(Slashed with SOC 42565) Environmental Sociology provides students with an overview of how environmental problems and patterns interact with social systems. The course grounds students in an interdisciplinary range of theories through which environmental problems may be made more visible, and solutions more readily imagined. Topics include the intellectual and activist origins of the Environmental Justice Movement; sustainability and economic development; climate change and population/immigration dynamics; the history of environmental regulatory frameworks and institutions at the local, regional, and global level; and inequalities in the experience and consequence of environmental problems. Students will be encouraged to pair the course with an internship or other volunteer-opportunity with an area environmental, media, or policy-making organization to encourage a Public Sociology orientation for student projects.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture, 0 lab, 0 other
Grade Mode: Standard Letter

SOC 52568 RACE AND ETHNIC STUDIES 3 Credit Hours
(Slashed with SOC 42568) Sociological principles underlying racial and ethnic relations in the United States; emphasis on social factors of prejudice, discrimination and assimilation affecting all groups.
Prerequisite: Sociology major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 52577 SOCIOLOGY OF FAMILY VIOLENCE 3 Credit Hours
(Cross-listed with CRIM 52577)(Slashed with CRIM 42577 and SOC 42577) Sociological analysis of theories, research and social policy concerning family violence, child abuse and neglect, intimate partner abuse, elderly abuse, rape, sexual abuse of children.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 52879 AGING IN SOCIETY 3 Credit Hours
(Slashed with SOC 42879) Analysis of demographic, sociological and sociopsychological dimensions of aging.
Prerequisite: Sociology major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 61003 CRIMINOLOGICAL THEORY 3 Credit Hours
(Slashed with SOC 71003) Examines the major theories in criminology that have been used to explain criminal behavior. This course includes analysis of empirical tests, applications of the theories, and social policy implications.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 61004 SOCIOLOGY OF CORRECTIONS 3 Credit Hours
(Slashed with SOC 71004) Analyzes the correctional institution as a social system: formal structure and informal dynamics. It covers problems and programs found in community corrections as well as the institutional setting. It examines approaches to correctional supervision and treatment through probation, parole, and community residential treatment.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 61005 JUVENILE DELINQUENCY 3 Credit Hours
(Slashed with SOC 71005) Provides an analysis of the issues and current research related to juvenile delinquency and the juvenile justice process.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62002 PROFESSIONAL AND ETHICAL ISSUES IN SOCIOLOGY 3 Credit Hours
(Slashed with SOC 72002) Introduction to professional and ethical issues in the field of sociology including the logic of inquiry, developing effective approaches to independent learning and research, the human subjects review process and plagiarism. Akron 3850:628.
Prerequisite: Sociology major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62093 VARIABLE TITLE WORKSHOP IN SOCIOLOGY 1-6 Credit Hours
(Repeatable for credit)(Slashed with SOC 72093) Concentrates on professional or disciplinary concerns. Specific content to vary according to needs of client groups.
Prerequisite: Graduate standing.
Schedule Type: Workshop
Contact Hours: 1-6 other
Grade Mode: Satisfactory/Unsatisfactory

SOC 62100 EARLY SOCIOLOGICAL THEORY 3 Credit Hours
(Slashed with SOC 72100) An examination of the contributions by pre-1930 social thinkers to contemporary sociological theory. Akron 3850:722.
Prerequisite: SOC 52126; and sociology major; and graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

SOC 62105 CONTEMPORARY SOCIOLOGICAL THOUGHT 3 Credit Hours
(Slashed with SOC 62105) Covers major contemporary theories and theorists. Emphasis on functionalism, conflict, exchange, interactionalism and systems theory. Neofunctionalism, neo-Marxism, structuration theory and other recent trends are treated. Akron 3850:723.
Prerequisite: SOC 62100; and sociology major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62199 THESIS I 2-6 Credit Hours
Thesis students must register for a total of 6 hours, 2 to 6 hours in a single semester distributed over several semesters if desired.
Prerequisite: Graduate standing in sociology; and special approval.
Schedule Type: Masters Thesis
Contact Hours: 2-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SOC 62211 QUANTITATIVE METHODS IN SOCIOLOGY 4 Credit Hours
Introduction to the use of quantitative research methods for analyzing sociological issues. Includes instruction on each step in the process of empirically verifying a theoretical question, from conceptualization to analysis. Akron 3850:603.
Prerequisite: Graduate standing in sociology.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

SOC 62217 MULTIVARIATE TECHNIQUES IN SOCIOLOGY 4 Credit Hours
(Slashed with SOC 72217) Advanced multivariate techniques and methodological problems in the analysis of sociological data. Topics include non-experimental causal models and path analysis. Akron 3850:706.
Prerequisite: SOC 32220; and sociology major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

SOC 62218 ADVANCED DATA ANALYSIS 4 Credit Hours
(Slashed with SOC 72218) Critical examination of data analytic techniques having particular relevance to research problems in sociology, with particular emphasis on multi-variate inferential statistics. Akron 3850:709.
Prerequisite: SOC 62217; and sociology major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

SOC 62219 QUALITATIVE METHODS IN SOCIOLOGY 4 Credit Hours
(Slashed with SOC 72219) Study of qualitative methods including interviewing, observation, use of personal documents, archival data and special problems of recording and analyzing qualitative data. Akron 3850:714.
Prerequisite: Sociology major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

SOC 62221 ADVANCED QUALITATIVE METHODS IN SOCIOLOGY 3 Credit Hours
(Slashed with SOC 72221) Provides students with the opportunity to conceive, design and carry out their own qualitative research projects. Students also survey readings that are exemplars of high quality and rigorous qualitative research. Topics such as writing, analysis and ethics are covered as students develop and move forward on their own original research. Students must be actively engaged in a qualitative research project to enroll in the course.
Prerequisite: SOC 62219; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62299 THESIS II 2 Credit Hours
Thesis students must continue registration each semester until all degree requirements are met.
Prerequisite: SOC 62199; and graduate standing in sociology; and special approval.
Schedule Type: Masters Thesis
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SOC 62323 SOCIOLOGY OF HEALTH AND ILLNESS 3 Credit Hours
(Slashed with SOC 72323) Introduction to medical sociology. Topics include health care professions, patient-provider interaction, caregivers, the illness experience, race, ethnicity, gender, socio-economic status, and health and global health.
Prerequisite: Sociology major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62326 SOCIOLOGY OF MENTAL HEALTH AND MENTAL ILLNESS 3 Credit Hours
(Slashed with SOC 72326) Sociological examination of the social processes that affect mental health, frame cultural ideas of normality and illness, and define clinical pathology. Akron 3850: 728.
Prerequisite: Sociology major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62328 STRATIFICATION AND HEALTH 3 Credit Hours
(Slashed with SOC 72328) Race, social class and gender differences in physical and mental health status, help-seeking behavior and health care. Race, class and gender stratification of health care workers. Akron 3850:726.
Prerequisite: Sociology major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62332 SOCIAL CONTROL OF MENTAL ILLNESS 3 Credit Hours
(Slashed with SOC 72332) Introduction to the sociological perspective regarding social control and mental illness. Topics include the history of mental illness and the asylum, the stratification of mental illness diagnosis and treatment by race, ethnicity, gender, and socio-economic status, and stigma and psychiatric labeling.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62430 SOCIAL PSYCHOLOGY 3 Credit Hours
(Slashed with SOC 72430) Examination of social psychological theory and research, both classic and contemporary. Provides student with background and working knowledge of social psychological aspects of social phenomena. Akron 3850: 631.
Prerequisite: Sociology major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62433 SOCIAL STRUCTURE AND PERSONALITY 3 Credit Hours
(Slashed with SOC 72433) Examination of contemporary theory and research on linkages between personality and society. Emphasis is on the dynamics of those linkages and their effects on both individuals and social structures. Akron 3850:634.
Prerequisite: Sociology major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62437 STRUCTURAL SOCIAL PSYCHOLOGY 3 Credit Hours
(Slashed with SOC 72437) In-depth introduction to structural social psychology, a set of theoretical and methodological approaches and tools that focuses on the development and testing of multi-level, micro-macro accounts of human social interactions, often through the use of formal theorizing and mathematical modeling. Course provides an overview of the theoretical and research empirical methods that are most associated with structural social psychology; cover the main substantive topics in the area; and then conclude with a brief overview of current issues, debates and recent interdisciplinary advances.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62439 SELF AND IDENTITY 3 Credit Hours
(Slashed with SOC 72439) Examines theories and research on the origins of and on behavioral and social consequences of identities, self-concept and self-esteem; also examines the relationships between identities and emotions and between self-concept and mental health and well-being.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62546 SOCIAL INEQUALITY 3 Credit Hours
(Slashed with SOC 62546) An overview of social inequalities, including definitions, causes, identities, structures and consequences. The focus is on social class with attention to intersecting dimensions of inequality. Akron 3850:646.
Prerequisite: Sociology major; and Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62566 SOCIOLOGY OF GENDER 3 Credit Hours
(Slashed with SOC 72566) Examination of theories and research on gender origins, characteristics and changes. Emphasizes recent empirical research on gender role patterns and processes in various industrial societies. Akron 3850:639.
Prerequisite: Graduate standing; and sociology major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62760 DEVIANCE 3 Credit Hours
(Slashed with SOC 72760) Examination of nature, types and controls of deviance; analysis of conceptual levels, theoretical contributions, processes in social labeling and self-labeling, case studies, social consequences and problems. Akron 3850: 663.
Prerequisite: Sociology major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62870 SOCIOLOGY OF RACE AND ETHNICITY 3 Credit Hours
(Slashed with SOC 72870) An in-depth study of the theories, models, research approaches and substantive areas that constitute the sociology of race and ethnicity. Akron 3850:651.
Prerequisite: Sociology major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62872 SOCIAL PSYCHOLOGY AND INEQUALITY 3 Credit Hours
(Slashed with SOC 72872) Introduces students to sociological social psychological work that examines the reproduction of inequality. Specifically, the course focuses on "generic social processes" in how individuals, through interaction, are complicit or resistant in the reproduction of inequality through processes such as identity work, collective identity work, emotion work, othering and boundary maintenance. Mechanisms for change are also considered.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62877 SOCIOLOGY OF AGING AND THE LIFE COURSE 3 Credit Hours
(Slashed with SOC 72877) Study of the sociology of aging and the life course, covering the major stages of young adulthood, mid-life, and later life. Topics include demography of aging, transition to adulthood, educational attainment, romantic relationships and cohabitation, marriage, parenting, work and retirement, theories of aging, aging and social policy, neighborhoods and aging, later life living arrangements, and death and dying.
Prerequisite: Sociology major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62894 COLLEGE TEACHING OF SOCIOLOGY 3 Credit Hours
(Repeatable for credit)(Slashed with SOC 72894) Preparation for college teaching. Students may apply a maximum 3 credit hours applicable toward the master's degree with departmental approval. Akron 3850:700.
Prerequisite: Graduate standing; and sociology major.
Schedule Type: Combined Lecture and Lab
Contact Hours: 3 other
Grade Mode: Standard Letter

SOC 62895 SPECIAL TOPICS 3 Credit Hours
(Repeatable for credit)(Slashed with SOC 72895) Offered irregularly when unusual resources and/or opportunities permit. Topic will be announced when scheduled.
Prerequisite: Sociology major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 62896 INDIVIDUAL INVESTIGATION 1-3 Credit Hours
(Repeatable for credit)(Slashed with SOC 72896) Intensive pursuit of a subject matter beyond normal course coverage with the possibility of associated research. Students may apply a maximum 6 credit hours combined in individual investigation (SOC 62896, SOC 72896) and research (SOC 62898, SOC 72898) toward the master's degree.
Prerequisite: Sociology major; and graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

SOC 62898 RESEARCH 1-3 Credit Hours
(Repeatable for credit)(Slashed with SOC 72898) Pursuit of research interests that can include the student's project and/or a faculty member's project. Student may apply a maximum of 6 credits combined of research (SOC 62898, SOC 72898) and individual investigation (SOC 62896, SOC 72896) toward the master's degree.
Prerequisite: Sociology major; and graduate standing; and special approval.
Schedule Type: Research
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

SOC 71003 CRIMINOLOGICAL THEORY 3 Credit Hours
(Slashed with SOC 61003) Examines the major theories in criminology that have been used to explain criminal behavior. This course includes analysis of empirical tests, applications of the theories, and social policy implications.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 71004 SOCIOLOGY OF CORRECTIONS 3 Credit Hours
(Slashed with SOC 61004) Analyzes the correctional institution as a social system: formal structure and informal dynamics. It covers problems and programs found in community corrections as well as the institutional setting. It examines approaches to correctional supervision and treatment through probation, parole, and community residential treatment.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 71005 JUVENILE DELINQUENCY 3 Credit Hours
(Slashed with SOC 61005) Provides an analysis of the issues and current research related to juvenile delinquency and the juvenile justice process.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72002 PROFESSIONAL AND ETHICAL ISSUES IN SOCIOLOGY 3 Credit Hours
(Slashed with SOC 62002) Introduction to professional and ethical issues in the field of sociology including the logic of inquiry, developing effective approaches to independent learning and research, the human subjects review process and plagiarism. Akron 3850:628.
Prerequisite: Sociology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72093 VARIABLE TITLE WORKSHOP IN SOCIOLOGY 1-6 Credit Hours
(Repeatable for credit)(Slashed with SOC 62093) Concentrates on professional or disciplinary concerns. Specific content to vary according to needs of client groups.
Prerequisite: Doctoral standing.
Schedule Type: Workshop
Contact Hours: 1-6 other
Grade Mode: Satisfactory/Unsatisfactory

SOC 72100 EARLY SOCIOLOGICAL THEORY 3 Credit Hours
(Slashed with SOC 62100) An examination of the contributions by pre-1930 social thinkers to contemporary sociological theory. Akron 3850:722.
Prerequisite: SOC 52126; and sociology major; and doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

SOC 72105 CONTEMPORARY SOCIOLOGICAL THOUGHT 3 Credit Hours
(Slashed with SOC 62105) Covers major contemporary theories and theorists. Emphasis on functionalism, conflict, exchange, interactionalism and systems theory. Neofunctionalism, neo-Marxism, structuration theory and other recent trends are treated. Akron 3850:723.
Prerequisite: SOC 72100; and sociology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72211 QUANTITATIVE METHODS IN SOCIOLOGY 4 Credit Hours
Introduction to the use of quantitative research methods for analyzing sociological issues. Includes instruction on each step in the process of empirically verifying a theoretical question, from conceptualization to analysis. Akron 3850:603.
Prerequisite: Doctoral standing in sociology.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

SOC 72217 MULTIVARIATE TECHNIQUES IN SOCIOLOGY 4 Credit Hours
(Slashed with SOC 62217) Advanced multivariate techniques and methodological problems in the analysis of sociological data. Topics include non-experimental causal models and path analysis. Akron 3850:706.
Prerequisite: SOC 32220; and sociology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

SOC 72218 ADVANCED DATA ANALYSIS 4 Credit Hours
(Slashed with SOC 62218) Crucial examination of data analytic techniques having particular relevance to research problems in sociology, with particular emphasis on multi-variate inferential statistics. Akron 3850:709.
Prerequisite: SOC 72217; and sociology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

SOC 72219 QUALITATIVE METHODS IN SOCIOLOGY 4 Credit Hours
(Slashed with SOC 62219) Study of qualitative methods including interviewing, observation, use of personal documents, archival data, and special problems of recording and analyzing qualitative data. Akron 3850:714.
Prerequisite: Sociology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

SOC 72221 ADVANCED QUALITATIVE METHODS IN SOCIOLOGY 3 Credit Hours
(Slashed with SOC 62221) Provides students with the opportunity to conceive, design and carry out their own qualitative research projects. Students also survey readings that are exemplars of high quality and rigorous qualitative research. Topics such as writing, analysis and ethics are covered as students develop and move forward on their own original research. Students must be actively engaged in a qualitative research project to enroll in the course.
Prerequisite: SOC 72219; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72323 SOCIOLOGY OF HEALTH AND ILLNESS 3 Credit Hours
(Slashed with SOC 62323) Introduction to medical sociology. Topics include health care professions, patient-provider interaction, caregivers, the illness experience, race, ethnicity, gender, socio-economic status and health and global health.
Prerequisite: Sociology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72326 SOCIOLOGY OF MENTAL HEALTH AND MENTAL ILLNESS 3 Credit Hours
(Slashed with SOC 62326) Sociological examination of the social processes that affect mental health, frame cultural ideas of normality and illness, and define clinical pathology. Akron 3850:728.
Prerequisite: Sociology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72328 STRATIFICATION AND HEALTH 3 Credit Hours
(Slashed iwth SOC 62328) Race, social, class and gender differences in physical and mental health status, help-seeking behavior and health care. Race, class and gender stratification of health care workers. Akron 3850:726.
Prerequisite: Sociology major; and doctoral major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72332 SOCIAL CONTROL OF MENTAL ILLNESS 3 Credit Hours
(Slashed with SOC 62332) Introduction to the sociological perspective regarding social control and mental illness. Topics include the history of mental illness and the asylum, the stratification of mental illness diagnosis and treatment by race, ethnicity, gender, and socio-economic status, and stigma and psychiatric labeling.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72430 SOCIAL PSYCHOLOGY 3 Credit Hours
(Slashed with SOC 62430) Examination of social psychological theory and research, both classic and contemporary. Provides student with background and working knowledge of social psychological aspects of social phenomena. Akron 3850:631.
Prerequisite: Sociology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72433 SOCIAL STRUCTURE AND PERSONALITY 3 Credit Hours
(Slashed with SOC 62433) Examination of contemporary theory and research on linkages between personality and society. Emphasis is on the dynamics of those linkages and their effects on both individuals and social structures. Akron 3850:634.
Prerequisite: Sociology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72437 STRUCTURAL SOCIAL PSYCHOLOGY 3 Credit Hours
(Slashed with SOC 62437) In-depth introduction to structural social psychology, a set of theoretical and methodological approaches and tools that focuses on the development and testing of multi-level, micro-macro accounts of human social interactions, often through the use of formal theorizing and mathematical modeling. Course provides an overview of the theoretical and research empirical methods that are most associated with structural social psychology; cover the main substantive topics in the area; and then conclude with a brief overview of current issues, debates and recent interdisciplinary advances.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72439 SELF AND IDENTITY 3 Credit Hours
(Slashed with SOC 62439) Examines theories and research on the origins of and on behavioral and social consequences of identities, self-concept and self-esteem; also examines the relationships between identities and emotions and between self-concept and mental health and well-being.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72546 SOCIAL INEQUALITY 3 Credit Hours
(Slashed with SOC 62546) An overview of social inequalities, including definitions, causes, identities, structures and consequences. The focus is on social class with attention to intersecting dimensions of inequality. Akron 3850:646.
Prerequisite: Sociology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72566 SOCIOLOGY OF GENDER 3 Credit Hours
(Slashed with SOC 62566) Examination of theories and research on gender origins, characteristics and changes. Emphasizes recent empirical research on gender role patterns and processes in various industrial societies. Akron 3850:639.
Prerequisite: Sociology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72760 DEVIANCE 3 Credit Hours
(Slashed with SOC 62760) Examination of nature, types and controls of deviance; analysis of conceptual levels, theoretical contributions, processes in social labeling and self labeling, case studies, social consequences and problems. Akron 3850:663.
Prerequisite: Sociology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72870 SOCIOLOGY OF RACE AND ETHNICITY 3 Credit Hours
(Slashed with SOC 62870) An in-depth study of the theories, models, research approaches and substantive areas that constitute the sociology of race and ethnicity. Akron 3850:651.
Prerequisite: Sociology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72872 SOCIAL PSYCHOLOGY AND INEQUALITY 3 Credit Hours
(Slashed with SOC 62872) Introduces students to sociological social psychology work that examines the reproduction of inequality. Specifically, the course focuses on "generic social processes" in how individuals, through interaction, are complicit or resistant in the reproduction of inequality through processes such as identity work, collective identity work, emotion work, othering and boundary maintenance. Mechanisms for change are also considered.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72877 SOCIOLOGY OF AGING AND THE LIFE COURSE 3 Credit Hours
(Slashed with SOC 62877) Study of the sociology of aging and the life course, covering the major stages of young adulthood, mid-life, and later life. Topics include demography of aging, transition to adulthood, educational attainment, romantic relationships and cohabitation, marriage, parenting, work and retirement, theories of aging, aging and social policy, neighborhoods and aging, later life living arrangements, and death and dying. Akron 3850:678.
Prerequisite: Sociology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72894 COLLEGE TEACHING OF SOCIOLOGY 3 Credit Hours
(Repeatable for credit)(Slashed with SOC 62894) Preparation for college teaching. Course may not be applied toward the doctoral degree. Akron 3850:700.
Prerequisite: Sociology major; and graduate standing.
Schedule Type: Combined Lecture and Lab
Contact Hours: 3 other
Grade Mode: Standard Letter

SOC 72895 SPECIAL TOPICS 3 Credit Hours
(Repeatable for credit)(Slashed with SOC 62895) Offered irregularly when unusual resources and/or opportunities permit. Topic will be announced when scheduled.
Prerequisite: Sociology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SOC 72896 INDIVIDUAL INVESTIGATION 1-3 Credit Hours
(Repeatable for credit)(Slashed with SOC 62896) Intensive pursuit of a subject matter beyond normal course coverage with the possibility of associated research. Students may apply a maximum 6 credit hours combined in individual investigation (SOC 72896) and research (SOC 72898) toward the doctoral degree.
Prerequisite: Sociology major; and doctoral standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

SOC 72898 RESEARCH 1-3 Credit Hours
(Repeatable for credit)(Slashed with SOC 62898) Pursuit of research interests that can include the student's project and/or a faculty member's project. Student may apply a maximum of 6 credits combined of research (SOC 72898) and individual investigation (SOC 72896) toward the doctoral degree.
Prerequisite: Sociology major; and doctoral standing; and special approval.
Schedule Type: Research
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

SOC 82199 DISSERTATION I 15 Credit Hours
(Repeatable for credit)Doctoral dissertation, for which registration in at least two semesters is required first of which will be semester in which dissertation is begun and continuing until 30 hours are completed. Akron 3850: 899.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SOC 82299 DISSERTATION II 15 Credit Hours
(Repeatable for credit)Continuing registration required of doctoral students who have completed the initial 30 hours of dissertation and continuing until all degree requirements are met.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

Spanish (SPAN)

SPAN 18201 ELEMENTARY SPANISH I 4 Credit Hours
An introduction to the Spanish language in the context of Hispanic cultures.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter
Attributes: TAG Foreign Language

SPAN 18202 ELEMENTARY SPANISH II 4 Credit Hours
A continuation of the introduction to the Spanish language in the context of Hispanic cultures.
Prerequisite: SPAN 18201.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter
Attributes: TAG Foreign Language

SPAN 18489 INTERNATIONAL EXPERIENCE (DIVG) (ELR) 1-4 Credit Hours
(Repeatable for credit) This course is a faculty-led experience in a Spanish-speaking country that involves both in-class and out-of-class experiences. Students are placed into an appropriate level language course according to their Common European Framework of References for Language Proficiency (CEFR) score. During class, students study grammar, vocabulary and culture and engage in reading, writing, listening and speaking activities as in a traditional language class. Outside of class, students tour cultural sites and participate in various cultural activities.
Prerequisite: SPAN 18201.
Schedule Type: International Experience
Contact Hours: 1-4 other
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

SPAN 28201 INTERMEDIATE SPANISH I 3 Credit Hours
A continuation of the development of listening, speaking, reading and writing skills using a variety of material on the Spanish language in the context of Hispanic cultures.
Prerequisite: SPAN 18202.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: TAG Foreign Language

SPAN 28202 INTERMEDIATE SPANISH II 3 Credit Hours
A continuation of the development of listening, speaking, reading and writing skills using a variety of material on the Spanish language in the context of Hispanic cultures and specific areas of study like culture, business, justice, etc.
Prerequisite: SPAN 28201.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: TAG Foreign Language

SPAN 28489 INTERNATIONAL EXPERIENCE (DIVG) (ELR) 1-4 Credit Hours
(Repeatable for credit) This course is a faculty-led experience in a Spanish-speaking country that involves both in-class and out-of-class experiences. Students are placed into an appropriate level language course according to their Common European Framework of References for Language Proficiency (CEFR) score. During class, students study grammar, vocabulary and culture and engage in reading, writing, listening and speaking activities as in a traditional language class. Outside of class, students tour cultural sites and participate in various cultural activities.
Prerequisite: SPAN 18202.
Schedule Type: International Experience
Contact Hours: 1-4 other
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

SPAN 38211 SPANISH GRAMMAR AND COMPOSITION 3 Credit Hours
This course focuses on progressively increasing grammatical competence to communicate in writing through the development of skills to describe, narrate, expose and create arguments on general interest, and academic topics.
Prerequisite: SPAN 28202 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 38213 SPANISH READING AND CONVERSATION 3 Credit Hours
This course will provide continuous opportunities to practice Spanish based on selected non-literary and literary readings (such as poems, essays, short stories, theater, and short novels) and film. The readings and films cover diverse topics, such as art, politics, history, culture, and literature. We will concentrate on building vocabulary, reading skills, speaking and listening skills, reviewing important grammatical structures, and practicing the analysis of literature, culture, and current events.
Prerequisite: SPAN 28202 with a minimum C- grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 38215 SPANISH PHONETICS AND DICTION 3 Credit Hours
Study of the modern Spanish language sounds and practical application through extensive interactive listening and speaking activities addressing various Hispanic culture.
Prerequisite: SPAN 28202 with a minimum C grade.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 38231 TRANSLATION PRACTICE: SPANISH 1 Credit Hour
Translation practice with Spanish texts using principles and techniques learned in the lecture class. To be taken concurrently with TRST 30230.
Corequisite: TRST 30230.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

SPAN 38240 CONVERSATION FOR BUSINESS AND SPECIAL PURPOSES: SPANISH 3 Credit Hours
This course introduces students to concepts, specialized vocabulary, and social-, cultural- and economic- considerations when engaging in interactions with Spanish speakers in business and other professional settings. Some of the business topics include globalization, types of businesses and industries, organizational structures, leadership, management, personnel, banking and finance, accounting, economics, marketing and advertising, the business office, technology, ethics, and business laws. Topics in cross-cultural communication include etiquette and socio-pragmatic conventions, solidarity and deference, directness and indirectness, language variation, non-verbal communication, personalism, individualism, cultural priorities, management styles, establishing trust, and equality and equity in the workplace. While students will engage in background reading on the business and cultural topics, in this first of the two-course Business Spanish series, emphasis will be on developing interpersonal-, presentational- and interpretive communication skills mainly in the oral and aural modalities. Course materials, activities and assessments will be carried out within the framework of World-Readiness Standards for Learning Languages (National Standards Collaborative Board) and the "5 C's": Communication, Cultures, Connections, Comparisons and Communities.
Prerequisite: SPAN 28202.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 38291 SEMINAR IN SPANISH FOR THE PROFESSIONS 1-4 Credit Hours
(Repeatable for credit) A variable topics course designed to advance students' proficiency in Spanish in specialized areas such as business, communication, education, healthcare, hospitality, sciences, international relations, human services, advertising, journalism, technology and other fields in which there is currently a high demand for bilingual English-Spanish speakers. The class conforms to the World Readiness Standards for Learning Languages: communication, comparisons, cultures, connections and communities; and aims to increase students' competency across all these dimensions. Course focuses on oral and written communication.
Prerequisite: SPAN 28202.
Schedule Type: Seminar
Contact Hours: 1-4 other
Grade Mode: Standard Letter

SPAN 38303 MEDICAL SPANISH TRANSLATION AND INTERPRETING 3 Credit Hours
An introduction to medical translation and interpreting, also known as healthcare translation and interpreting. Sociolinguistic, legal, and pragmatic dimensions of translation, cross-cultural health literacy, intercultural competency, text analysis, common medical text types and basic terminology; text production in English of Spanish medical documents, strategies of research, documentation and transfer. The rudiments of interpreting in health care environments; protocol, ethics, and credentialing in the language mediation industry; public health policy as it affects Latino and Latina populations. Spanish-English, English-Spanish language combination. Note: translation refers to written texts; interpreting to spoken language.
Prerequisite: SPAN 28202.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 38330 EARLY SPANISH LITERATURE (ELR) (WIC) 3 Credit Hours
Outline of development, reading of representative works to 1700.
Prerequisite: SPAN 38211.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement, Writing Intensive Course

SPAN 38331 RECENT SPANISH LITERATURE (ELR) (WIC) 3 Credit Hours
Outline of development, reading of representative works 1700 present.
Prerequisite: SPAN 38211.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement, Writing Intensive Course

SPAN 38334 EARLY SPANISH-AMERICAN LITERATURE (ELR) (WIC) 3 Credit Hours
Outline of development, reading of representative works including indigenous literature, 1492-1882.
Prerequisite: SPAN 38211.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement, Writing Intensive Course

SPAN 38335 RECENT SPANISH-AMERICAN LITERATURE (ELR) (WIC) 3 Credit Hours
Outline of the development of modern Spanish-American literature (1882 to the present). Reading of representative works.
Prerequisite: SPAN 38211.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement, Writing Intensive Course

SPAN 38421 CIVILIZATION OF SPAIN 3 Credit Hours
General survey of evolution of Spanish civilization from antiquity to present day.
Prerequisite: SPAN 38211.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 38424 CULTURE AND CIVILIZATION OF LATIN AMERICA 3 Credit Hours
This course focuses on a study of the historical and cultural development of Latin America, with emphasis on Spanish America, as reflected in its geography, history, art, political and social institutions encompassing from Pre-Hispanic times to the present.
Prerequisite: SPAN 38211 or SPAN 38213.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 38489 INTERNATIONAL EXPERIENCE (DIVG) (ELR) 1-4 Credit Hours
(Repeatable for credit) This course is a faculty-led experience in a Spanish-speaking country that involves both in-class and out-of-class experiences. Students are placed into an appropriate level language course according to their Common European Framework of References for Language Proficiency (CEFR) score. During class, students study grammar, vocabulary and culture and engage in reading, writing, listening and speaking activities as in a traditional language class. Outside of class, students tour cultural sites and participate in various cultural activities.
Prerequisite: One Spanish (SPAN) upper-division course (30000 or 40000 level).
Schedule Type: International Experience
Contact Hours: 1-4 other
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

SPAN 38912 SPANISH LINGUISTICS: WORDS, ROOTS AND AFFIXES 3 Credit Hours
Through readings, lectures, multimedia, discourse analysis and language-production tasks, this course in Spanish morphology provides students with the tools to expand their vocabulary exponentially though the application of word-building rules and conventions. Students learn how to predict the form and meaning of Spanish words they have not yet encountered by applying derivational rules such as forming nouns and adjectives from verbs, adjectives from nouns and adverbs from adjectives and nouns. Additionally, students learn how Spanish uses prefixes and suffixes, for example, those that express negation, opposition, repetition, location, size, purpose or affect to alter a word's basic meaning, and how new words come into the Spanish language through processes like word coinage and lexical borrowing. Finally, students are introduced to the topic of lexical variation as it occurs over time, across regions and that resulting from language contact; social- and situational factors; technological innovation; and speakers' identity and preferences.
Prerequisite: SPAN 28201.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 48095 SELECTED TOPICS IN SPANISH 3 Credit Hours
(Repeatable for a maximum of 9 credit hours)Topic announced in Schedule of Classes.
Prerequisite: 9 hours above 20000-level of Spanish courses.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 48096 INDIVIDUAL INVESTIGATION 1-3 Credit Hours
(Repeatable for maximum of 6 credit hours) Individual research on a topic dealing with Spanish language or culture carried out under the supervision of a faculty member. The work for this course should result in a paper, presentation or some other appropriate gradable product(s).
Prerequisite: One Spanish (SPAN) upper-division (30000 or 40000 level) course with a minimum B grade; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 3-9 other
Grade Mode: Standard Letter

SPAN 48215 ADVANCED SPANISH COMPOSITION AND CONVERSATION 3 Credit Hours
This course focuses on descriptive, summary, narrative, expository and argumentative oral and written styles addressing topics dealing with diverse areas of Hispanic culture as presented through literary and nonfiction texts.
Prerequisite: SPAN 38211 and SPAN 38213; and one additional Spanish (SPAN) 30000-level course.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 48216 CONTEMPORARY HISPANIC CULTURE 3 Credit Hours
A study of selected sociological, political, cultural or economic issues in the contemporary Hispanic world.
Prerequisite: 6 hours from 30000-level Spanish courses.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 48230 ADVANCED TRANSLATION PRACTICE: SPANISH (ELR) (WIC) 3 Credit Hours
Theory and practice course that discusses translation theory and emphasizes Spanish-to-English translation of selected texts in business, technology, medicine and law.
Prerequisite: SPAN 38231.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement, Writing Intensive Course

SPAN 48240 BUSINESS AND SPECIAL TEXTS: SPANISH 3 Credit Hours
Survey of the typical text types of business in the Spanish culture and language. Practice sessions focus on reading and understanding specialized texts and on the translation and composition of selected special texts in Spanish.
Prerequisite: SPAN 38211.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 48291 SEMINAR IN GARCÍA LORCA 3 Credit Hours
(Slashed with SPAN 58291) (Repeatable for credit) This seminar is an in-depth interdisciplinary study of Federico García Lorca's literary works and their film adaptations in their socio-historical, artistic and cultural contexts. Thematic approaches to Lorca's works and person cover a variety of study topics such as political repression and social class, honor and desire, religion and taboo, homoerotism and gay identity, the subversion of women gender roles and sexuality in the patriarchal society, independently or along with others. Books, articles, documentaries and films situate Lorca's works within the historical, socio-political and cultural contexts that shaped Spain prior to the Civil War. Critical works provide the necessary framework for the analysis of the primary sources.
Prerequisite: SPAN 38211 and SPAN 38213.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

SPAN 48314 CINEMA AND CULTURE: SPANISH AMERICA TODAY 3 Credit Hours
(Slashed with SPAN 58314) This course explores contemporary Spanish America through Spanish-language feature films and authentic cultural texts. Topics include politics, education, religion, indigenous traditions, economic issues, music, art and family life. Each course unit examines one film and interviews, cultural notes and articles on the topic.
Prerequisite: SPAN 38211 or SPAN 38213 or SPAN 38331 or SPAN 38334 or SPAN 38335.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 48325 IDENTITY, POLITICS AND GENDER IN PUERTO RICAN FICTION 3 Credit Hours
(Slashed with SPAN 58325) This course focuses on critical analyses of a diverse corpus of literary pieces written by prominent Puerto Rican authors. It addresses the following topics: the jíbarao identity vis a vis the political and cultural practices of americanización (Americanization), the migratory waves from the countryside to San Juan and the United States, and constructs of gender and LGBTQ identity articulated in the literary discourse.
Prerequisite: SPAN 38421 or SPAN 38424.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 48376 CONTEMPORARY SPANISH-AMERICAN SHORT STORY 3 Credit Hours
The development of the Spanish-American short story from 1917 to the present.
Prerequisite: 6 hours from SPAN 38330 and SPAN 38331 and SPAN 38334 and SPAN 38335.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 48378 U.S. LATINA/O WRITERS 3 Credit Hours
The course focuses on a representative selection of literary pieces in Spanish by recent U.S. Latino writers developing oral and listening skills in Spanish and strengthening critical thinking on various cultural and literary matters.
Prerequisite: SPAN 38211 and SPAN 38213; and one of the following: SPAN 38330 or SPAN 38331 or SPAN 38334 or SPAN 38335.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 48391 SEMINAR IN DETECTIVE FICTION IN SPANISH 3 Credit Hours
(Slashed with SPAN 58391) (Repeatable for credit) Students read and view a selection of detective fiction texts and films. They become familiar with detective fiction theory and cultural and political issues, such as dictatorships, national movements, class, gender, and race issues.
Prerequisite: Two upper-division (30000 level and 40000 level) courses in Spanish.
Schedule Type: Lecture
Contact Hours: 3 lecture, 0 lab, 0 other
Grade Mode: Standard Letter

SPAN 48422 EARLY SPANISH-AMERICAN DISCOURSE 3 Credit Hours
This course provides a critical analysis of cultural and literary issues on texts dealing with early colonial Spanish-American expression.
Prerequisite: SPAN 38213 and SPAN 38334.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 48424 SPANISH-AMERICAN CULTURE THROUGH SONGS 3 Credit Hours
(Slashed with SPAN 58424) The main objective of this course is to critically analyze a selection of songs organized by topics that address major cultural trends, changes or movements in Spanish America and regions in the US known for their Latino presence. Classes consist of close analysis of lyrics, their musical arrangement and cultural representations connected to historical events and ethnic identities as discussed in supporting documents. Some activities involve face-to-face and LMS group discussions on topics like similarities and differences among Spanish-American countries, Spanish-American Indigenous nations, Hispanic/Latino in the US, family ties, the role of women, socio-political movements, customs and folklore, literature and art.
Prerequisite: SPAN 38211 or SPAN 38213.
Schedule Type: Lecture
Contact Hours: 3 lecture, 0 lab, 0 other
Grade Mode: Standard Letter

SPAN 48491 SEMINAR IN MODERN SPAIN 3 Credit Hours
(Slashed with SPAN 58491) In-depth study of modern Spain, including themes such as art, literature, film, history, politics, social movements, and other manifestations of modern Spain. Historical and political topics such as the Spanish transition to democracy, the post-transition disillusion, neoliberalism in Spain, Nationalisms of the periphery, and social movements like the "Indignados" or 15M may be covered. Artistic and cultural movements and genres such as "La movida Madrileña," the popular novel, and the detective novel and film noir may also be covered.
Prerequisite: Minimum C grade in three SPAN 30000-level (or higher) courses.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 48900 INTRODUCTION TO HISPANIC LINGUISTICS 3 Credit Hours
(Slashed with SPAN 58900) This course introduces students to the major areas and subareas of theoretical and applied linguistics with examples taken from varieties of the Spanish language. Students will learn how linguists describe and analyze the features and patterns of the Spanish language both in the abstract and within social, discursive contexts. Students will learn about the predominant methods for gathering and analyzing Spanish language data in the various fields and subfields of Hispanic linguistics.
Prerequisite: SPAN 38211 or SPAN 38215 or SPAN 38912.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 48991 SEMINAR IN HISPANIC LINGUISTICS 3 Credit Hours
(Repeatable for credit) (Slashed with SPAN 58991) In this course, students will learn about the patterns of Spanish language structure and usage as investigated by scholars in specific fields of linguistics. Students will critically examine theoretical frameworks and empirical studies that describe and analyze the Spanish language both in the abstract and as used in real-life communication by native- and non-native speakers of Spanish.
Prerequisite: Two courses from the following: SPAN 38211, SPAN 38213, SPAN 38215, SPAN 38912, SPAN 48215.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 58095 SELECTED TOPICS IN SPANISH 3 Credit Hours
(Repeatable for a maximum of 15 credit hours)Topic to be announced in semester schedule of classes.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 58216 CONTEMPORARY HISPANIC CULTURE 3 Credit Hours
A study of selected sociological, political, cultural or economic issues in the contemporary Hispanic world.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 58291 SEMINAR IN GARCÍA LORCA 3 Credit Hours
(Slashed with SPAN 48291) (Repeatable for credit) This seminar is an in-depth interdisciplinary study of Federico García Lorca's literary works and their film adaptations in their socio-historical, artistic and cultural contexts. Thematic approaches to Lorca's works and person cover a variety of study topics such as political repression and social class, honor and desire, religion and taboo, homoerotism and gay identity, the subversion of women gender roles and sexuality in the patriarchal society, independently or along with others. Books, articles, documentaries and films situate Lorca's works within the historical, socio-political and cultural contexts that shaped Spain prior to the Civil War. Critical works provide the necessary framework for the analysis of the primary sources.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

SPAN 58314 CINEMA AND CULTURE: SPANISH AMERICA TODAY 3 Credit Hours
(Slashed with SPAN 48314) This course explores contemporary Spanish America through Spanish-language feature films and authentic cultural texts. Topics include politics, education, religion, indigenous traditions, economic issues, music, art and family life. Each course unit examines one film and interviews, cultural notes and articles on the topic.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 58325 IDENTITY, POLITICS AND GENDER IN PUERTO RICAN FICTION 3 Credit Hours
(Slashed with SPAN 48325) This course focuses on critical analyses of a diverse corpus of literary pieces written by prominent Puerto Rican authors. It addresses the following topics: the jíbarao identity vis a vis the political and cultural practices of americanización (Americanization), the migratory waves from the countryside to San Juan and the United States, and constructs of gender and LGBTQ identity articulated in the literary discourse.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 58376 CONTEMPORARY SPANISH-AMERICAN SHORT STORY 3 Credit Hours
The development of the Spanish-American short story from 1917 to the present.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 58378 U.S. LATINA/O WRITERS 3 Credit Hours
The course focuses on a representative selection of literary pieces in Spanish by recent U.S. Latino writers developing oral and listening skills in Spanish and strengthening critical thinking on various cultural and literary matters.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 58391 SEMINAR IN DETECTIVE FICTION IN SPANISH 3 Credit Hours
(Slashed with SPAN 48391) (Repeatable for credit) Students read and view a selection of detective fiction texts and films. They become familiar with detective fiction theory and cultural and political issues, such as dictatorships, national movements, class, gender, and race issues.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture, 0 lab, 0 other
Grade Mode: Standard Letter

SPAN 58422 EARLY SPANISH-AMERICAN DISCOURSE 3 Credit Hours
This course provides a critical analysis of cultural and literary issues on texts dealing with early colonial Spanish-American expression.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 58424 SPANISH-AMERICAN CULTURE THROUGH SONGS (DIVG) 3 Credit Hours
(Slashed with SPAN 48424) The main objective of this course is to critically analyze a selection of songs organized by topics that address major cultural trends, changes or movements in Spanish America and regions in the US known for their Latino presence. Classes consist of close analysis of lyrics, their musical arrangement and cultural representations connected to historical events and ethnic identities as discussed in supporting documents. Prerequisite: Graduate Standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global

SPAN 58491 SEMINAR IN MODERN SPAIN 3 Credit Hours
(Slashed with SPAN 48491) In-depth study of late 20th and early 21st-century Spain, including themes such as art, literature, film, history, politics, social movements, and other manifestations of contemporary Spain. Historical and political topics such as the Spanish transition to democracy, the post-transition disillusion, neoliberalism in Spain, Nationalisms of the periphery, and social movements like the "Indignados" or 15M may be covered. Artistic and cultural movements and genres such as "La movida Madrileña," the popular novel, and the detective novel and film noir may also be covered.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 58900 INTRODUCTION TO HISPANIC LINGUISTICS 3 Credit Hours
(Slashed with SPAN 48900) This course introduces students to the major areas and subareas of theoretical and applied linguistics with examples taken from varieties of the Spanish language. Students will learn how linguists describe and analyze the features and patterns of the Spanish language both in the abstract and within social, discursive contexts. Students will learn about the predominant methods for gathering and analyzing Spanish language data in the various fields and subfields of Hispanic linguistics.
Prerequisite: Graduate Standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 58991 SEMINAR IN HISPANIC LINGUISTICS 3 Credit Hours
(Repeatable for credit) (Slashed with SPAN 48991) In this course students will learn about the patterns of Spanish language structure and usage as investigated by scholars in specific fields of linguistics. Students will critically examine theoretical frameworks and empirical studies that describe and analyze the Spanish language both in the abstract and as used in real-life communication by native- and non-native speakers of Spanish.
Prerequisite: Graduate Standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 68010 THE PRACTICE OF SPANISH TRANSLATION 2 Credit Hours
Students apply linguistic and communication science concepts to case studies of language mediation.
Prerequisite: Graduate standing.
Corequisite: TRST 60010.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

SPAN 68091 SEMINAR IN SPANISH TRANSLATION 3 Credit Hours
(Repeatable for credit) An in-depth exploration of methods and resources for specialized translation projects currently of concern in the translation industry across the Spanish-speaking world. Topics may focus on various sub-domains including law, finance, medicine, technology, cybersecurity, media translation, subtitling, etc.
Prerequisite: SPAN 68010 and TRST 60010; and graduate studies.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 68095 SELECTED TOPICS 3 Credit Hours
(Repeatable for credit)Selected topics on Spanish literature or linguistics.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 68098 RESEARCH 1-6 Credit Hours
(Repeatable for credit) Research or scholarly activity on a topic dealing with Spanish language, translation or culture carried out under the supervision of a faculty member. The work for this course should result in a paper, presentation or some other appropriate gradable product(s).
Prerequisite: Graduate standing; and special approval.
Schedule Type: Research
Contact Hours: 3-18 other
Grade Mode: Standard Letter

SPAN 68199 THESIS I 2-6 Credit Hours
Thesis students must register for a total of 6 hours, 2 to 6 hours in a single semester distributed over several semesters if desired.
Prerequisite: Graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPAN 68215 ADVANCED SPANISH COMPOSITION AND CONVERSATION 3 Credit Hours
Focuses on description, summary, narration, exposition and argumentation on topics dealing with diverse areas of Hispanic culture as presented through literary and non-fiction texts.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 68231 TRANSLATION INTO SPANISH 3 Credit Hours
Provides advanced intensive practice in the translation of a variety of texts into Spanish. Translation issues and appropriate strategies are identified. Also provides practice in the evaluation of translations, the identification of professional issues, and an advanced review of linguistic and grammatical aspects of Spanish as they apply to translation.
Class meetings are conducted in a workshop format based on weekly assignments of readings and translation exercises.
Prerequisite: TRST 60010 and SPAN 68010; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 68240 LITERARY AND CULTURAL TRANSLATION 3 Credit Hours
Translating documents from a variety of literary and cultural sources, including literature, expository and journalistic prose, scholarly treatises and essays. Translation into Spanish will also be emphasized.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 68250 COMMERCIAL, LEGAL AND DIPLOMATIC TRANSLATION 3 Credit Hours
An introduction to methods and resources for the translation of commercial, economic financial legal diplomatic and governmental documents.
Prerequisite: TRST 60010; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 68251 SCIENTIFIC, TECHNICAL AND MEDICAL TRANSLATION 3 Credit Hours
An introduction to methods and resources for the translation of scientific, technical, industrial and medical documents.
Prerequisite: TRST 60010; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAN 68299 THESIS II 2 Credit Hours
Thesis students must continue registration each semester until all degree requirements are met.
Prerequisite: SPAN 68199; and graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPAN 68979 CASE STUDY IN TRANSLATION 3 Credit Hours
Students will be responsible for a major translation and a terminology glossary as well as a critical analysis of the source text, the problems encountered during the translation process and the strategies used to solve them.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Satisfactory/Unsatisfactory

Special Education (SPED)

SPED 23000 INTRODUCTION TO EXCEPTIONALITIES (DIVD) 3 Credit Hours
Introduction to student exceptionalities, service delivery/placement options, and multidisciplinary team process. Focus on identification of characteristics definition and identification procedures of students with exceptionalities.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Domestic, TAG Education

SPED 24000 INCLUSIVE PRACTICES 3 Credit Hours
Overview of current special education issues as they relate to inclusive practices. Students gain an understanding of the challenges faced by exceptional students and analyze the responsibilities of educational professionals in addressing these challenges. Students develop a productive orientation toward effective instruction in inclusive settings through a study of legal, practical, professional and attitudinal issues relevant to inclusive education.
Prerequisite: SPED 23000.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 40093 WORKSHOP IN SPECIAL EDUCATION 1-5 Credit Hours
(Slashed with SPED 50093 and SPED 70093)(Repeatable for credit) Topics of special interest to students desiring to intensify their knowledge in particular areas. Presenters include Kent State University faculty and other institutions. Offered irregularly.
Prerequisite: None.
Schedule Type: Workshop
Contact Hours: 1-5 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPED 42030 ISSUES IN MODERATE-INTENSIVE DISABILITIES 3 Credit Hours
(Slashed with SPED 52030) Addresses a variety of topics relevant to the education of students with moderate to intensive (MDIN) educational needs, including contemporary issues, evidence-based interventions and the understanding and addressing of mental health issues in educational environments. Prepares pre-service MDIN teachers to understand challenges they are likely to encounter in the classroom, and connects them with local and national professional development resources to help address those challenges.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 42951 EARLY INTERVENTION IN NATURAL ENVIRONMENTS 3 Credit Hours
Course targets a broad array of early childhood professionals that comprise the field of early intervention from practitioners to future leaders in the field. Primary focus is on identifying natural opportunities for infants and toddlers to acquire and practice functional skills and behaviors. Recommended practice guidelines of the Division for Early Childhood indicate that interventions should be embedded and distributed within and across the routines, activities and places that are part of the child's daily experience. Course explores issues related to the various natural environments of the children in search of the routines, activities and places that offer the maximum learning and practice opportunities that are family-centered, developmentally and individually appropriate, culturally sensitive and least intrusive.
Prerequisite: Minimum 2.750 overall GPA; and sophomore or higher standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43010 FAMILY AND PROFESSIONAL COLLABORATION 3 Credit Hours
(Slashed with SPED 53010) This course provides knowledge and strategies for working with family members of exceptional individuals and members of related professions who provide services to them. Use of collaborative, interdisciplinary, and inter-agency models in special education.
Prerequisite: Admission to advanced study or the professional phase; and SPED 23000.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43021 ASSESSMENT FOR SPECIAL EDUCATION 3 Credit Hours
(Slashed with SPED 53021) Investigates issues and methods for assessing the academic, behavioral, physiological, mental health, and life skills of individuals with mild, moderate, and intensive disabilities. Interpretation of norm- and criterion formal assessments, creation of alternative assessments, modification of informal assessments, ecological and community-based assessments specific to individuals with low incidence and multiple disabilities.
Prerequisite: SPED 23000.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43022 INDIVIDUALIZED PROGRAMMING AND ASSESSMENT IN SPECIAL EDUCATION 3 Credit Hours
(Slashed with SPED 53022) Course provides students with the knowledge and skills to select appropriate screening and assessment tools for the purpose of determining eligibility for special education services. In addition, students learn how to administer, score and use assessment results to develop an individualized education program (IEP) for students identified with disabilities.
Prerequisite: Admission to advanced standing; and SPED 24000.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43030 APPLIED BEHAVIOR ANALYSIS I: THEORY AND TECHNIQUES 3 Credit Hours
(Slashed with SPED 53030) Theory and techniques associated with applied behavior analysis. Approaches for establishing, implementing, maintaining and monitoring skill development are emphasized. Procedures for assessing and modifying classroom environments/instructional techniques to enhance learning/behavior of individuals with disabilities, with specific emphasis on preventing, increasing positive and decreasing inappropriate behavior are introduced. 25 field hours.
Prerequisite: Admission to advanced study or the professional phase; and SPED 23000.
Schedule Type: Lecture, Practical Experience
Contact Hours: 2.5 lecture, 1.5 other
Grade Mode: Standard Letter

SPED 43031 APPLIED BEHAVIOR ANALYSIS II: APPLICATION 3 Credit Hours
Equips students with the skills necessary to integrate the technology of applied behavior analysis (as learned in SPED 43030, Applied Behavior Analysis I) with the analytical skills necessary to prevent, teach, manage and assess behavior. Specific behavioral interventions are presented. Includes 40 field hours.
Prerequisite: Admission to advanced study; and SPED 43030.
Schedule Type: Lecture, Practical Experience
Contact Hours: 2 lecture, 3 other
Grade Mode: Standard Letter

SPED 43040 LANGUAGE AND READING IN SPECIAL EDUCATION 3 Credit Hours
(Slashed with SPED 53040) Course focuses on instructional approaches to teaching reading and language arts to students with disabilities. Major emphasis throughout is on research-based techniques to improve student reading performance, focusing on the direct instruction approach to teaching reading. Students develop intervention strategies to adapt instructional techniques, materials and assessments to meet the needs of diverse learners with disabilities.
Prerequisite: Admission to advanced study; and SPED 23000.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43041 SUPPLEMENTAL AND INTENSIVE INSTRUCTION FOR MATHEMATICAL DIFFICULTIES 3 Credit Hours
This course provides students with the knowledge and skills to plan, deliver, and evaluate supplemental and intensive math instruction using research-based programs and practices. Data based individualization will be used to determine what and how to teach to promote mastery and understanding of critical math skills and concepts. Students learn effective strategies and instructional approaches for improving outcomes for students experiencing persistent difficulties learning math, including students with disabilities.
Prerequisite: Admission to advanced study.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43042 INTENSIVE READING INTERVENTIONS AND PHONICS 3 Credit Hours
(Slashed with SPED 53042) Prepares students to provide high-quality evidence-based reading instruction to children with significant reading difficulties, including those with and without disabilities. Students will learn how to diagnose specific reading strengths and difficulties, select appropriate evidence-based interventions based on data and provide intensive interventions consistent with the science of reading. Students will learn foundational and advanced concepts in phonics necessary to teach children with dyslexia, learning disabilities, autism and other disabilities that impact reading development.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43050 CHARACTERISTICS OF STUDENTS WITH MILD/MODERATE INTERVENTION NEEDS 3 Credit Hours
Definitions, causes and characteristics, and social and educational implications of learning, developmental and emotional/behavioral disorders of students identified with mild/moderate disabilities. Methods of assessment and interventions, current issues.
Prerequisite: SPED 23000.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43051 CHARACTERISTICS OF STUDENTS WITH MODERATE/INTENSIVE INTERVENTION NEEDS 3 Credit Hours
Overview of specific facets and causes of severe disabilities, physical/psychological aspects, family societal responses political trends etiology and medical implications educational and vocational programming assessment and treatment planning assistive technology.
Prerequisite: SPED 23000.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43062 CURRICULUM METHODS MILD/MODERATE INTERVENTION 3 Credit Hours
(Slashed with SPED 53062) Effective methods for teaching students with mild to moderate disabilities. Research-based practices for individualizing the general education curriculum. Emphasis on specially designed instruction, collaboration, and team-based problem solving.
Prerequisite: Admission to advanced study or the professional phase; and SPED 24000.
Corequisite: SPED 44092.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43063 CURRICULUM METHODS MODERATE/INTENSIVE INTERVENTION 3 Credit Hours
(Slashed with SPED 53063) Delivery and adaptation of evidence based practices for students with moderate to intensive educational needs. An emphasis is placed on instruction of functional academic and life skills within naturalistic contexts.
Prerequisite: Admission to advanced study or the professional phase.
Corequisite: SPED 44192.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43070 PLANNING AND PROGRAMMING FOR TRANSITIONS 3 Credit Hours
This course discusses transitions that occur throughout the lifespan for individuals with and without disabilities, and the planning, support development and services available to successfully accomplish them. Introduction to community agencies and adult services.
Prerequisite: SPED 43050 or SPED 43051.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43080 ASSISTIVE TECHNOLOGY FOR STUDENTS WITH DISABILITIES 3 Credit Hours
(Slashed with SPED 53080) Examines the application of high and low technology assistive devices for students with intensive intervention needs. Analysis of technology needs; selection/development of technology; training/evaluation of technology use by students.
Prerequisite: Admission to advanced study or professional phase; and SPED 43050 or SPED 43051.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43306 FUNDAMENTALS OF AUDIOLOGY FOR STUDENTS WITH HEARING LOSS 3 Credit Hours
(Slashed with SPED 53306) This course focuses on providing non-audiology majors, specifically deaf education, educational interpreting, and ASL majors, with knowledge to support and serve children with a variety of hearing disorders in the educational setting.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43307 LISTENING, LANGUAGE AND PHONEMIC DEVELOPMENT FOR INDIVIDUALS WITH HEARING LOSS 3 Credit Hours
(Slashed with SPED 53307) This class focuses on listening, language and phonemic development for individuals with hearing loss. Specific areas will focus on typical language development and the impacts of hearing loss on language development in receptive, expressive, semantic, phonological, social, morphological and syntactical domains with an emphasis on reading and written language. The Auditory-Visual continuum, SCALES, along with strategies for zone of development will be focused on with auditory development strategies.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43309 INTRODUCTION TO DEAF STUDIES (ELR) (WIC) 3 Credit Hours
(Cross-listed with ASL 49309) (Slashed with SPED 53309) Introductory survey course designed to provide informational base and understanding of the unique experiences of Deaf people as a cultural minority. Course includes a discussion of the history of deaf education, etiology and prevalence data, service delivery systems, the process of diagnosis and discovery of hearing loss, issues associated with assessment and the various communication systems used by deaf individuals. Specifically, topics discussed include historical, medical and cultural perspectives regarding the interactions between Deaf and hearing cultural groups and the resulting impact on social, academic-educational and vocational experiences of deaf children, adults and their families.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement, Writing Intensive Course

SPED 43310 LANGUAGE DEVELOPMENT FOR DEAF AND HARD-OF-HEARING STUDENTS 3 Credit Hours
(Slashed with SPED 53310) Reviews research, theories and theorists in the field of language development for hearing and deaf children; develops awareness of language differences commonly demonstrated by deaf and hard-of hearing children; demonstrates ways to assess linguistic differences and facilitate instruction. Six topic areas include theories of language development (review), language and cognition, normal language acquisition in signed and spoken languages, child-caregiver interaction, language learning in a bilingual setting and language assessment. Students gain foundational understanding of language development and awareness of classroom applications for this knowledge. Deaf Education majors must achieve a minimum grade of B (3.000) in SPED 43309 before registering for this course.
Prerequisite: Admission to advanced study; and SPED 43309; and ASL 19202; and special education major or ASL english interpreting major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43311 INSTRUCTION OF DEAF/HARD-OF-HEARING STUDENTS WITH SPECIAL NEEDS 3 Credit Hours
IEP and transition planning strategies and program content for deaf/hard-of-hearing students w/ADHD, BD, DD, VI, DB, LD, CMI, TBI, chronically health impaired/medically fragile, gifted. Curriculum and lesson development and adaptation for impacted areas.
Prerequisite: Admission to advaned study; and SPED 43313 with a minimum B grade.
Corequisite: SPED 43392.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43313 LITERACY ASSESSMENT AND INTERVENTION FOR DEAF/HARD-OF-HEARING STUDENTS 6 Credit Hours
(Slashed with SPED 53313) Theoretical overview of integrated linguistics curriculum and reading theories. Strategies to address DHH difficulties and barriers, instructional planning and materials design, and ongoing assessment strategies. Course includes a practicum placement.
Prerequisite: Admission to advanced study; and SPED 43310 with a minimum B grade; and CI 47504 or ECED 40402.
Pre/corequisite: ASL 29202.
Corequisite: SPED 43392.
Schedule Type: Lecture
Contact Hours: 6 lecture
Grade Mode: Standard Letter

SPED 43324 CURRICULUM METHODS AND MATERIALS FOR DEAF/HARD-OF-HEARING STUDENTS 3 Credit Hours
Designed to provide students with basic knowledge and skills needed to effectively design and implement instruction for deaf and hard-of-hearing students. Conducted through a combination of lectures, discussions, demonstrations and group activities. Upon successful completion, students possess foundational understanding of how to design and implement lessons and curriculum with students who are deaf and hard of hearing.
Prerequisite: Admission to advanced study; and SPED 43313 with a minimum C grade; and CI 47501 and CI 47502.
Corequisite: SPED 43392.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43392 PRACTICUM: DEAF EDUCATION (ELR) 1-3 Credit Hours
(Repeatable for a maximum of 3 credit hours) This classroom and field-based experience is designed to provide pre-service deaf education teachers with the opportunity to develop professional-level skills in working with deaf and hard-of-hearing (DHH) students. The field component will provide experience in working with DHH students with diverse needs, disabilities and ethnic-cultural backgrounds. The class will address appropriate lesson planning and implementation. Students will spend a minimum of 50 hours in the educational setting (a classroom/educational environment) working with at least one student with hearing loss.
Prerequisite: Deaf education concentration in the special education major.
Schedule Type: Practical Experience
Contact Hours: 3.33-10 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

SPED 43950 CURRICULUM AND INTERVENTION IN EARLY CHILDHOOD SERVICES 3 Credit Hours
(Slashed with SPED 53950 and SPED 73950) Knowledge about early childhood intervention (ECI) curriculum and intervention. Students will first learn about what evidence-based practice is, and the curriculum models for home-based and center-based settings. Students will then learn about the ECI multi-tiered systems of support framework, and the different characteristics and intervention strategies across tiers. At the end of the course, students will be ready to support the diverse needs of young children using the multi-tiered system of support in early childhood settings.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43953 FAMILY PROFESSIONAL COLLABORATION IN EARLY CHILDHOOD 3 Credit Hours
The course is specifically designed to examine issues facing families and professionals serving young children with disabilities and those who are at-risk. This course will provide students with theory, general principles, and procedures for fostering partnerships among families, professionals, students, and other stakeholders that lead to outcomes of individual and mutual empowerment.
Prerequisite: Minimum 2.750 overall GPA; and sophomore or higher standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43954 PRACTICAL APPLICATION: TEAMING 3 Credit Hours
The purpose of this course is to help students understand and apply the principles of effective collaborative teaming as related to their professional roles and responsibilities in a variety of educational settings serving young children with disabilities. A range of topics will be addressed throughout the course, including team models, consultation, reflective practices, effective meetings, conflict resolution and communication skills and coaching.
Prerequisite: Minimum 2.750 overall GPA; and sophomore or higher standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43955 TYPICAL AND ATYPICAL DEVELOPMENT IN YOUNG CHILDREN 3 Credit Hours
This course provides an overview of typical and atypical development in young children from birth through age eight, both at the pre-natal and peri-natal levels. Traditional and modern theories of development are discussed within an ecological framework, with an emphasis on brain research, risk factors, culture, and the implications of atypical development as it relates to play and learning. Emphasis on the interrelatedness of development as well as the sequences of development (pedagogical, developmental and logical) is explored.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43958 FOUNDATIONS IN EARLY CHILDHOOD SERVICES 3 Credit Hours
This course is designed to provide an overview of topics and issues in regard to young children with disabilities within the context of family and current society. This course is a foundational course relevant to early childhood intervention (ECI) professionals from a variety of fields, and includes the current practices in serving young children and their families. All the information provided is interdisciplinary, inclusive and family-focused by nature. The core principles of the Individuals with Disabilities Education Improvement Act (IDEIA) will be reviewed with specific emphasis on Part B 619 and Part C provisions.
Prerequisite: Minimum 2.750 overall GPA; and sophomore or higher standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43964 ASSESSMENT AND EVALUATION IN EARLY INTERVENTION AND EARLY CHILDHOOD SPECIAL EDUCATION 3 Credit Hours
This course provides an overview of assessment and evaluation in early childhood services. We will examine a range of systems for comparing and observing early childhood services, practices, for young children and families including: screening, eligibility, programmatic assessment, performance monitoring, program evaluation, and accountability. The theoretical concepts of assessment and program evaluation in early childhood services will be investigated in this course, and there will also be opportunities for you to apply this knowledge of assessment instruments, curriculum and instructional strategies and program evaluation methods to intervention settings. Issues and trends related to assessing young children with disabilities (e.g., assessing family outcomes, cultural and linguistic differences) will also be discussed.
Prerequisite: Minimum 2.750 overall GPA; and sophomore or higher standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 43991 SEMINAR IN SPECIAL EDUCATION 1-3 Credit Hours
(Repeatable for credit)Undergraduate seminar in special education; varied topics.
Prerequisite: Admission to advanced study.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter

SPED 43995 SPECIAL TOPICS IN SPECIAL EDUCATION 1-4 Credit Hours
(Repeatable for credit) Selected topics intended to encourage interdisciplinary study to cover areas not treated adequately in traditional coursework and to make available promptly the new and significant experience of faculty within Special Education.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-4 lecture
Grade Mode: Standard Letter

SPED 43996 INDIVIDUAL INVESTIGATION IN SPECIAL EDUCATION 1-3 Credit Hours
(Repeatable for credit) Student-initiated experience to pursue an area of interest not covered by a regular course offering, with the guidance of a Special Education faculty member.
Prerequisite: Special approval.
Schedule Type: Individual Investigation
Contact Hours: 3-9 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPED 44020 MEDICAL ASPECTS OF AUTISM SPECTRUM DISORDERS 3 Credit Hours
(Cross-listed with SPA 44020) Description of medical issues facing individuals with autism spectrum disorders (ASD) and their families. Examination of etiology, co-occurring disabilities and disorders, and treatment options in relation to individuals with ASD.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 44092 FIELD EXPERIENCE 1 FOR INTERVENTION SPECIALISTS (ELR) 3 Credit Hours
(Repeatable for credit) This course is designed to introduce the teacher candidates to the Intervention Specialist Profession. Students will be placed to a setting where they are expected to work with an intervention specialist. Students will also attend a seminar that includes assignments in conjunction with the field activities. Teacher candidates will be evaluated in personal conduct, communication skills, instructional design and methods, and impact on student learning aligned with DEC/CEC standards.
Prerequisite: Special Education major; and 2.75 overall GPA.
Schedule Type: Practical Experience
Contact Hours: 9 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

SPED 44192 FIELD EXPERIENCE 2 FOR INTERVENTION SPECIALISTS (ELR) 3 Credit Hours
(Repeatable for credit) This course is designed to introduce the teacher candidates to the Intervention Specialist Profession. Students will be placed to a setting where they are expected to work with an intervention specialist. Students will also attend a seminar that includes assignments in conjunction with the field activities. Teacher candidates will be evaluated in personal conduct, communication skills, instructional design and methods, and impact on student learning aligned with DEC/CEC standards.
Prerequisite: SPED 44092; and admission to advanced study or the professional phase.
Schedule Type: Practical Experience
Contact Hours: 9 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

SPED 44309 AUTISM SPECTRUM DISORDERS: THEORY AND DIAGNOSIS 3 Credit Hours
(Slashed with SPA 54309, SPA 74309 and SPED 54309) Provides an overview of Autism Spectrum Disorders (ASD). Examines the history, characteristics, and prevalence of ASD. Assessment and intervention models are explored as they relate to various theoretical models for understanding ASD.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 44492 STUDENT TEACHING IN SPECIAL EDUCATION (ELR) 4-9 Credit Hours
Provides opportunity to demonstrate skills in teaching. Students placed in education-based settings; assume total teaching responsibilities of students with exceptionalities for 480 clock hours under the supervision of the school-based mentor teacher and the university supervisor. Students are required to complete Bureau of Criminal Investigation and Identification (BCII) and Federal Bureau of Investigation (FBI) background checks and submit the results to authorized personnel at their assigned school-agency before the first day of the semester in which student teaching internship will take place.
Prerequisite: Admission to advanced study.
Corequisite: SPED 49525.
Schedule Type: Practical Experience
Contact Hours: 17-35 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

SPED 44951 CREATING LEGALLY DEFENSIBLE INDIVIDUAL FAMILY SERVICE PLANS AND INDIVIDUALIZED EDUCATION PROGRAMS (WIC) 3 Credit Hours
In this course, students will become familiar with the federal law and state rules as well as recommended practices governing IFSP and IEP development. Students will use this knowledge to competently develop and prepare to implement IFSP outcomes and strategies, and or IEP goals, objectives and benchmarks through the identification of appropriate strategies as well as related supports and services. Family-centered, strengths-based planning and collaboration within the teaming approach will be emphasized. Students will learn about the process of facilitating the development, implementation, and monitoring of the IFSP and IEP as well as learn about the products of this process.
Prerequisite: Minimum 2.750 overall GPA; SPED 43021; and admission to advanced study.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

SPED 45089 VARIABLE TOPIC INTERNATIONAL EXPERIENCE IN SPECIAL EDUCATION (DIVG) (ELR) 1-4 Credit Hours
(Repeatable for credit) (Slashed with SPED 55089 and SPED 75089) A faculty-led study abroad experience that integrates traditional classroom learning with experiential activities and site visits outside the United States. International experience courses may have pre- and post-travel classroom study. Course activities may include, but are not limited to, classroom study, research, field work, internships and service learning.
Prerequisite: None.
Schedule Type: International Experience
Contact Hours: 1-4 other
Grade Mode: Standard Letter-IP
Attributes: Diversity Global, Experiential Learning Requirement

SPED 45090 VARIABLE TOPIC STUDY AWAY EXPERIENCE IN SPECIAL EDUCATION (ELR) 1-4 Credit Hours
(Slashed with SPED 55090 and SPED 75090) A faculty-led study out-of-classroom experience that integrates traditional classroom learning with experiential activities and site visits within the United States. Study away courses may have pre- and post-travel classroom study. Course activities may include, but are not limited to, classroom study, research, field work, internships and service learning.
Prerequisite: None.
Schedule Type: Study Away
Contact Hours: 1-4 other
Grade Mode: Standard Letter-IP
Attributes: Experiential Learning Requirement

SPED 48880 DEAF EDUCATION TEACHING LABORATORY 1-3 Credit Hours
(Repeatable for credit) The purpose of the “teaching lab” is to provide pre-service teachers with the opportunity to develop their teaching skills prior to student teaching experiences, and to be more effective in their practicum placements. This is accomplished through the planning, teaching, and reflection of mock lessons. Through the “teaching lab” experience, pre-service deaf education teachers will have the opportunity to develop professional-level skills necessary for working with deaf and hard-of-hearing (DHH) students, along with self-reflection and giving and/or receiving feedback. Participating faculty members will observe and assess pre-service teachers as they develop their teaching skills and understanding of what it means to be a professional in the field.
Prerequisite: Enrollment in advanced study.
Schedule Type: Laboratory
Contact Hours: 2-6 lab
Grade Mode: Satisfactory/Unsatisfactory

SPED 49525 INQUIRY SEMINAR INTO PROFESSIONAL PRACTICE 3 Credit Hours
Focus on effective, ethical and responsible implication of professional practice. Provides vehicle to articulate and demonstrate professional competencies, commitment and ethical decision making for providing services to students.
Prerequisite: Admission to advanced study.
Corequisite: SPED 44492.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

SPED 50093 VARIABLE TITLE WORKSHOP IN SPECIAL EDUCATION 1-5 Credit Hours
(Slashed with SPED 40093 and 70093)(Repeatable for credit) Topics of special interest to students desiring to intensify their knowledge in particular areas. Presenters include Kent State University and other institution faculty. Offered irregularly.
Prerequisite: Graduate standing.
Schedule Type: Workshop
Contact Hours: 1-5 other
Grade Mode: Satisfactory/Unsatisfactory

SPED 52030 ISSUES IN MODERATE-INTENSIVE DISABILITIES 3 Credit Hours
(Slashed with SPED 42030) Addresses a variety of topics relevant to the education of students with moderate to intensive (MDIN) educational needs, including contemporary issues, evidence-based interventions and the understanding and addressing of mental health issues in educational environments. Prepares pre-service MDIN teachers to understand challenges they are likely to encounter in the classroom, and connects them with local and national professional development resources to help address those challenges.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53010 FAMILY AND PROFESSIONAL COLLABORATION 3 Credit Hours
(Slashed with SPED 43010) This course provides knowledge and strategies for working with family members of exceptional individuals and members of related professions who provide services to them. Use of collaborative, interdisciplinary, and inter-agency models in special education.
Prerequisite: SPED 23000; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53021 ASSESSMENT FOR SPECIAL EDUCATION 3 Credit Hours
(Slashed with SPED 43021) Investigates issues and methods for assessing the academic, behavioral, physiological, mental health, and life skills of individuals with mild, moderate, and intensive disabilities. Interpretation of norm- and criterion formal assessments, creation of alternative assessments, modification of informal assessments, ecological and community-based assessments specific to individuals with low incidence and multiple disabilities.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53022 INDIVIDUALIZED PROGRAMMING AND ASSESSMENT IN SPECIAL EDUCATION 3 Credit Hours
(Slashed with SPED 43022) Course provides students with the knowledge and skills to select appropriate screening and assessment tools for the purpose of determining eligibility for special education services. In addition, students learn how to administer, score and use assessment results to develop an Individualized Education Program (IEP) for students identified with disabilities.
Prerequisite: SPED 24000; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53030 APPLIED BEHAVIOR ANALYSIS I: THEORY AND TECHNIQUES 3 Credit Hours
(Slashed with SPED 43030) Theory and techniques associated with applied behavior analysis. Approaches for establishing, implementing, maintaining and monitoring skill development are emphasized. Procedures for assessing and modifying classroom environments/ instructional techniques to enhance learning/behavior of individuals with disabilities, with specific emphasis on preventing, increasing positive and decreasing inappropriate behavior are introduced. 25 field hours.
Prerequisite: Graduate standing.
Schedule Type: Lecture, Practical Experience
Contact Hours: 2.5 lecture, 1.5 other
Grade Mode: Standard Letter

SPED 53031 APPLIED BEHAVIOR ANALYSIS II: APPLICATION 3 Credit Hours
Equips students with the skills necessary to integrate the technology of applied behavior analysis (as learned in SPED 43030, Applied Behavior Analysis I) with the analytical skills necessary to prevent, teach, manage and assess behavior. Specific behavioral interventions are presented. Includes 40 field hours.
Prerequisite: SPED 53030; and graduate standing.
Schedule Type: Lecture, Practical Experience
Contact Hours: 2 lecture, 3 other
Grade Mode: Standard Letter

SPED 53040 LANGUAGE AND READING IN SPECIAL EDUCATION 3 Credit Hours
(Slashed with SPED 43040) This course focuses on instructional approaches to teaching language and reading to students with disabilities. The major emphasis throughout the course will be on research based techniques to improve student reading performance, focusing on the direct instruction approach to teaching reading. The course will also include intervention strategies to adapt instructional techniques, materials and assessments to meet the needs of diverse learners with disabilities.
Prerequisite: SPED 23000; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53041 SUPPLEMENTAL AND INTENSIVE INSTRUCTION FOR MATHEMATICAL DIFFICULTIES 3 Credit Hours
(Slashed with SPED 43041) This course provides students with the knowledge and skills to plan, deliver, and evaluate supplemental and intensive math instruction using research-based programs and practices. Data based individualization will be used to determine what and how to teach to promote mastery and understanding of critical math skills and concepts. Students learn effective strategies and instructional approaches for improving outcomes for students experiencing persistent difficulties learning math, including students with disabilities.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53042 INTENSIVE READING INTERVENTIONS AND PHONICS 3 Credit Hours
(Slashed with SPED 43042) This course prepares students to provide high-quality evidence-based reading instruction to children with significant reading difficulties, including those with and without disabilities. Students will learn how to diagnose specific reading strengths and difficulties, select appropriate evidence-based interventions based on data, and provide intensive interventions consistent with the science of reading. Students will learn foundational and advanced concepts in phonics necessary to teach children with dyslexia, learning disabilities, autism, and other disabilities that impact reading development.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53050 CHARACTERISTICS OF STUDENTS WITH MILD/ MODERATE INTERVENTION NEEDS 3 Credit Hours
Definitions, causes, characteristics; social, educational implications of learning developmental and emotional behavioral disorders of students identified with mild/moderate disabilities. Methods of assessment and interventions; current issues.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53051 CHARACTERISTICS OF STUDENTS WITH MODERATE/ INTENSIVE INTERVENTION NEEDS 3 Credit Hours
Overview of specific facets and causes of severe disabilities, physical/ psychological aspects family/societal responses, political trends, etiology and medical implications, educational and vocational programming, assessment and treatment planning, assistive technology.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53062 CURRICULUM METHODS MILD/MODERATE INTERVENTION 3 Credit Hours
(Slashed with SPED 43062) Effective methods for teaching students with mild to moderate disabilities. Research-based practices for individualizing the general education curriculum. Emphasis on specially designed instruction, collaboration, and team-based problem solving.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53063 CURRICULUM METHODS MODERATE/INTENSIVE INTERVENTION 3 Credit Hours
(Slashed with SPED 43063) Delivery and adaptation of evidence based practices for students with moderate to intensive educational needs. An emphasis is placed on instruction of functional academic and life skills within naturalistic contexts.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53070 PLANNING AND PROGRAMMING FOR TRANSITIONS 3 Credit Hours
This course addresses life-span community participation and the planning, support, development, and services available to accomplish it. Introduction to community agencies and adult services. 10 clinical 15 field hours.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53080 ASSISTIVE TECHNOLOGY FOR STUDENTS WITH DISABILITIES 3 Credit Hours
Examines the application of high and low technology assistive devices for students with intensive intervention needs. Analysis of technology needs; selection/development of technology; training/evaluation of technology use by students.
Prerequisite: SPED 53050 or SPED 53051; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53101 DEAF CULTURE AND COMMUNITY 3 Credit Hours
(Slashed with ASL 49401) Exploration of historical events and figures from deaf community perspective. Life experiences of "typical" deaf individuals as minority culture representatives interacting with majority culture institutions and processes as depicted in narrative storytelling and folklore.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53108 AMERICAN SIGN LANGUAGE LINGUISTICS AND USAGE 3 Credit Hours
(Cross-listed with ASL 49108) Analytical study of American Sign Language syntactic, semantic, morphology and pragmatics; comparison of spoken languages and ASL using the Stokoe system, impact of educational-setting characteristics on linguistic processes.
Prerequisite: SPED 4/53100; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53306 FUNDAMENTALS OF AUDIOLOGY FOR STUDENTS WITH HEARING LOSS 3 Credit Hours
(Slashed with SPED 43306) This course focuses on providing non-audiology majors, specifically deaf education, educational interpreting, and ASL majors, with knowledge to support and serve children with a variety of hearing disorders in the educational setting.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53307 LISTENING, LANGUAGE AND PHONEMIC DEVELOPMENT FOR INDIVIDUALS WITH HEARING LOSS 3 Credit Hours
(Slashed with SPED 43307) This class focuses on listening, language and phonemic development for individuals with hearing loss. Specific areas will focus on typical language development and the impacts of hearing loss on language development in receptive, expressive, semantic, phonological, social, morphological and syntactical domains with an emphasis on reading and written language. The Auditory-Visual continuum, SCALES, along with strategies for zone of development will be focused on with auditory development strategies.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53309 INTRODUCTION TO DEAF STUDIES 3 Credit Hours
(Slashed with ASL 49309 and SPED 43309) Introductory survey course designed to provide informational base and understanding of the unique experiences of Deaf people as a cultural minority. Course includes a discussion of the history of deaf education, etiology and prevalence data, service delivery systems, the process of diagnosis and discovery of hearing loss, issues associated with assessment and the various communication systems used by deaf individuals. Specifically, topics discussed include historical, medical and cultural perspectives regarding the interactions between Deaf and hearing cultural groups and the resulting impact on social, academic-educational and vocational experiences of deaf children, adults and their families.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53310 LANGUAGE DEVELOPMENT FOR DEAF AND HARD-OF-HEARING STUDENTS 3 Credit Hours
Reviews research, theories and theorists in the field of language development for hearing and deaf children; develops awareness of language differences commonly demonstrated by deaf and hard-of hearing children; demonstrates ways to assess linguistic differences and facilitate instruction. Six topic areas include theories of language development (review), language and cognition, normal language acquisition in signed and spoken languages, child-caregiver interaction, language learning in a bilingual setting and language assessment. Students gain foundational understanding of language development and awareness of classroom applications for this knowledge. Deaf Education majors must achieve a minimum grade of B (3.000) in SPED 53309 before registering for this course.
Prerequisite: SPED 53309 and ASL 19202; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53311 INSTRUCTION OF DEAF/HARD-OF-HEARING STUDENTS WITH SPECIAL NEEDS 3 Credit Hours
IEP and transition planning strategies and program content for deaf/hard-of-hearing students with ADHD, BD, DD,VI,DB, LD, CMI, TBI, chronically health impaired/medically fragile, gifted. Curriculum and lesson development and adaptation for impacted areas.
Prerequisite: SPED 53313 with a minimum B grade; and graduate standing.
Corequisite: SPED 63392.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53313 LITERACY ASSESSMENT AND INTERVENTION FOR DEAF/HARD-OF-HEARING STUDENTS 6 Credit Hours
Theoretical overview of integrated linguistics curriculum and reading theories. Strategies to address DHH difficulties and barriers, instructional planning and materials design, and ongoing assessment strategies. Course includes a practicum placement.
Prerequisite: SPED 53310 with a minimum B grade; and CI 67310 or CI 57504; and graduate standing.
Pre/corequisite: ASL 29202 and SPED 63392.
Schedule Type: Lecture
Contact Hours: 6 lecture
Grade Mode: Standard Letter

SPED 53316 EARLY CHILDHOOD DEAF EDUCATION: FAMILY AND CHILD SERVICE PROVISION 3 Credit Hours
Targets the issues and needs of young deaf/hard-of-hearing children and their families. Topics covered relate to service provision in the home and classroom for deaf/hard-of-hearing children from birth to 5 years of age. Includes 30 hours of work in a practicum placement with a young D/HH child and his/her family.
Prerequisite: SPED 4/53310; ASL 29202 or sign language proficiency interview (SLPI) at intermediate or above; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53324 CURRICULUM METHODS AND MATERIALS FOR DEAF/HARD OF HEARING STUDENTS 3 Credit Hours
Designed to provide students with basic knowledge and skills needed to effectively design and implement instruction for deaf and hard-of-hearing students. Conducted through a combination of lectures, discussions, demonstrations and group activities. Upon successful completion, students possess foundational understanding of how to design and implement lessons and curriculum with students who are deaf and hard of hearing.
Prerequisite: SPED 53313 with a minimum B grade; and CI 57501 and CI 57502; and graduate standing.
Corequisite: SPED 63392.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53534 SOCIAL/EMOTIONAL COMPONENTS OF GIFTEDNESS 3 Credit Hours
Affective growth of gifted persons is reviewed through research literature and analysis of case studies. Reviews adjustment problems of gifted youth and adults.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 53950 CURRICULUM AND INTERVENTION IN EARLY CHILDHOOD SERVICES 3 Credit Hours
(Slashed with SPED 43950 and 73950) Knowledge about early childhood intervention (ECI) curriculum and intervention. Students will first learn about what evidence-based practice is, and the curriculum models for home-based and center-based settings. Students will then learn about the ECI multi-tiered systems of support framework, and the different characteristics and intervention strategies across tiers. At the end of the course, students will be ready to support the diverse needs of young children using the multi-tiered system of support in early childhood settings.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 54030 AUTISM SPECTRUM DISORDERS OVER THE LIFESPAN 3 Credit Hours
(Cross-listed with SPA 54030) (Slashed with SPA 44030 and SPA 74030) Provides students with a review of the significant aspects related to educational, social, vocational transitions for children, adolescents, and young adults with Autism Spectrum Disorders (ASD). Students learn skills necessary to evaluate and develop programs designed to meet the changing and long term needs of individuals with ASD.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 54309 AUTISM SPECTRUM DISORDERS: THEORY AND DIAGNOSIS 3 Credit Hours
(Cross-listed with SPA 54309) (Slashed with SPA 74309 and SPED 44309) Provides an overview of Autism Spectrum Disorders (ASD). Examines the history, characteristics, and prevalence of ASD. Assessment and intervention models are explored as they relate to various theoretical models for understanding ASD.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 55089 VARIABLE TOPIC INTERNATIONAL EXPERIENCE IN SPECIAL EDUCATION 1-4 Credit Hours
(Slashed with SPED 45089 and SPED 75089) A faculty-led study abroad experience that integrates traditional classroom learning with experiential activities and site visits outside the United States. International experience courses may have pre- and post-travel classroom study. Course activities may include, but are not limited to, classroom study, research, field work, internships and service learning.
Prerequisite: Graduate standing.
Schedule Type: International Experience
Contact Hours: 1-4 other
Grade Mode: Standard Letter-IP

SPED 55090 VARIABLE TOPIC STUDY AWAY EXPERIENCE IN SPECIAL EDUCATION 1-4 Credit Hours
(Slashed with SPED 45090 and SPED 75090) A faculty-led study out-of-classroom experience that integrates traditional classroom learning with experiential activities and site visits within the United States. Study away courses may have pre- and post-travel classroom study. Course activities may include, but are not limited to, classroom study, research, field work, internships and service learning.
Prerequisite: Graduate standing.
Schedule Type: Study Away
Contact Hours: 1-4 other
Grade Mode: Standard Letter-IP

SPED 58880 DEAF EDUCATION TEACHING LABORATORY 1-3 Credit Hours
(Repeatable for credit) (Slashed with SPED 48880) The purpose of the "teaching lab" is to provide pre-service teachers with the opportunity to develop their teaching skills prior to student teaching experiences, and to be more effective in their practicum placements. This is accomplished through the planning, teaching, and reflection of mock lessons. Through the "teaching lab" experience, pre-service deaf education teachers will have the opportunity to develop professional-level skills necessary for working with deaf and hard-of-hearing (DHH) students, along with self-reflection and giving and/or receiving feedback. Participating faculty members will observe and assess pre-service teachers as they develop their teaching skills and understanding of what it means to be a professional in the field.
Prerequisite: Graduate standing.
Schedule Type: Laboratory
Contact Hours: 2-6 lab
Grade Mode: Satisfactory/Unsatisfactory

SPED 60199 THESIS I 2-6 Credit Hours
Thesis students must register for a total of 6 hours, 2 to 6 hours in a single semester distributed over several semesters if desired.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Masters Thesis
Contact Hours: 2-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPED 60299 THESIS II 2 Credit Hours
Thesis students must continue registration each semester until all degree requirements are met.
Prerequisite: SPED 60199; and graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPED 62951 EARLY INTERVENTION IN NATURAL ENVIRONMENTS 3 Credit Hours
This seminar targets early childhood special education and intervention professionals that comprise the field of early intervention from practitioners to future leaders in the field. Recommended practice guidelines of the Division for Early Childhood (DEC) indicate that interventions should be embedded and distributed within and across the routines, activities and places that are part of the child's daily experience. In keeping with DEC recommendations, this course will explore issues related to the various natural environments of the children in search of the routines, activities, and places that offer the maximum learning and practice opportunities that are family centered, developmentally and individually appropriate, culturally sensitive, and least intrusive.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63030 PHARMACOLOGICAL INTERVENTIONS IN SPECIAL EDUCATION 3 Credit Hours
Introduce mechanisms by which drugs act; identify benefits/side effects; implications for delivery/ intervention; monitoring in classroom. Classes of drugs examined; issues examined; delineation of responsibilities and prohibitions.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63031 PROGRAM DEVELOPMENT IN APPLIED BEHAVIOR ANALYSIS 3 Credit Hours
Describe and apply methodology and research design in developing and monitoring the effectiveness of behavioral interventions and to use such information to evaluate overall program efficacy. Consideration is given to student characteristics (e.g., underlying disability) when developing and evaluating behavior programs based in applied behavior analysis. Use of specific tools for prioritizing behaviors, evaluating progress, and making treatment program decisions are presented. Issues related to treatment implementation fidelity and behavioral program development are also emphasized.
Prerequisite: Graduate standing.
Pre/corequisite: SPED 53030.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63032 ADVANCED INTERVENTIONS FOR ADDRESSING SEVERE BEHAVIOR 3 Credit Hours
Use and interpretation of functional behavioral assessment in educational settings to lead to the identification of empirically-supported interventions to address the behavioral needs of children. The development, implementation and analysis of functional analysis procedures. Special emphasis given to identifying designing, implementing and assessing the effectiveness of advanced behavioral interventions in consultation. 20 field hours.
Prerequisite: SPED 53030, SPED 53031, SPED 63031, SPED 63301 and SPED 63033; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63033 ETHICAL AND PROFESSIONAL CONDUCT IN APPLIED BEHAVIOR ANALYSIS 3 Credit Hours
This course provides an intensive focus on ethical and professional conduct as it applies to day-to-day implementation of applied behavior analytic strategies by professional behavior analysts. Responsible conduct of a behavior analyst, ethical responsibilities to clients, colleagues, the field of applied behavior analysis, and society are featured. BACB Guidelines for Responsible Conduct for Behavior Analyst and BACB Disciplinary and Ethical Standards are reviewed and studied. This course focuses on meeting the updated standards for ethics set forth by the Behavior Analyst Certification Board in the BACB Fourth Edition Task List.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63034 PRINCIPLES AND CONCEPTS IN APPLIED BEHAVIOR ANALYSIS 3 Credit Hours
This course focuses on the advanced conceptual, philosophical, and theoretical underpinnings of applied behavior analysis and the research literature from which they were derived. This course is designed for those who will pursue certification through the Behavior Analyst Certification Board, and as such, delves deep into the technical aspects of the science of applied behavior analysis. Students will become fluent in such areas as the theories of behavior, principles of operant and respondent conditioning, stimulus class, automatic and socially mediated contingencies, motivating operations, and stimulus control, as well as be able to identify and describe examples of how they are used.
Prerequisite: Admission to Behavior Intervention Specialist Certificate; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63075 ASPECTS OF DISABILITY AND TRANSITION SERVICES 3 Credit Hours
This course provides an advanced examination of evidence-based practices involved in providing transition services to students with a wide range of disabilities. Topics include but are not limited to: assessment of transition needs and interests, job development and creation, support and instruction in the classroom and community and collaboration with families and related transition service providers.
Prerequisite: SPED 53070; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63092 FIELD EXPERIENCE IN SPECIAL EDUCATION 3 Credit Hours
Provides opportunity to observe master teachers and begin working with students. Students are placed in education-based settings and work with a team of professionals to understand techniques for providing services to students with exceptionalities. Additional seminar meetings.
Prerequisite: Graduate standing.
Schedule Type: Practical Experience
Contact Hours: 9 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPED 63101 ADMINISTRATION AND SUPERVISION IN SPECIAL EDUCATION 3 Credit Hours
Administration of educational programs for exceptional children; improvement of teacher competencies; function of special education supervisors; and special education operations at local, state and national levels.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63201 CONTEMPORARY ISSUES IN SPECIAL EDUCATION 3 Credit Hours
(Slashed with SPED 83201) Surveys current research, literature and policy issues that affect identification, assessment and service provision to students with exceptionalities.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63204 LEGAL AND POLICY FOUNDATIONS OF SPECIAL EDUCATION 3 Credit Hours
(Slashed with SPED 73204) This course will review the statutory and regulatory foundations of U.S. public policies pertaining to children and youth with disabilities. Key judicial interpretations of those policies will also be reviewed. The course will provide comprehensive overviews of The Individuals with Disabilities Education Act, The Every Student Succeeds Act, The Americans with Disabilities Act, The Vocational Rehabilitation Act, relevant sections of The Social Security Act. In addition, students will gain an awareness of miscellaneous other pieces of legislation and examples of case law pertaining to the education of students with disabilities.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63300 RESEARCH APPLICATIONS IN SPECIAL EDUCATION 3 Credit Hours
(Slashed with SPED 73300) Culminating experience in which students apply their content, methods and research skills to develop a final project that addresses an area of special education. Focuses on techniques for answering research questions, developing curriculum, and assimilating knowledge through applied projects.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter-IP

