C grade is required in each course within the content area. The following majors are affected: Earth Science, Integrated Language Arts, Integrated Mathematics, Integrated Science, Integrated Social Studies, Life Science, Life Science/Chemistry and Physical Science.
- For minimum GPA criteria for Art Education and Music Education, please see Requirements for Admission to Advanced Study for Art Education and Music Education in the College Policies section for the College of the Arts in the University Catalog.
- Education Minor: Students in a program eligible to declare the Education minor must achieve a minimum 2.500 overall and a content GPA to declare the Education minor, be admitted to advanced study, participate in student teaching and be recommended for licensure.

All GPA requirements must be met at the time of application.

Disposition Assessment/Professional Disposition Plans (PDPs)

Students are required to have completed all professional dispositions plan (PDPs) at the time of application to be eligible for advanced study.

Teacher Candidate Acknowledgments and Legal Questions for Licensure

Candidates are required to electronically sign five statements acknowledging that they have read and understand the following areas: pre-service teacher permit / background check requirements, professional dispositions, licensure application information, legal questions asked on the licensure application, and teacher education handbook information. Statements can be found on the student portal.

Student Teaching

The application for student teaching is completed online through the College of Education, Health and Human Services' student portal. Students will be required to complete the application during specified windows posted on the Vacca Office of Student Services' (VOSS) website. Application windows will typically be accessible during the months of October and November in the fall semester and March and April in the spring semester. Failure to complete the application and submit the prerequisite training documents within the designated time frame may delay the student teaching placement. Depending on the program area, students will apply either 2 or 3 semesters prior to their anticipated student teaching semester. Students should meet with their academic advisor for details on which semester to apply.

Once the application is submitted, VOSS staff (or appropriate regional campus staff) will determine eligibility by reviewing coursework, GPA, disposition assessments, and other program area requirements. Specifically, staff will review the following:

- Coursework – aside from student teaching and inquiry seminar, all coursework in the program of study must be completed with the minimum grade required in each course (i.e., a 'C' or higher in a course where the program requirements prescribe a minimum grade of C).
- GPA – confirmation that the applicant has a 2.75 cumulative GPA or higher and meets the minimum major GPA required for their program as listed in the university catalog.
- Disposition Assessments – no outstanding Professional Disposition Plans (PDPs) are permitted. An applicant with an outstanding PDP must have it cleared before beginning student teaching.
- Program Area Requirements – applicant must have completed all program requirements for their major that are outlined and specified in the university catalog.

Students should meet with their faculty and/or academic advisor in VOSS for any clarifications. Written notification of eligibility will be emailed to each applicant.

Those eligible for student teaching are required to attend a mandatory meeting where additional information about student teaching is provided. Failure to attend this meeting may result in a delay of student teaching. Placement forms, distributed at this meeting, need to be completed by the deadline.

The Clinical Experience Office will make the final decision about the placement site for the Kent Campus. Placement decisions at the Regional Campuses are made by the designated placement officer at each campus. Candidates are not to contact schools or potential mentors directly to make their own arrangements. Placements are generally made within a 50 mile radius of Kent State University. Student teaching is a full-time commitment and candidates are expected to follow the schedule of the cooperating teacher.

Undergraduate Graduation Requirements

- Students declared in a teacher licensure major or minor must earn a minimum C grade in all major/minor and professional coursework.
- Students declared in the Education minor must earn minimum 2.500 content GPA.
- Students may apply a maximum 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses toward their degree.
- Students may apply a maximum of 4 credit hours of variable-titled workshop (xxx93) toward an undergraduate degree. Identical workshop topics that are repeated for credit will not count towards graduation requirements. All workshops are graded S/U (satisfactory/unsatisfactory). Some program areas may be more restrictive. Students are advised to consult their program regarding application of workshop credit toward degree requirements.

To see graduation requirements for a specific program, please select a major from the undergraduate program listing.

Full Description

The Bachelor of Science in Education degree in Physical Science prepares students for teacher licensure in physics and chemistry, grades 7 to 12. Students take a broad range of science-content courses in biology and geology and specialize in physics and chemistry content.

Students in the Physical Science major complete most of their content coursework during their first three years, and then begin their methods coursework during the spring of their third year. During the final year of the program, students complete remaining content courses, science teaching methods courses and a year-long placement in a local school district, which concludes with 13 weeks of student teaching in the spring. Students are encouraged to meet with their faculty advisor early in their program because many courses must be sequenced carefully.

Students are required to complete Bureau of Criminal Investigation and Identification (BCII) and Federal Bureau of Investigation (FBI) background checks.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Reading Endorsement Preparation - Non-Degree

College of Education Health and Human Services
School of Teaching, Learning and Curriculum Studies
www.kent.edu/ehhs/tlcs

About This Program

The Reading Endorsement Preparation non-degree program prepares students to obtain the Ohio K-12 Reading endorsement. Completion of the coursework is a prerequisite to being recommended by Kent State University for this endorsement; and endorsements are granted by the Ohio Department of Education.

This program does not culminate in a master's degree. Students interested in a master's degree at Kent State must be fully admitted into and complete the requirements for the master's program, in addition to courses that are prescribed here for licensure.

Endorsement Requirements

Code	Title	Credit Hours
Endorsement Requirements [1]		
CI 67310	THEORY AND PRACTICE IN THE TEACHING OF READING	3
CI 67319	DIAGNOSIS AND REMEDIATION IN READING	3
CI 67330	READING IN CONTENT AREAS	3
CI 67396	INDIVIDUAL INVESTIGATION IN READING AND LANGUAGE ARTS	1
CI 67692	CLINICAL PRACTICUM IN CORRECTIVE READING	3
Minimum Total Credit Hours:		**13**

[1] Students declared in a doctoral degree should enroll in the doctoral level version of these courses, if offered.

Graduation Requirements

- Candidates seeking Ohio teaching endorsement are required to pass specific requirements in order to apply for endorsement from the Ohio Department of Education. Students should consult the Literacy Education program for specific program requirements and refer to

the Ohio Department of Education - Educator Preparation website for more information on assessments specific to endorsement.

- Students who do not apply for endorsement within 12 months of program completion may be subject to additional course requirement, based on standards in force at the time of application.

Licensure Information

Prior to program completion, the candidate must demonstrate proficiencies in the following areas (including but not limited to): data literacy and analysis; use of research and assessment data; leadership and collaboration; utilizing and supporting appropriate technology for the discipline; and application of professional dispositions, laws and policies, codes of ethics and professional standards appropriate to their field of specialization.

Program Learning Outcomes

Completers of this program will be able to:

1. Articulate the foundations of reading development and instruction.
2. Plan effective lessons for students using appropriate methods, texts, strategies and goals.
3. Assess and evaluate students' literacy achievement.

Residence Requirement Policy for Non-Degree Teacher Education Licensure/ Endorsement Preparation Programs

- Non-degree licensure (initial and additional) and endorsement programs that are a total of 15 credits or above: Students must complete 60% of the coursework at Kent State University, including the course that addresses the CAEP A.1.1 Standard as designated by the program area.
- Non-degree licensure (initial and additional) and endorsement programs that are less than 15 total credits: Students must complete 100% of the coursework at Kent State University.
- Students are permitted 6 years to complete licensure programs and 4 years to complete endorsement programs at Kent State University.
- Coursework transferred from another university cannot be more than 6 years old at the time the licensure/endorsement program is completed.
- Students who do not meet the residence requirements will not be recommended for licensure by Kent State University.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Reading Specialization - M.Ed.

College of Education Health and Human Services
School of Teaching, Learning and Curriculum Studies
www.kent.edu/ehhs/tlcs

About This Program

The Master of Education degree in Literacy Specialization develops practical and professional knowledge that is essential for educators concerned with the improvement of literacy at all instructional levels. Students study the nature of the reading and writing processes; the interrelationships between language, literature and literacy; literacy learning and teaching; the nature and needs of students who find reading and writing difficult; reading and writing as vehicles for learning and enjoyment; and the role of research in literacy instruction.

Minimum Total Credit Hours:		**31**

[1] Courses must be taken in sequence and are required for reading endorsement. MCED 50005 may also be required for reading endorsement if the student has not taken a phonics course.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Licensure information

Candidates seeking Ohio licensure are required to pass specific assessments in order to apply for licensure. Students should consult their advisors for specific program requirements and refer to the Ohio Department of Education-Educator Preparation website for more information on assessments specific to licensure type.

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate outstanding or satisfactory knowledge of the foundations of reading and writing processes and instruction.
2. Use a wide range of instructional practices, approaches, methods and curriculum materials to support reading and writing instruction.
3. Use of a variety of assessment tools and practices to plan and evaluate effective reading instruction.
4. Create and engage their students in literacy practices that develop awareness, understanding, respect and valuing of differences in society.
5. Create a literate environment that fosters reading and writing by integrating foundational knowledge, use of instructional practices, approaches and methods, curriculum materials and the appropriate use of assessments.
6. View professional development as a career long effort and responsibility.

Secondary Education - M.A.T.

College of Education Health and Human Services
School of Teaching, Learning and Curriculum Studies
www.kent.edu/ehhs/tlcs

About This Program

The Master of Arts in Teaching in Secondary Education program is designed for individuals who are passionate about teaching and inspiring the next generation of students. With a focus on hands-on experiences, you'll gain the skills needed to develop engaging lesson plans, manage classroom dynamics and facilitate student learning. Read more...

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Additional Coursework: An analysis of additional content-area coursework required at the post-undergraduate level will be completed before entering into the program, and a plan of study will be created based on transcript analysis and current licensure requirements by the Ohio Department of Education and Workforce. A minimum C grade is required in each of these courses. This coursework would be in addition to requirements for the M.A.T. degree in Secondary Education.

Program Learning Outcomes

Graduates of this program will be able to:

1. Implement current learning theories in the classroom.
2. Demonstrate continued professional development.
3. Understand the scope and sequence of curriculum in their content area for grades seven to 12.
4. Use reflection on teaching as a tool for improving teaching and student learning.
5. Incorporate the appropriate use of technology in classroom lessons to increase student learning.
6. Demonstrate how schools work and how support staff, parents and the community can be utilized to foster and improve their future students' success.
7. Recognize the importance of planning that incorporate national and state standards for their content area.
8. Develop and refine skills in planning, assessment and classroom management that maximize learning for all students.

Full Description

The Master of Arts in Teaching degree in Secondary Education serves individuals who have never held a teaching certificate or license.

There are two options of study:

1. 11-month option, which requires full-time study beginning the summer of the year admitted and continuing throughout the academic year
2. two-year option, which allows for part-time enrollment

The Secondary Education major comprises the following concentrations:

- Art
- Chemistry/Physics
- Dance
- Earth Science
- English/Language Arts
- French
- German
- Health
- Integrated Science
- Latin
- Life Science
- Life Science-Chemistry
- Mathematics
- Music
- Physical Education
- Social Studies
- Spanish

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Sport, Exercise and Performance Psychology - B.S.

College of Education Health and Human Services
School of Teaching, Learning and Curriculum Studies
www.kent.edu/ehhs/tlcs

About This Program

The B.S. in Sport, Exercise and Performance Psychology equips athletes, coaches and sport professionals with the mental strategies to enhance focus, motivation and resilience. Unlike traditional sport programs, this major focuses on the psychological aspects of peak performance. You will learn how confidence, anxiety and mindset impact success in sports, exercise and the performing arts. Graduates are prepared for careers in sport psychology, coaching and performance training or can pursue certification and advanced study in the field. Read more...

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Explain the role of the individual and the environments in sport and exercise behavior.
2. Demonstrate understanding of the foundation of motivation in sport sciences, learning and personal life.
3. Define and illustrate the concepts, tools and application of mental skills and performance enhancement.
4. Design and evaluate an applied research study from inception to conclusions.
5. Define the standards for competence, domestic and global diversity and ethical principles (i.e., AASP and APA) and its role in sport psychology professional practice.

Admission GPA for Undergraduate Students

For admissions, the College of Education, Health and Human Services considers a student to have established a Kent State University GPA after the student has successfully completed a minimum of 12 Kent State University credit hours. Undergraduate students who have not completed a minimum of 12 Kent State University credit hours will be evaluated for admission into programs, Advanced Study, and the Professional phase based on their high school GPA for new freshmen, or transfer GPA for transfer students. Once a student has successfully completed a minimum of 12 Kent State University credit hours, only the student's Kent State cumulative GPA will be considered for admission into a program, Advanced Study, and Professional Phase.

Students who have completed 12 or more credit hours of previous college-level coursework, either at Kent State University or at another accredited institution, need an overal GPA of 2.00 or higher to declare a College of Education, Health and Human Services majors, minors or certificates unless a higher minimum GPA is specified by the program. See specific programs in this catalog for more information on required minimum GPA to declare. Non-degree EHHS General can be declared without a minimum 2.00 overall GPA.

Transfer applicants who have completed fewer than 12 semester hours of college-level coursework will be evaluated on both collegiate and high school records.

Undergraduate Graduation Requirements

- Students declared in a teacher licensure major or minor must earn a minimum C grade in all major/minor and professional coursework.
- Students declared in the Education minor must earn minimum 2.500 content GPA.
- Students may apply a maximum 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses toward their degree.
- Students may apply a maximum of 4 credit hours of variable-titled workshop (xxx93) toward an undergraduate degree. Identical workshop topics that are repeated for credit will not count towards graduation requirements. All workshops are graded S/U (satisfactory/unsatisfactory). Some program areas may be more restrictive. Students are advised to consult their program regarding application of workshop credit toward degree requirements.

To see graduation requirements for a specific program, please select a major from the undergraduate program listing.

Full Description

The Bachelor of Science degree in Sport, Exercise and Performance Psychology provide students, athletes and those preparing for careers as coaches and sport practitioners with the knowledge of psychological theory and skills to enhance human behavior in the sport and exercise settings and the performing arts. The major differs from existing sport-related bachelor's degree programs due to its focus on psychological processes related to sport performance, as opposed to existing programs that focus on pedagogical, physiological or the business aspects of sport performance.

The Sport, Exercise and Performance Psychology major explores social-psychological concepts such as motivation, self-confidence, anxiety or burnout, and how these concepts interact with the sport environment to influence athletes (e.g., losing focus under pressure or having self-doubts during a game) and performance. The program prepares students with essential knowledge of psychological aspects of sport performance and ethical practice to work in wide-ranging sport-related fields or to further their education in their chosen careers via graduate programs and mental performance certification by the Association of Applied Sport Psychology.

Sport, Exercise and Performance Psychology - Minor

College of Education Health and Human Services
School of Teaching, Learning and Curriculum Studies
www.kent.edu/ehhs/tlcs

About This Program

The Sport, Exercise and Performance Psychology minor provides students, athletes and those preparing for careers in coaching, performing arts, sport practitioners and sport administrators with the knowledge of psychological theory and skills development to enhance human behavior in sport and exercise settings and artistic performance. The minor explores social-psychological concepts such as motivation, self-confidence, concentration, anxiety or burnout, and how these concepts can influence a sport environment (e.g., losing focus under pressure or self-doubt during a game), and the performing and creative artistic domain (e.g., lifestyle stresses, self-esteem or confidence.) Students are prepared to work in a wide-range of sport-related fields or to further their education in their chosen careers by continuing to a graduate program and certification.

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Gain knowledge and skills on the influences of the psychological aspects of exercise, injury and physical activity on performance.
2. Achieve a greater understanding of performance and achievement within the context of sport at a variety of levels, with diverse populations and in many different sports.
3. Consider a holistic perspective of sport, which includes athlete-centered coaching, cultural competence, development of character and life lessons through youth sport.
4. Demonstrate cultural competence, effective leadership and ethical decision-making skills.

Admission GPA for Undergraduate Students

For admissions, the College of Education, Health and Human Services considers a student to have established a Kent State University GPA after the student has successfully completed a minimum of 12 Kent State University credit hours. Undergraduate students who have not completed a minimum of 12 Kent State University credit hours will be evaluated for admission into programs, Advanced Study, and the Professional phase based on their high school GPA for new freshmen, or transfer GPA for transfer students. Once a student has successfully completed a minimum of 12 Kent State University credit hours, only the student's Kent State cumulative GPA will be considered for admission into a program, Advanced Study, and Professional Phase.

Students who have completed 12 or more credit hours of previous college-level coursework, either at Kent State University or at another accredited institution, need an overal GPA of 2.00 or higher to declare a College of Education, Health and Human Services majors, minors or certificates unless a higher minimum GPA is specified by the program. See specific programs in this catalog for more information on required minimum GPA to declare. Non-degree EHHS General can be declared without a minimum 2.00 overall GPA.

Transfer applicants who have completed fewer than 12 semester hours of college-level coursework will be evaluated on both collegiate and high school records.

Full Description

The Teaching and Learning with Technology minor will provide students with the tools to acquire the knowledge and concrete skills to deploy educational technology theories and strategies in multiple fields while working at educational institutions, communication-related companies, public health entities and other industries.

This certificate is for both students in an education or non-education major. Education students will strengthen their know-how in learning innovations while being exposed to interdisciplinary stimuli and references and expanding their professional and academic horizon. Non-education students will access the most recent best practices in educational technology, applying them in their own field of reference and beyond.

College Policies

Assigning Out-of-Sequence Students to Clinical Nursing Courses

1. Students are responsible for contacting Student Services, Room 216, Henderson Hall to make arrangements for repeating a nursing course.
2. Readmission to the B.S.N. sequence for any reason is on a "space available" basis. Students already progressing in sequence have priority in placement over those requesting re-enrollment. Accelerated B.S.N. students have priority in summer scheduling.
3. Students are enrolled in courses using the following guidelines in order:
   a. Are in good standing but lost a semester with verified illness or military service.
   b. Have failed and successfully repeated a clinical course.
   c. Have withdrawn from one course.
   d. Have withdrawn from a course more than once.
   e. Cumulative grade point average at the time of registration.

Changing Campuses

1. Traditional and Accelerated B.S.N. students are admitted by campus and are required to complete the B.S.N. program at their admitted campus of origin.
2. Students wishing to change campuses during their program must comply with the following guidelines in order:
   a. Once campus rosters have been set based on the procedure for assigning students, students who are in-sequence and approved to switch campuses by the Associate Dean of Academics may be placed.
   b. Students who are out of sequence may switch campuses in order to repeat courses based on the order established for assigning out-of-sequence students. No approval by the Associate Dean of Academics is needed in this instance. Students will be directed to return to their campus of origin, once they have successfully repeated their course at another campus.
   c. Students should complete the Changing Campus Request Form to initiate a change.

Clinical Compliance Policy

This policy applies to all students enrolled in B.S.N., M.S.N., D.N.P. degree programs and postmaster's certificates. Students must provide documentation of the following items to a third-party vendor that is

approved to track and maintain student health and other compliance documents. Students are responsible for all costs incurred in meeting the requirements for clinical compliance and for establishing and maintaining their third party account profile. Students in the B.S.N., M.S.N. and D.N.P. degree programs and College of Nursing post-master's certificates must be fully compliant with this policy prior to registering for their first practicum course.

Requirements

1. **Current American Heart Association Basic Life Support for Healthcare Provider certification in cardiopulmonary resuscitation (CPR) or American Red Cross CPR/AED.** Ph.D. students must have CPR certification within the first semester of enrollment.
2. **Background Check:** Students are required to submit federal and state criminal background checks and incur the related costs. International students must meet university policy for admission.
3. **Healthcare Insurance:** Students must provide proof of health insurance. Students can submit either (a) a copy of an insurance card with the student's name on the card or (b) a copy of the health insurance statement coverage that indicates that the student is covered.
4. **Immunizations/Immune Status Testing:** Evidence of the required immunizations/tests must be provided on the Immunization and Physical Compliance Form available from the Office of Student Services. The form must be completed, dated and signed by a licensed health care provider then uploaded to the third party vendor's portal.
5. **Physical examination**: A physical examination is required within one year prior to admission to a clinical site. For students admitted into the B.S.N., M.S.N. and D.N.P. degrees or post-master's certificates, the provider conducting the physical must indicate that the student can perform activities in the nursing student's clinical and practicum courses, or can do so with reasonable accommodations, and is free of all communicable diseases. Students should request accommodations from the Office Student Accessibility Services. Failure to obtain the physical examination or the provider assurance may prevent the university from placing the student in a clinical setting.

Students who have allergic reactions, medical waivers, refuse vaccinations or other physiological conditions that preclude them from receiving vaccinations are required to contact the Office of Student Services upon admission to their academic program. Such conditions may prevent students from completing clinical/practical coursework at some partner agencies which may result in a delay of graduation.

Registered Nurse (RN) Licensure

Students enrolled in the B.S.N. (Nursing for Registered Nurses major), M.S.N., and D.N.P. degrees or post-master's certificates must have an active, unrestricted RN license in either (1) the state of Ohio for students taking on-campus courses or who will be completing practica in Ohio or (2) the state of residence and practice for applicants residing and completing practicum outside Ohio. They must obtain proof of the appropriate licensure within the first semester of their program or before starting their practicum hours, whichever comes first.

Students in the Ph.D. degree must have an active unrestricted Ohio RN license—or for international students, proof of legal ability to practice as a RN in country of origin. They must show proof of license at the time of admission into the Ph.D. degree.

Course Withdrawal Policy

Students in the B.S.N. degree who withdraw from two NURS courses or from the same NURS course twice (i.e., W administrative mark on the student's transcript) will have that course or courses count as one failure in their program.

The following courses are excluded from the policy:

- NURS 10060
- NURS 20950
- NURS 31010

Not Permitted to Continue Policy within the College of Nursing

1. Undergraduate students who fail two NURS courses or one NURS course twice will not be permitted to continue in the professional nursing sequence.
   a. Exempt from the policy are the following courses: NURS 10060, NURS 20950 and approved topics under NURS 31095 or NURS 41095.
2. Students who have been reinstated into the B.S.N. degree and then fail one NURS course after reinstatement will not be permitted to continue in the major.
3. Students must have a minimum 2.000 overall GPA each semester to continue in the B.S.N. degree. Failure to achieve this GPA each semester will result in the student not being permitted to continue in the B.S.N. degree.
4. The College of Nursing retains the right to not permit a student to continue in the B.S.N. degree if deemed to violate:
   a. Any policy within the College of Nursing student handbooks or of affiliating facilities.
   b. Professional behavior and role development standards as outlined in College of Nursing, university or affiliating agency policies or handbooks.
5. Students who have been reinstated into the professional nursing sequence must earn a minimum C grade in all NURS courses. Failure to do so will result in those students being not permitted to continue in the professional nursing sequence.

Reinstatement Into the College of Nursing

Applications for readmission to the College of Nursing following Not Permitted to Continue will be reviewed on an individual basis. Students wishing to appeal their Not Permitted to Continue decision should contact the Office of Student Services in Henderson Hall for the detailed procedure related to such an appeal.

Repeat of Nursing Courses

1. A student who does not attain a GPA of 2.000 (grade of C) in a nursing clinical course cannot proceed to the next academic level. A student who does not earn a 2.000 (grade of C) in a nursing course must repeat this course based on seat availability.
2. A student can repeat a single nursing course only one time. A student who earns below a 2.000 (grade of C) in a second (or is repeating a failure) nursing course will be not be permitted to continue in the program within the College of Nursing.
3. This policy excludes NURS 10060, NURS 20950 and NURS 31010.

4. Accelerated B.S.N. students who fail a course will no longer continue in the Accelerated concentration , but can continue in the Traditional B.S.N. program

Science GPA Calculation Policy

The first-year science GPA is calculated using the highest grade earned for each of the prerequisite science courses in the B.S.N. degree.

Time Limit for Graduate Nursing Courses

Certain courses are critical to be completed within a timely manner for patient safety as well as student success in the program. This policy ensures that clinical skills and critical knowledge learned in specific courses taken three or more years ago are refreshed before moving to more advanced levels of practice.

Students who have stopped out of the clinical sequence of courses for a period of time must repeat the following practicum and corequisite lecture courses if they are three of more years old:

- NURS 60110 and NURS 61192
- NURS 60120 and NURS 61292
- NURS 60125 and NURS 61892
- NURS 60126 and NURS 61392
- NURS 60126 and NURS 61892
- NURS 60129 and NURS 61092
- NURS 60151 and NURS 61592
- NURS 60160 and NURS 61692
- NURS 60170 and NURS 61792
- NURS 60210 and NURS 62192
- NURS 60220 and NURS 62292
- NURS 60230 and NURS 62392
- NURS 60251 and NURS 63592
- NURS 60270 and NURS 62792
- NURS 60310 and NURS 63192
- NURS 60320 and NURS 63692
- NURS 60325 and NURS 63292
- NURS 60330 and NURS 63392
- NURS 60353 and NURS 64592
- NURS 60370 and NURS 63792
- NURS 60372 and NURS 63992
- NURS 60470 and NURS 64792
- NURS 62592
- NURS 66100 and NURS 66192
- NURS 66200 and NURS 66292
- NURS 66300 and NURS 66392
- NURS 66400 and NURS 66492

Certifying agencies and state licensing requirements for advanced practice registered nurses have time limits for critical courses. Courses completed outside of this time frame may need to be repeated prior to seeking national certification. Students are advised to check with certifying agencies and state licensing agencies upon admission to determine if the age of their prior courses will meet requirements.

Uniform for Clinical Experience

1. The uniform consists of a white tunic top and blue pants embroidered with the Kent State University College of Nursing logo. Any student expecting a modification of the uniform should speak first with the Kent State University Associate Dean of Undergraduate Programs.
2. Students are required to purchase two sets of the official embroidered uniform, an embroidered white scrub jacket, and the required College of Nursing name tag, which must be worn at all times during each clinical experience (per Ohio Board of Nursing). Uniforms may only be purchased from the uniform company authorized to sell official Kent State University College of Nursing uniforms.
3. Female students who need a maternity uniform should contact the official Kent State University College of Nursing uniform company to purchase a maternity uniform embroidered with the Kent State University College of Nursing logo, similar to the typical tunic and pants.
4. Students requiring a uniform dress to meet religious guidelines should contact the official Kent State University College of Nursing uniform company to purchase a uniform embroidered with the Kent State University College of Nursing logo dress similar in style to the tunic top.
5. In selected areas such as obstetrics, community health, and psychiatric/mental health, scrubs or street clothes are worn. Specific apparel requirements for these areas are provided by the affiliating clinical agencies, the course syllabus and/or the faculty.
6. It is required that baccalaureate nursing students dress in a professional manner at all times in the clinical area. In order to maintain a professional appearance, a limited number of accessories may be worn with the uniform:
   a. A watch with a second hand, a single pair of plain gold or silver posts worn in the lower ear lobe of pierced ears and a wedding band are acceptable in most settings.
   b. A chain that does not show when worn may also be acceptable, depending on the clinical agency.
   c. Not permitted in the clinical area are visible piercings with jewelry in places other than the lower ear lobes (e.g. upper ear, nose, tongue, eyebrows, etc.). All open piercing must remain empty. Spacers are not permitted while attending clinical experiences.
7. While at the clinical agency, tattoos must be covered with a long sleeve top, white or neutral undershirt, socks or dressing/band aid.
8. If nail polish is worn, only a clear or light, neutral shade is permitted. Nails should be trimmed to avoid extending beyond the end of the fingers. Per OSHA rules, artificial nails may not be worn in any clinical facility.
9. Hair should be neat and worn above the collar in a style becoming to the person. If hair is longer than collar length, it must be pulled back to avoid contact with patients while performing procedures. Hair of unnatural color is unacceptable. Established beards are to be neatly trimmed. Males without beards are to be clean shaven.
10. Prior to the first clinical experience, students are required to provide documentation to the Assistant Dean of the Undergraduate program if they must adhere to specific religious dress and head covering restrictions
11. Shoes should be clean and in good repair. With the official Kent State University College of Nursing uniform, students may wear white nursing shoes; white, closed front clogs with backs; or white, leather athletic shoes, without large or colorful logos.

12. At all times during clinical experiences, students must adhere to the uniform code of Kent State University College of Nursing. Clinical agency policies may be more restrictive and require further or additional accommodations by students.

College of Nursing Faculty

- Aller, Loretta J. (2010), Assistant Professor, Ph.D., Kent State University, 2019
- Bacha, Mary B. (2007), Associate Lecturer, M.S.N., Kent State University, 1983
- Beckley, Lyndy E. (2017), Associate Lecturer, M.S.N., Kent State University, 2016
- Biggs, Jennifer R. (2011), Senior Lecturer, M.S.N., Kent State University, 2011
- Bixler, Sarah (2013), Associate Lecturer, M.S.N., Kent State University, 2014
- Blackwell, James (2018), Lecturer, M.S.N., Kent State University, 2018
- Bowen, Lucas S. (2013), Associate Lecturer, M.S.N., Kent State University, 2015

- Wilk, Cindy A. (2003), Professor, Ph.D., Kent State University, 2023

Nursing (NURS)

NURS 10060 INTRODUCTION TO PROFESSIONAL NURSING PRACTICE 3 Credit Hours

Focus on nursing's development as a discipline and profession. The art and science of nursing including the Scope and Standards of Practice, nursing theory, evidence based practice, and therapeutic communication will be explored.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 20005 CLINICAL CALCULATIONS IN NURSING I 1 Credit Hour

This course focuses on essential mathematical and reasoning skills that are required for clinical nursing care. Content includes converting units of measure, calculating dosages and interpreting the language of medication administration. Students must be admitted to the professional nursing sequence.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

NURS 20015 CLINICAL CALCULATIONS IN NURSING II 2 Credit Hours

Clinical Calculations II continues to focus on essential mathematical and reasoning skills that are required for clinical nursing care including safe medication administration. Introduces calculations required for parenteral medication administration and beginning competencies for clinical application.
Prerequisite: NURS 20005 and NURS 20020 with a minimum grade of C.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

NURS 20020 FOUNDATIONS OF ASSESSMENT AND COMMUNICATION IN NURSING 3 Credit Hours

Individuals are assessed as members of families and community members. Communication in nursing is explored. Students must be admitted to the Professional Nursing Sequence to be able register for this course.
Prerequisite: Special approval.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2 lecture, 3 lab
Grade Mode: Standard Letter

NURS 20025 PHARMACOLOGY AND ALTERATIONS IN PHYSIOLOGICAL FUNCTIONING I 3 Credit Hours

Introduction to the basic principles of pathophysiology and pharmacology. Course offers a general understanding of pathophysiologic processes of body systems and the major classes of pharmacotherapeutic agents that are used to treat these pathophysiologic processes. The course focuses on mechanisms of action, effects of medications, pharmacodynamics, pharmacokinetics, as well as principles that guide the administration of medications, dosage and nursing responsibilities. Age and cultural differences related medication administration are addressed throughout the course. Students must be admitted to the Professional Nursing Sequence to be able register for this course.
Prerequisite: NURS 20020 or NURS 20040 (as a corequisite); and Nursing major; and sophomore standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 20030 FOUNDATIONS OF NURSING INTERVENTIONS 5 Credit Hours

Foundations of nursing interventions enables students to continue to develop nursing knowledge and skills to improve the health of individuals. It requires the use of evidence-based practice, professional communication, safety principles, clinical judgment and the nursing process. This course introduces person-centered care to adults in a clinical setting.
Prerequisite: NURS 20020 with minimum C grade.
Schedule Type: Clinical Laboratory, Laboratory, Lecture
Contact Hours: 2 lecture, 2.4 lab, 5.2 other
Grade Mode: Standard Letter

NURS 20035 ACCELERATED CLINICAL CALCULATIONS 2 Credit Hours

This course focuses on essential mathematical and reasoning skills that are required for safe clinical practice. Content includes converting units of measure, calculating dosages, interpreting the language of medication administration, calculations required for parenteral medication administration, and competencies for clinical application.
Pre/corequisite: NURS 20040.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

NURS 20040 FUNDAMENTALS OF NURSING 8 Credit Hours

Course focuses on selected aspects of nursing care to improve the health of individuals within families and communities. Individuals are assessed as members of families and community members. Communication in nursing is explored. Principles of the interpersonal process, nursing process and professional nursing are utilized. Students must be admitted to the Professional Nursing Sequence to be able register for this course.
Prerequisite: CHEM 10050 or CHEM 10055 or CHEM 10060; and BSCI 21010 and BSCI 21020; and BSCI 20021 or BSCI 30171; and special approval.
Schedule Type: Clinical Laboratory, Laboratory, Lecture
Contact Hours: 4 lecture, 4 lab, 6 other
Grade Mode: Standard Letter

NURS 20950 HUMAN GROWTH AND DEVELOPMENT FOR HEALTH PROFESSIONALS 3 Credit Hours
Examines theoretical principles and concepts of human growth and development throughout the life cycle applicable to personal and professional activities essential to the accurate assessment of human needs and understanding human behaviors.
Prerequisite: PSYC 11762; and sophomore standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: CTAG Nursing/Associate Degree, ITAG Nursing/Associate Degree

NURS 21095 SPECIAL TOPICS IN NURSING 2-4 Credit Hours
(Repeatable for credit)Scheduled topics of interest to faculty and students.
Prerequisite: Sophomore standing.
Schedule Type: Lecture
Contact Hours: 2-4 lecture
Grade Mode: Standard Letter

NURS 21096 INDIVIDUAL INVESTIGATION IN NURSING 2-4 Credit Hours
(Repeatable for credit) Designed for the student interested in exploration and research of material not covered in required nursing courses.
Prerequisite: Sophomore standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 2-4 other
Grade Mode: Standard Letter

NURS 30010 PARENT AND NEWBORN NURSING 4 Credit Hours
This course prepares students to deliver high-quality and safe nursing care to the childbearing person, family and neonate. It integrates the nursing process, evidence-based practice, critical thinking, interprofessional partnerships, social determinants of health and person-centered culturally sensitive care. A holistic approach is used to implement the nursing process for obstetrical and neonatal populations. Course content ranges from pre-conception to the postpartum and neonatal periods. Students must be admitted to the Professional Nursing Sequence to be able register for this course.
Prerequisite: Minimum C grade in NURS 20020 and NURS 20030 or in NURS 20040; and NURS 20950.
Corequisite: NURS 30020.
Schedule Type: Clinical Laboratory, Laboratory, Lecture
Contact Hours: 2 lecture, .8 lab, 4 other
Grade Mode: Standard Letter

NURS 30015 PHARMACOLOGY FOR INFANTS, CHILDREN AND MATERNAL CHILD HEALTH 3 Credit Hours
(Repeatable for credit) Provides additional information to better understand the complexity of pediatric medications and their safe delivery to pediatric patients of all ages. Also, identifies safe practices for medication administration to mothers and their newborns.
Pre/corequisite: NURS 30010 or NURS 30020.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 30020 HEALTH CARE OF CHILDREN 4 Credit Hours
Course prepares students to provide comprehensive healthcare to a diverse population of children and their families through the incorporation of developmental theories and evidence-based concepts specific to children.
Prerequisite: Minimum C grade in NURS 20020 and NURS 20030 or in NURS 20040.
Corequisite: NURS 30010.
Schedule Type: Clinical Laboratory, Laboratory, Lecture
Contact Hours: 2 lecture, .53 lab, 4 other
Grade Mode: Standard Letter

NURS 30025 PHARMACOLOGY AND ALTERATIONS IN PHYSIOLOGICAL FUNCTIONING II 3 Credit Hours
This course is a continuation of the study of pathophysiology and pharmacology for nursing students. It provides a deeper understanding of pathophysiologic processes of body systems, the management of disease states, interpretation of lab values and the analysis of symptomology and nursing indicators to allow students to initiate appropriate nursing actions as related to pharmacology and pathophysiology. This course explores assessment of therapeutic effects, side effects and adverse reactions of medications; it presents teaching skills needed to enhance patient education and pharmacologic literacy. Students must be admitted to the Professional Nursing Sequence to be able register for this course.
Prerequisite: NURS 20025 with a minimum C grade; and Nursing major; and sophomore standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 30035 NURSING OF ADULTS ACROSS THE LIFESPAN 9 Credit Hours
Course emphasizes the care of adults, focused on health promotion, prevention of episodic illness and maintenance of health status. Gerontologic changes and rehabilitation needs are addressed. Utilizes nursing process as a foundation to provide nursing care. Course is composed of classroom and clinical experience in the acute, chronic and rehabilitation care settings. This course integrates concepts to prepare students to deliver culturally congruent and appropriate care. Students must be admitted to the Professional Nursing Sequence to be able to register for this course.
Prerequisite: Minimum C grade in the following courses: (NURS 20005 and NURS 20015) or NURS 20035; and (NURS 20020 and NURS 20030) or NURS 20040; and NURS 20950.
Schedule Type: Clinical Laboratory, Laboratory, Lecture
Contact Hours: 5 lecture, 1.6 lab, 8 other
Grade Mode: Standard Letter

NURS 30050 BASIC NURSING INFORMATICS 2 Credit Hours
Focuses on the use of nursing informatics for clinical nursing practice, inquiry and communication. This course integrates concepts to prepare students to deliver culturally congruent and appropriate care. Students must be admitted to the Professional Nursing Sequence to be able register for this course.
Prerequisite: NURS 20020 with a minimum C grade; and NURS 20030 or NURS 20040 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

NURS 30070 HEALTH CARE POLICY (WIC) 3 Credit Hours
This course looks at the organizational and societal context in which health care is delivered in the United States. The course is a comprehensive introduction to health policy that prepares students to participate in eliminating health inequity through the application of the policy process and advocacy skills beyond the bedside. It focuses on the role of the nurse in advocating for individuals using effective professional written and oral communication at the organizational, state and federal levels. The course explores the distinction between regulations, laws and policies through the exploration of contemporary and historical health policy considerations that impact the cost, quality and access to healthcare. The course emphasizes the use of various professional and public resources and evidence from the profession of nursing to inform policy.
Prerequisite: NURS 20030 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

NURS 30071 HEALTH CARE POLICY FOR THE B.S.N. NURSE 2 Credit Hours
This course looks at the organizational and societal context in which health care is delivered in the United States. The course is a comprehensive introduction to health policy that prepares students to participate in eliminating health inequity through the application of the policy process and advocacy skills beyond the bedside. It focuses on the role of the nurse in advocating for individuals using effective professional written and oral communication at the organizational, state and federal levels. The course explores the distinction between regulations, laws and policies through the exploration of contemporary and historical health policy considerations that impact the cost, quality and access to healthcare. The course emphasizes the use of various professional and public resources and evidence from the profession of nursing to inform policy.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

NURS 31010 APPLICATIONS FOR STATISTICAL FINDINGS FOR EVIDENCE BASED PRACTICE 3 Credit Hours
An introduction to statistical techniques with an emphasis on application in the health care setting.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 31095 SPECIAL TOPICS IN NURSING 2-4 Credit Hours
(Repeatable for credit)Scheduled topics of interest to faculty and students.
Prerequisite: NURS 20950.
Schedule Type: Lecture
Contact Hours: 2-4 lecture
Grade Mode: Standard Letter

NURS 31096 INDIVIDUAL INVESTIGATION 2-4 Credit Hours
(Repeatable for credit)Designed for the student interested in exploration and research of material not covered in required nursing courses.
Prerequisite: Special approval.
Schedule Type: Individual Investigation
Contact Hours: 2-4 other
Grade Mode: Standard Letter

NURS 32060 TRANSCULTURAL NURSING ADVANCING CULTURAL HUMILITY 2 Credit Hours
This course provides students with the opportunity to explore and understand the role of the transcultural nurse and the significance of cultural humility. Cultural humility serves as the basis for good moral education toward optimal healthcare and culturally competent and effective nursing care. Cultural humility recognizes that growth toward intercultural competence requires a lifelong journey of learning about and experiencing other cultures.
Prerequisite: Sophomore standing; and special approval.
Schedule Type: Laboratory, Combined Lecture and Lab, Seminar
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

NURS 35020 TRANSCULTURAL NURSING AND HEALTH CARE 3 Credit Hours
Provides students with the opportunity to explore and understand the role of the transcultural nurse in the care of patients from multiple and diverse cultural groups.
Prerequisite: Junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 35040 COMPLEMENTARY AND INTEGRATIVE HEALTH 3 Credit Hours
(Repeatable for credit) Explores and critically analyzes complementary and integrative health therapies, products, and supplements primarily being used in the United States through the review of evidenced based research and case studies. Synthesizing the exploration of complementary and integrative health practices that are often used in conjunction with traditional Western medicine, students examine the evolving Integrative Health, which has also been called Integrative Medicine, or Complementary and Alternative Medicine.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 35050 ADVANCED MEDICAL SURGICAL SIMULATION 3 Credit Hours
Provides students opportunities for critical thinking and decision making through the use of human patient simulation. Theory, content and hands on application advance students' clinical judgement and competence in caring for patients of advancing complexity and those in crisis situations.
Prerequisite: NURS 20030 with a minimum C grade.
Corequisite: NURS 30010, NURS 30020 and NURS 30035.
Schedule Type: Combined Lecture and Lab
Contact Hours: 1.5 lecture, 1.5 lab
Grade Mode: Standard Letter

NURS 35060 CRITICAL THINKING AND TEST TAKING SKILLS 2 Credit Hours
(Repeatable once for credit) The focus of this course is to understand the art of analyzing and evaluating one's thinking. The focus is on how a person thinks and how they can improve their thinking. This course is designed for nursing students seeking to expand their critical thinking ability and improve studying and test taking skills. This course promotes analysis and evaluation of problem solving abilities and requires self-directed, self-disciplined and corrective thinking. The student will explore and develop individual plans with the course faculty person to improve their studying and test taking skills.
Prerequisite: Enrolled in the college of nursing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

NURS 35065 STUDENTS HELPING STUDENTS: A STUDENT MENTORING COURSE 2 Credit Hours
(Repeatable once for credit) This course is designed for the junior or senior student that has demonstrated a strong understanding of one or more course topics and who desires to function in the role of a mentor or tutor. Throughout the course the student will utilize skills learned in the course while engaging in a mentor tutor relationship with students of a lower class rank in need of mentoring and or tutoring.
Prerequisite: Nursing major; and junior and senior standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

NURS 35070 NURSING ETHICS IN CLINICAL PRACTICE 3 Credit Hours
This course focuses on the principles and the theories related to the ethical challenges faced by today's health care professionals. It explores the ethical obligations of the professional nurse's role as a member of the interdisciplinary team, provider, leader and manager of care. This course further emphasizes methods of analyzing and resolving moral dilemmas using clinical decision making skills that can be applied to the clinical setting.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 35075 INTRODUCTION TO FORENSIC NURSING 3 Credit Hours
This course will explore the basic concepts and foundations of forensic nursing in both criminal and civil contexts. The different roles and responsibilities of the forensic nurse in the investigation of violence and trauma, as well as the integration of scientific, ethical and legal principles into the acute care and community nursing practice will be examined. Providing specialized, holistic care of victims and families will be stressed. Students will review victimology, evaluate prevalent population-based health issues and explore forensic nursing interventions.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 35080 CONTEMPORARY ISSUES IN NURSING PRACTICE AND HEALTH CARE 3 Credit Hours
This course provides the student an opportunity to focus on diverse contemporary issues in professional nursing practice and the health care environment. Content promotes critical thinking pertaining to emerging issues in society and how the topics impact practicing nurses, the nursing profession, the delivery of care, and the health-wellness continuum. This course will encompass evidence-based theory, which correlates with the relevant issues and explores avenues for improved health care.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 40003 COMPARATIVE HEALTH CARE: NURSING IN NORTHERN IRELAND 2-3 Credit Hours
Includes a 2 week intensive study abroad that is conducted in Northern Ireland and includes seminars at the University of Ulster and in select clinical settings. Students examine the cultural, political and economic forces influencing health care and nursing needs; status of nursing education, licensure and practice; and health disparities in Northern Ireland and compare them to the United States. An additional 1 credit hour web-based option is offered the week immediately following the 2 weeks in Northern Ireland for students who choose the 3 credit hour option.
Prerequisite: Minimum 2.750 overall GPA; and special approval.
Schedule Type: Clinical Laboratory, Seminar
Contact Hours: 2-3 other
Grade Mode: Standard Letter

NURS 40005 PROFESSIONAL NURSING DEVELOPMENT 3 Credit Hours
This course focuses on professional development and transition from student to graduate nurse. Emphasis is on professional role development through exploration of contemporary nursing issues in healthcare economics; diversity, equity and inclusion of the workforce; nursing theory; the future of nursing and health care; and the importance of self-care and lifelong learning. Students are encouraged to apply critical thinking strategies and self-reflection during classroom discussions, assignments and presentations.
Prerequisite: NURS 30010 and NURS 30020 with minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 40010 NURSING OF THE CRITICALLY ILL 4 Credit Hours
This course integrates nursing concepts to prepare students to deliver person centered care through interprofessional partnerships to promote culturally sensitive and appropriate care in the critical care setting. A holistic approach is used to implement the nursing process for critically ill persons.
Prerequisite: Minimum C grade in NURS 30010 and NURS 30020 and NURS 30025 and NURS 30035 and NURS 30050.
Schedule Type: Clinical Laboratory, Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2 lecture, .53 lab, 4 other
Grade Mode: Standard Letter

NURS 40020 COMMUNITY HEALTH NURSING (DIVG) 4 Credit Hours
Course presents concepts of community health nursing with an emphasis on health protection, promotion and prevention of population-based health problems. This course integrates concepts to prepare students to deliver culturally congruent care. Students gain insight into the health problems facing diverse, vulnerable populations; they explore those populations' social determinants of health. Students use an epidemiologic approach to assess community health and identify aggregates within a community that are at risk for disease, disability and premature death. Concepts covered throughout this course are applied locally (town, county, state and country) and globally. Students must be admitted to the Professional Nursing Sequence to be able to register for this course. Students are responsible for their transportation to field experience.
Prerequisite: Minimum C grade in NURS 30010 and NURS 30020 and NURS 30025 and NURS 30035 and NURS 30050.
Pre/corequisite: NURS 40030.
Schedule Type: Clinical Laboratory, Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2.3 lecture, .5 lab, 3.2 other
Grade Mode: Standard Letter
Attributes: Diversity Global

NURS 40025 PROFESSIONAL AND EVIDENCE-BASED PRACTICE 3 Credit Hours
This course introduces the student to the process of identifying quality research studies and applying the findings to nursing practice to improve patient outcomes. This course also focuses on professional development and the transition from student to graduate nurse, including interviewing techniques and resume preparation. Explores health care economics and policy, political activism, cultural competence, nursing theory, leadership of meetings and managing group dynamics, the future of nursing and health care, nursing practice opportunities, role development, professional nursing organizations, graduate education and specialty certification. Students have the opportunity to attend a professional nursing organization meeting. Students must be admitted to the Professional Nursing Sequence to be able register for this course.
Prerequisite: NURS 30010 and NURS 30050 with a minimum C grade; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 40026 PROFESSIONAL AND EVIDENCE-BASED PRACTICE FOR THE ACCELERATED B.S.N. (WIC) 3 Credit Hours
Course introduces students to the process of identifying quality research studies and applying the findings to nursing practice to improve patient outcomes. The course also focuses on professional development and the transition from student to graduate nurse, including interviewing techniques and resume preparation. Explores health care economics and policy, political activism, cultural competence, nursing theory, leadership of meetings and managing group dynamics, the future of nursing and health care, nursing practice opportunities, role development, professional nursing organizations, graduate education and specialty certification.
Pre/corequisite: NURS 30010 and NURS 30050 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

NURS 40030 PSYCHIATRIC MENTAL HEALTH NURSING 4 Credit Hours
Focuses on the development of therapeutic relationships with individuals, families and vulnerable populations across the lifespan who have potential and or identified mental health needs. Students learn and apply theory about mental health and illness and demonstrate psychiatric nursing skills and interventions in caring for persons living with mental illness. This course integrates concepts to prepare students to deliver culturally congruent and appropriate care.
Prerequisite: Minimum C grade in NURS 30010 and NURS 30020 and NURS 30025 and NURS 30035 and NURS 30050.
Schedule Type: Clinical Laboratory, Laboratory, Lecture
Contact Hours: 2 lecture, .4 lab, 4 other
Grade Mode: Standard Letter

NURS 40035 SENIOR LEVEL SKILL COMPETENCY LABORATORY 1 Credit Hour
This course continues the development of essential skills and care to improve the health of individuals within families and groups. The patient care skills taught in this course prepare students for clinical practice and care for complex patients in a variety of settings.
Pre/corequisite: NURS 30010 and NURS 30020 and NURS 30035.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

NURS 40036 SENIOR COMPETENCY LABORATORY 2 Credit Hours
This course continues the development of essential skills, clinical judgement and care to improve the health of individuals within families and groups. The patient care skills taught in this course prepare students for clinical practice and care for complex patients in a variety of settings.
Prerequisite: NURS 30035.
Schedule Type: Laboratory
Contact Hours: 4 lab
Grade Mode: Standard Letter

NURS 40045 INTEGRATION OF LEADERSHIP AND MANAGEMENT IN NURSING (ELR) 6 Credit Hours
Course provides students with the opportunity to analyze the concepts of leadership and management in health care. The course focuses on health systems, including organizational culture and structure, leading high performing teams, human and capital resource management, delegation, clinical judgement and outcome evaluation. Course provides students with a practicum immersion experience with a preceptor in a health care setting allowing the opportunity to synthesize their nursing knowledge in preparation for their professional nursing role.
Prerequisite: Minimum C grade in NURS 30010 and NURS 30020 and NURS 30025 and NURS 30035; and senior standing.
Schedule Type: Clinical Laboratory, Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2.75 lecture, .2 lab, 9.5 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

NURS 40075 INFORMATION AND PATIENT CARE TECHNOLOGY FOR HEALTHCARE PROFESSIONALS 3 Credit Hours
(Cross-listed with RSPC 40075). Focuses on the use of information management and information systems, technology and the human technology interface utilized in healthcare. Students taking this course must be registered nurses. This course is designated for Nursing for Registered Nurses students with a current or verifiable nursing license only. Please see your academic advisor for special approval to register for this course.
Prerequisite: Nursing for Registered Nurses major; and special approval.
Pre/corequisite: A minimum C grade in NURS 41000.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 40085 INQUIRY AND RESEARCH FOR PROFESSIONAL NURSING PRACTICE 3 Credit Hours
Introduction to clinical inquiry and research for the professional nurse. Theoretical frameworks appropriate to nursing are addressed in relation to research development. A nursing Evidence Based Practice project is developed.
Pre/corequisite: MATH 10041 or PSYC 21621; or SOC 32220 and 32221; GEOG 39002, BMRT 21004, MATH 30011, BA 24056 and PH 30002; and nursing major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 40089 INTERNATIONAL HEALTH CARE POLICIES (DIVG) (ELR) (WIC) 3 Credit Hours
This course looks at the organizational and societal context in which health care is delivered in specific countries worldwide. A historical perspective is developed early in the semester. Building on this, the course explores existing health care policies in a specific population or county. This course further examines existing health networks, forms of care delivery, consumer needs and economics and funding for an identified population.
Prerequisite: NURS 20030; and special approval.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement, Writing Intensive Course

NURS 40092 NURSING PRACTICE INTERNSHIP (ELR) 1-4 Credit Hours
Opportunity for professional nursing practice is expanded to a selected population with complex health care needs. Focus is on increasing theoretical knowledge base and using knowledge in complex care situations with patients and their families. Clinical practice will be guided by a clinical preceptor.
Prerequisite: NURS 30035 with a minimum C grade; and special approval.
Schedule Type: Clinical Laboratory
Contact Hours: 12 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

NURS 40872 INTRODUCTION TO EVIDENCE-BASED PRACTICE 3 Credit Hours
Course introduces students to the process of identifying quality research studies and applying the findings to nursing practice to improve patient outcomes. The course integrates concepts to prepare students to deliver culturally congruent and appropriate care.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 40873 INTRODUCTION TO EVIDENCE BASED PRACTICE FOR REGISTERED NURSES 3 Credit Hours
This course introduces the student to the process of identifying quality research studies and applying the findings to nursing practice to improve patient outcomes.
Pre/corequisite: Minimum C grade in NURS 41000.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 40874 EVIDENCE-BASED PRACTICE FOR NURSES (WIC) 3 Credit Hours
Course equips students with the skills to identify, critically evaluate and apply high-quality research evidence to nursing practice. Students explore various research methodologies and assess their impact on patient outcomes, honing their ability to make evidence-based decisions in diverse clinical settings. Emphasizing the importance of cultural humility and sensitivity, the course prepares students to reflect on personal biases while striving to implement inclusive and effective nursing interventions.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

NURS 41000 CONCEPTS AND ISSUES FOR PROFESSIONAL NURSING PRACTICE 3 Credit Hours
Focuses on nursing concepts and theory, nursing process and the history of nursing as it relates to the development of professional nursing and the role of the professional nurse. Students taking this course must be registered nurses with a current or verifiable nursing license only.
Prerequisite: Nursing for Registered Nurses major; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 41089 INTERNATIONAL EXPERIENCE HEALTH CARE POLICES (DIVG) (ELR) 3 Credit Hours
(Repeatable for credit) This course looks at the organizational and societal context in which health care is delivered in specific countries worldwide. A historical perspective is developed early in the semester. Building on this, the course explores existing health care policies in specific countries with comparison analysis to domestic policy.
Prerequisite: NURS 20030; and special approval.
Schedule Type: International Experience
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

NURS 41095 SPECIAL TOPICS 2-4 Credit Hours
(Repeatable for credit) Scheduled topics of interest to faculty and students. Topics to be announced when scheduled.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 2-4 lecture
Grade Mode: Standard Letter

NURS 41096 INDIVIDUAL INVESTIGATION 2-4 Credit Hours
(Repeatable for credit) Designed for the student interested in exploration and research of material not covered in required nursing courses.
Prerequisite: None.
Schedule Type: Individual Investigation
Contact Hours: 4 other
Grade Mode: Standard Letter

NURS 42000 LEADERSHIP AND MANAGEMENT FOR PROFESSIONAL NURSING PRACTICE 3 Credit Hours
Allows the registered nurse (RN) to utilize personal and professional knowledge and experiences in the study of leadership and management. Facilitates discovery of how nursing and leadership theories define and enhance practice. Assists the RN in analyzing the relationship between nursing, the professional nurse's leadership management roles, and the articulation between nursing research and practice. Students taking the course must be registered nurses with a current or verifiable nursing license only.
Prerequisite: Nursing for Registered Nurses major; and special approval.
Pre/corequisite: Minimum C grade in NURS 41000.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 43001 HEALTH PROMOTION IN PROFESSIONAL NURSING PRACTICE (ELR) 3 Credit Hours
This course utilizes the nursing process to explore health promotion and disease prevention across the lifespan and healthcare settings. Theories and models are used to understand health behaviors. The course includes the role of the nurse; national health objectives; health literacy; education; counseling; transcultural considerations; factors affecting health promotion; and specific health promotion strategies. Student must be a registered nurse with a current or verifiable nursing license only.
Prerequisite: Nursing for Registered Nurses major; and special approval.
Pre/corequisite: NURS 41000 with a minimum C grade.
Schedule Type: Clinical Laboratory, Lecture
Contact Hours: 2 lecture, 3 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

NURS 44001 POPULATION-BASED NURSING FOR PROFESSIONAL NURSING PRACTICE (DIVG) 3 Credit Hours
Focuses on concepts of population-based nursing practice with emphasis on improving the health of diverse communities and populations, both locally and around the world. Students will gain insight into the health disparities facing diverse populations and cultures in the United States and throughout the world. Students will use an epidemiologic approach to assess community health and identify subgroups within the community or globally that are at risk for disease, disability, and premature death. Students taking this course must be registered nurses. This course is designated for Nursing for Registered Nurses students with a current or verifiable nursing license only. Please see your academic advisor for special approval to register for this course.
Prerequisite: Nursing for registered nurses major; and special approval.
Pre/corequisite: A minimum C grade in NURS 43001.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global

NURS 45000 HEALTH MAINTENANCE AND RESTORATION FOR PROFESSIONAL NURSING PRACTICE 3 Credit Hours
Focuses on issues related to health maintenance and restoration for individuals and families experiencing illness. Students taking this course must be registered nurses with a current or verifiable nursing license only.
Prerequisite: Nursing for Registered Nurses major; and special approval.
Pre/corequisite: NURS 43001 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 45010 HEALTHCARE POLICY AND DELIVERY SYSTEMS 3 Credit Hours
Web-based course looks at the organizational and societal context in which health care is delivered in the U.S. An historical perspective is developed early in the semester. Building on this, the course explores existing health care policy and delivery systems, including legislation, the professional disciplines, organizations and health networks, forms of care delivery, consumer needs, and economics and funding. The ability of the current health care system to serve all segments of the U.S. population is examined in depth. Global health needs are examined as a minor theme. Ends with a focus on future forms of delivery that would improve the health care status of the American population as a whole. This course is not included in the BSN curriculum.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 45020 CRITICAL APPLICATION OF NURSING IN PHARMACOLOGY 3 Credit Hours
Enhances application and analysis of pharmacology in nursing. Explores assessment of therapeutic effect, side effects and adverse reactions of medications. Analyzes pathophysiological symptoms, lab values and nursing indicators in order to allow students to initiate appropriate nursing actions as related to pharmacology. Further, course presents teaching skills needed to enhance patient education and pharmacologic literacy.
Prerequisite: NURS 20020 and 20030; and nursing major; and junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 45050 LEGAL ISSUES FOR NURSES 3 Credit Hours
This online course explores legal concepts and regulations that guide nursing practice and examines concepts, theories, and values applied in decision making that are related to a variety of legal concepts in nursing practice and health concepts.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 45060 NCLEX REVIEW PREPARATION 3 Credit Hours
This course reviews nursing concepts and content important for a registered nurse to make safe clinical judgments. Specific study strategies for passing the national licensure exam are reviewed. Students practice answering NCLEX-style questions. Students must be admitted to the Professional Nursing Sequence to be able register for this course.
Prerequisite: NURS 30035; and senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 45070 HEALTH CARE NEEDS FOR INDIVIDUALS WITH DISABILITIES 3 Credit Hours
(Slashed with NURS 55070) Healthcare Needs for Individuals with Disabilities focuses on the developmental, physical, and mental needs of the individual with disabilities. Strategies to identify and safely manage the unique needs of individuals with disabilities will be provided.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 45075 NCLEX SUCCESS 2 Credit Hours
This course reviews nursing concepts and content important for a registered nurse to make safe, clincal judgments. Specific study strategies for passing the national licensure exam are reviewed. Students practice answering NCLEX style questions. Students must be admitted to the Professional Nursing Sequence to be able register for this course.
Prerequisite: Senior standing; and special approval.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

NURS 45080 INTERDISCIPLINARY APPROACHES TO PALLIATIVE AND END OF LIFE CARE 3 Credit Hours
This course focuses on the care of people with a life-limiting illness, their families, and caregivers. Students will explore key concepts related to end of life care including the history and philosophical underpinnings of the hospice movement, spiritual, cultural, psychosocial, physical, legal, ethical and social considerations of dying in a contemporary society.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 46000 HEALTH CARE POLICY 3 Credit Hours
Examines the organizational and societal context in which health care is delivered. Existing health care policy and delivery systems are examined, including historical perspectives, legislation, professional disciplines, organizations, health networks, forms of care delivery, consumer needs, economics and funding. The ability of the current health care system to serve all segments of the U.S. population is examined in depth, as well as future forms of health care delivery. Global perspectives are also studied. Students must be registered nurses with a current or verifiable nursing license only.
Prerequisite: Nursing for Registered Nurses major; and special approval.
Pre/corequisite: NURS 43001 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 47000 CAPSTONE CLINICAL FOR PROFESSIONAL NURSING PRACTICE (WIC) 3 Credit Hours
Allows RNs to apply previously learned nursing theory and clinical knowledge with their baccalaureate education in the identification and implementation of a scholarly nursing project. This project utilizes, but is not limited to, previously learned knowledge of leadership skills, principles of teaching/learning, health care policy, change process, group process, team building, collaboration, healthcare policy and delivery systems, quality improvement, evidence-based care, diversity, nursing roles, information technology and systems, population-based care and ethical/legal issues. Students taking this course must be registered nurses.
Prerequisite: NURS 40075 and 41000.
Pre/corequisite: NURS 40085 and 42000 and 44001 and 45000 and 46000 and nursing major.
Schedule Type: Clinical Laboratory, Lecture
Contact Hours: 2 lecture, 3 other
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

NURS 47099 CAPSTONE FOR PROFESSIONAL NURSING PRACTICE (ELR) (WIC) 3 Credit Hours
Course allows registered nurses to apply previously learned nursing theory and clinical knowledge with their baccalaureate education in the identification and implementation of a scholarly nursing project. This project utilizes, but is not limited to, previously learned knowledge of leadership skills, principles of teaching learning, health care policy, change process, group process, team building, collaboration, healthcare policy and delivery systems, quality improvement, evidence-based care, diversity, nursing roles, information technology and systems, population-based care and ethical legal issues. Students taking this course must be registered nurses and have a current/verifiable nursing license.
Prerequisite: A minimum C grade in NURS 40075 and NURS 41000 and NURS 42000; and Nursing for Registered Nurses major; and special approval.
Pre/corequisite: A minimum C grade in NURS 40873 and NURS 43001 and NURS 44001 and NURS 45000 and NURS 46000.
Schedule Type: Lecture, Project or Capstone
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement, Writing Intensive Course

NURS 50003 COMPARATIVE HEALTH CARE: NURSING IN NORTHERN IRELAND 2-3 Credit Hours
Includes a 2 week intensive study abroad that is conducted in Northern Ireland and includes seminars at the University of Ulster and in select clinical settings. Students examine the cultural, political and economic forces influencing health care and nursing needs; status of nursing education, licensure and practice; and health disparities in Northern Ireland and compare them to the United states. An additional 1 credit hour web-based option is offered the week immediately following the 2 weeks in Northern Ireland for students who choose the 3 credit hour option.
Prerequisite: Minimum 3.000 overall GPA; and graduate standing; and special approval.
Schedule Type: Clinical Laboratory, Seminar
Contact Hours: 2-3 other
Grade Mode: Standard Letter

NURS 50089 INTERNATIONAL HEALTH CARE POLICIES 3 Credit Hours
(Slashed with NURS 40089 and NURS 70089)(Repeatable for credit) This course looks at the organizational and societal context in which health care is delivered in specific countries worldwide. A historical perspective is developed early in the semester. Building on this, the course explores existing health care policies in a specific population or county. This course further examines existing health networks, forms of care delivery, consumer needs and economics and funding for an identified population.
Prerequisite: Master of Science in Nursing degree or graduate nursing certificate; and graduate standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 55070 HEALTH CARE NEEDS FOR INDIVIDUALS WITH DISABILITIES 3 Credit Hours
(Slashed with NURS 45070) Healthcare Needs for Individuals with Disabilities focuses on the developmental, physical, and mental needs of the individual with disabilities. Strategies to identify and safely manage the unique needs of individuals with disabilities will be provided.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60010 ADVANCED NURSING INFORMATICS 3 Credit Hours
(Slashed with NURS 70010) Course focuses on the role of informatics in advanced nursing practice through examination and application of theories, trends and policies for generation, storage, retrieval and analysis of health information. Students examine the use of information structures, processes and technology to support clinical decision-making to achieve patient and healthcare outcomes.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60012 ADVANCED MENTAL HEALTH ASSESSMENT AND PSYCHOPATHOLOGY 4 Credit Hours
In this course, students gain the knowledge and skills necessary to conduct a holistic psychiatric and mental health assessment and diagnostic evaluation. Through a combination of theoretical learning and practical experiences, students develop an understanding of psychopathology and develop competence in differential diagnosis.
Prerequisite: Nursing major or Psychiatric Mental Health Nurse Practitioner graduate certificate; and graduate standing.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

NURS 60014 LEADERSHIP IN NURSING AND HEALTH CARE MANAGEMENT 3 Credit Hours
Course provides an introduction to nursing and health care management with a focus on the nursing and health care manager competencies and skills. Concepts explored include leadership and management theories as they relate to the functions and responsibilities of nursing and health care administrator roles, analysis of leadership style and professional competencies for nurses and health care managers and administrators.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60015 ADVANCED HEALTH ASSESSMENT 3 Credit Hours
Course comprises foundational skills, including the comprehensive history, physical and psychological assessment of diverse patient populations across the lifespan. Students apply the diagnostic reasoning process to initiate a plan of care for patients in a variety of settings.
Prerequisite: Graduate standing.
Pre/corequisite: NURS 60045.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60016 ADVANCED ASSESSMENT, PATHOPHYSIOLOGY AND PHARMACOLOGY FOR THE NURSE LEADER 3 Credit Hours
(Slashed with NURS 70016) Course explores concepts of advanced assessment, pathophysiology and pharmacology topics to meet the complex needs of diverse patient populations and prepare learners to use this knowledge in the role of a nurse leader.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60020 LEGAL AND REGULATORY MANAGEMENT FOR NURSE ADMINISTRATORS 3 Credit Hours
(Slashed with NURS 70020) This course focuses on legal and regulatory structures and issues and explores the impact of these topics on health care environments. Concepts and processes of accreditation, magnet designation, licensure and government regulation are explored.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60024 HEALTH CARE ORGANIZATION, STRUCTURE AND BEHAVIOR 3 Credit Hours
(Slashed with NURS 70024) Course focuses on the structures and behaviors common in health care organizations. Historical perspectives, organizational theories and types and characteristics of health care organizations are explored.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60025 HEALTH POLICY AND ADVANCED NURSING PRACTICE 3 Credit Hours
Course focuses on the role of the advanced practice nurse in healthcare policy-making, advocacy and analysis. Students analyze historical and current policy initiatives that influence healthcare funding and delivery, considering the roles of government, organizations, the discipline of nursing, health care leaders and individuals in setting policy. Students apply the nursing lens in advocating for policy advocacy considering the social determinants of health, vulnerable populations and ethics.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60045 PATHOPHYSIOLOGY FOR THE ADVANCED PRACTICE REGISTERED NURSE 3 Credit Hours
Provides graduate nursing students with a theoretic foundation of human physiology and the phenomena that produce alterations or pathology in human physiologic function; and an understanding of the basis of disease processes across the lifespan.
Prerequisite: Graduate standing in Nursing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60051 NEUROBIOLOGY AND PSYCHOPHARMACOLOGY OF MAJOR PSYCHIATRIC DISORDERS 4 Credit Hours
In this course, students gain the evidence-based neurobiological knowledge of major psychiatric disorders necessary to prescribe psychotropic medications based on patient needs and symptomatology.
Prerequisite: Nursing major or Psychiatric Mental Health Nurse Practitioner graduate certificate; and graduate standing.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

NURS 60101 THEORETICAL BASIS FOR NURSING PRACTICE 3 Credit Hours
(Slashed with NURS 70101) Course incorporates nursing theories, science and evidence-based practice to enhance clinical judgements that promote compassionate, person-centered care.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60110 ADULT GERONTOLOGY CLINICAL NURSE SPECIALIST I 3 Credit Hours
Introduction to the clinical nurse specialist (CNS) role to develop a foundation for equitable, evidence-based, person-centered advanced nursing care within the patient sphere of impact. Students explore the scientific and theoretical basis for interventions for health promotion and illness care in adults and gerontological patients across the care continuum. The CNS role within nursing and systems spheres of impact is introduced. S.N. degree or the Adult Gerontology Clinical Nurse Specialist graduate certificate; and graduate standing.
Prerequisite: NURS 60015; and admitted to the Adult Gerontology Clinical Nurse Specialist concentration in the M.
Pre/corequisite: NURS 60441 and NURS 60506.
Corequisite: NURS 61192.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60120 ADULT GERONTOLOGY PRIMARY CARE I 3 Credit Hours
Introduction to the care of adult-gerontology primary care patients. Identification and examination of evidence-based primary health care problems, needs and interventions. Course focuses on biological and behavioral parameters at primary, secondary and tertiary levels of prevention.
Prerequisite: NURS 60015 and NURS 60441; and Nursing major or Nurse Educator graduate certificate; and graduate standing.
Pre/corequisite: NURS 60506.
Corequisite: NURS 61292.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60125 FAMILY AND ADULT GERONTOLOGY NURSE PRACTITIONER ROLE 1 Credit Hour
This course continues to develop competencies of the Family and Adult-Gero Nurse Practitioner including requirements for practice, and prescribing. Quality of health care delivery is examined.
Prerequisite: NURS 60120 and NURS 61292; and graduate standing.
Corequisite: NURS 61892.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

NURS 60126 FAMILY AND ADULT GERONTOLOGY NURSE PRACTITIONER ROLE AND PROCEDURES 2 Credit Hours
Examination of the nurse practitioner role in the healthcare profession. Introduction to basic procedures and diagnostic interpretation used in developing clinical judgement for the care of adult gerontology and family patients.
Prerequisite: NURS 60120 and NURS 61292; or NURS 60129 and NURS 61092; and graduate standing.
Pre/corequisite: NURS 61392 or NURS 61892.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

NURS 60129 ADULT GERONTOLOGY ACUTE CARE NURSE PRACTITIONER I 3 Credit Hours
Introduction to the care of the adult or gerontology patient with chronic illness, acute illness and acute exacerbation of chronic illness. Identification of primary and acute health care problems, communication with diverse populations and examination of evidence-based practice to develop clinical judgment.
Prerequisite: NURS 60015; and graduate standing.
Pre/corequisite: NURS 60506.
Corequisite: NURS 61092.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60130 ADULT GERONTOLOGY ACUTE CARE NURSE PRACTITIONER II 1 Credit Hour
This course continues the introduction to the acute APRN care of the adult - gero patient with chronic illness, acute illness, and acute exacerbation of chronic illness. Identification and examination of evidence-based acute health care problems, needs, and interventions.
Prerequisite: NURS 60129 and NURS 60441 and NURS 61092; and graduate standing.
Corequisite: NURS 61392.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

NURS 60151 INDIVIDUAL PSYCHOTHERAPY 3 Credit Hours
In this course, students gain the skills necessary to use knowledge of relevant biological, psychosocial and developmental theories, as well as best available research evidence, to select psychotherapeutic approaches based on patient needs.
Prerequisite: NURS 60012 and NURS 60051; and Nursing major; and graduate standing.
Corequisite: NURS 61592.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60160 PRIMARY CARE PEDIATRICS 3 Credit Hours
Introduction to the care of pediatric patients in a primary care setting. Identification and examination of evidence-based primary health care problems, needs and interventions. Course focus is on health promotion, acute and chronic illness management and age and developmentally appropriate anticipatory guidance for infants and children.
Prerequisite: NURS 60015 and NURS 60441; and graduate standing.
Pre/corequisite: NURS 60506.
Corequisite: NURS 61692.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60170 PEDIATRIC ASSESSMENT FOR ADVANCED PRACTICE NURSES 3 Credit Hours
Initial pediatric assessment course emphasizes primary care of the infants, children and teens with a holistic approach to well-child development, health promotion, illness prevention and management of developmental challenges with a family centered approach.
Prerequisite: Graduate standing.
Pre/corequisite: NURS 60015.
Corequisite: NURS 61792.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60199 THESIS I 2-6 Credit Hours
Thesis students must register for a total of 6 credit hours, 2 to 6 hours in a single semester distributed over several semesters if desired. Guidelines are established by the College of Nursing.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Masters Thesis
Contact Hours: 2-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

NURS 60210 ADULT GERONTOLOGY CLINICAL NURSE SPECIALIST II 3 Credit Hours
Application and further development of the clinical nurse specialist (CNS) role introduced in NURS 60110, within adult and gerontological populations. The focus is on continued development of CNS competencies within the patient sphere of impact to promote equitable, evidence-based, person-centered advanced nursing care. Students develop CNS competencies in the nurse sphere of impact involving mentoring, coaching, role modeling and education with the interdisciplinary health care team. Evaluation of gaps and outcomes of care, including quality and safety, are examined.
Prerequisite: NURS 60110 and NURS 61192; and graduate standing.
Pre/corequisite: NURS 60403.
Corequisite: NURS 62192.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60220 PRIMARY CARE II: CHRONICALLY ILL ADULTS 3 Credit Hours
Introduction to the complexity of chronic care conditions of adult-gerontology primary care patients. Identification and examination of evidence-based primary health care problems, needs and interventions, with a focus on collaboration and consultation within a interprofessional team. Continue to address health promotion with primary, secondary and tertiary levels of prevention.
Prerequisite: NURS 60126 and NURS 61892; and graduate standing.
Corequisite: NURS 62292.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60230 ADULT GERONTOLOGY ACUTE CARE NURSE PRACTITIONER III 4 Credit Hours
Care of the critically ill adult or gerontology patient with chronic illness, acute illness and acute exacerbation of chronic illness. Identification and examination of critical care problems, appropriate communication with diverse populations and application of evidence-based practice to develop clinical judgment.
Prerequisite: NURS 60126 and NURS 61392; and graduate standing.
Corequisite: NURS 62392.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

NURS 60251 FAMILY AND GROUP PSYCHOTHERAPY 3 Credit Hours
Students study family and group psychotherapeutic treatment modalities and gain the knowledge and skills necessary to assess interactions among family and group systems and their relationship to mental health functioning. Through a combination of theoretical learning and practical experiences, students learn to apply therapeutic communication strategies based on theories and research evidence to reduce emotional distress, facilitate cognitive and behavioral change and foster growth and resilience.
Prerequisite: NURS 62592; and graduate standing.
Corequisite: NURS 63592.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60270 PEDIATRIC NURSE PRACTITIONER I 3 Credit Hours
Emphasizes the development of competent advanced practice nursing skills and comprehensive knowledge of acute physical and psychosocial illnesses in children, including diagnoses, management and evaluation in primary care.
Prerequisite: NURS 60015 and NURS 60170 and NURS 61792; and graduate standing.
Corequisite: NURS 62792.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60299 THESIS II 2 Credit Hours
Thesis students must continue registration each semester until all degree requirements are met.
Prerequisite: NURS 60199; and graduate standing; and special approval.
Schedule Type: Masters Thesis
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

NURS 60310 ADULT GERONTOLOGY CLINICAL NURSE SPECIALIST III 3 Credit Hours
Students develop clinical nurse specialist (CNS) competencies in the nurse and system spheres of impact, including leadership and interprofessional collaboration. Course addresses project development and evaluation to promote equitable, evidence-based, person-centered advanced nursing care.
Prerequisite: NURS 60210 and NURS 62192; and graduate standing.
Corequisite: NURS 63192.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60315 BUDGETARY AND FISCAL MANAGEMENT FOR NURSES 3 Credit Hours
(Slashed with NURS 70315) Course examines management of fiscal resources in nursing service settings.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60320 ADULT GERONTOLOGY PRIMARY CARE III 3 Credit Hours
Continuation of evaluation and management of complex chronic care conditions of adult gerontology primary care patients while transitioning to the professional role of the advanced practice registered nurse. Students learn to synthesize evidence-based practice through comprehensive care in the primary care setting, with multidisciplinary collaboration and consultation, to improve patient care and healthcare outcomes
Prerequisite: NURS 60220 and NURS 62292; and graduate standing.
Corequisite: NURS 63692.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60325 PRIMARY CARE: FAMILY HEALTH AND CHRONIC ILLNESS 4 Credit Hours
This comprehensive course completes the evaluation and management of acute and chronic conditions in primary care patients, including common chronic pediatric conditions; promotion of health and wellness of women during the reproductive years; and additional focus on family assessment and counseling. Students synthesize evidence-based practice through comprehensive care while transitioning to the professional role of the advanced practice registered nurses in the family primary care setting, with interprofessional collaboration and consultation, to improve patient care and healthcare outcomes.
Prerequisite: NURS 60220 and NURS 62292; and graduate standing.
Corequisite: NURS 63292.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

NURS 60330 ADULT GERONTOLOGY ACUTE CARE NURSE PRACTITIONER IV 2 Credit Hours
Introduction to specialty care of the adult gerontology patient with chronic illness, acute illness and acute exacerbation of chronic illness. Identification of specialty acute health care problems, communication with diverse populations and examination of evidence-based practice to develop clinical judgment.
Prerequisite: NURS 60230 and NURS 62392; and graduate standing.
Corequisite: NURS 63392.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

NURS 60353 INDIVIDUAL, ORGANIZATION AND COMMUNITY CONSULTATION 3 Credit Hours
In this course, students gain the knowledge and skills necessary to perform a community needs assessment and organizational analysis. Students learn how to be an effective interprofessional partner across the care continuum to integrate foundational nurse practitioner knowledge into culturally competent practices to increase health promotion and disease prevention strategies and effect the care of populations. Students learn the knowledge and skills necessary to effectively and proactively coordinate resources to provide safe, quality and equitable care to diverse populations.
Prerequisite: NURS 60251; and graduate standing.
Pre/corequisite: NURS 63592.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60370 PEDIATRIC NURSE PRACTITIONER II 1 Credit Hour
Focuses on continued development of advanced practice nursing assessment skills for well and-or acute care of infants, children and adolescents.
Prerequisite: NURS 60270 and NURS 62792; and graduate standing.
Corequisite: NURS 63792.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

NURS 60372 ADVANCED NURSING CARE OF THE CHRONICALLY ILL CHILD 3 Credit Hours
Emphasizes the development of competent advanced practice nursing skills and comprehensive knowledge of chronic illness-conditions in children, including diagnoses, management and evaluation in primary care. Concepts of chronic illness and interventions for families are explored.
Prerequisite: NURS 60370 and NURS 63792; and graduate standing.
Corequisite: NURS 63992.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60403 METHODS OF INQUIRY 3 Credit Hours
(Slashed with NURS 70403) Course covers surveys types of research designs and methods that produce evidence contributing to positive patient outcomes. For each design, students learn essential elements, appropriate use and the criteria for rigor within the context of patient outcomes.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60441 PHARMACOLOGY FOR THE ADVANCED PRACTICE REGISTERED NURSE 3 Credit Hours
A survey course addressing the fundamental principles of clinical judgement in medication prescribing and administration necessary for diverse populations by nurses in advanced practice. This course addresses pharmacodynamics, pharmacokinetics and pharmacotherapeutics of broad categories of medications, as well as patient safety, social determinants of health and legal requirements.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60470 PEDIATRIC NURSE PRACTITIONER III 2 Credit Hours
Focus on synthesizing pediatric nurse practitioner knowledge and skills to provide expert care to a selected population of pediatric clients.
Prerequisite: NURS 60372 and NURS 63992; and graduate standing.
Corequisite: NURS 64792.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

NURS 60496 INDEPENDENT STUDY 1-4 Credit Hours
(Repeatable for credit) Readings and/or research supervised by a member of graduate faculty. Provides students the opportunity to explore a content area in depth.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-4 other
Grade Mode: Standard Letter-IP

NURS 60498 RESEARCH 1-15 Credit Hours
(Repeatable for credit) Research or individual investigation supervised by a graduate faculty member. Repeat registration permitted. Maximum of 9 credit hours may apply toward degree.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Research
Contact Hours: 1-15 other
Grade Mode: Standard Letter

NURS 60506 CLINICAL DIAGNOSTICS FOR ADVANCED PRACTICE NURSES 3 Credit Hours
Introduces the selection, use and interpretation of laboratory and diagnostic testing for patient-centered care, through synthesis of evidence-based practice in the evaluation and management of acute and chronic conditions. The concepts of diagnostic and laboratory stewardship are introduced, and clinical judgement is developed through integration of patient health data and diagnostic findings.
Prerequisite: Graduate standing.
Pre/corequisite: NURS 60015 and NURS 60045.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 60592 NURSING EDUCATION PRACTICUM 3 Credit Hours
(Repeatable for credit) This course prepares students with practical experiences in curriculum design, implementation, evaluation and instruction with an experienced nurse educator in the academic and/or nursing professional development setting.
Prerequisite: NURS 60601 and NURS 60602 and NURS 60605; and graduate standing.
Schedule Type: Lecture, Practical Experience
Contact Hours: 1 lecture, 10 other
Grade Mode: Standard Letter

NURS 60601 CURRICULUM AND INSTRUCTION IN NURSING EDUCATION 3 Credit Hours
This is a foundational course for students preparing for the role of nurse educator. Theoretical examination and practical application of curriculum planning, design, development, implementation and evaluation in nursing education in the academic and nursing professional development settings are addressed.
Prerequisite: Graduate standing.
Pre/corequisite: NURS 60101.
Schedule Type: Laboratory, Lecture
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

NURS 60602 ROLES AND EVALUATION FOR NURSING EDUCATION CURRICULA 3 Credit Hours
This course focuses on education role development and theory, history, current issues and trends of evaluation for nurse educators in academic and nursing professional development settings.
Prerequisite: NURS 60601; and graduate standing.
Schedule Type: Laboratory, Lecture
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

NURS 60605 NURSING EDUCATION WITH TECHNOLOGY 2 Credit Hours
This course focuses on theory, concepts and evidence related to the use of technology in nursing education. Students gain an understanding of integrating a variety of technology tools to deliver education in academic and nursing professional development settings.
Prerequisite: Graduate standing.
Pre/corequisite: NURS 60601.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

NURS 60607 CLINICAL NURSING AND EDUCATION ISSUES IN A SPECIALTY AREA 2 Credit Hours
This course focuses on exploration of clinical issues applicable to nursing practice. Students develop in-depth knowledge and expertise in their area of clinical specialty and analyze how this expertise impacts their role as nurse educators. Project development to promote equitable, evidence-based and person-centered nursing care is addressed.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

NURS 61092 ADULT GERONTOLOGY ACUTE CARE NURSE PRACTITIONER I PRACTICUM 2 Credit Hours
(Repeatable for credit) Students apply in the clinical setting the concepts introduced in NURS 60129. Students must complete 150 practicum hours. Students must be fully compliant with the College of Nursing Clinical Compliance Policy to register for this course.
Prerequisite: Graduate standing; and special approval.
Corequisite: NURS 60129.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 61095 SPECIAL TOPICS IN NURSING 2-6 Credit Hours
(Repeatable for credit) Topics in nursing such as holistic health, selected pathological alterations and recent developments. May include clinical practicum. May be repeated three times with approval for a maximum of 12 credits applied toward the degree.
Prerequisite: Graduate standing in Nursing.
Schedule Type: Lecture
Contact Hours: 2-6 lecture
Grade Mode: Standard Letter

NURS 61192 ADULT GERONTOLOGY CLINICAL NURSE SPECIALIST I PRACTICUM 2 Credit Hours
(Repeatable for credit) Clinical practicum of 150 hours to apply clinical nurse specialist (CNS) competencies introduced in NURS 60110.
The student acquires direct care CNS competencies within adult and gerontological populations. Competencies within nursing and systems spheres of impact are explored. Students must be fully compliant with the College of Nursing Clinical Compliance Policy to register for this course.
Prerequisite: Graduate standing; and special approval.
Corequisite: NURS 60110.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 61292 ADULT GERONTOLOGY PRIMARY CARE I PRACTICUM 2 Credit Hours
(Repeatable for credit) Practicum to integrate the concepts introduced in NURS 60120 with a focus on health promotion, acute illness and common primary care conditions. Students complete 150 hours of practicum. Students must be fully compliant with the College of Nursing Clinical Compliance Policy to register for this course.
Prerequisite: NURS 60015; and graduate standing; and special approval.
Corequisite: NURS 60120.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 61392 ADULT GERONTOLOGY ACUTE CARE NURSE PRACTITIONER II PRACTICUM 2 Credit Hours
(Repeatable for credit) Practicum for application of the concepts introduced in didactic nurse practitioner course work. Students complete 150 hours of practicum.
Prerequisite: NURS 60129 and NURS 61092; and graduate standing.
Pre/corequisite: NURS 60126.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 61592 PRACTICUM I: INDIVIDUAL THERAPY 2 Credit Hours
In this practicum course, students gain the knowledge and skills necessary to demonstrate mental health assessments, individual psychotherapy and psychopharmacologic therapies with individuals experiencing chronic or acute mental illness. Group supervision is provided. A minimum of 150 practicum hours is required. Students must be fully compliant with the College of Nursing Clinical Compliance Policy to register for this course.
Prerequisite: NURS 60012 and NURS 60051; and graduate standing; and special approval.
Corequisite: NURS 60151.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 61692 PRIMARY CARE PEDIATRICS PRACTICUM 1-2 Credit Hours
(Repeatable for credit) Practicum to integrate the concepts introduced in NURS 60160 with a focus on health promotion, acute illness and common primary care conditions. Students complete 150 hours of practicum to earn 2 credit hours. Students must be fully compliant with the College of Nursing Clinical Compliance Policy to register for this course.
Prerequisite: NURS 60015; and graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 5-10 other
Grade Mode: Standard Letter

NURS 61792 PEDIATRIC ASSESSMENT FOR ADVANCED PRACTICE NURSE PRACTICUM 2 Credit Hours
(Repeatable for credit) This course is the clinical application of concepts introduced in NURS 60170. Students complete 150 hours of practicum. Students must be fully compliant with the College of Nursing Clinical Compliance Policy to register for this course.
Prerequisite: NURS 60045 and NURS 60101; and graduate standing; and special approval.
Pre/corequisite: NURS 60015.
Corequisite: NURS 60170.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 61892 FAMILY AND ADULT GERONTOLOGY NURSE PRACTITIONER ROLE PRACTICUM 1 Credit Hour
(Repeatable for credit) Practicum for the concepts introduced in NURS 60126 and continued from NURS 61292. Students complete 75 hours of practicum.
Prerequisite: NURS 60120 and NURS 61292; and graduate standing.
Corequisite: NURS 60126.
Schedule Type: Practical Experience
Contact Hours: 5 other
Grade Mode: Standard Letter

NURS 62095 SPECIAL TOPICS IN NURSING 1-4 Credit Hours
(Repeatable for credit) Topics in nursing such as holistic health, selected pathological alterations and recent developments.
Prerequisite: Graduate standing in Nursing.
Schedule Type: Lecture
Contact Hours: 1-4 lecture
Grade Mode: Standard Letter

NURS 62192 ADULT GERONTOLOGY CLINICAL NURSE SPECIALIST II PRACTICUM 2-3 Credit Hours
(Repeatable for credit) Clinical practicum to apply clinical nurse specialist (CNS) competencies introduced in NURS 60210. Students acquire CNS competencies in the patient, nurse and systems spheres of impact with adult and gerontological populations. Students complete 225 practicum hours of practicum to earn 3 credit hours or 150 practicum hours to earn 2 credit hours.
Prerequisite: NURS 60110 and NURS 61192; and graduate standing.
Corequisite: NURS 60210.
Schedule Type: Practical Experience
Contact Hours: 10-15 other
Grade Mode: Standard Letter

NURS 62292 PRIMARY CARE II PRACTICUM: CHRONICALLY ILL ADULTS 2 Credit Hours
(Repeatable for credit) Practicum to integrate the concepts from NURS 60220 focusing on chronic illness and complex care in collaboration with an interprofessional team while continuing to address health promotion and wellness. Students complete 150 hours of practicum. Students must be fully compliant with the College of Nursing Clinical Compliance Policy to register for this course.
Prerequisite: NURS 60126 and NURS 61892; and graduate standing.
Corequisite: NURS 60220.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 62392 ADULT GERONTOLOGY ACUTE CARE NURSE PRACTITIONER III PRACTICUM 2 Credit Hours
(Repeatable for credit) Practicum for application of the concepts introduced in NURS 60230. Students complete 150 hours of practicum.
Prerequisite: NURS 60126 and NURS 61392; and graduate standing.
Corequisite: NURS 60230.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 62592 PRACTICUM II: MEDICATION MANAGEMENT AND INDIVIDUAL THERAPY 2 Credit Hours
In this practicum course, students gain the knowledge and skills necessary to demonstrate pharmacological and biological interventions with applied clinical skills to restore the patient to health and prevent further disability. Through a combination of theoretical learning and practical experiences, students learn how to use prescriptive authority, procedures, referrals, treatments and therapies in accordance with state and federal laws and regulations. Group supervision is provided. A minimum of 150 practicum hours is required.
Prerequisite: NURS 61592 and NURS 60151; and graduate standing.
Pre/corequisite: NURS 60441.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 62792 PEDIATRIC NURSE PRACTITIONER I PRACTICUM 2 Credit Hours
(Repeatable for credit) Practicum for the concepts introduced in NURS 60270. Students complete 150 hours of practicum.
Prerequisite: NURS 60015 and NURS 60170; and graduate standing.
Corequisite: NURS 60270.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 63192 ADULT GERONTOLOGY CLINICAL NURSE SPECIALIST III PRACTICUM 2-3 Credit Hours
(Repeatable for credit) Clinical practicum that expands on the CNS competencies acquired in NURS 61192 and NURS 62192 with a primary focus on the nurse and systems spheres of impact for adult and gerontological populations. Students complete 150 hours of clinical practicum to earn 2 credit hours or 225 hours to earn 3 credit hours.
Prerequisite: NURS 60210 and NURS 62192; and graduate standing.
Corequisite: NURS 60310.
Schedule Type: Practical Experience
Contact Hours: 10-15 other
Grade Mode: Standard Letter

NURS 63292 PRIMARY CARE: FAMILY HEALTH AND CHRONIC ILLNESS PRACTICUM 2 Credit Hours
(Repeatable for credit) Practicum for the concepts introduced throughout the primary care courses and in NURS 60325 for comprehensive care across the lifespan. Students complete 150 hours of practicum. Students must be fully compliant with the College of Nursing Clinical Compliance Policy to register for this course.
Prerequisite: NURS 60220 and NURS 62292; and graduate standing.
Corequisite: NURS 60325.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 63392 ADULT GERONTOLOGY ACUTE CARE NURSE PRACTITIONER IV PRACTICUM 2 Credit Hours
(Repeatable for credit) Practicum for application of the concepts introduced in NURS 60330. Students complete 150 hours of practicum.
Prerequisite: NURS 60230 and NURS 62392; and graduate standing.
Corequisite: NURS 60330.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 63592 PRACTICUM III: FAMILY AND GROUP THERAPY 2 Credit Hours
In this practicum course, students gain the knowledge and skills necessary to demonstrate a multigenerational family assessment, family and/or group psychotherapy and psychopharmacologic therapies with individuals experiencing chronic or acute mental illness. Group supervision is provided. A minimum of 150 practicum hours is required.
Prerequisite: NURS 62592; and graduate standing.
Corequisite: NURS 60251.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 63692 ADULT GERONTOLOGY COMPREHENSIVE PRIMARY CARE III PRACTICUM 2 Credit Hours
(Repeatable for credit) Practicum for the comprehensive concepts introduced throughout the adult gerontology primary care courses. Students complete 150 hours of practicum.
Prerequisite: NURS 60220 and NURS 62292; and graduate standing.
Corequisite: NURS 60320.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 63792 PEDIATRIC NURSE PRACTITIONER II PRACTICUM 1 Credit Hour
(Repeatable for credit) Practicum for the concepts introduced in NURS 60370. Students complete 75 hours of practicum.
Prerequisite: NURS 60270 and NURS 62792; and graduate standing.
Corequisite: NURS 60370.
Schedule Type: Practical Experience
Contact Hours: 5 other
Grade Mode: Standard Letter

NURS 63992 ADVANCED NURSING CARE OF THE CHRONICALLY ILL CHILD PRACTICUM 2 Credit Hours
(Repeatable for credit) Practicum for the concepts introduced in NURS 60372. Students complete 150 hours of practicum.
Prerequisite: NURS 60270; and graduate standing.
Corequisite: NURS 60372.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 64002 PROGRAM DEVELOPMENT AND EVALUATION FOR NURSE ADMINISTRATORS 3 Credit Hours
(Slashed with NURS 74002) Course focuses on processes for planning, developing and evaluating programs in health care. Students consider analysis of theories, models, issues and challenges related to program planning, development and evaluation relevant to the nurse administrator.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 64202 NURSING ADMINISTRATION AND HEALTH SYSTEMS LEADERSHIP I SEMINAR 2 Credit Hours
Course is the first of two capstone seminars with a practicum in a health care organization. Students integrate and apply leadership and management knowledge and are coached in professional roles by established health care leaders.
Prerequisite: NURS 60014 and NURS 60020 and NURS 60024 and NURS 60315; and graduate standing.
Corequisite: NURS 64292.
Schedule Type: Seminar
Contact Hours: 2 lecture
Grade Mode: Standard Letter

NURS 64292 NURSING ADMINISTRATION AND HEALTH SYSTEMS LEADERSHIP I PRACTICUM 2 Credit Hours
(Repeatable for credit) Application of principles of leadership and management introduced in NURS 64202 and in other program courses. Students acquire competencies related to leading others in a health care organization. Students must be fully compliant with the College of Nursing Clinical Compliance Policy to register for this course.
Prerequisite: NURS 60014 and NURS 60020 and NURS 60024 and NURS 60315; and graduate standing; and special approval.
Corequisite: NURS 64202.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 64302 NURSING ADMINISTRATION AND HEALTH SYSTEMS LEADERSHIP SEMINAR 2 Credit Hours
(Slashed with NURS 74302) Capstone seminar with a practicum in a health care organization. Students further integrate and apply management knowledge and their professional roles coached by established health care leaders.
Prerequisite: NURS 60016 or NURS 64202; and NURS 64292; and graduate standing.
Corequisite: NURS 64392.
Schedule Type: Seminar
Contact Hours: 2 lecture
Grade Mode: Standard Letter

NURS 64392 NURSING ADMINISTRATION AND HEALTH SYSTEMS LEADERSHIP II PRACTICUM 2 Credit Hours
Capstone clinical practicum with application of principles of leadership and management introduced in NURS 64392 and throughout the program. Students acquire competencies in leadership in health care organizations.
Prerequisite: NURS 64202 and NURS 64292; and graduate standing.
Corequisite: NURS 64302.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 64592 PRACTICUM IV: NURSE PRACTITIONER ROLE 2 Credit Hours
In this final practicum course, students gain the knowledge, skills and experiences necessary to begin demonstrating the full scope of practice for a psychiatric mental health nurse practitioner. The immersive experience focuses on all aspects of the nurse practitioner role and demonstrates integration of program competencies into practice. A minimum of 225 hours is required.
Prerequisite: NURS 63592; and graduate standing.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 64792 PEDIATRIC NURSE PRACTITIONER III PRACTICUM 1 Credit Hour
(Repeatable for credit) Practicum for the concepts introduced in NURS 60470. Students complete 75 hours of practicum.
Prerequisite: NURS 60372 and NURS 63992; and graduate standing.
Corequisite: NURS 60470.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 66100 WOMEN'S HEALTH NURSE PRACTITIONER I 3 Credit Hours
Development of the foundation for gynecological care, from adolescence to post-menopause, for competent clinical practice in women's health. There is an emphasis on the menstrual cycle, fertility control and differentiation between normal and abnormal gynecological conditions. This course also emphasizes the coordination of care needed within the clinical setting through the diagnostic, planning, evaluation and management pertinent to nurse practitioner practice.
Prerequisite: NURS 60015 and NURS 60045; and graduate standing.
Pre/corequisite: NURS 60506.
Corequisite: NURS 66192.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 66192 WOMEN'S HEALTH NURSE PRACTITIONER I PRACTICUM 2 Credit Hours
Practicum for concepts of gynecological care introduced in NURS 66100. Course requires 150 clinical hours.
Prerequisite: Graduate standing.
Corequisite: NURS 66100.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 66200 WOMEN'S HEALTH NURSE PRACTITIONER II 2 Credit Hours
Further development of a foundation for competent clinical practice within a health care setting. Advances the student's practice of women's primary health care of patients from adolescence to post-menopause. Included are principles of growth and development, health promotion, disease prevention and management of common acute and chronic health problems. Pathophysiology, assessment and diagnostic techniques specific to acute and common problems are stressed. Strategies for enhancing, maintaining, and restoring health are emphasized. Coordination of care with an interdisciplinary team for collaboration and the use of community resources are also emphasized.
Prerequisite: NURS 60441 and NURS 60506 and NURS 66100 and NURS 66192; and graduate standing.
Corequisite: NURS 66292.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

NURS 66292 WOMEN'S HEALTH NURSE PRACTITIONER II PRACTICUM 2 Credit Hours
Clinical application of concepts introduced in NURS 66200.
Prerequisite: Graduate standing.
Corequisite: NURS 66200.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 66300 WOMEN'S HEALTH NURSE PRACTITIONER III 3 Credit Hours
The focus of this course is the application of evidence-based practice and research in the promotion of the health and wellness of patients during their reproductive years by women's health nurse practitioners. The emphasis is on preconception counseling, normal pregnancy focusing on prevention and health promotion, as well as the management of deviations from normal. Clinical assessment skills is emphasized, including diagnosis, treatment and evaluation. The nurse practitioner student is expected to concentrate efforts in the attainment and safe execution of skills pertinent to pregnant patients and their family.
Prerequisite: NURS 66200 and NURS 66292; and graduate standing.
Corequisite: NURS 66392.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 66392 WOMEN'S HEALTH NURSE PRACTITIONER III PRACTICUM 2 Credit Hours
Practicum for concepts of care during reproductive years is implemented under supervision in a variety of clinical setting in NURS 66300. This course has 150 practicum hours.
Prerequisite: Graduate standing.
Corequisite: NURS 66300.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 66400 WOMEN'S HEALTH NURSE PRACTITIONER IV 2 Credit Hours
This course prepares the student for fully integrated practice as a women's health nurse practitioner. This course is a refinement of women's health nurse practitioner skills and expansion of knowledge related to women's health in selected areas of concentration. These areas will include gynecological and obstetrical complications, infertility, and reproductive men's health. The professional, social, political, legal, ethical, economic and financial factors that affect advanced nursing practice are analyzed. Knowledge is further integrated by 3 National Credentialing Center blueprint comprehensive exams.
Prerequisite: NURS 66300 and NURS 66392; and graduate standing.
Corequisite: NURS 66492.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

NURS 66492 WOMEN'S HEALTH NURSE PRACTITIONER IV PRACTICUM 2 Credit Hours
Practicum for concepts in specialized populations introduced in NURS 66400. This course has 150 practicum hours.
Prerequisite: Graduate standing.
Corequisite: NURS 66400.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 67092 CLINICAL NURSING AND EDUCATION ISSUES IN A SPECIALTY AREA PRACTICUM 2 Credit Hours
This practicum course allows students to apply concepts introduced in NURS 60607 to develop in-depth knowledge and expertise in a chosen area of clinical specialty. Students must be fully compliant with the College of Nursing Clinical Compliance Policy to register for this course.
Prerequisite: (NURS 60015 and NURS 60045 and NURS 60441) or (NURS 60016); and graduate standing.
Pre/corequisite: NURS 60607.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 67100 ADULT/ADOLESCENT SEXUAL ASSAULT NURSE EXAMINER TRAINING 3 Credit Hours
Course provides basic knowledge, skills and judgement to provide competent, comprehensive, patient-centered and coordinated care to individuals being evaluated for sexual assault or suspected of having been sexually assaulted.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 67192 SEXUAL ASSAULT NURSE EXAMINER I PRACTICUM 1 Credit Hour
Students apply knowledge and skills gained from NURS 67100 in a clinical setting that provides treatment and care to victims of sexual assault. Students must complete 105 practicum hours.
Prerequisite: Graduate standing.
Pre/corequisite: NURS 67100.
Schedule Type: Practical Experience
Contact Hours: 7 other
Grade Mode: Standard Letter

NURS 67200 SEXUAL ASSAULT NURSE EXAMINER ADMINISTRATIVE CONCEPTS AND EVALUATION 3 Credit Hours
Concepts related to the administration and evaluation of programs that treat and care for victims of sexual assault are taught, including working with the criminal justice system, evidence collection and documentation, health care cost, leadership and mentoring and trauma informed care.
Prerequisite: NURS 67100; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 67292 SEXUAL ASSAULT NURSE EXAMINER II PRACTICUM 1 Credit Hour
Students continue to apply knowledge, hone skills and gain competencies related to the role of a sexual assault nurse examiner in a clinical setting that provides treatment and care to victims of sexual assault. Students must complete 105 practicum hours.
Prerequisite: NURS 67100 and NURS 67192; and graduate standing.
Schedule Type: Practical Experience
Contact Hours: 7 other
Grade Mode: Standard Letter

NURS 67300 POPULATION HEALTH AND SEXUAL ASSAULT 3 Credit Hours
Course covers topics and concepts that include a quality care model and self-care for the sexual assault nurse examiner; victim population; human trafficking; victim health; rape trauma syndrome; post-traumatic stress disorder (PTSD); healing; substance abuse; pharmacology for sexually transmitted disease; access and barriers to care; and working within an interprofessional team.
Prerequisite: NURS 67100; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 67392 SEXUAL ASSAULT NURSE EXAMINER III PRACTICUM 1 Credit Hour
Students continue to develop competencies in a clinical setting that provides treatment and care to victims of sexual assault. Students must complete 105 practicum hours.
Prerequisite: NURS 67100 and NURS 67292; and graduate standing.
Schedule Type: Practical Experience
Contact Hours: 7 other
Grade Mode: Standard Letter

NURS 70010 ADVANCED NURSING INFORMATICS 3 Credit Hours
(Slashed with NURS 60010) Course focuses on the role of informatics in advanced nursing practice through examination and application of theories, trends and policies for generation, storage, retrieval and analysis of health information. Students examine the use of information structures, processes and technology to support clinical decision-making to achieve patient and healthcare outcomes.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70016 ADVANCED ASSESSMENT, PATHOPHYSIOLOGY AND PHARMACOLOGY FOR THE NURSE LEADER 3 Credit Hours
(Slashed with NURS 60016) Course explores concepts of advanced assessment, pathophysiology and pharmacology topics to meet the complex needs of diverse patient populations and prepare learners to use this knowledge in the role of a nurse leader.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70020 LEGAL AND REGULATORY MANAGEMENT FOR NURSE ADMINISTRATORS 3 Credit Hours
(Slashed with NURS 60020) This course focuses on legal and regulatory structures and issues and explores the impact of these topics on health care environments. Concepts and processes of accreditation, magnet designation, licensure and government regulation are explored.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70024 HEALTH CARE ORGANIZATION, STRUCTURE AND BEHAVIOR 3 Credit Hours
(Slashed with NURS 60024) Course focuses on the structures and behaviors common in health care organizations. Historical perspectives, organizational theories and types and characteristics of health care organizations are explored.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70089 INTERNATIONAL HEALTH CARE POLICIES 3 Credit Hours
(Slashed with NURS 40089 and NURS 50089)(Repeatable for credit) This course looks at the organizational and societal context in which health care is delivered in specific countries worldwide. A historical perspective is developed early in the semester. Building on this, the course explores existing health care policies in a specific population or county. This course further examines existing health networks, forms of care delivery, consumer needs and economics and funding for an identified population.
Prerequisite: Nursing major; and doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70101 THEORETICAL BASIS FOR NURSING PRACTICE 3 Credit Hours
(Slashed with NURS 60101) Course incorporates nursing theories, science and evidence-based practice to enhance clinical judgements that promote compassionate, person-centered care.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70292 INTEGRATION OF CLINICAL EXPERTISE INTO THE HEALTHCARE MANAGEMENT ROLE PRACTICUM 2 Credit Hours
This practicum course provides students with the opportunity to apply advanced concepts in assessment, pathophysiology and pharmacology within the nurse administrator role in real-world healthcare settings. Through hands-on experiences, students work with interdisciplinary healthcare professionals to address population-specific health challenges. Successful completion of this course requires full compliance with the College of Nursing Clinical Compliance Policy. Completion of 150 practicum hours is required.
Prerequisite: NURS 70621 and NURS 70711; and doctoral standing.
Pre/corequisite: NURS 70016.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 70315 BUDGETARY AND FISCAL MANAGEMENT FOR NURSES 3 Credit Hours
(Slashed with NURS 60315) Course examines management of fiscal resources in nursing service settings.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70403 METHODS OF INQUIRY 3 Credit Hours
(Slashed with NURS 60403) Course covers surveys types of research designs and methods that produce evidence contributing to positive patient outcomes. For each design, students learn essential elements, appropriate use and the criteria for rigor within the context of patient outcomes.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70592 DOCTORAL NURSING PRACTICE PRACTICUM 1-2 Credit Hours
(Repeatable for credit) This course will be repeated beginning the second semester of enrollment until the completion of the scholarly project. The student will design a scholarly project, complete the project proposal defense, successfully obtain IRB approval if needed, implement the scholarly project and successfully defend the completed scholarly project. A minimum of 7 credit hours of this course, which equals 525 practicum hours, are required for these scholarly project activities. The Project Chair will be responsible for the oversight of these activities. Students must be fully compliant with the College of Nursing Clinical Compliance Policy to register for this course.
Prerequisite: NURS 70630 and NURS 70620; and doctoral standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 5-10 other
Grade Mode: Satisfactory/Unsatisfactory-IP

NURS 70620 DOCTOR OF NURSING PRACTICE SEMINAR 3 Credit Hours
This course is an introduction and overview of the DNP degree as the foundation for translational science in healthcare organizations. DNP Essentials and the associated competencies will be explored (i.e., DNP scholarly inquiry, interdisciplinary collaboration, systems thinking, and organizational leadership). The structure and function of the DNP committee and the requirements for the final scholarly project will be discussed. A complete and thorough literature review to support the DNP Scholarly Project will be a requirement. A Committee Chair will be assigned. The role of the academic advisor and committee chairperson will be explained.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70621 D.N.P. ROLE DEVELOPMENT AND PROFESSIONAL LEADERSHIP 1 Credit Hour
This course introduces students to the role of the Doctor of Nursing Practice within various healthcare settings. It provides an overview of the D.N.P. role of leadership, policy advocacy, interprofessional collaboration and the integration of evidence-based practice into clinical decision-making. Students differentiate the role of the D.N.P.- and Ph.D.- prepared nurse, as well as describe the collaborative opportunities for D.N.P.- and Ph.D.- prepared nurses to impact health outcomes.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

NURS 70630 RESEARCH METHODS FOR EVIDENCE BASED PRACTICE 3 Credit Hours
The focus of this course is to provide instruction regarding concepts related to statistical methods and their application in evidence-based practice. Essentials of research methods in evidence-based practice will also be covered. Students will learn to critically analyze and synthesize research findings.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70635 APPLICATION OF EVIDENCE BASED PRACTICE 3 Credit Hours
Focus of course is on the concepts, models, and methods for implementation of evidence-based nursing practice at both individual clinician and system levels. Students will learn to design, implement and evaluate processes and programs at the practice and organizational level to improve healthcare outcomes. Leadership attributes necessary to lead change in practice will be discussed. Factors that facilitate and impede implementing and sustaining evidence-based practice are considered.
Prerequisite: NURS 70630; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70640 ADVANCED LEADERSHIP IN HEALTHCARE 3 Credit Hours
Advanced competencies of the doctoral-prepared advanced practice nurse for transformational leadership in healthcare to improve patient and population health outcomes are addressed. Five key leadership competencies including creating and leading change; self-knowledge; strategic vision; interpersonal communication; and organizational effectiveness are presented with examples and case studies. Transcending themes of ethics, research, interprofessional collaboration, creativity, and insuring accountability are addressed throughout the course. Students conduct a self-assessment, and develop and implement individualized action plans for advanced competency in interprofessional healthcare leadership.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70641 EXECUTIVE LEADERSHIP IN NURSING 3 Credit Hours
This course prepares the nurse to serve at the highest level of healthcare organizations. Students will be challenged to develop communication skills that lead to effective interprofessional collaboration across the health care system, design and oversee dynamic practice environments, develop skills to analyze and address complex organizational situations, influence organizational decisions, and lead change through innovation and evidence-based practice to enhance patient/client outcomes while ensuring organizational financial integrity.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70650 ORGANIZATIONAL SYSTEMS 3 Credit Hours
Building on the skills in Advanced Leadership for Healthcare Providers, students will gain an understanding of organizational culture and management structures that contribute to the design and delivery of healthcare. Economic, political and cultural aspects of organizational systems will be discussed.
Prerequisite: NURS 70640; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70651 ADVANCED LEGAL, REGULATORY AND POLICY CONSIDERATIONS FOR NURSE 3 Credit Hours
This course focuses on legal, regulatory, and policy considerations that impact health care delivery. Theory and application are integrated and focus the student on preparing to assume an executive-level doctor of nursing practice role.
Prerequisite: NURS 60020; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70670 QUALITY IMPROVEMENT IN HEALTHCARE DELIVERY 3 Credit Hours
Focus on the design, implementation and evaluation of quality and patient safety initiatives to improve healthcare delivery at the individual patient and system levels. Data necessary to support quality initiatives will be considered as well as policy, legal and ethical implications.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70680 POPULATION HEALTH 3 Credit Hours
Students will explore care delivery models and strategies for health promotion and disease prevention in individuals, aggregates and populations. Gaps in care and healthcare access will be explored, including social, cultural, economic, and policy and political barriers. The role of genomics in healthcare delivery of populations will be discussed. Students will develop skills to design and evaluate health promotion and disease prevention programs.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70685 HEALTHCARE FINANCE AND ECONOMIC POLICY 3 Credit Hours
Students will gain an understanding of healthcare finance, economics and policy on healthcare delivery systems. The impact of current healthcare laws-policies (Affordable Care Act, HCAHPS, and other care delivery and reimbursement strategies) will be discussed. The DNP prepared nurses' role in patient advocacy and policy development will be discussed. Student will gain an understanding of cost-benefit analyses and creating budgets to support the design, implementation and sustainability of healthcare delivery initiatives.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70686 APPLIED ECONOMIC AND FINANCIAL PRINCIPLES FOR THE NURSE EXECUTIVE 3 Credit Hours
Students apply economic, financial principles and the impact of regulation to the development, evaluation and monitoring of health care delivery systems and practice. Theory and application are integrated and focus the student on preparing to assume an executive-level doctor of nursing practice role.
Prerequisite: NURS 70651; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70710 HISTORY AND PHILOSOPHY OF NURSING SCIENCE 2 Credit Hours
This course takes a historical approach to explore the development of natural philosophy to modern science, with an emphasis on nursing science under the influence of Western ideas. It emphasizes how ontological and epistemological values have shaped the scientific method during the pre-modern, modern and post-modern periods. Additionally, it delves into emerging philosophical concepts such as artificial intelligence, moral and ethical development and health equity.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

NURS 70711 SCIENTIFIC WRITING 3 Credit Hours
Courses covers the knowledge and skills needed for scientific writing. Students engage in several types of scientific writing. The course includes understanding of the scientific norms associated with scientific writing, publishing and dissemination. Types of scientific literature review are discussed. Students will conduct a literature review relevant to their research interest, synthesize the literature, identify gaps, and write a synthesis of the literature that will be included the final project. Ethical issues and authorship considerations are discussed.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70712 RESEARCH DESIGN FUNDAMENTALS 3 Credit Hours
The course focuses on learning fundamental methodological concepts and tools that enable an understanding of research problems and serve as a basis for conducting quantitative and qualitative research. There is emphasis on linking theoretical concepts and research models to research questions, hypotheses and designs.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70713 ADVANCED STATISTICS I 3 Credit Hours
This course focuses on learning introductory descriptive, parametric and non-parametric statistical models. Students learn how to enter, clean and handle missing data, as well as perform analyses using SPSS. Expected outcomes are a conceptual understanding of statistical models covered in the course, interpretation of output of statistical analyses and communication of findings in oral and written work.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70714 LEADERSHIP FOR NURSING SCIENCE 3 Credit Hours
This course focuses on the development of the nurse scientist as a leader across health care and higher educational systems, as well as in influencing and formulating healthcare policy.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70715 THEORY CONSTRUCTION AND DEVELOPMENT IN NURSING 3 Credit Hours
This course examines strategies for theory development, including logical-empirical-deductive and inductive approaches. A thorough examination of the theoretical literature is required to explore the existing gaps in theoretical frameworks, including identifying gaps related to health equity concepts. Emphasis is on elements and strategies used in theory building.
Prerequisite: Doctoral standing.
Pre/corequisite: NURS 70710.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70716 INNOVATION AND INTERVENTION RESEARCH 3 Credit Hours
By the end of this course, students are able to apply human-centered design thinking principles in combination with scientifically grounded research methods to develop, prototype and test innovative solutions addressing complex healthcare problems, while demonstrating the ability to balance creative problem-solving with academic rigor.
Prerequisite: NURS 70712 and NURS 70713; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70718 ROLES AND EVALUATION 3 Credit Hours
To prepare individuals in their role as an academician in nursing and promote the transmission of science through mentorship and service. This course prepares individuals for the role as nursing faculty. This course also addresses social, legal and ethical issues in nursing education especially related to creating a sense of belonging and addressing structural inequities.
Prerequisite: Doctoral standing.
Pre/corequisite: NURS 70710 and NURS 70715.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70739 RESEARCH IN HEALTH DISPARITIES 3 Credit Hours
This course focuses on the definition, principles and concepts for health disparities research and minority health outcomes. The goal is to explore the different government agencies that lay the groundwork for the development of the science related to health disparities. Students understand some of the social determinants that cause, sustain or mitigate health disparities, and how the knowledge will translate into interventions in reducing these disparities.
Prerequisite: NURS 70712, NURS 70713 and NURS 70715; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70740 ADVANCED STATISTICS II 3 Credit Hours
This course provides in-depth knowledge of multivariate data analysis, including statistical tests used to determine the degree of relationship, analysis of group differences, prediction of group membership, data structure techniques and internal reliability. Course outcomes include a conceptual understanding of these models and the ability to conduct and interpret output of statistical analyses and communicate findings in oral and written work. Knowledge of SPSS is required.
Prerequisite: NURS 70713; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70741 ADVANCED STATISTICS III 3 Credit Hours
This course focuses on more advanced statistical models used in nursing, including but not limited to, confirmatory factor analysis, path analysis and structural equation modeling. Course outcomes are a conceptual understanding of these models and ability to interpret output of statistical analyses and communicate findings in oral and written work.
Prerequisite: NURS 70740; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70742 ADVANCED QUALITATIVE METHODS FOR HEALTH SCIENCES 4 Credit Hours
Selected qualitative research methods used to study nursing phenomena. Students analyze the following with regard to nursing phenomena: philosophical bases; design, sampling, recruitment, data collection and analysis and evaluation of rigor.
Prerequisite: NURS 70710 and NURS 70712; and doctoral standing.
Pre/corequisite: NURS 70715.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

NURS 70743 ADVANCED QUANTITATIVE METHODS FOR HEALTH SCIENCES 4 Credit Hours
This course extends knowledge of quantitative methodology that focuses on the integration and application of elements of components of quantitative research design in nursing through the application of multivariate design principles. Advanced topics in methods, sampling, data collection, measurement and data management are addressed. Students are able to apply quantitative principles and methods consistent with theoretical and empirical knowledge to address scientific rigor, health and healthcare equity with diverse populations.
Prerequisite: NURS 70710 and NURS 70712 and NURS 70715; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

NURS 70744 DISSERTATION FOUNDATIONS 3 Credit Hours
In this course, students develop skills to make a persuasive, ethical, theoretical, philosophical and methodologically sound argument addressing at least one critical gap in nursing science by drafting the first three chapters of their dissertation. The course emphasizes the clear and persuasive communication of scientific knowledge, demonstrating the student's readiness for the oral candidacy exam.
Prerequisite: NURS 70740 and NURS 70743; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Satisfactory/Unsatisfactory-IP

NURS 70750 D.N.P. DATA SCIENCE FOR HEALTHCARE QUALITY 3 Credit Hours
Course focuses on using data science to drive quality improvement in healthcare. Students learn how to harness nursing data to transform complex healthcare data into actionable insights, enabling real-time decisions that directly influence quality improvements. Students explore nursing data science techniques to set benchmarks for quality and safety. Through practical applications and real-world examples, students develop the expertise to implement nursing solutions that elevate both care quality, patient safety and operational efficiency within healthcare systems.
Prerequisite: NURS 70403 or NURS 70630; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70753 DATA SCIENCE AND NURSING 3 Credit Hours
This course provides students with a rigorous understanding of health informatics and data science at the doctoral level, focusing on big data sets in healthcare. Students learn core principles of health informatics and explore its practical applications, including identifying innovative research models for analyzing large-scale data to evaluate patient health outcomes. Emphasis is placed on selecting measurable constructs and applying statistical analysis to identify factors that significantly influence overall patient health outcomes.
Prerequisite: NURS 70712 and NURS 70740; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70791 VARIABLE CONTENT SEMINAR: EMERGING ISSUES IN NURSING SCIENCE AND RESEARCH 3 Credit Hours
(Repeatable for credit) This seminar course will examine in-depth current scientific trends and emerging topics in nursing research.
Prerequisite: NURS 70742 and NURS 70743; and doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 70795 SPECIAL TOPICS IN NURSING 2-6 Credit Hours
(Repeatable for credit) Study of important topics in nursing practice, research on the profession. Offering in response to existing interests and opportunities.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 2-6 lecture
Grade Mode: Standard Letter

NURS 70796 INDIVIDUAL INVESTIGATION IN NURSING 1-3 Credit Hours
(Repeatable for credit)Individual enrollment for independent study in nursing carried out by student under supervision of a doctoral faculty member.
Prerequisite: Doctoral standing.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Standard Letter

NURS 70798 RESEARCH IN NURSING 1-5 Credit Hours
(Repeatable for credit) Research activities are carried out by a student under faculty supervision, including but not limited to, data collection, coding, entry and analysis, inter-professional teamwork and preparation and submission of research presentations and manuscripts.
Prerequisite: NURS 70742; and doctoral standing.
Pre/corequisite: NURS 70743.
Schedule Type: Research
Contact Hours: 6-15 other
Grade Mode: Satisfactory/Unsatisfactory

NURS 72692 D.N.P. PROJECT I: EVIDENCE-BASED PRACTICE PROJECT PLANNING AND PROPOSAL 3 Credit Hours
Students design an evidence-based practice (EBP) project for implementation in a healthcare and /or community setting. Students evaluate and apply EBP models to real-world clinical problems, emphasizing the integration of research findings into practice. Key topics include formulating the clinical PICO(T) question, conducting systematic reviews and utilizing advanced search strategies for literature retrieval. Students assess the quality of evidence and apply it to health care settings, enhancing decision-making skills and promoting quality improvement in diverse healthcare environments. Course concludes with successful passage of the D.N.P. project proposal. Course includes a required 150-hour practicum.
Prerequisite: Doctoral standing and special approval.
Schedule Type: Lecture, Practical Experience
Contact Hours: 1 lecture, 10 other
Grade Mode: Standard Letter

NURS 72792 D.N.P. PROJECT II: IMPLEMENTATION AND EVALUATION OF EVIDENCE-BASED INTERVENTIONS 3 Credit Hours
Course focuses on the implementation and evaluation of evidence-based interventions in healthcare and/or community settings. Students collaborate with the healthcare or community setting to complete an Institutional Review Board (IRB) review and implement the evidence-based practice project. Students apply change management and nursing theories, strategies for overcoming barriers to implementation and methods for evaluating the effectiveness of interventions. Course includes a required 250-hour practicum.
Prerequisite: NURS 72692; and doctoral standing.
Schedule Type: Lecture, Practical Experience
Contact Hours: .67 lecture, 16.67 other
Grade Mode: Standard Letter

NURS 72892 D.N.P. PROJECT III: DATA ANALYSIS AND INTERPRETATION FOR EVIDENCE-BASED PRACTICE 3 Credit Hours
This course is the culmination of the D.N.P. curriculum as demonstrated in the evidence-based practice (EBP) project. Students develop advanced skills in data analysis and interpretation essential for D.N.P.-prepared practice. Emphasis is placed on statistical techniques, data management and interpretation of results. Students disseminate their findings from the EBP project in a defense presentation and scholarly writing. Course includes a required 150-hour practicum.
Prerequisite: NURS 72792; and doctoral standing.
Schedule Type: Lecture, Practical Experience
Contact Hours: 3 lecture, 10 other
Grade Mode: Standard Letter

NURS 74002 PROGRAM DEVELOPMENT AND EVALUATION FOR NURSE ADMINISTRATORS 3 Credit Hours
(Slashed with NURS 64002) Course focuses on processes for planning, developing and evaluating programs in health care. Students consider analysis of theories, models, issues and challenges related to program planning, development and evaluation relevant to the nurse administrator.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

NURS 74292 NURSING ADMINISTRATION AND HEALTH SYSTEMS LEADERSHIP I PRACTICUM 2 Credit Hours
(Repeatable for credit) Application of principles of leadership and management introduced in NURS 74202 and in other program courses. Students acquire competencies related to leading others in a health care organization. Students must be fully compliant with the College of Nursing Clinical Compliance Policy to register for this course. Students complete 150 practicum hours.
Prerequisite: NURS 70016 and NURS 70292; and doctoral standing.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter

NURS 74302 NURSING ADMINISTRATION AND HEALTH SYSTEMS LEADERSHIP SEMINAR 2 Credit Hours
(Slashed with NURS 64302) Capstone seminar with a practicum in a health care organization. Students further integrate and apply management knowledge and their professional roles coached by established health care leaders.
Prerequisite: NURS 74292; and doctoral standing.
Pre/corequisite: NURS 74692.
Schedule Type: Seminar
Contact Hours: 2 lecture
Grade Mode: Standard Letter

NURS 74692 EXECUTIVE LEADERSHIP PRACTICUM 3 Credit Hours
(Repeatable for credit) Course prepares the nurse to serve at the highest level of healthcare organizations. Students are challenged to develop communication skills that lead to effective interprofessional collaboration across the health care system; design and oversee dynamic practice environments; develop skills to analyze and address complex organizational situations; influence organizational decisions; and lead change through innovation and evidence-based practice to enhance patient/client outcomes while ensuring organizational financial integrity.
Prerequisite: Doctoral standing.
Pre/corequisite: NURS 74302.
Schedule Type: Practical Experience
Contact Hours: 10 other
Grade Mode: Standard Letter-IP

NURS 80199 DISSERTATION I 15 Credit Hours
(Repeatable for credit)Independent doctoral research for the dissertation under faculty supervision. Registration of at least two semesters is require, continuing until completion of 30 credit hours. Akron 8200:899.
Prerequisite: Admission to doctoral candidacy; and doctoral standing.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

NURS 80299 DISSERTATION II 15 Credit Hours
(Repeatable for credit) Continuing registration of research, after initial 30 hours of Dissertation I.
Prerequisite: 30 hours of NURS 80199; and doctoral standing.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

Adult Gerontology Acute Care Nurse Practitioner - Graduate Certificate

College of Nursing
www.kent.edu/nursing

About This Program

The Adult Gerontology Acute Care Nurse Practitioner graduate certificate provides nurses who already have a graduate nursing degree the additional specialized knowledge and clinical experience for the adult gerontology acute care nurse practitioner role. The certificate meets the educational requirements for national certification examination.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Master's degree in nursing or a doctorate in nursing practice from an accredited nursing program
- Minimum 3.000 graduate GPA on a 4.000-point scale
- Official transcript(s) of all previous graduate coursework[1]
- Active, unrestricted registered nurse license in the state in which practicum hours will be completed
- Curriculum vitae
- Goal statement (no more than 250 words) describing reasons for seeking the certificate in the identified specialty and professional goals *(starting with spring 2026 admission term, goal statement is no longer required)*
- Admission essay *is required starting with spring 2026 admission term* responding to the following questions (two pages, double spaced, 500 words):
  - How do you plan to contribute to the nursing profession and healthcare community after earning your M.S.N. degree?
  - How has your experience, professional development and service within the profession contributed to your readiness for graduate education?
  - What experience do you have working as a nurse caring for the underserved, high-risk, or vulnerable populations?
- Syllabi of all courses to considered for transfer in the gap analysis
- Three professional letters of reference from healthcare professionals, either a supervisor and/or an advanced practice nurse who can speak to the applicant's professional capabilities
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet **specific exceptions to waive**) by earning one of the following:[2]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] For applicants who have not practiced as an advanced practice registered nurse within the two-year period preceding application to the certificate, completion of graduate-level courses in advanced pathophysiology, advanced pharmacology and advanced health assessment must not be greater than five years old at the time of the student's first semester of course registration in the certificate.

[2] International applicants who do not meet the above test scores may be considered for conditional admission.

Application Deadlines

- **Fall Semester**
  - Priority deadline: March 1
- **Spring Semester**
  - Priority deadline: October 1
- **Summer Term**
  - Priority deadline: March 1

All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted by these deadlines will receive the strongest consideration for admission.

[1] This course may be waived or transferred if it was previously completed with a grade of B or better. Please refer to the Transfer of Graduate Credit Policy for more information.

Graduation Requirements

Minimum Certificate GPA	Minimum Overall GPA
3.000	3.000

Program Learning Outcomes

Graduates of this program will be able to:

1. Meet standards for advanced practice certification or other advanced professional distinction.
2. Demonstrate competencies based on professional standards to assume advanced roles in nursing and for leadership and career advancement, including doctoral study.
3. Communicate, integrate and apply advanced nursing knowledge and skills to provide equitable, evidence-based and inclusive nursing care, and to promote quality outcomes in nursing and health care.

Program Policies
Clinical Compliance Policy

This policy applies to all students enrolled in B.S.N., M.S.N., D.N.P. degree programs and postmaster's certificates. Students must provide documentation of the following items to a third-party vendor that is approved to track and maintain student health and other compliance documents. Students are responsible for all costs incurred in meeting the requirements for clinical compliance and for establishing and maintaining their third party account profile. Students in the B.S.N., M.S.N. and D.N.P. degree programs and College of Nursing post-master's certificates must be fully compliant with this policy prior to registering for their first practicum course.

Requirements

1. **Current American Heart Association Basic Life Support for Healthcare Provider certification in cardiopulmonary resuscitation (CPR) or American Red Cross CPR/AED.** Ph.D. students must have CPR certification within the first semester of enrollment.
2. **Background Check:** Students are required to submit federal and state criminal background checks and incur the related costs. International students must meet university policy for admission.
3. **Healthcare Insurance:** Students must provide proof of health insurance. Students can submit either (a) a copy of an insurance card with the student's name on the card or (b) a copy of the health insurance statement coverage that indicates that the student is covered.
4. **Immunizations/Immune Status Testing:** Evidence of the required immunizations/tests must be provided on the Immunization and Physical Compliance Form available from the Office of Student Services. The form must be completed, dated and signed by a licensed health care provider then uploaded to the third party vendor's portal.
5. **Physical examination**: A physical examination is required within one year prior to admission to a clinical site. For students admitted into the B.S.N., M.S.N. and D.N.P. degrees or post-master's certificates, the provider conducting the physical must indicate that the student can perform activities in the nursing student's clinical and practicum courses, or can do so with reasonable accommodations, and is free of all communicable diseases. Students should request accommodations from the Office Student Accessibility Services. Failure to obtain the physical examination or the provider assurance may prevent the university from placing the student in a clinical setting.

Students who have allergic reactions, medical waivers, refuse vaccinations or other physiological conditions that preclude them from receiving vaccinations are required to contact the Office of Student Services upon admission to their academic program. Such conditions may prevent students from completing clinical/practical coursework at some partner agencies which may result in a delay of graduation.

Registered Nurse (RN) Licensure

Students enrolled in the B.S.N. (Nursing for Registered Nurses major), M.S.N., and D.N.P. degrees or post-master's certificates must have an active, unrestricted RN license in either (1) the state of Ohio for students taking on-campus courses or who will be completing practica in Ohio or (2) the state of residence and practice for applicants residing and completing practicum outside Ohio. They must obtain proof of the appropriate licensure within the first semester of their program or before starting their practicum hours, whichever comes first.

Students in the Ph.D. degree must have an active unrestricted Ohio RN license—or for international students, proof of legal ability to practice as a RN in country of origin. They must show proof of license at the time of admission into the Ph.D. degree.

Time Limit for Graduate Nursing Courses

Certain courses are critical to be completed within a timely manner for patient safety as well as student success in the program. This policy ensures that clinical skills and critical knowledge learned in specific courses taken three or more years ago are refreshed before moving to more advanced levels of practice.

Students who have stopped out of the clinical sequence of courses for a period of time must repeat the following practicum and corequisite lecture courses if they are three of more years old:

- NURS 60110 and NURS 61192
- NURS 60120 and NURS 61292
- NURS 60125 and NURS 61892
- NURS 60126 and NURS 61392
- NURS 60126 and NURS 61892
- NURS 60129 and NURS 61092
- NURS 60151 and NURS 61592
- NURS 60160 and NURS 61692
- NURS 60170 and NURS 61792
- NURS 60210 and NURS 62192
- NURS 60220 and NURS 62292

- NURS 60230 and NURS 62392
- NURS 60251 and NURS 63592
- NURS 60270 and NURS 62792
- NURS 60310 and NURS 63192
- NURS 60320 and NURS 63692
- NURS 60325 and NURS 63292
- NURS 60330 and NURS 63392
- NURS 60353 and NURS 64592
- NURS 60370 and NURS 63792
- NURS 60372 and NURS 63992
- NURS 60470 and NURS 64792
- NURS 62592
- NURS 66100 and NURS 66192
- NURS 66200 and NURS 66292
- NURS 66300 and NURS 66392
- NURS 66400 and NURS 66492

Certifying agencies and state licensing requirements for advanced practice registered nurses have time limits for critical courses. Courses completed outside of this time frame may need to be repeated prior to seeking national certification. Students are advised to check with certifying agencies and state licensing agencies upon admission to determine if the age of their prior courses will meet requirements.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

(Nursing for Registered Nurses major), M.S.N., and D.N.P. degrees or post-master's certificates must have an active, unrestricted RN license in either (1) the state of Ohio for students taking on-campus courses or who will be completing practica in Ohio or (2) the state of residence and practice for applicants residing and completing practicum outside Ohio. They must obtain proof of the appropriate licensure within the first semester of their program or before starting their practicum hours, whichever comes first.

Students in the Ph.D. degree must have an active unrestricted Ohio RN license—or for international students, proof of legal ability to practice as a RN in country of origin. They must show proof of license at the time of admission into the Ph.D. degree.

Time Limit for Graduate Nursing Courses

Certain courses are critical to be completed within a timely manner for patient safety as well as student success in the program. This policy ensures that clinical skills and critical knowledge learned in specific courses taken three or more years ago are refreshed before moving to more advanced levels of practice.

Students who have stopped out of the clinical sequence of courses for a period of time must repeat the following practicum and corequisite lecture courses if they are three of more years old:

- NURS 60110 and NURS 61192
- NURS 60120 and NURS 61292
- NURS 60125 and NURS 61892
- NURS 60126 and NURS 61392
- NURS 60126 and NURS 61892
- NURS 60129 and NURS 61092
- NURS 60151 and NURS 61592
- NURS 60160 and NURS 61692
- NURS 60170 and NURS 61792
- NURS 60210 and NURS 62192
- NURS 60220 and NURS 62292
- NURS 60230 and NURS 62392
- NURS 60251 and NURS 63592
- NURS 60270 and NURS 62792
- NURS 60310 and NURS 63192
- NURS 60320 and NURS 63692
- NURS 60325 and NURS 63292
- NURS 60330 and NURS 63392
- NURS 60353 and NURS 64592
- NURS 60370 and NURS 63792
- NURS 60372 and NURS 63992
- NURS 60470 and NURS 64792
- NURS 62592
- NURS 66100 and NURS 66192
- NURS 66200 and NURS 66292
- NURS 66300 and NURS 66392
- NURS 66400 and NURS 66492

Certifying agencies and state licensing requirements for advanced practice registered nurses have time limits for critical courses. Courses completed outside of this time frame may need to be repeated prior to seeking national certification. Students are advised to check with certifying agencies and state licensing agencies upon admission to determine if the age of their prior courses will meet requirements.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Adult/Adolescent Sexual Assault Nurse Examiner - Graduate Certificate

College of Nursing
www.kent.edu/nursing

About This Program

The Adult/Adolescent Sexual Assault Nurse Examiner Graduate Certificate program provides advanced training in caring for patients who have experienced sexual violence. With a focus on evidence-based practice and trauma-informed care, this certificate will equip you with the skills and knowledge necessary to provide compassionate care and support to those in need. Program Delivery

- **Delivery:**
  - Mostly online
  - In person

- **Location:**
  - Kent Campus

Applications to the Adult/Adolescent Sexual Assault Nurse Examiner graduate certificate are not being accepted at this time.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

Applications to the Adult/Adolescent Sexual Assault Nurse Examiner graduate certificate are not being accepted at this time.

- Bachelor's or master's degree from an accredited nursing program
- Minimum 3.000 undergraduate or graduate GPA on a 4.000-point scale
- Official transcript(s)
- Active, unrestricted registered nurse license in the state of Ohio
- Two years of full-time registered nurse experience
- Résumé or curriculum vitae
- Goal statement (250 words) describing reasons for seeking the certificate
- Three letters of recommendation from health care professionals
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet **specific exceptions to waive**) by earning one of the following:[1]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] International applicants who do not meet the above test scores may be considered for conditional admission.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Semester One		Credits
NURS 67100	ADULT/ADOLESCENT SEXUAL ASSAULT NURSE EXAMINER TRAINING	3
NURS 67192	SEXUAL ASSAULT NURSE EXAMINER I PRACTICUM	1
	Credit Hours	**4**
Semester Two		
NURS 67200	SEXUAL ASSAULT NURSE EXAMINER ADMINISTRATIVE CONCEPTS AND EVALUATION	3
NURS 67292	SEXUAL ASSAULT NURSE EXAMINER II PRACTICUM	1
	Credit Hours	**4**
First Summer Term		
NURS 67300	POPULATION HEALTH AND SEXUAL ASSAULT	3
NURS 67392	SEXUAL ASSAULT NURSE EXAMINER III PRACTICUM	1
	Credit Hours	**4**
	Minimum Total Credit Hours:	**12**

Program Learning Outcomes

Graduates of this program will be able to:

1. Meet standards for advanced professional distinction.
2. Assume an advanced role in nursing and for leadership and career advancement.
3. Communicate, integrate and apply advanced nursing knowledge and skills to provide evidence-based, culturally sensitive nursing care and promote quality outcomes in nursing and healthcare.

Program Policies

Clinical Compliance Policy

This policy applies to all students enrolled in B.S.N., M.S.N., D.N.P. degree programs and postmaster's certificates. Students must provide documentation of the following items to a third-party vendor that is approved to track and maintain student health and other compliance documents. Students are responsible for all costs incurred in meeting the requirements for clinical compliance and for establishing and maintaining their third party account profile. Students in the B.S.N., M.S.N. and D.N.P. degree programs and College of Nursing post-master's certificates must be fully compliant with this policy prior to registering for their first practicum course.

Requirements

1. **Current American Heart Association Basic Life Support for Healthcare Provider certification in cardiopulmonary resuscitation (CPR) or American Red Cross CPR/AED.** Ph.D. students must have CPR certification within the first semester of enrollment.
2. **Background Check:** Students are required to submit federal and state criminal background checks and incur the related costs. International students must meet university policy for admission.

3. **Healthcare Insurance:** Students must provide proof of health insurance. Students can submit either (a) a copy of an insurance card with the student's name on the card or (b) a copy of the health insurance statement coverage that indicates that the student is covered.
4. **Immunizations/Immune Status Testing:** Evidence of the required immunizations/tests must be provided on the Immunization and Physical Compliance Form available from the Office of Student Services. The form must be completed, dated and signed by a licensed health care provider then uploaded to the third party vendor's portal.
5. **Physical examination**: A physical examination is required within one year prior to admission to a clinical site. For students admitted into the B.S.N., M.S.N. and D.N.P. degrees or post-master's certificates, the provider conducting the physical must indicate that the student can perform activities in the nursing student's clinical and practicum courses, or can do so with reasonable accommodations, and is free of all communicable diseases. Students should request accommodations from the Office Student Accessibility Services. Failure to obtain the physical examination or the provider assurance may prevent the university from placing the student in a clinical setting.

Students who have allergic reactions, medical waivers, refuse vaccinations or other physiological conditions that preclude them from receiving vaccinations are required to contact the Office of Student Services upon admission to their academic program. Such conditions may prevent students from completing clinical/practical coursework at some partner agencies which may result in a delay of graduation.

Registered Nurse (RN) Licensure

Students enrolled in the B.S.N. (Nursing for Registered Nurses major), M.S.N., and D.N.P. degrees or post-master's certificates must have an active, unrestricted RN license in either (1) the state of Ohio for students taking on-campus courses or who will be completing practica in Ohio or (2) the state of residence and practice for applicants residing and completing practicum outside Ohio. They must obtain proof of the appropriate licensure within the first semester of their program or before starting their practicum hours, whichever comes first.

Students in the Ph.D. degree must have an active unrestricted Ohio RN license—or for international students, proof of legal ability to practice as a RN in country of origin. They must show proof of license at the time of admission into the Ph.D. degree.

Time Limit for Graduate Nursing Courses

Certain courses are critical to be completed within a timely manner for patient safety as well as student success in the program. This policy ensures that clinical skills and critical knowledge learned in specific courses taken three or more years ago are refreshed before moving to more advanced levels of practice.

Students who have stopped out of the clinical sequence of courses for a period of time must repeat the following practicum and corequisite lecture courses if they are three of more years old:

- NURS 60110 and NURS 61192
- NURS 60120 and NURS 61292
- NURS 60125 and NURS 61892
- NURS 60126 and NURS 61392
- NURS 60126 and NURS 61892
- NURS 60129 and NURS 61092
- NURS 60151 and NURS 61592
- NURS 60160 and NURS 61692
- NURS 60170 and NURS 61792
- NURS 60210 and NURS 62192
- NURS 60220 and NURS 62292
- NURS 60230 and NURS 62392
- NURS 60251 and NURS 63592
- NURS 60270 and NURS 62792
- NURS 60310 and NURS 63192
- NURS 60320 and NURS 63692
- NURS 60325 and NURS 63292
- NURS 60330 and NURS 63392
- NURS 60353 and NURS 64592
- NURS 60370 and NURS 63792
- NURS 60372 and NURS 63992
- NURS 60470 and NURS 64792
- NURS 62592
- NURS 66100 and NURS 66192
- NURS 66200 and NURS 66292
- NURS 66300 and NURS 66392
- NURS 66400 and NURS 66492

Certifying agencies and state licensing requirements for advanced practice registered nurses have time limits for critical courses. Courses completed outside of this time frame may need to be repeated prior to seeking national certification. Students are advised to check with certifying agencies and state licensing agencies upon admission to determine if the age of their prior courses will meet requirements.

Full Description

The Adult/Adolescent Sexual Assault Nurse Examiner graduate certificate provides registered nurses the specialized training necessary to be certified as a sexual assault nurse examiner (SANE) for adult and adolescent patients. A SANE provides comprehensive care to victims of sexual assault or abuse. In addition, they conduct a forensic examination and may provide expert testimony if a case goes to trial.

Nurses receive their SANE certification through the International Association of Forensic Nurses, Commission on Forensic Nursing Certification. To be certified, nurses with a minimum of two years of full-time experience must have completed a minimum of 40 hours of sexual assault education; worked under the supervision of an expert (e.g., SANE-certified nurse); performed enough sexual assault exams to demonstrate clinical competency; and successfully passed a certification test.

The certificate's didactic courses will be offered on-ground and online at the Kent Campus, and the practicum experiences will be conducted at the Sexual Assault Evidence Collection and Care Facility of Cleveland Clinic Akron General.

Family Nurse Practitioner - Graduate Certificate

College of Nursing
www.kent.edu/nursing

About This Program

The Family Nurse Practitioner graduate certificate provides nurses who already have a graduate nursing degree to acquire the additional specialized knowledge and clinical experience for the family nurse practitioner role. The certificate meets the educational requirements for the national certification examination.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Master's degree in nursing or a doctorate in nursing practice from an accredited nursing program
- Minimum 3.000 graduate GPA on a 4.000-point scale
- Official transcript(s) of all previous graduate coursework[1]
- Active, unrestricted registered nurse license in the state in which practicum hours will be completed
- Curriculum vitae
- Goal statement (no more than 250 words) describing reasons for seeking the certificate in the identified specialty and professional goals *(starting with spring 2026 admission term, goal statement is no longer required)*
- Admission essay *is required starting with spring 2026 admission term* responding to the following questions (two pages, double spaced, 500 words):
  - How do you plan to contribute to the nursing profession and healthcare community after earning your M.S.N. degree?
  - How has your experience, professional development and service within the profession contributed to your readiness for graduate education?
  - What experience do you have working as a nurse caring for the underserved, high-risk or vulnerable populations?
- Syllabi of all courses to considered for transfer in the gap analysis
- Three professional letters of reference from healthcare professionals, either a supervisor and/or an advanced practice nurse who can speak to the applicant's professional capabilities
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet **specific exceptions to waive**) by earning one of the following:[2]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] For applicants who have not practiced as an advanced practice registered nurse within the two-year period preceding application to the certificate, completion of graduate-level courses in advanced pathophysiology, advanced pharmacology and advanced health assessment must not be greater than five years old at the time of the student's first semester of course registration in the certificate.

[2] International applicants who do not meet the above test scores may be considered for conditional admission.

Application Deadlines

- **Fall Semester**
  - Priority deadline: March 1
- **Spring Semester**
  - Priority deadline: October 1
- **Summer Term**
  - Priority deadline: March 1

All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted by these deadlines will receive the strongest consideration for admission.

- NURS 60160 and NURS 61692
- NURS 60170 and NURS 61792
- NURS 60210 and NURS 62192
- NURS 60220 and NURS 62292
- NURS 60230 and NURS 62392
- NURS 60251 and NURS 63592
- NURS 60270 and NURS 62792

- NURS 60310 and NURS 63192
- NURS 60320 and NURS 63692
- NURS 60325 and NURS 63292
- NURS 60330 and NURS 63392
- NURS 60353 and NURS 64592
- NURS 60370 and NURS 63792
- NURS 60372 and NURS 63992
- NURS 60470 and NURS 64792
- NURS 62592
- NURS 66100 and NURS 66192
- NURS 66200 and NURS 66292
- NURS 66300 and NURS 66392
- NURS 66400 and NURS 66492

Certifying agencies and state licensing requirements for advanced practice registered nurses have time limits for critical courses. Courses completed outside of this time frame may need to be repeated prior to seeking national certification. Students are advised to check with certifying agencies and state licensing agencies upon admission to determine if the age of their prior courses will meet requirements.

About This Program

Kent State's Bachelor of Science in Nursing program prepares you for a rewarding career in healthcare. With a curriculum that emphasizes hands-on experience and evidence-based practice, this program provides you with the skills and knowledge needed to provide high-quality patient care. As a student in this program, you will have access to clinical experiences in a variety of healthcare settings, as well as experienced faculty who are dedicated to helping you succeed. Read more...

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Geauga Campus (Nursing major only)
  - Kent Campus (Nursing major and Accelerated Second Degree and LPN and Allied Health concentrations)
  - Salem Campus (Nursing major only)
  - Stark Campus (Nursing major only)
  - Trumbull Campus (Nursing major only)

Examples of Possible Careers and Salaries*

Registered nurses

- 7.2% faster than the average
- 3,096,700 number of jobs
- $75,330 potential earnings

Teaching assistants, postsecondary

- 3.4% about as fast as the average
- 169,600 number of jobs
- $36,250 potential earnings

Medical and health services managers

- 31.5% much faster than the average
- 422,300 number of jobs
- $104,280 potential earnings

Accreditation

The B.S.N. degree in Nursing at Kent State University is accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

New Students

Traditional Admission

Admission to the Nursing major is selective; the process is competitive, and acceptance is never guaranteed. Prospective applicants must have:

- Completed high school-level mathematics, biology and chemistry.
- Achieved one of the following:
  - Minimum 2.700 overall high school GPA (on a 4.000-point scale); and a minimum 22 ACT composite or a minimum 1100 SAT score; or
  - Minimum 3.000 overall high school GPA (on a 4.000-point scale).

Early Admission

Early admission students are granted admission to the professional nursing sequence as new students provided they meet the early admission criteria and maintain the progression requirements. Students must signify they want to be considered for early admission and agree to declare Kent State as their college of choice. The early admission program has a limited number of seats, with an emphasis on students

who can enhance the College of Nursing's mission to improve healthy living in a diverse, changing society.

Transfer Students

Traditional Admission

Admission to the Nursing major requires a minimum 2.750 overall GPA and completion of 12 college credit hours from an institutional-accredited college or university.

Transfer students who have successfully completed a minimum 12 credit hours at Kent State University will be evaluated on their Kent State overall GPA only, *along with the prerequisite criteria for admission into the Professional Nursing Sequence.*

Direct Admission

Admission to the Professional Nursing Sequence requires meeting prerequisite criteria. Students who have failed out of another nursing program are not eligible for admission to Kent State's B.S.N. degree.

Transfer students from another accredited B.S.N. degree who have completed at least one laboratory or clinical course must have achieved the following for admission to Kent State's B.S.N. degree:

- Minimum 3.200 overall GPA in all college-level coursework
- Minimum 2.750 GPA for the required (or equivalent) science courses in Kent State's B.S.N. degree: BSCI 21010 and BSCI 21020 and BSCI 20021 (or BSCI 30171) and CHEM 10050 (or CHEM 10055 or CHEM 10060)
- Minimum C grade in the following prerequisite courses:
  - Anatomy and Physiology (BSCI 21010 and BSCI 21020)
  - Microbiology (BSCI 20021 or BSCI 30171)
  - Genetics (BSCI 30050 or BSCI 30156)
  - Chemistry (CHEM 10050, CHEM 10055 or CHEM 10060)
  - Mathematics (MATH 10040 or MATH 10041)
- Good academic standing at current college or university

Students who want to be considered for direct admission to Kent State's B.S.N. program must complete the Direct Admission Request.

Admission to the Accelerated Second Degree Concentration

Admission to the Accelerated Second Degree concentration requires a completed bachelor's degree with a minimum 2.750 overall GPA. Students who have failed out of a nursing program are not eligible to apply to the Accelerated Second Degree concentration. Accelerated students must have all college-level core and nursing prerequisite courses complete:

- Anatomy and Physiology (BSCI 21010 and BSCI 21020)
- Microbiology (BSCI 20021 or BSCI 30171)
- Chemistry (CHEM 10050, CHEM 10055 or CHEM 10060)
- Human Growth and Development (NURS 20950)
- Minimum 2.750 overall GPA and minimum 2.750 science GPA
- Minimum C grade in all science and mathematics courses

Admission to the LPN and Allied Health Concentration

Admission to the LPN and Allied Health concentration is selective; the process is competitive, and acceptance is never guaranteed. Prospective applicants must have:

- Completed high school-level mathematics, biology and chemistry.
- Achieved one of the following:
  - Minimum 2.700 overall high school GPA (on a 4.000-point scale); and a minimum 22 ACT composite or a minimum 1100 SAT score; or
  - Minimum 3.000 overall high school GPA (on a 4.000-point scale).

International Students

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements (courses count in major GPA)		
BSCI 20021	BASIC MICROBIOLOGY (min C grade in either course)	3-4
or BSCI 30171	GENERAL MICROBIOLOGY	
BSCI 30050	HUMAN GENETICS (min C grade in either course)	3
or BSCI 30156	ELEMENTS OF GENETICS	
NURS 20025	PHARMACOLOGY AND ALTERATIONS IN PHYSIOLOGICAL FUNCTIONING I (min C grade)	3
NURS 20950	HUMAN GROWTH AND DEVELOPMENT FOR HEALTH PROFESSIONALS (min C grade)	3
NURS 30010	PARENT AND NEWBORN NURSING (min C grade)	4
NURS 30020	HEALTH CARE OF CHILDREN (min C grade)	4
NURS 30025	PHARMACOLOGY AND ALTERATIONS IN PHYSIOLOGICAL FUNCTIONING II (min C grade)	3
NURS 30035	NURSING OF ADULTS ACROSS THE LIFESPAN (min C grade)	9
NURS 30050	BASIC NURSING INFORMATICS (min C grade)	2
NURS 30071	HEALTH CARE POLICY FOR THE B.S.N. NURSE (min C grade) [1]	2-3
or NURS 40089	INTERNATIONAL HEALTH CARE POLICIES (DIVG) (ELR) (WIC)	
NURS 40010	NURSING OF THE CRITICALLY ILL (min C grade)	4
NURS 40020	COMMUNITY HEALTH NURSING (DIVG) (min C grade)	4
NURS 40030	PSYCHIATRIC MENTAL HEALTH NURSING (min C grade)	4
NURS 40036	SENIOR COMPETENCY LABORATORY (min C grade)	2
NURS 40045	INTEGRATION OF LEADERSHIP AND MANAGEMENT IN NURSING (ELR) (min C grade)	6
NUTR 23511	SCIENCE OF HUMAN NUTRITION (KBS)	3
Additional Requirements (courses do not count in major GPA)		
BSCI 21010	ANATOMY AND PHYSIOLOGY I (KBS) (KLAB) (min C grade) [2]	4
BSCI 21020	ANATOMY AND PHYSIOLOGY II (min C grade) [2]	4
CHEM 10050	FUNDAMENTALS OF CHEMISTRY (KBS) (min C grade in one course)	3-4
or CHEM 10055	MOLECULES OF LIFE (KBS)	

or CHEM 10060	GENERAL CHEMISTRY I (KBS)	
PSYC 11762	GENERAL PSYCHOLOGY (DIVD) (KSS)	3
SOC 12050	INTRODUCTION TO SOCIOLOGY (DIVD) (KSS)	3
or SOC 22778	SOCIAL PROBLEMS (DIVG) (KSS)	
UC 10001	FLASHES 101	1
Kent Core Composition		6
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Additional		3
Additional Requirements or Concentration		
Choose from the following:		25-27
Additional Requirements for Students Not Declaring a Concentration		
Accelerated Second Degree Concentration		
LPN and Allied Health Concentration		
Minimum Total Credit Hours:		**120-122**

1 NURS 40089 is only offered in another country for students who travel abroad. A minimum C grade must be earned to fulfill the writing-intensive requirement.

2 Students who have successfully completed ATTR 25057 (or EXSC 25057) and ATTR 25058 (or EXSC 25058) with a minimum C grade may use those courses in place of BSCI 21010 and BSCI 21020.

Additional Requirements for Students Not Declaring a Concentration

Code	Title	Credit Hours
Major Requirements (courses count in major GPA) (min C grade required in all courses)		
MATH 10040	INTRODUCTORY STATISTICS PLUS (KMCR)	4-5
or MATH 10041	INTRODUCTORY STATISTICS (KMCR)	
NURS 10060	INTRODUCTION TO PROFESSIONAL NURSING PRACTICE	3
NURS 20005	CLINICAL CALCULATIONS IN NURSING I	1
NURS 20015	CLINICAL CALCULATIONS IN NURSING II	2
NURS 20020	FOUNDATIONS OF ASSESSMENT AND COMMUNICATION IN NURSING	3
NURS 20030	FOUNDATIONS OF NURSING INTERVENTIONS	5
NURS 40005	PROFESSIONAL NURSING DEVELOPMENT	3
NURS 40874	EVIDENCE-BASED PRACTICE FOR NURSES (WIC) [1]	3
NURS 45060	NCLEX REVIEW PREPARATION	3
Minimum Total Credit Hours:		**27**

1 A minimum C grade must be earned to fulfill the writing-intensive requirement.

Accelerated Second Degree Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (courses count in major GPA) (min C grade required in all courses)		
NURS 20035	ACCELERATED CLINICAL CALCULATIONS	2
NURS 20040	FUNDAMENTALS OF NURSING	8
NURS 40026	PROFESSIONAL AND EVIDENCE-BASED PRACTICE FOR THE ACCELERATED B.S.N. (WIC) [1]	3
NURS 45060	NCLEX REVIEW PREPARATION	2-3
or NURS 45075	NCLEX SUCCESS	
Statistics Elective, choose from the following (min C grade):		3-5
BA 24056	BUSINESS ANALYTICS I	
EXSC 35068	STATISTICS FOR THE EXERCISE SCIENTIST	
MATH 10040	INTRODUCTORY STATISTICS PLUS (KMCR)	
MATH 10041	INTRODUCTORY STATISTICS (KMCR)	
MATH 12022	PROBABILITY AND STATISTICS FOR LIFE SCIENCES	
MATH 30011	BASIC PROBABILITY AND STATISTICS	
NURS 31010	APPLICATIONS FOR STATISTICAL FINDINGS FOR EVIDENCE BASED PRACTICE	
PH 30002	INTRODUCTORY BIOSTATISTICS	
PSYC 21621	QUANTITATIVE METHODS IN PSYCHOLOGY I	
Additional Requirements (courses do not count in major GPA)		
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours)		7
Minimum Total Credit Hours:		**25**

1 A minimum C grade must be earned to fulfill the writing-intensive requirement.

LPN and Allied Health Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (courses count in major GPA) (min C grade required in all courses)		
MATH 10040	INTRODUCTORY STATISTICS PLUS (KMCR)	4-5
or MATH 10041	INTRODUCTORY STATISTICS (KMCR)	
NURS 10060	INTRODUCTION TO PROFESSIONAL NURSING PRACTICE	3
NURS 20035	ACCELERATED CLINICAL CALCULATIONS	2
NURS 20040	FUNDAMENTALS OF NURSING	8
NURS 40005	PROFESSIONAL NURSING DEVELOPMENT	3
NURS 40874	EVIDENCE-BASED PRACTICE FOR NURSES (WIC) [1]	3
NURS 45060	NCLEX REVIEW PREPARATION	3
Minimum Total Credit Hours:		**26**

1 A minimum C grade must be earned to fulfill the writing-intensive requirement.

Progression Requirements

- All students in the B.S.N. degree must have a minimum 2.000 overall GPA each semester to continue in the program; failure to achieve this GPA each semester will result in not permitted to continue in the program.
- All students in the B.S.N. degree must have earned a minimum C grade in each science course required in the B.S.N. curriculum. All required biology and chemistry courses must be successfully completed with a minimum C grade to graduate with the B.S.N. degree.
- All students in the B.S.N. degree must have a minimum C grade in each of the sophomore nursing courses to progress to the junior nursing sequence.
- Students in the traditional (no concentration) program must have a minimum C grade in each of the junior nursing courses (NURS 30010,

NURS 30020 and NURS 30035) to progress to the senior nursing sequence.

- All students in the B.S.N. degree must have a minimum C grade in each of the senior nursing courses (NURS 40010, NURS 40020, NURS 40030 and NURS 40045) to progress and graduate.
- Students in the traditional (no concentration) program and LPN and Allied Health concentration must have a minimum C grade in each of the senior nursing courses (NURS 40005 and NURS 40874) to progress and graduate.
- Students in the Accelerated Second Degree concentration and LPN and Allied Health concentration may take junior- and senior-level courses concurrently as specified by their curriculum.
- Students in the traditional (no concentration) program may take a maximum of two clinical courses each semester.
- Students in the Accelerated Second Degree concentration and LPN and Allied Health concentration are permitted to take three clinical courses each term, as specified by their curriculum.
- Students in the Accelerated Second Degree concentration and LPN and Allied Health concentration who do not earn a minimum C grade in any nursing courses will no longer be permitted to take three clinical courses in a semester.

Professional Nursing Sequence

Students are eligible to apply to the Professional Nursing Sequence during the semester in which they anticipate completing or have completed 30 credit hours. Admission to the Professional Nursing Sequence is based on overall GPA and science GPA. Students who completed required prerequisite science courses while in the College Credit Plus (CCP) program may elect to repeat prerequisite science courses to be used in the calculation of the science GPA.

Students must meet all the following requirements to be eligible for admission to the Professional Nursing Sequence:

- Minimum 2.750 overall GPA
- Minimum 2.750 GPA in the required sciences:
  - BSCI 20021 or BSCI 30171
  - BSCI 21010
  - BSCI 21020
  - CHEM 10050 or CHEM 10055 or CHEM 10060
- Minimum C grade in each of the prerequisite courses:
  - BSCI 20021 or BSCI 30171
  - BSCI 21010
  - BSCI 21020
  - CHEM 10050 or CHEM 10055 or CHEM 10060
  - MATH 10040 or MATH 10041
- Candidates who meet the admission criteria for the Professional Nursing Sequence will be selected using a holistic admission process including the individual's personal experiences, attributes and metrics.

Professional Nursing Sequence for LPN and Allied Health Concentration

Students in the LPN and Allied Health concentration will need to complete all core and prerequisite coursework to be admitted to the Professional Nursing Sequence. Admission is competitive and is never guaranteed.

Admission checklist for the Professional Nursing Sequence for students in the LPN and Allied Health concentration:

- Students are eligible to make application during the semester in which they anticipate completing, or have completed the core courses, along with:
  - BSCI 20021 or BSCI 30171
  - BSCI 21010
  - BSCI 21020
  - BSCI 30050 or BSCI 30156
  - CHEM 10050, CHEM 10055 or CHEM 10060
  - MATH 10040 or MATH 10041 or NURS 31010 or PH 30002 or PSYC 21621
  - NURS 10060
  - NURS 20950
  - NUTR 23511
  - PSYC 11762
  - SOC 12050 or SOC 22778
  - UC 10001
- Minimum 2.750 overall GPA and minimum 2.750 science GPA
- Minimum C grade in all science and mathematics courses
- Unrestricted practice license (priority admission is given to students with two or more years of practice in their field)

The collage dean may review the student's educational files to determine if adequate progression has been made.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

- Minimum C grade is required in all specified NURS, BSCI, CHEM and Kent Core MATH courses.
- Students must earn a combined minimum 2.750 GPA in BSCI 21010 **and** BSCI 21020 **and** BSCI 20021 (or BSCI 30171) **and** CHEM 10050 (or CHEM 10055 or CHEM 10060).

Roadmaps

Nursing Major (No Concentration)

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
!	BSCI 21010	ANATOMY AND PHYSIOLOGY I (KBS) (KLAB)	4
	CHEM 10050 or CHEM 10055 or CHEM 10060	FUNDAMENTALS OF CHEMISTRY (KBS) or MOLECULES OF LIFE (KBS) or GENERAL CHEMISTRY I (KBS)	3-4
	MATH 10040 or MATH 10041	INTRODUCTORY STATISTICS PLUS (KMCR) or INTRODUCTORY STATISTICS (KMCR)	4-5
	NURS 10060	INTRODUCTION TO PROFESSIONAL NURSING PRACTICE	3

	UC 10001	FLASHES 101	1
		Credit Hours	**15**
	Semester Two		
	BSCI 20021 or BSCI 30171	BASIC MICROBIOLOGY or GENERAL MICROBIOLOGY	3-4
	BSCI 21020	ANATOMY AND PHYSIOLOGY II	4
	PSYC 11762	GENERAL PSYCHOLOGY (DIVD) (KSS)	3
	Kent Core Requirement		3
	Kent Core Requirement		3
		Credit Hours	**16**
	Semester Three		
	Requirement: Students must be admitted to the Professional Nursing Sequence to progress.		
	BSCI 30050 or BSCI 30156	HUMAN GENETICS or ELEMENTS OF GENETICS	3
	NURS 20005	CLINICAL CALCULATIONS IN NURSING I	1
!	NURS 20020	FOUNDATIONS OF ASSESSMENT AND COMMUNICATION IN NURSING	3
	NURS 20950	HUMAN GROWTH AND DEVELOPMENT FOR HEALTH PROFESSIONALS	3
	SOC 12050 or SOC 22778	INTRODUCTION TO SOCIOLOGY (DIVD) (KSS) or SOCIAL PROBLEMS (DIVG) (KSS)	3
	Kent Core Requirement		3
		Credit Hours	**16**
	Semester Four		
	NURS 20015	CLINICAL CALCULATIONS IN NURSING II	2
	NURS 20025	PHARMACOLOGY AND ALTERATIONS IN PHYSIOLOGICAL FUNCTIONING I	3
!	NURS 20030	FOUNDATIONS OF NURSING INTERVENTIONS	5
	NUTR 23511	SCIENCE OF HUMAN NUTRITION (KBS)	3
		Credit Hours	**13**
	Semester Five		
	Requirement: minimum overall 2.000 GPA		
	NURS 30025	PHARMACOLOGY AND ALTERATIONS IN PHYSIOLOGICAL FUNCTIONING II	3
!	NURS 30035	NURSING OF ADULTS ACROSS THE LIFESPAN	9
	NURS 30071 or NURS 40089	HEALTH CARE POLICY FOR THE B.S.N. NURSE or INTERNATIONAL HEALTH CARE POLICIES (DIVG) (ELR) (WIC)	2-3
		Credit Hours	**14**
	Semester Six		
!	NURS 30010	PARENT AND NEWBORN NURSING	4
!	NURS 30020	HEALTH CARE OF CHILDREN	4
!	NURS 30050	BASIC NURSING INFORMATICS	2
	NURS 40874	EVIDENCE-BASED PRACTICE FOR NURSES (WIC)	3
	Kent Core Requirement		3
		Credit Hours	**16**
	Semester Seven		
	Requirement: minimum overall 2.000 GPA		
	NURS 40005	PROFESSIONAL NURSING DEVELOPMENT	3
!	NURS 40020	COMMUNITY HEALTH NURSING (DIVG)	4
!	NURS 40030	PSYCHIATRIC MENTAL HEALTH NURSING	4
	NURS 40036	SENIOR COMPETENCY LABORATORY	2
	Kent Core Requirement		3
		Credit Hours	**16**
	Semester Eight		
!	NURS 40010	NURSING OF THE CRITICALLY ILL	4
!	NURS 40045	INTEGRATION OF LEADERSHIP AND MANAGEMENT IN NURSING (ELR)	6
!	NURS 45060	NCLEX REVIEW PREPARATION	3
	Kent Core Requirement		3
		Credit Hours	**16**
		Minimum Total Credit Hours:	**122**

Accelerated Second Degree Concentration

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Semester Prerequisite		Credits
BSCI 20021 or BSCI 30171	BASIC MICROBIOLOGY or GENERAL MICROBIOLOGY	3-4
BSCI 21010	ANATOMY AND PHYSIOLOGY I (KBS) (KLAB)	4
BSCI 21020	ANATOMY AND PHYSIOLOGY II	4
BSCI 30050 or BSCI 30156	HUMAN GENETICS or ELEMENTS OF GENETICS	3
CHEM 10050 or CHEM 10055 or CHEM 10060	FUNDAMENTALS OF CHEMISTRY (KBS) or MOLECULES OF LIFE (KBS) or GENERAL CHEMISTRY I (KBS)	3-4
NURS 20950	HUMAN GROWTH AND DEVELOPMENT FOR HEALTH PROFESSIONALS	3

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	

Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Meet educational eligibility requirements to take the registered nurse licensing examination (National Certification and Licensure Exam).
2. Acquire competencies based on professional standards to assume the role of the professional nurse and for career advancement, including graduate studies.
3. Provide equitable evidence-based care to diverse populations as a member of a diverse, interprofessional team.

Program Policies

Assigning Out-of-Sequence Students to Clinical Nursing Courses

1. Students are responsible for contacting Student Services, Room 216, Henderson Hall to make arrangements for repeating a nursing course.
2. Readmission to the B.S.N. sequence for any reason is on a "space available" basis. Students already progressing in sequence have priority in placement over those requesting re-enrollment. Accelerated B.S.N. students have priority in summer scheduling.
3. Students are enrolled in courses using the following guidelines in order:
   a. Are in good standing but lost a semester with verified illness or military service.
   b. Have failed and successfully repeated a clinical course.
   c. Have withdrawn from one course.
   d. Have withdrawn from a course more than once.
   e. Cumulative grade point average at the time of registration.

Changing Campuses

1. Traditional and Accelerated B.S.N. students are admitted by campus and are required to complete the B.S.N. program at their admitted campus of origin.
2. Students wishing to change campuses during their program must comply with the following guidelines in order:
   a. Once campus rosters have been set based on the procedure for assigning students, students who are in-sequence and approved to switch campuses by the Associate Dean of Academics may be placed.
   b. Students who are out of sequence may switch campuses in order to repeat courses based on the order established for assigning out-of-sequence students. No approval by the Associate Dean of Academics is needed in this instance. Students will be directed to return to their campus of origin, once they have successfully repeated their course at another campus.
   c. Students should complete the Changing Campus Request Form to initiate a change.

Clinical Compliance Policy

This policy applies to all students enrolled in B.S.N., M.S.N., D.N.P. degree programs and postmaster's certificates. Students must provide documentation of the following items to a third-party vendor that is approved to track and maintain student health and other compliance documents. Students are responsible for all costs incurred in meeting the requirements for clinical compliance and for establishing and maintaining their third party account profile. Students in the B.S.N., M.S.N. and D.N.P. degree programs and College of Nursing post-master's certificates must be fully compliant with this policy prior to registering for their first practicum course.

Requirements

1. **Current American Heart Association Basic Life Support for Healthcare Provider certification in cardiopulmonary resuscitation (CPR) or American Red Cross CPR/AED.** Ph.D. students must have CPR certification within the first semester of enrollment.
2. **Background Check:** Students are required to submit federal and state criminal background checks and incur the related costs. International students must meet university policy for admission.
3. **Healthcare Insurance:** Students must provide proof of health insurance. Students can submit either (a) a copy of an insurance card with the student's name on the card or (b) a copy of the health insurance statement coverage that indicates that the student is covered.
4. **Immunizations/Immune Status Testing:** Evidence of the required immunizations/tests must be provided on the Immunization and Physical Compliance Form available from the Office of Student Services. The form must be completed, dated and signed by a licensed health care provider then uploaded to the third party vendor's portal.
5. **Physical examination**: A physical examination is required within one year prior to admission to a clinical site. For students admitted into the B.S.N., M.S.N. and D.N.P. degrees or post-master's certificates, the provider conducting the physical must indicate that the student can perform activities in the nursing student's clinical and practicum courses, or can do so with reasonable accommodations, and

is free of all communicable diseases. Students should request accommodations from the Office Student Accessibility Services. Failure to obtain the physical examination or the provider assurance may prevent the university from placing the student in a clinical setting.

Students who have allergic reactions, medical waivers, refuse vaccinations or other physiological conditions that preclude them from receiving vaccinations are required to contact the Office of Student Services upon admission to their academic program. Such conditions may prevent students from completing clinical/practical coursework at some partner agencies which may result in a delay of graduation.

Registered Nurse (RN) Licensure

Students enrolled in the B.S.N. (Nursing for Registered Nurses major), M.S.N., and D.N.P. degrees or post-master's certificates must have an active, unrestricted RN license in either (1) the state of Ohio for students taking on-campus courses or who will be completing practica in Ohio or (2) the state of residence and practice for applicants residing and completing practicum outside Ohio. They must obtain proof of the appropriate licensure within the first semester of their program or before starting their practicum hours, whichever comes first.

Students in the Ph.D. degree must have an active unrestricted Ohio RN license—or for international students, proof of legal ability to practice as a RN in country of origin. They must show proof of license at the time of admission into the Ph.D. degree.

Course Withdrawal Policy

Students in the B.S.N. degree who withdraw from two NURS courses or from the same NURS course twice (i.e., W administrative mark on the student's transcript) will have that course or courses count as one failure in their program.

The following courses are excluded from the policy:

- NURS 10060
- NURS 20950
- NURS 31010

Not Permitted to Continue Policy within the College of Nursing

1. Undergraduate students who fail two NURS courses or one NURS course twice will not be permitted to continue in the professional nursing sequence.
   a. Exempt from the policy are the following courses: NURS 10060, NURS 20950 and approved topics under NURS 31095 or NURS 41095.
2. Students who have been reinstated into the B.S.N. degree and then fail one NURS course after reinstatement will not be permitted to continue in the major.
3. Students must have a minimum 2.000 overall GPA each semester to continue in the B.S.N. degree. Failure to achieve this GPA each semester will result in the student not being permitted to continue in the B.S.N. degree.
4. The College of Nursing retains the right to not permit a student to continue in the B.S.N. degree if deemed to violate:
   a. Any policy within the College of Nursing student handbooks or of affiliating facilities.
   b. Professional behavior and role development standards as outlined in College of Nursing, university or affiliating agency policies or handbooks.
5. Students who have been reinstated into the professional nursing sequence must earn a minimum C grade in all NURS courses. Failure to do so will result in those students being not permitted to continue in the professional nursing sequence.

Repeat of Nursing Courses

1. A student who does not attain a GPA of 2.000 (grade of C) in a nursing clinical course cannot proceed to the next academic level. A student who does not earn a 2.000 (grade of C) in a nursing course must repeat this course based on seat availability.
2. A student can repeat a single nursing course only one time. A student who earns below a 2.000 (grade of C) in a second (or is repeating a failure) nursing course will be not be permitted to continue in the program within the College of Nursing.
3. This policy excludes NURS 10060, NURS 20950 and NURS 31010.
4. Accelerated B.S.N. students who fail a course will no longer continue in the Accelerated concentration , but can continue in the Traditional B.S.N. program

Science GPA Calculation Policy

The first-year science GPA is calculated using the highest grade earned for each of the prerequisite science courses in the B.S.N. degree.

Uniform for Clinical Experience

1. The uniform consists of a white tunic top and blue pants embroidered with the Kent State University College of Nursing logo. Any student expecting a modification of the uniform should speak first with the Kent State University Associate Dean of Undergraduate Programs.
2. Students are required to purchase two sets of the official embroidered uniform, an embroidered white scrub jacket, and the required College of Nursing name tag, which must be worn at all times during each clinical experience (per Ohio Board of Nursing). Uniforms may only be purchased from the uniform company authorized to sell official Kent State University College of Nursing uniforms.
3. Female students who need a maternity uniform should contact the official Kent State University College of Nursing uniform company to purchase a maternity uniform embroidered with the Kent State University College of Nursing logo, similar to the typical tunic and pants.
4. Students requiring a uniform dress to meet religious guidelines should contact the official Kent State University College of Nursing uniform company to purchase a uniform embroidered with the Kent State University College of Nursing logo dress similar in style to the tunic top.
5. In selected areas such as obstetrics, community health, and psychiatric/mental health, scrubs or street clothes are worn. Specific apparel requirements for these areas are provided by the affiliating clinical agencies, the course syllabus and/or the faculty.
6. It is required that baccalaureate nursing students dress in a professional manner at all times in the clinical area. In order to maintain a professional appearance, a limited number of accessories may be worn with the uniform:

   a. A watch with a second hand, a single pair of plain gold or silver posts worn in the lower ear lobe of pierced ears and a wedding band are acceptable in most settings.
   b. A chain that does not show when worn may also be acceptable, depending on the clinical agency.
   c. Not permitted in the clinical area are visible piercings with jewelry in places other than the lower ear lobes (e.g. upper ear, nose, tongue, eyebrows, etc.). All open piercing must remain empty. Spacers are not permitted while attending clinical experiences.
7. While at the clinical agency, tattoos must be covered with a long sleeve top, white or neutral undershirt, socks or dressing/band aid.
8. If nail polish is worn, only a clear or light, neutral shade is permitted. Nails should be trimmed to avoid extending beyond the end of the fingers. Per OSHA rules, artificial nails may not be worn in any clinical facility.
9. Hair should be neat and worn above the collar in a style becoming to the person. If hair is longer than collar length, it must be pulled back to avoid contact with patients while performing procedures. Hair of unnatural color is unacceptable. Established beards are to be neatly trimmed. Males without beards are to be clean shaven.
10. Prior to the first clinical experience, students are required to provide documentation to the Assistant Dean of the Undergraduate program if they must adhere to specific religious dress and head covering restrictions
11. Shoes should be clean and in good repair. With the official Kent State University College of Nursing uniform, students may wear white nursing shoes; white, closed front clogs with backs; or white, leather athletic shoes, without large or colorful logos.
12. At all times during clinical experiences, students must adhere to the uniform code of Kent State University College of Nursing. Clinical agency policies may be more restrictive and require further or additional accommodations by students.

Full Description

The Bachelor of Science in Nursing degree in Nursing prepares practitioners for professional nursing, helps them understand their role in society and prepares them for graduate study. The program emphasizes professional knowledge, skills and compassionate nursing practices. Students begin with courses that demonstrate the core foundations of the nursing profession and its historical roots. The capstone preceptorship exposes students to research and professional-practice concepts that will ensure their abilities to be nurse leaders and healthcare advocates.

Throughout the curriculum, students study life-span and cultural diversity issues while applying evidence-based practice to their profession.

The Nursing major includes the following optional concentrations:

- The **Accelerated Second Degree** concentration is for students who hold a bachelor's degree and wish to pursue the B.S.N. degree in an accelerated manner.
- The **LPN and Allied Health** concentration is a bridge program designed to meet the unique demands of licensed practical nurses, paramedics, respiratory therapists, physical therapy assistants, occupational therapy assistants, field/combat medics and emergency medical technicians.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Program Delivery

- **Delivery:**
  - Fully online

Examples of Possible Careers and Salaries*

Medical and health services managers

- 31.5% much faster than the average
- 422,300 number of jobs
- $104,280 potential earnings

Nurse practitioners

- 52.4% much faster than the average
- 211,300 number of jobs
- $111,680 potential earnings

Nursing instructors and teachers, postsecondary

- 17.6% much faster than the average
- 72,900 number of jobs
- $75,470 potential earnings

Accreditation

The D.N.P. degree in Nursing at Kent State University is accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Previous degree:
  - Executive Nurse concentration – master's degree in nursing or a related field
  - Nurse Administration and Executive Leadership concentration – bachelor's or master's pre-licensure degree in nursing
  - Practice Leadership concentration – bachelor's[1] or master's degree in nursing
- Minimum overall 3.000 GPA on a 4.000-point scale
- Official transcript(s)
- Completion of an undergraduate- or graduate-level statistics course with a minimum C grade
- Active, unrestricted registered nurse license in the state in which the student's practica will be completed
- Résumé or curriculum vitae that demonstrates professional experience in nursing
- Essay (300 words) describing professional goals and reasons for seeking the professional practice doctorate
- Three letters of reference from healthcare professionals or academic faculty who can speak to the applicant's professional and academic abilities
- Pre-admission interview
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[2]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

Students selected for admission to the nursing program must meet the College of Nursing's Clinical Compliance Policy. Priority admission to the Nurse Executive concentration will be given to candidates who hold American Nurses Credentialing Center (ANCC) certification or American Organization for Nursing Leadership (AONL) Nurse Executive certification or who have experience in nursing management or administration.

1 Post-baccalaureate students admitted to the Practice Leadership concentration also will be admitted to the M.S.N. degree in one of the advanced practice registered nurses concentrations. This dual admit will allow students to complete M.S.N. coursework and enroll in some D.N.P. coursework after successfully completing their first two full-time semesters of graduate study. Students must first complete M.S.N. coursework, earn the M.S.N. degree and obtain APRN national certification before they can continue with D.N.P. coursework and earn the D.N.P. degree.

2 International applicants who do not meet the above test scores may be considered for conditional admission.

Application Deadlines

- **Fall Semester**
  - Priority deadline: March 1
- **Spring Semester**
  - Priority deadline: October 1

All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted by these deadlines will receive the strongest consideration for admission.

Program Requirements

Major Requirements

NURS 72792	D.N.P. PROJECT II: IMPLEMENTATION AND EVALUATION OF EVIDENCE-BASED INTERVENTIONS	3
NURS 72892	D.N.P. PROJECT III: DATA ANALYSIS AND INTERPRETATION FOR EVIDENCE-BASED PRACTICE	3
Concentrations		
Choose from the following:		6-30
Executive Nurse		
Nursing Administration and Executive Leadership		
Practice Leadership		
Minimum Total Credit Hours:		**40-64**

1 NURS 70016 is required for students who have not completed graduate coursework in advanced assessment, advanced pharmacology and advanced physiology. **Students who have previously completed the course will be waived the requirement and may graduate with 37 credit hours (or 61 credit hours if in the Nursing Administration and Executive Leadership concentration).**

Executive Nurse Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (min B grade in all courses)		
NURS 70089	INTERNATIONAL HEALTH CARE POLICIES [1]	3
or NURS 70686	APPLIED ECONOMIC AND FINANCIAL PRINCIPLES FOR THE NURSE EXECUTIVE	
NURS 70651	ADVANCED LEGAL, REGULATORY AND POLICY CONSIDERATIONS FOR NURSE	3
Minimum Total Credit Hours:		**6**

[1] NURS 70089 is only offered in another country for students who travel abroad.

Nursing Administration and Executive Leadership Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (min B grade in all courses)		
NURS 70020	LEGAL AND REGULATORY MANAGEMENT FOR NURSE ADMINISTRATORS	3
NURS 70024	HEALTH CARE ORGANIZATION, STRUCTURE AND BEHAVIOR	3
NURS 70089	INTERNATIONAL HEALTH CARE POLICIES [1]	3
or NURS 70686	APPLIED ECONOMIC AND FINANCIAL PRINCIPLES FOR THE NURSE EXECUTIVE	
NURS 70101	THEORETICAL BASIS FOR NURSING PRACTICE	3
NURS 70292	INTEGRATION OF CLINICAL EXPERTISE INTO THE HEALTHCARE MANAGEMENT ROLE PRACTICUM	2
NURS 70315	BUDGETARY AND FISCAL MANAGEMENT FOR NURSES	3
NURS 70651	ADVANCED LEGAL, REGULATORY AND POLICY CONSIDERATIONS FOR NURSE	3
NURS 74002	PROGRAM DEVELOPMENT AND EVALUATION FOR NURSE ADMINISTRATORS	3
NURS 74292	NURSING ADMINISTRATION AND HEALTH SYSTEMS LEADERSHIP I PRACTICUM	2
NURS 74302	NURSING ADMINISTRATION AND HEALTH SYSTEMS LEADERSHIP SEMINAR	2
NURS 74692	EXECUTIVE LEADERSHIP PRACTICUM	3
Minimum Total Credit Hours:		**30**

[1] NURS 70089 is only offered in another country for students who travel abroad.

Practice Leadership Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (min B grade in all courses)		
NURS 70089	INTERNATIONAL HEALTH CARE POLICIES [1]	3
or NURS 70685	HEALTHCARE FINANCE AND ECONOMIC POLICY	
NURS 70650	ORGANIZATIONAL SYSTEMS	3
Minimum Total Credit Hours:		**6**

[1] NURS 70089 is only offered in another country for students who travel abroad.

Progression Requirements

Student who do not earn a minimum B grade in a course must repeat it and cannot take other courses that require that course as a prerequisite until the course is successfully repeated. Students who do not earn a minimum B grade in the second attempt may be dismissed from the D.N.P. degree.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- Minimum B grade in all courses.
- Completion of minimum 500 practicum hours for post-master's students. Post-baccalaureate students are required to complete additional hours based upon their selected concentration.
- Submission and defense of a scholarly project to a committee that includes, at minimum, the student's academic advisor and two other doctoral-prepared members. The project must result in a manuscript suitable for publication.

Roadmaps

Executive Nurse Concentration

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

First Year		
Fall Semester		**Credits**
NURS 70016	ADVANCED ASSESSMENT, PATHOPHYSIOLOGY AND PHARMACOLOGY FOR THE NURSE LEADER	3

Program Learning Outcomes

Graduates of this program will be able to:

1. Develop and implement systems-focused care and innovative strategies to promote positive, sustainable health and fiscal outcomes across the healthcare continuum.
2. Provide population-focused, advanced nursing care to diverse populations within a variety of settings based on evidence, ethics, theory and professional standards.
3. Provide leadership and interprofessional collaboration to plan, implement and evaluate programs of care delivery to improve outcomes for individuals, populations and aggregates.
4. Synthesize and translate evidence for implementation and dissemination for equitable, evidence-based and inclusive healthcare outcomes.

Clinical Compliance Policy

This policy applies to all students enrolled in B.S.N., M.S.N., D.N.P. degree programs and postmaster's certificates. Students must provide documentation of the following items to a third-party vendor that is approved to track and maintain student health and other compliance documents. Students are responsible for all costs incurred in meeting the requirements for clinical compliance and for establishing and maintaining their third party account profile. Students in the B.S.N., M.S.N. and D.N.P. degree programs and College of Nursing post-master's certificates must be fully compliant with this policy prior to registering for their first practicum course.

Requirements

1. **Current American Heart Association Basic Life Support for Healthcare Provider certification in cardiopulmonary resuscitation (CPR) or American Red Cross CPR/AED.** Ph.D. students must have CPR certification within the first semester of enrollment.
2. **Background Check:** Students are required to submit federal and state criminal background checks and incur the related costs. International students must meet university policy for admission.
3. **Healthcare Insurance:** Students must provide proof of health insurance. Students can submit either (a) a copy of an insurance card with the student's name on the card or (b) a copy of the health insurance statement coverage that indicates that the student is covered.
4. **Immunizations/Immune Status Testing:** Evidence of the required immunizations/tests must be provided on the Immunization and Physical Compliance Form available from the Office of Student Services. The form must be completed, dated and signed by a licensed health care provider then uploaded to the third party vendor's portal.
5. **Physical examination**: A physical examination is required within one year prior to admission to a clinical site. For students admitted into the B.S.N., M.S.N. and D.N.P. degrees or post-master's certificates, the provider conducting the physical must indicate that the student can perform activities in the nursing student's clinical and practicum courses, or can do so with reasonable accommodations, and is free of all communicable diseases. Students should request accommodations from the Office Student Accessibility Services. Failure to obtain the physical examination or the provider assurance may prevent the university from placing the student in a clinical setting.

Students who have allergic reactions, medical waivers, refuse vaccinations or other physiological conditions that preclude them from receiving vaccinations are required to contact the Office of Student Services upon admission to their academic program. Such conditions may prevent students from completing clinical/practical coursework at some partner agencies which may result in a delay of graduation.

Registered Nurse (RN) Licensure

Students enrolled in the B.S.N. (Nursing for Registered Nurses major), M.S.N., and D.N.P. degrees or post-master's certificates must have an active, unrestricted RN license in either (1) the state of Ohio for students taking on-campus courses or who will be completing practica in Ohio or (2) the state of residence and practice for applicants residing and completing practicum outside Ohio. They must obtain proof of the appropriate licensure within the first semester of their program or before starting their practicum hours, whichever comes first.

Students in the Ph.D. degree must have an active unrestricted Ohio RN license—or for international students, proof of legal ability to practice as a RN in country of origin. They must show proof of license at the time of admission into the Ph.D. degree.

Full Description

The Doctor of Nursing Practice degree in Nursing is the terminal degree for nurses who want to advance their knowledge of nursing practice, gain leadership and technology skills and become clinical scholars. Students

develop leadership skills to affect health outcomes for individuals and populations by translating scientific evidence into clinical interventions, managing healthcare systems and collaborating with other health care providers.

The Nursing major comprises the following concentrations:

- The **Executive Nurse** concentration prepares nurse leaders for the role of nurse executive at the highest level of healthcare administration.
- The **Nurse Administration and Executive Leadership** concentration prepares B.S.N. nurses for entry-, mid- and executive-level leadership roles.
- The **Practice Leadership** concentration prepares advanced practice and clinical experts to lead interprofessional teams focused on evidence-based practice, quality improvement and translational research.

Nursing - M.S.N.

Program Delivery

- **Delivery:**
  - Fully online (concentrations Adult Gerontology Clinical Nurse Specialist, Nurse Educator, Nursing Administration and Health Systems Leadership, Psychiatric Mental Health Nurse Practitioner, Women's Health Nurse Practitioner)
  - Mostly online (concentrations Adult Gerontology Acute Care Nurse Practitioner, Adult Gerontology Primary Care Nurse Practitioner, Family Nurse Practitioner, Pediatric Primary Care Nurse Practitioner)
- **Location:**
  - Kent Campus

Applications to the Pediatric Primary Care Nurse Practitioner concentration are not being accepted at this time.

Examples of Possible Careers and Salaries*

Medical and health services managers

- 31.5% much faster than the average
- 422,300 number of jobs
- $104,280 potential earnings

Nurse practitioners

- 52.4% much faster than the average
- 211,300 number of jobs
- $111,680 potential earnings

Nursing instructors and teachers, postsecondary

- 17.6% much faster than the average
- 72,900 number of jobs
- $75,470 potential earnings

Additional Careers

- Clinical nurse specialists

Accreditation

The Master of Science in Nursing degree at Kent State University is accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

Applications to the Pediatric Primary Care Nurse Practitioner concentration are not being accepted at this time.

- Bachelor's and/or graduate degree from an accredited registered nursing program[1]
- Minimum 3.000 undergraduate/graduate GPA on a 4.000-point scale *(starting with spring 2026 admission term, minimum 2.750 GPA is required)*
- Completion of an undergraduate statistics course with a minimum C grade *(starting with spring 2026 admission term, requirement is eliminated)*
- Active, unrestricted registered nurse license in the state in which clinical coursework will be completed
- Curriculum vitae (including activities such as national nursing certifications, professional organizations, clinical ladder, PI/QI projects, research, publications and military experience if applicable)
- Essay (two pages double spaced, 500 words) describing professional preparation and rationale for seeking the master's degree in the identified specialty along with professional goals and any experience as a nurse caring for the under-served, high risk or vulnerable

populations *(starting with spring 2026 admission term, the essay is eliminated)*

- Admission essay *is required starting with spring 2026 admission term* responding to the following questions (two pages, double spaced, 500 words):
  - How do you plan to contribute to the nursing profession and healthcare community after earning your M.S.N. degree?
  - How has your experience, professional development and service within the profession contributed to your readiness for graduate education?
  - What experience do you have working as a nurse caring for the underserved, high-risk or vulnerable populations?
- Three professional letters of reference from healthcare professionals, either a supervisor and/or an advanced practice nurse who can speak to the applicant's professional capabilities
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[2]
  - Minimum 83 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 55 PTE score
  - Minimum 110 DET score

Admission to the M.S.N. degree is competitive and never guaranteed. Priority will be given to candidates with:

- Strong academic record
- Strong references
- Demonstrated experience in the area of interest
- National certification in a specialty as a nurse
- Membership in a professional nursing organization or military
- Documented community service
- Participation in an agency's Clinical Ladder, PI/QI Projects, research, publication or similar programs/projects
- Experience as a nurse caring for underserved, high risk or vulnerable populations

An additional interview video may be required. Students selected for admission to the nursing program must meet the College of Nursing's Clinical Compliance Policy.

[1] Applicants with an RN license and a bachelor's degree in a non-nursing field, or with a bachelor's degree in nursing from an institution outside the U.S. will be considered based on faculty review of a portfolio submitted with the application.

[2] International applicants who do not meet the above test scores may be considered for conditional admission.

Application Deadlines

- **Fall Semester**
  - Priority deadline: March 1
- **Spring Semester**
  - Priority deadline: October 1
- **Summer Term**
  - Priority deadline: March 1

Applications submitted by these deadlines will receive the strongest consideration for admission.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- Minimum 300-600 clinical hours, depending on concentration
- Maximum six years of study. Under selected circumstances and upon the consent of the advisor, petitions for extensions of an additional one year to completion may be submitted to the concentration director.
- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Meet standards for advanced practice certification or other advanced professional distinction.
2. Demonstrate competencies based on professional standards to assume advanced roles in nursing, and for leadership and career advancement, including doctoral study.
3. Communicate, integrate and apply advanced nursing knowledge and skills to provide equitable, evidence-based, inclusive nursing care and promote quality outcomes in nursing and health care.

Program Policies

Clinical Compliance Policy

This policy applies to all students enrolled in B.S.N., M.S.N., D.N.P. degree programs and postmaster's certificates. Students must provide documentation of the following items to a third-party vendor that is approved to track and maintain student health and other compliance documents. Students are responsible for all costs incurred in meeting the requirements for clinical compliance and for establishing and maintaining their third party account profile. Students in the B.S.N., M.S.N. and D.N.P. degree programs and College of Nursing post-master's certificates must be fully compliant with this policy prior to registering for their first practicum course.

Requirements

1. **Current American Heart Association Basic Life Support for Healthcare Provider certification in cardiopulmonary resuscitation (CPR) or American Red Cross CPR/AED.** Ph.D. students must have CPR certification within the first semester of enrollment.
2. **Background Check:** Students are required to submit federal and state criminal background checks and incur the related costs. International students must meet university policy for admission.
3. **Healthcare Insurance:** Students must provide proof of health insurance. Students can submit either (a) a copy of an insurance card with the student's name on the card or (b) a copy of the health insurance statement coverage that indicates that the student is covered.
4. **Immunizations/Immune Status Testing:** Evidence of the required immunizations/tests must be provided on the Immunization and Physical Compliance Form available from the Office of Student Services. The form must be completed, dated and signed by a licensed health care provider then uploaded to the third party vendor's portal.
5. **Physical examination**: A physical examination is required within one year prior to admission to a clinical site. For students admitted into the B.S.N., M.S.N. and D.N.P. degrees or post-master's certificates, the provider conducting the physical must indicate that the student can perform activities in the nursing student's clinical and practicum courses, or can do so with reasonable accommodations, and is free of all communicable diseases. Students should request accommodations from the Office Student Accessibility Services. Failure to obtain the physical examination or the provider assurance may prevent the university from placing the student in a clinical setting.

Students who have allergic reactions, medical waivers, refuse vaccinations or other physiological conditions that preclude them from receiving vaccinations are required to contact the Office of Student Services upon admission to their academic program. Such conditions may prevent students from completing clinical/practical coursework at some partner agencies which may result in a delay of graduation.

Registered Nurse (RN) Licensure

Students enrolled in the B.S.N. (Nursing for Registered Nurses major), M.S.N., and D.N.P. degrees or post-master's certificates must have an active, unrestricted RN license in either (1) the state of Ohio for students taking on-campus courses or who will be completing practica in Ohio or (2) the state of residence and practice for applicants residing and completing practicum outside Ohio. They must obtain proof of the appropriate licensure within the first semester of their program or before starting their practicum hours, whichever comes first.

Students in the Ph.D. degree must have an active unrestricted Ohio RN license—or for international students, proof of legal ability to practice as a RN in country of origin. They must show proof of license at the time of admission into the Ph.D. degree.

Time Limit for Graduate Nursing Courses

Certain courses are critical to be completed within a timely manner for patient safety as well as student success in the program. This policy ensures that clinical skills and critical knowledge learned in specific courses taken three or more years ago are refreshed before moving to more advanced levels of practice.

Students who have stopped out of the clinical sequence of courses for a period of time must repeat the following practicum and corequisite lecture courses if they are three of more years old:

- NURS 60110 and NURS 61192
- NURS 60120 and NURS 61292
- NURS 60125 and NURS 61892
- NURS 60126 and NURS 61392
- NURS 60126 and NURS 61892
- NURS 60129 and NURS 61092
- NURS 60151 and NURS 61592
- NURS 60160 and NURS 61692
- NURS 60170 and NURS 61792
- NURS 60210 and NURS 62192
- NURS 60220 and NURS 62292
- NURS 60230 and NURS 62392
- NURS 60251 and NURS 63592
- NURS 60270 and NURS 62792
- NURS 60310 and NURS 63192
- NURS 60320 and NURS 63692
- NURS 60325 and NURS 63292
- NURS 60330 and NURS 63392
- NURS 60353 and NURS 64592
- NURS 60370 and NURS 63792
- NURS 60372 and NURS 63992
- NURS 60470 and NURS 64792
- NURS 62592
- NURS 66100 and NURS 66192
- NURS 66200 and NURS 66292

- NURS 66300 and NURS 66392
- NURS 66400 and NURS 66492

Certifying agencies and state licensing requirements for advanced practice registered nurses have time limits for critical courses. Courses completed outside of this time frame may need to be repeated prior to seeking national certification. Students are advised to check with certifying agencies and state licensing agencies upon admission to determine if the age of their prior courses will meet requirements.

Dual Degree with Master of Business Administration

Student have the opportunity to complete a dual degree program with the M.B.A. degree in Business Administration and the M.S.N degree in Nursing. A separate application must be submitted for each program. Students can view admission requirements for each program on their respective catalog page.

The M.B.A./M.S.N. dual degree is for experienced nurses whose career goals include assuming middle or executive management positions in health services agencies or in health-related companies, or who are interested in starting their own businesses. It combines the strengths of advanced nursing preparation with the practical management knowledge needed to develop significant leadership capabilities.

Full Description

The Master of Science in Nursing degree meets the educational eligibility requirements for national certification in the respective area of study. The degree program can be completed in four to five semesters (two full academic years) for full-time students. Part-time students typically take three to four years to complete the program. Completion of a thesis is optional.

The Nursing major comprises the following concentrations:

- The **Adult Gerontology Acute Care Nurse Practitioner** concentration allows students to attain advanced practice nursing competencies in providing evidence-based care to adults and older adults with complex acute and chronic illnesses. Clinical experiences occur in a variety of acute care settings, including general medical care, emergency care, critical care and specialty practice. Through clinical practicums, students provide direct patient care in collaboration with a team of health professionals to diagnose and treat patients across the continuum of health care services.
- The **Adult Gerontology Clinical Nurse Specialist** concentration fosters acquisition of the needed competencies to care for patients spanning the entire adult to older-adult spectrum. Class and clinical experiences focus on providing advanced nursing care across the health continuum, from wellness to acute care. Students develop competencies across the three spheres of impact: patient/direct care, nurses/nursing practice and organizations/systems.
- The **Adult Gerontology Primary Care Nurse Practitioner** concentration allows students to develop advanced practice nursing competencies in health promotion, risk detection, illness prevention and management of acute and chronic illnesses in adults and older

adults. Clinical experiences involve direct care in collaboration with other health professionals to maximize the effectiveness of community and health care system services. Clinical practicums include primary care offices, such as internal medicine and family practice clinics, managed care offices, emergency departments, free clinics and long-term care and occupational health settings.

- The **Family Nurse Practitioner** concentration allows students to acquire advanced practice nursing competencies to provide continuity of health care to persons across the life span, as well as to maximize the effectiveness of community and health care system services through collaboration with other health professionals. Clinical experiences are offered in a variety of ambulatory care settings and specialty clinics in primary care offices, including family practice, internal medicine, managed care offices, emergency departments, long-term care facilities and academic and occupational health settings.
- The **Nurse Educator** concentration allows students to develop in-depth knowledge and expertise in selected areas of nursing practice and the role of the nurse educator. Emphasis of the nurse educator role focuses on best practices in curriculum development, instruction and evaluation that prepare students for teaching within a variety of learning environments in academic and staff professional development settings. Students engage in individualized practicum experiences where they apply content learned throughout the graduate curriculum in both their area of nursing practice and the nurse educator role.
- The **Nursing Administration and Health Systems Leadership** concentration integrates management, leadership and nursing knowledge for students to develop skills and competencies in administration, systems leadership and advanced nursing.
- The **Pediatric Primary Care Nurse Practitioner** concentration focuses on health promotion, illness prevention, risk identification and acute and chronic care of infants, children and adolescents in the primary care setting. Practicum experiences take place in outpatient primary care and specialty settings; the experiences offer the opportunity for students to provide individualized and culturally competent advanced practice nursing care to children within the context of their families.
- The **Psychiatric Mental Health Nurse Practitioner** concentration builds on core advanced practice nursing knowledge. The program focuses on knowledge and skill development in mental health assessment and diagnostic reasoning, prescribing and medication management and advanced therapeutic modalities such as individual, group and family psychotherapy.
- The **Women's Health Nurse Practitioner** concentration prepares students to provide the highest level of primary nursing care for women involving health promotion and disease prevention. Students gain competency in advanced nursing management of common acute and chronic conditions. Students practice in direct care and in collaboration with other health care professionals. Practicum experiences foster development of clinical judgment and primary care skills through faculty mentorship and clinical preceptors in a variety of ambulatory care settings and specialty clinics.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

The Nurse Educator and Nursing Administration and Health Systems Leadership concentrations have an optional licensure that is not required in any state.

Nursing - Ph.D.

College of Nursing
www.kent.edu/nursing

About This Program

The Ph.D. degree in Nursing prepares nurse scientists to develop methods to advance health, health care and the nursing profession. Graduates are expected to lead and promote interprofessional innovative scholarly endeavors and to assume leadership roles in the profession.

  - Kent Campus

Examples of Possible Careers and Salaries*

Nursing instructors and teachers, postsecondary

- 17.6% much faster than the average
- 72,900 number of jobs
- $75,470 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Active, unrestricted U.S. registered nurse license (international students need to show proof of legal ability to practice as a registered nurse in country of origin)
- Bachelor's or master's degree in nursing or related field, or a Doctor of Nursing Practice degree, from an accredited program[1]
- Minimum overall 3.000 graduate GPA on a 4.000-point scale

- Official transcript(s)
- Résumé or curriculum vitae
- Essay (two pages, single-spaced), see guidelines below
- Three letters of reference from health care professionals or academic faculty members who can speak to the applicant's professional and academic abilities (two of the three references from doctoral-prepared individuals are preferred)
- Interview
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[2]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] A bachelor's degree in a closely related health field may be considered if the applicant has a master's degree in nursing or a D.N.P. degree from an accredited program. A master's degree in a closely related field may be considered if the applicant has a bachelor's degree in nursing from an accredited program.

[2] International applicants who do not meet the above test scores may be considered for conditional admission.

Guidelines for the Essay

- Applicants should begin their essay with "why" they are pursuing the Ph.D. degree in Nursing and "how" this degree will help them achieve their research and professional goals.
  - Introduce the population or phenomenon of interest that will be investigated.
- In the body of the essay, applicants should explain why they are interested in this population and/or phenomenon and how their work will impact or advance science in that area.
  - Consider including scientific gaps and significance in that area of research.
  - Elucidate the effect the research will have on the health outcomes of the proposed population or those affected by the phenomenon of interest.
  - Indicate how the work may reflect diversity, equity and inclusion in the area of research.
- In the closing paragraph, applicants should provide one to two key aspects of their research and propose ways to disseminate their scientific discovery.

Application Deadlines

- **Fall Semester**
  - Application deadline: November 15 (international student) and March 1 (domestic student)

All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted by these deadlines will receive the strongest consideration for admission.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements (min B grade in all courses)		
NURS 70710	HISTORY AND PHILOSOPHY OF NURSING SCIENCE	2
NURS 70711	SCIENTIFIC WRITING	3
NURS 70712	RESEARCH DESIGN FUNDAMENTALS	3
NURS 70713	ADVANCED STATISTICS I	3
NURS 70714	LEADERSHIP FOR NURSING SCIENCE	3
NURS 70715	THEORY CONSTRUCTION AND DEVELOPMENT IN NURSING	3
NURS 70740	ADVANCED STATISTICS II	3
NURS 70742	ADVANCED QUALITATIVE METHODS FOR HEALTH SCIENCES	4

SOC 72219	QUALITATIVE METHODS IN SOCIOLOGY	
SOC 72221	ADVANCED QUALITATIVE METHODS IN SOCIOLOGY	
Culminating Requirement		
NURS 80199	DISSERTATION I [3]	30
Minimum Total Credit Hours for Post-Baccalaureate Students		**90**
Minimum Total Credit Hours for Post-Master's Students		**73**

[1] Post-baccalaureate students must complete 5 credit hours of NURS 70798 for the degree. Post-master's students must complete 3 credit hours of NURS 70798 for the degree.

[2] Post-baccalaureate students must complete 12 credit hours of electives, and post-master's students must complete 6 credit hours of electives for the degree. Elective courses support the student's research interest and are selected with the approval of the student's academic advisor. The courses will supplement the student's program of study in a substantive area of research or specific method of research, including advanced statistical approaches, or assist the student with career goals following graduation.

[3] Each doctoral candidate, upon admission to candidacy, must register for NURS 80199 for a total of 30 credit hours. It is expected that a doctoral candidate will continuously register for Dissertation I, and thereafter NURS 80299, each semester, until all requirements for the degree have been met.

Oral Candidacy Examination

At the conclusion of coursework, students sit for the candidacy examination. The examination provides the basis for evaluation of the student's readiness for completing the dissertation. Students must successfully pass candidacy and a proposal defense before beginning dissertation work.

Progression Requirements

- Students who do not earn a minimum B grade in a course must repeat it and cannot take other courses that require that course as a prerequisite until the course is successfully retaken. Students who do not earn a minimum B grade on the second attempt may be dismissed from the Ph.D. degree.
- The courses will be delivered mostly synchronously online. The face-to-face requirement for this hybrid program is met through attending Doctoral Days.
- Each year, Ph.D. students are required to come to campus for Doctoral Days. The purpose of Doctoral Days is to provide scholarly socialization and scientific role development. The American Association of Colleges of Nursing (AACN) pathways to excellence in doctoral education include three curricular domains. These domains are addressed throughout the curriculum and in the Doctoral Days.
  - **Domain 1: Scientific Development** is the ability to articulate nursing science's history, philosophy, knowledge construction and the influence on the discipline and research.
  - **Domain 2: Health Equity** is knowledge and skill development to lead research and improve practice through ethical, culturally humble and human-centered research.
  - **Domain 3: Stewards of the Discipline** are professional ethics for conducting original research, proficiency in scientific communication and identifying implications for policy, practice, future research and the discipline.

Doctoral Days occur at the beginning of the fall semester in Years 1 and 2 (first three days of the semester). In Year 3, Doctoral Days occur at the end of the spring semester to coincide with May graduation, on the day before and the day of commencement.

Activities at Doctoral Days in Years 1 and 2 include:

- Orientation to each class taken that year
- Human subjects research content
- Opportunities to engage with faculty and fellow students in the College of Nursing and presentations on trends in nursing science
- Library resources, milestone expectations and time with student's advisor
- Special topics speakers

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- Minimum B grade required in all courses to earn the Ph.D. degree.
- Passage of the candidacy examination
- Submission and successful defense of a dissertation

Students with a D.N.P. degree may receive permission to have coursework waived if supported by the appropriate and recent coursework; however, maximum 12 credit hours may transfer to the Ph.D.. The waiver of each specific course will be determined by the relevant academic department. These students may graduate with fewer than 73 credit hours but no fewer than 60 total credit hours.

Roadmaps

Post-Baccalaureate Track

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

First Year		
Fall Semester		**Credits**
NURS 70710	HISTORY AND PHILOSOPHY OF NURSING SCIENCE	2
NURS 70711	SCIENTIFIC WRITING	3
NURS 70712	RESEARCH DESIGN FUNDAMENTALS	3
NURS 70713	ADVANCED STATISTICS I	3
	Credit Hours	**11**
Spring Semester		
NURS 70715	THEORY CONSTRUCTION AND DEVELOPMENT IN NURSING	3
NURS 70740	ADVANCED STATISTICS II	3
NURS 70742	ADVANCED QUALITATIVE METHODS FOR HEALTH SCIENCES	4

NURS 70798	RESEARCH IN NURSING	2
	Credit Hours	**12**
Summer Term		
NURS 70714	LEADERSHIP FOR NURSING SCIENCE	3
NURS 70716	INNOVATION AND INTERVENTION RESEARCH	3
Nursing Science Elective		3
	Credit Hours	**9**
Second Year		
Fall Semester		
NURS 70743	ADVANCED QUANTITATIVE METHODS FOR HEALTH SCIENCES	4
NURS 70753	DATA SCIENCE AND NURSING	3
NURS 70798	RESEARCH IN NURSING	3
	Credit Hours	**10**
Spring Semester		
NURS 70718	ROLES AND EVALUATION	3
NURS 70739	RESEARCH IN HEALTH DISPARITIES	3
Nursing Science Elective		3
	Credit Hours	**9**
Third Year		
Fall Semester		
Nursing Science Electives		6
	Credit Hours	**6**
Spring Semester		
NURS 70744	DISSERTATION FOUNDATIONS	3
	Credit Hours	**3**
Summer Term		
Oral Candidacy		
	Credit Hours	**0**
Fourth Year		
Fall Semester		
NURS 80199	DISSERTATION I	15
	Credit Hours	**15**
Spring Semester		
NURS 80199	DISSERTATION I	15
	Credit Hours	**15**
	Minimum Total Credit Hours:	**90**

Post-Master's Track

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

First Year		
Fall Semester		**Credits**
NURS 70710	HISTORY AND PHILOSOPHY OF NURSING SCIENCE	2
NURS 70711	SCIENTIFIC WRITING	3
NURS 70712	RESEARCH DESIGN FUNDAMENTALS	3
NURS 70713	ADVANCED STATISTICS I	3
	Credit Hours	**11**

	Minimum Total Credit Hours:	**73**

Program Learning Outcomes

Graduates of this program will be able to:

1. Generate new knowledge that contributes to the advancement of health, healthcare and nursing science.
2. Disseminate advances in scientific knowledge.
3. Use collaborative, interdisciplinary and innovative approaches to advance nursing science.
4. Assume leadership roles in healthcare and education as researchers, educators and advanced clinicians.
5. Serve as stewards of the diversity within the body of knowledge for the discipline of nursing.

Nursing Administration and Health Systems Leadership - Graduate Certificate

College of Nursing
www.kent.edu/nursing

About This Program

The Nursing Administration and Health Systems Leadership graduate certificate provides nurses who already have a graduate nursing degree

the additional specialized knowledge for the nursing administration and health systems leadership.

Contact Information

- **Teresa Adams** | tadams27@kent.edu | 330-672-8761
- Connect with an Admissions Counselor: U.S. Student | International Student

Program Delivery

- **Delivery:**
  - Fully online

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Master's degree in nursing or a doctorate in nursing practice from an accredited nursing program
- Minimum 3.000 graduate GPA on a 4.000-point scale
- Official transcript(s) of all previous graduate coursework[1]
- Active, unrestricted registered nurse license in the state in which practicum hours will be completed
- Curriculum vitae
- Goal statement (no more than 250 words) describing reasons for seeking the certificate in the identified specialty and professional goals *(starting with spring 2026 admission term, goal statement is no longer required)*
- Admission essay is required starting with spring 2026 admission term responding to the following questions (two pages, double spaced, 500 words):
  - How do you plan to contribute to the nursing profession and healthcare community after earning your M.S.N. degree?
  - How has your experience, professional development and service within the profession contributed to your readiness for graduate education?
  - What experience do you have working as a nurse caring for the underserved, high-risk or vulnerable populations?
- Syllabi of all courses to considered for transfer in the gap analysis
- Three professional letters of reference from healthcare professionals, either a supervisor and/or an advanced practice nurse who can speak to the applicant's professional capabilities
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet **specific exceptions to waive**) by earning one of the following:[2]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] For applicants who have not practiced as an advanced practice registered nurse within the two-year period preceding application to the certificate, completion of graduate-level courses in advanced pathophysiology, advanced pharmacology and advanced health assessment must not be greater than five years old at the time of the student's first semester of course registration in the certificate.

[2] International applicants who do not meet the above test scores may be considered for conditional admission.

Application Deadlines

- **Fall Semester**
  - Priority deadline: March 1
- **Spring Semester**
  - Priority deadline: October 1
- **Summer Term**
  - Priority deadline: March 1

All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted by these deadlines will receive the strongest consideration for admission.

Program Requirements

Certificate Requirements

Code	Title	Credit Hours
Certificate Requirements		
NURS 60014	LEADERSHIP IN NURSING AND HEALTH CARE MANAGEMENT	3
NURS 60016	ADVANCED ASSESSMENT, PATHOPHYSIOLOGY AND PHARMACOLOGY FOR THE NURSE LEADER	3
NURS 60020	LEGAL AND REGULATORY MANAGEMENT FOR NURSE ADMINISTRATORS	3
NURS 60024	HEALTH CARE ORGANIZATION, STRUCTURE AND BEHAVIOR	3
NURS 60315	BUDGETARY AND FISCAL MANAGEMENT FOR NURSES	3
NURS 64002	PROGRAM DEVELOPMENT AND EVALUATION FOR NURSE ADMINISTRATORS	3
NURS 64292	NURSING ADMINISTRATION AND HEALTH SYSTEMS LEADERSHIP I PRACTICUM	2
NURS 64302	NURSING ADMINISTRATION AND HEALTH SYSTEMS LEADERSHIP SEMINAR	2
NURS 64392	NURSING ADMINISTRATION AND HEALTH SYSTEMS LEADERSHIP II PRACTICUM	2
Minimum Total Credit Hours:		**24**

Graduation Requirements

Minimum Certificate GPA	Minimum Overall GPA
3.000	3.000

Program Learning Outcomes

Graduates of this program will be able to:

1. Meet standards for advanced practice certification or other advanced professional distinction.
2. Demonstrate competencies based on professional standards to assume advanced roles in nursing and for leadership and career advancement, including doctoral study.
3. Communicate, integrate and apply advanced nursing knowledge and skills to provide equitable, evidence-based and inclusive nursing care, and to promote quality outcomes in nursing and health care.

Program Policies
Clinical Compliance Policy

This policy applies to all students enrolled in B.S.N., M.S.N., D.N.P. degree programs and postmaster's certificates. Students must provide documentation of the following items to a third-party vendor that is approved to track and maintain student health and other compliance documents. Students are responsible for all costs incurred in meeting the requirements for clinical compliance and for establishing and maintaining their third party account profile. Students in the B.S.N., M.S.N. and D.N.P. degree programs and College of Nursing post-master's certificates must be fully compliant with this policy prior to registering for their first practicum course.

Requirements

1. **Current American Heart Association Basic Life Support for Healthcare Provider certification in cardiopulmonary resuscitation (CPR) or American Red Cross CPR/AED.** Ph.D. students must have CPR certification within the first semester of enrollment.
2. **Background Check:** Students are required to submit federal and state criminal background checks and incur the related costs. International students must meet university policy for admission.
3. **Healthcare Insurance:** Students must provide proof of health insurance. Students can submit either (a) a copy of an insurance card with the student's name on the card or (b) a copy of the health insurance statement coverage that indicates that the student is covered.
4. **Immunizations/Immune Status Testing:** Evidence of the required immunizations/tests must be provided on the Immunization and Physical Compliance Form available from the Office of Student Services. The form must be completed, dated and signed by a licensed health care provider then uploaded to the third party vendor's portal.
5. **Physical examination**: A physical examination is required within one year prior to admission to a clinical site. For students admitted into the B.S.N., M.S.N. and D.N.P. degrees or post-master's certificates, the provider conducting the physical must indicate that the student can perform activities in the nursing student's clinical and practicum courses, or can do so with reasonable accommodations, and is free of all communicable diseases. Students should request accommodations from the Office Student Accessibility Services. Failure to obtain the physical examination or the provider assurance may prevent the university from placing the student in a clinical setting.

Students who have allergic reactions, medical waivers, refuse vaccinations or other physiological conditions that preclude them from receiving vaccinations are required to contact the Office of Student Services upon admission to their academic program. Such conditions may prevent students from completing clinical/practical coursework at some partner agencies which may result in a delay of graduation.

Registered Nurse (RN) Licensure

Students enrolled in the B.S.N. (Nursing for Registered Nurses major), M.S.N., and D.N.P. degrees or post-master's certificates must have an active, unrestricted RN license in either (1) the state of Ohio for students taking on-campus courses or who will be completing practica in Ohio or (2) the state of residence and practice for applicants residing and completing practicum outside Ohio. They must obtain proof of the appropriate licensure within the first semester of their program or before starting their practicum hours, whichever comes first.

Students in the Ph.D. degree must have an active unrestricted Ohio RN license—or for international students, proof of legal ability to practice as a RN in country of origin. They must show proof of license at the time of admission into the Ph.D. degree.

Time Limit for Graduate Nursing Courses

Certain courses are critical to be completed within a timely manner for patient safety as well as student success in the program. This policy ensures that clinical skills and critical knowledge learned in specific courses taken three or more years ago are refreshed before moving to more advanced levels of practice.

Students who have stopped out of the clinical sequence of courses for a period of time must repeat the following practicum and corequisite lecture courses if they are three of more years old:

- NURS 60110 and NURS 61192
- NURS 60120 and NURS 61292
- NURS 60125 and NURS 61892
- NURS 60126 and NURS 61392
- NURS 60126 and NURS 61892
- NURS 60129 and NURS 61092
- NURS 60151 and NURS 61592
- NURS 60160 and NURS 61692
- NURS 60170 and NURS 61792
- NURS 60210 and NURS 62192
- NURS 60220 and NURS 62292
- NURS 60230 and NURS 62392
- NURS 60251 and NURS 63592
- NURS 60270 and NURS 62792
- NURS 60310 and NURS 63192
- NURS 60320 and NURS 63692
- NURS 60325 and NURS 63292
- NURS 60330 and NURS 63392
- NURS 60353 and NURS 64592
- NURS 60370 and NURS 63792
- NURS 60372 and NURS 63992
- NURS 60470 and NURS 64792
- NURS 62592
- NURS 66100 and NURS 66192
- NURS 66200 and NURS 66292
- NURS 66300 and NURS 66392
- NURS 66400 and NURS 66492

Certifying agencies and state licensing requirements for advanced practice registered nurses have time limits for critical courses. Courses completed outside of this time frame may need to be repeated prior to seeking national certification. Students are advised to check with certifying agencies and state licensing agencies upon admission to determine if the age of their prior courses will meet requirements.

Nursing for Registered Nurses - B.S.N.

College of Nursing

Examples of Possible Careers and Salaries*

Registered nurses

- 7.2% faster than the average
- 3,096,700 number of jobs
- $75,330 potential earnings

Teaching assistants, postsecondary

- 3.4% about as fast as the average
- 169,600 number of jobs
- $36,250 potential earnings

Additional Careers

- Entry-level management

Accreditation

The B.S.N. degree Nursing for Registered Nurses at Kent State University is accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to the Nursing for Registered Nurses major is selective. Criteria for admission includes the following:

- Evidence of admission in good standing from a state-approved associate degree or diploma nursing program
- Minimum 2.000 overall GPA on a 4.000-point scale

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Program Requirements

Nursing Upper-Division Elective, choose from the following: [7]		3
NURS 35020	TRANSCULTURAL NURSING AND HEALTH CARE	
NURS 35040	COMPLEMENTARY AND INTEGRATIVE HEALTH	
NURS 35070	NURSING ETHICS IN CLINICAL PRACTICE	
NURS 35075	INTRODUCTION TO FORENSIC NURSING	
NURS 35080	CONTEMPORARY ISSUES IN NURSING PRACTICE AND HEALTH CARE	
NURS 45050	LEGAL ISSUES FOR NURSES	

Statistics Elective, choose from the following:		3-4
MATH 10041	INTRODUCTORY STATISTICS (KMCR)	
NURS 31010	APPLICATIONS FOR STATISTICAL FINDINGS FOR EVIDENCE BASED PRACTICE	
PH 30002	INTRODUCTORY BIOSTATISTICS	
PSYC 21621	QUANTITATIVE METHODS IN PSYCHOLOGY I	
Additional Requirements (courses do not count in major GPA)		
PSYC 11762	GENERAL PSYCHOLOGY (DIVD) (KSS)	3
SOC 12050	INTRODUCTION TO SOCIOLOGY (DIVD) (KSS)	3
UC 10001	FLASHES 101	1
Kent Core Composition		6
Kent Core Mathematics and Critical Reasoning (min C grade)		3
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Additional		3
Associate Degree Courses and General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours)		39
Minimum Total Credit Hours:		**120**

1 Students who have successfully completed ATTR 25057 (or EXSC 25057) and ATTR 25058 (or EXSC 25058) or BSCI 11010 and BSCI 11020 with a minimum C grade may use those courses in place of BSCI 21010 and BSCI 21020.

2 Students admitted to the B.S.N./M.S.N. combined degree program may substitute NURS 60010 for NURS 40075.

3 Students admitted to the B.S.N./M.S.N. combined degree program may substitute NURS 60403 for NURS 40873.

4 Students admitted to the B.S.N./M.S.N. combined degree program may substitute NURS 60014 for NURS 42000.

5 Students admitted to the B.S.N./M.S.N. combined degree program may substitute NURS 60025 for NURS 46000.

6 A minimum C grade must be earned to fulfill the writing-intensive requirement.

7 Students admitted to the B.S.N./M.S.N. combined degree program may substitute NURS 60016, NURS 60020 or NURS 60101 for the Nursing Upper-Division Elective.

Progression Requirements

To be eligible to register for nursing (NURS) courses, students must have successfully completed:

- Active, unrestricted registered nurse (RN) license in the state in which practica will be completed
- Completion of required science courses or their direct equivalents with an overall 2.0 GPA
  - Anatomy and Physiology: BSCI 21010 and BSCI 21020
- Chemistry: CHEM 10050 or CHEM 10055 or CHEM 10060
- Microbiology: BSCI 20021
- All Kent Core requirements
- Kent Core Mathematics and Critical Reasoning course with minimum C grade
- BSCI 30050 or BSCI 30156 (or equivalent) with minimum C grade
- The following courses (or their equivalents): NUTR 23511; PSYC 11762; SOC 12050; and MATH 10041 (or NURS 31010 or PH 30002 or PSYC 21621)

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Semester Prerequisite		Credits
BSCI 20021 or BSCI 30171	BASIC MICROBIOLOGY or GENERAL MICROBIOLOGY	3-4
BSCI 21010	ANATOMY AND PHYSIOLOGY I (KBS) (KLAB)	4
BSCI 21020	ANATOMY AND PHYSIOLOGY II	4
CHEM 10050 or CHEM 10055 or CHEM 10060	FUNDAMENTALS OF CHEMISTRY (KBS) or MOLECULES OF LIFE (KBS) or GENERAL CHEMISTRY I (KBS)	3-4
Associate Degree Courses		33
	Credit Hours	**47**
Semester One		
PSYC 11762	GENERAL PSYCHOLOGY (DIVD) (KSS)	3
SOC 12050	INTRODUCTION TO SOCIOLOGY (DIVD) (KSS)	3
UC 10001	FLASHES 101	1
Kent Core Requirement		3
Kent Core Requirement		3
	Credit Hours	**13**
Semester Two		
Kent Core Requirement		3
Kent Core Requirement		3
Kent Core Requirement		3
Kent Core Requirement		3
General Elective		3
	Credit Hours	**15**
Semester Three		
BSCI 30050 or BSCI 30156	HUMAN GENETICS or ELEMENTS OF GENETICS	3
NUTR 23511	SCIENCE OF HUMAN NUTRITION (KBS)	3
Statistics Elective		3-4
Kent Core Requirement		3
	Credit Hours	**12**
Semester Four		
NURS 40075	INFORMATION AND PATIENT CARE TECHNOLOGY FOR HEALTHCARE PROFESSIONALS	3
NURS 41000	CONCEPTS AND ISSUES FOR PROFESSIONAL NURSING PRACTICE	3
NURS 42000	LEADERSHIP AND MANAGEMENT FOR PROFESSIONAL NURSING PRACTICE	3
NURS 43001	HEALTH PROMOTION IN PROFESSIONAL NURSING PRACTICE (ELR)	3
	Credit Hours	**12**

Semester Five		
NURS 44001	POPULATION-BASED NURSING FOR PROFESSIONAL NURSING PRACTICE (DIVG)	3
NURS 45000	HEALTH MAINTENANCE AND RESTORATION FOR PROFESSIONAL NURSING PRACTICE	3
NURS 46000	HEALTH CARE POLICY	3
Nursing Upper-Division Elective		3
General Elective		3
	Credit Hours	**15**
Semester Six		
NURS 40873	INTRODUCTION TO EVIDENCE BASED PRACTICE FOR REGISTERED NURSES	3
NURS 47000 or NURS 47099	CAPSTONE CLINICAL FOR PROFESSIONAL NURSING PRACTICE (WIC) or CAPSTONE FOR PROFESSIONAL NURSING PRACTICE (ELR) (WIC)	3
	Credit Hours	**6**
	Minimum Total Credit Hours:	**120**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Acquire competencies based on professional standards to assume the role of the professional nurse and for career advancement, including graduate studies.
2. Apply the nursing process in providing evidence-based, culturally sensitive care to promote health and adaptation of individuals, families, groups and communities.

Clinical Compliance Policy

This policy applies to all students enrolled in B.S.N., M.S.N., D.N.P. degree programs and postmaster's certificates. Students must provide documentation of the following items to a third-party vendor that is approved to track and maintain student health and other compliance documents. Students are responsible for all costs incurred in meeting the requirements for clinical compliance and for establishing and maintaining their third party account profile. Students in the B.S.N., M.S.N. and D.N.P. degree programs and College of Nursing post-master's certificates must be fully compliant with this policy prior to registering for their first practicum course.

Requirements

1. **Current American Heart Association Basic Life Support for Healthcare Provider certification in cardiopulmonary resuscitation (CPR) or American Red Cross CPR/AED.** Ph.D. students must have CPR certification within the first semester of enrollment.
2. **Background Check:** Students are required to submit federal and state criminal background checks and incur the related costs. International students must meet university policy for admission.
3. **Healthcare Insurance:** Students must provide proof of health insurance. Students can submit either (a) a copy of an insurance card with the student's name on the card or (b) a copy of the health insurance statement coverage that indicates that the student is covered.
4. **Immunizations/Immune Status Testing:** Evidence of the required immunizations/tests must be provided on the Immunization and Physical Compliance Form available from the Office of Student Services. The form must be completed, dated and signed by a licensed health care provider then uploaded to the third party vendor's portal.
5. **Physical examination**: A physical examination is required within one year prior to admission to a clinical site. For students admitted into the B.S.N., M.S.N. and D.N.P. degrees or post-master's certificates, the provider conducting the physical must indicate that the student can perform activities in the nursing student's clinical and practicum courses, or can do so with reasonable accommodations, and is free of all communicable diseases. Students should request accommodations from the Office Student Accessibility Services. Failure to obtain the physical examination or the provider assurance may prevent the university from placing the student in a clinical setting.

Students who have allergic reactions, medical waivers, refuse vaccinations or other physiological conditions that preclude them from receiving vaccinations are required to contact the Office of Student Services upon admission to their academic program. Such conditions may prevent students from completing clinical/practical coursework at some partner agencies which may result in a delay of graduation.

Registered Nurse (RN) Licensure

Students enrolled in the B.S.N. (Nursing for Registered Nurses major), M.S.N., and D.N.P. degrees or post-master's certificates must have an active, unrestricted RN license in either (1) the state of Ohio for students taking on-campus courses or who will be completing practica in Ohio or (2) the state of residence and practice for applicants residing and completing practicum outside Ohio. They must obtain proof of the appropriate licensure within the first semester of their program or before starting their practicum hours, whichever comes first.

Students in the Ph.D. degree must have an active unrestricted Ohio RN license—or for international students, proof of legal ability to practice as a RN in country of origin. They must show proof of license at the time of admission into the Ph.D. degree.

Full Description

The Bachelor of Science in Nursing degree in Nursing for Registered Nurses is for registered nurses (RN) with a diploma or associate degree who are seeking an accredited bachelor's degree in nursing. The completer program is offered fully online for part- and full-time students. Expert faculty and administrators work closely with students to equip them to meet the future challenges of professional nursing and influence the future of health care.

Students may apply early to the following master's degree programs and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program Policy for more information.

- M.S.N. degree in Nursing
- M.S. degree in Health Informatics

Pediatric Primary Care Nurse Practitioner - Graduate Certificate

College of Nursing
www.kent.edu/nursing

About This Program

The Pediatric Primary Care Nurse Practitioner graduate certificate provides nurses who already have a graduate nursing degree the additional specialized knowledge for the pediatric primary care nurse practitioner role. The certificate meets the educational requirements for application to the national certification examination.

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Applications to the Pediatric Primary Care Nurse Practitioner graduate certificate are not being accepted at this time.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

Applications to the Pediatric Primary Care Nurse Practitioner graduate certificate are not being accepted at this time.

- Master's degree in nursing or a doctorate in nursing practice from an accredited nursing program
- Minimum 3.000 graduate GPA on a 4.000-point scale
- Official transcript(s) of all previous graduate coursework[1]
- Active, unrestricted registered nurse license in the state in which practicum hours will be completed
- Résumé or curriculum vitae
- Goal statement (no more than 250 words) describing reasons for seeking the certificate in the identified specialty and professional goals
- Syllabi of all courses to considered for transfer in the gap analysis
- Three letters of reference from health care professionals or faculty members
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[2]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] Transcript(s) must indicate completion of graduate-level courses in advanced pathophysiology, advanced pharmacology and advanced health assessment, with a minimum B grade earned in each course. Applicants who do not meet the grade requirement for advanced pathophysiology, advanced pharmacology and advanced health assessment may be considered for a conditional admission. For applicants who have not practiced as an advanced practice registered nurse within the two-year period preceding application to the certificate, completion of graduate-level courses in advanced pathophysiology, advanced pharmacology and advanced health assessment must not be greater than five years old at the time of the student's first semester of course registration in the certificate.

[2] International applicants who do not meet the above test scores may be considered for conditional admission.

Program Learning Outcomes

Graduates of this program will be able to:

1. Meet standards for advanced practice certification or other advanced professional distinction.
2. Demonstrate competencies based on professional standards to assume advanced roles in nursing and for leadership and career advancement, including doctoral study.
3. Communicate, integrate and apply advanced nursing knowledge and skills to provide equitable, evidence-based, inclusive nursing care and promote quality outcomes in nursing and health care.

Program Policies

Clinical Compliance Policy

This policy applies to all students enrolled in B.S.N., M.S.N., D.N.P. degree programs and postmaster's certificates. Students must provide documentation of the following items to a third-party vendor that is approved to track and maintain student health and other compliance documents. Students are responsible for all costs incurred in meeting the requirements for clinical compliance and for establishing and maintaining their third party account profile. Students in the B.S.N., M.S.N. and D.N.P. degree programs and College of Nursing post-master's certificates must be fully compliant with this policy prior to registering for their first practicum course.

Requirements

1. **Current American Heart Association Basic Life Support for Healthcare Provider certification in cardiopulmonary resuscitation (CPR) or American Red Cross CPR/AED.** Ph.D. students must have CPR certification within the first semester of enrollment.
2. **Background Check:** Students are required to submit federal and state criminal background checks and incur the related costs. International students must meet university policy for admission.
3. **Healthcare Insurance:** Students must provide proof of health insurance. Students can submit either (a) a copy of an insurance card with the student's name on the card or (b) a copy of the health insurance statement coverage that indicates that the student is covered.
4. **Immunizations/Immune Status Testing:** Evidence of the required immunizations/tests must be provided on the Immunization and Physical Compliance Form available from the Office of Student Services. The form must be completed, dated and signed by a licensed health care provider then uploaded to the third party vendor's portal.
5. **Physical examination**: A physical examination is required within one year prior to admission to a clinical site. For students admitted into the B.S.N., M.S.N. and D.N.P. degrees or post-master's certificates, the provider conducting the physical must indicate that the student can perform activities in the nursing student's clinical and practicum courses, or can do so with reasonable accommodations, and is free of all communicable diseases. Students should request accommodations from the Office Student Accessibility Services. Failure to obtain the physical examination or the provider assurance may prevent the university from placing the student in a clinical setting.

Students who have allergic reactions, medical waivers, refuse vaccinations or other physiological conditions that preclude them from receiving vaccinations are required to contact the Office of Student Services upon admission to their academic program. Such conditions may prevent students from completing clinical/practical coursework at some partner agencies which may result in a delay of graduation.

Registered Nurse (RN) Licensure

Students enrolled in the B.S.N. (Nursing for Registered Nurses major), M.S.N., and D.N.P. degrees or post-master's certificates must have an active, unrestricted RN license in either (1) the state of Ohio for students taking on-campus courses or who will be completing practica in Ohio or (2) the state of residence and practice for applicants residing and completing practicum outside Ohio. They must obtain proof of the appropriate licensure within the first semester of their program or before starting their practicum hours, whichever comes first.

Students in the Ph.D. degree must have an active unrestricted Ohio RN license—or for international students, proof of legal ability to practice as a RN in country of origin. They must show proof of license at the time of admission into the Ph.D. degree.

Time Limit for Graduate Nursing Courses

Certain courses are critical to be completed within a timely manner for patient safety as well as student success in the program. This policy ensures that clinical skills and critical knowledge learned in specific courses taken three or more years ago are refreshed before moving to more advanced levels of practice.

Students who have stopped out of the clinical sequence of courses for a period of time must repeat the following practicum and corequisite lecture courses if they are three of more years old:

- NURS 60110 and NURS 61192
- NURS 60120 and NURS 61292
- NURS 60125 and NURS 61892
- NURS 60126 and NURS 61392
- NURS 60126 and NURS 61892
- NURS 60129 and NURS 61092
- NURS 60151 and NURS 61592
- NURS 60160 and NURS 61692
- NURS 60170 and NURS 61792

- NURS 60210 and NURS 62192
- NURS 60220 and NURS 62292
- NURS 60230 and NURS 62392
- NURS 60251 and NURS 63592
- NURS 60270 and NURS 62792
- NURS 60310 and NURS 63192
- NURS 60320 and NURS 63692
- NURS 60325 and NURS 63292
- NURS 60330 and NURS 63392
- NURS 60353 and NURS 64592
- NURS 60370 and NURS 63792
- NURS 60372 and NURS 63992
- NURS 60470 and NURS 64792
- NURS 62592
- NURS 66100 and NURS 66192
- NURS 66200 and NURS 66292
- NURS 66300 and NURS 66392
- NURS 66400 and NURS 66492

Certifying agencies and state licensing requirements for advanced practice registered nurses have time limits for critical courses. Courses completed outside of this time frame may need to be repeated prior to seeking national certification. Students are advised to check with certifying agencies and state licensing agencies upon admission to determine if the age of their prior courses will meet requirements.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Psychiatric Mental Health Nurse Practitioner - Graduate Certificate

College of Nursing
www.kent.edu/nursing

About This Program

The Psychiatric Mental Health Nurse Practitioner graduate certificate prepares nurses who have a graduate nursing degree the additional specialized knowledge for the psychiatric mental health nurse practitioner role. The certificate meets the educational requirements for the national certification examination.

Contact Information

Admission Requirements

- Master's degree in nursing or a doctorate in nursing practice from an accredited nursing program
- Minimum 3.000 graduate GPA on a 4.000-point scale
- Official transcript(s) of all previous graduate coursework[1]
- Active, unrestricted registered nurse license in the state in which practicum hours will be completed
- Curriculum vitae
- Goal statement (no more than 250 words) describing reasons for seeking the certificate in the identified specialty and professional goals *(starting with spring 2026 admission term, goal statement is no longer required)*
- Admission essay *is required starting with spring 2026 admission term* responding to the following questions (two pages, double spaced, 500 words):
  - How do you plan to contribute to the nursing profession and healthcare community after earning your M.S.N. degree?
  - How has your experience, professional development and service within the profession contributed to your readiness for graduate education?
  - What experience do you have working as a nurse caring for the underserved, high-risk or vulnerable populations?
- Syllabi of all courses to considered for transfer in the gap analysis
- Three professional letters of reference from healthcare professionals, either a supervisor and/or an advanced practice nurse who can speak to the applicant's professional capabilities
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet **specific exceptions to waive**) by earning one of the following:[2]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] For applicants who have not practiced as an advanced practice registered nurse within the two-year period preceding application to the certificate, completion of graduate-level courses in advanced pathophysiology, advanced pharmacology and advanced health assessment must not be greater than five years old at the time of the student's first semester of course registration in the certificate.

[2] International applicants who do not meet the above test scores may be considered for conditional admission.

Application Deadlines

- **Fall Semester**
  - Priority deadline: March 1
- **Spring Semester**
  - Priority deadline: October 1

- **Summer Term**
  - Priority deadline: March 1

All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted by these deadlines will receive the strongest consideration for admission.

Graduation Requirements

Minimum Certificate GPA	Minimum Overall GPA
3.000	3.000

Program Learning Outcomes

Graduates of this program will be able to:

1. Meet standards for advanced practice certification or other advanced professional distinction.
2. Demonstrate competencies based on professional standards to assume advanced roles in nursing and/or for leadership and career advancement, including doctoral study.
3. Communicate, integrate and apply advanced nursing knowledge and skills to provide equitable, evidence-based and inclusive nursing care and promote quality outcomes in nursing and health care.

Program Policies

Clinical Compliance Policy

This policy applies to all students enrolled in B.S.N., M.S.N., D.N.P. degree programs and postmaster's certificates. Students must provide documentation of the following items to a third-party vendor that is approved to track and maintain student health and other compliance documents. Students are responsible for all costs incurred in meeting the requirements for clinical compliance and for establishing and maintaining their third party account profile. Students in the B.S.N., M.S.N. and D.N.P. degree programs and College of Nursing post-master's certificates must be fully compliant with this policy prior to registering for their first practicum course.

Requirements

1. **Current American Heart Association Basic Life Support for Healthcare Provider certification in cardiopulmonary resuscitation (CPR) or American Red Cross CPR/AED.** Ph.D. students must have CPR certification within the first semester of enrollment.
2. **Background Check:** Students are required to submit federal and state criminal background checks and incur the related costs. International students must meet university policy for admission.
3. **Healthcare Insurance:** Students must provide proof of health insurance. Students can submit either (a) a copy of an insurance card with the student's name on the card or (b) a copy of the health insurance statement coverage that indicates that the student is covered.
4. **Immunizations/Immune Status Testing:** Evidence of the required immunizations/tests must be provided on the Immunization and Physical Compliance Form available from the Office of Student Services. The form must be completed, dated and signed by a licensed health care provider then uploaded to the third party vendor's portal.
5. **Physical examination**: A physical examination is required within one year prior to admission to a clinical site. For students admitted into the B.S.N., M.S.N. and D.N.P. degrees or post-master's certificates, the provider conducting the physical must indicate that the student can perform activities in the nursing student's clinical and practicum courses, or can do so with reasonable accommodations, and is free of all communicable diseases. Students should request accommodations from the Office Student Accessibility Services. Failure to obtain the physical examination or the provider assurance may prevent the university from placing the student in a clinical setting.

Students who have allergic reactions, medical waivers, refuse vaccinations or other physiological conditions that preclude them from receiving vaccinations are required to contact the Office of Student Services upon admission to their academic program. Such conditions may prevent students from completing clinical/practical coursework at some partner agencies which may result in a delay of graduation.

Registered Nurse (RN) Licensure

Students enrolled in the B.S.N. (Nursing for Registered Nurses major), M.S.N., and D.N.P. degrees or post-master's certificates must have an active, unrestricted RN license in either (1) the state of Ohio for students taking on-campus courses or who will be completing practica in Ohio or (2) the state of residence and practice for applicants residing and completing practicum outside Ohio. They must obtain proof of the appropriate licensure within the first semester of their program or before starting their practicum hours, whichever comes first.

Students in the Ph.D. degree must have an active unrestricted Ohio RN license—or for international students, proof of legal ability to practice as a RN in country of origin. They must show proof of license at the time of admission into the Ph.D. degree.

Time Limit for Graduate Nursing Courses

Certain courses are critical to be completed within a timely manner for patient safety as well as student success in the program. This policy ensures that clinical skills and critical knowledge learned in specific courses taken three or more years ago are refreshed before moving to more advanced levels of practice.

Students who have stopped out of the clinical sequence of courses for a period of time must repeat the following practicum and corequisite lecture courses if they are three of more years old:

- NURS 60110 and NURS 61192
- NURS 60120 and NURS 61292
- NURS 60125 and NURS 61892
- NURS 60126 and NURS 61392
- NURS 60126 and NURS 61892
- NURS 60129 and NURS 61092
- NURS 60151 and NURS 61592
- NURS 60160 and NURS 61692
- NURS 60170 and NURS 61792
- NURS 60210 and NURS 62192
- NURS 60220 and NURS 62292
- NURS 60230 and NURS 62392
- NURS 60251 and NURS 63592
- NURS 60270 and NURS 62792
- NURS 60310 and NURS 63192
- NURS 60320 and NURS 63692
- NURS 60325 and NURS 63292
- NURS 60330 and NURS 63392
- NURS 60353 and NURS 64592
- NURS 60370 and NURS 63792
- NURS 60372 and NURS 63992
- NURS 60470 and NURS 64792
- NURS 62592
- NURS 66100 and NURS 66192
- NURS 66200 and NURS 66292
- NURS 66300 and NURS 66392
- NURS 66400 and NURS 66492

Certifying agencies and state licensing requirements for advanced practice registered nurses have time limits for critical courses. Courses completed outside of this time frame may need to be repeated prior to seeking national certification. Students are advised to check with certifying agencies and state licensing agencies upon admission to determine if the age of their prior courses will meet requirements.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Women's Health Nurse Practitioner - Graduate Certificate

College of Nursing
www.kent.edu/nursing

About This Program

The Women's Health Nurse Practitioner graduate certificate provides nurses who already have a graduate nursing degree with the additional specialized knowledge and clinical experience for the women's health nurse practitioner role. The certificate meets the educational requirements for national certification examination.

Contact Information

- **Teresa Adams** | tadams27@kent.edu | 330-672-8761
- Connect with an Admissions Counselor: U.S. Student | International Student

Program Delivery

- **Delivery:**
  - Fully online

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Master's degree in nursing or a doctorate in nursing practice from an accredited nursing program
- Minimum 3.000 graduate GPA on a 4.000-point scale
- Official transcript(s) of all previous graduate coursework[1]
- Active, unrestricted registered nurse license in the state in which practicum hours will be completed
- Curriculum vitae
- Goal statement (no more than 250 words) describing reasons for seeking the certificate in the identified specialty and professional goals *(starting with spring 2026 admission term, goal statement is no longer required)*
- Admission essay *is required starting with spring 2026 admission term* responding to the following questions (two pages, double spaced, 500 words):
  - How do you plan to contribute to the nursing profession and healthcare community after earning your M.S.N. degree?
  - How has your experience, professional development and service within the profession contributed to your readiness for graduate education?
  - What experience do you have working as a nurse caring for the underserved, high-risk or vulnerable populations?
- Syllabi of all courses to considered for transfer in the gap analysis
- Three professional letters of reference from healthcare professionals, either a supervisor and/or an advanced practice nurse who can speak to the applicant's professional capabilities

- English language proficiency - all international students must provide proof of English language proficiency (unless they meet **specific exceptions to waive**) by earning one of the following:[2]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] For applicants who have not practiced as an advanced practice registered nurse within the two-year period preceding application to the certificate, completion of graduate-level courses in advanced pathophysiology, advanced pharmacology and advanced health assessment must not be greater than five years old at the time of the student's first semester of course registration in the certificate.

[2] International applicants who do not meet the above test scores may be considered for conditional admission.

Application Deadlines

- **Fall Semester**
  - Priority deadline: March 1
- **Spring Semester**
  - Priority deadline: October 1
- **Summer Term**
  - Priority deadline: March 1

All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted by these deadlines will receive the strongest consideration for admission.

Program Requirements

!	NURS 66492	WOMEN'S HEALTH NURSE PRACTITIONER IV PRACTICUM	2
		Credit Hours	**4**
		Minimum Total Credit Hours:	**30**

Program Learning Outcomes

Graduates of this program will be able to:

1. Meet standards for advanced practice certification or other advanced professional distinction.
2. Demonstrate competencies based on professional standards to assume advanced roles in nursing and/or for leadership and career advancement, including doctoral study.

3. Communicate, integrate and apply advanced nursing knowledge and skills to provide equitable, evidence-based and inclusive nursing care and promote quality outcomes in nursing and health care.

Program Policies
Clinical Compliance Policy

This policy applies to all students enrolled in B.S.N., M.S.N., D.N.P. degree programs and postmaster's certificates. Students must provide documentation of the following items to a third-party vendor that is approved to track and maintain student health and other compliance documents. Students are responsible for all costs incurred in meeting the requirements for clinical compliance and for establishing and maintaining their third party account profile. Students in the B.S.N., M.S.N. and D.N.P. degree programs and College of Nursing post-master's certificates must be fully compliant with this policy prior to registering for their first practicum course.

Requirements

1. **Current American Heart Association Basic Life Support for Healthcare Provider certification in cardiopulmonary resuscitation (CPR) or American Red Cross CPR/AED.** Ph.D. students must have CPR certification within the first semester of enrollment.
2. **Background Check:** Students are required to submit federal and state criminal background checks and incur the related costs. International students must meet university policy for admission.
3. **Healthcare Insurance:** Students must provide proof of health insurance. Students can submit either (a) a copy of an insurance card with the student's name on the card or (b) a copy of the health insurance statement coverage that indicates that the student is covered.
4. **Immunizations/Immune Status Testing:** Evidence of the required immunizations/tests must be provided on the Immunization and Physical Compliance Form available from the Office of Student Services. The form must be completed, dated and signed by a licensed health care provider then uploaded to the third party vendor's portal.
5. **Physical examination**: A physical examination is required within one year prior to admission to a clinical site. For students admitted into the B.S.N., M.S.N. and D.N.P. degrees or post-master's certificates, the provider conducting the physical must indicate that the student can perform activities in the nursing student's clinical and practicum courses, or can do so with reasonable accommodations, and is free of all communicable diseases. Students should request accommodations from the Office Student Accessibility Services. Failure to obtain the physical examination or the provider assurance may prevent the university from placing the student in a clinical setting.

Students who have allergic reactions, medical waivers, refuse vaccinations or other physiological conditions that preclude them from receiving vaccinations are required to contact the Office of Student Services upon admission to their academic program. Such conditions may prevent students from completing clinical/practical coursework at some partner agencies which may result in a delay of graduation.

Registered Nurse (RN) Licensure

Students enrolled in the B.S.N. (Nursing for Registered Nurses major), M.S.N., and D.N.P. degrees or post-master's certificates must have an active, unrestricted RN license in either (1) the state of Ohio for students taking on-campus courses or who will be completing practica in Ohio or (2) the state of residence and practice for applicants residing and completing practicum outside Ohio. They must obtain proof of the appropriate licensure within the first semester of their program or before starting their practicum hours, whichever comes first.

Students in the Ph.D. degree must have an active unrestricted Ohio RN license—or for international students, proof of legal ability to practice as a RN in country of origin. They must show proof of license at the time of admission into the Ph.D. degree.

Time Limit for Graduate Nursing Courses

Certain courses are critical to be completed within a timely manner for patient safety as well as student success in the program. This policy ensures that clinical skills and critical knowledge learned in specific courses taken three or more years ago are refreshed before moving to more advanced levels of practice.

Students who have stopped out of the clinical sequence of courses for a period of time must repeat the following practicum and corequisite lecture courses if they are three of more years old:

- NURS 60110 and NURS 61192
- NURS 60120 and NURS 61292
- NURS 60125 and NURS 61892
- NURS 60126 and NURS 61392
- NURS 60126 and NURS 61892
- NURS 60129 and NURS 61092
- NURS 60151 and NURS 61592
- NURS 60160 and NURS 61692
- NURS 60170 and NURS 61792
- NURS 60210 and NURS 62192
- NURS 60220 and NURS 62292
- NURS 60230 and NURS 62392
- NURS 60251 and NURS 63592
- NURS 60270 and NURS 62792
- NURS 60310 and NURS 63192
- NURS 60320 and NURS 63692
- NURS 60325 and NURS 63292
- NURS 60330 and NURS 63392
- NURS 60353 and NURS 64592
- NURS 60370 and NURS 63792
- NURS 60372 and NURS 63992
- NURS 60470 and NURS 64792
- NURS 62592
- NURS 66100 and NURS 66192
- NURS 66200 and NURS 66292
- NURS 66300 and NURS 66392
- NURS 66400 and NURS 66492

Certifying agencies and state licensing requirements for advanced practice registered nurses have time limits for critical courses. Courses completed outside of this time frame may need to be repeated prior to seeking national certification. Students are advised to check with certifying agencies and state licensing agencies upon admission to determine if the age of their prior courses will meet requirements.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

College of Podiatric Medicine

College of Podiatric Medicine

Mission of the College

The mission of Kent State University College of Podiatric Medicine is to educate students who will become a distinguished group of leaders in the field of podiatric medicine and surgery, be life-long learners, excel in residency, and provide compassionate care to all patients.

Graduate Programs

- Podiatric Medicine - D.P. M.

Policies

Academic Dismissals

The following will lead to academic dismissal:

1. Two or more failures (in any combination of courses or rotations) in one academic level during the same academic year. Academic level is defined as 801xx, 802xx, 803xx and 804xx/805xx courses and rotations. Also, additional or multiple failures (in any combination of courses or rotations) while on academic probation or with outstanding failures on the student's record, regardless of the academic year or academic level, will result in academic dismissal.
   a. Students in their first year will be academically dismissed for multiple 801xx failures (courses or rotation) within the same academic year.
   b. Students in their second year will be dismissed for multiple 802xx failures (courses or rotations) within the same academic year.
   c. Students in their third year will be academically dismissed for 803xx failures (courses or rotations) within the same academic year, or for multiple outstanding 803xx failures (courses or rotations) across multiple academic years.
   d. Students in their fourth year will be academically dismissed for multiple outstanding 804xx failures (courses or rotations) across multiple academic years.
2. A failure in a course or clinical rotation (including remedial) during a semester in which the student is on academic probation and/or with a failure still outstanding on their academic record.
3. An overall GPA below 2.400 at the end of the spring semester of the student's second year.
4. Three failures on APMLE Part I.
5. Failure on the Objective Structured Clinical Examination (OCSE) in combination with one or more failures in any other 803xx rotation or course.
6. Failure on the Objective Structured Clinical Examination (OCSE) combined with a failure on the Objective Structured Clinical Examination (OSCE) remediation.
7. Failure on the second attempt on the Objective Structured Clinical Examination (OCSE) for students who were dismissed for failing the first attempt along with any additional 803xx failure (course or rotation) and were reinstated to repeat all 803xx rotations and any outstanding failures on their record.
8. Failure on the third attempt on the Objective Structured Clinical Examination (OCSE) for students who were dismissed for failing the first attempt and the remedial attempt and were reinstated and required to repeat all 803xx rotations.
9. Failure in a remedial course or rotation.

Outstanding failures are defined as courses or rotations that have not been successfully remediated or repeated with a grade of C or better (or a grade of S for S/U courses or rotations).

Students without a previous dismissal on their record are eligible to apply for reinstatement.

The following students are not eligible for readmission or reinstatement:

1. Students with two dismissals, academic or non-academic, on their record.
2. Students who have taken and failed APMLE Part I three or more times without passing.

Students seeking reinstatement who will not be able to complete the program in six academic years must receive an exception from the Council on Podiatric Medical Education in order to be considered for readmission or reinstatement.

Academic Probation

Students readmitted or reinstated with failures on their transcript are placed on academic probation until all failures are successfully repeated or remediated with a minimum C or S grade. In addition, students with any outstanding failures on their record will be placed on academic probation. The academic probation status will be noted on the student's record, including the official transcript. Any failure while on probation will result in academic dismissal.

Reinstatement

Students seeking reinstatement to the college must contact the Office of Academic Operations and Institutional Research. Any student who has been dismissed two times from the college, academically or for non-academic reasons, is ineligible for reinstatement consideration at any time.

Students meeting one of the following are not eligible for reinstatement consideration until **one year** from the date of dismissal:

1. Students who have been officially dismissed from the college for academic reasons who have not been offered reinstatement by the Academic Readmission / Reinstatement Committee.
2. Students who have been dismissed for any reason other than academics.

Students who have been previously academically dismissed and are seeking reinstatement to the program will have their request considered by the Academic Readmission / Reinstatement Committee. The decision of the committee for these students is final.

Students applying for reinstatement who have been previously dismissed for reasons other than academics will have their request considered by the college dean. The decision of the dean for these students is final.

Students readmitted or reinstated with failures on their transcript are:

1. Placed on academic probation with a notation being made on their transcript.
2. On academic probation until any failures have been resolved with a minimum C or S grade.
3. Subject to academic dismissal if any course or rotation is failed while on academic probation.

Academic Readmission and Reinstatement Committee

The Academic Readmission / Reinstatement Committee meets with eligible students who are reapplying to the program.

Students required to appear before the committee include those who have been academically dismissed and students who had previously withdrawn from the program with failing grades (U, F, WF, SF, or NF) on their transcript.

In all matters, the committee reviews the student's application for readmission / reinstatement and ultimately renders a decision concerning the student's ability to successfully complete the podiatric medicine program.

Membership of the Academic Readmission Committee is as follows:

Voting members

- College of Podiatric Medicine faculty (with four faculty members present for each readmission hearing)
- Academic associate dean of academic affairs (or designee)

Non-voting members

- Director of academic operations and institutional research (or designee)
- Director of educational resources (or designee)

Hearing Procedure

- Request
  - A written request from the student is submitted to the Office of Academic Operations and Institutional Research and shall include a statement of facts summarizing the basis for the appearance. Such requests must be submitted by the deadline specified.
- Preparation for Hearing
  - A written notice of the date, time and place of the hearing will be given to the committee members and the student requesting the hearing.
  - At the scheduled meeting, all committee members will be presented with a copy of any written statements prepared by the student and access to the student's academic file.
- Hearing
  - The student must be present at the requested hearing and may make an oral and/or written presentation to the committee.
  - Attorney or legal counsel for any parties involved may be present in the room during a hearing, but may not participate directly in the hearing. The legal counsel may only advise his/her client. The office of academic services and institutional research must be notified at the time of the request for an appeal if the student intends on having legal counsel present at the hearing.
  - Letters in support of the student must be submitted in advance of the hearing.
  - The student (and legal counsel) is excused from the room prior to deliberation.
  - The committee shall deliberate and formulate a decision in the absence of the involved parties. Votes shall be by anonymous ballot. There are two decision options:
    - Offer the student readmission to the program or
    - Deny the student readmission to the program.
  - The committee's decision is final.
  - Students who are denied readmission or reinstatement are not eligible to appear before the committee again until:
    - One year from the date of the most recent reinstatement hearing for students who were academically dismissed.
    - A minimum of five months from the date of the most recent readmission hearing for students who withdrew with failing grades (WF, F, NF, SF, or U).

(Students who are denied readmission or reinstatement may request that the above time periods for a reinstatement/readmission hearing be waived due to extreme circumstances or to present new information not previously available to the committee. Students wishing to be considered for an early hearing must submit the request in writing along with all relevant supporting documentation to the Office of Academic Operations and Institutional Research. *These requests will be reviewed by the Academic Readmission and Reinstatement Committee who will then make a decision to approve or deny the granting of an early hearing. This process will include only a committee review of the submitted written documentation. The student will not make an appearance and will not be permitted to present information, verbally or in writing, outside of what is officially submitted for review. Should an early hearing be granted, the process will follow the Hearing Procedure as detailed above. A granting of an early appearance is not a guarantee of being readmitted or reinstated by the committee. Should the committee vote to deny that an early hearing be granted, the original eligibility timelines listed above remain in effect. The decision of the committee to grant or deny an early appearance is final.)*

Privacy of Records and Hearing

- The committee will act in compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA) regarding the information of a student's record.
- All proceedings of a hearing are confidential. No member of the committee shall disclose any of the subject matter or discuss these matters with anyone except members of the committee.

Academic Performance and Student Organizations

The College of Podiatric Medicine offers a number of student organizations, fraternities and sports clubs to serve the student population. Student organizations, fraternities and clubs are subject to college policies. The Office of Student Affairs has the right to review

and revoke the privilege to continue as a recognized chapter of any organization or fraternity. A full listing of organizations is available on the College of Podiatric Medicine website.

Each organization, fraternity or club has elected positions in which members of the College of Podiatric Medicine student body may hold office. In order for students to participate and hold office in any position — including, but not limited to, president, vice president, secretary, treasurer, director of clinical affairs, race coordinator, delegate — they must be in good academic standing. Specifically, students must have a minimum 2.500 overall GPA with no academic failures to run and/or hold an elected position within any organization, fraternity or club. In addition, students must pass boards on their first attempt.

Academic records will be checked fall and spring semesters and after boards results are posted. Students who fall below the academic minimums or fail to pass boards on their first attempt will be removed from their position within a particular club, organization or fraternity so that they may focus on academic and/or boards performance.

In addition, students who receive two or more professionalism deficiencies will be removed from any position within a particular club, organization or fraternity.

The college's Office of Student Affairs will send a formal notification to those students who fail to meet the minimum requirements to hold office.

American Podiatric Medical Licensing Examination (APMLE)

All podiatric residency programs require passage of APMLE Part I and Part II — written examination and the Clinical Skills Patient Encounter (CSPE) examination (if available) — prior to the beginning of the residency.

Eligible students are required to take the APMLE Part I and both portions of Part II — written examination and the Clinical Skills Patient Encounter (CSPE) examination (if available) — the first time the examinations are offered, and every subsequent time as necessary.

Students who do not take APMLE Part I the first time offered automatically will be placed into Pathway I. Students who fail APMLE Part I on the first attempt and do not take the examination the second time offered automatically will be placed into Pathway II. Students missing a required administration of APMLE Part I still will be given the opportunity to take the examinations three times before being subject to dismissal from the program. Students who do not take the examination the first time that it is offered, and every subsequent time as necessary, will be subject to a professionalism deficiency evaluation.

Students who do not take both portions of Part II — written examination and the Clinical Skills Patient Encounter (CSPE) examination — the first time the examinations are offered, and every subsequent time as necessary, will be subject to a professionalism deficiency evaluation.

Students who do not pass APMLE Part I will not be eligible to take Part II. Those students will be under the college's Board Part I Failure Policy (see below).

College of Podiatric Medicine Board Part 1 Failure Policy

Students who fail APMLE Part I on their first attempt will be placed into Pathway I and will continue with third-year classes. For August and September, students will be removed from clinic and enrolled in PCS 80001 to prepare for the required retake in October. Pathway I students will continue in their non-rotation courses.

Pathway I students will return to clinic beginning with their October clinical rotation. Students will only be excused from clinic the day of the October APMLE Part I reexamination. Students will be required to attend all other days for the October rotation, including the first day of the rotation.

1. **Pathway I – Passage:** Students who pass the October APMLE Part I retake examination will continue in classes through March and clinic through April. In May and June, these students will complete the CLI 803xx clinical rotations that were missed in August and September. Beginning with the July rotation, these students will begin CLI 804xx clinical rotations. These students will lose one optional clerkship elective month and will be required to complete a CLI 804xx rotation in April of their fourth-year summer semester. Please note, this schedule is contingent on a student not having to remediate a third-year course or rotation. Students who are required to remediate a third-year course or rotation will follow the schedule detailed in the remediation policy. Pathway I students making up a clinical rotation for reasons other than failure will be required to complete the rotation in July before beginning 804xx clinical rotations in August.
2. **Pathway II – Failure of Second Attempt:** Students who fail the October APMLE Part I retake exam will continue in all classes and clinic rotations as originally scheduled. Beginning in April, along with their scheduled clinic rotations and other academic requirements, students also will be enrolled in PCS 80002 to prepare for the required APMLE Part I July retake examination. In July, Pathway II students will sit for the APMLE-1 retake examination. Students who fail the July retake examination will be dismissed from the college and will be ineligible for reinstatement consideration at any time. Students who pass APMLE Part I on the third attempt will continue with their regularly scheduled courses and rotations.

All students, currently or previously enrolled, are subject to the policy on the maximum three attempts for APMLE Part I.

Non-enrolled students who have taken APMLE Part I three times without passing are not eligible for consideration of readmission or reinstatement regardless of whether or not the examination was passed on subsequent attempts.

Non-enrolled students are not eligible for sponsorship by the College of Podiatric Medicine to sit for the APMLE Part I examination regardless of previous number of attempts.

Attendance

Classroom and Laboratory Attendance

Attendance is expected of all students; and the course coordinator may require, at their discretion, compulsory attendance in a course. This includes any or all laboratory sessions, lectures or demonstrations. When the instructor does not state attendance as a compulsory requirement, students remain responsible for all material covered in that course, including all examinations, quizzes and projects. A student's eligibility to complete make-up work is at the discretion of the course instructor.

Mandatory in-person attendance is required at all scheduled examinations and assessments.

Clinic Attendance

Attendance is mandatory at all scheduled college-approved internal/external clinical rotations and clerkship programs. Absences must be excused by the rotation coordinator or clerkship director.

Clinical make-up days may not be completed during regularly scheduled course lectures, labs or assessments.

Students missing clinic without prior approval must contact the Academic Support staff by email at cpmas@kent.edu, with the rotation coordinator copied, no later than 8:00 a.m. on the day of absence.

- Students are required to complete one make-up day for each excused clinic day missed.
- Students are required to complete three make-up days for each unexcused clinic day missed.

Students requesting that an absence be excused are required to submit relevant documentation at the time of the request (advance requests) or prior to their return to clinic (absences due to emergencies (including family emergencies) or illness). A doctor's note is required for illness-related absences. If documentation is not provided, the absence will be considered unexcused.

Days missed to illness, or for any other reason, without supporting documentation will be considered unexcused. The decision to approve or deny a request for an excused absence is at the discretion of the rotation's coordinator or clerkship director.

Students requesting an excused absence ahead of time should contact the rotation coordinator or clerkship director at least two weeks before the clinical absence. Students are responsible for contacting the rotation coordinator for any unplanned absences and for making days up one day in advance.

Make-up days will be assigned to students with the following deadlines in mind:

- Make-up days for CLI 803xx-level rotations must be completed no later than the end of April of the third-year summer term or before the start of CLI 804xx rotations. The date and time of the make-up days will be assigned. Students are not permitted to progress to any 804xx-level rotations or courses with an incomplete mark, failing grade or outstanding make-up days for any 803xx-level rotations or courses.
- The dates and locations for CLI 804xx make-up days will be assigned.

Personal Days

Third-year students will be allowed the opportunity to have two personal days off per academic rotation year (not per rotation month) during their third-year KSUCPM clinical rotations. These personal days may be used for residency visitations or significant personal events with proof of attendance. Please note, personal days may only be taken during CLI 803xx rotations.

Two personal days may not be used in succession for third-year rotations.

A personal day is one calendar day. Splitting into half days is not permitted.

Personal days may not be used during:

- Third-year Simulated Patient I (80380)
- Third-year Surgical Skills and Simulated Patients II (80316)
- Third-year Foot and Ankle Surgery I and II (80312, 80313)
- Third-year Wound Care
- Primary Care VA
- Month of December
- First and/or last day of rotation
- Day before or day of an exam
- Day before and after holiday weekends
- Day before Board/Retake Board Exams
- Mandatory Clinical Orientation Day
- Examination days

Two-week advanced clinical absence request must be submitted to rotation coordinator and cpmas@kent.edu.

Students are NOT granted personal days for any situation that gives an unfair advantage or luxury to one student in comparison to other students in any of the third-year rotations.

Personal day(s) may be used for sick day(s) with a doctor's note. (Additional sick days will be treated under current attendance policy) (Students will be responsible for the materials missed with any absence)

The rotation coordinator may limit the number of student requests if multiple requests are submitted for the same day.

APMLE Part II and Centralized Residency Interview Program (CRIP)

The APMLE Part II examination and CRIP (and additional residency interviews) affect clinical attendance requirements in the following ways:

- All students are required to report to their January clinical location on the first day.
- Students are given time off only on the day of APMLE Part II and are required to report to clinic the day before and the day after the exam.
- For CRIP and residency interviews outside of CRIP, students are required to provide to their clinical site travel documentation and interview schedule in advance of the days missed. Only days in which a student has interviews scheduled or is traveling will be excused.

All of the above applies to clerkships, senior medicine rotations and program core rotations at the college's clinics or at external locations.

Clinical Attendance for Rotations at External Facilities

External rotations follow the schedule of the facility, not the college. This includes closures due for any reason, including closures for inclement weather, holidays and class breaks.

When rotating at an external facility as part of any rotation, if the external clinical site remains open even though the college is closed (holidays, inclement weather, etc.), students are required to report to clinic as scheduled.

External rotations are those that are held at outside facilities in which students rotate for a variety of third- and fourth-year clinical rotations. These rotations include, but are not limited to, third-year and fourth-year Department of Veteran Affairs rotations, clerkships, senior medicine, foot and ankle surgery and wound care. Students may also be scheduled at

external sites during any other rotation at the Cleveland Foot and Ankle Clinic.

Clinical schedules at external facilities may include evenings, weekends, holidays and other days when the university or Independence location is closed. If the university or Independence location is closed for any reason, you must report to the external experience as their schedule dictates.

Clinical Attendance for Pathway I Students: APMLE Pathway I students will only be excused from clinic the day of the October APMLE Part I reexamination. Students will be required to attend all other days for the October rotation, including the first day.

Clinical Attendance for Pathway II Students: APMLE Pathway II students only will be excused from clinic the day of the July APMLE Part I reexamination. Students will be required to attend all other days for the July rotation at the discretion of the rotation coordinator.

Academic Presence Verification

In compliance with federal regulations, all course and rotation coordinators are required to verify student academic presence for every student in the university-determined reporting system. The method of how academic presence (i.e., participation in the course) is verified is at the sole discretion of each coordinator and may differ from course to course or rotation to rotation. The meeting of academic presence requirements as determined by the coordinator is mandatory for all students.

Students who do not meet academic presence verification requirements:

- will receive a professionalism deficiency;
- will receive an NF (Never Attended–Fail) or SF (Stopped Attending–Fail) mark for each course in which the requirement was not met; and
- may lose their federal financial aid for that particular term.

Background Checks and Drug Testing

Mandatory Background Checks

Incoming students are required to complete a background check prior to matriculation (dates and deadline to be assigned).

Current students are required to complete FBI and Ohio Bureau of Criminal Investigation (BCI) background checks at the following schedule:

- February of the second-year spring semester (date to be assigned)
- February of the third-year spring semester (date to be assigned)

Background check reports will be made available electronically to the College of Podiatric Medicine.

Students and applicants have the right to review the information reported by the designated company for accuracy and completeness and to request that the designated company verify that the background information provided is correct. Prior to making a final determination that will adversely affect the applicant or student, the college will provide the applicant or student the opportunity to address any issues or discrepancies found in the report.

If an FBI or BCI background check comes back with a discrepancy or the statement, "may not meet employment conditions," the student is required to provide the Office of Academic Operations and Institutional Research with a detailed summary report. Discrepancies in background check reports are subject to review by the college dean and could result in a student's dismissal or rescission of admission offer from the College of Podiatric Medicine.

Please note, some clinical programs may require specific background checks and/or additional documentation.

Drug Testing

Incoming students are required to complete a drug test prior to matriculation (dates and deadline to be determined by the Office of Academic Operations and Institutional Research).

Current students are required to complete a drug test prior to the beginning of the third-year fall semester (dates and deadline to be assigned).

Drug test results are subject to review by the College of Podiatric Medicine. Positive drug screens will be cause for review by the dean on a case-by-case basis and could result in a student's dismissal or rescission of admission offer from the College of Podiatric Medicine.

Please note, additional drug tests may be required in the event of a positive result, a negative dilute or if required by a program for the completion of a clinical rotation.

Cheating and Academic Dishonesty

Students found responsible for cheating or academic dishonesty in any form on any examination, quiz, assignment or on anything related to the College of Podiatric Medicine curriculum will automatically be given a failing grade (0.000, F grade) for that specific academic item. This will also result in disciplinary actions to be taken, including possible dismissal from the program.

Clerkship and Senior Medicine Rotations

Information on clerkship and senior medicine rotations, including the selection process, can be obtained by contacting the college's Office of Academic Operations and Institutional Research.

Clerkships

Clerkships are mandatory rotations that students schedule through AACPM's Doctor of Podiatric Medicine Clerkship website in the months that are allotted. There are seven months scheduled that are strictly for clerkship rotations. Of these seven months, students are required to complete six months of clerkship rotations. If eligible, students may choose to take one of the seven months allotted for a clerkship as an elective month. If students decide to take this elective by not filling the month with a clerkship, they will have no clinical responsibility for the month, though they may visit programs or complete clinical make-up days if they wish. *Note: Clerkship rotations or an elective month off cannot be scheduled during any month in which a core rotation is scheduled.*

Senior Medicine

The date of the selection of senior medicine rotations will be determined by the Office of Academic Operations and Institutional Research. A list of available rotation spots will be sent to each group along with a deadline for student selections. If an agreement on senior medicine selections within a student group cannot be reached by the group members, the final determination will be made by random selection by a representative of the Office of Academic Operations and Institutional Research.

Senior medicine rotations may include out-of-state locations and facilities not within the immediate area of the college. The Office of Academic Operations and Institutional Research and the college

administration will determine which locations will be considered mandatory (i.e., all spots available at those locations will be required to be filled by students in each group). An approved list of senior medicine options will be distributed to each of the groups with a deadline for the finalization of selections.

The number of spots for each senior medicine rotation is limited within each group. The number of available spots at each location is determined by numerous factors, including facility preference and availability and the number of students in that particular group.

Students wishing to complete their senior medicine rotation at a location not on the college's approved list will be given the opportunity to submit a request with the names of the facility and doctors and a narrative rationale as to how this experience will meet the requirements of the rotation and benefit the student academically. After review, the Office of Academic Operations and Institutional Research and the college administration will either approve or deny the request. This decision is final. The deadline for submitting a request to complete the senior rotation medicine at a location not on the approved list will be determined by the Office of Academic Operations and Institutional Research. No request will be considered after this deadline.

Completion of Clerkship and Senior Medicine Rotations

Once a student selects a clerkship or a senior medicine rotation, the student is required to attend that specific rotation for the month chosen. Schedule changes, including dropping rotations or switching months, are not permitted. Students who do not attend a scheduled rotation will be required to make up the rotation in April of the student's fourth year (location and specifics of make-up rotations will be assigned). Students will also receive a professionalism deficiency evaluation. This applies to all senior medicine and clerkship rotations, including private practice office rotations.

In rare cases, schedule changes or rotation exceptions may be permitted provided that the student can demonstrate extreme and unforeseen circumstances that will prevent the completion of a particular rotation. Students who wish to be considered for this type of schedule change must submit the request in writing along with supporting documentation to the Office of Academic Operations and Institutional Research before reaching out to other locations and facilities. If the request is denied, the student will be required to attend the rotation as scheduled.

Feedback and Surveys

At the conclusion of each clerkship and senior medicine rotation, students will receive a link via e-mail to a rotation feedback survey. The completion of the rotation feedback survey for each rotation by the deadline given is mandatory. Students who miss the deadline will be subject to a professionalism deficiency evaluation.

Patient Logs

Students are required to submit in Typhon a patient log for every patient encounter experienced (observed, assisted or performed) during each clerkship and senior medicine rotation. Patient logs for each rotation must be completed and entered into Typhon by 8:00 a.m. on the Monday following the conclusion of the rotation. Failure to meet this deadline will result in a professionalism deficiency evaluation and possible failure on the rotation. For further information on what types of encounters are required to be logged during a particular clinical rotation, students should contact the coordinator for that specific rotation.

Cleveland Foot and Ankle Clinic (CFAC) Shadowing

Students should contact the Office of Academic Operations and Institutional Research for assistance regarding shadowing opportunities in the Cleveland Foot and Ankle Clinic (CFAC).

All students are required to shadow in one or both of the CFAC during their first and second year in the program. A schedule will be distributed to all students at the beginning of the academic year or will be listed in the syllabus of a course requiring the shadowing experience. These shadowing experiences are considered mandatory. If this requirement is not met and all scheduled sessions not attended, the student will be subject to academic and disciplinary actions.

In addition to the required CFAC shadowing, students in all years are encouraged to visit clinical programs when they can find the free time in their schedules to do so.

If visiting a program outside of an assigned (registered for college credit) clinical rotation that will consist of hands-on experiences rather than just observational, students must notify the Office of Academic Operations and Institutional Research prior to the hands-on experience taking place, or immediately following.

Clinical Affiliation Agreements

For external clinical rotations completed during the third and fourth year, the college has executed affiliation agreements with facilities where students rotate. Students are subject to the requirements listed in these agreements for any approved rotation. Student visitations are observation only and not for college credit, and therefore, not considered approved rotations.