SPED 63301 SINGLE SUBJECT RESEARCH METHODS 3 Credit Hours
(Repeatable for credit) This course focuses on design and implementation of high-quality, experimental single subject research studies for the purpose of evaluating the effectiveness of an intervention with a particular individual. Masters students learn about the quality indicators for single subject research methods and how to use them to design a study that is internally valid. Doctoral students learn how to use those quality indicators to design, complete, and submit for publication their own research; and how to use them to evaluate single subject research for critical review. Students also learn how to graph outcome data using traditional visual analysis.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63392 PRACTICUM IN DEAF EDUCATION 1-3 Credit Hours
(Repeatable for a maximum of 3 credit hours) This classroom and field-based experience is designed to provide pre-service deaf education teachers with the opportunity to develop professional-level skills in working with deaf and hard-of-hearing (DHH) students. The field component will provide experience in working with DHH students with diverse needs, disabilities, and ethnic-cultural backgrounds. The class will address appropriate lesson planning and implementation. Students will spend a minimum of 50 hours in the educational setting (a classroom/educational environment) working with at least one student with hearing loss.
Prerequisite: Graduate standing.
Schedule Type: Practical Experience
Contact Hours: 3.3-10 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPED 63892 EARLY INTERVENTION INTERNSHIP 3 Credit Hours
(Repeatable for a maximum of 9 credit hours) The Early Intervention Internship involves supervised observation and participation in an early intervention setting(s) for children ages birth to three with developmental delays and disabilities or supervised observation and participation in research and scholarly activities related to the development, delivery, and evaluation of early intervention services to children and their families. Students may be placed at a county board of developmental disabilities, center-, community-, or home-based early intervention program, a developmental center, childcare center, a neonatal intensive care unit (NICU) or other approved placement. The Early Intervention internship will provide students practical experience in an Early Intervention professional setting, one that allows students to develop and refine a variety of skills when working with infants and toddlers with disabilities and their families.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 9 other
Grade Mode: Satisfactory/Unsatisfactory

SPED 63949 AUTISM SPECTRUM DISORDER CAPSTONE 1-3 Credit Hours
Knowledge and skills gained through participation in the Autism Spectrum Disorders (ASD) program are utilized to develop a project related to the education of individuals with ASD and-or the individuals who support them.
Prerequisite: Graduate standing.
Schedule Type: Individual Investigation
Contact Hours: 3-9 other
Grade Mode: Satisfactory/Unsatisfactory

SPED 63952 FAMILY AND PROFESSIONAL COLLABORATION IN EARLY CHILDHOOD 3 Credit Hours
(Cross-listed with ECED 60159) Examines issues facing families and professionals serving young children who are at-risk, disabled and typically developing.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63953 PRACTICAL APPLICATIONS:BIRTH TO FIVE 3 Credit Hours
Practical application of recommended practices for young children birth-five. Observation of young children in natural environments. Plan and evaluate intervention with families and professionals. Sixty field hours.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63954 PRACTICAL APPLICATIONS: TEAMING 3 Credit Hours
The purpose of this course is to help students understand and apply the principles of effective collaborative teaming as related to their professional roles and responsibilities in a variety of educational settings serving young children with disabilities. A range of topics will be addressed throughout the course, including giving and receiving feedback, reflective practices, effective meeting, conflict resolution and communication skills, developing and providing quality professional development, supervising, coaching, mentoring, working with para-professionals, itinerant teaching, service coordination, and consulting with general educators.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63955 TYPICAL AND ATYPICAL DEVELOPMENT IN YOUNG CHILDREN 3 Credit Hours
Overview of typical and atypical development pathways from birth to grade 3 including: theories of behavior, implications of atypical development on play, learning, early childhood development within ecological framework.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63956 FOUNDATIONS IN EARLY CHILDHOOD SERVICES 3 Credit Hours
(Cross-listed with ECED 60156) (Slashed with SPED 73956) Overview of issues facing young children within context of family/society including: history, early childhood services, theoretical perspectives, implications of childhood disabilities, and recommended assessment intervention and evaluation.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63957 ASSESSMENT AND EVALUATION OF EARLY CHILDHOOD SERVICES 3 Credit Hours
(Slashed with SPED 73957) Examines a range of systems for comparing and observing early childhood services, practices, young children and families: types and purposes of assessment procedures and instruments, monitoring progress.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63958 EARLY CHILDHOOD INTERVENTION METHODS 3 Credit Hours
Specific strategies for working with children birth to eight with intensive needs (e.g.cerebral palsy, spina bifida, autism). 30 clinical hours will provide students with the opportunity to practice newly acquired intervention strategies, knowledge and skills.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63959 MEDICAL ASPECTS OF LIFESPAN DISABILITIES 3 Credit Hours
Description of medical issues facing individuals with lifespan disabilities and their families. Examination of etiology, co-occuring disabilities and disorders, and treatment options in relation to individuals with Autism Spectrum Disorders and other developmental disabilities.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 63991 SEMINAR IN SPECIAL EDUCATION 1-3 Credit Hours
(Repeatable for credit)Various topics include: behavior modification, research problems in special education, theories in special education, social processes in special education.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter

SPED 63992 STUDENT TEACHING IN SPECIAL EDUCATION 4-8 Credit Hours
(Repeatable for maximum of 8 credit hours) Provides opportunity to demonstrate skills in teaching. Students placed in education-based settings; assume total teaching responsibilities of students with exceptionalities for 480 clock hours under the supervision of the school-based mentor teacher and the university supervisor. Students are required to complete Bureau of Criminal Investigation and Identification (BCII) and Federal Bureau of Investigation (FBI) background checks and submit the results to authorized personnel at their assigned school/agency before the first day of the semester in which student teaching/internship will take place.
Prerequisite: Graduate standing; and special approval.
Corequisite: SPED 69525.
Schedule Type: Practical Experience
Contact Hours: 17-35 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPED 63995 SPECIAL TOPICS IN SPECIAL EDUCATION 1-3 Credit Hours
(Repeatable for credit)(Slashed with SPED 73995) Specialized offerings in response to emerging or selected program needs.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

SPED 63996 INDIVIDUAL INVESTIGATION IN SPECIAL EDUCATION 1-10 Credit Hours
(Repeatable for credit)
Prerequisite: Graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-10 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPED 63998 RESEARCH:SPECIAL EDUCATION 1-10 Credit Hours
(Repeatable for credit)
Prerequisite: Graduate standing; and special approval.
Schedule Type: Research
Contact Hours: 1-10 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPED 64200 CURRICULUM METHODS FOR TRANSITION PLANNING AND COLLABORATION 3 Credit Hours
This course focuses upon the development of transition agreements and collaboration between secondary transition specialists and other transition stakeholders (e.g., elementary school regular educators, parents of students with disabilities, adult service programs). Particular emphasis is placed upon infusing vocational, and non-vocational, transition planning in the curricula for individuals with moderate-to-intensive disabilities at all academic grade levels. 100 field hours are required for this course.
Prerequisite: SPED 53070; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 64892 ADVANCED PRACTICUM 3-4 Credit Hours
(Repeatable for credit) The purpose of this advanced practicum is to integrate the knowledge and skills acquired through prior curricula to a field-based setting assisting individuals with disabilities. Settings may include, but are not limited to, general education and special education classrooms as well as therapeutic, residential and vocational programs.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 9-12 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPED 64951 DEVELOPING AN INDIVIDUALIZED FAMILY SERVICE PLAN AND INDIVIDUALIZED EDUCATION PROGRAM 3 Credit Hours
Designed to increase students understanding regarding federal and state rules for developing IEPs for P-12 students and IFSPs for young children and their families. Students will learn how to write functional and measurable IEP goals, objectives and IFSP outcomes, and to use assessment information directly for identifying, writing, and monitoring IFSP outcomes and IEP goals. This course will also teach how to form partnerships with families around developing, implementing and evaluating the IFSP and IEP.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 69525 INQUIRY PROFESSIONAL PRACTICE 3 Credit Hours
This course is to support students during their student teaching experience in the last semester of the program. Planning for instruction and assessment, instructing and engaging students in various special education settings, and assessing learning outcomes are the focus of this course. The course also includes information specific to the professional responsibilities in their placements.
Prerequisite: Graduate standing.
Corequisite: SPED 63992.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 70092 COLLEGE TEACHING AND PRACTICUM 3 Credit Hours
(Repeatable for credit) The content of this course will focus on major aspects of teaching in higher education, including topics such as philosophy of teaching, principles of adult learning, instructional strategies, and assessment. Students will apply their knowledge by participating in activities related to course and material development as well as delivery and grading of an undergraduate or masters level course under the direct supervision of a faculty member.
Prerequisite: Doctoral standing.
Schedule Type: Lecture, Practical Experience
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

SPED 70093 VARIABLE TITLE WORKSHOP IN SPECIAL EDUCATION 1-5 Credit Hours
(Slashed with SPED 40093 and SPED 50093)(Repeatable for credit) Topics of special interest to students desiring to intensify their knowledge in particular areas. Presenters include Kent State University and other institution faculty. Offered irregularly.
Prerequisite: Doctoral standing.
Schedule Type: Workshop
Contact Hours: 1-5 other
Grade Mode: Satisfactory/Unsatisfactory

SPED 73030 PHARMACOLOGICAL INTERVENTIONS IN SPECIAL EDUCATION 3 Credit Hours
Introduce mechanisms by which drugs act; identify benefits/side effects; implications for delivery/intervention; monitoring in classroom. Classes of drugs examined; issues examined; delineation of responsibilities and prohibitions.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 73204 LEGAL AND POLICY FOUNDATIONS OF SPECIAL EDUCATION 3 Credit Hours
(Slashed with SPED 63204) This course will review the statutory and regulatory foundations of U.S. public policies pertaining to children and youth with disabilities. Key judicial interpretations of those policies will also be reviewed. The course will provide comprehensive overviews of The Individuals with Disabilities Education Act, The Every Student Succeeds Act, The Americans with Disabilities Act, The Vocational Rehabilitation Act, relevant sections of The Social Security Act. In addition, students will gain an awareness of miscellaneous other pieces of legislation and examples of case law pertaining to the education of students with disabilities.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 73300 RESEARCH APPLICATIONS IN SPECIAL EDUCATION 3 Credit Hours
(Slashed with SPED 63300) Culminating experience in which students apply their content, methods and research skills to develop a final project that addresses an area of special education. Focuses on techniques for answering research questions, developing curriculum, and assimilating knowledge through applied projects.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter-IP

SPED 73950 CURRICULUM AND INTERVENTION IN EARLY CHILDHOOD SERVICES 3 Credit Hours
(Slashed with SPED 63950) Knowledge about early childhood intervention (ECI) curriculum and intervention. Students will first learn about what evidence-based practice is, and the curriculum models for home-based and center-based settings. Students will then learn about the ECI multi-tiered systems of support framework, and the different characteristics and intervention strategies across tiers. At the end of the course, students will be ready to support the diverse needs of young children using the multi-tiered system of support in early childhood settings.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 73956 FOUNDATIONS IN EARLY CHILDHOOD SERVICES 3 Credit Hours
(Cross-listed with ECED 60156) (Slashed with SPED 63956) Overview of issues facing young children within context of family/society including: history, early childhood services, theoretical perspectives, implications of childhood disabilities, and recommended assessment intervention and evaluation.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 73957 ASSESSMENT AND EVALUATION OF EARLY CHILDHOOD SERVICES 3 Credit Hours
(Slashed with SPED 73957) Examines a range of systems for comparing and observing early childhood services, practices, young children and families: types and purposes of assessment procedures and instruments monitoring progress.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 73991 SEMINAR IN SPECIAL EDUCATION 1,3 Credit Hour
(Repeatable for credit)Various topics include: behavior modification, research problems in special education, theories in special education, social processes in special education.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter

SPED 73995 SPECIAL TOPICS IN SPECIAL EDUCATION 1-3 Credit Hours
(Repeatable for credit)(Slashed with SPED 63995) Specialized offerings in response to emerging or selected program needs.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

SPED 73996 INDIVIDUAL INVESTIGATION IN SPECIAL EDUCATION 1-10 Credit Hours
(Repeatable for credit)
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-10 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPED 74200 CURRICULUM METHODS FOR TRANSITION PLANNING AND COLLABORATION 3 Credit Hours
(Slashed with SPED 64200) This course focuses upon the development of transition agreements and collaboration between secondary transition specialists and other transition stakeholders (e.g., elementary school regular educators, parents of students with disabilities, adult service programs). Particular emphasis is placed upon infusing vocational, and non-vocational, transition planning in the curricula for individuals with moderate-to-intensive disabilities at all academic grade levels. 100 field hours are required for this course.
Prerequisite: SPED 53070; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 75089 VARIABLE TOPIC INTERNATIONAL EXPERIENCE IN SPECIAL EDUCATION 1-4 Credit Hours
(Slashed with SPED 45089 and SPED 55089) A faculty-led study abroad experience that integrates traditional classroom learning with experiential activities and site visits outside the United States. International experience courses may have pre- and post-travel classroom study. Course activities may include, but are not limited to, classroom study, research, field work, internships and service learning.
Prerequisite: Doctoral standing.
Schedule Type: International Experience
Contact Hours: 1-4 other
Grade Mode: Standard Letter-IP

SPED 75090 VARIABLE TOPIC STUDY AWAY EXPERIENCE IN SPECIAL EDUCATION 1-4 Credit Hours
(Slashed with SPED 45090 and SPED 55090) A faculty-led study out-of-classroom experience that integrates traditional classroom learning with experiential activities and site visits within the United States. Study away courses may have pre- and post-travel classroom study. Course activities may include, but are not limited to, classroom study, research, field work, internships and service learning.
Prerequisite: Doctoral standing.
Schedule Type: Study Away
Contact Hours: 1-4 other
Grade Mode: Standard Letter-IP

SPED 80001 SPECIAL EDUCATION RESIDENCY 3 Credit Hours
This course is designed to provide beginning SPED doctoral students skills and knowledge in the following global areas: information literacy and plagiarism, basic APA style writing and building a writing routine. Additionally, the course will prepare students in the following SPED specific areas: effectively synthesizing intervention based empirical research, establishing a line of inquiry in the disability related fields, and developing a CV for disability related positions in Higher Education. Overall, the course will help students to understand life in academia during the doctoral studies in SPED and life after graduation conducting timely SPED research and teaching SPED content (e.g., institutional differences for SPED higher education jobs, tenure, work and life balance, time management, etc).
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter-IP

SPED 80002 ANALYSIS OF THE LITERATURE IN SPECIAL EDUCATION 3 Credit Hours
This course is designed to assist doctoral students in the acquisition, organization, and interpretation of information about research in special education. The seminar introduces students to the nature of inquiry and the process of generating questions about a broad array of disability-related research topics. Students will gain knowledge to analyze critically the outcomes of research in special education.
Prerequisite: SPED 80001; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter-IP

SPED 80003 IMPLEMENTATION SCIENCE IN SPECIAL EDUCATION 3 Credit Hours
This course is designed to provide students an overview of implementation science, and seminal leadership and systems change literature. The course will describe current state of the science of implementation, and identify strategies that foster the effective transmission and implementation of innovative programs in intervention focused disability studies special education fields. Students analyze and apply the literature at the teacher, family, school building, district, state and federal levels. Students will gain skills and knowledge in implementation drivers that have the potential in reducing the research to practice gap, and increasing the integration of evidence based practices. Strategies for developing and mobilizing stakeholders to support the process of change will be covered.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 80005 EMPIRICAL INVESTIGATIONS IN SPECIAL EDUCATION 3 Credit Hours
The course is intended to help students solidify their knowledge, skills, and dispositions related to research design, research methods, and scholarly writing by applying and expanding them in the context of special education research. Students will review and analyze quality indicators for special education research, critique select special education research literature, and develop a preliminary research proposal.
Prerequisite: SPED 80002; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 80040 RESEARCH GRANT DEVELOPMENT FOR DISABILITY PROGRAMS 3 Credit Hours
Students develop and write research proposals for grant competitions focusing on disability issues. Considerations for types of competitions and funding sources are discussed. Focus of instruction is related to how to describe the importance of the research proposed, research methods identified, budget, administration of grant activities and evaluation of implementation.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter-IP

SPED 80090 DOCTORAL RESIDENCY SEMINAR 3 Credit Hours
Provides students with the opportunity to synthesize courses, research and practice by focusing on diverse issues and topics. Ordinarily, SPED 80090 is taken no earlier than the second year of doctoral studies as a culminating course in the doctoral sequence.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

SPED 80199 DISSERTATION I 15 Credit Hours
(Repeatable for credit)Doctoral dissertation for which registration in at least two semesters is required, first of which will be semester in which dissertation work is begun and continuing until the completion of 30 hours.
Prerequisite: Doctoral standing.
Schedule Type: Dissertation
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPED 80299 DISSERTATION II 15 Credit Hours
(Repeatable for credit)Continuing registration required of doctoral students who have completed the initial 30 hours of dissertation and continuing until all degree requirements are met.
Prerequisite: SPED 80199; and doctoral standing.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPED 83201 CONTEMPORARY ISSUES IN SPECIAL EDUCATION 3 Credit Hours
(Slashed with SPED 63201) This course is designed to help doctoral students to develop (a) foundational knowledge for understanding important and controversial issues in special education and related disciplines; (b) skills in critical analysis and synthesis of research; and, (c) skills in effective oral and written communication about historical and contemporary issues in special education.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 83301 SINGLE-SUBJECT RESEARCH METHODS 3 Credit Hours
(Repeatable for credit) (Slashed with SPED 63301) This course focuses on design and implementation of high-quality, experimental single subject research studies for the purpose of evaluating the effectiveness of an intervention with a particular individual. Masters students learn about the quality indicators for single subject research methods and how to use them to design a study that is internally valid. Doctoral students learn how to use those quality indicators to design, complete, and submit for publication their own research; and how to use them to evaluate single subject research for critical review. Students also learn how to graph outcome data using traditional visual analysis.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 83952 THE LAW AND SPECIAL EDUCATION 3 Credit Hours
Selected principles of constitutional, statutory, case and common law affecting handicapped and special education students, teachers and administrators are studied.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPED 83991 SEMINAR IN SPECIAL EDUCATION 1-3 Credit Hours
(Repeatable for credit)
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter

SPED 83992 INTERNSHIP IN SPECIAL EDUCATION 2-8 Credit Hours
(Repeatable for credit) A college-university doctoral-level supervised teaching experience. The candidates participate fully in the course and material development as well as delivery and grading of an undergraduate or masters level course under the direct supervision of a faculty member assigned to teach the class. Candidates are expected to partially participate in the delivery of a third of the course and fully deliver at least a third of the course under the observation and supervision of a faculty member.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 12-24 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPED 83998 RESEARCH:SPECIAL EDUCATION 1-10 Credit Hours
(Repeatable for credit)
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Research
Contact Hours: 1-10 other
Grade Mode: Satisfactory/Unsatisfactory-IP

Speech Pathology and Audiology (SPA)

SPA 10002 INTRODUCTION TO COMMUNICATION DISORDERS AND DIFFERENCES 3 Credit Hours
An introduction to communication disorders and differences using a) case studies via film and video review and critique, b) lecture, and c) class discussions. Covers speech, language, swallowing and hearing disorders and cultural and linguistic differences in communication.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 14500 INTRODUCTION TO PSYCHOLINGUISTICS FOR COMMUNICATION SCIENCES AND DISORDERS 3 Credit Hours
Examines current theory and research specific to typical language — with a significant focus on the cognitive processes that inform our understanding of social, psychological and linguistic aspects of language use and understanding in the context of communication sciences and disorders.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 33101 HEARING AND SPEECH SCIENCE 3 Credit Hours
Acoustics, psychoacoustics, and acoustics of speech production and perception.
Prerequisite: Admittance into the SPA professional phase (minimum 3.000 overall GPA at 60 credits).
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 34102 APPLIED PHONETICS 3 Credit Hours
Basic principles of speech production and phonetic transcriptions of English with the international phonetic alphabet; emphasis on general American dialect.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 34103 ANATOMY AND PHYSIOLOGY OF SPEECH AND HEARING 3 Credit Hours
Functional anatomy and physiology of the respiratory, phonatory, articulatory, neural, and auditory systems as they are used with normal and abnormal speech and hearing.
Prerequisite: SPA 34104.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 34104 SPEECH AND LANGUAGE ACQUISITION 3 Credit Hours
Normal development and linguistic analysis of language systems including phonology, morphology, syntax, semantics, and pragmatics.
Pre/corequisite: SPA 34102.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 34106 ARTICULATORY AND PHONOLOGICAL DISORDERS 3 Credit Hours
Assessment and remediation of disorders of articulation and phonology.
Prerequisite: Admittance into the speech pathology and audiology professional phase (minimum 3.000 overall GPA at 60 credits); and SPA 34102 and SPA 34104.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 34107 LANGUAGE DISORDERS IN CHILDREN AND ADOLESCENTS 3 Credit Hours
Introduction to assessment and intervention procedures associated with language disorders in children and adolescents.
Prerequisite: SPA 34104.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 34210 SPEECH AND LANGUAGE DEVELOPMENT 3 Credit Hours
Normal development and linguistic analysis of language systems including phonology, morphology, syntax, semantics, and pragmatics. This course is for non-speech pathology and audiology majors.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 43402 AUDIOMETRY 3 Credit Hours
(Slashed with SPA 53402) Measurement of human hearing by pure-tone and speech audiometry; evaluation of middle ear function by immittance audiometry; screening techniques; pathologies of the conductive and sensorineural systems.
Prerequisite: Admittance into the speech pathology and audiology professional phase (minimum 3.000 overall GPA at 60 credits); and SPA 33101.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 43404 AURAL REHABILITATION 3 Credit Hours
Basic principles, variables and techniques for understanding, evaluating and improving receptive communication of hearing-impaired individuals.
Prerequisite: Admittance into the speech pathology and audiology professional phase (minimum 3.000 overall GPA at 60 credits); and SPA 33101 and SPA 34102 and SPA 43402.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 43405 CLINICAL PREPARATION IN AUDIOLOGY (ELR) 2 Credit Hours
Exercises and practical experiences in audiometric procedures, test interpretation, and Audiological diagnosis.
Prerequisite: Admittance into the speech pathology and audiology professional phase (minimum 3.000 overall GPA at 60 hours).
Corequisite: SPA 43402.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 2 lab
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

SPA 44010 SOCIAL COMMUNICATION DEVELOPMENT AND DISORDERS IN AUTISM SPECTRUM DISORDERS 3 Credit Hours
Provides an understanding of the social, communication, and language needs of those with ASD from childhood through adulthood. Examines the cognitive, neurological, social, and environmental components influencing social, communicative functioning. Reviews contemporary assessment and intervention strategies. Explores the use of assistive technology to enhance social communicative functioning in those with ASD.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 44020 MEDICAL ASPECTS OF AUTISM SPECTRUM DISORDERS 3 Credit Hours
(Cross-listed with SPED 44020) Description of medical issues facing individuals with autism spectrum disorders (ASD) and their families. Examination of etiology, co-occurring disabilities and disorders, and treatment options in relation to individuals with ASD.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 44030 AUTISM SPECTRUM DISORDERS OVER THE LIFESPAN 3 Credit Hours
(Slashed with SPA 54030, SPA 74030 and SPED 54030) Provides students with a review of the significant aspects related to educational, social, vocational transitions for children, adolescents and young adults with autism spectrum disorders (ASD). Students learning skills necessary to evaluate and develop programs designed to meet the changing and long term needs of those with ASD.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 44089 VARIABLE TOPIC INTERNATIONAL EXPERIENCE IN SPEECH PATHOLOGY AND AUDIOLOGY (DIVG) (ELR) 1-4 Credit Hours
(Slashed with SPA 54089 and SPA 74089) A faculty-led study abroad experience that integrates traditional classroom learning with experiential activities and site visits outside the United States. International experience courses may have pre- and post-travel classroom study. Course activities may include, but are not limited to, classroom study, research, field work, internships and service learning.
Prerequisite: None.
Schedule Type: International Experience
Contact Hours: 1-4 other
Grade Mode: Standard Letter-IP
Attributes: Diversity Global, Experiential Learning Requirement

SPA 44096 INDEPENDENT STUDY: SPEECH PATHOLOGY AND AUDIOLOGY 1-6 Credit Hours
(Repeatable for credit) Readings and/or research on problems approved by chairman of department in consultation with student's adviser and project director.
Prerequisite: Speech pathology and audiology major and special approval.
Schedule Type: Individual Investigation
Contact Hours: 3-18 other
Grade Mode: Standard Letter-IP

SPA 44110 SPEECH SCIENCE 3 Credit Hours
Consideration of physiological and acoustic characteristics of normal speech production and perception with implications for speech and hearing disorders.
Prerequisite: Admittance into the speech pathology and audiology professional phase (minimum 3.000 overall GPA at 60 credits); and SPA 34102 and SPA 34106.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 44111 NEURAL PROCESSES 3 Credit Hours
(Slashed with SPA 54111) Anatomy and physiology of the nervous system underlying human neuromotor movements. Topics include: definition and fundamental concepts, afferent and efferent systems, cortical anatomy and function, cranial nerves, theories of brain function, and neural maturation and learning.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 44112 AGE-RELATED CHANGES IN COMMUNICATION 3 Credit Hours
Nonpathological age-related changes in speech, language and voice. Topics include structural changes in orofacial, laryngeal and respiratory mechanism; sequelae for speech, language and voice in the elderly; effects of age on swallowing; facilitating conversational interactions with elderly individuals.
Prerequisite: Admittance into the speech pathology and audiology professional phase (minimum 3.000 overall GPA at 60 credits).
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 44130 COMMUNICATION DISORDERS OF THE AGING 2 Credit Hours
Hearing, speech and language disorders in geriatric population. Symptoms, causes and treatment: normal changes in hearing, language and speech accompanying aging process.
Prerequisite: Senior standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

SPA 44310 CLINICAL PROCEDURES IN SPEECH PATHOLOGY 3 Credit Hours
This course addresses evaluation and intervention procedures in the field of speech-language pathology across the lifespan.
Prerequisite: Admittance into the admittance into the speech pathology and audiology professional phase (minimum 3.000 overall GPA at 60 credits) professional phase (minimum 3.000 overall GPA at 60 credits); and Senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 44311 CLINICAL PREPARATION IN SPEECH-LANGUAGE PATHOLOGY (ELR) (WIC) 2 Credit Hours
The course covers the essential professional written communication associated with evaluation and intervention methodology for individuals with communication disorders.
Prerequisite: Admittance into the speech pathology and audiology professional phase (3.000 overall GPA at 60 hours).
Corequisite: SPA 44310.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement, Writing Intensive Course

SPA 53402 AUDIOMETRY 3 Credit Hours
(Slashed with SPA 43402) Measurement of human hearing by puretone and speech audiometry# evaluation of middle ear function by immittance audiometry# screening techniques# pathologies of the conductive and sensorineural systems.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 53404 AURAL REHABILITATION 3 Credit Hours
Basic principles, variables and techniques for understanding, evaluating and improving receptive communication of hearing-impaired individuals.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 54010 SOCIAL COMMUNICATION DEVELOPMENT AND DISORDERS IN AUTISM SPECTRUM DISORDERS 3 Credit Hours
(Slashed with SPA 44010) Provides an understanding of the social, communication, and language needs of those with ASD from childhood through adulthood. Examines the cognitive, neurological, social and environmental components influencing social, communicative functioning. Reviews contemporary assessment and intervention strategies. Explores the use of assistive technology to enhance social communicative functioning in those with ASD.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 54030 AUTISM SPECTRUM DISORDERS OVER THE LIFESPAN 3 Credit Hours
(Cross-listed with SPED 54030) (Slashed with SPA 44030 and SPA 74030) Provides students with a review of the significant aspects related to educational, social, vocational transitions for children, adolescents and young adults with autism spectrum disorders (ASD). Students learn skills necessary to evaluate and develop programs designed to meet the changing and long term needs of individuals with ASD.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 54089 VARIABLE TOPIC INTERNATIONAL EXPERIENCE IN SPEECH PATHOLOGY AND AUDIOLOGY 1-4 Credit Hours
(Repeatable for credit) (Slashed with SPA 44089 and SPA 74089) A faculty-led study abroad experience that integrates traditional classroom learning with experiential activities and site visits outside the United States. International experience courses may have pre- and post-travel classroom study. Course activities may include, but are not limited to, classroom study, research, field work, internships and service learning.
Prerequisite: Graduate standing.
Schedule Type: International Experience
Contact Hours: 1-4 other
Grade Mode: Standard Letter-IP

SPA 54096 INDEPENDENT STUDY: SPEECH PATHOLOGY AND AUDIOLOGY 1-6 Credit Hours
(Repeatable for credit) Readings and/or research on problems approved by chair of department in consultation with student's adviser and project director.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 3-18 other
Grade Mode: Standard Letter-IP

SPA 54110 SPEECH SCIENCE 3 Credit Hours
Consideration of physiological and acoustic characteristics of normal speech production and perception with implications for speech and hearing disorders.
Prerequisite: SPA 34102 and 34106; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 54111 NEURAL PROCESSES IN SPEECH AND LANGUAGE 3 Credit Hours
Anatomy and physiology of the nervous system underlying speech and language. Topics include: definition and fundamental concepts, afferent and efferent systems, cortical anatomy and function, cranial nerves, theories of brain function and neural maturation and learning.
Prerequisite: SPA 34103 or special approval of the instructor; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 54112 AGE-RELATED CHANGES IN COMMUNICATION 3 Credit Hours
Nonpathological age-related changes in speech, language and voice. Topics include: structural changes in orofacial, laryngeal and respiratory mechanisms; sequelae for speech, language and voice in the elderly; effects of age on swallowing; facilitating conversational interactions with elderly individuals.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 54130 COMMUNICATION DISORDERS OF THE AGING 2 Credit Hours
Hearing, speech and language disorders in geriatric population. Symptoms, causes and treatment: normal changes in hearing, language and speech accompanying aging process.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

SPA 54309 AUTISM SPECTRUM DISORDERS: THEORY AND DIAGNOSIS 3 Credit Hours
(Cross-listed with SPED 54309) (Slashed with SPED 44309 and SPA 74309) Provides an overview of autism spectrum disorders (ASD). Examines the history, characteristics, and prevalence of ASD. The different theoretical models for understanding ASD are explored as they relate to assessment and intervention.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 60708 CRITICAL ANALYSIS OF RESEARCH 2 Credit Hours
(Slashed with SPA 70708) Development of a reading knowledge of research and the ability to evaluate the quality of research studies.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

SPA 63691 SEMINAR IN AUDIOLOGY 3 Credit Hours
(Repeatable for a maximum of 12 credit hours)Research, readings and discussion in any of these areas: aural rehabilitation, amplification, psychoacoustics, auditory physiology, medical audiology, hearing conservation.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

SPA 64091 SEMINAR IN COMMUNICATION DISORDERS 1-3 Credit Hours
(Repeatable for a maximum of 9 credit hours)Special topics seminar for advanced students in speech-language pathology and audiology. Presentations and discussion of research projects are required.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter-S/U-IP

SPA 64093 WORKSHOP IN COMMUNICATION DISORDERS 1-3 Credit Hours
(Repeatable for credit)Variable topic workshop offered when need arises, either on or off campus to update training in a particular area of speech pathology.
Prerequisite: Graduate standing.
Schedule Type: Workshop
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

SPA 64096 INDIVIDUAL INVESTIGATION:SPEECH PATHOLOGY AND AUDIOLOGY 1-6 Credit Hours
(Repeatable for a maximum of 12 credit hours) Independent study of topics to be selected in consultation with graduate faculty.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPA 64098 RESEARCH 1-15 Credit Hours
(Repeatable for credit) Research or individual investigation for master's level graduate students.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Research
Contact Hours: 1-15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPA 64191 SEMINAR:NEUROGENIC COMMUNICATION DISORDERS 1-3 Credit Hours
(Repeatable for a maximum of 9 credit hours)Reading and discussion seminar on swallowing disorders and the communication disorders relating to aphasia, apraxia, dysarthria, closed head injury, right brain damage and dementia.
Prerequisite: SPA 64301; and graduate standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter-S/U-IP

SPA 64199 THESIS I 2-6 Credit Hours
Thesis students must register for a total of 6 hours, 2 to 6 hours in a single semester distributed over several semesters if desired.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Masters Thesis
Contact Hours: 2-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPA 64291 SEMINAR:CHILD LANGUAGE 1-3 Credit Hours
(Repeatable for a maximum of 9 credit hours)Topics are selected for class investigation from the areas of child language development or disorders.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter-S/U-IP

SPA 64299 THESIS II 2 Credit Hours
Thesis students must continue registration each semester until all degree requirements are met.
Prerequisite: SPA 64199; and graduate standing; and special approval.
Schedule Type: Masters Thesis
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPA 64301 APHASIA 3 Credit Hours
Neuroanatomy, etiologies, symptomatologies, evaluation procedures and treatment techniques relating to aphasia in adults.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 64302 LANGUAGE ASSESSMENT AND INTERVENTION IN EARLY CHILDHOOD 3 Credit Hours
Methods of language assessment and intervention for infants, toddlers and preschoolers who are either at risk or diagnosed as presenting language delays or disabilities.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 64303 DISORDERS OF ARTICULATION AND PHONOLOGY 3 Credit Hours
Diagnosis and remediation of children's articulation and phonological disorders.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 64304 ACQUIRED COGNITIVE COMMUNICATIVE IMPAIRMENTS 3 Credit Hours
Cognitive functions and etiologies, symptomologies, evaluation and treatment methods related to adults with cognitive communicative disorders subsequent to right hemisphere damage, traumatic brain injury, dementia and related impairments.
Prerequisite: Speech language pathology major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 64305 FLUENCY DISORDERS 3 Credit Hours
Nature, theories and their derived therapeutic approaches to the treatment of fluency disorders.
Prerequisite: Speech language pathology major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 64306 VOICE DISORDERS 2 Credit Hours
Normal aspects of voice production, etiology and symptomatology of voice disorders, diagnostic procedures and management techniques.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

SPA 64308 LANGUAGE ASSESSMENT AND INTERVENTION WITH SCHOOL-AGE POPULATIONS 3 Credit Hours
Theoretical background knowledge and practical assessment and intervention techniques for school-age children who demonstrate language disorders.
Prerequisite: SPA 34107; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 64311 AUTISM SPECTRUM DISORDERS 2 Credit Hours
Provides an overview of the social, communication, and language needs of those with autism spectrum disorder. Reviews contemporary assessment and intervention strategies. This course is designed to prepare preservice speech language pathologists with foundational information about autism spectrum disorders.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

SPA 64312 MOTOR SPEECH DISORDERS IN CHILDREN AND ADULTS 3 Credit Hours
(Slashed with SPA 74312) Anatomic and physiologic bases of congenital and acquired motor speech disorders. Etiology, symptomatology, evaluation and treatment techniques related to variety of motor speech disorders in children and adults.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 64354 PEDIATRIC MEDICAL ISSUES 2 Credit Hours
Nature and rehabilitative procedures for speech-language pathology practice with pediatric medical issues, including dysphagia, maxillofacial anomalies, and resonance disorders.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

SPA 64356 ADULT DYSPHAGIA 3 Credit Hours
(Slashed with SPA 74356) Anatomy, etiologies, symptomatologies, evaluation procedures and treatment techniques relating to swallowing disorders in adults.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 64391 SEMINAR:SEMINAR: ARTICULATION AND PHONOLOGY 1-3 Credit Hours
(Repeatable for a maximum of 9 credit hours)Critical review and application of systems and methods for assessment and remediation of articulation and phonological disorders.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPA 64491 SEMINAR:ORGANIC SPEECH DISORDERS 1-3 Credit Hours
(Repeatable for credit)A revolving topics seminar on theoretical and/or clinical issues related to neurogenic/organic speech and/or language disorders.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter-S/U-IP

SPA 64492 CLINICAL PRACTICE IN SPEECH PATHOLOGY AND AUDIOLOGY 1-12 Credit Hours
(Repeatable for credit) Supervised clinical practice with patients who have speech, hearing or language problems.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 1-12 other
Grade Mode: Standard Letter-IP

SPA 64500 NORMAL LANGUAGE PROCESSES 3 Credit Hours
Examines current theory and research specific to normal human development from birth to age 21. Significant neurological, cognitive, social, linguistic, emotional, literacy, and motor developmental changes are explored.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 64501 SOCIAL COMMUNICATION ASPECTS OF AUTISM SPECTRUM DISORDER 3 Credit Hours
(Slashed with SPA 74501) Provides an understanding of the social, communication, and language needs of those with ASD from childhood through adulthood. Examines the cognitive, neurological, social, and environmental components influencing social, communicative functioning. Reviews contemporary assessment and intervention strategies. Explores use of assistive technology to enhance social communicative functioning in those with ASD.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 64504 ADVANCED SPEECH AND VOICE SCIENCE 3 Credit Hours
Application of normal and disordered speech, swallowing, and voice production and perception; survey of literature; theories of production and perception.
Prerequisite: SPA 54110; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 64525 PUBLIC SCHOOL TECHNIQUES IN COMMUNICATION DISORDERS:INQUIRY INTO PROFESSIONAL PRACTICE 3 Credit Hours
Inquiry into speech pathology and audiology as practiced in the school setting; emphasis on speech language pathologist or audiologist as disciplined investigator. Combination of themes including organizational procedures, therapy techniques, collaboration, ethics and research.
Prerequisite: Graduate standing; and special approval.
Corequisite: SPA 64592.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 64591 SEMINAR:FLUENCY DISORDERS 1-3 Credit Hours
(Repeatable for a maximum 9 credit hours)Seminar dealing with the theoretical and applied aspects of fluency disorders in children and adults.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter-S/U-IP

SPA 64592 STUDENT TEACHING IN SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY 8 Credit Hours
Inquiry into speech pathology and audiology as practiced in the school setting; emphasis on speech language pathologist or audiologist as disciplined investigator. Combination of themes including organization, procedures, therapy techniques, collaboration, ethics and research. Students are required to complete Bureau of Criminal Investigation and Identification (BCII) and Federal Bureau of Investigation (FBI) background checks and submit the results to authorized personnel at their assigned "school/agency" before the first day of the semester in which student teaching/ internship will take place.
Prerequisite: Graduate standing; and special approval.
Corequisite: SPA 64525.
Schedule Type: Practical Experience
Contact Hours: 40 other
Grade Mode: Satisfactory/Unsatisfactory

SPA 64600 RESEARCH METHODS IN SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY 3 Credit Hours
Methodologies for collecting, analyzing and interpreting data for clinical and research purposes in speech language pathology and audiology.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 64691 SEMINAR:VOICE DISORDERS 1-3 Credit Hours
(Repeatable for a maximum of 9 credit hours) Current literature review and discussions dealing with varying topics ranging from normal aspects of phonation in various populations to disorders of voice and their diagnosis and treatment.
Prerequisite: SPA 6/74306; and graduate standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter-S/U-IP

SPA 64791 SEMINAR:SPEECH SCIENCE 1-3 Credit Hours
(Repeatable for a maximum of 9 credit hours)Consideration of selected topics related to physiological, anatomical and acoustic aspects of speech production and perception.
Prerequisite: SPA 4/54110 and SPA 6/74504; graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter-S/U-IP

SPA 64891 SEMINAR: COMMUNICATION MODALITIES AND ASSISTIVE TECHNOLOGY 2 Credit Hours
(Slashed with SPA 74891) (Repeatable for credit) Nature, etiologies and correlates of speech/language communication disorders and differences that may indicate a need for a multi-modal communication approach. Includes an emphasis on assistive technology for communication, language, learning and literacy.
Prerequisite: SPA 64302 and SPA 64500; and graduate standing.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

SPA 64991 SEMINAR:CRITICAL TOPICS IN SPEECH LANGUAGE 1-3 Credit Hours
(Repeatable for credit) Principles and methods of assessment and intervention for various topics in speech-language pathology from critical thinking and case-study framework.
Prerequisite: Speech pathology and audiology major only; and graduate standing; and instructor special approval.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter-S/U-IP

SPA 65092 CLINICAL PRACTICUM I IN SPEECH LANGUAGE PATHOLOGY 2-3 Credit Hours
(Slashed with SPA 75092) (Repeatable twice for credit) Supervised, introductory clinical experience in assessment and intervention with populations within the Scope of Practice of speech language pathology per the current practice policy of the American Speech Language Hearing Association. To facilitate clinical competency and accrual of required clinical clock hours per current ASHA standards, students are expected to enroll in Clinical Practicum each semester that they are not enrolled in Externship or Student Teaching. A grade of B or better in this course is required for permission to register in SPA 65192.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 8-12 other
Grade Mode: Standard Letter-IP

SPA 65192 CLINICAL PRACTICUM II IN SPEECH AND LANGUAGE PATHOLOGY 2-3 Credit Hours
(Slashed with SPA 75192) (Repeatable twice for credit) This course includes additional supervised, hands on clinical experience with clients in on campus clinics. Student clinicians are provided with opportunities to demonstrate increased independence in clinical decision making and performance. Practicum requirements may include attendance at a weekly Clinical Colloquium. A grade of B or better in this course is required for registration in SPA 65292.
Prerequisite: SPA 65092 with a minimum C grade; and graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 8-12 other
Grade Mode: Standard Letter-IP

SPA 65292 CLINICAL PRACTICUM III IN SPEECH LANGUAGE PATHOLOGY 2-3 Credit Hours
(Slashed with SPA 75292) (Repeatable twice for credit) Includes additional supervised, hands on clinical experience with clients in on campus clinics and or off-campus, supervised clinical experience in sites such as schools or long term care facilities. Students clinicians are provided with opportunities to demonstrate levels of independence in clinical decision making and performance that reflect readiness for Externship or Student Teaching experiences. Practicum requirements may include attendance at a weekly Clinical Colloquium. A grade of B or better in this course is required for permission to register in the following courses: Clinical Practicum IV in Speech Language Pathology SPA 65392, Externship in Speech Language Pathology: Adult SPA 65492, Externship in Speech Language Pathology: Pediatric SPA 65592, Student Teaching in Speech Language Pathology SPA 64528.
Prerequisite: SPA 65192 with a minimum B grade; and graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 8-12 other
Grade Mode: Standard Letter-IP

SPA 65392 CLINICAL PRACTICUM IV IN SPEECH LANGUAGE PATHOLOGY 2-3 Credit Hours
(Slashed with SPA 75392) (Repeatable twice for credit) This supervised, hands on clinical experience with clients in on campus clinics or off campus sites is for second year graduate students who are not yet scheduled for externship or student teaching. Students clinicians are provided with opportunities to demonstrate levels of independence in clinical decision making and performance that are reflective of readiness for externship or student teaching experiences. A grade of B or better in this course is required for permission to register in the following courses: Externship in speech language pathology: adult SPA 65492, externship in speech language pathology: pediatric SPA 65592, student teaching in speech language pathology SPA 64528.
Prerequisite: SPA 65292 with a minimum B grade; and graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 8-12 other
Grade Mode: Standard Letter-IP

SPA 65492 EXTERNSHIP IN SPEECH LANGUAGE PATHOLOGY: ADULT 4-8 Credit Hours
(Slashed with SPA 75492) (Repeatable once for credit) Considered a culminating clinical experience. Includes supervised, hands-on clinical experience with patients in adult care settings such as hospitals, rehabilitation and long term care facilities.
Prerequisite: SPA 65292 or SPA 65392 with a minimum B grade; and graduate standing; and permission.
Schedule Type: Practical Experience
Contact Hours: 20-40 other
Grade Mode: Standard Letter-IP

SPA 65592 EXTERNSHIP IN SPEECH LANGUAGE PATHOLOGY: PEDIATRIC 4-8 Credit Hours
(Slashed with SPA 75592) (Repeatable once for credit) Considered a culminating clinical experience. Students may choose this course as an alternative to student teaching in speech-language pathology. Includes supervised, hands-on clinical experience with children and adolescents in pediatric care settings such as hospitals and other habilitation and rehabilitation facilities.
Prerequisite: SPA 65292 or SPA 65392 with a minimum B grade; and graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 20-40 other
Grade Mode: Standard Letter-IP

SPA 70192 GRADUATE AUDIOLOGIST I 3 Credit Hours
Supervised clinical practicum in audiology which encompasses audiologic assessments and audiologic habilitation.
Prerequisite: SPA 70792; and doctoral standing.
Schedule Type: Practical Experience
Contact Hours: 9 other
Grade Mode: Standard Letter

SPA 70292 GRADUATE AUDIOLOGIST II 3 Credit Hours
Supervised clinical practicum in audiology requiring the independent performance of audiologic assessment procedures, audiologic rehabilitation and vestibular assessment and rehabilitation.
Prerequisite: SPA 70192; and doctoral standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 9 other
Grade Mode: Standard Letter

SPA 70392 GRADUATE AUDIOLOGIST III 6 Credit Hours
Supervised clinical practicum in audiology which encompasses the entire range of audiologic procedures including neurophysiological based procedures.
Prerequisite: Passing score of 600 or higher on the PRAXIS examination; and SPA 70292; and doctoral standing; and special approval.
Corequisite: SPA 70791.
Schedule Type: Practical Experience
Contact Hours: 18 other
Grade Mode: Standard Letter

SPA 70492 GRADUATE AUDIOLOGIST IV 8 Credit Hours
Full-time clinical practicum in audiology at an off-campus site. Students taking the course must have successfully completed the Praxis Examination.
Prerequisite: SPA 70392; and doctoral standing.
Corequisite: SPA 70791.
Schedule Type: Practical Experience
Contact Hours: 24 other
Grade Mode: Standard Letter

SPA 70592 GRADUATE AUDIOLOGIST V 8 Credit Hours
Full-time external audiology clinical placement with a licensed and appropriately credentialed preceptor who provides clinical teaching. This experience provides a capstone learning experience in the full scope of practice in the profession of audiology.
Prerequisite: SPA 70492; and doctoral standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 24 other
Grade Mode: Standard Letter

SPA 70615 CENTRAL AUDITORY PROCESSING EVALUATION AND MANAGEMENT 2 Credit Hours
Study of audiologic evaluation and (re)habilitation procedures for people central auditory processing disorders.
Prerequisite: SPA 70705 and SPA 70706; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

SPA 70616 HEARING AID FITTING AND SELECTION ACROSS THE LIFESPAN 4 Credit Hours
Examination of the theory and practice of fitting hearing aids across the lifespan. Emphasis on special clinical procedures, research needs and evolving technology in hearing instruments.
Prerequisite: Admission to the audiology major; and SPA 70713; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

SPA 70618 IMPLANTABLE TECHNOLOGY 4 Credit Hours
Study of implantable devices in children and adults including equipment, candidacy, programming, fitting, and troubleshooting.
Prerequisite: Admisstion to the audiology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

SPA 70627 MULTICULTURAL ISSUES IN AUDIOLOGY 2 Credit Hours
An introduction to varying cultures and the audiologist's roles and responsibilities in planning treatment with a member of these cultures.
Prerequisite: Admission to the audiology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

SPA 70630 PRACTICE MANAGEMENT IN AUDIOLOGY 3 Credit Hours
Study of issues which impact the management of audiological practices, including establishing a private practice, reimbursement, marketing, record keeping and professional liability.
Prerequisite: Admission to the audiology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 70691 SEMINAR IN AUDIOLOGY 2 Credit Hours
(Repeatable for credit)Selected current topics in audiology with emphasis on review of current literature.
Prerequisite: Admission to the AUD program or special approval of the instructor; and doctoral standing.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

SPA 70692 INTERNSHIP IN AUDIOLOGY 2 Credit Hours
(Repeatable for credit) Supervised practicum in audiology requiring the independent performance of basic audiologic procedures, including hearing aid management.
Prerequisite: SPA 74692; and doctoral standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 18 other
Grade Mode: Standard Letter

SPA 70701 BASIC AND APPLIED PHYSICAL ACOUSTICS FOR AUDIOLOGY 4 Credit Hours
Study of physical acoustics, basic electricity and electronics, as well as principles, methodology, calibration and maintenance of audiologic equipment.
Prerequisite: Admission to the AUD program or special approval of instructor; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

SPA 70702 ANATOMY AND PHYSIOLOGY OF PERIPHERAL AUDITORY AND VESTIBULAR SYSTEMS 4 Credit Hours
A study of the anatomy, biophysics and physiology of the auditory and vestibular systems.
Prerequisite: Admission to the Audiology program; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

SPA 70703 SPEECH ACOUSTICS AND SPEECH PERCEPTION 2 Credit Hours
Study of the nomenclature, acoustics, measurement, and perception of speech sounds and their impact and interpretation in audiology.
Prerequisite: Admission to the audiology program; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

SPA 70704 CRITICAL ANALYSIS OF RESEARCH IN AUDIOLOGY 2 Credit Hours
General introduction to the research process with an emphasis on acquiring a reading knowledge of research and an ability to evaluate research.
Prerequisite: Admission to the AUD program; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

SPA 70705 AUDITORY DISORDERS 2 Credit Hours
Study of conditions/diseases that can affect the auditory system.
Prerequisite: Admission to the AUD program; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

SPA 70706 ANATOMY AND PHYSIOLOGY UNDERLYING NEURO-OTOLOGY 4 Credit Hours
An in-depth study of the anatomy and physiology of the central auditory and vestibular nervous system (includes 1 hour lab.)
Prerequisite: SPA 70702; and doctoral standing.
Schedule Type: Combined Lecture and Lab
Contact Hours: 4 other
Grade Mode: Standard Letter

SPA 70707 PSYCHOACOUSTICS 3 Credit Hours
Study of the principles, procedures and research of psychoacoustics; the relationships between the physical dimensions of auditory stimuli and the resultant perceptual experience with normal and impaired hearing.
Prerequisite: Admission to the AUD program; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 70708 CRITICAL ANALYSIS OF RESEARCH 2 Credit Hours
Development of a reading knowledge of research and the ability to evaluate the quality of research studies.
Prerequisite: SPA 70704; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

SPA 70709 AUDIOLOGIC ASSESSMENT 3 Credit Hours
Theoretical basis for tests underlying basic audiologic assessments.
Prerequisite: Admission to the AUD program; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 70710 INDUSTRY AND COMMUNITY NOISE 3 Credit Hours
Theoretical principles of noise measurement; etiology of noise-induced hearing loss and acoustic trauma; industrial hearing conservation programs; occupational safety and health act; community and recreational noise evaluation and management.
Prerequisite: Admission to the AUD program; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 70712 DIAGNOSIS OF AUDITORY DISORDERS 3 Credit Hours
Underlying theory and principles of administration and interpretation of site-of-lesion tests.
Prerequisite: SPA 70709; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 70713 HEARING AID TECHNOLOGY 4 Credit Hours
Study of amplification systems for the hearing impaired.
Prerequisite: SPA 70701; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

SPA 70714 GERONTOLOGICAL ISSUES IN AUDIOLOGY 3 Credit Hours
Physiological, psychological and sociological theories of aging with a focus on the etiology, symptomatology, assessment and rehabilitation of older adults with hearing impairments.
Prerequisite: Admission to the AUD program; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 70717 PEDIATRIC AUDIOLOGY 3 Credit Hours
Study of audiologic diagnostic and auditory habilitative protocols for the birth to 3 population. Both assessment and management strategies will be emphasized.
Prerequisite: SPA 70709; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 70719 COUNSELING IN AUDIOLOGY 3 Credit Hours
Focus on interviewing, counseling and interacting with individuals with hearing impairments their families and significant others.
Prerequisite: Admission to the AUD program; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 70721 EVALUATION AND MANAGEMENT OF BALANCE DISORDERS 3 Credit Hours
Study of the balance mechanism; differential diagnostic assessment of balance disorders including electronystagmography, posturography and rotational testing; rehabilitation of the balance disordered patient (1 hour lab included.)
Prerequisite: Admission to the AUD program or special approval of instructor; and doctoral standing.
Schedule Type: Combined Lecture and Lab
Contact Hours: 3 other
Grade Mode: Standard Letter

SPA 70725 MEDICAL MANAGEMENT OF AUDITORY DISORDERS 2 Credit Hours
A study of the multidisciplinary approach to medical/surgical management of patients with auditory and vestibular disorders.
Prerequisite: SPA 70712; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

SPA 70726 ELECTROPHYSIOLOGICAL TECHNIQUES IN AUDIOLOGY 3 Credit Hours
Study of evoked responses used in diagnostic audiology, including ABR, MLR,ECHOCHG, ENOG, ALR, P300, VER, and SSER.
Prerequisite: SPA 70706; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 70732 AUDIOLOGIC TREATMENT ACROSS THE LIFESPAN 4 Credit Hours
Study of current methodologies employed in the audiologic treatment of people with hearing loss across the lifespan. Implementation of remedial strategies is emphasized.
Prerequisite: Admission to the audiology major; and SPA 70616; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

SPA 70733 ADVANCED ELECTROPHYSIOLOGIC AND VESTIBULAR MEASURES 4 Credit Hours
Advanced considerations in balance function assessment and management and in the study of evoked responses used in diagnostic audiology.
Prerequisite: Admission into the audiology program; and SPA 70726 and SPA 70721; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter

SPA 70734 PRINCIPLES IN PRECEPTING 1 Credit Hour
Examination of the concepts and practices essential to the preceptor role. Emphasis on professional standards, adult learning theories, communication styles, ethical principles, and the multiple roles of a preceptor (educator, role model, mentor, facilitator and evaluator).
Prerequisite: Admission into the audiology major; and SPA 70748; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

SPA 70753 LABORATORY FOR ELECTROPHYSIOLOGICAL TECHNIQUES IN AUDIOLOGY 1 Credit Hour
Laboratory exercises for the assessment of auditory disorders including electrocochleography, the auditory brainstem response and auditory steady state responses.
Prerequisite: Audiology major; and doctoral standing.
Corequisite: SPA 70726.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

SPA 70754 LABORATORY FOR EVALUATION AND MANAGEMENT OF BALANCE DISORDERS 1 Credit Hour
Laboratory exercises for the assessment of balance disorders including videonystagmography, posturography and informal evaluations; approaches for the rehabilitation and treatment of the balance disordered patient.
Prerequisite: Audiology major; and doctoral standing.
Corequisite: SPA 70721.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

SPA 70755 LABORATORY FOR ADVANCED ELECTROPHYSIOLOGIC AND VESTIBULAR MEASURES 1 Credit Hour
Laboratory exercises for the assessment, management and treatment of auditory and vestibular disorders including early, middle and late auditory evoked potentials and advanced vestibular measures.
Prerequisite: Audiology major; and doctoral standing.
Corequisite: SPA 70733.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

SPA 70791 FOURTH YEAR SEMINAR 1 Credit Hour
(Repeatable for credit) In-depth consideration of topics/issues in the practice of audiology with emphasis upon issues related to clinical rotation.
Prerequisite: Doctoral standing; and special approval.
Corequisite: SPA 70492 or SPA 70592.
Schedule Type: Seminar
Contact Hours: 1 other
Grade Mode: Standard Letter

SPA 70792 INTERNSHIP IN AUDIOLOGY 2 Credit Hours
(Repeatable for credit) Supervised clinical practicum in audiology requiring the independent performance of diagnostic, hearing aids and audiologic rehabilitation procedures. Students are required to complete Bureau of Criminal Investigation and Identification (BCII) and Federal Bureau of Investigation (FBI) background checks and submit the results to authorized personnel at their assigned "school/agency" before the first day of the semester in which student teaching/internship will take place.
Prerequisite: SPA 70692; and doctoral standing.
Schedule Type: Practical Experience
Contact Hours: 18 other
Grade Mode: Standard Letter

SPA 70798 RESEARCH PROJECT IN AUDIOLOGY 3 Credit Hours
(Repeatable for credit) Completion of a doctoral research project including data collection, analysis write- up and oral presentation.
Prerequisite: Admission to the AUD program; and doctoral standing.
Schedule Type: Research
Contact Hours: 3 other
Grade Mode: Standard Letter-IP

SPA 70892 INTERNSHIP III 2 Credit Hours
Clinical practicum in audiology during which students perform discrete tasks under supervision.
Prerequisite: Admission to the audiology major; and doctoral standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 18 other
Grade Mode: Standard Letter

SPA 70992 INTERNSHIP IV 2 Credit Hours
Clinical practicum in audiology during which students perform discrete tasks under supervision.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 18 other
Grade Mode: Standard Letter

SPA 73691 SEMINAR IN AUDIOLOGY 3 Credit Hours
(Repeatable for a maximum of 12 credit hours)Research, readings and discussion in any of these areas: aural rehabilitation, amplification, psychoacoustics, auditory physiology, medical audiology, hearing conservation.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

SPA 74030 AUTISM SPECTRUM DISORDERS OVER THE LIFESPAN 3 Credit Hours
(Slashed with SPA 44030, SPA 54030 and SPED 54030) Provides students with a review of the significant aspects related to educational, social, vocational transitions for children, adolescents and young adults with autism spectrum disorders (ASD). Students learn skills necessary to evaluate and develop programs designed to meet the changing and long term needs of individuals with ASD.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 74089 VARIABLE TOPIC INTERNATIONAL EXPERIENCE IN SPEECH PATHOLOGY AND AUDIOLOGY 1-4 Credit Hours
(Repeatable for credit) (Slashed with SPA 44089 and SPA 54089) A faculty-led study abroad experience that integrates traditional classroom learning with experiential activities and site visits outside the United States. International experience courses may have pre- and post-travel classroom study. Course activities may include, but are not limited to, classroom study, research, field work, internships and service learning.
Prerequisite: Doctoral standing.
Schedule Type: International Experience
Contact Hours: 1-4 other
Grade Mode: Standard Letter-IP

SPA 74093 WORKSHOP IN COMMUNICATION DISORDERS 1-3 Credit Hours
(Repeatable for credit)Variable topic workshop offered when need arises, either on or off campus to update training in a particular area of speech pathology.
Prerequisite: Doctoral standing.
Schedule Type: Workshop
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

SPA 74191 SEMINAR:NEUROGENIC COMMUNICATION DISORDERS 1-3 Credit Hours
(Repeatable for a maximum of 9 credit hours)Reading and discussion seminar on swallowing disorders and the communication disorders relating to aphasia, apraxia, dysarthria, closed head injury, right brain damage and dementia.
Prerequisite: SPA 64301; and doctoral standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter-S/U-IP

SPA 74291 SEMINAR:CHILD LANGUAGE 1-3 Credit Hours
(Repeatable for a maximum of 9 credit hours) Topics are selected for class investigation from the areas of child language, development or disorders.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter-S/U-IP

SPA 74301 APHASIA 3 Credit Hours
Neuroanatomy, etiologies, symptomatologies, evaluation procedures and treatment techniques relating to aphasia in adults.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 74302 LANGUAGE ASSESSMENT AND INTERVENTION IN EARLY CHILDHOOD 3 Credit Hours
Methods of language assessment and intervention for infants, toddlers and preschoolers who are either at risk or diagnosed as presenting language delays or disabilities.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 74303 DISORDERS OF ARTICULATION AND PHONOLOGY 3 Credit Hours
Diagnosis and remediation of children's articulation and phonological disorders.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 74304 ACQUIRED COGNITIVE COMMUNICATIVE IMPAIRMENTS 3 Credit Hours
Cognitive functions and etiologies, symptomologies, evaluation and treatment methods related to adults with cognitive communicative disorders subsequent to right hemisphere damage, traumatic brain injury, dementia and related impairments.
Prerequisite: Speech language pathology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 74305 FLUENCY DISORDERS 3 Credit Hours
Nature, theories and their derived approaches to the assessment and treatment of fluency disorders.
Prerequisite: Speech language pathology major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 74306 VOICE DISORDERS 2 Credit Hours
Normal aspects of voice production, etiology and symptomatology of voice disorders, diagnostic procedures and management techniques.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

SPA 74308 LANGUAGE ASSESSMENT AND INTERVENTION WITH SCHOOL-AGE POPULATIONS 3 Credit Hours
Theoretical background knowledge and practical assessment and intervention techniques for school-age children who demonstrate language disorders.
Prerequisite: SPA 34107; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 74309 AUTISM SPECTRUM DISORDERS: THEORY AND DIAGNOSIS 3 Credit Hours
(Slashed with SPA 54309, SPED 44309 and SPED 54309) Provides an overview of Autism Spectrum Disorders (ASD). Examines the history, characteristics and prevalence of ASD. Assessment and intervention models are explored as they relate to various theoretical models for understanding ASD.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 74312 MOTOR SPEECH DISORDERS IN CHILDREN AND ADULTS 3 Credit Hours
(Slashed with SPA 64312) Anatomic and physiologic bases of congenital and acquired motor speech disorders. Etiology, symptomatology, evaluation and treatment techniques related to variety of motor speech disorders in children and adults.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 74354 PEDIATRIC MEDICAL ISSUES 2 Credit Hours
Nature and rehabilitative procedures for speech-language pathology practice with pediatric medical issues, including dysphagia and maxillofacial anomalies and resonance disorders.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

SPA 74356 ADULT DYSPHAGIA 3 Credit Hours
Anatomy, etiologies, symptomatologies, evaluation procedures and treatment techniques relating to swallowing disorders in adults.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 74391 SEMINAR:ARTICULATION AND PHONOLOGY 1-3 Credit Hours
(Repeatable for a maximum of 9 credit hours)Critical review and application of systems and methods for assessment and remediation of articulation and phonological disorders.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPA 74491 SEMINAR:ORGANIC SPEECH DISORDERS 1-3 Credit Hours
(Repeatable for credit)A revolving topics seminar on theoretical and/or clinical issues related to neurogenic/organic speech and/or language disorders.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter-S/U-IP

SPA 74492 CLINICAL PRACTICE IN SPEECH PATHOLOGY AND AUDIOLOGY 1-12 Credit Hours
(Repeatable for credit) Supervised clinical practice with patients who have speech, hearing or language problems.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 1-12 other
Grade Mode: Standard Letter-IP

SPA 74500 NORMAL LANGUAGE PROCESSES 3 Credit Hours
Examines current theory and research specific to normal human development from birth to age 21. Significant neurological, cognitive, social, linguistic, emotional, literacy, and motor developmental changes are explored..
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 74501 SOCIAL COMMUNICATION ASPECTS OF AUTISM SPECTRUM DISORDER 3 Credit Hours
Provides an understanding of the social, communication, and language needs of those with ASD from childhood through adulthood. Examines the cognitive, neurological, social, and environmental components influencing social, communicative functioning. Reviews contemporary assessment and intervention strategies. Explores use of assistive technology to enhance social communicative functioning in those with ASD.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 74504 ADVANCED SPEECH AND VOICE SCIENCE 3 Credit Hours
Application of normal and disordered speech, swallowing, and voice production and perception; survey of literature; theories of production and perception.
Prerequisite: SPA 4/54110; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 74591 SEMINAR:FLUENCY DISORDERS 1-3 Credit Hours
(Repeatable for a maximum of 9 credit hours)Seminar dealing with the theoretical and applied aspects of fluency disorders in children and adults.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter-S/U-IP

SPA 74592 CLERKSHIP I 1 Credit Hour
Introduction to clinical practicum in audiology. Directed observation of clinical practice including audiologic diagnosis and audiologic rehabilitation are required.
Prerequisite: Admission to the audiology major; and doctoral standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 18 other
Grade Mode: Satisfactory/Unsatisfactory

SPA 74600 RESEARCH METHODS IN SPEECH-LANGUAGE PATHOLOGY 3 Credit Hours
Methodologies for collecting, analyzing and interpreting data for clinical and research purposes in speech language pathology and audiology.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPA 74691 SEMINAR:VOICE DISORDERS 1-3 Credit Hours
(Repeatable for a maximum of 9 credit hours) Current literature review and discussions dealing with varying topics ranging from normal aspects of phonation in various populations to disorders of voice and their diagnosis and treatment.
Prerequisite: SPA 6/74306; and doctoral standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter-S/U-IP

SPA 74692 CLERKSHIP II 1 Credit Hour
Introduction to clinical practicum in audiology. Directed observation of clinical practice including audiologic diagnosis and audiologic rehabilitation are required.
Prerequisite: Admission to the audiology major; and doctoral standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory

SPA 74791 SEMINAR:SPEECH SCIENCE 1-3 Credit Hours
(Repeatable for a maximum of 9 credit hours) Consideration of selected topics related to physiological, anatomical and acoustic aspects of speech production and perception.
Prerequisite: SPA 4/54110 or SPA 6/74504; and doctoral standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter-S/U-IP

SPA 74891 SEMINAR: COMMUNICATION MODALITIES AND ASSISTIVE TECHNOLOGY 2 Credit Hours
(Slashed with SPA 64891) (Repeatable for credit) Nature, etiologies and correlates of speech language communication disorders and differences that may indicate a need for a multi-modal communication approach. Includes an emphasis on assistive technology for communication language, learning and literacy.
Prerequisite: Speech language pathology major; and doctoral standing.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

SPA 74991 SEMINAR:CRITICAL TOPICS IN SPEECH LANGUAGE PATHOLOGY 1-3 Credit Hours
(Repeatable for credit) Principles and methods of assessment and intervention for various topics in speech-language pathology from critical thinking and case-study framework.
Prerequisite: Speech pathology and audiology major; and doctoral standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter-S/U-IP

SPA 75092 CLINICAL PRACTICUM I IN SPEECH LANGUAGE PATHOLOGY 2-3 Credit Hours
(Slashed with SPA 65092) (Repeatable twice for credit) Supervised, introductory clinical experience in assessment and intervention with populations within the scope of practice of speech language pathology per the current practice policy of the american speech language hearing association. To facilitate clinical competency and accrual of required clinical clock hours per current ASHA standards, students are expected to enroll in clinical practicum each semester that they are not enrolled in externship or student teaching. A grade of B or better in this course is required for permission to register in CLIN PR II SPE LANG PATH-SPA 65192.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 8-12 other
Grade Mode: Standard Letter-IP

SPA 75192 CLINICAL PRACTICUM II IN SPEECH LANGUAGE PATHOLOGY 2-3 Credit Hours
(Slashed with SPA 65192) (Repeatable twice for credit) This course includes additional supervised hands on clinical experience with clients in on campus clinics. Student clinicians are provided with opportunities to demonstrate increased independence in clinical decision making and performance. Practicum requirements may include attendance at a weekly Clinical Colloquium. A grade of B or better in this course is required for permission to enroll in Clinical Practicum III in Speech Language Pathology SPA 75292.
Prerequisite: SPA 75092 with a minimum B grade; and doctoral standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 8-12 other
Grade Mode: Standard Letter-IP

SPA 75292 CLINICAL PRACTICUM III IN SPEECH LANGUAGE PATHOLOGY 2-3 Credit Hours
(Slashed with SPA 65292) (Repeatable twice for credit) Includes additional supervised, hands-on clinical experience with clients in on campus clinics and or off campus, supervised clinical experience in sites such as schools or long-term care facilities. Students clinicians are provided with opportunities to demonstrate levels of independence in clinical decision-making and performance that reflect readiness for externship or student teaching experiences. Practicum requirements may include attendance at a weekly clinical colloquium. A grade of B or better in this course is required for permission to register in the following courses: clinical practicum IV in speech language pathology SPA 75392, externship in speech language pathology: adult SPA 75492, externship in speech language pathology: pediatric SPA 75592, student teaching in speech language pathology SPA 64592.
Prerequisite: SPA 75192 with a minimum B grade; and doctoral standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 8-12 other
Grade Mode: Standard Letter-IP

SPA 75392 CLINICAL PRACTICUM IV IN SPEECH LANGUAGE PATHOLOGY 2-3 Credit Hours
(Repeatable for credit) This supervised, hands on clinical experience with clients in on campus clinics or off campus sites is for second year graduate students who are not yet scheduled for externship or student teaching. Students clinicians are provided with opportunities to demonstrate levels of independence in clinical decision making and performance that are reflective of readiness for externship or student teaching experiences. A grade of B or better in this course is required for permission to register in the following courses: externship in speech language pathology: adult SPA 75492, externship in speech language pathology: pediatric SPA 75592, student teaching in speech language pathology SPA 64592.
Prerequisite: SPA 75292 with a minimum B grade; and doctoral standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 8-12 other
Grade Mode: Standard Letter-IP

SPA 75492 EXTERNSHIP IN SPEECH LANGUAGE PATHOLOGY: ADULT 4-8 Credit Hours
(Cross-listed with SPA 65492) (Repeatable once for credit) Considered a culminating clinical experience. Includes supervised, hands on clinical experience with patients in adult care settings such as hospitals, rehabilitation and long term care facilities.
Prerequisite: SPA 75292 or SPA 75392 with a minimum B grade; and doctoral standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 20-40 other
Grade Mode: Standard Letter-IP

SPA 75592 EXTERNSHIP IN SPEECH LANGUAGE PATHOLOGY: PEDIATRIC 4-8 Credit Hours
(Slashed with SPA 65592) (Repeatable once for credit) Considered a culminating clinical experience. Students may choose this course as an alternative to Student Teaching in Speech Language Pathology. Includes supervised, hands on clinical experience with children and adolescents in pediatric care settings such as hospitals and other habilitation and rehabilitation facilities.
Prerequisite: SPA 75292 or SPA 75392 with a minimum B grade; and doctoral standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 20-40 other
Grade Mode: Standard Letter-IP

SPA 75792 INTERNSHIP I 1 Credit Hour
Clinical practicum in audiology during which students perform discrete tasks under supervision.
Prerequisite: Admission to the audiology major; and doctoral standing; and special approval.
Corequisite: SPA 70709.
Schedule Type: Practical Experience
Contact Hours: 18 other
Grade Mode: Standard Letter

SPA 76792 INTERNSHIP II 1 Credit Hour
Supervised clinical practicum in audiology during which students will perform discrete clinical tasks while under supervision.
Prerequisite: Admission to the audiology major; and SPA 75792; and doctoral standing and special approval.
Schedule Type: Practical Experience
Contact Hours: 18 other
Grade Mode: Standard Letter

SPA 84091 SEMINAR IN COMMUNICATION DISORDERS 2 Credit Hours
(Repeatable for a maximum 9 credit hours)Special topics seminar for advanced students in speech-language pathology and audiology. Presentations and discussion of research projects are required.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

SPA 84096 INDIVIDUAL INVESTIGATION-SPEECH PATHOLOGY AND AUDIOLOGY 1-3 Credit Hours
(Repeatable for credit) Independent study of topics to be selected in consultation with graduate faculty.
Prerequisite: Doctoral standing.
Schedule Type: Individual Investigation
Contact Hours: 3-9 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPA 84098 RESEARCH 1-15 Credit Hours
(Repeatable for credit)Research opportunities for doctoral students who have not yet passed their candidacy examination.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Research
Contact Hours: 1-15 other
Grade Mode: Standard Letter-S/U-IP

SPA 84199 DISSERTATION I 15 Credit Hours
(Repeatable for credit)Doctoral dissertation for which registration in at least two semesters is required, first of which will be semester in which dissertation work is begun and continuing until the completion of 30 hours.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPA 84299 DISSERTATION II 15 Credit Hours
(Repeatable for credit) Continuing registration required of doctoral students who have completed the initial 30 hours of dissertation and continuing until all degree requirements are met.
Prerequisite: SPA 84199; and doctoral standing; and special approval.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

Sport, Exercise and Performance Psychology (SEPP)

SEPP 20026 PSYCHOLOGICAL FOUNDATIONS OF SPORT AND EXERCISE 3 Credit Hours
Psychological Foundations of Sport and Exercise is an overview of foundational concepts and principles essential to understanding the psychological aspects of sport and exercise. Emphasis is given to psychologically based frameworks and their application to sport; in particular, exercise behavior, performance enhancement, mental skills, health and well-being. Coursework reflects an application of sport and exercise psychology concepts to practitioners in sport-related professions such as coaching, athletic training, sport management, physical education or fitness instruction, among others.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SEPP 30019 PSYCHOSOCIAL PERSPECTIVES FOR GROWTH AND DEVELOPMENT IN YOUTH SPORT 3 Credit Hours
This course provides a holistic approach to youth sport participation. Pulling from the most current knowledge and views from a diversity of disciplines the course addresses comprehensive and relevant considerations in the field and brings attention to the influences impacting children and youth participating in a range of sport and performance activities. Knowledge from this course applies to any professional working with children and adolescents, from a leadership standpoint; such as coaches, teachers, dance, music or other instructors of any performance-related activity.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SEPP 32250 PSYCHOLOGICAL ASPECTS OF SPORT INJURY 3 Credit Hours
This course examines the various factors impacting athletes prior to and after a sport injury occurs. Understanding the relationship between biological, psychological, and social factors is critical to understanding, preventing, and rehabbing from a sport injury. Students will learn more about the consequences of sport injury, various psychological responses to sport injury, and the culture surrounding sport injury for athletes at different levels. In addition, various psychological concepts that can influence rehabilitation from an injury will be explored.
Prerequisite: Sophomore standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SEPP 40020 HIGH PERFORMANCE ATHLETES IN SPORT 3 Credit Hours
(Slashed with SPAD 50020) This course provides an understanding of various aspects of training, coaching, and best practices in working with athletes in a high-performance environment along with an emphasis on the social-psychological factors related to the successful performance of elite level athletes and teams.
Prerequisite: Sophomore standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SEPP 40221 EXERCISE PSYCHOLOGY 3 Credit Hours
(Slashed with SPAD 50221) This course is designed to examine the science and practice of exercise psychology from both a theoretical and applied perspective. Students will be engaged in a comprehensive inquiry into behaviors and lifestyles that influence physical and mental health from physical activity, exercise and psychological lenses. Students will explore topics such as stress, anxiety, cognitive functioning, mood, body image, personality, emotion, and childhood inactivity/obesity as they relate to exercise behaviors and contexts. Students will gain a general understanding of issues in exercise psychology related to theory, practice, and research. In addition, students will develop practical skills to promote exercise adherence and create an exercise intervention program.
Prerequisite: SEPP 20026; and sophomore standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SEPP 45007 PRINCIPLES AND APPLICATION OF SPORT PSYCHOLOGY 3 Credit Hours
(Slashed with SPAD 55007) This course encompasses the most current developments in the field of psychology with a strong foundation of the principles of human behavior in the sport and movement sciences. It incorporates sound practical theory with a focus on the application of that knowledge to be readily used by students in a range of sport and movement science careers; such as athletic training, coaching, sport management, consulting, physical education teachers and related areas with the goal to improve the sport performance and experience for all.
Prerequisite: SEPP 20026; and junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SEPP 45092 PRACTICUM IN SPORT PERFORMANCE (ELR) 1-3 Credit Hours
(Repeatable for credit) Supervised practical experiences within sport, exercise and performance psychology that are integrated with academic instruction. Forty-five contact hours per credit hour.
Prerequisite: Senior standing; and sport, exercise and performance psychology major or minor; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3-9 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

SEPP 45300 MOTIVATION IN SPORT, PERFORMANCE, AND MOVEMENT SETTINGS 3 Credit Hours
(Cross-listed with SPAD 55300) This course provides an in-depth and wide-ranging look at motivational theories and its application to sport, performance and physical activity. It combines the many theoretical concepts of the diverse frameworks and principles with a survey of motivational interventions performed in the sport domain. Students will leave the class with a rigorous and comprehensive knowledge of constructs, cutting-edge research, effective interventions and future outlook of motivation in sport.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SEPP 48225 SPORT PERFORMANCE PSYCHOLOGICAL INTERVENTIONS 3 Credit Hours
(Slashed with SPAD 58225) This course combines the theoretical concepts of sport and performance psychology with applied skill development to enhance performance. Students will gain knowledge of psychological skills training, learn techniques and develop confidence in their skills to work with athletes and performers. The focus of this course is on both, educational psychological interventions for personal development as well as teaching athletes strategies to enhance mental skill. Learning will be done hands-on, via case studies or scenario-based activities. Through the course of this class this course, students will create and present their individual program for an athlete or performer. This course will include learning and understanding the APA/AASP ethics' code to develop awareness of the boundaries of ethical conduct of the profession.
Prerequisite: SEPP 20026; and junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

Sports Administration (SPAD)

SPAD 15000 INTRODUCTION TO SPORT ADMINISTRATION 3 Credit Hours
This course is designed to introduce students to the field of sport administration. Students will be made aware of the career options available to them in the sport management profession. All course materials, assignments and class discussions will emphasize both the understanding and application of key concepts across various aspects of the sport industry. Students will also be introduced to the sport administration major curriculum and requirements. Recommend first course in the sport administration program sequences.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 25000 SPORT IN SOCIETY (DIVD) 3 Credit Hours
Analysis of how sport relates to the social relations and cultural values of United States society. The course is framed by a critical evaluative perspective, examining how social class, ethnicity, race and gender relations contour sport practices.
Prerequisite: Sophomore standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Domestic

SPAD 25092 PRACTICUM I IN SPORT ADMINISTRATION (ELR) 1-3 Credit Hours
(Repeatable for credit) A 105-hour (per credit) field experience in a sport administration setting.
Prerequisite: None.
Schedule Type: Practical Experience
Contact Hours: 7-21 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

SPAD 25192 PRACTICUM IN PROFESSIONAL GOLF MANAGEMENT I (ELR) 1-3 Credit Hours
(Repeatable for a maximum of 3 credit hours) A cumulative 105-hour (per credit) on-campus seminar and field experience in a professional golf management setting.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 7-21 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

SPAD 35021 GOVERNANCE IN SPORT 3 Credit Hours
Issues of governance in amateur and professional sports.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 35025 FACILITY MANAGEMENT 3 Credit Hours
Overview of planning, staffing, marketing and managing sport facilities and complexes. The primary emphasis in this course is on management, personnel and operations issues.
Prerequisite: Junior; or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 35065 HISTORY AND PHILOSOPHY OF SPORT AND PHYSICAL ACTIVITY (WIC) 3 Credit Hours
Historical and philosophical foundations of sport and physical education; a study of factors influencing pedagogical, curricular and evaluation decisions in sport and physical education programs today.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

SPAD 35092 PRACTICUM II IN SPORT ADMINISTRATION (ELR) 1-3 Credit Hours
(Repeatable for credit) A 105-hour (per credit) field experience in a sport management setting.
Prerequisite: SPAD 25092.
Schedule Type: Practical Experience
Contact Hours: 7-21 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

SPAD 35192 PRACTICUM IN PROFESSIONAL GOLF MANAGEMENT II (ELR) 1-3 Credit Hours
(Repeatable for a maximum of 3 credit hours) A cumulative 105-hour (per credit) on-campus seminar and field experience in a professional golf management setting.
Prerequisite: SPAD 25192; and special approval.
Schedule Type: Practical Experience
Contact Hours: 7-21 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

SPAD 43018 ETHICS IN SPORT 3 Credit Hours
(Slashed with SPAD 53018 and SPAD 73018) Examination of selected situations in sport from an ethical reasoning perspective. Students undertake a problem-oriented case study approach that is based upon contemporary moral issues and moral theory.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 45020 ORGANIZATION, ADMINISTRATION AND LEADERSHIP IN SPORT 3 Credit Hours
Leadership is crucial in the sport industry. This course presents a wide array topics pertinent to leadership and administration in sport that will give students a better understanding of how to lead, serve and motivate the various constituent groups within the sport industry.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 45022 EVENT PLANNING AND PRODUCTION 3 Credit Hours
(Slashed with SPAD 55022) Students learn the proper planning process that all sport events undergo. Students apply these concepts in actual events that they develop and hold.
Prerequisite: MKTG 25010; and junior or senior standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2 lecture, 2 lab
Grade Mode: Standard Letter

SPAD 45023 SPORT MARKETING 3 Credit Hours
The course, which is designed around market planning, examines how to formulate market ideas, incorporate market research, select segmentation, targeting and positioning strategies, implement sales and promotion strategies and assess control procedures within the sport and entertainment industry.
Prerequisite: MKTG 25010.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 45024 SPORT IN GLOBAL PERSPECTIVE 3 Credit Hours
(Slashed with SPAD 55024) Students critically analyze how sport relates to general features of globalization and provide insight into the connection between global and local politics (including ethnic, religious, gender, environmental and sociospatial politics). The underlying assumption is that sport is part of a growing network of global inter-dependencies that bind human beings together.
Prerequisite: Senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 45026 SPORT AND THE MEDIA 3 Credit Hours
(Slashed with SPAD 55026) Course offers an introduction to current scholarship and issues concerning sport and the media, including critical analysis of media representations with attention to gender, race, sexuality and disability; an examination of the structure of sports journalism and production; and an analysis of the role of mediated sport in culture more generally. The roles of institutions, producers, texts and audiences and their relationships to each other are examined.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 45027 PUBLIC RELATIONS AND PROMOTION IN SPORT 3 Credit Hours
Issues in public relations and promotion of sport such as advertising, crisis management, sales promotion and atmospherics.
Prerequisite: MKTG 25010.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 45029 HISTORY AND CURRENT ISSUES IN COLLEGIATE ATHLETICS 3 Credit Hours
(Slashed with SPAD 55029) Examination of the historical development of athletics within American institutions of higher learning, with an emphasis upon concepts and ideals that underlie the developments and the major problems affecting contemporary intercollegiate athletics.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 45030 SPORT ENTERPRISE (WIC) 3 Credit Hours
This is a capstone course for sport administration majors. The course which is designed around business planning for sport, examines how to formulate business ideas, select a legal form of organization, locate financing sources, assess the market, develop a human resource management system and establish budget control.
Prerequisite: Senior standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

SPAD 45031 SPORT TOURISM 3 Credit Hours
(Cross-listed with RPTM 45031) (Slashed with SPAD 55031) Course incorporates both theoretical learning of travel for sports as a global phenomenon and application of such knowledge in hosting a sporting event with travel as the focus. The experiential, cultural and economic aspects of sport tourism are examined. Students demonstrate their ability to prepare a sport tourism plan upon the completion of the course.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 45032 SALES MANAGEMENT IN SPORT AND ENTERTAINMENT 3 Credit Hours
(Slashed with SPAD 55032) Students are introduced to the area of sales-force management in sport and entertainment. Historical, theoretical and conceptual frameworks are examined thoroughly, as well as functions, activities and skills of the professional salesperson in the age of information and technology.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 45033 CHANGE YOUR MIND, GAME AND LIFE 1 Credit Hour
(Slashed with SPAD 55033) Course focuses students on mental training to enhance sport performance and have personal growth experiences. Course assists students to tap into their inner potential by refocusing their mind, to learn they are responsible for their own life experiences, to learn that the things they want most in their lives are found within themselves and to take responsibility for their upsets.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

SPAD 45034 ESPORT MANAGEMENT 3 Credit Hours
(Slashed with SPAD 55034) Students will learn about the esport industry, its consumer and constituents. Also, students will investigate the steps and components necessary to manage esport teams and esport events.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 45035 SPORTS WAGERING 3 Credit Hours
(Slashed with SPAD 55035) This course investigates the sports wagering industry. Students will learn about the different forms of wagering, the statutes and cases impacting sports wagering as well as impact on society of increased access to sports wagering.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 45050 SOCIAL PSYCHOLOGY OF SPORT 3 Credit Hours
(Slashed with SPAD 55050 and SPAD 75050) Psychological, social and developmental factors of participation and behavior in sport exercise and recreational activities. Theoretical and applied perspectives addressed.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 45091 SEMINAR FOR INTERNSHIP PREPARATION 1 Credit Hour
(Repeatable for credit) This course prepares the students for the internship experience in sport administration. Students must successfully complete this course prior to registering for internship.
Prerequisite: Minimum 2.500 overall GPA; Senior standing and special approval.
Schedule Type: Seminar
Contact Hours: 1 other
Grade Mode: Standard Letter

SPAD 45092 INTERNSHIP IN SPORT ADMINISTRATION (ELR) 3-12 Credit Hours
(Repeatable for credit) Supervised full-time experience providing knowledge of overall agency operation in approved sport management setting. 50 contact hours per credit hour.
Prerequisite: SPAD 35092 and SPAD 45091; minimum 2.500 overall GPA; and special approval.
Schedule Type: Practical Experience
Contact Hours: 10-40 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

SPAD 45096 INDIVIDUAL INVESTIGATION IN SPORT ADMINISTRATION 1-3 Credit Hours
(Repeatable for a maximum of 12 credit hours)Individual investigation in sport administration. Faculty approval is required.
Prerequisite: Sport administration major; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Standard Letter-IP

SPAD 45192 INTERNSHIP IN PROFESSIONAL GOLF MANAGEMENT (ELR) 2-12 Credit Hours
(Repeatable for credit)Supervised full-time experience providing knowledge of overall agency operation in approved sport administration, professional golf management setting. 100 contact hours per credit hour with seminar interactive requirements.
Prerequisite: SPAD 25192; and special approval.
Schedule Type: Practical Experience
Contact Hours: 13-80 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

SPAD 46028 SPORT IN FILM 3 Credit Hours
(Slashed with SPAD 56028) Critically evaluates the role of sport in film as it relates to a variety of issues in society.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 46080 LEGAL ISSUES IN SPORT AND RECREATION 3 Credit Hours
(Slashed with SPAD 56080) A discussion of legal issues as they apply to the sport and recreation industries.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 46095 SPECIAL TOPICS IN SPORT ADMINISTRATION 1-3 Credit Hours
(Repeatable for credit) Special topics in Sport Administration.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