A list of all facilities with which the college has a current affiliation agreement is available by contacting the Office of Academic Operations and Institutional Research. Affiliation agreement status is subject to change at any time.

Students may review, in person only, the affiliation agreement for any facility in which they will be completing an external clinical rotation. To do so, please contact the Office of Academic Operations and Institutional Research.

College and Clinical Incident Reporting

A college and clinical incident report needs to be completed when any of the following occurs:

- A student or faculty member is involved in an accident, is injured or becomes ill at a clinical site.
- A hospital incident report is completed that involves a student or faculty member.
- A student or faculty member is involved in an accident, is injured or becomes ill at any College of Podiatric Medicine academic laboratory.

The college and clinical incident report must be completed by the student and/or faculty member involved in an accident or injury occurring at a clinical site on the day the incident occurs. The student and/or faculty member involved will follow the policy and protocols at the site in which the incident occurred and pay any expenses incurred from the incident. Kent State University and the College of Podiatric Medicine are not responsible for payment or reimbursement.

The college and clinical incident report must be sent within 24 hours of the incident to the Public Safety Manager. All completed college and clinical incident reports will be sent to and stored in the Office of the Assistant Dean of Clinical Education and Research, the Office of Compliance and Risk Management and the online reporting system.

Clinical Rotations

For all clinical rotations, students are randomly assigned to a group. This assignment determines the specific clinical schedule for each student, including the monthly order in which students complete each rotation. Requesting a specific group or schedule or switching groups once assigned is not permitted.

The policy and procedures for clinical education are in place to assure quality care and education. Students must conform to these policies and procedures to ensure that educational outcomes are met and quality patient care is delivered.

No student may proceed to any fourth-year rotation without having first completing all prior courses and clinical rotations. A student may not continue onto fourth-year courses or rotations with a failure or grade or incomplete in any third-year course or clinical rotation.

Students are only permitted to be registered for one clinical rotation per month. Students are not permitted to complete a remedial course or rotation during the same month as a scheduled course or clinical rotation.

Clinical Remediation and Make-up Months

All fourth-year remedial rotations will take place at an assigned location starting in April in the fourth-year summer semester without exception. The dates of the rotation will be based on the AACPM national clerkship calendar.

Make-up rotations for non-academic reasons (e.g., leave of absence) will take place in April at an assigned location during the fourth-year summer semester. The dates of the rotation will be based on the AACPM national clerkship calendar.

The location of a remedial or make-up rotation will be assigned to the student by the Office of Academic Operations and Institutional Research

Clinic Rotation Groups and Schedule

Students will be randomly assigned into groups twice – once for third-year clinical rotations and once for fourth-year clinical rotations. Switching of groups and/or rotation months is not permitted.

Patient Logs

Students are required to submit in Typhon a patient log for every patient encounter experienced (observed, assisted or performed) for every clinical rotation (external and core rotations). Patient logs for each rotation must be completed and entered into Typhon by 8:00 a.m. on the Monday following the conclusion of the rotation. Failure to meet this deadline will result in a professionalism deficiency and possibly failure on the rotation.

For further information on what types of encounters are required to be logged during a particular clinical rotation, students should contact the rotation's coordinator or the Office of Academic Operations and Institutional Research

Course Exemptions

To be considered for a course exemption, students must file a request by contacting the Office of Enrollment Management and Student Affairs. The request will be considered by the college's senior associate dean and the appropriate division head. Requests for a course exemption are handled on a case-by-case basis, and the college's decision is final. Student requests for course exemptions will only be considered prior to matriculation.

Eligibility for Doctor of Podiatric Medicine Degree

All candidates for the Doctor of Podiatric Medicine degree must have achieved the following:

1. Maintained satisfactory academic performance with no grade below a C, no Unsatisfactory (U) grade and no Incomplete (IN) marks;
2. Demonstrated clinical competence through completion of the performance objectives;
3. Been verified as being in good disciplinary standing;
4. Satisfactorily completed all academic requirements, including clinical rotations and externship/clerkship program requirements, with a minimum C grade or Satisfactory (S) grade on all courses and rotations;
5. Satisfactorily passed the Objective Structured Clinical Examination (OSCE);
6. Fulfilled all responsibilities and financial obligations to the college and to the university; and
7. Taken and passed the American Podiatric Medical Licensing Examination (APMLE), Part I, taken both sections of Part II (written examination and the Clinical Skills Encounter – CSPE examination) and released the score reports to the college.

To be eligible for graduation in May, candidates must have met all of the above requirements by the end of the fourth-year summer semester. Attendance at the graduation ceremony is required.

All students must successfully complete the graduation requirements in no more than six academic years. Exceptions for students with extenuating circumstances must have the approval of the Council on Podiatric Medical Education.

Essential Requirements for Student Education

Kent State University College of Podiatric Medicine is committed to the admission and advancement of all qualified students. College policy prohibits discrimination against anyone solely based on race, sexual orientation, gender, Veteran status, color, national origin, religion, age, handicap or disability.

The faculty and administration have adopted the following technical standards and essential requirements that must be met by all students for progression and graduation. These technical standards expected of students seeking the degree of Doctor of Podiatric Medicine reflect the college's highest commitment to the safety of its students and patients, and recognize the essential functions of the profession of podiatric medicine.

The following standards and requirements describe the academic abilities and non-academic qualifications that are essential to the

program of instruction, are directly related to the licensing requirements, and are directly related to those physical abilities, mental abilities, skills, attitudes and behaviors that students must demonstrate or perform at each stage of their education to ultimately ensure patient safety.

Technical Standards and Essential Requirements for Student Education at Kent State University College of Podiatric Medicine

Visual Observation and Integration

Candidates and students must be able to observe demonstrations, video materials, slides through a microscope and computer screens. They must acquire information from written documents, radiographs, photographs, charts and diagrams. They must be able to observe a patient accurately close at hand and at a distance to assess asymmetry, range of motion and tissue/texture changes.

Communication

Candidates and students must be able to communicate effectively in oral and written formats, and in settings where time span is limited. This includes communication in classroom, clinical and laboratory settings. Candidates must be able to accurately elicit information in a timely and efficient manner. Candidates must be able to describe a patient's condition to the patient and to others in the diagnosis and treatment process.

Other Sensory Capacities

Students must independently be able to take an oral history, do stethoscopy and communicate while wearing a surgical mask. Students must also have sufficient somatosensory capacity to palpate pulses, use a tuning fork and assess skin temperature.

Motor Functions

Candidates and students must have sufficient motor function to undertake classes, laboratories and demonstrations, to provide general patient care as well as emergency treatment to patients. This includes cadaver dissection, microscopy, aseptic technique and safe handling of microbiological specimens. Also included is the motor capacity for chart and prescription writing, palpation, percussion, auscultation and other diagnostic maneuvers. All of these tasks must be done in a timely and efficient manner within prescribed time limitations relative to the context of a practicing physician. Examples of common daily treatments include, but are not limited to, palliative care of foot and ankle problems, injections, orthotic impressions, taking and processing of pedal radiographs, and performance of soft tissue and osseous tissue surgical procedures. Examples of emergency treatments include CPR, administration of intravenous medications, the opening of obstructed airways, and hemostasis techniques.

Intellectual, Conceptual, Quantitative and Integrative Abilities

Candidates must have sufficient cognitive abilities and effective learning techniques to assimilate the detailed and complex information presented in the medical student curriculum. Candidates must engage in critical thinking and problem solving. They must be able to learn through a variety of modalities including, but not limited to, classroom and lab instruction and exams; small group, team and collaborative activities; individual study; preparation and presentation of reports and use of computer technology. Candidates must be able to consistently, quickly and accurately measure, calculate, interpret, reason, memorize, analyze, synthesize and transmit information across modalities. Candidates must be able to demonstrate these skills and procedures under pressure and in a timely fashion across a range of conditions and time frames. They must be able to recognize and draw conclusions about three-dimensional spatial relationships and logical sequential relationships among events. These skills and abilities are fully defined by the faculty and explained in course syllabi.

Behavioral and Social Attributes

Candidates must demonstrate the maturity and emotional stability required for full use of their intellectual abilities. They must accept responsibility for learning, exercising good judgement and promptly completing all responsibilities attendant to the diagnosis and care of patients. They must understand the legal and ethical aspects of the practice of medicine and function within both the law and ethical standards of the medical profession. Candidates must be able to work effectively, respectfully and professionally as part of the healthcare team and to interact with patients, their families and health care personnel in a courteous, professional and respectful manner. They must be able to tolerate physically taxing workloads and long work hours, to function effectively under stress and to display flexibility and adaptability to changing environments.

Candidates must be able to work effectively, respectfully and professionally with faculty, staff and student colleagues. They must be capable of regular, reliable and punctual attendance at classes and in regard to their clinical responsibilities. Candidates must be able to contribute to collaborative, constructive learning environments; accept constructive feedback from others; and take personal responsibility for making appropriate positive changes.

Involvement in Invasive and Exposure-prone Procedures

Candidates and students must be qualified to be personally and actively involved in invasive and exposure-prone procedures without being a danger to patients, other health care professionals or fellow students, faculty and staff. They must demonstrate adherence to the universal precautions as defined by the Center for Disease Control. As part of the technical standards and essential requirements to matriculate at the college, the following statement shall apply: If the student is HIV seropositive, the student may be restricted by the State Medical Board of Ohio from performing procedures required for graduation. If the student is HBV and/or HCV positive and does not demonstrate noninfectivity, the student may be restricted by the State Medical Board of Ohio from performing procedures required for graduation. Any questions regarding these requirements should be directed to the senior associate dean.

Examination Policy

1. No books, papers, notes, calculators, cell phones, watches, tablets and similar electronic devices, pens, pencils, markers, food, drink, backpacks or any other personal items are permitted in the room during an examination. Hats and outerwear (coats) are not permitted. Clothing or accessories that interfere with the proctor's full view of the student's eyes are not permitted. Any clothing layers that are removed before or after the examination begins must be given to the proctors to be placed in the front of the room until the completion of the examination.
2. The use of cell phones or any other forms of electronic communication during any examination is strictly forbidden. No electronic communication devices are permitted in the room.
3. Students are expected to be waiting outside of the classroom 15 minutes prior to the start of the examination, but cannot enter the room until the academic support staff or proctors give permission.
4. Students arriving late to the examination, not to exceed 30 minutes, must receive permission from the course coordinator (or designee) to

start the examination late. No student, even those approved to begin late, will be given extra time to complete an examination.

5. Students will not be permitted to leave the classroom less than 30 minutes following the start of an examination.
6. Students arriving 30 minutes or more after the scheduled start of an examination will automatically receive a score of 0.00 points for the exam, unless they can demonstrate that they have a valid reason to receive an excused absence from the course coordinator.
7. Students arriving late for a laboratory exam must receive permission from the course coordinator (or designee) to take the examination. No student, even those approved to begin the laboratory examination late, will be given extra time to answer questions.
8. For students not on an approved leave of absence, only the course coordinator can grant an excused absence for an examination (didactic, lab, clinical). Supporting documentation must be submitted when requesting an excused absence.
9. Students who miss an examination receive 0.00 points. Students are responsible for contacting the course coordinator within 24 hours of the administration of the examination to request an excused absence. The course coordinator's decision is final.
10. Failure of a student to secure an excused absence or to make up all approved eligible assessments, assignments, and examinations by the assigned deadlines will result in 0.00 points.
11. Students are responsible for checking the accuracy of all posted scores within seven calendar days of posting or receipt. No challenge will be considered or adjustments made after that period.
12. Students found responsible for cheating or academic dishonesty in any form on any examination, quiz, assignment, or on anything related to the College of Podiatric Medicine curriculum will automatically be given a failing grade (0.000 points, F grade) for that specific academic item. This will also result in disciplinary actions to be taken, including possible dismissal from the program.

Make-Up Examinations

Approved make-ups must be completed within 10 school days of the student's return.

For make-up examinations, students will be contacted prior to their return by the Office of Academic Support with their makeup schedule. If the student is for any reason not contacted by the Office of Academic Support prior to or immediately upon their return, the student is required to contact in writing each of their instructors by the end of the second day (no later than 3:00 p.m.) of their return.

For assignments or assessments other than make-up examinations, students must contact in writing the appropriate course coordinators within two school days (no later than 3:00 p.m. on the second day) of their return to school to determine their eligibility for a makeup. If a make-up is granted for an assignment or assessment, the faculty member will determine the date of the make-up, not to exceed ten days from the student's return. In some cases, the Office of Academic Support, at the discretion of the faculty, may include non-examination assessments or assignment make-ups with the schedule sent prior to the student's return.

For all make-up examinations, assessments, quizzes, etc., if the student has any questions or concerns once they receive their make-up schedule, they must contact their course coordinator as soon as possible but not after the make-up takes place or after the scheduled date for the make-up.

Students should be prepared to complete make-up examinations, assessments, and assignments as early as the first day of their return. Multiple make-ups may also be scheduled on the same day.

If the instructor determines that there is insufficient time to complete the make-up assignments and examinations due to conflicts with other scheduled examinations, the make-up assignments and examinations must be taken within two school days of the conclusion of the regularly scheduled examination period.

Failure to adhere to the aforementioned timelines will result in the loss of students' eligibility to complete missed assignments and examinations, resulting in 0.00 points for all missed assignments and examinations.

Make-ups take precedence over all other academic responsibilities. Prearranged travel is not a sufficient reason for missing a scheduled make-up.

This policy covers all examinations and any other assessments in any form (e.g., quizzes, lab activities, case studies, projects). Timing, in regard to the 30-minute rule, will be adjusted accordingly for non-examination assessments.

HIPAA Training

All students are required to complete HIPAA training. The method of delivery for the training as well as the dates and deadlines for completing training will be assigned by the Office of academic Operations and Institutional Research. Failure to complete HIPAA training by the assigned deadline will result in a professionalism deficiency evaluation and a delay in the student's entry into clinical rotations.

Immunizations

In order to ensure that all students are protected against preventable communicable illness, the following requirements must be met prior to matriculation or within 60 days of classes starting. In addition, students must maintain compliance while enrolled in the College of Podiatric Medicine. Students who fail to maintain compliance may be removed from the classroom and/or clinical settings (including clerkships) until the student can provide proof of compliance.

Students are required to receive all required immunizations (see list below) and will not be allowed on clinical rotations, including clerkships, if all immunization requirements are not met. Students who are allergic to a vaccine ingredient, or who may have a medical condition that prevents the administration of a vaccine, must provide supporting documentation.

All incoming students must provide documentation of the immunizations listed below prior to orientation or within 60 days of matriculation

Required Immunizations for Podiatric Medicine Students

First Year

- Tetanus, Diphtheria, Pertussis (Tdap)
  - One Tdap vaccine within the past 10 years. Td will not be accepted.
  - Must be current all four years.
- Measles, Mumps, Rubella (MMR)
  - One dose if born before January 1, 1957; two doses if born on or after January 1, 1957. Minimum four weeks apart between Dose 1 and Dose 2.

- Positive Rubella titer required **OR**
- Positive Rubeola IgG Titer, and Positive Mumps IgG Titer

- Hepatitis B
  - Three doses required. Dose 1 to Dose 2: minimum four weeks apart; Dose 2 to Dose 3: minimum eight weeks apart (and at least 16 weeks after first dose) **AND**
  - Hep B sAB Titer - Positive
  - The Hepatitis B series can take up to six months to complete. Students are advised to begin this series upon admission to the program.
- Varicella
  - Two doses required. Minimum four weeks apart between Dose 1 to Dose 2 **OR**
  - Positive Varicella Zoster IgG Titer
- Influenza (Vaccination required annually)
- Tuberculosis screening (PPD)
  - Two TB skin tests (PPD) performed in the 12 months prior to starting classes, with the second PPD performed less than three months prior to the start. These must be done in the United States **OR**
  - A blood test, Interferon Gamma Release Assay (Quantiferon-TB Gold In-Tube or T-Spot), performed less than three months prior to starting class.
    - An IGRA is required for this with past BCG vaccine who have tested positive with a PPD, unless they have a positive IGRA in the past.
    - A chest x-ray is required for the positive TB testing (PPD or IGRA).
    - Provide copies of reports for chest x-rays, blood tests, TB treatment statement, and PPD results.

Continuing students are responsible for obtaining the following immunizations so they remain compliant with Podiaric Medicine requirements:

Second Year:
- Influenza
- Tuberculosis screening

Third Year:
- Influenza
- Tuberculosis screening

Fourth Year:
- Influenza
- Tuberculosis screening

Below is a list of strongly recommended immunizations for first-year Podiatric Medicine students:

- Meningococcal;
- Hepatitis A
- Human papillomavirus (HPV2, HPV4)
- Polio

Some clerkships/externships may require additional immunizations. Please check with the Office of Academic Operations and Institutional Research to determine if there are any additional immunization requirements.

Immunization requirements are subject to change.

Incomplete Mark

Refer to the policy in the University Catalog for information on the process and deadline for the Incomplete mark for a graduate course.

Lecture Capture

It is a violation of copyright law to copy, download or print any portion of any recorded lectures.

Leave of Absence Procedure

For the university policy on Leave of Absence for Graduate Studies, please refer to the Academic Policies section of this Catalog.

A leave of absence is an excused absence from the scheduled course, lab/workshop and/or clinical responsibilities. A leave of absence is considered to be a minimum of five consecutive days, up to a maximum of 30 consecutive or nonconsecutive days per academic year. In rare instances of severe illness and prolonged hospitalization, students may be approved for a one-time extension of leave for an additional 30 calendar days per academic year. Students who are granted a leave of absence due to medical reasons will be required to submit appropriate documentation before their return from a leave of absence is approved.

Below are the procedures for requesting an official leave of absence.

1. Student files the leave of absence form and supporting documentation with the Office of Academic Operations and Institutional Research.
2. Once the leave of absence is approved, the Office of Academic Operations and Institutional Research will notify all appropriate faculty and staff members of the student's leave and the intended return date.
3. Upon returning from the approved leave of absence, the student will submit a completed return from a leave of absence form along with any required supporting documentation to the Office of Academic Operations and Institutional Research. Once the return is approved, all appropriate faculty and staff members will be notified.

Any requests for a leave of absence longer than 60 consecutive days will be viewed as a “withdrawal” from the college.

It is important to note that even though a currently enrolled student is on a leave of absence, the granting of the leave does not constitute a waiver of the student’s responsibility for tuition, fees or academic and graduation requirements.

Upon returning from a leave of absence, students are required to make up any eligible missed assignments or examinations within 10 school days of their return.

For make-up examinations, students will be contacted prior to their return by the Office of Academic Support with their make-up schedule. If students are, for any reason, not contacted by the Office of Academic Support prior to their return from a leave of absence, they are required to contact in writing each of their course coordinators by the end of the second day (no later than 3:00 p.m.) of their return.

For eligible missed labs/workshops, assignments or assessments other than make-up examinations, students must contact in writing the appropriate course coordinators within two school days (no later than 3:00 p.m. on the second day) of their return to school to determine their

eligibility for a make-up. If a make-up is granted for a lab/workshop, assignment or assessment, the faculty member will determine the date of the makeup, not to exceed ten days from the student's return. In some cases, the Office of Academic Support, at the discretion of the faculty, may include non-examination assessments or assignment make-ups with the schedule sent prior to or immediately upon the student's return.

For all make-up examinations, assessments, quizzes, etc., if students have any questions or concerns once they receive their make-up schedule, they must contact their course coordinator as soon as possible, but not after the make-up is completed or after the scheduled date for the make-up.

Students should be prepared to complete make-up examinations, assessments, labs/workshops and assignments as early as the first day of their return. Multiple make-ups may also be scheduled on the same day.

Make-ups take precedence over all other academic responsibilities. Prearranged travel is not a sufficient reason for missing a scheduled make-up.

If the course coordinator determines that there is insufficient time to complete the make-up assignments and examinations due to conflicts with other scheduled examinations, the make-up assignments and examinations must be taken within two school days of the conclusion of the regularly scheduled examination period at a time and date determined by the instructor. It is fully up to the course coordinator's discretion as to whether or not the two-day extension is warranted.

Failure to adhere to the aforementioned timelines will result in the loss of students' eligibility to complete missed assignments and examinations, resulting in 0.00 points for all missed assignments and examinations.

Objective Structured Clinical Examination (OSCE)

Students in April of their third year summer term are required to take and pass an Objective Structured Clinical Examination (OSCE) that covers multiple areas and topics, including podiatric medicine, podiatric surgery and biomechanics. The OSCE also includes simulated patients, medicine and oral case studies.

Students must have an overall pass rate of 70 percent on all sections combined in order to pass the OSCE. Students who fail the OSCE on the first attempt with an outstanding failure (course or rotation) on their academic record are academically dismissed. Students who fail the OSCE in April without additional outstanding failures on their academic record (course or rotation) are dropped from their May clinical rotation to remediate the failure through scheduled meetings with content experts for the subject area(s) they failed. These students will take the OSCE examination a second time at the end of May. Students passing will progress to 804xx / 805xx rotations. Students who fail the OSCE on the second attempt are academically dismissed from the program.

Students in Pathway I take the OSCE two months later than other students once all 803xx courses and rotations are successfully completed with a minimum C or S grade. Students making up 803xx rotations for reasons other than or in addition to Pathway I take the OSCE once all 803xx courses and rotations are successfully completed with a minimum C or S grade. Please note, this does not apply to students remediating a failed 803xx course or rotation. (See below for more information on remediation.) All other policies stated above regarding OSCE remediation taking place the month immediately following a failure on the OSCE and dismissals due to multiple failures apply to these students.

Students required to remediate an 803xx course or rotation are not eligible to do so until they have taken and passed with a minimum C or S grade all other 803xx courses and rotations and have taken and passed the OSCE.

Students dismissed for failing the OSCE twice (first attempt and remedial attempt taken the month immediately following the original failure) or for failing the OSCE once with additional outstanding 803xx (course or rotation) failures on their record have the right to apply for reinstatement, provided the student has not been previously dismissed, academic or otherwise.

Students reinstated after failing the OSCE once along with any other 803xx failure(s) (course or rotation) are required to successfully repeat (S grade) all 803xx rotations before taking the OSCE a second time. This second attempt takes place once all 803xx rotations and any outstanding course failures are successfully repeated (minimum C or S grade). Students reinstated after failing the OSCE and any other 803xx rotation or course who then fail the OSCE on their second attempt (original attempt and attempt after being reinstated) are dismissed from the college without eligibility for reinstatement.

Students reinstated after failing the OSCE twice (first attempt and remedial attempt) are required to repeat and pass (S grade) all 803xx rotations before taking the OSCE a third and final time. Students reinstated after failing the OSCE and the OSCE remediation who then fail the OSCE on the third attempt are dismissed from the college without eligibility for reinstatement.

Professionalism Deficiency Evaluation

Introduction

Professional behavior is always expected of students on campus, in clinic, during college events and while on outside rotations. If a student's behavior is deemed unprofessional — either by a member of the college staff, a faculty member, guest lecturer, independent contractor, patient or external rotation supervisory personnel — the student will be subject to a professionalism deficiency evaluation and potential professionalism standard sanctions, up to and including dismissal from the program. Some behaviors or actions that occur in relation to a course, rotation or in a classroom/lab setting may be subject not only to academic consequences outlined in the syllabus, but also to professionalism standard sanctions.

Process

The individual initiating the professionalism deficiency must complete a Professionalism Deficiency Evaluation form and submit it to the Office of Academic Operations and Institutional Research. When possible, the student will be apprised of the professionalism deficiency concern. The student will receive a copy of the professionalism deficiency evaluation form from the Office of Academic Operations and Institutional Research within 24 hours (one business day) of submission of the form. Within 72 hours of receiving the form, the student may provide a written statement or arrange for an in-person statement to the committee. The Professionalism Deficiency form and any previous professional behavior conduct files the student may have will be sent to the Professionalism Standards Review Committee.

The Professionalism Standards Review Committee will convene within three business days of receiving all required information. The committee will:

1. Review the complaint and any supporting documentation including a written or in-person statement by the student.
2. Conduct an investigation, which may include personal interviews and analysis of video or audio recordings and electronic/computer data, etc.
3. Determine appropriate consequences, as indicated below under Committee Determinations.

The committee's determination will be sent to the Office of Academic Operations and Institutional Research. The office will then notify the student via the student's Kent State email and copy the college dean.

Committee Determinations

1. The magnitude of the professional deficiency warrants **dismissal** from the program (even for certain first-time professional deficiencies), with one of the following options:
   a. The student will not be considered for readmission to the College of Podiatric Medicine.
   b. The student will be permitted to reapply and will be considered for re-admission to the College of Podiatric Medicine for the following academic year (if eligible).
   c. The committee may require additional conditions to be met to establish eligibility.
2. The magnitude of the professional deficiency warrants one or more of the following **severe** sanctions:
   a. Failure of an assessment (e.g., examination, quiz, practical)
   b. Failure of a course or rotation.
   c. Preclusion from participation in certain clinical rotations.
   d. A letter of reprimand from the college dean related to the professional deficiency, which becomes part of the student's permanent file and will be included with all externship and residency applications.
3. The magnitude of the professional deficiency warrants one or more of the following **lower-level** sanctions:
   a. The student is issued a warning notice of the deficiency, which does not become part of the student's permanent record but remains in the student's professionalism file in the Office of Academic Operations and Institutional Research.
   b. The student must meet with one or more members of the college administration regarding the professional deficiency.
   c. The student must attend and participate in a professional behavior remediation course or complete a professional behavior remediation project.
   d. The student must make-up one or more days of a clinical rotation.
   e. The student is dismissed or receives a severe sanction(s) listed above due to chronic/multiple lower-level professional deficiencies.

Expectations for Professional Behavior

The following is a list of general expectations for all students regarding professional behavior.

1. The student adheres to institutional, clinical and hospital policies and regulations.
2. The student demonstrates reliability and responsibility.
   a. Examples that do not demonstrate this expectation include, but are not limited to, missing assigned deadlines or not attending mandatory classes, college meetings or events; arriving late to clinic lab or rotation; not having white coat for clinic; wearing a soiled or stained white coat; wearing wrong color scrubs; not having the instruments; and poor grooming and hygiene.
3. The student demonstrates maturity.
   a. Examples that do not demonstrate this expectation include, but are not limited to, using inappropriate loud or foul language; making gestures that could be construed as inappropriate; damaging or disrespecting others' property; theft; and not adhering to published policies.
4. The student demonstrates the ability to accept criticism and to take appropriate steps to correct shortcomings.
   a. Examples that do not demonstrate this expectation include, but are not limited to, arguing or harassing a faculty member about a grade or examination; and asking a faculty member to change a grade despite not having earned the grade through the student's merit.
5. The student communicates professionally and appropriately, either verbally, online or in writing.
   a. Examples that do not demonstrate this expectation include, but are not limited to, sending inappropriate emails that contain lewd or lascivious content; and using social media in a way that compromises the student's professional identity.
6. The student demonstrates honesty and integrity.
7. The student demonstrates respect for members of the college community.
   a. An example that does not demonstrate this expectation includes, but is not limited to, harassing another individual either verbally, physically or through electronic means.
8. The student demonstrates respect for patients and individuals involved in all clinical settings, either on campus or at external locations.
9. The student demonstrate appearance, etiquette and grooming appropriate for the setting that demonstrates professionalism.

Registration for the College Podiatric Medicine

All students must complete a registration each year. Students who fail to complete registration requirements by the assigned deadline are subject to a professionalism deficiency evaluation. Students will not be promoted to the following grade level / academic year until registration requirements are fulfilled. Once the academic year concludes, students who have not submitted the required registration paperwork for the subsequent academic year will be withdrawn from the program.

Remediation and Mandatory Academic Counseling

Students may remediate an F (fail) or U (unsatisfactory) grade by receiving a satisfactory grade after remediation of the course or clinical rotation. Both the initial grade (F or U) and the satisfactory grade (no higher than the C grade) received after remediation are noted on the transcript. However, the original F or U grade is not calculated into the GPA provided that the student receives a passing grade (C or S) for the remedial course or rotation. Students who fail a remedial course or rotation will have both the original and remedial grades calculated into their GPA.

Students who do not attend a scheduled CLI 803xx or 804xx rotation and have not been approved for a rotation exception schedule change will receive an NF (Never Attended–Fail) mark and will be required to remediate the failure. These students also will be placed on academic probation until the NF mark is remediated by receiving a passing grade (S or C). An NF mark in a clinical rotation follows the same GPA and transcript policy as detailed in the previous paragraph. Students with an NF mark along with any other outstanding failures on their record will be academically dismissed.

Any student with one course or rotation failure will be placed on academic probation until the requirement is successfully (C or S grade) remediated. Failure in a remedial course or rotation will result in academic dismissal, as will any failure in an additional course or rotation prior to the successful (C or S grade) completion of remediation.

Remediation of the failed course or rotation will take place during the four-week period detailed below. Please note, the four-week remediation period may continue into the next academic year.

- Students in their first year will begin remediation immediately following the summer term.
- Students in their second year will begin remediation immediately following the spring semester.
- With the exception of Pathway I and II students, remediation for students in their third year will take place in May of the third-year summer term. Non-Pathway I and II students making up an entire third-year clinical rotation for non-academic reasons will remediate a failure in June after the successful completion of all 803xx coursework and clinical rotations. If making up multiple third-year clinical rotations, students will remediate the month after all 803xx courses and rotations are successfully completed.
- Remediation for APMLE Pathway I and II students will take place in July once students have successfully completed all 803xx level clinical rotations and coursework. Pathway I students making up an additional 3xx level clinical rotation (for non-academic reasons) will remediate in August once they have successfully completed all 803xx clinical rotations and coursework. Please note, students in their third year (including Pathway I students) who need to make up or remediate a combined total of four or more clinical rotations or courses will be delayed in starting fourth-year clerkships and rotations to the extent that they will not graduate on time at the end of the fourth-year summer term and may have their entry into residency delayed.
- Remediation for the Objective Structured Clinical Examination (OSCE) will take place the month immediately following the student's first attempt and failure. For full details regarding the OSCE schedule and eligibility for remediation, please see the Objective Structured Clinical Examination (OSCE) policy.
- Remediation for students in their fourth year will take place in April of the fourth-year summer term.

In addition to standard tuition, students are subject to an additional fee for remediation.

Students are not permitted to begin remediation until all other courses and clinical rotations from that academic level have been successfully completed. Academic level is defined as 801xx, 802xx, 803xx and 804xx.

Students are advised that remediation takes precedence over all other educational responsibilities. Remediation is conducted in a manner determined by the course coordinator. This includes the specifics of the delivery of the remedial course or rotation and the format of all assessments and examinations. Prearranged travel is not a qualified excuse to be absent from any scheduled meeting or examination.

Students are required to meet the following GPA requirements during the first and second year (effective for students whose first semester of coursework in the Podiatric Medicine program is fall 2016 or later):

- First Year:
  - Minimum 2.500 GPA at the end of the first-year fall semester;
  - Minimum 2.500 overall GPA at the end of the first-year spring semester; and
  - Minimum 2.500 GPA at the end of the first-year summer term.
- Second Year:
  - Minimum 2.500 overall GPA at the end of the second-year fall semester; and
  - Minimum 2.400 overall GPA at the end of the second-year spring semester.

Students falling below the minimum GPA following the first-year fall semester, first-year spring semester, first-year summer term or second-year fall semester will be required to participate in mandatory academic counseling.

Students with below a 2.400 GPA at the conclusion of the second-year spring semester will be academically dismissed from the program.

Student Conduct

A finding of responsibility for violating college or university policy will lead to a review by the dean of the college and may result in summary dismissal from the program. The decision of the dean is final.

Student Malpractice Insurance Coverage

Podiatric Medicine students are covered by the college's malpractice insurance policy for all official clinical rotations (i.e., registered for college credit).

Students are encouraged to visit clinical programs when they can find the free time in their schedules to do so. If visiting a program outside of an official clinical rotation that will consist of hands-on experiences rather than just observational, students must notify the Office of Academic Operations and Institutional Research prior to the hands-on experience taking place, or immediately following.

Technical Standards and Essential Requirements for Student Education in the College of Podiatric Medicine

The College of Podiatric Medicine is committed to the admission and advancement of all qualified students. College policy prohibits discrimination against anyone solely based on race, sexual orientation, gender, veteran status, color, national origin, religion, age, handicap or disability.

The faculty and administration have adopted the following technical standards and essential requirements that must be met by all students for progression and graduation. These technical standards expected of students seeking the degree of doctor of Podiatric Medicine reflect the college's highest commitment to the safety of its students and patients,

and recognize the essential functions of the profession of podiatric medicine.

The following standards and requirements describe the academic abilities and non-academic qualifications that are essential to the program of instruction; are directly related to the licensing requirements; and are directly related to those physical abilities, mental abilities, skills, attitudes and behaviors that students must demonstrate or perform at each stage of their education to ultimately ensure patient safety.

- **Visual observation and integration:** Candidates and students must have sufficient vision to observe demonstrations, video materials, and slides through a microscope and computer screens. They must acquire information from written documents, radiographs, photographs, charts and diagrams. They must be able to observe a patient accurately close at hand and at a distance to assess asymmetry, range of motion and tissue/texture changes.
- **Communication:** Candidates and students must be able to communicate effectively in oral and written formats, and in settings where time span is limited. This includes communication in clinical and laboratory settings. Candidates must be able to accurately elicit information in a timely and efficient manner. Candidates must be able to describe a patient's condition to the patient and to others in the diagnosis and treatment process.
- **Other sensory capacities:** Students must independently be able to take an oral history, do stethoscopy and communicate while wearing a surgical mask. Students must also have sufficient somatosensory capacity to palpate pulses, use a tuning fork and assess skin temperature.
- **Motor functions:** Candidates and students must have sufficient motor function reasonably required to undertake classes, laboratories and demonstrations, to provide general patient care as well as emergency treatment to patients. This includes cadaver dissection, microscopy, aseptic technique and safe handling of microbiological specimens. Also included is the motor capacity for chart and prescription writing, palpation, percussion, auscultation and other diagnostic maneuvers. All of these tasks must be done in a timely and efficient manner within prescribed time limitations relative to the context of a practicing physician. Examples of common daily treatments include, but are not limited to, palliative care of foot and ankle problems, injections, orthotic impressions, taking and processing of pedal radiographs, and performance of soft tissue and osseous tissue surgical procedures. Examples of emergency treatments include CPR, administration of intravenous medications, the opening of obstructed airways and hemostasis techniques.
- **Intellectual, conceptual, quantitative and integrative abilities:** Candidates must have sufficient cognitive abilities and effective learning techniques to assimilate the detailed and complex information presented in the medical student curriculum. Candidates must engage in critical thinking and problem solving. They must be able to learn through a variety of modalities including, but not limited to, classroom and lab instruction and exams; small group, team and collaborative activities; individual study; preparation and presentation of reports; and use of computer technology. Candidates must be able to consistently, quickly and accurately measure, calculate, interpret, reason, memorize, analyze, synthesize and transmit information across modalities. Candidates must be able to demonstrate these skills and procedures under pressure and in a timely fashion across a range of conditions and time frames. They must be able to recognize and draw conclusions under pressure and in a timely fashion across a range of conditions and time frames. They must be able to recognize and draw conclusions about three-dimensional spatial relationships and logical sequential relationships among events. These skills and abilities are fully defined by the faculty and explained in course syllabi.
- **Behavioral and social attributes:** Candidates must demonstrate the maturity and emotional stability required for full use of their intellectual abilities. They must accept responsibility for learning, exercising good judgement and promptly completing all responsibilities attendant to the diagnosis and care of patients. They must understand the legal and ethical aspects of the practice of medicine and function within both the law and ethical standards of the medical profession. Candidates must be able to work effectively, respectfully and professionally as part of the healthcare team and to interact with patients, their families, and health care personnel in a courteous, professional and respectful matter. They must be able to tolerate physically taxing workloads and long work hours, to function effectively under stress and to display flexibility and adaptability to changing environments.
- **Involvement in invasive and exposure-prone procedures:** Candidates and students must be qualified to be personally and actively involved in invasive and exposure-prone procedures without being a danger to patients, other health care professionals or fellow students. They must demonstrate adherence to the universal precautions as defined by the Center for Disease Control. As part of the technical standards and essential requirements to matriculate at the college, the following statement shall apply: If the student is HIV seropositive, the student may be restricted by the State Medical Board of Ohio from performing procedures required for graduation. If the student is HBV and or HCV positive and does not demonstrate non-infectivity, the student may be restricted by the State Medical Board of Ohio from performing procedures required for graduation. Any questions regarding these requirements should be directed to the senior associate dean.

Test Review Procedure

Students may review an examination by appointment only with the course coordinator, and only for a period extending two weeks following the conclusion of the exam cycle. Students wishing to receive an extension to the two-week period must contact the course coordinator prior to the deadline in order for their request to be considered. The course coordinator will determine the manner in which all reviews take place.

Transfer and Advanced Standing Admissions

Advanced Standing is credit(s) granted by a college to a student for studies completed elsewhere (i.e., another podiatry college or accredited medical school). Students will only be considered for Transfer and Advanced Standing prior to matriculation.

Candidates interested in transfer/advanced standing admission must meet the criteria for initial admission as outlined in the academic requirements section and follow the procedures outlined below:

- Submit a statement to the Office of Enrollment Management / Admissions requesting transfer/advanced standing consideration.
- Provide an official transcript of academic performance in all undergraduate, graduate and professional programs of study, domestic and international. If there was international institutional enrollment, reports from a recognized foreign credentialing agency must be jointly submitted for full consideration.

- Provide a letter of status from the academic dean or dean of student affairs at the College of Podiatric Medicine or other accredited medical school currently being attended. Official transcripts must indicate minimum 3.500 GPA from previous podiatric college for transfer consideration.

Withdrawal from the College of Podiatric Medicine

To discuss withdrawing from the podiatric medicine program, please contact the Office of Academic Operations and Institutional Research.

Students withdrawing will receive the following grades:

- Courses that fall within the university drop/add period will be dropped from the student's transcript with no grades being assigned.
- Courses prior to seven weeks of course instruction and after the university drop/add period will be assigned the W mark.
- Courses after seven weeks of course instruction, but before the university deadline to withdraw from a specific course, will be assigned the WP (withdraw passing) or WF (withdraw failing) mark.
- Courses after the university deadline to withdraw from a specific course will be assigned the SF (stopped attending - fail) grade.

Refer to the Office of the University Registrar website for registration deadlines.

Students are not permitted to withdraw from individual courses. Any withdrawal will be a complete withdrawal from Doctor of Podiatric Medicine degree program.

NOTE: The official date of withdrawal is the date on which the student begins the withdrawal process.

A student who leaves the college without proper notice or without following the withdrawal policy automatically will be withdrawn from the college after two attempts to contact the student.

Readmission

Students seeking readmission to the college are instructed to contact the Office of Academic Operations and Institutional Research.

Students who previously withdrew in good academic standing with no failures (F, U, SF, or NF) or WF grades are not required to appear before the Academic Readmission / Reinstatement Committee in order to be readmitted to the program. These students should contact the Office of Academic Operations and Institutional Research to discuss readmission options.

Students who previously withdrew with failures (F, U, SF, NF) or WF grades are required to appear before the Academics / Reinstatement Committee to request readmission. These students should contact the Office of Academic Operations and Institutional Research to discuss the readmission process.

The following students are not eligible for readmission or reinstatement.

1. Students with two dismissals, academic or non-academic, on their record.
2. Students who have taken and failed APMLE Part I three or more times without passing.

Students seeking readmission or reinstatement who will not be able to complete the program within six academic years must receive an exception from the Council on Podiatric Medical Education in order to be considered for readmission or reinstatement.

College of Podiatric Medicine Faculty

- Belovich, Stephanie J. (2012), Associate Professor , Ph.D., Kent State University, 1999
- Blazer, Marie M. (2012), Associate Professor, D.P.M., Ohio College of Podiatric Medicine, 2004
- Butler, Nick R. (2012), Assistant Professor, D.P.M., Kent State University, 2015
- Connors, James C. (2016), Associate Professor, D.P.M., Ohio College of Podiatric Medicine , 1999
- Dalman, Mark R. (2016), Associate Professor, Ph.D., University of Akron, 2014
- Donovan, Jacqueline K. (2022), Assistant Professor, Ph.D., Kent State University, 2012
- Farnkopf, Ian C. (2016), Assistant Professor, Ph.D., Kent State University, 2022
- Jahan, Israt (2023), Assistant Professor, Ph.D., Gifu University, 2007
- Johnson, Rachel E. (2012), Associate Professor, D.P.M., Ohio College of Podiatric Medicine, 2008
- Kawalec, Jill S. (2012), Professor and Division Head, Ph.D., Case Western Reserve University, 1997
- Moore, Joshua L. (2023), Professor, D.P.M., Des Moines University, 2009
- Osbourne, Abe G. (2012), Associate Professor and Division Head, D.P.M., Ohio College of Podiatric Medicine, 1990
- Osher, Lawrence S. (2012), Professor, D.P.M., Ohio College of Podiatric Medicine, 1982
- Petrozzi, Rocco A. (2012), Associate Professor , D.P.M., Ohio College of Podiatric Medicine, 2003
- Salameh, Ahlam I. (2023), Assistant Professor, B.A., The Hashemite University, 2003
- Siesel, Kathy J. (2012), Associate Professor, D.P.M., Ohio College of Podiatric Medicine, 1989
- Spencer, Scott A. (2012), Associate Professor, D.P.M., Ohio College of Podiatric Medicine, 1987

Clinical Education (CLI)

CLI 80200 STANDARDIZED PATIENTS ROTATION 1 Credit Hour
Offers second year students the opportunity to interview standardized patients and receive feedback on their patient interviewing and history recording skills which prepares them to function competently in a doctor/patient encounter. Some students find that interviewing patients comes naturally, while for others it is more a learned skill. The standardized patients are actors who have been coached to simulate actual patients so accurately that the simulation could possibly fool even a skilled clinician.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinical Laboratory
Contact Hours: 4 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80311 WOUND CARE 2 Credit Hours
The clinical rotation provides students with an opportunity to become exposed to the clinical practice of wound care. Students have a unique opportunity to be involved in wound care patient management, which is an essential part of podiatric medical practice. Students develop skills in wound care patient management as well as communication skills. Students also develop cognitive reasoning skills so as to accurately diagnose comorbid conditions and develop treatment plans appropriate for each patient. Students are exposed to a variety of wound pathology during this clinical wound care rotation. A combination of physician-guided patient care and nursing lead discussion groups allow students to be exposed to many topics related to the essentials of wound patient management. Students are able integrate knowledge already gained in the classroom with clinical medicine.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clerkship
Contact Hours: 8.96 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80312 FOOT AND ANKLE SURGERY I 2 Credit Hours
This rotation is designed as a well-rounded surgical experience involving all appropriate settings, including the surgical clinic, the hospital, the operating room and academic conferences.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clerkship
Contact Hours: 8.96 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80313 FOOT AND ANKLE SURGERY II 2 Credit Hours
This rotation is designed as a well-rounded surgical experience involving all appropriate settings, including the surgical clinic, the hospital, the operating room and academic conferences.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clerkship
Contact Hours: 8.96 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80316 SURGICAL SKILLS AND SIMULATED PATIENTS II 2 Credit Hours
This combined course of surgical skills and simulated patients is offered as part of the core clinical rotations in the third year. The surgical skills portion provides students with the knowledge and hands-on training pertaining to the physical skills that are necessary to perform surgery of the foot and ankle. An effort is made to correlate didactic information learned in the classroom with the rationale behind why many surgical procedures are performed. Adequate demonstration of surgical skills are provided along with practice time and constructive performance feedback. Upon successful completion of this course, students should possess a basic understanding of and the ability to perform physical skills which are necessary in foot and ankle surgery. Course covers general medicine, simulated patient interactions and clinical skills exam exposure.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clerkship
Contact Hours: 8.96 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80320 RADIOLOGY ROTATION 2 Credit Hours
Clinical rotations function by adapting and applying classroom information to real life, “hands-on” situations. A majority of foot complaints necessitate the taking and the reading of radiographs. As specialists of the foot and ankle, podiatrists are in a unique situation in being able to take and interpret radiographs in their own offices. Radiographic analysis is therefore an integral component of podiatric medical education. The Radiology/Medical Imaging rotation focuses on those skills commonly performed by the podiatrist. This includes positioning and developing radiographs along with recognizing the most common pedal pathologies.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clerkship
Contact Hours: 8.96 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80351 PODIATRIC MEDICINE/BIOMECHANICS (EUCLID) 2 Credit Hours
Gives students the opportunity to perform primary foot and ankle care under the supervision of the clinical faculty. Students learn basic podiatric palliative care techniques on patients, as well as how to record the findings in the medical record. Students are evaluated on their ability to present the case history, treat the patient and properly record their findings. Students receive clinical conferences on a variety of podiatric medical topics with practical exams in many areas. Two months are spent at the Cleveland Foot and Ankle Clinic. One month is spent at the Cleveland VA Hospital. This rotation also provides the student with the opportunity for observation and practice of examination skills required in performing a musculoskeletal and biomechanical evaluation. This involves the development of skill in obtaining a biomechanical/musculoskeletal history, arthrometric evaluation, visual gait analysis and musculoskeletal examination to include muscle strength testing, flexibility and range of motion. The student is also taught, and provided opportunities for practice, various methods of obtaining and evaluating proper biomechanical cast impressions of the feet for the purpose of fabricating orthotic devices, Emphasis in this rotation is on the practice and refinement of clinical evaluation and manual skills.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clerkship
Contact Hours: 8.96 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80352 PODIATRIC MEDICINE/BIOMECHANICS (INDEPENDENCE) 2 Credit Hours
Gives students the opportunity to perform primary foot and ankle care under the supervision of the clinical faculty. Students learn basic podiatric palliative care techniques on patients, as well as how to record their findings in the medical record. Students are evaluated on their ability to present the case history, treat the patient and properly record their findings. Students receive clinical conferences on a variety of podiatric medical topics, with practical exams in many areas. Two months are spent at the Cleveland Foot and Ankle Institute. One month is spent at the Cleveland VA Hospital. Also provides the student with the opportunity for observation and practice of examination skills required in performing a musculoskeletal and biomechanical evaluation. This involves the development of skill in obtaining a biomechanical/musculoskeletal history, arthrometric evaluation, visual gait analysis and musculoskeletal examination to include muscle strength testing, flexibility and range of motion. The student is taught and provided opportunities for practice, various methods of obtaining and evaluating proper biomechanical cast impressions of the feet for the purpose of fabricating orthotic devices. Emphasis is on the practice and refinement of clinical evaluation and manual skills.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clerkship
Contact Hours: 8.96 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80365 PRIMARY CARE/VETERANS ADMINISTRATION 2 Credit Hours
This is a one-month rotation at a veteran's health care facility, which emphasizes the skills necessary to function effectively in government health care facilities.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinical Laboratory
Contact Hours: 8.96 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80370 HISTORY AND PHYSICAL ROTATION 4 Credit Hours
The history and physical rotation is a one month experience in one of the several area hospitals, which is designed to provide experience in history and physical examinations. Each rotation site will provide the same core experiences, (based on the goals and objectives), in patient assessment techniques (i.e., history and physical examination), the understanding of disease processes and management strategies. In addition to the core experiences, each rotation site may add additional exposures and training.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinical Laboratory
Contact Hours: 16 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80380 SIMULATED PATIENTS I 2 Credit Hours
Clinical course offered as part of the core clinical rotations in the third year. Covers general medicine rotation, simulated patients interactions and clinical skills exam exposure.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clerkship
Contact Hours: 8.96 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80443 SENIOR CLINICAL ROTATION 4 Credit Hours
The senior clinical rotation is designed to maximize student-learning opportunities in a clinical setting. This rotation will take place at the Cleveland Foot and Ankle clinics (Midtown and Independence locations) as well as Cleveland-area Department of Veterans' Affairs locations. Students are assigned to one or more locations for the month.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clerkship
Contact Hours: 12.79 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80460 CLERKSHIP ROTATION I 4 Credit Hours
Designed to enhance the clinical education and patient exposure of the podiatric medical student. This interdisciplinary training affords students an opportunity to share and expand their knowledge with experienced members of the health care team in Cleveland and around the country. Office and hospital-based programs available in almost every state, offer a diversity of clinical experiences.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clerkship
Contact Hours: 12.79 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80465 CLERKSHIP ROTATION II 4 Credit Hours
Designed to enhance the clinical education and patient exposure of the podiatric medical student. This interdisciplinary training affords students an opportunity to share and expand their knowledge with experienced members of the health care team in Cleveland and around the country. Office and hospital-based programs available in almost every state, offer a diversity of clinical experiences.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clerkship
Contact Hours: 12.79 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80470 CLERKSHIP ROTATION III 4 Credit Hours
Designed to enhance the clinical education and patient exposure of the podiatric medical student. This interdisciplinary training affords students an opportunity to share and expand their knowledge with experienced members of the health care team in Cleveland and around the country. Office and hospital-based programs available in almost every state, offer a diversity of clinical experiences
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clerkship
Contact Hours: 12.79 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80475 CLERKSHIP ROTATION IV 4 Credit Hours
Designed to enhance the clinical education and patient exposure of the podiatric medical student. This interdisciplinary training affords students an opportunity to share and expand their knowledge with experienced members of the health care team in Cleveland and around the country. Office and hospital-based programs available in almost every state, offer a diversity of clinical experiences.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clerkship
Contact Hours: 12.79 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80480 CLERKSHIP ROTATION V 4 Credit Hours
Designed to enhance the clinical education and patient exposure of the podiatric medical student. This interdisciplinary training affords students an opportunity to share and expand their knowledge with experienced members of the health care team in Cleveland and around the country. Office and hospital-based programs available in almost every state, offer a diversity of clinical experiences.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clerkship
Contact Hours: 12.79 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80485 CLERKSHIP ROTATION VI 4 Credit Hours
Designed to enhance the clinical education and patient exposure of the podiatric medical student. This interdisciplinary training affords students an opportunity to share and expand their knowledge with experienced members of the health care team in Cleveland and around the country. Office and hospital-based programs available in almost every state, offer a diversity of clinical experiences.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clerkship
Contact Hours: 12.79 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80486 CLERKSHIP ROTATION VII 4 Credit Hours
Designed to enhance the clinical education and patient exposure of the podiatric medical student. This interdisciplinary training affords students an opportunity to share and expand their knowledge with experienced members of the health care team in Cleveland and around the country. Office and hospital-based programs available in almost every state, offer a diversity of clinical experiences. This is an elective rotation that is available in the event that students wish to gain additional experience in a clinical setting prior to graduation.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clerkship
Contact Hours: 12.79 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80487 CLERKSHIP ROTATION VIII 4 Credit Hours
Designed to enhance the clinical education and patient exposure of the podiatric medical student. This interdisciplinary training affords students an opportunity to share and expand their knowledge with experienced members of the health care team in Cleveland and around the country. Office and hospital-based programs available in almost every state, offer a diversity of clinical experiences. This is an elective rotation that is available in the event that students wish to gain additional experience in a clinical setting prior to graduation.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clerkship
Contact Hours: 12.79 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80490 CLERKSHIP VII 4 Credit Hours
Designed to enhance the clinical education and patient exposure of the podiatric medical student. This interdisciplinary training affords students an opportunity to share and expand their knowledge with experience members of the health care team in Cleveland and around the country. Office and hospital based programs available in almost every state, offer a diversity of clinical experiences. Students are expected to participate in a minimum of five months of external rotations during their fourth year, but are given the opportunity to add elective clerkship rotations. An orientation is conducted and a complete handbook of information is provided to the third year student to assist in this important educational process. This is an elective rotation that is available in the event that students wish to gain additional experience in a clinical setting prior to graduation.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Clinical Laboratory
Contact Hours: 10 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80521 SENIOR MEDICINE ROTATION I 4 Credit Hours
One-month external rotation at hospitals throughout the United States. Students are instructed in skills, values and knowledge necessary to perform a complete medical history and physical.
Prerequisite: Students must be enrolled in the Podiatric Medicine program in order to register for this course.
Schedule Type: Clerkship
Contact Hours: 12.79 other
Grade Mode: Satisfactory/Unsatisfactory

CLI 80522 SENIOR MEDICINE ROTATION II 4 Credit Hours
One-month external rotation at an area hospital. Students are instructed in skills, values and knowledge necessary to perform a complete medical history and physical.
Prerequisite: Students must be enrolled in the Podiatric Medicine program in order to register for this course.
Schedule Type: Clerkship
Contact Hours: 12.79 other
Grade Mode: Satisfactory/Unsatisfactory

General Medicine (GMD)

GMD 80121 PHYSICAL ASSESSMENT AND DIAGNOSIS 3 Credit Hours
Physiology and physical assessment are coordinated to allow students to integrate the underlying physiologic processes with physical diagnostic findings. Physiology is the study of the basic concepts of normal organ and organ system function. Emphasis is placed on regulatory functions of each organ or system as well as the contribution of each to the whole body homeostasis. Physical diagnosis combines the patient's symptoms and signs to arrive at a diagnosis of disease. Focus is on total body examination using the traditional processes of inspection, palpation, percussion and auscultation.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Laboratory, Lecture
Contact Hours: .73 lecture, 2.27 lab
Grade Mode: Standard Letter

GMD 80205 INTEGRATIVE PHYSICAL DIAGNOSIS FOR INTERNAL MEDICINE 1 Credit Hour
This is an elective course designed to integrate physical assessment in preparation for training in the internal medicine specialties. This course prepares podiatric medical students to better evaluate patient concerns by symptom, utilize and improve their physical diagnostic skills, and optimize preparation for clinical training experiences in the internal medicine specialties. The course emphasizes concepts and integrates knowledge from traditional science disciplines in the context of clinical application.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Satisfactory/Unsatisfactory

GMD 80216 MEDICINE I 4 Credit Hours
Course provides students a background in general medicine, including cardiovascular, pulmonary, renal, metabolic, hematologic, gastrointestinal, rheumatologic, immunologic and infectious diseases. The information gained by the student enables the podiatric student to be better prepared for parts I - III boards, a vital participant in their third- and fourth-year medicine rotations and prepare the student for success in their residency.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

GMD 80217 MEDICINE II 4 Credit Hours
Course provides students with a background in general medicine, including cardiovascular, pulmonary, renal, metabolic, hematologic, gastrointestinal, rheumatologic, immunologic and infectious diseases. The information gained by the student enables the podiatric student to be better prepared for parts I - III boards, a vital participant in their third- and fourth-year medicine rotations and prepare the student for success in their residency.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

GMD 80314 NEUROLOGY 2 Credit Hours
A comprehensive study of neurological diseases that are pertinent to treatment of the podiatric patient. Includes etiologies, diagnosis and treatment of the neurologic diseases.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

GMD 80315 DERMATOLOGY 2 Credit Hours
Series of lectures on dermatologic manifestations of systemic diseases. Includes the etiology, diagnosis, treatment and management of dermatologic disorders.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

GMD 80327 BEHAVIORAL MEDICINE 1 Credit Hour
Behavioral medicine is a series of lectures on major topics in the area including mood and anxiety disorders, alcoholism, substance abuse, psychoses and pain management. The presentations relate the relevance to the practice of podiatry.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

GMD 80328 WOMEN'S HEALTH 1 Credit Hour
Seminar covering important areas unique to women including pregnancy, contraception, infertility, cardiovascular health, osteoporosis and menopause.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Satisfactory/Unsatisfactory

Podiatric Biomechanics/Orthopedics (ORT)

ORT 80131 BIOMECHANICS I 3 Credit Hours
Biomechanics is a comprehensive course, which stresses normal gait and foot function. Abnormalities in gait or foot mechanics are related to foot pathology.
Prerequisite: Enrolled in the college of podiatric medicine.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

Preclinical Sciences (PCS)

PCS 80001 COMPREHENSIVE BASIC SCIENCE I 1 Credit Hour
This course will be required for all Pathway I students. Pathway I students are defined as students who fail APMLE Part I on the first attempt and are preparing to take it for the second time. Students who do not take APMLE Part I on the first attempt will be also be required to take this course.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Satisfactory/Unsatisfactory

PCS 80002 COMPREHENSIVE BASIC SCIENCE II 5 Credit Hours
This course will be required for all Pathway II students. Pathway II students are defined as students who fail APMLE Part I on the first and second attempts and are preparing to take it for the third and final time. Eligible students who do not sit for APMLE Part I the first time offered and who fail on their first attempt will be required to take this course as well.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Lecture
Contact Hours: 5 other
Grade Mode: Satisfactory/Unsatisfactory

PCS 80109 HUMAN ANATOMY 6 Credit Hours
The macroscopic anatomy of the upper limb, thorax, abdomen, head and neck, pelvis and perineum of the human body is described, utilizing audiovisual teaching aids and full cadaver dissection. The course is taught using a regional approach, with emphasis on structural and functional relationships. The laboratory instruction includes cadaver dissection supplemented with anatomical prosections, as well as cross-sectional anatomy and computerized educational material.
Prerequisite: Students must be enrolled in the Podiatric Medicine program in order to register for this course.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 4 lecture, 4 lab
Grade Mode: Standard Letter

PCS 80110 EMBRYOLOGY 2 Credit Hours
This course will cover the major events and processes involved in normal and abnormal embryologic development of the major body organs and systems.
Prerequisite: Students must be enrolled in the Podiatric Medicine program in order to register for this course.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

PCS 80119 HUMAN ANATOMY AND EMBRYOLOGY 8 Credit Hours
The human upper limb, head and neck, thoracic, abdominal and pelvic anatomy is explored through lecture, audiovisual aids and cadaver dissection. The material is presented in a regional approach, with emphasis on structural and functional relationships, and is correlated with cadaver dissection. In addition, early events in human embryology are presented and discussed followed by coverage of regional and system-based events during embryological and fetal development. Anatomical and embryological topics are correlated throughout the course.
Prerequisite: Student must be enrolled in the podiatric medicine program.
Schedule Type: Combined Lecture and Lab
Contact Hours: 6 lecture, 4 lab
Grade Mode: Standard Letter

PCS 80124 LOWER EXTREMITY ANATOMY 8 Credit Hours
Lower extremity anatomy presents the detailed macroscopic anatomy of the lower limb. The course is augmented with radiographs, MRI, surface anatomy and cross sectional studies. The course includes an introduction to basic concepts of podiatric medicine, surgery and biomechanics. Laboratory instruction includes a detailed dissection of the lower limb, supplemented with computerized educational materials and study of natural bone specimens.
Prerequisite: Student must be enrolled in the podiatric medicine program.
Schedule Type: Laboratory, Lecture
Contact Hours: 4 lecture, 4 lab
Grade Mode: Standard Letter

PCS 80128 MEDICAL MICROBIO/IMMUNOLOGY 6 Credit Hours
This course will introduce the student to the basic concepts, characteristics and techniques used in the study of the clinically significant microbic groups: viruses, bacteria, fungi, and protozoa. The structure, metabolism, genetics, control and laboratory techniques of each microbic group will be described. The roles and outcomes of these organisms in producing manifestations of human infection and disease will be investigated. This course will also introduce the student to the molecular, cellular and organismal mechanisms responsible for the human immune response system. Laboratory will provide hands on experience in staining, cultivation, identification, sensitivity testing, and immunologic techniques.
Prerequisite: Student must be enrolled in the podiatric medicine program.
Schedule Type: Combined Lecture and Lab
Contact Hours: 5 lecture, 1 lab
Grade Mode: Standard Letter

PCS 80130 FOUNDATIONS OF LIFE SCIENCES I 6 Credit Hours
Course covers foundational biochemistry, molecular biology, genetics, cell and tissue structure, as well as the structure and function of various tissues and specialized connective tissues.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Lecture
Contact Hours: 6.4 lecture
Grade Mode: Standard Letter

PCS 80131 FOUNDATIONS OF LIFE SCIENCES II 6 Credit Hours
Course offers a thorough exploration of biochemistry, histology and physiology, focusing on the processes and systems that sustain human life. Students study the biochemical pathways of metabolism and their role in energy production, as well as the cellular and tissue structures of the endocrine and reproductive systems. Course emphasizes the integration of the autonomic nervous system with the endocrine and reproductive systems, highlighting feedback mechanisms that regulate homeostasis, hormonal balance and reproduction. By connecting biochemical, structural and functional concepts, this course aligns with the KSUCPM Medical Knowledge Competencies and prepares the students to apply foundational science concepts to medical practice.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Lecture
Contact Hours: 6.4 lecture
Grade Mode: Standard Letter

PCS 80132 FOUNDATIONS OF LIFE SCIENCES III 4 Credit Hours
Course provides an in-depth exploration of the physiology and histology of the nervous and digestive systems. Students gain a comprehensive understanding of the structure and function of these systems at both cellular and systemic levels, with an emphasis on their interdependence and regulation. The course integrates foundational knowledge of neural signaling, brain and spinal cord function and peripheral nervous system dynamics. Course also covers the processes of digestion, nutrient absorption and gastrointestinal regulation. Special focus is given to the microscopic anatomy of nervous tissue and digestive organs, highlighting how cellular architecture supports physiological roles.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Lecture
Contact Hours: 4.8 lecture
Grade Mode: Standard Letter

PCS 80133 FOUNDATIONS OF LIFE SCIENCES IV 5 Credit Hours
Course explores the normal histologic structure, function, and physiological mechanisms of the cardiovascular, renal and respiratory systems.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Lecture
Contact Hours: 5.6 lecture
Grade Mode: Standard Letter

PCS 80218 HUMAN SYSTEMS PATHOLOGY I 8 Credit Hours
The study of disease with emphasis on epidemiology, pathogenesis, natural history, morphologic appearance and relationship to clinical manifestation. Emphasis is placed on basic cellular pathologic processes (injury, inflammation and repair, neoplasia), and description of diseases organized by organ system. An introduction to the concepts of clinical decision making through the use of case studies and current clinical literature will be emphasized.
Prerequisite: Student must be enrolled in the podiatric medicine program.
Schedule Type: Lecture
Contact Hours: 8 lecture
Grade Mode: Standard Letter

PCS 80219 PHARMACOLOGY AND THERAPEUTICS I 4 Credit Hours
Historically, the clinician was responsible for information about the sources, physical and chemical properties, compounding and dispensing of drugs. Today the practitioner's responsibility requires the rational clinical use of therapeutic agents for the prevention, diagnosis, and treatment of disease based on an understanding of pharmacological principles. This course is designed to prepare practitioners to prescribe for maximum benefit and to recognize the clinical ramifications of concomitant drug therapy.
Prerequisite: Student must be enrolled in the podiatric medicine program.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

PCS 80228 HUMAN SYSTEMS PATHOLOGY II 8 Credit Hours
The study of disease with emphasis on epidemiology, pathogenesis, natural history, morphologic appearance and relationship to clinical manifestation. Emphasis is placed on basic cellular pathologic processes (injury, inflammation and repair, neoplasia), and description of diseases organized by organ system. An introduction to the concepts of clinical decision making through the use of case studies and current clinical literature will be emphasized.
Prerequisite: Student must be enrolled in the podiatric medicine program.
Schedule Type: Lecture
Contact Hours: 8 lecture
Grade Mode: Standard Letter

PCS 80229 PHARMACOLOGY AND THERAPEUTICS II 4 Credit Hours
Historically, the clinician was responsible for information about the sources, physical and chemical properties, compounding and dispensing of drugs. Today the practitioner's responsibility requires the rational clinical use of therapeutic agents for the prevention, diagnosis, and treatment of disease based on an understanding of pharmacological principles. This course is designed to prepare practitioners to prescribe for maximum benefit and to recognize the clinical ramifications of concomitant drug therapy.
Prerequisite: Student must be enrolled in the podiatric medicine program.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

Podiatric Medicine (PMD)

PMD 80113 MEDICAL ETHICS 1 Credit Hour
The focus of the medical ethics curriculum is to provide a foundation in ethical analysis, augment knowledge of contemporary bioethics issues, and offer experience applying ethical reasoning to clinical cases. The goal of this course is to promote discussion of the ethical responsibilities of a doctor to their patients.
Prerequisite: Enrolled in the college of podiatric medicine.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

PMD 80114 PRINCIPLES OF MEDICAL RESEARCH 1 Credit Hour
It is important for a podiatric physician to have developed the ability to read and interpret the medical literature. This requires a fundamental understanding of biostatistics, epidemiology, and research design. This course provides a framework for the development of an evidence-based methodology to patient care.
Prerequisite: Enrolled in the college of podiatric medicine.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

PMD 80117 PODIATRY, PROFESSIONALISM AND SOCIETY I 1 Credit Hour
The subject matter is relevant but nontraditional in nature with respect to classic medical education. Some of the topics covered are sometimes considered "soft topics" covering a wide range of subjects that podiatric medical students encounter in their personal, academic and professional careers. Students will participate in discussions and projects on ethics, socio-behavior and issues, and practice related topics such as professionalism, communication, empathy, and time and financial management. Other topics related to the National Board Examinations, personal health, and team-based healthcare system will also be covered. Ultimately, students will develop a more unique level understanding and appreciation of the above referenced themes as they advance their learning. An emphasis on academic and personal wellness in the first year of podiatric medical school is the focus of this course.
Prerequisite: Students must be enrolled in the Podiatric Medicine program in order to register for this course.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Satisfactory/Unsatisfactory

PMD 80132 LOWER EXTREMITY ASSESSMENT AND DIAGNOSIS 2 Credit Hours
A comprehensive approach to physical examination, which combines the patient's symptoms and the physical signs to arrive at a diagnosis of disease. It is accomplished by training students in the methods of history taking and physical examination. The course focuses on lower extremity examination. The traditional processes of inspection, palpation, percussion and auscultation are emphasized.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

PMD 80133 INTRODUCTION MEDICAL IMAGING 1 Credit Hour
Podiatric physicians are fully licensed to order, perform and interpret radiologic studies of the foot and ankle. As operators of ionizing x-ray equipment, all practitioners must undergo basic training in x-ray physics, image control and quality assurance, safety and patient positioning. These four building blocks comprise the foundation of this course in fundamentals.
Prerequisite: Student must be enrolled in the college of podiatric medicine.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

PMD 80222 PODIATRIC MEDICAL SKILLS 1 Credit Hour
Podiatric Medical Skills is a practical course, which includes strapping and padding, instrument dexterity, local anesthetic injection, nail avulsion technique, blood glucose finger stick, handheld Doppler exam, fitting for diabetic shoes, arthrometric examination and casting for orthoses. Students are taught the indications and proper application of adhesive bandages and splints for the prevention of injury, control of foot function and treatment of injuries to the foot and lower extremity. Padding is the treatment of foot pathology by redistribution of weight, stress and friction. Students are taught how to relieve acute and chronic pathologies of the foot through the use of various padding materials, or prefabricated pads. Students also gain an understanding of the theory of pad placement. Students are taught the proper techniques for performing toenail avulsions, blood glucose finger sticks, and using the handheld Doppler. Students are taught the proper methods of fitting for diabetic shoes, performing a foot and ankle arthrometric examination and casting methods for foot orthoses.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Laboratory
Contact Hours: 1 lab
Grade Mode: Satisfactory/Unsatisfactory

PMD 80226 INTRODUCTION TO PODIATRIC MEDICINE AND SURGERY 4 Credit Hours
This is a core course designed to present the 2nd year student with the full spectrum of pathology, which they encounter during their clinical training, podiatric medical boards and eventually in podiatric practice. Topics include infectious disease, wound care, rheumatology, vascular medicine, surgery and the diabetic foot. Students are instructed in the evaluation of foot and ankle pathology including signs, symptoms and differential diagnosis. Laboratory and radiographic evaluation are discussed when appropriate. Students are instructed in the treatment alternatives available in each case.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Lecture
Contact Hours: 4.8 lecture
Grade Mode: Standard Letter

PMD 80317 PODIATRY, PROFESSIONALISM AND SOCIETY III 1 Credit Hour
The subject matter is functionally relevant but nontraditional in nature with respect to classic medical education. Topics cover a wide range of subjects that podiatric medical students encounter in their academic and professional careers. Students will participate in discussions and projects on ethics, socio-behavior, and practice related topics such as professionalism, communication, and time and financial management. Other topics related to personal health and the changing healthcare system will also be covered. Ultimately, students will develop a more unique level understanding and appreciation of the above referenced themes as they advance their learning. The content will be relevant to the third year podiatric medical school student.
Prerequisite: Enrolled in the college of podiatric medicine.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Satisfactory/Unsatisfactory

PMD 80318 PEDIATRICS 2 Credit Hours
Pediatrics is a comprehensive course, which introduces general pediatric pathologic processes, pediatric H&P, and emphasizes the incidence, etiology, pathomechanics, evaluation and treatment of common lower extremity pathology in children.
Prerequisite: This course has prerequisites of successful completion of all 1st and 2nd year curriculum in the college of podiatric medicine.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

PMD 80323 PODIATRIC PUBLIC HEALTH AND LAW 2 Credit Hours
Public health and law comprises efforts to improve the health of communities. Course provides an overview for public health administration and practice, including organization, law, legislative relations, financing, workforce issues, leadership and surveillance. Additionally, this course covers the underlying theories behind healthcare law and regulations as well as the specific provisions affecting the organization, delivery and payment of primary health services.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Lecture
Contact Hours: 2.4 lecture
Grade Mode: Standard Letter

PMD 80396 INDEPENDENT STUDY 5 Credit Hours
Independent study in Podiatric Medicine.
Prerequisite: Enrolled in the college of podiatric medicine.
Schedule Type: Individual Investigation
Contact Hours: 5 other
Grade Mode: Satisfactory/Unsatisfactory

PMD 80417 PODIATRY, PROFESSIONALISM AND SOCIETY IV 4 Credit Hours
The subject matter is functionally relevant but nontraditional in nature with respect to classic medical education. Topics cover a wide range of subjects that podiatric medical students encounter in their academic and professional careers. Students will practice self-directed learning while preparing for graduation. There will be discussions and projects in various areas such as ethics, social behavior, as well as practice related topics such as professionalism, communication, business, and courtroom law/malpractice. Other topics related to personal health and the changing healthcare system will also be covered. Ultimately, students will develop a more unique level understanding and appreciation of the above referenced themes as they finalize their DPM degree program. The content will be relevant to the fourth year podiatric medical school student.
Prerequisite: Students must be enrolled in the Podiatric Medicine program in order to register for this course.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Satisfactory/Unsatisfactory

PMD 80495 ST PODIATRIC GEN MED 1-4 Credit Hours
(Repeatable for maximum 8 credit hours) The special topics course is to sample new offerings on various topics.
Prerequisite: Enrolled in the college of podiatric medicine.
Schedule Type: Lecture
Contact Hours: 1-4 lecture
Grade Mode: Standard Letter

Podiatric Surgery (SUR)

SUR 80227 PODIATRIC MEDICINE AND SURGERY I 4 Credit Hours
A comprehensive working knowledge of common deformities of the foot is essential to the podiatric physician in providing comprehensive care of patients. This course provides the 2nd year podiatric medical student with the knowledge of surgical management of patients and their foot deformities. The course includes material on the etiology, clinical and radiographic evaluation, indications and contraindications, as well as postoperative considerations and care. This course discusses the surgical management of deformities of the foot, ankle and lower leg and include surgical complications. In addition, several lectures are dedicated to special topics, such as AO/ASIF Fixation, Bio-materials, Arthroscopic surgical procedures and reconstructive foot and ankle procedures. Skills labs are held in the surgical skills laboratory. Emphasis is placed on current and prevailing concepts and techniques employed by the podiatric physician.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 4.8 lecture, .56 lab
Grade Mode: Standard Letter

SUR 80313 PODIATRIC SURGERY 2 Credit Hours
A comprehensive working knowledge of common deformities of the foot is essential to the podiatric physician in providing comprehensive care of patients. This course provides the 3rd year podiatric medical student with the knowledge of surgical management of patients and their foot deformities. The course includes material on the etiology, clinical and radiographic evaluation, indications and contraindications, as well as postoperative considerations and care. These courses discuss the surgical management of deformities of the foot, ankle and lower leg and include surgical complications. In addition, several lectures are dedicated to special topics, such as AO/ASIF Fixation, Bio-materials, Arthroscopic surgical procedures and reconstructive foot and ankle procedures. Weekly skills workshops will be held in the surgical skills laboratory. Emphasis is placed on current and prevailing concepts and techniques employed by the podiatric physician.
Prerequisite: Enrolled in the college of podiatric medicine.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

SUR 80323 PODIATRIC SURGERY 2 Credit Hours
A comprehensive working knowledge of common deformities of the foot is essential to the podiatric physician in providing comprehensive care of patients. This course provides the 3rd year podiatric medical student with the knowledge of surgical management of patients and their foot deformities. The course includes material on the etiology, clinical and radiographic evaluation, indications and contraindications, as well as postoperative considerations and care. These courses discuss the surgical management of deformities of the foot, ankle and lower leg and include surgical complications. In addition, several lectures are dedicated to special topics, such as AO/ASIF Fixation, Bio-materials, Arthroscopic surgical procedures and reconstructive foot and ankle procedures. Weekly skills workshops will be held in the surgical skills laboratory. Emphasis is placed on current and prevailing concepts and techniques employed by the podiatric physician.
Prerequisite: Enrolled in the college of podiatric medicine.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

SUR 80325 TRAUMATOLOGY 3 Credit Hours
Course provides third year podiatric medical students with a broad overview and appreciation of the major trauma areas of the foot, including the midfoot, rearfoot, ankle and lower leg. A strong effort is made to correlate the mechanical, surgical, physiologic and anatomic principles of surgery with emphasis on their implications and applications in major reconstructive surgery and the management of the trauma patient who presents with foot and or ankle trauma. Surgical procedures for the management of specific trauma situations are discussed, as well as indications, contraindications and post-operative management. An overall view of the trauma patient as viewed in a level I trauma center is included as this is a major responsibility for the podiatric physician treating the trauma patient.
Prerequisite: Student must be enrolled in the Podiatric Medicine program.
Schedule Type: Lecture
Contact Hours: 3.6 lecture
Grade Mode: Standard Letter

Podiatric Medicine - D.P.M.

College of Podiatric Medicine
www.kent.edu/cpm

About This Program

Our Doctor of Podiatric Medicine program equips you with the knowledge and skills needed to diagnose, treat and prevent foot and ankle disorders. With a comprehensive curriculum, state-of-the-art facilities and experienced faculty, you'll be prepared to make a difference in patients' lives. Read more...

Contact Information

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Independence, Ohio

Examples of Possible Careers

- Armed Forces
- Department of Veterans Affairs
- Faculty in Health Professions Schools and Colleges
- Foot and Ankle Physician
- Health Maintenance Organizations (HMOs)
- Hospitals and Extended Care Facilities
- Medical Device Company Lecturer, Thought Leader and Innovator
- Medical Science Liaison
- Municipal Health Departments
- Pharmaceutical Industry Lecturer and Thought Leader
- Podiatric Surgeon in an Orthopedic Surgery Practice
- Preferred Provider Organizations (PPOs)
- Private or Group Medical Practice
- Public Health Service

Accreditation

The D.P.M. degree in Podiatric Medicine is accredited by the Council on Podiatric Medical Education (CPME) of the American Podiatric Medical Association (APMA).

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

Kent State's College of Podiatric Medicine participates in the American Association of Colleges of Podiatric Medicine Application Service (AACPMAS). Candidates to Kent State's D.P.M. degree apply and submit materials to AACPMAS.

- Minimum 90 semester credit hours (or minimum 135 quarter hours) of undergraduate coursework, including the following prerequisites:
  - 6 semester credit hours (or 9 quarter credit hours) of English
  - 8 semester credit hours (or 12 quarter credit hours) **each** of biology, physics, organic chemistry and general/inorganic chemistry[1]
- Official transcript(s)
- Medical College Admission Test (MCAT)[2] or Dental Admission Test (DAT) scores
- Two letters of recommendation:
  - one letter from a faculty member, advisor or composite letter from a pre-medical advisory committee
  - one a letter from a doctor of podiatric medicine or other medical professional
- Interview
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[3]
  - Minimum 94 TOEFL iBT score
  - Minimum 7.0 IELTS score
  - Minimum 65 PTE score
  - Minimum 120 DET score

Nearly all of entering D.P.M. students will have earned a bachelor's or advanced degree prior to matriculation; however, students may be granted admission with the required undergraduate coursework (90 semester credit hours or 135 quarter credit hours) and prerequisites completed.

See the policy on Technical Standards and Essential Requirements for Student Education in the College of Podiatric Medicine.

[1] All science coursework must include labs, when applicable. In addition, the following classes are recommended: biochemistry, histology, anatomy and physiology, neurobiology and microbiology.

[2] Scores must be within three years of the application date. Candidates may apply to the D.P.M. degree before taking the MCAT; however, the college will not be able to take final admissions action until official MCAT scores are received by the application service (AACPMAS). Candidates should plan on taking the MCAT no later than May of the year they plan to matriculate.

[3] International applicants who do not meet the above test scores will not be considered for admission.

Application Deadline

- **Fall Semester**
  - Final deadline: June 30
    Applications will not be accepted after this deadline.

Clinical Requirements		
Second-Year Clinical Option		1
CLI 80200	STANDARDIZED PATIENTS ROTATION [1]	
Third-Year Clinical Options [2]		18
CLI 80311	WOUND CARE	
CLI 80312	FOOT AND ANKLE SURGERY I	
CLI 80313	FOOT AND ANKLE SURGERY II	
CLI 80316	SURGICAL SKILLS AND SIMULATED PATIENTS II	
CLI 80320	RADIOLOGY ROTATION	
CLI 80351	PODIATRIC MEDICINE/BIOMECHANICS (EUCLID)	
CLI 80352	PODIATRIC MEDICINE/BIOMECHANICS (INDEPENDENCE)	
CLI 80365	PRIMARY CARE/VETERANS ADMINISTRATION	
CLI 80380	SIMULATED PATIENTS I	
Third-Year Summer Clinical Options [3]		2-4
CLI 80311	WOUND CARE	
CLI 80312	FOOT AND ANKLE SURGERY I	
CLI 80313	FOOT AND ANKLE SURGERY II	
CLI 80316	SURGICAL SKILLS AND SIMULATED PATIENTS II	
CLI 80320	RADIOLOGY ROTATION	
CLI 80351	PODIATRIC MEDICINE/BIOMECHANICS (EUCLID)	
CLI 80352	PODIATRIC MEDICINE/BIOMECHANICS (INDEPENDENCE)	
CLI 80365	PRIMARY CARE/VETERANS ADMINISTRATION	
CLI 80380	SIMULATED PATIENTS I	
CLI 80443	SENIOR CLINICAL ROTATION	
CLI 80460	CLERKSHIP ROTATION I	
CLI 80521	SENIOR MEDICINE ROTATION I	
Fourth-Year Clinical Options [3,4]		24-36
CLI 80443	SENIOR CLINICAL ROTATION	
CLI 80460	CLERKSHIP ROTATION I	
CLI 80465	CLERKSHIP ROTATION II	
CLI 80470	CLERKSHIP ROTATION III	
CLI 80475	CLERKSHIP ROTATION IV	
CLI 80480	CLERKSHIP ROTATION V	
CLI 80485	CLERKSHIP ROTATION VI	
CLI 80521	SENIOR MEDICINE ROTATION I	
CLI 80522	SENIOR MEDICINE ROTATION II	
Fourth-Year Summer Clinical Options [3,4]		0-4
CLI 80443	SENIOR CLINICAL ROTATION	
CLI 80460	CLERKSHIP ROTATION I	
CLI 80465	CLERKSHIP ROTATION II	
CLI 80470	CLERKSHIP ROTATION III	
CLI 80475	CLERKSHIP ROTATION IV	
CLI 80480	CLERKSHIP ROTATION V	
CLI 80485	CLERKSHIP ROTATION VI	
CLI 80521	SENIOR MEDICINE ROTATION I	
CLI 80522	SENIOR MEDICINE ROTATION II	
Minimum Total Credit Hours:		**175**

1 Students take 1 credit hour of CLI 80200 in either fall or spring semester.

2 Students take 18 credit hours of third-year clinical in either fall or spring semester and follow a class rotation.

3 Students are separated into groups with a different rotation each month. Students are permitted to take one clerkship month off as an elective month. CLI 80486 and CLI 80487 are elective clerkship rotations available to students who wish to gain further clinical experience on top of the required six clerkship rotations. Please note, once a student registers for these electives, the required minimum total credit hours for the student will increase by 4 credit hours for each elective. PMD 80495 may be available for students to take as an elective on top of the program requirements.

4 For the fourth-year clinical, students take courses not taken during their third-year summer term.

Program Notes

- Students placed in Pathway I (due to one failure on the American Podiatric Medical Licensing Examination, APMLE Part I) are required to take PCS 80001, increasing the minimum total credit hours by 1 credit hour. Students not taking APMLE Part I on the first attempt are also required to take this course.
- Students placed in Pathway II (due to two failures on the American Podiatric Medical Licensing Examination, APMLE Part I) are required to take PCS 80002, increasing the minimum total credit hours by 5 credit hours. Students not taking APMLE Part I on the second attempt are also required to take this course.

- GMD 80205 is an elective open to all second-year students. Please note, once students register for this course, the required minimum number of credit hours increases by one credit hour.

Progression Requirements

Students whose first semester of coursework in the D.P.M. degree is fall 2016 or later are required to meet the following minimum overall GPA during the first and second year:

- 2.500 overall GPA at the end of first year, fall semester
- 2.500 overall GPA at the end of first year, spring semester
- 2.500 overall GPA at the end of first year, summer term
- 2.500 overall GPA at the end of second year, fall semester
- 2.400 overall GPA at the end of second year, spring semester

Students falling below the minimum overall GPA following their first year (fall, spring and summer) or their second year (fall semester) are required to participate in mandatory academic counseling. Students below the minimum 2.400 overall GPA at the end of their second year (spring semester) will be academically dismissed with the right to appeal for reinstatement, provided that the student has not previously been dismissed (academic or otherwise) from the College of Podiatric Medicine.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	2.400

A candidate for the degree of Doctor of Podiatric Medicine must have:

- Maintained satisfactory academic performance with no grade below a C or S (satisfactory)
- Demonstrated clinical competence through completion of the performance objectives
- Been verified as being in good disciplinary standing
- Satisfactorily completed all academic requirements, including all courses, clinical rotations and clerkship program requirements, and the required Observed Structured Clinical Examination (OSCE)
- Fulfilled all responsibilities and financial obligations to the college and university
- Demonstrated moral and mental competency to practice podiatric medicine
- Taken and passed the American Podiatric Medical Licensing Examination (APMLE) Part I, and have taken (APMLE) Part II and released the score reports to the college

Attendance at the graduation ceremony is required for the degree. To be eligible for graduation in May, candidates must have met all of the above requirements by the conclusion of their fourth-year summer term.

All students must successfully complete the graduation requirements within six academic years of their initial matriculation. Exceptions for students with extenuating circumstances must have the approval of the Council on Podiatric Medical Education (CPME).

There is no contract stated or implied, between the college and the students that a degree will be conferred at any stated time, or at all.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this major.

First Year		
Fall Semester		**Credits**
PCS 80109	HUMAN ANATOMY	6
PCS 80110	EMBRYOLOGY	2
PCS 80130	FOUNDATIONS OF LIFE SCIENCES I	6
PCS 80131	FOUNDATIONS OF LIFE SCIENCES II	6

Fourth-Year Summer Clinical Options		0-4
	Credit Hours	**4**
	Minimum Total Credit Hours:	**175**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate the ability to recall and apply current and emerging knowledge of human structure, function, development, pathology, pathophysiology and psychosocial development to patient care.
2. Provide effective patient-centered care that is compassionate and appropriate for prevention and treatment of medical conditions, which promotes overall health with special emphasis on the lower extremity.
3. Demonstrate interpersonal and communication skills that result in the effective exchange of information and collaboration with patients, their families and health professionals.
4. Demonstrate professionalism in medicine.
5. Apply scientific methods and utilize clinical and translational research to further the understanding of contemporary podiatric medicine and its application to patient care.
6. Demonstrate an awareness of and responsiveness to the larger context and system of health care, as well as the ability to call on other resources to provide optimal and cost-effective health care.
7. Demonstrate an understanding of common societal problems (e.g., issues of addiction or abuse) and their impact on patients.

Full Description

The Doctor of Podiatric Medicine degree prepares students for the podiatric medicine field. The podiatric physician is a health professional who is involved with examination, prevention, diagnosis and treatment of foot disorders by physical, medical and surgical means. A podiatric medicine doctor is trained to detect the signs of systemic disease which may appear first in the lower extremity, such as diabetes or circulatory disorders. When such diagnoses are made, the podiatric physician consults with the patient's family doctor concerning the systemic disease.

A career in podiatric medicine can include the areas of primary care, surgery, orthopedics, sports medicine, geriatrics and pediatrics.

Podiatric Medicine students have the opportunity to combine the D.P.M. degree with either the Master of Business Administration or Master of Public Health degree and double count courses toward both degrees.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Undergraduate Programs

Majors

- Public Health - B.S.P.H.

Minors

- Environmental Health Sciences for Natural Science Majors
- Environmental Health Sciences for Non-Natural Science Majors
- Health Services Administration
- Health Technologies and Informatics
- Public Health

Certificates

- Community Health Worker Supervision
- Public Health

Graduate Programs

Majors

- Biostatistics - M.P.H.
- Clinical Epidemiology - M.S.
- Epidemiology - M.P.H.
- Health Policy and Management - M.P.H.
- Public Health - Ph.D.
- Social and Behavioral Sciences - M.P.H.

Certificates

- Clinical Research
- Healthcare Compliance
- LGBTQ+ Public Health

Accreditation Feedback Policy

The College of Public Health at Kent State University has been accredited by the Council on Education for Public Health (CEPH) as a school of public health. Being an accredited institution adds great value to degrees conferred and ensures a comprehensive student experience. A continual self-evaluation program is required by CEPH for accreditation. At the core of this program, it is required that the college solicit and respond to feedback from our students. Accordingly, it is an expectation of the college that students earnestly participate in providing accurate and timely feedback to the college in the form of Student Surveys of Instruction (SSI) as well as annual exit and alumni satisfaction surveys. Participation in the feedback process will assist in the College's accreditation process and will allow the administration and faculty to quickly identify and address any problems as they arise, thus enhancing the quality of the academic experience in the college.

Students who fail to complete the required surveys may be prevented from future term registration.

College of Public Health Faculty

- Alemagno, Sonia A. (2009), Professor, Ph.D., Case Western Reserve University, 1990
- Beaird, Heather (2011), Associate Professor, Ph.D., Case Western Reserve University, 2005
- Benzigar, Sasikumar (2011), Associate Professor, Ed.D., University of Cincinnati, 2014
- Bhargava, Tina D. (2012), Professor, DrPH, University of Pittsburgh, 2012
- Bhatta, Madhav P. (2009), Professor, Ph.D., University of Alabama, Birmingham, 2007
- Brewer, Thomas W. (2002), Professor, Ph.D., University at Albany-SUNY, 2003
- Chatfield, Sheryl L. (2015), Associate Professor, Ph.D., University of Mississippi, 2014
- Cheruvu, Vinay K. (2010), Associate Professor, Ph.D., Case Western Reserve University, 2012
- Eng, Abbey L. (2006), Professor, Ph.D., Bowling Green State University, 2007
- Guan, Tianyuan (2021), Assistant Professor, Ph.D., University of Cincinnati, 2021
- Hallam, Jeffrey S. (2013), Professor, Ph.D., The Ohio State University, 1995
- Hoornbeek, John A. (2006), Professor, Ph.D., University of Pittsburgh, 2004
- Jefferis, Eric S. (2002), Professor, Ph.D., University of Cincinnati, 2004
- Kenne, Deric (2011), Professor, Ph.D., University of Akron, 2010
- King, Jennifer A. (2008), Assistant Professor, Ph.D., Kent State University, 2017
- Kollin, Robert B. (2017), Lecturer, M.S., Case Western Reserve University, 2016
- Lanese, Bethany G. (2015), Associate Professor, Ph.D., Wayne State University, 2004
- Phillips, Lynette (2010), Professor, Ph.D., University of North Carolina-Chapel Hill, 2007
- Smith, Tara C. (2013), Professor, Ph.D., University of Toldeo, 2012
- Step, Mary M. (2015), Associate Professor, Ph.D., Kent State University, 1998
- Tomi, Laurel A. (2015), Associate Lecturer, B.A., Kent State University, 1986
- VanGeest, Jonathan B. (2011), Professor, Ph.D., University of Illinois at Chicago, 1998

- Woolverton, Christopher J. (1995), Professor, Ph.D., West Virginia University, 1986
- Zullo, Melissa D. (2009), Professor, Ph.D., Case Western Reserve University, 2009

Biostatistics (BST)

BST 50196 INDIVIDUAL INVESTIGATION IN BIOSTATISTICS 1-3 Credit Hours
(Repeatable for maximum 6 credits) Individual graduate investigation or research in areas related to biostatistics.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Standard Letter-IP

BST 60010 USING R IN PUBLIC HEALTH 1 Credit Hour
(Slashed with BST 70010) Students learn the role of the computing software R for data analyses. The course covers the basics of R including how to organize and clean data and how to display data visually. Students understand how to perform descriptive and inferential statistics using R.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

BST 60011 USING SAS IN PUBLIC HEALTH 1 Credit Hour
(Slashed with BST 70011) Students learn the role of the computing software SAS for data analyses. The course covers the basics of SAS, including importing data, organizing and cleaning the data and using different procedures. Students understand how to perform descriptive and inferential statistics using SAS.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

BST 60012 USING EXCEL IN PUBLIC HEALTH 1 Credit Hour
(Slashed with BST 70012) An introduction to using Excel in the field of public health. Students learn the skills to analyze and present data, including using formulas, pivot tables, graphs and the data analysis toolpak.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

BST 60191 VARIABLE CONTENT SEMINAR IN BIOSTATISTICS 1-3 Credit Hours
(Repeatable for credit) Seminar on current and important topics in biostatistics. Subject matter varies depending on the topic.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter

BST 60192 APPLIED PRACTICE EXPERIENCE IN BIOSTATISTICS 3,6 Credit Hours
(Repeatable for credit) Observational and participation in public health activities of a public health agency, hospital or other approved organization. The student completes the field experience with joint supervision from the university and approved organization or agency.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 9-18 other
Grade Mode: Satisfactory/Unsatisfactory-IP

BST 60195 SPECIAL TOPICS IN BIOSTATISTICS 1-3 Credit Hours
(Repeatable for a maximum of 6 credit hours) Special topics to sample new offerings on topics in biostatistics.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

BST 60292 APPLIED PRACTICE EXPERIENCE IN BIOSTATISTICS II 1 Credit Hour
(Repeatable for credit) Continuing enrollment for students participating in public health activities of a public health agency, hospital or other approved organization. Students complete the field experience with joint supervision from the university and an approved organization or agency.
Prerequisite: BST 60192; and graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

BST 62019 BIOSTATISTICS IN PUBLIC HEALTH 3 Credit Hours
This course provides graduate students with an understanding of basic statistical methods as well as the skills to perform and interpret basic statistical procedures and interpret the results. Emphasis is on principles of statistical reasoning, presentation of graphical and numerical descriptive statistics, statistical inference (estimation and hypothesis testing) and careful interpretation of results. By the end of the course, students achieve competency in applying appropriate basic statistical methods to real-time data and presenting the results appropriate for public health professionals and educated lay audiences.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

BST 62020 DATA MANAGEMENT AND LOGIC USING SAS® SOFTWARE 3 Credit Hours
(Slashed with BST 82020) This course introduces graduate students to SAS® software, reading external data into SAS software, use of SAS data step, basic SAS functions, logical data steps for data management, and different SAS procedures for creating summary reports, graphical displays, and conducting basic statistical analysis using the SAS software. SAS Lab sessions are designed to mimic real time challenges working with different kinds of data and learn how to meet such challenges. By the end of the course, students will achieve competency in proper and efficient use of SAS software.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

BST 63012 SURVIVAL ANALYSIS IN PUBLIC HEALTH 3 Credit Hours
(Slashed with BST 83012) Introduction in survival analysis for graduate students in public health. Covers survival functions, hazard rates, types of censoring and truncation. Methods of focus include life tables, Kaplan-Meier plots, log-rank tests, Cox regression models and parametric survival models. Inference for recurrent event and competing risks models are also covered.
Prerequisite: BST 62019 and BST 63014; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

BST 63013 EXPERIMENTAL DESIGNS IN PUBLIC HEALTH RESEARCH 3 Credit Hours
(Slashed with BST 83013) Introduces students to experimental research methods in public health settings. First introduces a number of quasi-experimental and experimental study designs, then identifies a number of statistical methods that can be used to draw correct causal inferences from the study.
Prerequisite: BST 62019 and BST 63014; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

BST 63014 APPLIED REGRESSION ANALYSIS OF PUBLIC HEALTH DATA 3 Credit Hours
(Slashed with BST 83014) Focuses on developing student proficiency in building and evaluating various regression models for public health studies. Topics covered include exploratory and descriptive methods, simple and multiple linear regression models, predictor selection, binary and multinomial logistic regression models, survival analysis, repeated measures and generalized linear models.
Prerequisite: BST 62019; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

BST 70010 USING R IN PUBLIC HEALTH 1 Credit Hour
(Slashed with BST 60010) Students learn the role of the computing software R for data analyses. The course covers the basics of R including how to organize and clean data and how to display data visually. Students understand how to perform descriptive and inferential statistics using R.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

BST 70011 USING SAS IN PUBLIC HEALTH 1 Credit Hour
(Slashed with BST 60011) Students learn the role of the computing software SAS for data analyses. The course covers the basics of SAS, including importing data, organizing and cleaning the data and using different procedures. Students understand how to perform descriptive and inferential statistics using SAS.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

BST 70012 USING EXCEL IN PUBLIC HEALTH 1 Credit Hour
(Slashed with BST 60012) An introduction to using Excel in the field of public health. Students learn the skills to analyze and present data, including using formulas, pivot tables, graphs and the data analysis toolpak.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

BST 82020 DATA MANAGEMENT AND LOGIC USING SAS® SOFTWARE 3 Credit Hours
(Slashed with BST 62020) This course introduces graduate students to SAS® software, reading external data into SAS software, use of SAS data step, basic SAS functions, logical data steps for data management, and different SAS procedures for creating summary reports, graphical displays, and conducting basic statistical analysis using the SAS software. SAS Lab sessions are designed to mimic real time challenges working with different kinds of data and learn how to meet such challenges. By the end of the course, students will achieve competency in proper and efficient use of SAS software.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

BST 83012 SURVIVAL ANALYSIS IN PUBLIC HEALTH 3 Credit Hours
(Slashed with BST 63012) Covers survival functions, hazard rates, types of censoring and truncation. Methods of focus include life tables, Kaplan-Meier plots, log-rank tests, Cox regression models and parametric survival models. Inference for recurrent event and competing risks models are also covered.
Prerequisite: BST 62019; and BST 63014 or BST 83014; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

BST 83013 EXPERIMENTAL DESIGNS IN PUBLIC HEALTH RESEARCH 3 Credit Hours
(Slashed with BST 63013) Introduces students to experimental research methods in public health settings. First introduces a number of quasi-experimental and experimental study designs, then identifies a number of statistical methods that can be used to draw correct causal inferences from the study. Students are expected to develop two research proposals, first using quasi-experimental then an experimental design, and develop a statistical analysis plan for each study.
Prerequisite: BST 62019; and BST 63014 or BST 83014; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

BST 83014 APPLIED REGRESSION ANALYSIS OF PUBLIC HEALTH DATA 3 Credit Hours
(Slashed with BST 63014) Focuses on developing student proficiency in building and evaluating various regression models for public health studies. Topics covered include exploratory and descriptive methods, simple and multiple linear regression models, predictor selection, binary and multinomial logistic regression models, survival analysis, repeated measures and generalized linear models.
Prerequisite: BST 62019; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

Environmental Health Sciences (EHS)

EHS 50060 PUBLIC HEALTH LABORATORY METHODS 3 Credit Hours
(Slashed with PH 40060) Course introduces the student to the fundamental theory and hands on use to track specimen collection and laboratory analysis. Environmental specimens are examined for their public health importance using classical and modern techniques. Students learn classical laboratory methods and their modern use in the laboratory environment. Examples include culture and microscopic identification of microorganisms, identification of disease vectors, detection of newborn disease and detection of terrorism agents.
Prerequisite: BSCI 30140 or CHEM 10062 or CHEM 10971 or PH 30006; and graduate standing.
Schedule Type: Combined Lecture and Lab
Contact Hours: 2 lecture, 1 lab
Grade Mode: Standard Letter

EHS 50102 SOLID AND HAZARDOUS WASTE MANAGEMENT 3 Credit Hours
(Slashed with PH 40102) Solid and hazardous waste programs and practices are explored. Pollution prevention, safety, sanitation practices, sustainability concepts, management and regulations pertinent to solid and hazardous waste such as RCRA are discussed and studied. Consumption, garbage handling, landfill design and disposal, sustainability concepts, reuse, recycling, composting and other waste strategies are presented. Hazardous waste and material issues throughout the environment, such as HW disposal, TSD facilities, underground storage tanks, Superfund, brownfields and related issues are introduced.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EHS 50103 FOOD PROTECTION 3 Credit Hours
(Slashed with PH 40103) Topics surrounding foodborne disease prevention and food sanitation relative to quality control, food service and processing systems are introduced. Foodborne disease agents, microbiology, epidemiology and outbreak investigation techniques are explored. The regulatory process and agencies at the wholesale, retail and food service levels are introduced. Ohio food regulations are covered, including the Ohio Uniform Food Code. Basic preparation to conduct food serve inspections and foodborne disease investigations as part of agency regulatory programs and the opportunity to earn the National Restaurant Association ServSafe Manager certification are provided.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EHS 50105 WATER AND WASTEWATER MANAGEMENT 3 Credit Hours
(Slashed with PH 40105) Explores issues surrounding water pollution and human health and the environmental treatment systems developed to provide safe water and sewage disposal. Private and public water and sewage systems are studied. Federal and state regulations, including the Safe Drinking Water Act and Clean Water Act, are reviewed.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EHS 50109 LABORATORY SAFETY AND HYGIENE 3 Credit Hours
(Cross-listed with PH 40109) Basic introduction to laboratory safety, chemical hygiene, and biosafety. Includes the research compliance programs of institutions (IBC, IACUC, IRB, RSC) and the OSHA Chemical Hygiene Standard requirements and program responsibilities. General lab safety concepts are reviewed, along with chemical handling and storage, fumehoods and ventilation, hazardous waste disposal, radiation safety, and lab design. Basic principles of biosafety are covered, BSL 1-4 levels, biosafety cabinets, select agents, bloodborne pathogens, NIH Guidelines, biosecurity and animal use.
Prerequisite: Graduate standing.
Schedule Type: Field Experience, Lecture
Contact Hours: 2.67 lecture, .33 other
Grade Mode: Standard Letter

EHS 50196 INDIVIDUAL INVESTIGATION IN ENVIRONMENTAL HEALTH SCIENCES 1-3 Credit Hours
(Repeatable for maximum 6 credits) Individual graduate investigation or research in areas related to environmental health sciences.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Standard Letter-IP

EHS 52100 CLIMATE CHANGE AND POPULATION HEALTH 3 Credit Hours
(Slashed with PH 42100) This course reviews evidence on the rigorous scientific consensus confirming global warming and the mechanisms underlying climate change, with a focus on adverse population health impacts. Increases in the frequency and intensity of extreme weather events including heatwaves, tropical cyclones and severe storms create hazardous conditions including flooding, drought, wildfires, increases in vector-borne diseases, food and nutrition shortages, human displacement and mental health issues. Populations at increased risk are identified along with a consideration of climate ethics, justice and public health approaches used to address the population health effects. Strategies for abatement through injury and disease prevention, climate risk communication and strategies for mitigation including green energy and energy conservation are examined.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EHS 53009 EMERGING ENVIRONMENTAL HEALTH ISSUES AND RESPONSE 3 Credit Hours
Provides an overview of emerging environmental health issues that will impact the public's health.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EHS 53012 OCCUPATIONAL SAFETY AND HEALTH 3 Credit Hours
Survey of major concepts and issues relating health and safety in the workplace. Emphasis is on the application of public health principles and decision-making practices used by various worker populations for the prevention of injury and disease on the job. This course will cover protective equipment, hazardous conditions, environmental toxins, risk assessment, prevention science approaches and workplace health promotion.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EHS 53014 BUILT ENVIRONMENT AND PUBLIC HEALTH 3 Credit Hours
(Slashed with PH 43013) The impact of the built environment on human health is an issue of global importance. The focus of this course is on preventing disease and injury while improving the health of populations by looking "upstream" at the built environment or those settings designed, created and maintained by human efforts. Population health effects of community design are explored through scientific literature, and include transportation, land use, parks and green space in the context of physical activity, food environments, air and water quality, injury prevention, social capital and health equity. Students examine and use population health tools to assess the built environment and develop strategies for creating sustainable healthy places through multidisciplinary collaboration, research and policy that promotes the health of the public.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EHS 60191 VARIABLE CONTENT SEMINAR IN ENVIRONMENTAL HEALTH SCIENCES 1-3 Credit Hours
(Repeatable for a maximum of 6 credit hours) Seminar on current and important topics in environmental health sciences. Subject matter varies depending on the topic.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter

EHS 60192 PRACTICUM EXPERIENCE IN ENVIRONMENTAL HEALTH SCIENCES 3,6 Credit Hours
Observational and participation in public health activities of a public health agency, hospital or other approved organization. Students complete the field experience with joint supervision from the university and approved organization or agency.
Prerequisite: Graduate standing and special approval.
Schedule Type: Practical Experience
Contact Hours: 9-18 other
Grade Mode: Satisfactory/Unsatisfactory-IP

EHS 60195 SPECIAL TOPICS IN ENVIRONMENTAL HEALTH SCIENCES 1-3 Credit Hours
(Repeatable for a maximum of 6 credit hours) Special topics to sample new offerings on topics in environmental health sciences.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

EHS 60292 APPLIED PRACTICE EXPERIENCE IN ENVIRONMENTAL HEALTH SCIENCES II 1 Credit Hour
(Repeatable for credit) Continuing enrollment for students participating in public health activities of a public health agency, hospital or other approved organization. Students complete the field experience with joint supervision from the university and an approved organization or agency.
Prerequisite: EHS 60192; and graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory

EHS 62018 ENVIRONMENTAL HEALTH CONCEPTS IN PUBLIC HEALTH 3 Credit Hours
(Slashed with EHS 72018) Provides a comprehensive overview of core topics in environmental health as related to public health.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EHS 63010 APPLIED RISK ASSESSMENT 3 Credit Hours
Introduces the student to environmental and occupational hazards, assessing the risks associated with hazard exposure. Standard principles of risk assessment are emphasized including methods of hazard identification and regulation, quantitative exposure measurement, dose and toxicity relationships and risk management. Analysis of public policy regulatory guidance and health advisory watchdog recommendations are evaluated.
Prerequisite: EPI 62017; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EHS 63011 APPLICATION OF RISK ANALYSIS IN ENVIRONMENTAL HEALTH 3 Credit Hours
Students are introduced to methods in risk analysis that are applied by U.S. federal, state, and local agencies in their assessment of chemical toxicants. Linkages between risk assessment, risk management, and risk communication will be studied as components of this process, along with issues and controversies in the analysis of environmental health risks.
Prerequisite: EPI 62017; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EHS 72018 ENVIRONMENTAL HEALTH CONCEPTS IN PUBLIC HEALTH 3 Credit Hours
(Slashed with EHS 62018) Provides a comprehensive overview of core topics in environmental health as related to public health.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

Epidemiology (EPI)

EPI 50013 CLINICAL EPIDEMIOLOGY BASICS 3 Credit Hours
(Slashed with PH 40013) Course develops an understanding of clinical research, good clinical practices, research environments and methods used in clinical research. Students gain an understanding of the use of clinical investigation, from the product development stage to the application of investigations in contract research organization. Ethical implications and regulatory issues are examined.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 50014 CLINICAL TRIALS MANAGEMENT 3 Credit Hours
(Slashed with PH 40014) Course examines the good clinical practices guidelines. Students learn how to conduct and manage clinical trials; understand clinical trials data; develop instruments and protocols; recognize quality control and data issues; know approaches to recruitment, retention and participant assessment; identify adverse events and measurement of response variables; and acquire skill in study close-out procedures.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 50015 SCIENTIFIC WRITING FOR CLINICAL RESEARCH 3 Credit Hours
(Cross-listed with PH 40015) Course provides students the tools to develop proficiency in scientific reading, to conduct presentations and to demonstrate skill in scientific writing, with the goal of preparing clinical researchers to be able to communicate findings to the science community and the general population. Course includes an examination of the science literature in clinical trials research.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 50017 PHARMACOEPIDEMIOLOGY 3 Credit Hours
(Cross-listed with PH 40017) Introduction to the field of pharmacoepidemiology, which uses epidemiology methods to understand medication use and distribution at the population level. Course examines risk-benefit and epidemiology approaches to examining medication use and therapeutic trials. Drug and device manufacturing to market are explored.
Prerequisite: BST 62019 and EPI 62017; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 50018 REGULATORY AFFAIRS IN CLINICAL RESEARCH 3 Credit Hours
(Slashed with PH 40018) Course provides the tools for students to develop an understanding of the researcher and organization responsibility in research and development of clinical trials products. Students understand regulations from the government and industry, privacy concerns, liability and ethical issues related to clinical trials research. Examples from the field are explored in detail.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 50196 INDIVIDUAL INVESTIGATION IN EPIDEMIOLOGY 1-3 Credit Hours
(Repeatable for maximum 6 credits) Individual graduate investigation or research in areas related to epidemiology.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Standard Letter-IP

EPI 52010 UNDERSTANDING THE COVID-19 PANDEMIC 3 Credit Hours
(Slashed with PH 42010) In this course, students examine the various aspects of the ongoing coronavirus pandemic. They learn foundational information in epidemiology, virology and immunology, and examine the emergence and spread of SARS-CoV-2. They learn about responses to the epidemic, including policies aimed at slowing spread, and examine aspects of diagnostics and vaccine development relevant to controlling the spread of the virus.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 53089 PLAGUES THAT SHAPED THE WORLD 3 Credit Hours
(Slashed with EPI 73089) (Cross-listed with PH 43089) Course examines the Bubonic plague, HIV/AIDS, Ebola and pandemic influenza outbreaks to introduce students to the fundamentals of public health, establishing epidemiological principles that explain how plagues erupt and propagate, decimate populations and alter cultures. Inherent in the course's discussion are the social determinants that fuel plague outbreaks and slow recovery. Examples of emerging infectious diseases and threats of bioterrorism are discussed as new plagues for which creative solutions are still required. Students take city excursions and a field trip to assess cultural changes resulting from historical plagues.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 60191 VARIABLE CONTENT SEMINAR IN EPIDEMIOLOGY 1-3 Credit Hours
(Repeatable for credit) (Slashed with EPI 80191) Seminar on current and important topics in epidemiology. Subject matter varies depending on the topic.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

EPI 60192 APPLIED PRACTICE EXPERIENCE IN EPIDEMIOLOGY 3,6 Credit Hours
(Repeatable for credit) Observational and participation in public health activities of a public health agency, hospital or other approved organization. Students complete a field experience with joint supervision from the university and approved organization or agency.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3-18 other
Grade Mode: Satisfactory/Unsatisfactory-IP

EPI 60195 SPECIAL TOPICS IN EPIDEMIOLOGY 1-3 Credit Hours
(Repeatable for a maximum 6 credit hours) (Slashed with EPI 80195) Special topics to sample new offerings on topics in epidemiology.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

EPI 60292 APPLIED PRACTICE EXPERIENCE IN EPIDEMIOLOGY II 1 Credit Hour
(Repeatable for credit) Continuing enrollment for students participating in public health activities of a public health agency, hospital or other approved organization. Students complete the field experience with joint supervision from the university and an approved organization or agency.
Prerequisite: EPI 60192; and graduate standing.
Schedule Type: Practical Experience
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

EPI 62017 FUNDAMENTALS OF PUBLIC HEALTH EPIDEMIOLOGY 3 Credit Hours
(Slashed with EPI 72017) Introduces principles, methods and application of epidemiology. Covers the history of epidemiology, concepts of disease causation and prevention, measures of disease frequency and excessive risk, epidemiologic study designs, causal inference, outbreak investigation and screening. Provides experience with calculation of rate standardization; measures of disease frequency, association and impact; and sensitivity and specificity of screening tests. Highlights applications of epidemiology to understanding of disease etiology, transmission, pathogenesis and prevention; evaluation and public policy development.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 62028 METHODS OF EVIDENCE BASED PUBLIC HEALTH 3 Credit Hours
(Slashed with EPI 72028) Explores tools and techniques used to quantitatively determine the effectiveness of public health interventions in the social sciences.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 63014 EPIDEMIOLOGY OF CHRONIC DISEASES 3 Credit Hours
(Slashed with EPI 83014) With a life course approach to chronic disease epidemiology, this course focuses on cardiovascular, respiratory and cerebrovascular diseases and cancer. Health and disease are addressed from a multicausal perspective, which includes individual behaviors; psychosocial issues; and sociodemographic, biological and physiological factors. Time points for prevention and intervention are identified.
Prerequisite: EPI 62017; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 63015 EPIDEMIOLOGY OF INFECTIOUS DISEASES 3 Credit Hours
(Slashed with EPI 83015) Surveys the history, principles, methods and practice of infectious disease epidemiology by (1) defining and understanding infectious disease epidemiology surveys, (2) collecting and measuring surveillance data, (3) interpreting epidemiology data and (4) predicting evidence-based outcomes. Primarily a course in epidemiology, students learn some infectious disease microbiology as well.
Prerequisite: EPI 62017; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 63016 PRINCIPLES OF EPIDEMIOLOGIC RESEARCH 3 Credit Hours
(Slashed with EPI 83016) Course builds upon EPI 62017 to explore deeper the concepts and methods in epidemiologic research. Reviews the measures of disease frequency; association and impact; epidemiologic reasoning and causal inference; and methods and techniques for designing, implementing, analyzing and interpreting various epidemiologic study designs. Discusses advantages and limitations of various study designs. Explores threats to validity, precision and generalizability of epidemiologic studies.
Prerequisite: BST 62019 and EPI 62017; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 63019 EXPERIMENTAL DESIGNS FOR CLINICAL RESEARCH 3 Credit Hours
(Slashed with EPI 83019) Principles of experimental designs as they apply to clinical research and clinical trials are presented at an intermediate level. Students understand randomized control trial designs and alternative designs. Study methodology, including randomization and blinding techniques, is covered. Topics include evidence-based medicine; risk prediction and risk scores; instruments and measurement; data issues; and recruitment, retention and adherence.
Prerequisite: EPI 63016; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 63020 ADVANCED EPIDEMIOLOGY AND CLINICAL RESEARCH METHODS 3 Credit Hours
(Slashed with EPI 83020) This advanced course focuses on why particular methods, study designs or approaches are used in particular investigative scenarios in clinical research. Students develop an advanced understanding and application of epidemiology methods in clinical research.
Prerequisite: EPI 63019; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 63021 ETHICAL ISSUES IN PUBLIC HEALTH AND CLINICAL RESEARCH 3 Credit Hours
(Slashed with EPI 83021) Introduces students to historical and contemporary ethical issues that arise during public health and clinical or biomedical research studies. Broadly covers human subjects research, the responsible conduct of research and the good clinical practice guidelines.
Prerequisite: EPI 62017; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 63034 LONGITUDINAL DATA ANALYSIS 3 Credit Hours
(Slashed with EPI 73034) Statistical techniques for analyzing longitudinal, or repeated measures, data. Focuses primarily on application of the various statistical models covered, with direct application illustrated using standard statistical software. Topics covered include univariate and multivariate analysis of variance for repeated measures, mixed-effects models (HLM or multilevel models), covariance pattern models, generalized estimating equations (GEE), mixed-effects logistic regression models and missing data in longitudinal studies.
Prerequisite: BST 62019 and BST 63014; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 63192 RESEARCH PRACTICUM IN CLINICAL EPIDEMIOLOGY 1-3 Credit Hours
(Repeatable for credit) Research practicum allows students to gain hands-on experience conducting research in a clinical setting, such as a hospital or other approved organization. Students complete the experience under the supervision of a field preceptor and faculty member.
Prerequisite: Graduate standing.
Schedule Type: Practical Experience
Contact Hours: 3-9 other
Grade Mode: Satisfactory/Unsatisfactory-IP

EPI 63199 THESIS I 2-6 Credit Hours
Student must register for a total of 6 credit hours in the program. Student may register for 2 to 6 hours in a single semester
Prerequisite: Graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

EPI 63299 THESIS II 2 Credit Hours
Thesis students must continue registration in Thesis II each semester until all degree requirements are met.
Prerequisite: EPI 63199; and graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

EPI 72017 FUNDAMENTALS OF PUBLIC HEALTH EPIDEMIOLOGY 3 Credit Hours
(Slashed with EPI 62017) Introduces principles, methods and application of epidemiology. Covers the history of epidemiology, concepts of disease causation and prevention, measures of disease frequency and excessive risk, epidemiologic study designs, causal inference, outbreak investigation and screening. Provides experience with calculation of rate standardization; measures of disease frequency, association and impact; and sensitivity and specificity of screening tests. Highlights applications of epidemiology to understanding of disease etiology, transmission, pathogenesis and prevention; evaluation and public policy development.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 72028 METHODS OF EVIDENCE BASED PUBLIC HEALTH 3 Credit Hours
(Slashed with EPI 62028) Explores tools and techniques used to quantitatively determine the effectiveness of public health interventions in the social sciences.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 73025 EMERGING ISSUES IN INFECTIOUS DISEASE EPIDEMIOLOGY 3 Credit Hours
Investigates global emerging and reemerging infectious diseases. Students evaluate root causes of infectious disease emergence and predict outcomes. Data from primary literature is used to predict alternate outcomes. Specific disease models are used to evaluate and compare prevention, treatment and eradication strategies.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 73026 DESIGN AND IMPLEMENTATION OF HEALTH SURVEYS 3 Credit Hours
Covers survey design, variable construction, survey administration and data collection methods, variable coding and manipulation and data analysis. Students understand sampling methods and sample size. Large health surveys are discussed. Students gain practical experience through design and implementation of a health survey, which can be used to facilitate dissertation research or a publication.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 73027 BIOLOGICAL BASIS OF PUBLIC HEALTH 3 Credit Hours
Integrates the sciences of biology and molecular biology into the principles and practice of public health. Implicit in this course are learning objectives that establish the ecology of infectious disease, the impact of vaccines in disease prevention and the role of environmental toxins on human health and disease. Additionally, students propose policies, regulations and legislation designed to protect human health within the realm of personalized medicine.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 73034 LONGITUDINAL DATA ANALYSIS 3 Credit Hours
(Slashed with EPI 63034) Statistical techniques for analyzing longitudinal, or repeated measures, data. Focuses primarily on application of the various statistical models covered, with direct application illustrated using standard statistical software. Topics covered include univariate and multivariate analysis of variance for repeated measures, mixed-effects models (HLM or multilevel models), covariance pattern models, generalized estimating equations (GEE), mixed-effects logistic regression models and missing data in longitudinal studies.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 73089 PLAGUES THAT SHAPED THE WORLD 3 Credit Hours
(Slashed with EPI 53089)(Cross-listed with PH 43089) Course examines the Bubonic plague, HIV/AIDS, Ebola and pandemic influenza outbreaks to introduce students to the fundamentals of public health, establishing epidemiological principles that explain how plagues erupt and propagate, decimate populations and alter cultures. Inherent in the course's discussion are the social determinants that fuel plague outbreaks and slow recovery. Examples of emerging infectious diseases and threats of bioterrorism are discussed as new plagues for which creative solutions are still required. Students take city excursions and a field trip to assess cultural changes resulting from historical plagues.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture, 3 lab
Grade Mode: Standard Letter

EPI 80191 VARIABLE CONTENT SEMINAR IN EPIDEMIOLOGY 1-3 Credit Hours
(Repeatable for a maximum of 6 credit hours) (Slashed with EPI 60191) Seminar on current and important topics in epidemiology. Subject matter varies depending on the topic.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

EPI 80195 SPECIAL TOPICS IN EPIDEMIOLOGY 1-3 Credit Hours
(Repeatable for a maximum of 6 credit hours) (Slashed with EPI 60195) Special topics to sample new offerings on topics in epidemiology.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

EPI 80196 INDIVIDUAL INVESTIGATION IN EPIDEMIOLOGY 1-3 Credit Hours
Individual graduate investigation or research in areas related to epidemiology.
Prerequisite: Doctoral Standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 3-9 other
Grade Mode: Standard Letter-IP

EPI 80198 DIRECTED RESEARCH IN EPIDEMIOLOGY 1-15 Credit Hours
(Repeatable for credit) Directed research or individual investigation in an area of interest and with the guidance of a Kent State faculty member.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Individual Investigation, Research
Contact Hours: 1-15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

EPI 80199 DISSERTATION I 15 Credit Hours
(Repeatable for credit) Registration for two semesters is required. First semester dissertation work begins and continues until completion of EPI 80299 and 30 hours of total dissertation work.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

EPI 80299 DISSERTATION II 15 Credit Hours
(Repeatable for credit) Second course of dissertation sequence completing requirement of with 30 total hours of dissertation work.
Prerequisite: EPI 80199; and doctoral standing; and special approval.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

EPI 83014 EPIDEMIOLOGY OF CHRONIC DISEASES 3 Credit Hours
(Slashed with EPI 63014) With a life course approach to chronic disease epidemiology, this course focuses on cardiovascular, respiratory and cerebrovascular diseases and cancer. Health and disease are addressed from a multicausal perspective, which includes individual behaviors; psychosocial issues; and sociodemographic, biological and physiological factors. Time points for prevention and intervention are identified.
Prerequisite: EPI 72017; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 83015 EPIDEMIOLOGY OF INFECTIOUS DISEASES 3 Credit Hours
(Slashed with EPI 63015) Surveys the history, principles, methods and practice of infectious disease epidemiology by (1) defining and understanding infectious disease epidemiology surveys, (2) collecting and measuring surveillance data, (3) interpreting epidemiology data and (4) predicting evidence-based outcomes. Primarily a course in epidemiology, students learn some infectious disease microbiology as well.
Prerequisite: EPI 72017; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 83016 PRINCIPLES OF EPIDEMIOLOGIC RESEARCH 3 Credit Hours
(Slashed with EPI 63016) Course builds upon EPI 62017 to explore deeper the concepts and methods in epidemiologic research. Reviews the measures of disease frequency; association and impact; epidemiologic reasoning and causal inference; and methods and techniques for designing, implementing, analyzing and interpreting various epidemiologic study designs. Discusses advantages and limitations of various study designs. Explores threats to validity, precision and generalizability of epidemiologic studies.
Prerequisite: BST 62019 and EPI 72017; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 83017 EPIDEMIOLOGICAL ANALYSIS 3 Credit Hours
Provides practical instruction in the analysis and interpretation of data from various epidemiologic study designs, including cross-sectional, case-control and cohort studies. Reviews statistical concepts and epidemiologic studies designs; outlines a strategy for data analysis; and reviews relevant methodologic issues and applies stratified analysis methods and multivariable regression models to the studies. Develops an understanding of the underlying principles and assumptions, practical application and correct interpretation of the epidemiologic results. Provides hands-on experience on the application of epidemiologic analysis methods and presentation of the results.
Prerequisite: BST 83014 and EPI 63016; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 83018 OBSERVATIONAL DESIGNS FOR CLINICAL RESEARCH 3 Credit Hours
Course provides students the skills to design, conduct and perform clinical epidemiology studies using an observational design. Students understand major concepts of clinical research, develop clinical research questions, and solve clinical research problems. Topics include study design, risk, causation, exposures, bias, measurement and validity and disease prognosis.
Prerequisite: BST 62019 and EPI 72017; and doctoral standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 83019 EXPERIMENTAL DESIGNS FOR CLINICAL RESEARCH 3 Credit Hours
(Slashed with EPI 63019) Principles of experimental designs as they apply to clinical research and clinical trials are presented at an intermediate level. Students understand randomized control trial designs and alternative designs. Study methodology, including randomization and blinding techniques, is covered. Topics include evidence-based medicine; risk prediction and risk scores; instruments and measurement; data issues; and recruitment, retention and adherence.
Prerequisite: BST 62019 and EPI 72017; and doctoral standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 83020 ADVANCED EPIDEMIOLOGY AND CLINICAL RESEARCH METHODS 3 Credit Hours
(Slashed with EPI 63020) This advanced course focuses on why particular methods, study designs or approaches are used in particular investigative scenarios in clinical research. Students develop an advanced understanding and application of epidemiology methods in clinical research.
Prerequisite: EPI 83018 and EPI 83019; and doctoral standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

EPI 83021 ETHICAL ISSUES IN PUBLIC HEALTH AND CLINICAL RESEARCH 3 Credit Hours
(Slashed with EPI 63021) Introduces students to historical and contemporary ethical issues that arise during public health and clinical or biomedical research studies. Broadly covers human subjects research, the responsible conduct of research and the good clinical practice guidelines.
Prerequisite: EPI 72017; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture, 3 lab
Grade Mode: Standard Letter

Health Policy and Management (HPM)

HPM 50001 SEX: A WICKED PUBLIC HEALTH PROBLEM 3 Credit Hours
(Slashed with PH 40001) Wicked problems is a term developed during the 1970s by systems thinkers and planners, Horst Rittel and Melvin Webber (1973), to describe complex social problems that are resistant to solution. The term has recently been applied to public health issues that have proven to be difficult to address and are resistant to mitigation. Sexual and reproductive health behaviors, attitudes and cultural norms often produce problems at the individual and population levels that meet the criteria for designation as wicked problems. Effectively addressing these kinds of problems requires a correct understanding and application of public health principles and practices.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 50110 INTRODUCTION TO PUBLIC MENTAL HEALTH 3 Credit Hours
(Slashed with PH 40110) This course provides a broad overview of mental health from a public health perspective. The course is an introduction to population-based (or population-level) approaches to addressing mental health and supporting wellness. More specifically, the course discusses mental health from a public health perspective, including discussion of non-clinical interventions and programs designed to improve mental health and wellness of populations.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 50196 INDIVIDUAL INVESTIGATION IN HEALTH POLICY AND MANAGEMENT 1-3 Credit Hours
(Repeatable for maximum 6 credits) Individual graduate investigation or research in areas related to health policy and management.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Standard Letter-IP

HPM 60001 ESSENTIALS OF HEALTH INSURANCE I 3 Credit Hours
This course introduces graduate students to the essentials of health insurance. Students develop a thorough understanding of the medical insurance industry. Students obtain industry knowledge resulting in their ability to interpret industry actions, reactions and transactions. In addition, they demonstrate their ability to interact with the industry as a public health professional, member of the industry or community member.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 60002 ESSENTIALS OF HEALTH INSURANCE II 3 Credit Hours
This course focuses on health insurance from a business perspective with a focus on innovation and ways to improve current processes and plans. As health insurance is an industry that has many aspects, this course places an emphasis on workplace health promotion. Concepts looked at from the perspective of workplace health can apply to many other aspects of health insurance. Throughout this course, innovation, leadership and business concepts from other industries are applied to health insurance and public health.
Prerequisite: HPM 60001; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 60089 GLOBAL HEALTH IMMERSION: GENEVA, SWITZERLAND 1-3 Credit Hours
(Slashed with HPM 80089)(Repeatable for credit) Participants explore a number of health concerns, policies and challenges with global importance and implications. Students investigate current global health policies and themes, and become familiar with the major players in global health including governmental and nongovernmental organizations and multinational agencies. Presentations are given by experts currently working in various regions of the world to solve such pressing global problems as HIV/AIDS, postwar trauma, tuberculosis, refugee health, non-communicable disease prevention and environmental contamination.
Prerequisite: Graduate standing; and special approval.
Schedule Type: International Experience, Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter-IP

HPM 60191 VARIABLE CONTENT SEMINAR IN HEALTH POLICY AND MANAGEMENT 1-3 Credit Hours
(Repeatable for a maximum of 6 credit hours) (Slashed with HPM 80191) Seminar on current and important topics in health policy and management. Subject matter varies depending on the topic.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

HPM 60195 SPECIAL TOPICS IN HEALTH POLICY AND MANAGEMENT 1-3 Credit Hours
(Repeatable for a maximum of 6 credit hours) (Slashed with HPM 80195) Special topics to sample new offerings on topics in health policy and management.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

HPM 60392 APPLIED PRACTICE EXPERIENCE IN HEALTH POLICY AND MANAGEMENT 3,6 Credit Hours
(Repeatable for credit) Observation and participation in public health activities of a public health agency, hospital or other approved organization. The student completes the field experience with joint supervision from the university and approved organization or agency.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 9-18 other
Grade Mode: Satisfactory/Unsatisfactory-IP

HPM 60492 APPLIED PRACTICE EXPERIENCE IN HEALTH POLICY AND MANAGEMENT II 1 Credit Hour
(Repeatable for credit) Continuing enrollment for students participating in public health activities of a public health agency, hospital or other approved organization. Students complete the field experience with joint supervision from the university and an approved organization or agency.
Prerequisite: HPM 60392; and graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

HPM 62016 PUBLIC HEALTH ADMINISTRATION 3 Credit Hours
(Slashed with HPM 72016) Public health administration comprises efforts to improve the health of communities. Provides an overview for public health administration and practice, including organization, law, legislative relations, financing, workforce issues, leadership and surveillance.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 62017 HEALTHCARE LAW AND REGULATION 3 Credit Hours
Healthcare is one of the most heavily regulated industries in the United States. In order to contain spiraling costs, the federal and state governments are focusing on individual provider conduct in the context of fraud, waste and abuse scrutiny. This course covers the underlying theories behind healthcare law and regulation as well as specific provisions affecting the organization, delivery and payment of primary health services. Administrators and clinicians gain a basic understanding of the regulatory environment and provisions impacting their practice.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 63003 HEALTH CARE SYSTEMS 3 Credit Hours
Provides a systems approach to delivering health care and public health services in the US. Includes an overview of public health, outpatient, inpatient, managed care, long term care and health services for special populations.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 63004 PUBLIC HEALTH POLICY, LAW AND ETHICS 3 Credit Hours
Provides a comprehensive review of health policymaking, public health law and ethical principles as applied to public health decision making.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 63005 FINANCIAL MANAGEMENT FOR PUBLIC HEALTH ORGANIZATIONS 3 Credit Hours
Provides an overview of financial management of public health organizations. Topics include planning for public health program budgeting, understanding costs and short- and long-term financing, accountability and control, reporting results and financial statement and financial conditions analysis.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 63006 COST BENEFIT ANALYSIS IN PUBLIC HEALTH PROGRAMS 3 Credit Hours
Provides an overview of cost-benefit analysis as applied to the evaluation of public health programs. Students apply principles of cost-benefit analysis and related cost utility analysis to case studies in the public health sector.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 63007 PUBLIC HEALTH PROGRAMS: PLANNING, IMPLEMENTATION AND EVALUATION 3 Credit Hours
Overview of developing, implementing and evaluating public health programs. Examines how public health programs can target different levels within a population, different determinants of health and strategies and interventions.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 63008 HEALTHCARE PRIVACY AND SECURITY 3 Credit Hours
Introduces students to the fundamental concerns addressed by the Health Insurance Portability and Accountability Act of 1996 (HIPAA).
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 63009 HEALTHCARE COMPLIANCE I 3 Credit Hours
This course provides an overview of the creation and composition of typical compliance programs as laid out in the Federal Sentencing Guidelines and other federal guidance. Students also learn about functions and roles in an organization that supports the compliance function such as senior leadership, the board of directors and compliance committee.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 63010 HEALTHCARE COMPLIANCE II 3 Credit Hours
This course focuses on the compliance functions within a healthcare operation that implements, operates and evaluates the existing compliance program.
Prerequisite: HPM 63009; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 63011 PUBLIC HEALTH EVALUATION METHODS 3 Credit Hours
This course provides an in-depth review of major concepts, methods and issues involved in evaluating public health programs and policy interventions. Students learn skills needed to conduct and use evaluations, with an emphasis on conceptual, methodological, organizational, political and ethical aspects associated with public health evaluation. Topics include development of evaluation questions, types of program evaluation (process, formative, impact, outcome), evaluation design (experimental, quasiexperimental and nonexperimental designs), collection of evaluation data and dissemination of evaluation results. Students gain practical experience through a series of exercises. Examples of effective methods and approaches are elaborated for multiple public health contexts.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 63018 FOUNDATIONS FOR EFFECTIVE PUBLIC HEALTH LEADERSHIP 3 Credit Hours
Intended to provide students with an initial exploration of the leadership practices of public health leaders with an understanding of the basic skill set necessary for successful leadership on a continuing basis.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 63019 WHOLE SYSTEMS APPROACHES TO LEADING ORGANIZATIONAL CHANGE IN PUBLIC HEALTH 3 Credit Hours
Intended to provide students with an initial exploration and overview of whole systems approaches to organizational change in public health settings, a more detailed working knowledge of key whole systems methodologies and a detailed working knowledge and practical experience with one of the most frequently used and favored whole systems approaches.
Prerequisite: Graduate standing.
Pre/corequisite: HPM 63018.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 63020 COMMUNITY HEALTH NEEDS ASSESSMENT 3 Credit Hours
(Slashed with HPM 73020) This course covers concepts and methods relevant to community health needs assessment, such as systems thinking; the use of quantitative and qualitative methods; primary and secondary data; and the role of community assessment in current national policy, including the Affordable Care Act, and on community health improvement. Students draw from multiple disciplines to assess health status and its determinants (social, behavioral and environmental), needs for health services and the capacity and resources of the local community. Students also learn to facilitate and evaluate the use of data for decision making by partnerships, organizations and policy makers.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 70199 PROFESSIONAL DEVELOPMENT EXPERIENCE 1 Credit Hour
Students work with faculty advisor to identify and attend at least six professional development activities that strengthen the students' understanding of professional and substantive aspects of the academic and research professions.
Prerequisite: Doctoral standing.
Schedule Type: Project or Capstone
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory-IP

HPM 72016 PUBLIC HEALTH ADMINISTRATION 3 Credit Hours
(Slashed with HPM 62016) Public health administration comprises efforts to improve the health of communities. Provides an overview for public health administration and practice, including organization, law, legislative relations, financing, workforce issues, leadership and surveillance.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 72030 GRANT WRITING IN PUBLIC HEALTH 3 Credit Hours
Doctoral students should take this course at the end of the program of study. Students in this doctoral-level course for public health learn the basics of grant writing for federal (NIH) and non-federal funding agencies with a particular emphasis on the components required of most grant proposals submitted for funding. This includes rationale for seeking funds, collaborations with community organizations and working with consultants and subcontractors. Students also learn about the basic sections of grant writing such as specific aims and hypotheses, developing your literature review, background and significance, research design and methodology, developing a budget and conducting research with human subjects. Students have the opportunity to write sample grant proposals and learn about the review and scoring process and post-award grant management.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 73020 COMMUNITY HEALTH NEEDS ASSESSMENT 3 Credit Hours
(Slashed with HPM 63020) This course covers concepts and methods relevant to community health needs assessment, such as systems thinking; the use of quantitative and qualitative methods; primary and secondary data; and the role of community assessment in current national policy, including the Affordable Care Act, and on community health improvement. Students draw from multiple disciplines to assess health status and its determinants (social, behavioral and environmental), needs for health services and the capacity and resources of the local community. Students also learn to facilitate and evaluate the use of data for decision making by partnerships, organizations and policy makers.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 73021 HEALTH CARE FINANCE 3 Credit Hours
Covers the financial environment of health services in the US, including accounting principles, financial statement analysis, delivery models, management control processes of budgeting and capital project analysis, managerial accounting, program development and financial plan.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 73022 STRATEGIC MANAGEMENT OF PUBLIC HEALTH ORGANIZATIONS 3 Credit Hours
Covers basic and advanced principles of strategic management of public health organizations including service area analysis, internal environment analysis, developing and evaluating strategic alternatives and quality indicators.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 73031 PUBLIC HEALTH POLICY ANALYSIS 3 Credit Hours
Provides a framework for conducting public health policy analysis. Applies concepts to case studies of health policies at the local, state and federal levels.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

HPM 80089 GLOBAL HEALTH IMMERSION: GENEVA, SWITZERLAND 1-3 Credit Hours
(Repeatable for credit) (Slashed with HPM 60089) Participants explore a number of health concerns, policies and challenges with global importance and implications. Students investigate current global health policies and themes, and become familiar with the major players in global health including governmental and nongovernmental organizations and multinational agencies. Presentations are given by experts currently working in various regions of the world to solve such pressing global problems as HIV/AIDS, postwar trauma, tuberculosis, refugee health, non-communicable disease prevention and environmental contamination.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: International Experience, Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter-IP

HPM 80191 VARIABLE CONTENT SEMINAR IN HEALTH POLICY AND MANAGEMENT 1-3 Credit Hours
(Repeatable for a maximum of 6 credit hours) (Slashed with HPM 60191) Seminar on current and important topics in health policy and management. Subject matter varies depending on the topic.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

HPM 80195 SPECIAL TOPICS IN HEALTH POLICY AND MANAGEMENT 1-3 Credit Hours
(Slashed with HPM 60195)(Repeatable for maximum of 6 credit hours) Special topics to sample new offerings on topics in health policy and management.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

HPM 80196 INDIVIDUAL INVESTIGATION IN HEALTH POLICY AND MANAGEMENT 1-3 Credit Hours
Individual graduate investigation or research in areas related to health policy and management.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 3-9 other
Grade Mode: Standard Letter-IP

HPM 80198 DIRECTED RESEARCH IN HEALTH POLICY AND MANAGEMENT 1-15 Credit Hours
(Repeatable for credit) Directed research or individual investigation for doctoral students in the Health Policy and Management concentration.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Research
Contact Hours: 1-15 other
Grade Mode: Standard Letter

HPM 80199 DISSERTATION I 15 Credit Hours
(Repeatable for credit) Registration for two semesters required, first semester dissertation work begins and continues until completion of Dissertation II and 30 hours of total dissertation work.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

HPM 80299 DISSERTATION II 15 Credit Hours
(Repeatable for credit) Registration for two semesters required, first semester dissertation work beings and continues until completion of 30 hours.
Prerequisite: HPM 80199; and doctoral standing; and special approval.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

HPM 81000 PUBLIC HEALTH LAW AND REGULATION 3 Credit Hours
Enables students to describe, apply and explain key aspects and principles of law, regulation and policy relating to public health issues and topics. Requires students to master the content material for the course and apply it to particular topics or issues relating to public health. Students also are required to design and/or conduct a research project and explain their hypotheses, methods, findings and/or conclusions.
Prerequisite: HPM 62016; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

Public Health (PH)

PH 10000 EXPLORING CAREERS IN PUBLIC HEALTH 1 Credit Hour
Provides an overview of the diverse career opportunities available in the field. Explores various public health issues from the perspectives of public health professionals from the core disciplines in public health: social behavioral sciences, environmental health, health policy and management, epidemiology and biostatistics. Students learn about how public health professionals approach issues and the types of professional roles and activities they bring to addressing each issue.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

PH 10001 INTRODUCTION TO PUBLIC HEALTH 3 Credit Hours
An overview of the evolution and practices of the dynamic field of public health in the United States and globally. Students are introduced to the structure and functions of public health organizations and practice.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 10002 INTRODUCTION TO GLOBAL HEALTH (DIVG) 3 Credit Hours
An overview of the biological, social and environmental contributors to health and diseases in populations around the world, including case studies of selected infectious diseases, nutritional deficiencies and health effects of environmental change.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global

PH 10003 EXPLORING CAREERS IN GLOBAL HEALTH 1 Credit Hour
Course provides students with an introduction to global health and an overview of the diverse career opportunities available in the field. The global health sector is evolving as one of the primary career destinations and is moving beyond the traditional roles of science, pharmacy, medicine and nursing; additional areas also include communications, technology, data scientists, finance, management, legal, linguistics, international relations, and most important, cross functional skills are needed.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 15 lecture, 0 lab, 0 other
Grade Mode: Standard Letter

PH 10195 SPECIAL TOPICS IN PUBLIC HEALTH 1-3 Credit Hours
(Repeatable for credit) Subject varies depending on the emerging issue.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

PH 15092 PUBLIC HEALTH FIELD EXPERIENCE I (ELR) 1-3 Credit Hours
(Repeatable for credit) Entry-level internship experience in a public health setting under the supervision of a site preceptor and university supervisor. Students gain experience in public health work.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 3-10 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

PH 20000 PUBLIC HEALTH PROFESSIONAL PRACTICE I 1 Credit Hour
Professional development course designed to expose future public health leaders to the diverse field of public health and develop attainable career goals. Student will begin the development of personal goals and a portfolio of work that will build during the entire program. The understanding of public health as a profession will be fostered.
Prerequisite: Sophomore standing.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

PH 20001 ESSENTIALS OF EPIDEMIOLOGY 3 Credit Hours
Students are introduced to strategies adopted by public health professionals to study distribution and identification of important biologic, social and environmental determinants of diseases and health-related states within specific populations.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 20010 INTRODUCTION TO PUBLIC HEALTH INFORMATICS 3 Credit Hours
Provides an overview of informatics principles applied in public health settings. Issues addressed include definitions, approaches, competencies, applications and the national health information network. Topical areas are digital literacy, electronic communication, system development, information use, project management, procurement, accountability, research, data standards, databases, human resource management, and confidentiality and security.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 20015 ZOMBIE OUTBREAK 3 Credit Hours
Teaches the basic survival skills necessary to protect you, your family, and the public from a variety of natural and manmade “apocalypses”. Students apply the basics of emergency Public Health management to a zombie outbreak.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 20195 SPECIAL TOPICS IN PUBLIC HEALTH 1-3 Credit Hours
(Repeatable for credit) Subject varies depending on the emerging issue.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

PH 20392 COMMUNITY HEALTH WORKER CERTIFICATION II-INTERNSHIP (ELR) 3 Credit Hours
Internship course providing necessary contact hours for the Ohio Community Health Worker Certification.
Corequisite: PH 23000.
Schedule Type: Practical Experience
Contact Hours: 9 other
Grade Mode: Standard Letter-IP
Attributes: Experiential Learning Requirement

PH 22001 PLAGUES AND PANDEMICS: HOW INFECTION SHAPED CULTURE AND HISTORY 3 Credit Hours
Infectious diseases continue to affect us all in the present, and plagues have shaped the course of history. From the Justinian plague in the 6th Century to the decimation of Native populations in the US by smallpox to the 1918 influenza pandemic, human history has been influenced by microbes—and our culture, in turn, can affect the generation of new plagues. This course is appropriate both for humanities majors looking for an introduction to infectious diseases as well as science majors looking to better understand infectious diseases in their historical and cultural context, and the way these diseases have (and continue to) shape history. Ultimately, students should be able to understand the basics of infectious disease epidemiology and disease control within a wide cultural and historical context. The course will encompass various topics in microbiology and infectious disease, using primarily popular non-fiction books on these subjects as sources.
Prerequisite: None.
Schedule Type: Lecture, Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 23000 COMMUNITY HEALTH WORKER CERTIFICATION I 3 Credit Hours
Students are guided through the competencies of a Community Health Worker (CHW). Students are introduced to soft skills and culture including, but not limited to, basic health care, community resources, advocacy, communication and service skills related to working with communities. Lifespan development is also covered including, but not limited to, basic health information and education regarding prevention and treatment throughout the lifespan.
Prerequisite: None.
Corequisite: PH 20392.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 25092 PUBLIC HEALTH FIELD EXPERIENCE II (ELR) 1-3 Credit Hours
(Repeatable for credit) Mid-level internship experience in a public health setting under the supervision of a site preceptor and university supervisor. Students gain experience in public health work.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 3-10 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

PH 30000 PUBLIC HEALTH PROFESSIONAL PRACTICE II 1 Credit Hour
Professional development course designed to further prepare future public health leaders to the diverse field of public health. The career portfolio will be further developed. Career goals will be re-evaluated and the strategies for goal attainment reassessed. The understanding of public health as a profession will be further developed. Graduate or professional education as an option will be discussed in greater detail.
Prerequisite: PH 20000; and junior standing.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

PH 30002 INTRODUCTORY BIOSTATISTICS 3 Credit Hours
An introduction to statistical methodology in the field of public health. Students learn the statistical skills to read scientific articles, understand the statistical methods used and interpret the results on their own.
Prerequisite: Any Kent Core Mathematics and Critical Reasoning course.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 30004 PUBLIC HEALTH RESEARCH 3 Credit Hours
Approaches and steps involved in defining public health problems and conducting research about these problems. Students are introduced to how to evaluate published public health research.
Prerequisite: ENG 21011 or HONR 10297; and PH 30002.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 30005 SOCIAL AND BEHAVIORAL SCIENCE THEORIES IN PUBLIC HEALTH 3 Credit Hours
An overview of the contributions of the social and behavioral sciences to human health behavior, including application of studies in the area of health promotion, health protection and disease prevention in public health.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 30006 INTRODUCTION TO ENVIRONMENTAL HEALTH AND SAFETY 3 Credit Hours
Introduction to the environment at risk, environmental epidemiology, environmental toxicology, environmental policy and regulation, watershed management, safe drinking water, wastewater management, vector-born and zoonotic disease, air quality, solid and hazardous waste, food protection, radiation safety and injury prevention, occupational health and safety, total worker health and the built environment.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 30007 PREVENTION AND CONTROL OF DISEASES 3 Credit Hours
Provides an overview of concepts involved in biological mechanisms of disease at cell, individual and community levels, and insight into strategies used in preventing and controlling diseases at the population and/or community level within this framework.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 30009 ENVIRONMENTAL HEALTH AND SAFETY REGULATIONS AND POLICY 3 Credit Hours
Develops a framework for understanding the regulatory structure of environmental and occupational health and safety regulations and policy in the U.S. Federal, state, and local levels of government are reviewed as well as major agencies and regulations.
Prerequisite: PH 30006.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 30012 COMMUNICABLE DISEASES 3 Credit Hours
A survey of communicable diseases of global public health significance, including the epidemiology and forensics associated with disease transmission, vaccination strategies and practices, and human responses to infectious disease. Students are introduced to infectious disease pathogens and the practices and procedures for their surveillance, handling and control.
Prerequisite: PH 20001 and 30007.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 30014 STRATEGIES FOR PREVENTION IN PUBLIC HEALTH 3 Credit Hours
Provides a review of population strategies for health promotion and disease prevention from a social-ecological perspective, highlighting the importance of evidence-based, equitable, and ethical approaches.
Prerequisite: PH 30007.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 30015 UNITED STATES HEALTH CARE SYSTEM 3 Credit Hours
Provides an overview of the U.S. healthcare delivery system, including operations, stakeholders and the role of government with a particular emphasis on public health's role in health care. Students gain an understanding of inpatient and outpatient services, the various roles of healthcare professionals, private and public financing and the impact of managed care. The primary focus is the public health system.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 30020 FUNDAMENTALS OF HEALTH PRIVACY 1 Credit Hour
This course will provide an overview of compliance in healthcare privacy and security within the context of the Health Insurance Portability and Accountability Act (HIPAA). Current topics such as electronic health records and the challenges posed by social media will be explored.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

PH 30025 FUNDAMENTALS OF HEALTHCARE COMPLIANCE 1 Credit Hour
This course will provide an overview of fraud, waste, and abuse compliance in the healthcare industry. The practical and legal basis for compliance programs will be explored as well as their creation, implementation, and maintenance.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

PH 30033 PUBLIC HEALTH POLICY AND DECISION MAKING 3 Credit Hours
An introductory survey of the formulation to implementation of public health policies for various public health issues, and the use of practical administrative tools such as strategic planning, economic evaluation and decision analysis.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 30102 AIR QUALITY AND POLLUTION CONTROL 3 Credit Hours
Basic survey of air pollution and its control. The respiratory system and the bodies response to air pollutants of different types is reviewed and related illnesses such as asthma are studied. The Clean Air Act, NESHAPS and related regulations are surveyed. Ambient air quality standards, the effect of climate and other air pollution concepts are reviewed. Measurement and control methods for both particulate and gaseous contaminants are surveyed.
Prerequisite: PH 30006.
Schedule Type: Field Experience, Lecture
Contact Hours: 2.67 lecture, .33 other
Grade Mode: Standard Letter

PH 30106 ENVIRONMENTAL TOXICOLOGY 3 Credit Hours
Basic toxicological principles applied to studies of environmental health are surveyed. Basic concepts of toxicological testing, dose response, animal and other models, dose curves, LD50's, risk assessment, threshold theories, classifications of harmful effects, environmental pathways, metabolism and elimination are reviewed. Biological effects and the effect of select toxins on body systems are reviewed. Major groups of toxins and their effects are reviewed. Toxin behavior in air, water, wastewater, soil and environmental media are studied.
Prerequisite: PH 30006.
Schedule Type: Laboratory, Lecture
Contact Hours: 2.8 lecture, .2 lab
Grade Mode: Standard Letter

PH 30110 HAZARDOUS MATERIALS MANAGEMENT 3 Credit Hours
Covers the use of hazardous materials. Emphasis is on the safe management of hazardous materials in the workplace and community, their procurement, storage, regulation, pollution problems, use, release, clean up, disposal, and their control, to prevent workplace and community health and safety problems.
Prerequisite: PH 30006.
Schedule Type: Field Experience, Lecture
Contact Hours: 2.67 lecture, .33 lab
Grade Mode: Standard Letter

PH 30195 SPECIAL TOPICS IN PUBLIC HEALTH 1-3 Credit Hours
(Repeatable for credit) Subject varies depending on the emerging issue.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

PH 32005 EMERGING ISSUES IN COMMUNITY HEALTH 3 Credit Hours
Provides students with exposure to touchstone issues in public health programming that have social and behavioral science implications. Topics reflect emergent priority areas and are expected to vary from semester to semester. Examples of current, emerging issues that may be covered include the Healthy People 2020 initiative, leading health indicators, role of CDC, state and local health departments and NGOs in promoting health behaviors, program recruitment, retention, evaluation and generalization challenges, ethical issues including informed consent and voluntary change, funding challenges for prevention programs, grant writing exposure, role of politics in public health programming, evidenced-based practices and practice-based evidence.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 34001 PUBLIC HEALTH INTERVENTIONS I 3 Credit Hours
Provides an overview of the planning and development of public health interventions including environmental, social, and behavioral public health issues from a social-ecological perspective, with attention to evidence-based, theoretical, and ethical approaches.
Prerequisite: PH 30005.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 34002 PUBLIC HEALTH INTERVENTIONS II 3 Credit Hours
Provides an overview of public health intervention implementation, evaluation, and sustainability, with examples of public health interventions in practice and exploration into the future of public health interventions.
Prerequisite: PH 34001.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 35001 COMMUNITY-BASED PUBLIC HEALTH PRACTICE (ELR) 3 Credit Hours
Course focuses on the fundamentals of applying community engagement, organization, and development principles to create successful community public health interventions. Addresses work in at-risk and diverse communities using methods optimal for public health practice, including public health ethics, faith-based initiatives in community health, community health assessment and measurement methods, coalition building, and frameworks for developing health policy. Will also review the basic principles of health-related non-profit organization management and support.
Prerequisite: None.
Schedule Type: Lecture, Practical Experience
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

PH 35005 ADVOCACY AND ACTIVISM IN PUBLIC HEALTH 3 Credit Hours
Public health advocacy and activism are areas of increasing importance for those in public health at both national and international levels because they offer more direct approaches to achieve lasting social and political change. This course provides a foundation to the theory, evidence-base and strategies that can be harnessed to bring about change to improve the lives and health of populations, and explains how activism has an essential role in public health policy and practice.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 35010 RACISM: A PUBLIC HEALTH CRISIS 3 Credit Hours
Across the US, an increasing number of communities have declared racism as a public health crisis. This declaration is not based on an isolated incident, rather, it is the acknowledgement that racism is structural and has been embedded within the institutional policies and societal norms that are present in our everyday lives. This course will: Recognize racism in the US as a significant cause of poor health, disease, and persistent dis-ease among Black Americans; Explore the relationship between racism and health through a historic accounting of social, political, economic, and environmental conditions post-slavery through current events; and, identify how, research, and advocacy can address anti-Black racism and promote health equity.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture, 0 lab, 0 other
Grade Mode: Standard Letter

PH 40000 PUBLIC HEALTH PROFESSIONAL PRACTICE III 1 Credit Hour
Professional development course designed to launch graduates into the workforce or graduate school. The career portfolio, resume, and cover letters will be finalized. Interviewing and application skills will be developed. Working with a College of Public Health career counselor students will develop job search strategies and begin the application process. Students continuing their education in a graduate program will work on application materials.
Prerequisite: PH 30000; and senior standing.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

PH 40001 SEX: A WICKED PUBLIC HEALTH PROBLEM 3 Credit Hours
(Slashed with HPM 50001) Wicked problems is a term developed during the 1970s by systems thinkers and planners, Horst Rittel and Melvin Webber (1973), to describe complex social problems that are resistant to solution. The term has recently been applied to public health issues that have proven to be difficult to address and are resistant to mitigation. Sexual and reproductive health behaviors, attitudes and cultural norms often produce problems at the individual and population levels that meet the criteria for designation as wicked problems. Effectively addressing these kinds of problems requires a correct understanding and application of public health principles and practices.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 40013 CLINICAL EPIDEMIOLOGY BASICS 3 Credit Hours
(Slashed with EPI 50013) Course develops an understanding of clinical research, good clinical practices, research environments and methods used in clinical research. Students gain an understanding of the use of clinical investigation, from the product development stage to the application of investigations in contract research organization. Ethical implications and regulatory issues are examined.
Prerequisite: PH 20001.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 40014 CLINICAL TRIALS MANAGEMENT 3 Credit Hours
(Slashed with EPI 50014) Course examines the good clinical practices guidelines. Students learn how to conduct and manage clinical trials; understand clinical trials data; develop instruments and protocols; recognize quality control and data issues; know approaches to recruitment, retention and participant assessment; identify adverse events and measurement of response variables; and acquire skill in study close-out procedures.
Prerequisite: PH 40013.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 40015 SCIENTIFIC WRITING FOR CLINICAL RESEARCH 3 Credit Hours
(Cross-listed with EPI 50015) Course provides students the tools to develop proficiency in scientific reading, to conduct presentations and to demonstrate skill in scientific writing, with the goal of preparing clinical researchers to be able to communicate findings to the science community and the general population. Course includes an examination of the science literature in clinical trials research.
Prerequisite: ENG 21011 or HONR 10297.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 40017 PHARMACOEPIDEMIOLOGY 3 Credit Hours
(Cross-listed with EPI 50017) Introduction to the field of pharmacoepidemiology, which uses epidemiology methods to understand medication use and distribution at the population level. Course examines risk-benefit and epidemiology approaches to examining medication use and therapeutic trials. Drug and device manufacturing to market are explored.
Prerequisite: PH 40013 and PH 40014.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 40018 REGULATORY AFFAIRS IN CLINICAL RESEARCH 3 Credit Hours
(Slashed with EPI 50018) Course provides the tools for students to develop an understanding of the researcher and organization responsibility in research and development of clinical trials products. Students understand regulations from the government and industry, privacy concerns, liability and ethical issues related to clinical trials research. Examples from the field are explored in detail.
Prerequisite: PH 40013 and PH 40014.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 40060 PUBLIC HEALTH LABORATORY METHODS 3 Credit Hours
(Slashed with EHS 50060) Course introduces the student to the fundamental theory and hands on use to track specimen collection and laboratory analysis. Environmental specimens are examined for their public health importance using classical and modern techniques. Students learn classical laboratory methods and their modern use in the laboratory environment. Examples include culture and microscopic identification of microorganisms, identification of disease vectors, detection of newborn disease and detection of terrorism agents.
Prerequisite: BSCI 30140 or CHEM 10062 or CHEM 10971 or PH 30006.
Schedule Type: Combined Lecture and Lab
Contact Hours: 2 lecture, 1 lab
Grade Mode: Standard Letter

PH 40089 GLOBAL HEALTH IMMERSION: GENEVA, SWITZERLAND (DIVG) (ELR) 1-3 Credit Hours
(Repeatable for credit) Participants explore a number of health concerns, policies and challenges with global importance and implications. Students investigate current global health policies and themes, and become familiar with the major players in global health including governmental and nongovernmental organizations and multinational agencies. Presentations are given by experts currently working in various regions of the world to solve such pressing global problems as HIV/AIDS, post-war trauma, tuberculosis, refugee health, non-communicable disease prevention and environmental contamination.
Prerequisite: PH 10001 and PH 10002; and junior standing; and special approval.
Schedule Type: International Experience, Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter-IP
Attributes: Diversity Global, Experiential Learning Requirement

PH 40092 INTERNATIONAL HEALTH PRACTICUM (ELR) 3-6 Credit Hours
(Repeatable for credit) A supervised internship in global/international health.
Prerequisite: PH 10002; and junior or senior standing.
Schedule Type: Practical Experience
Contact Hours: 10-20 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

PH 40100 VECTOR-BORNE AND ZOONOTIC DISEASES (ELR) 3 Credit Hours
Presents a broad overview of major considerations related to human health and the vector-borne diseases transmitted by rodents and arthropods (insects and arachnids). Control measures, including rodent control, local mosquito control programs, and integrated pest management (IPM) concepts with safe pesticide use are reviewed. Application of FIFRA regulations are presented. An overview of issues associated with zoonotic diseases transmitted by animals, such as rabies, and their control are also included. Vector and reservoir relationships are explored.
Prerequisite: PH 30006.
Schedule Type: Field Experience, Lecture
Contact Hours: 2.67 lecture, .33 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

PH 40102 SOLID AND HAZARDOUS WASTE MANAGEMENT 3 Credit Hours
(Slashed with EHS 50102) Solid and hazardous waste programs and practices are explored. Pollution prevention, safety, sanitation practices, sustainability concepts, management and regulations pertinent to solid and hazardous waste such as RCRA are discussed and studied. Consumption, garbage handling, landfill design and disposal, sustainability concepts, reuse, recycling, composting and other waste strategies are presented. Hazardous waste and material issues throughout the environment, such as HW disposal, TSD facilities, underground storage tanks, Superfund, brownfields and related issues are introduced.
Prerequisite: PH 30006.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 40103 FOOD PROTECTION (ELR) 3 Credit Hours
(Slashed with EHS 50103) Topics surrounding foodborne disease prevention and food sanitation relative to quality control, food service and processing systems are introduced. Foodborne disease agents, microbiology, epidemiology and outbreak investigation techniques are explored. The regulatory process and agencies at the wholesale, retail and food service levels are introduced. Ohio food regulations are covered, including the Ohio Uniform Food Code. Basic preparation to conduct food serve inspections and foodborne disease investigations as part of agency regulatory programs and the opportunity to earn the National Restaurant Association ServSafe Manager certification are provided.
Prerequisite: PH 30006.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

PH 40105 WATER AND WASTEWATER MANAGEMENT (ELR) 3 Credit Hours
(Slashed with EHS 50105) Explores issues surrounding water pollution and human health and the environmental treatment systems developed to provide safe water and sewage disposal. Private and public water and sewage systems are studied. Federal and state regulations, including the Safe Drinking Water Act and Clean Water Act, are reviewed.
Prerequisite: PH 30006.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

PH 40109 LABORATORY SAFETY AND HYGIENE 3 Credit Hours
(Crosslisted with EHS 50109) Basic introduction to laboratory safety, chemical hygiene, and biosafety. Includes the research compliance programs of institutions (IBC, IACUC, IRB, RSC) and the OSHA Chemical Hygiene Standard requirements and program responsibilities. General lab safety concepts are reviewed, along with chemical handling and storage, fumehoods and ventilation, hazardous waste disposal, radiation safety, and lab design. Basic principles of biosafety are covered, BSL 1-4 levels, biosafety cabinets, select agents, bloodborne pathogens, NIH Guidelines, biosecurity and animal use.
Prerequisite: PH 30006.
Schedule Type: Field Experience, Lecture
Contact Hours: 2.67 lecture, .33 other
Grade Mode: Standard Letter

PH 40110 INTRODUCTION TO PUBLIC MENTAL HEALTH 3 Credit Hours
(Slashed with HPM 50110) This course provides a broad overview of mental health from a public health perspective. The course is an introduction to population-based (or population-level) approaches to addressing mental health and supporting wellness. More specifically, the course discusses mental health from a public health perspective, including discussion of non-clinical interventions and programs designed to improve mental health and wellness of populations.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 40191 SEMINAR IN PUBLIC HEALTH 1-3 Credit Hours
(Repeatable for credit) Seminar on current and important topics in public health. Subject matter varies depending on topic.
Prerequisite: None.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter

PH 40195 SPECIAL TOPICS IN PUBLIC HEALTH 1-3 Credit Hours
(Repeatable for credit)Subject varies depending on the emerging issue.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

PH 40196 INDIVIDUAL INVESTIGATION IN PUBLIC HEALTH 1-3 Credit Hours
(Repeatable for maximum 6 credits) Individual undergraduate investigation or research on specific public health issues.
Prerequisite: Junior or senior standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Standard Letter

PH 41000 ENVIRONMENTAL AND OCCUPATIONAL HEALTH AND SAFETY MANAGEMENT 3 Credit Hours
Entails leadership and management principles in environmental and occupational health and safety (EOHS), and helps students develop skills needed to become an effective supervisor. Issues such as regulatory structure, program and community planning, policy development, budgeting, staffing and staff development, strategic planning, training, professionalism and assessment are reviewed. Board development, dealing with difficult people and situations, legal, social, political, and economic effects on EOHS programs are dealt with. Related issues such as ethics, human resources, workers comp, court appearances, media relations and communications are reviewed.
Prerequisite: PH 30006 and 30102 and 30105 and 30106; and senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 41092 FIELD EXPERIENCE IN MEETING THE BASIC HEALTH AND HUMAN NEEDS (ELR) 3 Credit Hours
(Repeatable for credit) Provides practical skills in simple, affordable appropriate technologies that can offer solutions for meeting basic health and human needs in the developing world at the household and community levels. Technologies are organized into five modules: 1) food, agriculture, and nutrition; 2) water and sanitation; 3) alternative household energy; 4) primary health care; and 5) community development needs and resource assessment. All five modules cover appropriate technologies that while meeting the basic needs have significant impact on health of the individuals and communities. Principles of participatory community development and sensitivity to cross-cultural, gender, and ecological issues are emphasized throughout the training.
Prerequisite: Special approval.
Schedule Type: Field Experience
Contact Hours: 8 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

PH 42010 UNDERSTANDING THE COVID-19 PANDEMIC 3 Credit Hours
(Slashed with EPI 52010) In this course, students examine the various aspects of the ongoing coronavirus pandemic. They learn foundational information in epidemiology, virology and immunology, and examine the emergence and spread of SARS-CoV-2. They learn about responses to the epidemic, including policies aimed at slowing spread, and examine aspects of diagnostics and vaccine development relevant to controlling the spread of the virus.
Prerequisite: Junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 42092 ENVIRONMENTAL, OCCUPATIONAL, HEALTH AND SAFETY INTERNSHIP (ELR) 4-6 Credit Hours
The purpose of the environmental and occupational health and safety internship is to supplement the student in-class learning experiences with practical hand-on skills and work practice experiences that helps them develop the environmental competencies required for success in the field.
Prerequisite: Junior or senior standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 13.33-20 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

PH 42100 CLIMATE CHANGE AND POPULATION HEALTH 3 Credit Hours
(Slashed with EHS 52100) This course reviews evidence on the rigorous scientific consensus confirming global warming and the mechanisms underlying climate change, with a focus on adverse population health impacts. Increases in the frequency and intensity of extreme weather events including heatwaves, tropical cyclones and severe storms create hazardous conditions including flooding, drought, wildfires, increases in vector-borne diseases, food and nutrition shortages, human displacement and mental health issues. Populations at increased risk are identified along with a consideration of climate ethics, justice and public health approaches used to address the population health effects. Strategies for abatement through injury and disease prevention, climate risk communication and strategies for mitigation including green energy and energy conservation are examined.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 43013 BUILT ENVIRONMENT AND PUBLIC HEALTH 3 Credit Hours
(Slashed with EHS 53014) The impact of the built environment on human health is an issue of global importance. The focus of this course is on preventing disease and injury while improving the health of populations by looking "upstream" at the built environment or those settings designed, created and maintained by human efforts. Population health effects of community design are explored through scientific literature, and include transportation, land use, parks and green space in the context of physical activity, food environments, air and water quality, injury prevention, social capital and health equity. Students examine and use population health tools to assess the built environment and develop strategies for creating sustainable healthy places through multidisciplinary collaboration, research and policy that promotes the health of the public.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 43014 PUBLIC HEALTH AND MASS INCARCERATION 3 Credit Hours
This course will examine incarceration using a public health lens. Students will examine the epidemiology of mass incarceration in the U.S., infectious and chronic diseases of those incarcerated, incarceration as a self-sustaining epidemic with generations of imprisonment, access to health care of those behind bars and on release, and the contagion of punishment including collateral damage to children, families and neighborhoods. The course will conclude with a public health model for ending mass incarceration.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 43089 PLAGUES THAT SHAPED THE WORLD (DIVG) (ELR) 3 Credit Hours
(Slashed with EPI 53089 and and EPI 73089) Course examines the Bubonic plague, HIV/AIDS, Ebola and pandemic influenza outbreaks to introduce students to the fundamentals of public health, establishing epidemiological principles that explain how plagues erupt and propagate, decimate populations and alter cultures. Inherent in the course's discussion are the social determinants that fuel plague outbreaks and slow recovery. Examples of emerging infectious diseases and threats of bioterrorism are discussed as new plagues for which creative solutions are still required. Students take city excursions and a field trip to assess cultural changes resulting from historical plagues.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

PH 43092 INTERNSHIP IN CLINICAL TRIALS RESEARCH (ELR) 3-6 Credit Hours
The internship will place students in a clinical trials setting (e.g., contract research organization, hospital, or academic setting) where they can gain hands on experience conducting clinical trials and clinical research. The internship is 300 hours and can be taken in the last one to two semesters. The purpose of the internship is to provide the student with practical experiences that will make them marketable for a position in clinical research upon graduation.
Prerequisite: PH 40013 and PH 40014.
Schedule Type: Practical Experience
Contact Hours: 3-6 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

PH 44000 HEALTH DISPARITIES (DIVD) (WIC) 3 Credit Hours
Understanding the factors involved in health disparities at the national and global level, and the impact of health disparities on public health.
Prerequisite: ENG 21011 or HONR 10297; and 15 credit hours of public health courses; and junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Domestic, Writing Intensive Course

PH 44003 ENVIRONMENTAL HEALTH ISSUES IN LOW- AND MIDDLE-INCOME COUNTRIES 3 Credit Hours
Covers the important environmental health issues of concerns in low- and middle-income countries and appropriate intervention strategies. Topics include clean drinking water and sanitation, indoor air pollution, outdoor air pollution, environmental management, sustainability and health.
Prerequisite: Public health or anthropology major; and junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 44004 GLOBAL HEALTH IMMERSION: LATIN AMERICA 3 Credit Hours
The principal objective of this summer intersession course is to immerse students into the history, culture and public health systems of Latin American countries Colombia Ecuador. Students will have the opportunity to visit major cities, i.e., Cali, Colombia, and Quito, Ecuador, rural areas, and well-known tourist destinations (Cartagena, Colombia, Otavalo, Ecuador). Students will gain an understanding of current scientific research on tropical diseases of local public health relevance, such as malaria. The course will focus on the basic biology of disease, mechanisms of transmission (epidemiology), and efforts to develop vaccines against malaria. The course is designed primarily for sophomores, juniors and seniors who are public health, nursing, or biological science majors. Master's level students will also be accepted. Knowledge of basic Spanish language is useful but not necessary.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 44005 LEGAL ASPECTS OF HEALTH SERVICES MANAGEMENT 3 Credit Hours
Provides an overview of legal and regulatory essentials in health services management. Provides a historical perspective on legal aspects of health care as well as an introduction to law, tort law, criminal aspects, contracts, civil procedure and trial practice as related to health care. Students examine how liability impacts corporate structures, health departments and health care professionals and examine issues related to patient consent, legal reporting requirements, labor relations and patient rights.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 44010 PUBLIC HEALTH PLANNING AND FINANCE 3 Credit Hours
Introduces students to business planning of health services. Students obtain skills in public health financial decision-making, including general principles of public health accounting, budgeting and financial planning.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 44015 PUBLIC HEALTH MANAGEMENT 3 Credit Hours
Provides an overview of management and leadership concepts, principles and practice as applied to public health management. Students learn basic skills in team-building, developing board relationships, strategic planning, fiscal management, marketing, conflict resolution and negotiation in healthcare management. Coursework integrates principles of ethics and professionalism, effective communication, managing complex and culturally diverse workplaces and the changing role of public health managers.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 44020 PUBLIC HEALTH ETHICS IN PRACTICE, POLICY AND RESEARCH 3 Credit Hours
Provides an introduction to public health ethics, including the key foundations, concepts and frameworks for evaluating ethical issues in the public health setting.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 44025 PRINCIPLES OF PUBLIC HEALTH LEADERSHIP 3 Credit Hours
Designed to introduce students to skill-sets and leadership practices necessary for successful public health leadership, with an emphasis on leading positive and sustainable change in real world situations. It also familiarizes students with key aspects of partnership building and advocacy for the purposes of improving health. Particular stills include coalition/partnership development, health advocacy, team building, mentoring and leadership.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

PH 44092 INTERNSHIP IN PUBLIC HEALTH (ELR) 3-6 Credit Hours
(Repeatable for credit) Capstone internship experience in a public health setting under the supervision of a site preceptor and university supervisor. Students gain experience in public health work.
Prerequisite: Senior standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3-6 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

PH 45092 SERVICE LEARNING PRACTICUM IN COMMUNITY-BASED PUBLIC HEALTH (ELR) 3 Credit Hours
This course is designed to provide an opportunity for students to engage in a variety of public health settings under the supervision of faculty. The practicum experience is focused on developing skills needed to implement change to improve population health, providing a setting in which students may integrate and apply the skills and knowledge acquired through their coursework. Students will be exposed to some of the benefits and challenges encountered by public health professionals on a routine basis.
Prerequisite: Junior or senior standing.
Corequisite: PH 35001.
Schedule Type: Lecture, Practical Experience
Contact Hours: 1 lecture, 6 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

PH 49000 CAPSTONE EXPERIENCE IN PUBLIC HEALTH (ELR) 3 Credit Hours
Case studies of various strategies used in addressing various public health issues are discussed within an evaluative framework.
Prerequisite: 21 credit hours of public health courses; and junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

PH 60172 PRACTICUM SEMINAR IN PUBLIC HEALTH 1 Credit Hour
(Repeatable 6 times for credit) Seminar component of the Practicum Experience; course must be taken at the same time as the Practicum Experience; students prepare a final portfolio and seminar presentation integrating theory and practice.
Prerequisite: Graduate standing.
Corequisite: PH 60192.
Schedule Type: Lecture
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory-IP

PH 60192 PRACTICUM EXPERIENCE 5 Credit Hours
(Repeatable for credit) Observational and participation in public health activities of a public health agency, hospital or other approved organization. The student completes the field experience with joint supervision from the university and approved organization or agency.
Prerequisite: Graduate standing.
Corequisite: PH 60172.
Schedule Type: Practical Experience
Contact Hours: 20 other
Grade Mode: Satisfactory/Unsatisfactory-IP

PH 61199 INTEGRATIVE LEARNING EXPERIENCE 1 Credit Hour
Students complete an integrative learning experience that demonstrates a synthesis of foundational and concentration competencies. Students, in consultation with faculty, select foundational and concentration-specific competencies appropriate to the student's educational and professional goals.
Prerequisite: 30 credit hours of Biostatistics (BST) or Environmental Health Sciences (EHS) or Epidemiology (EPI) or Health Policy and Management (HPM) or Social and Behavioral Sciences (SBS) courses; and graduate standing.
Schedule Type: Project or Capstone
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory-IP

PH 80199 DISSERTATION I 15 Credit Hours
(Repeatable for credit) Registration for two semesters required, first semester dissertation work beings and continues until completion of 30 hours.
Prerequisite: Doctoral standing.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

PH 80299 DISSERTATION II 15 Credit Hours
(Repeatable for credit) Continuing registration required of doctoral students who have completed the initial 30 hours of dissertation and continuing until degree requirements are met.
Prerequisite: Doctoral standing.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

Social and Behavioral Sciences (SBS)

SBS 50196 INDIVIDUAL INVESTIGATION IN SOCIAL AND BEHAVIORAL SCIENCES 1-3 Credit Hours
(Repeatable for credit) Individual graduate investigation or research in areas related to social and behavioral sciences.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Standard Letter-IP

SBS 60002 QUANTITATIVE METHODS IN SOCIAL AND BEHAVIORAL SCIENCES 3 Credit Hours
Introduces basic quantitative methods used in social and behavioral scientific research. First we focus on the measurement of socio-behavioral phenomena and the relationship between measurement and statistics. Next, we examine the interrelated roles of scientific theory and the design of socio-behavioral research studies. Last, we focus on building appropriate multiple linear regression and or analysis of variance statistical models to provide valid analysis of data collected in socio-behavioral research.
Prerequisite: BST 62019; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 60020 PROGRAM EVALUATION II: APPLICATION IN THE REAL WORLD 3 Credit Hours
(Slashed with SBS 80020) This course provides students with a more in-depth examination of program evaluation for public health professionals and the opportunity to apply their evaluation knowledge and skills to an existing health intervention. The content delves deeply into formative and summative evaluation, including theoretical underpinnings, professional standards, research design and data collection and analysis. Students are required to apply this knowledge to a selected program and produce an evaluation proposal acceptable for submission to a funding agency.
Prerequisite: HPM 63011; and graduate standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 60021 SOCIAL AND BEHAVIORAL SCIENCE THEORIES 3 Credit Hours
Examines fundamental social and behavioral science theoretical frameworks that explain health behaviors with an emphasis on application through universal prevention approaches to inform both research and program evaluation designs.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 60030 CODING FOR QUALITATIVE RESEARCH 1 Credit Hour
(Slashed with SBS 80030) The purpose of this course is to provide students with a brief but thorough overview of the basic process of coding text-based, unstructured data for qualitative research projects. Focus is on coding for descriptive or basic qualitative research.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 15 lecture
Grade Mode: Standard Letter

SBS 60040 TRANSCRIBING INDIVIDUAL AND GROUP INTERVIEWS FOR QUALITATIVE RESEARCH 1 Credit Hour
(Slashed with SBS 80040) The purpose of this course is to provide students an overview of, and applied practice in transcribing audio-recorded interview data as preparation for qualitative analysis techniques.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 15 lecture
Grade Mode: Standard Letter

SBS 60191 VARIABLE CONTENT SEMINAR IN SOCIAL AND BEHAVIORAL SCIENCES 1-3 Credit Hours
(Repeatable for a maximum of 6 credit hours) Seminar on current and important topics in social and behavioral sciences. Subject matter varies depending on the topic.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

SBS 60195 SPECIAL TOPICS IN SOCIAL AND BEHAVIORAL SCIENCES 1-3 Credit Hours
(Repeatable for a maximum of 6 credit hours)Special topics to sample new offerings on topics in social and behavioral sciences.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

SBS 60392 APPLIED PRACTICE EXPERIENCE IN SOCIAL AND BEHAVIORAL SCIENCES 3,6 Credit Hours
(Repeatable for credit) Observation and participation in public health activities of a public health agency, hospital or other approved organization. The student completes the field experience with joint supervision from the university and approved organization or agency.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 9-18 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SBS 60492 APPLIED PRACTICE EXPERIENCE IN SOCIAL AND BEHAVIORAL SCIENCES II 1 Credit Hour
(Repeatable for credit) Continuing enrollment for students participating in public health activities of a public health agency, hospital or other approved organization. Students complete the field experience with joint supervision from the university and an approved organization or agency.
Prerequisite: SBS 60392; and graduate standing.
Schedule Type: Practical Experience
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SBS 63008 GRANT WRITING IN SOCIAL AND BEHAVIORAL SCIENCES 3 Credit Hours
Students learn the basics of grant writing for federal and non-federal funding agencies with a particular emphasis on the components of most proposals for funding. This includes rationale for seeking funds, collaborations with community organizations and working with consultants and subcontractors. Students also learn about the basic sections of grant writing such as specific aims and hypotheses, developing a literature review, background and significance, research design and methodology, developing a budget and conducting research with human subjects. Students have an opportunity to write sample grant proposals and learn about the review and scoring process and post-award grant management.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 63010 QUALITATIVE METHODS FOR PUBLIC HEALTH RESEARCH 3 Credit Hours
(Slashed with SBS 83010) In this course, students will be guided through exploration of the uses and value of qualitative approaches to research with humans through a combination of resource review and guided applied practice. Students will be provided with information about various methodologies that comprise qualitative inquiry, and will engage in practice efforts to analyze provided data, and to assess the quality of research reports.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 63011 QUALITATIVE DATA ANALYSIS 3 Credit Hours
(Slashed with SBS 83011) Students will be introduced to the process and goals of qualitative data analysis relevant to research design and study purpose, and will be provided opportunities to conduct coding and other types of analysis of qualitative data using both computer assisted and manual processes. Students will focus on descriptive or generic approaches for both qualitative and mixed methods research. Students will additionally learn about and be provided opportunities for guided practice in quality control measures that include creation of an audit trail, "member checking," composition of analytic memos, and other forms of researcher initiated documentation.
Prerequisite: SBS 63010 or special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 63030 SEMINAR IN SOCIAL AND BEHAVIOR SCIENCES 3 Credit Hours
Explores case studies in the social and behavioral sciences on topics that address the leading health indicators including substance use (alcohol, tobacco and other drugs), obesity (physical activity and nutrition), HIV and STIs, mental health, injury, immunization, access to healthcare and social determinants of health.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

SBS 64600 EMERGING ISSUES IN LGBTQ+ PUBLIC HEALTH PRACTICE 3 Credit Hours
This course is an overview of emerging issues and their related challenges in the field of LGBTQ+ public health practice. In particular, this course focuses on emerging LGBTQ+ public health issues, with special emphasis on several current public health topics. Lectures, reading assignments, videos, assignments and individual projects are used to introduce students to the diversity and complexity of emerging public health issues and challenges associated with addressing emerging public health issues.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 64630 SEXUAL ORIENTATION AND GENDER IDENTITY IN PUBLIC HEALTH PRACTICE 3 Credit Hours
This course introduces students to the diverse concepts of sexual orientation and gender identity through the lens of public health practice. The course prepares public health leaders and clinical practitioners to think critically about the unique health concerns and inherent systems of homophobia and heterosexism that negatively impact the health of the LGBTQ+ community and how to navigate LGBTQ+ public health practice to make positive community health change. Lectures, reading assignments, videos, assignments and individual projects are used to introduce students to the diversity and complexity of emerging public health issues and the challenges associated with addressing emerging public health issues.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 64634 SOCIAL DETERMINANTS OF HEALTH BEHAVIORS 3 Credit Hours
(Slashed with SBS 74634) Overviews the social determinants of health and dynamic interplay between individual behaviors and community structures (systems orientation), including public policy, social and built environments, commercial messages, access to services, cultural norms, psychosocial hazards and poverty as causal effects that either provide opportunity or constraints to health. Also examines systems approaches to preventing public health threats from issues including substance use (alcohol, tobacco and other drugs), physical inactivity, poor dietary practices, unsafe sexual behaviors, violence and injury and mental health.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 64700 COMMUNITY-BASED SUBSTANCE ABUSE PREVENTION FOR PUBLIC HEALTH PROFESSIONALS 3 Credit Hours
This course provides foundational knowledge for substance abuse prevention. In addition, this course enhances the knowledge and skills of public health professionals to enable them to implement evidence-based substance use prevention interventions and policies. The primary emphasis is on evidence-based interventions, policies and implementation quality and sustainability.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 64701 COMMUNITY-BASED PUBLIC HEALTH IMPLEMENTATION SYSTEMS 3 Credit Hours
This course focuses on public health prevention science and its application to the implementation of substance use interventions. The content focuses on community systems for addressing substance use problems that affect whole communities. These community systems incorporate evidence-based prevention interventions at various levels of influence within a socio-ecological perspective. Students will examine the development of community organizations that come together to address specific problems, and how they network and integrate with existing organizations that provide community services. The content draws from the International Standards on Drug Use Prevention that were published by the United Nations Office on Drugs and Crime (2013; 2015) and the European Drug Prevention Quality Standards published by the European Monitoring Centre on Drugs and Drug Addiction (2011). Primary emphasis is on evidence-based interventions and policies and on implementation quality and sustainability.
Prerequisite: SBS 64700; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 65010 RACISM: A PUBLIC HEALTH CRISIS 3 Credit Hours
Across the US, an increasing number of communities have declared racism as a public health crisis. This declaration is not based on an isolated incident, rather, it is the acknowledgement that racism is structural and has been embedded within the institutional policies and societal norms that are present in our everyday lives. This course will: Recognize racism in the US as a significant cause of poor health, disease, and persistent dis-ease among Black Americans; Explore the relationship between racism and health through a historic accounting of social, political, economic, and environmental conditions post-slavery through the current events of 2020; and, identify how, research, and advocacy can address anti-Black racism and promote health equity.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 73018 THEORIES OF PREVENTION SCIENCE 3 Credit Hours
Provides a background and theoretical review of prevention science as a multi-disciplinary field focusing on systematic inquiry on health behaviors including substance use (alcohol, tobacco and other drugs), physical activity, dietary practices, mental health, violence and injury and sexual behaviors.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 73019 EVALUATION RESEARCH METHODS IN PREVENTION SCIENCE 3 Credit Hours
This course examines the methods used by prevention science researchers to determine the effectiveness of public health programs. Focus is on advanced formative, process, impact and outcome evaluation methods. Qualitative and quantitative analysis techniques used for assessing program process and effects are discussed in the context of research evaluation.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 73020 ADVANCED RESEARCH METHODS IN PREVENTION SCIENCE 3 Credit Hours
Focuses primarily on advanced quantitative methods in the application of prevention science.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 74634 SOCIAL DETERMINANTS OF HEALTH BEHAVIORS 3 Credit Hours
(Slashed with SBS 64634) Overviews the social determinants of health and dynamic interplay between individual behaviors and community structures (systems orientation), including public policy, social and built environments, commercial messages, access to services, cultural norms, psychosocial hazards and poverty as causal effects that either provide opportunity or constraints to health. Also examines systems approaches to preventing public health threats from issues including substance use (alcohol, tobacco and other drugs), physical inactivity, poor dietary practices, unsafe sexual behaviors, violence and injury and mental health.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 80020 PROGRAM EVALUATION II: APPLICATION IN THE REAL WORLD 3 Credit Hours
(Slashed with SBS 60020) This course provides students with a more in-depth examination of program evaluation for public health professionals and the opportunity to apply their evaluation knowledge and skills to an existing health intervention. The content delves deeply into formative and summative evaluation, including theoretical underpinnings, professional standards, research design and data collection and analysis. Students are required to apply this knowledge to a selected program and produce an evaluation proposal acceptable for submission to a funding agency.
Prerequisite: HPM 63011; and doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 80030 CODING FOR QUALITATIVE RESEARCH 1 Credit Hour
(Slashed with SBS 60030) The purpose of this course is to provide students with a brief but thorough overview of the basic process of coding text-based, unstructured data for qualitative research projects. Focus is on coding for descriptive or basic qualitative research; other methodologies are reviewed based on student needs.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 15 lecture
Grade Mode: Standard Letter

SBS 80040 TRANSCRIBING INDIVIDUAL AND GROUP INTERVIEWS FOR QUALITATIVE RESEARCH 1 Credit Hour
(Slashed with SBS 60040) The purpose of this course is to provide students an overview of, and applied practice in transcribing audio-recorded interview data as preparation for qualitative analysis techniques, using both content-focused and conversation-analytic approaches.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 15 lecture
Grade Mode: Standard Letter

SBS 80100 EMERGING ISSUES IN PREVENTION SCIENCE 3 Credit Hours
Survey of relevant challenges and issues facing prevention science researchers.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 80191 VARIABLE CONTENT SEMINAR IN SOCIAL AND BEHAVIORAL SCIENCES 1-3 Credit Hours
(Repeatable for a maximum of 6 credit hours) Seminar on current and important topics in social and behavioral sciences. Subject matter varies depending on the topic.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

SBS 80195 SPECIAL TOPICS IN SOCIAL AND BEHAVIORAL SCIENCES 1-3 Credit Hours
(Repeatable for a maximum of 6 credit hours) Special topics to sample new offerings on topics in social and behavioral sciences.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

SBS 80196 INDIVIDUAL INVESTIGATION IN SOCIAL AND BEHAVIORAL SCIENCES 1-3 Credit Hours
Individual graduate investigation or research in areas related to social and behavioral sciences.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 3-9 other
Grade Mode: Standard Letter-IP

SBS 80198 DIRECTED RESEARCH IN PREVENTION SCIENCE 1-6 Credit Hours
(Repeatable for credit) Directed research or individual investigation for doctoral students.
Prerequisite: Doctoral standing.
Schedule Type: Research
Contact Hours: 3-18 other
Grade Mode: Standard Letter

SBS 80199 DISSERTATION I 15 Credit Hours
(Repeatable for credit) Registration for two semesters required, first semester dissertation work begins and continues until completion of Dissertation II and 30 hours of total dissertation work.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SBS 80299 DISSERTATION II 15 Credit Hours
(Repeatable for credit) Second course of dissertation sequence completing requirement of with 30 total hours of dissertation work.
Prerequisite: SBS 80199; and special approval.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SBS 83010 QUALITATIVE METHODS FOR PUBLIC HEALTH RESEARCH 3 Credit Hours
(Slashed with SBS 63010) In this course, students will be guided through exploration of the uses and value of qualitative approaches to research with humans through a combination of resource review and applied practice. Students will be provided with information about various methodologies that comprise qualitative inquiry, and will engage in practice efforts to gather, process, and analyze data, and to assess the quality of research reports.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SBS 83011 QUALITATIVE DATA ANALYSIS 3 Credit Hours
(Slashed with SBS 63011) Students will be introduced to the process and goals of qualitative data analysis relevant to research design and study purpose, and will be provided opportunities to conduct coding and other types of analysis of qualitative data using both computer assisted and manual processes. Qualitative approaches potentially considered in this course include grounded theory, phenomenology, descriptive or generic approaches, content analysis, mixed methods, and others depending on needs and interests of students in the class. Students will additionally learn about and practice quality control measures that include creation of an audit trail, "member checking," composition of analytic memos, and other forms of researcher initiated documentation.
Prerequisite: SBS 83010; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

Biostatistics - M.P.H.

College of Public Health
www.kent.edu/publichealth

About This Program

Explore Kent State University's STEM-designated Master of Public Health program in Biostatistics, designed to equip students with the statistical tools necessary for advancing public health research and policy. Dive into the intricacies of data analysis, epidemiology and research methodology, empowering you to make meaningful contributions to improving community health outcomes. Read more...

Contact Information

- Connect with an Admissions Counselor: U.S. Student | International Student

Program Delivery

- **Delivery:**
  - Mostly online
  - In person
- **Location:**
  - Kent Campus

Examples of Possible Careers and Salaries*

Statisticians

- 34.6% much faster than the average
- 42,700 number of jobs
- $92,270 potential earnings

Accreditation

The M.P.H. degree in Biostatistics is accredited by the Council on Education for Public Health (CEPH).

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Minimum 3.000 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Goal statement
- Résumé
- Two letters of recommendation
- English Language Proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[1]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] International applicants who do not meet the above test scores will not be considered for admission.

Application Deadlines

- **Fall Semester**
  - Priority deadline: March 15 (international student)
    All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted by this deadline will receive the strongest consideration for admission.
  - Rolling admissions (domestic student)
- **Spring Semester**
  - Priority deadline: August 15 (international student)
    All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted by this deadline will receive the strongest consideration for admission.
  - Rolling admissions (domestic student)
- **Summer Term**
  - Rolling admissions (domestic student)

Any Graduate course (50000 or 60000 level) with advisor approval		
Culminating Requirement		
BST 60192	APPLIED PRACTICE EXPERIENCE IN BIOSTATISTICS [2]	3
PH 61199	INTEGRATIVE LEARNING EXPERIENCE	1
Minimum Total Credit Hours:		**46**

[1] Students must consult with their advisor prior to registering for an online elective course.

[2] It is expected that students enrolled in BST 60192 who do not complete the course in one term will continuously register for BST 60292 each semester, until all requirements have been met. Credit hours for BST 60292 do not apply to the minimum 46 credit hours for the degree.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- Applied practice experience placement at an approved public health agency under the guidance of a qualified preceptor (150 or 300 contact hours).
- Final portfolio/report and a presentation integrating theory and practice.
- Participation in at least one approved interprofessional education event (IPE); IPE requires students to participate at a specific time/date to be determined in consultation with the student's advisor.
- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

Evidence-based Approaches to Public Health

1. Apply epidemiological methods to the breadth of settings and situations in public health practice.
2. Select quantitative and qualitative data collection methods appropriate for a given public health context.
3. Analyze quantitative and qualitative data using biostatistics, informatics, computer-based programming and software, as appropriate.
4. Interpret results of data analysis for public health research, policy or practice.

Public Health and Health Care Systems

1. Compare the organization, structure and function of health care, public health and regulatory systems across national and international settings.
2. Discuss the means by which structural bias, social inequities and racism undermine health and create challenges to achieving health equity at organizational, community and societal levels.

Planning and Management to Promote Health

1. Assess population needs, assets and capacities that affect communities' health.
2. Apply awareness of cultural values and practices to the design or implementation of public health policies or programs.
3. Design a population-based policy, program, project or intervention.
4. Explain basic principles and tools of budget and resource management. Select methods to evaluate public health programs.

Policy in Public Health

1. Discuss multiple dimensions of the policy-making process, including the roles of ethics and evidence.
2. Propose strategies to identify stakeholders and build coalitions and partnerships for influencing public health outcomes.
3. Advocate for political, social or economic policies and programs that will improve health in diverse populations.
4. Evaluate policies for their impact on public health and health equity.

Leadership

1. Apply principles of leadership, governance and management, which include creating a vision, empowering others, fostering collaboration and guiding decision making.

2. Apply negotiation and mediation skills to address organizational or community challenges.

Communication

1. Select communication strategies for different audiences and sectors.
2. Communicate audience-appropriate public health content, both in writing and through oral presentation.
3. Describe the importance of cultural competence in communicating public health content.

Interprofessional Practice

1. Perform effectively on interprofessional teams.

Systems Thinking

1. Apply systems thinking tools to a public health issue.

Full Description

The Master of Public Health degree in Biostatistics prepares students in the quantitative science of health data collection, storage, retrieval, analysis and interpretation. Graduates are equipped to use statistical methods to design and analyze health-related surveys and experiments for improving health. The college's faculty research interests include applying biostatistical analysis to understand critical health problems.

Graduates in biostatistics are in demand at hospitals, pharmaceutical companies, state and local health departments, federal health agencies and biotechnology companies to analyze the effectiveness of new drugs and interventions, identify risk factors for disease and develop effective prevention strategies.

Clinical Epidemiology - M.S.

College of Public Health
www.kent.edu/publichealth

About This Program

The Master of Science degree in Clinical Epidemiology is a STEM-designated advanced degree that prepares students in the epidemiological and biostatistical methods related to clinical trials and clinical research. Students learn advanced methods of observational and experimental study designs and are able to understand disease prevention, development, prognosis and treatment. In addition, students master and are able to apply good clinical practices, clinical trial design and management, statistical analysis, study monitoring, pharmaceutical research and regulations related to clinical research.

Contact Information

EPI 63199	THESIS I	
Minimum Total Credit Hours:		**36**

[1] All students will be required to present their thesis or research-based practicum to the College of Public Health at a presentation day, either in person or using videoconferencing technology. Students choosing a 3-credit hour research practicum will take 9 credit hours of electives. Students choosing a 6-credit hour thesis will take 6 credit hours of electives.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- Some students may be required to take science-based courses in addition to the requirements for the degree and, therefore, will graduate with more than the listed credit hours.
- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Conduct patient-oriented research to understand and modify health outcomes.
2. Design and carry out epidemiologic studies.
3. Analyze clinical data and understand the sources, strengths and limitations of patient data.
4. Design and perform clinical trials.
5. Interact with human subjects and describe prognosis, therapies and outcomes.

Clinical Research - Graduate Certificate

College of Public Health
www.kent.edu/publichealth

About This Program

The Clinical Research certificate is ideal for individuals with clinical experience or background who want to learn more about carrying out clinical research studies. With a 9.3% increase in job postings for clinical research positions in the last three years, and 14,607 nationwide job openings for clinical research coordinators, now is the time to gain the knowledge and skills needed to excel in this exciting field. Program Learning Outcomes

Graduates of this program will be able to:

1. Conduct patient-oriented research to understand and modify health outcomes.
2. Carry out clinical studies and clinical trials.
3. Describe clinical data and understand the sources, strengths and limitations of patient data.
4. Determine the methods and procedures to carrying out clinical studies.
5. Interact with human subjects and describe prognosis, therapies and outcomes.
6. Describe management of clinical studies.
7. Describe regulatory affairs related to clinical trials.
8. Discuss Health Insurance and Portability and Accountability Act (HIPAA).
9. Identify good clinical practices.

Full Description

The Clinical Research graduate certificate is a flexible program that is designed for students with different goals and needs for advancing their understanding of clinical research methods. Students in the program choose from courses in research methods, biostatistics or health policy and have the option to complete a research practicum. This certificate is appropriate for a wide range of individuals, including clinicians who need advanced training in research methods and those who are seeking credentials to move into clinical research positions.

Students may apply the courses in the certificate toward a graduate degree in the College of Public Health.

Environmental Health Sciences for Natural Science Majors - Minor

College of Public Health
www.kent.edu/publichealth

About This Program

Our Environmental Health Sciences for Natural Science Majors minor equips you with the knowledge and skills needed to understand and mitigate the impact of environmental factors on human health. With experienced faculty, cutting-edge research opportunities and a focus on hands-on learning, this program prepares you for a career in this critical field. Enroll now and make a difference in the health of our planet and its inhabitants. Read more...

PH 42100	CLIMATE CHANGE AND POPULATION HEALTH	
PH 43013	BUILT ENVIRONMENT AND PUBLIC HEALTH	
Minimum Total Credit Hours:		**21**

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Address the basic concepts, methods and tools of public health data collection, use and analysis and why evidence-based approaches are an essential part of public health practice.
2. Address the socioeconomic, behavioral, biological, environmental and other factors that impact human health and contribute to health disparities.

Full Description

The Environmental Health Sciences for Natural Science Majors minor is intended for students who have a strong interest or curricular focus in a natural science major. This includes students in a variety of majors including, but not limited to, biology, chemistry, geography, geology, physics, plant biology and zoology. The minor provides students with foundational concepts in environmental health as it relates to the broad field of public health.

Students who complete the required coursework and have 30 credit hours of coursework in specific public health areas, biology, chemistry, physics, geology, math or statistics can pursue a career path in State of Ohio agencies to become a registered environmental health specialist (REHS), as well as becoming well equipped to enter the workforce in a variety of career paths.

Environmental Health Sciences for Non-Natural Science Majors - Minor

College of Public Health
www.kent.edu/publichealth

About This Program

The Environmental Health Sciences for Non-Natural Science Majors minor is intended for students who have a strong interest or curricular focus in a natural science major. The minor provides students with foundational concepts in environmental health as it relates to the broad field of public health.

Students who complete the required coursework and have 30 credit hours of coursework in specific public health areas, biology, chemistry, physics, geology, math or statistics can pursue a Sanitarian in Training (SIT) career path in State of Ohio agencies to become a registered environmental health sanitarian (REHS), and are well equipped to enter the workforce in a variety of career paths.

CHEM 10050	FUNDAMENTALS OF CHEMISTRY (KBS)	
CHEM 10055	MOLECULES OF LIFE (KBS)	
CHEM 10060	GENERAL CHEMISTRY I (KBS)	
CHEM 10062	GENERAL CHEMISTRY I LABORATORY (KBS) (KLAB)	
Minor Electives, choose from the following:		9
PH 30012	COMMUNICABLE DISEASES	
PH 40102	SOLID AND HAZARDOUS WASTE MANAGEMENT	
PH 40103	FOOD PROTECTION (ELR)	
PH 40105	WATER AND WASTEWATER MANAGEMENT (ELR)	
PH 42100	CLIMATE CHANGE AND POPULATION HEALTH	
PH 43013	BUILT ENVIRONMENT AND PUBLIC HEALTH	
Minimum Total Credit Hours:		**28**

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Address the basic concepts, methods and tools of public health data collection, use and analysis and why evidence-based approaches are an essential part of public health practice.
2. Address the socioeconomic, behavioral, biological, environmental and other factors that impact human health and contribute to health disparities.

Epidemiology - M.P.H.

College of Public Health
www.kent.edu/publichealth

About This Program

Explore Kent State University's STEM-designated Master of Public Health program in Epidemiology, designed to provide students with comprehensive training in the principles and methods of epidemiological research. Gain expertise in analyzing health data, identifying disease trends and designing interventions to improve public health outcomes. Read more...

  - Fully online
  - In person
- **Location:**
  - Kent Campus

Accreditation

The M.P.H. degree in Epidemiology is accredited by the Council on Education for Public Health (CEPH).

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Minimum 3.000 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Goal statement
- Résumé
- Two letters of recommendation
- English Language Proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[1]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] International applicants who do not meet the above test scores will not be considered for admission.

Application Deadlines

- **Fall Semester**
  - Priority deadline: March 15 (international student)
    All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted by this deadline will receive the strongest consideration for admission.
  - Rolling admissions (domestic student)
- **Spring Semester**
  - Priority deadline: August 15 (international student)
    All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted by this deadline will receive the strongest consideration for admission.
  - Rolling admissions (domestic student)
- **Summer Term**
  - Rolling admissions (domestic student)

PH 61199	INTEGRATIVE LEARNING EXPERIENCE	1
Minimum Total Credit Hours:		**46**

[1] It is expected that students enrolled in EPI 60192 who do not complete the course in one term will continuously register for EPI 60292 each semester, until all requirements have been met. Credit hours for EPI 60292 do not apply to the minimum 46 credit hours for the degree.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- Practicum placement at an approved public health agency under the guidance of a qualified preceptor (150 or 300 contact hours).
- Final portfolio/report and a presentation integrating theory and practice.
- Participation in at least one approved interprofessional education event (IPE); IPE requires students to participate at a specific time/date to be determined in consultation with the student's advisor.
- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

Evidence-based Approaches to Public Health

1. Apply epidemiological methods to the breadth of settings and situations in public health practice.
2. Select quantitative and qualitative data collection methods appropriate for a given public health context.
3. Analyze quantitative and qualitative data using biostatistics, informatics, computer-based programming and software, as appropriate.
4. Interpret results of data analysis for public health research, policy or practice.

Public Health and Health Care Systems

1. Compare the organization, structure and function of health care, public health and regulatory systems across national and international settings.
2. Discuss the means by which structural bias, social inequities and racism undermine health and create challenges to achieving health equity at organizational, community and societal levels.

Planning and Management to Promote Health

1. Assess population needs, assets and capacities that affect communities' health.
2. Apply awareness of cultural values and practices to the design or implementation of public health policies or programs.
3. Design a population-based policy, program, project or intervention.
4. Explain basic principles and tools of budget and resource management. Select methods to evaluate public health programs.

Policy in Public Health

1. Discuss multiple dimensions of the policy-making process, including the roles of ethics and evidence.
2. Propose strategies to identify stakeholders and build coalitions and partnerships for influencing public health outcomes.
3. Advocate for political, social or economic policies and programs that will improve health in diverse populations.
4. Evaluate policies for their impact on public health and health equity.

Leadership

1. Apply principles of leadership, governance and management, which include creating a vision, empowering others, fostering collaboration and guiding decision making.
2. Apply negotiation and mediation skills to address organizational or community challenges.

Communication

1. Select communication strategies for different audiences and sectors.
2. Communicate audience-appropriate public health content, both in writing and through oral presentation.
3. Describe the importance of cultural competence in communicating public health content.

Interprofessional Practice

1. Perform effectively on interprofessional teams.

Systems Thinking

1. Apply systems thinking tools to a public health issue.

Full Description

The Master of Public Health degree in Epidemiology prepares students to analyze the distribution and determinants of disease, disabilities and death in populations. Graduates are able to apply quantitative and qualitative methods to investigate disease outbreaks, determine causal relationships between environmental and biological factors and conduct studies to project health trends in populations. Students benefit from public health faculty research agendas in immigrant and refugee health, chronic disease, cancer and infectious disease epidemiology.

Career opportunities for graduates include research positions in universities, medical schools and pharmaceutical companies; disease prevention specialists in hospitals; and surveillance managers in state and local health departments.

Health Services Administration - Minor

College of Public Health
www.kent.edu/publichealth

About This Program

The Health Services Administration minor is intended for students that have a strong interest in concepts related to the management, ethics and practice of the administration of health services. Students complete a series of specific courses designed to enhance their knowledge in the area of health services, as well as courses geared for professional practice.

The minor will augment students' study in a variety of majors including, but not limited to, business, communications, nursing, psychology, sociology, public health and health and human services.

[1] Students declared in the Nursing major may substitute NURS 40045 for PH 30033.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Describe the major components of the U.S. healthcare system, including key stakeholders, funding mechanisms and service delivery models.
2. Summarize basic leadership and management principles used in public health and health services organizations.
3. Explain the development of public health policies and how they influence health services administration.
4. Apply a basic ethical framework of public health and health care administration.

Health Technologies and Informatics - Minor

College of Public Health
www.kent.edu/publichealth

About This Program

Gain the skills and knowledge needed to work at the intersection of healthcare and technology. As a student in this program, you will learn about health information systems, data analysis and emerging technologies in healthcare. With a growing demand for professionals with these skills, you will be well-prepared for a wide range of careers in the healthcare industry. Read more...

- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Explain basic tenants of public health.
2. Identify how health informatics improves health care effectiveness and efficiency.
3. Describe the how technology informs lifespan learning.
4. Explain evaluation methods, e-Health, decision support, and database systems as important information technologies for supporting healthcare decision-making.
5. Identify innovative technologies that have the potential to inform and transform public health.

Full Description

The Health and Technologies and Informatics minor provides students with knowledge and skills in public health and information technology. Students who are interested in public health face new challenges and opportunities with technology. Conversely, students in other fields related to technology are often presented with challenges and opportunities related to public health. Drawing on an interdisciplinary focus of public health, education, communication, geography, information, and educational technology, students increase their skill set for practice in an information-intensive health care environment.

Students in this minor will gain knowledge on how information technology is used to organize and analyze health records, health information databases and trends in technology to improve healthcare outcomes. For students with natural science, communication, business, computer, or information technology degrees, the minor courses will expose them to the uniqueness and complexity of work processes in public health and healthcare.

Healthcare Compliance - Graduate Certificate

College of Public Health
www.kent.edu/publichealth

About This Program

With the increasing need for healthcare compliance professionals in today's regulatory environment, the Certified in Healthcare Compliance designation can set you apart from your peers and advance your career. With the CCB-accredited Healthcare Compliance graduate certificate, you will gain the knowledge and skills necessary to pass the HCCA exam and become highly employable in the field. Read more...

[1] Students who select HPM 60392 must undertake the practicum in the area of healthcare compliance.

Graduation Requirements

Minimum Certificate GPA	Minimum Overall GPA
3.000	3.000

Program Learning Outcomes

Graduates of this program will be able to:

1. Explain the components of the Health Insurance Portability and Accountability Act (HIPAA) of 1996.
2. Perform an audit on a healthcare organization to determine uses of protected health information and highlight areas of vulnerability.
3. Determine required and permitted disclosures of protected health information.
4. Describe the legal and historical foundations of compliance programs.
5. Identify key areas of compliance oversight within a healthcare operation.
6. Develop and implement an effective compliance program.
7. Implement operational aspects of a compliance program.
8. Measure, document and report the effectiveness of a compliance program.
9. Train staff on fraud, waste and abuse topics.
10. Conduct investigations.
11. Audit and monitor healthcare functions.
12. Respond to fraud, waste and abuse.

Full Description

The Healthcare Compliance graduate certificate provides the training necessary to enter this growing field where compliance professionals design and implement comprehensive programs to identify potential risk areas, develop policies, train staff, evaluate effectiveness and conduct investigations.

Healthcare spending accounts for approximately 19 percent of the entire U.S. economy. Unfortunately, some of that money is misspent in the form of fraud, waste and abuse. Federal and state governments continue to increase their scrutiny of healthcare organizations through a maze of complex law and regulations touching every part of the organization. The field of healthcare compliance is emerging as a response to these challenges.

LGBTQ+ Public Health - Graduate Certificate

College of Public Health
www.kent.edu/publichealth

About This Program

The LGBTQ+ Public Health graduate certificate provides the foundational topics and complex issues that contribute to public health and individual health inequities affecting sexual and gender minorities through community- and systems-level strategies that promote health and healthy behaviors.

Examples of Possible Careers and Salaries*

Community health workers

- 15.2% much faster than the average
- 64,900 number of jobs
- $42,000 potential earnings

Health education specialists

- 11.4% much faster than the average
- 62,200 number of jobs
- $56,500 potential earnings

Additional Careers

- Project coordinator (falls under business operations specialists, all other)
- Social and community service manager
- Clinical research associate (falls under clinical laboratory technologists and technicians)

Accreditation

The B.S.P.H. degree in Public Health is accredited by the Council on Education for Public Health (CEPH).

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

PH 44005	LEGAL ASPECTS OF HEALTH SERVICES MANAGEMENT	
PH 44010	PUBLIC HEALTH PLANNING AND FINANCE	
PH 44015	PUBLIC HEALTH MANAGEMENT	
PH 44020	PUBLIC HEALTH ETHICS IN PRACTICE, POLICY AND RESEARCH	
PH 44025	PRINCIPLES OF PUBLIC HEALTH LEADERSHIP	
Science Electives, choose from the following (6 credit hours):		
BSCI 11010	FOUNDATIONAL ANATOMY AND PHYSIOLOGY I (KBS) (KLAB)	
BSCI 11020	FOUNDATIONAL ANATOMY AND PHYSIOLOGY II (KBS) (KLAB)	
BSCI 20021	BASIC MICROBIOLOGY	
or BSCI 30171	GENERAL MICROBIOLOGY	
BSCI 21010	ANATOMY AND PHYSIOLOGY I (KBS) (KLAB)	
BSCI 21020	ANATOMY AND PHYSIOLOGY II	
BSCI 30050	HUMAN GENETICS	
or BSCI 30156	ELEMENTS OF GENETICS	
CHEM 10050	FUNDAMENTALS OF CHEMISTRY (KBS)	
or CHEM 10055	MOLECULES OF LIFE (KBS)	
or CHEM 10060	GENERAL CHEMISTRY I (KBS)	
HED 14020	MEDICAL TERMINOLOGY	
NURS 20950	HUMAN GROWTH AND DEVELOPMENT FOR HEALTH PROFESSIONALS	
NUTR 23511	SCIENCE OF HUMAN NUTRITION (KBS)	
PSYC 11762	GENERAL PSYCHOLOGY (DIVD) (KSS)	
SOC 12050	INTRODUCTION TO SOCIOLOGY (DIVD) (KSS)	
Additional Requirements (courses do not count in major GPA)		
Mathematics Elective, choose from the following:		3-5
CS 10051	COMPUTER SCIENCE PRINCIPLES (KMCR)	
MATH 10041	INTRODUCTORY STATISTICS (KMCR)	
MATH 10051	QUANTITATIVE REASONING (KMCR)	
MATH 10771	BASIC MATHEMATICAL CONCEPTS I PLUS (KMCR)	
MATH 10772	MODELING ALGEBRA PLUS (KMCR)	
MATH 10775	ALGEBRA FOR CALCULUS PLUS (KMCR)	
MATH 11008	EXPLORATIONS IN MODERN MATHEMATICS (KMCR)	
MATH 11009	MODELING ALGEBRA (KMCR)	
MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	
MATH 11012	INTUITIVE CALCULUS (KMCR)	
MATH 11022	TRIGONOMETRY (KMCR)	
MATH 12002	ANALYTIC GEOMETRY AND CALCULUS I (KMCR)	
MATH 12011	CALCULUS WITH PRECALCULUS I (KMCR)	
MATH 12012	CALCULUS WITH PRECALCULUS II (KMCR)	
MATH 14001	BASIC MATHEMATICAL CONCEPTS I (KMCR)	
MATH 14002	BASIC MATHEMATICAL CONCEPTS II (KMCR)	
Kent Core Basic Sciences (must include one laboratory)		6-7
Kent Core Additional		6
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours)		29
Minimum Total Credit Hours:		**56**

[1] At their time of admission, a student must submit a copy of their state licensure to an academic advisor in the College of Public Health. State licensure must be valid through the student's graduation term.

Clinical Trials Research Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (courses count in major GPA)		
PH 40013	CLINICAL EPIDEMIOLOGY BASICS	3
PH 40014	CLINICAL TRIALS MANAGEMENT	3
PH 40015	SCIENTIFIC WRITING FOR CLINICAL RESEARCH	3
PH 40017	PHARMACOEPIDEMIOLOGY	3
PH 40018	REGULATORY AFFAIRS IN CLINICAL RESEARCH	3
Public Health (PH) Upper-Division Electives (30000 or 40000 level)		6
Additional Requirements (courses do not count in major GPA)		
CHEM 10050	FUNDAMENTALS OF CHEMISTRY (KBS)	3-4
or CHEM 10055	MOLECULES OF LIFE (KBS)	
or CHEM 10060	GENERAL CHEMISTRY I (KBS)	
MATH 10775	ALGEBRA FOR CALCULUS PLUS (KMCR)	3-4
or MATH 11009	MODELING ALGEBRA (KMCR)	
or MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	
Biological Sciences Elective, choose from the following:		4
BSCI 10001 & BSCI 10003	HUMAN BIOLOGY (KBS) and LABORATORY EXPERIENCE IN BIOLOGY (KBS) (KLAB)	
BSCI 10110	BIOLOGICAL DIVERSITY (ELR) (KBS) (KLAB)	
BSCI 10120	BIOLOGICAL FOUNDATIONS (ELR) (KBS) (KLAB)	
BSCI 21010	ANATOMY AND PHYSIOLOGY I (KBS) (KLAB)	
Kent Core Additional		6
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours)		19
Minimum Total Credit Hours:		**56**

Health Services Administration Concentration Requirements

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Overview of Public Health: Address the history and philosophy of public health as well as its core values, concepts and functions across the globe and in society.
2. Role and Importance of Data in Public Health: Address the basic concepts, methods and tools of public health data collection, use and analysis, and why evidence-based approaches are an essential part of public health practice.
3. Identifying and Addressing Population Health Challenges: Address the concepts of population health and basic processes, approaches and interventions that identify and address the major health-related needs and concerns of populations.
4. Human Health: Address the underlying science of human health and disease, including opportunities for promoting and protecting health across the life course.
5. Determinants of Health: Address the socioeconomic, behavioral, biological, environmental and other factors that impact human health and contribute to health disparities.
6. Project Implementation: Address the fundamental concepts and features of project implementation, including planning, assessment and evaluation.
7. Overview of the Health System: Address the fundamental characteristics and organizational structures of the U.S. health system as well as the differences in systems in other countries.
8. Health Policy, Law, Ethics and Economics: Address the basic concepts of legal, ethical, economic and regulatory dimensions of health care and public health policy; and the roles, influences and responsibilities of the different agencies and branches of government.
9. Health Communications: Address the basic concepts of public health-specific communication (including technical and professional writing) and the use of mass media and electronic technology.

Full Description

The Bachelor of Science in Public Health degree in Public Health broadly prepares students to enter the workforce as a public health

professional or enter an advanced program of study. Students explore the five disciplines of public health: biostatistics, environmental health, epidemiology, health policy and management and the social and behavioral sciences through general coursework.

The Public Health major comprises the following concentrations:

- The **Allied Health** concentration seeks to augment the career portfolio of the allied health professional or aspiring student. Students who are interested in a generalist focus in public health or moving to a professional degree (accelerated nursing) or technical allied health degree (respiratory care, radiologic technology, occupational/physical therapy assisting, etc.) are encouraged to pursue this path. Students may currently hold or be actively pursuing a state licensure in an allied health field and may be eligible to receive a maximum 12 credit hours of upper-division credit for their prior experience and demonstrated competency in select areas. Students without a state licensure may still pursue this concentration but will complete 12 hours of coursework in allied health-specific areas. Students in this concentration are exposed to broad areas of public health, including epidemiology, biostatistics, environmental health, global health and health policy; thus, preparing students to meet the increased demands for a trained and educated public health workforce.
- The **Clinical Trials Research** concentration focuses on training students in the epidemiology methods used in clinical research. The curriculum provides students a thorough understanding of the management of research studies; the scientific literature related to drugs, medical devices and other new therapies; and the federal regulations related to conducting clinical trials. Students are prepared to design and answer research questions, collect and manage data and communicate research findings to both scientific and lay audiences. An internship experience provides necessary experience in a clinical research setting. Potential places of employment for graduates include hospitals, contract research organizations, medical schools and pharmaceutical companies where graduates assist with and manage clinical research studies.
- The **Health Services Administration** concentration establishes a foundation for graduate work in health policy and management. Students analyze national and local public health infrastructure, evaluate the effectiveness and efficiency of health care delivery and explore the legal and ethical issues of health care administration. Graduates enter the health care workforce as finance managers, compliance officers, patient navigators, insurance specialists and other health care managers. Students are encouraged to pair this concentration with a minor.
- The **Pre-Medicine, Dentistry, Osteopathy** concentration includes preparatory courses for the Medical College Admissions Test (MCAT), Dental Admissions Test (DAT) and admission entry into other professional schools, including pharmacy, podiatry, occupational/physical therapy and physicians assistant programs. The overall curriculum — focusing on biological, social and economic determinants of health; prevention and control of diseases; introduction to biostatistics; and public health research — makes this program highly desirable for admission to professional schools. The unique features of the program open new opportunities and offer competitive advantages for students seeking to enter into clinical medicine.

Students may apply early to the following master's degree programs and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program Policy in the University Catalog for more information:

- Biostatistics - M.P.H.
- Clinical Epidemiology - M.S.
- Epidemiology - M.P.H.
- Health Policy and Management - M.P.H.
- Social and Behavioral Sciences - M.P.H.

Students must consult with their undergraduate and faculty advisors each semester to create a plan substituting selected master's courses for selected undergraduate courses based on approved courses. Following graduation, students' applications to the M.P.H. or M.S. degree may be activated for admission.

Public Health - M.P.H.

College of Public Health

About This Program

Looking for a career in public health that can make a real difference in communities and populations? With the Master of Public Health degree offered in person or fully online, you can specialize in health policy and management or social and behavioral sciences, each with its own unique skill set and career opportunities. Whether you are interested in analyzing health data, investigating disease outbreaks, developing effective health services delivery models or designing and evaluating public health interventions, the M.P.H. degree can help you achieve your goals and make a positive impact in the field of public health. Program Delivery

- **Delivery:**
  - Fully online
  - Mostly online
  - In person
- **Location:**
  - Kent Campus
  - Twinsburg Academic Center (Health Policy and Management concentration only - mostly online)
  - Independence, Ohio (Health Policy and Management concentration only - mostly online)

Applications for the Twinsburg and Independence locations are not being accepted at this time.

Examples of Possible Careers and Salaries*

Epidemiologists

- 4.6% about as fast as the average
- 8,000 number of jobs
- $74,560 potential earnings

Health specialties teachers, postsecondary

- 20.5% much faster than the average
- 254,000 number of jobs
- $99,090 potential earnings

Medical and health services managers

- 31.5% much faster than the average
- 422,300 number of jobs
- $104,280 potential earnings

Social and community service managers

- 17.0% much faster than the average
- 175,500 number of jobs
- $69,600 potential earnings

Clinical laboratory technologists and technicians

- 7.3% faster than the average
- 337,800 number of jobs
- $54,180 potential earnings

Accreditation

The M.P.H. degree in Public Health is accredited by the Council on Education for Public Health (CEPH).

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

Applications for the Twinsburg and Independence locations are not being accepted at this time.

- Bachelor's degree from an accredited college or university
- Minimum 3.000 undergraduate GPA on a 4.000-point scale[1]
- Official transcript(s)
- Goal statement
- Résumé
- Two letters of recommendation
- English Language Proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[2]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] Students with less than a 3.000 GPA will be considered for conditional admission.

[2] International applicants who do not meet the above test scores will not be considered for admission.

Application Deadlines

- **Fall Semester**
  - Priority deadline: March 15 (international student)
    Applications submitted by this deadline will receive the strongest consideration for admission.
  - Rolling admissions (domestic student)
- **Spring Semester**
  - Priority deadline: August 15 (international student)
    Applications submitted by this deadline will receive the strongest consideration for admission.
  - Rolling admissions (domestic student)
- **Summer Term**
  - Rolling admissions (domestic student)

CES 67692	PRACTICUM IN ADDICTIONS COUNSELING [2]	3-6
or SBS 60392	APPLIED PRACTICE EXPERIENCE IN SOCIAL AND BEHAVIORAL SCIENCES	
Minimum Total Credit Hours:		**15-18**

[1] Only students admitted to the Addictions Counseling graduate certificate may apply CES 67664 toward the degree.

[2] Only students admitted to the Addictions Counseling graduate certificate may apply CES 67692 toward the degree. Those students must consult with their advisor to ensure that they meet competencies for SBS 60392. It is expected that students enrolled in SBS 60392 who do not complete the course in one term will continuously register for SBS 60292 each semester, until all requirements have been met. Credit hours for SBS 60292 do not apply to the minimum 46 credit hours for the degree.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- Practicum placement at an approved public health agency under the guidance of a qualified preceptor (150 or 300 contact hours)
- Final portfolio/report and a seminar presentation integrating theory and practice
- Participation in at least one approved interprofessional education event; event requires students to participate at a specific time/date to be determined in consultation with the student's advisor
- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

Evidence-based Approaches to Public Health

1. Apply epidemiological methods to the breadth of settings and situations in public health practice.
2. Select quantitative and qualitative data collection methods appropriate for a given public health context.
3. Analyze quantitative and qualitative data using biostatistics, informatics, computer-based programming and software, as appropriate.
4. Interpret results of data analysis for public health research, policy or practice.

Public Health and Health Care Systems

1. Compare the organization, structure and function of health care, public health and regulatory systems across national and international settings.
2. Discuss the means by which structural bias, social inequities and racism undermine health and create challenges to achieving health equity at organizational, community and societal levels.

Planning and Management to Promote Health

1. Assess population needs, assets and capacities that affect communities' health.
2. Apply awareness of cultural values and practices to the design or implementation of public health policies or programs.
3. Design a population-based policy, program, project or intervention.
4. Explain basic principles and tools of budget and resource management.
5. Select methods to evaluate public health programs.

Policy in Public Health

1. Discuss multiple dimensions of the policy-making process, including the roles of ethics and evidence.

2. Propose strategies to identify stakeholders and build coalitions and partnerships for influencing public health outcomes.
3. Advocate for political, social or economic policies and programs that will improve health in diverse populations.
4. Evaluate policies for their impact on public health and health equity.

Leadership

1. Apply principles of leadership, governance and management, which include creating a vision, empowering others, fostering collaboration and guiding decision making.
2. Apply negotiation and mediation skills to address organizational or community challenges.

Communication

1. Select communication strategies for different audiences and sectors.
2. Communicate audience-appropriate public health content, both in writing and through oral presentation.
3. Describe the importance of cultural competence in communicating public health content.

Interprofessional Practice

1. Perform effectively on interprofessional teams.

Systems Thinking

1. Apply systems thinking tools to a public health issue.

Dual Degree with Master of Business Administration

Students have the opportunity to complete a dual degree program with the Master in Public Health and the Master of Business Administration. A separate application must be submitted for each program. Students can view admission requirements for each program on their respective catalog page.

The M.B.A./M.P.H. dual degree program prepares students for responsible leadership positions and offers an integrated business and public health curriculum designed to help students develop real-world knowledge and skills needed to pursue success and management opportunities in the public health industry.

Graduation Requirements

- Practicum placement at an approved public health agency under the guidance of a qualified preceptor (150 or 300 contact hours)
- Final portfolio/report and a seminar presentation integrating theory and practice
- Participation in at least one approved interprofessional education event; event requires students to participate at a specific time/date to be determined in consultation with the student's advisor

Full Description

The Master of Public Health degree in Public Health is designed to help students develop real-world knowledge and skills needed to pursue success in the public health industry.

The Public Health major comprises the following concentrations:

- The **Health Policy and Management** concentration prepares students to address public health risks and develop effective health services delivery models. This concentration incorporates health services research, health policy analysis and health care planning and management. Given the active research of the college's faculty in identifying service gaps and in developing evidence-based practices and policy analysis, students emerge with strong skills in health services management, alternative models of service financing and strategies for improving services. Career opportunities for graduates include administrative and management positions in hospitals, clinics, state and local health departments, nursing homes and mental health facilities; policy analyst positions in health planning organizations and governmental agencies; and planning and management positions in health maintenance organizations and health insurance companies.

- The **Social and Behavioral Sciences** concentration provides students with an interdisciplinary approach to improve health in populations across the life course. Students learn to apply theoretical principles to design, implement and evaluate effective programs that include behavioral and environmental approaches. Graduates are able to design and evaluate public health interventions intended to improve health for families, workplaces, communities and other settings. The active research of the college's faculty— particularly in the areas of childhood obesity, violence and injury prevention, substance abuse prevention and chronic disease prevention— provides students the opportunity to work on large-scale externally funded prevention research. Students are prepared for careers in health promotion; program design and evaluation; and prevention program development for state and local health departments, workplace health promotion programs, hospitals, international health agencies, mental health centers and non-profit organizations. Students have the opportunity to declare the Addictions Counseling graduate certificate to become licensed chemical dependency counselors in the state of Ohio.

Students in the M.P.H. degree have the opportunity to complete a dual degree with the Doctor of Podiatric Medicine degree. A separate application must be submitted for each program. Students can view admission requirements for each program on their respective catalog page.

Public Health - Minor

College of Public Health
www.kent.edu/publichealth

About This Program

The Public Health minor integrates key aspects of preventing disease, prolonging life and promoting health through the organized efforts and informed choices of society, organizations, communities and individuals. Students who choose to augment their major by adding the public health minor increase their awareness of emerging issues in public health, the social and behavioral aspects of preventing disease, environmental health concepts, the changing U.S. health care system and the monitoring of diseases in the community through applied public health research.

- Speak with an Advisor

Program Delivery

- **Delivery:**
  - Fully online
  - In person
- **Location:**
  - Kent Campus

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

Program Requirements

Minor Requirements

Code	Title	Credit Hours
Minor Requirements		
PH 10001	INTRODUCTION TO PUBLIC HEALTH	3
PH 20001	ESSENTIALS OF EPIDEMIOLOGY	3
PH 44000	HEALTH DISPARITIES (DIVD) (WIC)	3
Public Health (PH) Lower-Division Elective (10000 or 20000 level)		3
Public Health (PH) Upper-Division Electives (30000 or 40000 level) [1]		6
Minimum Total Credit Hours:		**18**

[1] Students in the Nursing major may substitute NURS 40020 for PH 30007, NURS 40045 for PH 30033 and NURS 40872 for PH 30004.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Understand the history and philosophy of public health, as well as its core values, concepts and functions across the globe and in society.
2. Understand the basic concepts, methods and tools of public health data collection, use and analysis; in addition to why evidence-based approaches are an essential part of public health practice.
3. Understand the socio-economic, behavioral, biological, environmental and other factors that impact human health and contribute to health disparities.

Public Health - Ph.D.

College of Public Health
www.kent.edu/publichealth

About This Program

The Ph.D. degree in Public Health bridges population health and research methods to prepare graduates for careers in academics, industry and public service agencies. Students concentrate in either epidemiology or prevention science and complete two to three years of coursework with an additional two or more years of research. Students complete a comprehensive exam and oral prospectus defense and prepare a final written dissertation with presentation and defense. Read more...

- 31.5% much faster than the average
- 422,300 number of jobs
- $104,280 potential earnings

Accreditation

The Ph.D. degree in Public Health is accredited by the Council on Education For Public Health (CEPH).

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

Applications to the Health Policy and Management concentration are not being accepted at this time.

- Master's degree in a related discipline from an accredited college or university
- Minimum 3.000 graduate GPA on a 4.000-point scale
- Official transcript(s)
- GRE score or other standardized graduate admission exam with a quantitative component[1]
- Résumé
- Goal statement
- Three letters of recommendation
- Interview with faculty
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[2]
  - Minimum 94 TOEFL iBT score
  - Minimum 7.0 IELTS score
  - Minimum 65 PTE score
  - Minimum 120 DET score

Students who do not meet prerequisites for the Ph.D. degree may be required to complete additional coursework.

1 GRE scores may be waived as determined by graduate coordinator.
2 International applicants who do not meet the above test scores will not be considered for admission.

Application Deadlines

- **Fall Semester**
  - Priority deadline: December 1

All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted by this deadline will receive the strongest consideration for admission.

A minimum 3 credit hours of content-related courses must be in research methods or statistics. The courses may be in the College of Public Health or in other disciplines outside the college.

[2] Each doctoral candidate, upon admission to candidacy, must register for Dissertation I for a total of 30 credit hours. It is expected that a doctoral candidate will continuously register for Dissertation I, and thereafter Dissertation II, each semester, until all requirements for the degree have been met.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- Pass concentration-specific candidacy exam

Program Learning Outcomes

Graduates of this program will be able to:

1. Explain public health history, philosophy and values.
2. Identify the core functions of public health and the 10 Essential Public Health Services.
3. Explain the role of quantitative and qualitative methods and sciences in describing and assessing a population's health.
4. List major causes and trends of morbidity and mortality in the United States or other community relevant to the school or program.
5. Discuss the science of primary, secondary and tertiary prevention in population health, including health promotion, screening, etc.
6. Explain the critical importance of evidence in advancing public health knowledge.
7. Explain effects of environmental factors on a population's health.
8. Explain biological and genetic factors that affect a population's health.
9. Explain behavioral and psychological factors that affect a population's health.
10. Explain the social, political and economic determinants of health and how they contribute to population health and health inequities.
11. Explain how globalization affects global burdens of disease.
12. Explain an ecological perspective on the connections among human health, animal health and ecosystem health (e.g., One Health).

Full Description

The Ph.D. degree in Public Health bridges public safety and health career pathways to address a nationwide shortage of public health workers.

The Public Health major comprises the following concentrations:

- The **Epidemiology** concentration prepares students to examine the distribution and determinants of diseases in populations. Graduates are able to apply quantitative and qualitative methods to examine critical and/or emerging health issues, gain advanced ability to conduct large studies and analyze data sets in order to project health trends in populations of interest. Students in this concentration

benefit from active faculty research agendas in biopreparedness, public health surveillance systems, chronic disease, cancer and infectious disease epidemiology.

- The **Health Policy and Management** concentration prepares students to design and implement studies and use advanced research methods to examine critical and emerging health issues. The heart of the concentration is a focus on interdisciplinary skills to meet the rapidly changing health needs of communities. Students benefit from active faculty research agendas in health systems research, occupational health and safety, reproductive health, HIV/AIDS, access to health care, health literacy, substance abuse prevention and community-based programming.
- The **Prevention Science** concentration is an interdisciplinary program aimed at promoting healthy behaviors in populations across the life course. Graduates are prepared to design and evaluate public health interventions and have expertise in a variety of theoretical and substantive perspectives for conducting research within systems of the family, health and education, workplace and community. Active faculty research provide students the opportunity to work on community-based prevention research.

Public Health - Undergraduate Certificate

College of Public Health
www.kent.edu/publichealth

About This Program

The Public Health undergraduate certificate integrates key aspects of preventing disease, prolonging life and promoting health through the organized efforts and informed choices of society, organizations, communities and individuals. The certificate program is aimed at students who are interested in gaining exposure to the field of public health, do not intend to pursue a bachelor's degree or already hold a bachelor's or associate degree and wish to broaden their knowledge of public health. Certificate graduates have an understanding of emerging issues in public health, the social and behavioral aspects to preventing disease, environmental health concepts, the changing U.S. health care system and the monitoring of diseases in the community through applied public health research.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning a minimum 71 TOEFL iBT score, minimum 6.0 IELTS score, minimum 47 PTE score or minimum 100 DET score, or by completing the ELS level 112 Intensive English Program. For more information, visit the admissions website for international students.

Transfer Students: Students who have attended any other educational institution after graduating from high school must apply as undergraduate transfer students. For more information, visit the admissions website for transfer students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the program's Coursework tab.

- Theatre Design and Technology - M.F.A.

College Policies

Dual Degree/Double Major

School of Art

Students are permitted to double major in more than one division of the School of Art or complete more than one concentration in the same division.

1. Students enrolling in more than one major within the school must complete all course requirements in each major. If the two majors represent different degree programs, a minimum of 140 credit hours must be completed.
2. Students enrolling in a double concentration within the B.F.A. program must complete at least 12 upper-division credit hours within each concentration. In addition, all reviews must be passed and a senior project must be completed in each concentration.

A student taking a second major in art history must complete the language requirement. The program requirements for a double major must be approved in advance in writing by either the director or the division coordinator and become a part of the student's permanent file.

The Hugh A. Glauser School of Music

The Bachelor of Music, Bachelor of Arts degree in Music and the Bachelor of Science degree in Music Technology programs can be combined with approval by the faculty and director of the School of Music. In addition, double majors and more than one concentration within a major can be approved by the faculty and director of the School of Music.

Exhibitions

Students enrolled in a B.F.A. or B.A. program in studio art, and in the B.F.A. in art education, must receive a rating of "satisfactory" on selected works exhibited during their portfolio review.

No-Credit Courses

Some courses do not generate credit within particular programs. ARTH 12001 does not generate credit for majors within the School of Art, but can be used to fulfill Kent Core requirements. Check course descriptions carefully for more information.

Physical Activity and ROTC Courses

No more than 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses or the first 16 credit hours of ROTC courses—Aerospace Studies (ASTU) and Military Studies (MSCI)—may apply to the 120 credit hours required for graduation.

Veterans who have completed a minimum of one year of active duty may receive PWS credit for military basic training according to branch of service, as follows:

- Army and Marine Corps, 3 credit hours;
- Navy and Coast Guard, 2 credit hours;
- Air Force, 1 credit hour.

Requirement Audit

Upon completion of 60 credit hours, each student is required to contact the College of the Arts Advising office to obtain a current evaluation of progress toward completion of the student's chosen degree program. Requirement evaluations are not a substitute for meeting with a faculty advisor. Students may access GPS (Graduation Planning System) audit through their FlashLine account which provides them with information about their academic progress. Questions about GPS audits are answered in the College of the Arts Advising office.

Requirements for Admission to Advanced Study for Art Education and Music Education

Admission to advanced study is required of all art education and music education majors and minors prior to enrolling in upper-division education courses. Upon completion of coursework, as determined by program area, students should have satisfied the prerequisites for admission to advanced study. Students must submit an application for advanced study by the second Friday of the term during which all prerequisites for advanced study will be completed, and at least one semester prior to beginning any coursework for which "Admission to Advanced Study" is a prerequisite. Students at the Kent Campus apply for Advanced Study through the College of Education, Health and Human Services Student Portal, which can be accessed through the Vacca Office of Student Services web page. Students completing a licensure program at a regional campus should check with that campus for instructions on how to apply for "Advanced Study." Please note: Admission to advanced study is required for students pursuing an undergraduate major that leads to teacher licensure. Please be aware that reapplication may be necessary if postponing advanced study coursework or if withdrawn for one year or more.

Requirements for Admission to Advanced Study for Art Education and Music Education

- College Writing: Students are required to attain a minimum C grade in each writing courses (ENG 11011 and ENG 21011 or equivalent).
- Pre-Advanced Study Coursework: To be eligible for advanced study, students must earn a minimum C grade in CULT 29535 and a minimum C grade in one of the following courses (please note that a minimum C grade must be earned in all of the four courses for teacher licensure programs):
  - EPSY 29525
  - SPED 23000
- Grade Point Average:
  - Art Education majors must have earned a minimum 2.500 cumulative GPA in order to be admitted to Advanced Study.
  - Music Education majors must have earned a minimum 2.500 cumulative GPA and a minimum 2.750 major GPA at the time of application in order to be admitted to Advanced Study.

- Disposition Assessment/Professional Disposition Plans (PDPs): Students are required to have completed all professional dispositions plan (PDPs) at the time of application to be eligible for advanced study.
- Advising Appointment: Art Education and Music Education students should make an advising appointment with a professional advisor in the Vacca Office of Student Services (or Regional Campus advising office if completing the program at that campus) for information about applying for Advanced Study and educator licensure. Advising appointments at the Kent Campus are made through the Vacca Office of Student Services' website at www.kent.edu/ehhs/services/voss.
- Teacher Candidate Acknowledgments and Legal Questions for Licensure: Candidates are required to electronically sign four statements acknowledging that they have read and understand the following areas: background check requirements; professional dispositions; licensure application information; legal questions asked on the licensure application. Statements can be found on the student portal.

School of Music Graduate Study

Program Requirements

Each student will be accepted as a major in a specific curricular area. It may be necessary for the student to complete Kent State University requirements for the appropriate undergraduate degree. Students' academic requirements are based on the catalog in effect during their first semester at Kent State University. Students may elect to complete their degrees under the most recent catalog, but must comply with all the new requirements relevant to their program under the new catalog.

Master's Thesis, Essay, Recital and Final Oral Examination

All Master of Music degree candidates in Performance must perform two recitals or one recital and write an essay depending on their specific degree requirements. Final oral examinations are required for all masters programs. The final oral examination may be attempted two times.

Research Tool Requirement

Candidates for the Master of Arts degree in Ethnomusicology must demonstrate a reading and understanding knowledge of one foreign language. Credit hours earned in meeting this requirement are not applied toward the credit hour requirement for the program.

For Ph.D. degree candidates in Music Theory - Composition, this requirement may be either a reading translating knowledge of one foreign language or demonstrated competence in an area of research specified by the doctoral advisory committee and approved by the Graduate Studies Committee. Credit hours earned in meeting this requirement are not applied toward the credit hour requirement for the program. For Ph.D. degree candidates in Music Education, this requirement is MUS 73283 and related research methods courses in the College of Education, Health and Human Services. These courses are applied toward the credit hour requirement for the program.

Ph.D. Candidacy Exams, Dissertation and Dissertation Defense

Doctoral candidates will take a comprehensive examination upon completion of their coursework and research tool requirement. This candidacy exam normally takes place within four years of beginning coursework. All doctoral candidates write and defend a dissertation via a final oral examination. The dissertation phase normally is completed within five years of passing the candidacy exams.

Time Limits

Master of Arts and Master of Music degree candidates must complete their degree within six calendar years after their first graduate registration at Kent State University. Any credit transferred for meeting degree requirements must also have been earned within the six-year period.

Ph.D. degree candidates must complete their degree within nine calendar years after their first doctoral registration at Kent State University. Any credit transferred for meeting degree requirements must also have been earned within the nine-year period.

Workshop Credit

A maximum 4 credit hours of workshop credit may be applied toward certain graduate degrees. The credit hours must pertain to the degree emphasis. Only workshop credits earned with a B grade or higher may be transferred into a program.

School of Music Undergraduate Professional Standards

1. **Ensemble Requirements**
   Ensemble participation is an integral part of every music major's program. All full-time music majors must enroll for credit and participate in an ensemble appropriate to their major performance area until the number of semesters required in the program are completed. Music minors in the College of the Arts must enroll in a major ensemble for a minimum of two semesters. Transfer music minors must enroll in a major ensemble for a minimum of one semester.
2. **Recital Attendance**
   Required recital attendance is intended to enhance the musical perspective of all music majors and give them exposure to a sampling of various genres and performing media. Transfer students must attend a minimum of 10 recitals per semester. Other undergraduate music majors are required to attend a minimum four-year total of 84 concerts or recitals. Attendance at an average of 10-12 School of Music concerts per semester is recommended. Students will be notified of their status in regard to this policy once per semester. Appropriate information for all students will be sent to the college office prior to graduation. Further information is available in the School of Music office.
3. **Applied Music Requirement for the Bachelor of Music**
   a. **36000-level requirements:** All freshmen enter at the 36000-level of applied study. A minimum of four semesters of enrollment are required in the number of applied credit hours as prescribed by the degree program. A jury is performed at the end of each semester. At entrance, all students are informed of the performance standards necessary to advance to the 46000-level as determined by the faculty of each applied area. Transfer students with a minimum of four semesters of applied study (or equivalent) may enter at the 46000-level as determined by the entrance audition.
   b. **46000-level evaluation:** Students in the Bachelor of Music degree program will be evaluated during juries to determine if they meet the 46000-level entrance standard. The results of the 46000-level entry evaluation are:

i. **Pass to the 46000-level**.
ii. **Probation for one semester:** The students will register at the 46000-level and retake the upper-level entrance jury at the end of the probationary semester. If the 46000-level entrance standard is not achieved, the students return to the 36000-level, repeating as needed.
iii. **Failure to pass the entry-level evaluation:** The students remain at the 36000-level of applied study until the 46000-level entrance standard is met.

c. **Required accumulation of 46000-level applied credits**
i. **Performance concentration:** four semesters (16 credit hours)
ii. **Education majors:** three semesters (6 credit hours)
iii. **Composition concentration:** must pass the 46000-level entry evaluation prior to graduation.

d. **46000-level outcome assessment/recital**
i. **Performance requirement***:* All Bachelor of Music performance degree candidates (piano, voice, instrumental) must perform both a one-half junior and a full senior recital; all other Bachelor of Music majors (composition, music education) must perform a half recital. Students who do not pass the recital must repeat 46000-level lessons until the recital is acceptable. Composition students may fulfill the one-half recital requirement in several ways.

e. **Applied music requirements for the Bachelor of Arts in Music**
Students in the Bachelor of Arts in Music program must meet the 46000-level as a graduation requirement and are not required to enroll at the 46000-level. Bachelor of Arts degree candidates are required to perform a half or full senior recital if approved by the faculty while enrolled in applied music or complete MUS 48598.

f. **Applied music requirements for the B.S. in Music Technology**
i. Music technology majors are required to complete a total of six semesters (12 credit hours) of Applied Studio Musicianship. A jury is performed at the end of each semester of study.
ii. Students must meet the Sophomore Proficiency requirement after two semesters and the Senior Proficiency requirement prior to graduation.

4. **Advanced Study Admission Requirements**
All Bachelor of Music degree majors must fulfill certain requirements to enter appropriate advanced standing for program specific upper-division coursework in the School of Music. These requirements are as follows:
a. **Performance concentrations:** All students must meet the requirements for admission to 46000-level applied study as stated above.
b. **Composition concentration:** The composition faculty will evaluate each student's work during the semester in which MUS 21112 is taken to determine if the student should continue to pursue the concentration. A 3.000 GPA is required in music theory classes. A skills test and composition portfolio are required. Specific information may be obtained from the coordinator of theory and composition.
c. **Music Education concentration:** Music education majors must apply for admission into advanced study in the College of Education, Health, and Human Services prior to junior year. Music education majors must also pass the music education professional evaluation in the music education division limited to two attempts of the entire evaluation. Specific information may be obtained from the coordinator of music education.
5. **Grade Standard**
Music majors and minors must earn a grade of C or better in all music courses in order to count them toward graduation and meet prerequisites for subsequent courses. Music courses required to meet the Writing-Intensive Course requirement must be passed with a C or better.
6. **Outcomes Assessment**
Candidates seeking Ohio licensure are required to pass specific assessments in order to apply for licensure. See Ohio Department of Education-Educator Preparation website for more information on assessments specific to licensure type. Taking and passing the licensure tests prior to graduation is encouraged but not required.

To graduate from Kent State University with the B.S. In music technology, students must have successfully completed a music technology Internship through an evaluation by the Music Technology Committee.

Transfer Students to the School of Art

Transfer students with more than two studio art courses should submit a portfolio of work for proper placement. The director of the School of Art may impose additional requirements considered reasonable and necessary. Transfer credits are evaluated consistent with the state Transfer Articulation Guidelines (TAG), although each student will be evaluated individually in terms of their ability to perform within the program. Transfer students should make every effort to complete admission requirements before the deadlines and see an advisor in the School of Art for an evaluation of the portfolio and schedule planning before registration.

College of the Arts

College of the Arts (CA)

CA 10195 SPECIAL TOPICS IN THE COLLEGE OF THE ARTS 1-5 Credit Hours

(Repeatable for credit)This program, administered by the dean, is intended to encourage interdisciplinary study, to cover areas not treated adequately in the standard course and to make available promptly the new and significant experience of the faculty. Requests for the scheduling of these courses are made by faculty members or students to the sponsoring school or to the dean. The schools concerned clear the proposed course with the Curriculum Committee of the college.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-5 lecture
Grade Mode: Standard Letter

CA 20004 BEST PRACTICES IN THE ARTS 2 Credit Hours
This arts course highlights best practices and activities needed to thrive in any arts medium. Concepts are reinforced through real-world studio-based projects, and by listening to speakers from diverse artistic mediums and perspectives share strategies that helped them succeed.
Prerequisite: None.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1.5 lecture, 1 other
Grade Mode: Standard Letter

CA 20005 INNOVATIVE APPLICATIONS IN THE ARTS 2 Credit Hours
This arts course encourages students to apply divergent thinking through the lens of a world view to develop a strategy to innovate and flourish in the arts ecosystem.
Prerequisite: None.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1.5 lecture, 1 other
Grade Mode: Standard Letter

CA 20010 SUCCESS IN THE ARTS 1 Credit Hour
This course prepares students for their professional life in the arts through building academic success skills. This course will help students develop proficiency in time management, goal setting, studying, working with faculty and academic advisors and personal organization.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

CA 20295 SPECIAL TOPICS IN THE COLLEGE OF THE ARTS 1-5 Credit Hours
(Repeatable for credit)This program, administered by the dean, is intended to encourage interdisciplinary study, to cover areas not treated adequately in the standard course and to make available promptly the new and significant experience of the faculty. Requests for the scheduling of these courses are made by faculty members or students to the sponsoring school or to the dean. The schools concerned clear the proposed course with the Curriculum Committee of the college.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-5 lecture
Grade Mode: Standard Letter

CA 30395 SPECIAL TOPICS IN THE COLLEGE OF THE ARTS 1-5 Credit Hours
(Repeatable for credit) This program, administered by the dean, is intended to encourage interdisciplinary study, to cover areas not treated adequately in the standard course and to make available promptly the new and significant experience of the faculty. Requests for the scheduling of these courses are made by faculty members or students to the sponsoring school or to the dean. The schools concerned clear the proposed course with the Curriculum Committee of the college.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-5 lecture
Grade Mode: Standard Letter

CA 31300 MUSIC CAREER DEVELOPMENT AND ENTREPRENEURSHIP 2 Credit Hours
This course includes a study of music entrepreneurship and the attributes of successful musicians including creating a project, financing a project, and marketing a project for understanding of career options in various music fields. This course mixes theory with practice and challenges the student to apply concepts and principles to real world situations.
Prerequisite: Music, Music Education or Music Technology major; and junior standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

CA 40493 VARIABLE TITLE WORKSHIP IN THE COLLEGE OF THE ARTS 1-5 Credit Hours
(Repeatable for credit) Workshop setting dealing with topics within the College of the Arts.
Prerequisite: None.
Schedule Type: Workshop
Contact Hours: 1-5 other
Grade Mode: Satisfactory/Unsatisfactory

CA 40495 SPECIAL TOPICS IN THE COLLEGE OF THE ARTS 1-5 Credit Hours
(Repeatable for credit) This program, administered by the dean, is intended to encourage interdisciplinary study, to cover areas not treated adequately in the standard course and to make available promptly the new and significant experience of the faculty. Requests for the scheduling of these courses are made by faculty members or students to the sponsoring school or to the dean. The schools concerned clear the proposed course with the Curriculum Committee of the college.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-5 lecture
Grade Mode: Standard Letter

CA 41495 SPECIAL TOPICS IN THE COLLEGE OF THE ARTS 1-5 Credit Hours
(Repeatable for credit)This program, administered by the dean, is intended to encourage interdisciplinary study, to cover areas not treated adequately in the standard course, and to make available promptly the new and significant experience of the faculty. Requests for the scheduling of these courses are made by faculty members or students to the sponsoring school or to the dean. The school concerned clears the proposed course with the College Curriculum Committee.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-5 lecture
Grade Mode: Satisfactory/Unsatisfactory

School of Art

Art (ART)

ART 10022 2D COMPOSITION 3 Credit Hours
This course is a basic introduction to flat pictorial composition. Students will explore the basic principles of design and the application of elements (line, shape, value, texture, and color) to the two-dimensional surface. Students will learn to work with traditional materials as well as new technology. In addition to developing technical proficiency with a variety of materials and tools, emphasis will be placed on visual literacy and critical thinking skills throughout this course. All work (preliminary and final) must be retained for the duration of the semester and beyond as required.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

ART 10023 3D COMPOSITION 3 Credit Hours
Course serves as the introductory three-dimensional experience, focusing on fundamental principles, elements and strategies of visual organization. Focus is on creative problem solving using a variety of approaches and materials, and favors non-equipment intensive assignments. Students develop critical thinking and practical skills relating to three-dimensional form and space. This foundation-level course prepares students for subsequent study within all the visual arts.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

ART 10024 DIGITAL MEDIA 3 Credit Hours
This course introduces concepts, tools, software and a series of guided exercises to support the creative integration of digital media into making and understanding visual art. In addition to developing technical proficiency with digital media, emphasis is placed on visual literacy and critical thinking skills throughout this course.
Prerequisite: Art Education major or Art History major or Studio Art major.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ART 30001 COMMON REVIEW 1 Credit Hour
The course provides an introduction to professional visual arts practices, as well as a candid assessment of a student's emerging strengths. This formative review of digital portfolios, physical artwork and student writing by a panel of School of Art faculty members is intended to assist students in deciding on concentration(s) and a degree program prior to enrollment in upper-division courses.
Prerequisite: ART 10022 and ART 10023 and ART 10024 and ARTH 22007 and ARTS 14000; and two of the following courses: ARTS 14001, ARTS 24002, ARTS 24010, ARTS 24040, ARTS 24051, ARTS 24061, ARTS 25310, ARTS 25400, ARTS 25600 and ARTS 25700; and special approval.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

ART 30692 EXPERIENTIAL LEARNING IN THE VISUAL ARTS (ELR) 1-3 Credit Hours
(Repeatable for credit) An undergraduate, experience-based learning activity carried out in a visual arts setting. Emphasis is on the goals of connecting ideas, concepts and skills developed in coursework to applications in new or different contexts, demonstrating how this experience has broadened students' understanding of their discipline, and reflection on significance of the experience. Learning contract required.
Prerequisite: School of Art major; and junior standing; and special approval of faculty sponsor.
Schedule Type: Practical Experience
Contact Hours: 3-9 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

ART 40008 PROFESSIONAL PRACTICES IN VISUAL ARTS (WIC) 3 Credit Hours
Introduction to the concerns and practices of the professional artist/craftsperson.
Prerequisite: Studio Art major; and junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

ART 40099 B.A. STUDIO ART CAPSTONE (ELR) (WIC) 3 Credit Hours
This writing-intensive course is an integrative experience that brings together all components of the B.A. in Studio Art. Students work on a final presentation and supportive cumulative dossier with complementary writing assignments.
Prerequisite: College of the Arts major; and junior standing.
Schedule Type: Project or Capstone
Contact Hours: 3 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement, Writing Intensive Course

ART 41093 VARIABLE TITLE WORKSHOP IN ART 1-6 Credit Hours
(Slashed with ART 51093)(Repeatable for maximum of 18 credit hours) Topics vary per course offering.
Prerequisite: Special approval.
Schedule Type: Workshop
Contact Hours: 1-6 other
Grade Mode: Satisfactory/Unsatisfactory

ART 51093 VARIABLE TITLE WORKSHOP IN ART 1-6 Credit Hours
(Slashed with ART 41093)(Repeatable for credit) Topics vary per course offering.
Prerequisite: Graduate standing.
Schedule Type: Workshop
Contact Hours: 1-6 other
Grade Mode: Satisfactory/Unsatisfactory

ART 67199 M.A.THESIS I 2-6 Credit Hours
Thesis students must register for a minimum of 6 hours, 2 to 6 hours in a single semester distributed over several semesters if desired.
Prerequisite: Graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

ART 67299 M.A.THESIS II 2 Credit Hours
(Repeatable for credit) Thesis students must continue registration each semester until all degree requirements are met.
Prerequisite: ART 67199; and graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

ART 69199 M.F.A. THESIS I 2-6 Credit Hours
Thesis students must register for a total of 6 credit hours, 2 to 6 credit hours in a single semester distributed over several semesters if desired.
Prerequisite: Graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

ART 69299 M.F.A. THESIS II 2 Credit Hours
Thesis students must continue registration each semester until all degree requirements are met.
Prerequisite: ART 69199; and graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

Art Education (ARTE)

ARTE 31001 ART EDUCATION: FOUNDATIONS AND CONCEPTS - ELEMENTARY 3 Credit Hours
An introduction to visual arts education for the young child (PreK-6) using current theory and practice. Curriculum foci include the study of developmental stages of children's art expression and response, creative expression, response dimensions related to art, diversity and educational practices. Course activities include lecture, research, discussion, group activities, studio and field experiences.
Prerequisite: Art Education major.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTE 31005 SPECIAL TOPICS: ART EDUCATION- 2-4 Credit Hours
(Repeatable for credit) Content varies per course offering.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 2-4 lecture
Grade Mode: Standard Letter-IP

ARTE 31092 ART EDUCATION :TEACHING PRACTICUM (ELR) 3 Credit Hours
A teaching experience for applying art education concepts. Analysis of instructional problems emphasized. Fifty-four field and/or clinical hours are associated with this course.
Prerequisite: ARTE 31001; and minimum 2.500 overall GPA.
Schedule Type: Lecture, Practical Experience
Contact Hours: 2 lecture, 3 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

ARTE 31096 INDIVIDUAL STUDY ART EDUCATION 2-10 Credit Hours
(Repeatable for credit) Additional study in areas of a student's choice in consultation with adviser.
Prerequisite: Special approval.
Schedule Type: Individual Investigation
Contact Hours: 2-10 other
Grade Mode: Standard Letter-IP

ARTE 41002 ART EDUCATION: FOUNDATIONS AND CONCEPTS - SECONDARY (ELR) 3 Credit Hours
This course emphasizes the connections between the development of each student's visual arts education philosophy and its practical applications to teaching, communication with learners at the secondary level, disabled students and non-student audiences, assessment, demonstrations, classroom management, arts advocacy, etc. Off-campus field and/or clinical hours are associated with this course.
Prerequisite: ARTE 31092; and minimum 2.500 overall GPA.
Schedule Type: Practical Experience, Studio
Contact Hours: 7 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

ARTE 41004 PRE-KINDERGARTEN-12 DESIGN EDUCATION 3 Credit Hours
(Slashed with ARTE 51004) The purpose of this course is to demonstrate the importance of and provide strategies for teaching design in PreK-12 visual arts programs. Students learn the design process and design thinking, adapted specifically for the context of education. The four broad areas of environmental design, communication design, product design and interactive design are covered. The primary focus is on lesson development using the design process, addressing the design areas, working through challenges that integrate with other subject areas and applying design innovation materials and technologies.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTE 41009 ART EDUCATION MAJOR REVIEW 1 Credit Hour
Examination of student's knowledge, proficiency and ability to apply concepts in art and art education.
Prerequisite: Minimum 2.500 overall GPA.
Pre/corequisite: ARTE 41002 and ARTE 41192.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

ARTE 41089 INTERNATIONAL EXPERIENCE: ART EDUCATION (DIVG) (ELR) 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTE 51089) A Kent State faculty-led study abroad experience in art education that integrates traditional classroom learning with experiential activities and site visits outside the United States.
Prerequisite: Art Education major; and special approval.
Schedule Type: International Experience
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Diversity Global, Experiential Learning Requirement

ARTE 41090 STUDY AWAY: ART EDUCATION (ELR) 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTE 51090) Travel-based study away in art education at a site or sites away from Kent State University.
Prerequisite: Art education major.
Schedule Type: Study Away
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

ARTE 41095 SPECIAL TOPICS IN ART EDUCATION 1-3 Credit Hours
(Repeatable for credit)(Slashed with ARTE 51095)Upper-division course whose content changes in accordance with the interest and competence of faculty.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

ARTE 41096 INDIVIDUAL STUDY-ART EDUCATION 1-6 Credit Hours
(Repeatable for credit) Additional study in areas of students' choice in consultation with adviser.
Prerequisite: Special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-6 other
Grade Mode: Standard Letter-IP

ARTE 41192 ART EDUCATION: FIELD EXPERIENCE (ELR) (WIC) 3 Credit Hours
(Slashed with ARTE 51192) The knowledge and skills emphasized in this course focus on two major areas: (1) planning and teaching visual arts lessons in secondary educational settings with a focus on content and understanding of the theoretical and methodological processes involved, and (2) analyzing, interpreting and critiquing visual arts and design education situations to understand and improve instructional performance. Off-campus field and/or clinical hours are associated with this course.
Prerequisite: Minimum 2.500 overall GPA; and special approval.
Pre/corequisite: ARTE 41002.
Schedule Type: Practical Experience, Studio
Contact Hours: 8.5 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement, Writing Intensive Course

ARTE 41525 ART EDUCATION: INQUIRY INTO PROFESSIONAL PRACTICE 3 Credit Hours
(Slashed with ARTE 51525) Concepts and practices related to teaching visual arts education. Inquiry into visual arts teaching as a professional practice. Emphasis is on teacher as a critical disciplined investigator and culturally relevant practitioner.
Prerequisite: ARTE 41009; and minimum 2.500 overall GPA; and special approval.
Corequisite: ARTE 41592.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTE 41592 ART EDUCATION: STUDENT TEACHING AND SEMINAR (ELR) 9 Credit Hours
Provides a 16-week student teaching experience and seminar. Students must present an official valid certification of Child Safety Training, approved Basic Life Support and ALICE training verification to the clinical experience campus office student portal.
Prerequisite: ARTE 41009; and minimum 2.500 overall GPA; and special approval.
Corequisite: ARTE 41525.
Schedule Type: Practical Experience, Seminar
Contact Hours: 1 lecture, 24 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

ARTE 51004 PRE-KINDERGARTEN-12 DESIGN EDUCATION 3 Credit Hours
(Slashed with ARTE 41004) The purpose of this course is to demonstrate the importance of and provide strategies for teaching design in PreK-12 visual arts programs. Students learn the design process and design thinking, adapted specifically for the context of education. The four broad areas of environmental design, communication design, product design and interactive design are covered. The primary focus is on lesson development using the design process, addressing the design areas, working through challenges that integrate with other subject areas and applying design innovation materials and technologies.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTE 51089 INTERNATIONAL EXPERIENCE: ART EDUCATION 1-3 Credit Hours
(Repeatable for credit)(Slashed with ARTE 41089) A Kent State faculty-led study abroad experience in art education that integrates traditional classroom learning with experiential activities and site visits outside the United States.
Prerequisite: Art Education major; and graduate standing; and special approval.
Schedule Type: International Experience
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

ARTE 51090 STUDY AWAY: ART EDUCATION 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTE 41090) Travel-based study away in art education at a site or sites away from Kent State University.
Prerequisite: Major in Art Education; and graduate standing; and special approval.
Schedule Type: Study Away
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

ARTE 51095 SPECIAL TOPICS IN ART EDUCATION 1-3 Credit Hours
(Repeatable for credit)(Slashed with ARTE 41095) Upper-division course whose content changes in accordance with the interest and competence of faculty.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

ARTE 51192 ART EDUCATION: FIELD EXPERIENCE 3 Credit Hours
(Slashed with ARTE 41192) The knowledge and skills emphasized in this course focus on two major areas: (1) planning and teaching visual arts lessons in secondary educational settings with a focus on content and understanding of the theoretical and methodological processes involved, and (2) analyzing, interpreting and critiquing visual arts and design education situations to understand and improve instructional performance. Off-campus field and/or clinical hours are associated with this course.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience, Studio
Contact Hours: 8.5 other
Grade Mode: Standard Letter

ARTE 51525 ART EDUCATION: INQUIRY INTO PROFESSIONAL PRACTICE 3 Credit Hours
(Slashed with ARTE 41525) Concepts and practices related to teaching visual arts education. Inquiry into visual arts teaching as a professional practice. Emphasis is on teacher as a critical disciplined investigator and culturally relevant practitioner.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTE 61095 SPECIAL TOPICS: ART EDUCATION 3 Credit Hours
(Repeatable for credit) Topics vary per course offering to reflect the interests and specializations of faculty.
Prerequisite: ARTE 61101; and graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTE 61096 INDIVIDUAL STUDY IN ART EDUCATION 1-6 Credit Hours
(Repeatable for credit) Specialized study leading to the thesis in art education.
Prerequisite: ARTE 61101 and ARTE 61191 and ARTE 61291; and graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-6 other
Grade Mode: Standard Letter-IP

ARTE 61101 RESEARCH SEMINAR IN ART EDUCATION 3 Credit Hours
In this specialized research seminar exploring educational research methods and methodologies, emphasis is placed on the fundamentals of educational research, including how to design and conduct research in visual arts education. An array of methods that are applied in the field are introduced, preparing students to propose their own capstone work.
Prerequisite: Art Education major; and graduate standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTE 61191 SEMINAR IN ART EDUCATION I 3 Credit Hours
(Repeatable for credit) This course is the first seminar that emphasizes the study of prevailing themes in art education. ARTE 61291 completes the study. The curriculum focuses on the ideas of leading scholars and practicing teachers who have shaped practice in the field of art education within the context of the social, political and educational values and beliefs of the time.
Prerequisite: Art Education major; and graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTE 61209 CANDIDACY REVIEW EXAMINATION:ART EDUCATION 1 Credit Hour
A comprehensive review that undertakes a formal assessment of students' knowledge and understanding of concepts in art, education and art education.
Prerequisite: ARTE 61101; and graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Satisfactory/Unsatisfactory-IP

ARTE 61291 SEMINAR IN ART EDUCATION II 3 Credit Hours
(Repeatable for credit) A continuation of the topics addressed in ARTE 61191. The study of past, prevailing and contemporary issues, and themes in visual arts education.
Prerequisite: ARTE 61191; and graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTE 61399 ART EDUCATION: GRADUATE PROJECT CAPSTONE 3 Credit Hours
This course is designed for students who have chosen the non-thesis track of the Master of Arts degree in Art Education and will serve as the culminating experience for students completing a project rather than a thesis. The course facilitates research or working on a qualitative/curriculum case study for the final project.
Prerequisite: Art Education major; and graduate standing.
Schedule Type: Project or Capstone
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory-IP

Art History (ARTH)

ARTH 12001 ART AS A WORLD PHENOMENON (KFA) 3 Credit Hours
Course explore the essential qualities of art and the motivations for creating art in both Western and non-Western cultures through a thematic paradigm. By the end of the term, students have developed an enhanced ability to identify and describe various media and styles of artistic production, and have a basic knowledge of the major cultural periods and representative artworks in the history of world art. This course is designed for non-art majors, and will not fulfill requirements for School of Art majors.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Kent Core Fine Arts, Transfer Module Fine Arts

ARTH 22006 ART HISTORY: ANCIENT TO MEDIEVAL ART (KFA) 3 Credit Hours
Examination and interpretation of the major monuments of art and architecture from Paleolithic art to c. 1300 CE. The course addresses global traditions, including regions in Europe, Asia, Africa and the Americas.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Kent Core Fine Arts, TAG Arts and Humanities, Transfer Module Fine Arts

ARTH 22007 ART HISTORY: RENAISSANCE TO MODERN ART (KFA) 3 Credit Hours
Examination and interpretation of the major art movements and artists from the early Renaissance through recent decades. The course addresses global history, including art and artists active in Europe, Asia, Africa, and the Americas.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Kent Core Fine Arts, TAG Arts and Humanities, Transfer Module Fine Arts

ARTH 22010 INTRODUCTION TO ASIAN ART (DIVG) 3 Credit Hours
The survey introduces arts of pre-modern Asia (with the exception of West Asia and Islamic art in general). Select artistic traditions in South, Southeast and East Asia are considered against their religious, socio-political and other cultural contexts. Major themes include (1) the rise of civilizations, (2) developments of various artistic forms and media, (3) the spread of Buddhism and other religions across the region and (4) trans-cultural relations.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global

ARTH 22021 ART HISTORY: AFRICAN ART (DIVG) (KFA) 3 Credit Hours
An introduction to the arts of Africa with an emphasis on the historical traditions of major kingdoms. Covering a spectrum of regions, students examine primarily sculptural traditions (figural and masquerade) in both royal and ritual contexts. These arts are examined within their social and cultural contexts in the service of politics, as objects of ritual and religious practice, and as evidence of aesthetic choices and achievements. The final segment of the course will address the legacy of these traditions through the colonial period and into modern times.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global, Kent Core Fine Arts

ARTH 32000 RESEARCH AND WRITING IN ART HISTORY (WIC) 3 Credit Hours
Introduction to writing styles, methodologies and academic resources for art history research. The course will focus on improving skills in writing about the visual arts through the study of formal analysis, historic context, and modern and contemporary theories and philosophies.
Prerequisite: School of Art major or minor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

ARTH 32066 ART AND THEORY SINCE 1940 3 Credit Hours
Visual arts in a global context with emphasis on European and American artists and theory from 1940 to the present.
Prerequisite: Sophomore standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42001 ART HISTORY METHODOLOGIES 3 Credit Hours
(Slashed with ARTH 52001) This course is designed to introduce participants to the study of art history as a discipline increasingly marked by its diversity of approaches and emphasis on methodology and theory. This seminar will review the representative range of traditional art historical analyses and will study more recent theories of meaning and culture. The course will also examine art historical knowledge in relation to theoretical developments in other disciplines in the humanities.
Prerequisite: ARTH 32000.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTH 42025 ART OF WEST AFRICA (DIVG) 3 Credit Hours
(Slashed with ARTH 52025) Beginning with the art and architecture from major West African kingdoms, the course follows cultural production from the region through the colonial period and into modernism. The artists of newly-independent West African nations pioneered new visions for how Africans would participate in developing global networks.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global

ARTH 42028 CONTEMPORARY AFRICAN ART: 1980-PRESENT (DIVG) 3 Credit Hours
(Slashed with ARTH 52028) An in-depth study of African art since the late twentieth century. Focused on artists from the continent and the Diaspora, the course begins by examining the impact that colonialism, with its appropriation, exploitation and reshaping of Africa, had on the arts in Africa (1960-1980). It then analyzes a broad spectrum of modern and contemporary African art forms (painting, printmaking, sculpture, textiles, photography, performance and film) and related art history, exhibition and critical texts from the 1980s to the present, with an emphasis on such issues as patronage, the commodification of art, urbanism, national consciousness, identity formation, new media and the effects of globalization.
Prerequisite: Junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global

ARTH 42036 MEDIEVAL ART 3 Credit Hours
(Slashed with ARTH 52036) Emphasis on major periods of Medieval art (Early Christian, Byzantine, Carolingian, Ottonian, Romanesque and Gothic), treating iconographic themes and styles in a variety of media. Works studied include architecture, manuscript painting, ivory carving, and goldsmith work, most of which were produced by or for members of the clergy, royalty, or the lay aristocracy. The course, therefore, involves significant material relating to political, economic and religious issues. It investigates problems in patronage, function, reception and censorship. A strong emphasis is given to reading primary and secondary sources.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42041 ITALIAN RENAISSANCE ART 3 Credit Hours
(Slashed with ARTH 52041) Study of development of major themes in Italian art from 1200 until about 1450, emphasizing achievements of the masters and analyzing major ideas and theories of the period.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42043 THE HIGH RENAISSANCE AND MANNERISM IN ITALY 3 Credit Hours
(Slashed with ARTH 52043) Covers late 15th century and 16th century painting, sculpture and architecture in Italy. Following discussion of the High Renaissance masters, students examine the works collectively known as the Mannerists. Course gives students a firm grounding in the manifold artistic activity of the 16th century.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42044 VENETIAN RENAISSANCE ART 3 Credit Hours
(Slashed with ARTH 52044) Course provides a survey of Venetian painting, sculpture and architecture from the late 1300s to the late 1500s. Upon completion students have a comprehension of the interrelationship of Venetian art with its unique environment and society.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42045 ITALIAN ART FROM GIOTTO TO BERNINI 3 Credit Hours
(Slashed with ARTH 52045) Course explores the development of art and architecture in Italy from the late Middle Ages to the High Renaissance period. Through an in-depth analysis of the art and history of these periods, students develop an understanding of Italy's role in the overall development of Western civilization. Particular emphasis is given to Florentine Art.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42046 BAROQUE ART OF THE 17TH CENTURY 3 Credit Hours
(Slashed with ARTH 52046) Study of the origins of Baroque art in Italy and its spread throughout Flanders, the Netherlands, France and Spain.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42050 ART AND REVOLT IN THE NINETEENTH CENTURY 3 Credit Hours
(Slashed with ARTH 52050) The nineteenth century is one of the most dramatic time periods in Euro-American art history. Artists and viewers experienced a number of revolutions that profoundly changed the landscape of art and politics. More specifically, nineteenth-century art was created during a violent sweep of colonial expansion, a rise in industrialization, and a revolt against the French Salon. This course considers how artists responded to these social changes by exploring art movements in France and beyond across a wide range of artistic media —including spirit photographs, Moulin Rouge posters, and cemetery sculpture. Students will examine the most canonical nineteenth-century artists while also challenging their placement in the art history canon, which was established at the expense of women and people of color.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42056 AMERICAN ART I: INDIAN WARS TO CIVIL WAR 3 Credit Hours
(Slashed with ARTH 52056) In this first section of American art history, students will explore the evolution of American art from European conquest through the American Revolution, and stretching to the Civil War. This time period in American history is characterized by waves of social unrest followed by periods of peace that American artists reflected and shaped in their work. The American-Indian Wars and the Trans-Atlantic slave trade also profoundly impacted the art and politics of the early United States, inspiring artists to support or protest conflicts in society with their art. Exchanges with African, Indigenous, as well as Asian and European peoples pervaded every aspect of art in the United States. In looking widely at objects such as paintings, clothing, food advertisements, and furniture, this class will examine debates about nationhood in early American art that exploded by the Civil War.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42057 AMERICAN ART II: CIVIL WAR TO CIVIL RIGHTS 3 Credit Hours
(Slashed with ARTH 52057) In this second section and in-depth study of American art history, students will explore shifts and advancements in American art since the closing of the Civil War. New styles in abstraction and technological innovations in photography, lithography, and cinema dramatically altered the trajectory of American art and resulted in an expansion of art museums and patronage. As the United States gained economic power and expanded its borders, American art was also profoundly influenced by movements such as French Impressionism and Mexican muralism, and shaped by artists as close as Canada and as far as Australia. While American artists were debating whether to welcome “foreign” influences in their work, debates over racial segregation and women’s suffrage permeated art and politics on the homefront. In looking widely at objects such as paintings, photographs, silverware, and public monuments, this class will examine the art and visual culture of the United States from the Civil War to Civil Rights movement.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42059 AFRICAN AMERICAN ART AND VISUAL CULTURE (DIVD) 3 Credit Hours
(Slashed with ARTH 52059) This course contextualizes American artists of African descent within the wider framework of U.S. art and visual culture. In looking at a wide range of media—across painting, photography, fashion and food—students study African American visual culture and its profound impact on American art at large. Students also explore the contested concept of “race” as it intersects with the production and patronage of African American art. Furthermore, students consider the benefits and pitfalls of the field and the ways in which art historians, critics and curators have treated African American art in U.S. museums. By the end of this course, students will have a deeper understanding of African American art and its tangled identity politics.
Prerequisite: Junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Domestic

ARTH 42060 RUSSIAN ART 3 Credit Hours
(Slashed with ARTH 52060) This course explores the history of Russian art starting with the legacy of Byzantium and continuing up through the end of the Soviet era, from about 1000 CE to the present. Russia's artistic movements have borrowed from a wide variety of cultures, both from groups that have attacked and conquered Russian territories as well as from groups that Russians themselves have conquered and attacked. We will focus on art that was produced in Russia as well as the cross-cultural influences that shaped and changed this art. Painting will be a dominant focus, coupled with a broad study including decorative arts like porcelain and embroidery as well as architecture, performance and illustration.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42061 EARLY 20TH-CENTURY ART 3 Credit Hours
(Slashed with ARTH 52061) This course explores the history of Early 20th-Century Modern Art up to the Second World War. Painting, sculpture, and architecture will be the dominant focus, coupled with alternative media that may include printmaking, photography, cinema, performance, and textile arts.
Prerequisite: ARTH 22007.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42064 DADA AND SURREALISM 3 Credit Hours
Using a roughly chronological approach, students examine the profound and lasting contributions made by the Dadaists and Surrealists, as well as other revolutionary modernists of the early 20th century who sought to escape the traditional and rational in art and thought with sincerity in spite of the often superficially simple or even sometimes nihilistic appearance of their efforts. Through an analysis of selected works from this period and their relevant precursors, an attempt will be made to define the progressive ideas which led to the dismantling of previous standards and the rise of an anti-art spirit which continues today in various guises. Primary documents are considered regularly to provide students with a wider appreciation for the variety of media (e.g., film, theater, typography) and the issues and characters involved.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42065 FEMINIST AND QUEER ART AND CULTURAL THEORY (DIVD) 3 Credit Hours
(Slashed with ARTH 52065) This advanced and interdisciplinary art history course explores feminist and queer visual histories, with particular attention to related cultural theories. In addition to paradigmatic ideologies of difference and language, this course is based on indispensable and sometimes peripheral postmodern milieux such as politicized identities, economies and the body, the importance of feeling and the everyday, feminist-Marxist critiques of community and the state and notions of lived histories/narratives. In regard to structure, this is a reading intensive course designed to empower students with 'influential' visual and textual languages, as well as knowledge of critical race, gender and sexuality studies. Readings, discussions, projects and knowledges-at-large are applicable in the artist's studio and more broadly, in humanities scholarship.
Prerequisite: Junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Domestic