SPAD 50020 HIGH PERFORMANCE ATHLETES IN SPORT 3 Credit Hours
(Slashed with SEPP 40020) This course provides an understanding of various aspects of training, coaching, and best practices in working with athletes in a high-performance environment along with an emphasis on the social-psychological factors related to the successful performance of elite level athletes and teams.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 50221 EXERCISE PSYCHOLOGY 3 Credit Hours
(Slashed with SEPP 40221) This course is designed to examine the science and practice of exercise psychology from both a theoretical and applied perspective. Students will be engaged in a comprehensive inquiry into behaviors and lifestyles that influence physical and mental health from physical activity, exercise, and psychological lenses. Students will explore topics such as stress, anxiety, cognitive functioning, mood, body image, personality, emotion, and childhood inactivity/obesity as they relate to exercise behaviors and contexts. Students will gain a general understanding of issues in exercise psychology related to theory, practice, and research. In addition, students will develop practical skills to promote exercise adherence and create an exercise intervention program.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 53018 ETHICS IN SPORT 3 Credit Hours
(Slashed with SPAD 43018 and SPAD 73018) Examination of selected situations in sport from an ethical reasoning perspective. Students undertake a problem-oriented case study approach that is based upon contemporary moral issues and moral theory.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 53093 VARIABLE TITLE WORKSHOP IN SPORT ADMINISTRATION 1-3 Credit Hours
(Repeatable for credit) Topics vary in sport studies. Maximum 4 credit hours may be applied to degree.
Prerequisite: Graduate standing.
Schedule Type: Workshop
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

SPAD 55007 PRINCIPLES AND APPLICATION OF SPORT PSYCHOLOGY 3 Credit Hours
(Slashed with SEPP 45007) This course encompasses the most current developments in the field of psychology with a strong foundation of the principles of human behavior in the sport and movement sciences. It incorporates sound practical theory with a focus on the application of that knowledge to be readily used by students in a range of sport and movement science careers; such as athletic training, coaching, sport management, consulting, physical education teachers and related areas with the goal to improve the sport performance and experience for all.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 55022 EVENT PLANNING AND PRODUCTION 3 Credit Hours
(Slashed with SPAD 45022) Students learn the proper planning process that all sport events undergo. Students apply these concepts in actual events that they develop and hold.
Prerequisite: Graduate standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2 lecture, 2 lab
Grade Mode: Standard Letter

SPAD 55024 SPORT IN GLOBAL PERSPECTIVE 3 Credit Hours
(Slashed with SPAD 45024) Students critically analyze how sport relates to general features of globalization and provide insight into the connection between global and local politics (including ethnic, religious, gender, environmental and sociospatial politics). The underlying assumption is that sport is part of a growing network of global inter-dependencies that bind human beings together.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 55026 SPORT AND THE MEDIA 3 Credit Hours
(Slashed with SPAD 45026) Course offers an introduction to current scholarship and issues concerning sport and the media, including critical analysis of media representations with attention to gender, race, sexuality and disability; an examination of the structure of sports journalism and production; and an analysis of the role of mediated sport in culture more generally. The roles of institutions, producers, texts and audiences and their relationships to each other are examined.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 55029 HISTORY AND CURRENT ISSUES IN COLLEGIATE ATHLETICS 3 Credit Hours
(Slashed with SPAD 45029) Examination of the historical development of athletics within American institutions of higher learning, with an emphasis upon concepts and ideals that underlie the developments and the major problems affecting contemporary intercollegiate athletics.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 55031 SPORT TOURISM 3 Credit Hours
(Cross-listed with RPTM 45031) (Slashed with SPAD 45031) Course incorporates both theoretical learning of travel for sports as a global phenomenon and application of such knowledge in hosting a sporting event with travel as the focus. The experiential, cultural and economic aspects of sport tourism are examined. Students demonstrate their ability to prepare a sport tourism plan upon the completion of the course.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 55032 SALES MANAGEMENT IN SPORT AND ENTERTAINMENT 3 Credit Hours
(Slashed with SPAD 45032) Students are introduced to the area of sales-force management in sport and entertainment. Historical, theoretical and conceptual frameworks are examined thoroughly, as well as functions, activities and skills of the professional salesperson in the age of information and technology.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 55033 CHANGE YOUR MIND, GAME AND LIFE 1 Credit Hour
(Slashed with SPAD 45033) Course focuses students on mental training to enhance sport performance and have personal growth experiences. Course assists students to tap into their inner potential by refocusing their mind, to learn they are responsible for their own life experiences, to learn that the things they want most in their lives are found within themselves and to take responsibility for their upsets.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

SPAD 55034 ESPORT MANAGEMENT 3 Credit Hours
(Slashed with SPAD 45034) Students will learn about the esport industry, its consumer and constituents. Also, students will investigate the steps and components necessary to manage esport teams and esport events.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 55035 SPORTS WAGERING 3 Credit Hours
(Slashed with SPAD 45035) This course investigates the sports wagering industry. Students will learn about the different forms of wagering, the statutes and cases impacting sports wagering as well as impact on society of increased access to sports wagering. Prerequisite: Graduate Standing
Schedule Type: Lecture
Contact Hours: 3 lecture, 0 lab, 0 other
Grade Mode: Standard Letter

SPAD 55050 SOCIAL PSYCHOLOGY OF SPORT 3 Credit Hours
(Slashed with SPAD 45050 and SPAD 75050) Psychological, social and developmental factors of participation and behavior in sport exercise and recreational activities. Theoretical and applied perspectives addressed.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 55300 MOTIVATION IN SPORT, PERFORMANCE, AND MOVEMENT SETTINGS 3 Credit Hours
(Slashed with SEPP 45300) This course provides an in-depth and wide-ranging look at motivational theories and its application to sport, performance and physical activity. It combines the many theoretical concepts of the diverse frameworks and principles with a survey of motivational interventions performed in the sport domain. Students will leave the class with a rigorous and comprehensive knowledge of constructs, cutting-edge research, effective interventions and future outlook of motivation in sport.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 56028 SPORT IN FILM 3 Credit Hours
(Slashed with SPAD 46028) Critically evaluates the role of sport in film as it relates to a variety of issues in society.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 56080 LEGAL ISSUES IN SPORT AND RECREATION 3 Credit Hours
(Slashed with SPAD 46080) A discussion of legal issues as they apply to the sport and recreation industries.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 58225 SPORT PERFORMANCE PSYCHOLOGICAL INTERVENTIONS 3 Credit Hours
(Slashed with SEPP 48225) This course combines the theoretical concepts of sport and performance psychology with applied skill development to enhance performance. Students will gain knowledge of psychological skills training, learn techniques and develop confidence in their skills to work with athletes and performers. The focus of this course in on both, educational psychological interventions for personal development as well as teaching athletes strategies to enhance mental skill. Learning will be done hands-on, via case studies or scenario-based activities. Through the course of this class this course, students will create and present their individual program for an athlete or performer. This course will include learning and understanding the APA/AASP ethics' code to develop awareness of the boundaries of ethical conduct of the profession.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 63091 RESEARCH SEMINAR 1 Credit Hour
(Slashed with SPAD 73091) Presentation and discussion of research by faculty and students. Maximum 2 credit hours may be applied toward degree requirements.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory

SPAD 63096 INDIVIDUAL INVESTIGATION IN SPORT ADMINISTRATION 1-3 Credit Hours
(Repeatable for maximum 6 credit hours) Independent study completed under the supervision of a faculty member. Written approval of supervising faculty member and school director required prior to registration.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Standard Letter-IP

SPAD 63098 RESEARCH 1-6 Credit Hours
(Repeatable for credit) Research carried out by the student under the supervision of a faculty member.
Prerequisite: Graduate standing.
Schedule Type: Research
Contact Hours: 3-18 other
Grade Mode: Standard Letter-IP

SPAD 63195 SPECIAL TOPICS IN SPORT ADMINISTRATION 1-3 Credit Hours
(Repeatable for credit) Selected and varied topics of relevance in sport administration.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

SPAD 63199 THESIS I 2-6 Credit Hours
(Repeatable for credit) Highly-individualized investigative study resulting in developing and writing a scholarly, comprehensive paper. Thesis students must register for a total of 6 credit hours, 2 to 6 credit hours in a semester distributed over several semesters if desired.
Prerequisite: Graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 6-18 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPAD 63299 THESIS II 2 Credit Hours
Highly-individualized investigative study resulting in developing and writing a scholarly, comprehensive paper. Thesis students must continue registration each semester until all degree requirements are met.
Prerequisite: SPAD 63199; and graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

SPAD 65006 CONTEMPORARY ISSUES IN SPORT MANAGEMENT 3 Credit Hours
(Slashed with SPAD 75006) A comprehensive examination of current topics impacting administrations of professional and amateur sport programs from the local to international level.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 65008 SOCIOLOGY OF SPORT AND PHYSICAL ACTIVITY 3 Credit Hours
(Slashed with SPAD 75008) Sociological analysis of sport from a theoretical and empirical perspective.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 65021 ORGANIZATION AND MANAGEMENT OF SPORTS PROGRAMS 3 Credit Hours
A study of the pragmatic understanding necessary in the organization and management of a sports program at the high school, college or professional level.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 65033 SPORT LAW 3 Credit Hours
Course provides students with a basic understanding of tort, contract and constitutional law in relation to sport.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 65034 CONTEMPORARY SPORT LAW 3 Credit Hours
(Slashed with SPAD 75034) Legal principles of antitrust law, injunctions, labor law and agency in sport, with a focus on professional sports.
Prerequisite: SPAD 65033; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 65036 SPORT IN HIGHER EDUCATION 3 Credit Hours
Identification of contemporary problems and issues in collegiate sport, their history and the role of sport in colleges and universities now and in the future.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 65037 NATIONAL COLLEGIATE ATHLETIC ASSOCIATION COMPLIANCE ADMINISTRATION 3 Credit Hours
This course introduces students to basic NCAA compliance principles and the NCAA rules that affect the administration of a college athletic department. This course offers an understanding of the structure and function of a Division I compliance operation and explores compliance at the Divisions II & III level. The governing principles of institutional control and ethical conduct will be explored from a compliance perspective.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 65038 SPORT PROMOTION AND FUNDRAISING 3 Credit Hours
(Slashed with SPAD 75038) Analysis of contemporary sports promotions strategies, as well as promotion of fundraising tactics.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 65039 FINANCIAL ASPECTS OF SPORT 3 Credit Hours
Review of basic accounting, sources and uses of funds, capital budgeting, leasing and investments as they apply in a sports context. Students are introduced to financial software used in the sport industry.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 65040 SPORT ECONOMICS 3 Credit Hours
Course provides students with key economic theories and principles as applied to the sport industry.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 65042 LEADERSHIP OF SPORT 3 Credit Hours
Study of theoretical and applied constructs foundational to the leadership behavior applied to sport.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 65045 SPORT MARKETING 3 Credit Hours
Students develops an understanding of strategic marketing concepts and principles as they apply to the context of sport and entertainment. Students examine a variety of topics related to the marketing mix, consumer/fan behavior and research methodology. They also explore sport, entertainment and business organization relationships.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 65046 FACILITY MANAGEMENT AND OPERATIONS 3 Credit Hours
Analysis of management competencies necessary to operate sport facilities. Conceptual and technical aspects of planning and design are introduced.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 65048 INTRAMURAL AND CLUB SPORT ADMINISTRATION 3 Credit Hours
Students focus on developing an understanding of how these programs work and what role they play in various recreational environments. Course emphasizes decision-making techniques and communication skills leading to effective planning, organizing and managing a recreational sports-related service or product.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 65092 INTERNSHIP IN SPORT ADMINISTRATION 2-4 Credit Hours
(Repeatable for credit) Field experience involving supervised contact with sport administrators. Students work as an understudy with these administrators in all phases of their positions.
Prerequisite: Graduate standing and special approval.
Schedule Type: Practical Experience
Contact Hours: 13-27 other
Grade Mode: Standard Letter-IP

SPAD 73018 ETHICS IN SPORT 3 Credit Hours
(Slashed with SPAD 43018 and SPAD 53018) Examination of selected situations in sport from an ethical reasoning perspective. Students undertake a problem-oriented case study approach that is based upon contemporary moral issues and moral theory.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 73091 RESEARCH SEMINAR 1 Credit Hour
(Slashed with SPAD 63091) Presentation and discussion of research by faculty and students. Maximum 2 credit hours may be applied toward degree requirements.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory

SPAD 75006 CONTEMPORARY ISSUES IN SPORT MANAGEMENT 3 Credit Hours
(Slashed with SPAD 65006) A comprehensive examination of current topics impacting administrations of professional and amateur sport programs from the local to international level.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 75008 SOCIOLOGY OF SPORT AND PHYSICAL ACTIVITY 3 Credit Hours
(Slashed with SPAD 65008) Sociological analysis of sport from a theoretical and empirical perspective.
Prerequisite: SPAD 75006; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 75034 CONTEMPORARY SPORT LAW 3 Credit Hours
(Slashed with SPAD 65034) Legal principles of antitrust law, injunctions, labor law and agency in sport, with a focus on professional sports.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 75038 SPORT PROMOTION AND FUNDRAISING 3 Credit Hours
(Slashed with SPAD 65038) Analysis of contemporary sports promotions strategies, as well as promotion of fundraising tactics.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

SPAD 75050 SOCIAL PSYCHOLOGY OF SPORT 3 Credit Hours
(Slashed with SPAD 45050 and SPAD 55050) Psychological, social and developmental factors of participation and behavior in sport exercise and recreational activities. Theoretical and applied perspectives addressed.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

Technical and Applied Studies (TAS)

TAS 20092 PRACTICUM FOR TECHNICAL AND APPLIED STUDIES (ELR) 1-3 Credit Hours
(Repeatable for credit) Supervised work experience in a job related to the student's program and career objectives.
Prerequisite: Sophomore standing.
Schedule Type: Practical Experience
Contact Hours: 3-9 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

TAS 22095 SPECIAL TOPICS IN TECHNICAL AND APPLIED STUDIES 1-4 Credit Hours
(Repeatable for credit) Various special topics will be announced in the schedule of classes under this course number with different section numbers.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 1-4 lecture
Grade Mode: Standard Letter

TAS 30095 SPECIAL TOPICS IN TECHNICAL AND APPLIED STUDIES 1-4 Credit Hours
(Repeatable for credit) Various special courses will be announced in the schedule of classes under this course number with different section numbers.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 1-4 lecture
Grade Mode: Standard Letter

TAS 37900 TECHNICAL AND APPLIED STUDIES CORNERSTONE 3 Credit Hours
Cornerstone course instructs students about how the work role in industrial and information societies has evolved to its current organization. Students personalize the information by reflecting on the role of work in their own lives by reviewing theory and application of their own career management, examine the stages of career development, job stress, entrepreneurial careers and organization.
Prerequisite: Major in Technical and Applied Studies, Information Technology, Insurance Studies or Engineering Technology.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TAS 40092 INTERNSHIP FOR TECHNICAL AND APPLIED STUDIES (ELR) 1-3 Credit Hours
(Repeatable for credit) Supervised work experience in a job related to the student's life and career objectives. Student works with a business or organization for a minimum of 45 hours for each hour of credit.
Prerequisite: Junior standing.
Schedule Type: Practical Experience
Contact Hours: 3-9 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

TAS 47999 TECHNICAL AND APPLIED STUDIES CAPSTONE (ELR) (WIC) 3 Credit Hours
Acts as the culminating experience of degree program. Designed to help students articulate and integrate the competencies that are part of their bachelor's degree program. Students will engage in research, writing and application of program specific ethical issues, knowledge and skills specific to their chosen field. Students will explore career opportunities and trends in their field of study. In part, an electronic portfolio is used to help describe familiarity with the competencies gained throughout their degree program.
Prerequisite: Technical and Applied Studies major, Information Technology major, Insurance Studies major, Cybercriminology major or Animation and Game Design major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement, Writing Intensive Course

Theatre (THEA)

THEA 11000 THE ART OF THE THEATRE (DIVG) (KFA) 3 Credit Hours
Using the life-centered nature of theatre as a medium of analysis, this course is designed to develop critically engaged audience members who are aware of the impact, significance and historical relevance of the interconnection between culture and theatre performance.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Global, Kent Core Fine Arts, Transfer Module Fine Arts

THEA 11002 MUSICAL THEATRE PERFORMANCE I 3 Credit Hours
Course focuses on the foundational skills of acting and singing in musical theatre. Students study and practice beginning-level character development, vocal technique, song interpretation and audition skill in a supportive environment.
Prerequisite: Musical Theatre major.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1.5 lecture, 3 other
Grade Mode: Standard Letter

THEA 11100 MAKING THEATRE: CULTURE AND PRACTICE 2 Credit Hours
Overview of theatre practices through creative experiential learning. The focus and course content combines practical and cultural experiences and culminates with a performance event that provides a solid foundation in the artistic process and an identity for the first-year theatre student.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

THEA 11303 THE ART OF ACTING 3 Credit Hours
General introduction to acting: the actor's instrument, sensory awareness, personal and group response, objectives and tactics. Basic scene work.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

THEA 11521 GRAPHICS FOR THE THEATRE 3 Credit Hours
An introduction to computer software currently used by professional theatre designers and technicians. These applications include image processing software, computer-aided design software and 3D visualization software.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 11722 FUNDAMENTALS OF PRODUCTION I: SCENERY, STAGECRAFT AND SOUND 2 Credit Hours
An introduction to professional theatre production principles and practices in the areas of scenery, stagecraft and sound.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter
Attributes: CTAG Performing Arts, TAG Arts and Humanities

THEA 11723 FUNDAMENTALS OF PRODUCTION LABORATORY I: SCENERY 1 Credit Hour
Practice in theatre production techniques in the area of scenery.
Prerequisite: Special approval.
Corequisite: THEA 11722.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

THEA 11724 FUNDAMENTALS OF PRODUCTION LABORATORY II: PROPS AND SCENIC ART 1 Credit Hour
Practice in theatre production techniques in the area of properties and scenic art.
Prerequisite: Special approval.
Corequisite: THEA 11722.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter
Attributes: CTAG Performing Arts, TAG Arts and Humanities

THEA 11725 FUNDAMENTALS OF THEATRE DESIGN AND PRODUCTION 3 Credit Hours
Course introduces students to the fundamental concepts and practices of theatre design and production. Students explore various areas of design, including scenic, costume, lighting and sound design, as well as the process of bringing these elements together in a production. Through lectures, hands-on projects and collaboration, students gain an understanding of how design enhances storytelling in theatre and how technical elements contribute to the overall production.
Prerequisite: Major or minor in School of Theatre and Dance.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 11732 FUNDAMENTALS OF PRODUCTION II: COSTUMES, LIGHTING AND PROJECTIONS 2 Credit Hours
An introduction to professional theatre production principles and practices in the areas of costumes, lighting and projections.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter
Attributes: CTAG Performing Arts

THEA 11733 FUNDAMENTALS OF PRODUCTION LABORATORY III: COSTUMES 1 Credit Hour
Practice in theatre production techniques in the area of costumes.
Prerequisite: Special approval.
Corequisite: THEA 11732.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

THEA 11734 FUNDAMENTALS OF PRODUCTION LABORATORY IV: LIGHTING, SOUND AND PROJECTIONS 1 Credit Hour
Practice in theatre production techniques in the area of lighting, sound and projections.
Prerequisite: Special approval.
Corequisite: THEA 11732.
Schedule Type: Laboratory
Contact Hours: 2 lab
Grade Mode: Standard Letter

THEA 14092 BACHELOR OF FINE ARTS INTRODUCTORY PRACTICUM: DESIGN AND TECHNOLOGY (ELR) 1 Credit Hour
(Repeatable for credit) Practical experience in theatre and dance production. Foundational training for work in various production contexts.
Prerequisite: Theatre Design, Technology and Production major.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

THEA 20102 MUSIC THEORY FOR MUSICAL THEATRE I 2 Credit Hours
Study the basic principles and applications of music theory as it may apply to the work of a professional singing actor. It will begin by gaining a thorough understanding of the rudiments of music and progress to studying the objective and subjective aspects of music and its structure, principally pertaining to the world of musical theatre. The course is intended to establish fundamental concepts to be further explored in THEA 20103.
Prerequisite: Musical Theatre major.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

THEA 20103 MUSIC THEORY FOR MUSICAL THEATRE II 2 Credit Hours
Study the basic principles and applications of music theory as it may apply to the work of a professional singing actor. Course focuses on the interpretation of music for musical theater and serves as a continuation of the material presented in THEA 20102.
Prerequisite: Musical Theatre major.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

THEA 20204 EAR TRAINING AND SIGHT SINGING FOR MUSICAL THEATRE I 1 Credit Hour
Course concentrates on the foundational aural skills needed in the study and application of music theory and performance. Students focus on basic interval, harmonic and rhythmic identification. Course also addresses beginning-level melodic dictation and sight singing of beginning-level diatonic melodies.
Prerequisite: Musical Theatre major.
Pre/corequisite: THEA 20102.
Schedule Type: Seminar
Contact Hours: 1 other
Grade Mode: Standard Letter

THEA 20205 EAR TRAINING AND SIGHT SINGING FOR MUSICAL THEATRE II 1 Credit Hour
Course continues the development of skills begun in THEA 20204. Students focus on identifying and singing intermediate to advanced diatonic and chromatic melodies and harmonies.
Prerequisite: THEA 20204.
Pre/corequisite: THEA 20103.
Schedule Type: Seminar
Contact Hours: 1 other
Grade Mode: Standard Letter

THEA 21002 MUSICAL THEATRE PERFORMANCE II 3 Credit Hours
Course builds on the foundational skills studied in THEA 11002. Emphasis is placed on music analysis and interpretation as it pertains to musical theatre song. Students engage in preliminary scene study and analysis.
Prerequisite: THEA 11002.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1.5 lecture, 3 other
Grade Mode: Standard Letter

THEA 21016 MAKEUP FOR STAGE AND SCREEN 3 Credit Hours
Study of stage, TV and photographic makeup techniques and materials. Four lecture demonstration laboratory hours per week; special projects as assigned.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21095 SPECIAL TOPICS IN THEATRE 1-3 Credit Hours
(Repeatable for credit) Offered irregularly when unusual resources permit a topic different from existing courses. Topic will be announced when scheduled.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

THEA 21111 SCRIPT ANALYSIS 3 Credit Hours
Principles, theories and techniques of play script analysis for theatrical production.
Prerequisite: THEA 11100; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: TAG Arts and Humanities

THEA 21303 ACTING PROCESS 3 Credit Hours
Fundamentals of naturalistic acting and interaction; development of spontaneity, believability and a sense of truth; game playing and basic stage technique.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 2 lecture, 1 lab
Grade Mode: Standard Letter

THEA 21306 MUSICAL THEATRE PERFORMANCE I 3 Credit Hours
(Repeatable for a maximum of 12 credit hours) Performance-oriented class that will focus on techniques and styles of performance in musical theatre and cabaret from Gilbert and Sullivan to present.
Prerequisite: Musical theatre major.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 21501 SOPHOMORE PORTFOLIO REVIEW 1 Credit Hour
Preparation and review of a portfolio of work, judged by the design technology faculty at the beginning of the spring semester. Student must pass to remain in the BFA design technology program.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory

THEA 21521 THEATRICAL DRAFTING 3 Credit Hours
Drafting techniques for all design and technology students. Includes plans, elevations, sections, detailed drawings light plots.
Prerequisite: THEA 11521 and THEA 11722 and THEA 11723; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21522 LIGHTING DESIGN 3 Credit Hours
Exploration of the tools of the lighting designer applied to design choices; frequent paper design projects.
Prerequisite: THEA 11732 and THEA 11734; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21523 COSTUME TECHNOLOGY 3 Credit Hours
Study of the basics of costume construction, pattern drafting, tailoring and millinery for costumes in the performing arts. A variety of historical periods and styles are covered. Students create portfolio-quality projects.
Prerequisite: THEA 11732; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21524 COSTUME DESIGN 3 Credit Hours
Theory and practice of costume design. Emphasis on play text analysis, formation of concepts, use of design elements and principles, period styles.
Prerequisite: THEA 11732; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21526 BASIC COSTUME CONSTRUCTION 3 Credit Hours
Course is designed to provide the student with a more advanced set of sewing skills in preparation for stitcher positions in the entertainment field. Prepares students for more advanced costume technology courses.
Prerequisite: THEA 11732; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21528 SOUND AND PROJECTION DESIGN AND TECHNOLOGY 3 Credit Hours
Studies in sound design and projection design with emphasis on practical application and specific processes related to designing for theatre and dance.
Prerequisite: THEA 11521; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21621 SCENE PAINTING 3 Credit Hours
Techniques of scene painting; emphasis on a variety of techniques through practical projects.
Prerequisite: THEA 11722 and THEA 11724; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21622 SCENE DESIGN 3 Credit Hours
Theory and practice of scene design; emphasis on script analysis, formation of concepts, use of design elements and principles in period styles and genres.
Prerequisite: THEA 11722 and THEA 11723; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21700 MOVEMENT I 3 Credit Hours
Beginning exploration of technical skills emphasizing the physical components of expressive action through integration of breath, text and body conditioning.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 21736 STAGE MANAGEMENT 3 Credit Hours
Introduction to the skills and techniques necessary to stage manage a theatrical production. Focus on the production process, preparing for and running rehearsals and performances, paperwork and communication skills.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 21800 VOICE I 3 Credit Hours
Breathing, physical alignment, sound and text explorations designed to develop relaxed, free and fully connected voice production for the actor. Proper use and care of the voice.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 22092 PRACTICUM: DESIGN AND TECHNOLOGY (ELR) 1-3 Credit Hours
(Repeatable for credit) Practical experience in theatre production under faculty supervision. Available for lower-division students only. Required of all theatre majors.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement, TAG Arts and Humanities

THEA 22192 PRACTICUM I: PERFORMANCE (ELR) 3 Credit Hours
(Repeatable for credit) Practical experience in theatre performance under faculty supervision. Available for lower-division students only.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 3 lecture
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement, TAG Arts and Humanities

THEA 22292 PRACTICUM I:THEATRE MANAGEMENT (ELR) 3 Credit Hours
(Repeatable for a maximum of 12 credit hours) Practical experience in theatre management under faculty supervision.
Prerequisite: Freshmen or sophomore only; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

THEA 23092 BACHELOR OF FINE ARTS SOPHOMORE PRACTICUM: DESIGN AND TECHNOLOGY (ELR) 1 Credit Hour
(Repeatable for credit) Practical experience at the sophomore level in theatre and dance production.
Prerequisite: Theatre design, technology and production major; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

THEA 31030 GLOBAL THEATRE HISTORIES 3 Credit Hours
Theatre creates meaning within the particular historical and cultural contexts in which it is created and received. In this course, students are introduced to several key moments, figures, productions and styles; they explore how primary and secondary research can be used to understand those works within the contexts of their creation and illuminate their ongoing relevance to contemporary artists and audiences today. Students practice engaging with the conventions of various cultural performances. They develop skills in finding, reading, interpreting, summarizing and applying cultural and historical research to understand and explain performances.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 31110 HISTORY OF THEATRE AND DRAMA I 3 Credit Hours
Theatre history and drama in Europe from antiquity through the renaissance.
Prerequisite: THEA 21111; and junior standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 31111 HISTORY OF THEATRE AND DRAMA II 3 Credit Hours
Theatre history and drama in Europe and the United States from 1700 to the present.
Prerequisite: THEA 21111; and junior standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 31200 APPLIED VOICE FOR MUSICAL THEATRE 2 Credit Hours
(Repeatable for credit) A comprehensive study of performance, technique and repertoire appropriate to music majors or musical theatre majors. Individual study. An audition is required. This course is not part of the ODHE Transfer Assurance Guides.
Prerequisite: Musical Theatre major; and special approval.
Schedule Type: Private Lesson
Contact Hours: 1.5 other
Grade Mode: Standard Letter

THEA 31303 CHARACTER AND SCENE STUDY I 3 Credit Hours
The development of character in the realistic scene.
Prerequisite: THEA 21303; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 31304 CHARACTER AND SCENE STUDY II 3 Credit Hours
Further character and scene exploration; spontaneity and creative choice making.
Prerequisite: THEA 31303; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 31401 DIRECTING 3 Credit Hours
Theoretical and practical work in the process of play direction; the director's mission; play analysis and design collaboration; the rehearsal process.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 31526 FLAT PATTERNING FOR THEATRE 3 Credit Hours
The course is designed to provide the student with a basic set of skills in flat patterning techniques, using the sloper (a basic fitted pattern from which patterns for different styles can be developed) and individualizing patterns to meet the actors costume needs. This class is also preparatory for more advanced costume technology courses.
Prerequisite: THEA 21526.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 31701 MOVEMENT II 3 Credit Hours
Development of movement exploration and improvisation skills which focus on physical relationships in performance and utilize the components of energy, space and time.
Prerequisite: THEA 11303 or THEA 21306; and special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 31801 VOICE II 3 Credit Hours
Continuation of THEA 21800. Explorations involve various texts and incorporation of voice principles at a more detailed level.
Prerequisite: THEA 21800; and special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 32000 BACHELOR OF FINE ARTS PORTFOLIO REVIEW 1 Credit Hour
(Repeatable for credit) Review of a portfolio of theatre and related work, and a review of the student's academic progress and coursework judged by the design/technology faculty at the beginning of the spring semester. Student must pass to remain in the B.F.A. degree.
Prerequisite: Theatre Design, Production and Technology major; and junior standing; and special approval.
Schedule Type: Seminar
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory

THEA 32002 MUSICAL THEATRE PERFORMANCE III 3 Credit Hours
Course focuses on the performance aspects of musical theatre while emphasizing the professional practices necessary for a successful career in the industry. Students continue to develop their acting and vocal skills while exploring the business side of musical theatre, including audition techniques, marketing and networking.
Prerequisite: THEA 21002.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1.5 lecture, 3 other
Grade Mode: Standard Letter

THEA 33092 BACHELOR OF FINE ARTS JUNIOR PRACTICUM: DESIGN AND TECHNOLOGY (ELR) 2 Credit Hours
(Repeatable for credit) Practical experience at the junior level in theatre and dance production.
Prerequisite: Theatre design, technology and production major; and special approval.
Schedule Type: Practical Experience
Contact Hours: 6 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

THEA 34092 BACHELOR OF FINE ARTS ADVANCED PRACTICUM: DESIGN AND TECHNOLOGY (ELR) 1-2 Credit Hours
(Repeatable for credit) Practical experience at an advanced level in theatre and dance production.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 3-6 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

THEA 40091 VARIABLE TOPICS SEMINAR: DEVISING THEATRE 3 Credit Hours
(Slashed with THEA 50091) A devised theatre event is work that has emerged and been generated by a group of people working in collaboration. Devising Theatre explores the processes of creating original performances defined and determined by its makers. Process and product originate from stimuli other than traditional play scripts. Students learn specialist techniques by developing solo and group performance pieces. Alternative modes of making theatre performances are considered.
Prerequisite: Special approval.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 41010 THEATRE AND SOCIAL CHANGE 3 Credit Hours
(Slashed with THEA 51010) This course interweaves the history, theory, practice and play text development in the field of theatre and social change.
Prerequisite: THEA 11000 or THEA 11100.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41026 PLAYWRITING (WIC) 3 Credit Hours
(Repeatable for a total of 6 credit hours)(Slashed with THEA 51026) Principles underlying playwriting for the contemporary theatre; analysis of short play form.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

THEA 41027 ADVANCED PLAYWRITING 3 Credit Hours
(Repeatable for a maximum of 6 credit hours)(Slashed with THEA 51026) Application of principles of playwriting to the longer play and to variations from traditional realism; play analysis and composition.
Prerequisite: THEA 41026; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41089 INTERNATIONAL EXPERIENCE: THEATRE AND SOCIAL CHANGE IN CZECHIA (DIVG) (ELR) 3 Credit Hours
(Slashed with THEA 51089)(Repeatable for credit) Using a combination of in-depth research and direct learning experiences, this course explores the intersection between theatre and socio-political change through the example of Czechoslovakia's history from the 1968 Prague Spring to the Velvet Revolution of 1989/90 and on through today's concerns of Western late-stage capitalism. Students study both historical and contemporary texts, as well as view productions while on a study abroad program.
Prerequisite: ENG 21011.
Schedule Type: International Experience, Lecture
Contact Hours: 2 lecture, 1 other
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

THEA 41095 SPECIAL TOPICS IN THEATRE 1-3 Credit Hours
(Repeatable for credit)(Slashed with THEA 51095) Course offered irregularly when unusual resources permit a topic different from existing courses. Topic will be announced when scheduled.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

THEA 41096 INDEPENDENT STUDY IN THEATRE 1-3 Credit Hours
(repeatable for a total of 6 hours) selected research topics in theatre; to be elected only after all coursework in study area completed.
Prerequisite: Special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-3 other
Grade Mode: Standard Letter-IP

THEA 41113 THEATRE IN A MULTICULTURAL AMERICA (DIVD) 3 Credit Hours
(Slashed with THEA 51113) A study of theatre and drama in the Native American, Hispanic-American, African-American and Asian-American communities in the United States from 1980 to the present.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Domestic

THEA 41115 LGBTQ THEATRE (DIVD) 3 Credit Hours
(Slashed with THEA 51115) Studies of various theatrical representations of Lesbian, Gay, Bisexual, Transgender and Queer people as seen through the frameworks of history, gender theory, identity, politics, psychology, law and justice.
Prerequisite: Junior standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Domestic

THEA 41130 THEATRE AND DRAMA IN AMERICA 3 Credit Hours
(Slashed with THEA 51130) The history of theatre and drama in America from their beginnings to the present.
Prerequisite: THEA 21111; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41140 AMERICAN MUSICAL THEATRE HISTORY (WIC) 3 Credit Hours
Comprehensively examines the history of American musical theater and incorporates the exploration of musical literature in production and performance.
Prerequisite: Theatre major; and junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

THEA 41191 VARIABLE CONTENT SEMINAR: THEATRE HISTORY, LITERATURE AND THEORY 3 Credit Hours
(Repeatable for credit)(Slashed with THEA 51191) Seminar in theatre history and literature providing an in-depth focus on selected topics such as: African-American theatre, women in theatre, politics and theatre, theatre in a multicultural society, costume history on stage and screen.
Prerequisite: Special approval.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 41301 ACTING FOR THE CAMERA I 3 Credit Hours
(Slashed with THEA 51301) Introduction to the specific techniques used in film acting. The course provides students with the necessary tools to make the transition from stage acting to camera acting.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41302 ACTING FOR THE CAMERA II 3 Credit Hours
(Slashed with THEA 51302) Further development on the specific techniques used in film acting. The course continues to assist students in making the transition from stage acting to camera acting.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41304 ACTING II-SCENE STUDY-MODERN AMERICAN REALISM 3 Credit Hours
(Slashed with THEA 51304) The application of the Stanislavski and Michael Chekhov Techniques to in-depth scene study using the plays of Odets, Miller, Williams, Shanley and others.
Prerequisite: None.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 41305 PROFESSIONAL ASPECTS: PERFORMANCE 3 Credit Hours
(Slashed with THEA 51305) A study of the practical demands and requirements of a professional acting career with particular emphasis on audition skills. Also covered: pictures and resumes, making rounds, professional unions, casting directors, agents and managers, the job market and career prospects.
Prerequisite: Junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41306 PROFESSIONAL ASPECTS: DESIGN AND TECHNOLOGY 3 Credit Hours
A study of the practical demands and requirements of a professional career in design and technology, including portfolio development, resumes, unions, job market, financial matters and career prospects. Use of computers as a resource and tool emphasized.
Prerequisite: Junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41307 MUSICAL THEATRE PERFORMANCE II 3 Credit Hours
Repeatable for credit. Advanced work in musical theatre performance techniques for junior- and senior-level students. Course content includes selecting appropriate musical theatre audition material and developing contrasting selections from the musical theatre repertory. Preparation for musical theatre auditions is included.
Prerequisite: THEA 21306; and special approval.
Schedule Type: Studio
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 41308 MUSICAL THEATRE AUDITION 3 Credit Hours
(Repeatable for credit) Course explore the various genres and styles of American musical theatre songs with specific emphasis on finding practical audition repertoire for each student. Performance and research are the primary activities in the class.
Prerequisite: Major or minor in School of Theatre and Dance.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1.5 lecture, 3 other
Grade Mode: Standard Letter

THEA 41401 ADVANCED DIRECTING 3 Credit Hours
(Slashed with THEA 51401) Advanced work in directing for the theatre. Topics include the director as creative/interpretative artist and the director and the actor; students direct individual projects.
Prerequisite: THEA 11303 and THEA 31401; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41420 THEATRICAL DRAFTING II 3 Credit Hours
(Slashed with THEA 51420) Advanced 2D and 3D drafting techniques for technical directors and theatre designers. Representation of scenery through drafting using current AutoCAD software.
Prerequisite: THEA 21521.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41430 ADVANCED CONSTRUCTION THEORY 3 Credit Hours
(Slashed with THEA 51430) The theory and practice of structural and mechanical design for theatre production. Related issues in resource management for the professional shop, including reliably predicting the performance of untraditional, unusual or unfamiliar structures and use of mathematical models, formulas, and representative diagrams.
Prerequisite: THEA 11722 and THEA 41560; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41440 SHOP MANAGEMENT 3 Credit Hours
(Slashed with THEA 51440) Study of resource management, both human and non-human, for professional and academic shops. Topics include scheduling, budgeting, health and safety, interactions with other theatre workers and leadership development.
Prerequisite: THEA 11722; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41499 MUSICAL THEATRE SHOWCASE (ELR) 2 Credit Hours
(Repeatable for credit) (Slashed with THEA 51499) Development, promotion, and presentation of a Musical Theatre showcase for industry casting personnel in New York City. Audition required prior to registration for this course.
Prerequisite: Senior standing; and special approval.
Schedule Type: Senior Project/Honors Thesis
Contact Hours: 3 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

THEA 41501 SENIOR PORTFOLIO REVIEW 1 Credit Hour
Review of a portfolio of theatre and related work, and a review of the student's academic progress coursework and professional potential judged by the design technology faculty at the end of the fall semester. Student must pass to remain eligible for the bfa design technology degree.
Prerequisite: Theatre design, production and technology major; senior standing and; special approval.
Schedule Type: Studio
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory

THEA 41521 ADVANCED LIGHTING TECHNOLOGY I 3 Credit Hours
(Slashed with THEA 51521) Advanced study of the technologies used in lighting design; conventional and intelligent fixtures, electricity, projection techniques and special effects.
Prerequisite: THEA 11732 and THEA 11734; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41522 DESIGN STUDIO: LIGHTING 3 Credit Hours
(Slashed with THEA 51522) Advanced study of lighting design, emphasizing artistic style and concept through a variety of design problems.
Prerequisite: THEA 21522; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41523 SOUND DESIGN AND TECHNOLOGY I 3 Credit Hours
(Slashed with THEA 51523) Sound design for the theatre, sound production and sound reinforcement techniques. Introduction to electronic equipment mixing consoles amplifiers speakers.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41524 DESIGN STUDIO: COSTUME 3 Credit Hours
(Slashed with THEA 51524) Advanced study in costume design. Genres styles in the context of performance spaces with an emphasis on research, practical considerations of costume production and communication between designer shop/personnel and designer director.
Prerequisite: THEA 21524; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41525 PROPS AND CRAFTS 3 Credit Hours
(Slashed with THEA 51525) Examination of the processes related to the creation and procurement of scenic and costume props.
Prerequisite: THEA 11722 and THEA 11732; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41526 ADVANCED LIGHTING TECHNOLOGY II 3 Credit Hours
(Slashed with THEA 51526) Course focuses on the practice of intelligent lighting programming and the technology of intelligent lighting fixtures.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41527 SOUND DESIGN AND TECHNOLOGY II 3 Credit Hours
(Slashed with THEA 51527) Studies in sound design, sound production and reinforcement for live performance. Advanced software applications will be explored.
Prerequisite: THEA 41523; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41528 THEATRE SOUND REINFORCEMENT 3 Credit Hours
(Slashed with THEA 51528) Studies in the theories and practice of audio mixing in support of live vocal and musical performance. Topics include wired and wireless microphones and real time digital processing of audio.
Prerequisite: THEA 41523; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41529 ADVANCED WIG AND MAKEUP TECHNIQUES-STAGE AND SCREEN 3 Credit Hours
(Slashed with THEA 51529) Advanced study of the process of designing and executing wigs and makeup with an emphasis on standards in the profession. Some prosthetic work required.
Prerequisite: Junior standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41531 THEATRICAL RIGGING 3 Credit Hours
(Slashed with THEA 51531) Course is designed to teach students the principles of stage rigging, knot tying and counterweight rigging systems used in theatrical and other live entertainment situations. Students examine the process involved in overhead applications for the theatre industry. Students learn the proper method to design and rig in theatrical environments through the explanation of tools, equipment, hardware and safety practices.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41540 DRAPING FOR THE THEATRE I 3 Credit Hours
(Slashed with THEA 51540) The course is designed to provide an introduction to the basics of draping and building flat patterning techniques from this knowledge as they apply to theatre.
Prerequisite: THEA 31526; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41541 DRAPING FOR THE THEATRE II 3 Credit Hours
(Slashed with THEA 51541) Course is designed to build upon skills developed in Draping for the Theatre I. Emphasis is placed on learning to drape over period undergarments such as corsetry, panniers, bustles, etc.
Prerequisite: THEA 31526; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41560 THEATRE FABRICATION TECHNOLOGY 3 Credit Hours
(Slashed with THEA 51560) History of technical production practice, materials theory and application in scenic construction technology.
Prerequisite: THEA 21521; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41562 ADVANCED PROJECTION DESIGN 3 Credit Hours
(Slashed with THEA 51562) Studies in projection design, digital media, and related technologies. Advanced software applications will be explored.
Prerequisite: THEA 11521; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41620 HISTORY OF PERIOD STYLES FOR THEATRE DESIGNERS (WIC) 3 Credit Hours
Students explore the way in which theatre designers approach period style in their own creative work.
Prerequisite: Theatre design, technology and production major; and junior standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Writing Intensive Course

THEA 41621 PRESENTATION MEDIA 3 Credit Hours
(Slashed with THEA 51621) Advanced process techniques in rendering, model building and design presentation for the scenic costume and lighting designer in traditional and new media.
Prerequisite: THEA 11722 and THEA 11732 and THEA 21521; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41622 DESIGN STUDIO: SCENERY 3 Credit Hours
(Slashed with THEA 51622) Advanced study in scenic design. Explores genres styles performance spaces, including practical considerations.
Prerequisite: THEA 21622; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41625 HISTORY OF COSTUME AND TEXTILES FOR THEATRE 3 Credit Hours
(Slashed with THEA 51625) This class is designed to give a global overview of the history of period costume and textiles from 1500 to 1990, a span of time that is most often used in theatrical production and broken down into commonly regarded "time periods" in the history of costume as well as looking at clothing history across various continents and regions. Emphasis is placed on how, as theatre practitioners, we can recreate the silhouettes of these periods and regions in ways that make sense to our audience using the textiles available today. We will also look at the social and cultural influences of clothing, recognition of historic silhouette, and focus how to utilize various tools needed to accurately research any given period or region.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41702 MOVEMENT AND DANCE FOR ACTORS 3 Credit Hours
(Repeatable for a maximum of 6 credit hours)(Slashed with THEA 51702) Designed to acquaint actors with theatre dance techniques and choreographic styles by concentrating on vernacular dances used throughout musical theatre. Course combines basic ballet, jazz and tap terminology.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 41703 STAGE COMBAT 3 Credit Hours
(Repeatable for a maximum of 6 credit hours)(Slashed with THEA 51703) Introductory course focuses on creating the illusion of violence for the stage and screen. Basic instruction is given in unarmed and armed stage combat. Emphasis is on the development of technique; the process of the work; and the performance, with a focus on safety, accuracy and the fundamental techniques recognized by the Society of American Fight Directors (SAFD). Basic techniques are incorporated into short scenes to provide experience performing fights in production.
Prerequisite: Special approval.
Schedule Type: Laboratory, Lecture
Contact Hours: 2 lecture, 2 lab
Grade Mode: Standard Letter

THEA 41726 THEATRE MANAGEMENT 3 Credit Hours
Principles and practices of managing theatrical-producing organizations. Problems of finance, personnel, policy, program building and public relations. Production participation as assigned.
Prerequisite: Junior standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41734 COSTUME PRODUCTION MANAGEMENT 3 Credit Hours
(Slashed with THEA 51734) The course is designed to provide an introduction to managerial processes as they apply to costume production; the role of a shop manager, the roles of a wardrobe supervisor and wardrobe crew, and the running of a smooth technical rehearsal and production.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41736 PRODUCTION AND STAGE MANAGEMENT 3 Credit Hours
(Slashed with THEA 51736) Advanced investigation of the methodology used in stage managing professional theatrical productions and production management processes. Focus on production processes for various theatre, dance, opera and entertainment genres.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 41804 MILLINERY TECHNIQUES 3 Credit Hours
(Slashed with THEA 51804) This course is designed to provide an introduction to the basics of millinery techniques. Emphasis is placed on essential millinery principles, quality millinery supplies and finishing techniques, as well as the design and patterning of a variety of hat wear.
Prerequisite: Junior standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 2 lecture, 2 other
Grade Mode: Standard Letter

THEA 41808 ACTING STYLES I: SHAKESPEARE 3 Credit Hours
(Slashed with THEA 51808) The application of acting, movement, and voice and speech techniques to sonnets, monologues, soliloquies and scenes from Shakespeare.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 41999 CAPSTONE PROJECT (ELR) 1-3 Credit Hours
The capstone project represents a culminating event for the student. Capstone projects can be undertaken in the junior or senior year and are identified in consultation with a faculty advisor. Honor students may combine the capstone project with an Honors thesis.
Prerequisite: Junior standing; and special approval.
Schedule Type: Project or Capstone
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

THEA 42002 MUSICAL THEATRE PERFORMANCE IV 3 Credit Hours
Course focuses on synthesizing the multiple aspects of musical theatre performance. Solo and ensemble work are emphasized with special concentration on scene work specific to musical theatre. This course is the culmination of the four-course sequence in musical theatre performance.
Prerequisite: THEA 32002.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1.5 lecture, 3 other
Grade Mode: Standard Letter

THEA 42040 SHOP MANAGEMENT 3 Credit Hours
(Slashed with THEA 52040) Course provides an in-depth exploration of the principles and practices of shop management specific to scenic and costume design, integrating foundational concepts of managerial science. Students learn about production processes, resource management, budgeting, organizational behavior, safety practices/OSHA requirements and strategic planning. The course emphasizes both theoretical frameworks and practical applications, preparing students for successful careers in theatrical production and management.
Prerequisite: THEA 11725 and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 42062 PRESENTATION MEDIA 3 Credit Hours
(Slashed with THEA 52062) Course explores the fundamental skills in drawing, painting, drafting and model building specifically designed for theatre production. Students develop techniques in visualizing and constructing set and costume designs. Emphasis is placed on artistic interpretation, spatial understanding and technical skills needed to communicate design concepts effectively for stage productions.
Prerequisite: THEA 11725 and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 42092 PRACTICUM: DESIGN AND TECHNOLOGY (ELR) 1-3 Credit Hours
(Repeatable for credit) Practical experience in theatre production under faculty supervision.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 3-9 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

THEA 42101 DYE TECHNIQUES AND FABRIC MODIFICATION 3 Credit Hours
(Slashed with THEA 52101) This course is designed to enable the artisan to identify fiber content and determine appropriate mediums for fabric dyeing. The course explores various techniques such as shabori, stamping, rubbing, and surface lifting in order to create special effects on fabrics. A collection of dye fabric samples and information will be created so student may use as a reference book.
Prerequisite: Junior standing; and special approval.
Schedule Type: Laboratory, Lecture
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

THEA 42150 3D CHARACTERS: FOAM FABRICATION AND FIGURE FINISHING TECHNIQUES 3 Credit Hours
(Slashed with THEA 52150) This course provides knowledge and application of the different types of plastics/foams used for 3D character building. This course is designed to enable the artisan to work with a range of materials when building atypical pieces for costumes or props.
Prerequisite: Junior standing; and special approval.
Schedule Type: Laboratory, Lecture
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

THEA 42192 PRACTICUM II: PERFORMANCE (ELR) 3 Credit Hours
(Repeatable for credit) Advanced practical experience in theatre performance under faculty supervision. Available for upper division students only.
Prerequisite: Junior or senior standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

THEA 42292 PRACTICUM II: THEATRE MANAGEMENT (ELR) 3 Credit Hours
(Repeatable for a maximum of 12 credit hours) Advanced practical experience in theatre management under faculty/staff supervision. Available for upper division students only.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

THEA 42999 PORTHOUSE PERFORMANCE EXPERIENCE (ELR) 3 Credit Hours
(Repeatable for credit) Intensive advanced training in practical aspects of production at Porthouse Theatre. Periodic seminars, research, written work and laboratory sessions in preparation for performance in a theatre company.
Prerequisite: Major or minor in the School of Theatre and Dance.
Schedule Type: Project or Capstone
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory
Attributes: Experiential Learning Requirement

THEA 50091 VARIABLE TOPIC SEMINAR: DEVISING THEATRE 3 Credit Hours
A devised theatre event is work that has emerged and been generated by a group of people working in collaboration. Devising Theatre explores the processes of creating original performances defined and determined by its makers. Process and product originate from stimuli other than traditional play scripts. Students learn specialist techniques by developing solo and group performance pieces. Alternative modes of making theatre performances are considered.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 51010 THEATRE AND SOCIAL CHANGE 3 Credit Hours
(Slashed with THEA 41010) This course interweaves the history, theory, practice and play text development in the field of theatre and social change.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51026 PLAYWRITING 3 Credit Hours
(Repeatable once for credit) Principles underlying playwriting for the contemporary theatre; analysis of short play form.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51027 ADVANCED PLAYWRITING 3 Credit Hours
(Repeatable once for credit)(Slashed with THEA 41027) Application of principles of playwriting to the longer play and to variations from traditional realism;play analysis and composition.
Prerequisite: THEA 51026; and graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51089 INTERNATIONAL EXPERIENCE: THEATRE AND SOCIAL CHANGE IN CZECHIA 3 Credit Hours
(Slashed with THEA 41089)(Repeatable for credit) Using a combination of in-depth research and direct learning experiences, this course explores the intersection between theatre and socio-political change through the example of Czechoslovakia's history from the 1968 Prague Spring to the Velvet Revolution of 1989/90 and on through today's concerns of Western late-stage capitalism. Students study both historical and contemporary texts, as well as view productions while on a study abroad program.
Prerequisite: Graduate standing.
Schedule Type: International Experience, Lecture
Contact Hours: 2 lecture, 1 other
Grade Mode: Standard Letter

THEA 51095 SPECIAL TOPICS 1-3 Credit Hours
(Repeatable for credit)Offered irregularly when unusual resources permit a topic.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

THEA 51113 THEATRE IN A MULTICULTURAL AMERICA 3 Credit Hours
A study of theatre and drama in the Native American, Hispanic American, African-American, and Asian American communities in the United States from 1980 to the present.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51115 LGBTQ THEATRE 3 Credit Hours
Studies of various theatrical representations of Lesbian, Gay, Bisexual, Transgender and Queer people as seen through the frameworks of history, gender theory, identity, politics, psychology, law, and justice.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51130 THEATRE AND DRAMA IN AMERICA 3 Credit Hours
The history of theatre and drama in America from their beginnings to the present.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51191 VARIABLE CONTENT SEMINAR: THEATRE HISTORY, LITERATURE AND THEORY 3 Credit Hours
(Repeatable for credit)Seminar focuses on selected topics in these areas, for example performance art, performance theory or theatre in a multicultural society.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 51301 ACTING FOR THE CAMERA I 3 Credit Hours
An introduction to the specific techniques used in film acting. The course provides students with the necessary tools to make the transition from stage acting to camera acting.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51302 ACTING FOR THE CAMERA II 3 Credit Hours
Further development on the specific techniques used in film acting as applied to the Graduate Actor. The course continues to assist in making the transition from stage acting to camera acting.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51303 ACTING I FOUNDATIONS/STANISLAVSKI AND MICHAEL CHEKHOV 3 Credit Hours
The Stanislavski and Michael Chekhov Techniques: A thorough exploration of Stanislavski's Method of Psycho-Physical Action, and the Michael Chekhov technique including atmosphere, psychological gesture, and qualities of movement.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 51304 ACTING II: SCENE STUDY-MODERN AMERICAN REALISM 3 Credit Hours
The application of the Stanislavski and Michael Chekhov Techniques to in-depth scene study using the plays of Odets, Miller, Williams, Shanley and others.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 51305 PROFESSIONAL ASPECTS: PERFORMANCE 3 Credit Hours
(Slashed with THEA 41305) A study of the practical demands and requirements of a professional acting career with particular emphasis on audition skills. Also covered pictures and resumes, making rounds, professional unions, casting directors, agents and managers, the job market and career prospects.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51308 MUSICAL THEATRE AUDITION 2 Credit Hours
(Repeatable for a maximum of 4 credit hours) Explore the various genres and styles of American musical theatre songs with specific emphasis on finding practical audition repertoire for each student. Performance and research will be the primary activities in the class.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

THEA 51401 ADVANCED DIRECTING 3 Credit Hours
Advanced work in directing for the theatre. Topics include director as creative interpretative artist, the director and the actor. Students direct individual projects.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51420 THEATRICAL DRAFTING II 3 Credit Hours
(Slashed with THEA 41420) Advanced 2D and 3D drafting techniques for technical directors and theatre designers. Representation of scenery through drafting using current AutoCAD software.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51430 ADVANCED CONSTRUCTION THEORY 3 Credit Hours
(Slashed with THEA 41430) The theory and practice of structural and mechanical design for theatre production. Related issues in resource management for the professional shop, including reliably predicting the performance of untraditional, unusual or unfamiliar structures and use of mathematical models, formulas, and representative diagrams. Graduate Students will cover steel construction, and cables.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51440 SHOP MANAGEMENT 3 Credit Hours
(Slashed with THEA 41440) Study of resource management, both human and non-human, for professional and academic shops. Topics include scheduling, budgeting, health and safety, interactions with other theatre workers and leadership development.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51499 MUSICAL THEATRE SHOWCASE 2 Credit Hours
(Repeatable for credit) (Slashed with THEA 41499) Development, promotion and presentation of a Musical Theatre showcase for industry casting personnel in New York City. Audition required prior to registration for this course.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Project or Capstone
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 51521 ADVANCED LIGHTING TECHNOLOGY I 3 Credit Hours
Advanced study of the technologies used in lighting design; conventional and intelligent fixtures, electricity, projection techniques and special effects.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51522 DESIGN STUDIO: LIGHTING 3 Credit Hours
Advanced study of lighting design, emphasizing artistic style and concept through a variety of design problems.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51523 SOUND DESIGN AND TECHNOLOGY I 3 Credit Hours
Sound design for the theatre, sound production and sound reinforcement techniques. Introduction to electronic equipment, mixing consoles, amplifiers, speakers.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51524 DESIGN STUDIO: COSTUME 3 Credit Hours
Advanced study in costume design. Genres, styles, in the context of performance spaces with an emphasis on research, practical considerations of costume production and communication between designer/shop personnel and designer/ director.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51525 PROPS AND CRAFTS 3 Credit Hours
Examination of the processes related to the creation and procurement of scenic and costume props.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51526 ADVANCED LIGHTING TECHNOLOGY II 3 Credit Hours
(Slashed with THEA 41526) Course focuses both on the practice of intelligent lighting programming and the technology of intelligent lighting fixtures.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51527 SOUND AND DESIGN TECHNOLOGY II 3 Credit Hours
(Slashed with THEA 41527) Studies in sound design, sound production and reinforcement for live performance. Advanced software applications will be explored.
Prerequisite: THEA 51523; and graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51528 THEATRE SOUND REINFORCEMENT 3 Credit Hours
Studies in the theories and practice of audio mixing in support of live vocal and musical performance. Topics include wired and wireless microphones and real time digital processing of audio.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51529 ADVANCED WIG AND MAKEUP TECHNIQUES-STAGE AND SCREEN 3 Credit Hours
Advanced study of the process of designing and executing wigs and makeup with an emphasis on standards in the profession. Some prosthetic work required.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51531 THEATRICAL RIGGING 3 Credit Hours
(Slashed with THEA 41531) Course is designed to teach students the principles of stage rigging, knot tying and counterweight rigging systems used in theatrical and other live entertainment situations. Students examine the process involved in overhead applications for the theatre industry. Students learn the proper method to design and rig in theatrical environments through the explanation of tools, equipment, hardware and safety practices.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51540 DRAPING FOR THE THEATRE I 3 Credit Hours
(Slashed with THEA 41540) The course is designed to provide an introduction to the basics of draping and building flat patterning techniques from this knowledge as they apply to theatre. More in-depth content for this graduate level course.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51541 DRAPING FOR THE THEATRE II 3 Credit Hours
(Slashed with THEA 41541) Course is designed to build upon skills developed in Draping for the Theatre I. Emphasis is placed on learning to drape over period undergarments such as corsetry, panniers, bustles, etc.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51560 THEATRE FABRICATION TECHNOLOGY 3 Credit Hours
History of technical production practice, materials theory and application in scenic construction technology.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51562 ADVANCED PROJECTION DESIGN 3 Credit Hours
(Slashed with THEA 41562) Studies in projection design, digital media, and related technologies. Advanced software applications will be explored.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51621 PRESENTATION MEDIA 3 Credit Hours
Advanced process techniques in rendering, model building and design presentation for the scenic costume and lighting designer in traditional and new media.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51622 DESIGN STUDIO:SCENERY 3 Credit Hours
Advanced study in scenic design. Explores genres, styles, performance spaces, including practical considerations.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51625 HISTORY OF COSTUME AND TEXTILES FOR THEATRE 3 Credit Hours
(Slashed with THEA 41625) This class is designed to give a global overview of the history of period costume and textiles from 1500 to 1990, a span of time that is most often used in theatrical production and broken down into commonly regarded “time periods” in the history of costume as well as looking at clothing history across various continents and regions. Emphasis is placed on how, as theatre practitioners, we can recreate the silhouettes of these periods and regions in ways that make sense to our audience using the textiles available today. We will also look at the social and cultural influences of clothing, recognition of historic silhouette, and focus how to utilize various tools needed to accurately research any given period or region.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51701 MOVEMENT, FORM AND SPACE I-THE ACTOR'S PHYSICAL INSTRUMENT 3 Credit Hours
Development of technical skills emphasizing the physical components of expressive action through integration of breath, voice and body conditioning.
Prerequisite: Special approval.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 51702 MOVEMENT AND DANCE FOR ACTORS 3 Credit Hours
(Repeatable for a maximum of 6 credit hours) Designed to acquaint actors with theatre dance techniques and choreographic styles by concentrating on vernacular dances used throughout musical theatre. Course combines basic ballet, jazz, and tap terminology.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 51703 STAGE COMBAT 3 Credit Hours
(Repeatable for a maximum of 6 credit hours) (Slashed with THEA 41703) Introductory course focuses on creating the illusion of violence for the stage and screen. Basic instruction is given in unarmed and armed stage combat. Emphasis is on the development of technique; the process of the work; and the performance, with a focus on safety, accuracy and the fundamental techniques recognized by the Society of American Fight Directors (SAFD). Basic techniques are incorporated into short scenes to provide experience performing fights in production.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Laboratory, Lecture
Contact Hours: 2 lecture, 2 lab
Grade Mode: Standard Letter

THEA 51734 COSTUME PRODUCTION MANAGEMENT 3 Credit Hours
(Slashed with THEA 41734) The course is designed to provide an introduction to managerial processes as they apply to costumes, the role of a shop manager, the role of a wardrobe supervisor and the wardrobe crew, the running of a smooth technical rehearsal and production.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51736 PRODUCTION AND STAGE MANAGEMENT 3 Credit Hours
Advanced investigation of the methodology used in stage managing professional theatrical productions and production management processes. Focus on production processes for various theatre, dance, opera and entertainment genres.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 51803 VOICE AND SPEECH I 3 Credit Hours
Practical study and application of voice and speech production for the actor into various styles of verse and prose, including heightened language and text.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2 lecture, 2 lab
Grade Mode: Standard Letter

THEA 51804 MILLINERY TECHNIQUES 3 Credit Hours
(Slashed with THEA 41804) This course is designed to provide an introduction to the basics of millinery techniques. Emphasis is placed on essential millinery principles, quality millinery supplies and finishing techniques, as well as the design and patterning of a variety of hat wear.
Prerequisite: Graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 2 lecture, 2 other
Grade Mode: Standard Letter

THEA 51808 ACTING STYLES I: SHAKESPEARE 3 Credit Hours
The application of acting, movement, and voice and speech techniques to sonnets, monologues, soliloquies, and scenes from Shakespeare.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 52040 SHOP MANAGEMENT 3 Credit Hours
(Slashed with THEA 42040) Course provides an in-depth exploration of the principles and practices of shop management specific to scenic and costume design, integrating foundational concepts of managerial science. Students learn about production processes, resource management, budgeting, organizational behavior, safety practices/OSHA requirements and strategic planning. The course emphasizes both theoretical frameworks and practical applications, preparing students for successful careers in theatrical production and management.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 52062 PRESENTATION MEDIA 3 Credit Hours
(Slashed with THEA 42062) Course explores the fundamental skills in drawing, painting, drafting and model building specifically designed for theatre production. Students develop techniques in visualizing and constructing set and costume designs. Emphasis is placed on artistic interpretation, spatial understanding and technical skills needed to communicate design concepts effectively for stage productions.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 52101 DYE TECHNIQUES AND FABRIC MODIFICATION 3 Credit Hours
(Slashed with THEA 42101) This course is designed to enable the artisan to identify fiber content and determine appropriate mediums for fabric dyeing. The course explores various techniques such as shabori, stamping, rubbing, and surface lifting in order to create special effects on fabrics. A collection of dye fabric samples and information will be created so student may use as a reference book.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Laboratory, Lecture
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

THEA 52150 THREE-DIMENSIONAL CHARACTERS: FOAM FABRICATION AND FIGURE FINISHING TECHNIQUES 3 Credit Hours
(Slashed with THEA 42150) This course provides knowledge and application of the different types of plastics/foams used for 3D character building. This course is designed to enable the artisan to work with a range of materials when building atypical pieces for costumes or props.
Prerequisite: Graduate Standing and special approval.
Schedule Type: Laboratory, Lecture
Contact Hours: 1 lecture, 4 lab
Grade Mode: Standard Letter

THEA 60196 INDIVIDUAL INVESTIGATION: HISTORIC TEXTILES 3 Credit Hours
(Repeatable for credit)Identification and analysis of textile fabric as the reflection of culture.
Prerequisite: Graduate standing.
Schedule Type: Individual Investigation
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 60199 M.F.A. THESIS PROJECT 3 Credit Hours
(Repeatable for credit)Students must register for course during the semester of their M.F.A. thesis project.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Masters Thesis
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 60992 PROFESSIONAL THEATRE INTERNSHIP I 3,6 Credit Hours
(Repeatable once) Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in the Porthouse Theatre Company.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 61000 INTRODUCTION TO GRADUATE STUDY IN THEATRE 3 Credit Hours
Orientation to bibliography and research in the field of theatre with emphasis on application of research to performance.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 61051 GRADUATE PORTFOLIO REVIEW 1 Credit Hour
(Repeatable for credit) This review offers students the opportunity to develop and present a professional-level portfolio and related documentation that shows their development as graduate students in theatre design and technology. Students meet with their faculty advisors to develop their portfolios and receive verbal and written responses to their work. This feedback provides students a benchmark for how they will be assessed in the design technology industry.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory

THEA 61094 COLLEGE TEACHING IN THEATRE 3 Credit Hours
(Repeatable for credit) Strategies for teaching, issues on implications of pedagogical practice and responsibilities of academic leadership.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 61095 SPECIAL TOPICS 1-3 Credit Hours
(Repeatable for credit) Offered irregularly when unusual resources permit a topic different from existing courses. Topic are announced when scheduled.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

THEA 61096 INDIVIDUAL INVESTIGATION: THEATRE AND DRAMA 1-4 Credit Hours
(Repeatable for a maximum of 6 credit hours) Independent study of an area or problem approved by divisional graduate coordinator in consultation with project director.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 1-4 other
Grade Mode: Standard Letter-IP

THEA 61098 RESEARCH 1-15 Credit Hours
(Repeatable for credit) Research or individual investigation for master's-level graduate students. Credits may be applied toward meeting degree requirements with school approval.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Research
Contact Hours: 1-15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 61303 ACTING III SCENE STUDY: NATURALISM AND ABSURD 3 Credit Hours
In-depth scene study in the genres of Naturalism and Absurd theatre. Exploration of the works of Chekhov, Strindberg, Beckett and others.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 61305 ACTING STYLES II: GREEK AND COMEDY OF MANNERS 3 Credit Hours
Application of acting, movement and speech techniques to these specific genres. Focus on style and physicalization using Greek and English Restoration playwrights as well as Molière, Wilde and others.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 61306 PROFESSIONAL ASPECTS: DESIGN AND TECHNOLOGY 3 Credit Hours
A study of the practical demands and requirements of a professional career in design and technology, including portfolio development, resumes, unions, job market, financial matters and career prospects. Emphasis is placed on developing skills and materials for finding employment and the use of marketing communication techniques.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 61309 MASTER OF FINE ARTS COMPREHENSIVE PROJECT IN ACTING 1-3 Credit Hours
Intensive work in the development of the practical aspects of production; includes performance or exhibition of work, documentation of that work in a format appropriate for area and project, and an exit interview.
Prerequisite: THEA 61000; and graduate standing; and special approval of instructor.
Schedule Type: Laboratory
Contact Hours: 3-9 lab
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 61310 MASTER OF FINE ARTS DESIGN AND TECHNOLOGY CULMINATING PROJECT 3 Credit Hours
An intensive experience in the development of design and/or technical aspects of a theatrical production; the scope of work may include but not necessarily be limited to research, drawings and drafting, renderings and associated digital image, video or audio files. Documentation (appropriate for the area and project) is presented at an exit interview.
Prerequisite: THEA 61000; and graduate standing; and special approval of instructor.
Schedule Type: Individual Investigation, Masters Thesis, Studio
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 61420 COLLABORATION IN PRODUCTION STUDIO 1 Credit Hour
Knowledge acquisition and the development of skills to create resolve and present well-reasoned theatrical design. Students will employ the design and production process, observation of deadlines, and collaboration with other designers and technical directors, as a structure to elevate production.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Seminar
Contact Hours: 1 lecture
Grade Mode: Standard Letter

THEA 61525 MILLINERY AND 3-D CHARACTERS 3 Credit Hours
Advanced studies of techniques of millinery construction and 3D character construction with an emphasis on current practice in the industry.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 61528 DESIGN PROCESS AND COLLABORATION 3 Credit Hours
Introduction to the design process and collaboration in a theatrical production. Students have the opportunity to analyze best practices, strategies and the strengths and challenges of designers.
Prerequisite: THEA 61000; and graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 61531 PERIOD STYLE FOR THEATRE DESIGNERS 3 Credit Hours
An exploration of the relationship of period style, historical context and the designer's artistic choices in contemporary interpretations of period plays.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 61623 DIGITAL RENDERING THEATRE DESIGN 3 Credit Hours
Explores a variety of digital rendering methods for artistic 2D and 3D graphics visualization of theatrical design concepts.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 61701 MOVEMENT, FORM AND SPACE II-NEUTRAL AND CHARACTER MASK 3 Credit Hours
Advanced skills and conditioning focusing on the physical and vocal qualities of characterization achieved through performance in masks.
Prerequisite: THEA 51701; and graduate standing; and special approval of instructor.
Schedule Type: Studio
Contact Hours: 4 other
Grade Mode: Standard Letter

THEA 61703 MOVEMENT, FORM AND SPACE III 3 Credit Hours
Advanced skills and conditioning focusing on the physical and vocal qualities of characterization achieved through period movement. This course allows actors to effectively perform movement and styles from specific historical periods and genres.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Seminar, Studio
Contact Hours: 2 lecture, 2 other
Grade Mode: Standard Letter

THEA 61803 VOICE AND SPEECH II 3 Credit Hours
Ongoing study and application of voice and speech technique into various styles of text, and the analysis and development of accents for performance and presentation.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2 lecture, 2 lab
Grade Mode: Standard Letter

THEA 61804 VOICE AND SPEECH III 3 Credit Hours
Advanced study and application of voice and speech techniques, focusing on the extremes of vocal demands.
Prerequisite: THEA 51803; and graduate standing; and special approval.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2 lecture, 2 lab
Grade Mode: Standard Letter

THEA 61806 SINGING FOR THE ACTOR 1 Credit Hour
A comprehensive study of performance techniques and repertoire appropriate to the singing actor.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Studio
Contact Hours: 1 other
Grade Mode: Standard Letter

THEA 61992 PROFESSIONAL THEATRE INTERNSHIP II 3,6 Credit Hours
(Repeatable for credit)Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in a professional theatre company.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3 lecture
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 62000 INTRODUCTION TO GRADUATE STUDY IN THEATRE 3 Credit Hours
Course focuses on developing the academic and professional skills needed for success in a rigorous graduate program. Emphasis is placed on critical thinking, research methods, theatrical production processes, dramaturgy and effective teaching strategies. Students explore approaches to theatrical design, production and pedagogy, while also learning how to critically analyze dramatic works within a historical, cultural and theoretical context.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 62092 PRACTICUM: DESIGN/TECHNOLOGY 3 Credit Hours
(Repeatable for credit) Practical experience for the graduate student in theatre design and technology under faculty supervision.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Practical Experience
Contact Hours: 3 lecture
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 62192 PRACTICUM: PERFORMANCE 3 Credit Hours
(Repeatable for credit) (Cross-listed with KBT 62192) Practical experience for the graduate student in theatre performance under faculty supervision.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Practical Experience
Contact Hours: 3 lecture
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 62292 PRACTICUM:THEATRE MANAGEMENT 3 Credit Hours
(Repeatable for a maximum of 12 credit hours) Practical experience for the graduate student in theatre management under faculty/staff supervision.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 62392 PRACTICUM: PERORMANCE PEDAGOGY 1 Credit Hour
(Repeatable for credit) Advanced practical experience in theatre performance pedagogy under faculty supervision.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Standard Letter

THEA 62892 THEATRE PRACTICUM 1 Credit Hour
(Repeatable twice for credit) Practical experience for the graduate student in cocurricular theatre activities, under faculty supervision.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 1 lecture
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 62992 THEATRE PRODUCTION INTERNSHIP 1-6 Credit Hours
(Repeatable for a maximum of 12 credit hours)(Slashed with THEA 72992) Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in a theatre company or touring with Kent Theatre Ensemble.
Prerequisite: Graduate standing; and special approval of advisor.
Schedule Type: Practical Experience
Contact Hours: 1-6 lecture
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 63001 SCENIC DESIGN I: FOUNDATIONS IN SINGLE SET SCENIC DESIGN 2 Credit Hours
Introduction to the methodology and practice of professional scene design. Application of knowledge made through a series of design projects. Script Analysis, perspective rendering and model-making techniques will be emphasized for single set productions.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 63002 SCENIC DESIGN II: ADVANCED SINGLE SET SCENIC DESIGN 2 Credit Hours
Inquiry to the methodology and practice of professional scene design. Application of knowledge will be through a series of complex design projects. Script analysis, drafting, perspective rendering and more advanced model-making techniques will be emphasized.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 63003 SCENIC DESIGN III: DESIGNING BEYOND DRAMA 2 Credit Hours
An advanced approach to professional scene design as it applies to opera, musical theatre, and the entertainment industry. Advanced design communication techniques will be applied through a series of design projects. Textual analysis, conceptual unit/multi-set productions, storyboarding, and advanced visual communication/presentation techniques will be emphasized.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special permission.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 63004 SCENIC DESIGN IV: ADVANCED MULTI-SETTING DESIGN 2 Credit Hours
An advanced approach to professional scene design as it applies to opera, musical theatre, and the entertainment industry in non-traditional spaces. Advanced design communication techniques will be applied through a series of design projects. Analysis, conceptual unit/multi-set productions, storyboarding, and advanced visual communication/presentation techniques will be emphasized.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special permission.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 63005 SCENIC DESIGN V: ENTERTAINMENT AND PRODUCTION DESIGN 2 Credit Hours
An advanced approach to professional scene design as it applies to industrials,showrooms and the entertainment industry. Knowledge of techniques will be applied through a series of design projects, analysis, conceptual approaches, storyboarding, and advanced visual communication/presentation techniques. This course will focus on refinement of the theoretical and practical skills of the professional scenic designer.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 63006 SCENIC DESIGN VI: NON-TRADITIONAL AND SITE-SPECIFIC PERFORMANCES 2 Credit Hours
An advanced approach to professional scene design as it applies to industrials and the entertainment industry. Site specific design communication techniques will be applied through a series of design projects. Analysis, conceptual approaches, storyboarding, and advanced visual communication/presentation techniques will be emphasized.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 63092 PRODUCTION COLLABORATION: SCENIC DESIGN 1-2 Credit Hours
(Repeatable for credit) Practical preparation, design and production work as applied to Scenic design within the School of Theatre and Dance. This course will serve as both a time to cultivate management of resources and synthesize information in developing solutions to production-related issues in scene design. Repeatable to a maximum of 8 credits.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3-6 other
Grade Mode: Standard Letter

THEA 63192 MENTORSHIP IN PERFORMANCE 3 Credit Hours
(Repeatable for a total of 6 credit hours) Development of advanced skills and abilities to mentor student performers in aspects of the profession, including professional behavior, understanding of the business and the actor's creative process. Major work done while participating in rehearsal and performance of main stage productions or assisting in THEA 41305/ THEA 51305. Students may take the course alongside THEA 62192.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Practical Experience
Contact Hours: 6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 64001 THEATRE TECHNICAL DIRECTION I: FOUNDATIONS I 2 Credit Hours
Investigation of publications in the field of technical theatre and their relevance to examining the technical manager as planner, artist, creative thinker positive leader and colleague.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 64002 THEATRE TECHNICAL DIRECTION II: FOUNDATIONS II 2 Credit Hours
Continued Investigation of publications in the field of technical theatre and their relevance to examining the technical manager as planner, artist, creative thinker positive leader and colleague.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 64003 THEATRE TECHNICAL DIRECTION III: TOURING PRODUCTIONS 2 Credit Hours
Course covers the logistics of transporting a theatrical production, the concepts and needs of touring productions, and different construction techniques needed for disassembly and quick reassembly.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 64004 THEATRE TECHNICAL DIRECTION IV: EDUCATIONAL THEATRE 2 Credit Hours
Examination of the roles of the technical director in academia, including the evolution of and current state of technical theatre education. Course will explore the work and presentations of the USITT Education Commission.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 64005 THEATRE TECHNICAL DIRECTION V: MECHANICS AND AUTOMATION 2 Credit Hours
Examination of the techniques and applications of automated scenery and stage mechanics.
Prerequisite: Graduate Standing in the School of Theatre & Dance and special permission.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 64006 THEATRE TECHNICAL DIRECTION VI: HEALTH AND SAFETY 2 Credit Hours
Focus on the health & safety concerns of live performance, including the organizations OSHA, NFPS, ANSI, Red Cross, their protocols and their relation to theatre.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 64092 PRODUCTION COLLABORATION: TECHNICAL DIRECTION 1-2 Credit Hours
(Repeatable for credit) Practical preparation, design and production work as applied to technical direction within the School of Theatre and Dance. This course will serve as both a time to cultivate management of resources and synthesize information in developing solutions to production-related issues in technical direction. Repeatable to a maximum of 8 credits.
Prerequisite: Graduate standing in the School of Theatre and Dance.
Schedule Type: Practical Experience
Contact Hours: 3-6 other
Grade Mode: Standard Letter

THEA 64192 MENTORSHIP AT PORTHOUSE 3 Credit Hours
(Repeatable for a total of 6 credit hours) Development of advanced skills and abilities to mentor student performers in aspects of the profession, including professional behavior, understanding of the business and the actor's creative process. Major work done while participating in rehearsal of Porthouse Theatre productions. Students may take the course alongside THEA 62192.
Prerequisite: Graduate standing; and special approval of instructor.
Schedule Type: Practical Experience
Contact Hours: 6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

THEA 65000 HISTORY, HISTORICISM, THEORY AND PRACTICE IN THEATRE AND DRAMA 3 Credit Hours
Course covers the breadth of theatre history and historicism and application of theatre theory to practice by focusing on the six major stylistic periods: Greek and Roman, Medieval, Renaissance, Romanticism, Realism and Non Realism (symbolism, expressionism, surrealism, absurdism) and contemporary period (postmodernism, feminism and interculturalism, multiculturalism). Using lecture, scholarly articles, video viewing and practical writing projects, students learn about and practice each style, as well appl the style to students' respective areas of graduate study (i.e. actor, director, designer).
Prerequisite: THEA 61000; and graduate standing; and special approval.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

THEA 65001 LIGHTING DESIGN I: DRAMA 2 Credit Hours
Advanced exploration and development of artistic processes and method for lighting design in drama.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 65002 LIGHTING DESIGN II: MUSICAL THEATRE 2 Credit Hours
Advanced exploration and development of artistic processes and methods for lighting design in musical theatre.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 65003 LIGHTING DESIGN III: DANCE AND OPERA 2 Credit Hours
Advanced exploration and development of artistic processes and methods for lighting design in classical and contemporary dance and opera.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 65004 LIGHTING DESIGN IV: NON-TRADITIONAL PRODUCTIONS 2 Credit Hours
Exploration and development of artistic processes and methods in lighting design for non- traditional works, including multidisciplinary and devised productions.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 65005 LIGHTING DESIGN V: ARCHITECTURAL AND INTERIOR LIGHTING 2 Credit Hours
Exploration and development of artistic processes and methods in lighting design for architectural and commercial interiors.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 65006 LIGHTING DESIGN VI: NEW TECHNOLOGY 2 Credit Hours
Exploration of innovative technology and technological tools and their application to lighting design. The course includes exploration of non-conventional, automated, projection and LED technologies.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 65092 PRODUCTION COLLABORATION: LIGHTING DESIGN 1-2 Credit Hours
(Repeatable for credit) Practical preparation, design and production work as applied to lighting design within the School of Theatre and Dance. This course will serve as both a time to cultivate management of resources and synthesize information in developing solutions to production-related issues in lighting. Repeatable to a maximum of 8 credits.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3-6 other
Grade Mode: Standard Letter

THEA 65192 TEACHING PRACTICUM 1-6 Credit Hours
(Repeatable for credit) Application of strategies for teaching at the college level. Development of advanced skills in course preparation, classroom management and pedagogical practice. Major work done teaching or assisting with undergraduate classes.
Prerequisite: THEA 62000; and graduate standing.
Schedule Type: Practical Experience
Contact Hours: 3.6-21.6 other
Grade Mode: Satisfactory/Unsatisfactory

THEA 66001 COSTUME DESIGN I: SCRIPT ANALYSIS 2 Credit Hours
Exploration and development of different methods and artistic processes for costume design. By focusing on textual analysis, the costume student will be able to explore a wide variety of performance types.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 66002 COSTUME DESIGN II: PERFORMANCE GENRES 2 Credit Hours
Exploration and development of different methods and artistic processes for costume design in diverse genres, including dance, opera, and circus.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 66003 COSTUME DESIGN III: THEATRICAL STYLES 2 Credit Hours
Advanced exploration of costume designs which incorporate both historical and thematic stylized conventions.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 66004 COSTUME DESIGN IV: ADVANCED RENDERING 2 Credit Hours
Development of advanced figure drawing study and rendering techniques in order to strengthen the student's skill and facility in producing costume renderings.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 66005 COSTUME DESIGN V: RESEARCH METHODS 2 Credit Hours
Intensive focus on the variety of research methodologies and their application to both contemporary and period costume designs.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 66006 COSTUME DESIGN VI: TEXTILES 2 Credit Hours
An understanding of the appropriate application of many common and specialty fabrics used in costume design.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Standard Letter

THEA 66092 PRODUCTION COLLABORATION: COSTUME DESIGN/ TECHNOLOGY 1-2 Credit Hours
(Repeatable for credit) Practical preparation, design and production work as applied to Costuming within the School of Theatre and Dance.This course will serve as both a time to cultivate management of resources and synthesize information in developing solutions to production-related issues in costumes. Repeatable to a maximum of 8 credits.
Prerequisite: Graduate standing in the School of Theatre and Dance; and special approval.
Schedule Type: Practical Experience
Contact Hours: 3-6 other
Grade Mode: Standard Letter

THEA 72992 THEATRE PRODUCTION INTERNSHIP 1-6 Credit Hours
(Repeatable for a total of 12 credit hours)(Slashed with THEA 62992) Intensive advanced training in practical aspects of production. Periodic seminars, laboratory sessions and performance in a theatre company or touring with Kent Theatre Ensemble.
Prerequisite: Doctoral standing and special approval of advisor.
Schedule Type: Lecture, Practical Experience
Contact Hours: 1-6 lecture
Grade Mode: Satisfactory/Unsatisfactory-IP

Translation Studies (TRST)

TRST 20009 MULTILINGUAL INFORMATION LIFECYCLE 3 Credit Hours
Introduction to the multilingual information cycle, including general technological issues, text preparation, translation in markup languages, computer-assisted translation tools and multilingual information flow for multilingual and multicultural work. Course is taught in English.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 30230 APPROACHES TO TRANSLATION 3 Credit Hours
Introduction to foreign language translation. Introduces concepts, resources, principles and techniques of text analysis and translation strategies applicable to various types of texts.
Prerequisite: Junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 30330 CROSS-LANGUAGE MEDIATION 3 Credit Hours
An exploration of textual and contextual factors impacting cross-language mediation.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 40095 SPECIAL TOPICS IN TRANSLATION STUDIES 1-3 Credit Hours
(Repeatable for credit) (Slashed with TRST 50095 and TRST 70095) Content varies with the topic, which may include any aspect of translation studies (practical or theoretical). Topics are taught in English and some topics may be team taught.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

TRST 40096 INDIVIDUAL INVESTIGATION 1-3 Credit Hours
(Repeatable for maximum of 6 credit hours) Individual research on a topic dealing with translation studies carried out under the supervision of a faculty member. The work for this course should result in a paper, presentation or some other appropriate gradable product(s).
Prerequisite: One Translation Studies (TRST) upper-division (30000 or 40000 level) course with a minimum B grade; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 3-9 other
Grade Mode: Standard Letter

TRST 50009 THEORY AND PRACTICE OF INTERPRETING 3 Credit Hours
(Slashed with TRST 70009) Survey of the theory and practice of unimodal (spoken word) interpreting in its multiple contexts: conference, medical, judicial, liaison, and media interpreting, with an emphasis on community interpreting. Stakeholders, discourses, modalities, and environments; characteristics of interpreted speech; identities and intervenient roles of interpreters (coordinators, co-participants, diplomats); professionalization and 'volunteerization'; ethics and protocols; research paradigms and future directions; quality and assessment; legal frameworks and language policy; histories of interpreting. Pedagogies of dialogue interpreting [process, interactive, demand-control schema; cognitive and effort models]; memory; technologies; terminology. Course conducted in English.
Prerequisite: Graduate standing; Translation major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 50031 PROFESSIONAL EDITING FOR TRANSLATORS 3 Credit Hours
Provides practical instruction in the editing of translated texts representing a variety of text types. Course covers the skills and techniques that are required for all stages of the editing process and using the best practices of professional translation. Topics include the stages of editing, from rough translation to finished draft; electronic tools for multilingual translation editing; translation style guides; and pre- and post-editing of machine translation. Interactive lecture and workshop formats.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 50095 SPECIAL TOPICS IN TRANSLATION STUDIES 1-3 Credit Hours
(Repeatable for credit) (Slashed with TRST 40095 and TRST 70095) Content varies with the topic, which may include any aspect of translation studies (practical or theoretical). Topics are taught in English and some topics may be team taught.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

TRST 60001 GRADUATE RESEARCH AND WRITING IN TRANSLATION STUDIES 3 Credit Hours
Individual instruction and assistance with problems encountered in academic research and writing in translation.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 60009 INTRODUCTION TO TRANSLATION TECHNOLOGY 3 Credit Hours
This course provides an in-depth exploration of the principles, processes and technologies involved with managing the document life cycle within a multilingual environment. It examines the various stages that documents undergo both online and offline, from authoring, management and retrieval to translation, publishing and archiving, along with the tools, challenges and requirements at each phase. Key concepts for translation technologies, such as translation memory systems and terminology management, are also introduced. Through a series of modules and hands-on activities, students explore the impact of information technology on content creation and translation.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 60010 THEORY OF TRANSLATION AND INTERPRETING 2 Credit Hours
Introduction to the theoretical bases and methods of language mediation.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

TRST 60011 TERMINOLOGY AND COMPUTER APPLICATIONS IN TRANSLATION 3 Credit Hours
This course provides students with an introduction to translation technology and software tools used within the translation industry as part of translation workflows. The course surveys the three main forms of translation technology: terminology management systems, translation memories and machine translation. The course first introduces the fundamental principles of terminology management and lays out best practices for creating and maintaining terminological databases (termbases). The course then turns to translation memories, databases created from aligned parallel corpora that allow translators to reuse past translations. Finally, the role of machine translation and AI in human translation workflows is examined, focusing specifically on human-machine interaction in the workflow, including the activity of post-editing. The course concludes with an examination of how translation technology affects translation quality, the management of translation technology for projects and predictions for the future of translation technology within the language industry.
Prerequisite: TRST 60009; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 60012 SOFTWARE AND WEBSITE LOCALIZATION 3 Credit Hours
This course introduces students to the principles, techniques and best practices involved with the internationalization and localization of various types of digital content, including software, websites, web pages and graphics. Localization entails adapting content related to a product, service or idea to suit the language and culture of a specific market or locale. As a rapidly growing industry, localization is expanding at an annual rate of 6.5-7.5%, making it a thriving field with excellent career prospects for students interested in language, culture and technology. Throughout this course, students gain a solid understanding of the central concepts and terminology used within the field of localization. They also learn about the formal standards and best practices for creating, maintaining and sharing resources generated by translation and localization technologies. Alongside essential theoretical perspectives and principles, the course provides hands-on experience with contemporary translation and localization practices. Students work with up-to-date computer-assisted translation (CAT) tools, as well as text and multimedia editing platforms to apply their learning within practical contexts. By bridging the gap between theory and practice, projects and activities involve practical exercises based on the concepts, technologies and processes discussed during class.
Prerequisite: TRST 60011 with a minimum B grade; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 60013 LANGUAGE PROJECT MANAGEMENT 3 Credit Hours
This course offers an introduction to the knowledge, skills, tools and techniques of project management and applies these concepts within the language industry context. The language industry is predominantly outsourced, digitized and project based, which means that regardless of the career path on which you embark, translation and localization projects have a major influence on your role and how you conduct your work. This course provides students with an analytical framework, as well as pragmatic tools and techniques to navigate work within the industry and build broadly applicable expertise throughout time. After all, project management is the "art and science of getting stuff done." Project management not only equips students with the tools to get work done and lead and manage diverse teams of people effectively, but also helps them build an understanding of the core concepts and dynamics of projects. This is true regardless of whether you work within the language industry or another profession entirely.
Prerequisite: TRST 60011 and TRST 60012 with a minimum B grade; and graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 60031 INTERCULTURAL COMMUNICATION IN THE LANGUAGE INDUSTRY 3 Credit Hours
The role and impact of intercultural communication models, theories and approaches in shaping language industry dynamics.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 60040 LITERARY AND CULTURAL TRANSLATION 3 Credit Hours
Translation of documents from a variety of literary and cultural sources, including literature, expository and journalistic prose, scholarly treatises and essays.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 60092 TRANSLATION INTERNSHIP 1-3 Credit Hours
(Repeatable for credit) Supervised practical experience in translation or localization or a related role at a cooperating organization, subject to availability. The internship may be undertaken on-site or remotely. Students must have completed TRST 60011. Requires preparation of an internship report or portfolio connecting academic coursework to on-the-job experiences.
Prerequisite: TRST 60011; and graduate standing.
Schedule Type: Practical Experience
Contact Hours: 3-9 other
Grade Mode: Satisfactory/Unsatisfactory-IP

TRST 60095 SPECIAL TOPICS IN TRANSLATIONS STUDIES 1-3 Credit Hours
(Repeatable for a maximum of 12 credit hours) Content varies with the topic, which may include any aspect of translation studies (practical or theoretical). Topics are taught in English and some topics may be team taught.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

TRST 60098 RESEARCH 1-6 Credit Hours
(Repeatable for credit) Research or scholarly activity on a topic dealing with translation studies carried out under the supervision of a faculty member. The work for this course should result in a paper, presentation or some other appropriate gradable product(s).
Prerequisite: Graduate standing; and special approval.
Schedule Type: Research
Contact Hours: 3-18 other
Grade Mode: Standard Letter

TRST 60099 CAPSTONE PROJECT IN TRANSLATION 3 Credit Hours
Guided selection, completion, critically reflective analysis and defense of a professional-level translation or translation-related project.
Prerequisite: TRST 60010 and TRST 60011; and graduate standing.
Schedule Type: Project or Capstone
Contact Hours: 9 other
Grade Mode: Satisfactory/Unsatisfactory

TRST 60100 PRACTICE OF TRANSLATION 2 Credit Hours
Introductory course in which students translate a variety of non-specialized, nonfiction short texts in different domains; identify the most common semantic, syntactic, stylistic, cultural and discourse-level problems encountered in translation; and apply appropriate cognitive strategies.
Prerequisite: Graduate standing.
Pre/corequisite: TRST 60010.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

TRST 60199 THESIS I 2-6 Credit Hours
(Repeatable for credit) Write a thesis on a topic dealing with translation studies carried out under the supervision of a faculty member.
Prerequisite: Graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 6-18 other
Grade Mode: Satisfactory/Unsatisfactory-IP

TRST 60298 APPLIED TRANSLATION RESEARCH 1-3 Credit Hours
(Repeatable for credit) Research experience in translation or interpreting in a corporate, translation bureau or freelance setting, supervised by a faculty member.
Prerequisite: TRST 60010; and graduate standing.
Schedule Type: Research
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory-IP

TRST 60299 THESIS II 2 Credit Hours
(Repeatable for credit) Write a thesis on a topic dealing with translation studies carried out under the supervision of a faculty member.
Prerequisite: TRST 60199; and graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

TRST 60630 CAREER PATHS IN THE LANGUAGE INDUSTRY 3 Credit Hours
This course adopts a holistic approach to career management and planning in the language industry. It involves self-assessment of interests, values and skills and a deep understanding of career development theories and the job search process. Students gain insights into their own narratives, constructing new meanings and engaging in dynamic career exploration, and master using a range of career, vocational, educational, occupational and labor market information resources and systems. They develop the ability to integrate self-knowledge and industry awareness into their decision-making processes, enabling them to set meaningful goals and devise effective strategies to navigate career challenges in a complex global economy.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 70001 APPLIED LINGUISTICS AND TRANSLATION INFORMATICS 3 Credit Hours
Advanced topics in applied linguistics, including corpus and text linguistics as they apply to translation. Advanced topics in translation informatics in multilingual environments.
Prerequisite: TRST 60011; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 70002 THE LANGUAGE INDUSTRY 3 Credit Hours
Study of the socio-economic context of professional translation and the language services business sector. Includes in-depth study of the language industry drawing on industry analysis and business case studies.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 70003 TERMINOLOGY STUDIES 3 Credit Hours
Advanced topics in terminology, lexicography, ontology and knowledge organization systems.
Prerequisite: TRST 60011; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 70004 TRANSLATION PEDAGOGY 3 Credit Hours
Teaching methods and curriculum design for translation programs.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 70005 CURRENT TRENDS IN TRANSLATION STUDIES 3 Credit Hours
A critical examination of the main trends in translation theory and an exploration of emerging developments in translation studies.
Prerequisite: TRST 60010; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 70006 EMPIRICAL METHODS FOR TRANSLATION STUDIES 3 Credit Hours
Study of the methods and research designs used to conduct empirical research in translation, with an emphasis on experimental design of cross-language tasks; the use and analysis of bilingual verbal protocols; the application of new methods, such as keystroke-logging and eye-tracking; and the particular empirical and methodological issues involved in cross-language research data-gathering and statistical analysis.
Prerequisite: Translation studies major; and doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

TRST 70007 CORPORA IN TRANSLATION 3 Credit Hours
Exploration of corpus-based applications in translation studies research and the practice of translation. Competence in utilizing translation-oriented corpus-based tools and corpus building will be fostered.
Prerequisite: Translation studies major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 70008 TRANSLATION AND COGNITION 3 Credit Hours
Study of foreign language translation and interpreting from a cognitive science perspective. Includes discussion of current empirical research; application of selected models of cognition to problems in translation studies; and research design in translation process research.
Prerequisite: Translation studies major; and doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 70009 THEORY AND PRACTICE OF INTERPRETING 3 Credit Hours
(Slashed with TRST 50009) Survey of the theory and practice of unimodal (spoken word) interpreting in its multiple contexts: conference, medical, judicial, liaison, and media interpreting, with an emphasis on community interpreting. Stakeholders, discourses, modalities, and environments; characteristics of interpreted speech; identities and intervenient roles of interpreters (coordinators, co-participants, diplomats); professionalization and 'volunteerization'; ethics and protocols; research paradigms and future directions; quality and assessment; legal frameworks and language policy; histories of interpreting. Pedagogies of dialogue interpreting [process, interactive, demand-control schema; cognitive and effort models]; memory; technologies; terminology. Course conducted in English.
Prerequisite: Doctoral standing; and Translation Studies major.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

TRST 70095 SPECIAL TOPICS IN TRANSLATION STUDIES 1-3 Credit Hours
(Repeatable for credit) (Slashed with TRST 40095 and TRST 50095) Content varies with the topic, which may include any aspect of translation studies (practical or theoretical). Topics are taught in English and some topics may be team taught.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

TRST 80091 SEMINAR IN TRANSLATION STUDIES 3 Credit Hours
(Repeatable for credit) Seminar for doctoral students to present and discuss research related to specific areas of translation studies. May be taken for a total of 6 credit hours, either alone or in combination with TRST 80191.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

TRST 80095 SPECIAL TOPICS IN TRANSLATION STUDIES 1-3 Credit Hours
(Repeatable for credit) Content varies with the topic, which may include any aspect of translation studies (practical or theoretical). Topics are taught in English and some topics may be team taught.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

TRST 80098 RESEARCH IN TRANSLATION STUDIES 1-6 Credit Hours
(Repeatable for credit) Research or scholarly activities about topics in translation studies under faculty supervision with departmental approval. The work for this course should result in a paper, presentation or some other appropriate gradable product.
Prerequisite: Doctoral standing.
Schedule Type: Research
Contact Hours: 3-18 other
Grade Mode: Satisfactory/Unsatisfactory

TRST 80191 SEMINAR IN TRANSLATION INFORMATICS 3 Credit Hours
(Repeatable for credit) Seminar for doctoral students to present and discuss research related to specific areas of translation informatics. May be taken for a total of 6 credit hours, either alone or in combination with TRST 80191.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

TRST 80199 DISSERTATION I 15 Credit Hours
(Repeatable for credit) Doctoral dissertation. Registration in at least two semesters is required the first of which will be the semester in which dissertation work begins and continuing until 30 hours are completed.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

TRST 80299 DISSERTATION II 15 Credit Hours
(Repeatable for credit) Continuing registration required of doctoral students who have completed the initial 30 hours of dissertation, continuing until all degree requirements are met.
Prerequisite: TRST 80199; and doctoral standing.
Schedule Type: Dissertation
Contact Hours: 15 other
Grade Mode: Satisfactory/Unsatisfactory-IP

University College (UC)

UC 10001 FLASHES 101 1 Credit Hour
(Equivalent to UC 10002 or UC 20007) Course aims to foster a university-wide sense of belonging; promote engagement in the curricular and co-curricular life of the university; articulate what students can expect from and contribute to their community; and help students continue to clarify their purpose, meaning and direction. This course is required for all new degree-seeking, first-time students to Kent State. The course is not required for transfer students with 30 or more credit hours or students who are admitted as an adult student.
Prerequisite: None.
Schedule Type: Seminar
Contact Hours: 1 lecture
Grade Mode: Satisfactory/Unsatisfactory

UC 10002 ADULT STUDENT ORIENTATION 1 Credit Hour
(Equivalent to UC 10001) Course focuses on balancing adult roles and responsibilities with college demands. Students sharpen learning skills and study strategies while making connections with other adult students at Kent State.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Satisfactory/Unsatisfactory

UC 10095 SPECIAL TOPICS IN UNIVERSITY COLLEGE 1-3 Credit Hours
(Repeatable for credit) Variable topics course that covers areas not treated adequately in traditional coursework related to student success and the student experience.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

UC 10096 INDIVIDUAL INVESTIGATION 1-6 Credit Hours
(Repeatable for a maximum of 6 credit hours) Experiential learning opportunity, working with a faculty member in his or her area of expertise.
Prerequisite: None.
Schedule Type: Individual Investigation
Contact Hours: 1-6 other
Grade Mode: Standard Letter-IP

UC 10162 INTRODUCTION TO PROFESSIONAL DEVELOPMENT 1 Credit Hour
Course exposes students to professional skills and competencies they will need and use in the future. Students begin to develop important career ready competencies. Students learn about the art of networking and relationship building, what it means to be culturally agile, how to succinctly present themselves (elevator pitch and executive summaries), how to use career job sites and resources for career exploration and-or researching companies. Students must have satisfactorily completed UC 10001 before taking this course.
Prerequisite: Ambassador Crawford College of Business and Entrepreneurship major or College of Applied and Technical Studies major.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

UC 10192 EXPERIENTIAL LEARNING PLUS-1 CREDIT (ELR) 1 Credit Hour
(Repeatable for maximum 2 credits) Course allows students to add experiential learning to any undergraduate course. The course involves applying the knowledge and skills developed in a course to support local initiative through civic engagement. Students consider the knowledge base of the primary course and/or discipline, and how it is applied in real practice. Reflective activities are used to challenge students to consider larger questions and the interdisciplinary nature of complex problems and solutions. This course is not a stand-alone course - it must be appended to a primary course.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

UC 20007 LIFE BEYOND KSU 1 Credit Hour
(Equivalent to UC 10001) Equips students with the knowledge and tools critical for entering the professional world through research and application of career-related concepts and activities. Reserved for students who have not successfully completed the Flashes 101 course.
Prerequisite: Junior or senior standing.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

UC 20010 CAREER NAVIGATION: CONSTRUCTING POSSIBILITIES 2 Credit Hours
Navigating a career and life planning can be complex. Course is designed to equip students with self-awareness, knowledge and skills useful in deciding how to use opportunities to build meaningful futures and how to maintain flexibility and adaptability in the work environment. Students learn how to balance planning with uncertainty and navigate a lifetime of meaningful occupational realities. Through experiential activities, discussions and reflective exercises, students gain self-understanding and connect academic opportunities to careers and specializations in career fields. Designed for students who have not yet declare a major, are interested in finding personal meaning and mattering in occupational and life decisions or are contemplating or engaged in life and career exploration or change.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

UC 20011 CAREER CONFIRMATION 1 Credit Hour
This course is designed to support students as they develop a professional self-image, explore their personal work values and learn about important decision-making skills needed to navigate the workforce. Through hands-on application, activities and reflective exercises, students will develop skills needed to network with professionals, approach work with an equitable perspective and practice, and connect vocational identity to community belonging. This course is designed for exploratory students who are close to a decision, or students with a declared major who are exploring post-graduation paths. This course will support the student's journey to build a professional mission that guides the development of short- and long-term career goals.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

UC 20095 SPECIAL TOPICS IN UNIVERSITY COLLEGE 1-3 Credit Hours
(Repeatable for credit) Variable topics course that encourages interdisciplinary study to cover areas not treated adequately in traditional coursework and to make available promptly the new and significant experience of the faculty.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

UC 20193 VARIABLE TITLE WORKSHOP IN UNIVERSITY COLLEGE 1-3 Credit Hours
(Repeatable for credit) Workshop focused on variable topics.
Prerequisite: None.
Schedule Type: Workshop
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

UC 20201 PEER SUCCESS ACADEMY 2 Credit Hours
The P.E.E.R. (Peer Experiential Education and Reflection) Success Academy is designed to train students to cultivate and nurture critical skills that serve as a foundation for peer educator positions across Kent State University. The course curriculum is designed to be hands on, immersing students in skill development with content pertaining to mentorship, leadership, group dynamics, personal strengths, problem solving, value free advice, diversity, equity, inclusion and belonging, emotional intelligence, conflict management and self-wellness.
Prerequisite: UC 10001.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Satisfactory/Unsatisfactory

UC 20203 THEORY AND PRACTICE OF PEER TUTORING 1 Credit Hour
Preparation for tutoring in several academic areas. Emphasis on the student as learner. Introduction to current learning theories. Opportunities provided to adapt learning strategy to particular disciplines. Field experience included.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

UC 20250 COLLEGIATE LEADERSHIP COMPETITION 2 Credit Hours
This experiential, competency-based course is designed to help students become more aware of a wide range of managerial and leadership concepts. Students will develop leadership skills and gain an opportunity to build their resume and professional network. This course will increase the student's understanding of personal strengths and areas for improvement by stretching them to the boundaries of their knowledge, skills, and abilities. Likewise, students will build skills around ethical decision making, problem solving, negotiation, conflict management, and presentation skills. Students will represent Kent State University at the Collegiate Leadership Competition against other schools in the Great Lakes Region.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

UC 20260 (R)EVOLUTION LEADERSHIP 1 Credit Hour
The (R)evolution leadership course is an experiential, competency-based course designed to equip students with the tools and the introspection they need to be successful leaders and engaged community members in a complex and ever changing landscape. Students are taken through a series of leadership modules and develop a capstone project that will utilize the skills they have gained and make a positive impact on the community.
Prerequisite: None.
Schedule Type: Seminar
Contact Hours: 1 lecture
Grade Mode: Standard Letter

UC 20292 EXPERIENTIAL LEARNING PLUS-1 CREDIT (ELR) 1 Credit Hour
(Repeatable for maximum 2 credits) Course allows students to add experiential learning to any undergraduate course. The course involves applying the knowledge and skills developed in a course to support local initiative through civic engagement. Students consider the knowledge base of the primary course and/or discipline, and how it is applied in real practice. Reflective activities are used to challenge students to consider larger questions and the interdisciplinary nature of complex problems and solutions. This course is not a stand-alone course - it must be appended to a primary course.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

UC 30202 FLASHES 101: PEER SUCCESS MENTOR SEMINAR 2 Credit Hours
(Repeatable a maximum of 4 credits) Required of all student success leaders who are paired with a faculty member in assisting with UC 10097. Students need to meet the minimum requirements for the college or department in which they serve as a student success leader.
Prerequisite: UC 20201.
Schedule Type: Seminar
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory

UC 30392 EXPERIENTIAL LEARNING PLUS-1 CREDIT (ELR) 1 Credit Hour
(Repeatable for credit) Course allows students to add experiential learning to any undergraduate course. The course involves applying the knowledge and skills developed in a course to support local initiative through civic engagement. Students consider the knowledge base of the primary course and/or discipline, and how it is applied in real practice. Reflective activities are used to challenge students to consider larger questions and the interdisciplinary nature of complex problems and solutions. This course is not a stand-alone course - it must be appended to a primary course.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

UC 31000 MCNAIR RESEARCH METHODS I 1 Credit Hour
This course is part one of the McNair Research Methods series, which provides students in the McNair Scholars Program with practical research skills and professional development. The primary goal of the course is to prepare you to successfully complete all stages of your faculty-mentored independent research projects and to explore options for graduate study.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

UC 31001 MCNAIR RESEARCH METHODS II 1 Credit Hour
This course is part two of the McNair Research Methods series. This course will continue to provide students in the McNair Scholars Program with practical research skills and professional development. The primary goals of the course are to prepare Scholars to successfully complete all stages of their faculty-mentored independent research projects and prepare for graduate study.
Prerequisite: Special approval.
Schedule Type: Lecture
Contact Hours: 1 lecture
Grade Mode: Standard Letter

UC 40010 MCNAIR SCHOLARS SEMINAR I 1 Credit Hour
McNair Scholars are required to take this course after participation in Summer Research Institute. The course provides training related to the graduate school application process. This course will assist scholars with applying to graduate school programs, further developing research projects, and navigating the personal, professional and technical challenges in completing a graduate degree. The prerequisites for this course are acceptance to the McNair Scholars Program and successful completion of the Summer Research Institute.
Prerequisite: Special approval.
Schedule Type: Seminar
Contact Hours: 1 lecture
Grade Mode: Standard Letter

UC 40201 PEER SUCCESS TRAINER SEMINAR 3 Credit Hours
Course provides training and skill development for experienced student leaders involved in assisting with training student peers enrolled in UC 20201, P.E.E.R. Success Academy.
Prerequisite: UC 30202.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

UC 40202 FLASHES 101: PEER SUCCESS COACH SEMINAR 3 Credit Hours
The seminar course is designed for Peer Success Coaches to develop effective coaching strategies, methods, and habits to support Peer Success Mentors in their role. Throughout the course, Peer Success Coaches will learn how to develop, implement, and facilitate group check-in activities that position the Peer Success Mentors to cultivate a peer success network within the larger group for support.
Prerequisite: UC 30202.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

UC 40492 EXPERIENTIAL LEARNING PLUS-1 CREDIT (ELR) 1 Credit Hour
(Repeatable for credit) Course allows students to add experiential learning to any undergraduate course. The course involves applying the knowledge and skills developed in a course to support local initiative through civic engagement. Students consider the knowledge base of the primary course and/or discipline, and how it is applied in real practice. Reflective activities are used to challenge students to consider larger questions and the interdisciplinary nature of complex problems and solutions. This course is not a stand-alone course - it must be appended to a primary course.
Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 3 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

UC 41010 MCNAIR SCHOLARS SEMINAR II 1 Credit Hour
McNair Scholars are required to take this course after participation in Summer Research Institute. This course provides training related to the graduate school application process. This course will assist scholars with applying to graduate school programs, further developing research projects, and navigating the personal, professional, and technical challenges in completing a graduate degree. Registration is restricted to McNair Scholars. The prerequisites for this course are acceptance to the McNair Scholars Program and successful completion of the Summer Research Institute.
Prerequisite: Special approval.
Schedule Type: Seminar
Contact Hours: 1 lecture
Grade Mode: Standard Letter

Urban Design (UD)

UD 55705 FORCES THAT SHAPE CITIES 1-3 Credit Hours
(Repeatable for maximum 3 credit hours) Course examines the forces that have shaped urban form through history, how they impact our cities today and the challenges they will pose for the future.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter

UD 60701 URBAN DESIGN STUDIO I 3-6 Credit Hours
Introduction to urban design and its relationship to other design disciplines through the analysis of neighborhoods and the definition of comprehensive area improvement programs.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 6-10 other
Grade Mode: Standard Letter

UD 60702 URBAN DESIGN STUDIO II 3-6 Credit Hours
Urban design explorations of the formal relationships between buildings, open spaces and street sin the development of high density, mixed-use projects.
Prerequisite: UD 60701; and graduate standing.
Schedule Type: Studio
Contact Hours: 6-10 other
Grade Mode: Standard Letter

UD 60703 URBAN DESIGN STUDIO III 3-6 Credit Hours
Design of a comprehensive redevelopment strategy and implementation strategies for an urban area of diverse existing character.
Prerequisite: UD 60701 or UD 60702; and graduate standing.
Schedule Type: Studio
Contact Hours: 6-12 other
Grade Mode: Standard Letter

UD 60705 MASTER PROJECT IN URBAN DESIGN PREPARATION 1-3 Credit Hours
(Repeatable for maximum three credit hours) Development of a rationale and structure for the independent design project to be completed in the final semester of the program.
Prerequisite: UD 60703; and graduate standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter-IP

UD 60798 MASTERS PROJECT IN URBAN DESIGN 6-9 Credit Hours
Independent urban design project, completed under the direction of an individual advisor selected from the graduate faculty.
Prerequisite: UD 60703 and 60705; and graduate standing.
Schedule Type: Master's Project
Contact Hours: 10-15 other
Grade Mode: Standard Letter-IP

UD 65101 COMMUNITY DEVELOPMENT PROCESS 1-3 Credit Hours
Advanced course on comprehensive community development. Case study analysis, qualitative research and work with community initiatives are required.
Prerequisite: UD 55705 and 60703 and 65102; and graduate standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

UD 65102 URBAN SYSTEMS 1-3 Credit Hours
Introduction to urban systems in its socio-economic, environmental and engineering aspects: residential fabric, commercial sector, open space network, transportation systems, and infrastructures.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter

UD 65632 URBAN ECOLOGICAL SYSTEMS 3 Credit Hours
Study of how ecological systems in highly anthropocentric environments provide necessary ecological services. Emphasized is the role that water plays in activating the supporting, provisioning, regulating, and cultural ecosystem services required for human well-being.
Prerequisite: UD 65102; and graduate standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

UD 66896 URBAN DESIGN PRACTICUM PROJECT 2-4 Credit Hours
Culminating experience that combines research and urban actions/interventions.
Prerequisite: Graduate standing.
Schedule Type: Individual Investigation
Contact Hours: 6-12 other
Grade Mode: Standard Letter

UD 66995 SPECIAL TOPICS IN URBAN DESIGN 1-4 Credit Hours
(Repeatable for credit) Special topics in urban design.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 1-4 other
Grade Mode: Standard Letter

User Experience (UX)

UX 60501 INTRODUCTION TO USER EXPERIENCE 3 Credit Hours
This course provides a comprehensive overview of User Experience (UX) from various perspectives, including the origins of UX as a professional discipline, the goals and values of UX within organizations, and elements of UX practice. It further introduces roles and contributions of specialization areas within UX, as well as the principles of user experience design. Students will develop and document their professional development goals.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

UX 60502 USER EXPERIENCE PROCESSES AND PRACTICE 3 Credit Hours
Students engage in a structured walkthrough of the major goals, responsibilities, and elements of User Experience (UX) in an agile environment. This course introduces important models of iterative design processes and the professional practices of research, design, prototyping, testing and team communication. Students will explore personal goals for specialization in UX.
Prerequisite: Graduate standing.
Pre/corequisite: UX 60501.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

UX 60503 FUNDAMENTALS OF INTERACTION DESIGN 3 Credit Hours
This course offers students a comprehensive understanding of interaction design principles and their practical implementation. It covers the concept of prototyping, enabling students to create their own prototypes, and refine them based on peer feedback.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

UX 60504 ACCESSIBILITY AND UNIVERSAL DESIGN 3 Credit Hours
This course will provide user experience researchers and designers with the skills to evaluate technology accessibility, as well as an understanding of the principles of universal design and how they guide and influence the design of digital experiences
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

UX 60511 INFORMATION ARCHITECTURE FUNDAMENTALS 3 Credit Hours
Introduction to the fundamental concepts of information architecture (IA) and underlying cognitive processes of concept structure and information categorization. Students develop practical skills for content analysis and the design and evaluation of information architectures. Major topics include organization, navigation, labeling and design for finding.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

UX 60521 DATA-DRIVEN INTERACTION FUNDAMENTALS 3 Credit Hours
Recent technological advances, particularly in machine learning (ML) and artificial intelligence (AI), have ushered in a new era of data-driven interactions between users and technology. This course is designed to prepare students for UX careers in these data-driven environments by providing a fundamental understanding of data, databases, ML, and AI. Students will explore the future of user experience shaped by ML and AI and discuss the ethical dimensions of this evolution, including issues of fairness, accountability and transparency.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

UX 60531 DISCOVERY RESEARCH FUNDAMENTALS 3 Credit Hours
In order to design a successful user experience, UX professionals seek to discover users' needs, goals and tasks. This course covers discovery research methods such as interviews, surveys, diary studies and other methods applicable to the formative stages of the design process.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

UX 60541 USER EXPERIENCE EVALUATION FUNDAMENTALS 3 Credit Hours
Evaluating prototypes and products is a critical component of user experience design. This course covers qualitative and quantitative evaluation methods, such as heuristic evaluation, cognitive walkthrough, usability testing, A/B testing and experimental design. Students will learn how to choose evaluation methods, how to conduct them and how to communicate the results of evaluations.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

UX 60691 SEMINAR IN USER EXPERIENCE 1-3 Credit Hours
(Repeatable for credit) (Slashed with UX 80691) Advanced research by students who are qualified to examine problems of certain special areas in user experience.
Prerequisite: Graduate standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter

UX 60693 VARIABLE TITLE WORKSHOP IN USER EXPERIENCE 1-3 Credit Hours
(Repeatable for credit) Intensive examination of special topics of interest to those involved in user experience.
Prerequisite: Graduate standing.
Schedule Type: Workshop
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

UX 60792 ELECTIVE INTERNSHIP IN USER EXPERIENCE 2-3 Credit Hours
(Repeatable for credit) Supervised work experience in user experience design of a professional nature of not less than 100 clock hours (for 2 credit hours) or 150 clock hours (for 3 credit hours).
Prerequisite: Graduate standing; and special approval.
Schedule Type: Practical Experience
Contact Hours: 6.33-10 other
Grade Mode: Satisfactory/Unsatisfactory-IP

UX 61095 SPECIAL TOPICS IN USER EXPERIENCE 1-3 Credit Hours
(Repeatable for credit) (Slashed with UX 81095) Offered irregularly as resources and or opportunities permit. Topics could include current or emerging issues in user experience.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

UX 61096 INDIVIDUAL INVESTIGATION IN USER EXPERIENCE 1-3 Credit Hours
(Repeatable for credit). Individual investigation in areas not covered by the existing curriculum for master's level students.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 3-9 other
Grade Mode: Standard Letter-IP

UX 66199 THESIS I 2-6 Credit Hours
Thesis students must register for a total of 6 hours, 2 to 6 hours in a single semester distributed over several semesters if desired.
Prerequisite: UX 60501 and UX 60502 and UX 60503 and UX 60504; and a minimum 3.000 overall GPA; and graduate standing; and special approval.
Schedule Type: Masters Thesis
Contact Hours: 6-18 other
Grade Mode: Satisfactory/Unsatisfactory-IP

UX 66299 THESIS II 2 Credit Hours
Thesis students must continue registration each semester until all degree requirements are met.
Prerequisite: UX 66199; and graduate standing; and special approval.
Schedule Type: Masters Thesis
Contact Hours: 6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

UX 80691 SEMINAR IN USER EXPERIENCE 1-3 Credit Hours
(Repeatable for credit) (Slashed with UX 60691) Advanced research by students who are qualified to examine problems of certain special areas in user experience.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 1-3 other
Grade Mode: Standard Letter

UX 81095 SPECIAL TOPICS IN USER EXPERIENCE 1-3 Credit Hours
(Repeatable for credit) (Slashed with UX 61095) Offered irregularly as resources and or opportunities permit. Topics could include current or emerging issues in user experience.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

UX 81096 INDIVIDUAL INVESTIGATION IN USER EXPERIENCE 1-3 Credit Hours
(Repeatable for credit). Research or individual investigation in areas not covered by the existing curriculum for doctoral level students. Deliverables determined with instructor of record.
Prerequisite: Doctoral standing; and special approval.
Schedule Type: Individual Investigation
Contact Hours: 3-9 other
Grade Mode: Standard Letter-IP

User Experience Design (UXD)

UXD 20001 INTRODUCTION TO USER EXPERIENCE DESIGN 3 Credit Hours
Students explore the context within which User Experience Design exists and the fundamental research that explains human behavior and how that research informs design decisions. Students are also introduced to the basic design processes and deliverables employed by UXD professionals.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

UXD 40104 USABILITY 3 Credit Hours
Provides a conceptual and practical overview of the processes and methods of usability testing such as development of test protocols, goals, facilitation, analysis and reporting of results. Actual usability tests are performed, using quantitative and qualitative methods and employing emerging software tools to facilitate data collection and analysis.
Prerequisite: UXD 20001.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2 lecture, 2 lab
Grade Mode: Standard Letter

UXD 41095 SPECIAL TOPICS IN USER EXPERIENCE DESIGN 1-3 Credit Hours
(Repeatable for credit) Topics could include current or emerging issues in user experience design. Topics will be announced in schedule of classes. Offered irregularly as resources and opportunities permit.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

UXD 41096 INDIVIDUAL INVESTIGATION IN USER EXPERIENCE DESIGN 1-3 Credit Hours
(Repeatable for credit) Research or individual investigation in areas not covered in the existing curriculum for baccalaureate level students at or above the junior level.
Prerequisite: Special approval.
Schedule Type: Individual Investigation
Contact Hours: 3-9 other
Grade Mode: Standard Letter-IP

Veterinary Technology (VTEC)

VTEC 10001 INTRODUCTION TO VETERINARY TECHNOLOGY 2 Credit Hours
Introduction to veterinary technician's career: medical terminology, career choices, occupational safety, human-animal bond, pet loss, euthanasia, animal husbandry and basic nutrition and basic animal behavior.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

VTEC 10002 VETERINARY NURSING I 3 Credit Hours
Introduction to animal nursing: record keeping, kennel sanitation, animal restraint, syringe and needle identification/handling, injection techniques, physical exams, grooming and administration of medications and breed identification.
Prerequisite: Admission to technical study; and veterinary technology major.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2 lecture, 3 lab
Grade Mode: Standard Letter

VTEC 10003 VETERINARY PHARMACOLOGY I 2 Credit Hours
This is the first of two courses in the Veterinary Technology program that presents an introduction to the principles of pharmacology for the Veterinary Technician. The course will provide an overview of veterinary pharmacology and therapeutics, including a basic understanding of pharmacokinetics, terminology, prescription writing, methods of administration, controlled substance use and regulations and dosage calculations.
Prerequisite: CHEM 10050 or CHEM 10055; and VTEC 10001 and VTEC 10002 and VTEC 10204.
Pre/corequisite: VTEC 10205.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

VTEC 10204 CLINICAL LABORATORY I 3 Credit Hours
Introduction to clinical laboratory: equipment and equipment maintenance; internal and external parasites; urinalysis. Lecture 2 hours, laboratory 3 hours weekly.
Prerequisite: Veterinary technology major.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2 lecture, 3 lab
Grade Mode: Standard Letter

VTEC 10205 VETERINARY NURSING II 3 Credit Hours
Clinical application off-site. Emphasis on skills from VTEC 10002; physical exam, medications, blood vessels catheterization, venipuncture; fluid therapy, wound care, patient rehabilitation and physical therapy, first aid, bandaging and CPR.
Prerequisite: Minimum C grade in all the following courses: BSCI 10005 and CHEM 10050; or CHEM 10055; and VTEC 10002 and VTEC 10204.
Pre/corequisite: VTEC 10001.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1.7 lecture, 5 lab
Grade Mode: Standard Letter

VTEC 20001 NUTRITION OF DOMESTIC ANIMALS FOR VETERINARY TECHNICIANS 2 Credit Hours
Students will gain a basic understanding of clinical nutrition for domestic animals, both small and large, for various life stages and illnesses. Concepts will include nutrient composition, reading pet food labels, evaluation pet foods, understanding specialty, prescription, and alternative diets, use of various feeding tubes and their application to domestic animals and understanding illnesses that can occur due to improper nutrition.
Prerequisite: VTEC 10001 and VTEC 10002 and VTEC 10204.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

VTEC 20002 DISEASES OF DOMESTIC ANIMALS FOR VETERINARY TECHNICIANS 2 Credit Hours
Students will gain knowledge of disease and pathology in domesticated large and small animal species. Discussion of the immune system and it's role in disease, classifications of disease, basic vaccination protocols, preventative medicine, as well as the etiology, clinical signs, treatment and control of diseases of domestic animals will take place.
Prerequisite: VTEC 10001 and VTEC 10205 and VTEC 20008 and VTEC 20215.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

VTEC 20003 VETERINARY PHARMACOLOGY II 2 Credit Hours
Course includes continuation of dosage calculations, classification of medication including indications, side effects and contraindications of commonly used veterinary drugs.
Prerequisite: CHEM 10050 or CHEM 10055; and VTEC 10003 and VTEC 10205.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

VTEC 20008 CLINICAL LABORATORY II 3 Credit Hours
Continuation and application of laboratory skills from Clinical Laboratory I; hematology, serology, cytology and other laboratory skills. Lecture 2 hours, laboratory 3 hours weekly.
Prerequisite: Minimum C grade in the following courses: BSCI 10005 and CHEM 10050; or CHEM 10055; and VTEC 10002 and VTEC 10204.
Pre/corequisite: VTEC 10001 and VTEC 10205.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1.7 lecture, 5 lab
Grade Mode: Standard Letter

VTEC 20009 LARGE ANIMAL NURSING 3 Credit Hours
Continuing nursing skills/techniques emphasizing large animal species: restraint, venipuncture, behavior, breeds, feedstuffs, food safety, meds, preventive care, surgical procedures, lameness.
Prerequisite: BSCI 10110 and CHEM 10050 (or CHEM 10055) and VTEC 10001 and VTEC 10002 and VTEC 10204 and VTEC 10205 and VTEC 20008 and VTEC 20010.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1.7 lecture, 5 lab
Grade Mode: Standard Letter

VTEC 20010 IMAGING TECHNIQUES 3 Credit Hours
Principles and application of the production of X-rays, processing, radiation safety, storage, patient positioning and other imaging techniques.
Prerequisite: BSCI 10005 and CHEM 10050 (or CHEM 10055) and VTEC 10001 and VTEC 10002 and VTEC 10003 and VTEC 10204 and VTEC 10205 and VTEC 20008.
Pre/corequisite: VTEC 20003.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1.7 lecture, 5 lab
Grade Mode: Standard Letter

VTEC 20212 SURGERY AND ANESTHESIA 3 Credit Hours
Principles and application of the use of anesthetics, patient monitoring, dental prophylaxis, pre-surgery preparation, post-surgical patient care, sterilization, surgical preparation and assisting and equipment maintenance.
Prerequisite: Minimum C grade in the following courses: BSCI 10005 and CHEM 10050 (or CHEM 10055) and VTEC 10001 and VTEC 10002 and VTEC 10003 and VTEC 10204 and VTEC 10205 and VTEC 20008.
Pre/corequisite: VTEC 20003.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1.7 lecture, 5 lab
Grade Mode: Standard Letter

VTEC 20215 VETERINARY OFFICE APPLICATIONS 1 Credit Hour
Overview of veterinary practice management including veterinary medical record keeping, marketing, staff responsibilities, interoffice communications and public relation techniques. Automated veterinary office processing and record-keeping. Computer hardware and software commonly found in small to mid-sized veterinary practices described along with office procedures and work flow.
Prerequisite: BSCI 10005 and VTEC 10001 and VTEC 10002 and VTEC 10204.
Schedule Type: Laboratory
Contact Hours: 3 lab
Grade Mode: Standard Letter

VTEC 20216 LABORATORY AND EXOTIC ANIMAL MEDICINE 2 Credit Hours
Introduction to laboratory medicine and management, including basic husbandry, common diseases, and treatment protocols for various laboratory animal species, pocket pets, avian and exotic species. The student will learn scientific names and primary use of common laboratory animals and will practice restraint, sexing, appropriate methods of venipuncture, administration of medications and anesthetic techniques.
Prerequisite: VTEC 10001 and VTEC 10205 and VTEC 20003 and VTEC 20008 and VTEC 20010 and VTEC 20212.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 1 lecture, 3 lab
Grade Mode: Standard Letter

VTEC 20392 PRACTICUM IN VETERINARY HOSPITAL (ELR) 5 Credit Hours
(Repeatable for credit)Students gain practical experience in veterinary clinic or approved clinical site to focus on mastery of all clinical skills needed for this career.
Prerequisite: BSCI 20021 and VTEC 20009 and VTEC 20010 and VTEC 20212.
Corequisite: VTEC 20213 and VTEC 20214.
Schedule Type: Practical Experience
Contact Hours: 5 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

Visual Communication Design (VCD)

VCD 13000 VISUAL DESIGN THINKING 3 Credit Hours
Introduction to design thinking, including the principles, processes and applications, and how to improve an existing product or design a new concept. Students will explore the language of design, how it is influenced by form, content and context. Focus will be placed on design theory, brainstorming, ideation, two-dimensional design, environmental design, typography, illustration, motion, photography and interactive media.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

VCD 13001 INTRODUCTION TO VISUAL COMMUNICATION DESIGN STUDIO 3 Credit Hours
An introduction to basic design processes using research, writing, conceptual problem-solving and format organization of two dimensional space utilizing type and imagery. The course structure and projects are designed to challenge the student to manipulate the elements of graphic design in an experimental way, and to develop critical thought and aesthetic response. The projects utilize different compositional elements (abstract shapes, letterforms, images) as a way to learn the basic principles of two-dimensional design—hierarchy, unity, balance, contrast, alignment, repetition. Students will use several methods of design development—sketching, tracing, detailed drawings, computer renderings, research of existing work, class discussions and critiques. Software will be used to develop final compositions.
Prerequisite: None.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 17000 COLOR: THEORY AND APPLICATION 3 Credit Hours
This course provides students with an in-depth discovery and application of color theory through practical hands-on experience using paint and collage techniques. A sequence of exercises, problems, and lectures are designed with specific color objectives in mind, providing students with a direct physical experience of color structure and interconnections, and how they impact the eye and mind. Visual examples and media demonstrations, including hand techniques, mixing color, applying paint and exploring cut and torn collage elements are provided to enhance learning objectives and creative outcomes. Projects are based on the relative effects of hue, saturation, color temperature and value. The language of color is both intentional and efficient.
Prerequisite: None.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 18002 PHOTOGRAPHY II 3 Credit Hours
Course further develops basic technical information and introduces studio lighting techniques and protocols. The class is studio-based and introduces and explores gaining command of continuous lighting source (LED), composition, studio practices: The technical information will be supplemented with a series of photographic assignments that apply this information.
Prerequisite: CCI 12001.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 20010 DESIGN RESEARCH AND METHODS 3 Credit Hours
This course is an introduction to research methods used in the professional practice of visual communication design. Students are exposed to strategies, tactics and frameworks used in the creation of design artifacts. Students will gain an understanding of research strategies, tactics, tools and applied use through a combination of classroom lectures, readings, online forums, homework assignments and group discussion.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

VCD 22000 DESIGN/ILLUSTRATION TECHNIQUES I 3 Credit Hours
Introductory course in design/illustration. Object drawing with emphasis toward rendering materials and techniques used in reproduction, perspective, spacial organization and use of reference material.
Prerequisite: VCD 13000; and a minimum B- grade in VCD 13001.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 22001 DESIGN/ILLUSTRATION TECHNIQUES II 3 Credit Hours
Continuation of Design Illustration Techniques I foundational drawing and composition skills. Introduction to color theory as it applies to illustration and design. Students explore color mixing and color schemes through traditional watercolor and digital color approaches.
Prerequisite: VCD 22000.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 23001 TYPOGRAPHY I 3 Credit Hours
Historical study of letter forms and their application to the development of new forms. Execution and use of letter forms as design elements in layout and illustration using fundamental typographic theories and rules of spatial organization.
Prerequisite: VCD 13000; and a minimum B- grade in VCD 13001.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 25000 DESIGN HISTORY AND THEORY 3 Credit Hours
This course is a chronological overview of design history and theory. Together we will examine design history and schools of thought, with a strong focus on the impact of the industrial revolution. We will explore aesthetics and theory and how art, architecture, and craft guilds shaped the modern design profession. Topics include the early alphabet, print, processes, illustration, photography, corporate design, modern design, and the advent of the GUI interface and modern digital design. Students will look at design history starting with the eighteenth century and working our way through the industrial revolution, Dadaism, World War I and II, Postmodernism, the rise of consumerism, social responsibility and the evolving role of the designer. This course has an inclusive perspective of design history, researching beyond the Bauhaus and Swiss perspective, looking at influences from Japan, Brazil, Morocco and Turkey. We will study various design heroes from minority communities and how religion has influenced design. This course also introduces students to female design leaders and their unique contributions to the design profession.
Prerequisite: VCD 13000.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

VCD 28003 DIGITAL IMAGING I 3 Credit Hours
Designed to give students an intermediate working knowledge of the digital photographic workflow, including intermediate Photoshop editing skills, an overview of Adobe Raw, Bridge and Lightroom along with color calibration and color management tools. Students will complete a series of photographic assignments to which they will apply this information.
Prerequisite: CCI 12001.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 28004 PHOTOGRAPHIC PERSPECTIVES 3 Credit Hours
Examines the use of the photographic medium in the context of the commercial marketplace. Discusses the advancement of material processes, provides a comprehensive overview of commercial imagery and market development, examines industry trends, and introduces several theoretical criticisms pertaining to constructed photography.
Prerequisite: Photography major or minor or photo journalism major or minor.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

VCD 32000 ILLUSTRATION I 3 Credit Hours
Continuation of Design Illustration Techniques I and II with emphasis on technique and creative solutions as they apply to specific illustration areas: narrative, editorial, book, advertising and institutional.
Prerequisite: VCD 20010, VCD 22001 and VCD 33000.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 32001 ILLUSTRATION II 3 Credit Hours
Illustration as communication: conceptual problem-solving visualizations of ideas utilizing felt tip markers as the medium of expression.
Prerequisite: VCD 32000.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 33000 GRAPHIC DESIGN I 3 Credit Hours
Studio course covering the structuring of two-dimensional communication design utilizing headline, body copy and illustration with the addition of conceptual content. The projects employ systems thinking, utilize design research methods and introduce principles of information design.
Prerequisite: Minimum B- grade in VCD 23001.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 33001 GRAPHIC DESIGN II 3 Credit Hours
Continuation of Graphic Design I, utilizing basic layout with emphasis on concept as applied to problem-solving methodologies through a series of exercises and problems.
Prerequisite: VCD 33000.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 33101 INTERACTION DESIGN I 3 Credit Hours
The conceptualization and prototyping of interactive experiences.
Prerequisite: EMAT 33310 or VCD 23001.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 34004 VISUAL ETHICS 3 Credit Hours
Course topics include the understanding of visual form, the responsibility of the designer, photographer and illustrator, and those working in collaboration with visual communicators. Topics covered include image manipulation, copyright laws, ethical and professional guidelines, sustainable design practices and acting as an advocate of the consumer and audience member. Discussion topics include credibility, dignity and developing a personal philosophy towards visual ethics.
Prerequisite: EMAT 10010 or UXD 20001 or VCD 13000.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

VCD 34005 ELEMENTS OF BRAND DESIGN 3 Credit Hours
This course is an introduction to the creative process of designing brand communications. Key components include identity elements, packaging programs and other brand experiences.
Prerequisite: VCD 20010 and VCD 22001 and VCD 33000.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 38004 ADVANCED PHOTOGRAPHY 3 Credit Hours
Introduction of professional strobe lighting equipment, materials and techniques along with the development of conceptual abilities and problem solving skills as applied to studio portraiture, still life, and location photography. Special lighting equipment and accessories furnished.
Prerequisite: VCD 18002.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 38007 PHOTOGRAPHY TECHNIQUES 3 Credit Hours
Explorations of current influences, innovations and trends in photography. Projects can include interdisciplinary collaborations such as the intersection of photojournalism and commercial photography, architecture and photography and others.
Prerequisite: VCD 48005.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 38011 EDITORIAL PHOTOGRAPHY 3 Credit Hours
This course explores and develops the style and protocols unique to editorial photography. Exploring and understanding visual storytelling; research methods and techniques; differences between advertising, fine art and editorial photography. Course will emphasize multiple styles of editorial work including portraiture, environmental, fashion, studio and location assignments. The importance of design along with critical thinking skills in image creation along with discussion of locations, model releases, editing, captioning, etc. will also be covered.
Prerequisite: VCD 28003 and VCD 38004.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 40035 PROFESSIONAL PORTFOLIO BFA DESIGN 3 Credit Hours
Develop a professional portfolio in design and or illustration through selection and refinement of previously completed classroom work and development of projects in areas of deficiency, with emphasis on organization and presentation. Organization and participation in gallery show at the semester's conclusion.
Prerequisite: Visual communication design major within the bachelor of fine arts (BFA); and special approval.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 40053 GLYPHIX RESEARCH LABORATORY 3 Credit Hours
(Repeatable for credit) (Slashed with VCD 50053) Professional experience through a research focused design studio. Involves responsibilities and procedures for the research, conceptual development and production of design materials for stakeholders including (but not limited to) businesses, on-campus organizations, nonprofit organizations, charities, art groups and select on-campus research initiatives and departments.
Prerequisite: None.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 40089 GRAPHIC DESIGN-TRAVEL AND FIELD EXPERIENCE (DIVG) (ELR) 3 Credit Hours
(Repeatable for credit) (Slashed with VCD 50089) Development of awareness and understanding in the practical application of graphic design and communication through directed field trip experience.
Prerequisite: School of visual communication major or minor.
Schedule Type: International Experience, Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter
Attributes: Diversity Global, Experiential Learning Requirement

VCD 40095 SPECIAL TOPICS IN DESIGN, ILLUSTRATION AND PHOTOGRAPHY 1-3 Credit Hours
(Repeatable for credit) (Slashed with VCD 50095) Explores topics of special interest in design, illustration, and photography not covered in existing courses. Not offered every semester; the topic is announced when the course is scheduled.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

VCD 40096 INDIVIDUAL INVESTIGATION IN GRAPHIC DESIGN AND ILLUSTRATION 1-8 Credit Hours
(Repeatable for a maximum of 16 credit hours)Individual study related to topics of graphic design and illustration approved by and under the direction of a faculty member.
Prerequisite: None.
Schedule Type: Individual Investigation
Contact Hours: 1-8 other
Grade Mode: Standard Letter-IP

VCD 40182 INTERNSHIP PREPARATION: DESIGN, ILLUSTRATION AND PHOTOGRAPHY 2 Credit Hours
Preparation for experience in studio, agency or company involving design, illustration or photography responsibilities and procedures to broaden a student's understanding of the profession through real world job situations. Through this course, students will gain a better understanding of the types of design, illustration and photography internships and jobs; how to develop materials (resume, cover letter, etc.) necessary for an entry level job search; and professional skills necessary for professional practice in design, illustration and photography.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter

VCD 40192 INTERNSHIP: DESIGN, ILLUSTRATION AND PHOTOGRAPHY (ELR) 1-4 Credit Hours
(Repeatable for credit) Experience in a design, illustration or photography studio, agency or company with responsibilities and to broaden a student's understanding of the profession through a real job situation.
Prerequisite: VCD 40182.
Schedule Type: Practical Experience
Contact Hours: 3-12 other
Grade Mode: Satisfactory/Unsatisfactory-IP
Attributes: Experiential Learning Requirement

VCD 40193 VARIABLE TITLE WORKSHOP IN VISUAL COMMUNICATION DESIGN 1-3 Credit Hours
(Repeatable for credit)Workshop setting dealing with intensive examination of special topics in VCD.
Prerequisite: None.
Schedule Type: Workshop
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

VCD 40195 SELECTED TOPICS IN DESIGN, ILLUSTRATION AND PHOTOGRAPHY 1-3 Credit Hours
(Repeatable for credit) (Slashed with VCD 50195) Explores selected topics of interest in design, illustration, and photography not covered in existing courses. Not offered every semester; the topic is announced when the course is scheduled.
Prerequisite: Visual Communication Design majors and minors or Photography majors and minors.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

VCD 40295 SELECTED TOPICS IN DESIGN, ILLUSTRATION AND PHOTOGRAPHY 3 Credit Hours
(Repeatable for credit) (Slashed with VCD 50295) Explores selected topics of interest in design, illustration, and photography not covered in existing courses. Not offered every semester; the topic is announced when the course is scheduled.
Prerequisite: Visual Communication Design majors and minors or Photography majors and minors.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 42002 EDITORIAL ILLUSTRATION 3 Credit Hours
(Slashed with VCD 52002) Exploration and discussion of various illustration techniques and their application in the publishing field. Emphasis is placed on client needs, concept and intended audience.
Prerequisite: VCD 22000 and VCD 22001.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 42003 ADVERTISING ILLUSTRATION 3 Credit Hours
(Slashed with VCD 52003) Exploration and discussion of various illustration techniques and their application in advertising. Emphasis is placed on client need, concept of solution and intended audience.
Prerequisite: VCD 22000 and VCD 22001.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 42005 CHARACTER DEVELOPMENT AND DESIGN: THE HUMAN FIGURE 3 Credit Hours
(Slashed with VCD 52005) Focuses on the application of the fundamental design principles and mechanics used when designing characters for film animation, television animation, computer animation, video games, comic strips, comic books, advertising, editorial illustration and book illustration.
Prerequisite: VCD 22000 and VCD 22001.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 42006 CHARACTER DEVELOPMENT AND DESIGN: ANIMALS AND ENVIRONMENTS 3 Credit Hours
(Slashed with VCD 52006) This course focuses on the application of fundamental design principles and mechanics used when designing characters for film animation, television animation, computer animation, video games, comic strips, comic books, book illustration, advertising, and editorial illustration.
Prerequisite: VCD 22000 and VCD 22001.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 42007 GRAPHIC NARRATIVE 3 Credit Hours
(Slashed with VCD 52007) This course fuses written and visual content, allowing students to both author and illustrate visual narratives. Through readings, various genres of written form are explored and both historical and emerging narrative formats within the field of illustration are emphasized.
Prerequisite: VCD 22000 and VCD 22001.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 43002 TYPOGRAPHY II 3 Credit Hours
(Slashed with VCD 53002) The use of typography (rather than visual imagery) as the primary design form in solving graphic design communication problems.
Prerequisite: VCD 33001.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 43003 IDENTITY SYSTEMS 3 Credit Hours
(Slashed with VCD 53003) This course is an in-depth investigation into the development of identity systems as a foundational visual design framework for communications. This includes the study of design of type, symbols, and pictorial elements as both singular marks and as a system. This is followed by the design of an overall communications program. The final product includes the documentation of design guidelines, through a rigorous process of research and analysis, creative ideation and design development.
Prerequisite: VCD 33001.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 43004 PROFESSIONAL COMMUNICATION FOR DESIGN 3 Credit Hours
(Slashed with VCD 53004) Designed to familiarize students with the basic business, marketing, legal and ethical standards in the graphic design industry.
Prerequisite: Junior standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

VCD 43005 INTEGRATED BRAND DESIGN 3 Credit Hours
(Slashed with VCD 53005) This course explores the design and development of a comprehensive brand program. From design strategy and identity elements through a range of tactical applications and environments, it results in the documentation of an integrated brand program.
Prerequisite: VCD 34005.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 43006 BRAND EXPERIENCES 3 Credit Hours
(Slashed with VCD 53006) This course investigates the unique design opportunities of communications in the built environment. It includes interpretive storytelling, identity, wayfinding, and placemaking and promotion for a variety of communication needs. Considerations include human scale, dimension, legibility, materiality, and fabrication. It follows a process of research and analysis, strategy, ideation, design development, and design intent documentation. Projects are often site specific and sometimes executed in small teams.
Prerequisite: VCD 34005.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 43007 INFORMATION DESIGN 3 Credit Hours
(Slashed with VCD 53007) This course is an introduction to data visualizations and sequence-based information visualization. Students will focus on how design principles use composition, graphics, color, and typography to create news graphics; maps, charts, tables, and diagrams. Deliverables in this course will be both static and digital-based artifacts. Students must have intermediate knowledge in visual communication design (typography, color, composition, etc.) and skills in using Adobe Creative Suite (Illustrator, Photoshop, and InDesign). It is helpful if students have experience using Adobe Affects and have web design skills.
Prerequisite: EMAT 33310 or VCD 13001.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 43051 TYPE HIGH PRESS 3 Credit Hours
(Repeatable for credit) (Slashed with VCD 53051) Students will explore aspects of letterpress printing. Course content will include typesetting, printing basics, and a brief history of movable type printing and typography. Students will work on a series of projects to acclimate themselves to the equipment and various printing techniques.
Prerequisite: VCD 33000.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 43060 TYPEFACE DESIGN 3 Credit Hours
(Slashed with VCD 53060) This course will serve as an introduction to the core principles of typeface design. It is a fast paced and challenging course with a requirement for a high level of engagement and research on the part of the student. Building on skills learned in other VCD classes, this is an advanced level course dealing with the underlying themes in typeface design and their relationship to the typographer's needs.
Prerequisite: VCD 23001.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 43101 INTERACTION DESIGN II 3 Credit Hours
(Slashed with VCD 53101) Students will continue their study of interaction design by working on two projects and two exercises. They will work to develop the content, to compile user research, structure the information architecture, design the interface and prototype their concepts. Students are encouraged to focus on a specific context and audience while demonstrating its use in a final prototype that represents a pathway of experience. Students will focus on the designer's role in the development of interactive spaces and communities, as well as the interdisciplinary exchange with other professionals (computer programmers, software developers, and marketing professionals). We will study human-computer interaction and focus on the needs of the user to create the best user experience. When possible, students will work on real-world projects that allow for collaboration with programmers and developers.
Prerequisite: VCD 33101.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 44001 EXHIBITION DESIGN 3 Credit Hours
The study of content, narrative development, consideration of space, and the use of materials and media in environmental and exhibition design. Includes working in scale, 2D and 3D rendering, physical and digital modeling.
Prerequisite: VCD 34005.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 44006 MOTION DESIGN I 3 Credit Hours
A studio course designed to teach the fundamentals of motion graphic design. Materials and information are delivered through a series of lectures, demos and hands-on exercises.
Prerequisite: EMAT 33310 or UXD 20001 or VCD 13001.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 46003 EXPERIMENTAL TYPOGRAPHY 3 Credit Hours
(Slashed with VCD 56003) This course uses typography as an instrument for conceptual and creative expression and communication. Projects emphasize typographic research, process, experimentation and interpretation. Artifacts can range from screen-based solutions, print pieces, 3D experiences and more, with a strong emphasis on type.
Prerequisite: VCD 33001.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter-IP

VCD 47000 VISUAL DESIGN FOR MEDIA 3 Credit Hours
(Slashed with VCD 57000) Apply design concepts to digitally-generated communication using a layout software program. This course is a survey of the basic principles of two-dimensional design, typography, design concepts and color theory. Class projects enable the student to explore visual design principles and processes, develop critical thinking about aesthetics and reflect on the impact of design on the users' comprehension and response. This course may not be used towards degree requirements by visual communication design majors.
Prerequisite: None.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2 lecture, 2 lab
Grade Mode: Standard Letter

VCD 48001 PHOTOGRAPHIC PROJECT 3 Credit Hours
Provides students the opportunity to conceptualize, organize and produce a semester-long photographic project of their choice under the supervision of the course instructor. Projects will augment students' existing photographic portfolios.
Prerequisite: Photography major; and special approval.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 48002 ADVANCED PHOTOGRAPHIC PROJECT 3 Credit Hours
Continuation of VCD 48001. Each student will conceptualize, organize and produce a semester-long photographic project of their choice under the supervision of the course instructor. Projects will augment students' existing photographic portfolios.
Prerequisite: VCD 48001.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 48003 PROFESSIONAL PORTFOLIO PHOTOGRAPHY 3 Credit Hours
Students will create personal, professional portfolios (electronic and hard copy) developed through branding and identity explorations. Each portfolio will be a blend of the student's best work and career path desires and expressed through sophisticated grinding and design principles. Students will also develop and hang an exhibition of their student work in the Taylor Hall art gallery.
Prerequisite: Photography major; and special approval.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 48005 COLOR PHOTOGRAPHY 3 Credit Hours
This course introduces students to the technical and aesthetic considerations of color theory and practice in color photography. The main objective of the course is to combine an in-depth study of color theory with theoretical and practice-based systems and other color theory explorations. The course will also cover the technical aspects of color in photography, including management, implementation, color temperature, and digital color correction. Students will use these skills, their own research and lecture information and utilize them through a series of technical and aesthetic assignments to their own images created specifically for this course.
Prerequisite: VCD 28003 and VCD 38004.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 48008 ADVANCED DIGITAL IMAGING 3 Credit Hours
This course emphasizes advanced techniques in the use of image editing software to develop workflow techniques and post-production and editing skills. Technical information will be supplemented with a series of photographic assignments that explore advanced application and usage of tools and skills covered as well as new Additional explorations into current digital technologies such as virtual reality, CGi generated imagery and compositing with made photography, Advanced compositing of multiple shoots into cohesive wholes, etc. Software used includes Photoshop, Lightroom, and Capture One Pro.
Prerequisite: VCD 28003 and VCD 38004.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 48009 FASHION PHOTOGRAPHY 3 Credit Hours
Emphasis on editorial and advertising fashion photography. Students will explore: Fashion shoot protocols and techniques; Studio and Location Lighting Techniques, History and Theory of Fashion Photography, Fashion Shoot management. In partial collaboration with Fashion School BFA students along with live models on both studio and location shoots. The technical information will be supplemented with a series of photographic project assignments both in studio and on location.
Prerequisite: None.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 48010 ARCHITECTURAL PHOTOGRAPHY 3 Credit Hours
(Slashed with VCD 58010) The course introduces and develops professional practice and techniques for expressing exterior and interior architectural space including image capture, composition, lighting, staging, technical and esthetic considerations, post-production, camera functionality, among others. Other explorations include Art in Architectural Photography and the Architectural Documentary. DSLR camera or equivalent is needed for this course. Refer to Recommended Camera List for suggestions, provided within syllabus.
Prerequisite: Junior standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 48092 PRACTICUM IN PHOTOGRAPHY (ELR) 1-3 Credit Hours
(Repeatable for a total of 10 hours) Individual or group investigation into student selected areas of photographic field.
Prerequisite: Photography or visual communication design major; and junior and senior standing.
Schedule Type: Practical Experience
Contact Hours: 7-21 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

VCD 49198 WRITING FOR PROFESSIONAL PRACTICE (ELR) (WIC) 2 Credit Hours
Course explores writing for creative professionals, including designers, photographers and illustrators. Students define and practice writing in the academic setting and the professional arena. Students practice writing creative briefs, proposals and contracts. They also develop estimates and grant proposals in order to secure funding and determine budgets. At the end of the semester, students practice presenting ideas through writing and oral presentations. Students are encouraged to combine course efforts by writing about a senior capstone project, an individual investigation or another project in an upper-level studio course. Writing about current or recent work helps students apply writing techniques in concrete and tangible scenarios.
Prerequisite: Senior standing.
Pre/corequisite: VCD 34004.
Schedule Type: Research
Contact Hours: 2 other
Grade Mode: Standard Letter-IP
Attributes: Experiential Learning Requirement, Writing Intensive Course

VCD 49199 CAPSTONE PROJECT (ELR) 3 Credit Hours
(Repeatable for credit) A capstone project in design, illustration, or photography structured by the student (with approval by faculty), culminating in a final presentation or exhibit.
Prerequisite: VCD 13001; and senior standing.
Schedule Type: Lecture, Combined Lecture and Studio, Project or Capstone, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter-IP
Attributes: Experiential Learning Requirement

VCD 50053 GLYPHIX RESEARCH LABORATORY 3 Credit Hours
(Repeatable for credit) (Slashed with VCD 40053) Professional experience through a research focused an internal design studio. Involves responsibilities and procedures for the research, conceptual development and production of design communication materials for stakeholders off-campus clients including (but not limited to) businesses, on-campus nonprofit organizations, nonprofit organizations, charities, art arts groups and selected on- campus groups and select on-campus research initiatives and departments.
Prerequisite: Graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 50089 GRAPHIC DESIGN-TRAVEL AND FIELD EXPERIENCE 3 Credit Hours
(Repeatable for credit) (Slashed with VCD 40089) Development of awareness and understanding in the practical application of graphic design and communication through directed field trip experience.
Prerequisite: Visual Communication Design major; and graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 50092 INTERNSHIP-GRAPHIC DESIGN AND ILLUSTRATION 1-6 Credit Hours
(Repeatable for credit)Experience in design studio, agency or company involving design responsibilities and procedures to broaden a student's understanding of the profession through a real job situation.
Prerequisite: Graduate standing.
Schedule Type: Practical Experience
Contact Hours: 1-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

VCD 50095 SPECIAL TOPICS IN DESIGN, ILLUSTRATION AND PHOTOGRAPHY 1-3 Credit Hours
(Repeatable for credit) (Slashed with VCD 40095) Explores topics of special interest in design, illustration, and photography not covered in existing courses. Not offered every semester; the topic is announced when the course is scheduled.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

VCD 50193 VARIABLE TITLE WORKSHOP IN VCD 1-3 Credit Hours
(Repeatable for credit) Workshop setting dealing with intensive examination of special topics in VCD.
Prerequisite: Graduate standing.
Schedule Type: Workshop
Contact Hours: 1-3 other
Grade Mode: Satisfactory/Unsatisfactory

VCD 50195 SELECTED TOPICS IN DESIGN, ILLUSTRATION AND PHOTOGRAPHY 1-3 Credit Hours
(Repeatable for credit) (Slashed with VCD 40195) Explores selected topics of interest in design, illustration, and photography not covered in existing courses. Not offered every semester; the topic is announced when the course is scheduled.
Prerequisite: Visual communication design major; and graduate standing.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

VCD 50295 SELECTED TOPICS IN DESIGN, ILLUSTRATION AND PHOTOGRAPHY 3 Credit Hours
(Repeatable for credit) (Slashed with VCD 40295) Explores selected topics of interest in design, illustration, and photography not covered in existing courses. Not offered every semester; the topic is announced when the course is scheduled.
Prerequisite: Visual communication design major; and graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 52002 EDITORIAL ILLUSTRATION 3 Credit Hours
(Slashed with VCD 42002) Exploration and discussion of various illustration techniques and their application in the publishing field. Emphasis is placed on client needs, concept and intended audience.
Prerequisite: Visual communication design major; and graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 52003 ADVERTISING ILLUSTRATION 3 Credit Hours
(Slashed with VCD 42003) Exploration and discussion of various illustration techniques and their application in advertising. Emphasis is placed on client need, concept of solution and intended audience.
Prerequisite: Visual communication design major; and graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 52005 CHARACTER DEVELOPMENT AND DESIGN: THE HUMAN FIGURE 3 Credit Hours
(Slashed with VCD 42005) Focuses on the application of the fundamental design principles and mechanics used when designing characters for film animation, television animation, computer animation, video games, comic strips, comic books, advertising, editorial illustration and book illustration. Students must demonstrate proficiency in drawing to register for this course.
Prerequisite: Graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 52006 CHARACTER DEVELOPMENT AND DESIGN: ANIMALS AND ENVIRONMENTS 3 Credit Hours
(Slashed with VCD 42006) This course focuses on the application of fundamental design principles and mechanics used when designing characters for film animation, television animation, computer animation, video games, comic strips, comic books, book illustration, advertising, and editorial illustration.
Prerequisite: Master of fine arts (MFA) or master of arts (MA) in visual communication design major; and graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 52007 GRAPHIC NARRATIVE 3 Credit Hours
(Slashed with VCD 42007) This course fuses written and visual content, allowing students to both author and illustrate visual narratives. Through readings, various genres of written form are explored and both historical and emerging narrative formats within the field of illustration are emphasized.
Prerequisite: Master of fine arts (MFA) or master of arts (MA) in visual communication design (VCD); and graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 53000 STUDIO PRODUCTION 3 Credit Hours
A technical lecture course designed to teach the fundamental techniques and processes of electronic prepress and printing production. This material is presented through a series of lectures, demos, written tests and field trips.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

VCD 53002 TYPOGRAPHY II 3 Credit Hours
(Slashed with VCD 43002) The use of typography (rather than visual imagery) as the primary design form in solving graphic communication problems.
Prerequisite: Visual communication design major; and graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 53003 IDENTITY SYSTEMS 3 Credit Hours
(Slashed with VCD 43003) This course is an in-depth investigation into the development of identity systems as a foundational visual design framework for communications. This includes the study of design of type, symbols and pictorial elements as both singular marks and as a system. This is followed by the design of an overall communications program. The final product includes the documentation of design guidelines, through a rigorous process of research and analysis, creative ideation and design development.
Prerequisite: Visual communication design major; and graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 53004 PROFESSIONAL COMMUNICATION FOR DESIGN 3 Credit Hours
(Slashed with VCD 43004) Designed to familiarize students with the basic business, marketing, legal and ethical standards in the graphic design industry.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

VCD 53005 INTEGRATED BRAND DESIGN 3 Credit Hours
(Slashed with VCD 43005) This course explores the design and development of a comprehensive brand program. From design strategy and identity elements through a range of tactical applications and environments, it results in the documentation of an integrated brand program.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 53006 BRAND EXPERIENCES 3 Credit Hours
(Slashed with VCD 43006) This course investigates the unique design opportunities of communications in the built environment. It includes interpretive storytelling, identity, wayfinding and placemaking and promotion for a variety of communication needs. Considerations include human scale, dimension, legibility, materiality, and fabrication. It follows a process of research and analysis, strategy, ideation, design development and design intent documentation. Projects are often site specific, and sometimes executed in small teams.
Prerequisite: Graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 53007 INFORMATION DESIGN 3 Credit Hours
(Slashed with VCD 43007) This course is an introduction to data visualizations and sequence-based information visualization. Students will focus on how design principles use composition, graphics, color, and typography to create news graphics; maps, charts, tables, and diagrams. Deliverables in this course will be both static and digital-based artifacts. Students must have intermediate knowledge in visual communication design (typography, color, composition, etc.) and skills in using Adobe Creative Suite (Illustrator, Photoshop, and InDesign). It is helpful if students have experience using Adobe Affects and have web design skills.
Prerequisite: Graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 53051 TYPE HIGH PRESS 3 Credit Hours
(Repeatable for credit) (Slashed with VCD 43051) Students will explore aspects of letterpress printing. Course content will include typesetting, printing basics, and a brief history of movable type printing and typography. Students will work on a series of projects to acclimate themselves to the equipment and various printing techniques.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 53060 TYPEFACE DESIGN 3 Credit Hours
(Slashed with VCD 43060) This course will serve as an introduction to the core principles of typeface design. It is a fast paced and challenging course with a requirement for a high level of engagement and research on the part of the student. Building on skills learned in other VCD classes, this is an advanced level course dealing with the underlying themes in typeface design and their relationship to the typographer's needs.
Prerequisite: Visual communication design major; and graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 53101 INTERACTION DESIGN II 3 Credit Hours
(Slashed with VCD 43101) Students will continue their study of interaction design by working on two projects and two exercises. They will work to develop the content, to compile user research, structure the information architecture, design the interface and prototype their concepts. Students are encouraged to focus on a specific context and audience while demonstrating its use in a final prototype that represents a pathway of experience. Students will focus on the designer's role in the development of interactive spaces and communities, as well as the interdisciplinary exchange with other professionals (computer programmers, software developers, and marketing professionals). We will study human-computer interaction and focus on the needs of the user to create the best user experience. When possible, students will work on real-world projects that allow for collaboration with programmers and developers
Prerequisite: Graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 54006 MOTION DESIGN I 3 Credit Hours
(Slashed with VCD 44006) A studio course designed to teach the fundamentals of motion graphic design. Materials and information are delivered through a series of lectures, demos and hands-on exercises.
Prerequisite: Graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 56003 EXPERIMENTAL TYPOGRAPHY 3 Credit Hours
(Slashed with VCD 46003) This course uses typography as an instrument for conceptual and creative expression and communication. Projects emphasize typographic research, process, experimentation and interpretation. Artifacts can range from screen-based solutions, print pieces, 3D experiences, and more, with a strong emphasis on type.
Prerequisite: Graduate standing; and special approval.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter-IP

VCD 57000 VISUAL DESIGN FOR MEDIA 3 Credit Hours
(Slashed with VCD 47000) Apply design concepts to digitally-generated communication using a layout software program. This course is a survey of the basic principles of two-dimensional design, typography, design concepts and color theory. Class projects enable the student to explore visual design principles and processes, develop critical thinking about aesthetics and reflect on the impact of design on the users' comprehension and response. This course may not be used towards degree requirements by visual communication design majors.
Prerequisite: Graduate standing.
Schedule Type: Laboratory, Lecture, Combined Lecture and Lab
Contact Hours: 2 lecture, 2 lab
Grade Mode: Standard Letter

VCD 58010 ARCHITECTURAL PHOTOGRAPHY 3 Credit Hours
(Slashed with VCD 48010) The course introduces and develops professional practice and techniques for expressing exterior and interior architectural space including image capture, composition, lighting, staging, technical and esthetic considerations, post-production, camera functionality, among others. Other explorations include Art in Architectural Photography and the Architectural Documentary. DSLR camera or equivalent is needed for this course. Refer to Recommended Camera List for suggestions, provided within syllabus.
Prerequisite: Graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 60010 DESIGN RESEARCH METHODS 3 Credit Hours
Introductory course to the design research methods employed in the professional practice of visual communication design. Students will gain an understanding of research strategies, tactics and tools, and will apply their use through a combination of readings, videos, online discussion and a final cumulative project. Focus will be directed on the design process, research and ideation skills, and understanding research methods in the context of today's design profession.
Prerequisite: Visual communication design major; and graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

VCD 60011 TYPOGRAPHIC STRUCTURES AND SYSTEMS 3 Credit Hours
Serves as an intensive introduction to typography and its application in visual communication design. Students will learn to create successful typographic compositions by controlling hierarchy, contrast, space, and grids. The course also covers the organization of information, and facilitates discussion and creative work on the effects of type choice and style in communication. Students will be familiarized with typography for print and screen-based environments.
Prerequisite: Visual communication design major; and graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 60012 CONCEPT DEVELOPMENT AND IMPLEMENTATION 3 Credit Hours
Serves as an intensive introduction to conceptual development and how it is implemented with form in visual communication design.
Prerequisite: VCD 60011; and graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 60013 GRAPHIC DESIGN ADVANCED 3 Credit Hours
Builds on typography and concept development. Students will gain experience combining layout, concept and problem-solving methodologies through a series of exercises and problems. Projects facilitate the student's ability to employ narrative and storytelling methods, along with design research, analysis, documentation and implementation. The structure of this course is designed to foster self-initiative. Exercises will be completed outside class time and students will be given a great amount of flexibility as they frame projects and decipher solutions to problems.
Prerequisite: VCD 60010, VCD 60011 and VCD 60012; and graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter

VCD 60020 GRADUATE STUDIO IN VISUAL COMMUNICATION DESIGN 3 Credit Hours
(Repeatable for credit) Research based, hands-on studio course providing a context for collaborative and individual projects in design, illustration and/or photography.
Prerequisite: Visual communication design major; and graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Standard Letter-IP

VCD 60091 GRADUATE SEMINAR IN VISUAL COMMUNICATION DESIGN 3 Credit Hours
(Repeatable for credit) Focuses on design theory and research methodologies pertaining to design. Content consists mostly of readings, discussions and student presentations.
Prerequisite: Visual communication design major; and graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter-IP

VCD 60094 PROFESSIONAL AND TEACHING DEVELOPMENT 3 Credit Hours
For VCD student teaching or who anticipate teaching in higher education. This experience also supports future careers in management, art direction and instructional roles in industry. Discussions include grading, critiques, classroom management and evaluation techniques.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

VCD 60095 SPECIAL TOPICS IN GRAPHIC DESIGN/ILLUSTRATION 1-4 Credit Hours
(Repeatable for a maximum of 16 credit hours)To broaden course offerings into specialized areas of study in graphic design and illustration taught by experts in the profession as guest faculty. Used to fulfill primary studio requirements in graphic design and or illustration.
Prerequisite: Graduate standing.
Schedule Type: Studio
Contact Hours: 1-4 other
Grade Mode: Standard Letter-IP

VCD 60096 INDIVIDUAL INVESTIGATION IN GRAPHIC DESIGN AND ILLUSTRATION 1-16 Credit Hours
(Repeatable for credit)Individual investigation related to topics of graphic design and illustration approved and under the direction of a faculty member.
Prerequisite: Graduate standing.
Schedule Type: Individual Investigation
Contact Hours: 1-16 other
Grade Mode: Standard Letter-IP

VCD 60098 RESEARCH 1-15 Credit Hours
(Repeatable for credit) Independent research under the direction of a faculty member in the division of design/illustration.
Prerequisite: Graduate standing.
Schedule Type: Research
Contact Hours: 1-15 other
Grade Mode: Standard Letter

VCD 60099 MASTER OF ARTS PROJECT GRAPHIC DESIGN AND ILLUSTRATION 3 Credit Hours
A research project for M.A. students approved in consultation with the faculty adviser which culminates in a visual project exhibition and formal presentations.
Prerequisite: Graduate standing.
Schedule Type: Lecture, Combined Lecture and Studio, Project or Capstone, Studio
Contact Hours: 1 lecture, 4 other
Grade Mode: Satisfactory/Unsatisfactory-IP

VCD 60171 CRITICAL PRACTICES IN DESIGN RESEARCH 3 Credit Hours
(Repeatable for credit) (Slashed with VCD 80171) This graduate seminar course introduces methods for integrating critical practices into larger communication design research agendas. The term “critical practices” includes three areas of design-centered inquiry: critical design, critical making, and design authorship.
Prerequisite: Master of fine arts (MFA) or master of arts (MA) in visual communication design major; and graduate standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

VCD 60191 ADVANCED RESEARCH 3 Credit Hours
Serves as the research intensive continuation of VCD 60091 Graduate Seminar. Students will focus on the development of their MFA thesis proposals by identifying a topic, investigating relevant literature and media, developing a thesis statement, and writing the full thesis proposal. Deliverables include a finished MFA thesis proposal, research schedule, and corresponding logic model.
Prerequisite: VCD 60091 and VCD 60094; and visual communication design major; and graduate standing.
Schedule Type: Seminar
Contact Hours: 3 other
Grade Mode: Standard Letter

VCD 60200 DESIGN THEORY I: CULTURE, COMMUNITIES AND CONTEXT 3 Credit Hours
(Slashed with VCD 80200) Introduces students to design theory through a lens of classic and contemporary readings taken from various disciplines. This survey of perspectives assists students in developing their individual voice as a designer. Delves into issues that affect the field of graphic design and will continue to shape culture and history. Students are asked to question ideas of community and to expand on their ideas with examples through media and technology. Students critically question notions of history, psychology and social behaviors. The writing and criticism of advertising, communication, design artifacts and culture are the primary communication tool of the class, which is completed through papers and personal reflections.
Prerequisite: Graduate standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

VCD 61099 GRADUATE PORTFOLIO/GRAPHIC DESIGN AND ILLUSTRATION 1 Credit Hour
A formal review of the work completed in the first 12 semester credit hours of graphic design and/or illustration courses for both Master of Fine Arts and Master of Arts.
Prerequisite: Graduate standing.
Schedule Type: Project or Capstone
Contact Hours: 1 other
Grade Mode: Satisfactory/Unsatisfactory-IP

VCD 68199 M.A.THESIS I 2-6 Credit Hours
Thesis students must register for a minimum of 6 hours, 2-6 hours in a single semester or distributed over several semesters if desired.
Prerequisite: Graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

VCD 68299 M.A.THESIS II 2 Credit Hours
Thesis students must continue registration each semester until all degree requirements are met.
Prerequisite: VCD 68199; and graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

VCD 69199 M.F.A. THESIS I 2-6 Credit Hours
Thesis students must register for a minimum of 6 hours; 2 -6 hours in a single semester or distributed over several semesters if desired.
Prerequisite: Graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2-6 other
Grade Mode: Satisfactory/Unsatisfactory-IP

VCD 69299 M.F.A. THESIS II 2 Credit Hours
Thesis students must continue registration each semester until all degree requirements are met.
Prerequisite: VCD 69199; and graduate standing.
Schedule Type: Masters Thesis
Contact Hours: 2 other
Grade Mode: Satisfactory/Unsatisfactory-IP

VCD 80171 CRITICAL PRACTICES IN DESIGN RESEARCH 3 Credit Hours
(Repeatable for credit) (Slashed with VCD 60171) This graduate seminar course introduces methods for integrating critical practices into larger communication design research agendas. The term "critical practices" includes three areas of design-centered inquiry: critical design, critical making, and design authorship. This course is not repeatable.
Prerequisite: Doctoral standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter

VCD 80200 DESIGN THEORY I: CULTURE, COMMUNITIES AND CONTEXT 3 Credit Hours
(Slashed with VCD 60200) Introduces students to design theory through a lens of classic and contemporary readings taken from various disciplines. This survey of perspectives assists students in developing their individual voice as a designer. The class delves into issues that affect the field of graphic design and will continue to shape culture and history. Students are asked to question ideas of community and to expand on their ideas with examples through media and technology. Students critically question notions of history, psychology and social behaviors. The writing and criticism of advertising, communication, design artifacts and culture are the primary communication tool of the class, which is completed through papers and personal reflections.
Prerequisite: Doctoral standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

Viticulture and Enology (VIN)

VIN 10510 MOLECULAR PRINCIPLES IN WINE AND BEER 4 Credit Hours
Covers the basic chemistry involved in the wine and winemaking process and the beer and brewing process. Includes basic understanding of the chemistry involved in the fermentation process, flavor, aroma and color of wine and beer.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 4 lecture
Grade Mode: Standard Letter-IP

VIN 11100 INTRODUCTION TO VITICULTURE AND VINEYARD ESTABLISHMENT 3 Credit Hours
Introduces students to current practices for establishing a commercial vineyard and maintaining its health and productivity once established. Topics covered include varietal selection, site preparation, equipment, site selection, first season establishment, vine growth development and training, trellis systems, vine propagation, weed control and vine disease control. Field work sessions consisting of 16 hours of hands-on experience is scheduled in area vineyards.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter-IP

VIN 11200 BOTANICAL VITICULTURE 4 Credit Hours
Provides students with an overview of the plant kingdom and an examination of grapevine form and function from a botanical perspective.
Prerequisite: None.
Schedule Type: Combined Lecture and Lab
Contact Hours: 3 lecture, 2 lab
Grade Mode: Standard Letter-IP

VIN 11392 WINTER VITICULTURE FIELDWORK (ELR) 2 Credit Hours
(Repeatable for credit) Provides students initiated in the field of viticulture practical experience in winter vineyard operations. Students are required to partner with an approved vineyard to participate in the required fieldwork portion of the course, which serves as experience for those seeking employment in commercial viticulture.
Prerequisite: VIN 11100.
Schedule Type: Field Experience, Lecture
Contact Hours: 1.5 lecture, 2.5 other
Grade Mode: Standard Letter-IP
Attributes: Experiential Learning Requirement

VIN 11492 SPRING VITICULTURE FIELDWORK (ELR) 2 Credit Hours
(Repeatable for credit) Designed to provide students initiated in the field of viticulture practical experience in spring vineyard operations. Students are required to partner with an approved vineyard to participate in the required fieldwork experience portion of the course, which serves as experience for those seeking employment in commercial viticulture.
Prerequisite: VIN 11100.
Schedule Type: Field Experience, Lecture
Contact Hours: 1.5 lecture, 2.5 other
Grade Mode: Standard Letter-IP
Attributes: Experiential Learning Requirement

VIN 11592 SUMMER/FALL VITICULTURE FIELDWORK (ELR) 2 Credit Hours
(Repeatable for credit) Provides viticulture students practical experience in summer and fall vineyard operations. Students are required to partner with an approved vineyard to participate in the required fieldwork portion of the course, which serves as experience for those seeking employment in commercial viticulture.
Prerequisite: VIN 11100.
Schedule Type: Field Experience, Lecture
Contact Hours: 1.5 lecture, 2.5 other
Grade Mode: Standard Letter-IP
Attributes: Experiential Learning Requirement

VIN 11800 INTRODUCTION TO BREWING 3 Credit Hours
This course is designed to introduce students to the basic principles of brewing on the home scale with an overview of brewing on the commercial scale. Students will learn about brewing, malt extracts, beer kits, brewing sugars, water, hops, yeast, boiling and cooling, fermentation, lagering beer, and priming and bottling. At the conclusion of this class, students will have the knowledge to brew small batches of beer successfully on the home scale.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter-IP

VIN 14000 INTERMEDIATE BREWING 3 Credit Hours
Intermediate Brewing is designed to give students a depth of knowledge in all grain brewing on the home scale, developing skills and knowledge of brewing on the commercial scale. Students will delve into brewing, water, hops, yeast, boiling and cooling, fermentation, lagering beer, filtering, and priming and bottling.
Prerequisite: VIN 11800.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter-IP

VIN 20095 SPECIAL TOPICS IN VITICULTURE AND ENOLOGY 1-3 Credit Hours
(Repeatable for a maximum of 9 credit hours) Various special topics to be announced in the Schedule of Classes, offering current topics in viticulture and enology.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-3 lecture
Grade Mode: Standard Letter

VIN 21100 INTEGRATED PEST MANAGEMENT 2 Credit Hours
Effective grape production depends on the grower developing a system of grape management that is appropriate for each vineyard. Decisions need to be made for how to manage all of the normal cultural practices such as planting, fertility, harvesting and pruning, as well as managing the insect, disease and weed problems that occur either regularly or sporadically. Course addresses management issues related to common, expected pest problems, as well as the occasional appearance of minor pest problems.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter-IP

VIN 21300 REGIONAL VINEYARD MANAGEMENT 2 Credit Hours
A general study of vineyard management in the general wine growing regions in the Continental United States. Covers management of the mature vineyard from region to region and builds on the topics covered in prerequisite course.
Prerequisite: VIN 11100.
Schedule Type: Lecture
Contact Hours: 2 lecture
Grade Mode: Standard Letter-IP

VIN 24000 SENSORY EVALUATION OF BEER 3 Credit Hours
Intended for those individuals who need to develop an understanding of the principles of sensory evaluation used in commercial beer making. It also benefits beer enthusiasts interested in reaching advanced levels of appreciation, as well beer producers, beer merchants and beer chemists, who by the nature of their profession need to discern flavors and establish tasting benchmarks. Students practice sensory analysis at home and in workshops to further their sensory evaluation skills and techniques.
Prerequisite: VIN 11800.
Schedule Type: Combined Lecture and Lab
Contact Hours: 2.5 lecture, 1 lab
Grade Mode: Standard Letter-IP

VIN 28992 BREWERY PRODUCTION FIELD EXPERIENCE (ELR) 2 Credit Hours
Provide students initiated in the field of brewing with actual and practical exposure to the technology of brewing. Students are expected to improve their understanding of the methods and science involved by on-site participation in each of the various activities associated with finished beer production. Course serves as actual practical exposure and may qualify as experience for those seeking employment in commercial brewing.
Prerequisite: VIN 11800 and VIN 14000.
Schedule Type: Lecture, Practical Experience
Contact Hours: .6 lecture, 4.25 other
Grade Mode: Standard Letter-IP
Attributes: Experiential Learning Requirement

VIN 29300 SOILS FOR VITICULTURE 3 Credit Hours
Explores soil properties and behavior and their influence on wines. Focuses not only on growth and production, but on the long-term effects of viticulture on soil quality and the wider environment.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter-IP

Women's Studies (WMST)

WMST 20101 INTRODUCTION TO WOMEN'S STUDIES: TRADITIONS, TRAJECTORIES, TROUBLES 3 Credit Hours
The course introduces students to Women's Studies - what it studies, how it came into being, what happened next. In focus are its traditions, its consequential contexts of struggle and protest, its pioneers, the multiple fields from which they came to this fresh-born academic hub. The course examines worldwide spread of WMST programs, their variant, evolving interests and work, the hounding, keenly felt disruptions and conflicts. We sample key scholarship with staying power; we peruse pieces across an interdisciplinary range; we visit early ideas now fallen out of favor, relegated to archives and/or bins. We also, importantly, consider how rifts and various troubles led to crucial metamorphoses as well as new fields.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

WMST 30001 ARENAS FOR FEMINIST THOUGHT: TOUCHY SUBJECTS, UNSETTLED MATTERS AND FEMINIST RESPONSE-ABILITY 3 Credit Hours
A multi-layered inquiry into the substantial discursive project initially undertaken by feminists to break the hold of dominant theory and begin to articulate theory from new standpoints expressed in new language. This course opens an arena within which to study real engagements of thinkers, theorists, their thoughts, theories, arguments, critical appraisals, etc. as they have emerged, developed and contended. The course coheres in a sense of feminist thinkers as profoundly responsive to their contexts, situated in times, places and atmospheres powerfully infused with settled and unsettled meanings.
Prerequisite: Sophomore standing.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

WMST 30002 FEMINIST RESEARCH METHODS 3 Credit Hours
Explores different qualitative and quantitative methodologies through applied research on WMST-related topics as well as on topics informed by feminist standpoints and thought/theory. Provides sturdy foundation for undergraduate students whose aims include undergraduate research, graduate school, and/or actual fieldwork.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

WMST 30091 KEY CONVERSATIONS THROUGH WOMEN'S STUDIES (DIVD) 3 Credit Hours
(Repeatable for credit) A critical investigation of the position and category of women from a cross-cultural, historical and interdisciplinary perspective, with special emphasis on major themes and issues in women's studies. Issues including race, ethnicity and sexuality may also be addressed.
Prerequisite: Junior standing.
Schedule Type: Seminar
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Diversity Domestic

WMST 30095 SPECIAL TOPICS IN WOMEN'S STUDIES 1-4 Credit Hours
(Repeatable for credit) Study of selected topics in women's studies organized around historical and theoretical issues and movements. This includes contemporary feminist theory, suffragist movement and third wave feminism.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 1-4 lecture
Grade Mode: Standard Letter

WMST 30100 HISTORY OF WOMEN IN THE UNITED STATES 3 Credit Hours
(Cross-listed with HIST 31075) An exploration of the political, economic, social, intellectual and cultural forces that have shaped women's lives, women's thought, perceptions of womanhood and feminism, from 1607 to the present in what is now the United States.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

WMST 30196 WOMEN STUDIES INDIVIDUAL INVESTIGATION 1-3 Credit Hours
(Repeatable for credit) The design and completion of a scholarly research project related to women's studies, and the presentation of findings at the end of the term. Arrangements must be made in the semester prior to registration.
Prerequisite: Special approval by instructor.
Schedule Type: Individual Investigation
Contact Hours: 3-9 other
Grade Mode: Standard Letter

WMST 30201 WITCHES: THE MONSTROUS FEMININE 3 Credit Hours
This course counterbalances student inquiry with lectures and materials at once grounded in women's and gender/sexuality studies and reliant on a range of interdisciplinary sources. The course centers two key touchstones: witch and monstrous feminine. Course trajectories traverse history, culture, religion, politics and academic and popular renderings to locate keys: hunts, trials, dynamics of allegation, guilt and innocence. The course aims to 'correct' traditions of objectification and typecasting by interrogating real subjectivities and the dimensionality of feminine, monstrous and witch.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

WMST 30202 FEMINIST HUMOR: DISARMING LAUGHTER, DISRUPTIVE DISCOURSE 3 Credit Hours
This course utilizes four key terms to set its directions of inquiry: humor, laughter, discourse and feminist. The most fundamental pursuits are inductive in nature, grounding studies in actual discursive practice, the realities of women's politically-charged and personally-resonant humor, laughter and feminisms as they converge in contexts both private and public, mediated and live/face-to-face. Scholarship on feminist humor provides our final framing.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

WMST 30301 REPRESENTATIONS OF WOMEN AND FEMINISM IN POPULAR CULTURE 3 Credit Hours
The basic challenge of this course is that it requires the study of two things simultaneously: 'women' and 'women as represented' in popular culture. From the classic object of woman sexed and gendered, feminist study has evolved to also consider woman the subject, the autonomous person with agency within her environment. The course covers much ground: dominant narratives; the often-overlapping contexts of media, politics, morality and religion; the signs inherent in language and imagery; and the power asymmetry and embattled definitions of “woman.” Throughout the course, we employ varied approaches that resist any one right answer, easy dogmatic conclusion or evaluation of the narratives.
Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

WMST 30302 GLOBAL FEMINISMS: A WORLD AND CENTURY OF WOMEN'S ACTIVISM 3 Credit Hours

This course explores real and diverse circumstances where feminisms have emerged. Over the semester, we examine feminist movements and their respective contexts; feminists' distinct directions of thought and action; individuals, groups and organizations that have participated in defining feminism; and finally, the connectivity that makes transnational feminist work possible. The course is grounded in sites of 'agonizing and organizing,' as well as in those feminist narratives that search for cohesion even where there is tension. Finally, throughout the course, we embrace and explore complexities of unresolved issues: none more basic than the still controversial claim that women's rights are human rights.

Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

WMST 32323 RAPE CULTURE: RETHINKING DANGER, POWER, SEX AND FEMINIST FRAMINGS 3 Credit Hours

Nothing is simple, incontrovertible or 'cool' in 'rape culture.' The subject, act and discourse surrounding rape is embedded in culture and confounded by culture: by opinions, standpoints, simplistic arguments and personal and political interests. Feminist framings of 'rape culture' invite different inquiry: into mythology, ideology, theory and alternative interpretations of bodies in a given context. Famed feminist Andrea Dworkin interrogates rape culture's center: powers practically guaranteed, moreover "exercised… [and] protected… by religion … by universities … [even] by [poets and artists], the unacknowledged legislators of the world." This course utilizes multiple approaches to study and interrogate 'rape culture,' each of which illuminates this inherently dark subject in new light.

Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

WMST 40992 PRACTICUM IN WOMEN'S STUDIES (ELR) 3 Credit Hours

(Repeatable for credit) An assignment at a private, public or nonprofit organization that centers on women's issues such as education health and policy making. Arrangements must be made in the semester prior to registration.

Prerequisite: Special approval.
Schedule Type: Practical Experience
Contact Hours: 9 other
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

WMST 41199 CAPSTONE IN WOMEN'S STUDIES (ELR) 3 Credit Hours

The capstone project is a guided undertaking that serves as culmination of students' experiences. The emphasis is 'putting it all together,' integrating the Women's Studies minor into 'the bigger picture': major(s), other concentrations, research, envisioned graduate study and/or vocation. WMST Capstone can be taken junior or senior year, contrived/structured by students in consultation with faculty advisor(s), ideally advisors from major and minor. Net outcome may be paper--senior thesis for students who desire such--presentation, curated portfolio of prior academic work.

Prerequisite: Junior Standing.
Schedule Type: Project or Capstone
Contact Hours: 3 lecture
Grade Mode: Standard Letter
Attributes: Experiential Learning Requirement

WMST 44321 PIVOTAL PRAXIS: EXPERIMENTS IN ACTIONABLE FEMINISM 3 Credit Hours

This course engages students at the pumping heart of the whole feminist story: its actual work. For feminists on the ground, pivotal praxis is feminism: getting the vote, demanding equality, wrangling through contentious issues, women's marches and campaigns. In a word: practice. Experiments in practical, actional feminism. Our study probes ideas that hit streets as well as ideas born of "done things." Under scrutiny are scenes: socio-political, cultural spaces wherein women enact change, determine outcomes recognized as feminist. These include but are not limited to the realpolitik of suffrage vs. anti-suffrage, consciousness-raising, the famed national women's convention in Houston, internet activism, transversal coalition-building across boundaries/borders. The course provides opportunity for students' own experiments and exercises in feminist praxis.

Prerequisite: None.
Schedule Type: Lecture
Contact Hours: 3 lecture
Grade Mode: Standard Letter

KENT CORE

The Kent Core is the foundation of the university's mission to prepare students to live in today's complex, global society. It broadens intellectual perspectives, fosters ethical and humanitarian values and prepares students for responsible citizenship and productive careers. Through this learning experience, students develop the intellectual flexibility they need to adapt to an ever-changing world.

Kent Core courses enable students to:

- Acquire critical-thinking and problem-solving skills
- Apply principles of effective written and oral communication
- Broaden their imagination and develop their creativity
- Cultivate their natural curiosity and begin a lifelong pursuit of knowledge
- Develop competencies and values vital to responsible uses of information and technology
- Engage in independent thinking, develop their own voice and vision and become informed, responsible citizens
- Improve their understanding of issues and behaviors concerning inclusion, community and tolerance
- Increase their awareness of ethical implications of their own and others' actions
- Integrate their major studies into the broader context of a liberal education
- Strengthen quantitative reasoning skills
- Understand basic concepts of the academic disciplines

Although not every Kent Core course will address all these goals, learning within the Kent Core as a whole enables students to acquire the tools for living rich and meaningful lives in a diverse society.

Requirements

- As part of the requirements for any bachelor's degree and the Associate of Arts and Associate of Science degrees, all students must complete a minimum 36-37 credit hours of the Kent Core distributed as indicated within the specific categories.
- As part of the requirements for any applied and technical associate degrees (A.A.B., A.A.S., A.T.S.), all students must complete a minimum 15 credit hours of the Kent Core distributed as indicated within the specific categories.
- Colleges or degree programs may augment the university's minimum Kent Core, and they may specify for their students certain courses in fulfillment of the requirements. It is essential, therefore, that students consult that section of the catalog for their college and degree program.
- The Kent Core should normally be completed within the 60 credit hours that immediately follow the first date of enrollment in a bachelor's degree program.
- Honors equivalents shall satisfy the Kent Core.
- None of the courses on the Kent Core list may be taken pass/fail.

Transfer Credit, Proficiency Testing and Other Options in Meeting the Kent Core

1. Certain alternatives to formal Kent State coursework may be recognized in the fulfilling of the Kent Core.
2. Credits earned for specified courses within the Kent Core course list through external credit-conferring testing programs, such as the College Board Advanced Placement and College Level Examination Program (CLEP), will be applied toward the fulfillment of the Kent Core as appropriate for the specific courses for which credit is received.
3. Courses transferred from accredited post-secondary institutions will be applied toward fulfillment of the Kent Core as appropriate for the specific courses for which credit is awarded.
4. The university's Credit-By-Examination (CBE) program may be utilized in fulfillment of the Kent Core within the conditions, guidelines and policies established for that program and for the course (s) for which credit is sought.
5. Proficiency, as established by placement examinations or other recognized procedures and mechanisms for this purpose, can be used to fulfill Categories I (Composition) and II (Mathematics and Critical Reasoning) of the Kent Core. For example, students who are placed into ENG 21011 and complete it with a passing grade will have met the Category I. It is assumed that students who are placed at and pass the higher level of one of these sequenced courses have also mastered the content of the prerequisite course. While students may meet the requirements of Categories I and II through proficiency, minimum credit hours must be met in Categories III, IV, V and VI. Students meeting Categories I and II requirements through proficiency must substitute other courses, which shall be elective, to earn the minimum credit hours required for the bachelor's or associate degree.

To fulfill the purposes of general education, any of the above alternatives to the fulfillment of the Kent Core by formal coursework at Kent State University must be exercised by the students within the first 60 credit hours of academic credits earned at and/or transferred to Kent State University.

Students who transfer to the university with more than 45 credit hours of applicable credits (including students with associate's degrees in technology from the Kent State University Regional Campuses or those who transfer to bachelor's-level programs from associate-level technology programs) must exercise such option(s) within the first calendar year of their Kent State University enrollment.

Post-undergraduate students who have earned a baccalaureate from a regionally accredited institution will be deemed to have completed the equivalent of the university's Kent Core requirement. By virtue of having earned a bachelor's degree, these students will be recognized as having completed their general education requirements. If they pursue an academic program at Kent State University that requires specific courses that are also in the Kent Core but are unmet, they can be held to those requirements because the courses are considered program requirements first and foremost.

Kent State students who update their official catalog from a year prior to 2010 to the current catalog year will be given special consideration in determining completion of the Kent Core. If students have met all of the general education requirements (or Liberal Education Requirement) in their prior catalog, their Kent Core will be considered complete. Students must contact their advisor to determine eligibility.

Kent Core for the Associate of Arts (A.A.), Associate of Science (A.S.) and Bachelor's degrees

VI. Additional

Select courses from I.-V. Any of the following courses below may also be selected:

Code	Title	Credit Hours
COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL) (OT36)	3
HONR 13597	COLLOQUIUM: THE WESTERN IDENTITY (KADL)	3
MCLS 20001	GLOBAL LITERACY AND CULTURAL AWARENESS (KADL)	3
PHIL 11009	CRITICAL THINKING (KADL)	3

[1] MATH 10772 and MATH 11009 are equivalent; students earn credit once.
[2] MATH 10775 is equivalent to MATH 11010; students earn credit once.
[3] MATH 10771 and MATH 14001 are equivalent; students earn credit once.
[4] ATTR 25057 and EXSC 25057 are equivalent, and ATTR 25058 and EXSC 25058 are equivalent; students earn credit once for each group.
[5] Science-related major course; not recommended for non-science majors.

Diversity Course Requirement

ASK A QUESTION OR SUBMIT FEEDBACK ON THIS POLICY

The purpose of Kent State's diversity requirement is to help educate students to live in a world of diverse communities, many of which are becoming increasingly permeated with cultural and ideological differences. The study of diversity is intended to promote awareness of local and global differences, to identify shared values, to improve understanding of one's own culture, and to encourage people to explore and respect differences.

The diversity requirement is part of the university's broader efforts to encourage, both at the university and beyond, the development of communities in which all members and their contributions are recognized and valued. Diversity courses provide opportunities for students to learn about such matters as the history, culture, values and notable achievements of people other than those of their own national origin, ethnicity, religion, sexual orientation, age, gender, physical and mental ability, and social class. Diversity courses also provide opportunities to examine problems and issues that may arise from differences, and opportunities to learn how to deal constructively with them.

Courses that satisfy the diversity requirement aim to give students significant opportunities to:

- Address diversity issues, particularly those involving unequal and/or discriminatory treatment
- Compare positive and negative implications of various parochial or "...centric" perspectives
- Encourage global awareness and sensitivity
- Engage issues of racial or ethnic perceptions, attitudes and stereotypes
- Examine patterns and trends of diversity in the United States
- Explore ways to communicate and participate constructively in a diverse community
- Foster appreciation of aesthetic dimensions of other traditions and cultures
- Learn systematic approaches to understanding cultural differences and commonalities
- Learn systematic techniques for dealing constructively with problems arising out of cultural differences
- Participate in special programs that promote understanding other peoples
- Study Western and non-Western cultures in a world context or from a comparative perspective
- Understand how one's own culture shapes one's perceptions, ideology and values

It is understood that not every course will address all of these criteria.

Requirements

As part of the requirements for any bachelor's degree at Kent State, all students must satisfy the diversity requirement, consisting of one course addressing domestic (U.S.) issues and one course addressing global issues.

At least one course must come from the Kent Core. Students may satisfy the second diversity requirement in one of three ways:

1. They may complete the second diversity course from the Kent Core, which also will count toward fulfilling the Kent Core.
2. They may complete any non-Kent Core diversity course. This course may also count toward major or minor program requirements or may be used as an elective.
3. They may satisfy the global diversity requirement by completing a course in another country.

Flashes 101 (New Student Orientation)

ASK A QUESTION OR SUBMIT FEEDBACK ON THIS POLICY

All undergraduate students are required to satisfactorily complete UC 10001 to earn an associate or bachelor's degree at Kent State. New student orientation courses from another college or university may not be substituted for Kent State's course.

The only exceptions to the requirement are the following:

1. Incoming students who are designated by Kent State admissions as adult students (21 years or older). These students are encouraged to contact the Center for Adults and Veteran Services or a Regional Campus advising office for information regarding the availability of special orientation programs for adult students.
2. Students who transfer 30 or more credit hours from another higher education institution, excluding post-secondary and dual-enrollment credit (College Credit Plus).

Full-time students are expected to complete UC 10001 during their first semester of enrollment. Part-time students are expected to complete the course before they attain sophomore standing (30 credit hours).

Experiential Learning Requirement

Kent State University's experiential learning requirement (ELR) provides students with the opportunity to initiate lifelong learning through the development and application of academic knowledge and skills in new or different settings.

Kent State recognizes that there are diverse ways to fulfill the experiential learning requirement. To accommodate such diversity, an experiential learning activity may fall into one or more of the following categories:

- **Civic Engagement** enables Kent State students to interact with people from diverse backgrounds; to challenge their understanding of community needs and the systems addressing those needs; and to explore ways of improving community life. The primary purpose for activities that fall into this category encompasses community involvement, awareness, learning or reflection.
- **Creative/Artistic** activities enable Kent State students to engage in various forms of creative expression to produce works that reflect a synthesis of knowledge and skills. These works may be original or interpretative and may be expressed though performances, portfolios, exhibits, pieces of work or other significant projects.
- **Practical Experiences** enable Kent State students to actively extend learning to new contexts outside the typical classroom environment.

These experiences allow students to use skills and concepts related to their career path while engaging in work-like settings that are common to their field of study

- **Research** activities enable Kent State students to engage in systematic inquiry that contributes to the discovery or interpretation of knowledge significant to their field of study. This research can be applied, creative/artistic, descriptive, experimental, historical, inferential, observational or theoretical.
- **Study abroad/Away** activities enable Kent State students to be immersed in an off campus environment. These experiences contribute to a student's understanding of culture, customs, diversity, history, language, politics, religion, society and/or traditions.

Requirements

1. As part of the requirements for any baccalaureate, all students must satisfy the experiential learning requirement.
2. The requirement may be fulfilled by a course, a component of a course or a non-credit paid or unpaid experience. Courses may be at either the lower-or upper-division level.
3. For non-course options, students must obtain prior approval from their program faculty for the experience.
4. The requirement may be fulfilled individually or collaboratively.
5. Students must meet the learning outcomes listed below and any additional learning outcomes as defined by their program.
6. Satisfactory completion of this requirement will be determined by the faculty.
7. Experiential learning opportunities must be completed while enrolled at Kent State University.
8. These experiential learning opportunities must meet existing university regulations and guidelines (e.g., institutional review board approval for research with animals or human subjects, memoranda of affiliation/understanding with community partners).

Learning Outcomes

Students will be able to:

- Connect ideas, concepts and skills developed at the university with their applications to new and different contexts.
- Demonstrate the implementation of ideas, concepts and/or skills studied at the university in new and different contexts.
- Demonstrate how this experience has broadened their understanding of the discipline, the world of themselves as learners.
- Reflect on the meaning of the experience for their current and future learning.

Kent Core (General Education Requirement)

ASK A QUESTION OR SUBMIT FEEDBACK ON THIS POLICY

The Kent Core is the foundation of the university's mission to prepare students to live in today's complex, global society. It broadens intellectual perspectives, fosters ethical and humanitarian values and prepares students for responsible citizenship and productive careers. Through this learning experience, students develop the intellectual flexibility they need to adapt to an ever-changing world.

Kent Core courses enable students to:

- Acquire critical-thinking and problem-solving skills
- Apply principles of effective written and oral communication
- Broaden their imagination and develop their creativity
- Cultivate their natural curiosity and begin a lifelong pursuit of knowledge
- Develop competencies and values vital to responsible uses of information and technology
- Engage in independent thinking, develop their own voice and vision and become informed, responsible citizens
- Improve their understanding of issues and behaviors concerning inclusion, community and tolerance
- Increase their awareness of ethical implications of their own and others' actions
- Integrate their major studies into the broader context of a liberal education
- Strengthen quantitative reasoning skills
- Understand basic concepts of the academic disciplines

Although not every Kent Core course will address all these goals, learning within the Kent Core as a whole enables students to acquire the tools for living rich and meaningful lives in a diverse society.

Requirements

- As part of the requirements for any bachelor's degree and the Associate of Arts and Associate of Science degrees, all students must complete a minimum 36-37 credit hours of the Kent Core distributed as indicated within the specific categories.
- As part of the requirements for any applied and technical associate degrees (A.A.B., A.A.S., A.T.S.), all students must complete a minimum 15 credit hours of the Kent Core distributed as indicated within the specific categories.
- Colleges or degree programs may augment the university's minimum Kent Core, and they may specify for their students certain courses in fulfillment of the requirements. It is essential, therefore, that students consult that section of the catalog for their college and degree program.
- The Kent Core should normally be completed within the 60 credit hours that immediately follow the first date of enrollment in a bachelor's degree program.
- Honors equivalents shall satisfy the Kent Core.
- None of the courses on the Kent Core list may be taken pass/fail.

Transfer Credit, Proficiency Testing and Other Options in Meeting the Kent Core

1. Certain alternatives to formal Kent State coursework may be recognized in the fulfilling of the Kent Core.
2. Credits earned for specified courses within the Kent Core course list through external credit-conferring testing programs, such as the College Board Advanced Placement and College Level Examination Program (CLEP), will be applied toward the fulfillment of the Kent Core as appropriate for the specific courses for which credit is received.

3. Courses transferred from accredited post-secondary institutions will be applied toward fulfillment of the Kent Core as appropriate for the specific courses for which credit is awarded.
4. The university's Credit-By-Examination (CBE) program may be utilized in fulfillment of the Kent Core within the conditions, guidelines and policies established for that program and for the course (s) for which credit is sought.
5. Proficiency, as established by placement examinations or other recognized procedures and mechanisms for this purpose, can be used to fulfill Categories I (Composition) and II (Mathematics and Critical Reasoning) of the Kent Core. For example, students who are placed into ENG 21011 and complete it with a passing grade will have met the Category I. It is assumed that students who are placed at and pass the higher level of one of these sequenced courses have also mastered the content of the prerequisite course. While students may meet the requirements of Categories I and II through proficiency, minimum credit hours must be met in Categories III, IV, V and VI. Students meeting Categories I and II requirements through proficiency must substitute other courses, which shall be elective, to earn the minimum credit hours required for the bachelor's or associate degree.

To fulfill the purposes of general education, any of the above alternatives to the fulfillment of the Kent Core by formal coursework at Kent State University must be exercised by the students within the first 60 credit hours of academic credits earned at and/or transferred to Kent State University.

Students who transfer to the university with more than 45 credit hours of applicable credits (including students with associate's degrees in technology from the Kent State University Regional Campuses or those who transfer to bachelor's-level programs from associate-level technology programs) must exercise such option(s) within the first calendar year of their Kent State University enrollment.

Post-undergraduate students who have earned a baccalaureate from a regionally accredited institution will be deemed to have completed the equivalent of the university's Kent Core requirement. By virtue of having earned a bachelor's degree, these students will be recognized as having completed their general education requirements. If they pursue an academic program at Kent State University that requires specific courses that are also in the Kent Core but are unmet, they can be held to those requirements because the courses are considered program requirements first and foremost.

Kent State students who update their official catalog from a year prior to 2010 to the current catalog year will be given special consideration in determining completion of the Kent Core. If students have met all of the general education requirements (or Liberal Education Requirement) in their prior catalog, their Kent Core will be considered complete. Students must contact their advisor to determine eligibility.

Kent Core for the Associate of Arts (A.A.), Associate of Science (A.S.) and Bachelor's degrees

VI. Additional

Select courses from I.-V. Any of the following courses below may also be selected:

Code	Title	Credit Hours
COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL) (OT36)	3
HONR 13597	COLLOQUIUM: THE WESTERN IDENTITY (KADL)	3
MCLS 20001	GLOBAL LITERACY AND CULTURAL AWARENESS (KADL)	3
PHIL 11009	CRITICAL THINKING (KADL)	3

[1] MATH 10772 and MATH 11009 are equivalent; students earn credit once.
[2] MATH 10775 is equivalent to MATH 11010; students earn credit once.
[3] MATH 10771 and MATH 14001 are equivalent; students earn credit once.
[4] ATTR 25057 and EXSC 25057 are equivalent, and ATTR 25058 and EXSC 25058 are equivalent; students earn credit once for each group.
[5] Science-related major course; not recommended for non-science majors.

Writing-Intensive Course Requirement

ASK A QUESTION OR SUBMIT FEEDBACK ON THIS POLICY

The purpose of the writing-intensive course (WIC) requirement is to assist undergraduates in becoming effective writers within their major discipline. Building on earlier writing courses, the WIC focuses on writing forms and standards used in the professional life of the discipline. Through these courses, students should understand and experience the ways in which writing shapes and enhances the acquisition and communication of knowledge.

All writing-intensive courses must meet the following criteria:

- Be designed, at least in part, to help students become effective writers in a specific discipline
- Involve a substantial amount of writing
- Provide at least one writing assignment where there is an opportunity for guided revision before grading occurs

Requirements

1. As part of the requirements for any baccalaureate, all students must satisfy the writing-intensive course requirement.
2. At least one upper-division course from the writing-intensive course list must be completed with a minimum C grade.
3. Students should fulfill the requirement by taking a course in the major. In rare instances, a student may use a writing-intensive course from another discipline if approved by the student's major department or school.

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Applications to the Human Resource Management concentration are not being accepted at this time.

Examples of Possible Careers

- Assistant Professor of Accounting
- Assistant Professor of Finance
- Assistant Professor of Information Systems
- Assistant Professor of Management
- Assistant Professor of Marketing

Accreditation

AACSB International - The Association to Advance Collegiate Schools of Business

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

Applications to the Human Resource Management concentration are not being accepted at this time.

Admission to all concentrations are dependent on available funding.

- Master's degree from an accredited college or university with a minimum 3.000 GPA on a 4.000-point scale
- Official transcript(s)
- Minimum 600 GMAT or 315 GRE score
- Résumé
- Goal statement
- Three letters of recommendation
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[1]
  - Minimum 100 TOEFL iBT score *(starting with fall 2026 admission term, minimum score is 94)*
  - Minimum 7.0 IELTS score
  - Minimum 68 PTE score *(starting with fall 2026 admission term, minimum score is 65)*
  - Minimum 120 DET score

[1] International applicants who do not meet the above test scores may not be considered for admission.

Application Deadlines

- **Fall Semester**
  - Application deadline: January 1 (international student) and February 1 (domestic student)

Applications submitted after these deadlines will be considered on a space-available basis.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements		
BUS 71094	COLLEGE TEACHING	1-2
Major Electives		12
Department Electives [1]		0-9
Econometrics or Psychometrics Track, choose from the following: [2]		12
Econometrics Track:		
ECON 72052	DATA ACQUISITION AND PREPARATION FOR ACADEMIC RESEARCH	
ECON 72054	ECONOMETRICS I	
ECON 72055	ECONOMETRICS II	
ECON 72056	TIME SERIES ANALYSIS	
Psychometrics Track:		
BUS 80050	RESEARCH DESIGN	
BUS 80052	REGRESSION ANALYSIS	
BUS 80054	ANALYSIS OF VARIANCE	
BUS 80056	STRUCTURAL EQUATION MODELING	
Culminating Requirement		
BUS 80199	DISSERTATION I [3]	30
Concentrations		
Choose from the following:		12
Accounting		
Finance		
Human Resource Management		
Information Systems		

Marketing	
Minimum Total Credit Hours:	**67**

1 Department elective need is determined by department. MKTG 85098 is the Department of Marketing and Entrepreneurship selected elective.

2 It is recommended that students complete either the Econometrics Track or the Psychometrics Track in its entirety; however, substitutions may be made with the permission of the concentration coordinator.

3 Successful completion of the comprehensive examinations and approval of a dissertation topic shall constitute admission to candidacy for the Ph.D. degree. The final phase of the Ph.D. program is the preparation of the Ph.D. dissertation. Upon completion, the dissertation is defended before a committee of the graduate faculty. Each doctoral candidate must register for BUS 80199 for a total of 30 credit hours. It is expected that a doctoral candidate will continuously register for Dissertation I, and thereafter BUS 80299, each semester, until all requirements for the degree have been met.

MKTG 85074	CONSUMER PSYCHOLOGY	
MKTG 85191	SEMINAR IN MARKETING	
Minimum Total Credit Hours:		**12**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate an in-depth knowledge and understanding of their interest area and display a high degree of mastery in appropriate theories, analytical skills, research design and methodologies.
2. Conduct original research by integrating knowledge of specific areas of interest and successfully articulating their research in written form.
3. Effectively plan and deliver undergraduate business courses and reliably evaluate the undergraduate students.

Full Description

The Ph.D. degree in Business Administration prepares doctoral students to conduct high-quality, scholarly research and teach effectively in the field of business administration. The degree's purpose is to develop the intellectual potential of the student through the emphasis on specific areas of concentration within the framework of the general field of business administration. Academic objectives are accomplished through close student-faculty working relationships. The program provides the flexibility to allow for a considerable degree of individual design, based upon the career needs and objectives of the student.

The Business Administration major comprises the following concentrations:

- The **Accounting** concentration prepares highly qualified candidates for faculty positions in colleges and universities. In addition to completing doctoral-level coursework and a dissertation, students conduct scholarly research and become effective teachers.
- The **Finance** concentration prepares students for finance faculty positions in colleges and universities. Students complete courses in business and finance, learn how to conduct high-quality, scholarly research and become effective teachers.

- The **Human Resource Management** concentration prepares students for academic positions in the field of human resource management. Students are trained to be researchers and teachers.
- The **Information Systems** concentration creates a strong grounding in areas of behavioral, strategic, analytical and economic aspects of the impact of digital technologies; digitalization; and digital transformation on individuals, organizations and society. Students are trained to become world-class scholars and passionate and effective teachers.
- The **Marketing** concentration prepares highly qualified candidates for positions of professional responsibility in university teaching and research. The program offers a solid balance of teaching experience and preparation for conducting scientific research.

Examples of Possible Careers and Salaries*

Accountants and auditors

- 4.3% about as fast as the average
- 1,436,100 number of jobs
- $73,560 potential earnings

Budget analysts

- 3.4% about as fast as the average
- 55,400 number of jobs
- $78,970 potential earnings

Accreditation

AACSB, International - The Association to Advance Collegiate Schools of Business

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Transfer Students: A minimum 2.000 overall GPA is required for admission into the major. Students who have completed (or the equivalent of) COMM 15000, ENG 21011, MATH 11010 (or placement out of ENG 11011 and/or MATH 11010) must have earned a minimum C grade; students who have completed ACCT 23020 and ACCT 23021 must have earned a minimum B- grade in both courses. If a student does not have at least a B- grade in both ACCT 23020 and ACCT 23021 but the student does have an average GPA of at least a 2.7 in ACCT 23020 and ACCT 23021, the student can apply to the Department of Accounting to be considered for an override to be admitted to junior-level accounting courses.

UC 10001	FLASHES 101	1
UC 10162	INTRODUCTION TO PROFESSIONAL DEVELOPMENT	1
Kent Core Composition [6]		6
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines)		3
Kent Core Basic Sciences (must include one laboratory)		6-7
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours) [7]		10
Minimum Total Credit Hours:		**120**

1 A minimum C grade must be earned to fulfill the writing-intensive requirement.

2 If a student does not have at least a B- grade in both ACCT 23020 (ACTT 11000 or equivalent) and ACCT 23021 (or ACTT 11001 or equivalent) but the student does have an average GPA of at least 2.700 in ACCT 23020 (or ACTT 11000 or equivalent) and ACCT 23021 (ACTT 11001 or equivalent), the student can apply to the Department of Accounting for an override to be admitted to junior-level accounting courses.

3 A student changing to a program in the college, transferring, or an incoming student with prior college credit, may be waived out of BUS 10123 if:

1. 30 or more credit hours have been earned and any two classes (from ACCT 23020, ACCT 23021, FIN 26074, MGMT 24163, MKTG 25010 or CIS 24053) have successfully been completed.
2. 60 or more credit hours have been earned and the student has successfully completed one course from (ACCT 23020, ACCT 23021, FIN 26074, MGMT 24163, MKTG 25010 or CIS 24053)
3. At the discretion of the dean's office, the student has sufficient breadth and depth of knowledge in a business field (as demonstrated by a CLEP exam or Credit by Exam) but does not meet the requirements listed above.

4 Students can take MATH 10051 or PHIL 21002 in place of MATH 11012 or MATH 12002. Taking MATH 10051 or PHIL 21002 will not replace a low grade in either MATH 11012 or MATH 12002. Students are required to take MATH 11012 or MATH 12002 if they change their major to, or want to double major in, Economics or Finance and/or intend to declare a minor in Data Analytics. Students who intend to enroll in certain graduate programs and/or are working toward Phi Beta Kappa status are highly encouraged to take MATH 11012 or MATH 12002.

5 Students who have taken MATH 10041 for another program may use it as a substitute for BA 24056.

6 Minimum C grade is required in ENG 21011 or HONR 20197.

7 Maximum 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses may be counted toward the 120 total credit hours or 39 upper-division-credit hours graduation requirement. A minor (business or non-business) is encouraged. Any other exceptions must be approved by the assistant dean. The following courses have been recommended by accounting faculty to fulfill general electives: CIS 24167, ECON 32025, ECON 32050, ECON 42050, ECON 42065, ECON 42066, ECON 42068, FIN 36051, FIN 36054, FIN 36059. These are optional not required.

Progression Requirements

- Minimum 2.000 overall GPA
- Minimum C grade in COMM 15000, ENG 21011, MATH 11010 (or placement out of MATH 11010), and all accounting major required courses
- Completion of CIS 24053
- Minimum B- grade in ACCT 23020 and ACCT 23021

If a student does not have a minimum B- grade in both ACCT 23020 and ACCT 23021, but has a minimum 2.700 average GPA in ACCT 23020 and ACCT 23021, the student can apply to the Department of Accounting to be considered for an override to admitted to junior-level accounting courses.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

- All accounting major courses (33000 level and above) taken to fulfill the requirements for a B.B.A. in Accounting must be taken within the last 10 years at the time of graduation.
- Students must earn a minimum C in required ACCT major courses.

- A basic knowledge of and the ability to use personal computers for accounting applications, including an electronic spreadsheet such as Excel, is required to major in accounting. Students should possess such knowledge and skills, if not already possessed, before taking any upper-division accounting major course or during the first semester of the term during which the course is taken. The department office can provide recommendations on self-study materials to acquire the knowledge and skills.
- Students must complete at least 50 percent of business credit hours (required for the business degree) in-residence on a Kent State University campus.
- Students must complete at least 50 percent of their major credit hours in residence on a Kent State University campus.
- Students must complete two measures of outcomes assessment as specified by the college for complete satisfaction of the B.B.A. degree.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
	BUS 10123	EXPLORING BUSINESS	3
	COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
	MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	3
	UC 10001	FLASHES 101	1
	Kent Core Requirement		3
	Kent Core Requirement		3
		Credit Hours	**16**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	

Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Given a defined financial accounting transaction, identify and analyze the issue, record the transaction in the books of original entry and prepare the financial statement disclosure.
2. Demonstrate an understanding of managerial and cost accounting with the ability to identify and analyze information useful in decision making.
3. Gain a functional understanding of taxation of individuals.
4. Understand financial statement auditing.
5. Assemble, cleanse and analyze the information provided by information systems; prepare summary reports useful for business decision-making.

Graduates of all Bachelor of Business Administration programs will be able to:

1. Core Business Knowledge - Recall the strategic frameworks that are used to make business decisions.
2. Analytical Skills - Use analytical methodologies and critical thinking skills to evaluate and solve business problems.
3. Digital Technology – Demonstrate the technological skills necessary to analyze business problems and develop solutions.
4. Written Communication - Write effective business communications.
5. Oral Communication - Make effective business presentations, using appropriate technologies.
6. Teamwork – Collaborate effectively with others to achieve a common business purpose.
7. Business Ethics – Recognize ethical business dilemmas and use ethical decision making to resolve the dilemma.
8. Global - Analyze the key global factors when making business decisions.

Full Description

The Bachelor of Business Administration degree in Accounting is designed to provide students with a solid foundation in accounting theory and practice necessary for entry-level accounting positions and career advancement. The program encompasses a common body of concepts, conventions, principles and theories essential to the professional competency of the certified public accountant, controller, industrial accountant, institutional accountant and governmental accountant.

Accounting students may apply to a five-year program that leads to both the B.B.A. degree in Accounting and the Master of Science in Accounting degree. Students may also apply early to the M.S.A. degree, M.B.A. degree or other business master's degrees and double count up to 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program policy in the University Catalog for more information.

Examples of Possible Careers and Salaries*

Accountants and auditors

- 4.3% about as fast as the average
- 1,436,100 number of jobs
- $73,560 potential earnings

Financial and investment analysts, financial risk specialists, and financial specialists, all other

- 5.5% faster than the average
- 487,800 number of jobs
- $83,660 potential earnings

Accreditation

AACSB International - The Association to Advance Collegiate Schools of Business.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment

over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university[1]
- Minimum 2.750 undergraduate GPA on a 4.000-point scale
- Minimum 3.000 accounting GPA, if applicable
- Official transcript(s)
- Résumé
- Goal statement
- Two letters of recommendation
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[2]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

1 Students who do not have an undergraduate degree in accounting or equivalent coursework are required to successfully complete four prerequisite courses: ACCT 53001, ACCT 53010, ACCT 53012 and ACCT 53041.

2 International applicants who do not meet the above test scores may be considered for conditional admission.

Application Deadlines

- **Fall Semester**
  - Application deadline: July 1
- **Spring Semester**
  - Application deadline: December 1
- **Summer Term**
  - Application deadline: May 1

All application materials (including applicable fee, transcripts, recommendation letters, etc.) received after these deadlines will be considered on a space-available basis.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Prerequisite Requirements		
ACCT 53001	FINANCIAL REPORTING I	
ACCT 53010	AUDITING FUNDAMENTALS	
ACCT 53012	FINANCIAL REPORTING II	
ACCT 53041	INDIVIDUAL INCOME TAX	
Major Requirements		
ACCT 53020	ADVANCED FINANCIAL ACCOUNTING [1]	3
ACCT 53033	INCOME TAXATION II - ENTITY TAXATION [1]	3
ACCT 63031	ADVANCED AUDITING THEORY AND PRACTICE	3
ACCT 63050	ADVANCED ACCOUNTING ANALYTICS AND TECHNOLOGY	3
Accounting Electives, choose from the following:		6-9
ACCT 53013	ADVANCED MANAGEMENT ACCOUNTING [1]	
ACCT 53043	INTERNAL AUDIT AND FRAUD EXAMINATION [1]	
ACCT 63024	INFORMATION TECHNOLOGY AUDIT: CONTROLS AND ANALYTICS	
ACCT 63045	TAX RESEARCH AND PLANNING	
Approved Non-Accounting Business Electives, choose from the following:		6-9
BA 64005	ANALYTICS FOR DECISION MAKING	
Business Administration Interdisciplinary (BUS) 60000-Level Courses		
Business Analytics (BA) 60000-Level Courses		
Computer Information Systems (CIS) 60000-Level Courses		
Economics (ECON) 60000-Level Courses		
Finance (FIN) 60000-Level Courses		
Human Resource Management (HRM) 60000-Level Courses		
Management (MGMT) 60000-Level Courses		
Marketing (MKTG) 60000-Level Courses		
Other non-accounting 60000-level courses with program coordinator approval		
Culminating Requirement		
ACCT 63022	PROFESSIONAL ISSUES AND ETHICS IN ACCOUNTING [2]	3
Minimum Total Credit Hours:		**30**

1 Students who successfully completed ACCT 43013, ACCT 43020, ACCT 43033 and ACCT 43043 as a Kent State accounting undergraduate (or completed comparable classes in another accounting undergraduate program) will not take the comparable graduate courses (ACCT 53013, ACCT 53020, ACCT 53033 and ACCT 53043) for the M.S.A. degree. Rather, they will work with their advisor to select a graduate accounting elective as a substitution for those courses.

2 Students must complete a minimum 9 credit hours before taking ACCT 63022.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- Additional coursework may be required for the M.S.A. degree if the student does not have an undergraduate degree in accounting.
- ACCT 63092 cannot be used to satisfy any requirement for the M.S.A. degree.
- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Analyze, evaluate and report on complex accounting and economic transactions using the accounting framework.
2. Apply research and analytical skills to solve accounting problems.

3. Given an ethical dilemma in an accounting setting, analyze the issue, apply an ethical framework and develop a resolution.
4. Effectively communicate using oral and written communication skills in a business setting.
5. Assemble, cleanse and analyze the information provided by information systems, and prepare summary reports useful for business decision-making.
6. Demonstrate the ability to pursue professional certifications and a commitment to ongoing professional development.

Full Description

The Master of Science in Accounting degree is for students interested in higher-level positions in banking, taxation, insurance or any company with a financial division. More than just focusing on debits and credits, the M.S.A. degree promotes critical thinking, hands-on application of technology and effective communication and ethical decision-making skills. Graduates pursue careers in auditing, taxation, fraud investigation, law enforcement, investment banking, management and consulting. The flexible combination of required coursework in accounting and electives from a wide variety of business disciplines provides students with a strong foundation in accounting, as well as an understanding of the practical applications of the discipline across all facets of business.

Graduates of the M.S.A. degree meet the educational requirement to sit for a variety of professional certifications, including becoming a Certified Public Accountant (CPA)[1] or Certified Management Accountant (CMA).

[1] Refer to the most recent academic requirements for admission to the CPA exam issued by the Accountancy Board of Ohio.

Accounting - Minor

Ambassador Crawford College of Business and Entrepreneurship
Department of Accounting
www.kent.edu/business/accounting

About This Program

The Accounting minor is for students desiring accounting education in financial statement preparation, budgeting, costing and accounting systems at a level beyond the user of financial information but less than the preparation for being a professional accountant. The minor is especially useful to students whose career paths are in business, not-for-profit and governmental organizations where dealing with financial issues will be an important part of their duties.

- Chat with an Admissions Counselor

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

To declare the Accounting minor, students must have a minimum 2.000 overall Kent State University GPA. No Kent State University GPA is required if the student is a first-semester freshman or transfer student admitted in good standing.

Program Requirements

Minor Requirements

Code	Title	Credit Hours
Minor Requirements		
ACCT 23020	INTRODUCTION TO FINANCIAL ACCOUNTING (min B- grade)	3
ACCT 23021	INTRODUCTION TO MANAGERIAL ACCOUNTING (min B- grade)	3
ACCT 33001	INTERMEDIATE FINANCIAL ACCOUNTING I (min C grade)	3
ACCT 33004	INTRODUCTION TO ACCOUNTING SYSTEMS (min C grade)	3
ACCT 33010	COST ACCOUNTING (min C grade)	3
ACCT 33012	INTERMEDIATE FINANCIAL ACCOUNTING II (min C grade)	3
CIS 24053	INTRODUCTION TO INFORMATION SYSTEMS AND DIGITAL TECHNOLOGIES	3
Minimum Total Credit Hours:		**21**

Progression Requirements

- Minimum B- grade in both ACCT 23020 and ACCT 23021 (or equivalent courses) and minimum C grade in remaining ACCT minor courses.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Students must earn a minimum C grade in ACCT minor courses.
- Students are expected to satisfy course prerequisites for each course required in the minor. Prerequisites are not tied to a particular catalog; therefore it is important to look at the most current information about a course.
- Student may not pursue a minor and a major in the same discipline.
- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Identify and analyze the issue, record the transaction in the books of original entry and prepare the financial statement disclosure, given a defined financial accounting transaction.
2. Demonstrate an understanding of managerial and cost accounting with the ability to identify and analyze information useful in decision making.
3. Assemble, cleanse and analyze the information provided by accounting information systems and prepare summary reports useful for business decision-making.

Accounting Analytics - Graduate Certificate

Ambassador Crawford College of Business and Entrepreneurship

Data Analytics - Minor

Ambassador Crawford College of Business and Entrepreneurship
Department of Economics
www.kent.edu/business/economics

About This Program

The Data Analytics minor trains students to use data to inform decision-making and create solutions. Students learn to acquire and collect raw data in various formats, convert raw data to usable formats and then understand how to appropriately analyze the data to draw accurate and useful conclusions. Graduates of the program will be able to use their skills across a wide-range of industries as well as in the non-profit and government sectors.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Transfer Student: A minimum 2.25 overall GPA is required for admission into the program. Students who have previously attended Kent State must also have a minimum 2.25 in their former Kent State coursework.

FIN 36053	BUSINESS FINANCE	3
MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	3
MATH 11012	INTUITIVE CALCULUS (KMCR)	3-5
or MATH 12002	ANALYTIC GEOMETRY AND CALCULUS I (KMCR)	
MGMT 24163	PRINCIPLES OF MANAGEMENT	3
MGMT 44285	STRATEGIC MANAGEMENT	3
MKTG 25010	PRINCIPLES OF MARKETING	3
UC 10001	FLASHES 101	1
UC 10162	INTRODUCTION TO PROFESSIONAL DEVELOPMENT	1
Kent Core Composition		6
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines)		3

Kent Core Basic Sciences (must include one laboratory)	6-7
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours) [3]	19
Minimum Total Credit Hours:	**120**

[1] Students changing to a program in the college or transferring may be waived out of BUS 10123 if:

1. 30 or more credit hours have been earned and any two classes (from ACCT 23020, ACCT 23021, FIN 26074, MGMT 24163, MKTG 25010 or CIS 24053) have successfully been completed.
2. 60 or more credit hours have been earned and the student has successfully completed one course from (ACCT 23020, ACCT 23021, FIN 26074, MGMT 24163, MKTG 25010 or CIS 24053)
3. At the discretion of the dean's office, the student has sufficient breadth and depth of knowledge in a business field (as demonstrated by a CLEP exam or Credit by Exam) but does not meet the requirements listed above.

[2] Students who have taken MATH 10041 for another program may use it as a substitute for BA 24056.

[3] Students may take or use any course at any level as long as the minimum 39-credit hours requirement for upper-division courses is satisfied for graduation with a B.B.A. Exceptions: Maximum 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses may be counted toward the 120 total credit hours or 39-upper-division-credit-hours graduation requirement. General elective courses may be selected from any area and at any level provided students do not go over the PWS, and they satisfy the 39 credit hours upper-division requirements. A minor (business or non-business) is encouraged. Any other exceptions must be approved by the assistant dean. A major in economics also is offered in the College of Arts and Sciences.

Progression Requirements

- Minimum 2.250 overall GPA
- Minimum C- grade in ECON 32040, ECON 32041 and ECON 32050
- Minimum C grade in ECON 42191

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.250	2.250

- This major is not available to students pursuing a Bachelor of Arts in Economics.
- The following course does not count toward the economics major: ECON 32082.
- Students must complete at least 50 percent of business credit hours (required for the business degree) in-residence on a Kent State University campus.
- Students must complete at least 50 percent of their major credit hours in residence on a Kent State University campus.
- Students must complete two measures of outcomes assessment as specified by the college for complete satisfaction of the B.B.A. degree.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		**Credits**
	BUS 10123	EXPLORING BUSINESS	3
	COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
	MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	3
	UC 10001	FLASHES 101	1
	Kent Core Requirement		3
	Kent Core Requirement		3
		Credit Hours	**16**
	Semester Two		
	CIS 24053	INTRODUCTION TO INFORMATION SYSTEMS AND DIGITAL TECHNOLOGIES	3
	ECON 22060	PRINCIPLES OF MICROECONOMICS (KSS)	3

	ECON 32040 or ECON 32041 or ECON 32050	INTERMEDIATE MICROECONOMIC THEORY AND APPLICATIONS or INTERMEDIATE MACROECONOMIC THEORY AND POLICY or APPLIED ECONOMETRICS I (ELR)	3
	FIN 36053	BUSINESS FINANCE	3
	MKTG 25010	PRINCIPLES OF MARKETING	3
	Kent Core Requirement		3
		Credit Hours	**15**
	Semester Six		
	Required: minimum cumulative 2.250 GPA		

!	ECON 32040 or ECON 32041 or ECON 32050	INTERMEDIATE MICROECONOMIC THEORY AND APPLICATIONS or INTERMEDIATE MACROECONOMIC THEORY AND POLICY or APPLIED ECONOMETRICS I (ELR)	3
	FIN 26074	LEGAL ENVIRONMENT OF BUSINESS	3
	Economics (ECON) Upper-Division Elective (30000 or 40000 level)		3
	General Electives		6
		Credit Hours	**15**
	Semester Seven		
	Required: minimum cumulative 2.250 GPA		
	Economics (ECON) Upper-Division Elective (30000 or 40000 level)		3
	Kent Core Requirement		3
	General Electives		9
		Credit Hours	**15**
	Semester Eight		
	Required: minimum cumulative 2.250 GPA and completion of The Assurance of Learning Assessment given in MGMT 44285		
!	ECON 42191	SENIOR SEMINAR IN ECONOMICS (WIC)	3
	MGMT 44285	STRATEGIC MANAGEMENT	3
	Economics (ECON) Upper-Division Elective (30000 or 40000 level)		3
	General Electives		4
		Credit Hours	**13**
		Minimum Total Credit Hours:	**120**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Conceptualize and analyze problems using economic concepts and reasoning.
2. Critically analyze alternative economic policy proposals.
3. Utilize analytic and quantitative techniques that are use extensively in economic to formulate and test hypotheses.

Students earning a B.B.A. degree in Ambassador Crawford College of Business and Entrepreneurship are expected to have developed skills in the following critical areas of business:

1. Core Business Knowledge - Recall the strategic frameworks that are used to make business decisions.
2. Analytical Skills - Use analytical methodologies and critical thinking skills to evaluate and solve business problems.
3. Digital Technology – Demonstrate the technological skills necessary to analyze business problems and develop solutions.
4. Written Communication - Write effective business communications.
5. Oral Communication - Make effective business presentations, using appropriate technologies.
6. Teamwork – Collaborate effectively with others to achieve a common business purpose.
7. Business Ethics – Recognize ethical business dilemmas and use ethical decision making to resolve the dilemma.
8. Global - Analyze the key global factors when making business decisions.

Full Description

The Bachelor of Business Administration degree in Economics equips students with a variety of skills sought by employers, including conceptualizing and solving problems; locating, organizing and using relevant information; and analytical ability.

In their junior year, students learn microeconomic and macroeconomic theory and take an econometrics class to learn basic analytical skills. Students then take a series of electives that deal with vital current topics relevant to many careers in which these theories and skills are applied, such as U.S. financial and banking system; the economic relations between the United States and foreign countries; government spending and taxation policies; and the U.S. health system and policy options.

During their senior year, students take a capstone course that utilizes and applies the theory, skills and institutional knowledge learned in the program.

Economics students may apply early to either the M.B.A. degree or the Master of Arts in Economics degree and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program policy in the University Catalog for more information. Undergraduate students applying to the combined

program with the Master of Arts in Economics degree must have a minimum 3.200 overall Kent State GPA.

Examples of Possible Careers and Salaries*

Data scientists and mathematical science occupations, all other

- 30.9% much faster than the average
- 33,200 number of jobs
- $98,230 potential earnings

Economics teachers, postsecondary

- 5.2% faster than the average
- 16,800 number of jobs
- $107,260 potential earnings

Economists

- 14.1% much faster than the average
- 20,500 number of jobs
- $108,350 potential earnings

Statisticians

- 34.6% much faster than the average
- 42,700 number of jobs
- $92,270 potential earnings

Management analysts

- 10.7% much faster than the average
- 876,300 number of jobs
- $87,660 potential earnings

Accreditation

AACSB International - The Association to Advance Collegiate Schools of Business

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Minimum 2.750 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Résumé
- Goal statement
- Three letters of recommendation *(starting with spring 2026 admission term, two letters of recommendation will be required)*
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[1]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

Undergraduate students who are applying to the combined bachelor's/master's program with the M.A.E. degree must have earned a minimum 60 credit hours (junior standing) and have a minimum 3.200 overall GPA. *Starting with the spring 2026 admission term, a minimum 3.000 overall GPA is required, and the requirements of two recommendation letters is waived.*

[1] International applicants who do not meet the above test scores may be considered for conditional admission.

Application Deadlines

- **Fall Semester**
  - Funding deadline: February 15
    Applications must be submitted by these deadlines to be considered for an assistantship or any other funded position.
  - Application deadline: February 15 (international student) and June 1 (domestic student)
    Applications submitted after these deadlines will be considered on a space-available basis.
- **Spring Semester**
  - Funding deadline: October 15
    Applications must be submitted by these deadlines to be considered for an assistantship or any other funded position.

- Application deadline: October 15 (international student) and November 15 (domestic student)
  Applications submitted after these deadlines will be considered on a space-available basis.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements		
ECON 62050	MICROECONOMIC THEORY I	3
ECON 62051	MACROECONOMIC THEORY I	3
ECON 62054	ECONOMETRICS I	3
ECON 62056	TIME SERIES ANALYSIS	3
Concentrations		
Choose from the following:		18
Economic Analysis		
Financial Economics		
Minimum Total Credit Hours:		**30**

Economic Analysis Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements		
ECON 52050	DATA ACQUISITION, PREPARATION AND VISUALIZATION	3
or ECON 62052	DATA ACQUISITION AND PREPARATION FOR ACADEMIC RESEARCH	
ECON 62055	ECONOMETRICS II	3
ECON 64004	QUANTITATIVE METHODS IN BUSINESS ADMINISTRATION I	3
Concentration Electives, choose from the following:		9
ECON 62092	INTERNSHIP IN ECONOMICS [1]	
ECON 62199	THESIS I [2]	
MATH 50011	PROBABILITY THEORY AND APPLICATIONS	
MATH 50012	THEORY OF STATISTICS	
MATH 50059	STOCHASTIC ACTUARIAL MODELS	
MATH 51021	THEORY OF MATRICES	
Approved Economics (ECON) Graduate Courses (50000 level or higher) [3]		
Minimum Total Credit Hours:		**18**

1. Students selecting ECON 62092 must also complete either ECON 62199 or two additional Economics (ECON) courses for a total of 9 credit hours.
2. Students selecting the ECON 62199 must also complete either ECON 62092 or one additional Economics (ECON) course for a total of 9 credit hours.
3. Students may select any graduate-level Economics (ECON) courses subject to the approval of the graduate coordinator.

Financial Economics Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements

FIN 56056	ADVANCED FIXED INCOME MANAGEMENT	3
FIN 56059	APPLIED FINANCIAL MANAGEMENT STRATEGIES	3
FIN 56067	ADVANCED PORTFOLIO ANALYSIS	3
Concentration Elective, choose from the following:		3
MATH 50011	PROBABILITY THEORY AND APPLICATIONS	
MATH 50012	THEORY OF STATISTICS	
MATH 50059	STOCHASTIC ACTUARIAL MODELS	
MATH 51021	THEORY OF MATRICES	
Approved Economics (ECON) or Finance (FIN) Graduate Courses (50000 level or higher) [2]		
Minimum Total Credit Hours:		**18**

1. Students may, instead, select any graduate-level Economics (ECON) or Finance (FIN) courses (60000 level or higher) subject to the approval of the graduate coordinator.
2. Students may select any graduate-level Economics (ECON) or Finance (FIN) courses subject to the approval of the graduate coordinator.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- Students entering the program will be expected to have completed undergraduate courses in intermediate microeconomic and macroeconomic theory, differential calculus and statistics. Any deficiencies must be made up before the start of the program. These background courses do not count toward the 30 credit hours required for the M.A.E. degree.
- Students may also select, with departmental approval, a limited number of courses outside the Department of Economics.
- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Understand and apply fundamental economic concepts.
2. Formulate and test hypotheses.
3. Access and use appropriate information.
4. Demonstrate analytic and quantitative skills.

Full Description

The Master of Arts in Economics degree provides prepares graduates for a career as an analyst in government or the private sector, as well as for doctoral study.

The Economics major comprises the following concentrations:

- The **Economic Analysis** concentration has a distinct advantage for students in its focus on the development of strong analytical and quantitative skills. Students are well-trained in the application of economic theory and methods of statistical analysis.
- The **Financial Economics** concentration is primarily designed for students who wish to pursue careers in the financial services

industry, including commercial banking, investment banking, insurance, real estate and financial advising.

Economics - Minor

Ambassador Crawford College of Business and Entrepreneurship
Department of Economics
www.kent.edu/business/economics

About This Program

The Economics minor is the study of how people make decisions in response to incentives. The minor examines a range of topics, including individual decisions regarding risk, firm strategies regarding their competitors and the role of the government in the financial system and broader economy. Students study specific areas of public policy concern such as health care, environmental problems, economic development and international trade. Problem-solving and analytical skills are emphasized throughout the program.

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

To declare the Economics minor, students must have a minimum 2.000 overall Kent State University GPA. No Kent State University GPA is required if the student is a first-semester freshman or transfer student admitted in good standing.

or ECON 32041	INTERMEDIATE MACROECONOMIC THEORY AND POLICY	
Economics (ECON) Upper-Division Electives (30000 or 40000 level) [1]		9
Minimum Total Credit Hours:		**18**

[1] Economics upper-division electives may include ECON 32040 or ECON 32041 if not previously taken to fulfill minor requirements and with advisor approval.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- It is highly recommended that students declaring the Economics minor complete at least one mathematics course at the MATH 11010 level or higher before registering for upper-division economics courses.
- Student may not pursue a minor and a major in the same discipline.
- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Conceptualize and analyze problems using economic concepts and reasoning.
2. Critically analyze alternative economic policy proposals.
3. Utilize analytic techniques that are used extensively in economics to formulate and test hypotheses.

Quantitative Methods in Econometrics - Graduate Minor

Ambassador Crawford College of Business and Entrepreneurship
Department of Economics
www.kent.edu/business/economics

About This Program

The Quantitative Methods in Econometrics graduate minor provides in-depth training in statistical and econometrics methods and data analytics skills for academic research.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Transfer Student: A minimum 2.000 overall GPA is required for admission into the major. Students who have previously attended Kent State must also have a minimum 2.000 GPA in their former Kent State coursework and a minimum C grade in COMM 15000, ENG 21011, FIN 36053 and MATH 11010.

MATH 11010	ALGEBRA FOR CALCULUS (KMCR) (min C grade)	3
MATH 11012	INTUITIVE CALCULUS (KMCR)	3-5
or MATH 12002	ANALYTIC GEOMETRY AND CALCULUS I (KMCR)	
MGMT 24163	PRINCIPLES OF MANAGEMENT	3
MGMT 44285	STRATEGIC MANAGEMENT	3
MKTG 25010	PRINCIPLES OF MARKETING	3
UC 10001	FLASHES 101	1
UC 10162	INTRODUCTION TO PROFESSIONAL DEVELOPMENT	1
Kent Core Composition [4]		6
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines)		3
Kent Core Basic Sciences (must include one laboratory)		6-7
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours) [5]		13
Minimum Total Credit Hours:		**120**

[1] Maximum 6 credit hours of accounting (ACCT) courses can be applied toward the electives. Students may not receive major elective credit for more than 3 credit hours from the following four courses: FIN 46089, FIN 46096, FIN 46192 and FIN 46295. Any excess credit hours can be used for general electives, if needed. Students should meet with the chair of the Department of Finance or an academic advisor for a listing of courses that will provide the best possible preparation for the following career tracks: corporate finance, banking, investments (CFA or CFP), real estate or law.

[2] A student changing to a program in the college, transferring or incoming students with college credits, may be waived out of BUS 10123 if:

- 30 or more credit hours have been earned and any two classes (from ACCT 23020, ACCT 23021, FIN 26074, MGMT 24163, MKTG 25010 or CIS 24053) have successfully been completed.
- 60 or more credit hours have been earned and the student has successfully completed one course from (ACCT 23020, ACCT 23021, FIN 26074,MGMT 24163, MKTG 25010 or CIS 24053)
- At the discretion of the dean's office, the student has sufficient breadth and depth of knowledge in a business field (as demonstrated by a CLEP exam or Credit by Exam) but does not meet the requirements listed above.

[3] Students who have taken MATH 10041 for another program may use it as a substitute for BA 24056.

[4] Minimum C grade is required in ENG 21011 or HONR 20197.

[5] Students may take or use any course at any level as long as the minimum 39-credit hours requirement for upper-division courses is satisfied for graduation with a B.B.A. Exceptions: Maximum 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses. A minor (business or non-business) is encouraged. Any other exceptions must be approved by the assistant dean. FIN 36280 is repeatable for a maximum of 6 credits for students in the major, the credits may only count towards general electives. FIN 46280 is repeatable for a maximum of 6 credit hours for students in the major; credits will automatically count towards general electives when taken both times. Students who want to use the credits earned the second time taken towards the accounting or finance elective major requirement will need to request an override from an academic advisor to have the credits applied to the major requirement.

Progression Requirements

- Minimum 2.000 overall GPA
- Minimum C grade in COMM 15000, ENG 21011, MATH 11010 (or placement out of MATH 11010), FIN 26086 and FIN 36053 and all required finance (FIN) major courses.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

- Minimum C grade in required finance (FIN) major courses.
- Students must complete at least 50 percent of business credit hours (required for the business degree) in-residence on a Kent State University campus.
- Students must complete at least 50 percent of their major credit hours in residence on a Kent State University campus.
- Students must complete two measures of outcomes assessment as specified by the college for complete satisfaction of the B.B.A. degree.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
	BUS 10123	EXPLORING BUSINESS	3
	COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
	MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	3
	UC 10001	FLASHES 101	1
	Kent Core Requirement		3
	Kent Core Requirement		3
		Credit Hours	**16**
	Semester Two		
	CIS 24053	INTRODUCTION TO INFORMATION SYSTEMS AND DIGITAL TECHNOLOGIES	3

	MATH 11012 or MATH 12002	INTUITIVE CALCULUS (KMCR) or ANALYTIC GEOMETRY AND CALCULUS I (KMCR)	3-5
	UC 10162	INTRODUCTION TO PROFESSIONAL DEVELOPMENT	1
	Kent Core Requirement		3
	Kent Core Requirement		3
		Credit Hours	**16**
	Semester Three		
!	ACCT 23020	INTRODUCTION TO FINANCIAL ACCOUNTING	3
!	ECON 22061	PRINCIPLES OF MACROECONOMICS (KSS)	3
	FIN 26074	LEGAL ENVIRONMENT OF BUSINESS	3
	MGMT 24163	PRINCIPLES OF MANAGEMENT	3
	Kent Core Requirement		3
		Credit Hours	**15**
	Semester Four		
	ACCT 23021	INTRODUCTION TO MANAGERIAL ACCOUNTING	3
	BA 24056	BUSINESS ANALYTICS I	3
	BUS 30062	ADVANCED PROFESSIONAL DEVELOPMENT	3
	FIN 26086	PRINCIPLES OF FINANCIAL MODELING	3
	FIN 36051	THE FINANCIAL SYSTEM	3
		Credit Hours	**15**
	Semester Five		
	Required for progression in the major: Minimum 2.000 overall GPA, minimum C grade in COMM 15000, ENG 21011, MATH 11010, FIN 26086 and FIN 36053 and all required Finance major courses		
	BA 44062	SUPPLY CHAIN MANAGEMENT	3
!	FIN 36053	BUSINESS FINANCE	3
	MKTG 25010	PRINCIPLES OF MARKETING	3
	Kent Core Requirement		3
	Kent Core Requirement		3
		Credit Hours	**15**
	Semester Six		
	Required: minimum overall 2.000 GPA		
!	FIN 36054	INTERMEDIATE CORPORATE FINANCE	3
	FIN 36059	INTERMEDIATE INVESTMENTS	3
	FIN 36086	ADVANCED FINANCIAL MODELING	3
	General Electives		6
		Credit Hours	**15**
	Semester Seven		
	Required: minimum 2.000 overall GPA		
	FIN 46064	INTERNATIONAL BUSINESS FINANCE	3
	Accounting or Finance Elective		3
	Kent Core Requirement		3
	General Electives		6
		Credit Hours	**15**
	Semester Eight		
	Required: minimum overall 2.000 GPA. Note: completion of the Assurance of Learning Assessment given in MGMT 44285		
	FIN 46059	APPLIED FINANCIAL MANAGEMENT STRATEGIES (ELR) (WIC)	3
	MGMT 44285	STRATEGIC MANAGEMENT	3
	Accounting or Finance Electives		6
	General Elective		1
		Credit Hours	**13**
		Minimum Total Credit Hours:	**120**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate a broad fundamental knowledge of the theory and practice of investments, international business finance, business and corporate finance and financial markets and institutions.
2. Demonstrate the critical thinking skills needed to apply financial theory to specific business situations.
3. Demonstrate the skills needed to work effectively as a finance professional in a group or task force environment.
4. Demonstrate the computer skills needed to successfully employ commonly used software packages (specifically, spreadsheet, word processing and presentation software) in the performance of their duties as finance professionals.

Students earning a B.B.A. degree in Ambassador Crawford College of Business and Entrepreneurship are expected to have the following:

1. Core Business Knowledge - Recall the strategic frameworks that are used to make business decisions.
2. Analytical Skills - Use analytical methodologies and critical thinking skills to evaluate and solve business problems. Articulate and deliberate their ideas in writing.
3. Digital Technology – Demonstrate the technological skills necessary to analyze business problems and develop solutions.
4. Written Communication - Write effective business communications.
5. Oral Communication - Make effective business presentations, using appropriate technologies.
6. Teamwork – Collaborate effectively with others to achieve a common business purpose.
7. Business Ethics – Recognize ethical business dilemmas and use ethical decision making to resolve the dilemma.
8. Global - Analyze the key global factors when making business decisions.

Full Description

The Bachelor of Business Administration degree in Finance provides students with an academic background appropriate for entry into a financial career, including financial management, investments, banking/financial institutions, risk/insurance and related areas. The courses are designed to provide students with an understanding of the relationship between business finance and the economic system in the context of managerial analysis and decision making.

Finance students may apply early to the M.B.A. degree or to the Master of Arts in Economics degree and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program policy in the University Catalog for more information. The combined program with the Master of Arts in Economics degree requires a minimum 3.200 overall Kent State GPA.

Finance - Minor

Ambassador Crawford College of Business and Entrepreneurship
Department of Finance
www.kent.edu/business/finance

About This Program

The Finance minor offers a comprehensive curriculum that prepares you for a career in finance, covering topics such as investment analysis, financial planning and risk management. With experienced faculty and a range of real-world opportunities, you'll graduate with the skills and knowledge needed to succeed in this dynamic field. Enroll now and give yourself a competitive edge in the finance industry. Read more...

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

To declare the Finance minor, students must have a minimum 2.000 overall Kent State University GPA. No Kent State University GPA is required if the student is a first-semester freshman or transfer student admitted in good standing.

Program Requirements

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- A minimum C grade may be required in some courses.
- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate a fundamental knowledge of the theory and practice of finance.
2. Demonstrate the fundamental critical thinking skills needed to apply financial theory to specific business situations.
3. Demonstrate the fundamental computer skills needed to employ commonly used software packages (specifically, spreadsheet, word processing and presentation software) in the performance of their duties.

Full Description

The Finance minor allows students to gain some familiarity with financial management, as well as with the financial system of institutions and markets in which firms must operate. Some knowledge of finance is necessary to understand and work in most businesses and organizations. Profits and value creation are the “bottom lines” to which companies direct their efforts. Some acquaintance with investment techniques may help students in managing their personal finances.

The Finance minor is particularly useful for business students in other majors who take the requisite courses, and for other students who desire to acquire some understanding of finance without having to take all the core business school requisites. Both groups are exposed to important fundamentals, yet they also will have the flexibility to consider several areas of finance.

Financial Management - Graduate Certificate

Ambassador Crawford College of Business and Entrepreneurship
Department of Finance
www.kent.edu/business/finance

About This Program

The Financial Management graduate certificate allows students to gain specialized knowledge in the domain of finance.#Topics offered include basic financial management with electives in all areas, from international finance, investments (including derivative securities), real estate and financial law.

Students in the certificate can participate in the Golden Flash Asset Management Group, which manages $1.2 million in real university assets.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Transfer Student: A minimum 2.000 overall GPA is required for admission into the major. Students who have previously attended Kent State who completed (or the equivalent of) COMM 15000, ENG 21011 and/or MATH 11010 must have earned a minimum C grade in the courses, and a minimum C grade in BA 24056.

Kent Core Social Sciences (must be from two disciplines)		3
Kent Core Basic Sciences (must include one laboratory)		6-7
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours)		16
Minimum Total Credit Hours:		**120**

[1] A minimum C grade must be earned to fulfill the writing-intensive requirement.

[2] A student changing to a program in the college, transferring, or an incoming student with prior college credit, may be waived out of BUS 10123 if:

- 30 or more credit hours have been earned and any two courses (from ACCT 23020, ACCT 23021, CIS 24053, FIN 26074, MGMT 24163 or MKTG 25010) have successfully been completed.
- 60 or more credit hours have been earned and one course (from ACCT 23020, ACCT 23021, CIS 24053, FIN 26074, MGMT 24163 or MKTG 25010) have successfully been completed.
- At the discretion of the dean's office, the student has sufficient breadth and depth of knowledge in a business field (as demonstrated by a CLEP exam or Credit by Exam) but does not meet the requirements listed above.

[3] Taking MATH 10051 or PHIL 21002 will not replace a low grade in either MATH 11012 or MATH 12002. Students are required to take MATH 11012 or MATH 12002 if they change their major to, or want to double major with, the Economics major or Finance major and/or intend to declare the Data Analytics minor. Students who intend to enroll in certain graduate programs and/or are working toward Phi Beta Kappa status are highly encouraged to take MATH 11012 or MATH 12002.

[4] Students who have taken MATH 10041 for another program may use it as a substitute for BA 24056.

[5] Minimum C grade required in ENG 21011 or HONR 20197.

[6] A maximum of 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses may be applied toward the degree program.

Progression Requirements

- Minimum 2.000 overall GPA.
- Minimum C grade in the following courses: CIS 24053 and COMM 15000 and ENG 21011 (or HONR 20197) and MATH 11010 (or placement out of MATH 11010) and, BA 24056.
- Minimum C grade in all major requirements.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

- Students must complete a minimum 50 percent of business credit hours in-residence on a Kent State University campus.
- Students must complete at least 50 percent of their major credit hours in residence on a Kent State University campus.
- Students must complete two measures of outcomes assessment as specified by the college for complete satisfaction of the B.B.A. degree.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Semester One		Credits

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Understand how to acquire and transform data for analysis.
2. Understand how to use data to predict business outcomes.
3. Provide leadership and decision-making abilities using analytic tools in different business contexts.

Students earning a B.B.A. degree in Ambassador Crawford College of Business and Entrepreneurship are expected to have developed skills in the following critical areas of business:

1. Core Business Knowledge - Recall the strategic frameworks that are used to make business decisions.
2. Analytical Skills - Use analytical methodologies and critical thinking skills to evaluate and solve business problems.
3. Digital Technology – Demonstrate the technological skills necessary to analyze business problems and develop solutions.
4. Written Communication - Write effective business communications.
5. Oral Communication - Make effective business presentations, using appropriate technologies.
6. Teamwork – Collaborate effectively with others to achieve a common business purpose.
7. Business Ethics – Recognize ethical business dilemmas and use ethical decision making to resolve the dilemma.
8. Global - Analyze the key global factors when making business decisions.

Full Description

The Bachelor of Business Administration degree in Business Analytics provides students with understanding of the diverse knowledge they need to be effective business data analysts. The focus of the major is to develop students who will understand and be able to apply business analytics to real-world problems.

While the major's curriculum builds student expertise from theory, the focus is the practical application of the analytics knowledge. Therefore, the major primarily emphasizes problem-solving with data for strategic business decision-making using various analytics tools such as data visualization and machine-learning technologies. Examples of business analytics applications include marketing analysis or segmentation, city planning, delivery logistics, risk management, security and healthcare management.

Graduates from the program will be in demand for entry-level analytics positions in the workforce.

Business analytics students may apply early to either the M.B.A. degree or the M.S.B.A. degree and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/ Master's Degree Program Policy in the University Catalog for more information.

Business Analytics - Graduate Certificate

Ambassador Crawford College of Business and Entrepreneurship
Department of Information Systems and Business Analytics
www.kent.edu/business

About This Program

In today's data-driven business landscape, the ability to analyze and interpret data is a crucial skill. Our graduate certificate in Business Analytics equips you with the tools and knowledge to collect, process and analyze data, and use it to make informed business decisions. You'll learn how to use the latest analytics software, apply statistical methods and develop insights that can transform organizations. Read more...

Program Learning Outcomes

Graduates of this program will be able to:

1. Develop proficiency in the framing of business and analytics problems.
2. Provide leadership and decision-making abilities using analytics tools in different business contexts throughout the model lifecycle.
3. Develop competencies in identifying data needs and sources, data acquisition and the cleaning and refining of data for analytical processing.
4. Develop competencies in analytical model selection, software selection and model building.
5. Develop competencies in deploying, validating and interpreting analytical solutions.

Full Description

The Business Analytics graduate certificate provides individuals — especially those without analytics job titles or responsibilities but with the burning desire for the field — the opportunity to familiarize themselves with this ever-growing and versatile discipline. The certificate program also enables these individuals to augment their knowledge base beyond their chosen professions and improve their value to their employers and businesses, or marketability if they choose to change jobs.

The premise of the certificate program is to provide graduates a firm grasp of important analytical techniques and the knowledge of how to best implement, interpret and communicate them in a variety of business contexts. This goal is pursued using a "Three-Foci Model" design that integrates data analysis, information and data management and decision-making and leadership. This model can be summarized as encompassing analytics technologies, techniques and decision-making processes.

Admission Requirements

- Bachelor's degree from an accredited college or university[1]
- Minimum 3.000 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Résumé
- Goal statement
- Two letters of recommendation
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[2]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] Students entering the program are expected to have the requisite backgrounds in statistics, mathematics, computers and business required for the program. At a minimum, students should have general knowledge of inferential statistics, adequate general business knowledge, basic knowledge of business information systems and technologies and a solid understanding of algebra and general mathematics with some exposure to calculus. Students may fulfill deficiencies in these prerequisites by taking BA 24056, CIS 24053, MATH 11012, MGMT 24163 or equivalents as applicable. The business analytics program director may consider concurrent enrollment according to the strength of the student's baccalaureate curriculum and preparedness and the courses proposed to be taken concurrently with the prerequisites.

[2] International applicants who do not meet the above test scores may be considered for conditional admission.

Application Deadlines

- **Fall Semester**
  - Application deadline: March 15 (international student) and June 15 (domestic student)
- **Spring Semester**
  - Application deadline: October 1 (international student) and December 1 (domestic student)

Applications submitted after these deadlines will be considered on a space-available basis.

Culminating Requirement		
BA 64092	INTERNSHIP IN BUSINESS ANALYTICS	3
or BA 64099	CAPSTONE PROJECT IN BUSINESS ANALYTICS	
Minimum Total Credit Hours:		**30**

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Note

Minimum 30 credit hours required for the degree is the assumption that students do not have any unmet requirements they need to be successful in the program. The business analytics program coordinator may make further determination of a student's preparedness for the program and what prerequisite courses, if any, may be required.

Program Learning Outcomes

Graduates of this program will be able to:

1. Identify key characteristics of the business problem.
2. Identify opportunities and constraints of various data analytical frameworks and tools.
3. Formulate appropriate data analytic techniques to solve the business problem.
4. Perform necessary data preparation steps (retrieve, clean and manipulate data).
5. Demonstrate necessary theoretical knowledge and practical skills to implement several data-analytic frameworks using different tools.
6. Lead and work with teams to frame the business problem.
7. Convey in writing the outcomes of analytics for stakeholders.
8. Use visual outcomes of analytics to communicate orally effective messages for stakeholders.

Full Description

The Master of Science degree in Business Analytics provides students with a comprehensive knowledge of analytics that balances the technologies, analytical methods and business expertise needed to glean useful information from data to make strategic business decisions. The language of business today is dependent on information and data management, and the emergence of advanced technologies for capturing, preparing and analyzing data provides unprecedented opportunities for those with business analytics expertise that spans all industries and organizations.

Students in the Business Analytics major gain the technical, analytical, communication, decision-making and leadership skills needed to be successful business analysts. The curriculum includes integrative capstone analysis projects, and there is an internship option for additional professional development through the on-site Career Services Office.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Transfer Student: A minimum 2.250 overall GPA is required for admission into the major. Students who have previously attended Kent State who completed (or the equivalent of) COMM 15000, ENG 21011 and/or MATH 11010 must have earned a minimum C grade in the courses and a minimum C+ grade in CIS 24053.

Program Requirements

UC 10001	FLASHES 101	1
UC 10162	INTRODUCTION TO PROFESSIONAL DEVELOPMENT	1
Mathematics or Critical Reasoning Elective, choose from the following: [5]		3-5
MATH 10051	QUANTITATIVE REASONING (KMCR)	
MATH 11012	INTUITIVE CALCULUS (KMCR)	
MATH 12002	ANALYTIC GEOMETRY AND CALCULUS I (KMCR)	
PHIL 21002	INTRODUCTION TO FORMAL LOGIC (KMCR)	
Kent Core Composition [6]		6
Kent Core Humanities and Fine Arts (minimum one course from each)		9

Kent Core Social Sciences (must be from two disciplines)	3
Kent Core Basic Sciences (must include one laboratory)	6-7
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours) [7]	16
Minimum Total Credit Hours:	**120**

[1] A minimum C must be earned to fulfill the writing-intensive requirement.

[2] Students may take any courses in this section to fulfill the major electives.

[3] Students who have taken MATH 10041 for another program may use it as a substitute for BA 24056.

[4] A student changing to a program in the college, transferring or an incoming student with college credit plus credits, may be waived out of BUS 10123 if:

- 30 or more credit hours have been earned and any two classes (from ACCT 23020, ACCT 23021, FIN 26074, MGMT 24163, MKTG 25010 or CIS 24053) have successfully been completed.
- 60 or more credit hours have been earned and the student has completed one course (from ACCT 23020, ACCT 23021, FIN 26074, MGMT 24163 , MKTG 25010 or CIS 24053)
- At the discretion of the Dean's Office, the student has sufficient breadth and depth of knowledge in a business field (as demonstrated by a CLEP exam or Credit by Exam) but does not meet the requirements listed above.

[5] Taking MATH 10051 or PHIL 21002 will not replace a low grade in either MATH 11012 or MATH 12002. Students are required to take MATH 11012 or MATH 12002 if they change their major to, or want to double major with, the Economics major or Finance major and/or intend to declare the Data Analytics minor. Students who intend to enroll in certain graduate programs and/or are working toward Phi Beta Kappa status are highly encouraged to take MATH 11012 or MATH 12002.

[6] Minimum C grade is required in ENG 21011 or HONR 20197.

[7] An education abroad experience is encouraged as a general elective. A maximum of 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses may be applied toward the degree program.

Progression Requirements

- Minimum 2.250 overall GPA
- Minimum C grade in COMM 15000, ENG 21011 (or HONR 20197) and MATH 11010 (or placement out of MATH 11010)
- Minimum C+ grade in CIS 24053
- Minimum C grade in major requirements

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.250	2.250

- Students must complete at least 50 percent of business credit hours (required for the business degree) in-residence on a Kent State University campus.
- Students must complete at least 50 percent of their major credit hours in residence on a Kent State University campus.
- Students must complete two measures of outcomes assessment as specified by the college for complete satisfaction of the B.B.A. degree.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		**Credits**
	BUS 10123	EXPLORING BUSINESS	3
	COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
	MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	3
	UC 10001	FLASHES 101	1
	Kent Core Requirement		3
	Kent Core Requirement		3
		Credit Hours	**16**
	Semester Two		
	ECON 22060	PRINCIPLES OF MICROECONOMICS (KSS)	3
	CIS 24053	INTRODUCTION TO INFORMATION SYSTEMS AND DIGITAL TECHNOLOGIES	3
	UC 10162	INTRODUCTION TO PROFESSIONAL DEVELOPMENT	1
	Mathematics or Critical Reasoning Elective		3-5
	Kent Core Requirement		3
	Kent Core Requirement		3
		Credit Hours	**16**
	Semester Three		
	ACCT 23020	INTRODUCTION TO FINANCIAL ACCOUNTING	3
	CIS 34054	USING INFORMATION SYSTEMS AND DIGITAL TECHNOLOGIES FOR SOLVING BUSINESS PROBLEMS	3
	ECON 22061	PRINCIPLES OF MACROECONOMICS (KSS)	3
	FIN 26074	LEGAL ENVIRONMENT OF BUSINESS	3
	Kent Core Requirement		3
		Credit Hours	**15**
	Semester Four		
	Required for progression in the major: Minimum 2.250 overall GPA, minimum C grade in COMM 15000, ENG 21011, MATH 11010; and a minimum C+ in CIS 24053.		
	ACCT 23021	INTRODUCTION TO MANAGERIAL ACCOUNTING	3
	BA 24056	BUSINESS ANALYTICS I	3
	BUS 30062	ADVANCED PROFESSIONAL DEVELOPMENT	3
	MGMT 24163	PRINCIPLES OF MANAGEMENT	3
	Major Elective		3
		Credit Hours	**15**
	Semester Five		
	Required: minimum 2.250 overall GPA

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Perform effectively in digital transformation management and information systems design projects.
2. Navigate and use emerging digital technologies and platforms.
3. Design, code, and implement information systems, databases, and applications on-premise and in the cloud.
4. Design, select, and deploy digital transformation solutions and strategies.
5. Bridge, integrate, deploy, and manage cybersecurity and data governance across various information systems and analytics systems.
6. Lead and manage digital transformation projects, and design and integrate digital technology solutions.

Students earning a B.B.A. degree in Ambassador Crawford College of Business and Entrepreneurship are expected to have developed skills in the following critical areas of business:

1. Core Business Knowledge - Recall the strategic frameworks that are used to make business decisions.
2. Analytical Skills - Use analytical methodologies and critical thinking skills to evaluate and solve business problems.
3. Digital Technology – Demonstrate the technological skills necessary to analyze business problems and develop solutions.
4. Written Communication - Write effective business communications.
5. Oral Communication - Make effective business presentations, using appropriate technologies.
6. Teamwork – Collaborate effectively with others to achieve a common business purpose.
7. Business Ethics – Recognize ethical business dilemmas and use ethical decision making to resolve the dilemma.
8. Global - Analyze the key global factors when making business decisions.

Full Description

The Bachelor of Business Administration degree in Computer Information Systems provides students with a focus on digital transformation management and/or the design of innovative information systems that are commonly used in organizations to create business value. This up-to-date major offers a techie-for-future IT and business managers structure starting with an introduction to information systems (IS) and emerging digital technologies (e.g., social media, mobile, cloud computing, business data analytics, Internet of Things, artificial intelligence, machine learning, blockchain). The major continues providing the foundations and hands-on activities to use IS and digital technologies for solving business problems. The academic backbone of the major concludes with the pillars of business modeling and agile design, artificial intelligence-based innovation, and providing the IT and business managerial skills to build solutions for businesses.

Students can complete two possible major elective tracks: Designing Innovative Information Systems or Digital Transformation Management. Alternatively, the student can customize the major elective path by selecting 12 credit hours from the list of major electives in a flexible and student-centric way. The Digital Transformation track focuses on providing the knowledge and managerial skills related to managing cybersecurity, managing agile digital transformation projects and on how to lead and manage digital transformation. The Designing Innovative Information Systems track focuses on providing the technical foundations and skills to design innovative programs and apps, design innovative server-side systems and design databases and data governance.

Students may participate in an internship (elective course), which may involve a summer or a semester of paid professional experience in industry. Internship experience helps show the relevance of on-campus courses to professional work, helps students focus their career plans and often enables students to secure better jobs upon graduation.

Computer Information Systems students may apply early to the M.B.A. degree and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program policy in the University Catalog for more information.

Computer Information Systems - Minor

Ambassador Crawford College of Business and Entrepreneurship
Department of Information Systems and Business Analytics
www.kent.edu/business

About This Program

The Computer Information Systems minor provides a strong foundation in the latest technologies and practical skills needed for a successful career in the field. With expert faculty and access to cutting-edge resources, you'll be well-prepared to meet the demands of the ever-evolving technology industry. Choose Kent State and take the first step towards an exciting career in computer information systems. Read more...

  - Kent Campus

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

To declare the Computer Information Systems minor, students must have a minimum 2.250 overall Kent State University GPA. No Kent State University GPA is required if the student is a first-semester freshman or transfer student admitted in good standing.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.250	2.000

- Students are expected to satisfy course prerequisites for each course required in the minor. Prerequisites are not tied to a particular catalog; therefore it is important to look at the most current information about a course.
- Students may not pursue a minor and major in the same discipline.
- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Perform effectively in digital transformation management and information systems design projects.
2. Navigate and use emerging digital technologies and platforms.
3. Design, code, and implement information systems, databases, and applications on-premise and in the cloud.
4. Design, select and deploy digital transformation solutions and strategies.
5. Bridge, integrate, deploy and manage cybersecurity and data governance across various information systems and analytics systems.
6. Lead and manage digital transformation projects.

Full Description

The Computer Information Systems minor is self-contained and assumes essentially no prior experience with the usage of information systems (IS) and digital technologies in organizations. It complements students' primary career field by providing foundational knowledge, hands-on experience and information technology (IT) and business managerial skills in digital transformation management and/or the design of innovative information systems that are commonly used in organizations to create business value.

This up-to-date minor offers a techie-for-future IT and business managers structure starting with an introduction to IS and emerging digital technologies (e.g., social media, mobile, collaborative tools). The minor continues providing the foundations and hands-on activities to use IS and digital technologies for solving business problems. The academic backbone of the minor concludes with the pillars of business modeling and agile design and artificial intelligence-based innovation.

Students can complete two possible minor elective tracks: Designing Innovative Information Systems or Digital Transformation Management. Alternatively, the student can customize the major elective path by selecting 9 credit hours from the list of major electives in a flexible and student-centric way. The Digital Transformation track focuses on providing the knowledge and managerial skills related to managing cybersecurity, managing agile digital transformation projects and on how to lead and manage digital transformation. The Designing Innovative Information Systems track focuses on providing the technical foundations and skills to design innovative programs and apps, design innovative server-side systems and design databases and data governance.

Quantitative Business Management - Graduate Certificate

Ambassador Crawford College of Business and Entrepreneurship
Department of Information Systems and Business Analytics
www.kent.edu/business

About This Program

The Quantitative Business Management graduate certificate prepares participants to serve as responsible leaders in public, private and nonprofit organizations. Because the need for quantitative business management competence is ubiquitous across organizations, this certificate program welcomes participants from all fields and undergraduate degree backgrounds.

Examples of Possible Careers and Salaries*

General and operations managers

- 5.8% faster than the average
- 2,486,400 number of jobs
- $103,650 potential earnings

Management analysts

- 10.7% much faster than the average
- 876,300 number of jobs
- $87,660 potential earnings

Accreditation

AACSB, International - The Association to Advance Collegiate Schools of Business

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Minimum 2.750 undergraduate GPA on a 4.000-point scale
- Official transcripts
- *Starting with spring 2026 admission term,* completion of two quantitative undergraduate courses (e.g., advanced algebra, statistics) with minimum B grade[1] *will be required.*
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[2]

- Minimum 79 TOEFL iBT score
- Minimum 6.5 IELTS score
- Minimum 58 PTE score
- Minimum 110 DET score

[1] In some circumstances, the academic program admissions committee may consider other compelling evidence in their determination.

[2] International applicants who do not meet the above test scores will not be considered for admission.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- Students may receive permission to have M.B.A coursework waived if supported by the appropriate and recent undergraduate coursework. The waiver of each specific course will be determined by the relevant academic department in the college. Students may graduate with the M.B.A. degree with fewer than 37 total credit hours but no fewer than 30 total credit hours.
- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Critical Thinking: analyze the elements of a business problem and construct well-reasoned solutions.
2. Written Communication: write effective business communications.
3. Oral Communication: make effective business presentations using appropriate technologies.
4. Teamwork: collaborate effectively with others to achieve a common business purpose.
5. Business Ethics: recognize ethical business dilemmas and use ethical decision-making to resolve the dilemma.
6. Triple Bottom-Line Management: analyze the complex issues confronting organizations and craft solutions for a broad array of stakeholders.
7. Global Mindset: distinguish and analyze the key global factors when making business decisions.

Dual Degree with M.A. in Communication Studies

Students have the opportunity to complete a dual degree program with the M.A. degree in Communication Studies and the M.B.A. degree in Business Administration. A separate application must be submitted for each program. Students can view admission requirements for each program on their respective catalog page.

The dual M.A./M.B.A. degree program is designed for students and professionals whose career goals focus on communication, particularly global communication, and provides direction and leadership in economic and business development processes.

Dual Degree with M.A. in Peace and Conflict Studies

Students have the opportunity to complete a dual degree program with the M.A. degree in Peace and Conflict Studies and the Master of Business Administration degree. A separate application must be submitted for each program. Students can view admission requirements for each program on their respective catalog page.

The M.B.A./M.A. dual degree converges the field of conflict management and the field of business. Students learn how business works alongside understanding the dynamics of conflict and how to successfully transform it to succeed in business and to transform organizational cultures.

Dual Degree with M.A. in Translation

Students have the opportunity to complete a dual degree program with the M.A. degree in Translation and the M.B.A. degree in Business Administration. A separate application must be submitted for each program. Students can view admission requirements for each program on their respective catalog page.

The Dual Degree with a M.B.A. degree in Business Administration and the M.A. degree in Translation is for students with a sufficient level of proficiency in a foreign language who wish to integrate a graduate business education with advanced translation training. This program is suitable for those whose career goals include assuming middle or executive management positions in international business or language industry enterprises or those interested in starting their own business in the language services industry.

MGMT 64399	BUSINESS STRATEGY	3
Minimum Total Credit Hours:		**61**

[1] Students may take another course or study abroad with approval. Students may complete this requirement with 3 credit hours if a culture or appropriate language course is used for one of the international electives below.

[2] Minimum 3 credits must be taken from the School of Modern and Classical Language Studies.

Graduation Requirements

- Students in the M.A. Translation and M.B.A dual degree program must earn a total of 61-64 credit hours. There is a minimum requirement of 31-33 credit hours from the M.B.A. program and 30-33 credit hours from the M.A. in Translation.
- A minimum 3.000 GPA must be maintained.
- The M.B.A. program should be initiated before 12 credit hours in the M.A. Translation program have been completed. The M.A. in Translation is awarded upon completion of the requirements of that degree. The M.B.A. is awarded upon completion of the joint M.B.A./M.A. Translation degree program.
- Actual offerings and schedules vary from year to year, and the two colleges jointly provide a pre-approved recommended course of study. Students who wish to take a different course of study need to obtain separate approvals from the college graduate coordinators.

Dual Degree with M.Arch. in Architecture

Students have the opportunity to complete a dual degree program with the Master of Architecture degree and the M.B.A. degree in Business Administration. A separate application must be submitted for each program. Students can view admission requirements for each program on their respective catalog page.

The dual degree combining the M.Arch. and the M.B.A. is designed for architects or undergraduate architectural students who aspire to middle or executive management positions in architectural practices, or who are interested in starting their own business along with the preparation to enter the profession of architecture by stimulating the growth of technical knowledge and design creativity. It fosters the refinement of design skills acquired in undergraduate programs, also by offering a broad exposure to professional issues and knowledge.

Dual Degree with M.S. in Knowledge Management

Applications to the Dual Degree M.B.A./M.S. Knowledge Management are not being accepted at this time.

Students have the opportunity to complete a dual degree program with the M.B.A. degree and the M.S. degree in Knowledge Management. A separate application must be submitted for each program. Students can view admission requirements for each program on their respective catalog page.

The M.B.A./M.S. dual degree program prepares students for responsible leadership positions and offers an integrated business and knowledge management curriculum. Dual degree graduates will be able to design, deliver, support and lead knowledge management programs at the enterprise and project levels. Through courses, internships and other opportunities, students gain real-world, practical experience in developing and applying knowledge to improve organizational strategies, processes and technical skills with an emphasis on regional, national and global implications.

Full Description

The Master of Business Administration degree prepares students for responsible leadership positions in private, nonprofit and public organizations. Upon completion of the M.B.A. degree, graduates demonstrate a global mindset and competence in critical thinking, digital technology, communication, teamwork and ethical and sustainable management.

The program welcomes students from the full range of undergraduate degrees. Regardless of their undergraduate education, students will find a challenging program designed to prepare them for management positions in organizations.

The degree is structured for full-time/in-person and full-time or part-time online students:

- The full-time/in-person program is targeted to early career professionals, both nationally and internationally, who wish to jump-start their business career, and to those who wish to make a business-related career change. The program operates in cohorts so that students proceed through the sequence of required courses as a group. Students take six to seven courses each semester (offered in eight-week modules) and are expected to participate in experiential activities such as internships, mentoring and professional development activities. Delivery of the program is accelerated; students are able to earn the M.B.A. degree in 12 to 16 months.
- The online program is designed for those who want maximum flexibility in pursuing their M.B.A. degree. Students can take courses to suit their life: from one course at a time to a full-time course load. This is an ideal program for professionals who intend to keep working full-time while pursing the M.B.A., and for those students who want to pursue their M.B.A. without commuting to campus.

The Business Administration major includes the following optional concentrations:

- The **Accounting** concentration allows students to specialize their degree with courses in managerial and financial accounting, business valuation using financial statements and international accounting. Completion of this concentration is not sufficient to sit for the CPA exam in Ohio unless the student has an undergraduate accounting major.
- The **Business Analytics** concentration allows students to gain the technical, analytical, communication, decision-making and leadership skills needed to glean useful information from data to make strategic business decisions.
- The **Digital Transformation** concentration prepares students for a more dynamic, modular and techie-savvy world.
- The **Finance** concentration allows students to specialize their degree with advanced courses in investments, financial markets and institutions, real estate and other related areas.
- The **Healthcare Administration** concentration provides business students with knowledge of the healthcare setting that will support their capacity to work effectively in a variety of healthcare organizations.
- The **Human Resource Management** concentration allows students to specialize their degree with advanced topics in employee selection and appraisal, organizational analysis and the opportunity for real-world applications.
- The **International Business** concentration allows students to specialize their degree with courses in accounting, marketing, finance and strategy with an international focus. Study abroad options are possible, with no language skills required.
- The **Leadership in Conflict Mediation** concentration allows students to develop advanced skills that will support their capacity to lead in higher level positions.