ARTH 42069 NATIONS AND BORDERS 3 Credit Hours
(Slashed with ARTH 52069) Emphasizing art and visual culture since World War II, this course considers the phenomenon of the nation-state in the context of embodied borders and diasporas. From the historically charged U.S.-Mexico borderlands to the Berlin Wall that divided East and West Germany, modernity is characterized by the development of nations and subsequent nationalisms as well as the delineation of borders and boundaries—and, once unpacked, theoretical and physical embodiments become legible. Taking a historically-grounded and global approach to state production and displacement, critical texts—many of which are grounded in feminist and queer theories—will address various interpretations of boundaries, especially national and corporeal. We will explore the intellectual history of nation-building and subsequent textual analyses of geographic and embodied borders. We will also study specific art historical moments, such as the militarization of the U.S.-Mexico frontera, Israel's occupation of Palestine, treating East and West Berlin as metaphor and allegory, the borderlands of queer and black identities in the United States and present-day Euro-American imperialism. The course format consists of rigorous class discussions guided by readings and illustrated presentations.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42073 EPHEMERAL EXHIBITIONS: WORLD FAIRS, FESTIVALS AND BIENNIALS 3 Credit Hours
(Slashed with ARTH 52073) Revisiting a variety of time-based exhibition formats throughout recent history. From Joseph Paxton's Crystal Palace to the Venice Biennale, students examine a globally-oriented history of landmark exhibitions that were designed to dazzle audiences for a few months before being dismantled. Sponsored by governments, the corporate sector, grassroots movements, or cultural actors, the motivations for these exhibitions are as varied as the actual format the exhibition takes. We discuss not only the framework and ideologies behind such projects, but also the legacies they have had on more permanent arts institutions, as well as criticisms levied against them by artists.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42076 HISTORIES AND THEORIES OF PHOTOGRAPHY AND VISUAL CULTURE 3 Credit Hours
(Slashed with ARTH 52076) Photography is embedded in every aspect of visual culture. As such, this course is a socio-political and socio-cultural study of photography. This course focuses on major developments in the field, including photography's advent, 19th-century commodity, scientific manipulations, 20th century Modernism and postwar aesthetics. Course also sketches political, cultural and theoretical developments and pertinent debates regarding emergence, significance, interpretation, perception and resonance. In addition to manifold moments in histories and theories of photography, course examines critical approaches to the history of art, including ecocriticism, feminism, critical race studies, queer studies and borderlands studies. While effort will be made to survey photography's history, this is not taxonomy of related movements and moments.
Prerequisite: ARTH 32066.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42079 CONTEMPORARY CRAFT: HISTORY AND THEORY 3 Credit Hours
(Slashed with ARTH 52079) This course is designed to provide an overview of the history, theory, and practice of modern and contemporary studio craft, with an emphasis on North America. Students will develop an enhanced ability to identify and describe various media and styles of artistic production normally associated with "craft" genres: ceramics, textiles/fibers, jewelry/metals, glass and wood/furniture. Concurrently, an introduction to basic philosophies, pedagogical styles, and controversial issues that have shaped this unique cultural, social and artistic history will provide a framework for understanding the intersection of art, craft and design in the 21st-century.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42089 INTERNATIONAL EXPERIENCE: ART HISTORY (DIVG) (ELR) 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTH 52089) Travel-based international experience in art history. The primary benefit will be the observation and study of works of art, firsthand, in addition to the presentation and discussion of historical and contextual factors. Time is made available for individual investigation of specific works sites.
Prerequisite: Special approval.
Schedule Type: International Experience
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Diversity Global, Experiential Learning Requirement

ARTH 42090 STUDY AWAY: ART HISTORY (ELR) 1-3 Credit Hours
(Slashed with ARTH 52090)(Repeatable for credit) Travel-based study away in art history to and at a site or sites away from Kent State University. The primary benefit is the observation and study of works of art firsthand, in addition to the presentation and discussion of historical and contextual factors. Time is made available for individual investigation of specific work sites.
Prerequisite: School of Art major.
Schedule Type: Study Away
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

ARTH 42091 ART HISTORY SEMINAR 3 Credit Hours
(Repeatable for credit) Open format course with topics announced in advance. Designed to allow detailed examination of selected topics.
Prerequisite: Junior standing; and special approval of instructor.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTH 42092 MUSEUM INTERNSHIP (ELR) 1-6 Credit Hours
(Repeatable for credit) (Slashed with ARTH 52092) A supervised internship in a regional museum emphasizing the practical application of museological principles and practices.
Prerequisite: Junior or senior standing.
Schedule Type: Practical Experience
Contact Hours: 3-18 other
Grade Mode: Standard Letter-IP
Attributes: Experiential Learning Requirement

ARTH 42095 SPECIAL TOPICS: ART HISTORY 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTH 52095) Topics vary in accordance with the interest and competence of faculty.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

ARTH 42096 INDIVIDUAL INVESTIGATION:ART HISTORY 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTH 52096) Directed independent study with art history faculty.
Prerequisite: Junior or senior standing.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Standard Letter-IP

ARTH 42098 RESEARCH IN ART HISTORY (ELR) 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTH 52098) Independent research open only to undergraduate students in art history or related fields (by special permission only).
Prerequisite: Special approval.
Schedule Type: Research
Contact Hours: 3-9 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

ARTH 52001 ART HISTORY METHODOLOGIES 3 Credit Hours
(Slashed with ARTH 42001) This course is designed to introduce participants to the study of art history as a discipline increasingly marked by its diversity of approaches and emphasis on methodology and theory. This seminar will review the representative range of traditional art historical analyses and will study more recent theories of meaning and culture. The course will also examine art historical knowledge in relation to theoretical developments in other disciplines in the humanities.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTH 52025 ART OF WEST AFRICA 3 Credit Hours
(Slashed with ARTH 42025) Beginning with the art and architecture from major West African kingdoms, the course follows cultural production from the region through the colonial period and into modernism. The artists of newly-independent West African nations pioneered new visions for how Africans would participate in developing global networks.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52028 CONTEMPORARY AFRICAN ART: 1980-PRESENT 3 Credit Hours
(Slashed with ARTH 42028) An in-depth study of African art since the late twentieth century. Focused on artists from the continent and the Diaspora, the course begins by examining the impact that colonialism, with its appropriation, exploitation and reshaping of Africa, had on the arts in Africa (1960-1980). It then analyzes a broad spectrum of modern and contemporary African art forms (painting, printmaking, sculpture, textiles, photography, performance and film) and related art history, exhibition and critical texts from the 1980s to the present, with an emphasis on such issues as patronage, the commodification of art, urbanism, national consciousness, identity formation, new media and the effects of globalization.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52036 MEDIEVAL ART 3 Credit Hours
(Slashed with ARTH 42036) Emphasis on major periods of Medieval art (Early Christian, Byzantine, Carolingian, Ottonian, Romanesque and Gothic), treating iconographic themes and styles in a variety of media. Works studied include architecture, manuscript painting, ivory carving, and goldsmith work, most of which were produced by or for members of the clergy, royalty, or the lay aristocracy. The course, therefore, involves significant material relating to political, economic, and religious issues. It investigates problems in patronage, function, reception, and censorship. A strong emphasis is given to reading primary and secondary sources.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52038 HAND MADE BOOKS AND ART 3 Credit Hours
Course examines the history of (predominantly Western) books and reading; of books as locus of several types of visual art (decoration, illustration, vision, commentary); and of visual strategies for a range of communication tasks in selected books from the Middle Ages onward. Students are prepared to understand the variety and efficacy of approaches that have been used by those producing books by hand in the past and at present.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52041 ITALIAN RENAISSANCE ART 3 Credit Hours
(Slashed with ARTH 42041) Study of development of major themes in Italian art from 1200 until about 1450, emphasizing achievements of the masters and analyzing major ideas and theories of the period.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52043 THE HIGH RENAISSANCE AND MANNERISM IN ITALY 3 Credit Hours
(Slashed with ARTH 42043) Covers late 15th century and 16th century painting, sculpture and architecture in Italy. Following discussion of the High Renaissance masters students examine the works collectively known as the Mannerists. Course gives students a firm grounding in the manifold artistic activity of the 16th century.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52044 VENETIAN RENAISSANCE ART 3 Credit Hours
(Slashed with ARTH 42044) Course provides a survey of Venetian painting, sculpture and architecture from the late 1300s to the late 1500s. Upon completion students will have a comprehension of Venetian art with its unique environment and society.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52045 ITALIAN ART FROM GIOTTO TO BERNINI 3 Credit Hours
(Slashed with ARTH 42045) Course explores the development of art and architecture in Italy from the late Middle Ages to the High Renaissance period. Through an in-depth analysis of the art and history of these periods, students develop an understanding of Italy's role in the overall development of Western civilization. Particular emphasis is given to Florentine Art.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52046 BAROQUE ART OF THE 17TH CENTURY 3 Credit Hours
(Slashed with ARTH 42046) A study of the origins of Baroque art in Italy and its spread throughout Flanders, the Netherlands, France and Spain.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52050 ART AND REVOLT IN THE NINETEENTH CENTURY 3 Credit Hours
(Slashed with ARTH 42050) The nineteenth century is one of the most dramatic time periods in Euro-American art history. Artists and viewers experienced a number of revolutions that profoundly changed the landscape of art and politics. More specifically, nineteenth-century art was created during a violent sweep and architecture within the broader context of colonial expansion, a rise in industrialization and a revolt against the French Salon. Western culture and ideas. This course considers how artists responded to these social changes by exploring art movements in France and beyond across a wide range of artistic media—including spirit photographs, Moulin Rouge posters and cemetery sculpture. Students will examine the most canonical nineteenth-century artists while also challenging their placement in the art history canon, which was established at the expense of women and people of color.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52056 AMERICAN ART I: INDIAN WARS TO CIVIL WAR 3 Credit Hours
(Slashed with ARTH 42056) In this first section of American art history, students will explore the evolution of American art from European conquest through the American Revolution, and stretching to the Civil War. This time period in American history is characterized by waves of social unrest followed by periods of peace that American artists reflected and shaped in their work. The American-Indian Wars and the Trans-Atlantic slave trade also profoundly impacted the art and politics of the early United States, inspiring artists to support or protest conflicts in society with their art. Exchanges with African, Indigenous, as well as Asian and European peoples pervaded every aspect of art in the United States. In looking widely at objects such as paintings, clothing, food advertisements, and furniture, this class will examine debates about nationhood in early American art that exploded by the Civil War.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52057 AMERICAN ART II: CIVIL WAR TO CIVIL RIGHTS 3 Credit Hours
(Slashed with ARTH 42057) In this second section and in-depth study of American art history, students will explore shifts and advancements in American art since the closing of the Civil War. New styles in abstraction and technological innovations in photography, lithography and cinema dramatically altered the trajectory of American art and resulted in an expansion of art museums and patronage. As the United States gained economic power and expanded its borders, American art was also profoundly influenced by movements such as French Impressionism and Mexican muralism and shaped by artists as close as Canada and as far as Australia. While American artists were debating whether to welcome "foreign" influences in their work, debates over racial segregation and women's suffrage permeated art and politics on the homefront. In looking widely at objects such as paintings, photographs, silverware and public monuments, this class will examine the art and visual culture of the United States from the Civil War to Civil Rights movement.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52059 AFRICAN AMERICAN ART AND VISUAL CULTURE 3 Credit Hours
(Slashed with ARTH 42059) This course contextualizes American artists of African descent within the wider framework of U.S. art and visual culture. In looking at a wide range of media—across painting, photography, fashion and food—students study African American visual culture and its profound impact on American art at large. Students also explore the contested concept of "race" as it intersects with the production and patronage of African American art. Furthermore, students consider the benefits and pitfalls of the field and the ways in which art historians, critics and curators have treated African American art in U.S. museums. By the end of this course, students will have a deeper understanding of African American art and its tangled identity politics.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52060 RUSSIAN ART 3 Credit Hours
(Slashed with ARTH 42060)This course explores the history of Russian art starting with the legacy of Byzantium and continuing up through the end of the Soviet era, from about 1000 CE to the present. Russia's artistic movements have borrowed from a wide variety of cultures, both from groups that have attacked and conquered Russian territories as well as from groups that Russians themselves have conquered and attacked. We will focus on art that was produced in Russia as well as the cross-cultural influences that shaped and changed this art. Painting will be a dominant focus, coupled with a broad study including decorative arts like porcelain and embroidery as well as architecture, performance and illustration.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52061 EARLY 20TH-CENTURY ART 3 Credit Hours
(Slashed with ARTH 42061) This course explores the history of Early 20th-Century Modern Art up to the Second World War. Painting, sculpture, and architecture will be the dominant focus, coupled with alternative media that may include printmaking, photography, cinema, performance and textile arts.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52064 DADA AND SURREALISM 3 Credit Hours
(Slashed with ARTH 42064) Using a roughly chronological approach, students examine the profound and lasting contributions made by the Dadaists and Surrealists, as well as other revolutionary modernists of the early 20th century who sought to escape the traditional and rational in art and thought with sincerity in spite of the often superficially simple or even sometimes nihilistic appearance of their efforts. Through an analysis of selected works from this period and their relevant precursors, an attempt will be made to define the progressive ideas which led to the dismantling of previous standards and the rise of an anti-art spirit which continues today in various guises. Primary documents are considered regularly to provide students with a wider appreciation for the variety of media (e.g., film, theater, typography) and the issues and characters involved.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52065 FEMINIST AND QUEER ART AND CULTURAL THEORY 3 Credit Hours
(Slashed with ARTH 42065) This advanced and interdisciplinary art history course explores feminist and queer visual histories, with particular attention to related cultural theories. In addition to paradigmatic ideologies of difference and language, this course is based on indispensable and sometimes peripheral postmodern milieux such as politicized identities, economies and the body, the importance of feeling and the everyday, feminist-Marxist critiques of community and the state and notions of lived histories/narratives. In regard to structure, this is a reading intensive course designed to empower students with 'influential' visual and textual languages, as well as knowledge of critical race, gender and sexuality studies. Readings, discussions, projects and knowledges-at-large are applicable in the artist's studio and more broadly, in humanities scholarship.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52069 NATIONS AND BORDERS 3 Credit Hours
(Slashed with ARTH 42069) Emphasizing art and visual culture since World War II, this course considers the phenomenon of the nation-state in the context of embodied borders and diasporas. From the historically charged U.S.-Mexico borderlands to the Berlin Wall that divided East and West Germany, modernity is characterized by the development of nations and subsequent nationalisms as well as the delineation of borders and boundaries—and, once unpacked, theoretical and physical embodiments become legible. Taking a historically-grounded and global approach to state production and displacement, critical texts—many of which are grounded in feminist and queer theories—will address various interpretations of boundaries, especially national and corporeal. We will explore the intellectual history of nation-building and subsequent textual analyses of geographic and embodied borders. We will also study specific art historical moments, such as the militarization of the U.S.-Mexico frontera, Israel's occupation of Palestine, treating East and West Berlin as metaphor and allegory, the borderlands of queer and black identities in the United States and present-day Euro-American imperialism. The course format consists of rigorous class discussions guided by readings and illustrated presentations.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52073 EPHEMERAL EXHIBITIONS: WORLD FAIRS, FESTIVALS AND BIENNIALS 3 Credit Hours
(Slashed with ARTH 42073) Revisiting a variety of time-based exhibition formats throughout recent history. From Joseph Paxton's Crystal Palace to the Venice Biennale, students examine a globally-oriented history of landmark exhibitions that were designed to dazzle audiences for a few months before being dismantled. Sponsored by governments, the corporate sector, grassroots movements, or cultural actors, the motivations for these exhibitions are as varied as the actual format the exhibition takes. We discuss not only the framework and ideologies behind such projects, but also the legacies they have had on more permanent arts institutions, as well as criticisms levied against them by artists.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52076 HISTORIES AND THEORIES OF PHOTOGRAPHY AND VISUAL CULTURE 3 Credit Hours
(Slashed with ARTH 42076) Photography is embedded in every aspect of visual culture. As such, this course is a socio-political and socio-cultural study of photography. This course focuses on major developments in the field, including photography's advent, 19th-century commodity, scientific manipulations, 20th century Modernism and postwar aesthetics. Course also sketches political, cultural and theoretical developments and pertinent debates regarding emergence, significance, interpretation, perception and resonance. In addition to manifold moments in histories and theories of photography, course examines critical approaches to the history of art, including ecocriticism, feminism, critical race studies, queer studies and borderlands studies. While effort will be made to survey photography's history, this is not taxonomy of related movements and moments.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52079 CONTEMPORARY CRAFT: HISTORY AND THEORY 3 Credit Hours
(Slashed with ARTH 42079) This course is designed to provide an overview of the history, theory, and practice of modern and contemporary studio craft, with an emphasis on North America. Students will develop an enhanced ability to identify and describe various media and styles of artistic production normally associated with "craft" genres: ceramics, textiles/fibers, jewelry/metals, glass, and wood/furniture. Concurrently, an introduction to basic philosophies, pedagogical styles and controversial issues that have shaped this unique cultural, social and artistic history will provide a framework for understanding the intersection of art, craft and design in the 21st-century.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52089 INTERNATIONAL EXPERIENCE: ART HISTORY 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTH 42089) Travel-based international experience in art history. The primary benefit will be the observation and study of works of art firsthand, first hand, in addition to the presentation and discussion of historical and contextual factors. Time is made available for individual investigation of specific works sites.
Prerequisite: Graduate standing; and special approval.
Schedule Type: International Experience
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

ARTH 52090 STUDY AWAY: ART HISTORY 1-3 Credit Hours
(Slashed with ARTH 42090)(Repeatable for credit) Travel-based study away in art history to and at a site or sites away from Kent State University. The primary benefit is the observation and study of works of art firsthand, in addition to the presentation and discussion of historical and contextual factors. Time is made available for individual investigation of specific work sites.
Prerequisite: School of Art major; and graduate standing.
Schedule Type: Study Away
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

ARTH 52092 MUSEUM INTERNSHIP 1-6 Credit Hours
(Repeatable for credit) (Slashed with ARTH 42092) A supervised internship in a regional museum emphasizing the practical application of museological principles and curatorial practices.
Prerequisite: Graduate standing.
Schedule Type: Practical Experience
Contact Hours: 3-18 other
Grade Mode: Standard Letter-IP

ARTH 52095 SPECIAL TOPICS:ART HISTORY 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTH 42095) Topics vary in accordance with the interest and competence of faculty.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

ARTH 52096 INDIVIDUAL INVESTIGATION:ART HISTORY 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTH 42096) Directed independent study with art history faculty.
Prerequisite: Graduate standing.
Schedule Type: Individual Investigation
Contact Hours: 3-9 other
Grade Mode: Standard Letter-IP

ARTH 52098 RESEARCH IN ART HISTORY 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTH 42098) Independent research open only to graduate students in art history or related fields.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Research
Contact Hours: 3-9 other
Grade Mode: Standard Letter-IP

ARTH 52166 HISTORIES AND THEORIES OF MODERN AND CONTEMPORARY ART 3 Credit Hours
This course examines both the visual and textual. As such we travel through contemporary moments such as Abstract Expressionism, Post-Painterly Abstraction, Nouveau Réalisme, Pop, Minimalism, Conceptual art and participatory art—to name a few. So too, this course entails a broad overview of critical and theoretical approaches often engaged by contemporary artists such as existentialism, psychoanalysis, structuralism, semiotics, feminist and queer theories, theories of modern sculpture, and theories of photography. When art and theory are taken together, modern and contemporary art underscores the cultural, sociopolitical and economic developments characteristic of the last half of the twentieth century. While time constraints restrict a consideration of every artist, a selection of practitioners will be addressed. That said, this course affirms the importance of questions rather than finite answers, celebrates ambiguity and neglects any attempt at surveying and summarizing the field of modern and contemporary art.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 62000 ART HISTORY RESEARCH METHODS AND RESOURCES 2 Credit Hours
This course is designed to support research and writing at the graduate level in art history. Class time is customized to provide students with assistance in strategies required for graduate research papers and thesis preparation. Significant emphasis will be placed on becoming familiar with different methods and theories of art history research.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter-IP

ARTH 62091 ART HISTORY SEMINAR 3 Credit Hours
(Repeatable for credit) Open format course with topics announced in advance. Designed to allow in-depth examination of selected topics.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTH 62095 SPECIAL TOPICS: ART HISTORY 3 Credit Hours
(Repeatable for credit) Discussion and lecture course whose topic changes in accordance with the interest and competence of the faculty. Special focus on problems and issues in the different areas of the discipline.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 62096 SELECTED PROBLEMS: ART HISTORY 3 Credit Hours
(Repeatable for maximum 9 credit hours) Course content changes each semester according to the topic, entailing discussion and lectures on specific problems issues and areas in art history.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTH 62098 ART HISTORY: GRADUATE RESEARCH 1-6 Credit Hours
(Repeatable for credit) Independent research.
Prerequisite: Art History major; and graduate standing.
Schedule Type: Research
Contact Hours: 3-18 other
Grade Mode: Standard Letter

Art Studio Art (ARTS)

ARTS 14000 DRAWING I 3 Credit Hours
Fundamental drawing and studio experiences; exploration of basic drawing ideas and media. Work produced in class must be retained for later portfolio presentation in ART 30001.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

ARTS 14001 DRAWING II 3 Credit Hours
Continued practice in drawing with emphasis upon dimensional representation, pictorial structure and the breakdown of formal elements. Work produced in this class must be retained for later portfolio presentation in ART 30001.
Prerequisite: ARTS 14000.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 24002 DRAWING AS A STUDIO PRACTICE 3 Credit Hours
An introduction to advanced concepts and ideas which enable the student to understand and professionally realize their drawings as a studio practice. Work produced in this course must be retained for later portfolio presentation in ART 30001.
Prerequisite: ARTS 14000 and ARTS 14001.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 24010 INTRODUCTION TO FINE ART PHOTOGRAPHY 3 Credit Hours
Introductory studio/lecture course which introduces fine art photography with an aesthetic, contemporary approach. Students learn traditional and digital photographic image-making applications and the historical underpinnings of the photograph in modern art. Research paper and portfolio required. Work produced in this class must be retained for later portfolio presentation in ART 30001.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 24040 INTRODUCTION TO PRINT MEDIA 3 Credit Hours
Course gives the beginning student an overview of basic printmaking techniques and an understanding of what a print is, its form in both unique and multiple formats, and how these function in culture. Printmaking processes result in a rich array of pictorial possibilities and methodological approaches. Students are exposed to the basic techniques and concepts of relief, intaglio and monotype applications for printmaking.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

ARTS 24051 INTRODUCTION TO SCULPTURAL PRACTICE 3 Credit Hours
Course provides a firm grounding in the rudiments of sculpture and sculpture's expanding field. Drawing on historical, aesthetic and technical strategies of generating and understanding sculpture; students are guided toward the realization of three-dimensional form. Discussions of materials, processes and hands-on practice empower the student to move from concept to completed work, engendering a better understanding of how sculpture is situated within the context of culture and society at large. Students explore the formal properties and expressive potential of materials, including mold making and casting, wood, metal and experimental media. Readings, slide presentations, discussions and critiques help provide the vocabulary for such an understanding.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 24061 INTRODUCTION TO PAINTING 3 Credit Hours
Acrylic-based media is used to introduce the fundamentals of building a painting, the development of a sophisticated painting vocabulary, and a confident understanding of color. Emphasis on observational painting from life through varied techniques, with an introduction to tools, processes and best studio practices. Work must be retained for later portfolio presentation in Art 30001.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 25310 FOUNDATIONS IN WEAVING 3 Credit Hours
Weaving – the systematic interlacement of two elements – is a direct way to construct a plane while simultaneously creating surface imagery. Integration of structure and surface provides the foundation for exploration with a focus on the development of constructed form to create compositional fields. Students are introduced to weaving on the four-shaft floor loom through the study of basic weave structures, fiber types, dye processes and yarn composition. The predictability of loom-controlled weaves is complicated with the exploration of hand dyed yarns and a variety of weaver-controlled techniques including tapestry, brocade and inlay. Study of the global, historic and contemporary position of weaving as an artistic discipline occurs through readings, presentations and class discussions. Overall, emphasis is placed on the development of a strong technical language to further expression with an awareness of from where materials and techniques come. In this intensive hands-on class, students produce both experimental compositions and finished works. Students who do not meet the prerequisite may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: Accessories minor or School of Art major or School of Fashion major or Textiles minor.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 25400 CERAMICS I 3 Credit Hours
An introduction to the use of clay as applied to the design and construction of utilitarian and sculptural forms. Major emphasis is on developing hand building skills and wheel throwing techniques. Instruction in the basic understanding of clay bodies, glazes, decoration and firing of high-fire stoneware ceramics.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

ARTS 25600 INTRODUCTION TO GLASS WORKING 3 Credit Hours
Introduction to studio glass through technique and brief history. Both basic glass blowing and glass casting techniques and problems are covered.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 25700 INTRODUCTION TO JEWELRY METALS 3 Credit Hours
Introduction to basic jewelry and metalsmithing techniques including cold connection, sheet fabrication, forming and finishing. Emphasis on advancing design skills and critical analysis. Exposure to historical and contemporary works.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34002 FIGURE DRAWING 3 Credit Hours
(Repeatable for credit) Extensive studio practice of traditional and contemporary approaches to the human figure. Critical analysis of the figure from the Renaissance through postmodernism. Students work from a nude model.
Prerequisite: ARTS 24002.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34003 DRAWING: STRUCTURE AND EXPERIMENTATION 3 Credit Hours
(Repeatable for credit) Extensive exploration of advanced drawing concepts and ideas as strategies for experimentation with process and materials.
Prerequisite: ARTS 24002.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34043 INTAGLIO 3 Credit Hours
(Repeatable for credit) This class is designed to give the intermediate student an overview of various intaglio processes in relationship to contemporary art practice. During this hands-on studio experience, students will apply principles and techniques taught in class into the evolution of their own personal aesthetics. The resulting visual statements will combine those principles, techniques, and aesthetics with ideas and conceptual content.
Prerequisite: ARTS 24040.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34044 SCREENPRINT 3 Credit Hours
(Repeatable for credit) This class is designed to give the intermediate student an overview of screenprint techniques in relationship to contemporary art practice. During this hands-on studio experience, students will apply principles and techniques taught in class into the evolution of their own personal aesthetics. The resulting visual statements will combine those principles and aesthetics with ideas and conceptual content.
Prerequisite: ARTS 24040.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34045 LITHOGRAPHY 3 Credit Hours
(Repeatable for credit) This class is designed to give the intermediate student an overview of various lithographic processes in relationship to contemporary art practice. During this hands-on studio experience, students will apply principles and techniques taught in class into the evolution of their own personal aesthetics. The resulting visual statements will combine those principles and aesthetics with ideas and conceptual content.
Prerequisite: ARTS 24040.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34050 LIFE MODELING 3 Credit Hours
(Repeatable for maximum of 6 credit hours) Traditional life modeling course in which students work almost exclusively from observation. The focus is on developing skills with clay, understanding the human form, understanding proportions, learning how to make armatures as well as developing a personal and expressive way of approaching the figure.
Prerequisite: ARTS 24051.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34051 SCULPTURAL OBJECT 3 Credit Hours
Course builds on ARTS 24051 with a greater emphasis on content, proficiency, technical expertise, craftsmanship and understanding of contemporary sculpture. Students explore the object in space, delineating issues of scale, materiality, representation, abstraction, metaphor and hybridity. Drawing on historical, aesthetic and technical strategies of generating and understanding sculpture, students are guided toward the realization of more sophisticated and complex ways of handling materials and incorporating meaning. Discussions of materials, processes and hands-on practice empower the student to move from concept to completed work, engendering a better understanding of how sculpture is situated within the context of culture and society at large. Readings, slide presentations, discussions and critiques help provide the vocabulary for such an understanding.
Prerequisite: ARTS 24051.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34052 TIME ARTS 3 Credit Hours
This interdisciplinary course investigates the fundamentals of time-based media and its intersection with sculptural practice. Students build on concepts from ARTS 24051 to gain a broader understanding of multiple methods of making including performance, video, site and situation-specific works, as well as the use of traditional sculptural materials. Discussions of materials, processes and hands-on practice empower the student to move from concept to completed work engendering a better understanding of how sculpture is situated within the contemporary art world. Readings, slide presentations, discussions and critiques help provide the vocabulary for such an understanding.
Prerequisite: ARTS 24051.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34053 SITE AND INSTALLATION 3 Credit Hours
This interdisciplinary course builds on concepts introduced in ARTS 24051, and expands on a variety of approaches in developing site-specific installations by considering the relationship between object/context, public/private, interior/exterior and urban/rural. Through the manipulation of materials, found objects and time-based media, students are introduced to concepts of space, intention, site and intervention through experimental approaches. Students further develop an understanding of material and context through in-depth readings, lectures and critical dialogue. Sculptural techniques, performance, photography and video art are covered and incorporated into the course. Studio time is supplemented by readings, lectures and site visits around campus.
Prerequisite: ARTS 24051.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34061 INTERMEDIATE PAINTING 3 Credit Hours
Continuation of painting from observation with an introduction to oil paints and mediums. Students will look outside of the still life at various subjects including spatial dynamics, the figure, and abstracted imagery. Introduction to oil painting tools, processes, and best studio practices.
Prerequisite: ARTS 24061.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34062 PAINTING STRATEGIES: PROCESS AND CONTENT 3 Credit Hours
This course focuses on conceptual prompts relative to contemporary issues to encourage a variety of processes and material approaches to making paintings. Students continue the idea of building a painting through the iterative process of making, analyzing, and editing their work throughout the semester. The painting is a live surface, a place to collect and record information, and this course insists that students consider a wide range of formal and conceptual choices to best address content. Each project will be initiated with rigorous research and further supported by exposure to visual examples of historic and contemporary painting, readings, written responses, seminar-style discussions, and numerous critiques of both in-progress and finished work.
Prerequisite: ARTS 34061.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34063 PAINTING STRATEGIES: IMAGE AND CONTENT 3 Credit Hours
This course investigates various contemporary painting strategies through the use of images as source materials, with a strong emphasis on narrative. Moving away from direct observation and towards the abstraction of imagery, students will be asked to approach their practice through research, preliminary studies and sketches, and a self-driven investigation of the use of images to create concept. Various prompts will be assigned and are designed to provide students with a stronger understanding of the use of found, self-produced, or appropriated imagery as reference for their work, while helping each student build a direction for their painting practice. We will look to other mediums such as film, photography, collage, and advertising to inform the painted image and improve the reading of contemporary painting. We will look to other mediums to better contextualize the painted image in contemporary art.
Prerequisite: ARTS 34061.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35095 STUDIO ART: SPECIAL TOPICS 3 Credit Hours
(Repeatable for credit) Specialized courses in studio art that focus on specific techniques and media.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35302 FELTMAKING 3 Credit Hours
Felt is an anti-fabric. Unique among textiles, feltmaking is the only method of cloth construction that wholly denies the grid. Through hands-on intensives and independent research, students engage the unique attributes of feltmaking through planar, pictorial and dimensional outputs. Felt's relationship to conceptual art, post-modernist sculpture, kitsch and camp are explored alongside the study of its social and cultural position within the global history of textiles. Material and technical vocabularies are framed through course texts, presentations and critical discussions. Students output studies and realized works which engage felt as an artistic medium. Students who do not meet the prerequisite may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: Accessories minor or School of Art major or School of Fashion major or Textiles minor.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35305 TEXTILES: ACCESSORIES - DESIGN AND PRODUCTION 3 Credit Hours
Focus is on the design and production of textile accessories using the structural process of weaving. Texture, material, and color are critically and creatively considered in relation to the development of unique functional objects. Professional design objectives are presented.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35310 OFF-LOOM 3 Credit Hours
This course focuses on the architectural aspects of interlacement. Moving off the loom, students construct with thread, yarn and other long flexible materials to transform line into planar or sculptural form. Explorations engage space and the pliability of textiles to emphasize the physical and tactile aspects of the materials and construction methods inherent to fiber. Processes such as plaiting, netting, knotting, looping, wrapping, coiling, ropemaking and basketry provide a foundational vocabulary in the exploration of dimensional textiles. The use of traditional materials are combined with found materials to further engage the question of material meaning. Students approach the sensibilities of weaving outside of highly technologized looms by working with direct and accessible tools to find freedom in the pursuit of experimental form. These material and technical vocabularies are framed through course texts, presentations and critical discussions. Students output studies and realized works which engage relief, sculpture and space. Students who do not meet the prerequisite may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: Accessories minor or School of Art major or School of Fashion major or Textiles minor.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35311 PRINT FOR TEXTILES AND ALTERNATIVE SURFACES 3 Credit Hours
As a holistic exploration of printed textiles, this course presents a range of processes for printing on cloth and alternative substrates. The use of inks, dyes, resists, discharges and additional chemical processes are introduced and explored. Students create hand-drawn, computer generated and photographic images to explore foundational print vocabularies such as block printing, mono printing, screen printing, multiples, color relationships, composition, repeat patterns, color layering, CMYK and experimental alternative processes. The relevance of printed textiles in the expanded field of contemporary art is emphasized. Interdisciplinary and experimental uses of the printed surface are encouraged throughout the development of personal research and practice. Critical discussion of core texts and individualized research occur in tandem with studio activity. Students produce studies and fully realized artworks developed through in-process discussions and presented in formal critique settings. Students who do not meet the prerequisite may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: Accessories minor or School of Art major or School of Fashion major or Textiles minor.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35312 DIGITAL TEXTILES 3 Credit Hours
With connections to technology and industry, textile practices employ digital platforms to speculate form and simulate materiality. Building off these techno-industrial strategies, students engage hybrid making that moves between the screen and material to imagine textile futures. Workshops present a digital textile vocabulary encompassing digital design, repeat and pattern layouts and material simulation. Student work is output through digital fabrication resources at the DI HUB. Coursework considers practices that engage textiles across experiential and technological platforms in contemporary art and design. Essential to this inquiry, students participate in critical discussions of core texts alongside their own making. Studio production engages digital design and outsourced fabrication. This work yields studies and fully realized artworks developed through in-process discussions and presented in formal critique settings. Students who do not meet the prerequisite may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: Accessories minor or School of Art major or School of Fashion major or Textiles minor.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35313 BACKSTRAP WEAVING 3 Credit Hours
This rhizomatic potential of weaving is exemplified with backstrap weaving where looms are constructed and altered freely according to the improvisational vision of the weaver. Working from this orientation, this course engages the fluidity of the backstrap loom to transgress binary thinking, and further integrate skill building alongside conceptual development. Students combine traditional and experimental materials with the exploration of four-selvedge cloth, brocade and double cloth to develop a rigorous vocabulary. Visual, pictorial, architectural, sculptural, performative and nomadic practices are explored in a polynary pursuit of weaving. Making occurs in concert with the study of woven cosmologies that predate the modernist lineage. Studio production oscillates between generating material vocabularies and self-directed making workshopped through regular critiques. This coursework considers weaving expansively to disrupt dominant paradigms that define textility through technological and social binaries. Students who do not meet the prerequisite may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: Accessories minor or School of Art major or School of Fashion major or Textiles minor.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35316 DYE AND COLOR 3 Credit Hours
Color is a uniquely slippery element that can shift before our eyes just as it inflects social, political and emotional meaning upon the visual world. In this course, dyes are an interface to explore the formal and conceptual possibilities of color. Students are introduced to natural and synthetic dye technologies, and develop vocabulary in immersion dyeing, direct application of dyes, dye resists and dye discharges. Alongside material outputs, students investigate the social, economic and historic position of dyes and dyestuffs. Consideration of color as a source of content is a primary point of focus. Coursework includes studio activity, critical discussion of core texts and individualized research. Students produce studies and fully realized artworks developed through in-process discussions and presented in formal critique settings. Students who do not meet the prerequisite may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: Accessories minor or School of Art major or School of Fashion major or Textiles minor.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35400 FUNCTIONAL APPROACHES TO CLAY 3 Credit Hours
(Repeatable for credit) Intermediate ceramics course focused on creating functional pottery utilizing the wheel and hand building. A range of techniques are demonstrated to build skills and understanding of pottery making, design, function, surface decoration and the concept of made forms. Students learn how to make clay and glazes from dry materials as well as how to fire a gas kiln.
Prerequisite: ARTS 25400.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35401 SCULPTURAL APPROACHES IN CLAY 3 Credit Hours
(Repeatable for credit) An intermediate course focusing on all aspects of sculptural ceramics. Course may include explorations in three-dimensional form, the human figure, mold making, multiples and installation.
Prerequisite: ARTS 25400.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35602 FLAMEWORKED GLASS 3 Credit Hours
(Repeatable for credit) An investigation of techniques, tools, equipment and materials involved in glass lampworking processes. The course covers basic melting, shaping and blowing with a glass flameworking torch.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35603 GLASS BLOWING 3 Credit Hours
(Repeatable for credit) Further exploration of glass blowing techniques. Design, form, color and execution are emphasized.
Prerequisite: ARTS 25600.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35604 SCULPTURAL AND KILN-FORMED GLASS 3 Credit Hours
(Repeatable for credit) An overview and exploration of sculptural and kiln-formed glass techniques. Casting, pattern making, mold making and cold construction are covered. Design, form, content and technical execution and understanding operations of equipment are emphasized.
Prerequisite: Junior standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35700 JEWELRY CONCEPTS AND TECHNIQUES 3 Credit Hours
An in-depth exploration of jewelry making techniques such as enameling, casting, stone setting, mechanisms and fabrication. Conceptual development and design skills are emphasized. To gain a deeper understanding of the subject, historical and contemporary works are viewed and discussed.
Prerequisite: ARTS 25700.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35701 METALSMITHING CONCEPTS AND TECHNIQUES 3 Credit Hours
Course offers an in-depth exploration of larger scale fabrication, mechanisms, chasing and repoussé and hammer working techniques (raising, forging and shell forming). Conceptual development and design skills are emphasized. To gain a deeper understanding of the subject, historical and contemporary works are viewed and discussed.
Prerequisite: ARTS 25700.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35704 ENAMELING CONCEPTS AND TECHNIQUES 3 Credit Hours
(Repeatable for credit) An in-depth exploration of vitreous enameling techniques on two-dimensional surfaces. Champlevé, cloisonné and sifted enamel approaches are highlighted. Conceptual development and design skills are emphasized. To gain a deeper understanding of the subject, historical and contemporary works are viewed and discussed.
Prerequisite: ARTS 25700.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 44002 ADVANCED DRAWING FOR ALL DISCIPLINES 3 Credit Hours
(Repeatable for credit) (Slashed with ARTS 54002) An advanced drawing course, open to all studio disciplines, with an emphasis on students pursuing individually conceived problems in close consultation one-on-one with faculty.
Prerequisite: ART 30001; and ARTS 24002.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 44010 ADVANCED FINE ART PHOTOGRAPHY 3 Credit Hours
Combined studio/lecture course offering more advanced, conceptual approaches to the contemporary applications of photographic imaging for artists. Students work with larger scale printing formats, more involved research and greater depth of involvement with the photographic medium.
Prerequisite: ARTS 24010 and ART 30001.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 44011 DIGITAL FINE ART PHOTOGRAPHY 3 Credit Hours
(Slashed with ARTS 54011) Students develop their technical and conceptual skills in fine art digital photography, and develop a contemporary approach to working with the medium. Students explore various photographic and digital techniques, and form an awareness of such techniques in contemporary photography.
Prerequisite: Minimum C grade in ART 10022.
Schedule Type: Studio
Contact Hours: 5 other
Grade Mode: Standard Letter

ARTS 44043 ADVANCED PRINT MEDIA 3 Credit Hours
(Repeatable for maximum 9 credit hours) Advanced printmaking course with emphasis on students producing new, individually conceived visual works in print media in close consultation with faculty.
Prerequisite: ART 30001; and ARTS 34043 or ARTS 34044 or ARTS 34045.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 44045 ART OF THE BOOK 3 Credit Hours
(Slashed with ARTS 54045) An introduction to artists' books. A variety of binding methods and strategies for creating art through alternative and traditional book forms are introduced. Students complete projects and develop a personal visual language through the book form.
Prerequisite: Junior standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 44046 PAPERMAKING 3 Credit Hours
(Slashed with ARTS 54046) This course introduces students to both traditional and experimental uses of handmade paper. This course combines presentations, demonstrations, group brainstorming sessions, field trips and critiques to apply towards papermaking projects. An artist research presentation and final presentation are required to encourage students to engage in outside resources and self reflect on semester-long growth. Papermaking techniques include but are not limited to: European sheet formation, pulp pigmenting, pulp painting, stenciling, embedding, paper casting and sheet wrapping. Paper fibers incorporated in this course include but are not limited to: abaca, cotton, flax and mulberry. Both two-dimensional and three-dimensional approaches to papermaking are explored. Exploration and experimentation are encouraged with equal demands on craft.
Prerequisite: Junior standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 44051 ADVANCED SCULPTURAL PRACTICE 3 Credit Hours
(Repeatable for credit) Course is self-directed, in which students create a series of sculptural works in consultation with the instructor and through ongoing student-led presentations, discussions and in-progress and final critiques. Emphasis is on creating a body of work throughout the semester that is informed by and demonstrates an awareness of contemporary practice in terms of approaches to content, form and presentation. Students can work in a variety of ways: object making, installation, site-based and/or time-based approaches. Research and writing are emphasized. Readings, slide presentations, discussions and critiques help provide context and vocabulary for student development.
Prerequisite: ART 30001 and ARTS 24051; and ARTS 34051 or ARTS 34052 or ARTS 34053.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 44060 ADVANCED PAINTING: PRACTICE AND THEORY 3 Credit Hours
(Repeatable for credit) Advanced painting course with an emphasis on pursuing individually conceived problems in close consultation with faculty.
Prerequisite: ART 30001; and ARTS 34061; and ARTS 34062 or ARTS 34063.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 44070 DIGITAL FABRICATION IN STUDIO ART 3 Credit Hours
(Slashed with ARTS 54070) This course is an introduction to digital fabrication technologies as they relate to a studio practice. Mastery of software skills enables one to better explore object-making as a medium of personal expression. In addition to technical skills, the course will introduce relationships between form, subject matter, and content. Projects will include technical and conceptual problem solving, design lessons, object making and short student lead initiatives to connect to maker spaces and industries that can support future making. Instructor facilitated discussions between students will form a community of mutual learning.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 44091 VARIABLE CONTENT SEMINAR: STUDIO ART 3 Credit Hours
(Repeatable for credit) (Slashed with ARTS 54091) Contemporary issues related to visual arts are explored through presentation, lecture, and discussion. Guest speakers augment staff.
Prerequisite: Junior or senior standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTS 44096 INDIVIDUAL STUDY: STUDIO ART 1-6 Credit Hours
(Repeatable for credit) Additional study in area of student's choice in consultation with advisor.
Prerequisite: ART 30001; and a major in Studio Art; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 2-12 other
Grade Mode: Standard Letter

ARTS 44098 RESEARCH IN STUDIO ART (ELR) 1-3 Credit Hours
(Repeatable for credit) Studio research in the visual arts.
Prerequisite: Junior or senior standing.
Schedule Type: Research
Contact Hours: 3-9 other
Grade Mode: Standard Letter-IP
Attributes: Experiential Learning Requirement

ARTS 44192 INTERNSHIP OR PRACTICUM IN STUDIO ART (ELR) 1-6 Credit Hours
(Repeatable for credit) (Slashed with ARTS 54192) An undergraduate, experience-based learning activity carried out in a visual arts setting. Emphasis is on the goals of connecting ideas, concepts, and skills developed in coursework to applications in new or different contexts, demonstrating how this experience has broadened students' understanding of their discipline, and reflection on the significance of the experience.
Prerequisite: A major in the School of Art; junior or senior standing; and special approval of faculty sponsor.
Schedule Type: Practical Experience
Contact Hours: 3-18 other
Grade Mode: Standard Letter-IP
Attributes: Experiential Learning Requirement

ARTS 45080 KENT BLOSSOM ART 1-6 Credit Hours
(Repeatable for credit) (Slashed with ARTS 55080) Studio exploration of selected concepts in studio art: painting; drawing; sculpture and expanded media; print media and photography; ceramics; glass; jewelry, metals and enameling; textiles. Content varies with each section offered.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 2-12 other
Grade Mode: Standard Letter-IP

ARTS 45089 INTERNATIONAL EXPERIENCE: STUDIO ART (DIVG) (ELR) 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTS 55089) A Kent State faculty-led study abroad experience in studio art that integrates traditional classroom learning with experiential activities and site visits outside the United States.
Prerequisite: Studio Art major; and special approval.
Schedule Type: International Experience, Lecture
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Diversity Global, Experiential Learning Requirement

ARTS 45090 STUDY AWAY: STUDIO ART (ELR) 1-3 Credit Hours
(Slashed with ARTS 55090)(Repeatable for credit) Study away in studio art disciplines at a site at or away from Kent State University.
Prerequisite: Studio Art major.
Schedule Type: Study Away
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

ARTS 45095 SPECIAL TOPICS: STUDIO ART 1-6 Credit Hours
(Repeatable for credit) (Slashed with ARTS 55095) Specialized courses in studio art that focus on specific techniques and media.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 2-12 other
Grade Mode: Standard Letter

ARTS 45098 SENIOR THESIS RESEARCH AND PROPOSAL (ELR) 1 Credit Hour
(Repeatable for credit) Preparatory course, which acts as an exploratory period for students to develop their ideas - conceptually, thematically and materially - through research, writing and physical material studies. Upon successful completion, students may continue with ARTS 45099.
Prerequisite: Major in Studio Art; senior standing; and special approval.
Schedule Type: Research
Contact Hours: 1.6 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

ARTS 45099 SENIOR THESIS EXHIBITION (ELR) 3 Credit Hours
This course prepares students for the challenges of a creative professional practice in their chosen discipline. As the culmination of undergraduate studies, the course serves as a capstone experience for students in their chosen concentration. Provides students an opportunity to independently develop and create a body of work for exhibition and oral review with faculty. Requires the completion of an undergraduate thesis and professional caliber photo documentation of the exhibition.
Prerequisite: ART 30001; and special approval.
Schedule Type: Project or Capstone
Contact Hours: 3 other
Grade Mode: Standard Letter-IP
Attributes: Experiential Learning Requirement

ARTS 45300 JACQUARD: DIGITAL WEAVING 3 Credit Hours
(Slashed with ARTS 55300)(Repeatable for credit) The digitally interfaced jacquard goes beyond the limitations of the floor loom, allowing for direct control of individual threads to enable image materialization. Incorporating mediation and handwork, students explore the historical and conceptual interstices of digital technology, weaving and picture-making. This advanced course investigates the tensions between digital interfaces and material outputs while engaging their cooperative possibilities. Inquiries into the implications of aesthetics, skill and technology are explored alongside the relationship of cloth and image. A vocabulary of woven constructions, patterns, colors and textures are developed using the digital jacquard loom. Coursework incorporates the computer, handweaving, reading, research and critical dialogue. A personal laptop computer is required for this course. We reclaim the jacquard as a hand loom to articulate form that can only emerge through the confrontation and synthesis of body and technology. The weaver embodies the cyborg. Students who do not meet the prerequisites may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: ARTS 45314 or ARTS 45351; and junior standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45301 TEXTILES: ADVANCED STUDIO 3 Credit Hours
Structured time for individual investigations in textiles. Emphasis on self-designed study. Bi-weekly presentations of contemporary work in textiles and weekly discussions or critiques with open studio.
Prerequisite: ART 30001; and special approval.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45307 TEXTILES: WEAVING AND COLOR 3 Credit Hours
(Slashed with ARTS 55307) This course will provide students with an opportunity to explore numerous techniques that emphasize the interaction of color in relation to the unique interlacement process of weaving. Use of different looms (including the floor and frame) will provide the means to integrate color with patterns and image in the connection of warp and weft. Immersion dyeing will be introduced along with specialized direct dye application methods.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45308 TEXTILE ARTS AND GENDER 3 Credit Hours
(Slashed with ARTS 55308) Textile Arts and Gender is designed as an exploratory learning experience. Through weekly readings and discussions, students will engage with historical and contemporary ideas of how textiles relate to gender and how this informs contemporary textile art practice. Simultaneously, students will be learning textile art techniques chosen because of their close association with historical notions of the feminine, the decorative, and the domestic. Students will also study the contemporary use of these same techniques in textile works that explore the concepts of gender, feminism, and subversion.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45314 PRACTICES IN WEAVING: TAPESTRY 3 Credit Hours
(Slashed with ARTS 55314)(Repeatable for credit) This intensive studio course considers tapestry expansively as an interface through which weaving contributes to aesthetics and meaning according to its own logic and history. Woven form is realized in collaboration with the tectonic grid of the loom, yielding a unique relationship to image-making; the structural surface and the image it bears are one and the same. Working with multi-harness floor looms, students engage this question through rigorous material explorations. Vocabulary is expanded through the study of double cloth, discontinuous/supplementary wefts and dye processes. The position of weaving as a progenitor of abstraction and the role of color as a catalyst for meaning are essential points of inquiry. Critical discussion of core texts and individualized research occur in tandem with studio activity. Students produce studies and fully realized artworks developed through in-process discussions and presented in formal critique settings. This work considers the practice of weaving as an expansive playground to complicate the paradigms of contemporary art with textility. Students who do not meet the prerequisite may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: ARTS 25310.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45351 PRACTICES IN WEAVING: LOOM-THINKING 3 Credit Hours
(Slashed with ARTS 55351)(Repeatable for credit) This intensive studio course focuses on weaving and its relationship to the evolving landscape of contemporary art. Working with multi-harness floor looms, students engage rigorous questions in imagery, sculptural form and spatial intervention. Vocabulary is expanded through the study of complex woven constructions, hand and digital drafting and dye processes. Emphasis is placed on developing fluency with the language and logic of the loom. Here, students enter the space of “loom-thinking” to create, mutate, subvert and interrupt weave drafts and thread interlacements in the production of woven form. Through their developing technical virtuosity, students push the algorithmic sensibility of weaving toward visual and material poetics. Critical discussion of core texts and individualized research occur in tandem with studio activity. Students produce studies and fully realized artworks developed through in-process discussions and presented in formal critique settings. This work considers the practice of weaving as an expansive playground to complicate the paradigms of contemporary art with textility. Students who do not meet the prerequisite may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: ARTS 25310.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45400 ADVANCED CERAMICS 3 Credit Hours
(Repeatable for credit) Course is designed to assist and guide students in developing their own personal art practice, concepts and skills using the ceramic medium. Personal research and critical thinking are emphasized during class discussions and critiques.
Prerequisite: ART 30001; and ARTS 35400 or ARTS 35401.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45600 ADVANCED GLASS WORKING 3 Credit Hours
(Repeatable for credit) Individual exploration of sculptural and hot glass techniques. Design, form, content and execution strongly emphasized. Introduction to studio facility design, construction and maintenance.
Prerequisite: ART 30001; and two of the following courses: ARTS 35602, ARTS 35603 and ARTS 35604.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45700 JEWELRY DESIGN AND PRODUCTION 3 Credit Hours
Course examines strategies and techniques to effectively enter the jewelry field. Industrial applications to produce multiples, research into specialized markets and packaging of work are addressed. Design and professional practice skills are emphasized.
Prerequisite: ARTS 35700.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45705 CAD FOR JEWELRY 3 Credit Hours
(Slashed with ARTS 55705) Students develop a set of comprehensive computer-aided design (CAD) skills to be utilized in a variety of studies such as sculpture design, jewelry making and many others. CAD skills are developed through the investigation of laser cutting, 3D modeling, project planning and 3D printing. Mastery of these techniques enable students to better explore object-making as a medium of personal expression. Although there are many technical components to learn, the instructor also focuses on the relationship between form, subject matter and content.
Prerequisite: ART 30001 and ARTS 25700.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45707 CONTEMPORARY APPROACHES IN METALSMITHING 3 Credit Hours
Course introduces students to current trends in the creation of metalsmithed objects. “Materialsmithing”, new technologies and industrial applications are joined with historically important metalsmithing principles in the ideation and creation of new works. Research and conceptual development are emphasized.
Prerequisite: ART 30001 and ARTS 35701.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45708 BODY ORNAMENTATION 3 Credit Hours
(Slashed with ARTS 55708)(Repeatable for credit) Course addresses the expanding theories and techniques used to adorn the body within jewelry metals and enamel. New technologies, material exploration and contemporary practices in adornment are presented. Conceptual development and research are emphasized.
Prerequisite: ARTS 25700.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 54002 ADVANCED DRAWING FOR ALL DISCIPLINES 3 Credit Hours
(Repeatable for credit) (Slashed with ARTS 44002) An advanced drawing course, open to all studio disciplines, with an emphasis on students pursuing individually conceived problems in close consultation one-on-one with faculty.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 54011 DIGITAL FINE ART PHOTOGRAPHY 3 Credit Hours
(Slashed with ARTS 44011) Students develop their technical and conceptual skills in fine art digital photography, and develop a contemporary approach to working with the medium. Students explore various photographic and digital techniques and form an awareness of such techniques in contemporary photography.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 5 other
Grade Mode: Standard Letter

ARTS 54045 ART OF THE BOOK 3 Credit Hours
(Slashed with ARTS 44045) An introduction to artists' books. A variety of binding methods and strategies for creating art through alternative and traditional book forms are introduced. Students complete projects and develop a personal visual language through the book form.
Prerequisite: Master of Arts degree or Master of Fine Arts degree; and graduate standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 54046 PAPERMAKING 3 Credit Hours
(Slashed with ARTS 44046) This course introduces students to both traditional and experimental uses of handmade paper. This course combines presentations, demonstrations, group brainstorming sessions, field trips and critiques to apply towards papermaking projects. An artist research presentation and final presentation are required to encourage students to engage in outside resources and self reflect on semester-long growth. Papermaking techniques include but are not limited to: European sheet formation, pulp pigmenting, pulp painting, stenciling, embedding, paper casting and sheet wrapping. Paper fibers incorporated in this course include but are not limited to: abaca, cotton, flax and mulberry. Both two-dimensional and three-dimensional approaches to papermaking are explored. Exploration and experimentation are encouraged with equal demands on craft.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 54070 DIGITAL FABRICATION IN STUDIO ART 3 Credit Hours
(Slashed with ARTS 44070) This course is an introduction to digital fabrication technologies as they relate to a studio practice. Mastery of software skills enables one to better explore object-making as a medium of personal expression. In addition to technical skills, the course will introduce relationships between form, subject matter, and content. Projects will include technical and conceptual problem solving, design lessons, object making, and short student lead initiatives to connect to makerspaces and industries that can support future making. Instructor facilitated discussions between students will form a community of mutual learning.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 54091 VARIABLE CONTENT SEMINAR: STUDIO ART 3 Credit Hours
(Repeatable for credit) (Slashed with ARTS 44091) Contemporary issues related to visual arts are explored through presentation, lecture and discussion. Guest speakers augment staff.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTS 54192 INTERNSHIP OR PRACTICUM IN STUDIO ART 1-6 Credit Hours
(Repeatable for credit) (Slashed with ARTS 44192) An undergraduate, experience-based learning activity carried out in a visual arts setting. Emphasis is on the goals of connecting ideas, concepts, and skills developed in coursework to applications in new or different contexts, demonstrating how this experience has broadened students' understanding of their discipline, and reflection on the significance of the experience.
Prerequisite: A major in the School of Art; and graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3-18 other
Grade Mode: Standard Letter-IP

ARTS 55080 KENT BLOSSOM ART 1-6 Credit Hours
(Repeatable for credit) (Slashed with ARTS 45080) Studio exploration in the visual arts, including ceramics, drawing, glass, jewelry-metals-enameling, painting, print media and photography, sculpture and expanded media and textiles.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Studio
Contact Hours: 2-12 other
Grade Mode: Standard Letter-IP

ARTS 55089 INTERNATIONAL EXPERIENCE: STUDIO ART 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTS 45089) A Kent State faculty-led study abroad experience in studio art that integrates traditional classroom learning with experiential activities and site visits outside the United States.
Prerequisite: Studio Art major; and graduate standing; and special approval.
Schedule Type: International Experience, Lecture
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

ARTS 55090 STUDY AWAY: STUDIO ART 1-3 Credit Hours
(Slashed with ARTS 45090)(Repeatable for credit) Study away in studio art disciplines at a site at or away from Kent State University.
Prerequisite: Studio Art major; and graduate standing.
Schedule Type: Study Away
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

ARTS 55095 STUDIO ART: SPECIAL TOPICS 1-6 Credit Hours
(Repeatable for credit) (Slashed with ARTS 45095) Specialized courses in studio art that focus on specific techniques and media.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Studio
Contact Hours: 2-12 other
Grade Mode: Standard Letter

ARTS 55300 JACQUARD: DIGITAL WEAVING 3 Credit Hours
(Slashed with ARTS 45300)(Repeatable for credit) The digitally interfaced jacquard goes beyond the limitations of the floor loom, allowing for direct control of individual threads to enable image materialization. Incorporating mediation and handwork, students explore the historical and conceptual interstices of digital technology, weaving and picture-making. This advanced course investigates the tensions between digital interfaces and material outputs while engaging their cooperative possibilities. Inquiries into the implications of aesthetics, skill and technology are explored alongside the relationship of cloth and image. A vocabulary of woven constructions, patterns, colors and textures are developed using the digital jacquard loom. Coursework incorporates the computer, handweaving, reading, research and critical dialogue. A personal laptop computer is required for this course. We reclaim the jacquard as a hand loom to articulate form that can only emerge through the confrontation and synthesis of body and technology. The weaver embodies the cyborg.
Prerequisite: Studio Art major; and graduate standing; and special approval.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 55307 TEXTILES: WEAVING AND COLOR 3 Credit Hours
(Slashed with ARTS 45307) This course will provide students with an opportunity to explore numerous techniques that emphasize the interaction of color in relation to the unique interlacement process of weaving. The use of different looms (including the floor and frame) will provide the means to integrate color with patterns and image in the connection of warp and weft. Immersion dyeing will be introduced along with specialized direct dye application, methods.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 55308 TEXTILE ARTS AND GENDER 3 Credit Hours
(Slashed with ARTS 55308) Textile Arts and Gender is designed as an exploratory learning experience. Through weekly readings and discussions, students will engage with historical and contemporary ideas of how textiles relate to gender and how this informs contemporary textile art practice. Simultaneously, students will be learning textile art techniques chosen because of their close association with historical notions of the feminine, the decorative, and the domestic. Students will also study the contemporary use of these same techniques in textile works that explore the concepts of gender, feminism and subversion.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 55314 PRACTICES IN WEAVING: TAPESTRY 3 Credit Hours
(Slashed with ARTS 45314)(Repeatable for credit) This intensive studio course considers tapestry expansively as an interface through which weaving contributes to aesthetics and meaning according to its own logic and history. Woven form is realized in collaboration with the tectonic grid of the loom, yielding a unique relationship to image-making; the structural surface and the image it bears are one and the same. Working with multi-harness floor looms, students engage this question through rigorous material explorations. Vocabulary is expanded through the study of double cloth, discontinuous/supplementary wefts and dye processes. The position of weaving as a progenitor of abstraction and the role of color as a catalyst for meaning are essential points of inquiry. Critical discussion of core texts and individualized research occur in tandem with studio activity. Students produce studies and fully realized artworks developed through in-process discussions and presented in formal critique settings. This work considers the practice of weaving as an expansive playground to complicate the paradigms of contemporary art with textility.
Prerequisite: Studio Art major; and graduate standing; and special approval.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 55351 PRACTICES IN WEAVING: LOOM-THINKING 3 Credit Hours
(Slashed with ARTS 45351)(Repeatable for credit) This intensive studio course focuses on weaving and its relationship to the evolving landscape of contemporary art. Working with multi-harness floor looms, students engage rigorous questions in imagery, sculptural form and spatial intervention. Vocabulary is expanded through the study of complex woven constructions, hand and digital drafting and dye processes. Emphasis is placed on developing fluency with the language and logic of the loom. Here, students enter the space of "loom-thinking" to create, mutate, subvert and interrupt weave drafts and thread interlacements in the production of woven form. Through their developing technical virtuosity, students push the algorithmic sensibility of weaving toward visual and material poetics. Critical discussion of core texts and individualized research occur in tandem with studio activity. Students produce studies and fully realized artworks developed through in-process discussions and presented in formal critique settings. This work considers the practice of weaving as an expansive playground to complicate the paradigms of contemporary art with textility.
Prerequisite: Studio Art major; and graduate standing; and special approval.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 55705 CAD FOR JEWELRY 3 Credit Hours
(Slashed with ARTS 45705) Students develop a set of comprehensive computer-aided design (CAD) skills to be utilized in a variety of studies such as sculpture design, jewelry making and many others. CAD skills are developed through the investigation of laser cutting, 3D modeling, project planning and 3D printing. Mastery of these techniques enable students to better explore object-making as a medium of personal expression. Although there are many technical components to learn, the instructor also focuses on the relationship between form, subject matter and content.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 55708 BODY ORNAMENTATION 3 Credit Hours
(Slashed with ARTS 45708)(Repeatable for credit) Course addresses the expanding theories and techniques used to adorn the body within jewelry metals and enamel. New technologies, material exploration and contemporary practices in adornment are presented. Conceptual development and research are emphasized.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 64000 GRADUATE SEMINAR I: STUDIO ART 3 Credit Hours
(Repeatable for credit) This graduate seminar intends to bring together graduate students working across disciplines to facilitate their participation in creating a framework for understanding the practice of art-making in relation to the contemporary global and cultural terrain.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTS 64001 GRADUATE SEMINAR II: STUDIO ART 3 Credit Hours
(Repeatable for credit) This graduate seminar is an advanced course which intends to bring together graduate students working across disciplines to facilitate their participation in creating a framework for understanding the practice of art-making in relation to the contemporary global and cultural terrain.
Prerequisite: ARTS 64000; and graduate standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTS 64040 GRADUATE STUDIO: PRINT MEDIA AND PHOTOGRAPHY I 1-9 Credit Hours
(Repeatable for credit) Research-based, hands-on studio course providing a context for individual creative projects in the Print Media and Photography concentration.
Prerequisite: Print media and photography concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 64041 GRADUATE STUDIO: PRINT MEDIA AND PHOTOGRAPHY II 1-9 Credit Hours
(Repeatable for credit) Advance research-based, hands-on studio course providing a context for individual creative projects in the Print Media and Photography concentration.
Prerequisite: ARTS 64040; and print media and photography concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 64050 GRADUATE STUDIO: SCULPTURE AND EXPANDED MEDIA I 1-9 Credit Hours
(Repeatable for credit) Research-based, hands-on studio course providing a context for individual creative projects in the Sculpture and Expanded Media concentration.
Prerequisite: Sculpture and expanded media concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 64051 GRADUATE STUDIO: SCULPTURE AND EXPANDED MEDIA II 1-9 Credit Hours
(Repeatable for credit) Advanced research-based, hands-on studio course providing a context for individual creative projects in the Sculpture and Expanded Media concentration.
Prerequisite: ARTS 64050; and sculpture and expanded media concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 64060 GRADUATE STUDIO: DRAWING AND PAINTING I 1-9 Credit Hours
(Repeatable for credit) Research-based, hands-on studio course providing a context for individual creative projects in the Drawing and Painting concentration.
Prerequisite: Drawing or painting concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 64061 GRADUATE STUDIO: DRAWING AND PAINTING II 1-9 Credit Hours
(Repeatable for credit) Advanced research-based, hands-on studio course providing a context for individual creative projects in the Drawing or Painting concentration.
Prerequisite: ARTS 64060; and painting or drawing concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 64096 INDIVIDUAL INVESTIGATION STUDIO ART 1-3 Credit Hours
(Repeatable for credit) Independent study in studio art.
Prerequisite: Master of Art or Master of Fine Arts degree in the School of Art; and graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 3-9 other
Grade Mode: Standard Letter-IP

ARTS 64098 RESEARCH IN STUDIO ART 1-15 Credit Hours
(Repeatable for credit) Studio research in the visual arts.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Research
Contact Hours: 1-15 other
Grade Mode: Standard Letter

ARTS 65095 STUDIO ART: ADVANCED SPECIAL TOPICS 1-6 Credit Hours
(Repeatable for credit) Advanced specialized courses in studio art that focus on specific techniques and media.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Studio
Contact Hours: 2-12 other
Grade Mode: Standard Letter

ARTS 65300 GRADUATE STUDIO: TEXTILES I 1-9 Credit Hours
(Repeatable for credit) Research-based, hands-on studio course providing a context for individual creative projects in the Textiles concentration.
Prerequisite: Textiles concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 65301 GRADUATE STUDIO: TEXTILES II 1-9 Credit Hours
(Repeatable for credit) Advanced research-based, hands-on studio course providing a context for individual creative projects and cultivating a personal direction in the Textiles concentration.
Prerequisite: ARTS 65300; and textiles concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 65400 GRADUATE STUDIO: CERAMICS I 1-9 Credit Hours
(Repeatable for credit) Research-based, hands-on studio course providing a context for individual creative projects in the Ceramics concentration.
Prerequisite: Ceramics concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 65401 GRADUATE STUDIO: CERAMICS II 1-9 Credit Hours
(Repeatable for credit) Advanced research-based, hands-on studio course providing a context for individual creative projects and cultivating a personal direction in the Ceramics concentration.
Prerequisite: ARTS 65400; and Ceramics concentration in the Studio Art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 65600 GRADUATE STUDIO: GLASS I 1-9 Credit Hours
(Repeatable for credit) Research-based, hands-on studio course providing a context for individual creative projects in the Glass concentration.
Prerequisite: Glass concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 65601 GRADUATE STUDIO: GLASS II 1-9 Credit Hours
(Repeatable for credit) Advanced research-based, hands-on studio course providing a context for individual creative projects and cultivating a personal direction in the Glass concentration.
Prerequisite: ARTS 65600; and glass concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 65700 GRADUATE STUDIO: JEWELRY, METALS, ENAMELING I 1-9 Credit Hours
(Repeatable for credit) Advanced research-based, hands-on studio course providing a context for individual creative projects and cultivating a personal direction in the Jewelry, Metals, Enameling concentration.
Prerequisite: Jewelry, metals and enameling concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 65701 GRADUATE STUDIO: JEWELRY, METALS, ENAMELING II 1-9 Credit Hours
(Repeatable for credit) Advanced research-based, hands-on studio course providing a context for individual creative projects and cultivating a personal direction in the Jewelry, Metals, Enameling concentration.
Prerequisite: ARTS 65700; and jewelry, metals and enameling concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 65991 SEMINAR IN STUDIO ART 1-3 Credit Hours
(Repeatable for credit) Contemporary issues and professional concerns in studio art explored through presentations, lectures, and discussion. Graduate faculty and guest speakers.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter

School of Fashion Design and Merchandising

Fashion Design and Merchandising (FDM)

FDM 10010 FASHION FUNDAMENTALS 3 Credit Hours
Introduction to the global fashion industry. Analysis of the business of fashion and how it is conceived, marketed, sold, and consumed. Overview of important resources, companies, career options and personnel who impact the industry.
Prerequisite: Fashion design, fashion merchandising or pre-fashion design and merchandising major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 10023 FASHION VISUALS 1 Credit Hour
The study of fashion information, research sources, color theory, two-and three-dimensional design and visual presentation formats as they apply to the fashion industry.
Prerequisite: Fashion design or fashion merchandising major.
Corequisite: FDM 10024.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

FDM 10024 FASHION VISUALS LABORATORY 2 Credit Hours
Laboratory applications in the study of fashion information, research sources, color theory, two-and three-dimensional design and visual presentation formats as they apply to the fashion industry.
Prerequisite: Fashion design or fashion merchandising major.
Corequisite: FDM 10023.
Schedule Type: Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

FDM 10033 FASHION FABRICS 1 Credit Hour
Study of fabrics, from fiber through finishing processes, with a concentration on differentiating between fibers, fabric construction methods, and other processes involved in production. Emphasis is on understanding fabric properties, including environmental impact, cost, care and how they relate to textile end-usage.
Prerequisite: Fashion design or fashion merchandising major.
Corequisite: FDM 10034.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

FDM 10034 FASHION FABRICS LABORATORY 2 Credit Hours
Study of fabrics, from fiber through finishing processes, with a concentration on differentiating between fibers, fabric construction methods, and other processes involved in production. Emphasis is on understanding fabric properties, including environmental impact, cost, care, and how they relate to textile end-usage. Lab-specific content and assignments reinforce Lecture content.
Prerequisite: Fashion design or fashion merchandising major.
Corequisite: FDM 10033.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

FDM 10043 SUSTAINABLE FASHION THINKING 1 Credit Hour
An introductory exploration of the current fashion industry and the urgent need to create sustainable change. After a survey of fashion industry functions from concept to consumer, students identify current practices and areas of concern. Course focuses on understanding how and why those practices must change and examining burgeoning ideas, methods, practices and business structures shifting to a sustainable future.
Prerequisite: Fashion Design or Fashion Merchandising majors.
Corequisite: FDM 10044.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

FDM 10044 SUSTAINABLE FASHION THINKING LABORATORY 2 Credit Hours
An introductory exploration of the current fashion industry and the urgent need to create sustainable change. After a survey of fashion industry functions from concept to consumer, students identify current practices and areas of concern. Lab focuses on practicing strategies, including critical thinking, human centered design, sustainable product service systems and corporate social responsibility to influence needed change within industry. Fashion design and fashion merchandising students work collaboratively in groups to explore solutions for a sustainable future in the fashion industry.
Prerequisite: Fashion Design or Fashion Merchandising majors.
Corequisite: FDM 10043.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

FDM 10053 INTRODUCTION TO FASHION TECHNOLOGY 1 Credit Hour
Introduces students to the fundamental concepts, procedures, and techniques used in digital imaging software and information database software. A survey of current and emerging technologies used in fashion design, merchandising and production contexts is presented.
Prerequisite: Fashion design or fashion merchandising major.
Corequisite: FDM 10054.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

FDM 10054 INTRODUCTION TO FASHION TECHNOLOGY LABORATORY 2 Credit Hours
Laboratory applications of fundamental concepts, procedures, and techniques used in digital imaging software and information database software. A survey of current and emerging technologies used in fashion design, merchandising, and production contexts is presented and applied.
Prerequisite: Fashion design or fashion merchandising major.
Corequisite: FDM 10053.
Schedule Type: Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

FDM 15055 BASICS OF APPAREL CONSTRUCTION 3 Credit Hours
Introduction to patterns, sewing techniques and application processes using industrial sewing machines and other related equipment in basic garment construction.
Prerequisite: Fashion Design major.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 20013 HISTORY OF FASHION 3 Credit Hours
The study of dress reveals fundamental aspects of the culture in which it is created. This course is an interdisciplinary study of the aesthetic, historical, political, economic and social roles that fashions of an era chronicle. The course includes chronological study and research of dress from the origin of clothing through the present, as studied and applied to contemporary fashion.
Prerequisite: Fashion Design major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 20030 FASHION APPAREL ANALYSIS 3 Credit Hours
Analysis and evaluation of fashion apparel; quality standards of ready-to-wear apparel and factors that influence the aesthetic and functional performance of the end product.
Prerequisite: FDM 10033 and FDM 10034; and fashion merchandising major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 20050 FASHION TECHNOLOGY APPLICATIONS 3 Credit Hours
A continuation of content related to technology within the fashion industry. Pattern manipulation, basic technical packages, garment measuring specs, print design and computerized fashion illustration is addressed with the use of industry-specific and off-the-shelf software packages.
Prerequisite: FDM 10053 and FDM 10054; and fashion design major.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 20121 FASHION DRAWING 3 Credit Hours
Study of communicating design ideas, rendered fabrics, consumer types, technical flats, and the depiction of garment construction through the use of digital toolsets and illustration technology. Emphasis will be placed on the depiction of a variety of body types, demographics (gender identity, differently-abled, race/ethnicity, age, culture), fabric types (weight, end use, pattern/print, color, etc.) on the figure.
Prerequisite: FDM 10023 and FDM 10024; and fashion design major.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 20123 FASHION DESIGN CONCEPTS 3 Credit Hours
An introduction to the process and methodology of creating fashion products with considerations of sustainable practice and diverse consumer markets. Students will apply fashion communication skills and combine with visual thinking practices. Emphasis will be on design thinking, sustainable methodology, creative experimentation, and a variety of body types and markets.
Prerequisite: FDM 10043 and FDM 10044 and FDM 20121.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 20155 MACHINE KNITTING 3 Credit Hours
Basic machine knitting techniques, including structure and shaping on industrial handflat knitting machine. Development and analysis of knitted textiles.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 20156 2-D FASHION DESIGN PRACTICE 3 Credit Hours
Development of two-dimensional patterns for three-dimensional figures/shapes using digital toolsets. Execution of virtual and traditional construction of two-dimensional pattern designs. Emphasis will be placed on the techniques used to develop apparel patterns for both knit and woven textiles and how to fit garments to the body. Students will develop garments for a variety of target markets and a variety of body types. Minimizing waste in pattern layouts and yardage allocation will be addressed.
Prerequisite: FDM 10033 and FDM 10034 and FDM 15055; and fashion design major.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 20157 3-D FASHION DESIGN PRACTICE 3 Credit Hours
Study of draping as a technique for developing two-dimensional patterns for three-dimensional shapes. The techniques used for working with woven fabric and knit fabric are addressed. Students are required to drape on dress forms representing a variety of body shapes. Minimizing waste through shape and form is addressed.
Prerequisite: FDM 10033 and FDM 10034 and FDM 15055 and FDM 20156; and Fashion Design major.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 20263 FASHION RETAIL INDUSTRY 3 Credit Hours
Study of retail organizations and structures within the fashion industry. Analysis of supervision organization and operations management of fashion retail institutions.
Prerequisite: FDM 10010; and fashion merchandising major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 25011 FASHION BRANDING 3 Credit Hours
An overview of branding in the fashion industry. Analysis of strategies for creating (brand awareness), maintaining (brand management) and enhancing the strength (brand asset management) of fashion brands. Class members work individual an as part of a group.
Prerequisite: FDM 10010; and fashion merchandising major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 30013 FASHION AND POP CULTURE 3 Credit Hours
An examination of the relationship between different types of design and popular culture in America and Europe in the 20th and 21st centuries.
Prerequisite: ARTH 22006 or ARTH 22007 or HIST 11050 or HIST 11051.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 30050 FASHION TECHNOLOGY: COMPUTER INTEGRATED TEXTILE DESIGN 3 Credit Hours
The use of Computer Integrated Design tools to produce textile prints, wovens and knits for professional presentation scenarios.
Prerequisite: FDM 10053 and FDM 10054.
Schedule Type: Studio
Contact Hours: 5 other
Grade Mode: Standard Letter

FDM 30083 PROFESSIONAL SEMINAR 3 Credit Hours
Professional development strategies for fashion and related careers. Emphasis is on verbal and written communication skills.
Prerequisite: FDM 20030 and fashion merchandising major; and junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 30124 TECHNICAL DESIGN IN THE FASHION INDUSTRY 3 Credit Hours
Students learn seamstitch classifications, costing, sourcing and lab testing quality assurance. Assembly-line and modular manufacturing are discussed.
Prerequisite: FDM 10033, FDM 10034 and FDM 20050.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 5 other
Grade Mode: Standard Letter

FDM 30132 APPAREL CONSTRUCTION FOR SPECIALTY MARKETS 1 Credit Hour
Construction details specific to a market are researched, discussed and duplicated. Only one specialty market covered each class. Markets vary by class.
Prerequisite: None.
Schedule Type: Combined Lecture and Lab
Contact Hours: 1.5 other
Grade Mode: Standard Letter

FDM 30151 ADVANCED PATTERNMAKING 3 Credit Hours
Flat pattern assignments for advanced, complex garments. Suits, outerwear, cutsew knits will all be covered. Students will make patterns by traditional methods as well as by computer.
Prerequisite: FDM 20156 and FDM 20157.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 30154 DIGITAL MACHINE KNITTING 3 Credit Hours
Programming knitting and basics of operating an industrial knitting machine. Students will develop a sample book that includes industrial techniques, such as structure, shaping, jacquard, intarsia cables, etc. One group project to create a garment and one final project based on research of knit industry will be required.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 30155 KNITWEAR DESIGN 3 Credit Hours
Focus is on the design development of knitwear, learning about how to recognize and communicate knit design through graphs and stitch notation as well as what yarns, fibers and machines are appropriate. The students in this class also design knitwear collections.
Prerequisite: Fashion design major.
Schedule Type: Studio
Contact Hours: 5 other
Grade Mode: Standard Letter

FDM 30161 FASHION DESIGN STUDIO I 6 Credit Hours
Open fashion studio concept to support the creative process of croquis sketching and construction in the production of design work. Students explore markets, selling seasons and specific construction techniques; and further develop fashion design process approaches.
Prerequisite: FDM 20050 and FDM 20123 and FDM 20156 and FDM 20157.
Schedule Type: Studio
Contact Hours: 12 other
Grade Mode: Standard Letter

FDM 30162 FASHION DESIGN STUDIO II 6 Credit Hours
A continuation of the open fashion studio concept to support the entire creative process to produce design work. Students explore fashion markets, selling seasons and specific construction techniques and further develop fashion design process approaches.
Prerequisite: FDM 30161 or FDM 30189 or FDM 30190 or FDM 30389.
Schedule Type: Studio
Contact Hours: 12 other
Grade Mode: Standard Letter

FDM 30189 FLORENCE FASHION DESIGN STUDIO I (DIVG) (ELR) 6 Credit Hours
Open fashion studio concept to support the creative process of croquis sketching and construction in the production of design work. Students explore markets, selling seasons and specific construction techniques; and further develop fashion design process approaches. European markets and travel are incorporated.
Prerequisite: FDM 20050 and FDM 20123 and FDM 20156 and FDM 20157; and special approval.
Schedule Type: International Experience, Studio
Contact Hours: 12 other
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 30190 NEW YORK CITY FASHION DESIGN STUDIO I (ELR) 6 Credit Hours
Open fashion studio concept to support the creative process of croquis sketching and construction in the production of design work. Students explore markets, selling seasons and specific construction techniques; and further develop fashion design process approaches. New York City markets and design-specific experiences are incorporated.
Prerequisite: FDM 20050 and FDM 20123 and FDM 20156 and FDM 20157; and special approval.
Schedule Type: Study Away, Studio
Contact Hours: 12 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

FDM 30260 PRODUCT DEVELOPMENT IN THE FASHION INDUSTRY 3 Credit Hours
Researching, planning, developing and presenting a fashion product line for an identified target market with regard to prices, styling and timing.
Prerequisite: FDM 20030; and fashion merchandising major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 30262 FASHION MERCHANDISE PLANNING AND BUYING 3 Credit Hours
The study of the merchandise buying process from trend analysis through execution of sourcing and delivery of product. Learning the duties of a buyer/merchant, including product planning, coordinating and control of merchandise through the use of appropriate quantitative metrics.
Prerequisite: FDM 20263 and MATH 10041; and Fashion Merchandising major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 30270 TRENDS AND PREDICTIVE ANALYTICS IN FASHION 3 Credit Hours
Provides an overview of fashion forecasting principles and their application from research and analysis to the creation and development of fashion forecasts. Focuses on the role of data analytics in decision making for the fashion industry as it applies to trend forecasting, retail merchandising and product marketing.
Prerequisite: FDM 20263 and FDM 25011; and Fashion Merchandising major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 30289 FLORENCE FASHION DESIGN STUDIO II (DIVG) (ELR) 6 Credit Hours
Continuation of the open fashion studio concept to support the entire creative process to produce design work. Students explore fashion markets, selling seasons and specific construction techniques, and further develop fashion design process approaches. Content specific to the European design experience.
Prerequisite: FDM 30161 or FDM 30189 or FDM 30190 or FDM 30389; and special approval.
Schedule Type: International Experience, Studio
Contact Hours: 12 other
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 30290 NEW YORK CITY FASHION DESIGN STUDIO II (ELR) 6 Credit Hours
Continuation of the open fashion studio concept to support the entire creative process to produce design work. Students explore fashion markets, selling seasons and specific construction techniques, and further develop fashion design process approaches. Content specific to the New York City fashion design experience.
Prerequisite: FDM 30161 or FDM 30189 or FDM 30190 or FDM 30389; and special approval.
Schedule Type: Study Away, Studio
Contact Hours: 12 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

FDM 30389 PARIS FASHION DESIGN STUDIO I (DIVG) (ELR) 6 Credit Hours
Open fashion studio concept to support the creative process of croquis sketching and construction in the production of design work. Students explore markets, selling seasons and specific construction techniques enabling personal development of the student's creative and market-ready work. Equal use of illustration, construction and fashion-industry communications such as tech packs and flats.
Prerequisite: FDM 20050 and FDM 20123 and FDM 20156 and FDM 20157; and special approval.
Schedule Type: International Experience, Studio
Contact Hours: 12 other
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 30489 PARIS FASHION DESIGN STUDIO II (DIVG) (ELR) 6 Credit Hours
Continuation of the open fashion studio concept to support the entire creative process to produce design work. Students explore fashion markets, selling seasons and specific construction techniques; and further develop fashion design process approaches. Content specific to the European design experience.
Prerequisite: FDM 30161 or FDM 30189 or FDM 30190 or FDM 30389; and special approval.
Schedule Type: International Experience, Studio
Contact Hours: 12 other
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 35010 CONTEMPORARY FASHION DESIGNERS (WIC) 3 Credit Hours
Examine and analyze international fashion design and designers of the 20th and 21st centuries. Focuses on the history, development and present context of fashion. Students assemble a portfolio of fashion designers studied to include their biographies, clippings of their work and design inspirations.
Prerequisite: FDM 20013; and fashion design major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

FDM 35011 FASHION FORECASTING 3 Credit Hours
Identifying trends to develop fashion forecasts. Interrelationships of forecasting promotion, public relations, and the fashion media will be explored.
Prerequisite: FDM 25011.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 35012 SUSTAINABILITY IN FASHION 3 Credit Hours
Analysis and development of design process thinking through the lens of sustainability and socially responsibility in fashion. Readings, documentaries and lectures are discussed in class. Interdisciplinary teams create a product that supports sustainable fashion futures.
Prerequisite: Fashion design and fashion merchandising majors.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 35013 FASHION ACCESSORIES 3 Credit Hours
The merchandising, promotion and sales of accessories. Materials production and resources are examined by category.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 35060 FASHION IMAGE 3 Credit Hours
Study of fashion imagery through industry observation, analysis, and examination of fashion photo shoots and styling practices. Combines theoretical and practical approach in planning through individual and collaborative efforts resulting in a fashion industry-inspired photo shoot and styling project.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 35063 VISUAL MERCHANDISING AND DISPLAY 3 Credit Hours
Theory and practice of merchandise presentation for the purpose of promotion and sales.
Prerequisite: Fashion merchandising major.
Schedule Type: Laboratory, Lecture
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

FDM 35070 THE LUXURY MARKET 3 Credit Hours
Purpose is to learn, understand, and perceive the luxury market and its parameters. Students gain an understanding of the marketing power of luxury brands and the organization of a luxury products company.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 35080 FASHION IN THE MEDIA 3 Credit Hours
Analysis of key fashion magazines and in-depth examination of how they are created. Students learn the fundamentals of different forms of communication and the contributions editors, writers, stylists and photographers make toward the finished product. Exploration of how various media interrelate and contribute to the fashion industry is included. Different forms of writing, editing and interviewing as well as the roles of photography, design and styling are examined. Online outlets, television commentary, fashion advertising and Public Relations are discussed.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 35089 INTERNATIONAL EXPERIENCE: THE PARISIAN LUXURY MARKET (DIVG) (ELR) 3 Credit Hours
Examination of the French fashion luxury market and industry. Students gain an understanding of the marketing power of luxury brands and the organization of a luxury products company.
Prerequisite: FDM 36900.
Schedule Type: International Experience, Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 35260 MERCHANDISING FOR HOME FURNISHINGS 3 Credit Hours
Introduction to the various retail classifications of home furnishing merchandise to include furniture, floor coverings, window treatments, household linens, table tops, housewares and decorative accessories.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 35270 COMPUTER APPLICATIONS IN RETAILING 3 Credit Hours
The application and use of the microcomputer to solve problems in assortment planning, merchandise management, trading area and site analysis, store planning, planogramming and media planning.
Prerequisite: FDM 20263; and MATH 10041 or MATH 11009 or MATH 11010 or MATH 11012; and fashion merchandising major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 35280 FASHION ENTREPRENEURSHIP 3 Credit Hours
In-depth study of entrepreneurship concepts as applied to manufacturers and retailers of apparel including product development, accounting and control merchandising and buying operation and management advertising and promotion.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 35589 INTERNATIONAL EXPERIENCE: ITALIAN FASHION AND CULTURE (DIVG) (ELR) 3 Credit Hours
Evolution of the fashion industry in post World War II Italy. Study of the creators, design and production processes creating one of the most successful unions of commercial product and cultural expression world-wide.
Prerequisite: FDM 35900.
Schedule Type: International Experience, Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 35689 INTERNATIONAL EXPERIENCE: EUROPEAN FASHION MARKETING (DIVG) (ELR) 3 Credit Hours
Building on the information acquired in the European Fashion Marketing Seminar lectures and visits, student complete a series of assignments designed to simulate the type of work that a merchandising professional may be asked to complete.
Corequisite: FDM 35789.
Schedule Type: International Experience, Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 35789 INTERNATIONAL EXPERIENCE: EUROPEAN FASHION MARKETING SEMINAR (DIVG) (ELR) 3 Credit Hours
Taken concurrently with European Fashion Marketing and uses a European city as an extended classroom, combining various field trips to directional shopping districts, fashion houses and fashion magazines. Only taught in European settings.
Corequisite: FDM 35689.
Schedule Type: International Experience, Combined Lecture and Lab
Contact Hours: 3 lecture, 2 lab
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 35889 INTERNATIONAL EXPERIENCE: EUROPEAN FASHION DESIGN (DIVG) (ELR) 3 Credit Hours
Taken concurrently with European Fashion Design Seminar and is designed to introduce couture techniques and enhance techniques of those who possess a basic to advance knowledge of sewing. Only taught in European settings.
Corequisite: FDM 35989.
Schedule Type: International Experience, Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 3 lecture, 2 lab
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 35900 FLORENCE FASHION STUDY ORIENTATION 1 Credit Hour
Overview of Florence fashion program, the city of Florence, living and traveling in Europe as a study abroad student. Includes assistance for obtaining required documents. Students must enroll in Florence fashion program to receive credit.
Prerequisite: Minimum 2.500 overall GPA; and special approval.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Satisfactory/Unsatisfactory

FDM 35989 INTERNATIONAL EXPERIENCE: EUROPEAN FASHION DESIGN SEMINAR (DIVG) (ELR) 3 Credit Hours
Taken concurrently with European Fashion Design and uses a European city as an extended classroom, combining various field trips to directional shopping districts, fashion houses and fashion magazines.
Corequisite: FDM 35889.
Schedule Type: International Experience, Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 3 lecture, 2 lab
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 36589 INTERNATIONAL EXPERIENCE: PARISIAN FASHION, CULTURE AND CRAFT (DIVG) (ELR) 3 Credit Hours
Focusing on Parisian fashion, culture and artisan tradition, this course introduces different techniques that can be used in the creation of clothing or accessories, including couture approaches. Researching the use of finishes and textiles are examined in the context of Parisian artisan cultural traditions. Students learn how high-end designers use these techniques in their lines/shows.
Prerequisite: FDM 36900.
Schedule Type: International Experience, Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 36900 PARIS FASHION STUDY ORIENTATION 1 Credit Hour
Overview of Paris fashion program, the city of Paris and living and traveling in Europe as a study abroad student. Includes assistance for obtaining required documents. Students must enroll in Paris fashion program to receive credit.
Prerequisite: Minimum 2.500 overall GPA; and special approval.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Satisfactory/Unsatisfactory

FDM 40050 FASHION TECHNOLOGY:TECHSTYLELAB 3 Credit Hours
Explores the historical and contemporary links between fashion and technology. Garments, artists, designers, institutions and projects relevant to technological explorations within the fashion context is discussed. Research and experiments conducted with the Fashion School's TechStyleLAB. Students acquire fundamental research skills for fashion technology and develop their own web presence.
Prerequisite: FDM 10053 and FDM 10054.
Schedule Type: Studio
Contact Hours: 5 other
Grade Mode: Standard Letter

FDM 40098 RESEARCH IN FASHION DESIGN AND MERCHANDISING (ELR) 1-3 Credit Hours
(Repeatable for credit) Research experience and investigation of a topic above the level available through coursework with an individual faculty member. This experience is designed to strengthen student's ability to synthesize different phases and methods of academic research. Students work closely with a faculty member to determine the specific nature, scope, and design of the research experience.
Prerequisite: Special approval.
Schedule Type: Research
Contact Hours: 3-9 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

FDM 40099 SENIOR FASHION DESIGN THESIS I (ELR) 6 Credit Hours
Senior fashion design thesis collection is created focused on the specialties of each student. This collection is finalized, analyzed and presented during FDM 40199. Students engage in a formalized critical development and review process with established external fashion designers.
Prerequisite: FDM 30162 or FDM 30289 or FDM 30290 or FDM 30489; and Fashion Design major.
Schedule Type: Senior Project/Honors Thesis
Contact Hours: 12 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

FDM 40121 FASHION PORTFOLIO I 3 Credit Hours
Students develop a professional design portfolio that emphasizes in-depth individual investigation of specific apparel markets, target customers and seasons, displaying various illustrative techniques. Croquis books, technical packets and line plans are used.
Prerequisite: FDM 30161 or FDM 30189 or FDM 30190 or FDM 30389; and FDM 30162 or FDM 30289 or FDM 30290 or FDM 30489.
Schedule Type: Laboratory
Contact Hours: 6 lab
Grade Mode: Standard Letter

FDM 40122 FASHION PORTFOLIO II 3 Credit Hours
A continuation of FDM 40121. Students continue development of design portfolio that emphasizes their strengths in design and presentation. In addition, there is continued progress in croquis books and development of seasonal line plans.
Prerequisite: FDM 40121.
Schedule Type: Laboratory
Contact Hours: 6 lab
Grade Mode: Standard Letter

FDM 40199 SENIOR FASHION DESIGN THESIS II (ELR) 3 Credit Hours
Continuation of Senior Fashion Design Thesis I. Finalize senior thesis project; critical review and reflection on outcome in a short analysis. The final thesis submission will be displayed through a juried venue.
Prerequisite: FDM 40099.
Schedule Type: Senior Project/Honors Thesis
Contact Hours: 6 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

FDM 40262 DATA-BASED DECISION-MAKING IN FASHION RETAILING 3 Credit Hours
Develops data analytics and industry-focused software skills to identify solutions related to fashion merchandising and retail business operations. Emphasis is on learning industry software from inventory location optimization to the use of communication techniques for quantitative business information within the fashion retail industry.
Prerequisite: FDM 30262.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 40270 FASHION INDUSTRY RESEARCH METHODS (WIC) 3 Credit Hours
Examination of research methods used in the fashion industry. Introduction to research methods for the analysis of consumer needs and preferences and their application to materials, design and fashion retail decision-making strategies.
Prerequisite: FDM 30270 or FDM 35011; and MATH 10041 and MKTG 25010.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

FDM 40280 GLOBAL FASHION VALUE CHAIN 3 Credit Hours
Comprehensive approach to understanding the textile and apparel supply and value chain. Includes global perspectives on value-adding activities and impacts across materials sourcing, production, distribution and operations, including the related historic, geographic, economic, ethical and environmental influences.
Prerequisite: FDM 30260 and FDM 30262.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 40291 SEMINAR IN FASHION MERCHANDISING (WIC) 3 Credit Hours
(Repeatable for credit) Capstone course in Fashion Merchandising. Builds and expands on all merchandising-related coursework with the goal of integrating content and applying it to real-life scenarios through critical thinking and analysis. A coherent portfolio demonstrating student efficacy with overall program content is completed.
Prerequisite: FDM 30260, FDM 30262, FDM 35011 and FDM 35270.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

FDM 40299 APPLIED PRINCIPLES IN FASHION MERCHANDISING (ELR) 3 Credit Hours
Capstone course in fashion merchandising that expands on all merchandising-related coursework with the goal of applying program content to real-life scenarios. Focus on critical thinking and analysis to present practical business solutions for industry. Students finish by creating a coherent portfolio demonstrating their effectiveness in applying overall program content.
Prerequisite: FDM 30260 and FDM 30262; and FDM 30270 or FDM 35011.
Schedule Type: Project or Capstone
Contact Hours: 3 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

FDM 43292 FASHION SHOW MANAGEMENT AND PRODUCTION (ELR) 3 Credit Hours
(Repeatable for credit) This course teaches students all the basic elements and process of planning, managing and producing a fashion show. Students gain practical experience through the actual planning, management, production and delivery of the School of Fashion's annual fashion show.
Prerequisite: None.
Schedule Type: Lecture, Practical Experience
Contact Hours: 1 lecture, 6 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

FDM 45012 TEXTILES AND APPAREL IN THE GLOBAL ECONOMY 3 Credit Hours
Global perspective on the production and marketing of textiles and apparel; historical geographic and economic factors that influence the world trade in soft goods.
Prerequisite: FDM 30262 and 35270.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 45035 HISTORIC TEXTILES 3 Credit Hours
(Slashed with FDM 55035) Identification and analysis of textile fabrics as the reflection of culture from ancient times to present.
Prerequisite: Fashion design or fashion merchandising major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 45045 COLLABORATIVE FASHION PRODUCTION 3 Credit Hours
Exploration of product production process from concept to a marketable product. Utilizes introductory pattern making, sewing skills, and project management to create fashion apparel products.
Prerequisite: Fashion design or fashion merchandising major.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 45093 VARIABLE TITLE WORKSHOP-FASHION DESIGN AND MARKETING 1-3 Credit Hours
(Repeatable for a total of 6 hours) Special fee actual cost basis.
Prerequisite: Special approval.
Schedule Type: Workshop
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

FDM 45095 SPECIAL TOPICS 1-3 Credit Hours
(Repeatable for credit)Variable content relevant to the field of fashion.
Prerequisite: Permission.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

FDM 45096 INDIVIDUAL INVESTIGATION 1-3 Credit Hours
(Repeatable for credit) Individual investigation of topic above the level available through coursework. Requires submission of and approval of project proposal prior to registration.
Prerequisite: Permission.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Standard Letter

FDM 45192 INTERNSHIP IN FASHION MERCHANDISING (ELR) 3 Credit Hours
Supervised practical experience in the fashion industry. Eligibility requirements available from the School of Fashion Design and Merchandising field studies coordinator.
Prerequisite: FDM 30083 and 30262; and fashion merchandising major; and special approval for internship site.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

FDM 45212 FASHION SHOW PRODUCTIONS 3 Credit Hours
Analyses of fashion show formats are considered for promotion purposes. Production planning, organization and physical requirements are studied. Class produces a fashion show.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 45292 INTERNSHIP IN FASHION DESIGN (ELR) 3 Credit Hours
Supervised practical experience in the fashion industry. Eligibility requirements available from the School of Fashion Design and Merchandising field studies coordinator.
Prerequisite: FDM 20123 and FDM 20156 and FDM 20157; and Fashion Design major; and special approval for internship site.
Schedule Type: Practical Experience
Contact Hours: 9 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

FDM 45392 FIELD EXPERIENCE: FASHION STUDY TOUR (ELR) 1-3 Credit Hours
(Repeatable for credit)Visit to domestic or foreign fashion markets, including design and fabric houses or showrooms, retail stores, buying offices and other areas of the fashion industry.
Prerequisite: Fashion design or fashion merchandising major; and special approval.
Schedule Type: Field Experience
Contact Hours: 12-36 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

FDM 45589 INTERNATIONAL EXPERIENCE: EUROPEAN FASHION STUDY TOUR FOR FLORENCE STUDENTS (DIVG) (ELR) 3 Credit Hours
(Repeatable for credit) Visit to European fashion markets including design and fabric houses or showrooms, retail stores, buying offices and other areas of the fashion industry.
Prerequisite: Fashion design or fashion merchandising major.
Schedule Type: International Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Diversity Global, Experiential Learning Requirement

FDM 45590 STUDY TOUR FOR NYC STUDIO STUDENTS (ELR) 3 Credit Hours
(Repeatable for credit) Visit to the New York fashion market including design and fabric houses or showrooms, retail stores, buying offices and other areas of the fashion industry.
Prerequisite: Fashion design or fashion merchandising major; and special approval.
Schedule Type: Study Away
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

FDM 45689 INTERNATIONAL EXPERIENCE: PARISIAN FASHION STUDY TOUR FOR PARIS STUDENTS (DIVG) (ELR) 3 Credit Hours
(Repeatable for credit) Visit to Paris fashion markets including design and fabric houses or showrooms, retail stores, buying offices, museums and other areas of the fashion industry.
Prerequisite: FDM 36900; and Fashion Design or Fashion Merchandising major.
Schedule Type: International Experience
Contact Hours: 9 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Diversity Global, Experiential Learning Requirement

FDM 55035 HISTORIC TEXTILES 3 Credit Hours
(Slashed with FDM 45035) Identification and analysis of textile fabrics as the reflection of culture from ancient times to present.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 55389 FASHION INDUSTRY INTERNATIONAL EXPERIENCE STUDY TOUR 3 Credit Hours
(Repeatable for credit) A Kent State faculty-led study abroad experience that integrates traditional classroom learning with experiential activities and site visits outside the United States. Visits to international fashion markets, including design or fabric houses or showrooms, retail stores, buying offices and other areas of the fashion industry. The primary benefits are the direct observation and study of how the fashion industry operates including how fashion products are created, manufactured, marketed and/or merchandised at the wholesale and retail levels. Students have a series of critical discussions and present a position paper upon completing the international experience. This course has pre- and post-travel classroom study.
Prerequisite: Graduate standing; and special approval.
Schedule Type: International Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory

FDM 60005 RESEARCH METHODS IN THE FASHION INDUSTRY 3 Credit Hours
This course examines research subject areas and methods as they pertain to various stakeholders in the fashion value chain. Focus is on understanding research practices relevant to the fashion industry, accessing and critically evaluating existing research, engaging in active research and applying research through practice to expand knowledge in the field.
Prerequisite: Fashion Industry Studies major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 60010 THEORIES AS APPLIED TO THE FASHION INDUSTRY 3 Credit Hours
Focuses on the meaning, context and intent of fashion in contemporary society. Examination of seminal theories and constructs that inform understanding and ability to address complex issues derived from the fashion industry setting.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 60011 THE FASHION INDUSTRY: A UNIFYING LENS 3 Credit Hours
This course is designed to make connections, synthesize, and develop understanding of the fashion industry. Students will participate in informed critical discussion, written, and visual work, guided by interaction with multiple stakeholders and concluded with a final paper and presentation that identifies an area where research through practice can expand knowledge in the field.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 60015 FASHION SYSTEMS THINKING 3 Credit Hours
The adverse effects of the global fashion industry have become an established narrative throughout fashion academic and industry circles. This course examines economic, social and environmental impacts of the fashion value chain from a systemic perspective. Focus is on the five key components used in systems thinking approach, namely: interconnectedness, synthesis, emergence, feedback loops, causality and systems mapping to practice problem solving that views fashion industry-related problems as part of a wider, dynamic system.
Prerequisite: Fashion Industry Studies major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 60020 FASHION INDUSTRY DESIGN MANAGEMENT 3 Credit Hours
In-depth study of the relationship between creativity and efficiency in the fashion industry. Provides insight into how project managers can nurture innovation in an organizational context.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 60025 GLOBAL CONSUMER IN THE FASHION INDUSTRY 3 Credit Hours
This course examines global market segments, how to reach them, the consumer buying process across countries and psychological and sociological variables that influence and motivate consumers. This course broadens the understanding and evaluation of consumer behavior concepts as they pertain to domestic and global marketing strategies. Focus is also on targeting needs of diverse consumers and marketing efforts directed at creating an inclusive environment for all consumers.
Prerequisite: Fashion Industry Studies major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 60031 FORMS OF INQUIRY IN THE FASHION INDUSTRY 3 Credit Hours
Critical evaluation of research, theoretical and scholarly review of articles related to the fashion industry. Learn and practice skills needed to understand and critically evaluate research, theory and scholarly works. Examine in-depth scholarly literature as applied to one topic within the fashion industry. Write and present a scholarly review of literature.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 60050 TECHSTYLELAB: DIGITAL DESIGN AND NEW MEDIA IN THE FASHION INDUSTRY 3 Credit Hours
Exploration of the intersection of New Media and Fashion. Includes research into analog design methods and digital systems of production and the supply chain management. Topics include various research and design topics such as mass-customization, co-creation, material ecology, digital craft and future craft practices.
Prerequisite: Graduate standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

FDM 60092 FASHION INDUSTRY PRACTICUM 1-3 Credit Hours
(Repeatable for credit) Practicum is an off-campus, progressive process involving a number of specific guided experiences with a fashion agency or company. This course is intended to bridge the gap between the theoretical and abstract learning gained within the classroom with real-world concrete applications. Students are required to develop a practicum analytical or reflective research paper and make an oral presentation of their practicum experiences.
Prerequisite: Fashion Industry Studies major; and graduate standing; and special approval.
Pre/corequisite: FDM 60005 and FDM 60015.
Schedule Type: Practical Experience
Contact Hours: 3-9 other
Grade Mode: Satisfactory/Unsatisfactory

FDM 60093 WORKSHOPS ON CURRENT TOPICS IN THE FASHION INDUSTRY 1-3 Credit Hours
(Course is repeatable) Students will be encouraged to take advantage of courses that focus on professional renewal or mastery and application of knowledge and skills that address a range of problems or issues related to fashion industry practice. The workshops will be offered at our NYC, Florence, and Kent campuses.
Prerequisite: Graduate standing.
Schedule Type: Workshop
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

FDM 60098 RESEARCH PROJECT IN FASHION INDUSTRY 3 Credit Hours
(Repeatable for credit) Research experience with an individual faculty member designed to strengthen student's ability to synthesize different phases and methods of research. Students work closely with faculty to determine the specific nature, scope and design of the research experience. Requires submission of and approval of project proposal prior to registration.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Research
Contact Hours: 3 other
Grade Mode: Standard Letter

FDM 60099 FASHION INDUSTRY PRACTICUM CAPSTONE 3 Credit Hours
This course combines research with pragmatic industry-facing solutions reliant on firsthand information gathering, analysis and assessment. As a capstone experience, M.F.I.S. students base their experience from the practicum with a fashion-related industry partner by creating an in-depth case study, abbreviated business plan or industry presentation resulting from the information and research gathered and reflecting student interest.
Prerequisite: FDM 60092; and graduate standing; and special approval.
Pre/corequisite: FDM 60005 and FDM 60015 and FDM 60025.
Schedule Type: Project or Capstone
Contact Hours: 3 other
Grade Mode: Standard Letter

FDM 60100 ADVANCED FASHION INDUSTRY PRACTICE 3 Credit Hours
This capstone course is centered in research as both a practice and a process. Students will pursue case studies in which they research, interpret and aim to advance fashion industry practices. Informed by industry observation and experience, utilizing and engaging with a variety of research methods, students will document findings, analyze, reflect, and present their own pragmatic implications drawn from and applied to the fashion industry. The aim of the course is to challenge students to advance their research and analytical skills, to cross disciplinary boundaries, and to develop new and original perspectives of industry research through practice.
Prerequisite: FDM 60031; and enrolled in the master of fashion industry studies (MFIS) degree; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 60162 ADVANCED FASHION INDUSTRY DESIGN AND PRODUCTION 3 Credit Hours
This process-oriented course focuses on studio investigation of complex formal and spatial constructs in apparel design and production. The course will discuss and examine a variety of current approaches including those that are interdisciplinary and utilize design thinking in a fashion industry context. Students will use methods and tools for fashion research to explore new techniques in the development of design concepts that challenge current practice. Students are encouraged to think critically about design problems and processes while seeking discoveries through experimentation, resulting in a body of work examined by critique and exhibition. Examinable material includes written and visual documentation, which is then retained as the archival record of the research.
Prerequisite: Graduate standing; and special approval from the graduate studies coordinator.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 60199 THESIS I 2-6 Credit Hours
(Repeatable for credit) Thesis students must register for a maximum of 6 credit hours, 2 to 6 credit hours during a single semester, distributed over several semesters if desired.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Masters Thesis
Contact Hours: 6-18 other
Grade Mode: Satisfactory/Unsatisfactory-IP

FDM 60299 THESIS II 2 Credit Hours
(Course is repeatable) Continuing registration required of master's students who have completed the initial 6 hours of thesis and continuing until all degree requirements are met.
Prerequisite: FDM 60199; and graduate standing; and special approval from the graduate supervisory committee.
Schedule Type: Masters Thesis
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

FDM 63011 VISUAL PRESENTATION IN THE FASHION INDUSTRY 3 Credit Hours
This course explores the multiple methods of visual presentation practiced in the fashion industry through applications of digital and physical concepts. Students will examine and discuss current fashion industry approaches utilized by creative talent, merchants, and other stakeholders. Focus will be on developing visual communicators who can convey unique brand stories and complex ideas through use of various forms of media. Students will learn to establish branding and visualization of their own work and research to help promote their professional identity.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 65010 SUSTAINABLE CONCEPTS AND PRACTICES IN THE FASHION INDUSTRY 3 Credit Hours
This course will discuss and examine the most current approaches to sustainability in fashion. The different facets, benefits or shortcomings of each approach will be analyzed with an eye to researching viable solutions to future practices in manufacturing, material selection, design and business. Course embeds practice-based approaches to sustainable development.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 65045 FASHION INDUSTRY MERCHANDISE MANAGEMENT 3 Credit Hours
This course provides an overview of the merchandising process - planning, developing and presenting merchandise lines within the fashion industry. Core merchandising concepts and principles taught throughout this course include merchandise performance measures, pricing mechanics, wholesale and retail pricing strategy, merchandise budgets and assortment, vendor relationships and negotiations and merchandise replenishment management. This course examines such concepts as applied to manufacturers, wholesalers and retailers of fashion merchandise.
Prerequisite: Fashion Industry Studies major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 65055 ENTREPRENEURIAL LEADERSHIP AND SUSTAINABILITY IN THE FASHION INDUSTRY 3 Credit Hours
This course discusses the importance of entrepreneurial leadership and innovation as competitive advantages within the fashion industry. Students examine the conscious leadership concepts and principles of both small/medium enterprises and large corporations of the fashion industry. By applying conscious capitalism approach, the course introduces more progressive and purposeful ways to advance sustainable practices to benefit all five stakeholders within the fashion industry - society, partners, investors, customers and employees.
Prerequisite: Fashion Industry Studies major; and graduate standing.
Pre/corequisite: FDM 60005 and FDM 60015.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 65065 SUPPLY CHAIN MANAGEMENT IN THE FASHION INDUSTRY 3 Credit Hours
This course examines supply chain within the fashion industry and basic theories and principles that guide decision-making in the supply chain. Students will learn how supply chain management can be used to gain a competitive advantage in the fashion industry, comprehend buyer-supplier relationships, supply chain transparency, product recalls, sourcing issues, and other challenges in the global fashion supply chain. Attention will be given to understanding sustainable practices and future developments within the global fashion supply chain.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 65095 FASHION INDUSTRY SPECIAL TOPICS 1-3 Credit Hours
(Repeatable for a maximum of 6 credit hours) Variable content relevant to the field of fashion.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

FDM 65096 INDIVIDUAL INVESTIGATION IN THE FASHION INDUSTRY 1-3 Credit Hours
(Repeatable for credit) Individual investigation of a topic that is not available through the current curriculum offerings. Requires submission of and approval of project proposal prior to registration.
Prerequisite: Fashion Industry Studies major; and graduate standing.
Schedule Type: Individual Investigation
Contact Hours: 3-9 other
Grade Mode: Standard Letter

FDM 65100 SUSTAINABLE SUPPLY CHAIN AND LIFE CYCLE ASSESSMENT IN THE FASHION INDUSTRY 3 Credit Hours
This course examines the traditional and sustainable supply chain within the fashion industry. There is a focus on basic theories and principles that guide decision making, including current challenges in converting from traditional practices to environmentally and socially protective supply chains. Students learn how sustainably focused supply chain management can be used to gain a competitive advantage in the fashion industry through supply chain transparency and LCA metric development.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 65110 CIRCULAR ECONOMY STRATEGIES IN THE FASHION INDUSTRY 3 Credit Hours
Throughout discussions of sustainability, a circular economy is considered the ultimate goal post by which we must measure success. To fully realize a sustainable future, we must design out waste and pollution and fundamentally rethink the fashion system that currently relies on a take/make/waste construct. This course examines what a circular economy might look like in the fashion industry, what things need to happen to get there and what initial steps look like in that direction.
Prerequisite: Fashion Industry Studies major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 65120 FIBER AND TEXTILE INNOVATION 3 Credit Hours
This course introduces current and emerging fiber and textile innovations relevant to the fashion industry and provides students an opportunity to explore the expanding potential of textiles as an adaptive and responsive interface between humans and their environment. Examples of applications are reviewed from four perspectives: (1) fiber and textile innovation with a focus on material production and selection implications; (2) manufacturing and processing basics; (3) implications for the life cycle and sustainability of the resulting textile and apparel products; and (4) human body-functional textile interactions and potential health implications.
Prerequisite: Fashion Industry Studies major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 65220 INNOVATIONS IN THE FASHION RETAIL INDUSTRY 3 Credit Hours
This course encompasses how various innovations create the optimal customer experience to gain competitive advantages in the 21st century retail environment. Using the perspective of omnichannel retailing, which is a fully integrated approach to commerce that provides shoppers a unified experience across all channels or touchpoints, students explore the various innovations relevant to the fashion retail industry. Through case study analysis and final project reports, students present pragmatic solutions to retailers of their choice.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

FDM 65300 DIGITAL KNIT DESIGN 3 Credit Hours
This course focuses on digital knitting as utilized by a designer. The students use available software for 3D development of products and stitch design. The course focuses on stitch understanding and development, as well as communication of designs both stitch and shape using 3D virtualization software and stitch development software. This course is geared toward designers with industry studio practice and is at an advanced level.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Laboratory
Contact Hours: 6 lab
Grade Mode: Standard Letter

FDM 65310 DIGITAL KNIT PROGRAMMING I 3 Credit Hours
This course focuses on digital knitting and programming of industrial knitting machines. This is one of four digital knit courses that enables students to learn proprietary software, programming and technical knit skills. The course goes through the foundational understanding of stitches and how to program them on industrial knitting machines. The course also focuses on hands-on learning on the industrial machine, including set up of the machine and machine maintenance. This course is geared toward designers with fashion industry studio practice and is at an advanced level.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Laboratory
Contact Hours: 6 lab
Grade Mode: Standard Letter

FDM 65320 DIGITAL KNIT PROGRAMMING II 3 Credit Hours
This course focuses on digital knitting and advanced programming of industrial knitting machines. This is the second of two programming courses and one of the four digital knit courses enabling students to continue to learn complex proprietary software, programming and technical knit skills. The course goes through the understanding of more complex stitch structures, as well as how to program on the machine. The course includes techniques for shaping structures to create three dimensionally knitted textile products. This course is geared toward designers with industry studio practice and is at an advanced level.
Prerequisite: FDM 65310; and graduate standing; and special approval.
Schedule Type: Laboratory
Contact Hours: 6 lab
Grade Mode: Standard Letter

FDM 65330 DIGITAL KNIT APPLICATIONS 3 Credit Hours
This course focuses on the application of skills in digital knitting to develop an advanced final product line. This is one of the four digital knit courses that enables students to learn proprietary software, programming and technical knit skills. Depending on the student's focus of either technical or design, the product line can be developed in 3D virtual presentation or actual prototypes. Regardless of focus, it is expected that the student has some representation of both virtual and actual in the final presentation of the product. Along with the product line, presentation is a use case. This course is geared toward designers with industry studio practice and is at an advanced level.
Prerequisite: FDM 65300 or FDM 65310; and graduate standing; and special approval.
Schedule Type: Laboratory
Contact Hours: 6 lab
Grade Mode: Standard Letter

School of Music

Kent Blossom Music (KBM)

KBM 40026 ACCOMPANYING PROJECTS 2-4 Credit Hours
(Repeatable for a maximum of 8 credit hours) rotating piano assignment among responsibilities in chamber music rehearsals, chamber music preparation master classes and instrumental private lessons. Individual responsibilities change weekly.
Prerequisite: Audition.
Schedule Type: Combined Lecture and Lab
Contact Hours: 2-4 other
Grade Mode: Satisfactory/Unsatisfactory

KBM 40031 CHAMBER MUSIC 1-4 Credit Hours
(Repeatable for a maximum of 8 credit hours) rehearsal, coaching and performance of representative chamber repertoire from the baroque era through the twentieth century. Woodwinds horn strings and piano. Intensive daily rehearsal and coaching.
Prerequisite: Audition.
Schedule Type: Combined Lecture and Lab
Contact Hours: 1-4 other
Grade Mode: Satisfactory/Unsatisfactory

KBM 40032 ORCHESTRAL REPERTOIRE AND TECHNIQUE 1 Credit Hour
(Repeatable for a maximum of 2 credit hours) study and performance of standard orchestral repertoire and common audition requirements. Technical and interpretive approaches relating specifically to orchestral performance. Woodwinds horn and strings.
Prerequisite: Audition.
Schedule Type: Combined Lecture and Lab
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory

KBM 40093 VARIABLE TITLE WORKSHOP IN MUSIC 1-4 Credit Hours
(Repeatable for credit)Offered for specific professional needs. Emphasis on performance and pedagogical skills.
Prerequisite: Permission.
Schedule Type: Workshop
Contact Hours: 4 other
Grade Mode: Satisfactory/Unsatisfactory

KBM 50026 ACCOMPANYING PROJECTS 2-4 Credit Hours
(Repeatable for a maximum of 8 credit hours) Rotating piano assignment among responsibilities in chamber music rehearsals, chamber music preparation, master classes and instrumental private lessons. Individual responsibilities change weekly.
Prerequisite: Graduate standing; and audition.
Schedule Type: Combined Lecture and Lab
Contact Hours: 2-4 other
Grade Mode: Satisfactory/Unsatisfactory

KBM 50031 CHAMBER MUSIC 1-4 Credit Hours
(Repeatable for credit) Rehearsal, coaching and performance of representative chamber repertoire from the Baroque Era through the twentieth century. Woodwinds, horn, strings and piano. Intensive daily rehearsal and coaching.
Prerequisite: Graduate standing; and audition.
Schedule Type: Combined Lecture and Lab
Contact Hours: 1-4 other
Grade Mode: Satisfactory/Unsatisfactory

KBM 50032 ORCHESTRAL REPERTOIRE AND TECHNIQUE 1 Credit Hour
(Repeatable for a maximum of 2 credit hours) Study and performance of standard orchestral repertoire and common audition requirements. Technical and interpretive approaches relating specifically to orchestral performance. Woodwinds, horn and strings.
Prerequisite: Graduate standing; and audition.
Schedule Type: Combined Lecture and Lab
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory

KBM 50093 VARIABLE TITLE WORKSHOP IN MUSIC 1-4 Credit Hours
(Repeatable for credit)Offered for specific professional needs. Emphasis on performance and pedagogical skills.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Workshop
Contact Hours: 4 other
Grade Mode: Satisfactory/Unsatisfactory

KBM 70026 ACCOMPANYING PROJECTS 2-4 Credit Hours
(Repeatable for a maximum of 8 credit hours) Rotating piano assignment among responsibilities in chamber music rehearsals, chamber music preparation, master classes and instrumental private lessons. Individual responsibilities change weekly.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Combined Lecture and Lab
Contact Hours: 2-4 other
Grade Mode: Satisfactory/Unsatisfactory

KBM 70031 CHAMBER MUSIC 1-4 Credit Hours
(Repeatable for credit) Rehearsal, coaching and performance of representative chamber repertoire from the Baroque era through the twentieth century. Woodwinds, brass, strings and piano. Intensive daily rehearsal and coaching.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Combined Lecture and Lab
Contact Hours: 1-4 other
Grade Mode: Satisfactory/Unsatisfactory

KBM 70032 ORCHESTRAL REPERTOIRE AND TECHNIQUE 1 Credit Hour
(Repeatable for a maximum of 2 credit hours) Study and performance of standard orchestral repertoire and common audition requirements. Technical and interpretive approaches relating specifically to orchestral performance. Woodwinds, horn and strings.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Combined Lecture and Lab
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory

KBM 70093 VARIABLE TITLE WORKSHOP IN MUSIC 1-4 Credit Hours
(Repeatable for credit)Offered for specific professional needs. Emphasis on performance and pedagogical skills.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Workshop
Contact Hours: 4 other
Grade Mode: Satisfactory/Unsatisfactory

Music (MUS)

MUS 11110 MUSIC FUNDAMENTALS 3 Credit Hours
Introduction to the pitch and rhythmic aspects of music. Emphasis on aural skills and music notation. Prepares students for MUS 11111. No credit toward graduation for music majors or minors.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 11111 MUSIC RUDIMENTS 3 Credit Hours
Introduction to the pitch and rhythmic aspects of music. Emphasis on aural/oral skills and music notation.
Prerequisite: None.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2 lecture, 2 lab
Grade Mode: Standard Letter

MUS 11121 THEORY I 4 Credit Hours
Basic elements of music--harmonic, melodic, rhythmic--studied through analysis, composition, keyboard and ear training. Diatonic materials emphasized.
Prerequisite: Music Theory Placement Test, score of 02.
Schedule Type: Laboratory, Lecture
Contact Hours: 3 lecture, 2 lab
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 11122 THEORY II 4 Credit Hours
Continuation of basic elements of music--harmonic, melodic, rhythmic--studied through analysis, composition, keyboard, singing and ear training. Chromatic materials emphasized.
Prerequisite: MUS 11121 with a C grade.
Schedule Type: Laboratory, Lecture
Contact Hours: 3 lecture, 2 lab
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 16000 APPLIED MUSIC 1 Credit Hour
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower-division study. Individual study.
An audition is required. This course is not part of the ODHE Transfer Assurance guides.
Prerequisite: Music major or minor; and special approval.
Schedule Type: Private Lesson
Contact Hours: .5 other
Grade Mode: Standard Letter

MUS 16001 APPLIED MUSIC JAZZ 1 Credit Hour
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower-division jazz study. Individual study.
An audition is required. This course is not part of the ODHE Transfer Assurance Guides.
Prerequisite: Jazz Studies minor or non-music major; and special approval.
Schedule Type: Private Lesson
Contact Hours: .5 other
Grade Mode: Standard Letter

MUS 16914 ELECTRIC GUITAR APPLIED STUDIO MUSICIANSHIP 2,4 Credit Hours
(Repeatable for credit) Development of performance proficiency in popular music styles.
Prerequisite: None.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 16915 ELECTRIC BASS APPLIED STUDIO MUSICIANSHIP 2,4 Credit Hours
(Repeatable for credit) Development of performance proficiency in popular music styles.
Prerequisite: None.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 17011 PIANO CLASS FOR NONMUSIC STUDENTS 2 Credit Hours
Development of basic skills required in playing piano, including familiarity with the keyboard and music notation.
Prerequisite: None.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

MUS 17012 PIANO CLASS FOR NONMUSIC STUDENTS 2 Credit Hours
Development of basic skills required in playing piano, including familiarity with the keyboard and music notation.
Prerequisite: MUS 17011.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

MUS 17013 FUNDAMENTALS OF JAZZ PIANO 1 Credit Hour
Focus on the fundamentals of jazz piano chord voicings and accompanying, playing scales related to jazz theory and learning jazz repertoire on the piano. Additional skills related to becoming a well-rounded jazz improviser, composer and educator.
Prerequisite: MUS 17111 with a minimum C grade.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

MUS 17111 PIANO CLASS I 1 Credit Hour
Preparatory piano. Piano literature and functional elements of sight-reading, transposition, harmonization and improvisation.
Prerequisite: Special approval.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 17112 PIANO CLASS II 1 Credit Hour
Preparatory piano. Piano literature and functional elements of sight-reading, transposition, harmonization and improvisation.
Prerequisite: MUS 17111 with a minimum C grade; and special approval.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 17512 WIND TECHNIQUES I 1 Credit Hour
Study of fundamental performance and pedagogical aspects of woodwind instruments. Content includes performance skill development and exposure to materials suitable for class and private instruction at the elementary and secondary school levels.
Prerequisite: Music Education major.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

MUS 18611 SINGER'S DICTION I 1 Credit Hour
Foundational training and performance practice in phonetics and singing diction for the vocal repertoire of English, Italian and selected other languages.
Prerequisite: Music or music education major.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

MUS 18612 SINGER'S DICTION II 1 Credit Hour
Foundational training and performance practice in phonetics and singing diction for the vocal repertoire of French, German and selected other languages.
Prerequisite: MUS 18611 with a C grade; and music major.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

MUS 20295 SPECIAL TOPICS IN MUSIC 1-3 Credit Hours
(Repeatable for credit) Academic study in areas not offered adequately in the music curriculum. Topic areas are of special interest to the faculty member.
Prerequisite: Music major.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

MUS 21111 THEORY III 4 Credit Hours
Study of Western art music from the sixteenth through eighteenth centuries. Emphasis on analytical, aural, compositional, and keyboard components of music theory.
Prerequisite: MUS 11122 with a minimum C grade.
Schedule Type: Laboratory, Lecture
Contact Hours: 3 lecture, 2 lab
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 21112 THEORY IV 4 Credit Hours
Study of Western art music from the nineteenth and early twentieth centuries. Emphasis on analytical, aural, compositional and keyboard components of music theory.
Prerequisite: MUS 21111 with a minimum C grade.
Schedule Type: Laboratory, Lecture
Contact Hours: 3 lecture, 2 lab
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 21113 MUSIC PRODUCTION I 3 Credit Hours
A practical introduction to digital audio production, study of basic computer assisted recording, editing and music production.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 21114 MUSIC PRODUCTION II 3 Credit Hours
A practical study of computer-assisted composition and arranging covering MIDI, sequencing, synthesis, sampling and video synchronization.
Prerequisite: MUS 21113 and MUS 21221 with a minimum C grade; and Music Technology major or minor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 21213 CLASS COMPOSITION I 2 Credit Hours
Introduction to beginning concepts involved with composing. Students in non-music majors may register for the course with departmental approval.
Prerequisite: Music major, Music Education major or Music Technology major.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 3 other
Grade Mode: Standard Letter

MUS 21214 CLASS COMPOSITION II 2 Credit Hours
Application of beginning concepts involved with composing.
Prerequisite: Minimum C grade in MUS 21213.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 3 other
Grade Mode: Standard Letter

MUS 21221 AUDIO RECORDING I 3 Credit Hours
A study of fundamental studio recording technology, theory and techniques, including signal flow, microphone theory, the human auditory system, analog audio consoles and standard industry digital audio workstations (DAWs).
Prerequisite: MUS 21113 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 21222 AUDIO RECORDING II 3 Credit Hours
A continuation of audio theory and techniques addressed during MUS 21221. This includes study of the decibel, digital audio theory, microphone techniques and fundamental multitrack recording techniques, as well as DAW session setup, file management and recording session etiquette.
Prerequisite: MUS 21221 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 21341 CONTEMPORARY POPULAR MUSIC THEORY 3 Credit Hours
Application of the knowledge gained from music theory (MUS 11121 and MUS 11122) to the study of popular music through practical applications, particularly with regard to composition and improvisation.
Prerequisite: MUS 11122 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 22111 UNDERSTANDING WESTERN MUSIC (KFA) 3 Credit Hours
A listening approach for the understanding of Western art music, folk and jazz. Particular attention is paid to musical style forms and compositional techniques as related to music history.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Kent Core Fine Arts, Transfer Module Fine Arts

MUS 22121 MUSIC AS A WORLD PHENOMENON (DIVG) (KFA) 3 Credit Hours
An introduction to music as a world phenomenon. Study of selected art, folk and popular music from world cultures through live performances, tapes, films, video tapes and readings.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global, Kent Core Fine Arts, Transfer Module Fine Arts

MUS 22131 SURVEY OF ROCK MUSIC HISTORY (DIVD) 3 Credit Hours
A survey of Rock Music History from the 1950s through the twentieth century to today. Emphasis is on recognizing music literature, prominent artists and music styles, as well as related cultural events. Modern media, especially the Internet, is an integral component of the course.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Domestic

MUS 23241 MUSIC TEACHING AS A PROFESSION 2 Credit Hours
Basic teaching strategies and techniques; an overview of music teaching as a career; diversity, integration, curriculum technology, classroom management, legal issues, personal skills and portfolio. Twenty (20) field hours required.
Prerequisite: Music or music education major.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 25011 UNIVERSITY CHORUS 1 Credit Hour
(Repeatable for credit) Choral ensemble which studies and performs sacred and secular music for mixed voices. Activities include performance on and off campus.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 25225 UNIVERSITY BAND 1 Credit Hour
(Repeatable for credit) Study and performance of music literature for wind band appropriate for music majors and non-majors.
Prerequisite: None.
Schedule Type: Laboratory
Contact Hours: 1 lab
Grade Mode: Standard Letter

MUS 25311 CHAMBER MUSIC 1 Credit Hour
(Repeatable for credit) The study and performance of music for small ensembles.
Prerequisite: Permission.
Schedule Type: Laboratory
Contact Hours: 1 lab
Grade Mode: Standard Letter

MUS 26111 APPLIED MUSIC PIANO 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower division study. Individual instruction. An audition is required. This course meets program requirements in the Bachelor of Science in Music Technology program only.
Prerequisite: 26000 Applied Must Test - audition.
Schedule Type: Private Lesson, Studio
Contact Hours: 2-4 other
Grade Mode: Standard Letter

MUS 26311 APPLIED MUSIC VOICE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower division study. Individual instruction. An audition is required. This course meets program requirements in the Bachelor of Science in Music Technology program only.
Prerequisite: 26000 Applied Music Test - audition.
Schedule Type: Private Lesson, Studio
Contact Hours: 2-4 other
Grade Mode: Standard Letter

MUS 26411 APPLIED MUSIC - VIOLIN 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower division study. Individual instruction. An audition is required. This course meets program requirements in the Bachelor of Science in Music Technology program only.
Prerequisite: 26000 Applied Music Test.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 26412 APPLIED MUSIC - VIOLA 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower division study. Individual instruction. An audition is required. This course meets program requirements in the Bachelor of Science in Music Technology program only.
Prerequisite: 26000 Applied Music Test.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 26413 APPLIED MUSIC - CELLO 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower division study. Individual instruction. An audition is required. This course meets program requirements in the Bachelor of Science in Music Technology program only.
Prerequisite: 26000 Applied Music Test.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 26414 APPLIED MUSIC DOUBLE BASS 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower division study. Individual instruction. An audition is required. This course meets program requirements in the Bachelor of Science in Music Technology program only.
Prerequisite: 26000 Applied Music Test - audition.
Schedule Type: Private Lesson, Studio
Contact Hours: 2-4 other
Grade Mode: Standard Letter

MUS 26511 APPLIED MUSIC - FLUTE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower division study. Individual instruction. An audition is required. This course meets program requirements in the Bachelor of Science in Music Technology program only.
Prerequisite: 26000 Applied Music Test.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 26512 APPLIED MUSIC - OBOE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower division study. Individual instruction. An audition is required. This course meets program requirements in the Bachelor of Science in Music Technology program only.
Prerequisite: 26000 Applied Music Test.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 26513 APPLIED MUSIC - CLARINET 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower division study. Individual instruction. An audition is required. This course meets program requirements in the Bachelor of Science in Music Technology program only.
Prerequisite: 26000 Applied Music Test.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 26514 APPLIED MUSIC - BASSOON 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower division study. Individual instruction. An audition is required. This course meets program requirements in the Bachelor of Science in Music Technology program only.
Prerequisite: 26000 Applied Music Test.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 26515 APPLIED MUSIC - SAXOPHONE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower division study. Individual instruction. An audition is required. This course meets program requirements in the Bachelor of Science in Music Technology program only.
Prerequisite: 26000 Applied Music Test.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 26611 APPLIED MUSIC - TRUMPET 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower division study. Individual instruction. An audition is required. This course meets program requirements in the Bachelor of Science in Music Technology program only.
Prerequisite: 26000 Applied Music Test.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 26612 APPLIED MUSIC - HORN 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower division study. Individual instruction. An audition is required. This course meets program requirements in the Bachelor of Science in Music Technology program only.
Prerequisite: 26000 Applied Music Test.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 26613 APPLIED MUSIC - TROMBONE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower division study. Individual instruction. An audition is required. This course meets program requirements in the Bachelor of Science in Music Technology program only.
Prerequisite: 26000 Applied Music Test.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 26614 APPLIED MUSIC - EUPHONIUM 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower division study. Individual instruction. An audition is required. This course meets program requirements in the Bachelor of Science in Music Technology program only.
Prerequisite: 26000 Applied Music Test.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 26615 APPLIED MUSIC - TUBA 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower division study. Individual instruction. An audition is required. This course meets program requirements in the Bachelor of Science in Music Technology program only.
Prerequisite: 26000 Applied Music Test.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 26711 APPLIED MUSIC PERCUSSION 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower division study. Individual instruction. An audition is required. This course meets program requirements in the Bachelor of Science in Music Technology program only.
Prerequisite: 26000 Applied Music Test - audition.
Schedule Type: Private Lesson, Studio
Contact Hours: 2-4 other
Grade Mode: Standard Letter

MUS 26912 APPLIED MUSIC GUITAR 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to lower division study. Individual instruction. An audition is required. This course meets program requirements in the Bachelor of Science in Music Technology program only.
Prerequisite: 26000 Applied Music Test - audition.
Schedule Type: Private Lesson, Studio
Contact Hours: 2-4 other
Grade Mode: Standard Letter

MUS 27111 PIANO CLASS III 2 Credit Hours
Continuation of piano classes. Credit acceptable on music major and minor sequences.
Prerequisite: MUS 17112 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 27112 PIANO CLASS IV 2 Credit Hours
Continuation of piano classes. Credit acceptable on music major and minor sequences.
Prerequisite: MUS 27111 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 27512 WIND TECHNIQUES II 1 Credit Hour
Study of fundamental performance and pedagogical aspects of brass instruments. Content includes performance skill development and exposure to materials suitable for class and private instruction at the elementary and secondary school levels.
Prerequisite: Music Education major.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

MUS 27513 PERCUSSION TECHNIQUES 1 Credit Hour
Study of various percussion instruments (mallets, snare drum, timpani and auxiliary) and techniques of performance. Designed for music educators with no previous percussion experience.
Prerequisite: Music Education major.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

MUS 31113 MUSIC PRODUCTION III 3 Credit Hours
Continuation of MUS 21114. Advanced sequencing, synthesis and audio editing techniques as applied to music production. Focus is on arranging.
Prerequisite: Minimum C grade in the following courses: MUS 11121 and MUS 21114 and MUS 21222.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 31114 MUSIC PRODUCTION IV 3 Credit Hours
Continuation of Music Production III. Arranging for acoustic and electronic instruments as applied to music production. Development of MIDI programming skills and use of sample sets.
Prerequisite: MUS 31113 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 31211 COMPOSITION 2-4 Credit Hours
(Repeatable for credit) Original composition for instrumental and vocal solos and small ensembles using shorter musical forms.
Prerequisite: MUS 21214 with a minimum C grade; and Music major or Music Education major.
Schedule Type: Private Lesson, Studio
Contact Hours: 7.5-15 other
Grade Mode: Standard Letter

MUS 31221 AUDIO RECORDING III 3 Credit Hours
A study of advanced recording and record production techniques. Topics include pre-production planning, instrument-specific single and multi-mic techniques, re-amping and other techniques.
Prerequisite: Minimum C grade in the following courses: MUS 11121 and MUS 21114 and MUS 21222.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 31222 AUDIO RECORDING IV 3 Credit Hours
A detailed study of the tools, techniques and critical listening decisions required in creating a professional audio mx.
Prerequisite: MUS 31221 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 31230 GUITAR TECHNOLOGY 2 Credit Hours
Lectures, demonstrations and hands-on assignments geared to develop basic maintenance skills and an understanding of the different types of amps and common outboard effects.
Prerequisite: MUS 21114.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 31260 VOCAL PERFORMANCE TECHNIQUES 2 Credit Hours
Students will learn to use technology to explore their personal artistic creativity and design and market themselves as a performer. Students will have the opportunity to practice and perform with various accompaniments in all current genres and styles. Microphone techniques will also be studied.
Prerequisite: MUS 21114.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

MUS 32211 WESTERN MUSIC HISTORY I 3 Credit Hours
A study of Western music history from the early Christian chants through early classical style.
Prerequisite: MUS 11122 with a minimum C grade; and junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 32212 WESTERN MUSIC HISTORY II (WIC) 3 Credit Hours
A study of Western music history from the classical style period to the present.
Prerequisite: MUS 32211 with a minimum C grade; and junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

MUS 32230 NAVIGATING THE MUSIC INDUSTRY 3 Credit Hours
An overview and study of the music industry. Current practices are examined including artist contracts, music copyright and licensing, and revenue flow from music consumers to content creators. Special emphasis is placed on entrepreneurial activity within the music industry.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 33211 ELEMENTARY AND SECONDARY GENERAL MUSIC 4 Credit Hours
Kodaly, Orff, Dalcroze and current strategies appropriate for early childhood K-12 general music classrooms. Emphasis on teaching diverse learners, including special student populations. Clinical experience in the teaching of general music in the schools. Forty (40) field hours required.
Prerequisite: Admission to advanced study; and MUS 23241 with a minimum C grade; and music or music education major; and junior standing.
Schedule Type: Combined Lecture and Lab
Contact Hours: 3 lecture, 1 lab
Grade Mode: Standard Letter