Students may pursue an online **stackable certificate pathway** to the M.B.A. by completing the Leadership and Management graduate certificate, the Quantitative Business Management graduate certificate and a set of remaining courses to earn the M.B.A. degree. Students who

choose a Business Analytics, Financial, Human Resource Management, International Business or Leadership in Conflict Mediation concentration can take one additional course and stack an additional graduate certificate in Business Analytics, Financial Management, Human Resource Management, International Business or Leading Through Challenge.

The following dual degree programs with the M.B.A. are possible. A separate application must be submitted for each program.

- **Combined degree with the Doctor of Podiatric Medicine degree** prepares students to run their own Podiatric Medicine practice. Students can view admission requirements for each program on their respective catalog page.
- **Dual degree with the Master of Architecture degree** is designed for architects or undergraduate architectural students whose career goals include assuming middle or executive management positions in architectural practices, or who are interested in starting their own businesses.
- **Dual degree with the Master of Engineering Technology degree** is designed for students with the dual goal of pursuing the a highly technical degree while at the same time preparing for a career that will hold increasing levels of management positions.
- **Dual degree with the Master of Library and Information Science degree** is designed for managers of large libraries and information centers. Individuals in these positions need knowledge pertaining to planning, organizing, staffing, directing and controlling. Advanced education to obtain knowledge and learn skills related to these management functions enables students to take advantage of career opportunities both in library settings and other information settings, both in the profit and nonprofit sectors.
- **Dual degree with the Master of Public Health degree** prepares students for responsible leadership positions and offers an integrated business and public health curriculum designed to help students develop real-world knowledge and skills needed to pursue success and management opportunities in the public health industry.
- **Dual degree with the Master of Science in Nursing degree** is designed for experienced nurses whose career goals include assuming middle- or executive-management positions in health services agencies or in health-related companies, or who are interested in starting their own business. The program combines the strengths of advanced nursing preparation with the practical management knowledge needed to develop significant leadership capabilities.
- **Dual degree with the M.A. degree in Communication Studies** is designed for students and professionals whose career goals focus on communication, particularly global communication. The program provides direction and leadership in economic and business development processes.
- **Dual degree with the M.A. degree in Peace and Conflict Studies** converges the field of conflict management and the field of business. Students learn how business works alongside understanding the dynamics of conflict and how to successfully transform it to succeed in business and to transform organizational cultures.
- **Dual degree with the M.A. degree in Sport Administration** is designed to provide students with the knowledge, skills and experiences to enable them to become successful professionals in the field of sports and recreation management. The program integrates management theory and application in sports settings with a broad business curriculum to give graduates a competitive advantage.
- **Dual degree with the M.A. degree in Translation** is designed for linguists. By combining the practices and language of business, students can pursue language-based careers in the private, public and governmental sectors.
- **Dual degree with the M.Ed. degree in Higher Education Administration and Student Affairs** is designed for professionals who aspire to responsible leadership positions in higher education. The program provides an integrated curriculum grounded in theory and focused on practice to support diverse student populations. Students are equipped with necessary skills to make the business decisions required of leaders in higher education.
- **Dual degree with the M.S. degree in Aviation Management and Logistics** prepares students for responsible leadership positions and provides an integrated business and aviation management and logistics education with an emphasis on regional, national and global implications in the field of aviation. *Applications to this dual degree are not being accepted at this time.*
- **Dual degree with the M.S. degree in Hospitality and Tourism Management** prepares students for responsible leadership positions and provides an integrated hospitality and tourism education with an emphasis on regional, national and global implications of the field. *Applications to this dual degree are not being accepted at this time.*
- **Dual degree with the M.S. degree in Knowledge Management** is designed for students who seek the capacity to develop and apply knowledge to improve organizational strategies. Graduates will be able to design, deliver, support and lead knowledge-management programs at project and enterprise levels.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

Transfer Student: A minimum 2.000 overall GPA is required for admission into the major. Students who have previously attended Kent State and have completed (or the equivalent of) COMM 15000, ENG 21011, MATH 11010 and MGMT 24163 must have earned a minimum C grade in the courses.

Kent Core Composition [7]		6
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines)		3
Kent Core Basic Sciences (must include one laboratory)		6-7
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours) [8]		10
Minimum Total Credit Hours:		**120**

1 A minimum C grade is required to fulfill the writing intensive requirement.

2 Students who study abroad may use BUS 30234 as a college elective for the major.

3 Students who change their major from Accounting to Business Management, or who have declared both the Accounting and Business Management majors or have declared the Accounting minor, may substitute ACCT 33010 in place of ACCT 33063.

4 A student changing to a program in the college, transferring, or incoming students with college credits may be waived out of BUS 10123 if:

1. 30 or more credit hours have been earned and any two classes (from ACCT 23020, ACCT 23021, CIS 24053, FIN 26074, MGMT 24163 or MKTG 25010) have successfully been completed.
2. 60 or more credit hours have been earned and the student has successfully completed one course (from ACCT 23020, ACCT 23021, FIN 26074, MGMT 24163, MKTG 25010 or CIS 24053)
3. At the discretion of the dean's office, the student has sufficient breadth and depth of knowledge in a business field (as demonstrated by a CLEP score or Credit by Exam) but does not meet the requirements listed above.

5 Taking MATH 10051 or PHIL 21002 will not replace a low grade in either MATH 11012 or MATH 12002. Students are required to take MATH 11012 or MATH 12002 if they change their major to, or want to double major with, the Economics major or Finance major and/or intend to declare the Data Analytics minor. Students who intend to enroll in certain graduate programs and/or are working toward Phi Beta Kappa status are highly encouraged to take MATH 11012 or MATH 12002.

6 Students who have taken MATH 10041 for another program may use it as a substitute for BA 24056.

7 Minimum C grade required in ENG 21011 or HONR 20197.

8 A maximum of 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses may be applied toward the degree program.

Progression Requirements

- Minimum 2.000 overall GPA
- Minimum C grade required in COMM 15000, ENG 21011, MATH 11010 and MGMT 24163.
- Minimum C grade in all major requirements.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

- Students must complete at least 50 percent of business credit hours (required for the business degree) in-residence on a Kent State University campus.

- Students must complete at least 50 percent of their major credit hours in residence on a Kent State University campus.
- Students must complete two measures of outcomes assessment as specified by the college for complete satisfaction of the B.B.A. degree.

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Assess and suggest appropriate solutions to human resource-related business problems.
2. Assess and suggest appropriate solutions to business concerns in global markets.
3. Demonstrate an understanding of basic principles of project management.
4. Demonstrate an understanding of leadership principles and theories.

Kent State University's Ambassador Crawford College of Business and Entrepreneurship students earning a BBA are expected to have developed skills in the following critical areas of business:

1. Core Business Knowledge - Recall the strategic frameworks that are used to make business decisions.
2. Analytical Skills - Use analytical methodologies and critical thinking skills to evaluate and solve business problems.
3. Digital Technology – Demonstrate the technological skills necessary to analyze business problems and develop solutions.
4. Written Communication - Write effective business communications.
5. Oral Communication - Make effective business presentations, using appropriate technologies.
6. Teamwork – Collaborate effectively with others to achieve a common business purpose.
7. Business Ethics – Recognize ethical business dilemmas and use ethical decision making to resolve the dilemma.
8. Global - Analyze the key global factors when making business decisions.

Full Description

The Bachelor of Business Administration degree in Business Management gives students credentials important to getting their first job as an entry-level manager or manager-trainee. Every organization of any size and type depends on and needs managers, including, as examples, the small corner store, department stores, accounting firms, healthcare centers, manufacturing firms or a business-to-business type of organization.

Business Management students may apply early to the M.B.A. degree and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program policy in the University Catalog for more information.

Examples of Possible Careers and Salaries*

Administrative services and facilities managers

- 6.5% faster than the average
- 325,900 number of jobs
- $98,890 potential earnings

Construction managers

- 8.5% much faster than the average
- 476,700 number of jobs
- $97,180 potential earnings

General and operations managers

- 5.8% faster than the average
- 2,486,400 number of jobs
- $103,650 potential earnings

Management analysts

- 10.7% much faster than the average
- 876,300 number of jobs
- $87,660 potential earnings

Sales managers

- 3.5% about as fast as the average
- 433,800 number of jobs
- $132,290 potential earnings

Accreditation

AACSB, International - The Association to Advance Collegiate Schools of Business

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Transfer Student: A minimum 2.000 overall GPA is required for admission into this major. Students who have previously attended Kent State and have completed COMM 15000, ENG 21011 (or HONR 20197), MATH 11010 (or placement out of ENG 11011 and/or MATH 11010) must have earned a minimum C grade in the courses (or their equivalent).

Program Requirements

UC 10162	INTRODUCTION TO PROFESSIONAL DEVELOPMENT	1
Mathematics or Critical Reasoning Elective, choose from the following: [4]		3-5
MATH 10051	QUANTITATIVE REASONING (KMCR)	
MATH 11012	INTUITIVE CALCULUS (KMCR)	
MATH 12002	ANALYTIC GEOMETRY AND CALCULUS I (KMCR)	
PHIL 21002	INTRODUCTION TO FORMAL LOGIC (KMCR)	
Kent Core Composition [6]		6
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines)		3
Kent Core Basic Sciences (must include one laboratory)		6-7
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours) [7]		16
Minimum Total Credit Hours:		**120**

1 A minimum C grade is required to fulfill the writing intensive requirement.

2 Students may fulfill major electives by selecting any remaining business courses listed above and/or approved upper-division courses from business or non-business disciplines. A course fulfilling the experiential learning requirement (ELR) is recommended if not already satisfied.

3 A student changing to a program in the college, transferring, or an incoming student with college credits, may be waived out of BUS 10123 if:

1. 30 or more credit hours have been earned and any two classes (from ACCT 23020, ACCT 23021, FIN 26074, MGMT 24163, MKTG 25010 or CIS 24053) have successfully been completed
2. 60 or more credit hours have been earned and the student has successfully completed one course (from ACCT 23020, ACCT 23021, FIN 26074, MGMT 24163, MKTG 25010 or CIS 24053)
3. At the discretion of the dean's office, the student has sufficient breadth and depth of knowledge in a business field (as demonstrated by a CLEP score or Credit by Exam) but does not meet the requirements listed above

[4] Taking MATH 10051 or PHIL 21002 will not replace a low grade in either MATH 11012 or MATH 12002. Students are required to take MATH 11012 or MATH 12002 if they change their major to, or want to double major with, the Economics major or Finance major and/or intend to declare the Data Analytics minor. Students who intend to enroll in certain graduate programs and/or are working toward Phi Beta Kappa status are highly encouraged to take MATH 11012 or MATH 12002.

[5] Students who have taken MATH 10041 for another program may use it as a substitute for BA 24056.

[6] Minimum C grade required in ENG 21011 or HONR 20197.

[7] ECON 12060 is recommended as a general elective. Maximum 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses allowed. An education abroad course is encouraged as a general elective.

Progression Requirements

- Minimum 2.000 overall GPA
- Minimum C grade in COMM 15000, ENG 21011 and MATH 11010 (or placement out of MATH 11010)
- Minimum C grade in all major requirements

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

- Students must complete at least 50 percent of business credit hours (required for the business degree) in-residence on a Kent State University campus.
- Students must complete at least 50 percent of their major credit hours in residence on a Kent State University campus.
- Students must complete two measures of outcomes assessment as specified by the college for complete satisfaction of the B.B.A. degree.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
!	BUS 10123	EXPLORING BUSINESS	3
!	COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
	MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	3
	UC 10001	FLASHES 101	1
	Kent Core Composition		3
	Kent Core Humanities		3
		Credit Hours	**16**
	Semester Two		
	CIS 24053	INTRODUCTION TO INFORMATION SYSTEMS AND DIGITAL TECHNOLOGIES	3
!	ECON 22060	PRINCIPLES OF MICROECONOMICS (KSS)	3
!	UC 10162	INTRODUCTION TO PROFESSIONAL DEVELOPMENT	1
	Mathematics or Critical Reasoning Elective		3-5
	Kent Core Composition		3
	Kent Core Fine Arts		3
		Credit Hours	**16**
	Semester Three		
!	ACCT 23020	INTRODUCTION TO FINANCIAL ACCOUNTING	3
	ECON 22061	PRINCIPLES OF MACROECONOMICS (KSS)	3
	ENTR 27056	INTRODUCTION TO ENTREPRENEURSHIP	3
!	FIN 26074	LEGAL ENVIRONMENT OF BUSINESS	3
	MGMT 24163	PRINCIPLES OF MANAGEMENT	3
		Credit Hours	**15**
	Semester Four		
!	ACCT 23021	INTRODUCTION TO MANAGERIAL ACCOUNTING	3

	BUS 30062	ADVANCED PROFESSIONAL DEVELOPMENT	3
	MKTG 25010	PRINCIPLES OF MARKETING	3
	Kent Core Basic Sciences with a Laboratory		3-4
		Credit Hours	**15**
	Semester Five		
	Required for progression in the major: minimum 2.000 cumulative GPA, minimum C grade in COMM 15000, ENG 21011 (or HONR 20197) and MATH 11010		
	BA 44062	SUPPLY CHAIN MANAGEMENT	3
	FIN 36053	BUSINESS FINANCE	3
	HRM 34180	HUMAN RESOURCE MANAGEMENT	3
	MKTG 35035 or MKTG 45045	CONSUMER BEHAVIOR or ADVERTISING AND PROMOTION MANAGEMENT	3
	General Elective		3
		Credit Hours	**15**
	Semester Six		
	Required for progression in the major: minimum cumulative 2.000 GPA		
	CIS 34054	USING INFORMATION SYSTEMS AND DIGITAL TECHNOLOGIES FOR SOLVING BUSINESS PROBLEMS	3
!	FIN 36063	INDIVIDUAL INVESTMENT STRATEGIES	3
	Kent Core Basic Sciences		3
	Kent Core Humanities or Fine Arts		3
	General Elective		3
		Credit Hours	**15**
	Semester Seven		
	Required for progression in the major: minimum cumulative 2.000 GPA		
	ACCT 33061	FINANCIAL REPORTING ISSUES AND ANALYSIS	3
	BA 34156	BUSINESS ANALYTICS II	3
!	Major Elective		3
	Kent Core Social Sciences		3

General Electives		4
	Credit Hours	**16**
Semester Eight		
Required for graduation: minimum cumulative 2.000 GPA and completion of the Assurance of Learning Assessment given in MGMT 44299		
ECON 32025	MONEY, CREDIT AND BANKING	3
MGMT 44299	MANAGEMENT CAPSTONE (ELR) (WIC)	3
General Electives		6
	Credit Hours	**12**
	Minimum Total Credit Hours:	**120**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of the program will be able to:

1. Demonstrate effective management and leadership ability when given an organizational dilemma
2. Use financial tools to create budgets, prepare financial statements and report financial position
3. Identify and analyze global considerations that affect business decisions
4. Identify how organizations use and leverage information systems and digital technologies to solve business problems
5. Create and communicate value for consumers

Graduates of the Bachelor of Business Administration degree will be able to:

1. Core Business Knowledge - Recall strategic frameworks that are used to make business decisions.
2. Analytical Skills - Use analytical methodologies and critical thinking skills to evaluate and solve business problems.
3. Digital Technology - Demonstrate the technological skills necessary to analyze business problems and develop solutions.
4. Written Communication - Write effective business communications.
5. Oral Communication - Make effective business presentations, using appropriate technologies.
6. Teamwork - Collaborate effectively with others to achieve a common business purpose.
7. Business Ethics - Recognize ethical business dilemmas and use ethical decision making to resolve the dilemma.
8. Global - Analyze the key global factors when making a business decision.

Full Description

The Bachelor of Business Administration degree in General Business is for students who desire a holistic understanding of all business areas rather than a specialized area of business, i.e., accounting, business management, computer information systems, economics, entrepreneurship, finance, human resource management and marketing.

General Business students may apply early to the M.B.A. degree and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program policy in the University Catalog for more information.

Healthcare Systems Management for Business Majors - Minor

Ambassador Crawford College of Business and Entrepreneurship
Department of Management
www.kent.edu/business

About This Program

The Healthcare Systems Management for Business Majors minor fills the management niche in healthcare and builds strong synergies. These synergies complement student and industry interests in healthcare systems management as a minor and builds a more marketable repertoire for students.

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

To declare the Healthcare Systems Management for Non-Business Majors minor, students must have a minimum 2.000 overall Kent State University GPA. No Kent State University GPA is required if the student is a first-semester freshman or transfer student admitted in good standing.

Only students declared in a major outside the college may declare this major.

Students are required to take MATH 11012 or MATH 12002 if they change their major to, or want to double major with, the Economics major or Finance major and/or intend to declare the Data Analytics minor. Students who intend to enroll in certain graduate programs and/or are working toward Phi Beta Kappa status are highly encouraged to take MATH 11012 or MATH 12002.

[6] Minimum C grade in ENG 21011 or HONR 20197.

[7] Maximum 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses allowed.

Progression Requirements

- Minimum 2.000 overall GPA
- Minimum C grade in COMM 15000, ENG 21011, HRM 34180 and MATH 11010
- Minimum C grade in all major requirements

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

- Students must complete at least 50 percent of business credit hours (required for the business degree) in-residence on a Kent State University campus.
- Students must complete two measures of outcomes assessment as specified by the college for complete satisfaction of the B.B.A. degree.
- Students must complete at least 50 percent of their major credit hours in residence on a Kent State University campus.
- Maximum 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses may be applied toward the degree program.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Semester One		Credits
BUS 10123	EXPLORING BUSINESS	3
COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
UC 10001	FLASHES 101	1
Mathematics or Critical Reasoning Elective		3-5
Kent Core Humanities or Fine Arts		3
Kent Core Composition		3
	Credit Hours	**16**
Semester Two		
CIS 24053	INTRODUCTION TO INFORMATION SYSTEMS AND DIGITAL TECHNOLOGIES	3
ECON 22060	PRINCIPLES OF MICROECONOMICS (KSS)	3
MATH 11012 or MATH 12002	INTUITIVE CALCULUS (KMCR) or ANALYTIC GEOMETRY AND CALCULUS I (KMCR)	3
UC 10162	INTRODUCTION TO PROFESSIONAL DEVELOPMENT	1
Kent Core Composition		3
Kent Core Fine Arts		3
	Credit Hours	**16**
Semester Three		
ACCT 23020	INTRODUCTION TO FINANCIAL ACCOUNTING	3
ECON 22061	PRINCIPLES OF MACROECONOMICS (KSS)	3
FIN 26074	LEGAL ENVIRONMENT OF BUSINESS	3
MGMT 24163	PRINCIPLES OF MANAGEMENT	3
Kent Core Basic Sciences		3
	Credit Hours	**15**
Semester Four		
ACCT 23021	INTRODUCTION TO MANAGERIAL ACCOUNTING	3
BA 24056	BUSINESS ANALYTICS I	3
BUS 30062	ADVANCED PROFESSIONAL DEVELOPMENT	3
MKTG 25010	PRINCIPLES OF MARKETING	3
Kent Core Humanities		3
	Credit Hours	**15**
Semester Five		
Required for progression in the major: minimum 2.000 overall GPA, minimum C grade in COMM 15000, ENG 21011, MATH 11010 and HRM 34180.		
BA 44062	SUPPLY CHAIN MANAGEMENT	3
FIN 36053	BUSINESS FINANCE	3
HRM 34180	HUMAN RESOURCE MANAGEMENT	3
Kent Core Basic Sciences		3
Kent Core Social Sciences		3
	Credit Hours	**15**
Semester Six		
Required: minimum overall 2.000 GPA		
HRM 44763	HUMAN RESOURCE ANALYTICS AND ERP SYSTEMS	3
MGMT 34185	ORGANIZATIONAL BEHAVIOR	3
Major Elective		3
General Electives		6
	Credit Hours	**15**
Semester Seven		
Required: minimum overall 2.000 GPA		
HRM 44183	DEVELOPING AND TRAINING HUMAN RESOURCES IN ORGANIZATIONS	3
HRM 44185	STAFFING HUMAN RESOURCES	3
HRM 44660	PERFORMANCE MANAGEMENT AND COMPENSATION SYSTEMS	3
Major Elective		3
General Elective		3
	Credit Hours	**15**
Semester Eight		
Required: minimum overall 2.000 GPA and completion of the Assurance of Learning Assessment given in MGMT 44285.		
HRM 44445	GLOBAL HUMAN RESOURCE MANAGEMENT (WIC)	3

HRM 44492 or HRM 44499	BUSINESS EXPERIENCE AND INTERNSHIP IN HUMAN RESOURCE MANAGEMENT (ELR) or HUMAN RESOURCE BUSINESS CONSULTING AND PROJECTS (ELR)	3
MGMT 44285	STRATEGIC MANAGEMENT	3
General Electives		4
	Credit Hours	**13**
	Minimum Total Credit Hours:	**120**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate effective human resource management and leadership ability when presented with a human resource-related dilemma or opportunity.
2. Demonstrate understanding of the roles of analytics and ERP systems in making human resource management business decisions.
3. Identify and analyze global human resource concerns that affect business decisions.
4. Create and communicate value for all stakeholders in the organization.
5. Demonstrate knowledge of legal issues related to human resource management.

Students earning a B.B.A. degree in Ambassador Crawford College of Business and Entrepreneurship are expected to have developed skills in the following critical areas of business:

1. Core Business Knowledge - Recall the strategic frameworks that are used to make business decisions.
2. Analytical Skills - Use analytical methodologies and critical thinking skills to evaluate and solve business problems.
3. Digital Technology – Demonstrate the technological skills necessary to analyze business problems and develop solutions.
4. Written Communication - Write effective business communications.
5. Oral Communication - Make effective business presentations, using appropriate technologies.
6. Teamwork – Collaborate effectively with others to achieve a common business purpose.
7. Business Ethics – Recognize ethical business dilemmas and use ethical decision making to resolve the dilemma.
8. Global - Analyze the key global factors when making business decisions.

Full Description

The Bachelor of Business Administration degree in Human Resource Management prepares students for leadership positions in human resource departments, including the ability to establish and advance organizational policies and guidelines and to utilize the tools and techniques for developing transformational work environments.

Students learn about employee relations; human resource planning; training and development; performance management; compensation and benefits; global human resource management; staffing, analyzing and designing jobs; strategic human resource management; human resource management analytics; and enterprise resource planning (ERP) systems. Graduates are prepared to become business leaders equipped with the ability to identify, analyze and solve complex human resource and management issues.

Human Resource Management students may apply early to the M.B.A. degree and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program policy in the University Catalog for more information.

Examples of Possible Careers and Salaries*

Human resources managers

- 6.3% faster than the average
- 165,200 number of jobs
- $121,220 potential earnings

Human resources specialists

- 7.0% faster than the average
- 666,500 number of jobs
- $63,490 potential earnings

Labor relations specialists

- -6.8% decline
- 78,900 number of jobs
- $73,240 potential earnings

Accreditation

AACSB, International - The Association to Advance Collegiate Schools of Business

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Minimum 2.750 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Résumé
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[1]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] International applicants who do not meet the above test scores will not be considered for admission.

Application Deadlines

- **Location:**
  - Kent Campus

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

To declare the Human Resources minor, students must have a minimum 2.000 overall Kent State University GPA. No Kent State University GPA is required if the student is a first-semester freshman or transfer student admitted in good standing.

Program Requirements

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Students should plan on four semesters to complete this minor due to sequencing and availability of courses.
- Students may not pursue a minor and major in the same discipline.
- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate effective human resource management and leadership ability when presented with a human resource-related dilemma or opportunity.
2. Create and communicate value for all stakeholders in the organization.
3. Demonstrate understanding of legal issues related to human resource management.

Full Description

The Human Resource Management minor focuses on the competitive advantage derived from the more effective use of human resource management policies, practices and procedures. The minor is relevant to a variety of students who want to learn to better manage a company's human resources in many positions after graduation, including line managers who need to implement human resource policies as they hire and manage the performance of their employees; entrepreneurs who need a fundamental knowledge of human resources management to run their companies more effectively; and members of not-for-profit organizations who need to understand the basics because they rarely are able to hire human resources staff.

The Human Resource Management minor covers a range of topic areas taught from both theoretical and applied perspectives. Students are exposed to a wide array of human resource functional areas, including staffing, performance management, training, compensation, human resource information systems and employer-employee rights and responsibilities.

International Business - Graduate Certificate

Ambassador Crawford College of Business and Entrepreneurship

2. Use creative thinking and deploy innovative strategies to articulate global opportunities and employ available resources.
3. Demonstrate the capacity to collaborate with international partners to create shared value.

International Business for Business Majors - Minor

Ambassador Crawford College of Business and Entrepreneurship
Department of Management
www.kent.edu/business

About This Program

The International Business minor introduces students to cultural issues of a broad, global nature. Students are encouraged to participate in study-abroad programs to complement their studies. Global business is fast becoming an important part of the U.S. economy. The world that college graduates are facing will essentially be a borderless world. This suggests a need to be trained for employment that will have international implications. Whether students take a major in business, fashion design and merchandising, the hard sciences, English or education, some training in global outreach, cultural diversity and "business cultures" will be necessary.

MKTG 45189	INTERNATIONAL EXPERIENCE IN MARKETING (DIVG) (ELR)	
Language Requirement, choose from the following:		3-11
Three courses from a single foreign language		
Two courses in two foreign languages		
Interagency Language Roundtable (ILR) Level One competency [2]		
Minimum Total Credit Hours:		**12**

[1] Students who study abroad and take at least one business course can use any other courses taken for their program (such as Kent Core) to satisfy the global experience.

[2] As determined by an international business faculty advisor in consultation with the appropriate language faculty member. Generally this proficiency can be achieved by completion of the Intermediate I level of a foreign language. If the student has achieved foreign language competency without earning credit hours, then the student must choose from the following:
- another course from the minor elective choices not taken to satisfy the the minor; or
- an additional foreign language course.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Students with an interest in this minor are encouraged to take as their Kent Core Social Sciences at least one of the following courses: GEOG 17063, POL 10004 and/or POL 10500.
- Satisfaction of all courses prerequisites is required.
- Students may not pursue a minor and major in the same discipline.
- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Explain the role of culture and history on international business.
2. Demonstrate understanding of how to leverage technology as an instrument of globalization.
3. Explain dynamics of cross-border trade, tariffs and non-trade barriers.
4. Elaborate on the foundational concepts of international business.
5. Explain direct foreign investment, exchange rates.

Leadership - Minor

Ambassador Crawford College of Business and Entrepreneurship
Department of Management
www.kent.edu/business

About This Program

The Leadership minor provides students skills in understanding the business environment as a system of interrelated and interdependent parts. Students learn how to analyze the system to identify opportunities and challenges for addressing stakeholder concerns, in addition to gaining skills for influencing others to work toward sustainable practices. Responsible leadership involves making sustainable business decisions that consider the interests of all stakeholders including employees, clients, suppliers, customers, society, the environment and future generations. Addressing these varied and often conflicting concerns requires skill.

Leading Through Challenge - Graduate Certificate

Ambassador Crawford College of Business and Entrepreneurship
Department of Management
www.kent.edu/business

About This Program

The Leading Through Challenge graduate certificate provides skill development useful to managers who seek to rise to higher levels of leadership. High-level leaders typically encounter challenging situations that require skills in negotiation and mediation, as well as how to manage change and conflict.

- Military Science and Aerospace Studies Professors may grant access to junior and senior level courses for non-ROTC students who are pursing a Military and Leadership Studies minor and who are not contracted ROTC students.
- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Understand leadership strategies.
2. Understand different types of leadership.

Full Description

Leadership styles, organizational structure and behavior and a global perspective form the common ground between the military and business. The Military and Leadership Studies minor provides an overview of management, leadership and international business. Students will gain military perspective through hands-on experience as well as coursework. The interdisciplinary minor is open to all students.

A minor in Military and Leadership Studies allows students who have completed specialized ROTC or military service courses to receive credit for this training. Normally, these courses are applied as electives within a degree program. The minor provides proof on a student's transcript that they have specialized in the area of Military and Leadership Studies.

Entrepreneurship - B.B.A.

Ambassador Crawford College of Business and Entrepreneurship
Department of Marketing and Entrepreneurship

Examples of Possible Careers

- Business owner
- Business founder
- Sole-proprietor
- Entrepreneur

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

A minimum 2.000 overall GPA is required for admission into this major. Students who have previously attended Kent State and have completed (or the equivalent of), MATH 11010, COMM 15000, ENG 21011 and ENTR 27056 must have earned a minimum C grade.

UC 10001	FLASHES 101	1
UC 10162	INTRODUCTION TO PROFESSIONAL DEVELOPMENT	1
Mathematics or Critical Reasoning Elective, choose from the following: [3]		3-5
MATH 10051	QUANTITATIVE REASONING (KMCR)	
MATH 11012	INTUITIVE CALCULUS (KMCR)	
MATH 12002	ANALYTIC GEOMETRY AND CALCULUS I (KMCR)	
PHIL 21002	INTRODUCTION TO FORMAL LOGIC (KMCR)	
Kent Core Composition [5]		6
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines)		3
Kent Core Basic Sciences (must include one laboratory)		6-7
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours) [6]		12
Minimum Total Credit Hours:		**120**

1. Students may take more than one major elective.
2. A student changing to a program in the college, transferring, or incoming students with college credits may be waived out of BUS 10123 if:
   1. 30 or more credit hours have been earned and any two classes (from ACCT 23020, ACCT 23021, FIN 26074, MGMT 24163, MKTG 25010 or CIS 24053) have successfully been completed.
   2. 60 or more credit hours have been earned and the student has successfully completed one course from (ACCT 23020, ACCT 23021, FIN 26074, MGMT 24163, MKTG 25010 or CIS 24053)
   3. At the discretion of the dean's office, the student has sufficient breadth and depth of knowledge in a business field (as demonstrated by a CLEP exam or Credit by Exam) but does not meet the requirements listed above.
3. Taking MATH 10051 or PHIL 21002 will not replace a low grade in either MATH 11012 or MATH 12002. Students are required to take MATH 11012 or MATH 12002 if they change their major to, or want to double major with, the Economics major or Finance major and/or intend to declare the Data Analytics minor. Students who intend to enroll in certain graduate programs and/or are working toward Phi Beta Kappa status are highly encouraged to take MATH 11012 or MATH 12002.
4. Students who have taken MATH 10041 for another program may use it as a substitute for BA 24056.
5. Minimum C grade required in ENG 21011 or HONR 20197.

[6] Students may take or use any course at any level as long as the minimum 39-credit hours requirement for upper-division courses is satisfied for graduation with a B.B.A. Expectations: Maximum 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses may be counted toward the 120 total credit hours or 39-upper-division-hours graduation requirement. General elective courses may be selected from any area and at any level provided students do not go over the PWS restriction and they satisfy the 39 credit hours upper-division requirements. Any other exceptions must be approved by the assistant dean. A minor (business or non-business) is encouraged.

Progression Requirements

- Minimum 2.000 overall GPA
- Minimum C grade in COMM 15000, ENG 21011, ENTR 27056, ENTR 37040, ENTR 37080 and MATH 11010

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

- Students are permitted to register for ENTR 47049 while taking ENTR 47048.
- Entrepreneurship majors who are also majoring in Marketing, and who have taken ENTR 37045, are not required to take MKTG 35046 for the Marketing major; however, a Marketing major cannot waive ENTR 37045 by taking MKTG 35046.
- Students must complete at least 50 percent of business credit hours (required for the business degree) in-residence on a Kent State University campus.
- Students must complete at least 50 percent of their major credit hours in residence on a Kent State University campus.
- Students must complete two measures of outcomes assessment as specified by the college for complete satisfaction of the B.B.A. degree.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
	BUS 10123	EXPLORING BUSINESS	3

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6

Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate an understanding of capital formation and financial management in a new venture.
2. Demonstrate an understanding of the marketing function in a new venture.
3. Demonstrate an understanding of and ability to apply the entrepreneurial process for the purpose of creating a new venture that generates revenue or obtains capital investment.

Students earning a B.B.A. degree in Ambassador Crawford College of Business and Entrepreneurship are expected to have developed skills in the following critical areas of business:

1. Core Business Knowledge - Recall the strategic frameworks that are used to make business decisions.
2. Analytical Skills - Use analytical methodologies and critical thinking skills to evaluate and solve business problems.
3. Digital Technology – Demonstrate the technological skills necessary to analyze business problems and develop solutions.
4. Written Communication - Write effective business communications.
5. Oral Communication - Make effective business presentations, using appropriate technologies.
6. Teamwork – Collaborate effectively with others to achieve a common business purpose.
7. Business Ethics – Recognize ethical business dilemmas and use ethical decision making to resolve the dilemma.
8. Global - Analyze the key global factors when making business decisions.

Full Description

The Bachelor of Business Administration degree in Entrepreneurship provides students with the academic background and experiential opportunities needed to view business opportunities from an entrepreneurial perspective. The program helps students recognize market and business opportunities and learn when to seize them or take action, all while operating within the context of limited resources and creating value for the customer.

The program contains numerous opportunities to experience entrepreneurship firsthand. During their senior year, students earn course credit by launching and running a business of their own creation. A practicum can earn students credit while developing their own business or assisting entrepreneurs with their business. Students have many opportunities to meet experienced entrepreneurs who discuss their successes and failures in business. Courses in the major are hands-on, with experiential learning central to the course format.

Entrepreneurship students may apply early to the M.B.A. degree and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program policy in the University Catalog for more information.

Entrepreneurship for Business Majors - Minor

Ambassador Crawford College of Business and Entrepreneurship
Department of Marketing and Entrepreneurship
www.kent.edu/business/marketing

About This Program

The Entrepreneurship for Business Majors minor brings an entrepreneurial perspective to students' major in business. Entrepreneurship is more than a set of tools and techniques for starting and growing a business. It is a mindset, a creative way of looking at opportunities, a passion, doing what one loves, a challenge, persistence and creating wealth and operating a business, whether one owns it or not. Students in the minor are immersed in the entrepreneurial process through coursework, entrepreneurial projects and exposure to many entrepreneurs in the community. Students are prepared for the various aspects of starting a business, acquiring a business, corporate entrepreneurship or working for a small business.

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

To declare the Entrepreneurship for Business Majors minor, students must have a minimum 2.000 overall Kent State University GPA. No Kent State University GPA is required if the student is a first-semester freshman or transfer student admitted in good standing.

Only students declared in a major in the College of Business Administration may declare the minor.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Students may not pursue a minor and major in the same discipline.
- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate an understanding of the entrepreneurial process.
2. Demonstrate an understanding of the strategic and financial components entrepreneurs are faced with in order to success as an entrepreneur.
3. Demonstrate an understanding of the strategic consequences faced by an entrepreneur.

Entrepreneurship for Non-Business Majors - Minor

Ambassador Crawford College of Business and Entrepreneurship
Department of Marketing and Entrepreneurship
www.kent.edu/business/marketing

About This Program

The Entrepreneurship for Non-Business Majors minor brings an entrepreneurial perspective to students' major fields of study. Entrepreneurship is more than a set of tools and techniques for starting and growing a business. It is a mindset, a creative way of looking at opportunities, a passion, doing what one loves, a challenge, persistence and creating wealth and operating a business, whether one owns it or not. Students in the minor are immersed in the entrepreneurial process through coursework, entrepreneurial projects and exposure to many entrepreneurs in the community. Students are prepared for the various aspects of starting a business, acquiring a business, corporate entrepreneurship or working for a small business.

- Brand ambassador
- Product marketing manager

Accreditation

AACSB, International - The Association to Advance Collegiate Schools of Business

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the

seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Transfer Students: A minimum 2.000 overall GPA is required for admission into this major. Students who have previously attended Kent State and have completed (or the equivalent of) COMM 15000, ENG 21011, MATH 11010 and MKTG 25010 must have earned a minimum C grade in the courses.

Admission Restrictions for Dual Programs

- Students admitted to the Professional Sales undergraduate certificate may not declare the Sales Management concentration (and vice versa).
- Students admitted to the B.B.A. degree in Entrepreneurship may not declare the Entrepreneurial Marketing concentration (and vice versa).

Choose from the following:		9
Additional Requirements for Students Not Declaring a Concentration		
Entrepreneurial Marketing Concentration		
Marketing Analytics Concentration		
Sales Management Concentration		
Social Media and Digital Marketing Concentration		
Minimum Total Credit Hours:		**120**

1 Students who have a double major with Entrepreneurship and who have completed ENTR 37045 are not required to take MKTG 35046 for the Marketing major. However, students in the double major cannot waive ENTR 37045 for the Entrepreneurship major by taking MKTG 35046.

2 Students who have taken MATH 10041 for another program may use it in place of BA 24056.

3 Transfer students, new students with college credit and continuing students who have changed their program to a B.B.A. degree may be waived out of BUS 10123 if one of the following occurs:

- They earned 30 or more credit hours and completed two of the following courses: ACCT 23020, ACCT 23021, CIS 24053, FIN 26074, MGMT 24163 and/or MKTG 25010.
- They earned 60 or more credit hours and completed one of the following courses: ACCT 23020, ACCT 23021, CIS 24053, FIN 26074, MGMT 24163 or MKTG 25010.
- They have sufficient breadth and depth of knowledge in a business field (as demonstrated by a CLEP or Credit by Exam score) but do not meet the criteria listed above, and the waiver is approved by the college dean's office.

4 Taking MATH 10051 or PHIL 21002 will not replace a low grade in either MATH 11012 or MATH 12002. Students are required to take MATH 11012 or MATH 12002 if they change their major to, or want to double major with, the Economics major or Finance major and/or intend to declare the Data Analytics minor. Students who intend to

enroll in certain graduate programs and/or are working toward Phi Beta Kappa status are highly encouraged to take MATH 11012 or MATH 12002.

[5] Minimum C grade is required in ENG 21011 or HONR 20197.

[6] Maximum 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses may be counted toward the 120 total credit hours or 39-upper-division-credit-hour graduation requirement. General elective courses may be selected from any area and at any level provided students do not go over the PWS restriction, and they satisfy the 39 credit hour upper-division requirements. A minor (business or non-business) is encouraged. Any other exceptions must be approved by the assistant dean. Students in the Social Media and Digital Marketing concentration are encouraged to take an internship as a general elective.

Additional Requirements for Students Not Choosing a Concentration

Progression Requirements

- Students must take MKTG 35030 as the first course in the major and earn a minimum C grade to continue in the major. MKTG 35030 may be taken concurrently with MKTG 35035 or MKTG 35050. Students who earn below a C grade in MKTG 35030 are required to repeat the course with a maximum of three repeats.
- Students must earn a minimum C grade in COMM 15000, ENG 21011, MATH 11010, MKTG 25010 and MKTG 35030 to continue in the major.
- Students must maintain a minimum 2.000 overall GPA.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

- Students must complete a minimum 50 percent of business credit hours (required for the B.B.A. degree) in-residence on a Kent State University campus.
- Students must complete at least 50 percent of their major credit hours in residence on a Kent State University campus.
- Students must complete two measures of outcomes assessment as specified by the college for complete satisfaction of the B.B.A. degree.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as

critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
	Students must earn a minimum C grade in COMM 15000, ENG 21011, MATH 11010, MKTG 25010 and MKTG 35030 to continue in the major.		
	BUS 10123	EXPLORING BUSINESS	3

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate an understanding of segmentation, target marketing and positioning.
2. Demonstrate an ability to collect and analyze market research data.
3. Demonstrate an understanding of effective personal selling tactics.
4. Demonstrate an ability to conduct financial analyses for the purposes of making strategic marketing decisions.

Students earning a B.B.A. degree in Ambassador Crawford College of Business and Entrepreneurship are expected to have the following:

1. Core Business Knowledge - Recall the strategic frameworks that are used to make business decisions.
2. Analytical Skills - Use analytical methodologies and critical thinking skills to evaluate and solve business problems.
3. Digital Technology – Demonstrate the technological skills necessary to analyze business problems and develop solutions.
4. Written Communication - Write effective business communications.
5. Oral Communication - Make effective business presentations, using appropriate technologies.
6. Teamwork – Collaborate effectively with others to achieve a common business purpose.
7. Business Ethics – Recognize ethical business dilemmas and use ethical decision making to resolve the dilemma.
8. Global - Analyze the key global factors when making business decisions.

<

Full Description

The Bachelor of Business Administration degree in Marketing provides a general approach that can be applied in a wide range of areas of business (e.g., for profit, nonprofit, service and manufacturing). The program addresses the breadth within the marketing field through courses (e.g., consumer behavior, marketing research, international marketing, personal selling, advertising and promotion management) that provide the student with an appreciation of all central topic areas in the field.

The Marketing major offers students the opportunity to have a generalist's perspective or to focus on one of four concentrations. Students gain a working knowledge of the theory and practice of marketing and learn the tasks involved in the analysis, planning, implementation and control of marketing programs that result in strategies and tactics used by businesses to sell products to consumers and other businesses.

The Marketing major includes the following concentrations:

- The **Entrepreneurial Marketing** optional concentration is for those with an entrepreneurial spirit. This concentration will offer insights into marketing strategies tailored for startups and small businesses. Students will explore innovative approaches to marketing and learn how to navigate the unique challenges faced by entrepreneurs.
- The **Marketing Analytics** optional concentration focuses on harnessing the power of data to make informed marketing decisions and optimize marketing strategies.
- The **Sales Management** optional concentration is designed to equip students with the skills and knowledge needed to lead successful sales teams, manage customer relationships, and drive revenue growth.
- The **Social Media and Digital Marketing** optional concentration is designed to teach students how to create and implement effective digital marketing campaigns through a strong online presence across various platforms, this concentration will allow students to explore the world of digital marketing and social media.

Marketing students may apply early to the M.B.A. degree and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program policy in the University Catalog for more information.

Marketing - Minor

Ambassador Crawford College of Business and Entrepreneurship
Department of Marketing and Entrepreneurship
www.kent.edu/business/marketing

About This Program

The Marketing minor helps students develop the perspectives and skills necessary to understand consumers and to provide customer satisfaction. In today's highly competitive business environment, successful managers must have a strong focus on providing customer satisfaction as well as the ability to research consumer needs, wants and desires; understand what these mean in terms of company offerings; and communicate the benefits of their products or services effectively. Students completing the minor should be equipped to bring a marketing orientation to both profit and not-for-profit organizations.

  - Geauga Campus
  - Kent Campus
  - Salem Campus
  - Stark Campus
  - Trumbull Campus
  - Tuscarawas Campus
- Chat with an Admissions Counselor: Kent Campus | Regional Campuses

Program Delivery

The Marketing minor is not accepting students at the Stark Campus at this time.

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Admission Requirements

The Marketing minor is not accepting students at the Stark Campus at this time.

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

- To declare the minor, students must have a minimum 2.000 overall Kent State University GPA. No Kent State University GPA is required if the student is a first-semester freshman or transfer student admitted in good standing.

Program Requirements

Minor Requirements

Code	Title	Credit Hours
Minor Requirements		
ECON 22060	PRINCIPLES OF MICROECONOMICS (KSS)	3
MKTG 25010	PRINCIPLES OF MARKETING	3
MKTG 35035	CONSUMER BEHAVIOR	3
Minor Electives, choose from the following:		9
ENTR 27056	INTRODUCTION TO ENTREPRENEURSHIP	
MKTG 35046	PROFESSIONAL SELLING	
MKTG 35050	MARKETING RESEARCH	
MKTG 35056	SOCIAL MEDIA MARKETING	
MKTG 45045	ADVERTISING AND PROMOTION MANAGEMENT	
MKTG 45047	ADVANCED PROFESSIONAL SELLING	
MKTG 45060	INTERNATIONAL MARKETING	
MKTG 45082	SERVICES MARKETING	
MKTG 45091	MARKETING SEMINAR	
MKTG 45189	INTERNATIONAL EXPERIENCE IN MARKETING (DIVG) (ELR)	
MKTG 45049	SALES FORCE LEADERSHIP	
MKTG 45051	DIGITAL MARKETING	
Minimum Total Credit Hours:		**18**

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Students may not pursue a minor and major in the same discipline.
- Students who major in Entrepreneurship and minor in Marketing cannot use ENTR 27056 or MKTG 45046 as Marketing minor electives. Also, if Entrepreneurship majors use MKTG 35056 as an entrepreneurship major elective, it cannot also be used as a Marketing minor elective unless the other 6 credit hours (of the 9 credit hours needed for Marketing minor electives) are different from the Entrepreneurship major.
- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this minor will be able to:

1. Demonstrate an understanding of segmentation and target marketing.
2. Demonstrate an understanding of the consumer decision-making process and its implications for marketers.
3. Demonstrate an understanding of the wide-ranging importance of marketing to businesses, society and their own lives.

Professional Sales - Undergraduate Certificate

Ambassador Crawford College of Business and Entrepreneurship
Department of Marketing and Entrepreneurship
www.kent.edu/business/marketing

About This Program

The Professional Sales undergraduate certificate provides a broad spectrum of employment opportunities when combined with many different majors. It gives students the added edge in job hunting for sales related positions.

Examples of Possible Careers and Salaries*

Advertising sales agents

- -6.5% decline
- 139,200 number of jobs
- $54,940 potential earnings

First-line supervisors of non-retail sales workers

- -8.3% decline
- 409,800 number of jobs
- $78,560 potential earnings

First-line supervisors of retail sales workers

- -5.5% decline
- 1,476,400 number of jobs
- $41,580 potential earnings

Sales representatives of services, except advertising, insurance, financial services, and travel

- 6.0% faster than the average
- 1,070,500 number of jobs
- $58,770 potential earnings

Sales representatives, wholesale and manufacturing, except technical and scientific products

- 0.9% little or no change
- 1,399,700 number of jobs
- $62,070 potential earnings

Additional Careers

- Account Representative
- Consultant
- Sales manager
- Sales executive
- Inside sales representative
- Business development manager or representative

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

Program Requirements

Certificate Requirements

Code	Title	Credit Hours
Certificate Requirements		
ECON 22060	PRINCIPLES OF MICROECONOMICS (KSS)	3
MKTG 25010	PRINCIPLES OF MARKETING	3
MKTG 35046	PROFESSIONAL SELLING	3
or ENTR 37045	SALES IN THE ENTREPRENEURIAL VENTURE	
MKTG 45047	ADVANCED PROFESSIONAL SELLING	3
MKTG 45192	SALES INTERNSHIP (ELR) [1]	3
Minimum Total Credit Hours:		**15**

[1] An internship application and faculty approval are needed prior to registration for this course. MKTG 45192 may be substituted by a specific, department-approved course if the student has two or more years of full-time experience as a salesperson that includes completion of a rigorous, formal training program. The courses selected may not be double-counted; that is, the selected course must be outside the course requirements for any major or minor the student is pursuing.

Graduation Requirements

Minimum Certificate GPA	Minimum Overall GPA
2.000	2.000

Program Learning Outcomes

Students will gain the skills necessary to succeed in a career in Professional Sales. The Sales certificate is also important to differentiate KSU students competing for jobs with students from other universities.

Aeronautical Studies - B.S.

College of Aeronautics and Engineering
School of Aeronautics
www.kent.edu/cae

About This Program

Ready to launch a career in aviation that lets you chart your own path? The Aeronautical Studies program lets you explore it all—piloting, air traffic control, airport operations, aviation safety and more. Designed for flexibility, this program gives you the freedom to shape your future in the sky or on the ground. Read more...

Examples of Possible Careers and Salaries*

Compliance officers

- 4.6% about as fast as the average
- 337,600 number of jobs
- $71,100 potential earnings

Additional careers

- Aerial applicator/aerial crop duster/agriculture pilot
- Aerial hurricane hunter
- Air force pilot
- Air tour pilot
- Airline and commercial pilot
- Airline operations specialist
- Airline transport pilot
- Airport operations assistant
- Aviation logistics officer
- Aviation safety officer/analyst
- Cargo operations manager
- Charter/private airline pilot
- Federal law enforcement pilot
- Fixed wing air ambulance captain
- Flight dispatcher (with training/certification)
- Flight operations coordinator

Accreditation

The B.S. degree in Aeronautical Studies is accredited by the Aviation Accreditation Board International, Federal Aviation Administration.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. General Electives		8
	Credit Hours	**14**
	Minimum Total Credit Hours:	**120**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Explain the physics of flight, aerodynamics and the effects of the atmosphere.
2. Describe the operation of aircraft systems and how they integrate.
3. Demonstrate the process of air traffic control and describe the components of the National Airspace System.
4. Investigate physiological and human factors as they relate to aviation safety.
5. Accomplish successful academic work in aviation and associated academic disciplines in preparation for professional work in the aviation industry.

The educational goals of the program are the following:

1. Exhibit the qualities of excellence, integrity, leadership, management and professionalism within their area of professional specialization in aviation.
2. Demonstrate a professional commitment to safety and contribute to the safety culture within their area of professional specialization in aviation.
3. Demonstrate the ability to improve aerospace for generations to come through experiential learning, creativity and innovation within their area of professional specialization in aviation.
4. Manifest the college's core values in the areas of collaboration, compassion, inclusiveness, innovation, integrity, respect and perseverance within their area of professional specialization in aviation.

Full Description

The Bachelor of Science degree in Aeronautical Studies provides students with a strong foundation in aviation knowledge, preparing them for a variety of careers in the industry. This program emphasizes theoretical understanding of aeronautical principles, air traffic management, aviation safety and industry regulations. With experienced faculty and access to cutting-edge resources, students gain the expertise needed for roles such as air traffic controllers, aviation managers or other aviation-related positions. Opportunities for internships and co-op experiences further enhance students' education by providing real-world industry exposure.

Air Traffic and Airspace Management - B.S.

College of Aeronautics and Engineering
School of Aeronautics
www.kent.edu/cae

About This Program

Ready to lead the future of air traffic and help shape the systems that keep our skies safe, efficient and innovative? The Air Traffic and Airspace Management program prepares students for high impact roles in air traffic control, aircraft dispatch and emerging fields like advanced and urban air mobility to manage complex airspace and support the next generation of aviation. Examples of Possible Careers and Salaries*

Air traffic controllers

- 0.5% little or no change
- 24,300 number of jobs
- $130,420 potential earnings

Additional careers

- Airport operations specialist/manager
- Airspace planning consultant
- Air traffic control (ATC) instructor
- Aviation analyst
- Aviation consultant
- Aviation safety inspector
- Flight dispatcher
- Flight standards or regulatory compliance officer
- Risk and safety analyst
- Simulation specialist
- Transportation planner

Accreditation

The B.S. degree in Air Traffic and Airspace Management is accredited by the Aviation Accreditation Board International, Federal Aviation Administration.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Transfer Students: Transfer students must have a minimum 2.250 overall GPA in all college-level coursework for admission to the Air Traffic and Airspace Management major.

Transfer students visit the admissions website for transfer students for more information.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

Minimum Total Credit Hours:		**121**

[1] A minimum C grade must be earned to fulfill the writing-intensive requirement.

[2] Students scoring 34 or below on the ALEKS math assessment are required to enroll in CAE 12260 until they successfully complete MATH 00022.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.500	2.500

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
!	AERN 15000	INTRODUCTION TO AERONAUTICS	3
	AERN 25350	FUNDAMENTALS OF AIR TRAFFIC CONTROL	2
	AERN 25351	FUNDAMENTALS OF AIR TRAFFIC CONTROL LABORATORY	1
	CAE 12260	SOLVING PROBLEMS IN AERONAUTICS AND ENGINEERING	1
	MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	3
	UC 10001	FLASHES 101	1
	Flight Theory Elective		3-5
	Kent Core Requirement		3
		Credit Hours	**17**
	Semester Two		
	AERN 25800	INTRODUCTION TO UNMANNED AIRCRAFT SYSTEMS	3
	COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
	ENGR 10005	INTRODUCTION TO CYBERSECURITY	3
	MATH 11022	TRIGONOMETRY (KMCR)	3
	Kent Core Requirement		3
		Credit Hours	**15**
	Semester Three		
	AERN 25250	ELEMENTS OF AVIATION WEATHER	3
	MGMT 24163	PRINCIPLES OF MANAGEMENT	3
	PHY 13001	GENERAL COLLEGE PHYSICS I (KBS)	4
	PHY 13021	GENERAL COLLEGE PHYSICS LABORATORY I (KBS) (KLAB)	1
	Kent Core Requirement		3
		Credit Hours	**14**
	Semester Four		
	AERN 25252	THUNDERSTORMS AND SEVERE WEATHER	3
	AERN 35250	UNMANNED AIRCRAFT SYSTEMS LAW AND REGULATIONS	2
	AERN 35350	TERMINAL OPERATIONS	3
	AERN 35351	TERMINAL OPERATIONS LABORATORY	2
	PHY 13012	COLLEGE PHYSICS II (KBS)	2
	PHY 13022	GENERAL COLLEGE PHYSICS LABORATORY II (KBS) (KLAB)	1
	Kent Core Requirement		3
		Credit Hours	**16**
	Semester Five		
	AERN 25100	INTRODUCTION TO AVIATION MANAGEMENT	3
!	AERN 35040	AIRCRAFT SYSTEMS I	3
	AERN 35650	NON-PILOT INSTRUMENT FLIGHT THEORY	3
	AERN 35850	EMERGENT AIR VEHICLES AND INFRASTRUCTURE	3
	AERN 35851	EMERGENT AIR VEHICLES AND INFRASTRUCTURE LABORATORY	1
	Kent Core Requirement		3
		Credit Hours	**16**
	Semester Six		
	AERN 30000	PROFESSIONAL DEVELOPMENT IN AERONAUTICS	1
	AERN 45130	PHYSIOLOGY AND HUMAN FACTORS IN AVIATION	3
	AERN 45150	APPLIED FLIGHT DYNAMICS I	3

	Kent Core Requirement		3
	Kent Core Requirement		3
		Credit Hours	**13**
	Semester Seven		
	AERN 45135	AVIATION SAFETY THEORY	3
	AERN 45250	AVIATION LAW	3
	AERN 45345	EN ROUTE OPERATIONS	3
	AERN 45346	EN ROUTE OPERATIONS LABORATORY	1
	AERN 45720	CREW RESOURCE MANAGEMENT	2
	AERN 45820	AIRSPACE MANAGEMENT	3
		Credit Hours	**15**
	Semester Eight		
	AERN 45010	AIRCRAFT DISPATCH I	3
	AERN 45020	AIRCRAFT DISPATCH II	3
	AERN 45030	AIRCRAFT SYSTEMS II	3
	AERN 45399	AIR TRAFFIC CONTROL CAPSTONE (ELR)	1
	AERN 45499	AIR TRAFFIC CONTROL CAPSTONE LABORATORY (ELR)	2
	AERN 45791	AVIATION SECURITY AND POLICY SEMINAR (WIC)	3
		Credit Hours	**15**
		Minimum Total Credit Hours:	**121**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate the knowledge and skills of air traffic and airspace management, as set forth by the AT-CTI program requirements, by applying rules and procedures needed to safely control traffic in the National Airspace System (NAS).
2. Demonstrate the necessary knowledge of the rules and procedures needed to test for the Federal Aviation Administration's 14 CFR Part 65 Aircraft Dispatcher Certification.
3. Demonstrate knowledge of and ability to adapt to the changing air traffic and airspace management technology and rules as the global aviation industry grows.

The educational goals of the program are the following:

1. Exhibit the qualities of excellence, integrity, leadership, management and professionalism within their area of professional specialization in aviation.
2. Demonstrate a professional commitment to safety and contribute to the safety culture within their area of professional specialization in aviation.
3. Demonstrate the ability to improve aerospace for generations to come through experiential learning, creativity and innovation within their area of professional specialization in aviation.
4. Manifest the college's core values in the areas of collaboration, compassion, inclusiveness, innovation, integrity, respect and perseverance within their area of professional specialization in aviation.

Full Description

The Bachelor of Science degree in Air Traffic and Airspace Management is part of the Federal Aviation Administration's (FAA) Air Traffic-Collegiate Training Initiative (AT-CTI) to provide a broad education in several areas of aviation to operate the National Airspace System in the 21st century. The Air Traffic and Airspace Management major offers practical simulation-based training to prepare students for professional work in air traffic control (ATC) and management. Graduates have the knowledge and skills to work as air traffic controllers, managers or numerous other types of professionals operating in the National Airspace System.

The mission of the Bachelor of Science degree in Air Traffic and Airspace Management is to help prepare students for success in numerous aviation-related fields, including those that are emerging such as advanced air mobility (AAM), space traffic management (upper class E traffic management) and remote and automated operations. As an FAA AT-CTI program, students receive specialized education and training to help them earn employment and advancement in ATC. Additionally, this program focuses on disciplines such as aircraft dispatch (14 CFR Part 65), AAM and many more.

Aircraft Dispatch - Minor

College of Aeronautics and Engineering
School of Aeronautics

www.kent.edu/cae

About This Program

The Aircraft Dispatch minor prepares students to take the written, oral and practical exams leading to the issuance of an aircraft dispatch certificate. An aircraft dispatcher plans for weather, routing, fuel, cargo and special situations. They coordinate with air traffic control, maintenance, crew scheduling and gate agents, and issue a dispatch package to the pilot-in-command. A dispatcher monitors the flight from gate-to-gate and communicates with the crew about any information concerning the flight.

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

Program Requirements

Minor Requirements

Code	Title	Credit Hours
Minor Requirements		
AERN 25250	ELEMENTS OF AVIATION WEATHER	3
AERN 25252	THUNDERSTORMS AND SEVERE WEATHER	3
AERN 25350	FUNDAMENTALS OF AIR TRAFFIC CONTROL	2
AERN 25351	FUNDAMENTALS OF AIR TRAFFIC CONTROL LABORATORY	1

or AERN 35660	INSTRUMENT FLIGHT THEORY	
AERN 45010	AIRCRAFT DISPATCH I	3
AERN 45020	AIRCRAFT DISPATCH II	3
Flight Theory Elective, choose from the following:		3-5
AERN 15740	ELEMENTS OF FLIGHT THEORY	
AERN 15745	NON-PILOT ELEMENTS OF FLIGHT THEORY	
AERN 15750 & AERN 15752	ELEMENTS OF FLIGHT THEORY I and ELEMENTS OF FLIGHT THEORY II	
Minimum Total Credit Hours:		**21**

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Pass the written, oral and practical exams to earn the aircraft dispatch certificate.
2. Demonstrate operational knowledge of domestic air travel, including industry and governmental agencies, airport identifiers, scheduling protocol, flight planning procedures and the application of weather theory to develop the skills of a professional dispatcher.
3. Exemplify a high standard of ethical and professional behavior.

Aviation Law and Policy - Minor

College of Aeronautics and Engineering
School of Aeronautics
www.kent.edu/cae

About This Program

The Aviation Law and Policy minor provides you with a comprehensive understanding of the legal and regulatory issues that affect the aviation industry. Taught by experienced faculty, you will gain a strong foundation in aviation law, policy and management, making you well-equipped to pursue a career in this dynamic field. Read more...

- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Identify, formulate and solve applied aviation problems.
2. Work effectively on multi-disciplinary and diverse teams.
3. Make professional and ethical decisions.
4. Communicate effectively, using both written and oral communication skills.

Full Description

Students pursuing the Aviation Law and Policy minor gain a deep understanding of existing policy and case law while developing the skills necessary to influence the regulatory process, which establishes and creates new laws and regulations. This minor enhances the student learning experience from a multitude of disciplines (aeronautics, engineering, business, pre-law, etc.), and prepares students to affect change in the air transportation industry from a variety of career fields.

The air transportation industry is one of the most heavily regulated in the U.S. economy. Responsible for more than 10 million jobs and driving five percent of the U.S. gross domestic product (GDP) and nearly $1.5 trillion in annual economic activity, the industry requires aviation professionals who can readily navigate the complex areas of aviation regulations.

Aviation Maintenance Management - B.S.

College of Aeronautics and Engineering
School of Aeronautics
www.kent.edu/cae

About This Program

Already certified with your A&P license and ready to take the next step? The Aviation Maintenance Management program is designed for working professionals, combining technical knowledge with leadership, communication and business skills to prepare you for supervisory and management roles across the aviation maintenance industry. Read more...

Contact Information

- Speak with an Advisor
- Chat with an Admissions Counselor

Program Delivery

- **Delivery:**
  - Fully online

Applications to the B.S. in Aviation Maintenance Management are not being accepted at this time.

Examples of Possible Careers

- Aviation chief inspector
- Aviation maintenance lead
- Aviation maintenance manager
- Aviation maintenance supervisor
- Director of aviation maintenance

Admission Requirements

Applications to the B.S. in Aviation Maintenance Management are not being accepted at this time.

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to this major is selective. Applicants must hold Airframe and Powerplant certificates issued by the Federal Aviation Administration (FAA) or the equivalent certification from an International Civil Aviation Organization (ICAO) member state.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Employ requisite knowledge, skills and techniques to manage others in the process of the inspection, repair and return of aircraft to service.
2. Integrate skills and knowledge essential to the management of aircraft maintenance programs with a focus on safety and efficiency.
3. Incorporate skills and knowledge needed to effectively lead and manage a team of people working in a maintenance repair organization.

The educational goals of the program are the following:

1. Exhibit the qualities of excellence, integrity, leadership, management and professionalism within their area of professional specialization in aviation.
2. Demonstrate a professional commitment to safety and contribute to the safety culture within their area of professional specialization in aviation.
3. Demonstrate the ability to improve aerospace for generations to come through experiential learning, creativity and innovation within their area of professional specialization in aviation.
4. Manifest the college's core values in the areas of collaboration, compassion, inclusiveness, innovation, integrity, respect and perseverance within their area of professional specialization in aviation.

Full Description

The Bachelor of Science degree in Aviation Maintenance Management is a completer program designed to prepare certified aviation maintenance technicians with the necessary knowledge and skills to further develop professionally and advance their careers in the areas of leadership, communication and management.

The mission of the Bachelor of Science degree in Aviation Maintenance Management is to prepare students with the highest quality education for a career in aviation maintenance management, and provide aviation maintenance organizations with qualified candidates who possess skill sets consisting of solid management and communication principles, as well as technical skills consistent with those of successful aviation maintenance professionals.

Students will be able to complete the bachelor's degree in under four years. Students are able to earn the Business minor by choosing the final minor required courses from their general electives.

Aviation Management - B.S.

College of Aeronautics and Engineering
School of Aeronautics
www.kent.edu/cae

About This Program

Interested in leading aviation operations, managing logistics and making high stakes decisions in a global industry? The Aviation Management program prepares students for a wide range of leadership roles across the aviation sector, including airport and airline operations, safety management, consulting, logistics and regulatory compliance, while also preparing them to navigate the next generation of challenges and innovations shaping the future of air transportation. Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Examples of Possible Careers and Salaries*

Transportation, storage, and distribution managers

- 3.5% about as fast as the average
- 139,400 number of jobs
- $96,390 potential earnings

Additional careers

- Aerospace project manager
- Airline operations manager
- Airport duty manager
- Airport operations specialist
- Airport planner
- Air service development analyst
- Assistant aviation director
- Aviation business analyst
- Aviation inspector
- Aviation public information officer
- Aviation safety analyst
- Cargo operations manager
- Charter operations manager
- Concessions and ground transportation manager
- Deputy airport director
- Deputy director of operations
- Fixed base operator (FBO) manager
- Flight dispatcher (with training/certification)

Accreditation

The B.S. degree in Aviation Management is accredited by the Aviation Accreditation Board International, Federal Aviation Administration.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Transfer Students: Transfer students must have a minimum 2.250 overall GPA in all college-level coursework for admission to the Aviation Management major.

Transfer students visit the admissions website for transfer students for more information.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

[1] A minimum C grade must be earned to fulfill the writing-intensive requirement.

[2] Students scoring 34 or below on the ALEKS math assessment are required to enroll in CAE 12260 until they successfully complete MATH 00022.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.500	2.500

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
!	AERN 15000	INTRODUCTION TO AERONAUTICS	3
!	AERN 15745	NON-PILOT ELEMENTS OF FLIGHT THEORY	3
	AERN 25350	FUNDAMENTALS OF AIR TRAFFIC CONTROL	2
	AERN 25351	FUNDAMENTALS OF AIR TRAFFIC CONTROL LABORATORY	1
	CAE 12260	SOLVING PROBLEMS IN AERONAUTICS AND ENGINEERING	1
!	MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	3
	UC 10001	FLASHES 101	1
	Kent Core Requirement		3
		Credit Hours	**17**
	Semester Two		
	AERN 25100	INTRODUCTION TO AVIATION MANAGEMENT	3
	ENGR 13586	COMPUTER AIDED DESIGN I	2
	ENGR 13587	COMPUTER AIDED DESIGN I LABORATORY	1
	MATH 11022	TRIGONOMETRY (KMCR)	3
	Kent Core Requirement		3
	Kent Core Requirement		3
		Credit Hours	**15**
	Semester Three		
	AERN 25250	ELEMENTS OF AVIATION WEATHER	3
	ECON 22060	PRINCIPLES OF MICROECONOMICS (KSS)	3
	PHY 13001	GENERAL COLLEGE PHYSICS I (KBS)	4
	PHY 13021	GENERAL COLLEGE PHYSICS LABORATORY I (KBS) (KLAB)	1
	Kent Core Requirement		3
		Credit Hours	**14**
	Semester Four		
	ACCT 23020	INTRODUCTION TO FINANCIAL ACCOUNTING	3
	AERN 35340	AIRPORT MANAGEMENT	3
	COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
	ECON 22061	PRINCIPLES OF MACROECONOMICS (KSS)	3
	MGMT 24163	PRINCIPLES OF MANAGEMENT	3
		Credit Hours	**15**
	Semester Five		
	AERN 30000	PROFESSIONAL DEVELOPMENT IN AERONAUTICS	1
	AERN 35339	FIXED BASE OPERATOR OPERATIONS	3
	AERN 35341	AIR TRANSPORTATION SYSTEMS	3
	HRM 34180	HUMAN RESOURCE MANAGEMENT	3
	MKTG 25010	PRINCIPLES OF MARKETING	3
	Kent Core Requirement		3
		Credit Hours	**16**
	Semester Six		
	AERN 35031	AIR TRANSPORTATION INDUSTRY REGULATIONS	3
!	AERN 45150	APPLIED FLIGHT DYNAMICS I	3
	COMM 20001	INTERPERSONAL COMMUNICATION	3
	Kent Core Requirement		3
	General Elective		3
		Credit Hours	**15**
	Semester Seven		
	AERN 45130	PHYSIOLOGY AND HUMAN FACTORS IN AVIATION	3
	AERN 45135	AVIATION SAFETY THEORY	3
	AERN 45199	AIRPORT OPERATIONS (ELR)	3
	AERN 45250	AVIATION LAW	3
	Kent Core Requirement		3
		Credit Hours	**15**
	Semester Eight		
	AERN 45040	LABOR RELATIONS IN AVIATION	3
	AERN 45299	STRATEGIC AVIATION MANAGEMENT (ELR)	3
	AERN 45791	AVIATION SECURITY AND POLICY SEMINAR (WIC)	3
	FIN 36053	BUSINESS FINANCE	3
	General Elective		1
		Credit Hours	**13**
		Minimum Total Credit Hours:	**120**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate an understanding of the role of federal legislation and regulatory policies in the management of agencies, airlines, airports, businesses and other organizations in professional aviation.
2. Demonstrate and apply knowledge and understanding of the technical details involved in the effective management of employees and operational systems in professional aviation.
3. Accomplish successful academic work in aviation and allied academic disciplines in preparation for graduate level or professional credentialing.

The educational goals of the program are the following:

1. Exhibit the qualities of excellence, integrity, leadership, management and professionalism within their area of professional specialization in aviation.
2. Demonstrate a professional commitment to safety and contribute to the safety culture within their area of professional specialization in aviation.
3. Demonstrate the ability to improve aerospace for generations to come through experiential learning, creativity and innovation within their area of professional specialization in aviation.
4. Manifest the college's core values in the areas of collaboration, compassion, inclusiveness, innovation, integrity, respect and perseverance within their area of professional specialization in aviation.

Full Description

The Bachelor of Science degree in Aviation Management prepares students for entry-level management, supervisory and administrative positions in aviation and other aviation-related professional fields. This course of study combines technical and aeronautical courses with courses in management and information systems. Students entering this program should have an interest in helping or working with people and an ability to develop analytical and communicative capabilities.

The mission of the B.S. degree in Aviation Management is to prepare students for careers in aviation management and provide the professional aviation industry with qualified graduates who possess skill sets that comprise management principles, budgetary and financial components and technical knowledge consistent with those of successful aviation professionals.

Aviation Management - Minor

College of Aeronautics and Engineering
School of Aeronautics
www.kent.edu/cae

About This Program

The Aviation Management minor is offered to those students whose career paths may one day be focused toward management or operations across the breadth of the aviation industry.

Contact Information

- cae@kent.edu | 330-672-2892
- Speak with an Advisor

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

Program Requirements

Minor Requirements

Code	Title	Credit Hours
Minor Requirements		
AERN 15000	INTRODUCTION TO AERONAUTICS	3
AERN 25100	INTRODUCTION TO AVIATION MANAGEMENT	3
AERN 35339	FIXED BASE OPERATOR OPERATIONS	3
AERN 35340	AIRPORT MANAGEMENT	3
AERN 35341	AIR TRANSPORTATION SYSTEMS	3
AERN 45040	LABOR RELATIONS IN AVIATION	3
or AERN 45299	STRATEGIC AVIATION MANAGEMENT (ELR)	
AERN 45199	AIRPORT OPERATIONS (ELR)	3
Minimum Total Credit Hours:		**21**

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.500	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate a thorough understanding of fundamental aeronautical management concepts and practices.
2. Demonstrate a comprehensive understanding and application of aviation business management principles.

Aviation Management and Logistics - M.S.

College of Aeronautics and Engineering
School of Aeronautics
www.kent.edu/cae

About This Program

Take your aviation career to new heights with the M.S. degree in Aviation Management and Logistics. Our hands-on curriculum prepares you for success in operations, logistics, safety and more, with experienced faculty bringing real-world industry knowledge to the classroom. Whether you are advancing your career or making a change, our program sets you on the path to achieving your goals. For an added advantage, pair the M.B.A. with this degree. Read more...

Contact Information

- **Ali Abdul-Aziz, Ph.D., P.E.** | CAEgraduatestudies@kent.edu | 330-672-1032
- Connect with an Admissions Counselor: U.S. Student | International Student

Program Delivery

- **Delivery:**
  - Fully online

Applications to the M.S. in Aviation Management and Logistics are not being accepted at this time.

Examples of Possible Careers and Salaries*

Aircraft cargo handling supervisors

- 5.4% faster than the average
- 9,600 number of jobs
- $53,610 potential earnings

Transportation, storage, and distribution managers

- 3.5% about as fast as the average
- 139,400 number of jobs
- $96,390 potential earnings

First-line supervisors of transportation and material-moving workers, except aircraft cargo handling supervisors

- 5.1% faster than the average
- 456,700 number of jobs
- $54,870 potential earnings

Additional careers

- Airline and air carrier operations manager
- Research

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

Applications to the M.S. in Aviation Management and Logistics are not being accepted at this time.

- Bachelor's degree from an accredited college or university
- Minimum 2.750 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Goal statement
- Two letters of recommendation
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[1]

- Minimum 71 TOEFL iBT score
- Minimum 6.0 IELTS score
- Minimum 50 PTE score
- Minimum 100 DET score

[1] International applicants who do not meet the above test scores may be considered for conditional admission.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements		
AERN 65091	SEMINAR IN EMERGING ISSUES IN AVIATION LOGISTICS	2
AERN 65100	LOGISTICAL STRATEGIES IN AVIATION MANAGEMENT	2
AERN 65150	LEGAL AND REGULATORY ISSUES FOR AIR CARGO MANAGEMENT	2
AERN 65200	AVIATION ECONOMICS AND FISCAL MANAGEMENT	2
AERN 65230	MODELING AND FORECASTING FOR AVIATION LOGISTICS PLANNING	2
AERN 65240	AVIATION SAFETY MANAGEMENT SYSTEMS	2
BA 54038	ANALYTICS IN PRACTICE	3
or BA 64018	QUANTITATIVE MANAGEMENT MODELING	
BA 64005	ANALYTICS FOR DECISION MAKING	2
BA 64036	BUSINESS ANALYTICS	3
ENGR 60003	SIX-SIGMA: TOOLS AND APPLICATIONS FOR TECHNOLOGY MANAGEMENT	2
Major Electives, choose from the following: [1]		6
AERN 65092	PRACTICUM IN AERONAUTICS [2]	
AERN 65201	AVIATION INDUSTRY CONTRACT MANAGEMENT	
AERN 65235	HUMAN ERROR ANALYSIS IN AVIATION	
AERN 65300	AIRLINE TRANSPORTATION OPERATIONS	
AERN 65301	AIR CARGO SECURITY	
AERN 65400	WEATHER FOR AVIATION LOGISTICS PLANNING [1]	
AERN 65496	INDIVIDUAL INVESTIGATION IN AERONAUTICS [2]	
AERN 65499	CAPSTONE IN AERONAUTICS	
CIS 64042	GLOBALIZATION AND TECHNOLOGY STRATEGY	
HRM 64271	HUMAN RESOURCE MANAGEMENT	
or MGMT 64158	LEADERSHIP	
or MKTG 65051	MARKETING MANAGEMENT	
MGMT 64158	LEADERSHIP	
Culminating Requirement		
Choose from the following:		2-6
AERN 65199	THESIS I (with advisor approval) [3]	
AERN 65499	CAPSTONE IN AERONAUTICS [4]	
Minimum Total Credit Hours:		**30**

[1] Students with no previous aviation weather experience are required to take AERN 65400 as an elective. The minimum credit hours for electives depends on meeting 30 total credit hours for the degree.

[2] Maximum 6 credit hours of AERN 65092 and AERN 65496, combined, may be applied toward the degree.

[3] Students who are planning to advance to a doctorate or are interested specifically in research may complete a thesis in place of the capstone with advisor approval. Students selecting the thesis must continually register for AERN 65199 for maximum 6 credit hours toward the degree (students may need to register for AERN 65299 to complete the thesis requirement; however, those credit hours do not, whatsoever, count toward the degree). With the thesis, students will complete the M.S. degree at 34 credit hours.

[4] The capstone consists of a scholarly paper or project that integrates knowledge attained through coursework and research experience. Students may undertake original empirical research, case studies, reports or research results, theoretical or applied designs of logistical systems. The capstone may include improvements on existing systems or completion of a project from an identified client. Students are engaged in workplace or internship applications of the capstone or empirical analysis of an aviation management and logistics system.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Design, build, analyze and manage logistical systems at aviation organizations engaged in the transport of people and goods via air transport.
2. Perform management functions at an executive level overseeing the processes of an aviation organization.
3. Model and forecast logistical strategies for domestic and international aviation operations.
4. Analyze and manage safety systems, human error analysis and decision-making.

Dual Degree with Master of Business Administration

Applications to the Dual Degree M.B.A./M.S. Aviation Management and Logistics are not being accepted at this time.

Students have the opportunity to complete a dual degree program with the M.S. degree in Aviation Management and Logistics and the M.B.A. degree in Business Administration. A separate application must be submitted for each program. Students can view admission requirements for each program on their respective catalog page.

The dual M.S./M.B.A. degree program prepares students for responsible leadership positions and provides an integrated business and aviation management and logistics education with an emphasis on regional, national and global implications in the field of aviation.

Minimum Total Credit Hours:		**53**

1. MGMT 68051 is required for students who have not worked a minimum of two years, full-time, since obtaining their bachelor's degree. **Students waived the course may graduate with 52 credit hours.**
2. Students with no previous aviation weather experience are required to take AERN 65400 as an elective.
3. Maximum 6 credit hours of AERN 65092 and AERN 65496, combined, may be applied toward degree.

Full Description

The Master of Science degree in Aviation Management and Logistics prepares graduates to perform at an advanced level in organizations that move people and/or goods via air transport.

Students in the program examine the business of aviation logistics and its role in the global supply chain. In addition, they learn techniques necessary to understand and develop an aviation logistics model for producing an accurate and effective forecast for demand of aviation services.

Students are given practical experience in the negotiating, vetting and managing of vendor and labor contracts. They also learn the economic, regulatory, political, geographical and human-centric challenges facing the industry today, including profit strategies, human-error interventions tactics and post-9/11 security legislation concerning air cargo operations.

Safety policy, risk management, assurance and safety promotion are the key focus areas, and students take an in-depth study of the concepts, principals, design, implementation and administration of aviation safety management systems. As weather events are so disruption to an aviation organization, students gain an understanding of hazardous weather and the products to predict weather impact on aviation operations.

Aviation Weather - Minor

College of Aeronautics and Engineering
School of Aeronautics
www.kent.edu/cae

About This Program

The Aviation Weather minor is for students wishing to gain a deeper understanding of weather and its physical and operational effect on aviation operations. Students will gain knowledge of the national weather information and forecasting system, as well as radar and satellite imagery and interpretation, weather information systems, thunderstorms and severe weather and information available to a crew in flight.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Access, interpret and apply weather tools in order to make decisions regarding aviation operations, including non-flight operations.

Professional Pilot - B.S.

College of Aeronautics and Engineering
School of Aeronautics
www.kent.edu/cae

About This Program

Ready to train as a professional pilot with a program built on precision and performance? The Professional Pilot program combines FAA-approved coursework with advanced flight training in Kent State's university-owned fleet and integrated simulators, preparing students for careers in commercial, corporate, military and specialized aviation operations. Read more...

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Examples of Possible Careers and Salaries*

Airline pilots, copilots, and flight engineers

- 2.8% slower than the average
- 85,500 number of jobs
- $160,970 potential earnings

Commercial pilots

- 9.1% much faster than the average
- 41,600 number of jobs
- $93,300 potential earnings

Additional careers

- Aerial applicator/aerial crop duster/agriculture pilot
- Aerial hurricane hunter
- Air force pilot
- Air tour pilot
- Airline and commercial pilot
- Airline transport pilot
- Charter/private airline pilot
- Federal law enforcement pilot
- Fixed wing air ambulance captain - Emergency Medical Service (EMS)
- Flight dispatcher (with training/certification)
- Flight instructor

Accreditation

The B.S. degree in Professional Pilot is accredited by the Aviation Accreditation Board International, Federal Aviation Administration.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special

talents and adult students who graduated from high school three or more years ago.

Admission to the Professional Pilot major is selective.

All students must complete a pre-admission evaluation to be considered for admission. Students applying to the Professional Pilot major and receiving admission to Kent State University will be placed into the Aeronautical Studies major, allowing students to begin any scholarship or financial aid applications while waiting for the final decision regarding the Professional Pilot major. Please see the College of Aeronautics and Engineering for additional information.

Transfer students must have a minimum 2.500 overall GPA in all college-level coursework to be considered for admission to the Professional Pilot major.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Flight Training Courses: Transfer students and students admitted to the Professional Pilot major with credits completed through College Credit Plus or other means may be allowed to enroll in flight training courses only with special permission.

2 Students scoring 34 or below on the ALEKS math assessment are required to enroll in CAE 12260 until they successfully complete MATH 00022.

Progression Requirements

Successful completion of the Professional Pilot major is an achievable goal for students who stay on track with the program's structured progression. The college support students in maintaining academic standing, obtaining and retaining appropriate medical clearance and successfully meeting course requirements. While challenges may arise, students are encouraged to use available resources and support systems to address them.

Flight Training Ground and Theory Courses

Students must pass all required flight training and associated flight theory courses with a minimum C grade and maintain a minimum 2.500 overall GPA. These courses may **not** be repeated without special approval.

Beyond AERN 15751, all students are required to maintain a minimum 2.500 overall GPA to continue in flight courses. Students must complete all flight courses by the end of the semester following the semester in which they enrolled (e.g., a student who enrolls in a flight course in the fall must complete the course no later than the end of the following spring semester). This requirement is subject to waiver by the chief flight instructor assigned to the flight course. In the absence of an authorized waiver, students who fail to complete any flight course by the end of the subsequent semester after course enrollment will receive the F grade. Flight fees will be refunded in accordance with the university policy regarding tuition credit for dropped courses.

Students must complete the commercial certificate and instrument rating at Kent State to be eligible for the FAA's R-ATP certificate.

Medical Requirements

Pilot certification dictates that certain medical standards be met. As such, all students are required to obtain and maintain FAA medical certification for program eligibility. While it is encouraged for all students to obtain first-class medical certification, all students starting in the Private Pilot Flight courses are required to obtain a minimum third-class medical certification. All flight courses beyond Private Pilot Flight require a minimum second-class medical certification.

Students admitted to the Professional Pilot major must have a medical in hand (minimum third class) before the start of their first flight course, but no later than the end of their first semester. If the medical is deferred (in progress by the FAA), students will have two full semesters to obtain the medical from the initial date their medical was deferred.

Continuing students who have their medical certificate deferred, suspended or revoked will be placed in a medical probationary status and have two full semesters to re-obtain medical clearance. If their medical clearance is not obtained by the end of the second semester, they must change their program to the Aeronautical Studies major.

Progression Ineligibility

A minimum 2.500 major GPA and overall 2.500 GPA is required for the Professional Pilot major. Students who fall below the minimum GPA will have two semesters to raise their GPA to the required minimum level.

Students may become ineligible to continue in the Professional Pilot major and be advised to change their program to the Aeronautical Studies major if any of the following occur:

1. Failure to to raise their major and/or overall GPA to the minimum required;
2. Failure to obtain or retain an appropriate level of medical clearance;
3. Failure of either an FAA-regulated flight theory course or a flight course; and/or
4. Failure to comply with Kent State Code of Student Conduct, Federal Aviation Regulations and policies outlined in the Kent State University Flight Operations Manual.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.500	2.500

- Flight courses may be repeated once with permission.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
	AERN 15000	INTRODUCTION TO AERONAUTICS	3
	CAE 12260	SOLVING PROBLEMS IN AERONAUTICS AND ENGINEERING	1
	COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
!	MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	3
	UC 10001	FLASHES 101	1
	Kent Core Requirement		3
	Kent Core Requirement		3
		Credit Hours	**17**
	Semester Two		
	Requirement: Students must have a 2.500 overall GPA prior to taking flight training courses.		
	AERN 15740 or AERN 15750	ELEMENTS OF FLIGHT THEORY or ELEMENTS OF FLIGHT THEORY I	3-5
	AERN 15751	PRIVATE PILOT FLIGHT I	2
!	AERN 25250	ELEMENTS OF AVIATION WEATHER	3
	AERN 25350	FUNDAMENTALS OF AIR TRAFFIC CONTROL	2
	AERN 25351	FUNDAMENTALS OF AIR TRAFFIC CONTROL LABORATORY	1
!	MATH 11022	TRIGONOMETRY (KMCR)	3
		Credit Hours	**14**
	Semester Three		
	AERN 15752	ELEMENTS OF FLIGHT THEORY II (required for students who took AERN 15750)	0-2
	AERN 15753	PRIVATE PILOT FLIGHT II	3
	AERN 25100	INTRODUCTION TO AVIATION MANAGEMENT	3
!	PHY 13001	GENERAL COLLEGE PHYSICS I (KBS)	4
!	PHY 13021	GENERAL COLLEGE PHYSICS LABORATORY I (KBS) (KLAB)	1
	Kent Core Requirement		3
		Credit Hours	**16**
	Semester Four		
	AERN 25252	THUNDERSTORMS AND SEVERE WEATHER	3
!	AERN 35020	AIRCRAFT PROPULSION SYSTEMS	3
	AERN 35660	INSTRUMENT FLIGHT THEORY	3
	AERN 35661	INSTRUMENT PILOT FLIGHT	3
!	PHY 13012	COLLEGE PHYSICS II (KBS)	2
!	PHY 13022	GENERAL COLLEGE PHYSICS LABORATORY II (KBS) (KLAB)	1
		Credit Hours	**15**
	Semester Five		
	AERN 30000	PROFESSIONAL DEVELOPMENT IN AERONAUTICS	1
!	AERN 35040	AIRCRAFT SYSTEMS I	3
	AERN 35665	COMMERCIAL PILOT FLIGHT: NAVIGATION	3

		Minimum Total Credit Hours:	**121**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate the knowledge, skills and techniques required to safely operate in single-pilot or multi-crew aircraft operations under FAR Parts 121, 135, 91K and other commercial aviation operations.
2. Analyze available information and problem solve as part of an aircrew, with respect to aircraft operation, airline operations, physiology, safety and emergency or challenging situations.
3. Demonstrate the skills of an aviation professional, make ethical decisions and correlate aviation business principles to operations.
4. Demonstrate instructional level knowledge and skills in application to single-engine and multi-engine flight, Visual Flight Rules (VFR) or Instrument Flight Rules (IFR).

The educational goals of the program are the following:

1. Exhibit the qualities of excellence, integrity, leadership, management and professionalism within their area of professional specialization in aviation.
2. Demonstrate a professional commitment to safety and contribute to the safety culture within their area of professional specialization in aviation.
3. Demonstrate the ability to improve aerospace for generations to come through experiential learning, creativity and innovation within their area of professional specialization in aviation.
4. Manifest the college's core values in the areas of collaboration, compassion, inclusiveness, innovation, integrity, respect and perseverance within their area of professional specialization in aviation.

Full Description

The Bachelor of Science degree in Professional Pilot is designed for students who aspire to become professional pilots. This program stresses subjects associated with flight systems, propulsion, structures and electronics. Students entering this program should have a strong desire for excellence in aviation, as well as the flying skills required of a professional pilot.

The mission of the Professional Pilot major is to prepare students to be professional pilots and enable them to obtain Federal Aviation Administration certificates and ratings required for giving flight and

ground instruction and commercial and instrument operations in federally regulated commercial aviation operations.

Professional Pilot - Minor

College of Aeronautics and Engineering
School of Aeronautics
www.kent.edu/cae

About This Program

The Professional Pilot minor is for students who want to learn to fly but are not necessarily interested in a career as a professional pilot. Upon completion, students are expected to have the Commercial Pilot certificate with instrument rating.

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

The Professional Pilot minor is not accepting students at this time.

Admission Requirements

The Professional Pilot minor is not accepting students at this time.

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

Program Requirements

Minor Requirements

Code	Title	Credit Hours

AERN 35761	COMMERCIAL PILOT FLIGHT	3
Minimum Total Credit Hours:		**27**

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate a thorough understanding of fundamental aeronautical concepts and practices.
2. Understand attributes of a modern aviation professional.
3. Possess the knowledge and skills to obtain the Commercial Pilot certificate to be eligible for professional work as a commercial pilot.
4. Possess the knowledge and skills to obtain a Commercial Pilot Airplane Multiengine Land with instrument rating.

Unmanned Aircraft Systems - Minor

College of Aeronautics and Engineering
School of Aeronautics
www.kent.edu/cae

About This Program

The Unmanned Aircraft Systems minor introduces students to various types of unmanned aerial systems and their increasing role in today's society. Using a systems engineering perspective, students study roles and applications of unmanned aerial systems and apply their knowledge to the development of sensors, control, communications and flight operations. Students will also become an FAA certificated drone pilot.

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Analyze various aspects of unmanned aerial systems operations, including safety, certification, applications, trends, regulations and performance.
2. Analyze the system components of unmanned aerial systems.
3. Determine the communication and control systems necessary for unmanned aerial systems platform operations.

Unmanned Aircraft Systems Flight Operations - B.S.

College of Aeronautics and Engineering
School of Aeronautics
www.kent.edu/cae

About This Program

Ready to pilot the systems that are reshaping how industries respond, deliver and connect? The Unmanned Aircraft Systems Flight Operations program combines hands-on drone training with expertise in airspace integration, policy and real-world mission planning, preparing students to lead in industries like public safety, agriculture, infrastructure, logistics and advanced air mobility. Examples of Possible Careers and Salaries*

Compliance officers

- 4.6% about as fast as the average
- 337,600 number of jobs
- $71,100 potential earnings

Surveying and mapping technicians

- 0.7% little or no change
- 58,400 number of jobs
- $46,200 potential earnings

Additional careers

- Airborne sensor operator
- (Drone) film and video editor and camera operator
- (Drone) photographer
- Regulatory and safety compliance
- UAS compliance officer
- UAS flight operations manager
- UAS pilot/remote pilot
- UAS program manager
- UAS safety inspector
- UAS systems integrator

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Transfer Students: Transfer students must have a minimum 2.250 overall GPA in all college-level coursework for admission to the Unmanned Aircraft Systems Flight Operations major.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate a comprehensive understanding of unmanned aircraft systems (UAS), including their design, operation and maintenance.
2. Demonstrate the ability to effectively plan, execute and manage UAS missions for a variety of applications, ensuring optimal performance, data accuracy and safety.

3. Interpret and apply current and future regulations related to airspace, privacy, safety and data protection.
4. Demonstrate and employ critical thinking and problem-solving techniques when unexpected issues arise to make informed decisions, adapt strategies and ensure the successful completion of missions while prioritizing safety and mission goals.

The educational goals of the program are the following:

1. Exhibit the qualities of excellence, integrity, leadership, management and professionalism within their area of professional specialization in aviation.
2. Demonstrate a professional commitment to safety and contribute to the safety culture within their area of professional specialization in aviation.
3. Demonstrate the ability to improve aerospace for generations to come through experiential learning, creativity and innovation within their area of professional specialization in aviation.
4. Manifest the college's core values in the areas of collaboration, compassion, inclusiveness, innovation, integrity, respect and perseverance within their area of professional specialization in aviation.

Full Description

The Bachelor of Science degree in Unmanned Aircraft Systems Flight Operations is for students who aspire to become professional unmanned aircraft pilots (drone pilot). This program is focused on the safe operations of unmanned aircraft systems (UAS), regulations, the technology of autonomous systems and policies regarding the operations of unmanned aerial elements.

The mission of the Bachelor of Science degree in Unmanned Aircraft Systems Flight Operations, as a Federal Aviation Administration (FAA) Collegiate Training Institution for UAS (UAS-CTI), is to cultivate a new generation of professionals equipped with the knowledge, skills and technological awareness to excel in the dynamic field of unmanned aviation, and provide students with a comprehensive education that combines cutting-edge technological expertise with a deep understanding of the regulatory, operational and safety considerations essential to the responsible and effective use of unmanned aircraft systems and advanced air mobility (AAM).

- $67,840 potential earnings

Electrical engineers

- 4.6% about as fast as the average
- 193,100 number of jobs
- $100,830 potential earnings

Electronics engineers, except computer

- 1.4% slower than the average
- 134,900 number of jobs
- $107,540 potential earnings

Mechanical engineers

- 3.9% about as fast as the average
- 316,300 number of jobs
- $90,160 potential earnings

Additional careers

- Aerodynamics/computational fluid dynamics (CFD) engineer
- Aircraft design engineer
- Astrodynamics/orbit analyst
- Avionics engineer
- Design engineer
- Flight control/dynamics engineer
- Flight test/test evaluation engineer
- Fluid mechanics engineer
- Guidance, navigation and control (GNC) engineer

- Manufacturing engineer
- Product engineer
- Propulsion engineer (jet/prop/turbomachinery/rocket)
- Research and development (R&D) engineer
- Sales engineer
- Space system engineer
- Spacecraft design engineer
- Structural/stress/material engineer/analyst (aircraft/spacecraft)
- Systems engineer
- Thermal engineer/thermal system design
- Thermodynamics engineer

Accreditation

The Bachelor of Science degree in Aeronautical Systems Engineering Technology is accredited by the Engineering Technology Accreditation Commission of ABET, www.abet.org, under the General Criteria and the Program Criteria for Aeronautical Engineering Technology and Similarly Named Programs. This degree program is also accredited by the Aviation Accreditation Board International (www.aabi.aero).

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to the Aeronautical Systems Engineering Technology major is selective.

New Students: Admission into this major requires a minimum 2.700 unweighted high school GPA. Students who do not meet this requirement will be admitted to the Industrial Engineering Technology major. Students may change their major to Aeronautical Systems Engineering Technology after satisfying the below requirements for current students.

Note: Applicants should understand that this is a math-intensive program. Students admitted to the program are expected to demonstrate prerequisite knowledge on a math placement exam (the ALEKS exam) prior to starting their first semester. Students who do not obtain the minimum score required to place into MATH 12011 are at risk of delaying graduation.

Current Students: Students may change their major to Aeronautical Systems Engineering Technology if they meet the following criteria:

- Minimum 2.500 overall Kent State GPA
- Minimum C grade in both ENGR 11001 and ENGR 11002
- Minimum C grade in either MATH 11022 or MATH 12011

Transfer Students: Transfer students must have completed minimum 12 credit hours of college-level coursework with a minimum 2.500 overall GPA for admission to the Aeronautical Systems Engineering Technology major. Students with less than 12 credit hours completed will be evaluated based on their high school transcript using the criteria in the above "new student" section.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements (courses count in major GPA)		
AERN 15745	NON-PILOT ELEMENTS OF FLIGHT THEORY	3
AERN 35020	AIRCRAFT PROPULSION SYSTEMS	3
AERN 35040	AIRCRAFT SYSTEMS I	3
AERN 35150	AIRCRAFT STRUCTURES	3
AERN 45030	AIRCRAFT SYSTEMS II	3
AERN 45150	APPLIED FLIGHT DYNAMICS I	3
BA 44152	PROJECT MANAGEMENT	3
or ENGR 36620	PROJECT MANAGEMENT IN ENGINEERING	
ENGR 11001	INTRODUCTION TO ENGINEERING	2
ENGR 11002	INTRODUCTION TO ENGINEERING LABORATORY	1
ENGR 13586 & ENGR 13587	COMPUTER AIDED DESIGN I and COMPUTER AIDED DESIGN I LABORATORY [1]	3
or MERT 12001	COMPUTER-AIDED DESIGN	
ENGR 15300	ENGINEERING COMPUTING AND PROBLEM SOLVING	2
ENGR 15301	ENGINEERING COMPUTING AND PROBLEM SOLVING LABORATORY	1
ENGR 20000	PROFESSIONAL DEVELOPMENT IN ENGINEERING	1
ENGR 20002	MATERIALS AND PROCESSES [1]	3
or MERT 12004	MANUFACTURING PROCESSES	
ENGR 30001	APPLIED THERMODYNAMICS [1]	3
or MERT 42000	THERMODYNAMICS FOR ENGINEERING TECHNOLOGY	
ENGR 33031	PROGRAMMABLE LOGIC CONTROLLERS	3
ENGR 33033	HYDRAULICS/PNEUMATICS	3
ENGR 33041	CONTROL SYSTEMS	3
ENGR 33111	STATICS AND STRENGTH OF MATERIALS [1]	3-6
or MERT 22005 & MERT 22007	STATICS and STRENGTH OF MATERIALS	
ENGR 35550	LAW AND ETHICS FOR ENGINEERS	2
ENGR 45151	APPLIED FLIGHT DYNAMICS II	3
ENGR 47200	SYSTEMS ENGINEERING	3
ENGR 48099	ENGINEERING CAPSTONE I (ELR) [2]	3
ENGR 48199	ENGINEERING CAPSTONE II (ELR) (WIC) [2, 3]	3
Aeronautics (AERN) Elective		3
Engineering (ENGR) Elective		3
Electrical Circuits Electives, choose from the following: [1]		4-7
EERT 12000 & EERT 12001	ELECTRIC CIRCUITS I and ELECTRIC CIRCUITS II	
ENGR 21020 & ENGR 21022	SURVEY OF ELECTRICITY AND ELECTRONICS and SURVEY OF ELECTRICITY AND ELECTRONICS LABORATORY	

ENGR 35500 & ENGR 35501	SIGNALS AND CIRCUITS and SIGNALS AND CIRCUITS LABORATORY	
Additional Requirements (courses do not count in major GPA)		
CAE 12260	SOLVING PROBLEMS IN AERONAUTICS AND ENGINEERING [4]	1-3
COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
ECON 22060	PRINCIPLES OF MICROECONOMICS (KSS)	3
PHY 13001 & PHY 13021	GENERAL COLLEGE PHYSICS I (KBS) and GENERAL COLLEGE PHYSICS LABORATORY I (KBS) (KLAB) [5]	5
or PHY 23101	GENERAL UNIVERSITY PHYSICS I (KBS) (KLAB)	
PHY 13002 & PHY 13022	GENERAL COLLEGE PHYSICS II (KBS) and GENERAL COLLEGE PHYSICS LABORATORY II (KBS) (KLAB) [5]	5
or PHY 23102	GENERAL UNIVERSITY PHYSICS II (KBS) (KLAB)	
UC 10001	FLASHES 101	1
Mathematics Electives, choose from the following: [1,6]		6-8
MATH 11022 & MATH 12002	TRIGONOMETRY (KMCR) and ANALYTIC GEOMETRY AND CALCULUS I (KMCR)	
MATH 12011 & MATH 12012	CALCULUS WITH PRECALCULUS I (KMCR) and CALCULUS WITH PRECALCULUS II (KMCR)	
Kent Core Composition		6
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines) (cannot be ECON)		3
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours)		5
Minimum Total Credit Hours:		**120**

1 Preferred option for students: ENGR 13586, ENGR 13587, ENGR 20002, ENGR 21020, ENGR 21022, ENGR 30001, ENGR 33111, MATH 12011 and MATH 12012. Some options may require coursework outside of this program.

2 ENGR 48099 and ENGR 48199 must be taken during the same academic year. ENGR 48099 is only offered during the fall semester and ENGR 48199 is only offered during the spring semester.

3 A minimum C grade must be earned to fulfill the writing-intensive requirement.

4 Students scoring 34 or below on the ALEKS math assessment are required to enroll in CAE 12260 until they successfully complete MATH 00022.

5 Students who desire to change their major to Aerospace Engineering or Mechatronics Engineering should take PHY 23101 and PHY 23102. Failing to do so may result in additional coursework.

6 Students who desire to change their major to Aerospace Engineering or Mechatronics Engineering should take MATH 11022 and MATH 12002. Failing to do so will result in additional coursework.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.500	2.500

- A minimum C grade may be required in some courses.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
	CAE 12260	SOLVING PROBLEMS IN AERONAUTICS AND ENGINEERING	1
	COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
	ENGR 11001	INTRODUCTION TO ENGINEERING	2
	ENGR 11002	INTRODUCTION TO ENGINEERING LABORATORY	1
	ENGR 15300	ENGINEERING COMPUTING AND PROBLEM SOLVING	2
	ENGR 15301	ENGINEERING COMPUTING AND PROBLEM SOLVING LABORATORY	1
	UC 10001	FLASHES 101	1
	Mathematics Elective		3
	Kent Core Requirement		3
		Credit Hours	**17**
	Semester Two		
	ENGR 13586 & ENGR 13587 or MERT 12001	COMPUTER AIDED DESIGN I and COMPUTER AIDED DESIGN I LABORATORY or COMPUTER-AIDED DESIGN	3
	ENGR 20002 or MERT 12004	MATERIALS AND PROCESSES or MANUFACTURING PROCESSES	3
!	PHY 13001 & PHY 13021 or PHY 23101	GENERAL COLLEGE PHYSICS I (KBS) and GENERAL COLLEGE PHYSICS LABORATORY I (KBS) (KLAB) or GENERAL UNIVERSITY PHYSICS I (KBS) (KLAB)	5
!	Mathematics Elective		3-5
		Credit Hours	**14**
	Semester Three		
	ECON 22060	PRINCIPLES OF MICROECONOMICS (KSS)	3
	ENGR 33111 or MERT 22005 ***and*** MERT 22007	STATICS AND STRENGTH OF MATERIALS or STATICS ***and*** STRENGTH OF MATERIALS	3-6
!	PHY 13002 & PHY 13022 or PHY 23102	GENERAL COLLEGE PHYSICS II (KBS) and GENERAL COLLEGE PHYSICS LABORATORY II (KBS) (KLAB) or GENERAL UNIVERSITY PHYSICS II (KBS) (KLAB)	5

		Credit Hours	**15**
		Minimum Total Credit Hours:	**120**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Apply knowledge, techniques, skills and modern tools of mathematics, science, engineering and technology to solve broadly defined engineering problems appropriate to the discipline.
2. Design systems, components or processes meeting specified needs for broadly defined engineering problems appropriate to the discipline.
3. Apply written, oral and graphical communication in broadly defined technical and non-technical environments, and an ability to identify and use appropriate technical literature.
4. Conduct standard tests, measurements and experiments and analyze and interpret the results to improve processes.
5. Function effectively as a member as well as a leader on technical teams.

The educational objectives of the program are the following:

1. Drive positive change in the community by engaging in careers in the field of aeronautical, systems and other engineering technologies in a manner that promotes excellence and integrity.
2. Practice forward-thinking through continued education by way of graduate education, professional development and other continued self-motivated learning.
3. Successfully navigate the ever-changing trajectory of the world, practicing compassion as you strive to meet your personal career goals.

Full Description

The Bachelor of Science degree in Aeronautical Systems Engineering Technology successfully prepares graduates of the future to work in multi-disciplinary teams in aeronautical, systems and other engineering technology fields in ways that positively improve efficiency, reduce waste and increase sustainability. The program prepares graduates to enter careers in the design, installation, manufacturing, testing, evaluation, technical sales and maintenance of aeronautical/aerospace systems. Students gain technical expertise in engineering materials, statics, strength of materials, applied aerodynamics, applied propulsion and electronics. Graduates have strengths in the analysis, applied design, development, implementation and oversight of more advanced aeronautical/aerospace systems and processes.

Applicants to this program should understand that this is a math-intensive program.

Students may apply early to the Master of Engineering Technology degree and double count 9 credit hours of graduate courses toward both

degree programs. See the Combined Bachelor's/Master's Degree Program Policy in the University Catalog for more information. Students wishing to pursue aerospace engineering at the graduate level must complete additional undergraduate math courses beyond what is required for this program.

Aerospace Engineering - B.S.

About This Program

Ready to engineer the future of air and space travel? The Aerospace Engineering program prepares students to design the systems that make hypersonic flight, autonomous aviation and deep space missions a reality. From high-powered rockets to next generation aircraft and satellites, you will gain hands-on experience tackling real-world aerospace challenges. Read more...

Examples of Possible Careers and Salaries*

Aerospace engineers

- 2.8% slower than the average
- 66,400 number of jobs
- $118,610 potential earnings

Electrical engineers

- 4.6% about as fast as the average
- 193,100 number of jobs
- $100,830 potential earnings

Electronics engineers, except computer

- 1.4% slower than the average
- 134,900 number of jobs
- $107,540 potential earnings

Mechanical engineers

- 3.9% about as fast as the average
- 316,300 number of jobs
- $90,160 potential earnings

Additional careers

- Aerodynamics/computational fluid dynamics (CFD) engineer
- Aircraft design engineer
- Astrodynamics/orbit analyst
- Avionics engineer
- Design engineer
- Flight control/dynamics engineer
- Flight test/test evaluation engineer
- Fluid mechanics engineer
- Guidance, navigation and control (GNC) engineer
- Manufacturing engineer
- Product engineer
- Propulsion engineer (jet/prop/turbomachinery/rocket)
- Research and development (R&D) engineer
- Sales engineer
- Space system engineer
- Spacecraft design engineer
- Structural/stress/material engineer/analyst (aircraft/spacecraft)
- Systems engineer
- Thermal engineer/thermal system design
- Thermodynamics engineer

Accreditation

The Bachelor of Science degree in Aerospace Engineering is accredited by the Engineering Accreditation Commission of ABET, www.abet.org, under the General Criteria and the Program Criteria for Aerospace Engineering and Similarly Named Programs.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to the Aerospace Engineering major is selective. Applicants should understand that this is a math-intensive program, and the roadmap assumes students start with MATH 12002 their first semester. Students admitted to the program are expected to demonstrate prerequisite knowledge on a math placement assessment (the ALEKS math assessment) or via other means (e.g., AP, IB, CLEP, A levels) prior to registering for their first semester. Students who do not place into MATH 12002 will likely take longer than eight semesters to complete the program.

New Students: Admission into this major requires:

- Minimum 3.0 high school GPA
- Clear demonstration of an ability to be placed directly into MATH 12002 (or its equivalent); this will occur if the student is currently taking or has taken a calculus, pre-calculus or trigonometry course with a minimum C grade *(starting with the fall 2026 admission*

term, a minimum C grade in all math courses listed on the high school transcript (e.g., trigonometry, algebra, geometry) is required)

Students who do not meet the above requirements will be admitted to the Aeronautical Systems Engineering Technology major, provided they meet the minimum admission requirements.

Current Students: Students accepted into other Kent State programs may request to change their major to Aerospace Engineering once they meet the following criteria:

- Minimum 3.000 overall Kent State GPA (*starting with the fall 2026 admission term, minimum 12 credit hours completed at Kent State with a minimum 3.000 overall Kent State GPA is required)*
- Minimum C grade in both MATH 12002 and PHY 23101 *(starting with the fall 2026 admission term, minimum B grade in MATH 11022 OR minimum C grade in MATH 12002 is required)*

Transfer Students: Admission into this major requires:

- Minimum 12 credit hours of college-level coursework
- Minimum 3.000 overall GPA
- Minimum C grade in both MATH 12002 and PHY 23101 (or their equivalents)*(starting with the fall 2026 admission term, minimum B grade in MATH 11022 OR minimum C grade in MATH 12002 or their equivalents is required)*

Transfer students who have completed fewer than 12 credit hours of college-level coursework will be evaluated on both collegiate and high school records and must submit a final high school transcript.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

ENGR 48199	ENGINEERING CAPSTONE II (ELR) (WIC) [1, 2]	3
Specialization, choose from the following:		2-3
Engineering Internship		
CAE 45092	AERONAUTICS AND ENGINEERING INTERNSHIP/COOPERATIVE EDUCATION (ELR) (WIC) [2]	
Machine Design		
ENGR 43580	COMPUTER-AIDED MACHINE DESIGN	
Materials		
ENGR 42710 & ENGR 42711	ADDITIVE MANUFACTURING AND 3D PRINTING and ADDITIVE MANUFACTURING AND 3D PRINTING LABORATORY	
Patent and Engineering Law		
ENGR 35550	LAW AND ETHICS FOR ENGINEERS	
Process Control		
ENGR 33031	PROGRAMMABLE LOGIC CONTROLLERS	
Space Applications		
ENGR 48002	SPACECRAFT ATTITUDE DYNAMICS, DETERMINATION AND CONTROL	
ENGR 48003	SPACECRAFT DESIGN	
Systems Engineering and Optimization		
ENGR 42410	ENGINEERING OPTIMIZATION	
ENGR 47200	SYSTEMS ENGINEERING	
Undergraduate Research		
CAE 45096	INDIVIDUAL INVESTIGATION IN AERONAUTICS AND ENGINEERING	
Director-Approved Engineering (ENGR) Elective		
Additional Requirements (courses do not count in major GPA)		
CHEM 10058	GENERAL CHEMISTRY FOR LIFE SCIENCES I [3]	4
or CHEM 10060	GENERAL CHEMISTRY I (KBS)	
or CHEM 10970	HONORS GENERAL CHEMISTRY I (KBS)	
ECON 22060	PRINCIPLES OF MICROECONOMICS (KSS)	3
MATH 12002	ANALYTIC GEOMETRY AND CALCULUS I (KMCR) (min C grade)	5
MATH 12003	ANALYTIC GEOMETRY AND CALCULUS II (min C grade)	5
PHY 23101	GENERAL UNIVERSITY PHYSICS I (KBS) (KLAB) (min C grade)	5
PHY 23102	GENERAL UNIVERSITY PHYSICS II (KBS) (KLAB) (min C grade)	5

UC 10001	FLASHES 101	1
Additional Mathematics Electives, choose from the following (min C grade): [4]		8-10
MATH 21001 & MATH 22005 & MATH 32044	LINEAR ALGEBRA and ANALYTIC GEOMETRY AND CALCULUS III and ORDINARY DIFFERENTIAL EQUATIONS	
MATH 32051 & MATH 32052	MATHEMATICAL METHODS IN THE PHYSICAL SCIENCES I and MATHEMATICAL METHODS IN THE PHYSICAL SCIENCES II	
Kent Core Composition		6
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines)		3
Kent Core Additional [3]		1-6
Minimum Total Credit Hours:		**123**

1 ENGR 48099 and ENGR 48199 must be taken during the same academic year.

2 A minimum C grade must be earned to fulfill the writing-intensive requirement.

3 Students who choose to take CHEM 10058 must complete 6 total credit hours of Kent Core Additional. Students who choose to take CHEM 10060 or CHEM 10970 only require 1 credit hour of Kent Core Additional.

4 To reduce the total number of required credit hours, students are advised to take MATH 32051 and MATH 32052. The other alternative courses are for students who have already taken college coursework elsewhere or are off track with respect to the roadmap.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.750	2.500

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Kent Core Requirement		3

Kent Core Requirement	0-3
Credit Hours	**15**
Minimum Total Credit Hours:	**123**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Identify, formulate and solve complex engineering problems by applying principles of engineering, science and mathematics.
2. Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety and welfare, as well as global, cultural, social, environmental and economic factors.
3. Communicate effectively with a range of audiences.
4. Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental and societal contexts.
5. Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks and meet objectives.
6. Develop and conduct appropriate experimentation, analyze and interpret data and use engineering judgment to draw conclusions.
7. Acquire and apply new knowledge as needed, using appropriate learning strategies.

The educational objectives of the program are the following:

1. Drive positive change in the community by engaging in careers in the field of aerospace engineering and beyond in a manner that promotes excellence and integrity.
2. Practice forward-thinking through continued education by way of graduate education, professional development and other continued self-motivated learning.
3. Successfully navigate the ever-changing trajectory of the world, practicing compassion while striving to meet personal career goals.

Full Description

The Bachelor of Science degree in Aerospace Engineering successfully prepares the aerospace engineers of the future to work in multidisciplinary teams to design products and perform research in innovative ways that affect positive change on a regional, national and global scale. The program focuses on the application of engineering principles to the design, manufacturing and functionality of aerospace vehicles such as aircraft, missiles and spacecraft. Students gain in-depth knowledge of aerodynamics, engineering materials and processes, structures, propulsion, flight mechanics and control, while being exposed to orbital mechanics, space structures and rocket propulsion.

Applicants to this program should understand that this is a math-intensive program.

Students may apply early to the M.S. degree in Aerospace Engineering and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program Policy in the University Catalog for more information.

Aerospace Engineering - M.S.

College of Aeronautics and Engineering
School of Engineering
www.kent.edu/cae

About This Program

The Master of Science degree in Aerospace Engineering provides an advanced theoretical and/or research-oriented curriculum with significant depth in aerospace-specific disciplines, beyond the general fundamentals of the engineering bachelor's degree.

Contact Information

- CAEgraduatestudies@kent.edu | 330-672-2892
- Connect with an Admissions Counselor: U.S. Student | International Student

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Examples of Possible Careers and Salaries*

Aerospace engineers

- 2.8% slower than the average
- 66,400 number of jobs
- $118,610 potential earnings

Engineering teachers, postsecondary

- 8.6% much faster than the average
- 44,600 number of jobs
- $103,600 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree in aerospace engineering or a closely related area (e.g., mechanical engineering) from an accredited college or university[1]
- Minimum 2.750 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Goal statement[2]
- Three letters of recommendation[2]
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[3]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] Applicants with a bachelor's degree in engineering technology or a non-engineering STEM discipline may be considered for admission before or after completing additional coursework as determined on a case-by-case basis. Applicants should reach out to the College of Aeronautics and Engineering via email (caegraduatestudies@kent.edu) for more information.

[2] Current Kent State undergraduate students who want to apply to the combined B.S./M.S. degree program should contact the College of Aeronautics and Engineering via email (caegraduatestudies@kent.edu) to discuss the process and request waivers for certain admission requirements.

[3] International applicants who do not meet the above test scores may be considered for conditional admission.

Application Deadlines

- **Fall Semester**
  - Application deadline: March 1
    All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted after this deadline will be considered on a space-available basis.
- **Spring Semester**
  - Rolling admissions

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements		
ENGR 52410	ENGINEERING OPTIMIZATION	3
or ENGR 65700	APPLIED RELIABILITY ENGINEERING	
or ENGR 68005	LINEAR SYSTEM ANALYSIS AND CONTROL	
ENGR 58003	SPACECRAFT DESIGN	3
or ENGR 68013	SPACECRAFT PROPULSION	
ENGR 61091	GRADUATE SEMINAR	1
ENGR 65501	ADVANCED FLUID MECHANICS	3
or ENGR 65502	COMPUTATIONAL FLUID DYNAMICS	
Aerospace Engineering Electives, choose from the following: [1]		6-9
Aerodynamics		
ENGR 65501	ADVANCED FLUID MECHANICS	
ENGR 65502	COMPUTATIONAL FLUID DYNAMICS	
Astronautics		
ENGR 58001	ORBITAL MECHANICS	
ENGR 58002	SPACECRAFT ATTITUDE DYNAMICS, DETERMINATION AND CONTROL	
ENGR 68013	SPACECRAFT PROPULSION	
Dynamics and Control		
ENGR 65400	ADVANCED DYNAMICS	
ENGR 65401	VIBRATIONS	
ENGR 68004	OPTIMAL CONTROL THEORY	
ENGR 68005	LINEAR SYSTEM ANALYSIS AND CONTROL	
ENGR 68006	NONLINEAR SYSTEMS AND CONTROL	
ENGR 68007	DIGITAL CONTROL SYSTEMS	
ENGR 68008	INTRODUCTION TO ROBUST CONTROL	
ENGR 68101	AUTONOMOUS UNMANNED AERIAL SYSTEMS	
Structures and Materials		
ENGR 52111	STRENGTH OF MATERIALS FOR ENGINEERS	
ENGR 52363	MATERIALS SELECTION IN DESIGN AND APPLICATIONS	
ENGR 55901	INTRODUCTION TO FINITE ELEMENT METHOD AND APPLICATIONS	
Systems and Design		
ENGR 52410	ENGINEERING OPTIMIZATION	
ENGR 55799	AIRCRAFT DESIGN I	
ENGR 57200	SYSTEMS ENGINEERING	
ENGR 58003	SPACECRAFT DESIGN	
ENGR 68102	INTELLIGENT SENSING AND PLANNING OF UNMANNED AERIAL SYSTEMS	
Graduate Electives, choose from the following:		6

Any Computer Science (CS) Graduate course (50000 level or higher)		
Any Engineering (ENGR) Graduate course (50000 level or higher)		
Any Mathematics (MATH) Graduate course (50000 level or higher) [2]		
Other graduate courses as approved by the graduate advisor		
Mathematics Elective, choose from the following: [2]		3
MATH 50015	APPLIED STATISTICS	
MATH 52011	MATHEMATICAL OPTIMIZATION	
MATH 52031	MATHEMATICAL MODELS AND DYNAMICAL SYSTEMS	
MATH 52045	PARTIAL DIFFERENTIAL EQUATIONS	
MATH 52201	NUMERICAL LINEAR ALGEBRA	
MATH 52202	NUMERICAL APPROXIMATION AND OPTIMIZATION	
Culminating Requirement		
Choose from the following:		3-6
ENGR 65098	RESEARCH [1]	
ENGR 65199	THESIS I [3]	
Minimum Total Credit Hours:		**31**

[1] Students selecting the non-thesis option as their culminating requirement need to complete 3 credit hours of ENGR 65098 by working with a faculty member to complete a project. Students should meet with their advisor to discuss project topics well before their final semester. Additionally, these students are required to take an additional 3 credit hours from the Aerospace Engineering Electives list (for a total of 9 credit hours) to ensure that 31 credit hours are completed for the degree.

[2] Before registering for a mathematics (MATH) course, students must contact the Department of Mathematical Sciences to request a prerequisite override. Students may be required to demonstrate prerequisite knowledge depending on the course.

[3] Students selecting the thesis option must successfully defend their research thesis in a public setting before the thesis committee. Upon approval of the thesis topic, the student is required to register continuously for ENGR 65199 each semester for a total of 6 credit hours. A student who has completed the required 6 credit hours of ENGR 65199 but has not finished the thesis is expected, thereafter, to register continuously for ENGR 65299 each semester until all degree requirements are met. No more than 6 credit hours of ENGR 65199 may be counted toward the completion of degree requirements. Credit hours earned in ENGR 65299 do not, under any circumstances, count toward the degree.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Conduct literature searches, comprehend advanced research materials and uncover connections between related work.
2. Perform research, discovery and integration by applying advanced knowledge of aerospace engineering.
3. Communicate problems and solutions in aerospace engineering clearly, both verbally and in writing.

ENGR 78102	INTELLIGENT SENSING AND PLANNING OF UNMANNED AERIAL SYSTEMS	
Additional graduate courses as approved by graduate program representative		
Culminating Requirements		
ENGR 85098	RESEARCH (taken for 9 credit hours total)	9
ENGR 85199	DISSERTATION I [3]	30
Minimum Total Credit Hours for Post-Baccalaureate Students:		**90**
Minimum Total Credit Hours for Post-Master's Students:		**60**

[1] Post-baccalaureate students may apply toward the 30 credit hours a maximum 15 credit hours of coursework outside the College of Aeronautics and Engineering and 9 credit hours of research (maximum 18 credit hours total of research toward the degree).

[2] While coursework outside of Engineering (ENGR) may be considered, a minimum 50 percent of the required credits must be designated ENGR doctoral-level courses (70000 or 80000 level). Not all ENGR courses outside of this list will be approved.

[3] Doctoral candidates, upon admission to candidacy, must register for ENGR 85199 for a total of 30 hours. It is expected that doctoral candidates will continuously register for ENGR 85199—and, thereafter, ENGR 85299—each semester until all requirements for the degree have been met. The doctoral candidate must successfully propose and defend their research dissertation in a public setting before the dissertation committee.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

Program Learning Outcomes

Graduates of this program will be able to:

1. Conduct literature searches, comprehend advanced research materials and uncover connections between related work.
2. Perform research, discovery and integration by applying advanced knowledge of aerospace engineering.
3. Communicate clearly problems and solutions in aerospace engineering, both verbally and in writing.

Computer Engineering Technology - B.S.

College of Aeronautics and Engineering
School of Engineering
www.kent.edu/cae

About This Program

Want to be the expert who builds, secures and optimizes the systems that power our connected world? Designated by the National Security Agency (NSA) as a Center of Academic Excellence in Cyber Defense, the Computer Engineering Technology program bridges the gap between hardware and software, giving students hands-on experience with

embedded systems, digital design, cybersecurity, networking and advanced computing technologies. Read more...

- Speak with an Advisor
- Chat with an Admissions Counselor

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Examples of Possible Careers and Salaries*

Computer hardware engineers

- 1.6% slower than the average
- 71,100 number of jobs
- $119,560 potential earnings

Computer network architects

- 5.0% faster than the average
- 160,100 number of jobs
- $116,780 potential earnings

Computer network support specialists

- 6.4% faster than the average
- 195,100 number of jobs
- $65,450 potential earnings

Computer systems analysts

- 7.4% faster than the average
- 632,400 number of jobs
- $93,730 potential earnings

Network and computer systems administrators

- 4.3% about as fast as the average
- 373,900 number of jobs
- $84,810 potential earnings

Accreditation

The B.S. degree in Computer Engineering Technology is accredited by the Association of Technology, Management and Applied Engineering (ATMAE).

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

Note: Applicants should understand that this is a math-intensive program. Students admitted to the program are expected to demonstrate prerequisite knowledge on a math placement exam (the ALEKS exam) prior to starting their first semester. Students who fail to obtain the minimum score required to place into the required math courses are at risk of delaying graduation.

	Credit Hours	**14**
	Minimum Total Credit Hours:	**120**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Apply knowledge, techniques, skills and modern tools of mathematics, science, engineering and technology to solve broadly defined engineering problems appropriate to the discipline.
2. Design systems, components or processes meeting specified needs for broadly defined engineering problems appropriate to the discipline.
3. Apply written, oral and graphical communication in broadly defined technical and non-technical environments, and an ability to identify and use appropriate technical literature.
4. Conduct standard tests, measurements and experiments and analyze and interpret the results to improve processes.

5. Function effectively as a member as well as a leader on technical teams.

The educational objectives of the program are the following:

1. Drive positive change in the community by engaging in careers in the field of computer engineering, information systems and other engineering technology disciplines in a manner that promotes excellence and integrity.
2. Have a depth of applied skills to specialize in one or more core computer engineering areas, such as computer hardware, networks and operating systems, and equip students with problem-solving, teamwork and communication skills.
3. Successfully navigate the ever-changing trajectory of the computer engineering technology industry, practicing compassion as you strive to meet your personal career goals.

Full Description

The Bachelor of Science degree in Computer Engineering Technology prepares students with problem-solving skills and computer technology foundational knowledge to engineer solutions in computer engineering technology (CET) fields. The program provides students with the opportunity to study computer systems and software-hardware interface so that they are capable of analyzing the problems in the computer and networking industry and producing computer engineering, networking and software solutions. The major's curriculum includes materials necessary for students to be eligible for industry certifications (e.g., Cisco, Microsoft, CompTIA) for career advancement.

Computer engineering technologists focus on hardware or software issues. When companies need custom applications and network systems designed, they call the computer engineering technologist. In this age of heavy computer usage, with companies using computers for a large variety of functions, the computer engineering technologist is invaluable in keeping equipment running, updating software, maintaining connectivity and interfacing with users.

Computer engineering technologists typically work for large companies, installing, testing, operating and maintaining the computer networking. They may also find employment with companies that sell computers, at computer repair stores or at independent emergency repair facilities. Other common work locations include computer and peripheral manufacturing facilities, computer distribution facilities, computer research facilities and educational institutions.

Applicants to this program should understand that this is a math-intensive program.

Students may apply early to the Master of Engineering Technology degree and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program Policy in the University Catalog for more information.

Computer Engineering Technology - Minor

College of Aeronautics and Engineering
School of Engineering
www.kent.edu/cae

About This Program

The Computer Engineering Technology minor provides the foundation for students to study the design of network systems, telecommunications systems, networking hardware and computer hardware engineering and architecture technologies. Students have the opportunity to conceptualize, develop and analyze requirements engineering specifications for practical systems.

Contact Information

- cae@kent.edu | 330-672-2892

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

Program Requirements

Minor Requirements

Code	Title	Credit Hours
Minor Requirements		
ENGR 10005	INTRODUCTION TO CYBERSECURITY	3
ENGR 26305	NETWORKING I	2
ENGR 26306	NETWORKING I LABORATORY	1
ENGR 36337	INFORMATION TECHNOLOGY SECURITY	3
ENGR 46316	SERVER ADMINISTRATION AND CONFIGURATION I	3
Minor Elective, choose from the following:		3-4
CS 13001	COMPUTER SCIENCE I: PROGRAMMING AND PROBLEM SOLVING	
CS 13011 & CS 13012	COMPUTER SCIENCE IA: PROCEDURAL PROGRAMMING and COMPUTER SCIENCE IB: OBJECT ORIENTED PROGRAMMING	
ENGR 23010	COMPUTER HARDWARE	
ENGR 26220 & ENGR 26222	PROGRAMMING FOR ENGINEERS and PROGRAMMING FOR ENGINEERS LABORATORY	
ENGR 33222	DIGITAL DESIGN FOR COMPUTER ENGINEERING	
ENGR 36305 & ENGR 36306	NETWORKING II and NETWORKING II LABORATORY	
ENGR 46305 & ENGR 46306	NETWORK SECURITY and NETWORK SECURITY LABORATORY	
ENGR 46312	WIRELESS NETWORK AND TELECOMMUNICATION SYSTEMS	

ENGR 46317 & ENGR 46318	SERVER ADMINISTRATION AND CONFIGURATION II and SERVER ADMINISTRATION AND CONFIG II - LABORATORY
ENGR 46330	VISUAL BASIC PROGRAMMING IN ENGINEERING TECHNOLOGY
ENGR 46351 & ENGR 46352	NETWORK MANAGEMENT AND DESIGN and NETWORK MANAGEMENT AND DESIGN LABORATORY
ENGR 47200	SYSTEMS ENGINEERING
Minimum Total Credit Hours:	**15**

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate basic applied knowledge of cybersecurity, computer hardware, networking hardware and information technology security.

Cybersecurity Engineering - B.S.

College of Aeronautics and Engineering
School of Engineering
www.kent.edu/cae

About This Program

Want to design the systems that stand up to today's most sophisticated cyber threats? The Cybersecurity Engineering program goes beyond code, preparing students to design, build and reinforce resilient systems that detect, withstand and recover from attacks to protect the critical infrastructure that powers everything from aviation and healthcare to defense and automation. Read more...

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Examples of Possible Careers

- Application security engineer
- Cloud security engineer
- Cybersecurity architect
- Cybersecurity engineer
- Cyber risk analyst
- Digital forensics analyst
- Governance, risk and compliance (GRC) analyst
- Identity and access management (IAM) engineer
- Incident response specialist
- Information security engineer
- Malware analyst
- Network security engineer
- Penetration tester (ethical hacker)
- Security consultant
- Security operations center (SOC) analyst
- Security operations manager

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to the Cybersecurity Engineering major is selective.

New Students: Admission into this major requires:

- Minimum 3.0 high school GPA
- Completion of high school algebra II or a college-level algebra course with a minimum C grade

Students who do not meet the above requirements will be admitted to the **Computer Engineering Technology** major, provided they meet the minimum admission requirements.

Current Students: Students accepted into other Kent State programs may request to change their major to Cybersecurity Engineering once they meet the following criteria:

- Minimum 3.000 overall Kent State GPA (*starting with the fall 2026 admission term, minimum 12 credit hours completed at Kent State with a minimum 3.000 overall Kent State GPA is required)*
- Minimum C grade in both MATH 11022 and PHY 13001 (*starting with the fall 2026 admission term, minimum C grade in PHY 13001 is no longer required)*

Transfer Students: Admission into this major requires:

- Minimum 12 credit hours of college-level coursework
- Minimum 3.000 overall GPA
- Minimum C grade in both MATH 11022 and PHY 13001 (or their equivalents) (*starting with the fall 2026 admission term, minimum C grade in PHY 13001 is no longer required)*

Transfer students who have completed fewer than 12 credit hours of college-level coursework will be evaluated on both collegiate and high school records and must submit a final high school transcript.

Students from countries or schools that do not specify math topics on their transcripts must demonstrate a minimum C grade in all math courses.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

CHEM 10060	GENERAL CHEMISTRY I (KBS)	
CHEM 10970	HONORS GENERAL CHEMISTRY I (KBS)	
ESCI 21062	ENVIRONMENTAL EARTH SCIENCE (KBS)	
MATH 21001	LINEAR ALGEBRA	
MATH 21002	APPLIED LINEAR ALGEBRA	
MATH 22005	ANALYTIC GEOMETRY AND CALCULUS III	
MATH 32051	MATHEMATICAL METHODS IN THE PHYSICAL SCIENCES I	
PHY 32511	ELECTRONICS	
Kent Core Composition		6
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines)		6
Minimum Total Credit Hours:		**120**

1 ENGR 48099 and ENGR 48199 must be taken during the same academic year.

2 A minimum C grade must be earned to fulfill the writing-intensive requirement.

[3] Preferred option for students: CS 10062, CS 20062, MATH 20011, PHY 13001 (and lab), PHY 13002 (and lab).

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.500	2.250

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		**Credits**
	ENGR 11001	INTRODUCTION TO ENGINEERING	2
	ENGR 11002	INTRODUCTION TO ENGINEERING LABORATORY	1
	MATH 11022	TRIGONOMETRY (KMCR)	3
	UC 10001	FLASHES 101	1
	Computer Science Elective		4
	Kent Core Requirement		3
		Credit Hours	**14**
	Semester Two		
	COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
	ENGR 10005	INTRODUCTION TO CYBERSECURITY	3
	MATH 12002	ANALYTIC GEOMETRY AND CALCULUS I (KMCR)	5
	PHIL 21002	INTRODUCTION TO FORMAL LOGIC (KMCR)	3
	Kent Core Requirement		3
		Credit Hours	**17**
	Semester Three		
	ENGR 20000	PROFESSIONAL DEVELOPMENT IN ENGINEERING	1
	ENGR 28105	FUNDAMENTALS OF NETWORKED INFRASTRUCTURE	2
	ENGR 28106	FUNDAMENTALS OF NETWORKED INFRASTRUCTURE LABORATORY	1
	INS 29000	INTRODUCTION TO INSURANCE AND RISK	3
	PHY 13001 & PHY 13021 or PHY 23101	GENERAL COLLEGE PHYSICS I (KBS) and GENERAL COLLEGE PHYSICS LABORATORY I (KBS) (KLAB) or GENERAL UNIVERSITY PHYSICS I (KBS) (KLAB)	5
	Kent Core Requirement		3
		Credit Hours	**15**
	Semester Four		
	CS 23022 or MATH 23022	DISCRETE STRUCTURES FOR COMPUTER SCIENCE or DISCRETE STRUCTURES FOR COMPUTER SCIENCE	3
	PHY 13002 & PHY 13022 or PHY 23102	GENERAL COLLEGE PHYSICS II (KBS) and GENERAL COLLEGE PHYSICS LABORATORY II (KBS) (KLAB) or GENERAL UNIVERSITY PHYSICS II (KBS) (KLAB)	5
	Computer Science Elective		4
	Kent Core Requirement		3
		Credit Hours	**15**
	Semester Five		
	ENGR 38105	IOT SECURITY IN ENGINEERING SYSTEMS	2
	ENGR 38106	IOT SECURITY IN ENGINEERING SYSTEMS LABORATORY	1
	ENGR 47200	SYSTEMS ENGINEERING	3
	MATH 12003 or MATH 20011	ANALYTIC GEOMETRY AND CALCULUS II or DECISION-MAKING UNDER UNCERTAINTY	3-5
	MATH 30011	BASIC PROBABILITY AND STATISTICS	3
	Kent Core Requirement		3
		Credit Hours	**15**
	Semester Six		
	CIS 44041	MANAGING CYBERSECURITY	3
	CS 47221	INTRODUCTION TO CRYPTOLOGY	3
	ENGR 37777	CYBERSECURITY OPERATIONS	2

	Technical Upper-Division Elective (40000 level)		3
	Kent Core Requirement		3
		Credit Hours	**15**
		Minimum Total Credit Hours:	**120**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course

Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Identify, formulate and solve complex engineering problems by applying principles of engineering, science and mathematics.
2. Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety and welfare, as well as global, cultural, social, environmental and economic factors.
3. Communicate effectively with a range of audiences.
4. Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in a global, economic, environmental and societal context.
5. Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks and meet objectives.
6. Develop and conduct appropriate experimentation, analyze and interpret data and use engineering judgment to draw conclusions.
7. Acquire and apply new knowledge as needed, using appropriate learning strategies.

The educational objectives of the program are the following:

1. Drive positive change in the community by engaging in careers in the field of cybersecurity, information systems and other engineering disciplines in a manner that promotes excellence and integrity.
2. Practice forward-thinking through continued education by way of graduate education, professional development and other continued self-motivated learning.
3. Successfully navigate the ever-changing trajectory of the world, practicing compassion while striving to meet personal career goals.

Full Description

The Bachelor of Science degree in Cybersecurity Engineering prepares students with problem-solving skills and a resourceful mindset to tackle cybersecurity threats in engineering systems. The program provides students with a working knowledge of analysis and evaluation of components and systems with respect to security and maintaining operations in the presence of risks and threats, with an emphasis on engineered systems. Students gain the understanding and skills necessary to address security issues pertaining to stakeholder needs and requirements (from a system engineering perspective) considering the lifecycle of the system from the outset. Design and development of systems, their components and associated networks to increase trustworthiness is a driving concern.

Electronics - Minor

College of Aeronautics and Engineering
School of Engineering
www.kent.edu/cae

About This Program

The Electronics minor gives students a basic knowledge in programming, circuits, digital design, electronic devices and control of systems. It also illustrates how digital combinational and sequential circuits work and provides students with some applications of these types of circuits. The minor complements studies in computer science, physics and instrumentation, as well as student interest in a general background on how computers work.

Contact Information

ENGT 33095	SPECIAL TOPICS IN ENGINEERING TECHNOLOGY [1]	
Minimum Total Credit Hours:		**17**

[1] The following courses may be applied toward minor electives with college approval: CAE 22095, CAE 35095, EERT 22095, ENGT 33095.

[2] Students may apply a maximum of one of the following courses or course sequences toward minor electives: CS 13001, CS 13011 and CS 13012, EMAT 25310, ENGR 26220 and ENGR 26222, ENGR 46330.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Gain a basic knowledge of electronic components and their applications.
2. Gain a basic understanding of how to use components to control processes.

Engineering Technology - M.E.T.

College of Aeronautics and Engineering
School of Engineering
www.kent.edu/cae

About This Program

The Master of Engineering Technology degree offers a curriculum that provides students with advanced technical and management knowledge and skills to meet the needs of the technical workforce in industry and business. The program orients and educates students in critical emerging areas of engineering, including additive manufacturing, sustainable energy, materials selection, quality systems, systems engineering, computer aided-manufacturing and design, industrial automation and robotics, information technology and network management and business analytics.

Examples of Possible Careers and Salaries*

Aerospace engineering and operations technologists and technicians

- 7.0% faster than the average
- 11,900 number of jobs
- $68,570 potential earnings

Calibration technologists and technicians and engineering technologists and technicians, except drafters, all other

- 2.1% slower than the average
- 91,600 number of jobs
- $64,190 potential earnings

Civil engineering technologists and technicians

- 2.5% slower than the average
- 70,900 number of jobs
- $54,080 potential earnings

Electrical and electronic engineering technologists and technicians

- 1.5% slower than the average
- 125,800 number of jobs
- $67,550 potential earnings

Electro-mechanical and mechatronics technologists and technicians

- 3.0% about as fast as the average
- 14,600 number of jobs
- $59,800 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university[1]
- Minimum 2.750 undergraduate GPA on a 4.000-point scale[1]
- Official transcript(s)
- Goal statement (one page) describing applicant's background, interests, and goals, and how this program will help to achieve those goals
- Three letters of recommendation[2]
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[3]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

An admissions committee of the College of Aeronautics and Engineering graduate faculty review all applications. Admission will be considered by examination of the applicant's background on an individual basis. Applicants with deficiencies may be admitted conditionally, which may include a requirement for completion of appropriate undergraduate coursework that will not count toward the master's degree.

1 In exceptional cases, an applicant without a technical degree or with a composite GPA below 2.750 may be admitted conditionally based on strong letters of recommendation or significant experience related to the intended area of study. These applicants should submit any additional information that may assist the admissions committee in assessing their academic, technical or professional background and abilities. The additional information may include a résumé or professional portfolio summarizing any relevant technical competencies, professional experience, and any academic and professional achievements in areas related to the applicant's intended studies.

2 The letters should come from an individual familiar with the applicant's academic or professional background and abilities. The letters should attest to the applicant's potential to complete graduate work successfully. Letters of recommendation from persons who are experienced professionals in the applicant's intended field of study or in a closely related area are acceptable. Recommendations from former or current professors are preferred.

3 International applicants who do not meet the above test scores may be considered for conditional admission.

Application Deadlines

- **Fall Semester**
  - Application deadline: March 1
- **Spring Semester**
  - Application deadline: August 1

All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted after these deadlines will be considered on a space-available basis.

Robotics Specialization		
ENGR 60092	INDUSTRIAL PRACTICE [3]	
ENGR 62610	INDUSTRIAL ROBOTICS AND VISION SYSTEMS	
ENGR 62611	INDUSTRIAL ROBOTICS AND VISION SYSTEMS LABORATORY	
ENGR 62620	INDUSTRIAL AUTOMATION AND CONTROL	
ENGR 62621	INDUSTRIAL AUTOMATION AND CONTROL LABORATORY	
Quality Specialization		
ENGR 60020	QUALITY STANDARDS	
ENGR 65270	HUMAN FACTORS ENGINEERING	
ENGR 65550	DESIGN AND ANALYSIS OF EXPERIMENTS IN TECHNOLOGY	
ENGR 65700	APPLIED RELIABILITY ENGINEERING	

Culminating Requirement		
Choose from the following:		3-4
ENGR 52710 & ENGR 52711	ADDITIVE MANUFACTURING AND 3D PRINTING and ADDITIVE MANUFACTURING AND 3D PRINTING LABORATORY	
ENGR 60092	INDUSTRIAL PRACTICE	
Minimum Total Credit Hours:		**30**

[1] Students who have completed the undergraduate equivalent of the graduate course may not take the graduate course toward the degree. Example, students who completed ENGR 47200 may not take ENGR 57200.

[2] Students with prior coursework in statistics may be approved to take MATH 50015 as an alternative to MATH 50012. Students must contact the Department of Mathematical Sciences to request a prerequisite override to register for graduate math courses.

[3] Students who want to take both the Industrial Practice and Additive Manufacturing culminating requirements may have ENGR 60092 count as a major elective.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Apply engineering and technology management principles and practices.
2. Conduct planning, organizing, decision-making and management of technology and complex systems.
3. Apply problem-solving and creative-thinking skills in technical and interdisciplinary settings.
4. Conduct design, business analysis, statistical analysis and the development and implementation of applied engineering and technology in various engineering, science and technology venues.

Dual Degree with Master of Business Administration

Students have the opportunity to complete a dual degree program with the Master of Engineering Technology degree and the Master of Business Administration degree. A separate application must be submitted for each program. Students can view admission requirements for each program on their respective catalog page.

The M.B.A./M.E.T. dual degree is designed for students with the dual goal of pursuing the a highly technical degree while at the same time preparing for a career that will hold increasing levels of management positions.

Dual Degree Requirements

Code	Title	Credit Hours
Major Requirements		
ACCT 63037	FINANCIAL ACCOUNTING FOR DECISION MAKING	2
ACCT 63038	MANAGERIAL ACCOUNTING FOR DECISION MAKING	2

or ENGR 60092	INDUSTRIAL PRACTICE	
MGMT 64399	BUSINESS STRATEGY	3
Minimum Total Credit Hours:		**56**

[1] MGMT 68051 may be waived for students with at least two years of full-time work experience. Students waived the course may graduate with 55 credit hours.

Industrial Engineering Technology - B.S.

College of Aeronautics and Engineering
School of Engineering
www.kent.edu/cae

About This Program

Ready to improve how the world works one system at a time? The Industrial Engineering Technology program focuses on the practical application of engineering principles to optimize processes, increase efficiency and solve complex challenges for manufacturing, logistics, healthcare and beyond. - **Location:**
  - Kent Campus

Examples of Possible Careers and Salaries*

Architectural and engineering managers

- 2.6% slower than the average
- 198,100 number of jobs
- $149,530 potential earnings

Cost estimators

- -1.5% decline
- 214,200 number of jobs
- $66,610 potential earnings

Industrial engineering technologists and technicians

- 1.5% slower than the average
- 68,500 number of jobs
- $57,320 potential earnings

Industrial engineers

- 10.1% much faster than the average
- 295,800 number of jobs
- $88,950 potential earnings

Industrial production managers

- 0.9% little or no change
- 190,100 number of jobs
- $108,790 potential earnings

Logisticians

- 4.4% about as fast as the average
- 188,200 number of jobs
- $76,270 potential earnings

Occupational health and safety specialists

- 3.8% about as fast as the average
- 100,500 number of jobs
- $76,340 potential earnings

Occupational health and safety technicians

- 4.8% about as fast as the average
- 22,100 number of jobs
- $53,340 potential earnings

Operations research analysts

- 24.8% much faster than the average
- 105,100 number of jobs
- $86,200 potential earnings

Additional careers

- Manufacturing engineer
- Metal and plastic machine worker
- Process analyst
- Quality control inspector

Accreditation

The B.S. degree in Industrial Engineering Technology is accredited by the Association of Technology, Management and Applied Engineering (ATMAE). The College of Aeronautics and Engineering is accredited as a "Certified School" by the Foundry Educational Foundation (fefinc.org).

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

Note: Students admitted to the program are expected to demonstrate prerequisite knowledge on a math placement assessment (the ALEKS math assessment) prior to registering for their first semester. Students who fail to obtain the minimum score required to place into the required math courses are at risk of delaying graduation.

Kent Core Composition		6
Kent Core Humanities and Fine Arts (minimum one course from each)		9
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours) [5]		11
Minimum Total Credit Hours:		**120**

1. Some course options may require coursework outside of this program.
2. A minimum C grade must be earned to fulfill the writing-intensive requirement.
3. Preferred option for students: ENGR 13586, ENGR 13587, ENGR 20002, ENGR 21020, ENGR 21022, ENGR 30001, ENGR 33111.
4. Students scoring 34 or below on the ALEKS math assessment are required to enroll in CAE 12260 until they successfully complete MATH 00022.
5. Students are encouraged to declare a minor to fulfill general electives. Suggestions include, but are not limited to, Innovation, Management, Sustainability or a foreign language minor.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.250	2.000

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
	CAE 12260	SOLVING PROBLEMS IN AERONAUTICS AND ENGINEERING	1
	ENGR 13586 & ENGR 13587 or MERT 12001	COMPUTER AIDED DESIGN I and COMPUTER AIDED DESIGN I LABORATORY or COMPUTER-AIDED DESIGN	3
	ENGR 20002 or MERT 12004	MATERIALS AND PROCESSES or MANUFACTURING PROCESSES	3
!	MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	3
	UC 10001	FLASHES 101	1

		Minimum Total Credit Hours:	**120**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	

Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Apply knowledge, techniques, skills and modern tools of mathematics, science, engineering and technology to solve broadly defined engineering problems appropriate to the discipline.
2. Design systems, components or processes meeting specified needs for broadly defined engineering problems appropriate to the discipline.
3. Apply written, oral and graphical communication in broadly defined technical and non-technical environments, and an ability to identify and use appropriate technical literature.
4. Conduct standard tests, measurements and experiments and analyze and interpret the results to improve processes.
5. Function effectively as a member as well as a leader on technical teams.

The educational objectives of the program are the following:

1. Drive positive change in the community by engaging in careers in the areas of manufacturing, quality, engineering management, foundry operations or related fields in a manner that promotes excellence and integrity.
2. Practice forward-thinking through continued education by way of professional development, graduate education and other continued self-motivated learning.
3. Successfully navigate the ever-changing trajectory of the world, practicing compassion while meeting personal and professional goals.

Full Description

The Bachelor of Science degree in Industrial Engineering Technology successfully prepares graduates to apply basic engineering principles, skills and management practices using a systems approach to provide leadership and applied solutions to technical problems addressing societal needs and challenges. The program provides students instruction in basic math and science, engineering principles, processes and project and supply chain management. Students learn in the classroom as well as through hands-on activities and experiments.

This program can function as a completer degree for students with an associate degree in engineering technology.

Students may apply early to the Master of Engineering Technology degree and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program Policy in the University Catalog for more information.

Innovation - Minor

College of Aeronautics and Engineering
School of Engineering
www.kent.edu/cae

About This Program

The Innovation minor is an interdisciplinary program that addresses the need to use innovation to solve many pressing problems in manufacturing, science, business and technology.

Contact Information

- Speak with an Advisor

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

Program Requirements

Minor Requirements

Code	Title	Credit Hours
Minor Requirements		
DI 20100	INTRODUCTION TO DESIGN INNOVATION	3
ENGR 27210	INTRODUCTION TO SUSTAINABILITY	3
Minor Electives, choose from the following:		9
DI 20020	BE SMARTER THAN YOUR SMARTPHONE	
DI 30099	CHALLENGE-BASED INNOVATION (ELR)	
DI 49995	SPECIAL TOPICS IN DESIGN INNOVATION	
DI 49999	DESIGN INNOVATION GRAND CHALLENGES STUDIO PROJECT (ELR)	
ENGR 13586 & ENGR 13587	COMPUTER AIDED DESIGN I and COMPUTER AIDED DESIGN I LABORATORY	
or MERT 12001	COMPUTER-AIDED DESIGN

ENTR 37070	SOCIAL ENTREPRENEURSHIP	
UXD 20001	INTRODUCTION TO USER EXPERIENCE DESIGN	
UXD 40104	USABILITY	
Minimum Total Credit Hours:		**15**

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.500	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Utilize basic analytical skills, intuition and creative thinking to develop practical ethical solutions to real world problems.
2. Apply various problem-solving methodologies and strategies with regards to innovation, while considering impacts to business, planning and sustainability.

Mechanical Engineering Technology - B.S.

College of Aeronautics and Engineering
School of Engineering
www.kent.edu/cae

About This Program

Ready to turn ideas into real-world solutions? The Mechanical Engineering Technology program combines applied design, testing and manufacturing with hands-on experience with systems such as fluid dynamics, materials testing and industrial automation across industries like aerospace, automotive, energy and advanced manufacturing. Accreditation

The B.S. degree in Mechanical Engineering Technology is accredited by the Association of Technology, Management and Applied Engineering (ATMAE).

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to the Mechanical Engineering Technology major is selective.

New Students: Admission into this major requires a minimum 2.700 unweighted high school GPA. Students who do not meet this requirement will be admitted to the Industrial Engineering Technology major. Students may change their major to Mechanical Engineering Technology after satisfying the below requirements for current students.

Note: Applicants should understand that this is a math-intensive program. Students admitted to the program are expected to demonstrate prerequisite knowledge on a math placement exam (the ALEKS exam) prior to starting their first semester. Students who do not obtain the

minimum score required to place into the required math courses are at risk of delaying graduation.

Current Students: Students may change their major to Mechanical Engineering Technology if they meet the following criteria:

- Minimum 2.500 overall Kent State GPA
- Minimum C grade in both ENGR 11001 and ENGR 11002
- Minimum C grade in either MATH 11022 or MATH 12011

Transfer Students: Transfer students must have completed minimum 12 credit hours of college-level coursework with a minimum 2.500 overall GPA for admission to the Mechanical Engineering Technology major. Students with less than 12 credit hours completed will be evaluated based on their high school transcript using the criteria in the above "new student" section.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

ENGR 15300 & ENGR 15301	ENGINEERING COMPUTING AND PROBLEM SOLVING and ENGINEERING COMPUTING AND PROBLEM SOLVING LABORATORY	
ENGR 26220 & ENGR 26222	PROGRAMMING FOR ENGINEERS and PROGRAMMING FOR ENGINEERS LABORATORY	
Additional Requirements (courses do not count in major GPA)		
ACCT 23020	INTRODUCTION TO FINANCIAL ACCOUNTING	3
CAE 12260	SOLVING PROBLEMS IN AERONAUTICS AND ENGINEERING [3]	1-3
CHEM 10050	FUNDAMENTALS OF CHEMISTRY (KBS)	3
or CHEM 10060	GENERAL CHEMISTRY I (KBS)	
or CHEM 10970	HONORS GENERAL CHEMISTRY I (KBS)	
COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
ECON 22060	PRINCIPLES OF MICROECONOMICS (KSS)	3
ENG 20002	INTRODUCTION TO TECHNICAL WRITING	3
PHY 13001 & PHY 13021	GENERAL COLLEGE PHYSICS I (KBS) and GENERAL COLLEGE PHYSICS LABORATORY I (KBS) (KLAB) [4]	5
or PHY 23101	GENERAL UNIVERSITY PHYSICS I (KBS) (KLAB)	
PHY 13002 & PHY 13022	GENERAL COLLEGE PHYSICS II (KBS) and GENERAL COLLEGE PHYSICS LABORATORY II (KBS) (KLAB) [4]	5
or PHY 23102	GENERAL UNIVERSITY PHYSICS II (KBS) (KLAB)	
UC 10001	FLASHES 101	1
Mathematics Electives, choose from the following: [5]		6-8
MATH 11022 & MATH 12002	TRIGONOMETRY (KMCR) and ANALYTIC GEOMETRY AND CALCULUS I (KMCR)	
MATH 12011 & MATH 12012	CALCULUS WITH PRECALCULUS I (KMCR) and CALCULUS WITH PRECALCULUS II (KMCR)	
Kent Core Composition		6
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines) (cannot be ECON)		3
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours)		5
Minimum Total Credit Hours:		**120**

1 Preferred option for students: ENGR 13586, ENGR 13587, ENGR 20002, ENGR 21020, ENGR 21022, ENGR 30001 and ENGR 33111. Some options may require coursework outside of this program.

2 A minimum C grade must be earned to fulfill the writing-intensive requirement.

3 Students scoring 34 or below on the ALEKS math assessment are required to enroll in CAE 12260 until they successfully complete MATH 00022.

[4] Students who desire to change their major to Aerospace Engineering or Mechatronics Engineering should take PHY 23101 and PHY 23102. Failing to do so may result in having to retake physics to complete their degree. PHY 23101 and PHY 23102 require coursework outside the major. Students planning to remain in the Mechanical Engineering Technology program should take PHY 13001, PHY 13002, PHY 13021 and PHY 13022.

[5] MATH 12011 and MATH 12012 are the preferred math electives for this program. However, students wishing to change their major to Aerospace Engineering or Mechatronics Engineering should take MATH 11022 and MATH 12002 to avoid additional coursework.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.250	2.000

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Semester One		Credits
CAE 12260	SOLVING PROBLEMS IN AERONAUTICS AND ENGINEERING	1
COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
ENGR 13586 & ENGR 13587 or MERT 12001	COMPUTER AIDED DESIGN I and COMPUTER AIDED DESIGN I LABORATORY or COMPUTER-AIDED DESIGN	3
UC 10001	FLASHES 101	1
Mathematics Elective		3-5
Kent Core Requirement		3
Kent Core Requirement		3
	Credit Hours	**17**
Semester Two		
ENGR 11001	INTRODUCTION TO ENGINEERING	2
ENGR 11002	INTRODUCTION TO ENGINEERING LABORATORY	1
ENGR 23585	COMPUTER AIDED DESIGN II	3
PHY 13001 & PHY 13021 or PHY 23101	GENERAL COLLEGE PHYSICS I (KBS) and GENERAL COLLEGE PHYSICS LABORATORY I (KBS) (KLAB) or GENERAL UNIVERSITY PHYSICS I (KBS) (KLAB)	5
Mathematics Elective		3-5
	Credit Hours	**14**
Semester Three		
CHEM 10050 or CHEM 10060 or CHEM 10970	FUNDAMENTALS OF CHEMISTRY (KBS) or GENERAL CHEMISTRY I (KBS) or HONORS GENERAL CHEMISTRY I (KBS)	3
ECON 22060	PRINCIPLES OF MICROECONOMICS (KSS)	3
ENGR 20000	PROFESSIONAL DEVELOPMENT IN ENGINEERING	1
ENGR 20002 or MERT 12004	MATERIALS AND PROCESSES or MANUFACTURING PROCESSES	3
PHY 13002 & PHY 13022 or PHY 23102	GENERAL COLLEGE PHYSICS II (KBS) and GENERAL COLLEGE PHYSICS LABORATORY II (KBS) (KLAB) or GENERAL UNIVERSITY PHYSICS II (KBS) (KLAB)	5
	Credit Hours	**15**
Semester Four		
ACCT 23020	INTRODUCTION TO FINANCIAL ACCOUNTING	3
ENG 20002	INTRODUCTION TO TECHNICAL WRITING	3
Electrical Circuits Electives		4-7
Kent Core Requirement		3
Kent Core Requirement		3
	Credit Hours	**16**
Semester Five		
ENGR 30001 or MERT 42000	APPLIED THERMODYNAMICS or THERMODYNAMICS FOR ENGINEERING TECHNOLOGY	3
ENGR 33031	PROGRAMMABLE LOGIC CONTROLLERS	3
ENGR 33111 or MERT 22005 ***and*** MERT 22007	STATICS AND STRENGTH OF MATERIALS or STATICS ***and*** STRENGTH OF MATERIALS	3-6
ENGR 35550	LAW AND ETHICS FOR ENGINEERS	2
ENGR 47200	SYSTEMS ENGINEERING	3
	Credit Hours	**14**
Semester Six		
ENGR 33033	HYDRAULICS/PNEUMATICS	3
ENGR 33364	METALLURGY AND MATERIALS SCIENCE	3
Programming Elective		3-4
Kent Core Requirement		3
Kent Core Requirement		3
	Credit Hours	**15**
Semester Seven		
ENGR 31016	MANUFACTURING TECHNOLOGY	3
ENGR 33700	QUALITY TECHNIQUES	3
ENGR 43550	COMPUTER-AIDED MANUFACTURING	3
ENGR 43580	COMPUTER-AIDED MACHINE DESIGN	3
Engineering (ENGR) Elective		3
	Credit Hours	**15**
Semester Eight		
ENGR 43080	INDUSTRIAL AND ENVIRONMENTAL SAFETY	3
ENGR 43899	ENGINEERING TECHNOLOGY CAPSTONE (ELR) (WIC)	3
Engineering (ENGR) Elective		3
General Electives		5
	Credit Hours	**14**
	Minimum Total Credit Hours:	**120**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Apply knowledge, techniques, skills and modern tools of mathematics, science, engineering and technology to solve broadly defined engineering problems appropriate to the discipline.
2. Design systems, components or processes meeting specified needs for broadly defined engineering problems appropriate to the discipline.
3. Apply written, oral and graphical communication in broadly defined technical and non-technical environments, and an ability to identify and use appropriate technical literature.
4. Conduct standard tests, measurements and experiments and analyze and interpret the results to improve processes.
5. Function effectively as a member as well as a leader on technical teams.

The educational objectives of the program are the following:

1. Drive positive societal change while working in the areas of mechanical, robotic systems, hydraulics, pneumatics and automation, including other engineering technology fields in a manner that promotes excellence, integrity and success.
2. Practice forward-thinking through continued education by way of professional development, graduate education and other continued self-motivated learning.
3. Successfully navigate the ever-changing trajectory of the world, practicing compassion as you strive to meet your personal and professional goals.

Full Description

The Bachelor of Science degree in Mechanical Engineering Technology prepares graduates with knowledge across engineering technology disciplines for professional careers in mechanical, robotic systems, hydraulics, pneumatics, automation and other related fields that provide solutions to broadly defined challenges. The program teaches design, operation, installation, maintenance and analysis of machinery. This is an engineering technology degree that focuses on hands-on applications and not a traditional mechanical engineering degree. The program prepares students to become technical professionals in current and emerging fields using mechanical and computer-aided engineering. Students learn to develop innovative solutions to problems encountered in manufacturing.

Applicants to this program should understand that this is a math-intensive program.

Students may apply early to the Master of Engineering Technology degree and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program Policy in the University Catalog for more information.

School of Engineering
www.kent.edu/cae

About This Program

Excited by the future of robotics, automation and intelligent systems? The Mechatronics Engineering program fuses mechanical, electrical and computer engineering to prepare students to design the smart machines powering advanced manufacturing, autonomous vehicles and next generation technologies. Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Examples of Possible Careers and Salaries*

Electrical engineers

- 4.6% about as fast as the average
- 193,100 number of jobs
- $100,830 potential earnings

Electronics engineers, except computer

- 1.4% slower than the average
- 134,900 number of jobs
- $107,540 potential earnings

Electro-mechanical and mechatronics technologists and technicians

- 3.0% about as fast as the average
- 14,600 number of jobs
- $59,800 potential earnings

Industrial engineers

- 10.1% much faster than the average
- 295,800 number of jobs
- $88,950 potential earnings

Mechanical engineers

- 3.9% about as fast as the average
- 316,300 number of jobs
- $90,160 potential earnings

Additional careers

- Automation engineer
- Automation technician
- Autonomous systems engineer
- Controls engineer
- Controls systems engineer
- Digital twin engineer
- Electromechanical engineer
- Embedded systems engineer
- Engineering and design roles
- Field robotics engineer
- Human-robot interaction (HRI) specialist
- Mechatronics product developer
- Quality control inspector
- Robotics applications engineer
- Robotics engineer
- Robotics systems integrator
- Robotics test engineer
- Systems integration engineer

Accreditation

The Bachelor of Science degree in Mechatronics Engineering is accredited by the Engineering Accreditation Commission of ABET, www.abet.org, under the General Criteria.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to the Mechatronics Engineering major is selective. Applicants should understand that this is a math-intensive program, and the roadmap assumes students start with MATH 12002 their first semester. Students admitted to the program are expected to demonstrate prerequisite knowledge on a math placement assessment (the ALEKS math assessment) or via other means (e.g., AP, IB, CLEP, A levels) prior to registering for their first semester. Students who do not place into MATH 12002 will likely take longer than eight semesters to complete the program.

New Students: Admission into this major requires:

- Minimum 3.0 high school GPA
- Clear demonstration of an ability to be placed directly into MATH 12002 (or its equivalent); this will occur if the student is currently taking or has taken a calculus, pre-calculus or trigonometry course with a minimum C grade *(starting with the fall 2026 admission term, a minimum C grade in all math courses listed on the high school transcript (e.g., trigonometry, algebra, geometry) is required)*

Students who do not meet the above requirements will be admitted to the Mechatronics Engineering Technology major, provided they meet the minimum admission requirements.

Current Students: Students accepted into other Kent State programs may request to change their major to Mechatronics Engineering once they meet the following criteria:

- Minimum 3.000 overall Kent State GPA (*starting with the fall 2026 admission term, minimum 12 credit hours completed at Kent State with a minimum 3.000 overall Kent State GPA is required)*
- Minimum C grade in both MATH 12002 and PHY 23101 *(starting with the fall 2026 admission term, minimum B grade in MATH 11022 OR minimum C grade in MATH 12002 is required)*

Transfer Students: Admission into this major requires:

- Minimum 12 credit hours of college-level coursework
- Minimum 3.000 overall GPA
- Minimum C grade in both MATH 12002 and PHY 23101 (or their equivalents)*(starting with the fall 2026 admission term, minimum B grade in MATH 11022 OR minimum C grade in MATH 12002 or their equivalents is required)*

Transfer students who have completed fewer than 12 credit hours of college-level coursework will be evaluated on both collegiate and high school records and must submit a final high school transcript.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency

test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements (courses count in major GPA)		
ENGR 11001	INTRODUCTION TO ENGINEERING	2
ENGR 11002	INTRODUCTION TO ENGINEERING LABORATORY	1

ENGR 35500	SIGNALS AND CIRCUITS	3
ENGR 35501	SIGNALS AND CIRCUITS LABORATORY	1
ENGR 42111	STRENGTH OF MATERIALS FOR ENGINEERS	3
ENGR 42363	MATERIALS SELECTION IN DESIGN AND APPLICATIONS	3
ENGR 43030	MECHATRONICS	3
ENGR 43099	MECHATRONICS CAPSTONE (ELR) (WIC) [1,2]	3-6
or ENGR 48099 & ENGR 48199	ENGINEERING CAPSTONE I (ELR) and ENGINEERING CAPSTONE II (ELR) (WIC)	
ENGR 43220	ELECTRICAL MACHINERY	3
ENGR 43580	COMPUTER-AIDED MACHINE DESIGN	3
ENGR 47200	SYSTEMS ENGINEERING	3
Programming Elective, choose from the following:		3-4
CS 13001	COMPUTER SCIENCE I: PROGRAMMING AND PROBLEM SOLVING	
CS 13011 & CS 13012	COMPUTER SCIENCE IA: PROCEDURAL PROGRAMMING and COMPUTER SCIENCE IB: OBJECT ORIENTED PROGRAMMING	
ENGR 26220 & ENGR 26222	PROGRAMMING FOR ENGINEERS and PROGRAMMING FOR ENGINEERS LABORATORY	
Additional Requirements (courses do not count in major GPA)		
COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
MATH 12002	ANALYTIC GEOMETRY AND CALCULUS I (KMCR) (min C grade)	5
MATH 12003	ANALYTIC GEOMETRY AND CALCULUS II (min C grade)	5
MATH 21001	LINEAR ALGEBRA (min C grade)	3
MATH 22005	ANALYTIC GEOMETRY AND CALCULUS III (min C grade)	4
MATH 32044	ORDINARY DIFFERENTIAL EQUATIONS (min C grade)	3
PHY 23101	GENERAL UNIVERSITY PHYSICS I (KBS) (KLAB) (min C grade) [3]	5
PHY 23102	GENERAL UNIVERSITY PHYSICS II (KBS) (KLAB) (min C grade) [3]	5
UC 10001	FLASHES 101	1
Kent Core Composition		6
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines)		6
Kent Core Additional		3
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours)		4
Minimum Total Credit Hours:		**120**

1. A minimum C grade must be earned to fulfill the writing-intensive requirement.
2. Students wishing to take the full-year capstone option (ENGR 48099 and ENGR 48199) must take the sequence during consecutive semesters. ENGR 48099 is only offered during the fall semester and ENGR 48199 is only offered during the spring semester.
3. PHY 23101 and PHY 23102 are required for this program. No credit will be given to students who take other physics courses. Students who change their major to Mechatronics Engineering from another program should understand that choosing to take a different physics sequence may result in up to 10 additional credit hours of required work.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.750	2.500

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Identify, formulate and solve complex engineering problems by applying principles of engineering, science and mathematics.
2. Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety and welfare, as well as global, cultural, social, environmental and economic factors.
3. Communicate effectively with a range of audiences.
4. Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental and societal contexts.
5. Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks and meet objectives.
6. Develop and conduct appropriate experimentation, analyze and interpret data and use engineering judgment to draw conclusions.
7. Acquire and apply new knowledge as needed, using appropriate learning strategies.

The educational objectives of the program are the following:

1. Drive positive change in the community by engaging in careers in mechatronics, automation, systems and other engineering fields in a robust manner that promotes excellence and integrity.
2. Practice forward-thinking through continued education by way of graduate education, professional development and other continued self-motivated learning.
3. Successfully navigate the ever-changing trajectory of the world, practicing compassion while striving to meet personal career goals.

Full Description

The Bachelor of Science degree in Mechatronics Engineering successfully prepares graduates with knowledge across engineering disciplines for professional careers in mechatronics, controls, robotics, automation and other engineering fields that provide solutions to technical challenges and address societal needs. The program integrates mechanical, electrical, computer and controls engineering to understand automated machinery, specifically, how to design it and make it work. Mechatronics engineering revolves around the design, construction and operation of automated systems, robots and intelligent products, which result from the integration of software and hardware.

Using automated systems is becoming more popular for operating equipment or machinery on manufacturing lines, boilers and aircraft to reduce labor costs; increase precision and accuracy; and provide quality and safety for workers. Mechatronic devices can be found in agriculture, hospitals, buildings, homes, automobiles, manufacturing plants, the toy and entertainment industry and aids for the elderly and disabled.

Applicants to this program should understand that this is a math-intensive program.

Students may apply early to the M.S. degree in Mechatronics Engineering and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program Policy in the University Catalog for more information.

Mechatronics Engineering - M.S.

College of Aeronautics and Engineering
School of Engineering
www.kent.edu/cae

About This Program

The Master of Science degree in Mechatronics Engineering provides an advanced theoretical and/or research-oriented curriculum with significant depth in a mechatronics-related discipline, beyond the general fundamentals of the engineering bachelor's degree.

  - Kent Campus

Examples of Possible Careers and Salaries*

Mechanical engineers

- 3.9% about as fast as the average
- 316,300 number of jobs
- $90,160 potential earnings

Electrical engineers

- 4.6% about as fast as the average
- 193,100 number of jobs
- $100,830 potential earnings

Engineering teachers, postsecondary

- 8.6% much faster than the average
- 44,600 number of jobs
- $103,600 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree in mechatronics engineering or a closely related area (e.g., electrical engineering or mechanical engineering) from an accredited college or university[1]
- Minimum 2.750 undergraduate GPA on a 4.000-point scale
- Official transcript(s) from each institution in which 8+ semester credit hours were attempted
- Goal statement[2]
- Three letters of recommendation[2]
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[3]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] Applicants with a bachelor's degree in engineering technology or a non-engineering STEM discipline may be considered for admission before or after completing additional coursework as determined on a case-by-case basis. Applicants should reach out to the College of Aeronautics and Engineering via email (caegraduatestudies@kent.edu) for more information.

[2] Current Kent State undergraduate students who want to apply to the combined B.S./M.S. degree program should contact the College of Aeronautics and Engineering via email (caegraduatestudies@kent.edu)

to discuss the process and request waivers for certain admission requirements.

3 International applicants who do not meet the above test scores may be considered for conditional admission.

Application Deadlines

- **Fall Semester**
  - Application deadline: March 1
    All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted after this deadline will be considered on a space-available basis.
- **Spring Semester**
  - Rolling admissions

ENGR 68102	INTELLIGENT SENSING AND PLANNING OF UNMANNED AERIAL SYSTEMS	
Other courses with approval from advisor and graduate program representative		
Mathematics Elective, choose from the following: [1,3]		3
MATH 50015	APPLIED STATISTICS	
MATH 52011	MATHEMATICAL OPTIMIZATION	
MATH 52031	MATHEMATICAL MODELS AND DYNAMICAL SYSTEMS	
MATH 52045	PARTIAL DIFFERENTIAL EQUATIONS	
MATH 52201	NUMERICAL LINEAR ALGEBRA	
MATH 52202	NUMERICAL APPROXIMATION AND OPTIMIZATION	
Culminating Requirement		
Choose from the following:		9
Thesis Option [4]		
ENGR 65098	RESEARCH	
ENGR 65199	THESIS I	
Non-Thesis Option [5]		
ENGR 65098	RESEARCH	
Graduate Electives (from courses listed above)		
Minimum Total Credit Hours:		**31**

1 Students who have completed the undergraduate equivalent of the graduate course may not take the graduate course toward the degree. Example, students who completed ENGR 42410 may not take ENGR 52410.

2 Students who completed ENGR 43030 may not take ENGR 53030 toward the degree. Instead, they must discuss an appropriate alternative with their advisor, to be approved by the graduate program representative.

3 Before registering for a mathematics (MATH) course, students must contact the Department of Mathematical Sciences to request a prerequisite override.

4 Students selecting the thesis option complete 3 credit hours of ENGR 65098 and must continually register for ENGR 65199 for maximum 6 credit hours toward the degree (students may need to

register for ENGR 65299 to complete the thesis requirement; however, those credit hours do not, under any circumstances, count toward the degree).

[5] Students selecting the non-thesis option complete 3 credit hours of ENGR 65098 and 6 credit hours from the elective options in the program. At minimum, the non-thesis activity requires a report and presentation and/or demonstration.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Conduct literature searches, comprehend advanced research materials and uncover connections between related work.
2. Perform research, discovery and integration by applying advanced knowledge of mechatronics engineering.
3. Communicate problems and solutions in mechatronics engineering clearly, both verbally and in writing.

Mechatronics Engineering - Ph.D.

College of Aeronautics and Engineering
School of Engineering
www.kent.edu/cae

About This Program

The Ph.D. degree in Mechatronics Engineering provides an advanced theoretical and/or research-oriented curriculum with significant depth in mechatronics-related discipline, beyond the general fundamentals of the engineering bachelor's degree.

  - In person
- **Location:**
  - Kent Campus

Examples of Possible Careers and Salaries*

Engineering teachers, postsecondary

- 8.6% much faster than the average
- 44,600 number of jobs
- $103,600 potential earnings

Engineers, all other

- 1.3% slower than the average
- 170,100 number of jobs
- $103,380 potential earnings

Electronics engineers, except computer

- 1.4% slower than the average
- 134,900 number of jobs
- $107,540 potential earnings

Electrical engineers

- 4.6% about as fast as the average
- 193,100 number of jobs
- $100,830 potential earnings

Mechanical engineers

- 3.9% about as fast as the average
- 316,300 number of jobs
- $90,160 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's or master's degree in mechatronics engineering or closely related area (e.g., electrical engineering or mechanical engineering) from an accredited college or university
- Minimum 3.000 GPA on a 4.000-point scale
- Official transcript(s) from each institution in which 8+ semester credit hours were attempted
- Goal statement
- Three letters of recommendation
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[1]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] International applicants who do not meet the above test scores may be considered for conditional admission.

Application Deadlines

- **Fall Semester**
  - Application deadline: March 1

All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted after this deadline will be considered on a space-available basis.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements		
ENGR 81091	GRADUATE SEMINAR (taken for 3 credit hours total)	3
Advisor-approved courses in or outside the College of Aeronautics and Engineering [1]		0-30
Major Electives, choose from the following:		18
Engineering		
ENGR 72410	ENGINEERING OPTIMIZATION	
ENGR 73030	MECHATRONICS	
ENGR 75270	HUMAN FACTORS ENGINEERING	
ENGR 75400	ADVANCED DYNAMICS	
ENGR 75401	VIBRATIONS	
ENGR 78005	LINEAR SYSTEM ANALYSIS AND CONTROL	
Control Systems		
ENGR 78006	NONLINEAR SYSTEMS AND CONTROL	
ENGR 78007	DIGITAL CONTROL SYSTEMS	
ENGR 78008	INTRODUCTION TO ROBUST CONTROL	
ENGR 88004	OPTIMAL CONTROL THEORY	
Robotics and Automation		
CS 73334	HUMAN-ROBOT INTERACTION	
ENGR 72620	INDUSTRIAL AUTOMATION AND CONTROL	
ENGR 77300	MEDICAL ROBOTICS	
ENGR 77400	ROBOTICS: KINEMATICS AND DESIGN	
ENGR 78101	AUTONOMOUS UNMANNED AERIAL SYSTEMS	
Machine Intelligence		
CS 74201	ADVANCED ARTIFICIAL INTELLIGENCE	
ENGR 78010	MACHINE VISION	
ENGR 78102	INTELLIGENT SENSING AND PLANNING OF UNMANNED AERIAL SYSTEMS	
Other courses with approval from advisor and graduate program representative		
Culminating Requirements		
ENGR 85098	RESEARCH (taken for 9 credit hours total)	9
ENGR 85199	DISSERTATION I [2]	30
Minimum Total Credit Hours for Post-Baccalaureate Students:		**90**
Minimum Total Credit Hours for Post-Master's Students:		**60**

[1] Post-baccalaureate students may apply toward the 30 credit hours a maximum 15 credit hours of coursework outside the College of Aeronautics and Engineering and 9 credit hours of research (maximum 18 credit hours total of research toward the degree).

[2] Each doctoral candidate, upon admission to candidacy, must register for ENGR 85199 for a total of 30 credit hours. It is expected that a doctoral candidate will continuously register for ENGR 85199, and thereafter ENGR 85299, each semester, until all requirements for the degree have been met. The dissertation is specialized research, leading to a definitive contribution to the candidate's research focus-area. This contribution should be of sufficient importance to warrant publication in a recognized journal. The candidate must successfully propose and defend their research dissertation in a public setting.

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Examples of Possible Careers and Salaries*

Electrical and electronic engineering technologists and technicians

- 1.5% slower than the average
- 125,800 number of jobs
- $67,550 potential earnings

Electrical engineers

- 4.6% about as fast as the average
- 193,100 number of jobs
- $100,830 potential earnings

Electronics engineers, except computer

- 1.4% slower than the average
- 134,900 number of jobs
- $107,540 potential earnings

Electro-mechanical and mechatronics technologists and technicians

- 3.0% about as fast as the average
- 14,600 number of jobs
- $59,800 potential earnings

Industrial engineers

- 10.1% much faster than the average
- 295,800 number of jobs
- $88,950 potential earnings

Mechanical engineers

- 3.9% about as fast as the average
- 316,300 number of jobs
- $90,160 potential earnings

Additional careers

- Application engineer (automation products)
- Controls engineer
- Field service engineer (automation or robotics)
- Industrial maintenance engineer
- Instrumentation and controls engineer
- Manufacturing systems engineer
- Product development engineer
- Programmable logic controller (PLC) programmer
- Quality control inspector
- Systems integration engineer
- Tooling engineer

Accreditation

The Bachelor of Science degree in Mechatronics Engineering Technology is accredited by the Engineering Technology Accreditation Commission of ABET, www.abet.org, under the General Criteria and the Program Criteria for Mechatronics Engineering Technology and Similarly Named Programs.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to the Mechatronics Engineering Technology major is selective.

New Students: Admission into this major requires a minimum 2.700 unweighted high school GPA. Students who do not meet this requirement will be admitted to the Industrial Engineering Technology major. Students may change their major to Mechatronics Engineering Technology after satisfying the below requirements for current students.

Note: Applicants should understand that this is a math-intensive program. Students admitted to the program are expected to demonstrate prerequisite knowledge on a math placement exam (the ALEKS exam) prior to starting their first semester. Students who do not obtain the minimum score required to place into MATH 11022 or MATH 12011 are at risk of delaying graduation.

Current Students: Students may change their major to Mechatronics Engineering Technology if they meet the following criteria:

- Minimum 2.500 overall Kent State GPA
- Minimum C grade in both ENGR 11001 and ENGR 11002
- Minimum C grade in either MATH 11022 or MATH 12011

Transfer Students: Transfer students must have completed minimum 12 credit hours of college-level coursework with a minimum 2.500 overall GPA for admission to the Mechatronics Engineering Technology major. Students with less than 12 credit hours completed will be evaluated based on their high school transcript using the criteria in the above "new student" section.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

ENGR 43580	COMPUTER-AIDED MACHINE DESIGN	3
ENGR 47200	SYSTEMS ENGINEERING	3
Electrical Circuits Electives, choose from the following:		4-7
EERT 12000 & EERT 12001	ELECTRIC CIRCUITS I and ELECTRIC CIRCUITS II	
ENGR 21020 & ENGR 21022	SURVEY OF ELECTRICITY AND ELECTRONICS and SURVEY OF ELECTRICITY AND ELECTRONICS LABORATORY	
Programming Elective, choose from the following:		3-4
CS 13001	COMPUTER SCIENCE I: PROGRAMMING AND PROBLEM SOLVING	
CS 13011 & CS 13012	COMPUTER SCIENCE IA: PROCEDURAL PROGRAMMING and COMPUTER SCIENCE IB: OBJECT ORIENTED PROGRAMMING	
ENGR 26220 & ENGR 26222	PROGRAMMING FOR ENGINEERS and PROGRAMMING FOR ENGINEERS LABORATORY	
Technical Electives, choose from the following:		6
Any Aeronautics (AERN) course		
Any College of Aeronautics and Engineering (CAE) course		
Any Design Innovation (DI) course		
Any Engineering (ENGR) course		
Additional Requirements (courses do not count in major GPA)		
CAE 12260	SOLVING PROBLEMS IN AERONAUTICS AND ENGINEERING [3]	1-3
COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
ECON 22060	PRINCIPLES OF MICROECONOMICS (KSS)	3
PHY 13001 & PHY 13021	GENERAL COLLEGE PHYSICS I (KBS) and GENERAL COLLEGE PHYSICS LABORATORY I (KBS) (KLAB) [4]	5
or PHY 23101	GENERAL UNIVERSITY PHYSICS I (KBS) (KLAB)	
PHY 13002 & PHY 13022	GENERAL COLLEGE PHYSICS II (KBS) and GENERAL COLLEGE PHYSICS LABORATORY II (KBS) (KLAB) [4]	5
or PHY 23102	GENERAL UNIVERSITY PHYSICS II (KBS) (KLAB)	
UC 10001	FLASHES 101	1
Mathematics Electives, choose from the following: [5]		6-8
MATH 11022 & MATH 12002	TRIGONOMETRY (KMCR) and ANALYTIC GEOMETRY AND CALCULUS I (KMCR)	
MATH 12011 & MATH 12012	CALCULUS WITH PRECALCULUS I (KMCR) and CALCULUS WITH PRECALCULUS II (KMCR)	
Kent Core Composition		6
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines) (cannot be ECON course)		3
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours)		8
Minimum Total Credit Hours:		**120**

1 A minimum C grade must be earned to fulfill the writing-intensive requirement.

2 Students wishing to take the full-year capstone option (ENGR 48099 and ENGR 48199) must take the sequence during consecutive semesters. ENGR 48099 is only offered during the fall semester and ENGR 48199 is only offered during the spring semester.

3 Students scoring 34 or below on the ALEKS math assessment are required to enroll in CAE 12260 until they successfully complete MATH 00022.

4 Students wishing to change their major to Mechatronics Engineering **must** take PHY 23101 and PHY 23102. Failing to do so will result in additional coursework.