MUS 33214 MUSIC EDUCATION TECHNOLOGY TECHNIQUES 1 Credit Hour
The application of technologies specific to music instruction and learning for music education majors. Emphasis is placed on project-based instruction focusing on the practical uses of technology in school settings. Engagement in standard arranging practices and arranging music for various school settings.
Prerequisite: Music Education major.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

MUS 33231 ELEMENTARY AND SECONDARY CHORAL MUSIC 4 Credit Hours
Methods, materials, and literature used in elementary and secondary choral music programs; designing a choral curriculum, advocacy and assessment, lesson planning, program organization, budget. Clinical experience in the teaching of choral music. Forty (40) field hours required.
Prerequisite: Admission to advanced study; and MUS 23241 and 34111 with a minimum C grade; and junior standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 3 lecture, 2 lab
Grade Mode: Standard Letter

MUS 33314 PROGRESSIVE AND VERNACULAR MUSIC METHODS 2 Credit Hours
Elementary through secondary instruction of music methods related to vernacular and popular music styles. Students gain experience with lesson planning, program organization, recruiting and performing with ensembles that exist outside the band-orchestra-chorus model including, but not limited to, rock bands, technology-based ensembles and other non-traditional ensembles. Experiences focus on popular and vernacular music-making techniques, facilitating small- and large-group instruction and incorporating these experiences within the traditional school music setting.
Prerequisite: MUS 23241 with a minimum C grade; and admission to advanced study; and completion of the music education professional evaluation; and Music Education major.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

MUS 33315 GENERAL MUSIC METHODS 2 Credit Hours
Kodály, Orff, Dalcroze, Music Learning Theory and current strategies appropriate for early childhood and P-12 general music classrooms. Emphasis on teaching diverse learners, including special student populations. Clinical experience for the teaching of general music in schools. 30 field hours required. A current FBI/BCI background check is required.
Prerequisite: MUS 23241 with a minimum C grade; and admission to advanced study; and completion of the music education professional evaluation; and Music or Music Education major; and junior standing.
Schedule Type: Laboratory
Contact Hours: 4 lab
Grade Mode: Standard Letter

MUS 33316 CHORAL MUSIC METHODS 2 Credit Hours
Study and practice of implementing traditional and contemporary choral methods, materials and literature within elementary and secondary choral music programs. Course includes, but is not limited to, experiencing designing a K-12 vocal and choral curriculum, advocacy and assessment specific to choral music, lesson planning, program organization, budget and exposure to philosophical perspectives toward teaching P-12 choral music. 20 clinical field experience hours within choral music teaching are required. Pre/corequisites:
Prerequisite: MUS 11122 and MUS 17111 and MUS 23241; and admission to advanced study; and Music Education major.
Schedule Type: Laboratory
Contact Hours: 4 lab
Grade Mode: Standard Letter

MUS 34111 INTRODUCTION TO CONDUCTING 1 Credit Hour
Introduction to and study of conducting: beat patterns, baton techniques, score reading, analysis and interpretive elements.
Prerequisite: MUS 11122 with a minimum C grade; and junior standing.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

MUS 34121 CONDUCTING AND LEADERSHIP IN SCHOOLS 1 Credit Hour
Advanced study of and practice with instrumental and choral conducting, guiding general music environments and leadership of K-12 music classrooms and related settings. Skills and knowledge include conducting gesture, running rehearsals, score study and arranging, working with groups of students, understanding the young mindset of school-based musical groups, listening and responding to musical activities and navigating musical experiences in schools. The course includes additional work with leading groups other than secondary choral and instrumental groups, such as elementary ensembles, modern bands, non-Western ensembles and other ensemble leadership that falls outside of traditional band, orchestra and choir models.
Prerequisite: MUS 21111; and Music or Music Education major; and junior standing.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

MUS 34211 ELEMENTARY AND SECONDARY GENERAL MUSIC 2 Credit Hours
Kodaly, Orff, Dalcroze, and current strategies appropriate for early childhood K-12 general music classrooms. Emphasis on teaching diverse learners, including special student populations. Clinical experience in the teaching of general music in the schools. Thirty (30) field hours required.
Prerequisite: Admission to advanced study; and MUS 23241 with a minimum C grade; and music or music education major; and completion of the music education professional evaluation; and junior standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 3 lab
Grade Mode: Standard Letter

MUS 34212 ELEMENTARY AND SECONDARY CHORAL MUSIC 2 Credit Hours
Methods, materials, and literature used in elementary and secondary choral music programs; designing a choral curriculum, advocacy and assessment, lesson planning, program organization, budget. Clinical experience in the teaching of choral music. Thirty (30) field hours required.
Prerequisite: Admission to advanced study; and MUS 23241 and 34111 with a minimum C grade; and completion of the music education professional evaluation; and junior standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 3 lab
Grade Mode: Standard Letter

MUS 35213 STUDIO ENSEMBLE 1 Credit Hour
(Repeatable for a maximum of 16 credit hours) Development of ensemble skills through small group experience performing diverse popular styles from notation, developing improvisation skills and creating arrangements from lead charts. Students must audition for the director prior to registration for the course.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 36011 APPLIED MUSIC JAZZ 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 36111 APPLIED MUSIC PIANO 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 36311 APPLIED MUSIC VOICE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 36411 APPLIED MUSIC VIOLIN 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 36412 APPLIED MUSIC VIOLA 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 36413 APPLIED MUSIC CELLO 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 36414 APPLIED MUSIC DOUBLE BASS 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 36511 APPLIED MUSIC FLUTE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 36512 APPLIED MUSIC OBOE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 36513 APPLIED MUSIC CLARINET 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 36514 APPLIED MUSIC BASSOON 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 36515 APPLIED MUSIC SAXOPHONE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 36611 APPLIED MUSIC TRUMPET 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 36612 APPLIED MUSIC HORN 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 36613 APPLIED MUSIC TROMBONE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 36614 APPLIED MUSIC EUPHONIUM 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 36615 APPLIED MUSIC TUBA 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 36711 APPLIED MUSIC PERCUSSION 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 36912 APPLIED MUSIC GUITAR 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 36913 APPLIED STUDIO MUSICIANSHIP 2-4 Credit Hours
(Repeatable for a maximum of 16 credit hours) Development of performance proficiency in contemporary popular music styles appropriate for the performance idiom through individual instruction. Students must audition for the director prior to registration for the course.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 2-4 other
Grade Mode: Standard Letter

MUS 36914 ELECTRIC GUITAR APPLIED STUDIO MUSICIANSHIP 2-4 Credit Hours
(Repeatable for credit) Development of performance proficiency in popular music styles. An audition is required.
Prerequisite: Music and music technology majors; and special approval.
Schedule Type: Private Lesson, Studio
Contact Hours: 2-4 other
Grade Mode: Standard Letter

MUS 36915 ELECTRIC BASS APPLIED STUDIO MUSICIANSHIP 2-4 Credit Hours
(Repeatable for credit) Development of performance proficiency in popular music styles.
Prerequisite: Music and music technology majors.
Schedule Type: Private Lesson, Studio
Contact Hours: 2-4 other
Grade Mode: Standard Letter

MUS 36916 DRUM SET PERCUSSION APPLIED STUDIO MUSICIANSHIP 2,4 Credit Hours
(Repeatable for credit) Development of performance proficiency in popular music styles. An audition is required.
Prerequisite: Music and music technology majors; and special approval.
Schedule Type: Private Lesson, Studio
Contact Hours: 2-4 other
Grade Mode: Standard Letter

MUS 36917 KEYBOARD APPLIED STUDIO MUSICIANSHIP 2-4 Credit Hours
(Repeatable for credit) Development of performance proficiency in popular music styles. An audition is required.
Prerequisite: Music and music technology majors; and special approval.
Schedule Type: Private Lesson, Studio
Contact Hours: 2-4 other
Grade Mode: Standard Letter

MUS 36918 CONTEMPORARY VOICE APPLIED STUDIO MUSICIANSHIP 2,4 Credit Hours
(Repeatable for credit) Development of performance proficiency in popular music styles. An audition is required.
Prerequisite: Music and music technology majors; and special approval.
Schedule Type: Private Lesson, Studio
Contact Hours: 2-4 other
Grade Mode: Standard Letter

MUS 36919 FLUTE APPLIED STUDIO MUSICIANSHIP 2,4 Credit Hours
(Repeatable for credit) Development of performance proficiency in popular music styles. An audition is required.
Prerequisite: Music major or music technology major.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 36920 CLARINET APPLIED STUDIO MUSICIANSHIP 2,4 Credit Hours
(Repeatable for credit) Development of performance proficiency in popular music styles. An audition is required.
Prerequisite: Music major or music technology major.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 36921 SAXOPHONE APPLIED STUDIO MUSICIANSHIP 2,4 Credit Hours
(Repeatable for credit) Development of performance proficiency in popular music styles. An audition is required.
Prerequisite: Music major or music technology major.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 36922 TRUMPET APPLIED STUDIO MUSICIANSHIP 2,4 Credit Hours
(Repeatable for credit) Development of performance proficiency in popular music styles. An audition is required.
Prerequisite: Music major or music technology major.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 36923 HORN APPLIED STUDIO MUSICIANSHIP 2,4 Credit Hours
(Repeatable for credit) Development of performance proficiency in popular music styles. An audition is required.
Prerequisite: Music major or music technology major.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 36924 TROMBONE APPLIED STUDIO MUSICIANSHIP 2,4 Credit Hours
(Repeatable for credit) Development of performance proficiency in popular music styles. An audition is required.
Prerequisite: Music major or music technology major.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 37111 CONTEMPORARY POPULAR PIANO 2 Credit Hours
Development of keyboard applications in contemporary popular music styles with a focus on music theory.
Prerequisite: MUS 17112 with a minimum C grade.
Corequisite: MUS 21341.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 37113 PIANO SKILLS FOR THE CHORAL/GENERAL MUSIC EDUCATOR 2 Credit Hours
Development of keyboard skills for practical purposes in the classroom and ensemble rehearsals.
Prerequisite: MUS 11121 and MUS 17111 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 37114 PIANO SKILLS FOR THE INSTRUMENTAL MUSIC EDUCATOR 1 Credit Hour
Development of keyboard skills for practical purposes in the classroom and ensemble rehearsals.
Prerequisite: MUS 11121 and MUS 17111 with a minimum C grade.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

MUS 37512 STRING TECHNIQUES 1 Credit Hour
Discussion and practice of basic principles surrounding classroom string playing, instrumental pedagogy and group process as applied to public school music settings. This course is devoted to string teaching and learning for pre-service music education training.
Prerequisite: Music or Music Education major.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

MUS 37514 VOICE TECHNIQUES 1 Credit Hour
Class instruction covering the fundamentals of singing including breathing, tone, posture, resonance, diction and vocal health. Other topics include anatomy and physiology of the voice.
Prerequisite: Music or Music Education major.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

MUS 38599 RECITAL (ELR) 1 Credit Hour
A culminating educational experience for students to demonstrate their musical understanding and application of ideas, techniques and musical interpretation. This course focuses on the study of a wide range of repertoire and public performance within the student's chosen performing medium.
Prerequisite: Junior standing; and special approval.
Schedule Type: Project or Capstone
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

MUS 40092 MUSIC TECHNOLOGY INTERNSHIP (ELR) 2 Credit Hours
(Repeatable for a maximum of 4 credit hours) On-the-job experience with cooperating business in the field of music technology and preparation of a final report or an applicable project. Students must have a minimum 2.250 major GPA to register for the course.
Prerequisite: MUS 31114 or MUS 31222 with a minimum C grade; and Music Technology major; and special approval.
Schedule Type: Practical Experience
Contact Hours: 8 other
Grade Mode: Standard Letter-IP
Attributes: Experiential Learning Requirement

MUS 40295 SPECIAL TOPICS IN MUSIC 1-3 Credit Hours
(Slashed with MUS 50295 and MUS 70295)(Repeatable for credit) Academic study in areas not offered adequately in the music curriculum. Topic areas are of special interest to the faculty member.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

MUS 40296 INDEPENDENT STUDY:MUSIC 1-3 Credit Hours
(Repeatable for credit)Individual investigation in music topics not offered as either regular coursework or beyond the scope of existing music major courses.
Prerequisite: Music or music education major; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

MUS 41010 DOUBLE REED DESIGN AND PRODUCTION 1 Credit Hour
(Slashed with MUS 51010)(Repeatable for credit) This course is an in-depth study of double reed design and production. This course is designed for double reed oboe students and music education students who have completed the woodwind technique course. The students of this course learn to grow and harvest the raw material (Arundo-Donax cane) and age the raw material in a climate-controlled area. The students learn to design and craft double reeds and produce marketable products to meet the highest performance standards.
Prerequisite: Music major or Music minor or Music Education major or Music Technology major.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

MUS 41091 MUSIC LEARNING THEORY APPROACH 3 Credit Hours
(Slashed with MUS 51091 and MUS 71091)(Repeatable for credit) Through the lens of Gordon's Music Learning Theory, the course is focused on P-6 general music and developing effective strategies for learner-centered growth, musicianship, movement, curriculum, inclusion and assessment. This course is offered in conjunction with the Gordon Institute for Music Learning (GIML) and satisfies requirements for GIML PDLC EGM level 1.
Prerequisite: None.
Schedule Type: Laboratory, Seminar
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

MUS 41112 WESTERN MUSIC SINCE 1945 1 Credit Hour
The study of Western art music since 1945 from historical and theoretical viewpoints. Emphasis on analysis, composition, listening and intellectual understanding.
Prerequisite: MUS 21112 and MUS 32212 with a minimum C grade.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

MUS 41113 MUSIC PRODUCTION V 3 Credit Hours
Continuation of Music Production IV, create music to accompany a visual medium by learning fundamental to more advanced film scoring techniques.
Prerequisite: MUS 31114 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 41114 MUSIC PRODUCTION VI 3 Credit Hours
Continuation of Music Production V, advanced sequencing, synthesis and audio editing techniques as applied to music production. Focus is on original music.
Prerequisite: MUS 41113 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 41131 KEYBOARD HARMONY 3 Credit Hours
Theoretical skills demonstrated at the keyboard: harmonization of melodies in homophonic style, realization of figured bass, score reading, modulation and improvisation.
Prerequisite: MUS 21112 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 41141 SIXTEENTH-CENTURY COUNTERPOINT 3 Credit Hours
Two-, three -and four part vocal counterpoint in 16th century style.
Prerequisite: MUS 21112 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 41151 EIGHTEENTH-CENTURY COUNTERPOINT 3 Credit Hours
Technique of writing counterpoint in 18th-century style, especially that of J. S. Bach.
Prerequisite: MUS 21112 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 41161 ADVANCED MUSICAL ANALYSIS 3 Credit Hours
A study of recent approaches to tonal and nontonal musical analysis. Emphasis on familiarity with styles, nomenclature and appropriate graphic techniques.
Prerequisite: MUS 41112 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 41181 ACOUSTICS AND TECHNOLOGY IN MUSIC 2 Credit Hours
An introduction to acoustics and psychoacoustics in direct relationship to music, and an introduction to uses of technology in music composition, performance, notation, theory, history and pedagogy.
Prerequisite: Music technology major.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 41211 COMPOSITION 2,4 Credit Hours
(Repeatable for credit) Study of the materials and techniques of musical composition culminating in original works based upon observable principles of unity and variety.
Prerequisite: Composition or music or music education major.
Schedule Type: Private Lesson, Studio
Contact Hours: 2-4 other
Grade Mode: Standard Letter

MUS 41221 AUDIO RECORDING V 3 Credit Hours
A continuation of Audio Recording IV. Covered topics include advanced mixing techniques using analog console automation, mixing for surround sound, and fundamentals of audio mastering.
Prerequisite: MUS 31222 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 41222 AUDIO RECORDING VI 3 Credit Hours
A comprehensive record production experience from pre-production through recording, editing, mixing and mastering a complete audio project. Alternatively, students may opt to complete a research-based thesis document.
Prerequisite: MUS 41221 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 41240 AUDIO ELECTRONICS I 3 Credit Hours
This course grants students the opportunity to explore electronics with a focus on applications in audio. Fundamental concepts like Ohm's Law, Joule's Law, resistance, capacitance and AC rectification will be covered, followed by basic transistor, operational amplifier (op amp) and vacuum tube circuits. The course will also visit resonant circuits and filters, transformers, and impedance. Hands-on skills like soldering, breadboarding and circuit simulation will culminate in an individual project in which students will assemble a microphone cable or instrument cable and their choice of microphone or guitar effects pedal from a kit.
Prerequisite: MUS 31221.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2 lecture, 2 lab
Grade Mode: Standard Letter

MUS 41250 LIVE SOUND PRODUCTION 2 Credit Hours
Students will learn how to spec, assemble, operate and maintain small-to-medium-scale professional public address systems for live concert audio production. The course will culminate in the class providing sound reinforcement for Kent State University at Stark's end-of-semester ensemble concerts.
Prerequisite: MUS 21222.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

MUS 41255 MUSIC PRODUCTION SEMINAR 1 Credit Hour
Required for students in the music production sequence, this is a traditional weekly one credit hour seminar course where students will workshop and share their projects, see faculty projects in process, familiarize themselves with vital recent historical works in their area and analyze and discuss fascinating new efforts in the realm of music production and composition.
Prerequisite: MUS 21114.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

MUS 41291 SEMINAR IN POST-TONAL AND RECENT MUSIC 3 Credit Hours
(Slashed with MUS 51291 and MUS 71291) Seminar covering selected topics about music theory from the early 20th century to recent decades, focusing on analytical techniques, compositional procedures and study of representative compositions through applied analysis.
Prerequisite: MUS 21112 with a minimum C grade.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 41299 SENIOR PROJECT:MUSIC COMPOSITION (ELR) 2 Credit Hours
(Repeatable for credit)The final composition experience prior to graduation: a recital of individually composed works must be presented.
Prerequisite: MUS 41211 with a minimum C grade.
Schedule Type: Senior Project/Honors Thesis
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

MUS 41321 ORCHESTRATION 3 Credit Hours
Ranges, tonal possibilities, technical limitations and transpositions for all orchestral instruments. Scoring techniques and analysis of representative instrumental ensemble repertoire.
Prerequisite: MUS 21112 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 41341 JAZZ IMPROVISATION I 1 Credit Hour
(Slashed with MUS 51341) A beginner's introduction to jazz improvisation. Theory and daily playing are enhanced by ear training.
Prerequisite: Music major or minor.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

MUS 41342 JAZZ COMPOSING AND ARRANGING 2 Credit Hours
(Slashed with MUS 51342) Composing and arranging for the large and small jazz ensemble.
Prerequisite: Jazz Studies concentration within the Music major or Jazz Studies minor.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 41351 JAZZ IMPROVISATION II 1 Credit Hour
(Slashed with MUS 51351) The presentation of a methodical approach to learning standard jazz repertoire.
Prerequisite: MUS 41341 with a minimum C grade.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

MUS 41391 SEMINAR IN TONAL AND PRE-TONAL MUSIC THEORY 3 Credit Hours
(Slashed with MUS 51391 and MUS 71391) Seminar covering selected topics about music theory from the high Renaissance to late Romantic period, focusing on analytical techniques, compositional procedures and study of representative compositions through applied analysis.
Prerequisite: MUS 21112 with a minimum C grade.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 42101 ROOTS OF ROCK 3 Credit Hours
Roots of Rock is a comprehensive survey of the various genres of American music in the 20th century that contributed to the development of rock music. Important performers in various styles and their contributions to the art form are explored. Pioneers in the fields of recording, artist management and production are studied. Rock music's contributions to the emergence of American culture are viewed in the context of social, racial and political changes. The impact of technological advances in radio, recording and television are also studied.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 42111 AFRICAN MUSIC AND CULTURES 3 Credit Hours
African music as related to social sciences and humanities. Oral traditions. Use of music recordings, tapes, musical instruments, participation in performance and group work involvement.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 42131 MUSIC OF THE UNITED STATES 3 Credit Hours
(Slashed with MUS 52131 and MUS 72131) Historical survey of music in the United States including Native American music, minstrelsy, New England psalmody, jazz and Latin American influences.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 42141 FOLK MUSIC OF EUROPE AND NORTH AMERICA 3 Credit Hours
(Slashed with MUS 52141) Study of selected music cultures of Eastern and Western Europe, and South, Central and North America.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 42151 ASIAN MUSICS 3 Credit Hours
Survey of Asian musics. Emphasis on art, folk and popular musics and relationships of these musics to their respective cultures.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 42161 HISTORY OF JAZZ (DIVD) 3 Credit Hours
(Slashed with MUS 52161 and MUS 72161) The evolution of jazz from its origin to present.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Domestic

MUS 42162 JAZZ STYLES AND ANALYSIS 3 Credit Hours
(Slashed with MUS 52162) An approach to jazz history from the perspective of major artists such as: Louis Armstrong, Duke Ellington, Charlie Parker, Miles Davis and John Coltrane.
Prerequisite: Jazz Studies concentration within the Music major or Jazz Studies minor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 42165 HISTORY OF CONTEMPORARY POPULAR MUSIC (DIVD) (WIC) 3 Credit Hours
A study of popular music from the 1950s to the present. Course content will highlight significant artists, examine important style elements, and expose students to a variety of repertoire. This course will emphasize music theory and orchestration to understand and differentiate style. An overview of the history and development of recording technology is an important component of this course.
Prerequisite: MUS 21341.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Domestic, Writing Intensive Course

MUS 42181 POPULAR WORLD MUSIC (DIVG) 3 Credit Hours
(Slashed with MUS 52181 and MUS 72181) A survey of popular world music genres from North America, the Caribbean, South America, Europe, Africa and Asia. Emphasis is on recognizing music literature, prominent artists and music styles, as well as related cultural events. Modern media, especially the Internet, is an integral component of the course.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global

MUS 42221 SYMPHONIC LITERATURE 3 Credit Hours
(Slashed with MUS 52221) Historical and stylistic survey of music for large instrumental ensemble.
Prerequisite: MUS 32212 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 42227 WIND BAND LITERATURE 3 Credit Hours
(Slashed with MUS 52227 and MUS 72227) Historical survey of wind band literature and the development of the ensemble.
Prerequisite: Music major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 42232 PIANO LITERATURE I 2 Credit Hours
Survey of keyboard suites, sonatas and concerti from the 16th century to the present. Emphasis on performing, listening, and analysis.
Prerequisite: Music major.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 42241 PIANO LITERATURE 3 Credit Hours
(Slashed with MUS 52241) Survey of keyboard and piano literature from the 16th century to the present; study of related forms and styles. Emphasis on performing, listening and analysis.
Prerequisite: MUS 32212 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 42242 PIANO LITERATURE II 2 Credit Hours
Survey of character pieces and variations from the 16th century to the present. Emphasis on performing, listening, and analysis.
Prerequisite: Music major.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 42251 SONG LITERATURE 3 Credit Hours
A study of vocal literature from the 16th century to the present. Emphasis upon the style, interpretation and presentation of solo materials for all voice classifications.
Prerequisite: MUS 22111 with a minimum C grade; and junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 42261 VOCAL LITERATURE 3 Credit Hours
(Slashed with MUS 52261) The historical development of opera from the 17th century to the present. Detailed analysis of representative works.
Prerequisite: MUS 32212 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 42271 CHORAL LITERATURE 3 Credit Hours
(Slashed with MUS 52271 and MUS 72271) Study of Western European choral literature from approximately 1450 to the early 19th century, i.e., Renaissance, Baroque and Classical periods.
Prerequisite: MUS 32212 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 42272 CHORAL LITERATURE II 3 Credit Hours
(Slashed with MUS 52272) Continuation of Choral Literature I. A study of Western European and North American choral music of the early 19th century to the present (roughly 1830 to the present).
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 42291 SEMINAR IN MUSIC HISTORY AND LITERATURE 3 Credit Hours
(Slashed with MUS 52291 and MUS 72291)(Repeatable for credit) Selected problems of research for music history and literature. Each student is responsible for presenting papers for discussion.
Prerequisite: MUS 32212 with a minimum C grade.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 42345 ORFF SCHULWERK TEACHER EDUCATION LEVEL I 3 Credit Hours
(Slashed with MUS 52345 and MUS 72345)(Repeatable for credit) This course is designed to develop a teacher's pedagogical skills, musicianship and creative potential by using the materials and procedures that are part of the active, experience-based Orff Schulwerk instructional and learning model. Orff Schulwerk represents a synthesis of music and movement, as developed within the three inter-related components of the course, namely the experiential, the conceptual and the pedagogical. Curricular content and sequence and development and application of basic skills in movement, speech, singing and instrumental skills unfold through joyous and interactive participation in music and movement activities. Level I is designed as an introductory experience to Orff Schulwerk pedagogy and is appropriate for anyone with a music degree.
Prerequisite: None.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

MUS 42346 ORFF SCHULWERK TEACHER EDUCATION LEVEL II 3 Credit Hours
(Slashed with MUS 52346 and MUS 72346)(Repeatable for credit) This course is designed to develop a teacher's pedagogical skills, musicianship and creative potential by using the materials and procedures that are part of the active, experience-based Orff Schulwerk instructional and learning model. Orff Schulwerk represents a synthesis of music and movement, as developed within the three inter-related components of the course, namely the experiential, the conceptual and the pedagogical. Curricular content and sequence and development and application of basic skills in movement, speech, singing and instrumental skills unfold through joyous and interactive participation in music and movement activities. Level II is designed as an intermediate experience in Orff Schulwerk pedagogy and is appropriate for anyone who has completed level I at an American Orff Schulwerk Association (AOSA)-approved institution.
Prerequisite: MUS 42345.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

MUS 42347 ORFF SCHULWERK TEACHER EDUCATION LEVEL III 3 Credit Hours
(Slashed with MUS 52347 and MUS 72347)(Repeatable for credit) This course is designed to develop a teacher's pedagogical skills, musicianship and creative potential by using the materials and procedures that are part of the active, experience-based Orff Schulwerk instructional and learning model. Orff Schulwerk represents a synthesis of music and movement, as developed within the three inter-related components of the course, namely the experiential, the conceptual and the pedagogical. Curricular content and sequence and development and application of basic skills in movement, speech, singing and instrumental skills unfold through joyous and interactive participation in music and movement activities. Level III is designed as an advanced experience in Orff Schulwerk pedagogy and is appropriate for anyone who has completed level II at an American Orff Schulwerk Association (AOSA)-approved institution.
Prerequisite: MUS 42346.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

MUS 42392 STUDENT TEACHING (ELR) 9 Credit Hours
Provides a 16-week student teaching experience. Off-campus arrangements are handled by the College of Education, Health and Human Services and the School of Music.
Prerequisite: Music education major; official valid certification of child safety training, approved basic life support and ALICE training must be presented to the campus office of clinical experience or designated faculty/staff at regional campuses as prerequisite for student teaching; and special approval.
Corequisite: MUS 49525.
Schedule Type: Practical Experience
Contact Hours: 9 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

MUS 43241 MARCHING BAND TECHNIQUES AND LITERATURE 1 Credit Hour
Organization, administration and techniques of marching bands in the schools. Topics covered include musical styles, literature and show design.
Prerequisite: Music education major; and sophomore standing.
Schedule Type: Combined Lecture and Lab
Contact Hours: 1 lab
Grade Mode: Standard Letter

MUS 43242 JAZZ ENSEMBLE TECHNIQUES AND LITERATURE 2 Credit Hours
Study of the curriculum for the jazz ensemble, including organizational and administrative procedures. Emphasis on music interpretation jazz styles and rehearsal techniques taught through laboratory experience.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 43243 CONTEMPORARY CHORAL METHODS IN THE SCHOOLS 3 Credit Hours
(Slashed with MUS 53243) Basic techniques and materials for teaching vocal jazz and musical theatre in the schools. Administration, organization and publicity for productions as well as literature for these performing groups will be explored.
Prerequisite: Music education major or music major; and junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 43245 JAZZ ENSEMBLE TECHNIQUES AND LITERATURE 1 Credit Hour
(Slashed with MUS 53245) Study of the curriculum for the jazz ensemble, including organizational and administrative procedures. Emphasis on music interpretation of jazz styles and rehearsal techniques taught through laboratory experiences. One hour of field observation is required.
Prerequisite: Special approval.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

MUS 43264 METHODS IN ROCK BAND PERFORMANCE AND PEDAGOGY 3 Credit Hours
(Slashed with MUS 53264 and MUS 73264) In this course, students participate in small rock ensembles and examine the pedagogy of that type of ensemble. Lectures and demonstrations include topics such as equipment selection, repertoire selection and performance techniques. The course also emphasizes techniques for amplifying rock ensembles, and students learn fundamental techniques for recording rock ensembles.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 43265 METHODS IN JAZZ PERFORMANCE AND PEDAGOGY 3 Credit Hours
(Slashed with MUS 53265) In this course, students will participate in immersive experiences in various aspects of vocal and instrumental jazz: solo performing, ensemble rehearsal techniques, repertoire selection and sources, jazz theory, improvisation, working with a rhythm section, and sound reinforcement. Students will also participate in a workshop ensemble to experience the art form as a member of a jazz ensemble.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 44111 ADVANCED CHORAL CONDUCTING 2 Credit Hours
Continued development of conducting technique, score reading analysis, styles, interpretation, rehearsal procedure, diction issues as they relate to conducting and pedagogy.
Prerequisite: Minimum C grade in MUS 21111, MUS 34111 and MUS 37113.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

MUS 44121 ADVANCED INSTRUMENTAL CONDUCTING 2 Credit Hours
Continued development of conducting technique, score reading analysis, styles, interpretation and rehearsal procedures.
Prerequisite: MUS 21111 and MUS 34111 with a minimum C grade.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

MUS 44210 INSTRUMENTAL MUSIC METHODS 2 Credit Hours
Study and practice of traditional and contemporary instrumental methods, materials and literature within elementary and secondary band and orchestra programs. The course includes, but is not limited to, experience designing a K-12 instrumental music curriculum, advocacy and assessment, lesson planning, program organization, budget and exposure to philosophical perspectives toward teaching P-12 instrumental music. 20 clinical field hours within instrumental music teaching are required.
Prerequisite: MUS 11122 and MUS 17111 and MUS 23241; and admission to advanced study; and Music Education major.
Schedule Type: Laboratory
Contact Hours: 4 lab
Grade Mode: Standard Letter

MUS 44211 INSTRUMENTAL METHODS I 2 Credit Hours
Elementary and middle school instrumental instruction, program organization, rehearsal teaching techniques, lesson plans, literature, assessment, scheduling, recruiting, modeling and interactive teaching. Clinical experience in the teaching of music. Thirty (30) field hours required.
Prerequisite: MUS 23241 with a minimum C grade; and minimum C grade in and 2 credit hours of the following courses: MUS 37512 or MUS 47512 or MUS 47513 or MUS 47612 or MUS 47712; and admission to advanced study; and completion of the music education professional evaluation; and Music or Music Education major; and junior standing.
Schedule Type: Combined Lecture and Lab
Contact Hours: 1 lecture, 3 lab
Grade Mode: Standard Letter

MUS 44212 INSTRUMENTAL METHODS II 2 Credit Hours
Secondary instrumental instruction; program organization, budget, advocacy, assessment, rehearsal planning, literature and teaching techniques. Clinical experience in the teaching of music. Thirty (30) field hours required.
Prerequisite: Minimum C grade in the following courses: MUS 23241 and MUS 34111 and MUS 44211; and MUS 37512 or MUS 47512 or MUS 47612 or MUS 47712; and admission to advanced study; and completion of the music education professional evaluation; and junior standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 3 lab
Grade Mode: Standard Letter

MUS 45121 KENT CHORUS 1 Credit Hour
(Repeatable for credit) Study and performance of choral music from Renaissance through contemporary styles, large and small forms with appropriate accompaniment.
Prerequisite: Special approval.
Schedule Type: Combined Lecture and Lab
Contact Hours: 2.5 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 45131 KENT STATE OPERA THEATRE WORKSHOP 1 Credit Hour
(Repeatable for credit) Training in methods and skills necessary to the art of the singer-actor. Opera performed and prepared via study, observation and rehearsal.
Prerequisite: Audition.
Schedule Type: Studio
Contact Hours: 9.5 other
Grade Mode: Standard Letter

MUS 45141 KENT STATE UNIVERSITY CHORALE 1 Credit Hour
(Repeatable for credit) Study and performance of literature for vocal chamber ensemble from medieval through contemporary styles with appropriate accompaniment sung in the original language. An audition is required before registering for this course.
Prerequisite: Special approval.
Schedule Type: Combined Lecture and Lab
Contact Hours: 4.5 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 45142 CORO CANTARE 1 Credit Hour
(Repeatable for credit) (Slashed with MUS 55142) A chorus of tenor, baritone and bass voices. Open to all students regardless of gender identity. Emphasis on music literacy, vocal production instruction, study and performance of music written for tenor, baritone and bass voices. The group performs choral literature spanning many centuries and reflecting diverse cultures. Experience with mixed-voice choirs also occurs. Audition required.
Prerequisite: None.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 45143 CANTIQUE 1 Credit Hour
(Repeatable for credit) (Slashed with MUS 55143) A chorus of soprano and alto voices. Open to all students regardless of gender identity. Emphasis on music literacy, vocal production instruction, study and performance of music written for soprano and alto voices. The group performs choral literature spanning many centuries and reflecting diverse cultures. Experience with mixed-voice choirs also occurs. Audition required.
Prerequisite: None.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 45151 KENT STATE UNIVERSITY GOSPEL CHOIR 1 Credit Hour
(Repeatable for credit) Study and performance of choral music in the gospel tradition, including works by contemporary artists. One weekly rehearsal and a minimum of one concert per semester. Off-campus concerts are possible.
Prerequisite: None.
Schedule Type: Combined Lecture and Lab
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 45212 ORCHESTRA 1 Credit Hour
(Slashed with MUS 55212 and MUS 75212) (Repeatable for credit) A select group of instrumentalists assembled for the purpose of studying and performing orchestral music. Open to all KSU students, regardless of major. An audition is required.
Prerequisite: None.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 6 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 45221 SYMPHONY BAND 1 Credit Hour
(Repeatable for credit) Study and performance of music literature for wind band.
Prerequisite: Audition.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 45222 MARCHING BAND 1 Credit Hour
(Repeatable for credit) Study and performance of literature and maneuvers for marching band.
Prerequisite: Audition.
Schedule Type: Combined Lecture and Lab
Contact Hours: 6 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 45223 WIND ENSEMBLE 1 Credit Hour
(Slashed with MUS 55223 and MUS 75223) (Repeatable for credit) A select concert ensemble that performs the finest in wind instrument literature with emphasis on major original works. Open to all KSU students, regardless of major. An audition is required.
Prerequisite: None.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 4 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 45224 FLASHER BRASS 1 Credit Hour
(Repeatable for credit) Study and performance of music for Flasher Brass.
Prerequisite: Audition.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

MUS 45225 UNIVERSITY BAND 1 Credit Hour
(Repeatable for credit) Study and performance of music literature for wind band appropriate for non-music majors, and for music education majors performing on secondary instruments.
Prerequisite: None.
Schedule Type: Laboratory
Contact Hours: 1 lab
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

MUS 45231 JAZZ ENSEMBLE 1 Credit Hour
(Repeatable for credit) Study and performance of music literature in the jazz idiom.
Prerequisite: Audition.
Schedule Type: Combined Lecture and Lab
Contact Hours: 7.5 other
Grade Mode: Standard Letter

MUS 45241 TROMBONE ENSEMBLE 1 Credit Hour
(Repeatable for credit) A thorough study of trombone performance in various sized ensembles. Emphasis on original literature from over four centuries.
Prerequisite: Audition.
Schedule Type: Combined Lecture and Lab
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 45251 PERCUSSION ENSEMBLE 1 Credit Hour
(Repeatable for credit) A comprehensive study of percussion performance in various-sized ensembles. Use of keyboard percussion instruments along with drums and accessories. Study of percussion ensemble literature.
Prerequisite: Audition.
Schedule Type: Combined Lecture and Lab
Contact Hours: 5 other
Grade Mode: Standard Letter

MUS 45261 BASSOON ENSEMBLE 1 Credit Hour
(Repeatable for credit) Study and performance of music for multiple bassoons; emphasis upon refined ensemble playing interpretation leadership skills and arranging techniques.
Prerequisite: Permission audition.
Schedule Type: Combined Lecture and Lab
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 45271 NEW MUSIC ENSEMBLE 1 Credit Hour
(Repeatable for credit)(Slashed with MUS 55271 and MUS 75271) Study and performance of 20th- and 21st-century chamber music with an emphasis on works by contemporary composers.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 45301 AFRICAN ENSEMBLE (DIVG) 1 Credit Hour
(Slashed with MUS 55301 and MUS 75301)(Repeatable for credit) This course teaches performance and cultural etiquettes associated with traditional and popular music and dance from Africa and the African diaspora. Specific traditions studied may include, but are not limited to, Ghana, Guinea, Senegal, Nigeria, Haiti, Cuba, Puerto Rico, Trinidad and Tobago and the United States. This course is performance and community focused.
Prerequisite: None.
Schedule Type: Ensemble
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: Diversity Global

MUS 45302 CARIBBEAN STEELBAND (DIVG) 1 Credit Hour
(Slashed with MUS 55302 and MUS 75302)(Repeatable for credit) This course teaches performance and cultural etiquettes associated with steelband traditions of Trinidad and Tobago. Specific traditions and genres studied may include, but are not limited to, pan, calypso, soca, Latin, bomb tunes, carnival and tamboo-bamboo. This ensemble is performance and community focused.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: Diversity Global

MUS 45311 CHAMBER MUSIC 1,2 Credit Hour
(Repeatable for credit) The study and performance of music for small ensembles. Music minors and other non-music majors may take this course with permission.
Prerequisite: Music major or music education major.
Schedule Type: Studio
Contact Hours: 2-4 other
Grade Mode: Standard Letter

MUS 45312 JAZZ COMBO DEVELOPMENT 1 Credit Hour
(Repeatable for a total of 8 credit hours) The study of Jazz combo performance through rehearsal.
Prerequisite: Special approval.
Schedule Type: Laboratory
Contact Hours: 1 lab
Grade Mode: Standard Letter

MUS 45313 NOVA JAZZ SINGERS 1 Credit Hour
(Repeatable for credit) The Kent State Nova Jazz Singers is a select vocal jazz ensemble. Repertoire consists of arrangements of American popular music from the 1930s to today, covering all contemporary styles. Nova Jazz Singers is open to all Kent State students by audition.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 45314 WORLD MUSIC ENSEMBLE 1 Credit Hour
(Slashed with MUS 55314 and MUS 75314)(Repeatable for maximum of 8 credit hours) This course teaches performance and cultural etiquette associated with traditional and popular world music genres, e.g., African drumming, Thai Piphat. Specific traditions studied include areas of specialization of instructors and/or advanced student participants.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 45315 ASIAN MUSIC ENSEMBLE (DIVG) 1 Credit Hour
(Slashed with MUS 55315 and MUS 75315)(Repeatable for credit) This course teaches performance practice and cultural etiquette associated with traditional and popular Asian music genres, e.g., Thai, Chinese and Indian classical music.
Prerequisite: None.
Schedule Type: Ensemble
Contact Hours: 2 other
Grade Mode: Standard Letter
Attributes: Diversity Global

MUS 45321 ACCOMPANYING 1,2 Credit Hour
(Repeatable for credit) Accompanying instrumental and vocal soloists; piano ensemble works. Credit counted toward ensemble requirements. One hour credit for two hours of assigned accompanying weekly.
Prerequisite: Permission.
Schedule Type: Private Lesson, Studio
Contact Hours: 1-2 other
Grade Mode: Standard Letter

MUS 46111 APPLIED MUSIC PIANO 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 46311 APPLIED MUSIC VOICE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 46411 APPLIED MUSIC VIOLIN 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 46412 APPLIED MUSIC VIOLA 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 46413 APPLIED MUSIC CELLO 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 46414 APPLIED MUSIC DOUBLE BASS 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 46511 APPLIED MUSIC FLUTE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 46512 APPLIED MUSIC OBOE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 46513 APPLIED MUSIC CLARINET 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 46514 APPLIED MUSIC BASSOON 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 46515 APPLIED MUSIC SAXOPHONE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 46611 APPLIED MUSIC TRUMPET 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 46612 APPLIED MUSIC HORN 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 46613 APPLIED MUSIC TROMBONE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 46614 APPLIED MUSIC EUPHONIUM 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 46615 APPLIED MUSIC TUBA 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 46711 APPLIED MUSIC PERCUSSION 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors. Individual study. Standard-based expectations for two vs. four credit hours are differentiated in the School of Music applied lesson/applied studio musicianship standard tables found in the student handbook. An audition is required prior to registration.
Prerequisite: Music or Music Education major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 47012 CLASS GUITAR I 2 Credit Hours
Development of basic guitar performance skills.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 47013 CLASS GUITAR II 2 Credit Hours
Continued development of acoustic guitar performance skills, study of performance related theory and related topics.
Prerequisite: MUS 47012.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 47311 VOICE CLASS FOR THE INSTRUMENTALIST 1 Credit Hour
Class instruction in the fundamentals of correct breathing, tone production and diction.
Prerequisite: Music or music education major.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 47312 VOICE CLASS FOR NON-MUSIC STUDENTS 1 Credit Hour
Class instruction in the fundamentals of correct breathing, tone production and diction.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 47512 WIND TECHNIQUES - FRENCH HORN AND DOUBLE REEDS 1 Credit Hour
The study of the fundamental principles of playing and teaching French horn, oboe, and bassoon. Content includes performance skill development, and a survey of materials and method books suitable for class and private instruction. The overall objective is to develop an elementary skill level of performance on the instruments and the pedagogical knowledge necessary to teach the instruments in elementary through secondary levels.
Prerequisite: Music or music education major.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

MUS 47513 WIND TECHNIQUES - FLUTE, CLARINET, SAXOPHONE 1 Credit Hour
The study of the fundamental principles of playing and teaching flute, clarinet, and saxophone. Content includes performance skill development, and a survey of materials and method books suitable for class and private instruction. The overall objective is to develop an elementary skill level of performance on the instruments and the pedagogical knowledge necessary to teach the instruments in elementary through secondary levels.
Prerequisite: Music or music education.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

MUS 47612 WIND TECHNIQUES - TRUMPET AND LOW BRASS 1 Credit Hour
The study of the fundamental principles of playing trumpet, trombone, tuba, and euphonimum. Content includes performance skill development, and a survey of materials and method books suitable for class and private instruction. The overall objective is to develop an elementary skill level of performance on the instruments and the pedagogical knowledge necessary to teach the instruments in elementary through secondary school levels.
Prerequisite: Music or music education major.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

MUS 47712 PERCUSSION CLASS 1 Credit Hour
Study of various percussion instruments (mallets, snare drum, timpani and auxiliary) and techniques of performance. Designed for music educator with no previous percussion experience.
Prerequisite: Music or music education major.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

MUS 47811 INSTRUMENT CLASS FOR THE CHORAL/GENERAL MUSIC EDUCATOR 1 Credit Hour
Class instruction in the basic playing skills of band and orchestral instruments intended to provide familiarity with the common school instruments for the choral-general music major. Ten (10) hours of field experience required.
Prerequisite: Music or music education major.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

MUS 48221 ELEMENTS OF ACCOMPANYING I 2 Credit Hours
Techniques of accompanying; selected overview of art song literature including Italian, German, French and English songs development of playing at sight skills.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 48222 ELEMENTS OF ACCOMPANYING II 2 Credit Hours
Continuation of accompanying techniques including opera accompanying, orchestral reductions and selected overview of literature for solo instrument and piano; continuation of playing-at-sight skills.
Prerequisite: MUS 48221 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 48231 INSTRUMENTAL PEDAGOGY FOR THE CHORAL GENERAL MUSIC EDUCATOR 2 Credit Hours
Knowledge and techniques for building and maintaining an instrumental music program within the K-12 school setting for the choral general music education major. Ten (10) hours of field experience required.
Prerequisite: MUS 47811 with a minimum C grade; and music education major.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 48232 GENERAL MUSIC PEDAGOGY FOR THE INSTRUMENTALIST 1 Credit Hour
General music pedagogy techniques for the instrumental music education major. Clinical experiences in the teaching of general music. Ten (10) field hours required.
Prerequisite: MUS 37114 with a minimum C grade; and music education major.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

MUS 48233 CHORAL MUSIC PEDAGOGY FOR THE INSTRUMENTALIST 1 Credit Hour
Choral pedagogy techniques and choral program development for the instrumental music education major. Clinical experiences in the teaching of choral music. Ten (10) field hours required.
Prerequisite: MUS 47311 with a minimum C grade; and music education major.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

MUS 48241 VOICE PEDAGOGY 2 Credit Hours
Survey of techniques, practices and materials of teaching voice.
Prerequisite: Permission.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 48250 PEDAGOGY OF MUSIC 3 Credit Hours
Study of pedagogical methodologies and practices. Drawing on discoveries in cognitive neuroscience, this course explores the connection between the human brain and music making, teaching and learning. The course content covers a range of topics, such as the ways that the brain processes musical learning, practical approaches to music teaching, pedagogical challenges in the digital age, understanding emotion and empathy and developing interdisciplinary teaching strategies.
Prerequisite: MUS 11122 with a minimum C grade.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2 lecture, 2 lab
Grade Mode: Standard Letter

MUS 48251 PEDAGOGY OF MUSIC THEORY 2 Credit Hours
(Slashed with MUS 58251 and MUS 78251) The principles and techniques of teaching music theory.
Prerequisite: MUS 21112 with a minimum C grade; and special approval.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 48257 PEDAGOGY-INSTRUMENTAL 2 Credit Hours
Principles and techniques of instruction. Literature survey. Analysis of instrumental problems and performance practice. Offered as needed for strings woodwinds brass percussion organ, or guitar.
Prerequisite: Permission.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 48311 PIANO PEDAGOGY I 2 Credit Hours
Individual and group piano teaching including teaching methods and the history of piano pedagogy.
Prerequisite: Music or music education major; and junior standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 48312 PIANO PEDAGOGY II 2 Credit Hours
Individual and group piano teaching. Building an independent studio and career networking.
Prerequisite: MUS 48311 with a minimum C grade; and music major.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 48393 VARIABLE TITLE WORKSHOP IN MUSIC 1-4 Credit Hours
(Repeatable for credit)Offered for specific professional needs. Emphasis on performance and pedagogical skills.
Prerequisite: Permission.
Schedule Type: Workshop
Contact Hours: 1-4 other
Grade Mode: Satisfactory/Unsatisfactory

MUS 48512 IMPROVISATION 1 Credit Hour
The development of musical improvisation skills not tied to any particular music style. Students will perform on their own applied instrument(s).
Prerequisite: MUS 21111 with a minimum C grade.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

MUS 48598 MUSIC RESEARCH (ELR) 2,3 Credit Hours
(Repeated registration permitted) Research or individual investigation for undergraduate students.
Prerequisite: Permission.
Schedule Type: Research
Contact Hours: 2-3 other
Grade Mode: Standard Letter-IP
Attributes: Experiential Learning Requirement

MUS 48599 CAPSTONE RECITAL (ELR) 1 Credit Hour
A culminating educational experience for students to demonstrate their musical understanding and application of ideas, techniques and musical interpretation. This course focuses on the study of a wide range of repertoire and public performance within the student's chosen performing medium.
Prerequisite: Senior standing; and special approval.
Schedule Type: Project or Capstone
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

MUS 48610 SINGER'S DICTION 3 Credit Hours
(Slashed with MUS 58610) Foundational training and performance practice with phonetics and lyric diction for English, Italian, German and French vocal repertoire.
Prerequisite: Music major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 48699 COMPOSITION RECITAL (ELR) 2 Credit Hours
A culminating educational experience for students to demonstrate the application of ideas, performance and composition techniques, focusing on the creation of original musical works, presentation of the works during a short lecture and public performance. The student presenter must participate in the performance of at least one of the works.
Prerequisite: Senior standing; and special approval.
Schedule Type: Project or Capstone
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

MUS 49525 SEMINAR FOR STUDENT TEACHING (ELR) 3 Credit Hours
(Slashed with MUS 59525) A capstone discussion of principles of music teaching and pragmatic understanding of school music settings. Seminar serves as the companion course to Student Teaching for the purpose of self-observation, reflection, and analysis. Development of edTPA and portfolio.
Prerequisite: Music education major; and senior standing; and special approval.
Corequisite: MUS 42392.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

MUS 50295 SPECIAL TOPICS IN MUSIC 1-3 Credit Hours
(Slashed with MUS 40295 and MUS 70295)(Repeatable for credit) Academic study in areas not offered adequately in the music curriculum. Topic areas are of special interest to the faculty member.
Prerequisite: Music major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

MUS 50296 INDEPENDENT STUDY:MUSIC 1-3 Credit Hours
(Repeatable for credit) Individual investigation in music topics not offered as either regular coursework or beyond the scope of existing music major courses.
Prerequisite: Music major; and graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

MUS 51010 DOUBLE REED DESIGN AND PRODUCTION 1 Credit Hour
(Slashed with MUS 41010)(Repeatable for credit) This course is an in-depth study of double reed design and production. This course is designed for double reed oboe students and music education students who have completed the woodwind technique course. The students of this course learn to grow and harvest the raw material (Arundo-Donax cane) and age the raw material in a climate-controlled area. The students learn to design and craft double reeds and produce marketable products to meet the highest performance standards.
Prerequisite: School of Music major; and graduate standing.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

MUS 51011 INTRODUCTION TO TONAL AURAL SKILLS 1 Credit Hour
Focus on solfege singing, ear training and aural analysis in preparation for graduate level music theory coursework.
Prerequisite: Music major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

MUS 51012 INTRODUCTION TO TONAL MUSIC ANALYSIS 1 Credit Hour
Focus on harmony, counterpoint and written analysis in preparation for graduate level music theory coursework.
Prerequisite: Music major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

MUS 51091 MUSIC LEARNING THEORY APPROACH 3 Credit Hours
(Slashed with MUS 41091 and MUS 71091)(Repeatable for credit) Through the lens of Gordon's Music Learning Theory, the course is focused on P-6 general music and developing effective strategies for learner-centered growth, musicianship, movement, curriculum, inclusion and assessment. This course is offered in conjunction with the Gordon Institute for Music Learning (GIML) and satisfies requirements for GIML PDLC EGM level 1.
Prerequisite: Graduate standing.
Schedule Type: Laboratory, Seminar
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

MUS 51131 KEYBOARD HARMONY 3 Credit Hours
Theoretical skills demonstrated at the keyboard. Harmonization of melodies in homophonic style, realization of figured bass, score reading, modulation and improvisation.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 51141 16TH-CENTURY COUNTERPOINT 3 Credit Hours
Two-, three- and four-part vocal counterpoint in 16th century style.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 51151 18TH-CENTURY COUNTERPOINT 3 Credit Hours
Technique of writing counterpoint in 18th-century style especially that of J. S. Bach.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 51211 COMPOSITION 2 Credit Hours
(Repeatable for credit) Study of the materials and techniques of composition culminating in original compositions based upon observable principles of unity and variety.
Prerequisite: Graduate standing.
Schedule Type: Private Lesson, Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 51291 SEMINAR IN POST-TONAL AND RECENT MUSIC 3 Credit Hours
(Slashed with MUS 41291 and MUS 71291) Seminar covering selected topics about music theory from the early 20th century to recent decades, focusing on analytical techniques, compositional procedures and study of representative compositions through applied analysis.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 51321 ORCHESTRATION 3 Credit Hours
Ranges, tonal possibilities, technical limitations and transpositions for all orchestral instruments. Scoring techniques and analysis of representative instrumental ensemble repertoire.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 51341 JAZZ IMPROVISATION I 1 Credit Hour
(Slashed with MUS 41341) A beginner's introduction to jazz improvisation. Theory and daily playing are enhanced by ear training.
Prerequisite: Graduate standing.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

MUS 51342 JAZZ COMPOSING AND ARRANGING 2 Credit Hours
(Slashed with MUS 41342) Composing and arranging for the large and small jazz ensemble.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 51351 JAZZ IMPROVISATION II 1 Credit Hour
(Slashed with MUS 41351) The presentation of a methodical approach to learning standard jazz repertoire.
Prerequisite: Graduate standing.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

MUS 51391 SEMINAR IN TONAL AND PRE-TONAL MUSIC THEORY 3 Credit Hours
(Slashed with MUS 41391 and MUS 71391) Seminar covering selected topics about music theory from the high Renaissance to late Romantic period, focusing on analytical techniques, compositional procedures and study of representative compositions through applied analysis.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 52111 AFRICAN MUSIC AND CULTURES 3 Credit Hours
African music as related to social sciences and humanities. Oral traditions. Use of music recordings, tapes, musical instruments. Participation in performance and group work involvement.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 52131 MUSIC OF THE UNITED STATES 3 Credit Hours
(Slashed with MUS 42131 and MUS 72131) Historical survey of music in the United States including Native American music, minstrelsy, New England psalmody, jazz and Latin American influences.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 52141 FOLK MUSIC OF EUROPE AND NORTH AMERICA 3 Credit Hours
(Slashed with MUS 42141) Study of selected music cultures of Eastern and Western Europe, and South, Central and North America.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 52151 ASIAN MUSICS 3 Credit Hours
Survey of Asian musics. Emphasis on art, folk and popular musics and relationships of these musics to their respective cultures.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 52161 HISTORY OF JAZZ 3 Credit Hours
(Slashed with MUS 42161 and MUS 72161) The evolution of jazz from its origin to present.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 52162 JAZZ STYLES AND ANALYSIS 3 Credit Hours
(Slashed with MUS 42162) An approach to jazz history from the perspective of major artists such as: Louis Armstrong, Duke Ellington, Charlie Parker, Miles Davis and John Coltrane.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 52181 POPULAR WORLD MUSIC 3 Credit Hours
(Slashed with MUS 42181 and MUS 72181) A survey of popular world music genres from North America, the Caribbean, South America, Europe, Africa and Asia. Emphasis is on recognizing music literature, prominent artists and music styles, as well as related cultural events. Graduate level introduces cultural theory related to popular studies. Modern media, especially the Internet, is an integral component of the course.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 52221 SYMPHONIC LITERATURE 3 Credit Hours
(Slashed with MUS 42221) Historical and stylistic survey of music for large instrumental ensemble.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 52227 WIND BAND LITERATURE 3 Credit Hours
(Slashed with MUS 42227 and MUS 72227) Historical survey of wind band literature and the development of the ensemble.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 52241 PIANO LITERATURE 3 Credit Hours
(Slashed with MUS 42241) Survey of keyboard and piano literature from the 16th century to the present; study of related forms and styles. Emphasis on performing, listening and analysis.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 52242 PIANO LITERATURE II 2 Credit Hours
Survey of character pieces and variations from the 16th century to the present. Emphasis on performing, listening and analysis.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 52251 SONG LITERATURE 3 Credit Hours
A study of vocal literature from the 16th century to the present. Emphasis upon the style, interpretation and presentation of solo materials for all voice classifications.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 52261 VOCAL LITERATURE 3 Credit Hours
(Slashed with MUS 42261) The historical development of opera from the 17th century to the present. Detailed analysis of representative works.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 52271 CHORAL LITERATURE 3 Credit Hours
(Slashed with MUS 42271 and MUS 72271) Study of Western European choral literature from approximately 1450 to the early 19th century, i.e., Renaissance, Baroque and Classical periods.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 52272 CHORAL LITERATURE II 3 Credit Hours
(Slashed with MUS 42272) Continuation of Choral Literature I. A study of Western European and North American choral music of the early 19th century to the present (roughly 1830 to present).
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 52291 SEMINAR IN MUSIC HISTORY AND LITERATURE 3 Credit Hours
(Slashed with MUS 42291 and MUS 72291)(Repeatable for credit) Selected problems of research for music history and literature. Each student is responsible for presenting papers for discussion.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 52345 ORFF SCHULWERK TEACHER EDUCATION LEVEL I 3 Credit Hours
(Slashed with MUS 42345 and MUS 72345)(Repeatable for credit) This course is designed to develop a teacher's pedagogical skills, musicianship and creative potential by using the materials and procedures that are part of the active, experience-based Orff Schulwerk instructional and learning model. Orff Schulwerk represents a synthesis of music and movement, as developed within the three inter-related components of the course, namely the experiential, the conceptual and the pedagogical. Curricular content and sequence and development and application of basic skills in movement, speech, singing and instrumental skills unfold through joyous and interactive participation in music and movement activities. Level I is designed as an introductory experience to Orff Schulwerk pedagogy and is appropriate for anyone with a music degree.
Prerequisite: Graduate standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

MUS 52346 ORFF SCHULWERK TEACHER EDUCATION LEVEL II 3 Credit Hours
(Slashed with MUS 42346 and MUS 72346)(Repeatable for credit) This course is designed to develop a teacher's pedagogical skills, musicianship and creative potential by using the materials and procedures that are part of the active, experience-based Orff Schulwerk instructional and learning model. Orff Schulwerk represents a synthesis of music and movement, as developed within the three inter-related components of the course, namely the experiential, the conceptual and the pedagogical. Curricular content and sequence and development and application of basic skills in movement, speech, singing and instrumental skills unfold through joyous and interactive participation in music and movement activities. Level II is designed as an intermediate experience in Orff Schulwerk pedagogy and is appropriate for anyone who has completed level I at an American Orff Schulwerk Association (AOSA)-approved institution.
Prerequisite: MUS 52345; and graduate standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

MUS 52347 ORFF SCHULWERK TEACHER EDUCATION LEVEL III 3 Credit Hours
(Slashed with MUS 42347 and MUS 72347)(Repeatable for credit) This course is designed to develop a teacher's pedagogical skills, musicianship and creative potential by using the materials and procedures that are part of the active, experience-based Orff Schulwerk instructional and learning model. Orff Schulwerk represents a synthesis of music and movement, as developed within the three inter-related components of the course, namely the experiential, the conceptual and the pedagogical. Curricular content and sequence and development and application of basic skills in movement, speech, singing and instrumental skills unfold through joyous and interactive participation in music and movement activities. Level III is designed as an advanced experience in Orff Schulwerk pedagogy and is appropriate for anyone who has completed level II at an American Orff Schulwerk Association (AOSA)-approved institution.
Prerequisite: MUS 52346; and graduate standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

MUS 52392 STUDENT TEACHING 9 Credit Hours
Provides a 16-week student teaching experience. Off-campus arrangements are handled by the College of Education, Health and Human Services and the School of Music and Official valid certification of Child Safety Training, approved Basic Life Support and ALICE. Training must be presented to the campus office of clinical experience as prerequisite for student teaching.
Prerequisite: Graduate standing; and special approval.
Corequisite: MUS 59525.
Schedule Type: Practical Experience
Contact Hours: 35 other
Grade Mode: Standard Letter

MUS 53241 MARCHING BAND TECHNIQUES AND LITERATURE 1 Credit Hour
Organization, administration and techniques of marching bands in the schools. Topics covered include musical styles, literature and show design.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Combined Lecture and Lab
Contact Hours: 1 lecture, 1 lab
Grade Mode: Standard Letter

MUS 53242 JAZZ ENSEMBLE TECHNIQUES 2 Credit Hours
Study of the curriculum for the jazz ensemble, including organizational and administrative procedures. Emphasis on music interpretation, jazz styles and rehearsal techniques taught through laboratory experience.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 53243 CONTEMPORARY CHORAL METHODS IN THE SCHOOLS 3 Credit Hours
(Slashed with MUS 43243) Basic techniques and materials for teaching vocal jazz and musical theatre in the schools. Administration, organization and publicity for productions as well as literature for these performing groups will be explored.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 53245 JAZZ ENSEMBLE TECHNIQUES AND LITERATURE 1 Credit Hour
(Slashed with MUS 43245) Study of the curriculum for the jazz ensemble, including organizational and administrative procedures. Emphasis on music interpretation, jazz styles, and rehearsal techniques taught through laboratory experience. One hour of field observation is required.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

MUS 53264 METHODS IN ROCK BAND PERFORMANCE AND PEDAGOGY 3 Credit Hours
(Slashed with MUS 43264 and MUS 73264) In this course, students participate in small rock ensembles and examine the pedagogy of that type of ensemble. Lectures and demonstrations include topics such as equipment selection, repertoire selection and performance techniques. The course also emphasizes techniques for amplifying rock ensembles, and students learn fundamental techniques for recording rock ensembles.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 53265 METHODS IN JAZZ PERFORMANCE AND PEDAGOGY 3 Credit Hours
(Slashed with MUS 43265) In this course, students will participate in immersive experiences in various aspects of vocal and instrumental jazz: solo performing, ensemble rehearsal techniques, repertoire selection and sources, jazz theory, improvisation, working with a rhythm section, and sound reinforcement. Students will also participate in a workshop ensemble to experience the art form as a member of a jazz ensemble.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 55121 KENT CHORUS 1 Credit Hour
(Repeatable for credit) Study and performance of choral music from Renaissance through contemporary styles, large and small forms with appropriate accompaniment.
Prerequisite: Graduate standing.
Schedule Type: Combined Lecture and Lab
Contact Hours: 2.5 other
Grade Mode: Standard Letter

MUS 55131 KENT STATE OPERA THEATRE WORKSHOP 1 Credit Hour
(Repeatable for credit) (Slashed with MUS 45131 and MUS 75131) A course designed to give the young singing actor practical operatic experience in the performance of portions of or complete operas.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 9.5 other
Grade Mode: Standard Letter

MUS 55141 KENT STATE UNIVERSITY CHORALE 1 Credit Hour
(Repeatable for credit) Study and performance of literature for vocal chamber ensemble from medieval through contemporary styles sung in the original language with appropriate accompaniment. An audition in required before registering for this course.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Combined Lecture and Lab
Contact Hours: 4.5 other
Grade Mode: Standard Letter

MUS 55142 CORO CANTARE 1 Credit Hour
(Repeatable for credit) (Slashed with MUS 54142) A chorus of tenor, baritone and bass voices. Open to all students regardless of gender identity. Emphasis on music literacy, vocal production instruction, study and performance of music written for tenor, baritone and bass voices. The group performs choral literature spanning many centuries and reflecting diverse cultures. Experience with mixed-voice choirs also occurs. Audition required.
Prerequisite: Graduate standing.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

MUS 55143 CANTIQUE 1 Credit Hour
(Repeatable for credit) (Slashed with MUS 45143) A chorus of soprano and alto voices. Open to all students regardless of gender identity. Emphasis on music literacy, vocal production instruction, study and performance of music written for soprano and alto voices. The group performs choral literature spanning many centuries and reflecting diverse cultures. Experience with mixed-voice choirs also occurs. Audition required.
Prerequisite: Graduate standing.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

MUS 55151 KENT STATE UNIVERSITY GOSPEL CHOIR 1 Credit Hour
(Repeatable for credit) Study and performance of choral music in the gospel tradition, including works by contemporary artists. One weekly rehearsal and a minimum of one concert per semester. Off-campus concerts are possible.
Prerequisite: Graduate standing.
Schedule Type: Combined Lecture and Lab
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 55212 ORCHESTRA 1 Credit Hour
(Slashed with MUS 45212 and MUS 75212) (Repeatable for credit) A select group of instrumentalists assembled for the purpose of studying and performing orchestral music. Open to all KSU students, regardless of major. An audition is required.
Prerequisite: Graduate standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 6 other
Grade Mode: Standard Letter

MUS 55221 SYMPHONY BAND 1 Credit Hour
(Repeatable for credit) Study and performance of music literature for wind band.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

MUS 55222 MARCHING BAND 1 Credit Hour
(Repeatable for a maximum of 6 credit hours) Study and performance of literature and maneuvers for marching band.
Prerequisite: Graduate standing.
Schedule Type: Combined Lecture and Lab
Contact Hours: 6 other
Grade Mode: Standard Letter

MUS 55223 WIND ENSEMBLE 1 Credit Hour
(Slashed with MUS 45223 and MUS 75223) (Repeatable for credit) A select concert ensemble that performs the finest in wind instrument literature with emphasis on major original works. An audition in required before registering for this course.
Prerequisite: Graduate standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 4 other
Grade Mode: Standard Letter

MUS 55231 JAZZ ENSEMBLE 1 Credit Hour
(Repeatable for credit) Study and performance of music literature in the jazz idiom.
Prerequisite: Graduate standing.
Schedule Type: Combined Lecture and Lab
Contact Hours: 7.5 other
Grade Mode: Standard Letter

MUS 55241 TROMBONE ENSEMBLE 1 Credit Hour
(Repeatable for credit) A thorough study of trombone performance in various size ensembles. Emphasis on original literature from over four centuries.
Prerequisite: Graduate standing.
Schedule Type: Combined Lecture and Lab
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 55251 PERCUSSION ENSEMBLE 1 Credit Hour
(Repeatable for credit) A comprehensive study of percussion performance in various size ensembles. Use of keyboard percussion instruments along with drums and accessories. Study of percussion ensemble literature.
Prerequisite: Graduate standing.
Schedule Type: Combined Lecture and Lab
Contact Hours: 5 other
Grade Mode: Standard Letter

MUS 55261 BASSOON ENSEMBLE 1 Credit Hour
(Repeatable for credit) Study and performance of music for multiple bassoons; emphasis upon refined ensemble playing, interpretation, leadership skills and arranging techniques.
Prerequisite: Graduate standing.
Schedule Type: Combined Lecture and Lab
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 55271 NEW MUSIC ENSEMBLE 1 Credit Hour
(Repeatable for credit)(Slashed with MUS 45271 and MUS 75271) Study and performance of 20th- and 21st-century chamber music with an emphasis on works by contemporary composers.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 55301 AFRICAN ENSEMBLE 1 Credit Hour
(Slashed with MUS 45301 and MUS 75301)(Repeatable for credit) This course teaches performance and cultural etiquettes associated with traditional and popular music and dance from Africa and the African diaspora. Specific traditions studied may include, but are not limited to, Ghana, Guinea, Senegal, Nigeria, Haiti, Cuba, Puerto Rico, Trinidad and Tobago and the United States. This course is performance and community focused.
Prerequisite: Graduate standing.
Schedule Type: Ensemble
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 55302 CARIBBEAN STEELBAND 1 Credit Hour
(Slashed with MUS 45302 and MUS 75302)(Repeatable for credit) This course teaches performance and cultural etiquettes associated with steelband traditions of Trinidad and Tobago. Specific traditions and genres studied may include, but are not limited to, pan, calypso, soca, Latin, bomb tunes, carnival and tamboo-bamboo. This ensemble is performance and community focused.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 55311 CHAMBER MUSIC 1,2 Credit Hour
(Repeatable for credit) The study and performance of music for small ensembles.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 2-4 other
Grade Mode: Standard Letter

MUS 55314 WORLD MUSIC ENSEMBLE 1 Credit Hour
(Slashed with MUS 45314 and MUS 75314)(Repeatable for maximum of 8 credit hours) This course teaches performance and cultural etiquette associated with traditional and popular world music genres, e.g., African drumming, Thai Piphat. Specific traditions studied include areas of specialization of instructors and/or advanced student participants.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 55315 ASIAN MUSIC ENSEMBLE 1 Credit Hour
(Slashed with MUS 45315 and MUS 75315)(Repeatable for credit) This course teaches performance practice and cultural etiquette associated with traditional and popular Asian music genres, e.g., Thai, Chinese and Indian classical music.
Prerequisite: Graduate standing.
Schedule Type: Ensemble
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 55321 ACCOMPANYING 1,2 Credit Hour
(Repeatable for credit) Accompanying instrumental and vocal soloists; piano ensemble works. Credit counted toward ensemble requirements. One hour credit for two hours of assigned accompanying weekly.
Prerequisite: Graduate standing.
Schedule Type: Private Lesson, Studio
Contact Hours: 1-2 other
Grade Mode: Standard Letter

MUS 58241 VOICE PEDAGOGY 2 Credit Hours
Survey of techniques, practices and materials of teaching voice.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 58251 PEDAGOGY OF MUSIC THEORY 2 Credit Hours
(Slashed with MUS 48251 and MUS 78251) The principles and techniques of teaching music theory.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 58257 PEDAGOGY-INSTRUMENTAL 2 Credit Hours
Principles and techniques of instruction. Literature survey. Analysis of instrumental problems and performance practice. Offered as needed for strings, woodwinds, brass, percussion, organ or guitar.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 58393 VARIABLE TITLE WORKSHOP IN MUSIC 1-4 Credit Hours
(Repeatable for credit) Offered for specific professional needs. Emphasis on performance and pedagogical skills.
Prerequisite: Graduate standing.
Schedule Type: Workshop
Contact Hours: 1-4 other
Grade Mode: Satisfactory/Unsatisfactory

MUS 58610 SINGER'S DICTION 3 Credit Hours
(Slashed with MUS 48610) Foundational training and performance practice with phonetics and lyric diction for English, Italian, German and French vocal repertoire.
Prerequisite: Performance major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 58611 ADVANCED SINGER'S DICTION I 1 Credit Hour
Advanced training and performance practice in phonetics and singing diction for English and Italian vocal repertoire. Emphasis on learning and application of International Phonetic Alphabet symbols.
Prerequisite: Graduate standing.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

MUS 58612 ADVANCED SINGER'S DICTION II 1 Credit Hour
Advanced training and performance practice in phonetics and singing diction for German and French vocal repertoire. Emphasis on learning and application of International Phonetic Alphabet symbols.
Prerequisite: Graduate standing.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

MUS 59525 SEMINAR FOR STUDENT TEACHING 3 Credit Hours
(Slashed with MUS 49525) A capstone discussion of principles of music teaching and pragmatic understanding of school music settings. Seminar serves as the companion course to Student Teaching for the purpose of self-observation, reflection, and analysis. Development of edTPA and portfolio.
Prerequisite: Graduate standing; and special approval.
Corequisite: MUS 52392.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 61121 HISTORY OF MUSIC THEORY 3 Credit Hours
(Slashed with MUS 71121) A study of the history of Western music theory from the ancient Greeks to the twentieth century.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 61131 SCHENKERIAN ANALYSIS 3 Credit Hours
An introduction to musical analysis according to the principles expounded by Heinrich Schenker and later exponents of his ideas.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 61170 MUSIC ANALYSIS 3 Credit Hours
Selected analytical techniques applied to music from the tonal and post-tonal repertoire. Emphasis on the development of harmonic language and overall formal structures.
Prerequisite: Music education major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 61173 WORLD MUSIC ANALYSIS 3 Credit Hours
Analysis of world music traditions. Analyze and articulate knowledge regarding musical elements, such as timbre, tuning, improvisation, sound patterns, compositional form, and performance techniques of music genres studied. Development of listening and transcription skills as they relate to world music.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 61174 ANALYSIS OF WESTERN ART MUSIC 3 Credit Hours
(Slashed with MUS 71174) Application of standard analytical techniques to Western art music of Baroque, Classical, Romantic and early 20th - century period music. Analytical focus given to study of the standard musical forms and compositional procedures.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 61181 POST-TONAL THEORY 3 Credit Hours
A study of the analysis, theories, and compositional strategies applied to the music composed after 1900.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 61191 SEMINAR IN MUSIC SINCE 1900 3 Credit Hours
(Slashed with MUS 71191) (Repeatable for a maximum of 6 credit hours) Study of analytical techniques and procedures appropriate for the major musical styles of the period. Study of representative compositions through applied analysis. Individual projects in areas of particular interest to the student.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 61211 APPLIED MUSIC - GRADUATE COMPOSITION 2,4 Credit Hours
(Repeatable for credit) Original composition using longer forms of music for diverse media, including multimedia and electronic composition.
Prerequisite: Composition concentration within the Performance major; and graduate standing.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 61331 BAND ARRANGING 2 Credit Hours
Arranging in traditional and contemporary styles for the wind ensemble, concert band and/or marching band.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 62171 MUSIC FROM WORLD CULTURES 3 Credit Hours
(Slashed with MUS 82171) Study of selected art, folk and popular music from world cultures with emphasis on listening skills, cultural context, function, organology and technical matters of style.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 62411 MUSIC BIBLIOGRAPHY AND RESEARCH METHODS 2 Credit Hours
(Slashed with MUS 82411) Study of techniques of music research and creative musical writing including special projects, reports and readings. This is a hybrid course consisting of both in-class meetings and discussions, as well as online interaction and discussion boards.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 62412 INTRODUCTION TO ETHNOMUSICOLOGY 3 Credit Hours
A study of the history, concepts and methods of ethnomusicology, techniques of field research, transcription, analysis and bibliography.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 62414 ISSUES AND TRENDS IN ETHNOMUSICOLOGY 3 Credit Hours
This course studies various issues and trends in the field of ethnomusicology, from its inception to present. The focus centers on intensive discussion of theories, philosophies and paradigms that have dominated the scrutiny of music over the decades and their application in analysis, fieldwork and lab method.
Prerequisite: MUS 62412; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 62511 MUSIC HISTORY I 2 Credit Hours
A study of Western music history from Jewish and medieval Roman practices through Josquin, as well as selected common-practice period applications.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 62521 MUSIC HISTORY II 2 Credit Hours
A study of Western music history from the Reformation and Counter-Reformation through Bach and Handel.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 62531 MUSIC HISTORY III 2 Credit Hours
A study of Western music history in the Rococo, Classical, and Romantic periods through Brahms and Wagner.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 62541 MUSIC HISTORY IV 2 Credit Hours
A study of Western music from Debussy and Mahler through the major trends and composers of the recent past.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 62601 SEMINAR IN MUSICS OF AFRICA 3 Credit Hours
(Slashed with MUS 72601) Specialized investigations of music cultures of Africa.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 62602 SEMINAR IN MUSICS OF THE AMERICAS 3 Credit Hours
Specialized investigation of music cultures of the Americas.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 62603 SEMINAR IN MUSICS OF THE MIDDLE EAST 3 Credit Hours
(Slashed with MUS 72603) Specialized investigation of music cultures of the Middle East.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 62604 SEMINAR IN MUSICS OF EAST ASIA 3 Credit Hours
Specialized investigation of music cultures of East Asia.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 62606 SEMINAR IN MUSICS OF SOUTHEAST ASIA 3 Credit Hours
(Slashed with MUS 72606) Specialized investigation of music cultures in Southeast Asia.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 63099 CAPSTONE PROJECT 4 Credit Hours
(Repeatable for credit) Working under the supervision of a capstone advisor, students demonstrate synthesis of knowledge through the development of curricular project applicable to student's area of teaching.
Prerequisite: Graduate standing.
Schedule Type: Project or Capstone
Contact Hours: 4 other
Grade Mode: Standard Letter-IP

MUS 63241 INQUIRY IN MUSIC TEACHING I 3 Credit Hours
Conducting and presenting assessment, evaluation, and research of music teaching and learning with emphasis on quantitative methodologies.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 63242 INQUIRY IN MUSIC TEACHING AND LEARNING II 3 Credit Hours
Conducting and presenting assessment, evaluation and research of music teaching and learning with emphasis on qualitative methodologies.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 63261 ADVANCED STUDIES IN TEACHING CHORAL MUSIC 3 Credit Hours
Development of teaching materials, an annotated choral repertory list and instructional strategies for choral music with emphasis on rehearsal procedures and analytical techniques.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 63262 ADVANCED STUDIES IN TEACHING INSTRUMENTAL MUSIC 3 Credit Hours
Development of teaching materials, an annotated instrumental repertory list and instructional strategies for instrumental music with emphasis on rehearsal procedures and analytical techniques.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 63263 ADVANCED STUDIES IN TEACHING GENERAL MUSIC 3 Credit Hours
Program development, inclusion, instructional materials and innovative teaching techniques for general music programs.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 63272 LEARNING THEORIES IN MUSIC 3 Credit Hours
Application of current theories of learning to the teaching and learning of music.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 63273 PSYCHOLOGY OF MUSIC 3 Credit Hours
The study of music's effect on human behavior including physiological and affective responses. Applications of music psychology to the teaching and learning of music will be explored.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 63274 FOUNDATIONS OF MUSIC EDUCATION 3 Credit Hours
Study of the field of music education from perspectives of sociology, psychology, philosophy, curriculum, history and comparative curricula.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 63283 RESEARCH IN MUSIC EDUCATION 3 Credit Hours
Introduction to research techniques in music education including topic selection, data collection analysis and interpretation, and presentation of information in written form.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 63284 HISTORY OF MUSIC EDUCATION 3 Credit Hours
Study of historical approaches to music education with emphasis on significant people, places and events that have influenced music teaching and learning music.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 63285 PHILOSOPHY OF MUSIC EDUCATION 3 Credit Hours
(Slashed with MUS 73285) Study of the philosophical foundations of music education with emphasis on the application of aesthetics to teaching and experiencing music.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 63286 SOCIOLOGY OF MUSIC EDUCATION 3 Credit Hours
Sociology in Music Education focuses on sociocultural issues in music teaching and learning. Students consider contexts of society, background, race, ethnicity, culture, diversity, and pluralism as applicable in music education situations.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 64111 CONDUCTING PROJECTS:CHORAL 2 Credit Hours
(Repeatable for credit) Choral conducting techniques, score analysis, rehearsal procedures and study of musical style.
Prerequisite: Graduate standing.
Schedule Type: Private Lesson
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 64121 CONDUCTING PROJECTS:BAND 2 Credit Hours
(Repeatable for credit) Band conducting techniques, score analysis rehearsal procedures and study of musical style.
Prerequisite: Graduate standing.
Schedule Type: Private Lesson
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 64131 CONDUCTING PROJECTS:ORCHESTRA 2 Credit Hours
(Repeatable for credit) Orchestra conducting techniques, score analysis, rehearsal procedures and study of musical style. The course will focus on score study, advanced conducting technique and preparations for graduate school conducting programs around the county.
Prerequisite: Graduate standing.
Schedule Type: Private Lesson
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 66111 APPLIED MUSIC-GRADUATE PIANO 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors and minors. Individual study. Students must audition to be accepted into this course.
Prerequisite: Music major; and graduate standing.
Schedule Type: Private Lesson, Studio
Contact Hours: 1.5-2 other
Grade Mode: Standard Letter

MUS 66191 SEMINAR IN ACCOMPANYING 2 Credit Hours
(Repeatable for credit) Studio performances of standard repertoire for piano and voice or instruments; investigation of other topics relating to the accompanying of the repertoire.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 66311 APPLIED MUSIC-GRADUATE VOICE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors and minors. Individual study. Students must audition to be accepted into this course.
Prerequisite: Music major; and graduate standing; and special approval.
Schedule Type: Private Lesson, Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 66411 APPLIED MUSIC-GRADUATE VIOLIN 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors and minors. Individual study. Students must audition to be accepted into this course.
Prerequisite: Music major; and graduate standing; and special approval.
Schedule Type: Private Lesson, Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 66412 APPLIED MUSIC-GRADUATE VIOLA 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors and minors. Individual study. Students must audition to be accepted into this course.
Prerequisite: Music major; and graduate standing.
Schedule Type: Private Lesson, Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 66413 APPLIED MUSIC-GRADUATE CELLO 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors and minors. Individual study. Students must audition to be accepted into this course.
Prerequisite: Music major; and graduate standing.
Schedule Type: Private Lesson, Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 66414 APPLIED MUSIC-GRADUATE DOUBLE BASS 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors and minors. Individual study. Students must audition to be accepted into this course.
Prerequisite: Music major; and graduate standing; and special approval.
Schedule Type: Private Lesson, Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 66511 APPLIED MUSIC-GRADUATE FLUTE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors and minors. Individual study. Students must audition to be accepted into this course.
Prerequisite: Music major; and graduate standing.
Schedule Type: Private Lesson, Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 66512 APPLIED MUSIC-GRADUATE OBOE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors and minors. Individual study. Students must audition to be accepted into this course.
Prerequisite: Music major; and graduate standing.
Schedule Type: Private Lesson, Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 66513 APPLIED MUSIC-GRADUATE CLARINET 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors and minors. Individual study. Students must audition to be accepted into this course.
Prerequisite: Music major; and graduate standing.
Schedule Type: Private Lesson, Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 66514 APPLIED MUSIC-GRADUATE BASSOON 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors and minors. Individual study. Students must audition to be accepted into this course.
Prerequisite: Music major; and graduate standing.
Schedule Type: Private Lesson, Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 66515 APPLIED MUSIC-GRADUATE SAXOPHONE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors and minors. Individual study. Students must audition to be accepted into this course.
Prerequisite: Music major; and graduate standing.
Schedule Type: Private Lesson, Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 66611 APPLIED MUSIC-GRADUATE TRUMPET 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors and minors. Individual study. Students must audition to be accepted into this course.
Prerequisite: Music major; and graduate standing.
Schedule Type: Private Lesson, Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 66612 APPLIED MUSIC-GRADUATE HORN 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors and minors. Individual study. Students must audition to be accepted into this course.
Prerequisite: Music major; and graduate standing.
Schedule Type: Private Lesson, Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 66613 APPLIED MUSIC-GRADUATE TROMBONE 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors and minors. Individual study. Students must audition to be accepted into this course.
Prerequisite: Music major; and graduate standing.
Schedule Type: Private Lesson, Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 66615 APPLIED MUSIC-GRADUATE TUBA 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors and minors. Individual study. Students must audition to be accepted into this course.
Prerequisite: Music major; and graduate standing.
Schedule Type: Private Lesson, Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 66711 APPLIED MUSIC-GRADUATE PERCUSSION 2,4 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors and minors. Individual study. Students must audition to be accepted into this course.
Prerequisite: Music major; and graduate standing.
Schedule Type: Private Lesson, Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 66811 APPLIED MUSIC - GRADUATE CONDUCTING 2,4 Credit Hours
(Repeatable for credit) This course is designed to provide graduate students with advanced training in the art of conducting. Building upon foundational conducting techniques, students delve deeper into repertoire analysis, score study, rehearsal strategies and performance practice. Emphasis is placed on developing a refined conducting style, effective communication with musicians and a comprehensive understanding of the unique challenges and opportunities presented by this medium.
Prerequisite: Conducting concentration within the Performance major; and graduate standing.
Schedule Type: Private Lesson
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 67243 TECHNOLOGY FOR MUSIC TEACHING 3 Credit Hours
Study of a variety of music software and hardware; students design and implement a project pertaining to their professional interest.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 68092 GRADUATE INTERNSHIP 2-6 Credit Hours
(Repeatable for credit) The culminating experience for students in the ethnomusicology graduate program. Students pursue an internship with area organizations focused on cultural studies where music is a fundamental component. Entrepreneurial projects associated with ethnomusicological research and activities may substitute for the internship experience. Students submit a substantial written report associated with the internship/project and complete a final oral exam.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 6-18 other
Grade Mode: Satisfactory/Unsatisfactory-IP

MUS 68099 CAPSTONE PROJECT 2-6 Credit Hours
(Repeatable for credit) The culminating experience for students in the ethnomusicology graduate program. Students complete a curricular project focusing on world music or a series of papers focusing on performance practices of varying world musics. Students complete a final oral exam covering their research. Students pursuing the performance focus will also complete a lecture recital.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Project or Capstone
Contact Hours: 2-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

MUS 68199 THESIS I 2-6 Credit Hours
Thesis students must register for a total of 6 hours, 2 to 6 hours in a single semester distributed over several semesters if desired.
Prerequisite: Graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

MUS 68214 PIANO PEDAGOGY I 2 Credit Hours
Individual and group piano teaching, including teaching methods and the history of piano pedagogy.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 68215 PIANO PEDAGOGY II 2 Credit Hours
Individual and group piano teaching. Building an independent studio and career networking.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 68299 THESIS II 2 Credit Hours
Thesis students must continue registration each semester until all degree requirements are met.
Prerequisite: MUS 68199; and graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

MUS 68598 RESEARCH 1-15 Credit Hours
(Repeatable for credit)Research or individual investigation for master's level graduate students.
Prerequisite: Graduate standing.
Schedule Type: Research
Contact Hours: 1-15 other
Grade Mode: Standard Letter-IP

MUS 68687 RECITAL 1-3 Credit Hours
(Repeatable for credit) The culminating experience required of all performance and conducting majors.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 2-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

MUS 68698 ESSAY 1-3 Credit Hours
(Repeatable for credit)Required of performance majors and music education majors who choose the recital and essay option.
Prerequisite: Graduate standing.
Schedule Type: Research
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory-IP

MUS 70295 SPECIAL TOPICS IN MUSIC 1-3 Credit Hours
(Slashed with MUS 40295 and MUS 50295)(Repeatable for credit) Academic study in areas not offered adequately in the music curriculum. Topic areas are of special interest to the faculty member.
Prerequisite: Music major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

MUS 71091 MUSIC LEARNING THEORY APPROACH 3 Credit Hours
(Slashed with MUS 41091 and MUS 51091)(Repeatable for credit) Through the lens of Gordon's Music Learning Theory, the course is focused on P-6 general music and developing effective strategies for learner-centered growth, musicianship, movement, curriculum, inclusion and assessment. This course is offered in conjunction with the Gordon Institute for Music Learning (GIML) and satisfies requirements for GIML PDLC EGM level 1.
Prerequisite: Doctoral standing.
Schedule Type: Laboratory, Seminar
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

MUS 71121 HISTORY OF MUSIC THEORY 3 Credit Hours
A study of the history of Western music theory from the ancient Greeks to the twentieth century.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 71131 SCHENKERIAN ANALYSIS 3 Credit Hours
An introduction to musical analysis according to the principles expounded by Heinrich Schenker and later exponents of his ideas.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 71141 16TH-CENTURY COUNTERPOINT 3 Credit Hours
Two-, three- and four-part vocal counterpoint in 16th century style.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 71151 18TH-CENTURY COUNTERPOINT 3 Credit Hours
Technique of writing counterpoint in 18th-century style especially that of J. S. Bach.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 71171 ANALYTICAL TECHNIQUES I 2 Credit Hours
The application of standard analytical techniques to works of various style periods.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 71172 ANALYTICAL TECHNIQUES II 2 Credit Hours
The application of standard analytical techniques to works of various style periods.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 71181 POST-TONAL THEORY 3 Credit Hours
A study of the analysis, theories, and compositional strategies applied to the music composed after 1900.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 71191 SEMINAR IN MUSIC SINCE 1900 3 Credit Hours
(Slashed with MUS 61191) (Repeatable for a maximum of 6 credit hours) Study of analytical techniques and procedures appropriate for the major musical styles of the period. Study of representatives compositions through applied analysis. Individual projects in areas of particular interest to the student.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 71195 SPECIAL PROJECTS IN THEORETICAL STUDIES 3 Credit Hours
(Repeatable for credit) Individual and class investigation into specific methods of analysis and their application to music in various styles.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 71291 SEMINAR IN POST-TONAL AND RECENT MUSIC 3 Credit Hours
(Slashed with MUS 41291 and MUS 51291) Seminar covering selected topics about music theory from the early 20th century to recent decades, focusing on analytical techniques, compositional procedures and study of representative compositions through applied analysis.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 71331 BAND ARRANGING 2 Credit Hours
Arranging in traditional and contemporary styles for the wind ensemble, concert band and/or marching band.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 71391 SEMINAR IN TONAL AND PRE-TONAL MUSIC THEORY 3 Credit Hours
(Slashed with MUS 41391 and MUS 51391) Seminar covering selected topics about music theory from the high Renaissance to late Romantic period, focusing on analytical techniques, compositional procedures and study of representative compositions through applied analysis.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 72131 MUSIC OF THE UNITED STATES 3 Credit Hours
(Slashed with MUS 42131 and MUS 52131) Historical survey of music in the United States including Native American music, minstrelsy, New England psalmody, jazz and Latin American influences.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 72161 HISTORY OF JAZZ 3 Credit Hours
(Slashed with MUS 42161 and MUS 52161) The evolution of jazz from its origin to present.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 72181 POPULAR WORLD MUSIC 3 Credit Hours
(Slashed with MUS 42181 and MUS 52181) A survey of popular world music genres from North America, the Caribbean, South America, Europe, Africa and Asia. Emphasis is on recognizing music literature, prominent artists and music styles, as well as related cultural events. Graduate level introduces cultural theory related to popular studies. Modern media, especially the Internet, is an integral component of the course.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 72227 WIND BAND LITERATURE 3 Credit Hours
(Slashed with MUS 42227 and MUS 52227) Historical survey of wind band literature and the development of the ensemble.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 72271 CHORAL LITERATURE 3 Credit Hours
(Slashed with MUS 42271 and MUS 52271) Study of Western European choral literature from approximately 1450 to the early 19th century, i.e., Renaissance, Baroque and Classical periods.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 72291 SEMINAR IN MUSIC HISTORY AND LITERATURE 3 Credit Hours
(Slashed with MUS 42291 and MUS 52291)(Repeatable for credit) Selected problems of research for music history and literature. Each student is responsible for presenting papers for discussion.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 72345 ORFF SCHULWERK TEACHER EDUCATION LEVEL I 3 Credit Hours
(Slashed with MUS 42345 and MUS 52345)(Repeatable for credit) This course is designed to develop a teacher's pedagogical skills, musicianship and creative potential by using the materials and procedures that are part of the active, experience-based Orff Schulwerk instructional and learning model. Orff Schulwerk represents a synthesis of music and movement, as developed within the three inter-related components of the course, namely the experiential, the conceptual and the pedagogical. Curricular content and sequence and development and application of basic skills in movement, speech, singing and instrumental skills unfold through joyous and interactive participation in music and movement activities. Level I is designed as an introductory experience to Orff Schulwerk pedagogy and is appropriate for anyone with a music degree.
Prerequisite: Doctoral standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

MUS 72346 ORFF SCHULWERK TEACHER EDUCATION LEVEL II 3 Credit Hours
(Slashed with MUS 42346 and MUS 52346)(Repeatable for credit) This course is designed to develop a teacher's pedagogical skills, musicianship and creative potential by using the materials and procedures that are part of the active, experience-based Orff Schulwerk instructional and learning model. Orff Schulwerk represents a synthesis of music and movement, as developed within the three inter-related components of the course, namely the experiential, the conceptual and the pedagogical. Curricular content and sequence and development and application of basic skills in movement, speech, singing and instrumental skills unfold through joyous and interactive participation in music and movement activities. Level II is designed as an intermediate experience in Orff Schulwerk pedagogy and is appropriate for anyone who has completed level I at an American Orff Schulwerk Association (AOSA)-approved institution.
Prerequisite: MUS 72345; and doctoral standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

MUS 72347 ORFF SCHULWERK TEACHER EDUCATION LEVEL III 3 Credit Hours
(Slashed with MUS 42347 and MUS 52347)(Repeatable for credit) This course is designed to develop a teacher's pedagogical skills, musicianship and creative potential by using the materials and procedures that are part of the active, experience-based Orff Schulwerk instructional and learning model. Orff Schulwerk represents a synthesis of music and movement, as developed within the three inter-related components of the course, namely the experiential, the conceptual and the pedagogical. Curricular content and sequence and development and application of basic skills in movement, speech, singing and instrumental skills unfold through joyous and interactive participation in music and movement activities. Level III is designed as an advanced experience in Orff Schulwerk pedagogy and is appropriate for anyone who has completed level II at an American Orff Schulwerk Association (AOSA)-approved institution.
Prerequisite: MUS 72346; and doctoral standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

MUS 72412 INTRODUCTION TO ETHNOMUSICOLOGY 3 Credit Hours
A study of the history, concepts and methods of ethnomusicology, techniques of field research, transcription analysis and bibliography.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 72511 MUSIC HISTORY I 2 Credit Hours
A study of Western music history from Jewish and medieval Roman practices through Josquin, as well as selected common-practice period applications.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 72521 MUSIC HISTORY II 2 Credit Hours
A study of Western music history from the Reformation and Counter-Reformation through Bach and Handel.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 72531 MUSIC HISTORY III 2 Credit Hours
A study of Western music history in the Rococo, Classical, and Romantic periods through Brahms and Wagner.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 72541 MUSIC HISTORY IV 2 Credit Hours
A study of Western music from Debussy and Mahler through the major trends and composers of the recent past.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 72601 SEMINAR IN MUSICS OF AFRICA 3 Credit Hours
(Slashed with MUS 62601) Specialized investigations of music cultures of Africa.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 72602 SEMINAR IN MUSICS OF THE AMERICAS 3 Credit Hours
Specialized investigation of music cultures of the Americas.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 72603 SEMINAR IN MUSICS OF THE MIDDLE EAST 3 Credit Hours
(Slashed with MUS 62603) Specialized investigation of music cultures of the Middle East.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 72604 SEMINAR IN MUSICS OF EAST ASIA 3 Credit Hours
Specialized investigation of music cultures of East Asia.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 72606 SEMINAR IN MUSICS OF SOUTHEAST ASIA 3 Credit Hours
(Slashed with MUS 62606) Specialized investigation of music cultures in Southeast Asia.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 72691 SEMINAR IN ETHNOMUSICOLOGY 3 Credit Hours
(Repeatable for credit)Specialized topics in ethnomusicology for advanced students.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 73261 ADVANCED STUDIES IN SECONDARY CHORAL AND GENERAL MUSIC 3 Credit Hours
Review curriculum in secondary general music and development of innovative teaching materials and strategies. Analytical techniques, rehearsal procedures, repertory suitable for secondary school choral ensembles.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 73262 ADVANCED STUDIES IN INSTRUMENTAL MUSIC 3 Credit Hours
Study of curriculum, method techniques and materials in school instrumental music education.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 73263 ADVANCED STUDIES IN GENERAL MUSIC FOR CHILDREN 3 Credit Hours
Study of trends in philosophy, curriculum and program development, instructional materials and innovative teaching techniques for elementary school and early childhood general music.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 73264 METHODS IN ROCK BAND PERFORMANCE AND PEDAGOGY 3 Credit Hours
(Slashed with MUS 43264 and MUS 53264) In this course, students participate in small rock ensembles and examine the pedagogy of that type of ensemble. Lectures and demonstrations include topics such as equipment selection, repertoire selection and performance techniques. The course also emphasizes techniques for amplifying rock ensembles, and students learn fundamental techniques for recording rock ensembles.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 73272 LEARNING THEORIES IN MUSIC 3 Credit Hours
Application of current theories of learning to the teaching and learning of music.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 73273 PSYCHOLOGY OF MUSIC 3 Credit Hours
The study of music's effect on human behavior including physiological and affective responses. Applications of music psychology to the teaching and learning of music will be explored.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 73274 FOUNDATIONS OF MUSIC EDUCATION 3 Credit Hours
Study of the influences on the field of music education, including sociology, psychology, philosophy, curriculum and history.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 73283 RESEARCH IN MUSIC EDUCATION 3 Credit Hours
Introduction to research techniques in music education including topic selection, data collection analysis and interpretation and presentation of information in written form.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 73284 HISTORY OF MUSIC EDUCATION 3 Credit Hours
Study of historical approaches to music education with emphasis on significant people, places and events that have influenced teaching and learning music.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 73285 PHILOSOPHY OF MUSIC EDUCATION 3 Credit Hours
(Slashed with MUS 63285) Study of the philosophical foundations of music education with emphasis on the application of aesthetics to teaching and experiencing music.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 73286 SOCIOLOGY OF MUSIC EDUCATION 3 Credit Hours
Sociology in Music Education focuses on sociocultural issues in music teaching and learning. Students consider contexts of society, background, race, ethnicity, culture, diversity and pluralism as applicable in music education situations.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 73295 SPECIAL TOPICS IN MUSIC EDUCATION 3 Credit Hours
(Repeatable for credit)Advanced study in selected topics that will vary from semester to semester depending on needs and interests of students.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 74111 CONDUCTING PROJECTS:CHORAL 2 Credit Hours
(Repeatable for credit) Choral conducting techniques, score analysis, rehearsal procedures and study of musical style.
Prerequisite: Doctoral standing.
Schedule Type: Private Lesson
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 74121 CONDUCTING PROJECTS:BAND 2 Credit Hours
(Repeatable for credit) Band conducting techniques, score analysis, rehearsal procedures and study of musical style.
Prerequisite: Doctoral standing.
Schedule Type: Private Lesson
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 74131 CONDUCTING PROJECTS:ORCHESTRA 2 Credit Hours
(Repeatable for credit) Orchestra conducting techniques, score analysis rehearsal procedures and study of musical style.
Prerequisite: Doctoral standing.
Schedule Type: Private Lesson
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 75131 KENT STATE OPERA THEATRE WORKSHOP 1 Credit Hour
(Repeatable for credit) (Slashed with MUS 43131 and MUS 53131) A course designed to give the young singing actor practical operatic experience in the performance of portions of or complete operas.
Prerequisite: Doctoral standing.
Schedule Type: Studio
Contact Hours: 9.5 other
Grade Mode: Standard Letter

MUS 75141 KENT STATE UNIVERSITY CHORALE 1 Credit Hour
(Repeatable for credit) Study and performance of literature for vocal chamber ensemble from medieval through contemporary styles sung in the original language with appropriate accompaniment. An audition in required before registering for this course.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Combined Lecture and Lab
Contact Hours: 4.5 other
Grade Mode: Standard Letter

MUS 75212 ORCHESTRA 1 Credit Hour
(Slashed with MUS 45212 and MUS 55212) (Repeatable for credit) A select group of instrumentalists assembled for the purpose of studying and performing orchestral music. Open to all KSU students, regardless of major. An audition is required.
Prerequisite: Doctoral standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 6 other
Grade Mode: Standard Letter

MUS 75223 WIND ENSEMBLE 1 Credit Hour
(Slashed with MUS 45223 and MUS 55223) (Repeatable for credit) A select concert ensemble that performs the finest in wind instrument literature with emphasis on major original works. Open to all KSU students, regardless of major. An audition is required.
Prerequisite: Doctoral standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 4 other
Grade Mode: Standard Letter

MUS 75231 JAZZ ENSEMBLE 1 Credit Hour
(Repeatable for credit) Study and performance of music literature in the jazz idiom.
Prerequisite: Doctoral standing.
Schedule Type: Combined Lecture and Lab
Contact Hours: 7.5 other
Grade Mode: Standard Letter

MUS 75271 NEW MUSIC ENSEMBLE 1 Credit Hour
(Repeatable for credit)(Slashed with MUS 45271 and MUS 55271) Study and performance of 20th- and 21st-century chamber music with an emphasis on works by contemporary composers.
Prerequisite: Doctoral standing.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 75301 AFRICAN ENSEMBLE 1 Credit Hour
(Slashed with MUS 45301 and MUS 55301)(Repeatable for credit) This course teaches performance and cultural etiquettes associated with traditional and popular music and dance from Africa and the African diaspora. Specific traditions studied may include, but are not limited to, Ghana, Guinea, Senegal, Nigeria, Haiti, Cuba, Puerto Rico, Trinidad and Tobago and the United States. This course is performance and community focused.
Prerequisite: Doctoral standing.
Schedule Type: Ensemble
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 75302 CARIBBEAN STEELBAND 1 Credit Hour
(Slashed with MUS 45302 and MUS 55302)(Repeatable for credit) This course teaches performance and cultural etiquettes associated with steelband traditions of Trinidad and Tobago. Specific traditions and genres studied may include, but are not limited to, pan, calypso, soca, Latin, bomb tunes, carnival and tamboo-bamboo. This ensemble is performance and community focused.
Prerequisite: Doctoral standing.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 75311 CHAMBER MUSIC 1,2 Credit Hour
(Repeatable for credit) (Slashed with MUS 45311 and MUS 55311) The study and performance of music for small ensembles.
Prerequisite: Doctoral standing.
Schedule Type: Studio
Contact Hours: 2-4 other
Grade Mode: Standard Letter

MUS 75314 WORLD MUSIC ENSEMBLE 1 Credit Hour
(Slashed with MUS 45314 and MUS 55314)(Repeatable for maximum of 8 credit hours) This course teaches performance and cultural etiquette associated with traditional and popular world music genres, e.g., African drumming, Thai Piphat. Specific traditions studied include areas of specialization of instructors and/or advanced student participants.
Prerequisite: Doctoral standing.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 75315 ASIAN MUSIC ENSEMBLE 1 Credit Hour
(Slashed with MUS 45315 and MUS 55315)(Repeatable for credit) This course teaches performance practice and cultural etiquette associated with traditional and popular Asian music genres, e.g., Thai, Chinese and Indian classical music.
Prerequisite: Doctoral standing.
Schedule Type: Ensemble
Contact Hours: 2 other
Grade Mode: Standard Letter

MUS 78251 PEDAGOGY OF MUSIC THEORY 2 Credit Hours
(Slashed with MUS 48251 and MUS 58251) The principles and techniques of teaching music theory.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 78393 VARIABLE TITLE WORKSHOP IN MUSIC 1-4 Credit Hours
(Repeatable for credit)Offered for specific professional needs. Emphasis on performance and pedagogical skills.
Prerequisite: Doctoral standing.
Schedule Type: Workshop
Contact Hours: 1-4 other
Grade Mode: Satisfactory/Unsatisfactory

MUS 81174 ANALYSIS OF WESTERN ART MUSIC 3 Credit Hours
Applicaon of standard analycal techniques to Western art music of Baroque, Classical, Romanc and early 20th -century period music. Analycal focus given to study of the standard musical forms and composional procedures.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 81196 INDIVIDUAL INVESTIGATION IN MUSIC THEORY 1-6 Credit Hours
(Repeatable for credit)Intensive research or readings on selected topic beyond normal course coverage.
Prerequisite: Doctoral standing.
Schedule Type: Individual Investigation
Contact Hours: 1-6 other
Grade Mode: Satisfactory/Unsatisfactory

MUS 81211 COMPOSITION 2,4 Credit Hours
(Repeatable for credit) Refinement of compositional techniques culminating in large-scale works for media of student's choice.
Prerequisite: Doctoral standing.
Schedule Type: Private Lesson, Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

MUS 82171 MUSIC FROM WORLD CULTURES 3 Credit Hours
(Slashed with MUS 62171) Study of selected art, folk and popular music from world cultures with emphasis on listening skills, cultural context, function, organology and technical matters of style.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 82291 SEMINAR IN MUSICOLOGY 3 Credit Hours
(Repeatable for credit) Examination into primary sources, treatises and writings in selected areas in Western music. Topics selected range from medieval period to present.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

MUS 82396 INDIVIDUAL INVESTIGATION IN MUSICOLOGY 1-6 Credit Hours
(Repeatable for credit)Intensive research or readings on selected topic beyond normal course coverage.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-6 other
Grade Mode: Satisfactory/Unsatisfactory

MUS 82411 MUSIC BIBLIOGRAPHY AND RESEARCH METHODS 2 Credit Hours
(Slashed with MUS 62411) Study of techniques of music research and creative musical writing including special projects, reports and readings. This is a hybrid course consisting of both in-class meetings and discussions, as well as online interaction and discussion boards.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

MUS 82696 INDIVIDUAL INVESTIGATION IN ETHNOMUSICOLOGY 1-6 Credit Hours
(Repeatable for credit) Intensive research or readings on selected topic beyond normal course coverage.
Prerequisite: Doctoral standing.
Schedule Type: Individual Investigation
Contact Hours: 1-6 other
Grade Mode: Satisfactory/Unsatisfactory

MUS 83196 INDIVIDUAL INVESTIGATION IN MUSIC EDUCATION 1-6 Credit Hours
(Repeatable for credit)Intensive research or readings on selected topic beyond normal course coverage.
Prerequisite: Doctoral standing.
Schedule Type: Individual Investigation
Contact Hours: 1-6 other
Grade Mode: Satisfactory/Unsatisfactory

MUS 86001 SEMINAR IN MUSIC EDUCATION I 3 Credit Hours
This courses prepares students for doctoral study in music education. Topics include understanding tasks and skills necessary for PhD study in music education, along with navigating this study at Kent State. Students interact in seminar format as part of a cohort of students pursuing the study of music teaching and learning.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 86002 SEMINAR IN MUSIC EDUCATION II 3 Credit Hours
This doctoral level course is designed to ready students for final activities of PhD study in music education. Goals include preparation for qualifying exams, understanding of the research proposal process, and exploration of advanced research methodologies and protocols necessary to undertake a dissertation and or significant research project.
Prerequisite: CI 87000 and MUS 86001 and RMS 75510; and doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

MUS 88199 DISSERTATION I 15 Credit Hours
(Repeatable for credit)Doctoral dissertation for which registration in at least two semesters is required, first of which will be semester in which dissertation work is begun and continuing until the completion of 30 hours.
Prerequisite: Pass candidacy examination; and doctoral standing.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

MUS 88299 DISSERTATION II 15 Credit Hours
(Repeatable for credit)Continuing registration required of doctoral students who have completed the initial 30 hours of dissertation and continuing until all degree requirements are met.
Prerequisite: MUS 88199; and doctoral standing.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

MUS 88598 RESEARCH 1-15 Credit Hours
(Repeatable for credit)Research or individual investigation for doctoral students who have not yet passed their candidacy examinations.
Prerequisite: Doctoral standing.
Schedule Type: Research
Contact Hours: 1-15 other
Grade Mode: Standard Letter-IP

School of Theatre and Dance

Dance (DAN)

DAN 17001 INTRODUCTION TO MODERN 1 Credit Hour
(Repeatable for credit) Introduction to the foundations of modern dance, which includes correct alignment; use of rotation; exploration of floorwork; and development of flexibility, coordination and strength. Use of terminology and movement developmentally appropriate for the beginner. Open to all university students.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

DAN 17002 MODERN 1 1-3 Credit Hours
(Repeatable for credit) Development of the basics of modern dance technique foundations and improvisation with emphasis on the movement and performing qualities of modern dance.
Prerequisite: DAN 17001.
Schedule Type: Studio
Contact Hours: 3-9 other
Grade Mode: Standard Letter

DAN 17004 INTRODUCTION TO JAZZ 1 Credit Hour
(Repeatable for credit) Introduction to the practice of basic jazz techniques. Open to all university students.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

DAN 17005 JAZZ 1 2 Credit Hours
(Repeatable for credit) Continuation of beginner and advanced beginner jazz dance technique foundations with emphasis on more challenging dance combinations.
Prerequisite: DAN 17004.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

DAN 17007 TAP 1 1 Credit Hour
(Repeatable for credit) Basic tap steps and combinations with varying sound intensities and rhythms. Open to all university students.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

DAN 17008 TAP 2 1 Credit Hour
(Repeatable for credit) Continuation of tap dance technique foundations with emphasis on more advanced dance combinations.
Prerequisite: DAN 17007.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

DAN 17009 TAP 3 1 Credit Hour
(Repeatable for a maximum of 8 credit hours) Advanced tap dance techniques with emphasis on clarity, speed and performance skills.
Prerequisite: DAN 17008.
Schedule Type: Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

DAN 17010 INTRODUCTION TO BALLET 1 Credit Hour
(Repeatable for credit) Introduction to the foundations of ballet, which includes correct alignment, safe external rotation, development of flexibility, coordination and strength, through the use of terminology and movement developmentally appropriate for the beginner. Open to all university students.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

DAN 17011 BALLET 1 1-3 Credit Hours
(Repeatable for credit) Continued study and practice of the foundations of ballet, which include correct alignment, safe external rotation, development of flexibility, coordination, placement, vocabulary and strength through movement for the use of terminology and movement developmentally appropriate for the advanced beginner.
Prerequisite: DAN 17010.
Schedule Type: Studio
Contact Hours: 3-9 other
Grade Mode: Standard Letter

DAN 17012 BALLET 3 1 Credit Hour
(Repeatable for credit) This course presents high intermediate ballet techniques for the serious non-major dance student. Students will apply the principles of body alignment to an ever expanding movement vocabulary. Intricate combinations in adagio, petite and grand allegro and turns will be offered. Focus will be on the strength, flexibility and endurance required to master movements at this more advanced level.
Prerequisite: DAN 17011.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

DAN 17013 AFRICAN DANCE 1 1 Credit Hour
(Repeatable for credit) Designed to acquaint students with basic elements of African dance. Open to all university students.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

DAN 17016 SWING DANCE 1 1 Credit Hour
(Repeatable for credit) Practice of basic swing dance movements with emphasis on social partnering skills. Open to all students.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

DAN 17019 HIP HOP 1 1 Credit Hour
(Repeatable for credit) Introduction to Hip Hop dance including warm-up techniques, movement across the floor and dance combinations. Open to all university students. No previous experience is necessary.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

DAN 17020 HIP HOP 2 1 Credit Hour
(Repeatable for credit) Hip Hop II is for students with previous experience in hip hop and will explore in greater depth fundamentals, history, technique and personal style.
Prerequisite: DAN 17019.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

DAN 17049 FUNDAMENTALS OF DANCE AND MOVEMENT 2 Credit Hours
(Repeatable for credit) Introduction to an intensive exploration of dance and movement techniques for majors and non-majors with special emphasis on alignment, body awareness, and movement vocabulary.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

DAN 17055 MEN'S BALLET 1 Credit Hour
(Repeatable for credit) Men's Ballet allows male- identifying students to receive training to enhance their ballet skills. Goals include improving overall placement and ballet technique while focusing on style and movements particular to the male danseur.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

DAN 17080 MUSICAL THEATRE RUDIMENTS OF JAZZ AND TAP 1 Credit Hour
(Repeatable for credit) This course lays the foundation of beginning musical theatre jazz and tap. The beginning student learns proper vocabulary and alignment for both mediums of dance.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

DAN 17101 MODERN 1A 1 Credit Hour
(Repeatable for credit) The practice of basic modern dance technique, vocabulary, and movement for the beginner. This course is geared toward the dance major or minor seeking to raise their level of ability, knowledge and understanding in order to progress in their professional development.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

DAN 17102 MODERN 2A 1 Credit Hour
(Repeatable for credit) Further practice of modern dance vocabulary and movement. This course is geared toward the dance majors or minor seeking to raise their level of ability, knowledge, and understanding in order to progress in their professional development.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

DAN 17104 JAZZ 1A 1 Credit Hour
(Repeatable for credit) Introduction to jazz dance vocabulary and movement. This course is geared toward the dance major or minor seeking to raise their level of ability, knowledge and understanding in order to progress in their professional development.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

DAN 17105 JAZZ 2A 1 Credit Hour
(Repeatable for credit) Further studies in jazz dance vocabulary and movement. This course is geared toward the dance major or minor seeking to raise their level of ability, knowledge and understanding in order to progress in their chosen field of study and professional development.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

DAN 17110 BALLET 1A 1 Credit Hour
(Repeatable for credit) Introduction to the foundations of ballet placement, vocabulary and movement for the beginner. This course is geared toward the dance major or minor seeking to raise their level of ability, knowledge and understanding in order to progress in their professional development.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

DAN 17111 BALLET 2A 1 Credit Hour
(Repeatable for credit) Further practice with ballet placement, vocabulary, and movement. This course is geared toward the dance major or minor seeking to raise their level of ability, knowledge and understanding in order to progress in their professional development.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

DAN 17151 MODERN 3B 3 Credit Hours
(Repeatable for credit) Continued exploration of basic modern dance technique and improvisation begun in DAN 27051. Continued study of dance innovators and their historical significance.
Prerequisite: DAN 27051; and Dance major; and special approval.
Schedule Type: Studio
Contact Hours: 9 other
Grade Mode: Standard Letter

DAN 17154 BALLET 3B 3 Credit Hours
(Repeatable for credit) A continuation from Ballet 3A, students learn and perfect Beginning/Intermediate -Intermediate Ballet techniques: pre-barre; barre and center work.
Prerequisite: Dance major or minor or dance studies major; and special approval.
Schedule Type: Studio
Contact Hours: 9 other
Grade Mode: Standard Letter

DAN 27050 BALLET 2 1-3 Credit Hours
(Repeatable for credit) Course focuses on ballet placement, vocabulary and movement for the intermediate dancer. Students wishing to advance to a higher level are encouraged to repeat the course.
Prerequisite: Instructor approval.
Schedule Type: Studio
Contact Hours: 3-9 other
Grade Mode: Standard Letter

DAN 27051 MODERN 2 1-3 Credit Hours
(Repeatable for credit) Course focuses on low-intermediate modern dance fundamentals, vocabulary and movement for the low-intermediate dancer.
Prerequisite: Instructor approval.
Schedule Type: Studio
Contact Hours: 3-9 other
Grade Mode: Standard Letter

DAN 27070 JAZZ 2 2 Credit Hours
(Repeatable for credit) Development of low-intermediate jazz dance skills.
Prerequisite: Instructor approval.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

DAN 27074 DANCE COMPOSITION I 3 Credit Hours
(Repeatable for a maximum of 6 credit hours) Movement exploration and improvisation including developing the body as an instrument of expression.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

DAN 27076 DANCE AS AN ART FORM (DIVG) (KFA) 3 Credit Hours
Survey of the various types, styles and functions of dance with emphasis on understanding dance as an art form and an expression of culture.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global, Kent Core Fine Arts, Transfer Module Fine Arts

DAN 27080 MUSICAL THEATRE JAZZ AND TAP I 2 Credit Hours
This course serves the advanced beginner to intermediate level musical theatre dance student. Students will build on the foundation of Rudiments of Jazz and Tap. They will learn more difficult concepts and steps and work to apply those concepts and steps in their dancing.
Prerequisite: DAN 17080; and special approval.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

DAN 27150 KINESIOLOGY FOR DANCERS 3 Credit Hours
This course presents the basic anatomy and kinesiology of the key body joints of the spine, shoulder, hip, knee, ankle and foot. The fundamental bone structure, muscles and ligaments of these joints are discussed as they relate to movement capacity, mechanics and injury risk. This basic knowledge of these joints is combined with movement analysis to help students better understand alignment and selected dance vocabulary.
Prerequisite: NUTR 23511; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

DAN 27171 MODERN 4B 3 Credit Hours
(Repeatable for credit) Continuation of intermediate level dance styles with emphasis on complex movement phrases.
Prerequisite: DAN 37051; and special approval.
Schedule Type: Studio
Contact Hours: 9 other
Grade Mode: Standard Letter

DAN 27173 BALLET 4B 3 Credit Hours
(Repeatable for credit) Students learn and perfect intermediate to advanced-intermediate ballet techniques: pre-barre; barre and center work.
Prerequisite: Dance major or minor or dance studies major; and special approval.
Schedule Type: Studio
Contact Hours: 9 other
Grade Mode: Standard Letter

DAN 28010 DANCE ACCOMPANIMENT LABORATORY I 2 Credit Hours
(Course is repeatable for a maximum of 4 credit hours) Students will be introduced to the techniques and strategies of modern dance and ballet technique class accompaniment. Emphasis is placed on supervised student accompaniment and acquiring familiarity with dance class protocols, procedures, and the accompanist-instructor relationship. Course meets concurrently with one of the professional-level modern dance or ballet technique classes offered by the Dance Division.
Prerequisite: None.
Schedule Type: Laboratory
Contact Hours: 4 lab
Grade Mode: Standard Letter

DAN 37010 DANCE PEDAGOGY 3 Credit Hours
This course brings together the theory and practice of dance pedagogy as applied in various settings including preschools; elementary, middle and high schools; private studios; universities; and professional settings. Students learn to develop lesson, unit and yearly learning and assessment plans. Specific developmental attributes and age-appropriate approaches as well as best business practices for teachers and studio owners are also addressed.
Prerequisite: Dance or Education major or minor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

DAN 37020 TEACHING DANCE AND MOVEMENT FOR NONTRADITIONAL POPULATIONS 3 Credit Hours
This course focuses on the theories, content and pedagogical methods for teaching dance and movement for nontraditional populations. Nontraditional populations include individuals with physical, sensory and/or developmental/intellectual disabilities; persons living with chronic illness; and senior adults. Further, the course addresses best practices for integrated classes that are inclusive of individuals with and without disabilities. Finally, the course addresses related topics including aspects of civil rights, disability culture and aesthetics and professional applications beyond instruction.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

DAN 37035 DANCE COMPOSITION II 2 Credit Hours
Basic principles of dance composition with attention to design, thematic material, structure, form and small groups.
Prerequisite: DAN 27074; and special approval.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

DAN 37051 MODERN 3 1-3 Credit Hours
(Repeatable for credit) Course focuses on modern dance principles and techniques, vocabulary and movement for the intermediate dancer. Students wishing to advance to a higher level are encouraged to repeat the course.
Prerequisite: Instructor approval.
Schedule Type: Studio
Contact Hours: 3-9 other
Grade Mode: Standard Letter

DAN 37069 BALLET 3 1-3 Credit Hours
(Repeatable for credit) Course focuses on ballet placement, vocabulary and movement for the intermediate-advanced dancer. Students wishing to advance to a higher level are encouraged to repeat the course.
Prerequisite: Instructor approval.
Schedule Type: Studio
Contact Hours: 3-9 other
Grade Mode: Standard Letter

DAN 37070 DANCE COMPOSITION III 2 Credit Hours
(Repeatable for a maximum of 8 credit hours) Development of individual movement style through improvisational studies and movement manipulation exercises of structure and form resulting in a substantial solo modern dance work.
Prerequisite: DAN 37035; and special approval.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

DAN 37072 DANCE AND TECHNOLOGY 2 Credit Hours
This course introduces students to new technologies as resources for creative expression, performance and documentation of dance. Students will learn a brief history of screen dance, techniques for archiving dance, shooting and editing video with dance as the subject and approaches to interactive performance. Students will gain a basic understanding of how new media interacts with current practice in dance creation, production, education and research.
Prerequisite: Dance major or minor; and special approval.
Schedule Type: Combined Lecture and Lab
Contact Hours: 2 lecture
Grade Mode: Standard Letter

DAN 37080 MUSICAL THEATRE JAZZ AND TAP II 2 Credit Hours
This class is a continuation of the building of jazz and tap skills, as the steps increase in difficulty. Course will incorporate sequencing of transition steps which smoothly connect one set of steps to another.
Prerequisite: DAN 27080; and special approval.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

DAN 37081 MUSICAL THEATRE JAZZ AND TAP III 2 Credit Hours
Continuation of Jazz and Tap techniques building on skills suitable for and required in professional audition circumstances. Course will assist advanced student to fine tune jazz and tap skills for auditions.
Prerequisite: DAN 37080; and special approval.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

DAN 37092 KENT DANCE ENSEMBLE (ELR) 1 Credit Hour
(Repeatable for credit) Participation in rehearsal, preparation and performance of public dance concerts in an established dance ensemble.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

DAN 37100 POINTE 1 1 Credit Hour
(Repeatable for credit) Allows intermediate to advanced ballet dancers with some previous experience dancing on pointe to continue their pointe studies. The class explores ballet vocabulary and repertory at the barre, center, and travelling across the space, specifically in pointe shoes. Dancers must demonstrate sufficient strength, alignment, flexibility and prior ballet training required to safely dance on pointe prior to receiving approval for participation in a university pointe class.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

DAN 37148 JAZZ 3 2 Credit Hours
(Repeatable for credit) Development of intermediate to advanced-intermediate jazz dance skills.
Prerequisite: Instructor approval.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

DAN 37150 POINTE 2 1 Credit Hour
(Repeatable for credit) Allows advanced ballet dancers with previous experience dancing on pointe to continue studies to include classical variations. The class explores ballet vocabulary and repertory at the barre, center and traveling across space, specifically in pointe shoes. Dancers are expected to have achieved the strength, alignment, flexibility and prior ballet training in order for a faculty member to approve participation in a university pointe class. Dancers taking Pointe 2 are expected to have reached an advanced level of ballet technique.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

DAN 37168 MODERN 5B 3 Credit Hours
(Repeatable for credit) Continuation of advanced modern dance technique.
Prerequisite: DAN 47051; and special approval.
Schedule Type: Studio
Contact Hours: 9 other
Grade Mode: Standard Letter

DAN 37169 BALLET 5B 3 Credit Hours
(Repeatable for credit) A continuation from Ballet 5A, students learn advanced ballet techniques: pre-barre; barre and center work.
Prerequisite: Dance major or minor or dance studies major; and special approval.
Schedule Type: Studio
Contact Hours: 9 other
Grade Mode: Standard Letter

DAN 37170 DANCE COMPOSITION IV 1 Credit Hour
Exploration of advanced composition skills in preparation for the B.F.A. senior choreography project and future choreographic endeavors.
Prerequisite: DAN 37070; and special approval.
Schedule Type: Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

DAN 37192 DANCE PRACTICUM - PERFORMANCE (ELR) 1 Credit Hour
(Repeatable for credit) This course provides students practical experience related to the creation of a dance performance. Students complete work as assigned by a faculty member, contributing as directed, cast or assigned. The faculty mentor provides instruction, specifies expectations and assesses the student's contribution to the related performance.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

DAN 37292 DANCE PRACTICUM - TEACHING (ELR) 1 Credit Hour
(Repeatable for credit) This course provides students practical experience related to teaching dance. Students complete work as assigned under the tutelage of a dance faculty member. While teaching theory is addressed, this course provides mentored practical experience observing, demonstrating and student teaching other dance students as assigned. Additional homework related to teacher preparation and planning completes student coursework.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

DAN 37310 MUSIC FOR DANCERS 3 Credit Hours
Students will build theoretical, analytical and performance skills in music specific to the needs of dancers, dance teachers and choreographers.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

DAN 37392 DANCE PRACTICUM - CHOREOGRAPHY (ELR) 1 Credit Hour
(Repeatable for credit) This course provides students practical experience creating dance under the mentorship of a faculty advisor for a specific performance, as assigned. Students receive specific instructions and feedback as they are guided to complete a work of choreography that is then presented for an audience. Faculty mentors for this course have extensive teaching and choreography experience.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

DAN 38001 APPLIED SKILLS FOR DANCE ACCOMPANIMENT 2 Credit Hours
(Course is repeatable for a maximum of 8 credit hours) Private applied music instruction in performance skills necessary to accompany a modern dance or ballet class. Emphasis is placed on hand drum and frame drum technique, keyboard repertoire, and keyboard improvisation skills.
Prerequisite: DAN 28010.
Schedule Type: Private Lesson
Contact Hours: 1.5 other
Grade Mode: Standard Letter

DAN 47050 BALLET 4 1-3 Credit Hours
(Repeatable for credit) Course focuses on ballet alignment, physicality, vocabulary and movement for the advanced-intermediate dancer.
Prerequisite: Instructor approval.
Schedule Type: Studio
Contact Hours: 3-9 other
Grade Mode: Standard Letter

DAN 47051 MODERN 4 1-3 Credit Hours
(Repeatable for credit) Course focuses on advanced modern dance techniques, vocabulary and movement for the advanced dancer.
Prerequisite: Instructor approval.
Schedule Type: Studio
Contact Hours: 3-9 other
Grade Mode: Standard Letter

DAN 47054 MODERN 6A 3 Credit Hours
(Repeatable for credit) Advanced technique integrating previously learned modern dance techniques and developing advanced movement phrasing.
Prerequisite: DAN 37168 and special approval.
Schedule Type: Studio
Contact Hours: 9 other
Grade Mode: Standard Letter

DAN 47060 PROFESSIONAL ASPECTS IN DANCE 2 Credit Hours
Development of pragmatic skills for entrance into professional dance careers. Emphasis on resume writing, preparation for auditions and economic survival.
Prerequisite: DAN 37148; and special approval.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Standard Letter

DAN 47063 DANCE HISTORY I 3 Credit Hours
History of dance from antiquity to 1900.
Prerequisite: Dance major; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

DAN 47069 BALLET 6A 3 Credit Hours
(Repeatable for credit) Pre-professional Ballet techniques: pre-barre; barre and center work.
Prerequisite: Dance major or minor or dance studies major; and special approval.
Schedule Type: Studio
Contact Hours: 9 other
Grade Mode: Standard Letter

DAN 47070 JAZZ 4 2 Credit Hours
(Repeatable for credit) Jazz style for students with advanced dance technique.
Prerequisite: DAN 37148.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

DAN 47080 MUSICAL THEATRE DANCE STYLES I 2 Credit Hours
Advanced Jazz and Tap class for Musical Theatre students to develop the stylization skills of musical theatre dance and performance. Students will work on stylization of movement by learning three different production numbers. One of a vernacular style, one classic style, and one involving partnering.
Prerequisite: DAN 37081; and special approval.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

DAN 47081 MUSICAL THEATRE DANCE STYLES II 2 Credit Hours
Students will work to prepare a professional dance reel (a video record of their skills and accomplishments). The student's skills will include various media (jazz, tap, ballet, gymnastics, partnering, etc.) and styles (Charleston, Swing, Waltz, dances of the 50s, 60s, 70s, etc.). Students will be ready to submit dance reels, which they will prepare in the course of the semester. Provisions will be made for those students who do not desire or require a dance reel.
Prerequisite: DAN 47080; and special approval.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

DAN 47095 SPECIAL TOPICS IN DANCE 1-3 Credit Hours
(Repeatable for a total of 24 hours) offered when resources permit a topic different from existing courses. Topic to be announced when scheduled.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

DAN 47154 MODERN 6B 3 Credit Hours
(Repeatable for credit) Continuation of advanced technique integrating previously learned modern dance techniques and developing advanced movement phrasing with special emphasis on performing quality and movement range.
Prerequisite: DAN 47054; and special approval.
Schedule Type: Studio
Contact Hours: 9 other
Grade Mode: Standard Letter

DAN 47156 DANCE PRODUCTION 3 Credit Hours
Study of elements involved in planning and implementing a concert. Experiential work in technical and management components.
Prerequisite: Dance major; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

DAN 47163 DANCE HISTORY II (WIC) 3 Credit Hours
History of the development of concert and theatrical dance forms from 1900 to present day.
Prerequisite: DAN 47063; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

DAN 47169 BALLET 6B 3 Credit Hours
(Repeatable for credit) A continuation from Ballet 6A, students learn pre-professional Ballet techniques: pre-barre; barre and center work.
Prerequisite: Dance major or minor or dance studies major; and special approval.
Schedule Type: Studio
Contact Hours: 9 other
Grade Mode: Standard Letter

DAN 47170 JAZZ STYLES IV 2 Credit Hours
(Repeatable for credit) Continuation of DAN 47070.
Prerequisite: DAN 47070; and special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

DAN 47192 INTERNSHIP IN DANCE (ELR) 1 Credit Hour
(Repeatable for credit)Supervised dance apprenticeship in an approved educational setting.
Prerequisite: Dance major; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

DAN 47196 INDIVIDUAL INVESTIGATION IN DANCE 1-3 Credit Hours
(Repeatable for credit) Individual projects for dance majors.
Prerequisite: Junior standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Standard Letter-IP

DAN 47199 BACHELOR OF ARTS CAPSTONE (ELR) 1-3 Credit Hours
(Repeatable for credit) The capstone project represents a culminating event for the Dance Studies student. Capstone projects can be taken in the junior or senior year and are identified in consultation with a faculty advisor. Honors students may combine the capstone project with an Honors thesis.
Prerequisite: Junior standing; and special approval.
Schedule Type: Project or Capstone
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

DAN 47299 BACHELOR OF FINE ARTS CAPSTONE (ELR) 1-3 Credit Hours
(Repeatable for credit) The B.F.A. Capstone Project consists of choreography and/or performance with full production values in an approved setting, along with the written and/or digital record of the production and creative process. It should be of significant scope and substance that will demonstrate excellence in the conscious artistry acquired through formal training. The project is generally accomplished within the last semester of the student's program. Students must present choreography in a Student Dance Festival prior to the presentation of their Senior Projects Concert (BFA Senior Dance Concert), i.e., during sophomore or junior year.
Prerequisite: DAN 37170; and sophomore standing; and special approval.
Schedule Type: Project or Capstone
Contact Hours: 3-9 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

Kent Blossom Theatre (KBT)

KBT 22092 PRACTICUM I:DESIGN/TECHNOLOGY (ELR) 3 Credit Hours
(Repeatable for a maximum of 12 credit hours)Practical experience in theatre production under faculty supervision. Available for lower division students only.
Prerequisite: Freshman and sophomore standing only.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

KBT 22192 PRACTICUM I:PERFORMANCE (ELR) 3 Credit Hours
(Repeatable for a total of 12 hours) practical experience in theatre performance under faculty supervision. Available for lower division students only. Repeatable for a total of 12 hours.
Prerequisite: Freshman and sophomore standing only.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

KBT 41096 INDIVIDUAL STUDY:THEATRE 1-3 Credit Hours
(Repeatable for a total of 12 hours) Selected research topics in theatre.
Prerequisite: Permission.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Standard Letter-IP

KBT 41992 THEATRE PRODUCTION INTERNSHIP (ELR) 1-6 Credit Hours
(Repeatable for a maximum of 12 credit hours)Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in Porthouse Theatre Company.
Prerequisite: Junior standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 1-6 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

KBT 42092 PRACTICUM II: DESIGN/TECHNOLOGY (ELR) 3 Credit Hours
(Repeatable for a maximum of 12 credit hours) Advanced practical experience in theatre production under faculty supervision. Available for upper division students only.
Prerequisite: Junior and senior standing only.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

KBT 42192 PRACTICUM II:PERFORMANCE (ELR) 3 Credit Hours
(Repeatable for a maximum of 12 credit hours) Advanced practical experience in theatre performance under faculty supervision. Available for upper division students only.
Prerequisite: Junior and senior standing.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

KBT 60199 M.F.A.. THESIS 3 Credit Hours
(Repeatable for credit) Students must register for course during the semester of their MFA thesis project.
Prerequisite: Graduate standing; and special approval of adviser.
Schedule Type: Masters Thesis
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory-IP

KBT 60992 PROFESSIONAL THEATRE INTERNSHIP I 1,6 Credit Hour
(Cross-listed with THEA 60992) (Repeatable once for credit) Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in the Porthouse Theatre Company.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 1-6 other
Grade Mode: Satisfactory/Unsatisfactory

KBT 61096 INDIVIDUAL INVESTIGATION:THEATRE AND DRAMA 1-4 Credit Hours
(Repeatable for a maximum of 6 credit hours) Independent study of an area or problem approved by divisional graduate coordinator in consultation with project director.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-4 other
Grade Mode: Standard Letter-IP

KBT 61992 PROFESSIONAL THEATRE INTERNSHIP II 1,6 Credit Hour
Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in Porthouse Theatre Company.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 1-6 other
Grade Mode: Satisfactory/Unsatisfactory

KBT 62092 PRACTICUM: DESIGN/TECHNOLOGY 3 Credit Hours
(Repeatable for credit)Practical experience for the graduate student in theatre design and technology under faculty supervision.
Prerequisite: Graduate standing.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory

KBT 62192 PRACTICUM:PERFORMANCE 3 Credit Hours
(Repeatable for a maximum of 12 credit hours) (Cross-listed with THEA 62192)Practical experience for the graduate student in theatre performance under faculty supervision.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory

KBT 62992 THEATRE PRODUCTION INTERNSHIP 1-6 Credit Hours
(Repeatable for a maximum of 12 credit hours)Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in Porthouse Theatre Company.
Prerequisite: Graduate standing; and special approval of adviser.
Schedule Type: Practical Experience
Contact Hours: 1-6 other
Grade Mode: Satisfactory/Unsatisfactory

KBT 72992 THEATRE PRODUCTION INTERNSHIP 1-6 Credit Hours
(Repeatable for a maximum of 12 credit hours)Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in Porthouse Theatre Company.
Prerequisite: Doctoral standing; and special approval of adviser.
Schedule Type: Practical Experience
Contact Hours: 1-6 other
Grade Mode: Satisfactory/Unsatisfactory

Theatre (THEA)

THEA 11000 THE ART OF THE THEATRE (DIVG) (KFA) 3 Credit Hours
Using the life-centered nature of theatre as a medium of analysis, this course is designed to develop critically engaged audience members who are aware of the impact, significance and historical relevance of the interconnection between culture and theatre performance.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global, Kent Core Fine Arts, Transfer Module Fine Arts

THEA 11002 MUSICAL THEATRE PERFORMANCE I 3 Credit Hours
Course focuses on the foundational skills of acting and singing in musical theatre. Students study and practice beginning-level character development, vocal technique, song interpretation and audition skill in a supportive environment.
Prerequisite: Musical Theatre major.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1.5 lecture, 3 other
Grade Mode: Standard Letter

THEA 11100 MAKING THEATRE: CULTURE AND PRACTICE 2 Credit Hours
Overview of theatre practices through creative experiential learning. The focus and course content combines practical and cultural experiences and culminates with a performance event that provides a solid foundation in the artistic process and an identity for the first-year theatre student.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

THEA 11303 THE ART OF ACTING 3 Credit Hours
General introduction to acting: the actor's instrument, sensory awareness, personal and group response, objectives and tactics. Basic scene work.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

THEA 11521 GRAPHICS FOR THE THEATRE 3 Credit Hours
An introduction to computer software currently used by professional theatre designers and technicians. These applications include image processing software, computer-aided design software and 3D visualization software.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 11722 FUNDAMENTALS OF PRODUCTION I: SCENERY, STAGECRAFT AND SOUND 2 Credit Hours
An introduction to professional theatre production principles and practices in the areas of scenery, stagecraft and sound.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter
Attributes: CTAG Performing Arts, TAG Arts and Humanities

THEA 11723 FUNDAMENTALS OF PRODUCTION LABORATORY I: SCENERY 1 Credit Hour
Practice in theatre production techniques in the area of scenery.
Prerequisite: Special approval.
Corequisite: THEA 11722.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

THEA 11724 FUNDAMENTALS OF PRODUCTION LABORATORY II: PROPS AND SCENIC ART 1 Credit Hour
Practice in theatre production techniques in the area of properties and scenic art.
Prerequisite: Special approval.
Corequisite: THEA 11722.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter
Attributes: CTAG Performing Arts, TAG Arts and Humanities

THEA 11725 FUNDAMENTALS OF THEATRE DESIGN AND PRODUCTION 3 Credit Hours
Course introduces students to the fundamental concepts and practices of theatre design and production. Students explore various areas of design, including scenic, costume, lighting and sound design, as well as the process of bringing these elements together in a production. Through lectures, hands-on projects and collaboration, students gain an understanding of how design enhances storytelling in theatre and how technical elements contribute to the overall production.
Prerequisite: Major or minor in School of Theatre and Dance.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 11732 FUNDAMENTALS OF PRODUCTION II: COSTUMES, LIGHTING AND PROJECTIONS 2 Credit Hours
An introduction to professional theatre production principles and practices in the areas of costumes, lighting and projections.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter
Attributes: CTAG Performing Arts

THEA 11733 FUNDAMENTALS OF PRODUCTION LABORATORY III: COSTUMES 1 Credit Hour
Practice in theatre production techniques in the area of costumes.
Prerequisite: Special approval.
Corequisite: THEA 11732.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

THEA 11734 FUNDAMENTALS OF PRODUCTION LABORATORY IV: LIGHTING, SOUND AND PROJECTIONS 1 Credit Hour
Practice in theatre production techniques in the area of lighting, sound and projections.
Prerequisite: Special approval.
Corequisite: THEA 11732.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

THEA 14092 BACHELOR OF FINE ARTS INTRODUCTORY PRACTICUM: DESIGN AND TECHNOLOGY (ELR) 1 Credit Hour
(Repeatable for credit) Practical experience in theatre and dance production. Foundational training for work in various production contexts.
Prerequisite: Theatre Design, Technology and Production major.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

THEA 20102 MUSIC THEORY FOR MUSICAL THEATRE I 2 Credit Hours
Study the basic principles and applications of music theory as it may apply to the work of a professional singing actor. It will begin by gaining a thorough understanding of the rudiments of music and progress to studying the objective and subjective aspects of music and its structure, principally pertaining to the world of musical theatre. The course is intended to establish fundamental concepts to be further explored in THEA 20103.
Prerequisite: Musical Theatre major.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

THEA 20103 MUSIC THEORY FOR MUSICAL THEATRE II 2 Credit Hours
Study the basic principles and applications of music theory as it may apply to the work of a professional singing actor. Course focuses on the interpretation of music for musical theater and serves as a continuation of the material presented in THEA 20102.
Prerequisite: Musical Theatre major.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

THEA 20204 EAR TRAINING AND SIGHT SINGING FOR MUSICAL THEATRE I 1 Credit Hour
Course concentrates on the foundational aural skills needed in the study and application of music theory and performance. Students focus on basic interval, harmonic and rhythmic identification. Course also addresses beginning-level melodic dictation and sight singing of beginning-level diatonic melodies.
Prerequisite: Musical Theatre major.
Pre/corequisite: THEA 20102.
Schedule Type: Seminar
Contact Hours: 1 other
Grade Mode: Standard Letter

THEA 20205 EAR TRAINING AND SIGHT SINGING FOR MUSICAL THEATRE II 1 Credit Hour
Course continues the development of skills begun in THEA 20204. Students focus on identifying and singing intermediate to advanced diatonic and chromatic melodies and harmonies.
Prerequisite: THEA 20204.
Pre/corequisite: THEA 20103.
Schedule Type: Seminar
Contact Hours: 1 other
Grade Mode: Standard Letter

THEA 21002 MUSICAL THEATRE PERFORMANCE II 3 Credit Hours
Course builds on the foundational skills studied in THEA 11002. Emphasis is placed on music analysis and interpretation as it pertains to musical theatre song. Students engage in preliminary scene study and analysis.
Prerequisite: THEA 11002.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1.5 lecture, 3 other
Grade Mode: Standard Letter

THEA 21016 MAKEUP FOR STAGE AND SCREEN 3 Credit Hours
Study of stage, TV and photographic makeup techniques and materials. Four lecture demonstration laboratory hours per week; special projects as assigned.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21095 SPECIAL TOPICS IN THEATRE 1-3 Credit Hours
(Repeatable for credit) Offered irregularly when unusual resources permit a topic different from existing courses. Topic will be announced when scheduled.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

THEA 21111 SCRIPT ANALYSIS 3 Credit Hours
Principles, theories and techniques of play script analysis for theatrical production.
Prerequisite: THEA 11100; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

THEA 21303 ACTING PROCESS 3 Credit Hours
Fundamentals of naturalistic acting and interaction; development of spontaneity, believability and a sense of truth; game playing and basic stage technique.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 2 lecture, 1 lab
Grade Mode: Standard Letter

THEA 21306 MUSICAL THEATRE PERFORMANCE I 3 Credit Hours
(Repeatable for a maximum of 12 credit hours) Performance-oriented class that will focus on techniques and styles of performance in musical theatre and cabaret from Gilbert and Sullivan to present.
Prerequisite: Musical theatre major.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 21501 SOPHOMORE PORTFOLIO REVIEW 1 Credit Hour
Preparation and review of a portfolio of work, judged by the design technology faculty at the beginning of the spring semester. Student must pass to remain in the BFA design technology program.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory

THEA 21521 THEATRICAL DRAFTING 3 Credit Hours
Drafting techniques for all design and technology students. Includes plans, elevations, sections, detailed drawings light plots.
Prerequisite: THEA 11521 and THEA 11722 and THEA 11723; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21522 LIGHTING DESIGN 3 Credit Hours
Exploration of the tools of the lighting designer applied to design choices; frequent paper design projects.
Prerequisite: THEA 11732 and THEA 11734; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21523 COSTUME TECHNOLOGY 3 Credit Hours
Study of the basics of costume construction, pattern drafting, tailoring and millinery for costumes in the performing arts. A variety of historical periods and styles are covered. Students create portfolio-quality projects.
Prerequisite: THEA 11732; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21524 COSTUME DESIGN 3 Credit Hours
Theory and practice of costume design. Emphasis on play text analysis, formation of concepts, use of design elements and principles, period styles.
Prerequisite: THEA 11732; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21526 BASIC COSTUME CONSTRUCTION 3 Credit Hours
Course is designed to provide the student with a more advanced set of sewing skills in preparation for stitcher positions in the entertainment field. Prepares students for more advanced costume technology courses.
Prerequisite: THEA 11732; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21528 SOUND AND PROJECTION DESIGN AND TECHNOLOGY 3 Credit Hours
Studies in sound design and projection design with emphasis on practical application and specific processes related to designing for theatre and dance.
Prerequisite: THEA 11521; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21621 SCENE PAINTING 3 Credit Hours
Techniques of scene painting; emphasis on a variety of techniques through practical projects.
Prerequisite: THEA 11722 and THEA 11724; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21622 SCENE DESIGN 3 Credit Hours
Theory and practice of scene design; emphasis on script analysis, formation of concepts, use of design elements and principles in period styles and genres.
Prerequisite: THEA 11722 and THEA 11723; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21700 MOVEMENT I 3 Credit Hours
Beginning exploration of technical skills emphasizing the physical components of expressive action through integration of breath, text and body conditioning.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 21736 STAGE MANAGEMENT 3 Credit Hours
Introduction to the skills and techniques necessary to stage manage a theatrical production. Focus on the production process, preparing for and running rehearsals and performances, paperwork and communication skills.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21800 VOICE I 3 Credit Hours
Breathing, physical alignment, sound and text explorations designed to develop relaxed, free and fully connected voice production for the actor. Proper use and care of the voice.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 22092 PRACTICUM: DESIGN AND TECHNOLOGY (ELR) 1-3 Credit Hours
(Repeatable for credit) Practical experience in theatre production under faculty supervision. Available for lower-division students only. Required of all theatre majors.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement, TAG Arts and Humanities

THEA 22192 PRACTICUM I: PERFORMANCE (ELR) 3 Credit Hours
(Repeatable for credit) Practical experience in theatre performance under faculty supervision. Available for lower-division students only.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 3 lecture
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement, TAG Arts and Humanities

THEA 22292 PRACTICUM I:THEATRE MANAGEMENT (ELR) 3 Credit Hours
(Repeatable for a maximum of 12 credit hours) Practical experience in theatre management under faculty supervision.
Prerequisite: Freshmen or sophomore only; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

THEA 23092 BACHELOR OF FINE ARTS SOPHOMORE PRACTICUM: DESIGN AND TECHNOLOGY (ELR) 1 Credit Hour
(Repeatable for credit) Practical experience at the sophomore level in theatre and dance production.
Prerequisite: Theatre design, technology and production major; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

THEA 31030 GLOBAL THEATRE HISTORIES 3 Credit Hours
Theatre creates meaning within the particular historical and cultural contexts in which it is created and received. In this course, students are introduced to several key moments, figures, productions and styles; they explore how primary and secondary research can be used to understand those works within the contexts of their creation and illuminate their ongoing relevance to contemporary artists and audiences today. Students practice engaging with the conventions of various cultural performances. They develop skills in finding, reading, interpreting, summarizing and applying cultural and historical research to understand and explain performances.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 31110 HISTORY OF THEATRE AND DRAMA I 3 Credit Hours
Theatre history and drama in Europe from antiquity through the renaissance.
Prerequisite: THEA 21111; and junior standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 31111 HISTORY OF THEATRE AND DRAMA II 3 Credit Hours
Theatre history and drama in Europe and the United States from 1700 to the present.
Prerequisite: THEA 21111; and junior standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 31200 APPLIED VOICE FOR MUSICAL THEATRE 2 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors or musical theatre majors. Individual study. An audition is required. This course is not part of the ODHE Transfer Assurance Guides.
Prerequisite: Musical Theatre major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 1.5 other
Grade Mode: Standard Letter

THEA 31303 CHARACTER AND SCENE STUDY I 3 Credit Hours
The development of character in the realistic scene.
Prerequisite: THEA 21303; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 31304 CHARACTER AND SCENE STUDY II 3 Credit Hours
Further character and scene exploration; spontaneity and creative choice making.
Prerequisite: THEA 31303; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 31401 DIRECTING 3 Credit Hours
Theoretical and practical work in the process of play direction; the director's mission; play analysis and design collaboration; the rehearsal process.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 31526 FLAT PATTERNING FOR THEATRE 3 Credit Hours
The course is designed to provide the student with a basic set of skills in flat patterning techniques, using the sloper (a basic fitted pattern from which patterns for different styles can be developed) and individualizing patterns to meet the actors costume needs. This class is also preparatory for more advanced costume technology courses.
Prerequisite: THEA 21526.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 31701 MOVEMENT II 3 Credit Hours
Development of movement exploration and improvisation skills which focus on physical relationships in performance and utilize the components of energy, space and time.
Prerequisite: THEA 11303 or THEA 21306; and special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 31801 VOICE II 3 Credit Hours
Continuation of THEA 21800. Explorations involve various texts and incorporation of voice principles at a more detailed level.
Prerequisite: THEA 21800; and special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 32000 BACHELOR OF FINE ARTS PORTFOLIO REVIEW 1 Credit Hour
(Repeatable for credit) Review of a portfolio of theatre and related work, and a review of the student's academic progress and coursework judged by the design/technology faculty at the beginning of the spring semester. Student must pass to remain in the B.F.A. degree.
Prerequisite: Theatre Design, Production and Technology major; and junior standing; and special approval.
Schedule Type: Seminar
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory

THEA 32002 MUSICAL THEATRE PERFORMANCE III 3 Credit Hours
Course focuses on the performance aspects of musical theatre while emphasizing the professional practices necessary for a successful career in the industry. Students continue to develop their acting and vocal skills while exploring the business side of musical theatre, including audition techniques, marketing and networking.
Prerequisite: THEA 21002.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1.5 lecture, 3 other
Grade Mode: Standard Letter

THEA 33092 BACHELOR OF FINE ARTS JUNIOR PRACTICUM: DESIGN AND TECHNOLOGY (ELR) 2 Credit Hours
(Repeatable for credit) Practical experience at the junior level in theatre and dance production.
Prerequisite: Theatre design, technology and production major; and special approval.
Schedule Type: Practical Experience
Contact Hours: 6 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

THEA 34092 BACHELOR OF FINE ARTS ADVANCED PRACTICUM: DESIGN AND TECHNOLOGY (ELR) 1-2 Credit Hours
(Repeatable for credit) Practical experience at an advanced level in theatre and dance production.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 3-6 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

THEA 40091 VARIABLE TOPICS SEMINAR: DEVISING THEATRE 3 Credit Hours
(Slashed with THEA 50091) A devised theatre event is work that has emerged and been generated by a group of people working in collaboration. Devising Theatre explores the processes of creating original performances defined and determined by its makers. Process and product originate from stimuli other than traditional play scripts. Students learn specialist techniques by developing solo and group performance pieces. Alternative modes of making theatre performances are considered.
Prerequisite: Special approval.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 41010 THEATRE AND SOCIAL CHANGE 3 Credit Hours
(Slashed with THEA 51010) This course interweaves the history, theory, practice and play text development in the field of theatre and social change.
Prerequisite: THEA 11000 or THEA 11100.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41026 PLAYWRITING (WIC) 3 Credit Hours
(Repeatable for a total of 6 credit hours)(Slashed with THEA 51026) Principles underlying playwriting for the contemporary theatre; analysis of short play form.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

THEA 41027 ADVANCED PLAYWRITING 3 Credit Hours
(Repeatable for a maximum of 6 credit hours)(Slashed with THEA 51026) Application of principles of playwriting to the longer play and to variations from traditional realism; play analysis and composition.
Prerequisite: THEA 41026; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41089 INTERNATIONAL EXPERIENCE: THEATRE AND SOCIAL CHANGE IN CZECHIA (DIVG) (ELR) 3 Credit Hours
(Slashed with THEA 51089)(Repeatable for credit) Using a combination of in-depth research and direct learning experiences, this course explores the intersection between theatre and socio-political change through the example of Czechoslovakia's history from the 1968 Prague Spring to the Velvet Revolution of 1989/90 and on through today's concerns of Western late-stage capitalism. Students study both historical and contemporary texts, as well as view productions while on a study abroad program.
Prerequisite: ENG 21011.
Schedule Type: International Experience, Lecture
Contact Hours: 2 lecture, 1 other
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

THEA 41095 SPECIAL TOPICS IN THEATRE 1-3 Credit Hours
(Repeatable for credit)(Slashed with THEA 51095) Course offered irregularly when unusual resources permit a topic different from existing courses. Topic will be announced when scheduled.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

THEA 41096 INDEPENDENT STUDY IN THEATRE 1-3 Credit Hours
(repeatable for a total of 6 hours) selected research topics in theatre; to be elected only after all coursework in study area completed.
Prerequisite: Special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Standard Letter-IP

THEA 41113 THEATRE IN A MULTICULTURAL AMERICA (DIVD) 3 Credit Hours
(Slashed with THEA 51113) A study of theatre and drama in the Native American, Hispanic-American, African-American and Asian-American communities in the United States from 1980 to the present.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Domestic

THEA 41115 LGBTQ THEATRE (DIVD) 3 Credit Hours
(Slashed with THEA 51115) Studies of various theatrical representations of Lesbian, Gay, Bisexual, Transgender and Queer people as seen through the frameworks of history, gender theory, identity, politics, psychology, law and justice.
Prerequisite: Junior standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Domestic

THEA 41130 THEATRE AND DRAMA IN AMERICA 3 Credit Hours
(Slashed with THEA 51130) The history of theatre and drama in America from their beginnings to the present.
Prerequisite: THEA 21111; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41140 AMERICAN MUSICAL THEATRE HISTORY (WIC) 3 Credit Hours
Comprehensively examines the history of American musical theater and incorporates the exploration of musical literature in production and performance.
Prerequisite: Theatre major; and junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

THEA 41191 VARIABLE CONTENT SEMINAR: THEATRE HISTORY, LITERATURE AND THEORY 3 Credit Hours
(Repeatable for credit)(Slashed with THEA 51191) Seminar in theatre history and literature providing an in-depth focus on selected topics such as: African-American theatre, women in theatre, politics and theatre, theatre in a multicultural society, costume history on stage and screen.
Prerequisite: Special approval.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 41301 ACTING FOR THE CAMERA I 3 Credit Hours
(Slashed with THEA 51301) Introduction to the specific techniques used in film acting. The course provides students with the necessary tools to make the transition from stage acting to camera acting.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41302 ACTING FOR THE CAMERA II 3 Credit Hours
(Slashed with THEA 51302) Further development on the specific techniques used in film acting. The course continues to assist students in making the transition from stage acting to camera acting.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41304 ACTING II-SCENE STUDY-MODERN AMERICAN REALISM 3 Credit Hours
(Slashed with THEA 51304) The application of the Stanislavski and Michael Chekhov Techniques to in-depth scene study using the plays of Odets, Miller, Williams, Shanley and others.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 41305 PROFESSIONAL ASPECTS: PERFORMANCE 3 Credit Hours
(Slashed with THEA 51305) A study of the practical demands and requirements of a professional acting career with particular emphasis on audition skills. Also covered: pictures and resumes, making rounds, professional unions, casting directors, agents and managers, the job market and career prospects.
Prerequisite: Junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41306 PROFESSIONAL ASPECTS: DESIGN AND TECHNOLOGY 3 Credit Hours
A study of the practical demands and requirements of a professional career in design and technology, including portfolio development, resumes, unions, job market, financial matters and career prospects. Use of computers as a resource and tool emphasized.
Prerequisite: Junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41307 MUSICAL THEATRE PERFORMANCE II 3 Credit Hours
Repeatable for credit. Advanced work in musical theatre performance techniques for junior- and senior-level students. Course content includes selecting appropriate musical theatre audition material and developing contrasting selections from the musical theatre repertory. Preparation for musical theatre auditions is included.
Prerequisite: THEA 21306; and special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 41308 MUSICAL THEATRE AUDITION 3 Credit Hours
(Repeatable for credit) Course explore the various genres and styles of American musical theatre songs with specific emphasis on finding practical audition repertoire for each student. Performance and research are the primary activities in the class.
Prerequisite: Major or minor in School of Theatre and Dance.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1.5 lecture, 3 other
Grade Mode: Standard Letter

THEA 41401 ADVANCED DIRECTING 3 Credit Hours
(Slashed with THEA 51401) Advanced work in directing for the theatre. Topics include the director as creative/interpretative artist and the director and the actor; students direct individual projects.
Prerequisite: THEA 11303 and THEA 31401; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41420 THEATRICAL DRAFTING II 3 Credit Hours
(Slashed with THEA 51420) Advanced 2D and 3D drafting techniques for technical directors and theatre designers. Representation of scenery through drafting using current AutoCAD software.
Prerequisite: THEA 21521.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41430 ADVANCED CONSTRUCTION THEORY 3 Credit Hours
(Slashed with THEA 51430) The theory and practice of structural and mechanical design for theatre production. Related issues in resource management for the professional shop, including reliably predicting the performance of untraditional, unusual or unfamiliar structures and use of mathematical models, formulas, and representative diagrams.
Prerequisite: THEA 11722 and THEA 41560; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41440 SHOP MANAGEMENT 3 Credit Hours
(Slashed with THEA 51440) Study of resource management, both human and non-human, for professional and academic shops. Topics include scheduling, budgeting, health and safety, interactions with other theatre workers and leadership development.
Prerequisite: THEA 11722; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41499 MUSICAL THEATRE SHOWCASE (ELR) 2 Credit Hours
(Repeatable for credit) (Slashed with THEA 51499) Development, promotion, and presentation of a Musical Theatre showcase for industry casting personnel in New York City. Audition required prior to registration for this course.
Prerequisite: Senior standing; and special approval.
Schedule Type: Senior Project/Honors Thesis
Contact Hours: 3 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

THEA 41501 SENIOR PORTFOLIO REVIEW 1 Credit Hour
Review of a portfolio of theatre and related work, and a review of the student's academic progress coursework and professional potential judged by the design technology faculty at the end of the fall semester. Student must pass to remain eligible for the bfa design technology degree.
Prerequisite: Theatre design, production and technology major; senior standing and; special approval.
Schedule Type: Studio
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory

THEA 41521 ADVANCED LIGHTING TECHNOLOGY I 3 Credit Hours
(Slashed with THEA 51521) Advanced study of the technologies used in lighting design; conventional and intelligent fixtures, electricity, projection techniques and special effects.
Prerequisite: THEA 11732 and THEA 11734; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41522 DESIGN STUDIO: LIGHTING 3 Credit Hours
(Slashed with THEA 51522) Advanced study of lighting design, emphasizing artistic style and concept through a variety of design problems.
Prerequisite: THEA 21522; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41523 SOUND DESIGN AND TECHNOLOGY I 3 Credit Hours
(Slashed with THEA 51523) Sound design for the theatre, sound production and sound reinforcement techniques. Introduction to electronic equipment mixing consoles amplifiers speakers.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41524 DESIGN STUDIO: COSTUME 3 Credit Hours
(Slashed with THEA 51524) Advanced study in costume design. Genres styles in the context of performance spaces with an emphasis on research, practical considerations of costume production and communication between designer shop/personnel and designer director.
Prerequisite: THEA 21524; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41525 PROPS AND CRAFTS 3 Credit Hours
(Slashed with THEA 51525) Examination of the processes related to the creation and procurement of scenic and costume props.
Prerequisite: THEA 11722 and THEA 11732; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41526 ADVANCED LIGHTING TECHNOLOGY II 3 Credit Hours
(Slashed with THEA 51526) Course focuses on the practice of intelligent lighting programming and the technology of intelligent lighting fixtures.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41527 SOUND DESIGN AND TECHNOLOGY II 3 Credit Hours
(Slashed with THEA 51527) Studies in sound design, sound production and reinforcement for live performance. Advanced software applications will be explored.
Prerequisite: THEA 41523; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41528 THEATRE SOUND REINFORCEMENT 3 Credit Hours
(Slashed with THEA 51528) Studies in the theories and practice of audio mixing in support of live vocal and musical performance. Topics include wired and wireless microphones and real time digital processing of audio.
Prerequisite: THEA 41523; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41529 ADVANCED WIG AND MAKEUP TECHNIQUES-STAGE AND SCREEN 3 Credit Hours
(Slashed with THEA 51529) Advanced study of the process of designing and executing wigs and makeup with an emphasis on standards in the profession. Some prosthetic work required.
Prerequisite: Junior standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41531 THEATRICAL RIGGING 3 Credit Hours
(Slashed with THEA 51531) Course is designed to teach students the principles of stage rigging, knot tying and counterweight rigging systems used in theatrical and other live entertainment situations. Students examine the process involved in overhead applications for the theatre industry. Students learn the proper method to design and rig in theatrical environments through the explanation of tools, equipment, hardware and safety practices.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41540 DRAPING FOR THE THEATRE I 3 Credit Hours
(Slashed with THEA 51540) The course is designed to provide an introduction to the basics of draping and building flat patterning techniques from this knowledge as they apply to theatre.
Prerequisite: THEA 31526; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41541 DRAPING FOR THE THEATRE II 3 Credit Hours
(Slashed with THEA 51541) Course is designed to build upon skills developed in Draping for the Theatre I. Emphasis is placed on learning to drape over period undergarments such as corsetry, panniers, bustles, etc.
Prerequisite: THEA 31526; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41560 THEATRE FABRICATION TECHNOLOGY 3 Credit Hours
(Slashed with THEA 51560) History of technical production practice, materials theory and application in scenic construction technology.
Prerequisite: THEA 21521; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41562 ADVANCED PROJECTION DESIGN 3 Credit Hours
(Slashed with THEA 51562) Studies in projection design, digital media, and related technologies. Advanced software applications will be explored.
Prerequisite: THEA 11521; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41620 HISTORY OF PERIOD STYLES FOR THEATRE DESIGNERS (WIC) 3 Credit Hours
Students explore the way in which theatre designers approach period style in their own creative work.
Prerequisite: Theatre design, technology and production major; and junior standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

THEA 41621 PRESENTATION MEDIA 3 Credit Hours
(Slashed with THEA 51621) Advanced process techniques in rendering, model building and design presentation for the scenic costume and lighting designer in traditional and new media.
Prerequisite: THEA 11722 and THEA 11732 and THEA 21521; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41622 DESIGN STUDIO: SCENERY 3 Credit Hours
(Slashed with THEA 51622) Advanced study in scenic design. Explores genres styles performance spaces, including practical considerations.
Prerequisite: THEA 21622; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41625 HISTORY OF COSTUME AND TEXTILES FOR THEATRE 3 Credit Hours
(Slashed with THEA 51625) This class is designed to give a global overview of the history of period costume and textiles from 1500 to 1990, a span of time that is most often used in theatrical production and broken down into commonly regarded “time periods” in the history of costume as well as looking at clothing history across various continents and regions. Emphasis is placed on how, as theatre practitioners, we can recreate the silhouettes of these periods and regions in ways that make sense to our audience using the textiles available today. We will also look at the social and cultural influences of clothing, recognition of historic silhouette, and focus how to utilize various tools needed to accurately research any given period or region.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41702 MOVEMENT AND DANCE FOR ACTORS 3 Credit Hours
(Repeatable for a maximum of 6 credit hours)(Slashed with THEA 51702) Designed to acquaint actors with theatre dance techniques and choreographic styles by concentrating on vernacular dances used throughout musical theatre. Course combines basic ballet, jazz and tap terminology.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 41703 STAGE COMBAT 3 Credit Hours
(Repeatable for a maximum of 6 credit hours)(Slashed with THEA 51703) Introductory course focuses on creating the illusion of violence for the stage and screen. Basic instruction is given in unarmed and armed stage combat. Emphasis is on the development of technique; the process of the work; and the performance, with a focus on safety, accuracy and the fundamental techniques recognized by the Society of American Fight Directors (SAFD). Basic techniques are incorporated into short scenes to provide experience performing fights in production.
Prerequisite: Special approval.
Schedule Type: Laboratory, Lecture
Contact Hours: 2 lecture, 2 lab
Grade Mode: Standard Letter

THEA 41726 THEATRE MANAGEMENT 3 Credit Hours
Principles and practices of managing theatrical-producing organizations. Problems of finance, personnel, policy, program building and public relations. Production participation as assigned.
Prerequisite: Junior standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41734 COSTUME PRODUCTION MANAGEMENT 3 Credit Hours
(Slashed with THEA 51734) The course is designed to provide an introduction to managerial processes as they apply to costume production; the role of a shop manager, the roles of a wardrobe supervisor and wardrobe crew, and the running of a smooth technical rehearsal and production.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41736 PRODUCTION AND STAGE MANAGEMENT 3 Credit Hours
(Slashed with THEA 51736) Advanced investigation of the methodology used in stage managing professional theatrical productions and production management processes. Focus on production processes for various theatre, dance, opera and entertainment genres.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41804 MILLINERY TECHNIQUES 3 Credit Hours
(Slashed with THEA 51804) This course is designed to provide an introduction to the basics of millinery techniques. Emphasis is placed on essential millinery principles, quality millinery supplies and finishing techniques, as well as the design and patterning of a variety of hat wear.
Prerequisite: Junior standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 2 lecture, 2 other
Grade Mode: Standard Letter

THEA 41808 ACTING STYLES I: SHAKESPEARE 3 Credit Hours
(Slashed with THEA 51808) The application of acting, movement, and voice and speech techniques to sonnets, monologues, soliloquies and scenes from Shakespeare.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 41999 CAPSTONE PROJECT (ELR) 1-3 Credit Hours
The capstone project represents a culminating event for the student. Capstone projects can be undertaken in the junior or senior year and are identified in consultation with a faculty advisor. Honor students may combine the capstone project with an Honors thesis.
Prerequisite: Junior standing; and special approval.
Schedule Type: Project or Capstone
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

THEA 42002 MUSICAL THEATRE PERFORMANCE IV 3 Credit Hours
Course focuses on synthesizing the multiple aspects of musical theatre performance. Solo and ensemble work are emphasized with special concentration on scene work specific to musical theatre. This course is the culmination of the four-course sequence in musical theatre performance.
Prerequisite: THEA 32002.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1.5 lecture, 3 other
Grade Mode: Standard Letter

THEA 42040 SHOP MANAGEMENT 3 Credit Hours
(Slashed with THEA 52040) Course provides an in-depth exploration of the principles and practices of shop management specific to scenic and costume design, integrating foundational concepts of managerial science. Students learn about production processes, resource management, budgeting, organizational behavior, safety practices/OSHA requirements and strategic planning. The course emphasizes both theoretical frameworks and practical applications, preparing students for successful careers in theatrical production and management.
Prerequisite: THEA 11725 and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 42062 PRESENTATION MEDIA 3 Credit Hours
(Slashed with THEA 52062) Course explores the fundamental skills in drawing, painting, drafting and model building specifically designed for theatre production. Students develop techniques in visualizing and constructing set and costume designs. Emphasis is placed on artistic interpretation, spatial understanding and technical skills needed to communicate design concepts effectively for stage productions.
Prerequisite: THEA 11725 and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 42092 PRACTICUM: DESIGN AND TECHNOLOGY (ELR) 1-3 Credit Hours
(Repeatable for credit) Practical experience in theatre production under faculty supervision.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 3-9 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

THEA 42101 DYE TECHNIQUES AND FABRIC MODIFICATION 3 Credit Hours
(Slashed with THEA 52101) This course is designed to enable the artisan to identify fiber content and determine appropriate mediums for fabric dyeing. The course explores various techniques such as shabori, stamping, rubbing, and surface lifting in order to create special effects on fabrics. A collection of dye fabric samples and information will be created so student may use as a reference book.
Prerequisite: Junior standing; and special approval.
Schedule Type: Laboratory, Lecture
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

THEA 42150 3D CHARACTERS: FOAM FABRICATION AND FIGURE FINISHING TECHNIQUES 3 Credit Hours
(Slashed with THEA 52150) This course provides knowledge and application of the different types of plastics/foams used for 3D character building. This course is designed to enable the artisan to work with a range of materials when building atypical pieces for costumes or props.
Prerequisite: Junior standing; and special approval.
Schedule Type: Laboratory, Lecture
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

THEA 42192 PRACTICUM II: PERFORMANCE (ELR) 3 Credit Hours
(Repeatable for credit) Advanced practical experience in theatre performance under faculty supervision. Available for upper division students only.
Prerequisite: Junior or senior standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

THEA 42292 PRACTICUM II: THEATRE MANAGEMENT (ELR) 3 Credit Hours
(Repeatable for a maximum of 12 credit hours) Advanced practical experience in theatre management under faculty/staff supervision. Available for upper division students only.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

THEA 42999 PORTHOUSE PERFORMANCE EXPERIENCE (ELR) 3 Credit Hours
(Repeatable for credit) Intensive advanced training in practical aspects of production at Porthouse Theatre. Periodic seminars, research, written work and laboratory sessions in preparation for performance in a theatre company.
Prerequisite: Major or minor in the School of Theatre and Dance.
Schedule Type: Project or Capstone
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

THEA 50091 VARIABLE TOPIC SEMINAR: DEVISING THEATRE 3 Credit Hours
A devised theatre event is work that has emerged and been generated by a group of people working in collaboration. Devising Theatre explores the processes of creating original performances defined and determined by its makers. Process and product originate from stimuli other than traditional play scripts. Students learn specialist techniques by developing solo and group performance pieces. Alternative modes of making theatre performances are considered.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 51010 THEATRE AND SOCIAL CHANGE 3 Credit Hours
(Slashed with THEA 41010) This course interweaves the history, theory, practice and play text development in the field of theatre and social change.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51026 PLAYWRITING 3 Credit Hours
(Repeatable once for credit) Principles underlying playwriting for the contemporary theatre; analysis of short play form.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51027 ADVANCED PLAYWRITING 3 Credit Hours
(Repeatable once for credit)(Slashed with THEA 41027) Application of principles of playwriting to the longer play and to variations from traditional realism;play analysis and composition.
Prerequisite: THEA 51026; and graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51089 INTERNATIONAL EXPERIENCE: THEATRE AND SOCIAL CHANGE IN CZECHIA 3 Credit Hours
(Slashed with THEA 41089)(Repeatable for credit) Using a combination of in-depth research and direct learning experiences, this course explores the intersection between theatre and socio-political change through the example of Czechoslovakia's history from the 1968 Prague Spring to the Velvet Revolution of 1989/90 and on through today's concerns of Western late-stage capitalism. Students study both historical and contemporary texts, as well as view productions while on a study abroad program.
Prerequisite: Graduate standing.
Schedule Type: International Experience, Lecture
Contact Hours: 2 lecture, 1 other
Grade Mode: Standard Letter

THEA 51095 SPECIAL TOPICS 1-3 Credit Hours
(Repeatable for credit)Offered irregularly when unusual resources permit a topic.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

THEA 51113 THEATRE IN A MULTICULTURAL AMERICA 3 Credit Hours
A study of theatre and drama in the Native American, Hispanic American, African-American, and Asian American communities in the United States from 1980 to the present.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51115 LGBTQ THEATRE 3 Credit Hours
Studies of various theatrical representations of Lesbian, Gay, Bisexual, Transgender and Queer people as seen through the frameworks of history, gender theory, identity, politics, psychology, law, and justice.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51130 THEATRE AND DRAMA IN AMERICA 3 Credit Hours
The history of theatre and drama in America from their beginnings to the present.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51191 VARIABLE CONTENT SEMINAR: THEATRE HISTORY, LITERATURE AND THEORY 3 Credit Hours
(Repeatable for credit)Seminar focuses on selected topics in these areas, for example performance art, performance theory or theatre in a multicultural society.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 51301 ACTING FOR THE CAMERA I 3 Credit Hours
An introduction to the specific techniques used in film acting. The course provides students with the necessary tools to make the transition from stage acting to camera acting.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51302 ACTING FOR THE CAMERA II 3 Credit Hours
Further development on the specific techniques used in film acting as applied to the Graduate Actor. The course continues to assist in making the transition from stage acting to camera acting.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51303 ACTING I FOUNDATIONS/STANISLAVSKI AND MICHAEL CHEKHOV 3 Credit Hours
The Stanislavski and Michael Chekhov Techniques: A thorough exploration of Stanislavski's Method of Psycho-Physical Action, and the Michael Chekhov technique including atmosphere, psychological gesture, and qualities of movement.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 51304 ACTING II: SCENE STUDY-MODERN AMERICAN REALISM 3 Credit Hours
The application of the Stanislavski and Michael Chekhov Techniques to in-depth scene study using the plays of Odets, Miller, Williams, Shanley and others.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 51305 PROFESSIONAL ASPECTS: PERFORMANCE 3 Credit Hours
(Slashed with THEA 41305) A study of the practical demands and requirements of a professional acting career with particular emphasis on audition skills. Also covered pictures and resumes, making rounds, professional unions, casting directors, agents and managers, the job market and career prospects.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51308 MUSICAL THEATRE AUDITION 2 Credit Hours
(Repeatable for a maximum of 4 credit hours) Explore the various genres and styles of American musical theatre songs with specific emphasis on finding practical audition repertoire for each student. Performance and research will be the primary activities in the class.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

THEA 51401 ADVANCED DIRECTING 3 Credit Hours
Advanced work in directing for the theatre. Topics include director as creative interpretative artist, the director and the actor. Students direct individual projects.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51420 THEATRICAL DRAFTING II 3 Credit Hours
(Slashed with THEA 41420) Advanced 2D and 3D drafting techniques for technical directors and theatre designers. Representation of scenery through drafting using current AutoCAD software.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51430 ADVANCED CONSTRUCTION THEORY 3 Credit Hours
(Slashed with THEA 41430) The theory and practice of structural and mechanical design for theatre production. Related issues in resource management for the professional shop, including reliably predicting the performance of untraditional, unusual or unfamiliar structures and use of mathematical models, formulas, and representative diagrams. Graduate Students will cover steel construction, and cables.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51440 SHOP MANAGEMENT 3 Credit Hours
(Slashed with THEA 41440) Study of resource management, both human and non-human, for professional and academic shops. Topics include scheduling, budgeting, health and safety, interactions with other theatre workers and leadership development.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51499 MUSICAL THEATRE SHOWCASE 2 Credit Hours
(Repeatable for credit) (Slashed with THEA 41499) Development, promotion and presentation of a Musical Theatre showcase for industry casting personnel in New York City. Audition required prior to registration for this course.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Project or Capstone
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 51521 ADVANCED LIGHTING TECHNOLOGY I 3 Credit Hours
Advanced study of the technologies used in lighting design; conventional and intelligent fixtures, electricity, projection techniques and special effects.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51522 DESIGN STUDIO: LIGHTING 3 Credit Hours
Advanced study of lighting design, emphasizing artistic style and concept through a variety of design problems.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51523 SOUND DESIGN AND TECHNOLOGY I 3 Credit Hours
Sound design for the theatre, sound production and sound reinforcement techniques. Introduction to electronic equipment, mixing consoles, amplifiers, speakers.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51524 DESIGN STUDIO: COSTUME 3 Credit Hours
Advanced study in costume design. Genres, styles, in the context of performance spaces with an emphasis on research, practical considerations of costume production and communication between designer/shop personnel and designer/ director.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51525 PROPS AND CRAFTS 3 Credit Hours
Examination of the processes related to the creation and procurement of scenic and costume props.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51526 ADVANCED LIGHTING TECHNOLOGY II 3 Credit Hours
(Slashed with THEA 41526) Course focuses both on the practice of intelligent lighting programming and the technology of intelligent lighting fixtures.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51527 SOUND AND DESIGN TECHNOLOGY II 3 Credit Hours
(Slashed with THEA 41527) Studies in sound design, sound production and reinforcement for live performance. Advanced software applications will be explored.
Prerequisite: THEA 51523; and graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51528 THEATRE SOUND REINFORCEMENT 3 Credit Hours
Studies in the theories and practice of audio mixing in support of live vocal and musical performance. Topics include wired and wireless microphones and real time digital processing of audio. rerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51529 ADVANCED WIG AND MAKEUP TECHNIQUES-STAGE AND SCREEN 3 Credit Hours
Advanced study of the process of designing and executing wigs and makeup with an emphasis on standards in the profession. Some prosthetic work required.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51531 THEATRICAL RIGGING 3 Credit Hours
(Slashed with THEA 41531) Course is designed to teach students the principles of stage rigging, knot tying and counterweight rigging systems used in theatrical and other live entertainment situations. Students examine the process involved in overhead applications for the theatre industry. Students learn the proper method to design and rig in theatrical environments through the explanation of tools, equipment, hardware and safety practices.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51540 DRAPING FOR THE THEATRE I 3 Credit Hours
(Slashed with THEA 41540) The course is designed to provide an introduction to the basics of draping and building flat patterning techniques from this knowledge as they apply to theatre. More in-depth content for this graduate level course.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51541 DRAPING FOR THE THEATRE II 3 Credit Hours
(Slashed with THEA 41541) Course is designed to build upon skills developed in Draping for the Theatre I. Emphasis is placed on learning to drape over period undergarments such as corsetry, panniers, bustles, etc.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51560 THEATRE FABRICATION TECHNOLOGY 3 Credit Hours
History of technical production practice, materials theory and application in scenic construction technology.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51562 ADVANCED PROJECTION DESIGN 3 Credit Hours
(Slashed with THEA 41562) Studies in projection design, digital media, and related technologies. Advanced software applications will be explored.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51621 PRESENTATION MEDIA 3 Credit Hours
Advanced process techniques in rendering, model building and design presentation for the scenic costume and lighting designer in traditional and new media.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51622 DESIGN STUDIO:SCENERY 3 Credit Hours
Advanced study in scenic design. Explores genres, styles, performance spaces, including practical considerations.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51625 HISTORY OF COSTUME AND TEXTILES FOR THEATRE 3 Credit Hours
(Slashed with THEA 41625) This class is designed to give a global overview of the history of period costume and textiles from 1500 to 1990, a span of time that is most often used in theatrical production and broken down into commonly regarded “time periods” in the history of costume as well as looking at clothing history across various continents and regions. Emphasis is placed on how, as theatre practitioners, we can recreate the silhouettes of these periods and regions in ways that make sense to our audience using the textiles available today. We will also look at the social and cultural influences of clothing, recognition of historic silhouette, and focus how to utilize various tools needed to accurately research any given period or region.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51701 MOVEMENT, FORM AND SPACE I-THE ACTOR'S PHYSICAL INSTRUMENT 3 Credit Hours
Development of technical skills emphasizing the physical components of expressive action through integration of breath, voice and body conditioning.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 51702 MOVEMENT AND DANCE FOR ACTORS 3 Credit Hours
(Repeatable for a maximum of 6 credit hours) Designed to acquaint actors with theatre dance techniques and choreographic styles by concentrating on vernacular dances used throughout musical theatre. Course combines basic ballet, jazz, and tap terminology.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 51703 STAGE COMBAT 3 Credit Hours
(Repeatable for a maximum of 6 credit hours) (Slashed with THEA 41703) Introductory course focuses on creating the illusion of violence for the stage and screen. Basic instruction is given in unarmed and armed stage combat. Emphasis is on the development of technique; the process of the work; and the performance, with a focus on safety, accuracy and the fundamental techniques recognized by the Society of American Fight Directors (SAFD). Basic techniques are incorporated into short scenes to provide experience performing fights in production.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Laboratory, Lecture
Contact Hours: 2 lecture, 2 lab
Grade Mode: Standard Letter

THEA 51734 COSTUME PRODUCTION MANAGEMENT 3 Credit Hours
(Slashed with THEA 41734) The course is designed to provide an introduction to managerial processes as they apply to costumes, the role of a shop manager, the role of a wardrobe supervisor and the wardrobe crew, the running of a smooth technical rehearsal and production.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51736 PRODUCTION AND STAGE MANAGEMENT 3 Credit Hours
Advanced investigation of the methodology used in stage managing professional theatrical productions and production management processes. Focus on production processes for various theatre, dance, opera and entertainment genres.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51803 VOICE AND SPEECH I 3 Credit Hours
Practical study and application of voice and speech production for the actor into various styles of verse and prose, including heightened language and text.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2 lecture, 2 lab
Grade Mode: Standard Letter

THEA 51804 MILLINERY TECHNIQUES 3 Credit Hours
(Slashed with THEA 41804) This course is designed to provide an introduction to the basics of millinery techniques. Emphasis is placed on essential millinery principles, quality millinery supplies and finishing techniques, as well as the design and patterning of a variety of hat wear.
Prerequisite: Graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 2 lecture, 2 other
Grade Mode: Standard Letter

THEA 51808 ACTING STYLES I: SHAKESPEARE 3 Credit Hours
The application of acting, movement, and voice and speech techniques to sonnets, monologues, soliloquies, and scenes from Shakespeare.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 52040 SHOP MANAGEMENT 3 Credit Hours
(Slashed with THEA 42040) Course provides an in-depth exploration of the principles and practices of shop management specific to scenic and costume design, integrating foundational concepts of managerial science. Students learn about production processes, resource management, budgeting, organizational behavior, safety practices/OSHA requirements and strategic planning. The course emphasizes both theoretical frameworks and practical applications, preparing students for successful careers in theatrical production and management.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 52062 PRESENTATION MEDIA 3 Credit Hours
(Slashed with THEA 42062) Course explores the fundamental skills in drawing, painting, drafting and model building specifically designed for theatre production. Students develop techniques in visualizing and constructing set and costume designs. Emphasis is placed on artistic interpretation, spatial understanding and technical skills needed to communicate design concepts effectively for stage productions.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 52101 DYE TECHNIQUES AND FABRIC MODIFICATION 3 Credit Hours
(Slashed with THEA 42101) This course is designed to enable the artisan to identify fiber content and determine appropriate mediums for fabric dyeing. The course explores various techniques such as shabori, stamping, rubbing, and surface lifting in order to create special effects on fabrics. A collection of dye fabric samples and information will be created so student may use as a reference book.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Laboratory, Lecture
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

THEA 52150 THREE-DIMENSIONAL CHARACTERS: FOAM FABRICATION AND FIGURE FINISHING TECHNIQUES 3 Credit Hours
(Slashed with THEA 42150) This course provides knowledge and application of the different types of plastics/foams used for 3D character building. This course is designed to enable the artisan to work with a range of materials when building atypical pieces for costumes or props.
Prerequisite: Graduate Standing and special approval.
Schedule Type: Laboratory, Lecture
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

THEA 60196 INDIVIDUAL INVESTIGATION: HISTORIC TEXTILES 3 Credit Hours
(Repeatable for credit)Identification and analysis of textile fabric as the reflection of culture.
Prerequisite: Graduate standing.
Schedule Type: Individual Investigation
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 60199 M.F.A. THESIS PROJECT 3 Credit Hours
(Repeatable for credit)Students must register for course during the semester of their M.F.A. thesis project.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Masters Thesis
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 60992 PROFESSIONAL THEATRE INTERNSHIP I 3,6 Credit Hours
(Repeatable once) Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in the Porthouse Theatre Company.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 61000 INTRODUCTION TO GRADUATE STUDY IN THEATRE 3 Credit Hours
Orientation to bibliography and research in the field of theatre with emphasis on application of research to performance.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 61051 GRADUATE PORTFOLIO REVIEW 1 Credit Hour
(Repeatable for credit) This review offers students the opportunity to develop and present a professional-level portfolio and related documentation that shows their development as graduate students in theatre design and technology. Students meet with their faculty advisors to develop their portfolios and receive verbal and written responses to their work. This feedback provides students a benchmark for how they will be assessed in the design technology industry.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory

THEA 61094 COLLEGE TEACHING IN THEATRE 3 Credit Hours
(Repeatable for credit) Strategies for teaching, issues on implications of pedagogical practice and responsibilities of academic leadership.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 61095 SPECIAL TOPICS 1-3 Credit Hours
(Repeatable for credit) Offered irregularly when unusual resources permit a topic different from existing courses. Topic are announced when scheduled.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

THEA 61096 INDIVIDUAL INVESTIGATION: THEATRE AND DRAMA 1-4 Credit Hours
(Repeatable for a maximum of 6 credit hours) Independent study of an area or problem approved by divisional graduate coordinator in consultation with project director.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-4 other
Grade Mode: Standard Letter-IP

THEA 61098 RESEARCH 1-15 Credit Hours
(Repeatable for credit) Research or individual investigation for master's-level graduate students. Credits may be applied toward meeting degree requirements with school approval.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Research
Contact Hours: 1-15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 61303 ACTING III SCENE STUDY: NATURALISM AND ABSURD 3 Credit Hours
In-depth scene study in the genres of Naturalism and Absurd theatre. Exploration of the works of Chekhov, Strindberg, Beckett and others.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 61305 ACTING STYLES II: GREEK AND COMEDY OF MANNERS 3 Credit Hours
Application of acting, movement and speech techniques to these specific genres. Focus on style and physicalization using Greek and English Restoration playwrights as well as Molière, Wilde and others.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 61306 PROFESSIONAL ASPECTS: DESIGN AND TECHNOLOGY 3 Credit Hours
A study of the practical demands and requirements of a professional career in design and technology, including portfolio development, resumes, unions, job market, financial matters and career prospects. Emphasis is placed on developing skills and materials for finding employment and the use of marketing communication techniques.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 61309 MASTER OF FINE ARTS COMPREHENSIVE PROJECT IN ACTING 1-3 Credit Hours
Intensive work in the development of the practical aspects of production; includes performance or exhibition of work, documentation of that work in a format appropriate for area and project, and an exit interview.
Prerequisite: THEA 61000; and graduate standing; and special approval of instructor.
Schedule Type: Laboratory
Contact Hours: 3-9 lab
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 61310 MASTER OF FINE ARTS DESIGN AND TECHNOLOGY CULMINATING PROJECT 3 Credit Hours
An intensive experience in the development of design and/or technical aspects of a theatrical production; the scope of work may include but not necessarily be limited to research, drawings and drafting, renderings and associated digital image, video or audio files. Documentation (appropriate for the area and project) is presented at an exit interview.
Prerequisite: THEA 61000; and graduate standing; and special approval of instructor.
Schedule Type: Individual Investigation, Masters Thesis, Studio
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 61420 COLLABORATION IN PRODUCTION STUDIO 1 Credit Hour
Knowledge acquisition and the development of skills to create resolve and present well-reasoned theatrical design. Students will employ the design and production process, observation of deadlines, and collaboration with other designers and technical directors, as a structure to elevate production.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Seminar
Contact Hours: 1 lecture
Grade Mode: Standard Letter

THEA 61525 MILLINERY AND 3-D CHARACTERS 3 Credit Hours
Advanced studies of techniques of millinery construction and 3D character construction with an emphasis on current practice in the industry.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 61528 DESIGN PROCESS AND COLLABORATION 3 Credit Hours
Introduction to the design process and collaboration in a theatrical production. Students have the opportunity to analyze best practices, strategies and the strengths and challenges of designers.
Prerequisite: THEA 61000; and graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 61531 PERIOD STYLE FOR THEATRE DESIGNERS 3 Credit Hours
An exploration of the relationship of period style, historical context and the designer's artistic choices in contemporary interpretations of period plays.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 61623 DIGITAL RENDERING THEATRE DESIGN 3 Credit Hours
Explores a variety of digital rendering methods for artistic 2D and 3D graphics visualization of theatrical design concepts.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 61701 MOVEMENT, FORM AND SPACE II-NEUTRAL AND CHARACTER MASK 3 Credit Hours
Advanced skills and conditioning focusing on the physical and vocal qualities of characterization achieved through performance in masks.
Prerequisite: THEA 51701; and graduate standing; and special approval of instructor.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 61703 MOVEMENT, FORM AND SPACE III 3 Credit Hours
Advanced skills and conditioning focusing on the physical and vocal qualities of characterization achieved through period movement. This course allows actors to effectively perform movement and styles from specific historical periods and genres.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Seminar, Studio
Contact Hours: 2 lecture, 2 other
Grade Mode: Standard Letter

THEA 61803 VOICE AND SPEECH II 3 Credit Hours
Ongoing study and application of voice and speech technique into various styles of text, and the analysis and development of accents for performance and presentation.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2 lecture, 2 lab
Grade Mode: Standard Letter

THEA 61804 VOICE AND SPEECH III 3 Credit Hours
Advanced study and application of voice and speech techniques, focusing on the extremes of vocal demands.
Prerequisite: THEA 51803; and graduate standing; and special approval.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2 lecture, 2 lab
Grade Mode: Standard Letter

THEA 61806 SINGING FOR THE ACTOR 1 Credit Hour
A comprehensive study of performance techniques and repertoire appropriate to the singing actor.
Prerequisite: THEA 51801; and graduate standing; and special approval of instructor.
Schedule Type: Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

THEA 61992 PROFESSIONAL THEATRE INTERNSHIP II 3,6 Credit Hours
(Repeatable for credit)Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in a professional theatre company.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3 lecture
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 62000 INTRODUCTION TO GRADUATE STUDY IN THEATRE 3 Credit Hours
Course focuses on developing the academic and professional skills needed for success in a rigorous graduate program. Emphasis is placed on critical thinking, research methods, theatrical production processes, dramaturgy and effective teaching strategies. Students explore approaches to theatrical design, production and pedagogy, while also learning how to critically analyze dramatic works within a historical, cultural and theoretical context.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 62092 PRACTICUM: DESIGN/TECHNOLOGY 3 Credit Hours
(Repeatable for credit) Practical experience for the graduate student in theatre design and technology under faculty supervision.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Practical Experience
Contact Hours: 3 lecture
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 62192 PRACTICUM: PERFORMANCE 3 Credit Hours
(Repeatable for credit) (Cross-listed with KBT 62192) Practical experience for the graduate student in theatre performance under faculty supervision.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Practical Experience
Contact Hours: 3 lecture
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 62292 PRACTICUM:THEATRE MANAGEMENT 3 Credit Hours
(Repeatable for a maximum of 12 credit hours) Practical experience for the graduate student in theatre management under faculty/staff supervision.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 62392 PRACTICUM: PERORMANCE PEDAGOGY 1 Credit Hour
(Repeatable for credit) Advanced practical experience in theatre performance pedagogy under faculty supervision.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 62892 THEATRE PRACTICUM 1 Credit Hour
(Repeatable twice for credit) Practical experience for the graduate student in cocurricular theatre activities, under faculty supervision.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 1 lecture
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 62992 THEATRE PRODUCTION INTERNSHIP 1-6 Credit Hours
(Repeatable for a maximum of 12 credit hours)(Slashed with THEA 72992) Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in a theatre company or touring with Kent Theatre Ensemble.
Prerequisite: Graduate standing; and special approval of advisor.
Schedule Type: Practical Experience
Contact Hours: 1-6 lecture
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 63001 SCENIC DESIGN I: FOUNDATIONS IN SINGLE SET SCENIC DESIGN 2 Credit Hours
Introduction to the methodology and practice of professional scene design. Application of knowledge made through a series of design projects. Script Analysis, perspective rendering and model-making techniques will be emphasized for single set productions.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 63002 SCENIC DESIGN II: ADVANCED SINGLE SET SCENIC DESIGN 2 Credit Hours
Inquiry to the methodology and practice of professional scene design. Application of knowledge will be through a series of complex design projects. Script analysis, drafting, perspective rendering and more advanced model-making techniques will be emphasized.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 63003 SCENIC DESIGN III: DESIGNING BEYOND DRAMA 2 Credit Hours
An advanced approach to professional scene design as it applies to opera, musical theatre, and the entertainment industry. Advanced design communication techniques will be applied through a series of design projects. Textual analysis, conceptual unit/multi-set productions, storyboarding, and advanced visual communication/presentation techniques will be emphasized.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special permission.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 63004 SCENIC DESIGN IV: ADVANCED MULTI-SETTING DESIGN 2 Credit Hours
An advanced approach to professional scene design as it applies to opera, musical theatre, and the entertainment industry in non-traditional spaces. Advanced design communication techniques will be applied through a series of design projects. Analysis, conceptual unit/multi-set productions, storyboarding, and advanced visual communication/presentation techniques will be emphasized.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special permission.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 63005 SCENIC DESIGN V: ENTERTAINMENT AND PRODUCTION DESIGN 2 Credit Hours
An advanced approach to professional scene design as it applies to industrials,showrooms and the entertainment industry. Knowledge of techniques will be applied through a series of design projects, analysis, conceptual approaches, storyboarding, and advanced visual communication/presentation techniques. This course will focus on refinement of the theoretical and practical skills of the professional scenic designer.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 63006 SCENIC DESIGN VI: NON-TRADITIONAL AND SITE-SPECIFIC PERFORMANCES 2 Credit Hours
An advanced approach to professional scene design as it applies to industrials and the entertainment industry. Site specific design communication techniques will be applied through a series of design projects. Analysis, conceptual approaches, storyboarding, and advanced visual communication/presentation techniques will be emphasized.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 63092 PRODUCTION COLLABORATION: SCENIC DESIGN 1-2 Credit Hours
(Repeatable for credit) Practical preparation, design and production work as applied to Scenic design within the School of Theatre and Dance. This course will serve as both a time to cultivate management of resources and synthesize information in developing solutions to production-related issues in scene design. Repeatable to a maximum of 8 credits.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3-6 other
Grade Mode: Standard Letter

THEA 63192 MENTORSHIP IN PERFORMANCE 3 Credit Hours
(Repeatable for a total of 6 credit hours) Development of advanced skills and abilities to mentor student performers in aspects of the profession, including professional behavior, understanding of the business and the actor's creative process. Major work done while participating in rehearsal and performance of main stage productions or assisting in THEA 41305/ THEA 51305. Students may take the course alongside THEA 62192.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Practical Experience
Contact Hours: 6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 64001 THEATRE TECHNICAL DIRECTION I: FOUNDATIONS I 2 Credit Hours
Investigation of publications in the field of technical theatre and their relevance to examining the technical manager as planner, artist, creative thinker positive leader and colleague.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 64002 THEATRE TECHNICAL DIRECTION II: FOUNDATIONS II 2 Credit Hours
Continued Investigation of publications in the field of technical theatre and their relevance to examining the technical manager as planner, artist, creative thinker positive leader and colleague.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 64003 THEATRE TECHNICAL DIRECTION III: TOURING PRODUCTIONS 2 Credit Hours
Course covers the logistics of transporting a theatrical production, the concepts and needs of touring productions, and different construction techniques needed for disassembly and quick reassembly.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 64004 THEATRE TECHNICAL DIRECTION IV: EDUCATIONAL THEATRE 2 Credit Hours
Examination of the roles of the technical director in academia, including the evolution of and current state of technical theatre education. Course will explore the work and presentations of the USITT Education Commission.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 64005 THEATRE TECHNICAL DIRECTION V: MECHANICS AND AUTOMATION 2 Credit Hours
Examination of the techniques and applications of automated scenery and stage mechanics.
Prerequisite: Graduate Standing in the School of Theatre & Dance and special permission.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 64006 THEATRE TECHNICAL DIRECTION VI: HEALTH AND SAFETY 2 Credit Hours
Focus on the health & safety concerns of live performance, including the organizations OSHA, NFPS, ANSI, Red Cross, their protocols and their relation to theatre.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 64092 PRODUCTION COLLABORATION: TECHNICAL DIRECTION 1-2 Credit Hours
(Repeatable for credit) Practical preparation, design and production work as applied to technical direction within the School of Theatre and Dance. This course will serve as both a time to cultivate management of resources and synthesize information in developing solutions to production-related issues in technical direction. Repeatable to a maximum of 8 credits.
Prerequisite: Graduate standing in the School of Theatre and Dance.
Schedule Type: Practical Experience
Contact Hours: 3-6 other
Grade Mode: Standard Letter

THEA 64192 MENTORSHIP AT PORTHOUSE 3 Credit Hours
(Repeatable for a total of 6 credit hours) Development of advanced skills and abilities to mentor student performers in aspects of the profession, including professional behavior, understanding of the business and the actor's creative process. Major work done while participating in rehearsal of Porthouse Theatre productions. Students may take the course alongside THEA 62192.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Practical Experience
Contact Hours: 6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 65000 HISTORY, HISTORICISM, THEORY AND PRACTICE IN THEATRE AND DRAMA 3 Credit Hours
Course covers the breadth of theatre history and historicism and application of theatre theory to practice by focusing on the six major stylistic periods: Greek and Roman, Medieval, Renaissance, Romanticism, Realism and Non Realism (symbolism, expressionism, surrealism, absurdism) and contemporary period (postmodernism, feminism and interculturalism, multiculturalism). Using lecture, scholarly articles, video viewing and practical writing projects, students learn about and practice each style, as well appl the style to students' respective areas of graduate study (i.e. actor, director, designer).
Prerequisite: THEA 61000; and graduate standing; and special approval.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 65001 LIGHTING DESIGN I: DRAMA 2 Credit Hours
Advanced exploration and development of artistic processes and method for lighting design in drama.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 65002 LIGHTING DESIGN II: MUSICAL THEATRE 2 Credit Hours
Advanced exploration and development of artistic processes and methods for lighting design in musical theatre.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 65003 LIGHTING DESIGN III: DANCE AND OPERA 2 Credit Hours
Advanced exploration and development of artistic processes and methods for lighting design in classical and contemporary dance and opera.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 65004 LIGHTING DESIGN IV: NON-TRADITIONAL PRODUCTIONS 2 Credit Hours
Exploration and development of artistic processes and methods in lighting design for non- traditional works, including multidisciplinary and devised productions.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 65005 LIGHTING DESIGN V: ARCHITECTURAL AND INTERIOR LIGHTING 2 Credit Hours
Exploration and development of artistic processes and methods in lighting design for architectural and commercial interiors.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 65006 LIGHTING DESIGN VI: NEW TECHNOLOGY 2 Credit Hours
Exploration of innovative technology and technological tools and their application to lighting design. The course includes exploration of non-conventional, automated, projection and LED technologies.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 65092 PRODUCTION COLLABORATION: LIGHTING DESIGN 1-2 Credit Hours
(Repeatable for credit) Practical preparation, design and production work as applied to lighting design within the School of Theatre and Dance. This course will serve as both a time to cultivate management of resources and synthesize information in developing solutions to production-related issues in lighting. Repeatable to a maximum of 8 credits.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3-6 other
Grade Mode: Standard Letter

THEA 65192 TEACHING PRACTICUM 1-6 Credit Hours
(Repeatable for credit) Application of strategies for teaching at the college level. Development of advanced skills in course preparation, classroom management and pedagogical practice. Major work done teaching or assisting with undergraduate classes.
Prerequisite: THEA 62000; and graduate standing.
Schedule Type: Practical Experience
Contact Hours: 3.6-21.6 other
Grade Mode: Satisfactory/Unsatisfactory

THEA 66001 COSTUME DESIGN I: SCRIPT ANALYSIS 2 Credit Hours
Exploration and development of different methods and artistic processes for costume design. By focusing on textual analysis, the costume student will be able to explore a wide variety of performance types.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 66002 COSTUME DESIGN II: PERFORMANCE GENRES 2 Credit Hours
Exploration and development of different methods and artistic processes for costume design in diverse genres, including dance, opera, and circus.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 66003 COSTUME DESIGN III: THEATRICAL STYLES 2 Credit Hours
Advanced exploration of costume designs which incorporate both historical and thematic stylized conventions.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 66004 COSTUME DESIGN IV: ADVANCED RENDERING 2 Credit Hours
Development of advanced figure drawing study and rendering techniques in order to strengthen the student's skill and facility in producing costume renderings.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 66005 COSTUME DESIGN V: RESEARCH METHODS 2 Credit Hours
Intensive focus on the variety of research methodologies and their application to both contemporary and period costume designs.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 66006 COSTUME DESIGN VI: TEXTILES 2 Credit Hours
An understanding of the appropriate application of many common and specialty fabrics used in costume design.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 66092 PRODUCTION COLLABORATION: COSTUME DESIGN/ TECHNOLOGY 1-2 Credit Hours
(Repeatable for credit) Practical preparation, design and production work as applied to Costuming within the School of Theatre and Dance.This course will serve as both a time to cultivate management of resources and synthesize information in developing solutions to production-related issues in costumes. Repeatable to a maximum of 8 credits.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3-6 other
Grade Mode: Standard Letter

THEA 72992 THEATRE PRODUCTION INTERNSHIP 1-6 Credit Hours
(Repeatable for a total of 12 credit hours)(Slashed with THEA 62992) Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in a theatre company or touring with Kent Theatre Ensemble.
Prerequisite: Doctoral standing and special approval of advisor.
Schedule Type: Lecture, Practical Experience
Contact Hours: 1-6 lecture
Grade Mode: Satisfactory/Unsatisfactory-IP

Arts Entrepreneurship - Minor

College of the Arts
College of the Arts
www.kent.edu/artscollege

About This Program

The Arts Entrepreneurship minor is open to all undergraduate students and offers an interdisciplinary curriculum from the College of the Arts and the Ambassador Crawford College of Business and Entrepreneurship. Students enhance their arts or arts-adjacent degree by developing an entrepreneurial mindset and professional practice skills designed to give agency to create opportunities. Students customize their studies with courses that complement their talents and goals so they can thrive as entrepreneurs in the arts or any creative industry.

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

Program Requirements

Minor Requirements

Code	Title	Credit Hours
Minor Requirements		
CA 20004	BEST PRACTICES IN THE ARTS	2
CA 20005	INNOVATIVE APPLICATIONS IN THE ARTS	2
ENTR 27056	INTRODUCTION TO ENTREPRENEURSHIP	3
ENTR 37040	ENTREPRENEURIAL TOOLS	3
Entrepreneurship Elective, choose from the following:		3
ENTR 37045	SALES IN THE ENTREPRENEURIAL VENTURE	
ENTR 37065	ENTREPRENEURIAL FINANCE	
ENTR 37070	SOCIAL ENTREPRENEURSHIP	
ENTR 37075	ENTREPRENEURIAL MARKETING	
ENTR 37195	SPECIAL TOPICS IN ENTREPRENEURSHIP I	
Minor Elective, choose from the following:		2-3
ART 40008	PROFESSIONAL PRACTICES IN VISUAL ARTS (WIC)	
ARTE 41525	ART EDUCATION: INQUIRY INTO PROFESSIONAL PRACTICE	
CA 31300	MUSIC CAREER DEVELOPMENT AND ENTREPRENEURSHIP	
DAN 47060	PROFESSIONAL ASPECTS IN DANCE	
FDM 35280	FASHION ENTREPRENEURSHIP	
THEA 41305	PROFESSIONAL ASPECTS: PERFORMANCE	
THEA 41306	PROFESSIONAL ASPECTS: DESIGN AND TECHNOLOGY	
THEA 41726	THEATRE MANAGEMENT	
Minimum Total Credit Hours:		**15**

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.250	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Discuss career options within and outside their discipline.
2. Develop a plan for a sustainable "life in the arts" and chart a career path.
3. Demonstrate practical skills in research, financial planning, marketing and networking.
4. Analyze contracts, copyright and other legal practices.

Art (ART)

ART 10022 2D COMPOSITION 3 Credit Hours

This course is a basic introduction to flat pictorial composition. Students will explore the basic principles of design and the application of elements (line, shape, value, texture, and color) to the two-dimensional surface. Students will learn to work with traditional materials as well as new technology. In addition to developing technical proficiency with a variety of materials and tools, emphasis will be placed on visual literacy and critical thinking skills throughout this course. All work (preliminary and final) must be retained for the duration of the semester and beyond as required.

Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

ART 10023 3D COMPOSITION 3 Credit Hours

Course serves as the introductory three-dimensional experience, focusing on fundamental principles, elements and strategies of visual organization. Focus is on creative problem solving using a variety of approaches and materials, and favors non-equipment intensive assignments. Students develop critical thinking and practical skills relating to three-dimensional form and space. This foundation-level course prepares students for subsequent study within all the visual arts.

Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

ART 10024 DIGITAL MEDIA 3 Credit Hours
This course introduces concepts, tools, software and a series of guided exercises to support the creative integration of digital media into making and understanding visual art. In addition to developing technical proficiency with digital media, emphasis is placed on visual literacy and critical thinking skills throughout this course.
Prerequisite: Art Education major or Art History major or Studio Art major.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ART 30001 COMMON REVIEW 1 Credit Hour
The course provides an introduction to professional visual arts practices, as well as a candid assessment of a student's emerging strengths. This formative review of digital portfolios, physical artwork and student writing by a panel of School of Art faculty members is intended to assist students in deciding on concentration(s) and a degree program prior to enrollment in upper-division courses.
Prerequisite: ART 10022 and ART 10023 and ART 10024 and ARTH 22007 and ARTS 14000; and two of the following courses: ARTS 14001, ARTS 24002, ARTS 24010, ARTS 24040, ARTS 24051, ARTS 24061, ARTS 25310, ARTS 25400, ARTS 25600 and ARTS 25700; and special approval.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

ART 30692 EXPERIENTIAL LEARNING IN THE VISUAL ARTS (ELR) 1-3 Credit Hours
(Repeatable for credit) An undergraduate, experience-based learning activity carried out in a visual arts setting. Emphasis is on the goals of connecting ideas, concepts and skills developed in coursework to applications in new or different contexts, demonstrating how this experience has broadened students' understanding of their discipline, and reflection on significance of the experience. Learning contract required.
Prerequisite: School of Art major; and junior standing; and special approval of faculty sponsor.
Schedule Type: Practical Experience
Contact Hours: 3-9 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

ART 40008 PROFESSIONAL PRACTICES IN VISUAL ARTS (WIC) 3 Credit Hours
Introduction to the concerns and practices of the professional artist/craftsperson.
Prerequisite: Studio Art major; and junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

ART 40099 B.A. STUDIO ART CAPSTONE (ELR) (WIC) 3 Credit Hours
This writing-intensive course is an integrative experience that brings together all components of the B.A. in Studio Art. Students work on a final presentation and supportive cumulative dossier with complementary writing assignments.
Prerequisite: College of the Arts major; and junior standing.
Schedule Type: Project or Capstone
Contact Hours: 3 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement, Writing Intensive Course

ART 41093 VARIABLE TITLE WORKSHOP IN ART 1-6 Credit Hours
(Slashed with ART 51093)(Repeatable for maximum of 18 credit hours) Topics vary per course offering.
Prerequisite: Special approval.
Schedule Type: Workshop
Contact Hours: 1-6 other
Grade Mode: Satisfactory/Unsatisfactory

ART 51093 VARIABLE TITLE WORKSHOP IN ART 1-6 Credit Hours
(Slashed with ART 41093)(Repeatable for credit) Topics vary per course offering.
Prerequisite: Graduate standing.
Schedule Type: Workshop
Contact Hours: 1-6 other
Grade Mode: Satisfactory/Unsatisfactory

ART 67199 M.A.THESIS I 2-6 Credit Hours
Thesis students must register for a minimum of 6 hours, 2 to 6 hours in a single semester distributed over several semesters if desired.
Prerequisite: Graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

ART 67299 M.A.THESIS II 2 Credit Hours
(Repeatable for credit) Thesis students must continue registration each semester until all degree requirements are met.
Prerequisite: ART 67199; and graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

ART 69199 M.F.A. THESIS I 2-6 Credit Hours
Thesis students must register for a total of 6 credit hours, 2 to 6 credit hours in a single semester distributed over several semesters if desired.
Prerequisite: Graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

ART 69299 M.F.A. THESIS II 2 Credit Hours
Thesis students must continue registration each semester until all degree requirements are met.
Prerequisite: ART 69199; and graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

Art Education (ARTE)

ARTE 31001 ART EDUCATION: FOUNDATIONS AND CONCEPTS - ELEMENTARY 3 Credit Hours
An introduction to visual arts education for the young child (PreK-6) using current theory and practice. Curriculum foci include the study of developmental stages of children's art expression and response, creative expression, response dimensions related to art, diversity and educational practices. Course activities include lecture, research, discussion, group activities, studio and field experiences.
Prerequisite: Art Education major.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTE 31005 SPECIAL TOPICS: ART EDUCATION- 2-4 Credit Hours
(Repeatable for credit) Content varies per course offering.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 2-4 lecture
Grade Mode: Standard Letter-IP

ARTE 31092 ART EDUCATION :TEACHING PRACTICUM (ELR) 3 Credit Hours
A teaching experience for applying art education concepts. Analysis of instructional problems emphasized. Fifty-four field and/or clinical hours are associated with this course.
Prerequisite: ARTE 31001; and minimum 2.500 overall GPA.
Schedule Type: Lecture, Practical Experience
Contact Hours: 2 lecture, 3 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

ARTE 31096 INDIVIDUAL STUDY ART EDUCATION 2-10 Credit Hours
(Repeatable for credit) Additional study in areas of a student's choice in consultation with adviser.
Prerequisite: Special approval.
Schedule Type: Individual Investigation
Contact Hours: 2-10 other
Grade Mode: Standard Letter-IP

ARTE 41002 ART EDUCATION: FOUNDATIONS AND CONCEPTS - SECONDARY (ELR) 3 Credit Hours
This course emphasizes the connections between the development of each student's visual arts education philosophy and its practical applications to teaching, communication with learners at the secondary level, disabled students and non-student audiences, assessment, demonstrations, classroom management, arts advocacy, etc. Off-campus field and/or clinical hours are associated with this course.
Prerequisite: ARTE 31092; and minimum 2.500 overall GPA.
Schedule Type: Practical Experience, Studio
Contact Hours: 7 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

ARTE 41004 PRE-KINDERGARTEN-12 DESIGN EDUCATION 3 Credit Hours
(Slashed with ARTE 51004) The purpose of this course is to demonstrate the importance of and provide strategies for teaching design in PreK-12 visual arts programs. Students learn the design process and design thinking, adapted specifically for the context of education. The four broad areas of environmental design, communication design, product design and interactive design are covered. The primary focus is on lesson development using the design process, addressing the design areas, working through challenges that integrate with other subject areas and applying design innovation materials and technologies.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTE 41009 ART EDUCATION MAJOR REVIEW 1 Credit Hour
Examination of student's knowledge, proficiency and ability to apply concepts in art and art education.
Prerequisite: Minimum 2.500 overall GPA.
Pre/corequisite: ARTE 41002 and ARTE 41192.
Schedule Type: Studio
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

ARTE 41089 INTERNATIONAL EXPERIENCE: ART EDUCATION (DIVG) (ELR) 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTE 51089) A Kent State faculty-led study abroad experience in art education that integrates traditional classroom learning with experiential activities and site visits outside the United States.
Prerequisite: Art Education major; and special approval.
Schedule Type: International Experience
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Diversity Global, Experiential Learning Requirement

ARTE 41090 STUDY AWAY: ART EDUCATION (ELR) 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTE 51090) Travel-based study away in art education at a site or sites away from Kent State University.
Prerequisite: Art education major.
Schedule Type: Study Away
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

ARTE 41095 SPECIAL TOPICS IN ART EDUCATION 1-3 Credit Hours
(Repeatable for credit)(Slashed with ARTE 51095)Upper-division course whose content changes in accordance with the interest and competence of faculty.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

ARTE 41096 INDIVIDUAL STUDY-ART EDUCATION 1-6 Credit Hours
(Repeatable for credit) Additional study in areas of students' choice in consultation with adviser.
Prerequisite: Special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-6 other
Grade Mode: Standard Letter-IP

ARTE 41192 ART EDUCATION: FIELD EXPERIENCE (ELR) (WIC) 3 Credit Hours
(Slashed with ARTE 51192) The knowledge and skills emphasized in this course focus on two major areas: (1) planning and teaching visual arts lessons in secondary educational settings with a focus on content and understanding of the theoretical and methodological processes involved, and (2) analyzing, interpreting and critiquing visual arts and design education situations to understand and improve instructional performance. Off-campus field and/or clinical hours are associated with this course.
Prerequisite: Minimum 2.500 overall GPA; and special approval.
Pre/corequisite: ARTE 41002.
Schedule Type: Practical Experience, Studio
Contact Hours: 8.5 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement, Writing Intensive Course

ARTE 41525 ART EDUCATION: INQUIRY INTO PROFESSIONAL PRACTICE 3 Credit Hours
(Slashed with ARTE 51525) Concepts and practices related to teaching visual arts education. Inquiry into visual arts teaching as a professional practice. Emphasis is on teacher as a critical disciplined investigator and culturally relevant practitioner.
Prerequisite: ARTE 41009; and minimum 2.500 overall GPA; and special approval.
Corequisite: ARTE 41592.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTE 41592 ART EDUCATION: STUDENT TEACHING AND SEMINAR (ELR) 9 Credit Hours
Provides a 16-week student teaching experience and seminar. Students must present an official valid certification of Child Safety Training, approved Basic Life Support and ALICE training verification to the clinical experience campus office student portal.
Prerequisite: ARTE 41009; and minimum 2.500 overall GPA; and special approval.
Corequisite: ARTE 41525.
Schedule Type: Practical Experience, Seminar
Contact Hours: 1 lecture, 24 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

ARTE 51004 PRE-KINDERGARTEN-12 DESIGN EDUCATION 3 Credit Hours
(Slashed with ARTE 41004) The purpose of this course is to demonstrate the importance of and provide strategies for teaching design in PreK-12 visual arts programs. Students learn the design process and design thinking, adapted specifically for the context of education. The four broad areas of environmental design, communication design, product design and interactive design are covered. The primary focus is on lesson development using the design process, addressing the design areas, working through challenges that integrate with other subject areas and applying design innovation materials and technologies.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTE 51089 INTERNATIONAL EXPERIENCE: ART EDUCATION 1-3 Credit Hours
(Repeatable for credit)(Slashed with ARTE 41089) A Kent State faculty-led study abroad experience in art education that integrates traditional classroom learning with experiential activities and site visits outside the United States.
Prerequisite: Art Education major; and graduate standing; and special approval.
Schedule Type: International Experience
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

ARTE 51090 STUDY AWAY: ART EDUCATION 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTE 41090) Travel-based study away in art education at a site or sites away from Kent State University.
Prerequisite: Major in Art Education; and graduate standing; and special approval.
Schedule Type: Study Away
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

ARTE 51095 SPECIAL TOPICS IN ART EDUCATION 1-3 Credit Hours
(Repeatable for credit)(Slashed with ARTE 41095) Upper-division course whose content changes in accordance with the interest and competence of faculty.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

ARTE 51192 ART EDUCATION: FIELD EXPERIENCE 3 Credit Hours
(Slashed with ARTE 41192) The knowledge and skills emphasized in this course focus on two major areas: (1) planning and teaching visual arts lessons in secondary educational settings with a focus on content and understanding of the theoretical and methodological processes involved, and (2) analyzing, interpreting and critiquing visual arts and design education situations to understand and improve instructional performance. Off-campus field and/or clinical hours are associated with this course.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience, Studio
Contact Hours: 8.5 other
Grade Mode: Standard Letter

ARTE 51525 ART EDUCATION: INQUIRY INTO PROFESSIONAL PRACTICE 3 Credit Hours
(Slashed with ARTE 41525) Concepts and practices related to teaching visual arts education. Inquiry into visual arts teaching as a professional practice. Emphasis is on teacher as a critical disciplined investigator and culturally relevant practitioner.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTE 61095 SPECIAL TOPICS: ART EDUCATION 3 Credit Hours
(Repeatable for credit) Topics vary per course offering to reflect the interests and specializations of faculty.
Prerequisite: ARTE 61101; and graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTE 61096 INDIVIDUAL STUDY IN ART EDUCATION 1-6 Credit Hours
(Repeatable for credit) Specialized study leading to the thesis in art education.
Prerequisite: ARTE 61101 and ARTE 61191 and ARTE 61291; and graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-6 other
Grade Mode: Standard Letter-IP

ARTE 61101 RESEARCH SEMINAR IN ART EDUCATION 3 Credit Hours
In this specialized research seminar exploring educational research methods and methodologies, emphasis is placed on the fundamentals of educational research, including how to design and conduct research in visual arts education. An array of methods that are applied in the field are introduced, preparing students to propose their own capstone work.
Prerequisite: Art Education major; and graduate standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTE 61191 SEMINAR IN ART EDUCATION I 3 Credit Hours
(Repeatable for credit) This course is the first seminar that emphasizes the study of prevailing themes in art education. ARTE 61291 completes the study. The curriculum focuses on the ideas of leading scholars and practicing teachers who have shaped practice in the field of art education within the context of the social, political and educational values and beliefs of the time.
Prerequisite: Art Education major; and graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTE 61209 CANDIDACY REVIEW EXAMINATION:ART EDUCATION 1 Credit Hour
A comprehensive review that undertakes a formal assessment of students' knowledge and understanding of concepts in art, education and art education.
Prerequisite: ARTE 61101; and graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Satisfactory/Unsatisfactory-IP

ARTE 61291 SEMINAR IN ART EDUCATION II 3 Credit Hours
(Repeatable for credit) A continuation of the topics addressed in ARTE 61191. The study of past, prevailing and contemporary issues, and themes in visual arts education.
Prerequisite: ARTE 61191; and graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTE 61399 ART EDUCATION: GRADUATE PROJECT CAPSTONE 3 Credit Hours
This course is designed for students who have chosen the non-thesis track of the Master of Arts degree in Art Education and will serve as the culminating experience for students completing a project rather than a thesis. The course facilitates research or working on a qualitative/curriculum case study for the final project.
Prerequisite: Art Education major; and graduate standing.
Schedule Type: Project or Capstone
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory-IP

Art History (ARTH)

ARTH 12001 ART AS A WORLD PHENOMENON (KFA) 3 Credit Hours
Course explore the essential qualities of art and the motivations for creating art in both Western and non-Western cultures through a thematic paradigm. By the end of the term, students have developed an enhanced ability to identify and describe various media and styles of artistic production, and have a basic knowledge of the major cultural periods and representative artworks in the history of world art. This course is designed for non-art majors, and will not fulfill requirements for School of Art majors.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Kent Core Fine Arts, Transfer Module Fine Arts

ARTH 22006 ART HISTORY: ANCIENT TO MEDIEVAL ART (KFA) 3 Credit Hours
Examination and interpretation of the major monuments of art and architecture from Paleolithic art to c. 1300 CE. The course addresses global traditions, including regions in Europe, Asia, Africa and the Americas.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Kent Core Fine Arts, TAG Arts and Humanities, Transfer Module Fine Arts

ARTH 22007 ART HISTORY: RENAISSANCE TO MODERN ART (KFA) 3 Credit Hours
Examination and interpretation of the major art movements and artists from the early Renaissance through recent decades. The course addresses global history, including art and artists active in Europe, Asia, Africa, and the Americas.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Kent Core Fine Arts, TAG Arts and Humanities, Transfer Module Fine Arts

ARTH 22010 INTRODUCTION TO ASIAN ART (DIVG) 3 Credit Hours
The survey introduces arts of pre-modern Asia (with the exception of West Asia and Islamic art in general). Select artistic traditions in South, Southeast and East Asia are considered against their religious, socio-political and other cultural contexts. Major themes include (1) the rise of civilizations, (2) developments of various artistic forms and media, (3) the spread of Buddhism and other religions across the region and (4) trans-cultural relations.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global

ARTH 22021 ART HISTORY: AFRICAN ART (DIVG) (KFA) 3 Credit Hours
An introduction to the arts of Africa with an emphasis on the historical traditions of major kingdoms. Covering a spectrum of regions, students examine primarily sculptural traditions (figural and masquerade) in both royal and ritual contexts. These arts are examined within their social and cultural contexts in the service of politics, as objects of ritual and religious practice, and as evidence of aesthetic choices and achievements. The final segment of the course will address the legacy of these traditions through the colonial period and into modern times.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global, Kent Core Fine Arts

ARTH 32000 RESEARCH AND WRITING IN ART HISTORY (WIC) 3 Credit Hours
Introduction to writing styles, methodologies and academic resources for art history research. The course will focus on improving skills in writing about the visual arts through the study of formal analysis, historic context, and modern and contemporary theories and philosophies.
Prerequisite: School of Art major or minor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

ARTH 32066 ART AND THEORY SINCE 1940 3 Credit Hours
Visual arts in a global context with emphasis on European and American artists and theory from 1940 to the present.
Prerequisite: Sophomore standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42001 ART HISTORY METHODOLOGIES 3 Credit Hours
(Slashed with ARTH 52001) This course is designed to introduce participants to the study of art history as a discipline increasingly marked by its diversity of approaches and emphasis on methodology and theory. This seminar will review the representative range of traditional art historical analyses and will study more recent theories of meaning and culture. The course will also examine art historical knowledge in relation to theoretical developments in other disciplines in the humanities.
Prerequisite: ARTH 32000.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTH 42025 ART OF WEST AFRICA (DIVG) 3 Credit Hours
(Slashed with ARTH 52025) Beginning with the art and architecture from major West African kingdoms, the course follows cultural production from the region through the colonial period and into modernism. The artists of newly-independent West African nations pioneered new visions for how Africans would participate in developing global networks.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global

ARTH 42028 CONTEMPORARY AFRICAN ART: 1980-PRESENT (DIVG) 3 Credit Hours
(Slashed with ARTH 52028) An in-depth study of African art since the late twentieth century. Focused on artists from the continent and the Diaspora, the course begins by examining the impact that colonialism, with its appropriation, exploitation and reshaping of Africa, had on the arts in Africa (1960-1980). It then analyzes a broad spectrum of modern and contemporary African art forms (painting, printmaking, sculpture, textiles, photography, performance and film) and related art history, exhibition and critical texts from the 1980s to the present, with an emphasis on such issues as patronage, the commodification of art, urbanism, national consciousness, identity formation, new media and the effects of globalization.
Prerequisite: Junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global

ARTH 42036 MEDIEVAL ART 3 Credit Hours
(Slashed with ARTH 52036) Emphasis on major periods of Medieval art (Early Christian, Byzantine, Carolingian, Ottonian, Romanesque and Gothic), treating iconographic themes and styles in a variety of media. Works studied include architecture, manuscript painting, ivory carving, and goldsmith work, most of which were produced by or for members of the clergy, royalty, or the lay aristocracy. The course, therefore, involves significant material relating to political, economic and religious issues. It investigates problems in patronage, function, reception and censorship. A strong emphasis is given to reading primary and secondary sources.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42041 ITALIAN RENAISSANCE ART 3 Credit Hours
(Slashed with ARTH 52041) Study of development of major themes in Italian art from 1200 until about 1450, emphasizing achievements of the masters and analyzing major ideas and theories of the period.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42043 THE HIGH RENAISSANCE AND MANNERISM IN ITALY 3 Credit Hours
(Slashed with ARTH 52043) Covers late 15th century and 16th century painting, sculpture and architecture in Italy. Following discussion of the High Renaissance masters, students examine the works collectively known as the Mannerists. Course gives students a firm grounding in the manifold artistic activity of the 16th century.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42044 VENETIAN RENAISSANCE ART 3 Credit Hours
(Slashed with ARTH 52044) Course provides a survey of Venetian painting, sculpture and architecture from the late 1300s to the late 1500s. Upon completion students have a comprehension of the interrelationship of Venetian art with its unique environment and society.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42045 ITALIAN ART FROM GIOTTO TO BERNINI 3 Credit Hours
(Slashed with ARTH 52045) Course explores the development of art and architecture in Italy from the late Middle Ages to the High Renaissance period. Through an in-depth analysis of the art and history of these periods, students develop an understanding of Italy's role in the overall development of Western civilization. Particular emphasis is given to Florentine Art.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42046 BAROQUE ART OF THE 17TH CENTURY 3 Credit Hours
(Slashed with ARTH 52046) Study of the origins of Baroque art in Italy and its spread throughout Flanders, the Netherlands, France and Spain.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42050 ART AND REVOLT IN THE NINETEENTH CENTURY 3 Credit Hours
(Slashed with ARTH 52050) The nineteenth century is one of the most dramatic time periods in Euro-American art history. Artists and viewers experienced a number of revolutions that profoundly changed the landscape of art and politics. More specifically, nineteenth-century art was created during a violent sweep of colonial expansion, a rise in industrialization, and a revolt against the French Salon. This course considers how artists responded to these social changes by exploring art movements in France and beyond across a wide range of artistic media —including spirit photographs, Moulin Rouge posters, and cemetery sculpture. Students will examine the most canonical nineteenth-century artists while also challenging their placement in the art history canon, which was established at the expense of women and people of color.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42056 AMERICAN ART I: INDIAN WARS TO CIVIL WAR 3 Credit Hours
(Slashed with ARTH 52056) In this first section of American art history, students will explore the evolution of American art from European conquest through the American Revolution, and stretching to the Civil War. This time period in American history is characterized by waves of social unrest followed by periods of peace that American artists reflected and shaped in their work. The American-Indian Wars and the Trans-Atlantic slave trade also profoundly impacted the art and politics of the early United States, inspiring artists to support or protest conflicts in society with their art. Exchanges with African, Indigenous, as well as Asian and European peoples pervaded every aspect of art in the United States. In looking widely at objects such as paintings, clothing, food advertisements, and furniture, this class will examine debates about nationhood in early American art that exploded by the Civil War.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42057 AMERICAN ART II: CIVIL WAR TO CIVIL RIGHTS 3 Credit Hours
(Slashed with ARTH 52057) In this second section and in-depth study of American art history, students will explore shifts and advancements in American art since the closing of the Civil War. New styles in abstraction and technological innovations in photography, lithography, and cinema dramatically altered the trajectory of American art and resulted in an expansion of art museums and patronage. As the United States gained economic power and expanded its borders, American art was also profoundly influenced by movements such as French Impressionism and Mexican muralism, and shaped by artists as close as Canada and as far as Australia. While American artists were debating whether to welcome "foreign" influences in their work, debates over racial segregation and women's suffrage permeated art and politics on the homefront. In looking widely at objects such as paintings, photographs, silverware, and public monuments, this class will examine the art and visual culture of the United States from the Civil War to Civil Rights movement.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42059 AFRICAN AMERICAN ART AND VISUAL CULTURE (DIVD) 3 Credit Hours
(Slashed with ARTH 52059) This course contextualizes American artists of African descent within the wider framework of U.S. art and visual culture. In looking at a wide range of media—across painting, photography, fashion and food—students study African American visual culture and its profound impact on American art at large. Students also explore the contested concept of "race" as it intersects with the production and patronage of African American art. Furthermore, students consider the benefits and pitfalls of the field and the ways in which art historians, critics and curators have treated African American art in U.S. museums. By the end of this course, students will have a deeper understanding of African American art and its tangled identity politics.
Prerequisite: Junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Domestic

ARTH 42060 RUSSIAN ART 3 Credit Hours
(Slashed with ARTH 52060) This course explores the history of Russian art starting with the legacy of Byzantium and continuing up through the end of the Soviet era, from about 1000 CE to the present. Russia's artistic movements have borrowed from a wide variety of cultures, both from groups that have attacked and conquered Russian territories as well as from groups that Russians themselves have conquered and attacked. We will focus on art that was produced in Russia as well as the cross-cultural influences that shaped and changed this art. Painting will be a dominant focus, coupled with a broad study including decorative arts like porcelain and embroidery as well as architecture, performance and illustration.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42061 EARLY 20TH-CENTURY ART 3 Credit Hours
(Slashed with ARTH 52061) This course explores the history of Early 20th-Century Modern Art up to the Second World War. Painting, sculpture, and architecture will be the dominant focus, coupled with alternative media that may include printmaking, photography, cinema, performance, and textile arts.
Prerequisite: ARTH 22007.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42064 DADA AND SURREALISM 3 Credit Hours
Using a roughly chronological approach, students examine the profound and lasting contributions made by the Dadaists and Surrealists, as well as other revolutionary modernists of the early 20th century who sought to escape the traditional and rational in art and thought with sincerity in spite of the often superficially simple or even sometimes nihilistic appearance of their efforts. Through an analysis of selected works from this period and their relevant precursors, an attempt will be made to define the progressive ideas which led to the dismantling of previous standards and the rise of an anti-art spirit which continues today in various guises. Primary documents are considered regularly to provide students with a wider appreciation for the variety of media (e.g., film, theater, typography) and the issues and characters involved.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42065 FEMINIST AND QUEER ART AND CULTURAL THEORY (DIVD) 3 Credit Hours
(Slashed with ARTH 52065) This advanced and interdisciplinary art history course explores feminist and queer visual histories, with particular attention to related cultural theories. In addition to paradigmatic ideologies of difference and language, this course is based on indispensable and sometimes peripheral postmodern milieux such as politicized identities, economies and the body, the importance of feeling and the everyday, feminist-Marxist critiques of community and the state and notions of lived histories/narratives. In regard to structure, this is a reading intensive course designed to empower students with 'influential' visual and textual languages, as well as knowledge of critical race, gender and sexuality studies. Readings, discussions, projects and knowledges-at-large are applicable in the artist's studio and more broadly, in humanities scholarship.
Prerequisite: Junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Domestic

ARTH 42069 NATIONS AND BORDERS 3 Credit Hours
(Slashed with ARTH 52069) Emphasizing art and visual culture since World War II, this course considers the phenomenon of the nation-state in the context of embodied borders and diasporas. From the historically charged U.S.-Mexico borderlands to the Berlin Wall that divided East and West Germany, modernity is characterized by the development of nations and subsequent nationalisms as well as the delineation of borders and boundaries—and, once unpacked, theoretical and physical embodiments become legible. Taking a historically-grounded and global approach to state production and displacement, critical texts—many of which are grounded in feminist and queer theories—will address various interpretations of boundaries, especially national and corporeal. We will explore the intellectual history of nation-building and subsequent textual analyses of geographic and embodied borders. We will also study specific art historical moments, such as the militarization of the U.S.-Mexico frontera, Israel's occupation of Palestine, treating East and West Berlin as metaphor and allegory, the borderlands of queer and black identities in the United States and present-day Euro-American imperialism. The course format consists of rigorous class discussions guided by readings and illustrated presentations.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42073 EPHEMERAL EXHIBITIONS: WORLD FAIRS, FESTIVALS AND BIENNIALS 3 Credit Hours
(Slashed with ARTH 52073) Revisiting a variety of time-based exhibition formats throughout recent history. From Joseph Paxton's Crystal Palace to the Venice Biennale, students examine a globally-oriented history of landmark exhibitions that were designed to dazzle audiences for a few months before being dismantled. Sponsored by governments, the corporate sector, grassroots movements, or cultural actors, the motivations for these exhibitions are as varied as the actual format the exhibition takes. We discuss not only the framework and ideologies behind such projects, but also the legacies they have had on more permanent arts institutions, as well as criticisms levied against them by artists.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42076 HISTORIES AND THEORIES OF PHOTOGRAPHY AND VISUAL CULTURE 3 Credit Hours
(Slashed with ARTH 52076) Photography is embedded in every aspect of visual culture. As such, this course is a socio-political and socio-cultural study of photography. This course focuses on major developments in the field, including photography's advent, 19th-century commodity, scientific manipulations, 20th century Modernism and postwar aesthetics. Course also sketches political, cultural and theoretical developments and pertinent debates regarding emergence, significance, interpretation, perception and resonance. In addition to manifold moments in histories and theories of photography, course examines critical approaches to the history of art, including ecocriticism, feminism, critical race studies, queer studies and borderlands studies. While effort will be made to survey photography's history, this is not taxonomy of related movements and moments.
Prerequisite: ARTH 32066.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42079 CONTEMPORARY CRAFT: HISTORY AND THEORY 3 Credit Hours
(Slashed with ARTH 52079) This course is designed to provide an overview of the history, theory, and practice of modern and contemporary studio craft, with an emphasis on North America. Students will develop an enhanced ability to identify and describe various media and styles of artistic production normally associated with "craft" genres: ceramics, textiles/fibers, jewelry/metals, glass and wood/furniture. Concurrently, an introduction to basic philosophies, pedagogical styles, and controversial issues that have shaped this unique cultural, social and artistic history will provide a framework for understanding the intersection of art, craft and design in the 21st-century.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 42089 INTERNATIONAL EXPERIENCE: ART HISTORY (DIVG) (ELR) 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTH 52089) Travel-based international experience in art history. The primary benefit will be the observation and study of works of art, firsthand, in addition to the presentation and discussion of historical and contextual factors. Time is made available for individual investigation of specific works sites.
Prerequisite: Special approval.
Schedule Type: International Experience
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Diversity Global, Experiential Learning Requirement

ARTH 42090 STUDY AWAY: ART HISTORY (ELR) 1-3 Credit Hours
(Slashed with ARTH 52090)(Repeatable for credit) Travel-based study away in art history to and at a site or sites away from Kent State University. The primary benefit is the observation and study of works of art firsthand, in addition to the presentation and discussion of historical and contextual factors. Time is made available for individual investigation of specific work sites.
Prerequisite: School of Art major.
Schedule Type: Study Away
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

ARTH 42091 ART HISTORY SEMINAR 3 Credit Hours
(Repeatable for credit) Open format course with topics announced in advance. Designed to allow detailed examination of selected topics.
Prerequisite: Junior standing; and special approval of instructor.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTH 42092 MUSEUM INTERNSHIP (ELR) 1-6 Credit Hours
(Repeatable for credit) (Slashed with ARTH 52092) A supervised internship in a regional museum emphasizing the practical application of museological principles and practices.
Prerequisite: Junior or senior standing.
Schedule Type: Practical Experience
Contact Hours: 3-18 other
Grade Mode: Standard Letter-IP
Attributes: Experiential Learning Requirement

ARTH 42095 SPECIAL TOPICS: ART HISTORY 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTH 52095) Topics vary in accordance with the interest and competence of faculty.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

ARTH 42096 INDIVIDUAL INVESTIGATION:ART HISTORY 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTH 52096) Directed independent study with art history faculty.
Prerequisite: Junior or senior standing.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Standard Letter-IP

ARTH 42098 RESEARCH IN ART HISTORY (ELR) 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTH 52098) Independent research open only to undergraduate students in art history or related fields (by special permission only).
Prerequisite: Special approval.
Schedule Type: Research
Contact Hours: 3-9 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

ARTH 52001 ART HISTORY METHODOLOGIES 3 Credit Hours
(Slashed with ARTH 42001) This course is designed to introduce participants to the study of art history as a discipline increasingly marked by its diversity of approaches and emphasis on methodology and theory. This seminar will review the representative range of traditional art historical analyses and will study more recent theories of meaning and culture. The course will also examine art historical knowledge in relation to theoretical developments in other disciplines in the humanities.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTH 52025 ART OF WEST AFRICA 3 Credit Hours
(Slashed with ARTH 42025) Beginning with the art and architecture from major West African kingdoms, the course follows cultural production from the region through the colonial period and into modernism. The artists of newly-independent West African nations pioneered new visions for how Africans would participate in developing global networks.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52028 CONTEMPORARY AFRICAN ART: 1980-PRESENT 3 Credit Hours
(Slashed with ARTH 42028) An in-depth study of African art since the late twentieth century. Focused on artists from the continent and the Diaspora, the course begins by examining the impact that colonialism, with its appropriation, exploitation and reshaping of Africa, had on the arts in Africa (1960-1980). It then analyzes a broad spectrum of modern and contemporary African art forms (painting, printmaking, sculpture, textiles, photography, performance and film) and related art history, exhibition and critical texts from the 1980s to the present, with an emphasis on such issues as patronage, the commodification of art, urbanism, national consciousness, identity formation, new media and the effects of globalization.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52036 MEDIEVAL ART 3 Credit Hours
(Slashed with ARTH 42036) Emphasis on major periods of Medieval art (Early Christian, Byzantine, Carolingian, Ottonian, Romanesque and Gothic), treating iconographic themes and styles in a variety of media. Works studied include architecture, manuscript painting, ivory carving, and goldsmith work, most of which were produced by or for members of the clergy, royalty, or the lay aristocracy. The course, therefore, involves significant material relating to political, economic, and religious issues. It investigates problems in patronage, function, reception, and censorship. A strong emphasis is given to reading primary and secondary sources.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52038 HAND MADE BOOKS AND ART 3 Credit Hours
Course examines the history of (predominantly Western) books and reading; of books as locus of several types of visual art (decoration, illustration, vision, commentary); and of visual strategies for a range of communication tasks in selected books from the Middle Ages onward. Students are prepared to understand the variety and efficacy of approaches that have been used by those producing books by hand in the past and at present.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52041 ITALIAN RENAISSANCE ART 3 Credit Hours
(Slashed with ARTH 42041) Study of development of major themes in Italian art from 1200 until about 1450, emphasizing achievements of the masters and analyzing major ideas and theories of the period.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52043 THE HIGH RENAISSANCE AND MANNERISM IN ITALY 3 Credit Hours
(Slashed with ARTH 42043) Covers late 15th century and 16th century painting, sculpture and architecture in Italy. Following discussion of the High Renaissance masters students examine the works collectively known as the Mannerists. Course gives students a firm grounding in the manifold artistic activity of the 16th century.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52044 VENETIAN RENAISSANCE ART 3 Credit Hours
(Slashed with ARTH 42044) Course provides a survey of Venetian painting, sculpture and architecture from the late 1300s to the late 1500s. Upon completion students will have a comprehension of Venetian art with its unique environment and society.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52045 ITALIAN ART FROM GIOTTO TO BERNINI 3 Credit Hours
(Slashed with ARTH 42045) Course explores the development of art and architecture in Italy from the late Middle Ages to the High Renaissance period. Through an in-depth analysis of the art and history of these periods, students develop an understanding of Italy's role in the overall development of Western civilization. Particular emphasis is given to Florentine Art.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52046 BAROQUE ART OF THE 17TH CENTURY 3 Credit Hours
(Slashed with ARTH 42046) A study of the origins of Baroque art in Italy and its spread throughout Flanders, the Netherlands, France and Spain.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52050 ART AND REVOLT IN THE NINETEENTH CENTURY 3 Credit Hours
(Slashed with ARTH 42050) The nineteenth century is one of the most dramatic time periods in Euro-American art history. Artists and viewers experienced a number of revolutions that profoundly changed the landscape of art and politics. More specifically, nineteenth-century art was created during a violent sweep and architecture within the broader context of colonial expansion, a rise in industrialization and a revolt against the French Salon. Western culture and ideas. This course considers how artists responded to these social changes by exploring art movements in France and beyond across a wide range of artistic media—including spirit photographs, Moulin Rouge posters and cemetery sculpture. Students will examine the most canonical nineteenth-century artists while also challenging their placement in the art history canon, which was established at the expense of women and people of color.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52056 AMERICAN ART I: INDIAN WARS TO CIVIL WAR 3 Credit Hours
(Slashed with ARTH 42056) In this first section of American art history, students will explore the evolution of American art from European conquest through the American Revolution, and stretching to the Civil War. This time period in American history is characterized by waves of social unrest followed by periods of peace that American artists reflected and shaped in their work. The American-Indian Wars and the Trans-Atlantic slave trade also profoundly impacted the art and politics of the early United States, inspiring artists to support or protest conflicts in society with their art. Exchanges with African, Indigenous, as well as Asian and European peoples pervaded every aspect of art in the United States. In looking widely at objects such as paintings, clothing, food advertisements, and furniture, this class will examine debates about nationhood in early American art that exploded by the Civil War.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52057 AMERICAN ART II: CIVIL WAR TO CIVIL RIGHTS 3 Credit Hours
(Slashed with ARTH 42057) In this second section and in-depth study of American art history, students will explore shifts and advancements in American art since the closing of the Civil War. New styles in abstraction and technological innovations in photography, lithography and cinema dramatically altered the trajectory of American art and resulted in an expansion of art museums and patronage. As the United States gained economic power and expanded its borders, American art was also profoundly influenced by movements such as French Impressionism and Mexican muralism and shaped by artists as close as Canada and as far as Australia. While American artists were debating whether to welcome “foreign” influences in their work, debates over racial segregation and women’s suffrage permeated art and politics on the homefront. In looking widely at objects such as paintings, photographs, silverware and public monuments, this class will examine the art and visual culture of the United States from the Civil War to Civil Rights movement.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52059 AFRICAN AMERICAN ART AND VISUAL CULTURE 3 Credit Hours
(Slashed with ARTH 42059) This course contextualizes American artists of African descent within the wider framework of U.S. art and visual culture. In looking at a wide range of media—across painting, photography, fashion and food—students study African American visual culture and its profound impact on American art at large. Students also explore the contested concept of "race" as it intersects with the production and patronage of African American art. Furthermore, students consider the benefits and pitfalls of the field and the ways in which art historians, critics and curators have treated African American art in U.S. museums. By the end of this course, students will have a deeper understanding of African American art and its tangled identity politics.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52060 RUSSIAN ART 3 Credit Hours
(Slashed with ARTH 42060)This course explores the history of Russian art starting with the legacy of Byzantium and continuing up through the end of the Soviet era, from about 1000 CE to the present. Russia's artistic movements have borrowed from a wide variety of cultures, both from groups that have attacked and conquered Russian territories as well as from groups that Russians themselves have conquered and attacked. We will focus on art that was produced in Russia as well as the cross-cultural influences that shaped and changed this art. Painting will be a dominant focus, coupled with a broad study including decorative arts like porcelain and embroidery as well as architecture, performance and illustration.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52061 EARLY 20TH-CENTURY ART 3 Credit Hours
(Slashed with ARTH 42061) This course explores the history of Early 20th-Century Modern Art up to the Second World War. Painting, sculpture, and architecture will be the dominant focus, coupled with alternative media that may include printmaking, photography, cinema, performance and textile arts.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52064 DADA AND SURREALISM 3 Credit Hours
(Slashed with ARTH 42064) Using a roughly chronological approach, students examine the profound and lasting contributions made by the Dadaists and Surrealists, as well as other revolutionary modernists of the early 20th century who sought to escape the traditional and rational in art and thought with sincerity in spite of the often superficially simple or even sometimes nihilistic appearance of their efforts. Through an analysis of selected works from this period and their relevant precursors, an attempt will be made to define the progressive ideas which led to the dismantling of previous standards and the rise of an anti-art spirit which continues today in various guises. Primary documents are considered regularly to provide students with a wider appreciation for the variety of media (e.g., film, theater, typography) and the issues and characters involved.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52065 FEMINIST AND QUEER ART AND CULTURAL THEORY 3 Credit Hours
(Slashed with ARTH 42065) This advanced and interdisciplinary art history course explores feminist and queer visual histories, with particular attention to related cultural theories. In addition to paradigmatic ideologies of difference and language, this course is based on indispensable and sometimes peripheral postmodern milieux such as politicized identities, economies and the body, the importance of feeling and the everyday, feminist-Marxist critiques of community and the state and notions of lived histories/narratives. In regard to structure, this is a reading intensive course designed to empower students with 'influential' visual and textual languages, as well as knowledge of critical race, gender and sexuality studies. Readings, discussions, projects and knowledges-at-large are applicable in the artist's studio and more broadly, in humanities scholarship.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52069 NATIONS AND BORDERS 3 Credit Hours
(Slashed with ARTH 42069) Emphasizing art and visual culture since World War II, this course considers the phenomenon of the nation-state in the context of embodied borders and diasporas. From the historically charged U.S.-Mexico borderlands to the Berlin Wall that divided East and West Germany, modernity is characterized by the development of nations and subsequent nationalisms as well as the delineation of borders and boundaries—and, once unpacked, theoretical and physical embodiments become legible. Taking a historically-grounded and global approach to state production and displacement, critical texts—many of which are grounded in feminist and queer theories—will address various interpretations of boundaries, especially national and corporeal. We will explore the intellectual history of nation-building and subsequent textual analyses of geographic and embodied borders. We will also study specific art historical moments, such as the militarization of the U.S.-Mexico frontera, Israel's occupation of Palestine, treating East and West Berlin as metaphor and allegory, the borderlands of queer and black identities in the United States and present-day Euro-American imperialism. The course format consists of rigorous class discussions guided by readings and illustrated presentations.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52073 EPHEMERAL EXHIBITIONS: WORLD FAIRS, FESTIVALS AND BIENNIALS 3 Credit Hours
(Slashed with ARTH 42073) Revisiting a variety of time-based exhibition formats throughout recent history. From Joseph Paxton's Crystal Palace to the Venice Biennale, students examine a globally-oriented history of landmark exhibitions that were designed to dazzle audiences for a few months before being dismantled. Sponsored by governments, the corporate sector, grassroots movements, or cultural actors, the motivations for these exhibitions are as varied as the actual format the exhibition takes. We discuss not only the framework and ideologies behind such projects, but also the legacies they have had on more permanent arts institutions, as well as criticisms levied against them by artists.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52076 HISTORIES AND THEORIES OF PHOTOGRAPHY AND VISUAL CULTURE 3 Credit Hours
(Slashed with ARTH 42076) Photography is embedded in every aspect of visual culture. As such, this course is a socio-political and socio-cultural study of photography. This course focuses on major developments in the field, including photography's advent, 19th-century commodity, scientific manipulations, 20th century Modernism and postwar aesthetics. Course also sketches political, cultural and theoretical developments and pertinent debates regarding emergence, significance, interpretation, perception and resonance. In addition to manifold moments in histories and theories of photography, course examines critical approaches to the history of art, including ecocriticism, feminism, critical race studies, queer studies and borderlands studies. While effort will be made to survey photography's history, this is not taxonomy of related movements and moments.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52079 CONTEMPORARY CRAFT: HISTORY AND THEORY 3 Credit Hours
(Slashed with ARTH 42079) This course is designed to provide an overview of the history, theory, and practice of modern and contemporary studio craft, with an emphasis on North America. Students will develop an enhanced ability to identify and describe various media and styles of artistic production normally associated with "craft" genres: ceramics, textiles/fibers, jewelry/metals, glass, and wood/furniture. Concurrently, an introduction to basic philosophies, pedagogical styles and controversial issues that have shaped this unique cultural, social and artistic history will provide a framework for understanding the intersection of art, craft and design in the 21st-century.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 52089 INTERNATIONAL EXPERIENCE: ART HISTORY 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTH 42089) Travel-based international experience in art history. The primary benefit will be the observation and study of works of art firsthand, first hand, in addition to the presentation and discussion of historical and contextual factors. Time is made available for individual investigation of specific works sites.
Prerequisite: Graduate standing; and special approval.
Schedule Type: International Experience
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

ARTH 52090 STUDY AWAY: ART HISTORY 1-3 Credit Hours
(Slashed with ARTH 42090)(Repeatable for credit) Travel-based study away in art history to and at a site or sites away from Kent State University. The primary benefit is the observation and study of works of art firsthand, in addition to the presentation and discussion of historical and contextual factors. Time is made available for individual investigation of specific work sites.
Prerequisite: School of Art major; and graduate standing.
Schedule Type: Study Away
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

ARTH 52092 MUSEUM INTERNSHIP 1-6 Credit Hours
(Repeatable for credit) (Slashed with ARTH 42092) A supervised internship in a regional museum emphasizing the practical application of museological principles and curatorial practices.
Prerequisite: Graduate standing.
Schedule Type: Practical Experience
Contact Hours: 3-18 other
Grade Mode: Standard Letter-IP

ARTH 52095 SPECIAL TOPICS:ART HISTORY 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTH 42095) Topics vary in accordance with the interest and competence of faculty.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

ARTH 52096 INDIVIDUAL INVESTIGATION:ART HISTORY 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTH 42096) Directed independent study with art history faculty.
Prerequisite: Graduate standing.
Schedule Type: Individual Investigation
Contact Hours: 3-9 other
Grade Mode: Standard Letter-IP

ARTH 52098 RESEARCH IN ART HISTORY 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTH 42098) Independent research open only to graduate students in art history or related fields.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Research
Contact Hours: 3-9 other
Grade Mode: Standard Letter-IP

ARTH 52166 HISTORIES AND THEORIES OF MODERN AND CONTEMPORARY ART 3 Credit Hours
This course examines both the visual and textual. As such we travel through contemporary moments such as Abstract Expressionism, Post-Painterly Abstraction, Nouveau Réalisme, Pop, Minimalism, Conceptual art and participatory art—to name a few. So too, this course entails a broad overview of critical and theoretical approaches often engaged by contemporary artists such as existentialism, psychoanalysis, structuralism, semiotics, feminist and queer theories, theories of modern sculpture, and theories of photography. When art and theory are taken together, modern and contemporary art underscores the cultural, sociopolitical and economic developments characteristic of the last half of the twentieth century. While time constraints restrict a consideration of every artist, a selection of practitioners will be addressed. That said, this course affirms the importance of questions rather than finite answers, celebrates ambiguity and neglects any attempt at surveying and summarizing the field of modern and contemporary art.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 62000 ART HISTORY RESEARCH METHODS AND RESOURCES 2 Credit Hours
This course is designed to support research and writing at the graduate level in art history. Class time is customized to provide students with assistance in strategies required for graduate research papers and thesis preparation. Significant emphasis will be placed on becoming familiar with different methods and theories of art history research.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter-IP

ARTH 62091 ART HISTORY SEMINAR 3 Credit Hours
(Repeatable for credit) Open format course with topics announced in advance. Designed to allow in-depth examination of selected topics.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTH 62095 SPECIAL TOPICS: ART HISTORY 3 Credit Hours
(Repeatable for credit) Discussion and lecture course whose topic changes in accordance with the interest and competence of the faculty. Special focus on problems and issues in the different areas of the discipline.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTH 62096 SELECTED PROBLEMS: ART HISTORY 3 Credit Hours
(Repeatable for maximum 9 credit hours) Course content changes each semester according to the topic, entailing discussion and lectures on specific problems issues and areas in art history.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTH 62098 ART HISTORY: GRADUATE RESEARCH 1-6 Credit Hours
(Repeatable for credit) Independent research.
Prerequisite: Art History major; and graduate standing.
Schedule Type: Research
Contact Hours: 3-18 other
Grade Mode: Standard Letter

Art Studio Art (ARTS)

ARTS 14000 DRAWING I 3 Credit Hours
Fundamental drawing and studio experiences; exploration of basic drawing ideas and media. Work produced in class must be retained for later portfolio presentation in ART 30001.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

ARTS 14001 DRAWING II 3 Credit Hours
Continued practice in drawing with emphasis upon dimensional representation, pictorial structure and the breakdown of formal elements. Work produced in this class must be retained for later portfolio presentation in ART 30001.
Prerequisite: ARTS 14000.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 24002 DRAWING AS A STUDIO PRACTICE 3 Credit Hours
An introduction to advanced concepts and ideas which enable the student to understand and professionally realize their drawings as a studio practice. Work produced in this course must be retained for later portfolio presentation in ART 30001.
Prerequisite: ARTS 14000 and ARTS 14001.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 24010 INTRODUCTION TO FINE ART PHOTOGRAPHY 3 Credit Hours
Introductory studio/lecture course which introduces fine art photography with an aesthetic, contemporary approach. Students learn traditional and digital photographic image-making applications and the historical underpinnings of the photograph in modern art. Research paper and portfolio required. Work produced in this class must be retained for later portfolio presentation in ART 30001.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 24040 INTRODUCTION TO PRINT MEDIA 3 Credit Hours
Course gives the beginning student an overview of basic printmaking techniques and an understanding of what a print is, its form in both unique and multiple formats, and how these function in culture. Printmaking processes result in a rich array of pictorial possibilities and methodological approaches. Students are exposed to the basic techniques and concepts of relief, intaglio and monotype applications for printmaking.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

ARTS 24051 INTRODUCTION TO SCULPTURAL PRACTICE 3 Credit Hours
Course provides a firm grounding in the rudiments of sculpture and sculpture's expanding field. Drawing on historical, aesthetic and technical strategies of generating and understanding sculpture; students are guided toward the realization of three-dimensional form. Discussions of materials, processes and hands-on practice empower the student to move from concept to completed work, engendering a better understanding of how sculpture is situated within the context of culture and society at large. Students explore the formal properties and expressive potential of materials, including mold making and casting, wood, metal and experimental media. Readings, slide presentations, discussions and critiques help provide the vocabulary for such an understanding.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 24061 INTRODUCTION TO PAINTING 3 Credit Hours
Acrylic-based media is used to introduce the fundamentals of building a painting, the development of a sophisticated painting vocabulary, and a confident understanding of color. Emphasis on observational painting from life through varied techniques, with an introduction to tools, processes and best studio practices. Work must be retained for later portfolio presentation in Art 30001.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 25310 FOUNDATIONS IN WEAVING 3 Credit Hours
Weaving – the systematic interlacement of two elements – is a direct way to construct a plane while simultaneously creating surface imagery. Integration of structure and surface provides the foundation for exploration with a focus on the development of constructed form to create compositional fields. Students are introduced to weaving on the four-shaft floor loom through the study of basic weave structures, fiber types, dye processes and yarn composition. The predictability of loom-controlled weaves is complicated with the exploration of hand dyed yarns and a variety of weaver-controlled techniques including tapestry, brocade and inlay. Study of the global, historic and contemporary position of weaving as an artistic discipline occurs through readings, presentations and class discussions. Overall, emphasis is placed on the development of a strong technical language to further expression with an awareness of from where materials and techniques come. In this intensive hands-on class, students produce both experimental compositions and finished works. Students who do not meet the prerequisite may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: Accessories minor or School of Art major or School of Fashion major or Textiles minor.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 25400 CERAMICS I 3 Credit Hours
An introduction to the use of clay as applied to the design and construction of utilitarian and sculptural forms. Major emphasis is on developing hand building skills and wheel throwing techniques. Instruction in the basic understanding of clay bodies, glazes, decoration and firing of high-fire stoneware ceramics.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

ARTS 25600 INTRODUCTION TO GLASS WORKING 3 Credit Hours
Introduction to studio glass through technique and brief history. Both basic glass blowing and glass casting techniques and problems are covered.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 25700 INTRODUCTION TO JEWELRY METALS 3 Credit Hours
Introduction to basic jewelry and metalsmithing techniques including cold connection, sheet fabrication, forming and finishing. Emphasis on advancing design skills and critical analysis. Exposure to historical and contemporary works.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34002 FIGURE DRAWING 3 Credit Hours
(Repeatable for credit) Extensive studio practice of traditional and contemporary approaches to the human figure. Critical analysis of the figure from the Renaissance through postmodernism. Students work from a nude model.
Prerequisite: ARTS 24002.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34003 DRAWING: STRUCTURE AND EXPERIMENTATION 3 Credit Hours
(Repeatable for credit) Extensive exploration of advanced drawing concepts and ideas as strategies for experimentation with process and materials.
Prerequisite: ARTS 24002.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34043 INTAGLIO 3 Credit Hours
(Repeatable for credit) This class is designed to give the intermediate student an overview of various intaglio processes in relationship to contemporary art practice. During this hands-on studio experience, students will apply principles and techniques taught in class into the evolution of their own personal aesthetics. The resulting visual statements will combine those principles, techniques, and aesthetics with ideas and conceptual content.
Prerequisite: ARTS 24040.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34044 SCREENPRINT 3 Credit Hours
(Repeatable for credit) This class is designed to give the intermediate student an overview of screenprint techniques in relationship to contemporary art practice. During this hands-on studio experience, students will apply principles and techniques taught in class into the evolution of their own personal aesthetics. The resulting visual statements will combine those principles and aesthetics with ideas and conceptual content.
Prerequisite: ARTS 24040.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34045 LITHOGRAPHY 3 Credit Hours
(Repeatable for credit) This class is designed to give the intermediate student an overview of various lithographic processes in relationship to contemporary art practice. During this hands-on studio experience, students will apply principles and techniques taught in class into the evolution of their own personal aesthetics. The resulting visual statements will combine those principles and aesthetics with ideas and conceptual content.
Prerequisite: ARTS 24040.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34050 LIFE MODELING 3 Credit Hours
(Repeatable for maximum of 6 credit hours) Traditional life modeling course in which students work almost exclusively from observation. The focus is on developing skills with clay, understanding the human form, understanding proportions, learning how to make armatures as well as developing a personal and expressive way of approaching the figure.
Prerequisite: ARTS 24051.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34051 SCULPTURAL OBJECT 3 Credit Hours
Course builds on ARTS 24051 with a greater emphasis on content, proficiency, technical expertise, craftsmanship and understanding of contemporary sculpture. Students explore the object in space, delineating issues of scale, materiality, representation, abstraction, metaphor and hybridity. Drawing on historical, aesthetic and technical strategies of generating and understanding sculpture, students are guided toward the realization of more sophisticated and complex ways of handling materials and incorporating meaning. Discussions of materials, processes and hands-on practice empower the student to move from concept to completed work, engendering a better understanding of how sculpture is situated within the context of culture and society at large. Readings, slide presentations, discussions and critiques help provide the vocabulary for such an understanding.
Prerequisite: ARTS 24051.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34052 TIME ARTS 3 Credit Hours
This interdisciplinary course investigates the fundamentals of time-based media and its intersection with sculptural practice. Students build on concepts from ARTS 24051 to gain a broader understanding of multiple methods of making including performance, video, site and situation-specific works, as well as the use of traditional sculptural materials. Discussions of materials, processes and hands-on practice empower the student to move from concept to completed work engendering a better understanding of how sculpture is situated within the contemporary art world. Readings, slide presentations, discussions and critiques help provide the vocabulary for such an understanding.
Prerequisite: ARTS 24051.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34053 SITE AND INSTALLATION 3 Credit Hours
This interdisciplinary course builds on concepts introduced in ARTS 24051, and expands on a variety of approaches in developing site-specific installations by considering the relationship between object/context, public/private, interior/exterior and urban/rural. Through the manipulation of materials, found objects and time-based media, students are introduced to concepts of space, intention, site and intervention through experimental approaches. Students further develop an understanding of material and context through in-depth readings, lectures and critical dialogue. Sculptural techniques, performance, photography and video art are covered and incorporated into the course. Studio time is supplemented by readings, lectures and site visits around campus.
Prerequisite: ARTS 24051.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34061 INTERMEDIATE PAINTING 3 Credit Hours
Continuation of painting from observation with an introduction to oil paints and mediums. Students will look outside of the still life at various subjects including spatial dynamics, the figure, and abstracted imagery. Introduction to oil painting tools, processes, and best studio practices.
Prerequisite: ARTS 24061.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34062 PAINTING STRATEGIES: PROCESS AND CONTENT 3 Credit Hours
This course focuses on conceptual prompts relative to contemporary issues to encourage a variety of processes and material approaches to making paintings. Students continue the idea of building a painting through the iterative process of making, analyzing, and editing their work throughout the semester. The painting is a live surface, a place to collect and record information, and this course insists that students consider a wide range of formal and conceptual choices to best address content. Each project will be initiated with rigorous research and further supported by exposure to visual examples of historic and contemporary painting, readings, written responses, seminar-style discussions, and numerous critiques of both in-progress and finished work.
Prerequisite: ARTS 34061.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 34063 PAINTING STRATEGIES: IMAGE AND CONTENT 3 Credit Hours
This course investigates various contemporary painting strategies through the use of images as source materials, with a strong emphasis on narrative. Moving away from direct observation and towards the abstraction of imagery, students will be asked to approach their practice through research, preliminary studies and sketches, and a self-driven investigation of the use of images to create concept. Various prompts will be assigned and are designed to provide students with a stronger understanding of the use of found, self-produced, or appropriated imagery as reference for their work, while helping each student build a direction for their painting practice. We will look to other mediums such as film, photography, collage, and advertising to inform the painted image and improve the reading of contemporary painting. We will look to other mediums to better contextualize the painted image in contemporary art.
Prerequisite: ARTS 34061.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35095 STUDIO ART: SPECIAL TOPICS 3 Credit Hours
(Repeatable for credit) Specialized courses in studio art that focus on specific techniques and media.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35302 FELTMAKING 3 Credit Hours
Felt is an anti-fabric. Unique among textiles, feltmaking is the only method of cloth construction that wholly denies the grid. Through hands-on intensives and independent research, students engage the unique attributes of feltmaking through planar, pictorial and dimensional outputs. Felt's relationship to conceptual art, post-modernist sculpture, kitsch and camp are explored alongside the study of its social and cultural position within the global history of textiles. Material and technical vocabularies are framed through course texts, presentations and critical discussions. Students output studies and realized works which engage felt as an artistic medium. Students who do not meet the prerequisite may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: Accessories minor or School of Art major or School of Fashion major or Textiles minor.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35305 TEXTILES: ACCESSORIES - DESIGN AND PRODUCTION 3 Credit Hours
Focus is on the design and production of textile accessories using the structural process of weaving. Texture, material, and color are critically and creatively considered in relation to the development of unique functional objects. Professional design objectives are presented.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35310 OFF-LOOM 3 Credit Hours
This course focuses on the architectural aspects of interlacement. Moving off the loom, students construct with thread, yarn and other long flexible materials to transform line into planar or sculptural form. Explorations engage space and the pliability of textiles to emphasize the physical and tactile aspects of the materials and construction methods inherent to fiber. Processes such as plaiting, netting, knotting, looping, wrapping, coiling, ropemaking and basketry provide a foundational vocabulary in the exploration of dimensional textiles. The use of traditional materials are combined with found materials to further engage the question of material meaning. Students approach the sensibilities of weaving outside of highly technologized looms by working with direct and accessible tools to find freedom in the pursuit of experimental form. These material and technical vocabularies are framed through course texts, presentations and critical discussions. Students output studies and realized works which engage relief, sculpture and space. Students who do not meet the prerequisite may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: Accessories minor or School of Art major or School of Fashion major or Textiles minor.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35311 PRINT FOR TEXTILES AND ALTERNATIVE SURFACES 3 Credit Hours
As a holistic exploration of printed textiles, this course presents a range of processes for printing on cloth and alternative substrates. The use of inks, dyes, resists, discharges and additional chemical processes are introduced and explored. Students create hand-drawn, computer generated and photographic images to explore foundational print vocabularies such as block printing, mono printing, screen printing, multiples, color relationships, composition, repeat patterns, color layering, CMYK and experimental alternative processes. The relevance of printed textiles in the expanded field of contemporary art is emphasized. Interdisciplinary and experimental uses of the printed surface are encouraged throughout the development of personal research and practice. Critical discussion of core texts and individualized research occur in tandem with studio activity. Students produce studies and fully realized artworks developed through in-process discussions and presented in formal critique settings. Students who do not meet the prerequisite may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: Accessories minor or School of Art major or School of Fashion major or Textiles minor.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35312 DIGITAL TEXTILES 3 Credit Hours
With connections to technology and industry, textile practices employ digital platforms to speculate form and simulate materiality. Building off these techno-industrial strategies, students engage hybrid making that moves between the screen and material to imagine textile futures. Workshops present a digital textile vocabulary encompassing digital design, repeat and pattern layouts and material simulation. Student work is output through digital fabrication resources at the DI HUB. Coursework considers practices that engage textiles across experiential and technological platforms in contemporary art and design. Essential to this inquiry, students participate in critical discussions of core texts alongside their own making. Studio production engages digital design and outsourced fabrication. This work yields studies and fully realized artworks developed through in-process discussions and presented in formal critique settings. Students who do not meet the prerequisite may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: Accessories minor or School of Art major or School of Fashion major or Textiles minor.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35313 BACKSTRAP WEAVING 3 Credit Hours
This rhizomatic potential of weaving is exemplified with backstrap weaving where looms are constructed and altered freely according to the improvisational vision of the weaver. Working from this orientation, this course engages the fluidity of the backstrap loom to transgress binary thinking, and further integrate skill building alongside conceptual development. Students combine traditional and experimental materials with the exploration of four-selvedge cloth, brocade and double cloth to develop a rigorous vocabulary. Visual, pictorial, architectural, sculptural, performative and nomadic practices are explored in a polynary pursuit of weaving. Making occurs in concert with the study of woven cosmologies that predate the modernist lineage. Studio production oscillates between generating material vocabularies and self-directed making workshopped through regular critiques. This coursework considers weaving expansively to disrupt dominant paradigms that define textility through technological and social binaries. Students who do not meet the prerequisite may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: Accessories minor or School of Art major or School of Fashion major or Textiles minor.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35316 DYE AND COLOR 3 Credit Hours
Color is a uniquely slippery element that can shift before our eyes just as it inflects social, political and emotional meaning upon the visual world. In this course, dyes are an interface to explore the formal and conceptual possibilities of color. Students are introduced to natural and synthetic dye technologies, and develop vocabulary in immersion dyeing, direct application of dyes, dye resists and dye discharges. Alongside material outputs, students investigate the social, economic and historic position of dyes and dyestuffs. Consideration of color as a source of content is a primary point of focus. Coursework includes studio activity, critical discussion of core texts and individualized research. Students produce studies and fully realized artworks developed through in-process discussions and presented in formal critique settings. Students who do not meet the prerequisite may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: Accessories minor or School of Art major or School of Fashion major or Textiles minor.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35400 FUNCTIONAL APPROACHES TO CLAY 3 Credit Hours
(Repeatable for credit) Intermediate ceramics course focused on creating functional pottery utilizing the wheel and hand building. A range of techniques are demonstrated to build skills and understanding of pottery making, design, function, surface decoration and the concept of made forms. Students learn how to make clay and glazes from dry materials as well as how to fire a gas kiln.
Prerequisite: ARTS 25400.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35401 SCULPTURAL APPROACHES IN CLAY 3 Credit Hours
(Repeatable for credit) An intermediate course focusing on all aspects of sculptural ceramics. Course may include explorations in three-dimensional form, the human figure, mold making, multiples and installation.
Prerequisite: ARTS 25400.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35602 FLAMEWORKED GLASS 3 Credit Hours
(Repeatable for credit) An investigation of techniques, tools, equipment and materials involved in glass lampworking processes. The course covers basic melting, shaping and blowing with a glass flameworking torch.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35603 GLASS BLOWING 3 Credit Hours
(Repeatable for credit) Further exploration of glass blowing techniques. Design, form, color and execution are emphasized.
Prerequisite: ARTS 25600.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35604 SCULPTURAL AND KILN-FORMED GLASS 3 Credit Hours
(Repeatable for credit) An overview and exploration of sculptural and kiln-formed glass techniques. Casting, pattern making, mold making and cold construction are covered. Design, form, content and technical execution and understanding operations of equipment are emphasized.
Prerequisite: Junior standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35700 JEWELRY CONCEPTS AND TECHNIQUES 3 Credit Hours
An in-depth exploration of jewelry making techniques such as enameling, casting, stone setting, mechanisms and fabrication. Conceptual development and design skills are emphasized. To gain a deeper understanding of the subject, historical and contemporary works are viewed and discussed.
Prerequisite: ARTS 25700.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35701 METALSMITHING CONCEPTS AND TECHNIQUES 3 Credit Hours
Course offers an in-depth exploration of larger scale fabrication, mechanisms, chasing and repoussé and hammer working techniques (raising, forging and shell forming). Conceptual development and design skills are emphasized. To gain a deeper understanding of the subject, historical and contemporary works are viewed and discussed.
Prerequisite: ARTS 25700.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 35704 ENAMELING CONCEPTS AND TECHNIQUES 3 Credit Hours
(Repeatable for credit) An in-depth exploration of vitreous enameling techniques on two-dimensional surfaces. Champlevé, cloisonné and sifted enamel approaches are highlighted. Conceptual development and design skills are emphasized. To gain a deeper understanding of the subject, historical and contemporary works are viewed and discussed.
Prerequisite: ARTS 25700.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 44002 ADVANCED DRAWING FOR ALL DISCIPLINES 3 Credit Hours
(Repeatable for credit) (Slashed with ARTS 54002) An advanced drawing course, open to all studio disciplines, with an emphasis on students pursuing individually conceived problems in close consultation one-on-one with faculty.
Prerequisite: ART 30001; and ARTS 24002.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 44010 ADVANCED FINE ART PHOTOGRAPHY 3 Credit Hours
Combined studio/lecture course offering more advanced, conceptual approaches to the contemporary applications of photographic imaging for artists. Students work with larger scale printing formats, more involved research and greater depth of involvement with the photographic medium.
Prerequisite: ARTS 24010 and ART 30001.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 44011 DIGITAL FINE ART PHOTOGRAPHY 3 Credit Hours
(Slashed with ARTS 54011) Students develop their technical and conceptual skills in fine art digital photography, and develop a contemporary approach to working with the medium. Students explore various photographic and digital techniques, and form an awareness of such techniques in contemporary photography.
Prerequisite: Minimum C grade in ART 10022.
Schedule Type: Studio
Contact Hours: 5 other
Grade Mode: Standard Letter

ARTS 44043 ADVANCED PRINT MEDIA 3 Credit Hours
(Repeatable for maximum 9 credit hours) Advanced printmaking course with emphasis on students producing new, individually conceived visual works in print media in close consultation with faculty.
Prerequisite: ART 30001; and ARTS 34043 or ARTS 34044 or ARTS 34045.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 44045 ART OF THE BOOK 3 Credit Hours
(Slashed with ARTS 54045) An introduction to artists' books. A variety of binding methods and strategies for creating art through alternative and traditional book forms are introduced. Students complete projects and develop a personal visual language through the book form.
Prerequisite: Junior standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 44046 PAPERMAKING 3 Credit Hours
(Slashed with ARTS 54046) This course introduces students to both traditional and experimental uses of handmade paper. This course combines presentations, demonstrations, group brainstorming sessions, field trips and critiques to apply towards papermaking projects. An artist research presentation and final presentation are required to encourage students to engage in outside resources and self reflect on semester-long growth. Papermaking techniques include but are not limited to: European sheet formation, pulp pigmenting, pulp painting, stenciling, embedding, paper casting and sheet wrapping. Paper fibers incorporated in this course include but are not limited to: abaca, cotton, flax and mulberry. Both two-dimensional and three-dimensional approaches to papermaking are explored. Exploration and experimentation are encouraged with equal demands on craft.
Prerequisite: Junior standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 44051 ADVANCED SCULPTURAL PRACTICE 3 Credit Hours
(Repeatable for credit) Course is self-directed, in which students create a series of sculptural works in consultation with the instructor and through ongoing student-led presentations, discussions and in-progress and final critiques. Emphasis is on creating a body of work throughout the semester that is informed by and demonstrates an awareness of contemporary practice in terms of approaches to content, form and presentation. Students can work in a variety of ways: object making, installation, site-based and/or time-based approaches. Research and writing are emphasized. Readings, slide presentations, discussions and critiques help provide context and vocabulary for student development.
Prerequisite: ART 30001 and ARTS 24051; and ARTS 34051 or ARTS 34052 or ARTS 34053.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 44060 ADVANCED PAINTING: PRACTICE AND THEORY 3 Credit Hours
(Repeatable for credit) Advanced painting course with an emphasis on pursuing individually conceived problems in close consultation with faculty.
Prerequisite: ART 30001; and ARTS 34061; and ARTS 34062 or ARTS 34063.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 44070 DIGITAL FABRICATION IN STUDIO ART 3 Credit Hours
(Slashed with ARTS 54070) This course is an introduction to digital fabrication technologies as they relate to a studio practice. Mastery of software skills enables one to better explore object-making as a medium of personal expression. In addition to technical skills, the course will introduce relationships between form, subject matter, and content. Projects will include technical and conceptual problem solving, design lessons, object making and short student lead initiatives to connect to maker spaces and industries that can support future making. Instructor facilitated discussions between students will form a community of mutual learning.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 44091 VARIABLE CONTENT SEMINAR: STUDIO ART 3 Credit Hours
(Repeatable for credit) (Slashed with ARTS 54091) Contemporary issues related to visual arts are explored through presentation, lecture, and discussion. Guest speakers augment staff.
Prerequisite: Junior or senior standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTS 44096 INDIVIDUAL STUDY: STUDIO ART 1-6 Credit Hours
(Repeatable for credit) Additional study in area of student's choice in consultation with advisor.
Prerequisite: ART 30001; and a major in Studio Art; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 2-12 other
Grade Mode: Standard Letter

ARTS 44098 RESEARCH IN STUDIO ART (ELR) 1-3 Credit Hours
(Repeatable for credit) Studio research in the visual arts.
Prerequisite: Junior or senior standing.
Schedule Type: Research
Contact Hours: 3-9 other
Grade Mode: Standard Letter-IP
Attributes: Experiential Learning Requirement

ARTS 44192 INTERNSHIP OR PRACTICUM IN STUDIO ART (ELR) 1-6 Credit Hours
(Repeatable for credit) (Slashed with ARTS 54192) An undergraduate, experience-based learning activity carried out in a visual arts setting. Emphasis is on the goals of connecting ideas, concepts, and skills developed in coursework to applications in new or different contexts, demonstrating how this experience has broadened students' understanding of their discipline, and reflection on the significance of the experience.
Prerequisite: A major in the School of Art; junior or senior standing; and special approval of faculty sponsor.
Schedule Type: Practical Experience
Contact Hours: 3-18 other
Grade Mode: Standard Letter-IP
Attributes: Experiential Learning Requirement

ARTS 45080 KENT BLOSSOM ART 1-6 Credit Hours
(Repeatable for credit) (Slashed with ARTS 55080) Studio exploration of selected concepts in studio art: painting; drawing; sculpture and expanded media; print media and photography; ceramics; glass; jewelry, metals and enameling; textiles. Content varies with each section offered.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 2-12 other
Grade Mode: Standard Letter-IP

ARTS 45089 INTERNATIONAL EXPERIENCE: STUDIO ART (DIVG) (ELR) 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTS 55089) A Kent State faculty-led study abroad experience in studio art that integrates traditional classroom learning with experiential activities and site visits outside the United States.
Prerequisite: Studio Art major; and special approval.
Schedule Type: International Experience, Lecture
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Diversity Global, Experiential Learning Requirement

ARTS 45090 STUDY AWAY: STUDIO ART (ELR) 1-3 Credit Hours
(Slashed with ARTS 55090)(Repeatable for credit) Study away in studio art disciplines at a site at or away from Kent State University.
Prerequisite: Studio Art major.
Schedule Type: Study Away
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

ARTS 45095 SPECIAL TOPICS: STUDIO ART 1-6 Credit Hours
(Repeatable for credit) (Slashed with ARTS 55095) Specialized courses in studio art that focus on specific techniques and media.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 2-12 other
Grade Mode: Standard Letter

ARTS 45098 SENIOR THESIS RESEARCH AND PROPOSAL (ELR) 1 Credit Hour
(Repeatable for credit) Preparatory course, which acts as an exploratory period for students to develop their ideas - conceptually, thematically and materially - through research, writing and physical material studies. Upon successful completion, students may continue with ARTS 45099.
Prerequisite: Major in Studio Art; senior standing; and special approval.
Schedule Type: Research
Contact Hours: 1.6 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

ARTS 45099 SENIOR THESIS EXHIBITION (ELR) 3 Credit Hours
This course prepares students for the challenges of a creative professional practice in their chosen discipline. As the culmination of undergraduate studies, the course serves as a capstone experience for students in their chosen concentration. Provides students an opportunity to independently develop and create a body of work for exhibition and oral review with faculty. Requires the completion of an undergraduate thesis and professional caliber photo documentation of the exhibition.
Prerequisite: ART 30001; and special approval.
Schedule Type: Project or Capstone
Contact Hours: 3 other
Grade Mode: Standard Letter-IP
Attributes: Experiential Learning Requirement

ARTS 45300 JACQUARD: DIGITAL WEAVING 3 Credit Hours
(Slashed with ARTS 55300)(Repeatable for credit) The digitally interfaced jacquard goes beyond the limitations of the floor loom, allowing for direct control of individual threads to enable image materialization. Incorporating mediation and handwork, students explore the historical and conceptual interstices of digital technology, weaving and picture-making. This advanced course investigates the tensions between digital interfaces and material outputs while engaging their cooperative possibilities. Inquiries into the implications of aesthetics, skill and technology are explored alongside the relationship of cloth and image. A vocabulary of woven constructions, patterns, colors and textures are developed using the digital jacquard loom. Coursework incorporates the computer, handweaving, reading, research and critical dialogue. A personal laptop computer is required for this course. We reclaim the jacquard as a hand loom to articulate form that can only emerge through the confrontation and synthesis of body and technology. The weaver embodies the cyborg. Students who do not meet the prerequisites may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: ARTS 45314 or ARTS 45351; and junior standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45301 TEXTILES: ADVANCED STUDIO 3 Credit Hours
Structured time for individual investigations in textiles. Emphasis on self-designed study. Bi-weekly presentations of contemporary work in textiles and weekly discussions or critiques with open studio.
Prerequisite: ART 30001; and special approval.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45307 TEXTILES: WEAVING AND COLOR 3 Credit Hours
(Slashed with ARTS 55307) This course will provide students with an opportunity to explore numerous techniques that emphasize the interaction of color in relation to the unique interlacement process of weaving. Use of different looms (including the floor and frame) will provide the means to integrate color with patterns and image in the connection of warp and weft. Immersion dyeing will be introduced along with specialized direct dye application methods.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45308 TEXTILE ARTS AND GENDER 3 Credit Hours
(Slashed with ARTS 55308) Textile Arts and Gender is designed as an exploratory learning experience. Through weekly readings and discussions, students will engage with historical and contemporary ideas of how textiles relate to gender and how this informs contemporary textile art practice. Simultaneously, students will be learning textile art techniques chosen because of their close association with historical notions of the feminine, the decorative, and the domestic. Students will also study the contemporary use of these same techniques in textile works that explore the concepts of gender, feminism, and subversion.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45314 PRACTICES IN WEAVING: TAPESTRY 3 Credit Hours
(Slashed with ARTS 55314)(Repeatable for credit) This intensive studio course considers tapestry expansively as an interface through which weaving contributes to aesthetics and meaning according to its own logic and history. Woven form is realized in collaboration with the tectonic grid of the loom, yielding a unique relationship to image-making; the structural surface and the image it bears are one and the same. Working with multi-harness floor looms, students engage this question through rigorous material explorations. Vocabulary is expanded through the study of double cloth, discontinuous/supplementary wefts and dye processes. The position of weaving as a progenitor of abstraction and the role of color as a catalyst for meaning are essential points of inquiry. Critical discussion of core texts and individualized research occur in tandem with studio activity. Students produce studies and fully realized artworks developed through in-process discussions and presented in formal critique settings. This work considers the practice of weaving as an expansive playground to complicate the paradigms of contemporary art with textility. Students who do not meet the prerequisite may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: ARTS 25310.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45351 PRACTICES IN WEAVING: LOOM-THINKING 3 Credit Hours
(Slashed with ARTS 55351)(Repeatable for credit) This intensive studio course focuses on weaving and its relationship to the evolving landscape of contemporary art. Working with multi-harness floor looms, students engage rigorous questions in imagery, sculptural form and spatial intervention. Vocabulary is expanded through the study of complex woven constructions, hand and digital drafting and dye processes. Emphasis is placed on developing fluency with the language and logic of the loom. Here, students enter the space of "loom-thinking" to create, mutate, subvert and interrupt weave drafts and thread interlacements in the production of woven form. Through their developing technical virtuosity, students push the algorithmic sensibility of weaving toward visual and material poetics. Critical discussion of core texts and individualized research occur in tandem with studio activity. Students produce studies and fully realized artworks developed through in-process discussions and presented in formal critique settings. This work considers the practice of weaving as an expansive playground to complicate the paradigms of contemporary art with textility. Students who do not meet the prerequisite may register for the course with special approval. Please speak to an advisor for more information.
Prerequisite: ARTS 25310.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45400 ADVANCED CERAMICS 3 Credit Hours
(Repeatable for credit) Course is designed to assist and guide students in developing their own personal art practice, concepts and skills using the ceramic medium. Personal research and critical thinking are emphasized during class discussions and critiques.
Prerequisite: ART 30001; and ARTS 35400 or ARTS 35401.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45600 ADVANCED GLASS WORKING 3 Credit Hours
(Repeatable for credit) Individual exploration of sculptural and hot glass techniques. Design, form, content and execution strongly emphasized. Introduction to studio facility design, construction and maintenance.
Prerequisite: ART 30001; and two of the following courses: ARTS 35602, ARTS 35603 and ARTS 35604.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45700 JEWELRY DESIGN AND PRODUCTION 3 Credit Hours
Course examines strategies and techniques to effectively enter the jewelry field. Industrial applications to produce multiples, research into specialized markets and packaging of work are addressed. Design and professional practice skills are emphasized.
Prerequisite: ARTS 35700.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45705 CAD FOR JEWELRY 3 Credit Hours
(Slashed with ARTS 55705) Students develop a set of comprehensive computer-aided design (CAD) skills to be utilized in a variety of studies such as sculpture design, jewelry making and many others. CAD skills are developed through the investigation of laser cutting, 3D modeling, project planning and 3D printing. Mastery of these techniques enable students to better explore object-making as a medium of personal expression. Although there are many technical components to learn, the instructor also focuses on the relationship between form, subject matter and content.
Prerequisite: ART 30001 and ARTS 25700.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45707 CONTEMPORARY APPROACHES IN METALSMITHING 3 Credit Hours
Course introduces students to current trends in the creation of metalsmithed objects. "Materialsmithing", new technologies and industrial applications are joined with historically important metalsmithing principles in the ideation and creation of new works. Research and conceptual development are emphasized.
Prerequisite: ART 30001 and ARTS 35701.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 45708 BODY ORNAMENTATION 3 Credit Hours
(Slashed with ARTS 55708)(Repeatable for credit) Course addresses the expanding theories and techniques used to adorn the body within jewelry metals and enamel. New technologies, material exploration and contemporary practices in adornment are presented. Conceptual development and research are emphasized.
Prerequisite: ARTS 25700.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 54002 ADVANCED DRAWING FOR ALL DISCIPLINES 3 Credit Hours
(Repeatable for credit) (Slashed with ARTS 44002) An advanced drawing course, open to all studio disciplines, with an emphasis on students pursuing individually conceived problems in close consultation one-on-one with faculty.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 54011 DIGITAL FINE ART PHOTOGRAPHY 3 Credit Hours
(Slashed with ARTS 44011) Students develop their technical and conceptual skills in fine art digital photography, and develop a contemporary approach to working with the medium. Students explore various photographic and digital techniques and form an awareness of such techniques in contemporary photography.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 5 other
Grade Mode: Standard Letter

ARTS 54045 ART OF THE BOOK 3 Credit Hours
(Slashed with ARTS 44045) An introduction to artists' books. A variety of binding methods and strategies for creating art through alternative and traditional book forms are introduced. Students complete projects and develop a personal visual language through the book form.
Prerequisite: Master of Arts degree or Master of Fine Arts degree; and graduate standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 54046 PAPERMAKING 3 Credit Hours
(Slashed with ARTS 44046) This course introduces students to both traditional and experimental uses of handmade paper. This course combines presentations, demonstrations, group brainstorming sessions, field trips and critiques to apply towards papermaking projects. An artist research presentation and final presentation are required to encourage students to engage in outside resources and self reflect on semester-long growth. Papermaking techniques include but are not limited to: European sheet formation, pulp pigmenting, pulp painting, stenciling, embedding, paper casting and sheet wrapping. Paper fibers incorporated in this course include but are not limited to: abaca, cotton, flax and mulberry. Both two-dimensional and three-dimensional approaches to papermaking are explored. Exploration and experimentation are encouraged with equal demands on craft.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 54070 DIGITAL FABRICATION IN STUDIO ART 3 Credit Hours
(Slashed with ARTS 44070) This course is an introduction to digital fabrication technologies as they relate to a studio practice. Mastery of software skills enables one to better explore object-making as a medium of personal expression. In addition to technical skills, the course will introduce relationships between form, subject matter, and content. Projects will include technical and conceptual problem solving, design lessons, object making, and short student lead initiatives to connect to makerspaces and industries that can support future making. Instructor facilitated discussions between students will form a community of mutual learning.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 54091 VARIABLE CONTENT SEMINAR: STUDIO ART 3 Credit Hours
(Repeatable for credit) (Slashed with ARTS 44091) Contemporary issues related to visual arts are explored through presentation, lecture and discussion. Guest speakers augment staff.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTS 54192 INTERNSHIP OR PRACTICUM IN STUDIO ART 1-6 Credit Hours
(Repeatable for credit) (Slashed with ARTS 44192) An undergraduate, experience-based learning activity carried out in a visual arts setting. Emphasis is on the goals of connecting ideas, concepts, and skills developed in coursework to applications in new or different contexts, demonstrating how this experience has broadened students' understanding of their discipline, and reflection on the significance of the experience.
Prerequisite: A major in the School of Art; and graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3-18 other
Grade Mode: Standard Letter-IP

ARTS 55080 KENT BLOSSOM ART 1-6 Credit Hours
(Repeatable for credit) (Slashed with ARTS 45080) Studio exploration in the visual arts, including ceramics, drawing, glass, jewelry-metals-enameling, painting, print media and photography, sculpture and expanded media and textiles.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Studio
Contact Hours: 2-12 other
Grade Mode: Standard Letter-IP

ARTS 55089 INTERNATIONAL EXPERIENCE: STUDIO ART 1-3 Credit Hours
(Repeatable for credit) (Slashed with ARTS 45089) A Kent State faculty-led study abroad experience in studio art that integrates traditional classroom learning with experiential activities and site visits outside the United States.
Prerequisite: Studio Art major; and graduate standing; and special approval.
Schedule Type: International Experience, Lecture
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

ARTS 55090 STUDY AWAY: STUDIO ART 1-3 Credit Hours
(Slashed with ARTS 45090)(Repeatable for credit) Study away in studio art disciplines at a site at or away from Kent State University.
Prerequisite: Studio Art major; and graduate standing.
Schedule Type: Study Away
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

ARTS 55095 STUDIO ART: SPECIAL TOPICS 1-6 Credit Hours
(Repeatable for credit) (Slashed with ARTS 45095) Specialized courses in studio art that focus on specific techniques and media.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Studio
Contact Hours: 2-12 other
Grade Mode: Standard Letter

ARTS 55300 JACQUARD: DIGITAL WEAVING 3 Credit Hours
(Slashed with ARTS 45300)(Repeatable for credit) The digitally interfaced jacquard goes beyond the limitations of the floor loom, allowing for direct control of individual threads to enable image materialization. Incorporating mediation and handwork, students explore the historical and conceptual interstices of digital technology, weaving and picture-making. This advanced course investigates the tensions between digital interfaces and material outputs while engaging their cooperative possibilities. Inquiries into the implications of aesthetics, skill and technology are explored alongside the relationship of cloth and image. A vocabulary of woven constructions, patterns, colors and textures are developed using the digital jacquard loom. Coursework incorporates the computer, handweaving, reading, research and critical dialogue. A personal laptop computer is required for this course. We reclaim the jacquard as a hand loom to articulate form that can only emerge through the confrontation and synthesis of body and technology. The weaver embodies the cyborg.
Prerequisite: Studio Art major; and graduate standing; and special approval.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 55307 TEXTILES: WEAVING AND COLOR 3 Credit Hours
(Slashed with ARTS 45307) This course will provide students with an opportunity to explore numerous techniques that emphasize the interaction of color in relation to the unique interlacement process of weaving. The use of different looms (including the floor and frame) will provide the means to integrate color with patterns and image in the connection of warp and weft. Immersion dyeing will be introduced along with specialized direct dye application, methods.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 55308 TEXTILE ARTS AND GENDER 3 Credit Hours
(Slashed with ARTS 55308) Textile Arts and Gender is designed as an exploratory learning experience. Through weekly readings and discussions, students will engage with historical and contemporary ideas of how textiles relate to gender and how this informs contemporary textile art practice. Simultaneously, students will be learning textile art techniques chosen because of their close association with historical notions of the feminine, the decorative, and the domestic. Students will also study the contemporary use of these same techniques in textile works that explore the concepts of gender, feminism and subversion.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 55314 PRACTICES IN WEAVING: TAPESTRY 3 Credit Hours
(Slashed with ARTS 45314)(Repeatable for credit) This intensive studio course considers tapestry expansively as an interface through which weaving contributes to aesthetics and meaning according to its own logic and history. Woven form is realized in collaboration with the tectonic grid of the loom, yielding a unique relationship to image-making; the structural surface and the image it bears are one and the same. Working with multi-harness floor looms, students engage this question through rigorous material explorations. Vocabulary is expanded through the study of double cloth, discontinuous/supplementary wefts and dye processes. The position of weaving as a progenitor of abstraction and the role of color as a catalyst for meaning are essential points of inquiry. Critical discussion of core texts and individualized research occur in tandem with studio activity. Students produce studies and fully realized artworks developed through in-process discussions and presented in formal critique settings. This work considers the practice of weaving as an expansive playground to complicate the paradigms of contemporary art with textility.
Prerequisite: Studio Art major; and graduate standing; and special approval.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 55351 PRACTICES IN WEAVING: LOOM-THINKING 3 Credit Hours
(Slashed with ARTS 45351)(Repeatable for credit) This intensive studio course focuses on weaving and its relationship to the evolving landscape of contemporary art. Working with multi-harness floor looms, students engage rigorous questions in imagery, sculptural form and spatial intervention. Vocabulary is expanded through the study of complex woven constructions, hand and digital drafting and dye processes. Emphasis is placed on developing fluency with the language and logic of the loom. Here, students enter the space of “loom-thinking” to create, mutate, subvert and interrupt weave drafts and thread interlacements in the production of woven form. Through their developing technical virtuosity, students push the algorithmic sensibility of weaving toward visual and material poetics. Critical discussion of core texts and individualized research occur in tandem with studio activity. Students produce studies and fully realized artworks developed through in-process discussions and presented in formal critique settings. This work considers the practice of weaving as an expansive playground to complicate the paradigms of contemporary art with textility.
Prerequisite: Studio Art major; and graduate standing; and special approval.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 55705 CAD FOR JEWELRY 3 Credit Hours
(Slashed with ARTS 45705) Students develop a set of comprehensive computer-aided design (CAD) skills to be utilized in a variety of studies such as sculpture design, jewelry making and many others. CAD skills are developed through the investigation of laser cutting, 3D modeling, project planning and 3D printing. Mastery of these techniques enable students to better explore object-making as a medium of personal expression. Although there are many technical components to learn, the instructor also focuses on the relationship between form, subject matter and content.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 55708 BODY ORNAMENTATION 3 Credit Hours
(Slashed with ARTS 45708)(Repeatable for credit) Course addresses the expanding theories and techniques used to adorn the body within jewelry metals and enamel. New technologies, material exploration and contemporary practices in adornment are presented. Conceptual development and research are emphasized.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

ARTS 64000 GRADUATE SEMINAR I: STUDIO ART 3 Credit Hours
(Repeatable for credit) This graduate seminar intends to bring together graduate students working across disciplines to facilitate their participation in creating a framework for understanding the practice of art-making in relation to the contemporary global and cultural terrain.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

ARTS 64001 GRADUATE SEMINAR II: STUDIO ART 3 Credit Hours
(Repeatable for credit) This graduate seminar is an advanced course which intends to bring together graduate students working across disciplines to facilitate their participation in creating a framework for understanding the practice of art-making in relation to the contemporary global and cultural terrain.
Prerequisite: ARTS 64000; and graduate standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

ARTS 64040 GRADUATE STUDIO: PRINT MEDIA AND PHOTOGRAPHY I 1-9 Credit Hours
(Repeatable for credit) Research-based, hands-on studio course providing a context for individual creative projects in the Print Media and Photography concentration.
Prerequisite: Print media and photography concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 64041 GRADUATE STUDIO: PRINT MEDIA AND PHOTOGRAPHY II 1-9 Credit Hours
(Repeatable for credit) Advance research-based, hands-on studio course providing a context for individual creative projects in the Print Media and Photography concentration.
Prerequisite: ARTS 64040; and print media and photography concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 64050 GRADUATE STUDIO: SCULPTURE AND EXPANDED MEDIA I 1-9 Credit Hours
(Repeatable for credit) Research-based, hands-on studio course providing a context for individual creative projects in the Sculpture and Expanded Media concentration.
Prerequisite: Sculpture and expanded media concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 64051 GRADUATE STUDIO: SCULPTURE AND EXPANDED MEDIA II 1-9 Credit Hours
(Repeatable for credit) Advanced research-based, hands-on studio course providing a context for individual creative projects in the Sculpture and Expanded Media concentration.
Prerequisite: ARTS 64050; and sculpture and expanded media concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 64060 GRADUATE STUDIO: DRAWING AND PAINTING I 1-9 Credit Hours
(Repeatable for credit) Research-based, hands-on studio course providing a context for individual creative projects in the Drawing and Painting concentration.
Prerequisite: Drawing or painting concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 64061 GRADUATE STUDIO: DRAWING AND PAINTING II 1-9 Credit Hours
(Repeatable for credit) Advanced research-based, hands-on studio course providing a context for individual creative projects in the Drawing or Painting concentration.
Prerequisite: ARTS 64060; and painting or drawing concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 64096 INDIVIDUAL INVESTIGATION STUDIO ART 1-3 Credit Hours
(Repeatable for credit) Independent study in studio art.
Prerequisite: Master of Art or Master of Fine Arts degree in the School of Art; and graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 3-9 other
Grade Mode: Standard Letter-IP

ARTS 64098 RESEARCH IN STUDIO ART 1-15 Credit Hours
(Repeatable for credit) Studio research in the visual arts.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Research
Contact Hours: 1-15 other
Grade Mode: Standard Letter

ARTS 65095 STUDIO ART: ADVANCED SPECIAL TOPICS 1-6 Credit Hours
(Repeatable for credit) Advanced specialized courses in studio art that focus on specific techniques and media.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Studio
Contact Hours: 2-12 other
Grade Mode: Standard Letter

ARTS 65300 GRADUATE STUDIO: TEXTILES I 1-9 Credit Hours
(Repeatable for credit) Research-based, hands-on studio course providing a context for individual creative projects in the Textiles concentration.
Prerequisite: Textiles concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 65301 GRADUATE STUDIO: TEXTILES II 1-9 Credit Hours
(Repeatable for credit) Advanced research-based, hands-on studio course providing a context for individual creative projects and cultivating a personal direction in the Textiles concentration.
Prerequisite: ARTS 65300; and textiles concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 65400 GRADUATE STUDIO: CERAMICS I 1-9 Credit Hours
(Repeatable for credit) Research-based, hands-on studio course providing a context for individual creative projects in the Ceramics concentration.
Prerequisite: Ceramics concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 65401 GRADUATE STUDIO: CERAMICS II 1-9 Credit Hours
(Repeatable for credit) Advanced research-based, hands-on studio course providing a context for individual creative projects and cultivating a personal direction in the Ceramics concentration.
Prerequisite: ARTS 65400; and Ceramics concentration in the Studio Art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 65600 GRADUATE STUDIO: GLASS I 1-9 Credit Hours
(Repeatable for credit) Research-based, hands-on studio course providing a context for individual creative projects in the Glass concentration.
Prerequisite: Glass concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 65601 GRADUATE STUDIO: GLASS II 1-9 Credit Hours
(Repeatable for credit) Advanced research-based, hands-on studio course providing a context for individual creative projects and cultivating a personal direction in the Glass concentration.
Prerequisite: ARTS 65600; and glass concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 65700 GRADUATE STUDIO: JEWELRY, METALS, ENAMELING I 1-9 Credit Hours
(Repeatable for credit) Advanced research-based, hands-on studio course providing a context for individual creative projects and cultivating a personal direction in the Jewelry, Metals, Enameling concentration.
Prerequisite: Jewelry, metals and enameling concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 65701 GRADUATE STUDIO: JEWELRY, METALS, ENAMELING II 1-9 Credit Hours
(Repeatable for credit) Advanced research-based, hands-on studio course providing a context for individual creative projects and cultivating a personal direction in the Jewelry, Metals, Enameling concentration.
Prerequisite: ARTS 65700; and jewelry, metals and enameling concentration in the studio art major; and graduate standing.
Schedule Type: Studio
Contact Hours: 2-18 other
Grade Mode: Standard Letter-IP

ARTS 65991 SEMINAR IN STUDIO ART 1-3 Credit Hours
(Repeatable for credit) Contemporary issues and professional concerns in studio art explored through presentations, lectures, and discussion. Graduate faculty and guest speakers.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter

Accessories - Minor

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Accessories minor gives students an opportunity to focus on the design and production of innovative and unique objects within the studio areas of jewelry, metals and textiles, which leads to the development of functional, decorative and wearable forms.

  - In person
- **Location:**
  - Kent Campus

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the

A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

Program Requirements

Minor Requirements

Code	Title	Credit Hours
Minor Requirements		
ARTS 25700	INTRODUCTION TO JEWELRY METALS	3
Jewelry and Metals Electives, choose from the following:		6
ARTS 35700	JEWELRY CONCEPTS AND TECHNIQUES	
ARTS 35704	ENAMELING CONCEPTS AND TECHNIQUES [1]	
ARTS 45080	KENT BLOSSOM ART [2]	
ARTS 45095	SPECIAL TOPICS: STUDIO ART [2]	
ARTS 45700	JEWELRY DESIGN AND PRODUCTION	
ARTS 45705	CAD FOR JEWELRY	
ARTS 45708	BODY ORNAMENTATION [3]	
Textile Art Electives, choose from the following:		9
ARTS 25310	FOUNDATIONS IN WEAVING	
ARTS 35302	FELTMAKING	
ARTS 35305	TEXTILES: ACCESSORIES - DESIGN AND PRODUCTION	
ARTS 35310	OFF-LOOM	
ARTS 35311	PRINT FOR TEXTILES AND ALTERNATIVE SURFACES	
ARTS 35312	DIGITAL TEXTILES	
ARTS 35313	BACKSTRAP WEAVING	
ARTS 35316	DYE AND COLOR	
ARTS 45080	KENT BLOSSOM ART [2]	
ARTS 45095	SPECIAL TOPICS: STUDIO ART [2]	
ARTS 45300	JACQUARD: DIGITAL WEAVING [4]	
ARTS 45307	TEXTILES: WEAVING AND COLOR	
ARTS 45308	TEXTILE ARTS AND GENDER	
ARTS 45314	PRACTICES IN WEAVING: TAPESTRY [5]	
ARTS 45351	PRACTICES IN WEAVING: LOOM-THINKING [6]	
Minimum Total Credit Hours:		**18**

1. Maximum 6 credit hours of ARTS 35704 may be applied toward minor requirements.
2. ARTS 45080 and ARTS 45095 may be used with approval from a faculty or academic advisor.
3. Maximum 6 credit hours of ARTS 45708 may be applied toward minor requirements.
4. Maximum 6 credit hours of ARTS 45300 may be applied toward minor requirements.
5. Maximum 9 credit hours of ARTS 45314 may be applied toward minor requirements.
6. Maximum 9 credit hours of ARTS 45351 may be applied toward minor requirements.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Create work within textile arts, jewelry, metals and enameling, and understand associated materials, processes and applications.
2. Discuss larger contemporary and historical contexts within the creation of accessories, wearables and works for the body or domestic space.
3. Demonstrate design and visual literacy in their work.

Art Education - B.F.A.

College of the Arts
School of Art
www.kent.edu/art

About This Program

Earn your B.F.A. in Art Education and become a dynamic pre-K-12 visual arts educator! Our program blends hands-on studio practice with learner-centered teaching, equipping you with the skills to inspire creativity in diverse classrooms. You'll master traditional and digital media; explore art history and aesthetics; and develop inclusive, engaging instructional strategies. With a strong focus on cultural awareness, student development and creative expression, you'll graduate ready to create meaningful and transformative learning experiences through art. Read more...

Examples of Possible Careers

- High school teachers in traditional, special needs and technical schools, plus museums, community and enrichment programs
- Middle school teachers in traditional, special needs and technical schools, plus museums, community and enrichment programs
- Preschool and elementary teachers in traditional, special needs and technical schools, plus museums, community and enrichment programs

Accreditation

National Association of Schools of Art and Design (NASAD)

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

Minimum Total Credit Hours:		**120**

[1] A minimum C grade must be earned to fulfill the writing-intensive requirement.

Progression Requirements

- Students must meet all professional requirements for admission to advanced study. Students will meet with an academic advisor to discuss the application for advanced study.
- Students must have a minimum 2.500 overall GPA and 2.500 major GPA for admission to advanced study, student teaching and graduation.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.500	2.500

- Students must receive a rating of "satisfactory" on selected works exhibited during their portfolio review.
- Students must complete over 120 field hours through a variety of teaching experiences (i.e., when they are out in schools or other educational settings) within their teacher education program.
- Student must satisfy all professional disposition assessments at least three times throughout their teacher education program, which includes student teaching. Professional dispositions are the professional attitudes, values and beliefs demonstrated through both verbal and non-verbal behaviors as educators interact with students, families, colleagues, faculty and communities.
- Students must pass ARTE 41009, a course that examines the student's knowledge, proficiency and ability to apply concepts in art and visual arts education.
- Students must pass the Kent Summative Teacher Education Project (K-STEP) designed to develop and evaluate their ability to plan for instruction, use instructional strategies and assess student learning during their final student teaching experience.
- Students must successfully complete student teaching, the culminating experience in the preparation of the student teacher candidate.
- ARTH 12001 is designed for non-art majors, and will not fulfill major requirements for art majors.

Licensure Information

Candidates seeking Ohio licensure are required to pass specific assessments in order to apply for licensure. The following Ohio Assessment for Educators (OAE) examinations are required for licensure: OAE 004, the visual art content assessment; and OAE 006, the pre-K-12 multi-age visual arts pedagogy assessment. See Ohio Department of Education-Educator Preparation website for more information on assessments specific to licensure type. Taking and passing the licensure tests prior to graduation is encouraged, but not required.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
	ART 10022	2D COMPOSITION	3
	ARTS 14000	DRAWING I	3

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Construct lesson plans that reflect learner-centered pedagogy that is culturally responsive, inclusive and developmentally appropriate.
2. Incorporate the use of evidence-based instructional strategies, resources and instructional technology as part of the learning activities aligned with goals, objectives and/or standards in the lesson plans.
3. Apply evidence-based instruction to meet a diversity of students'needs.
4. Practice reflective teaching in the classroom to accommodate all students using effective strategies, resources, materials and accommodations to adapt instruction to meet the needs of individuals and groups of students.
5. Implement formative and summative assessments that align conceptually to the lesson objectives and are designed to be appropriate to address individual student differences and minimize bias.
6. Demonstrate professional#teaching dispositions.
7. Apply creative, technical, procedural and interpretive skills through a range of studio art and design experiences.

Program Policies

Dual Degree/Double Major

School of Art

Students are permitted to double major in more than one division of the School of Art or complete more than one concentration in the same division.

1. Students enrolling in more than one major within the school must complete all course requirements in each major. If the two majors represent different degree programs, a minimum of 140 credit hours must be completed.
2. Students enrolling in a double concentration within the B.F.A. program must complete at least 12 upper-division credit hours within each concentration. In addition, all reviews must be passed and a senior project must be completed in each concentration.

A student taking a second major in art history must complete the language requirement. The program requirements for a double major must be approved in advance in writing by either the director or the division coordinator and become a part of the student's permanent file.

The Hugh A. Glauser School of Music

The Bachelor of Music, Bachelor of Arts degree in Music and the Bachelor of Science degree in Music Technology programs can be combined with approval by the faculty and director of the School of Music. In addition, double majors and more than one concentration within a major can be approved by the faculty and director of the School of Music.

Exhibitions

Students enrolled in a B.F.A. or B.A. program in studio art, and in the B.F.A. in art education, must receive a rating of "satisfactory" on selected works exhibited during their portfolio review.

No-Credit Courses

Some courses do not generate credit within particular programs. ARTH 12001 does not generate credit for majors within the School of Art, but can be used to fulfill Kent Core requirements. Check course descriptions carefully for more information.

Physical Activity and ROTC Courses

No more than 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses or the first 16 credit hours of ROTC courses—Aerospace Studies (ASTU) and Military Studies (MSCI)—may apply to the 120 credit hours required for graduation.

Veterans who have completed a minimum of one year of active duty may receive PWS credit for military basic training according to branch of service, as follows:

- Army and Marine Corps, 3 credit hours;
- Navy and Coast Guard, 2 credit hours;
- Air Force, 1 credit hour.

Requirement Audit

Upon completion of 60 credit hours, each student is required to contact the College of the Arts Advising office to obtain a current evaluation of progress toward completion of the student's chosen degree program. Requirement evaluations are not a substitute for meeting with a faculty advisor. Students may access GPS (Graduation Planning System) audit through their FlashLine account which provides them with information about their academic progress. Questions about GPS audits are answered in the College of the Arts Advising office.

Requirements for Admission to Advanced Study for Art Education and Music Education

Admission to advanced study is required of all art education and music education majors and minors prior to enrolling in upper-division education courses. Upon completion of coursework, as determined by program area, students should have satisfied the prerequisites for admission to advanced study. Students must submit an application for advanced study by the second Friday of the term during which all prerequisites for advanced study will be completed, and at least one semester prior to beginning any coursework for which "Admission to Advanced Study" is a prerequisite. Students at the Kent Campus apply for Advanced Study through the College of Education, Health and Human Services Student Portal, which can be accessed through the Vacca Office of Student Services web page. Students completing a licensure program at a regional campus should check with that campus for instructions on how to apply for "Advanced Study." Please note: Admission to advanced study is required for students pursuing an undergraduate major that leads to teacher licensure. Please be aware that reapplication may be necessary if postponing advanced study coursework or if withdrawn for one year or more.

Requirements for Admission to Advanced Study for Art Education and Music Education

- College Writing: Students are required to attain a minimum C grade in each writing courses (ENG 11011 and ENG 21011 or equivalent).
- Pre-Advanced Study Coursework: To be eligible for advanced study, students must earn a minimum C grade in CULT 29535 and a minimum C grade in one of the following courses (please note that a minimum C grade must be earned in all of the four courses for teacher licensure programs):
  - EPSY 29525
  - SPED 23000
- Grade Point Average:
  - Art Education majors must have earned a minimum 2.500 cumulative GPA in order to be admitted to Advanced Study.
  - Music Education majors must have earned a minimum 2.500 cumulative GPA and a minimum 2.750 major GPA at the time of application in order to be admitted to Advanced Study.
- Disposition Assessment/Professional Disposition Plans (PDPs): Students are required to have completed all professional dispositions plan (PDPs) at the time of application to be eligible for advanced study.
- Advising Appointment: Art Education and Music Education students should make an advising appointment with a professional advisor in the Vacca Office of Student Services (or Regional Campus advising office if completing the program at that campus) for information about applying for Advanced Study and educator licensure. Advising appointments at the Kent Campus are made through the Vacca Office of Student Services' website at www.kent.edu/ehhs/services/voss.
- Teacher Candidate Acknowledgments and Legal Questions for Licensure: Candidates are required to electronically sign four statements acknowledging that they have read and understand the following areas: background check requirements; professional dispositions; licensure application information; legal questions asked on the licensure application. Statements can be found on the student portal.

Transfer Students to the School of Art

Transfer students with more than two studio art courses should submit a portfolio of work for proper placement. The director of the School of Art may impose additional requirements considered reasonable and necessary. Transfer credits are evaluated consistent with the state Transfer Articulation Guidelines (TAG), although each student will be evaluated individually in terms of their ability to perform within the program. Transfer students should make every effort to complete admission requirements before the deadlines and see an advisor in the School of Art for an evaluation of the portfolio and schedule planning before registration.

Full Description

The Bachelor of Fine Arts degree in Art Education prepares students to effectively teach visual art by applying a learner-centered pedagogy to embrace the many dimensions of human intelligence and aesthetic education.

Art educators understand child development to successfully engage learners in the complete artistic process of thinking—perceptual, imaginative, formative, expressive and communicative—by combining a range of subject matter, symbols and ideas. They organize and evaluate teaching activities for creating and analyzing works of art and design from contemporary and past cultures. This involves using a variety of media, technology and community resources and making connections between visual art and other disciplines, as well as assessing the learning outcomes of their students.

In addition, art educators are prepared to meet the needs of all students with an understanding of the value of diversity. They create safe and equitable learning environments in which to nurture lifelong skills in problem solving, critical thinking, collaboration, creativity and constructing meaning.

Graduates of the degree program will be eligible to be certified for pre-K-12 visual art teacher licensure.

Study Abroad/Away Opportunities:

- Travel opportunities to New York City and Paris
- Study abroad through Kent State's Florence program in Florence, Italy (full semester or summer art and design experience)
- Ohio Art Education Association and National Art Education Association Travel Studies

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Art Education - M.A.

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Master of Arts degree in Art Education provides opportunities for those with a background in art education to develop a focused competence in the visual arts, as well as an intellectual understanding of the history and current issues of the field of art education. Students study quantitative and qualitative approaches to research.

  - Kent Campus

Applications to the M.A. in Art Education are not being accepted at this time.

Examples of Possible Careers and Salaries*

Art, drama, and music teachers, postsecondary

- 5.6% faster than the average
- 116,300 number of jobs
- $69,690 potential earnings

Self-enrichment teachers

- 10.3% much faster than the average
- 386,200 number of jobs
- $39,960 potential earnings

Additional Careers

- Visual arts teachers
- Preschool, elementary, middle school and high school teachers in traditional, special needs and technical schools, in addition to museums and community and enrichment programs

Accreditation

National Association of Schools of Art and Design (NASAD)

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

Applications to the M.A. in Art Education are not being accepted at this time.

- Bachelor's degree from an accredited college or university[1]
- Minimum 2.750 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Résumé or curriculum vitae
- Goal statement that focuses on the philosophy of art education
- Portfolio
- Three letters of recommendation
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[2]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] Preference is given to the applicant holding a B.A., B.F.A. or B.S. degree in Art Education.

[2] International applicants who do not meet the above test scores will not be considered for admission.

Art History (ARTH) or Studio Art (ARTS) or Art Education (ARTE) Electives [2]		6
Culminating Requirement		
Thesis or Capstone, choose from the following:		6
ARTE 61399	ART EDUCATION: GRADUATE PROJECT CAPSTONE [3]	
and Guided Elective [4]		
ART 67199	M.A.THESIS I [5]	
Minimum Total Credit Hours:		**30**

[1] Students who completed ARTE 41004 as an undergraduate will consult with their faculty advisor on the elective course to take as a replacement for this requirement.

[2] Students select elective courses in consultation with their program advisor based on research interests.

[3] ARTE 61399 is appropriate for students in contexts in which research can be completed as part of their own practice, in most cases in their own art classrooms or other educational venues. The course involves research, which focuses on participant/researcher studies in curriculum, classroom settings, grant implementation and/or community-based projects. Students articulate and refine knowledge, reflective practice (including critical self-reflection) and develop goals to improve practice or further understanding of phenomena within the field of art education.

[4] Students who select the project capstone as their culminating requirement will take an additional, guided elective, based on their research interest, to meet the 30 credit hours for the degree.

[5] The thesis is a significant project or body of work done independently of other coursework. Students are expected to demonstrate the ability to conduct research or produce a significant, original project in a discriminating and disciplined manner. The thesis topic should be one that will further the student's knowledge and ability in the specialty by demonstrating skill as a researcher. The outcome should be an effort that serves as a foundation for the pursuit of independent work when the graduate program is completed. At this stage, students are expected to work in close consultation with their thesis advisor.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Understand the breadth of theoretical, philosophical, historical and pedagogical issues in visual arts education instruction and curriculum.
2. Articulate how issues that foster positive social change are inherent in the field and are constructed within wider frameworks of culture and society.
3. Understand the purposes, functions and value of teaching art and design in PreK-12 educational settings.
4. Understand and refine the application of art and general education research methodology, methods and procedures.
5. Demonstrate advanced comprehension of self-identified topics through conducting detailed research investigation.

About This Program

Discover the beauty and significance of art with the Art History program. Our bachelor's degree provides a comprehensive education in the history and theory of art, preparing you for a wide range of careers in the arts and humanities. With a curriculum that spans cultures and time periods — as well opportunities for internships, study abroad and research with faculty experts in their fields — you will develop a deep understanding of the power of art and its impact on society. Examples of Possible Careers and Salaries*

Archivists

- 7.9% faster than the average
- 8,100 number of jobs
- $56,760 potential earnings

Art, drama, and music teachers, postsecondary

- 5.6% faster than the average
- 116,300 number of jobs
- $69,690 potential earnings

Curators

- 12.6% much faster than the average
- 14,500 number of jobs
- $56,990 potential earnings

Museum technicians and conservators

- 11.6% much faster than the average
- 14,800 number of jobs
- $45,710 potential earnings

Property appraisers and assessors

- 2.9% slower than the average
- 75,100 number of jobs
- $58,650 potential earnings

Accreditation

National Association of Schools of Art and Design (NASAD)

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment

over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Transfer students with more than two studio courses should submit a portfolio of work for proper placement. The director of the School of Art may impose additional requirements considered reasonable and necessary. Transfer credits are evaluated consistent with the state Transfer Articulation Guidelines (TAG), although each student will be evaluated individually in terms of their ability to perform within the program. Transfer students should make every effort to complete admission requirements before the deadlines and to see an advisor in the School of Art for an evaluation of the portfolio and for schedule planning before registration.

Transfer students visit the admissions website for transfer students for more information.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

Program Requirements

	Credit Hours	**15**
Semester Eight		
Art History (ARTH) Upper-Division Electives (30000 or 40000 level)		6
Minor Requirements and General Electives		9
	Credit Hours	**15**
	Minimum Total Credit Hours:	**120**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate a comprehensive understanding of art from a range of historic and cultural traditions.
2. Observe, describe and interpret art objects, events and concepts within their cultural context.
3. Engage with a variety of methodologies and theories relevant to different fields of art history.
4. Demonstrate an advanced level of written and/or oral analysis.
5. Become engaged citizens of a global community and recognize the role of art and cultural production as they foster communities, reflect identities and understand social systems.

Program Policies
Dual Degree/Double Major
School of Art

Students are permitted to double major in more than one division of the School of Art or complete more than one concentration in the same division.

1. Students enrolling in more than one major within the school must complete all course requirements in each major. If the two majors represent different degree programs, a minimum of 140 credit hours must be completed.
2. Students enrolling in a double concentration within the B.F.A. program must complete at least 12 upper-division credit hours within each concentration. In addition, all reviews must be passed and a senior project must be completed in each concentration.

A student taking a second major in art history must complete the language requirement. The program requirements for a double major must be approved in advance in writing by either the director or the division coordinator and become a part of the student's permanent file.

The Hugh A. Glauser School of Music

The Bachelor of Music, Bachelor of Arts degree in Music and the Bachelor of Science degree in Music Technology programs can be combined with approval by the faculty and director of the School of Music. In addition, double majors and more than one concentration within a major can be approved by the faculty and director of the School of Music.

No-Credit Courses

Some courses do not generate credit within particular programs. ARTH 12001 does not generate credit for majors within the School of Art, but can be used to fulfill Kent Core requirements. Check course descriptions carefully for more information.

Physical Activity and ROTC Courses

No more than 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses or the first 16 credit hours of ROTC courses—Aerospace Studies (ASTU) and Military Studies (MSCI)—may apply to the 120 credit hours required for graduation.

Veterans who have completed a minimum of one year of active duty may receive PWS credit for military basic training according to branch of service, as follows:

- Army and Marine Corps, 3 credit hours;
- Navy and Coast Guard, 2 credit hours;
- Air Force, 1 credit hour.

Requirement Audit

Upon completion of 60 credit hours, each student is required to contact the College of the Arts Advising office to obtain a current evaluation of progress toward completion of the student's chosen degree program. Requirement evaluations are not a substitute for meeting with a faculty advisor. Students may access GPS (Graduation Planning System) audit through their FlashLine account which provides them with information about their academic progress. Questions about GPS audits are answered in the College of the Arts Advising office.

Transfer Students to the School of Art

Transfer students with more than two studio art courses should submit a portfolio of work for proper placement. The director of the School of Art may impose additional requirements considered reasonable and necessary. Transfer credits are evaluated consistent with the state Transfer Articulation Guidelines (TAG), although each student will be evaluated individually in terms of their ability to perform within the program. Transfer students should make every effort to complete admission requirements before the deadlines and see an advisor in the School of Art for an evaluation of the portfolio and schedule planning before registration.

Full Description

The Bachelor of Arts degree in Art History provides students with an understanding of major art and cultural achievements across historical periods, geographic regions and significant movements. The program fosters visual literacy, critical thinking, creative problem-solving and research development and writing competencies. Students are prepared for careers in non-profit and art organizations, graduate study in art history or museum studies and lifelong advocacy for the arts.

Study Abroad/Study Away Opportunities:

- Travel to New York and Paris
- Study Abroad in Florence, Italy, either for a full semester or a summer

Art History - M.A.

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Master of Arts degree in Art History offers a range of perspectives on art, theory and cultural production across historical periods, geographic regions and significant movements. When specializing in one area for the thesis, students may choose to focus in periods and genres related to faculty research and expertise.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Minimum 2.750 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Curriculum vitae
- Goal statement (approximately 250 words) indicating the proposed area of specialization within the art history curriculum
- Three letters of recommendation from persons who are in the proposed area of study or a closely related field
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[1]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] International applicants who do not meet the above test scores will not be considered for admission.

Application Deadlines

- **Fall Semester**
  - Application deadline: February 1

Applications submitted by this deadline will receive the strongest consideration for admission.

[1] The thesis is a significant project or body of work done independently of other coursework. Students are expected to demonstrate the ability to conduct research or produce a significant, original project in a discriminating and disciplined manner. The thesis topic should be one that will further the student's knowledge and ability in the specialty by demonstrating skill as a researcher or studio artist. The outcome should be an effort that serves as a foundation for the pursuit of independent work when the graduate program is completed. At this stage, students are expected to work in close consultation with their thesis advisor.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- A reading knowledge of a language other than English is required.
- Successful completion of the Candidacy Review Examination is a requirement in every School of Art graduate program. In the Art History major, the examination is given in the third semester of full-time coursework. Successful completion of the examination designates the student as a candidate for the degree.
- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate a comprehensive understanding of art from a range of historic and cultural traditions.
2. Observe, describe and interpret art objects, events and concepts within their cultural context.
3. Engage with a variety of methodologies and theories relevant to different fields of art history.
4. Demonstrate an advanced level of written and oral analysis.
5. Demonstrate advanced research skills and knowledge in a particular artist, collection, period or movement through the thesis.
6. Access and utilize relevant primary and secondary source material in diverse formats, including digital technology.

7. Become engaged citizens of a global community and recognize the role of art and cultural production as they foster communities, reflect identities and understand social systems.

Art History - Minor

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Art History minor introduces students to major works in the history of art and to the analytical and critical methods of the art historian.

- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate a comprehensive understanding of art from a range of historic and cultural traditions.
2. Observe, describe and interpret art objects, events and concepts within their cultural context.
3. Engage with a variety of methodologies and theories relevant to different fields of art history.

Ceramics - Minor

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Ceramics minor is designed to encourage students from all areas of the university to explore working creatively with clay. Students may explore making functional pots and sculptural objects using a variety of wheel throwing and hand-building techniques, or they may choose to work sculpturally in conjunction with other methods of creating three-dimensional objects. Flexibility in the curriculum affords students the opportunity to design a program intended to meet individual needs and freedom of expression.

- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Identify ceramic material and the mechanics of working with clay through the creation of wheel-thrown and hand-built pottery.
2. Demonstrate craftsmanship through a refinement of form, technical ability and attention to detail.
3. Identify ceramics firing processes at an intermediate level.
4. Perform ceramic glazing techniques at an intermediate level.

Drawing - Minor

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Drawing minor provides an introduction to fundamental form, pictorial structure and media through work from observation and conceptual projects. Emphasis in the minor is on students' continued development in drawing toward individually conceived creative practice.

- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate the ability (skill) to work within their chosen medium/media, and understand associated materials and processes.

2. Demonstrate an understanding of larger contemporary and historical contexts.
3. Demonstrate a high degree of design and visual literacy in their work.

Glass - Minor

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Glass minor is designed to encourage students from all areas of the university to explore working creatively with glass. Students can take coursework in glassblowing, flameworking and kiln-formed glass, which creates a platform for broad understanding of the material and creative forces at play in the medium. Flexibility in the curriculum provides students with choices to design a program to meet individual needs and freedom of expression.

Minimum Minor GPA	Minimum Overall GPA
2.250	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Create a variety of traditional vessel forms in glass.
2. Learn fundamentals of hot sculpting using a torch.
3. Learn how to use molds in the hot glass working process.
4. Perform cold-working and finishing techniques in the cold shop.
5. Effectively anneal glass which results in structurally sound sculptures.

Jewelry, Metals and Enameling - Minor

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Jewelry, Metals and Enameling minor focuses on approaches to jewelry making and metalsmithing, while allowing students to achieve specialization. Students achieve such skills as cold connection techniques, small and medium scaled silver soldering, small jewelry- and object-making techniques, small scale fabrication, forming, cold forging and tool-making techniques.

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate jewelry, metalsmithing and enameling skills.
2. Analyze jewelry, metalsmithing and enameling within a contemporary art lens.
3. Demonstrate design skills for the creation of art jewelry and metalsmithed objects.

Painting - Minor

College of the Arts

School of Art
www.kent.edu/art

About This Program

The Painting minor is an introduction to fundamental image-making and the use of form in painting through working from observation and conceptual projects. Emphasis in the minor is on students' continued development in painting towards self-initiated creative practice.

2. Demonstrate an understanding of larger contemporary and historical contexts.
3. Demonstrate a high degree of design and visual literacy in their work.

Print Media and Photography - Minor

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Print Media and Photography minor provides an introduction to printmaking and fine art photography. Students can pursue a study in traditional printmaking techniques such as intaglio, silkscreen and lithography, as well as digital applications. Students can also pursue a study in photography, including traditional darkroom and film alternative photographic techniques and fine art digital photography. Synergies between these two historically related disciplines provide ample room for experimentation and a course of study designed specifically to suit students' interests.

Sculpture and Expanded Media - Minor

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Sculpture and Expanded Media minor offers students a wide range of approaches, strategies and techniques to making dimensional and spatial work. Students learn to fabricate sculptural objects utilizing techniques in clay, plaster, wood, metal and non-traditional materials. In addition, they are exposed to and learn to work in expanded media formats, such as installation art and time-based practices (video, sound, performance).

Accreditation

National Association of Schools of Art and Design (NASAD)

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Transfer students to the program who meet the general transfer admission requirements should schedule a meeting with the academic advisor in the School of Art and submit a portfolio to a studio art faculty member to review for proper course placement. The faculty member may specify additional requirements considered reasonable and necessary. Transfer credits are evaluated consistent with the state-wide Transfer Articulation Guides (TAG), although each student will be evaluated individually in terms of his or her ability to perform in the program. Transfer students should make every effort to complete admission requirements before the deadlines and to schedule a portfolio review with before registration.

Transfer students visit the admissions website for transfer students for more information.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

Minimum Total Credit Hours:		**120**

[1] Selected upper-division Studio Art courses (ARTS 30000 or 40000 level) may be taken without first successfully completing ART 30001. At the completion of seven specific courses (ART 10022, ART 10023, ART 10024, ARTH 22007, ARTS 14000 and two of the four foundations electives), students register for ART 30001 and submit a portfolio of representative studio work selected from these courses to a studio art faculty committee for review. An examination of knowledge of art history also will be included. Incoming transfer students are expected to provide examples of foundational coursework equivalent to School of Art requirements for ART 30001. The review is a formative

assessment of the student's foundations work including a digital portfolio, installation of sampling of works and proficiency in written and oral critical thinking.

2 A minimum C grade must be earned to fulfill the writing-intensive requirement.

3 A maximum 3 credit hours of ARTS 45090 may be applied toward Studio Art Electives. Students may apply this course toward fulfilling general electives, with no maximum credit hours required.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.250	2.000

- ARTH 12001 is designed for non-art majors, and will not fulfill major requirements for art majors.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate technical competencies across a range of media, processes and materials.
2. Articulate in both written and oral form the contemporary and historical contexts within which the visual arts have been created.
3. Integrate design and visual literacy in their work.
4. Demonstrate the ability to make workable connections between concept and media.
5. Integrate knowledge across studio art disciplines, and make connections with other disciplines.

Program Policies

Dual Degree/Double Major

School of Art

Students are permitted to double major in more than one division of the School of Art or complete more than one concentration in the same division.

1. Students enrolling in more than one major within the school must complete all course requirements in each major. If the two majors represent different degree programs, a minimum of 140 credit hours must be completed.
2. Students enrolling in a double concentration within the B.F.A. program must complete at least 12 upper-division credit hours within each concentration. In addition, all reviews must be passed and a senior project must be completed in each concentration.

A student taking a second major in art history must complete the language requirement. The program requirements for a double major must be approved in advance in writing by either the director or the division coordinator and become a part of the student's permanent file.

The Hugh A. Glauser School of Music

The Bachelor of Music, Bachelor of Arts degree in Music and the Bachelor of Science degree in Music Technology programs can be combined with approval by the faculty and director of the School of Music. In addition, double majors and more than one concentration within a major can be approved by the faculty and director of the School of Music.

Exhibitions

Students enrolled in a B.F.A. or B.A. program in studio art, and in the B.F.A. in art education, must receive a rating of "satisfactory" on selected works exhibited during their portfolio review.

No-Credit Courses

Some courses do not generate credit within particular programs. ARTH 12001 does not generate credit for majors within the School of Art, but can be used to fulfill Kent Core requirements. Check course descriptions carefully for more information.

Physical Activity and ROTC Courses

No more than 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses or the first 16 credit hours of ROTC courses—Aerospace Studies (ASTU) and Military Studies (MSCI)—may apply to the 120 credit hours required for graduation.

Veterans who have completed a minimum of one year of active duty may receive PWS credit for military basic training according to branch of service, as follows:

- Army and Marine Corps, 3 credit hours;
- Navy and Coast Guard, 2 credit hours;
- Air Force, 1 credit hour.

Requirement Audit

Upon completion of 60 credit hours, each student is required to contact the College of the Arts Advising office to obtain a current evaluation of progress toward completion of the student's chosen degree program. Requirement evaluations are not a substitute for meeting with a faculty advisor. Students may access GPS (Graduation Planning System) audit through their FlashLine account which provides them with information about their academic progress. Questions about GPS audits are answered in the College of the Arts Advising office.

Transfer Students to the School of Art

Transfer students with more than two studio art courses should submit a portfolio of work for proper placement. The director of the School of Art may impose additional requirements considered reasonable and necessary. Transfer credits are evaluated consistent with the state Transfer Articulation Guidelines (TAG), although each student will be evaluated individually in terms of their ability to perform within the program. Transfer students should make every effort to complete admission requirements before the deadlines and see an advisor in the School of Art for an evaluation of the portfolio and schedule planning before registration.

Full Description

The Bachelor of Arts degree in Studio Art is a liberal arts program that provides students with the breadth of study that complements core work in the visual arts. Students may choose one or more studio art minors or a second major outside the arts to prepare themselves for a wide range of careers or for further specialized study.

Students in the program are encouraged to take advantage of travel opportunities to New York, Washington D.C., London, Paris and China. In addition, students can participate in study abroad full semester or summer experiences at Kent State's Florence, Italy location.

Studio Art - B.F.A.

College of the Arts
School of Art
www.kent.edu/art

About This Program

Earn your B.F.A. in Studio Art and turn your creativity into a career! This pre-professional program hones your technical skills, conceptual thinking and problem-solving through hands-on studio work, critiques and contemporary art exploration. Specialize in ceramics, drawing, glass, jewelry, painting, print media, photography, sculpture or textiles — each offering a unique path to artistic mastery. Showcase your work in a senior thesis exhibition and prepare for a future in the visual arts. Read more...

ARTS 45099	SENIOR THESIS EXHIBITION (ELR) [3]	3
Art History (ARTH) Upper-Division Elective (30000 or 40000 level)		3
Studio Art (ARTS) Upper-Division Electives (30000 or 40000 level) [4]		12
Foundations Electives, choose from the following:		12
ARTS 14001	DRAWING II	
ARTS 24002	DRAWING AS A STUDIO PRACTICE	
ARTS 24010	INTRODUCTION TO FINE ART PHOTOGRAPHY	
ARTS 24040	INTRODUCTION TO PRINT MEDIA	
ARTS 24051	INTRODUCTION TO SCULPTURAL PRACTICE	
ARTS 24061	INTRODUCTION TO PAINTING	
ARTS 25310	FOUNDATIONS IN WEAVING	
ARTS 25400	CERAMICS I	
ARTS 25600	INTRODUCTION TO GLASS WORKING	

ARTS 25700	INTRODUCTION TO JEWELRY METALS	
Additional Requirements (courses do not count in major GPA)		
UC 10001	FLASHES 101	1
Kent Core Composition		6
Kent Core Mathematics and Critical Reasoning		3
Kent Core Humanities		3
Kent Core Social Sciences (must be from two disciplines)		6
Kent Core Basic Sciences (must include one laboratory)		6-7
Kent Core Additional		6
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours)		7
Concentrations		
Choose from the following:		27
Ceramics		
Drawing		
Glass		
Jewelry, Metals and Enameling		
Painting		
Print Media and Photography		
Sculpture and Expanded Media		
Textiles		
Minimum Total Credit Hours:		**120**

1 Students may register for selected Studio Art upper-division courses (ARTS 30000 or 40000 level) prior to successfully completing ART 30001. At the completion of seven specific courses (ART 10022, ART 10023, ART 10024, ARTH 22007, ARTS 14000 and two foundation electives), students register for ART 30001 and submit a portfolio of representative studio work selected from these courses to a studio art faculty committee for review. An examination of knowledge of art history is included. Incoming transfer students are expected to provide examples of foundational coursework equivalent to School of Art requirements for ART 30001. The review is a formative assessment of the student's foundations work including a digital portfolio, installation of sampling of works and proficiency in written and oral critical thinking.

2 A minimum C grade must be earned to fulfill the writing-intensive requirement.

3 Students are required to plan and execute independently a senior thesis exhibition in the area of their declared concentration. The exhibition is presented for review to a committee of at least three School of Art faculty. In addition to presenting the project or exhibition, students must submit a written proposal and written summation (or artist's statement). Students must submit photographic documentation along with the requisite written components at the completion of the committee defense. Students should work closely with a studio art faculty advisor on all aspects of the senior project.

4 A maximum 3 credit hours of ARTS 45090 may be applied toward studio art electives. Students may apply this course toward fulfilling general electives, with no maximum credit hours required.

Ceramics Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (courses count in major GPA)		
ARTS 24051	INTRODUCTION TO SCULPTURAL PRACTICE [1]	3
ARTS 25400	CERAMICS I [1]	3
ARTS 35400	FUNCTIONAL APPROACHES TO CLAY	3
ARTS 35401	SCULPTURAL APPROACHES IN CLAY	3
ARTS 45400	ADVANCED CERAMICS	3
Studio Art (ARTS) Elective		3
Ceramics Electives, choose from the following:		9
ARTS 35400	FUNCTIONAL APPROACHES TO CLAY	
ARTS 35401	SCULPTURAL APPROACHES IN CLAY	
ARTS 45080	KENT BLOSSOM ART [2]	
ARTS 45095	SPECIAL TOPICS: STUDIO ART [2]	
ARTS 45400	ADVANCED CERAMICS	
Minimum Total Credit Hours:		**27**

1 Students who completed ARTS 24051 and/or ARTS 25400 as part of the major foundation electives may choose any Studio Art (ARTS) 10000-, 20000-, 30000- or 40000-level course(s) to meet required credit hours.

2 ARTS 45080 and ARTS 45095 may be used to fulfill concentration electives with approval from a faculty or academic advisor.

Drawing Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (courses count in major GPA)		
ARTS 14001	DRAWING II [1]	3
ARTS 24002	DRAWING AS A STUDIO PRACTICE [1]	3

Minimum Total Credit Hours:		**27**

[1] Students who completed ARTS 25310 as part of the major foundation electives may choose any Studio Art (ARTS) 10000-, 20000-, 30000- or 40000-level course to meet required credit hours.

[2] Maximum 6 credit hours of ARTS 45300 may be applied toward the major.

[3] Maximum 9 credit hours of ARTS 45314 may be applied toward the major.

[4] Maximum 9 credit hours of ARTS 45351 may be applied toward the major.

[5] ARTS 45080 and ARTS 45095 may be used to fulfill concentration electives with approval from a faculty or academic advisor.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.500	2.000

- ARTH 12001 is designed for non-art majors, and will not fulfill major requirements for art majors.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Semester One		Credits
ART 10022	2D COMPOSITION	3
ART 10024	DIGITAL MEDIA	3
ARTH 22007	ART HISTORY: RENAISSANCE TO MODERN ART (KFA)	3
ARTS 14000	DRAWING I	3
UC 10001	FLASHES 101	1
Kent Core Requirement		3
	Credit Hours	**16**
Semester Two		
ART 10023	3D COMPOSITION	3
Foundations Electives		6
Kent Core Requirement		3
Kent Core Requirement		3
	Credit Hours	**15**
Semester Three		
ARTH 22006	ART HISTORY: ANCIENT TO MEDIEVAL ART (KFA)	3
Foundations Electives		6
Kent Core Requirement		3
Kent Core Requirement		3
	Credit Hours	**15**
Semester Four		
ART 30001	COMMON REVIEW	1
ARTH 32066	ART AND THEORY SINCE 1940	3
Concentration Requirements or Electives		9

Kent Core Requirement		3
	Credit Hours	**16**
Semester Five		
Art History (ARTH) Upper-Division Elective (30000 or 40000 level)		3
Concentration Requirements or Electives		6
Kent Core Requirement		3
Kent Core Requirement		3
	Credit Hours	**15**
Semester Six		
ART 40008	PROFESSIONAL PRACTICES IN VISUAL ARTS (WIC)	3
Studio Art (ARTS) Upper-Division Elective (30000 or 40000 level)		3
Concentration Requirements or Electives		6
Kent Core Requirement		3
	Credit Hours	**15**
Semester Seven		
Studio Art (ARTS) Upper-Division Electives (30000 or 40000 level)		6
Concentration Requirements or Electives		6
Kent Core Requirement		3
	Credit Hours	**15**
Semester Eight		
ARTS 45099	SENIOR THESIS EXHIBITION (ELR)	3
Studio Art (ARTS) Upper-Division Elective (30000 or 40000 level)		3
General Electives		7
	Credit Hours	**13**
	Minimum Total Credit Hours:	**120**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate skills within their chosen medium/media, associated materials and processes.
2. Defend work showing a high degree of design, visual literacy and formal analysis.
3. Discuss their work within larger contemporary and historical contexts.
4. Articulate and critically examine artistic practices, including their own, in both written and oral form.
5. Defend self-directed research.
6. Situate their practice in relationship to the public and engage in professional practices as an emerging artist.

Program Policies

Dual Degree/Double Major

School of Art

Students are permitted to double major in more than one division of the School of Art or complete more than one concentration in the same division.

1. Students enrolling in more than one major within the school must complete all course requirements in each major. If the two majors represent different degree programs, a minimum of 140 credit hours must be completed.
2. Students enrolling in a double concentration within the B.F.A. program must complete at least 12 upper-division credit hours within each concentration. In addition, all reviews must be passed and a senior project must be completed in each concentration.

A student taking a second major in art history must complete the language requirement. The program requirements for a double major must be approved in advance in writing by either the director or the division coordinator and become a part of the student's permanent file.

The Hugh A. Glauser School of Music

The Bachelor of Music, Bachelor of Arts degree in Music and the Bachelor of Science degree in Music Technology programs can be combined with approval by the faculty and director of the School of Music. In addition, double majors and more than one concentration within a major can be approved by the faculty and director of the School of Music.

Exhibitions

Students enrolled in a B.F.A. or B.A. program in studio art, and in the B.F.A. in art education, must receive a rating of "satisfactory" on selected works exhibited during their portfolio review.

No-Credit Courses

Some courses do not generate credit within particular programs. ARTH 12001 does not generate credit for majors within the School of Art, but can be used to fulfill Kent Core requirements. Check course descriptions carefully for more information.

Physical Activity and ROTC Courses

No more than 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses or the first 16 credit hours of ROTC courses—Aerospace Studies (ASTU) and Military Studies (MSCI)—may apply to the 120 credit hours required for graduation.

Veterans who have completed a minimum of one year of active duty may receive PWS credit for military basic training according to branch of service, as follows:

- Army and Marine Corps, 3 credit hours;
- Navy and Coast Guard, 2 credit hours;
- Air Force, 1 credit hour.

Requirement Audit

Upon completion of 60 credit hours, each student is required to contact the College of the Arts Advising office to obtain a current evaluation of progress toward completion of the student's chosen degree program. Requirement evaluations are not a substitute for meeting with a faculty advisor. Students may access GPS (Graduation Planning System) audit through their FlashLine account which provides them with information about their academic progress. Questions about GPS audits are answered in the College of the Arts Advising office.

Transfer Students to the School of Art

Transfer students with more than two studio art courses should submit a portfolio of work for proper placement. The director of the School of Art may impose additional requirements considered reasonable and necessary. Transfer credits are evaluated consistent with the state Transfer Articulation Guidelines (TAG), although each student will be evaluated individually in terms of their ability to perform within the program. Transfer students should make every effort to complete admission requirements before the deadlines and see an advisor in the School of Art for an evaluation of the portfolio and schedule planning before registration.

Full Description

The Bachelor of Fine Arts degree in Studio Art is a pre-professional program that develops students' conceptual prowess, technical competency and independent problem-solving to meet the challenges of a career or advanced study in the visual arts. Through studio critiques, the study of sophisticated art and design concepts, mastery of skills and technologies and critical analysis of historical and contemporary issues, students learn to analyze and evaluate visual art and apply this knowledge to their own creative practice. Graduating students demonstrate their competence by producing a cohesive body of work presented in their senior thesis exhibition to a panel of faculty reviewers.

The Studio Art major comprises the following concentrations:

- The **Ceramics** concentration offers students the opportunity to hone their command of ceramic material to create both artistic and functional forms. Students find new ways of practicing an ancient craft, drawing on both traditional and contemporary thought and practice. In addition, they investigate practices from around the world for a global context in understanding the medium.
- The **Drawing** concentration cultivates foundational through advanced observational, conceptual and experimental processes to enable students to explore ideas across media and disciplines. All majors in the School of Art are able to complete a sequence of drawing courses to strengthen their drawing as a tool for visual thinking and recording. The concentration encourages advanced students to work with a wide range of approaches and to pursue drawing in diverse contexts.
- The **Glass** concentration challenges students to explore glass as a creative medium, both technically and conceptually, within the broader context of contemporary art. In addition to the fundamentals of glassblowing, students learn glass casting, slumping, fusing, flameworking, enameling, cold-working and assembly. Both interdisciplinary and mixed media approaches are actively encouraged.
- The **Jewelry, Metals and Enameling** concentration equally embraces its rich history and the contemporary theory, materials and technology present in the discipline. Students are exposed to fabrication, smithing, enameling, rapid prototyping, alternative materials and industrial processes to encourage the creation of thoughtful art objects. Students are encouraged to meld the rich traditions and applications of the field into the development of their own artistic signatures.
- The **Painting** concentration is rooted in observation and technique while stimulating abstract, conceptual or material-driven ideas about painting and contemporary art practices. The curriculum supports a variety of specific approaches to painting — including collage, figural, landscape and abstraction — while simultaneously promoting an interdisciplinary approach and emphasizing engagement with contemporary practices. Advanced painting students work in consultation with faculty advisors to pursue individual directions and interests.
- The **Print Media and Photography** concentration introduces students to all traditional print forms as a foundation for conceptual approaches. Students are able to learn print techniques such as intaglio, lithography, relief, silkscreen and large-format digital printing. In addition, students can explore traditional and experimental photography and develop print matrices. Students learn how to develop printed and photographic works of art through layering, problem solving and thoughtful material applications.
- The **Sculpture and Expanded Media** concentration encourages proficiency in foundational methods of making-modeling, carving and assembly. The concentration is a springboard for students to learn how to communicate ideas through sculptural works. Although sculpture classes are rooted in the history of object-making, new forms of sculptural practice (installation, time-based practice, sound and kinetic works) are all part of a comprehensive three-dimensional program.
- The **Textiles** concentration is distinguished by a transdisciplinary approach that fosters conceptual vision, technical facility and formal and material sensitivity. Coursework includes weaving, digital fabrication, off-loom construction, dye and print. The curriculum emphasizes the position of textiles within a contemporary art landscape and is supported by evolving theoretical discourse. Making and meaning are engaged as interdependent elements of studio production. Consideration of the distinctive properties and processes of textiles – repetition, geometry, line, color, pliability and embodiment – engenders a rigorous vocabulary to support formal and conceptual inquiry. Students explore thinking and working with age-old hand

processes while incorporating digitally-interfaced approaches to making. Individual and collective studio practice is contextualized through the study of histories, political meanings and social themes that are deeply interwoven into the discipline of textiles.

A concentration does not need to be declared upon admission, but students should declare a concentration no later than completion of ART 30001.

Students in the program are encouraged to take advantage of travel opportunities to New York, Chicago, London, Paris and China. In addition, students can participate in study abroad full semester or summer experiences at Kent State's Florence, Italy location.

Studio Art - M.A.

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Master of Arts degree in Studio Art serves students wishing to develop a robust studio practice in a supportive and diverse community of makers. Students enter the program through a particular discipline and can work with a variety of studio art faculty. Students may use the degree to develop an individual voice within their studio practice and as an avenue for promotion or advancement within an existing career.

The M.A. degree is a flexible model that can be completed in one to three years, based on the student's individual needs and goals. Travel study courses and summer Kent Blossom Art Intensives offer unique opportunities for professional development and mentorship. Although private studio space is not available for M.A. students, access to facilities is available by taking courses in particular studio disciplines.

Examples of Possible Careers and Salaries*

Artists and related workers, all other

- -0.2% little or no change
- 13,100 number of jobs
- $65,800 potential earnings

Fine artists, including painters, sculptors, and illustrators

- 1.0% slower than the average
- 28,300 number of jobs
- $52,340 potential earnings

Accreditation

National Association of Schools of Art and Design (NASAD)

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Minimum 2.750 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Curriculum vitae that includes exhibitions and relevant experience
- Goal statement (250-500 words) indicating applicant's reasons for applying and the motivations for pursuing the degree in the proposed area of specialization
- Artist statement (250-500 words) that describes the major themes in the applicant's work, how the applicant formalizes those themes and the concepts and artists that influence the applicant
- Portfolio of 20 images with title, medium, dimensions and date
- Three letters of recommendation from persons who are in the proposed area of study or a closely related field
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[1]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] International applicants who do not meet the above test scores will not be considered for admission.

Application Deadlines

- **Fall Semester**
  - Application deadline: February 1

All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted by this deadline will receive the strongest consideration for admission.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements		
Art History (ARTH) Graduate Electives (50000 or 60000 level)		6
Major Graduate Electives (50000 or 60000 level) [1]		18
Culminating Requirement		
ART 67199	M.A.THESIS I [2]	6
Minimum Total Credit Hours:		**30**

[1] After completing 16 credit hours of coursework, students present a body of current art work to a committee of three to five faculty members for review and discussion. Students may take major electives through cross-discipline, seminar-style courses, graduate studio, travel study and/or independent study. Maximum 6 credit hours of travel study courses and maximum 20 credit hours of graduate studio courses may be applied toward the M.A. degree.

[2] Students' thesis may comprise an installation or a series of collective works, in addition to a written thesis. The written thesis must document and substantiate the visual works through historical context, process or other theoretical premises. Students must present an oral defense of the works to a committee of three to five faculty members, in addition to mounting the installation and preparing the written thesis.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Create and publicly present a self-directed body of work.
2. Develop a studio practice that synthesizes form, media and meaning.
3. Engage with interdisciplinary research within contemporary art and supporting fields.
4. Articulate verbally and in written form critical analyses of contemporary art as it relates to form and meaning in their work and the work of others.
5. Situate their work within the context of the field and the public.
6. Build a strong portfolio to enhance opportunities for further education and/or career and entrepreneurial options.

Studio Art - M.F.A.

College of the Arts
School of Art

About This Program

Unleash your creativity with the M.F.A. in Studio Art. Our program prepares you for a career as an independent visual artist and educator by cultivating and refining your skills in a successful studio practice. You have opportunities to engage in intense personal investigations, develop a strong aesthetic and conceptual understanding, attend seminars and travel. With concentrations ranging from ceramics to glass to textiles, Kent State's M.F.A. provides the perfect springboard to take your career to the next level. Read more...

Examples of Possible Careers and Salaries*

Art, drama, and music teachers, postsecondary

- 5.6% faster than the average
- 116,300 number of jobs
- $69,690 potential earnings

Fine artists, including painters, sculptors, and illustrators

- 1.0% slower than the average
- 28,300 number of jobs
- $52,340 potential earnings

Additional Careers

- Gallery staff
- Studio assistants
- Art handlers

Accreditation

National Association of Schools of Art and Design (NASAD)

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Minimum 2.750 undergraduate GPA on a 4.000-point scale

- Official transcript(s)
- Curriculum vitae that includes exhibitions and relevant experience
- Goal statement (250-500 words) indicating applicant's reasons for applying and the motivations for pursuing the degree in the proposed area of specialization
- Artist statement (250-500 words) that describes the major themes in the applicant's work, how the applicant formalizes those themes and the concepts and artists that influence the applicant
- Portfolio of 20 images with title, medium, dimensions and date
- Three letters of recommendation from persons who are in the proposed area of study or a closely related field.
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[1]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- Maximum 6 credit hours of travel study courses may be applied toward the M.F.A. degree.
- Maximum 42 credit hours of graduate studio courses may be applied toward the M.F.A. degree from the studio arts electives, general electives and concentration electives.
- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.

- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Create and publicly present a self-directed and significant body of work.
2. Develop an in-depth studio practice that synthesizes form, media and meaning.
3. Engage with interdisciplinary research within contemporary art and supporting fields.
4. Articulate verbally and in written form critical analyses of contemporary art as it relates to form and meaning in their work and the work of others.
5. Situate their work within the context of the field and the public.
6. Engage in professional practices as an artist.

Full Description

The Master of Fine Art degree in Studio Art is designed to prepare students for careers as independent visual arts through the cultivation and refinement of a successful studio practice. The program emphasizes intensive personal investigation and the development of strong aesthetic and conceptual understanding. In addition to time in their own studio, students have opportunities to enhance existing skills and knowledge by observing undergraduate class demonstrations and critiques.

The M.F.A. is the terminal degree in the studio arts and is a requirement for those who intend to teach visual arts in higher education.

The Studio Art major comprises the following concentrations:

- The **Ceramics** concentration offers an intense focus on artistic development. Through mentorship and a broad spectrum of course offerings, students work closely with faculty advisors to find their own voice as artists. Studio practice is supplemented with art history seminars, visiting artist lectures, summer workshops and travel study programs to New York City, culminating in a solo M.F.A. thesis exhibition.
- The **Drawing** concentration draws upon contemporary practices and discourse in the field to prepare students for a life in the arts. Students are encouraged to work across disciplines and techniques in order to develop a body of work that reflects their independent investigations in drawing. Studio practice is supplemented with art history seminars, visiting artist lectures, summer workshops and travel study programs to New York City, culminating in a solo M.F.A. thesis exhibition.
- The **Glass** concentration is based on the belief that successful creative work results from spending time with one's ideas and receiving constructive and supportive criticism from faculty and peers. The concentration aims to create an atmosphere where students pursue ideas and engage in an extended scholarly dialogue. While building on the legacy of the American Studio Glass Movement, students are fostered to be leaders in redefining the future of studio glassmaking.
- The **Jewelry, Metals and Enameling** concentration allows students to build individual research strategies for developing a coherent and distinctive body of work. Investigations of inter-media and interdisciplinary relationships are part of the curricular focus. Students are expected to be conscious of and involved in contemporary practices, discourse and trends, nationally and globally, among the field and within the larger arts/crafts/design movements. In addition to time in their own studio, students have opportunities to enhance existing skills and knowledge by observing undergraduate class demonstrations and critiques. Students are encouraged to use both traditional and contemporary studio practices while having access to an array of metalsmithing equipment, enameling kilns and a digital fabrication laboratory.
- The **Painting** concentration draws upon contemporary practices and discourse in the field to prepare students for a life in the arts. Students are encouraged to work across disciplines and techniques in order to develop a body of work that reflects their independent investigations in painting. Studio practice is supplemented with art history seminars, visiting artist lectures, summer workshops and travel study programs to New York City, culminating in a solo M.F.A. thesis exhibition.
- The **Print Media and Photography** concentration aims to strengthen students' personal vision through emphasis on the conceptual aspects of the printmaking and photography disciplines. Students have access to studios for lithography, etching, relief, silkscreen and digital media, in addition to a darkroom, press room and digital fabrication laboratory. Enrollment is deliberately kept small enough to make possible the faculty mentor/student relationship.
- The **Sculpture and Expanded Media** concentration encourages proficiency in foundational methods of making-modeling, carving and assembly. The concentration is a springboard for students to learn how to communicate ideas through sculptural works. Although sculpture classes are rooted in the history of object-making, new forms of sculptural practice (installation, time-based practice, sound and kinetic works) are all part of a comprehensive three-dimensional program.
- The **Textiles** concentration positions textile-making firmly within the contemporary art landscape while encouraging a transdisciplinary approach to studio practice. Students work closely with faculty mentors to nurture their artistic voice and draw upon the significant resources of the textiles program. Individual-making is contextualized by engaging the histories, political meanings and social themes embedded in the discipline alongside the broader art historical canon. The program integrates studio activity, art historical research, summer workshops, travel study to New York City and the culminating M.F.A. thesis exhibition as a means of guiding emerging artists toward an active, public, evolving and sustainable art practice.

Textiles - Minor

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Textiles minor offers an expansive approach to textile-making through the exploration of a broad range of materials and processes. Students develop technical virtuosity in tandem with their artistic voice. The curriculum integrates studio activity with the study of the social and political histories of the discipline to grow a holistic approach to textile practice. Programmatic flexibility encourages a course of study that supports individual interest and expression.

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

1 ARTS 45080 and ARTS 45095 may be used with approval from a faculty or academic advisor.

2 Maximum 6 credit hours of ARTS 45300 may be applied toward minor requirements.

3 Maximum 9 credit hours of ARTS 45314 may be applied toward minor requirements.

4 Maximum 9 credit hours of ARTS 45351 may be applied toward minor requirements.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.250	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Use associated materials, processes and applications in textiles.
2. Discuss the larger contemporary and historical contexts by which works of textile arts are created.
3. Demonstrate design and visual literacy in their work.

Fashion Design and Merchandising (FDM)

FDM 10010 FASHION FUNDAMENTALS 3 Credit Hours
Introduction to the global fashion industry. Analysis of the business of fashion and how it is conceived, marketed, sold, and consumed. Overview of important resources, companies, career options and personnel who impact the industry.
Prerequisite: Fashion design, fashion merchandising or pre-fashion design and merchandising major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 10023 FASHION VISUALS 1 Credit Hour
The study of fashion information, research sources, color theory, two-and three-dimensional design and visual presentation formats as they apply to the fashion industry.
Prerequisite: Fashion design or fashion merchandising major.
Corequisite: FDM 10024.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

FDM 10024 FASHION VISUALS LABORATORY 2 Credit Hours
Laboratory applications in the study of fashion information, research sources, color theory, two-and three-dimensional design and visual presentation formats as they apply to the fashion industry.
Prerequisite: Fashion design or fashion merchandising major.
Corequisite: FDM 10023.
Schedule Type: Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

FDM 10033 FASHION FABRICS 1 Credit Hour
Study of fabrics, from fiber through finishing processes, with a concentration on differentiating between fibers, fabric construction methods, and other processes involved in production. Emphasis is on understanding fabric properties, including environmental impact, cost, care and how they relate to textile end-usage.
Prerequisite: Fashion design or fashion merchandising major.
Corequisite: FDM 10034.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

FDM 10034 FASHION FABRICS LABORATORY 2 Credit Hours
Study of fabrics, from fiber through finishing processes, with a concentration on differentiating between fibers, fabric construction methods, and other processes involved in production. Emphasis is on understanding fabric properties, including environmental impact, cost, care, and how they relate to textile end-usage. Lab-specific content and assignments reinforce Lecture content.
Prerequisite: Fashion design or fashion merchandising major.
Corequisite: FDM 10033.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

FDM 10043 SUSTAINABLE FASHION THINKING 1 Credit Hour
An introductory exploration of the current fashion industry and the urgent need to create sustainable change. After a survey of fashion industry functions from concept to consumer, students identify current practices and areas of concern. Course focuses on understanding how and why those practices must change and examining burgeoning ideas, methods, practices and business structures shifting to a sustainable future.
Prerequisite: Fashion Design or Fashion Merchandising majors.
Corequisite: FDM 10044.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

FDM 10044 SUSTAINABLE FASHION THINKING LABORATORY 2 Credit Hours
An introductory exploration of the current fashion industry and the urgent need to create sustainable change. After a survey of fashion industry functions from concept to consumer, students identify current practices and areas of concern. Lab focuses on practicing strategies, including critical thinking, human centered design, sustainable product service systems and corporate social responsibility to influence needed change within industry. Fashion design and fashion merchandising students work collaboratively in groups to explore solutions for a sustainable future in the fashion industry.
Prerequisite: Fashion Design or Fashion Merchandising majors.
Corequisite: FDM 10043.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

FDM 10053 INTRODUCTION TO FASHION TECHNOLOGY 1 Credit Hour
Introduces students to the fundamental concepts, procedures, and techniques used in digital imaging software and information database software. A survey of current and emerging technologies used in fashion design, merchandising and production contexts is presented.
Prerequisite: Fashion design or fashion merchandising major.
Corequisite: FDM 10054.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

FDM 10054 INTRODUCTION TO FASHION TECHNOLOGY LABORATORY 2 Credit Hours
Laboratory applications of fundamental concepts, procedures, and techniques used in digital imaging software and information database software. A survey of current and emerging technologies used in fashion design, merchandising, and production contexts is presented and applied.
Prerequisite: Fashion design or fashion merchandising major.
Corequisite: FDM 10053.
Schedule Type: Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

FDM 15055 BASICS OF APPAREL CONSTRUCTION 3 Credit Hours
Introduction to patterns, sewing techniques and application processes using industrial sewing machines and other related equipment in basic garment construction.
Prerequisite: Fashion Design major.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 20013 HISTORY OF FASHION 3 Credit Hours
The study of dress reveals fundamental aspects of the culture in which it is created. This course is an interdisciplinary study of the aesthetic, historical, political, economic and social roles that fashions of an era chronicle. The course includes chronological study and research of dress from the origin of clothing through the present, as studied and applied to contemporary fashion.
Prerequisite: Fashion Design major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 20030 FASHION APPAREL ANALYSIS 3 Credit Hours
Analysis and evaluation of fashion apparel; quality standards of ready-to-wear apparel and factors that influence the aesthetic and functional performance of the end product.
Prerequisite: FDM 10033 and FDM 10034; and fashion merchandising major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 20050 FASHION TECHNOLOGY APPLICATIONS 3 Credit Hours
A continuation of content related to technology within the fashion industry. Pattern manipulation, basic technical packages, garment measuring specs, print design and computerized fashion illustration is addressed with the use of industry-specific and off-the-shelf software packages.
Prerequisite: FDM 10053 and FDM 10054; and fashion design major.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 20121 FASHION DRAWING 3 Credit Hours
Study of communicating design ideas, rendered fabrics, consumer types, technical flats, and the depiction of garment construction through the use of digital toolsets and illustration technology. Emphasis will be placed on the depiction of a variety of body types, demographics (gender identity, differently-abled, race/ethnicity, age, culture), fabric types (weight, end use, pattern/print, color, etc.) on the figure.
Prerequisite: FDM 10023 and FDM 10024; and fashion design major.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 20123 FASHION DESIGN CONCEPTS 3 Credit Hours
An introduction to the process and methodology of creating fashion products with considerations of sustainable practice and diverse consumer markets. Students will apply fashion communication skills and combine with visual thinking practices. Emphasis will be on design thinking, sustainable methodology, creative experimentation, and a variety of body types and markets.
Prerequisite: FDM 10043 and FDM 10044 and FDM 20121.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 20155 MACHINE KNITTING 3 Credit Hours
Basic machine knitting techniques, including structure and shaping on industrial handflat knitting machine. Development and analysis of knitted textiles.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 20156 2-D FASHION DESIGN PRACTICE 3 Credit Hours
Development of two-dimensional patterns for three-dimensional figures/shapes using digital toolsets. Execution of virtual and traditional construction of two-dimensional pattern designs. Emphasis will be placed on the techniques used to develop apparel patterns for both knit and woven textiles and how to fit garments to the body. Students will develop garments for a variety of target markets and a variety of body types. Minimizing waste in pattern layouts and yardage allocation will be addressed.
Prerequisite: FDM 10033 and FDM 10034 and FDM 15055; and fashion design major.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 20157 3-D FASHION DESIGN PRACTICE 3 Credit Hours
Study of draping as a technique for developing two-dimensional patterns for three-dimensional shapes. The techniques used for working with woven fabric and knit fabric are addressed. Students are required to drape on dress forms representing a variety of body shapes. Minimizing waste through shape and form is addressed.
Prerequisite: FDM 10033 and FDM 10034 and FDM 15055 and FDM 20156; and Fashion Design major.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 20263 FASHION RETAIL INDUSTRY 3 Credit Hours
Study of retail organizations and structures within the fashion industry. Analysis of supervision organization and operations management of fashion retail institutions.
Prerequisite: FDM 10010; and fashion merchandising major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 25011 FASHION BRANDING 3 Credit Hours
An overview of branding in the fashion industry. Analysis of strategies for creating (brand awareness), maintaining (brand management) and enhancing the strength (brand asset management) of fashion brands. Class members work individual an as part of a group.
Prerequisite: FDM 10010; and fashion merchandising major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 30013 FASHION AND POP CULTURE 3 Credit Hours
An examination of the relationship between different types of design and popular culture in America and Europe in the 20th and 21st centuries.
Prerequisite: ARTH 22006 or ARTH 22007 or HIST 11050 or HIST 11051.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 30050 FASHION TECHNOLOGY: COMPUTER INTEGRATED TEXTILE DESIGN 3 Credit Hours
The use of Computer Integrated Design tools to produce textile prints, wovens and knits for professional presentation scenarios.
Prerequisite: FDM 10053 and FDM 10054.
Schedule Type: Studio
Contact Hours: 5 other
Grade Mode: Standard Letter

FDM 30083 PROFESSIONAL SEMINAR 3 Credit Hours
Professional development strategies for fashion and related careers. Emphasis is on verbal and written communication skills.
Prerequisite: FDM 20030 and fashion merchandising major; and junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 30124 TECHNICAL DESIGN IN THE FASHION INDUSTRY 3 Credit Hours
Students learn seamstitch classifications, costing, sourcing and lab testing quality assurance. Assembly-line and modular manufacturing are discussed.
Prerequisite: FDM 10033, FDM 10034 and FDM 20050.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 5 other
Grade Mode: Standard Letter

FDM 30132 APPAREL CONSTRUCTION FOR SPECIALTY MARKETS 1 Credit Hour
Construction details specific to a market are researched, discussed and duplicated. Only one specialty market covered each class. Markets vary by class.
Prerequisite: None.
Schedule Type: Combined Lecture and Lab
Contact Hours: 1.5 other
Grade Mode: Standard Letter

FDM 30151 ADVANCED PATTERNMAKING 3 Credit Hours
Flat pattern assignments for advanced, complex garments. Suits, outerwear, cutsew knits will all be covered. Students will make patterns by traditional methods as well as by computer.
Prerequisite: FDM 20156 and FDM 20157.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 30154 DIGITAL MACHINE KNITTING 3 Credit Hours
Programming knitting and basics of operating an industrial knitting machine. Students will develop a sample book that includes industrial techniques, such as structure, shaping, jacquard, intarsia cables, etc. One group project to create a garment and one final project based on research of knit industry will be required.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 30155 KNITWEAR DESIGN 3 Credit Hours
Focus is on the design development of knitwear, learning about how to recognize and communicate knit design through graphs and stitch notation as well as what yarns, fibers and machines are appropriate. The students in this class also design knitwear collections.
Prerequisite: Fashion design major.
Schedule Type: Studio
Contact Hours: 5 other
Grade Mode: Standard Letter

FDM 30161 FASHION DESIGN STUDIO I 6 Credit Hours
Open fashion studio concept to support the creative process of croquis sketching and construction in the production of design work. Students explore markets, selling seasons and specific construction techniques; and further develop fashion design process approaches.
Prerequisite: FDM 20050 and FDM 20123 and FDM 20156 and FDM 20157.
Schedule Type: Studio
Contact Hours: 12 other
Grade Mode: Standard Letter

FDM 30162 FASHION DESIGN STUDIO II 6 Credit Hours
A continuation of the open fashion studio concept to support the entire creative process to produce design work. Students explore fashion markets, selling seasons and specific construction techniques and further develop fashion design process approaches.
Prerequisite: FDM 30161 or FDM 30189 or FDM 30190 or FDM 30389.
Schedule Type: Studio
Contact Hours: 12 other
Grade Mode: Standard Letter

FDM 30189 FLORENCE FASHION DESIGN STUDIO I (DIVG) (ELR) 6 Credit Hours
Open fashion studio concept to support the creative process of croquis sketching and construction in the production of design work. Students explore markets, selling seasons and specific construction techniques; and further develop fashion design process approaches. European markets and travel are incorporated.
Prerequisite: FDM 20050 and FDM 20123 and FDM 20156 and FDM 20157; and special approval.
Schedule Type: International Experience, Studio
Contact Hours: 12 other
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 30190 NEW YORK CITY FASHION DESIGN STUDIO I (ELR) 6 Credit Hours
Open fashion studio concept to support the creative process of croquis sketching and construction in the production of design work. Students explore markets, selling seasons and specific construction techniques; and further develop fashion design process approaches. New York City markets and design-specific experiences are incorporated.
Prerequisite: FDM 20050 and FDM 20123 and FDM 20156 and FDM 20157; and special approval.
Schedule Type: Study Away, Studio
Contact Hours: 12 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

FDM 30260 PRODUCT DEVELOPMENT IN THE FASHION INDUSTRY 3 Credit Hours
Researching, planning, developing and presenting a fashion product line for an identified target market with regard to prices, styling and timing.
Prerequisite: FDM 20030; and fashion merchandising major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 30262 FASHION MERCHANDISE PLANNING AND BUYING 3 Credit Hours
The study of the merchandise buying process from trend analysis through execution of sourcing and delivery of product. Learning the duties of a buyer/merchant, including product planning, coordinating and control of merchandise through the use of appropriate quantitative metrics.
Prerequisite: FDM 20263 and MATH 10041; and Fashion Merchandising major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 30270 TRENDS AND PREDICTIVE ANALYTICS IN FASHION 3 Credit Hours
Provides an overview of fashion forecasting principles and their application from research and analysis to the creation and development of fashion forecasts. Focuses on the role of data analytics in decision making for the fashion industry as it applies to trend forecasting, retail merchandising and product marketing.
Prerequisite: FDM 20263 and FDM 25011; and Fashion Merchandising major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 30289 FLORENCE FASHION DESIGN STUDIO II (DIVG) (ELR) 6 Credit Hours
Continuation of the open fashion studio concept to support the entire creative process to produce design work. Students explore fashion markets, selling seasons and specific construction techniques, and further develop fashion design process approaches. Content specific to the European design experience.
Prerequisite: FDM 30161 or FDM 30189 or FDM 30190 or FDM 30389; and special approval.
Schedule Type: International Experience, Studio
Contact Hours: 12 other
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 30290 NEW YORK CITY FASHION DESIGN STUDIO II (ELR) 6 Credit Hours
Continuation of the open fashion studio concept to support the entire creative process to produce design work. Students explore fashion markets, selling seasons and specific construction techniques, and further develop fashion design process approaches. Content specific to the New York City fashion design experience.
Prerequisite: FDM 30161 or FDM 30189 or FDM 30190 or FDM 30389; and special approval.
Schedule Type: Study Away, Studio
Contact Hours: 12 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

FDM 30389 PARIS FASHION DESIGN STUDIO I (DIVG) (ELR) 6 Credit Hours
Open fashion studio concept to support the creative process of croquis sketching and construction in the production of design work. Students explore markets, selling seasons and specific construction techniques enabling personal development of the student's creative and market-ready work. Equal use of illustration, construction and fashion-industry communications such as tech packs and flats.
Prerequisite: FDM 20050 and FDM 20123 and FDM 20156 and FDM 20157; and special approval.
Schedule Type: International Experience, Studio
Contact Hours: 12 other
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 30489 PARIS FASHION DESIGN STUDIO II (DIVG) (ELR) 6 Credit Hours
Continuation of the open fashion studio concept to support the entire creative process to produce design work. Students explore fashion markets, selling seasons and specific construction techniques; and further develop fashion design process approaches. Content specific to the European design experience.
Prerequisite: FDM 30161 or FDM 30189 or FDM 30190 or FDM 30389; and special approval.
Schedule Type: International Experience, Studio
Contact Hours: 12 other
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 35010 CONTEMPORARY FASHION DESIGNERS (WIC) 3 Credit Hours
Examine and analyze international fashion design and designers of the 20th and 21st centuries. Focuses on the history, development and present context of fashion. Students assemble a portfolio of fashion designers studied to include their biographies, clippings of their work and design inspirations.
Prerequisite: FDM 20013; and fashion design major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

FDM 35011 FASHION FORECASTING 3 Credit Hours
Identifying trends to develop fashion forecasts. Interrelationships of forecasting promotion, public relations, and the fashion media will be explored.
Prerequisite: FDM 25011.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 35012 SUSTAINABILITY IN FASHION 3 Credit Hours
Analysis and development of design process thinking through the lens of sustainability and socially responsibility in fashion. Readings, documentaries and lectures are discussed in class. Interdisciplinary teams create a product that supports sustainable fashion futures.
Prerequisite: Fashion design and fashion merchandising majors.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 35013 FASHION ACCESSORIES 3 Credit Hours
The merchandising, promotion and sales of accessories. Materials production and resources are examined by category.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 35060 FASHION IMAGE 3 Credit Hours
Study of fashion imagery through industry observation, analysis, and examination of fashion photo shoots and styling practices. Combines theoretical and practical approach in planning through individual and collaborative efforts resulting in a fashion industry-inspired photo shoot and styling project.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 35063 VISUAL MERCHANDISING AND DISPLAY 3 Credit Hours
Theory and practice of merchandise presentation for the purpose of promotion and sales.
Prerequisite: Fashion merchandising major.
Schedule Type: Laboratory, Lecture
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

FDM 35070 THE LUXURY MARKET 3 Credit Hours
Purpose is to learn, understand, and perceive the luxury market and its parameters. Students gain an understanding of the marketing power of luxury brands and the organization of a luxury products company.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 35080 FASHION IN THE MEDIA 3 Credit Hours
Analysis of key fashion magazines and in-depth examination of how they are created. Students learn the fundamentals of different forms of communication and the contributions editors, writers, stylists and photographers make toward the finished product. Exploration of how various media interrelate and contribute to the fashion industry is included. Different forms of writing, editing and interviewing as well as the roles of photography, design and styling are examined. Online outlets, television commentary, fashion advertising and Public Relations are discussed.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 35089 INTERNATIONAL EXPERIENCE: THE PARISIAN LUXURY MARKET (DIVG) (ELR) 3 Credit Hours
Examination of the French fashion luxury market and industry. Students gain an understanding of the marketing power of luxury brands and the organization of a luxury products company.
Prerequisite: FDM 36900.
Schedule Type: International Experience, Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 35260 MERCHANDISING FOR HOME FURNISHINGS 3 Credit Hours
Introduction to the various retail classifications of home furnishing merchandise to include furniture, floor coverings, window treatments, household linens, table tops, housewares and decorative accessories.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 35270 COMPUTER APPLICATIONS IN RETAILING 3 Credit Hours
The application and use of the microcomputer to solve problems in assortment planning, merchandise management, trading area and site analysis, store planning, planogramming and media planning.
Prerequisite: FDM 20263; and MATH 10041 or MATH 11009 or MATH 11010 or MATH 11012; and fashion merchandising major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 35280 FASHION ENTREPRENEURSHIP 3 Credit Hours
In-depth study of entrepreneurship concepts as applied to manufacturers and retailers of apparel including product development, accounting and control merchandising and buying operation and management advertising and promotion.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 35589 INTERNATIONAL EXPERIENCE: ITALIAN FASHION AND CULTURE (DIVG) (ELR) 3 Credit Hours
Evolution of the fashion industry in post World War II Italy. Study of the creators, design and production processes creating one of the most successful unions of commercial product and cultural expression world-wide.
Prerequisite: FDM 35900.
Schedule Type: International Experience, Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 35689 INTERNATIONAL EXPERIENCE: EUROPEAN FASHION MARKETING (DIVG) (ELR) 3 Credit Hours
Building on the information acquired in the European Fashion Marketing Seminar lectures and visits, student complete a series of assignments designed to simulate the type of work that a merchandising professional may be asked to complete.
Corequisite: FDM 35789.
Schedule Type: International Experience, Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 35789 INTERNATIONAL EXPERIENCE: EUROPEAN FASHION MARKETING SEMINAR (DIVG) (ELR) 3 Credit Hours
Taken concurrently with European Fashion Marketing and uses a European city as an extended classroom, combining various field trips to directional shopping districts, fashion houses and fashion magazines. Only taught in European settings.
Corequisite: FDM 35689.
Schedule Type: International Experience, Combined Lecture and Lab
Contact Hours: 3 lecture, 2 lab
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 35889 INTERNATIONAL EXPERIENCE: EUROPEAN FASHION DESIGN (DIVG) (ELR) 3 Credit Hours
Taken concurrently with European Fashion Design Seminar and is designed to introduce couture techniques and enhance techniques of those who possess a basic to advance knowledge of sewing. Only taught in European settings.
Corequisite: FDM 35989.
Schedule Type: International Experience, Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 3 lecture, 2 lab
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 35900 FLORENCE FASHION STUDY ORIENTATION 1 Credit Hour
Overview of Florence fashion program, the city of Florence, living and traveling in Europe as a study abroad student. Includes assistance for obtaining required documents. Students must enroll in Florence fashion program to receive credit.
Prerequisite: Minimum 2.500 overall GPA; and special approval.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Satisfactory/Unsatisfactory

FDM 35989 INTERNATIONAL EXPERIENCE: EUROPEAN FASHION DESIGN SEMINAR (DIVG) (ELR) 3 Credit Hours
Taken concurrently with European Fashion Design and uses a European city as an extended classroom, combining various field trips to directional shopping districts, fashion houses and fashion magazines.
Corequisite: FDM 35889.
Schedule Type: International Experience, Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 3 lecture, 2 lab
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 36589 INTERNATIONAL EXPERIENCE: PARISIAN FASHION, CULTURE AND CRAFT (DIVG) (ELR) 3 Credit Hours
Focusing on Parisian fashion, culture and artisan tradition, this course introduces different techniques that can be used in the creation of clothing or accessories, including couture approaches. Researching the use of finishes and textiles are examined in the context of Parisian artisan cultural traditions. Students learn how high-end designers use these techniques in their lines/shows.
Prerequisite: FDM 36900.
Schedule Type: International Experience, Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

FDM 36900 PARIS FASHION STUDY ORIENTATION 1 Credit Hour
Overview of Paris fashion program, the city of Paris and living and traveling in Europe as a study abroad student. Includes assistance for obtaining required documents. Students must enroll in Paris fashion program to receive credit.
Prerequisite: Minimum 2.500 overall GPA; and special approval.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Satisfactory/Unsatisfactory

FDM 40050 FASHION TECHNOLOGY:TECHSTYLELAB 3 Credit Hours
Explores the historical and contemporary links between fashion and technology. Garments, artists, designers, institutions and projects relevant to technological explorations within the fashion context is discussed. Research and experiments conducted with the Fashion School's TechStyleLAB. Students acquire fundamental research skills for fashion technology and develop their own web presence.
Prerequisite: FDM 10053 and FDM 10054.
Schedule Type: Studio
Contact Hours: 5 other
Grade Mode: Standard Letter

FDM 40098 RESEARCH IN FASHION DESIGN AND MERCHANDISING (ELR) 1-3 Credit Hours
(Repeatable for credit) Research experience and investigation of a topic above the level available through coursework with an individual faculty member. This experience is designed to strengthen student's ability to synthesize different phases and methods of academic research. Students work closely with a faculty member to determine the specific nature, scope, and design of the research experience.
Prerequisite: Special approval.
Schedule Type: Research
Contact Hours: 3-9 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

FDM 40099 SENIOR FASHION DESIGN THESIS I (ELR) 6 Credit Hours
Senior fashion design thesis collection is created focused on the specialties of each student. This collection is finalized, analyzed and presented during FDM 40199. Students engage in a formalized critical development and review process with established external fashion designers.
Prerequisite: FDM 30162 or FDM 30289 or FDM 30290 or FDM 30489; and Fashion Design major.
Schedule Type: Senior Project/Honors Thesis
Contact Hours: 12 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

FDM 40121 FASHION PORTFOLIO I 3 Credit Hours
Students develop a professional design portfolio that emphasizes in-depth individual investigation of specific apparel markets, target customers and seasons, displaying various illustrative techniques. Croquis books, technical packets and line plans are used.
Prerequisite: FDM 30161 or FDM 30189 or FDM 30190 or FDM 30389; and FDM 30162 or FDM 30289 or FDM 30290 or FDM 30489.
Schedule Type: Laboratory
Contact Hours: 6 lab
Grade Mode: Standard Letter

FDM 40122 FASHION PORTFOLIO II 3 Credit Hours
A continuation of FDM 40121. Students continue development of design portfolio that emphasizes their strengths in design and presentation. In addition, there is continued progress in croquis books and development of seasonal line plans.
Prerequisite: FDM 40121.
Schedule Type: Laboratory
Contact Hours: 6 lab
Grade Mode: Standard Letter

FDM 40199 SENIOR FASHION DESIGN THESIS II (ELR) 3 Credit Hours
Continuation of Senior Fashion Design Thesis I. Finalize senior thesis project; critical review and reflection on outcome in a short analysis. The final thesis submission will be displayed through a juried venue.
Prerequisite: FDM 40099.
Schedule Type: Senior Project/Honors Thesis
Contact Hours: 6 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

FDM 40262 DATA-BASED DECISION-MAKING IN FASHION RETAILING 3 Credit Hours
Develops data analytics and industry-focused software skills to identify solutions related to fashion merchandising and retail business operations. Emphasis is on learning industry software from inventory location optimization to the use of communication techniques for quantitative business information within the fashion retail industry.
Prerequisite: FDM 30262.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 40270 FASHION INDUSTRY RESEARCH METHODS (WIC) 3 Credit Hours
Examination of research methods used in the fashion industry. Introduction to research methods for the analysis of consumer needs and preferences and their application to materials, design and fashion retail decision-making strategies.
Prerequisite: FDM 30270 or FDM 35011; and MATH 10041 and MKTG 25010.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

FDM 40280 GLOBAL FASHION VALUE CHAIN 3 Credit Hours
Comprehensive approach to understanding the textile and apparel supply and value chain. Includes global perspectives on value-adding activities and impacts across materials sourcing, production, distribution and operations, including the related historic, geographic, economic, ethical and environmental influences.
Prerequisite: FDM 30260 and FDM 30262.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 40291 SEMINAR IN FASHION MERCHANDISING (WIC) 3 Credit Hours
(Repeatable for credit) Capstone course in Fashion Merchandising. Builds and expands on all merchandising-related coursework with the goal of integrating content and applying it to real-life scenarios through critical thinking and analysis. A coherent portfolio demonstrating student efficacy with overall program content is completed.
Prerequisite: FDM 30260, FDM 30262, FDM 35011 and FDM 35270.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

FDM 40299 APPLIED PRINCIPLES IN FASHION MERCHANDISING (ELR) 3 Credit Hours
Capstone course in fashion merchandising that expands on all merchandising-related coursework with the goal of applying program content to real-life scenarios. Focus on critical thinking and analysis to present practical business solutions for industry. Students finish by creating a coherent portfolio demonstrating their effectiveness in applying overall program content.
Prerequisite: FDM 30260 and FDM 30262; and FDM 30270 or FDM 35011.
Schedule Type: Project or Capstone
Contact Hours: 3 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

FDM 43292 FASHION SHOW MANAGEMENT AND PRODUCTION (ELR) 3 Credit Hours
(Repeatable for credit) This course teaches students all the basic elements and process of planning, managing and producing a fashion show. Students gain practical experience through the actual planning, management, production and delivery of the School of Fashion's annual fashion show.
Prerequisite: None.
Schedule Type: Lecture, Practical Experience
Contact Hours: 1 lecture, 6 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

FDM 45012 TEXTILES AND APPAREL IN THE GLOBAL ECONOMY 3 Credit Hours
Global perspective on the production and marketing of textiles and apparel; historical geographic and economic factors that influence the world trade in soft goods.
Prerequisite: FDM 30262 and 35270.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 45035 HISTORIC TEXTILES 3 Credit Hours
(Slashed with FDM 55035) Identification and analysis of textile fabrics as the reflection of culture from ancient times to present.
Prerequisite: Fashion design or fashion merchandising major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 45045 COLLABORATIVE FASHION PRODUCTION 3 Credit Hours
Exploration of product production process from concept to a marketable product. Utilizes introductory pattern making, sewing skills, and project management to create fashion apparel products.
Prerequisite: Fashion design or fashion merchandising major.
Schedule Type: Studio
Contact Hours: 6 other
Grade Mode: Standard Letter

FDM 45093 VARIABLE TITLE WORKSHOP-FASHION DESIGN AND MARKETING 1-3 Credit Hours
(Repeatable for a total of 6 hours) Special fee actual cost basis.
Prerequisite: Special approval.
Schedule Type: Workshop
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

FDM 45095 SPECIAL TOPICS 1-3 Credit Hours
(Repeatable for credit)Variable content relevant to the field of fashion.
Prerequisite: Permission.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

FDM 45096 INDIVIDUAL INVESTIGATION 1-3 Credit Hours
(Repeatable for credit) Individual investigation of topic above the level available through coursework. Requires submission of and approval of project proposal prior to registration.
Prerequisite: Permission.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Standard Letter

FDM 45192 INTERNSHIP IN FASHION MERCHANDISING (ELR) 3 Credit Hours
Supervised practical experience in the fashion industry. Eligibility requirements available from the School of Fashion Design and Merchandising field studies coordinator.
Prerequisite: FDM 30083 and 30262; and fashion merchandising major; and special approval for internship site.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

FDM 45212 FASHION SHOW PRODUCTIONS 3 Credit Hours
Analyses of fashion show formats are considered for promotion purposes. Production planning, organization and physical requirements are studied. Class produces a fashion show.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 45292 INTERNSHIP IN FASHION DESIGN (ELR) 3 Credit Hours
Supervised practical experience in the fashion industry. Eligibility requirements available from the School of Fashion Design and Merchandising field studies coordinator.
Prerequisite: FDM 20123 and FDM 20156 and FDM 20157; and Fashion Design major; and special approval for internship site.
Schedule Type: Practical Experience
Contact Hours: 9 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

FDM 45392 FIELD EXPERIENCE: FASHION STUDY TOUR (ELR) 1-3 Credit Hours
(Repeatable for credit)Visit to domestic or foreign fashion markets, including design and fabric houses or showrooms, retail stores, buying offices and other areas of the fashion industry.
Prerequisite: Fashion design or fashion merchandising major; and special approval.
Schedule Type: Field Experience
Contact Hours: 12-36 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

FDM 45589 INTERNATIONAL EXPERIENCE: EUROPEAN FASHION STUDY TOUR FOR FLORENCE STUDENTS (DIVG) (ELR) 3 Credit Hours
(Repeatable for credit) Visit to European fashion markets including design and fabric houses or showrooms, retail stores, buying offices and other areas of the fashion industry.
Prerequisite: Fashion design or fashion merchandising major.
Schedule Type: International Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Diversity Global, Experiential Learning Requirement

FDM 45590 STUDY TOUR FOR NYC STUDIO STUDENTS (ELR) 3 Credit Hours
(Repeatable for credit) Visit to the New York fashion market including design and fabric houses or showrooms, retail stores, buying offices and other areas of the fashion industry.
Prerequisite: Fashion design or fashion merchandising major; and special approval.
Schedule Type: Study Away
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

FDM 45689 INTERNATIONAL EXPERIENCE: PARISIAN FASHION STUDY TOUR FOR PARIS STUDENTS (DIVG) (ELR) 3 Credit Hours
(Repeatable for credit) Visit to Paris fashion markets including design and fabric houses or showrooms, retail stores, buying offices, museums and other areas of the fashion industry.
Prerequisite: FDM 36900; and Fashion Design or Fashion Merchandising major.
Schedule Type: International Experience
Contact Hours: 9 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Diversity Global, Experiential Learning Requirement

FDM 55035 HISTORIC TEXTILES 3 Credit Hours
(Slashed with FDM 45035) Identification and analysis of textile fabrics as the reflection of culture from ancient times to present.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 55389 FASHION INDUSTRY INTERNATIONAL EXPERIENCE STUDY TOUR 3 Credit Hours
(Repeatable for credit) A Kent State faculty-led study abroad experience that integrates traditional classroom learning with experiential activities and site visits outside the United States. Visits to international fashion markets, including design or fabric houses or showrooms, retail stores, buying offices and other areas of the fashion industry. The primary benefits are the direct observation and study of how the fashion industry operates including how fashion products are created, manufactured, marketed and/or merchandised at the wholesale and retail levels. Students have a series of critical discussions and present a position paper upon completing the international experience. This course has pre- and post-travel classroom study.
Prerequisite: Graduate standing; and special approval.
Schedule Type: International Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory

FDM 60005 RESEARCH METHODS IN THE FASHION INDUSTRY 3 Credit Hours
This course examines research subject areas and methods as they pertain to various stakeholders in the fashion value chain. Focus is on understanding research practices relevant to the fashion industry, accessing and critically evaluating existing research, engaging in active research and applying research through practice to expand knowledge in the field.
Prerequisite: Fashion Industry Studies major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 60010 THEORIES AS APPLIED TO THE FASHION INDUSTRY 3 Credit Hours
Focuses on the meaning, context and intent of fashion in contemporary society. Examination of seminal theories and constructs that inform understanding and ability to address complex issues derived from the fashion industry setting.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 60011 THE FASHION INDUSTRY: A UNIFYING LENS 3 Credit Hours
This course is designed to make connections, synthesize, and develop understanding of the fashion industry. Students will participate in informed critical discussion, written, and visual work, guided by interaction with multiple stakeholders and concluded with a final paper and presentation that identifies an area where research through practice can expand knowledge in the field.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 60015 FASHION SYSTEMS THINKING 3 Credit Hours
The adverse effects of the global fashion industry have become an established narrative throughout fashion academic and industry circles. This course examines economic, social and environmental impacts of the fashion value chain from a systemic perspective. Focus is on the five key components used in systems thinking approach, namely: interconnectedness, synthesis, emergence, feedback loops, causality and systems mapping to practice problem solving that views fashion industry-related problems as part of a wider, dynamic system.
Prerequisite: Fashion Industry Studies major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 60020 FASHION INDUSTRY DESIGN MANAGEMENT 3 Credit Hours
In-depth study of the relationship between creativity and efficiency in the fashion industry. Provides insight into how project managers can nurture innovation in an organizational context.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 60025 GLOBAL CONSUMER IN THE FASHION INDUSTRY 3 Credit Hours
This course examines global market segments, how to reach them, the consumer buying process across countries and psychological and sociological variables that influence and motivate consumers. This course broadens the understanding and evaluation of consumer behavior concepts as they pertain to domestic and global marketing strategies. Focus is also on targeting needs of diverse consumers and marketing efforts directed at creating an inclusive environment for all consumers.
Prerequisite: Fashion Industry Studies major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 60031 FORMS OF INQUIRY IN THE FASHION INDUSTRY 3 Credit Hours
Critical evaluation of research, theoretical and scholarly review of articles related to the fashion industry. Learn and practice skills needed to understand and critically evaluate research, theory and scholarly works. Examine in-depth scholarly literature as applied to one topic within the fashion industry. Write and present a scholarly review of literature.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 60050 TECHSTYLELAB: DIGITAL DESIGN AND NEW MEDIA IN THE FASHION INDUSTRY 3 Credit Hours
Exploration of the intersection of New Media and Fashion. Includes research into analog design methods and digital systems of production and the supply chain management. Topics include various research and design topics such as mass-customization, co-creation, material ecology, digital craft and future craft practices.
Prerequisite: Graduate standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter

FDM 60092 FASHION INDUSTRY PRACTICUM 1-3 Credit Hours
(Repeatable for credit) Practicum is an off-campus, progressive process involving a number of specific guided experiences with a fashion agency or company. This course is intended to bridge the gap between the theoretical and abstract learning gained within the classroom with real-world concrete applications. Students are required to develop a practicum analytical or reflective research paper and make an oral presentation of their practicum experiences.
Prerequisite: Fashion Industry Studies major; and graduate standing; and special approval.
Pre/corequisite: FDM 60005 and FDM 60015.
Schedule Type: Practical Experience
Contact Hours: 3-9 other
Grade Mode: Satisfactory/Unsatisfactory

FDM 60093 WORKSHOPS ON CURRENT TOPICS IN THE FASHION INDUSTRY 1-3 Credit Hours
(Course is repeatable) Students will be encouraged to take advantage of courses that focus on professional renewal or mastery and application of knowledge and skills that address a range of problems or issues related to fashion industry practice. The workshops will be offered at our NYC, Florence, and Kent campuses.
Prerequisite: Graduate standing.
Schedule Type: Workshop
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

FDM 60098 RESEARCH PROJECT IN FASHION INDUSTRY 3 Credit Hours
(Repeatable for credit) Research experience with an individual faculty member designed to strengthen student's ability to synthesize different phases and methods of research. Students work closely with faculty to determine the specific nature, scope and design of the research experience. Requires submission of and approval of project proposal prior to registration.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Research
Contact Hours: 3 other
Grade Mode: Standard Letter

FDM 60099 FASHION INDUSTRY PRACTICUM CAPSTONE 3 Credit Hours
This course combines research with pragmatic industry-facing solutions reliant on firsthand information gathering, analysis and assessment. As a capstone experience, M.F.I.S. students base their experience from the practicum with a fashion-related industry partner by creating an in-depth case study, abbreviated business plan or industry presentation resulting from the information and research gathered and reflecting student interest.
Prerequisite: FDM 60092; and graduate standing; and special approval.
Pre/corequisite: FDM 60005 and FDM 60015 and FDM 60025.
Schedule Type: Project or Capstone
Contact Hours: 3 other
Grade Mode: Standard Letter

FDM 60100 ADVANCED FASHION INDUSTRY PRACTICE 3 Credit Hours
This capstone course is centered in research as both a practice and a process. Students will pursue case studies in which they research, interpret and aim to advance fashion industry practices. Informed by industry observation and experience, utilizing and engaging with a variety of research methods, students will document findings, analyze, reflect, and present their own pragmatic implications drawn from and applied to the fashion industry. The aim of the course is to challenge students to advance their research and analytical skills, to cross disciplinary boundaries, and to develop new and original perspectives of industry research through practice.
Prerequisite: FDM 60031; and enrolled in the master of fashion industry studies (MFIS) degree; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 60162 ADVANCED FASHION INDUSTRY DESIGN AND PRODUCTION 3 Credit Hours
This process-oriented course focuses on studio investigation of complex formal and spatial constructs in apparel design and production. The course will discuss and examine a variety of current approaches including those that are interdisciplinary and utilize design thinking in a fashion industry context. Students will use methods and tools for fashion research to explore new techniques in the development of design concepts that challenge current practice. Students are encouraged to think critically about design problems and processes while seeking discoveries through experimentation, resulting in a body of work examined by critique and exhibition. Examinable material includes written and visual documentation, which is then retained as the archival record of the research.
Prerequisite: Graduate standing; and special approval from the graduate studies coordinator.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 60199 THESIS I 2-6 Credit Hours
(Repeatable for credit) Thesis students must register for a maximum of 6 credit hours, 2 to 6 credit hours during a single semester, distributed over several semesters if desired.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Masters Thesis
Contact Hours: 6-18 other
Grade Mode: Satisfactory/Unsatisfactory-IP

FDM 60299 THESIS II 2 Credit Hours
(Course is repeatable) Continuing registration required of master's students who have completed the initial 6 hours of thesis and continuing until all degree requirements are met.
Prerequisite: FDM 60199; and graduate standing; and special approval from the graduate supervisory committee.
Schedule Type: Masters Thesis
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

FDM 63011 VISUAL PRESENTATION IN THE FASHION INDUSTRY 3 Credit Hours
This course explores the multiple methods of visual presentation practiced in the fashion industry through applications of digital and physical concepts. Students will examine and discuss current fashion industry approaches utilized by creative talent, merchants, and other stakeholders. Focus will be on developing visual communicators who can convey unique brand stories and complex ideas through use of various forms of media. Students will learn to establish branding and visualization of their own work and research to help promote their professional identity.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 65010 SUSTAINABLE CONCEPTS AND PRACTICES IN THE FASHION INDUSTRY 3 Credit Hours
This course will discuss and examine the most current approaches to sustainability in fashion. The different facets, benefits or shortcomings of each approach will be analyzed with an eye to researching viable solutions to future practices in manufacturing, material selection, design and business. Course embeds practice-based approaches to sustainable development.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 65045 FASHION INDUSTRY MERCHANDISE MANAGEMENT 3 Credit Hours
This course provides an overview of the merchandising process - planning, developing and presenting merchandise lines within the fashion industry. Core merchandising concepts and principles taught throughout this course include merchandise performance measures, pricing mechanics, wholesale and retail pricing strategy, merchandise budgets and assortment, vendor relationships and negotiations and merchandise replenishment management. This course examines such concepts as applied to manufacturers, wholesalers and retailers of fashion merchandise.
Prerequisite: Fashion Industry Studies major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 65055 ENTREPRENEURIAL LEADERSHIP AND SUSTAINABILITY IN THE FASHION INDUSTRY 3 Credit Hours
This course discusses the importance of entrepreneurial leadership and innovation as competitive advantages within the fashion industry. Students examine the conscious leadership concepts and principles of both small/medium enterprises and large corporations of the fashion industry. By applying conscious capitalism approach, the course introduces more progressive and purposeful ways to advance sustainable practices to benefit all five stakeholders within the fashion industry - society, partners, investors, customers and employees.
Prerequisite: Fashion Industry Studies major; and graduate standing.
Pre/corequisite: FDM 60005 and FDM 60015.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 65065 SUPPLY CHAIN MANAGEMENT IN THE FASHION INDUSTRY 3 Credit Hours
This course examines supply chain within the fashion industry and basic theories and principles that guide decision-making in the supply chain. Students will learn how supply chain management can be used to gain a competitive advantage in the fashion industry, comprehend buyer-supplier relationships, supply chain transparency, product recalls, sourcing issues, and other challenges in the global fashion supply chain. Attention will be given to understanding sustainable practices and future developments within the global fashion supply chain.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 65095 FASHION INDUSTRY SPECIAL TOPICS 1-3 Credit Hours
(Repeatable for a maximum of 6 credit hours) Variable content relevant to the field of fashion.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

FDM 65096 INDIVIDUAL INVESTIGATION IN THE FASHION INDUSTRY 1-3 Credit Hours
(Repeatable for credit) Individual investigation of a topic that is not available through the current curriculum offerings. Requires submission of and approval of project proposal prior to registration.
Prerequisite: Fashion Industry Studies major; and graduate standing.
Schedule Type: Individual Investigation
Contact Hours: 3-9 other
Grade Mode: Standard Letter

FDM 65100 SUSTAINABLE SUPPLY CHAIN AND LIFE CYCLE ASSESSMENT IN THE FASHION INDUSTRY 3 Credit Hours
This course examines the traditional and sustainable supply chain within the fashion industry. There is a focus on basic theories and principles that guide decision making, including current challenges in converting from traditional practices to environmentally and socially protective supply chains. Students learn how sustainably focused supply chain management can be used to gain a competitive advantage in the fashion industry through supply chain transparency and LCA metric development.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 65110 CIRCULAR ECONOMY STRATEGIES IN THE FASHION INDUSTRY 3 Credit Hours
Throughout discussions of sustainability, a circular economy is considered the ultimate goal post by which we must measure success. To fully realize a sustainable future, we must design out waste and pollution and fundamentally rethink the fashion system that currently relies on a take/make/waste construct. This course examines what a circular economy might look like in the fashion industry, what things need to happen to get there and what initial steps look like in that direction.
Prerequisite: Fashion Industry Studies major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 65120 FIBER AND TEXTILE INNOVATION 3 Credit Hours
This course introduces current and emerging fiber and textile innovations relevant to the fashion industry and provides students an opportunity to explore the expanding potential of textiles as an adaptive and responsive interface between humans and their environment. Examples of applications are reviewed from four perspectives: (1) fiber and textile innovation with a focus on material production and selection implications; (2) manufacturing and processing basics; (3) implications for the life cycle and sustainability of the resulting textile and apparel products; and (4) human body-functional textile interactions and potential health implications.
Prerequisite: Fashion Industry Studies major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

FDM 65220 INNOVATIONS IN THE FASHION RETAIL INDUSTRY 3 Credit Hours
This course encompasses how various innovations create the optimal customer experience to gain competitive advantages in the 21st century retail environment. Using the perspective of omnichannel retailing, which is a fully integrated approach to commerce that provides shoppers a unified experience across all channels or touchpoints, students explore the various innovations relevant to the fashion retail industry. Through case study analysis and final project reports, students present pragmatic solutions to retailers of their choice.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

FDM 65300 DIGITAL KNIT DESIGN 3 Credit Hours
This course focuses on digital knitting as utilized by a designer. The students use available software for 3D development of products and stitch design. The course focuses on stitch understanding and development, as well as communication of designs both stitch and shape using 3D virtualization software and stitch development software. This course is geared toward designers with industry studio practice and is at an advanced level.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Laboratory
Contact Hours: 6 lab
Grade Mode: Standard Letter

FDM 65310 DIGITAL KNIT PROGRAMMING I 3 Credit Hours
This course focuses on digital knitting and programming of industrial knitting machines. This is one of four digital knit courses that enables students to learn proprietary software, programming and technical knit skills. The course goes through the foundational understanding of stitches and how to program them on industrial knitting machines. The course also focuses on hands-on learning on the industrial machine, including set up of the machine and machine maintenance. This course is geared toward designers with fashion industry studio practice and is at an advanced level.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Laboratory
Contact Hours: 6 lab
Grade Mode: Standard Letter

FDM 65320 DIGITAL KNIT PROGRAMMING II 3 Credit Hours
This course focuses on digital knitting and advanced programming of industrial knitting machines. This is the second of two programming courses and one of the four digital knit courses enabling students to continue to learn complex proprietary software, programming and technical knit skills. The course goes through the understanding of more complex stitch structures, as well as how to program on the machine. The course includes techniques for shaping structures to create three dimensionally knitted textile products. This course is geared toward designers with industry studio practice and is at an advanced level.
Prerequisite: FDM 65310; and graduate standing; and special approval.
Schedule Type: Laboratory
Contact Hours: 6 lab
Grade Mode: Standard Letter

FDM 65330 DIGITAL KNIT APPLICATIONS 3 Credit Hours
This course focuses on the application of skills in digital knitting to develop an advanced final product line. This is one of the four digital knit courses that enables students to learn proprietary software, programming and technical knit skills. Depending on the student's focus of either technical or design, the product line can be developed in 3D virtual presentation or actual prototypes. Regardless of focus, it is expected that the student has some representation of both virtual and actual in the final presentation of the product. Along with the product line, presentation is a use case. This course is geared toward designers with industry studio practice and is at an advanced level.
Prerequisite: FDM 65300 or FDM 65310; and graduate standing; and special approval.
Schedule Type: Laboratory
Contact Hours: 6 lab
Grade Mode: Standard Letter

Fashion Design - B.A.

  - Kent Campus

Examples of Possible Careers

- Fashion designer
- CAD designer
- Creative director
- Illustrator
- Product developer
- Print designer
- Technical designer
- Textile designer
- Product development
- Knit designer
- Knit programmer
- Sourcing

Accreditation

National Association of Schools of Art and Design (NASAD)

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to the Fashion Design major is selective.

First-Year Students: Prospective applicants must have a minimum 3.000 overall GPA (on a 4.000 scale)(*starting with the fall 2026 admission term, a minimum 2.750 overall GPA is required).*

Transfer Students: Prospective applicants must have a minimum 2.750 overall GPA based on minimum 24 credit hours of college-level coursework at an accredited institution. Those students meeting this GPA requirement but with fewer than 24 credit hours will be evaluated as new freshmen.

Students who do not meet the criteria for admission to the Fashion Design major may be eligible for admission to the Pre-Fashion Design and Merchandising non-degree major. *Starting with the fall 2026 admission term, students who do not meet the criteria for admission to the Fashion Design major will be admitted to the* Exploratory Program *in University College.*

In addition, students who do not meet the admission criteria may initiate the process for declaring the B.A. degree in Fashion Design after completing minimum 12 credit hours of non-developmental coursework at Kent State University and earning a minimum 2.750 overall GPA.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements (courses count in major GPA)		
FDM 10010	FASHION FUNDAMENTALS	3
FDM 10023	FASHION VISUALS	1
FDM 10024	FASHION VISUALS LABORATORY	2
FDM 10033	FASHION FABRICS	1
FDM 10034	FASHION FABRICS LABORATORY	2
FDM 10043	SUSTAINABLE FASHION THINKING	1
FDM 10044	SUSTAINABLE FASHION THINKING LABORATORY	2

FDM 35010	CONTEMPORARY FASHION DESIGNERS (WIC) [1]	3
FDM 40121	FASHION PORTFOLIO I	3
FDM 40122	FASHION PORTFOLIO II	3
FDM 45292	INTERNSHIP IN FASHION DESIGN (ELR)	3
Fashion Study Away Requirement [2]		
Additional Major Electives, choose from the following: [3]		15
Any Fashion Design and Merchandising (FDM) course		
Any Accounting (ACCT) Upper-Division course (30000 or 40000 level)		
Any Architectural Studies (ARCS) Upper-Division course (30000 or 40000 level)		
Any Art History (ARTH) Upper-Division course (30000 or 40000 level)		
Any Art Studio Art (ARTS) Upper-Division course (30000 or 40000 level)		
Any Business Administration Interdisciplinary (BUS) Upper-Division course (30000 or 40000 level)		
Any Business Analytics (BA) Upper-Division course (30000 or 40000 level)		
Any Computer Information Systems (CIS) Upper-Division course (30000 or 40000 level)		
Any Design Innovation (DI) Upper-Division course (30000 or 40000 level)		
Any Economics (ECON) Upper-Division course (30000 or 40000 level)		
Any Entrepreneurship (ENTR) Upper-Division course (30000 or 40000 level)		
Any Finance (FIN) Upper-Division course (30000 or 40000 level)		
Any Management (MGMT) Upper-Division course (30000 or 40000 level)		
Any Marketing (MKTG) Upper-Division course (30000 or 40000 level)		
Any Media and Journalism (MDJ) Upper-Division course (30000 or 40000 level)		
Any Theatre (THEA) Upper-Division course (30000 or 40000 level)		
Any Visual Communication Design (VCD) Upper-Division course (30000 or 40000 level)		
Fashion Design Studio I Electives, choose from the following:		6
FDM 30161	FASHION DESIGN STUDIO I	
FDM 30189	FLORENCE FASHION DESIGN STUDIO I (DIVG) (ELR)	
FDM 30190	NEW YORK CITY FASHION DESIGN STUDIO I (ELR)	
FDM 30389	PARIS FASHION DESIGN STUDIO I (DIVG) (ELR)	
Fashion Design Studio II Electives, choose from the following:		6
FDM 30162	FASHION DESIGN STUDIO II	
FDM 30289	FLORENCE FASHION DESIGN STUDIO II (DIVG) (ELR)	
FDM 30290	NEW YORK CITY FASHION DESIGN STUDIO II (ELR)	
FDM 30489	PARIS FASHION DESIGN STUDIO II (DIVG) (ELR)	
Additional Requirements (courses do not count in major GPA)		
ARTH 22006	ART HISTORY: ANCIENT TO MEDIEVAL ART (KFA)	3
ARTH 22007	ART HISTORY: RENAISSANCE TO MODERN ART (KFA)	3
ECON 22060	PRINCIPLES OF MICROECONOMICS (KSS)	3
MATH 10041	INTRODUCTORY STATISTICS (KMCR)	4
MKTG 25010	PRINCIPLES OF MARKETING	3
UC 10001	FLASHES 101	1
Kent Core Composition		6
Kent Core Social Sciences (must be from two disciplines)		3
Kent Core Humanities		3
Kent Core Basic Sciences (must include one laboratory)		6-7
Kent Core Additional		6
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours)		4
Minimum Total Credit Hours:		**120**

1 A minimum C grade must be earned to fulfill the writing-intensive requirement.

2 Students are required to participate in a study away opportunity. Students must have a minimum 2.500 overall GPA to participate in this study away requirement. Choose from the following: FDM 30189; FDM 30190; FDM 30289; FDM 30290; FDM 30389; FDM 30489; FDM 35070; FDM 35080; FDM 35089; FDM 35589; FDM 35689; FDM 35789; FDM 35889; FDM 35989; FDM 36589; FDM 45392; FDM 45589; FDM 45590; FDM 45689; OGE 10095.

3 Maximum 6 credit hours of FDM 45093 can be used as an Additional Major Elective. Maximum 6 credit hours from each non-Fashion Design and Merchandising (FDM) subject area can be used as an Additional Major Elective.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.500	2.500

- Participation in a study abroad/away experience
- Minimum 2.500 overall GPA required for internship
- Minimum 2.500 overall GPA required for study away

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		**Credits**
!	FDM 10010	FASHION FUNDAMENTALS	3
	FDM 10023	FASHION VISUALS	1
	FDM 10024	FASHION VISUALS LABORATORY	2
	FDM 15055	BASICS OF APPAREL CONSTRUCTION	3

		Minimum Total Credit Hours:	**120**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Describe the fashion industry, fashion markets, fashion products and services.
2. Integrate conceptual, technical and production design knowledge and skills, leading to a synthesis of the design process from concept to production.
3. Apply skills in the use of basic tools, techniques and processes sufficient to produce work from draft or specifications to finished product, including skills with portfolio preparation.
4. Use conceptual and critical thinking skills that are applicable to the fashion industry.
5. Employ research processes and practices used within the fashion industry.
6. Demonstrate professionalism and communication skills within the appropriate creative industry.

Program Policies
Physical Activity and ROTC Courses

No more than 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses or the first 16 credit hours of ROTC courses—Aerospace Studies (ASTU) and Military Studies (MSCI)—may apply to the 120 credit hours required for graduation.

Veterans who have completed a minimum of one year of active duty may receive PWS credit for military basic training according to branch of service, as follows:

- Army and Marine Corps, 3 credit hours;
- Navy and Coast Guard, 2 credit hours;
- Air Force, 1 credit hour.

Requirement Audit

Upon completion of 60 credit hours, each student is required to contact the College of the Arts Advising office to obtain a current evaluation of progress toward completion of the student's chosen degree program. Requirement evaluations are not a substitute for meeting with a faculty advisor. Students may access GPS (Graduation Planning System) audit through their FlashLine account which provides them with information about their academic progress. Questions about GPS audits are answered in the College of the Arts Advising office.

Full Description

The Bachelor of Arts degree in Fashion Design integrates conceptual, technical and production design knowledge and skills, leading to a synthesis of the design process from concept to production. These processes include color, design and trend research; technical sketching and rendered illustration; pattern-making and garment construction; analysis of appropriate fit and fabric selection; best practices in sustainable methods and knowledge and the ability to communicate specifications for production using industry standards appropriate to specific markets.

The B.A. degree in Fashion Design promotes an emphasis on the diversity of studio practice and liberal art experiences with the most up to date technology applications. Students have the option to select coursework offerings to gain expertise in a variety of specialties that connect directly to fashion design, such as wearable technology applications, sustainable development and design, garment knitting, illustration and/or accessory design.

The degree program prepares students for professional careers by developing technical competency, creative/independent problem solving and conceptual understanding necessary for the challenges of a career in the creative industries. Students develop portfolios for presentation at industry interviews and are prepared to be strongly competitive for any entry-level design position in the industry.

Students participate in a study abroad/away experience, which includes opportunities to study for a semester in New York City; Florence, Italy; and Paris, France, as well as through collaborative partnership programs with universities in Hong Kong, South Korea and London.

While enrolled in junior-level fashion design studio courses, fashion design students may complete the application process to declare the Bachelor of Fine Arts degree or choose to continue pursuing the B.A. degree. The decision of which degree is best for a particular student depends on the student's educational and career goals, academic standing, performance in studio coursework and an approved B.F.A. proposal.

Examples of Possible Careers

- Fashion designer
- Creative director
- Illustrator
- Product developer
- Print designer
- Technical designer
- Textile designer
- Knit designer
- Knit programmer
- Sourcing

Accreditation

National Association of Schools of Art and Design (NASAD)

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to the Fashion Design - B.F.A. degree is selective and not open to new students at Kent State University. The B.F.A. degree requires applicants to have a minimum 2.750 overall Kent State GPA and the support of Fashion Design faculty. To be considered for the B.F.A. degree, students must be enrolled in junior-level fashion design studio courses and submit a letter of intent and B.F.A. proposal by the established deadlines.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.