5 MATH 12011 and MATH 12012 are the preferred math electives for this program. However, students wishing to change their major to Mechatronics Engineering are encouraged to take MATH 11022 and MATH 12002.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.250	2.000

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
	CAE 12260	SOLVING PROBLEMS IN AERONAUTICS AND ENGINEERING	1
	COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
	ENGR 20002 or MERT 12004	MATERIALS AND PROCESSES or MANUFACTURING PROCESSES	3
	ENGR 27210	INTRODUCTION TO SUSTAINABILITY	3
	UC 10001	FLASHES 101	1
	Mathematics Elective		3

	Kent Core Requirement		3
		Credit Hours	**17**
	Semester Two		
	ENGR 11001	INTRODUCTION TO ENGINEERING	2
	ENGR 11002	INTRODUCTION TO ENGINEERING LABORATORY	1
!	PHY 13001 & PHY 13021 or PHY 23101	GENERAL COLLEGE PHYSICS I (KBS) and GENERAL COLLEGE PHYSICS LABORATORY I (KBS) (KLAB) or GENERAL UNIVERSITY PHYSICS I (KBS) (KLAB)	5
	Mathematics Elective		3-5
	Programming Elective		3-4
		Credit Hours	**14**
	Semester Three		
	ECON 22060	PRINCIPLES OF MICROECONOMICS (KSS)	3
	ENGR 13586 & ENGR 13587 or MERT 12001	COMPUTER AIDED DESIGN I and COMPUTER AIDED DESIGN I LABORATORY or COMPUTER-AIDED DESIGN	3
	ENGR 20000	PROFESSIONAL DEVELOPMENT IN ENGINEERING	1
!	PHY 13002 & PHY 13022 or PHY 23102	GENERAL COLLEGE PHYSICS II (KBS) and GENERAL COLLEGE PHYSICS LABORATORY II (KBS) (KLAB) or GENERAL UNIVERSITY PHYSICS II (KBS) (KLAB)	5
	Kent Core Requirement		3
		Credit Hours	**15**
	Semester Four		
	ENGR 15302	MATLAB SKILLS FOR ENGINEERS	1
	ENGR 23585	COMPUTER AIDED DESIGN II	3
	ENGR 33033	HYDRAULICS/PNEUMATICS	3
	Electrical Circuits Electives		4-7
	Kent Core Requirement		3
	General Elective		3
		Credit Hours	**17**
	Semester Five		
	ENGR 33031	PROGRAMMABLE LOGIC CONTROLLERS	3
	ENGR 33041	CONTROL SYSTEMS	3
	ENGR 33111 or MERT 22005 ***and*** MERT 22007	STATICS AND STRENGTH OF MATERIALS or STATICS ***and*** STRENGTH OF MATERIALS	3-6
	ENGR 33700	QUALITY TECHNIQUES	3
	Kent Core Requirement		3
		Credit Hours	**15**
	Semester Six		
	ENGR 33032	PROGRAMMABLE LOGIC CONTROLLERS II	3
	ENGR 33334	INDUSTRIAL ROBOTICS	1
	ENGR 33335	INDUSTRIAL ROBOTICS LABORATORY	1
	ENGR 47200	SYSTEMS ENGINEERING	3
	Technical Elective		3
	Kent Core Requirement		3
		Credit Hours	**14**
	Semester Seven		
	ENGR 33222	DIGITAL DESIGN FOR COMPUTER ENGINEERING	3
	ENGR 35550	LAW AND ETHICS FOR ENGINEERS	2
	ENGR 43030	MECHATRONICS	3
	ENGR 43580	COMPUTER-AIDED MACHINE DESIGN	3
	ENGR 48099	ENGINEERING CAPSTONE I (ELR)	3
	or General Elective		
		Credit Hours	**14**
	Semester Eight

	Technical Elective		3
	Kent Core Requirement		3
	General Elective		2
		Credit Hours	**14**
		Minimum Total Credit Hours:	**120**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Apply knowledge, techniques, skills and modern tools of mathematics, science, engineering and technology to solve broadly defined engineering problems appropriate to the discipline.
2. Design systems, components or processes meeting specified needs for broadly defined engineering problems appropriate to the discipline.
3. Apply written, oral and graphical communication in broadly defined technical and non-technical environments, and an ability to identify and use appropriate technical literature.
4. Conduct standard tests, measurements and experiments and analyze and interpret the results to improve processes.
5. Function effectively as a member as well as a leader on technical teams.

The educational objectives of the program are the following:

1. Drive positive change in the community by engaging in careers in the areas of mechatronics, automation, systems and other engineering technology fields in a robust manner that promotes excellence and integrity.
2. Practice forward-thinking through continued education by way of professional development, graduate education and other continued self-motivated learning.
3. Successfully navigate the ever-changing trajectory of the world, practicing compassion as you strive to meet your personal and professional goals.

Full Description

The Bachelor of Science degree in Mechatronics Engineering Technology successfully prepares graduates with knowledge across engineering disciplines for professional careers in mechatronics, controls, robotics, automation and related technological fields that provide solutions addressing societal needs and challenges. The program integrates mechanical, electrical, computer and controls. Mechatronics engineering technology revolves around the design, construction and operation of automated systems, robots and intelligent products, which result from the integration of software and hardware.

Using automated systems is becoming more popular for operating equipment/machinery in a host of situations, including on assembly and manufacturing lines, on automobiles and aircraft and in electrical power generations to reduce labor costs, increase precision and accuracy and provide quality and safety for workers.

Graduates from the mechatronics engineering technology program manage and support the design, operation and analysis of mechanical and electrical devices connected with automated systems, robots and computer-integrated manufacturing. They can work in any company that develops, designs or manufactures and markets these devices. Opportunities exist in manufacturing sales as well as research.

Applicants to this program should understand that this is a math-intensive program.

Students may apply early to the Master of Engineering Technology degree and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program Policy in the University Catalog for more information.

Safety, Quality and Lean in Manufacturing - Minor

College of Aeronautics and Engineering
School of Engineering
www.kent.edu/cae

About This Program

The Safety, Quality and Lean in Manufacturing minor provide students the opportunity to study quality techniques, aspects of establishing lean enterprises and workplace safety and accident analysis.

Contact Information

- cae@kent.edu | 330-672-2892
- Speak with an Advisor

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

The Safety, Quality and Lean in Manufacturing minor is not accepting students at this time.

Admission Requirements

The Safety, Quality and Lean in Manufacturing minor is not accepting students at this time.

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

Program Requirements

Minor Requirements

ENGR 35765	QUALITY AND RELIABILITY ENGINEERING	3
ENGR 40003	LEAN SIX SIGMA	3
ENGR 43080	INDUSTRIAL AND ENVIRONMENTAL SAFETY	3
Minimum Total Credit Hours:		**18**

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).

- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Sustainability - Minor

College of Aeronautics and Engineering
School of Engineering
www.kent.edu/cae

About This Program

The Sustainability minor provides students a basic knowledge of sustainability and allows them to address a specific area within sustainability. The minor consists of basic courses addressing the three main components of sustainability and an integrated series of advanced courses related to applications of this basic principle.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Understand the concepts of sustainability, including the three pillars of economic growth, environmental protection and social equality.
2. Apply aspects of sustainability to their field of study.

Technology - Minor

College of Aeronautics and Engineering
School of Engineering
www.kent.edu/cae

About This Program

The Technology minor provides students with a broad introduction to the fundamentals of applied engineering.

- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Communicate with technical and non-technical colleagues.
2. Appreciate the impact of technology on civilization.

Accounting Technology - A.A.B.

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Associate of Applied Business degree in Accounting Technology provides students with a broad range of practical accounting and communication skills and teamwork experience. These combined skills prepare students for immediate entry into the accounting technology field in numerous environments, including manufacturing, retail, service and governmental organizations.

The degree program articulates with select bachelor's degrees at Kent State.

Examples of Possible Careers and Salaries*

Bookkeeping, accounting, and auditing clerks

- -5.7% decline
- 1,673,600 number of jobs
- $42,410 potential earnings

Brokerage clerks

- 3.8% about as fast as the average
- 48,600 number of jobs
- $55,270 potential earnings

Payroll and timekeeping clerks

- -4.5% decline
- 149,800 number of jobs
- $47,020 potential earnings

Tax preparers

- -0.6% little or no change
- 88,400 number of jobs
- $44,300 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, and the Twinsburg Academic Center, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning a minimum 71 TOEFL iBT score, minimum 6.0 IELTS score, minimum 47 PTE score or minimum 100 DET score, or by completing the ELS level 112 Intensive English Program. For more information on international admission visit the admissions website for international students.

For more information on admissions, contact the Regional Campuses admissions offices.

Program Requirements

Kent Core Basic Sciences		3
General Electives (total credit hours depends on earning 60 credits hour)		3
Minimum Total Credit Hours:		**63**

[1] Courses should be selected in consultation with an advisor. Students preparing to pursue an B.B.A. degree may apply MATH 10041 and MATH 11012 toward technical electives.

[2] 3 credit hours are required for Kent Core (University Requirements). This program requires a total of 6 credit hours to earn the degree.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
!	ACTT 11000	ACCOUNTING I: FINANCIAL	4
!	BMRT 11000	INTRODUCTION TO BUSINESS	3
	UC 10001	FLASHES 101	1
	Kent Core Composition		3
	Kent Core Humanities or Fine Arts		3
	Technical Elective		3
		Credit Hours	**17**
	Semester Two		
!	ACTT 11001	ACCOUNTING II: MANAGERIAL	4
	COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
	MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	3
	Technical Elective		3
	General Elective		3
		Credit Hours	**16**
	Semester Three		
!	ACTT 21000	ACCOUNTING III: FINANCIAL	3
!	ACTT 21003	FUNDAMENTALS OF TAX PREPARATION	3
	ECON 22060	PRINCIPLES OF MICROECONOMICS (KSS)	3
	Kent Core Basic Sciences		3
	Kent Core Composition		3
		Credit Hours	**15**
	Semester Four		
!	ACTT 20012	ACCOUNTING SOFTWARE APPLICATIONS	3
!	ACTT 31063	INTRODUCTION TO COST ACCOUNTING	3
	ECON 22061	PRINCIPLES OF MACROECONOMICS (KSS)	3
	ENG 20002 or OTEC 26638	INTRODUCTION TO TECHNICAL WRITING or BUSINESS COMMUNICATIONS	3

Technical Elective	3
Credit Hours	**15**
Minimum Total Credit Hours:	**63**

University Requirements

All students in an applied or technical associate degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements, please see Program Requirements for details.

Code	Title	Credit Hours
Flashes 101 (UC 10001)		1
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.		
Kent Core (see table below)		15
Total Credit Hour Requirement		60
Some associate degrees require students to complete more than 60 credit hours.		

Kent Core Requirements

Kent Core Composition (KCMP)	3
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA)	3
Kent Core Social Sciences (KSS)	3
Kent Core Basic Sciences (KBS/KLAB)	3
Total Credit Hours:	**15**

Program Learning Outcomes

Graduates of this program will be able to:

1. Apply generally accepted accounting principles (GAAP) to analyze and record business transactions, prepare financial statements and complete all other procedural steps in the accounting cycle of a company.
2. Identify different manufacturing costs, record transactions to reflect the cost flow of a manufacturing company and prepare various management reports.
3. Prepare individual tax returns (manual and electronic).
4. Maintain accounting records of a company utilizing a general ledger software package.

Advanced Semiconductor Manufacturing Technician - Undergraduate Certificate

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

Dive into the forefront of technological innovation with our Advanced Semiconductor Manufacturing Technician certificate, where high-tech courses propel students into the world of semiconductor fabrication and beyond. From mastering clean room protocols to delving into the intricacies of digital and electronic systems, our program empowers graduates to lead the charge in chip production and circuit board development. As advanced semiconductor manufacturing technicians, they play a pivotal role in product evaluation and testing, utilizing cutting-edge diagnostic tools to fine-tune and repair equipment, shaping the landscape of tomorrow's technology. 	Credit Hours	**17**
	Minimum Total Credit Hours:	**34**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate the capability of working safely in a cleanroom and microelectronic manufacturing environment.
2. Articulate how a semiconductor wafer is manufactured and processed to become an integrated circuit.
3. Articulate chemistry and safety awareness in semiconductor manufacturing.
4. Read and follow standard operating procedures/checklists in paper or digital format.
5. Examine maintenance procedures.
6. Articulate basic principles and purpose of quality control and quality systems.
7. Examine the basic concepts of geometric dimensioning, tolerancing, visualization and graphics in engineering technology.
8. Explain the operational mechanisms and process use of vacuum pumps used in the semiconductor industry.
9. Demonstrate the ability to test and troubleshoot a vacuum pump system with a leak.
10. Construct, analyze and troubleshoot DC electric circuits.
11. Demonstrate working with computers in daily manufacturing process environment.
12. Demonstrate problem-solving, critical thinking and communication skills.

Full Description

The Advanced Semiconductor Manufacturing Technician undergraduate certificate provides students with a core of high-tech, manufacturing-related courses with a focus on semiconductor fabrication, clean room, vacuum technology, manufacturing and maintenance, digital and electronic systems and the design and development of electrical and electronic circuits.

Advanced semiconductor manufacturing technicians help engineers to manufacture semiconductor chips in the fabrication plant, operate

and maintain the vacuum pumps and systems in manufacturing facility, design and develop circuit boards for computers, electrical and electronic equipment. They often work in product evaluation and testing, using measuring and diagnostic devices to adjust, test and repair equipment.

The certificate articulates with the Kent State's Associate of Applied Science in Electrical/Electronic Engineering Technology and Bachelor of Science in Engineering Technology.

Animation Game Design - B.S.

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

Ready to turn your passion for games and animation into a profession? Kent State University's Animation and Game Design bachelor's degree program is the perfect place to start. With a cutting-edge curriculum and access to state-of-the-art technology, you'll be equipped with the skills you need to make your mark in the industry. Read more...

Artists and related workers, all other

- -0.2% little or no change
- 13,100 number of jobs
- $65,800 potential earnings

Special effects artists and animators

- 4.1% about as fast as the average
- 67,500 number of jobs
- $77,700 potential earnings

Accreditation

National Association of Schools of Art and Design (NASAD)

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

Roadmaps

Animation Concentration

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Semester One		Credits
AGD 12000	TWO DIMENSION GRAPHICS	3
COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
UC 10001	FLASHES 101	1
Kent Core Requirement		3
Kent Core Requirement		3
Kent Core Requirement		3
	Credit Hours	**16**
Semester Two		
AGD 11003	SOLID MODELING	3
ARTH 22006 or ARTH 22007 or VCD 13000	ART HISTORY: ANCIENT TO MEDIEVAL ART (KFA) or ART HISTORY: RENAISSANCE TO MODERN ART (KFA) or VISUAL DESIGN THINKING	3
ARTS 14000	DRAWING I	3
MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	3
Kent Core Requirement		3
	Credit Hours	**15**
Semester Three		
ARTS 14001	DRAWING II	3
AGD 12001	MODELING AND TEXTURING I	3
AGD 21000	FUNDAMENTALS OF MIXED REALITY	3
Major Electives		6
	Credit Hours	**15**
Semester Four		
AGD 22004	MODELING AND TEXTURING II	3
AGD 22010	DIGITAL SCULPTING	3
AGD 23020	GAMING AND CULTURE	3
Major Elective		3
Kent Core Requirement		3
	Credit Hours	**15**
Semester Five		
AGD 34000	CHARACTER ANIMATION	3
AGD 34003	ANIMATION THEORY	3
Major Elective		3
Kent Core Requirement		3
General Elective		3
	Credit Hours	**15**
Semester Six		
AGD 34001	ANIMATION PROJECT	3
MATH 11022	TRIGONOMETRY (KMCR)	3
Animation Game Design (AGD) Elective		3
Major Electives		6
	Credit Hours	**15**
Semester Seven		
AGD 43001	ANIMATION PRODUCTION AND VISUAL EFFECTS	3
AGD 43025	REAL-TIME RENDERING FOR ANIMATION	3
Major Elective		3
Kent Core Requirement		3
Kent Core Requirement		3
	Credit Hours	**15**
Semester Eight		
AGD 43092 or AGD 43096	INTERNSHIP IN ANIMATION AND GAME DESIGN (ELR) (WIC) or INDIVIDUAL INVESTIGATION IN ANIMATION AND GAME DESIGN	3
AGD 49999 or TAS 47999	SENIOR CAPSTONE PROJECT (ELR) (WIC) or TECHNICAL AND APPLIED STUDIES CAPSTONE (ELR) (WIC)	3
Major Elective		3
Kent Core Requirement		3
General Elective		2
	Credit Hours	**14**
	Minimum Total Credit Hours:	**120**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate current skills in two- and three-dimension modeling, animation and game design.
2. Apply design thinking to technological problems, including demonstrating familiarity with design thinking applicable to their professional work.
3. Demonstrate an understanding of the ethics (and legal issues) closely associated with fields of modeling, animation and game design.
4. Demonstrate effective communication skills — both verbally and in written form — with technical, business and design professionals, including effective communication as individuals and as part of a project team.
5. Participate in and lead multidisciplinary project teams, demonstrating theoretical and practical understanding of team dynamics.
6. Demonstrate appreciation for diverse cultures and individual differences and reflect that appreciation in their work.
7. Engage in continuous learning, as well as research and assess new ideas and information to provide the capabilities for lifelong learning.

Full Description

The Bachelor of Science degree in Animation Game Design provides the key concepts, creative tools and principles of diverse skills in fundamental and advanced technical knowledge of modeling, animation and game design.

The degree program prepares students for careers by developing technical competency, creative/independent problem solving and conceptual understanding necessary for the challenges of a career in the creative industries. Upon graduation, students have created a professional-quality portfolio to enter the field of content creators and are prepared for jobs in technical illustration, two- and three-

dimension modeling, game design, animation, artistic production and exhibition. Students are guided in selecting courses that support a given concentration. They can take courses in various aspects of art, design and film/video.

The Animation Game Design major comprises the following concentrations:

- The **Animation** concentration involves bringing motion to still objects or displaying a sequence of still images to create the illusion of motion or life. Animation involves more than just character motion; it includes motion graphics, video editing, special effects, cameras and video output. Students learn how to animate characters, elements of environments and graphics. Two- and three-dimension models are animated as necessary, via a combination of manual animation, procedural tools and physical simulation.
- The **Game Design** concentration provides the environment and content creation in two- and three-dimension models. The focus is on the design part of game environments to be used on platforms such as personal computers, smart phones and game consoles. Students learn the importance of two- and three-dimension model creation for specific games used for simulation, training, entertainment and measuring educational outcomes.

Associate of Arts

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Associate of Arts degree is a generalist program that provides students with the flexibility to explore a broad range of disciplines, including the arts, humanities and social sciences. This degree serves students who wish to experience a well-rounded education, plan to transfer into a bachelor's degree program, or seek to enhance their career qualifications. With its adaptable structure, the program allows students to sample various subject areas or focus on a specific field of interest to meet their unique educational goals. In addition, students who complete this degree satisfy the full Kent Core requirement.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, and the Twinsburg Academic Center, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning a minimum 71 TOEFL iBT score, minimum 6.0 IELTS score, minimum 47 PTE score or minimum 100 DET score, or by completing the ELS level 112 Intensive English Program. For more information on international admission visit the admissions website for international students.

For more information on admissions, contact the Regional Campuses admissions offices.

Program Learning Outcomes

Graduates of this program will be able to:

1. Produce beer according to commercial industry standards.
2. Perform chemical analysis of beer.
3. Perform lab tests to identify microbiological components of yeast and beer, troubleshooting potential quality and sanitation issues.
4. Analyze sensory characteristics of beer.
5. Use commercial brewing equipment.
6. Communicate effectively with professionals in the brewing industry.

Business Management Technology - A.A.B.

College of Applied and Technical Studies
www.kent.edu/cats/bmt

About This Program

With a focus on hands-on experience and practical skills, our associate degree program prepares you for a variety of roles in business and technology. Students can specialize in marketing/sales, management, entrepreneurship, logistics or supply chain management, or they can take a 2+2 articulation pathway toward the B.B.A. degree. Apply now and take the first step toward an exciting career. Read more...

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
!	ACTT 11000	ACCOUNTING I: FINANCIAL	4
!	BMRT 11000	INTRODUCTION TO BUSINESS	3
	IT 11000	INTRODUCTION TO OFFICE PRODUCTIVITY APPS	3
	UC 10001	FLASHES 101	1
	Kent Core Requirement		3
	Kent Core Requirement		3
		Credit Hours	**17**
	Semester Two		
!	BMRT 11009	INTRODUCTION TO MANAGEMENT TECHNOLOGY	3
	COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3
	ECON 22060	PRINCIPLES OF MICROECONOMICS (KSS)	3
	Kent Core Requirement		3
	Concentration Requirement or General Elective		3
		Credit Hours	**15**
	Semester Three		
!	BMRT 21000	BUSINESS LAW AND ETHICS I	3
!	BMRT 21011	FUNDAMENTALS OF FINANCIAL MANAGEMENT	3
!	BMRT 21050	FUNDAMENTALS OF MARKETING TECHNOLOGY	3
	Kent Core Requirement		3
	Concentration Requirement or General Elective		3
		Credit Hours	**15**
	Semester Four		
!	BMRT 21052	PROFESSIONAL SELLING TECHNIQUES	3
	Concentration Requirements and/or General Electives		10
		Credit Hours	**13**
		Minimum Total Credit Hours:	**60**

University Requirements

All students in an applied or technical associate degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements, please see Program Requirements for details.

Code	Title	Credit Hours
Flashes 101 (UC 10001)		1
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.		
Kent Core (see table below)		15
Total Credit Hour Requirement		60
Some associate degrees require students to complete more than 60 credit hours.		

Kent Core Requirements

Kent Core Composition (KCMP)	3
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA)	3
Kent Core Social Sciences (KSS)	3
Kent Core Basic Sciences (KBS/KLAB)	3
Total Credit Hours:	**15**

Program Learning Outcomes

Graduates of this program will be able to:

- Explain the differences between business disciplines.
- Recognize and define common business terms and concepts.
- Recognize and define financial concepts and terms related to business.
- Identify key marketing terms and strategies.
- Explain the basics of business law and why ethics are needed in business.
- Describe and practice effective teamwork and communication.

Full Description

The Associate of Applied Business degree in Business Management Technology provides students with a core consisting of communication, management, accounting, marketing, e-commerce, economics and liberal arts courses. Students may have the opportunity to participate in internships to link theory with hands-on practice.

The Business Management Technology major comprises the following concentrations:

- The **Business Administration** concentration articulates with the Bachelor of Business Administration degree at Kent State.
- The **Logistics and Supply Chain Management** concentration allows students to become knowledgeable in the process and supervision of the movement of products from the point origin to the point of consumption for consumers, business and other organizations.
- The **Management and Entrepreneurship** concentration comprises coursework in management, entrepreneurship and and productivity applications.
- The **Marketing/Sales** concentration comprises coursework in management, advertising, customer service and productivity applications.

CAD for Manufacturing - Undergraduate Certificate

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The CAD for Manufacturing undergraduate certificate prepares students with hands-on training and instruction on a number of the most popular software tools used by industry in computer-aided drafting and design and in solid modeling. Students equipped with these certificate skills are the most sought after for employment in drafting/designing. Specific industry-used software students will learn include: AutoCAD, SolidWorks, Inventor and Creo.

  - Online
- **Location:**
  - Tuscarawas Campus

Examples of Possible Careers and Salaries*

Mechanical drafters

- -8.3% decline
- 57,500 number of jobs
- $58,270 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, and the Twinsburg Academic Center, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning a minimum 71 TOEFL iBT score, minimum 6.0 IELTS score, minimum 47 PTE score or minimum 100 DET score, or by completing the ELS level 112 Intensive English Program. For more information on international admission visit the admissions website for international students.

For more information on admissions, contact the Regional Campuses admissions offices.

Program Requirements

Certificate Requirements

Code	Title	Credit Hours
Certificate Requirements		
AGD 11003	SOLID MODELING	3
AGD 22000	TWO-DIMENSION COMMUNICATION	3
MERT 12000	ENGINEERING DRAWING	3
MERT 12001	COMPUTER-AIDED DESIGN	3
MERT 34002	ADVANCED SOLID MODELING	3
Minimum Total Credit Hours:		**15**

Graduation Requirements

Minimum Certificate GPA	Minimum Overall GPA
2.000	2.000

Program Learning Outcomes

Graduates of the CAD for Manufacturing certificate will be able to:

1. Read and interpret working drawings for engineering components and systems.
2. Create formal 2D drawings with accurate dimensions and tolerances.
3. Design and draft mechanical components and assemblies using 3D modeling techniques.
4. Apply advanced parametric solid modeling and simulation features to create and analyze solid models.
5. Apply critical thinking skills in design and manufacturing problems.

Computed Tomography - Undergraduate Certificate

College of Applied and Technical Studies

www.kent.edu/cats

About This Program

Gain the skills to excel in Computed Tomography with Kent State's undergraduate certificate program. With a blend of theoretical knowledge and practical experience, this program equips you with the skills needed to operate computed tomography equipment and perform diagnostic scans. Enroll now and take the first step towards a rewarding career in healthcare. Read more...

Admission Terms

- Fall

Admission Requirements

Admission to this program is selective. Applicants must have graduated from a program in radiologic technology, diagnostic medical sonography, nuclear medicine or radiation therapy and be a registered or registry-eligible radiologic technologist, diagnostic medical sonographer, nuclear medicine technologist or a radiation therapist. Applicants must have a minimum 2.50 overall GPA prior to program entry.

The program begins in fall with an application deadline of July 1 each year.

Program Requirements

	Credit Hours	**0**
	Minimum Total Credit Hours:	**18**

Program Learning Outcomes

Graduates of this program will be able to:

1. Apply knowledge to the practice of computed tomography.
2. Effectively utilize critical thinking, problem-solving and decision-making skills in the practice of computed tomography.
3. Effectively communicate in oral and written form with patients, customers and all members of the health care team.
4. Successfully perform computed tomography procedures and attain results of high diagnostic value, while providing patient care.
5. Exhibit personal and professional attributes and values relevant to the practice of computed tomography.

Full Description

The Computed Tomography undergraduate certificate provides coursework in anatomy, patient management, procedures and image production. Students observe computed tomography procedures, perform procedures under direct supervision of registered technologists and complete required clinical competencies toward the national certification exam for computed tomography or to be applied toward continuing education requirements as deemed by the American Registry of Radiologic Technologists (ARRT)

Computed tomography (CT) scans are ordered on trauma, cancer and non-trauma patients and is often the first diagnostic imaging exam ordered on patients. A computed tomography technologist works in hospitals or outpatient healthcare facilities using a CT scanner with an x-ray unit that rotates to image anatomy in the body as slices. The images are assembled and reconstructed digitally to create a series of diagnostic images that physicians use to interpret for a patient diagnosis.

The Computed Tomography certificate offers a seamless transfer pathway into the Bachelor of Radiologic Imaging Sciences Technology (B.R.I.T.) degree. Students are able to complete the certificate, sit for the national certification exam, begin working in the profession and then enroll in the B.R.I.T. degree and complete the remaining requirements to earn the bachelor's degree.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Computer Forensics and Information Security - Undergraduate Certificate

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Computer Forensics and Information Security undergraduate certificate provides an introduction to information security and incident response, forensic preparation and data recovery and analysis.

Graduation Requirements

Minimum Certificate GPA	Minimum Overall GPA
2.500	2.000

Program Learning Outcomes

Graduates of this program will be able to:

1. Articulate core competency in computer security-related topics.
2. Describe the scope of the information security field and its impact on information technology.
3. Identify and analyze security risks to determine potential impacts.
4. Work with a team to develop plans to mitigate security risks.
5. Identify and complete work using professional, legal and ethical behavior.
6. Define steps of forensic investigations and proper chain of command techniques.
7. List common tools used to perform forensic investigations.

Computer Forensics and Security - Minor

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Computer Forensics and Security minor is designed to complement a wide range of majors. Curriculum focuses on vulnerabilities, forensics and network security. Electives provide flexibility to tailor the minor to each student's interests and career goals. For example, a student might choose a more in-depth course in hardware, mobile applications, command line tools, networking or firewalls.

Contact Information

- **Shelley Marshall** | skmarsha@kent.edu | 440-964-4348
- Speak with an Advisor

Program Delivery

- **Delivery:**
  - Fully online

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

Program Requirements

Minimum Total Credit Hours:		**21**

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Computer-Aided Drafting/Design Technician - Undergraduate Certificate

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Computer-Aided Drafting/Design Technician undergraduate certificate allows students to quickly develop skills and hands-on experiences in drafting and Computer-Aided Drafting (CAD) operation and the ability to pursue objectives in the face of limited resources. Graduates are prepared for positions as a drafter or CAD operator. This certificate articulates well into an associate or bachelor's degree program in such technical areas as mechanical engineering technology, computer engineering technology and electrical engineering technology.

University Requirements

All students in an applied or technical associate degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements, please see Program Requirements for details.

Code	Title	Credit Hours
Flashes 101 (UC 10001)		1
	Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Kent Core (see table below)		15
Total Credit Hour Requirement		60
	Some associate degrees require students to complete more than 60 credit hours.	

Kent Core Requirements

Kent Core Composition (KCMP)	3
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA)	3
Kent Core Social Sciences (KSS)	3
Kent Core Basic Sciences (KBS/KLAB)	3
Total Credit Hours:	**15**

Program Learning Outcomes

Graduates of this program will be able to:

1. Explain the structure and function of the criminal justice system, namely police, courts and corrections.
2. Explain criminal law and how it intersects with and impacts society.
3. Explain and compare the theories on crime, criminality and criminal justice practices.
4. Communicate the experiences of marginalized populations within the criminal justice system.

In addition, graduates of the Peace Officers Training Academy concentration will be able to:

1. Identify the components and legal processes of the criminal justice system, and apply basic criminal laws to various situations.
2. Explain the different types of police procedures and their effective uses in law enforcement.
3. Use ethical, analytical and critical-thinking skills toward situations typical to criminal justice settings.
4. Safely and properly conduct a traffic stop and respond to a domestic disturbance, dispatched call or crime in progress.
5. Properly carry out comprehensive criminal investigations and write various reports.
6. Proficiently provide first aid at the level of a first responder.

Full Description

The Associate of Applied Science degree in Criminology and Justice Studies prepares graduates for para-professional positions in the field of criminal justice studies. The program can serve as a foundation for advanced study in several areas, including retail security, industrial security, forensics, law and corrections. Graduates typically seek employment in probation offices, social service agencies, courts, local law enforcement offices and crime labs.

The Criminology and Justice Studies major includes the following optional concentration:

- The **Peace Officers Training Academy** concentration is open only to students admitted to the Kent State Basic Police Academy. The coursework covers the basics of defensive tactics, firearms, driving, traffic, patrol, civil disorders and first aid. In addition, students learn investigative methods and the fundamentals of policing, the criminal justice system, constitutional law and homeland security.

Students may declare the Criminology and Justice Studies major without a concentration. That course of study is ideal for students interested in the structure, functions and issues within the criminal justice system, as well as those who want a pathway to complete Kent State's B.A. degree in Criminology and Justice Studies.

Examples of Possible Careers*

Information security analysts

- 31.2% much faster than the average
- 131,000 number of jobs
- $103,590 potential earnings

Additional Careers

- Cybersecurity Technician
- Incident Response Specialist
- Network Security Administrator
- Security Operations Center (SOC) Analyst

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, and the Twinsburg Academic Center, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning a minimum 71 TOEFL iBT score, minimum 6.0 IELTS score, minimum 47 PTE score or minimum 100 DET score, or by completing the ELS level 112 Intensive English Program. For more information on international admission visit the admissions website for international students.

For more information on admissions, contact the Regional Campuses admissions offices.

Kent Core Humanities and Fine Arts (KHUM/KFA)	3
Kent Core Social Sciences (KSS)	3
Kent Core Basic Sciences (KBS/KLAB)	3
Total Credit Hours:	**15**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate core competency in cybersecurity-related topics.
2. Describe the scope of the information security field and its impact on information technology.
3. Identify and analyze security risks to determine potential impacts.
4. Demonstrate ability to develop plans to mitigate security risks.
5. Identify professional, legal and ethical behavior.

Full Description

The Associate of Applied Business degree in Cybersecurity provides students with an applied approach to information security concepts. With an ever-growing threat to sensitive and critical data in the field of information technology, understanding the impact of security issues on businesses and individuals is critical. The degree program gives students the tools they need to address current security issues including risk identification, security testing and monitoring, and enterprise risk management. Because the degree is built upon a solid knowledgebase, additional topics include networking, hardware and operating systems, Cisco networking technologies, cyber defense methods, cyber ethics, incident management and security policies.

Early Years Education and Care - A.A.S.

College of Applied and Technical Studies

Kent Core Social Sciences [4]		3
Kent Core Basic Sciences [2,4]		3
Minimum Total Credit Hours:		**62**

1. Students must complete training in ALICE training, child safety training and CPR/AED before student teaching.
2. A minimum C grade in these courses is not required for the A.A.S. degree in Early Years Education and Care; however, a minimum C grade is required in these courses to earn the B.S.E. degree in Early Childhood Education.
3. 3 credit hours are required for the Kent Core. This program requires a total of 6 credit hours to earn the associate degree.
4. Students continuing on to the B.S.E. in Early Childhood Education have specific Kent Core courses that are required under additional coursework. Students should meet with an advisor every semester.

Progression Requirements

Students must successfully pass ECED 10120, ECED 20101, EYEC 10121, and the preschool block of coursework (EYEC 21005, EYEC 21010, EYEC 22000 and EYEC 22130) and related field experiences (EYEC 10192 and EYEC 20192) in order to register for preschool student teaching and related seminar (EYEC 22140 and EYEC 22192).

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

- A minimum grade of C grade is required in most courses; view the program requirements to see specific courses.

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate skills in self-assessment, reflection and self-advocacy; mastery and application of foundational concepts from general education; and written and verbal communication skills.
2. Apply prior knowledge/experience to new learning environments.
3. Identify and use professional resources.
4. Integrate reflective and critical self-assessment with one's own practice in early education.
5. Engage in informed advocacy for children and families.
6. Describe strategies to build positive, respectful and supportive relationships with families.
7. Support self-advocacy of the families in their communities through respectful and reciprocal relationships.
8. Identify young children's typical and atypical developmental characteristics and needs.
9. Describe the multiple influences on child development and learning.
10. Create a healthy, respectful and challenging learning environment to meet the educational needs of all students in an equitable manner so all students may achieve their full potential.
11. Develop plans that build positive relationships and supportive interactions with children and their families.
12. Practice positive interpersonal communication with all constituencies involved in the education, development and care of young children.
13. Identify the goals, benefits and appropriate uses of various informal and formal assessment tools and approaches.
14. Identify and practice responsible assessment of learning and development.
15. Discuss the importance of core knowledge in the academic disciplines and how this relates to the education, development and care of young children.
16. Identify ways to engage in self-reflection in continuous and purposeful professional development.
17. Identify and uphold confidentiality, ethical standards and other professional and regulatory guidelines.
18. Engage in ongoing and collaborative relationships to enhance one's own learning and practice.

Full Description

The Associate of Applied Science degree in Early Years Education and Care prepares students with the knowledge and skills needed to plan and implement developmentally appropriate practices as they engage with young children. Coursework focuses on the unique needs and development of infants, toddlers and preschool children. Students who wish to pursue this degree program must possess a commitment to valuing all children, regardless of ability or background. In addition, they must have the ability to work collaboratively with the child's home and community.

Graduates of the degree program are eligible to apply for pre-kindergarten licensure through the State of Ohio. Graduates will be qualified for job positions as teacher assistants, child caregivers and family child-care providers in a variety of settings; including child-care centers, early intervention programs, hospitals, Head Start programs, home-based early childhood programs, private schools and public preschool and special needs programs.

The degree program articulates to the B.S.E. degree in Early Childhood Education, from which graduates are eligible to apply for Ohio licensure to teach children in preschool to grade five. Completion of the associate degree does not guarantee admission to the bachelor's degree. Admission to the B.S.E. degree is selective.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.		
Kent Core (see table below)		15
Total Credit Hour Requirement		60
Some associate degrees require students to complete more than 60 credit hours.		

Kent Core Requirements

Kent Core Composition (KCMP)	3
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA)	3
Kent Core Social Sciences (KSS)	3
Kent Core Basic Sciences (KBS/KLAB)	3
Total Credit Hours:	**15**

Program Learning Outcomes

Graduates of this program will be able to:

1. Apply knowledge, techniques and skills of mathematics, science and modern engineering tools to solve electrical and electronic engineering technology problems that require limited application of principles but extensive practical knowledge.
2. Use modern engineering tools and techniques to design solutions for well-defined electrical electronic engineering technology problems and assist with the design of systems, components or processes.

3. Demonstrate effective oral, graphic and written communication in both technical and non-technical environments; proficiently use technical reference material.
4. Conduct standard tests and measurements, and critically analyze and interpret data particularly in the electrical and electronic engineering technology field.
5. Function effectively as a member of a technical team.
6. Understand and commit to address professional engineering and ethical responsibilities.

Full Description

The Associate of Applied Science degree in Electrical/Electronic Engineering Technology provides students with a core of engineering-related courses and a focus on digital and electronic systems, robotics, microsystems and the design/development of electrical and electronic circuits.

Electrical and electronics engineering technicians help engineers design and develop computers, communications equipment, medical monitoring devices, navigational equipment and other electrical and electronic equipment. They often work in product evaluation and testing, using measuring and diagnostic devices to adjust, test and repair equipment.

The degree program articulates with Kent State's Bachelor of Science degree in Engineering Technology.

Engineering Technology - B.S.

College of Applied and Technical Studies

About This Program

The Bachelor of Science in Engineering Technology program prepares you for a career in the dynamic field of engineering. With a curriculum focused on the latest trends and technologies in engineering, you'll gain the skills and knowledge needed to succeed in a variety of roles. Enroll now and take the first step toward a fulfilling career in engineering. Read more...

Contact Information

- **Paul Dykshoorn** | pdykshoo@kent.edu | 330-308-7475
- Speak with an Advisor
- Chat with Admissions Counselor

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Tuscarawas Campus

Examples of Possible Careers

- Applications Engineer
- Controls Engineer
- Design Engineer
- Electrical Engineer
- Engineering Project Coordinator
- Electrical/Systems Engineer
- Manufacturing Engineer
- Product Engineer
- Quality Engineer

Accreditation

The Bachelor of Science degree in Engineering Technology is accredited by the Engineering Technology Accreditation Commission of ABET, www.abet.org.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements (courses count in major GPA)		
CS 10051	COMPUTER SCIENCE PRINCIPLES (KMCR)	3-4
or EERT 32003	TECHNICAL COMPUTING	
ENG 20002	INTRODUCTION TO TECHNICAL WRITING	3
or OTEC 26638	BUSINESS COMMUNICATIONS	
ENGR 31000	CULTURAL DYNAMICS TECHNOLOGY (DIVD) (WIC) [1]	3
or ENGT 33092	ENGINEERING TECHNOLOGY INTERNSHIP AND PROFESSIONAL DEVELOPMENT (ELR) (WIC)	
ENGR 33700	QUALITY TECHNIQUES	3
ENGR 36620	PROJECT MANAGEMENT IN ENGINEERING	3
ENGR 43080	INDUSTRIAL AND ENVIRONMENTAL SAFETY	3
ENGT 31010	ENGINEERING AND PROFESSIONAL ETHICS	3
ENGT 43099	ENGINEERING TECHNOLOGY CAPSTONE (ELR)	3
ENGT 43363	MATERIALS SCIENCE AND TECHNOLOGY	3
Additional Requirements (courses do not count in major GPA)		
ECON 22060	PRINCIPLES OF MICROECONOMICS (KSS)	3
MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	3
MATH 11012	INTUITIVE CALCULUS (KMCR)	3
MATH 11022	TRIGONOMETRY (KMCR)	3
OTEC 26636	PROJECT MANAGEMENT FOR ADMINISTRATIVE PROFESSIONALS	1
UC 10001	FLASHES 101	1
Physics Elective, choose from the following:		3-5
PHY 12201	TECHNICAL PHYSICS I (KBS) (KLAB)	
PHY 13001 & PHY 13021	GENERAL COLLEGE PHYSICS I (KBS) and GENERAL COLLEGE PHYSICS LABORATORY I (KBS) (KLAB)	
Kent Core Composition		6
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines)		3
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours) [2]		13
Concentrations		
Choose from the following:		45
Electrical/Electronics		
Green and Alternative Energy		
Integrated Engineering Technology		
Mechanical/Systems		
Minimum Total Credit Hours:		**120**

[1] A minimum C grade must be earned to fulfill the writing-intensive requirement.

[2] A maximum of 3 credit hours of the following course ENGT 43092 may be used to fulfill the general electives.

Electrical/Electronics Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (courses count in major GPA)		
ENGT 30000	ADVANCED MANUFACTURING	3
or ENGT 43700	COMPUTER-INTEGRATED MANUFACTURING	
ENGT 33000	INTRODUCTION TO PROGRAMMABLE LOGIC CONTROLLERS	3
or ENGR 33031	PROGRAMMABLE LOGIC CONTROLLERS	
Concentration Electives, choose from the following:		9
EERT 32005	INSTRUMENTATION	
ENGT 32006	ECONOMIC DECISION ANALYSIS FOR ENGINEERING TECHNOLOGY	
ENGT 33016	PC/NETWORK ENGINEERING AND TROUBLESHOOTING	
ENGT 33095	SPECIAL TOPICS IN ENGINEERING TECHNOLOGY	
ENGR 33223	ELECTRONIC COMMUNICATION	
ENGT 33225	INDUSTRIAL CONTROL SYSTEMS	
ENGT 42003	LEAN AND SIX SIGMA FOR COMPETITIVE MANUFACTURING	
ENGR 43220	ELECTRICAL MACHINERY	
GAE 31032	ENERGY AND POWER GENERATION	
GAE 32000	FUEL CELL TECHNOLOGY	
GAE 42002	ENERGY MANAGEMENT SYSTEMS	
GAE 42004	ADVANCED FUEL CELL TECHNOLOGY	
Applied Electives, choose from the following: [1]		27
MERT 12000	ENGINEERING DRAWING	
Electrical/Electronic and Related Technologies (EERT) Electives		
Other courses as approved by program director		
Additional Requirements (courses do not count in major GPA)		
Physics Elective, choose from the following:		3-5
PHY 12202	TECHNICAL PHYSICS II (KBS) (KLAB)	
PHY 13002 & PHY 13022	GENERAL COLLEGE PHYSICS II (KBS) and GENERAL COLLEGE PHYSICS LABORATORY II (KBS) (KLAB)	
PHY 13012 & PHY 13022	COLLEGE PHYSICS II (KBS) and GENERAL COLLEGE PHYSICS LABORATORY II (KBS) (KLAB)	
Minimum Total Credit Hours:		**45**

[1] Students who have earned an associate degree in the Electrical and Electronic Engineering Technology program will have 27 credits of technical coursework articulate to the bachelor's degree program and will not have to take the electives for a minor or individualized specialization.

Green and Alternative Energy Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (courses count in major GPA)		
GAE 32000	FUEL CELL TECHNOLOGY	3
GAE 42004	ADVANCED FUEL CELL TECHNOLOGY	3
Concentration Electives, choose from the following:		9
EERT 32005	INSTRUMENTATION	
ENGT 30000	ADVANCED MANUFACTURING	
ENGT 32006	ECONOMIC DECISION ANALYSIS FOR ENGINEERING TECHNOLOGY	
ENGT 33095	SPECIAL TOPICS IN ENGINEERING TECHNOLOGY	
ENGT 42003	LEAN AND SIX SIGMA FOR COMPETITIVE MANUFACTURING	
ENGT 42195	TRAINING TOPICS IN TECHNOLOGY	
or GAE 42002	ENERGY MANAGEMENT SYSTEMS	

GAE 31032	ENERGY AND POWER GENERATION	
MERT 42000	THERMODYNAMICS FOR ENGINEERING TECHNOLOGY	
Applied Electives, choose from the following: [1]		27
Electrical/Electronic and Related Technologies (EERT) Electives		
Green and Alternate Energy (GAE) Electives		
Mechanical Engineering and Related Technologies (MERT) Electives		
Other courses as approved by program director		
Additional Requirements (courses do not count in major GPA)		
Physics Elective, choose from the following:		3-5
PHY 12202	TECHNICAL PHYSICS II (KBS) (KLAB)	
PHY 13002 & PHY 13022	GENERAL COLLEGE PHYSICS II (KBS) and GENERAL COLLEGE PHYSICS LABORATORY II (KBS) (KLAB)	
PHY 13012 & PHY 13022	COLLEGE PHYSICS II (KBS) and GENERAL COLLEGE PHYSICS LABORATORY II (KBS) (KLAB)	
Minimum Total Credit Hours:		**45**

[1] Students who have earned an associate degree in the Electrical and Electronic Engineering Technology or Mechanical Engineering Technology program will have 27 credits of technical coursework articulate to the bachelor's degree program and will not have to take the electives for a minor or individualized specialization.

Integrated Engineering Technology Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (courses count in major GPA)		
ENGT 32006	ECONOMIC DECISION ANALYSIS FOR ENGINEERING TECHNOLOGY	3
ENGT 42003	LEAN AND SIX SIGMA FOR COMPETITIVE MANUFACTURING	3
Concentration Electives, choose from the following:		9
Construction Management Technology (CMGT) Upper-Division Electives (30000 or 40000 level)		
Electrical/Electronic Engineering Technology (EERT) Upper-Division Electives (30000 or 40000 level)		
Engineering (ENGR) Upper-Division Electives (30000 or 40000 level)		
Engineering Technology (ENGT) Upper-Division Electives (30000 or 40000 level)		
Green and Alternative Energy (GAE) Upper-Division Electives (30000 or 40000 level)		
Mechanical Engineering Technology (MERT) Upper-Division Electives (30000 or 40000 level)		
Applied Electives, choose from the following: [1]		27
Electrical/Electronic Engineering Technology (EERT) Electives		
Engineering Technology (ENGT) Electives		
Green and Alternate Energy (GAE) Electives		
Mechanical Engineering Technology (MERT) Electives		
Other courses as approved by program director		
Additional Requirements (courses do not count in major GPA)		
Kent Core Basic Sciences		3
Minimum Total Credit Hours:		**45**

[1] Students who have earned an associate degree in the Engineering Technology program will have 27 credits of technical coursework articulate to the bachelor's degree program and will not have to take the electives for a minor or individualized specialization.

Mechanical/Systems Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (courses count in major GPA)		
ENGT 30000	ADVANCED MANUFACTURING	3
or ENGT 43700	COMPUTER-INTEGRATED MANUFACTURING	
MERT 32004	MACHINE DESIGN	3
or MERT 42000	THERMODYNAMICS FOR ENGINEERING TECHNOLOGY	
Mechanical/Systems Concentration Electives, choose from the following:		9
EERT 32005	INSTRUMENTATION	
ENGR 43220	ELECTRICAL MACHINERY	
ENGT 32101	POLYMERS I	
ENGT 33016	PC/NETWORK ENGINEERING AND TROUBLESHOOTING	
ENGT 33225	INDUSTRIAL CONTROL SYSTEMS	
ENGT 32006	ECONOMIC DECISION ANALYSIS FOR ENGINEERING TECHNOLOGY	
ENGT 33000	INTRODUCTION TO PROGRAMMABLE LOGIC CONTROLLERS	
ENGT 33095	SPECIAL TOPICS IN ENGINEERING TECHNOLOGY	
ENGT 42003	LEAN AND SIX SIGMA FOR COMPETITIVE MANUFACTURING	
ENGR 33031	PROGRAMMABLE LOGIC CONTROLLERS	
GAE 31032	ENERGY AND POWER GENERATION	
GAE 32000	FUEL CELL TECHNOLOGY	
GAE 42002	ENERGY MANAGEMENT SYSTEMS	
GAE 42004	ADVANCED FUEL CELL TECHNOLOGY	
MERT 34002	ADVANCED SOLID MODELING	
MERT 42000	THERMODYNAMICS FOR ENGINEERING TECHNOLOGY	
Applied Electives, choose from the following: [1]		27
EERT 22014	MICROPROCESSORS AND ROBOTICS	
Any Mechanical Engineering and Related Technologies (MERT) Course		
Other courses as approved by program director		
Additional Requirements (courses do not count in major GPA)		
Physics Elective, choose from the following:		3-5
PHY 12202	TECHNICAL PHYSICS II (KBS) (KLAB)	
PHY 13002 & PHY 13022	GENERAL COLLEGE PHYSICS II (KBS) and GENERAL COLLEGE PHYSICS LABORATORY II (KBS) (KLAB)	
PHY 13012 & PHY 13022	COLLEGE PHYSICS II (KBS) and GENERAL COLLEGE PHYSICS LABORATORY II (KBS) (KLAB)	
Minimum Total Credit Hours:		**45**

[1] Students who have earned an associate degree in the Mechanical Engineering Technology program will have 27 credits of technical coursework articulate to the bachelor's degree program and will not have to take the electives for a minor or individualized specialization.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

- Students may declare more than one concentration in the Engineering Technology major, provided that there are minimum 18 credit hours of upper-division coursework in the subsequent concentration. These credit hours must be in one of the Engineering Technology disciplines of EERT, ENGR, MERT, GAE. Students must also complete all of the other concentration requirements specific to each concentration, in addition to differentiating their major elective courses across the two concentrations. Students who declare the Integrated Engineering Technology concentration may not elect any other concentration. Likewise, students who select any of the other Engineering Technology concentrations may not elect the Integrated Engineering Technology concentration.
- Students electing a dual concentration must meet with an advisor to plan an individualized plan of study that meets these requirements before the dual concentration option will be approved for that student. Any changes made to the program of study also must be approved by an advisor, or the student may not be allowed to graduate with this option.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Electrical/Electronics Engineering Technology Concentration

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Semester One		Credits
MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	3

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Apply knowledge, techniques, skills and modern tools of mathematics, science, engineering and technology to solve broadly-defined engineering problems appropriate to the disciplines in engineering technology.
2. Design systems, components or processes meeting specified needs for broadly-defined engineering problems appropriate to the discipline.
3. Apply written, oral and graphical communication in broadly-defined technical and non-technical environments; identify and use appropriate technical literature.
4. Conduct standard tests, measurements and experiments; analyze and interpret the results to improve processes.
5. Function effectively as a member as well as a leader on technical teams.
6. Understand professional engineering and ethical responsibilities.

Full Description

The Bachelor of Science degree in Engineering Technology focuses primarily on the applied aspects of science and engineering and prepares graduates for practice in that portion of the technological spectrum closest to product improvement, manufacturing, construction and engineering operational functions.

The Engineering Technology major comprises the following concentrations:

- The **Electrical/Electronics** concentration allows seamless articulation with technical associate degrees for students who wish to advance their careers in the electrical/electronic engineering field. Electrical engineers and technologists design, develop, test and supervise the manufacturing of electrical equipment, such as electric motors, radar and navigation systems, communications systems, and power generation equipment. Electronics engineers design and develop electronic equipment, such as broadcast and communications systems-from portable music players to global positioning systems (GPS).
- The **Green and Alternative Energy** concentration refers to energy sources that have no undesired consequences, for example, fossil fuels or nuclear energy. Alternative energy sources are renewable and are thought to be "free" energy sources. They all have lower carbon emissions, compared to conventional energy sources. These include biomass energy, wind energy, solar energy, geothermal energy, and hydroelectric energy sources. Combined with the use of recycling, the use of clean alternative energies such as the home use of solar power systems will help ensure man's survival into the 21st century and beyond. By 2050, one-third of the world's energy will need to come from solar, wind, and other renewable resources, according to British Petroleum and Royal Dutch Shell, two of the world's largest oil companies.
- The **Integrated Engineering Technology** concentration permits graduates from a variety of associate degree backgrounds to formulate a program of advanced study in upper-division technical courses, chosen with a faculty advisor, to gain additional technical depth or breadth.
- The **Mechanical/Systems** concentration allows seamless articulation with technical associate degrees for students who wish to advance their careers in the mechanical or manufacturing field. Mechanical engineering technology is one of the broadest engineering disciplines. Mechanical engineers and technologists design, develop, build and test mechanical and thermal devices, including tools, engines and machines. Graduates of this program can expect to work mostly in engineering services, research and development, manufacturing industries and the federal government.

Enology - Undergraduate Certificate

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Enology undergraduate certificate provides students with the practical experience and the technology skills of winemaking. The program emphasizes hands-on field experiences and laboratory practicum at local vineyards and wineries.

Examples of Possible Careers and Salaries*

Farmworkers and laborers, crop, nursery, and greenhouse

- 3.8% about as fast as the average
- 566,500 number of jobs
- $28,660 potential earnings

Agricultural and food science technicians

- 4.1% about as fast as the average
- 24,200 number of jobs
- $41,970 potential earnings

Separating, filtering, clarifying, precipitating, and still machine setters, operators, and tenders

- 3.5% about as fast as the average
- 53,100 number of jobs
- $43,100 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, and the Twinsburg Academic Center, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning a minimum 71 TOEFL iBT score, minimum 6.0 IELTS score, minimum 47 PTE score or minimum 100 DET score, or by completing the ELS level 112 Intensive English Program. For more information on international admission visit the admissions website for international students.

For more information on admissions, contact the Regional Campuses admissions offices.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Semester One		Credits
ENOL 12000	SCIENCE OF WINE AND BEER PRODUCTION I	3
ENOL 14600	INTRODUCTION TO ENOLOGY	3
	Credit Hours	**6**
Semester Two		
ENOL 16000	WINERY EQUIPMENT OPERATION	2
ENOL 22000	SCIENCE OF WINE AND BEER PRODUCTION II	2
ENOL 22001	ADVANCED WINERY AND BREWERY MICROBIOLOGY AND SANITATION	4
	Credit Hours	**8**
Semester Three		
ENOL 22092	INTERMEDIATE ENOLOGY: HARVEST AND CRUSH WITH FIELDWORK (ELR)	4
VIN 11100	INTRODUCTION TO VITICULTURE AND VINEYARD ESTABLISHMENT	3
	Credit Hours	**7**
Semester Four		
ENOL 23092	INTERMEDIATE ENOLOGY: POSTHARVEST WITH FIELDWORK (ELR)	4
ENOL 26600	SENSORY EVALUATION	3
	Credit Hours	**7**
	Minimum Total Credit Hours:	**28**

Program Learning Outcomes

Gradates of this program will be able to:

1. Explain and apply winemaking principles and practices, including calculations necessary for accurate, precise and safe additions to the wine.
2. Identify and safely use crush, storage, fermentation, transfer, sanitation, refrigeration and bottling equipment found in a winery.
3. Perform introductory microbiology methods for winery sanitation and bottle sterilization.
4. Properly handle and eliminate waste products from the winery with regard to environmental and safety regulations.
5. Identify the role of both good and bad microorganisms frequently encountered in winemaking process, including how to deal with each.
6. Describe the principles of sensory evaluation used in commercial winemaking, including a beginning mastery of discerning flavors to establish testing benchmarks.

Entrepreneurship - Undergraduate Certificate

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Entrepreneurship undergraduate certificate addresses the needs of individuals who manage small businesses, as well as individuals who believe they would like to start a business in the future. In addition, the program addresses the intrapreneurship (innovative risk taking) needs of individuals who are currently working for larger organizations in which management is sharing decision-making and product development with all employees.

Essentials for Business Decision Making - Undergraduate Certificate

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Essentials for Business Decision Making undergraduate certificate provides a background for both experienced and aspiring business managers. For the business manager who may already have a degree in a field other than business, the program offers professional certification. For the person who aspires to be a management position, the certificate articulates well into the Associate of Applied Business degree or the Bachelor of Business Administration degree.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

Program Learning Outcomes

Graduates of this program will be able to:

1. Identify and define contemporary approaches to applied business and management practice.
2. Develop and apply critical thinking, research and analysis skills necessary for professional success.
3. Discuss various aspects of teams in business: team dynamics, different types of teams, meeting rules and management.
4. Analyze and assess basic financial reports for evaluation and performance of a business.
5. Apply principles of organizational leadership and management to ethical business practices.

Floriculture - Undergraduate Certificate

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Floriculture undergraduate certificate provides entry-level skills for those interested in employment or a career in the field. The curriculum provides basic principles of design used in commercial and natural settings, commercial production, marketing and post-harvest care.

The certificate articulates well into Kent State's A.A.S. degree in Horticulture Technology and Bachelor of Applied Horticulture degree.

2. Utilize practical knowledge of horticulture, plant materials and wholesale floriculture to effectively work with and care for plants, flowers and related materials.

Game Design - Minor

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Game Design minor is for students who want to learn and enhance their ability to create 2D and 3D games and who want to focus on the modeling and game environment design perspective. Students will create 2D and 3D games by learning the essentials of modeling, texturing, lighting, sculpting environments and communicating ideas with other designers.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

BSCI 16001	HORTICULTURAL BOTANY	3
BSCI 26002	ECOLOGICAL PRINCIPLES OF PEST MANAGEMENT	3
BSCI 26003	PLANT IDENTIFICATION AND SELECTION I	3
or BSCI 26004	PLANT IDENTIFICATION AND SELECTION II	
GEOG 16001	SOIL AND HORTICULTURAL MANAGEMENT	3
HORT 16002	INTRODUCTION TO AGROECOLOGY	3
HORT 16003	INTRODUCTION TO HORTICULTURE TECHNOLOGIES AND SENSORS	1
HORT 26001	OCCUPATIONAL REGULATIONS AND SAFETY	2
HORT 26016	IRRIGATION DESIGN AND MAINTENANCE	3
HORT 26046	LANDSCAPE DESIGN I	3
or HORT 36046	LANDSCAPE DESIGN II	
HORT 35092	HORTICULTURE PRACTICUM (ELR)	6
HORT 36014	PLANT PROPAGATION AND GREENHOUSE PRODUCTION	3
HORT 36025	PROFESSIONAL PRACTICE IN HORTICULTURE (WIC) (min C grade)	3
HORT 36092	INTERNSHIP IN HORTICULTURE (ELR)	4
HORT 46014	GARDEN CENTER AND NURSERY PRODUCTION MANAGEMENT	3
Technical Electives, choose from the following:		6
BSCI 26004	PLANT IDENTIFICATION AND SELECTION II	
HORT 16004	DRONE TECHNOLOGY FOR HORTICULTURE	
HORT 26002	EMERGING TECHNOLOGIES IN HORTICULTURE AND PLANT SYSTEMS	
HORT 26003	ARBORICULTURE AND URBAN FORESTRY MANAGEMENT	
HORT 26006	SUSTAINABLE HORTICULTURAL SYSTEMS	
HORT 26020	LANDSCAPE MANAGEMENT	
HORT 26030	TURF GRASS MANAGEMENT	
HORT 26032	GOLF COURSE MANAGEMENT	
HORT 36004	MARKET GARDEN PRODUCTION	
HORT 36005	ORCHARD PRODUCTION - DECIDUOUS AND EVERGREEN	
HORT 36195	SPECIAL TOPICS IN HORTICULTURE	
HORT 46008	FLORICULTURE AND ORNAMENTAL PLANTS	
HORT 46009	ADVANCES IN VITICULTURE PRODUCTION	
HORT 46013	INTERNET OF THINGS AND ARTIFICIAL INTELLIGENCE IN PRECISION FARMING: TECHNOLOGIES AND APPLICATIONS	
Major Electives, choose from the following:		6
BSCI 10120	BIOLOGICAL FOUNDATIONS (ELR) (KBS) (KLAB)	
GEOG 31062	FUNDAMENTALS OF METEOROLOGY	
GEOG 31080	GEOGRAPHY OF WINE	
HORT 36034	SPORTS TURF MANAGEMENT	
HORT 41096	INDIVIDUAL INVESTIGATION IN HORTICULTURE	
Additional Requirements (courses do not count in major GPA)		
ARTH 22007	ART HISTORY: RENAISSANCE TO MODERN ART (KFA)	3
BMRT 11000	INTRODUCTION TO BUSINESS	3
COMM 15000	INTRODUCTION TO HUMAN COMMUNICATION (KADL)	3

BSCI 10110	BIOLOGICAL DIVERSITY (ELR) (KBS) (KLAB)	4
or CHEM 10030 & CHEM 10031	CHEMISTRY IN OUR WORLD (KBS) and CHEMISTRY IN OUR WORLD LABORATORY (KBS) (KLAB)	
ESCI 21062	ENVIRONMENTAL EARTH SCIENCE (KBS)	3
ESCI 41073	GEOLOGY OF OHIO	3
GEOG 17064	GEOGRAPHY OF THE UNITED STATES AND CANADA (DIVD) (KSS)	3
PHIL 21001	INTRODUCTION TO ETHICS (DIVG) (KHUM)	3
UC 10001	FLASHES 101	1
Foreign Language [1]		4
Kent Core Composition		6
Kent Core Mathematics and Critical Reasoning		3
Kent Core Humanities and Fine Arts (minimum one course from each)		3
Kent Core Social Sciences (must be from two disciplines)		3
Kent Core Additional		3
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours)		17
Minimum Total Credit Hours:		**120**

[1] Courses in one foreign language or American Sign Language in proficiency required. This requirement may be fulfilled by one of the following two conditions: (1) passing the first two semesters of any foreign language or American Sign Language, or (2) passing a foreign language course at the Elementary II level or above.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
	BSCI 10110 or CHEM 10030 ***and*** CHEM 10031	BIOLOGICAL DIVERSITY (ELR) (KBS) (KLAB) or CHEMISTRY IN OUR WORLD (KBS) ***and*** CHEMISTRY IN OUR WORLD LABORATORY (KBS) (KLAB)	4

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Define plant characteristics, use, identification, and taxonomy and differentiate between a wide range of horticulturally important plant species, including both woody and herbaceous species.
2. Apply proper safety procedures and their application in the workplace.
3. Apply principles of agroecology and sustainable horticultural practices that reduce the environmental footprint of horticultural production and contribute to long-term sustainability.
4. Articulate pest identification, taxonomy, integrated pest management (IPM), and control strategies that use ecologically sustainable approaches.
5. Discuss the integration and utilization of advanced technologies, such as sensors, drones, and artificial intelligence applications, to enhance precision farming practices in horticulture, for optimizing crop yields, resource efficiency and environmental sustainability.
6. Apply practical expertise in orchard production and management by using industry best practices to maximize fruit quality and yield.
7. Design and maintain landscapes using a range of plant materials, hardscape features and sustainable practices.
8. Apply principles and practices of growing and marketing crops on a small scale for local markets.
9. Apply principles of plant propagation, greenhouse management, and garden center/nursery operations for successful plant cultivation and sales.
10. Discuss soil science's role in horticultural production, and interpret soil test results, analyze soil conditions, and implement corrective measures for optimal plant growth.
11. Explain concepts of tree biology, identification, planting, and maintenance practices, including pruning, tree risk assessment and disease management.

Full Description

The Bachelor of Applied Horticulture degree provides students with the academic background and learning environment to further their education beyond an associate degree. This program aids students in the development of managerial expertise in various horticultural domains, including a deep understanding of plant characteristics, safety procedures in the horticultural workplace, principles of agroecology and sustainable horticultural practices, pest management and the integration of advanced technologies to enhance precision farming. Additionally, students gain advanced knowledge in orchard production and management, landscape design and maintenance, local crop cultivation, plant propagation, greenhouse operations, soil science and tree care. This diverse skill set prepares students for a wide range of career opportunities such as landscape designers, arborists, greenhouse managers, parks or botanical garden managers, garden center managers, horticultural therapists, pest control specialists, educators/extension agents, botanist, florists and more.

Horticulture Technology - A.A.S.

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Associate of Applied Science degree in Horticulture Technology focuses on the practical skills needed to succeed in the horticulture industry. With flexible scheduling, state-of-the-art facilities and experienced faculty, you'll be prepared for a variety of career opportunities. Enroll now and cultivate your future. Read more...

Examples of Possible Careers and Salaries*

Farmers, ranchers, and other agricultural managers

- -6.5% decline
- 952,300 number of jobs
- $68,090 potential earnings

First-line supervisors of landscaping, lawn service, and groundskeeping workers

- 11.4% much faster than the average
- 170,700 number of jobs
- $51,010 potential earnings

Landscaping and groundskeeping workers

- 10.1% much faster than the average
- 1,188,000 number of jobs
- $31,730 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, and the Twinsburg Academic Center, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning a minimum 71 TOEFL iBT score, minimum 6.0 IELTS score, minimum 47 PTE score or minimum 100 DET score, or by completing the ELS level 112 Intensive English Program. For more information on international admission visit the admissions website for international students.

For more information on admissions, contact the Regional Campuses admissions offices.

8. Explain concepts of tree biology, identification, planting and maintenance practices, including pruning, tree risk assessment and disease management.

Full Description

The Associate of Applied Science degree in Horticulture Technology prepares students for diverse careers in horticulture-related professions. This program focuses on providing a strong educational foundation that enables graduates to excel in landscape management, turf management, urban forestry, nursery and greenhouse operations. Students develop a knowledge of plant characteristics, safety procedures in the workplace, agroecology, sustainable horticultural practices, pest management, advanced technology integration for precision farming, landscape design and maintenance, soil science and tree care.

The Horticulture Technology major emphasizes practical experience through hands-on training in outdoor labs. Students are required to complete an internship.

The degree program articulates with Kent State's Bachelor of Applied Horticulture degree.

Human Services - A.A.S.

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

Are you passionate about making a tangible difference in people's lives? The Human Services major provides comprehensive coursework and hands-on internships for you to gain expertise in case management, client advocacy and community resource coordination. This program meets the curricular requirements for various certifications, including Social Work Assistant and Chemical Dependency Counselor credentials. This associate degree serves as a solid foundation for immediate employment in diverse human services roles or as a stepping stone toward a bachelor's degree in related fields. Read more...

Total Credit Hours:	**15**

Full Description

The Associate of Applied Science degree in Human Services is designed to prepare graduates for entry-level positions in a variety of human services agencies and includes applied courses in human services and joint university-agency supervised internships. The core courses provide a solid foundation in case management and client advocacy. This program is endorsed by the Ohio Coalition of Associate Degree Human Service Educators as authorized by the Ohio Chemical Dependency Professionals Board and the Ohio Counselor, Social Worker and Marriage and Family Therapist Board as meeting the curricular requirements for the Social Work Assistant, Chemical Dependency Counselor Assistant Preliminary and Renewable and Licensed Chemical Dependency Counselor.

The program is designed to articulate fully to Kent State's Bachelor of Social Work Degree. However, its coursework is also applicable to related behavioral science bachelor programs such as human development and family science, psychology and sociology.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Individualized Program - A.T.S

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Associate of Technical Study degree, Individualized Program, is open to students who need a specially designed course of study in a technical field. The program consists of courses that suit students' career goals. Course requirements are planned with the help of a faculty advisor and must be approved by the dean of the College of Applied and Technical Studies.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, and the Twinsburg Academic Center, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning a minimum 71 TOEFL iBT score, minimum 6.0 IELTS score, minimum 47 PTE score or minimum 100 DET score, or by completing the ELS level 112 Intensive English Program. For more information on international admission visit the admissions website for international students.

For more information on admissions, contact the Regional Campuses admissions offices.

This degree program may not be earned as a double major or dual degree with another major and cannot be earned as an additional degree after another degree at the same or higher level has been earned previously.

Program Learning Outcomes

Graduates of this program will be able to:

1. Interpret and communicate discipline specific information via written, verbal and/or visual or digital representations.
2. Participate in effective written, oral and digital communication skills in multiple contexts, for a variety of audiences.
3. Integrate applied skills and theoretical knowledge in a specific technical field or focus area to solve problems or perform tasks.
4. Develop self-awareness about identity and culture, diversity, sensitivity and respect for differences.

Information Technology - A.A.B.

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate core IT competency in networking and convergence; servers, storage and virtualization; client computing and user support; digital media and immersive technology; database and information management; and programming and application development.
2. Function effectively as a member of a diverse team to accomplish common goals.
3. Read and interpret technical information, as well as listen effectively to, communicate orally with, and write clearly for a wide range of audiences.
4. Engage in continuous learning as well as research and assess new ideas and information to provide the capabilities for lifelong learning.
5. Exhibit professional, legal and ethical behavior.
6. Demonstrate business awareness and workplace effectiveness.

Full Description

The Associate of Applied Business degree in Information Technology provides students with a core curriculum of programming, operating systems and networks, website development, hardware, security fundamentals, and workgroup productivity technologies.

The degree program articulates to the Bachelor of Science in Information Technology degree and the certificate in Computer Forensics and Information Security.

The Information Technology major comprises the following concentrations:

- The **Application Development Technology** concentration prepares students for various professional certifications and positions such as computer programmer/application developer using industry-standard languages and technologies.
- The **General Technology** concentration prepares students for various professional certifications and entry-level positions in which the computer staff are expected to perform a wide variety of technical duties.

- The **Network Technology** concentration prepares students for various professional certifications and positions in tech support and networking including the design, installation, and improvement of computer networks and related hardware/software.
- The **Web Development** concentration prepares students for various professional certifications and positions in web development, social media and digital media.

Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Identify and evaluate current technologies and assess their applicability to address individual and organizational needs.
2. Develop a product, process or solution by applying knowledge of programming, scripting, web, digital media, database, human computer interaction, networking, cloud, virtualization and security tools.
3. Perform end-user support, including identifying and implementing solutions to user requests.
4. Explain implementation, integration and maintenance for IT applications to a wide range of audiences.
5. Work in diverse project teams to develop and/or implement IT-based solutions.
6. Apply professional ethics in IT solutions.
7. Engage in continuous learning, as well as research and assess new ideas and information to provide the capabilities for lifelong learning.

Full Description

The Bachelor of Science in Information Technology degree in Information Technology provides students with an applied approach that focuses on supporting end-users in a variety of workplace settings by utilizing a range of computing technologies. The degree program gives students the tools to support computing and network infrastructures and the needs of individuals and organizations; write programs necessary to help them render their tasks more efficiently on their desktop or mobile devices; utilize databases and write the web-based interfaces to pull the data; and code and deploy applications across the cloud.

Graduates are qualified to work in a wide range of computer and network infrastructures in small- to large-sized enterprises in such positions as web or software developer; hardware, network, cloud, virtualization technician or engineer; IT support specialist or consultant; help desk, network or IT project manager; security or forensic analyst; and systems, network or database administrator in all sectors of business, education, manufacturing, healthcare, non-profit and government.

The Information Technology major comprises the following concentrations:

- The **Application Development** concentration provides students with the ability to program in languages typically utilized in contemporary business environments. Students code in applications such as Visual Basic, C++, Java, C# and other industry-standard applications to develop programs employing event-driven and object-oriented techniques.
- The **Cloud and Virtualization Technologies** concentration gives students hands-on practice and competency in virtualization and cloud computing. In addition to gaining core IT skills, students focus on cloud technologies, virtual computer hardware platforms, networking, storage devices, security, scripting, emerging technologies, server administration and storage and infrastructure services.This concentration is for students who want to pursue a professional career in virtualization and cloud computing and prepare for industry-recognized certificates in the IT field.
- The **Cybersecurity and Forensics** concentration places an emphasis on security of computer and network systems, including forensic work to prevent and/or determine and correct security issues utilizing cybersecurity devices, procedures, tools and solutions.
- The **Database Design and Administration** concentration focuses on skills needed to become a database manager. Topics include relational database design; working with database servers, users and permissions; SQL statements used for queries and reports; and incorporating databases into programming used in web-based and desktop forms.
- The **Health Information Technology** concentration provides students with the tools to install, manage, troubleshoot and secure hardware and software systems in healthcare environments. The course of study includes health IT privacy, security, EHR Implementation and support, mobile device management, technology and application life-cycle management, organizational behavior, medical business operations and regulatory requirements.
- The **Integrated Information Technology** concentration is ideal for students who want a flexible course of study for positions that require IT staff to perform a wide range of technical duties.
- The **Networking** concentration focuses on configuring and maintaining network information systems and components in various network operating system and cloud computing environments that are prevalent in today's businesses. The emphasis is on network administration (i.e. managing Active Directory and network services), servers, workstations, virtualization, security, troubleshooting, installation and maintenance.
- The **Web Development** concentration focuses on scripting; server-side form handling; web database integration; and interactive and dynamic multimedia Internet development.

Examples of Possible Careers and Salaries*

Claims adjusters, examiners, and investigators

- -6.4% decline
- 332,900 number of jobs
- $68,270 potential earnings

Insurance appraisers, auto damage

- -4.0% decline
- 15,900 number of jobs
- $65,550 potential earnings

Insurance sales agents

- 5.5% faster than the average
- 501,300 number of jobs
- $52,180 potential earnings

Insurance underwriters

- -6.2% decline
- 114,700 number of jobs
- $71,790 potential earnings

Market research analysts and marketing specialists

- 17.7% much faster than the average
- 738,100 number of jobs
- $65,810 potential earnings

Operations research analysts

- 24.8% much faster than the average
- 105,100 number of jobs
- $86,200 potential earnings

Actuaries

- 17.6% much faster than the average
- 27,700 number of jobs
- $111,030 potential earnings

Marketing managers

- 6.7% faster than the average
- 286,300 number of jobs
- $142,170 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admissions

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	

Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate in-depth knowledge of the insurance industry.
2. Analyze and critically assess problems facing the insurance industry.
3. Identify and assess legal and ethical issues surrounding insurance industry decisions.
4. Demonstrate the ability to lead and productively participate in group situations.

Full Description

The Bachelor of Science degree in Insurance Studies provides students with the academic background for career entry in the insurance industry. The program offers a well-rounded core of business and social science courses, including management technology, professional writing and human communications.

Building on this core curriculum are courses that provide the opportunity for students to explore all lines of insurance, including personal lines, commercial lines, life and health insurance. Students also take on an internship during their third year to reinforce their insurance industry knowledge and gain real-world experience.

The knowledge gained in the insurance program permits students to join any organization within the insurance industry with a solid understanding of applicable products, regulations, operations and policy contracts. Students graduate with knowledge of several specific insurance industry facets, such as property and casualty insurance, life and health insurance, insurance company and agency operations, insurance regulation, insurance finance and risk management.

Insurance Studies - Minor

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Insurance Studies minor has been designed so students from many disciplines can complement their major and develop the skills necessary to enter this industry. The insurance industry offers career opportunities for graduates from a wide variety of majors and provides great employment opportunities. Some of the positions include accountants, adjustors, actuaries, agents, IT specialists, investigators, underwriters, nurses, sales and operations managers.

- $74,690 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

Admission to this program is selective. Applicants must have graduated from a program in radiologic technology, diagnostic medical sonography, nuclear medicine or radiation therapy and be a registered or registry-eligible radiologic technologist, diagnostic medical sonographer, nuclear medicine technologist or a radiation therapist. Applicants must have a minimum 2.50 overall GPA prior to program entry.

The program begins in fall with an application deadline of July 1 each year.

Program Requirements

Certificate Requirements

Code	Title	Credit Hours
Certificate Requirements [1]		
RIS 34084	COMPUTED TOMOGRAPHY AND MAGNETIC RESONANCE IMAGING SECTIONAL ANATOMY I (min C grade)	2
RIS 34086	COMPUTED TOMOGRAPHY AND MAGNETIC RESONANCE IMAGING SECTIONAL ANATOMY II (min C grade)	2
RIS 44031	PATIENT MANAGEMENT IN MAGNETIC RESONANCE IMAGING (min C grade)	2
RIS 44044	MAGNETIC RESONANCE IMAGING PROCEDURES I (min C grade)	2
RIS 44045	MAGNETIC RESONANCE IMAGING PROCEDURES II (min C grade)	2
RIS 44051	MAGNETIC RESONANCE EQUIPMENT AND IMAGE ACQUISITION I (min C grade)	2
RIS 44052	MAGNETIC RESONANCE EQUIPMENT AND IMAGE ACQUISITION II (min C grade)	2
Clinical Electives, choose from the following:		4
RIS 44003	MAGNETIC RESONANCE IMAGING CLINICAL EDUCATION I	
RIS 44063	MAGNETIC RESONANCE IMAGING CLINICAL EDUCATION II	
RIS 44092	COMPUTED TOMOGRAPHY/MAGNETIC RESONANCE INTERNSHIP (ELR)	
Minimum Total Credit Hours:		**18**

[1] Students are encouraged to register for the following courses during summer term: RIS 44066 is a review course for the national certification exam. RIS 44073 allows students to gain added experience in MRI and to complete required clinical competencies for the ARRT exam. The courses are not required to graduate with the certificate.

Graduation Requirements

Minimum Certificate GPA	Minimum Overall GPA
2.000	2.000

- All clinical education courses must be completed and with successful passage of all required clinical competencies.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Fall Semester		Credits
RIS 34084	COMPUTED TOMOGRAPHY AND MAGNETIC RESONANCE IMAGING SECTIONAL ANATOMY I	2
RIS 44031	PATIENT MANAGEMENT IN MAGNETIC RESONANCE IMAGING	2
RIS 44044	MAGNETIC RESONANCE IMAGING PROCEDURES I	2
RIS 44051	MAGNETIC RESONANCE EQUIPMENT AND IMAGE ACQUISITION I	2
Clinical Elective		2
	Credit Hours	**10**
Spring Semester		
RIS 34086	COMPUTED TOMOGRAPHY AND MAGNETIC RESONANCE IMAGING SECTIONAL ANATOMY II	2
RIS 44045	MAGNETIC RESONANCE IMAGING PROCEDURES II	2
RIS 44052	MAGNETIC RESONANCE EQUIPMENT AND IMAGE ACQUISITION II	2
Clinical Elective		2
	Credit Hours	**8**
Summer Term		
Optional courses		
RIS 44066	MAGNETIC RESONANCE IMAGING TECHNIQUES	

RIS 44073 or RIS 44092	MAGNETIC RESONANCE IMAGING CLINICAL EDUCATION III or COMPUTED TOMOGRAPHY/MAGNETIC RESONANCE INTERNSHIP (ELR)	
	Credit Hours	**0**
	Minimum Total Credit Hours:	**18**

Program Learning Outcomes

Graduates of this program will be able to:

1. Apply knowledge to the practice of magnetic resonance imaging.
2. Effectively utilize critical thinking, problem-solving and decision-making skills in the practice of magnetic resonance imaging.
3. Effectively communicate in oral and written form with patients, customers and all members of the health care team.
4. Successfully perform magnetic resonance imaging procedures and attain results of high diagnostic value while providing patient care.
5. Exhibit personal and professional attributes and values relevant to the practice of magnetic resonance imaging.

Full Description

The Magnetic Resonance Imaging undergraduate certificate program provides coursework in anatomy, patient management, procedures and image production. Students observe magnetic resonance imaging procedures, perform procedures under direct supervision by registered technologists and complete required clinical competencies toward the national certification exam for magnetic resonance imaging or to be applied toward continuing education requirements as deemed by the American Registry of Radiologic Technologists (ARRT).

Magnetic resonance imaging (MRI) scans are ordered on orthopedic, neurological, cardiovascular, cancer and non-trauma patients and is extremely beneficial for examining soft tissue structures. An MRI technologist works in hospitals or outpatient healthcare facilities using an MRI scanner that uses a magnetic field and computer-generated radio waves to create detailed images of the organs and tissues in the body. The images are assembled and reconstructed digitally to create a series of diagnostic images that physicians use to interpret for a patient diagnosis.

The Magnetic Resonance Imaging certificate offers a seamless transfer pathway into the Bachelor of Radiologic Imaging Sciences Technology degree. Students are able to complete the certificate, sit for the national certification exam, begin working in the profession and then enroll in the B.R.I.T. degree and complete the remaining requirements to earn the bachelor's degree.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Mammography - Undergraduate Certificate

College of Applied and Technical Studies

www.kent.edu/cats

About This Program

Start your career in Mammography with Kent State's undergraduate certificate program. Gain the knowledge and skills needed to excel in the field with our rigorous coursework, hands-on training, and experienced faculty. With a focus on patient care and advanced technology, our program prepares you to make a difference in the lives of others. Enroll now and take the first step towards a fulfilling career in mammography. Read more...

Examples of Possible Careers and Salaries*

Radiologic technologists and technicians

- 6.7% faster than the average
- 212,000 number of jobs
- $61,900 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to the Mammography certificate is selective. Applicants must be a registered radiologic technologist (ARRT) or in their second year of an accredited radiologic technology degree program.

Program Requirements

Certificate Requirements

Code	Title	Credit Hours
Certificate Requirements		
RADT 25010	MAMMOGRAPHIC EQUIPMENT, QUALITY ASSURANCE AND PROCEDURES (min C grade)	3
RADT 25011	MAMMOGRAPHIC POSITIONING AND PATIENT CARE (min C grade)	3

RADT 25092	MAMMOGRAPHY CLINICAL (ELR) (min C grade) [1]	2
Minimum Total Credit Hours:		**8**

[1] Required clinical experiences will be in-person at an assigned health care facility.

Graduation Requirements

Minimum Certificate GPA	Minimum Overall GPA
2.000	2.000

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Semester One		Credits
RADT 25010	MAMMOGRAPHIC EQUIPMENT, QUALITY ASSURANCE AND PROCEDURES	3
	Credit Hours	**3**
Semester Two		
RADT 25011	MAMMOGRAPHIC POSITIONING AND PATIENT CARE	3
	Credit Hours	**3**
Semester Three		
RADT 25092	MAMMOGRAPHY CLINICAL (ELR)	2
	Credit Hours	**2**
	Minimum Total Credit Hours:	**8**

Program Learning Requirements

Graduates of this program will be able to:

1. Effectively utilize critical thinking and problem-solving skills when performing mammographic procedures.
2. Communicate effectively in oral and written form with patients, families and members of the health care team.
3. Perform mammographic procedures successfully and consistently with entry-level requirements of a registered mammographer.
4. Determine the value of professional growth and development and conduct themselves in a professional manner.

Full Description

The Mammography undergraduate certificate program provides education and training in digital mammography. Mammography is specialized medical imaging that is critical to early detection and diagnosis of breast diseases in women. Technologists, also known as mammographers, are members of breast-imaging teams within health care organizations. Using low-dose x-rays, mammographers image breasts to help physicians look for or track the progress of cancer or benign growths and determine treatment. Mammographers work in hospitals, physician's offices and other healthcare facilities.

The Mammography certificate meets requirements set by the Mammography Quality Standards Act (MQSA) for minimum didactic and clinical standards for mammographers. Graduates of the certificate are eligible to earn certification in mammography from the American Registry of Radiologic Technologists (ARRT).

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Mechanical Engineering Technology - A.A.S.

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

Looking to jump-start your career in engineering? The Associate of Applied Science in Mechanical Engineering Technology provides you with the technical skills and knowledge needed to succeed in a wide range of mechanical engineering roles. With hands-on training, experienced faculty, and industry-standard tools, you'll gain practical experience and be ready to hit the ground running in the industry. Read more...

Program Delivery

- **Delivery:**
  - In person
- **Location**
  - Trumbull Campus
  - Tuscarawas Campus

Examples of Possible Careers*

Calibration technologists and technicians and engineering technologists and technicians, except drafters, all other

- 2.1% slower than the average
- 91,600 number of jobs
- $64,190 potential earnings

Electro-mechanical and mechatronics technologists and technicians

- 3.0% about as fast as the average
- 14,600 number of jobs
- $59,800 potential earnings

Mechanical drafters

- -8.3% decline
- 57,500 number of jobs
- $58,270 potential earnings

Mechanical engineering technologists and technicians

- 3.1% about as fast as the average
- 43,500 number of jobs
- $58,230 potential earnings

Additional Careers

- Engineering technician
- Design specialist
- Mechanical Designer
- Project Engineer

Accreditation

The A.A.S. degree in Mechanical Engineering Technology (Tuscarawas Campus only) is accredited by the Engineering Technology Accreditation Commission of ABET, http://www.abet.org.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, and the Twinsburg Academic Center, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning a minimum 71 TOEFL iBT score, minimum 6.0 IELTS score, minimum 47 PTE score or minimum 100 DET score, or by completing the ELS level 112 Intensive English Program. For more information on international admission visit the admissions website for international students.

For more information on admissions, contact the Regional Campuses admissions offices.

Program Learning Outcomes

Graduates of this program will be able to:

1. Apply the knowledge, techniques, skills and modem tools of mathematics, science, engineering and technology to solve mechanical engineering technology problems that require limited application of principles but extensive practical knowledge.
2. Design solutions for well-defined mechanical engineering technology problems and assist with the design of systems, components or processes for solving broad mechanical engineering technology problems.
3. Apply written, oral and graphical communication in both technical and non-technical environments, and proficiently use technical reference material.
4. Conduct standard tests, measurements and experiments and analyze and interpret the results.
5. Function effectively as a member of a technical team.
6. Understand and commit to address professional and ethical responsibilities, including a respect for diversity.

Full Description

The Associate of Applied Science degree in Mechanical Engineering Technology provides students with knowledge and skills in the manufacturing areas related to computer-controlled equipment and integrated manufacturing. Students learn drafting, materials testing, robotics applications and computer-aided design (CAD) and computer-aided manufacturing (CAM) software for design and design documentation.

The degree program articulates into Kent State's Bachelor of Science degree in Engineering Technology.

Medical Assisting - Undergraduate Certificate

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Medical Assisting undergraduate certificate provides you with the knowledge and skills needed to succeed in this fast-growing field. With experienced faculty, hands-on training, and a focus on real-world applications, you'll be prepared for a rewarding career as a medical assistant. Enroll now and take the first step towards a brighter future in healthcare. Read more...

MA 10092	MEDICAL ASSISTING PRACTICUM (ELR)	3
	Credit Hours	**10**
	Minimum Total Credit Hours:	**24**

Program Learning Outcomes

Graduates of this program will be able to:

1. Identify, administer and document medications safely utilizing the six rights.
2. Collect and process and diagnostic specimens with appropriate documentation and follow up.
3. Apply current up-to-date quality control and safety principles in the workplace.
4. Skillfully perform and document routine clinical procedures.
5. Perform and document routine administrative procedures.
6. Effectively utilize verbal, nonverbal and written communication principles and skills in the workplace.
7. Maintain ethical and legal standards and maintain confidentiality and patient privacy.
8. Communicate with professionalism in the medical assistant role and function as a valued member of the health care team.
9. Effectively utilize the electronic health record for documentation and insurance purposes.
10. Identify medical law and regulatory guidelines as it pertains to the ambulatory setting.

Full Description

The Medical Assisting undergraduate certificate prepares graduates to gain knowledge needed for the national certification examinations.

Medical assistants work alongside physicians, mainly in outpatient or ambulatory care facilities, such as medical offices and clinics. They perform administrative and clinical duties in addition to serving as a patient liaison and a member of the Patient-Centered Medical Home team.

The certificate's curriculum is guided by national standards and covers 12 content areas: anatomy and physiology, applied mathematics, infection control, nutrition, communication, administrative functions, basic practices finances, third-party reimbursement, procedural and diagnostic coding, legal implications, ethical considerations and protective practices.

Medical Billing - Undergraduate Certificate

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Medical Billing undergraduate certificate provides a basic understanding of software, medical terminology, coding and procedures used in medical settings such as hospitals, clinics, doctors' offices and outsourcing facilities involved with providing billing operations. The certificate prepares students for the Certified Coding Associate exam from the American Health Information Management Association (AHIMA).

OTEC 26655	ICD CODING	3
OTEC 26656	CURRENT PROCEDURAL TERMINOLOGY (CPT) CODING	3
Minimum Total Credit Hours:		**21**

Progression Requirements

- Students are required to complete HED 14020- Medical Terminology before completing OTEC 26655- ICD Coding. HED 14020- Medical Terminology is a prerequisite for OTEC 26655- ICD Coding.
- BSCI 10001-Human Biology or BSCI 21010- Anatomy & Physiology I is recommended to complete prior to completing OTEC 26655- ICD Coding and OTEC 26656- CPT Coding.
- OTEC 26655- ICD Coding and OTEC 26656- CPT Coding are only offered in the spring semesters and are prerequisites for OTEC 26650- Medical Billing Procedures which is only offered in the summer semesters.

Graduation Requirements

Minimum Certificate GPA	Minimum Overall GPA
2.000	2.000

- Students must complete a minimum of 15 credit hours of the certificate curriculum at Kent State University.
- Transfer credits may be used as long as letter grade appear on original transcript.

Program Learning Outcomes

Graduates of this program will be able to:

1. Apply current procedural (CPT) and diagnostic (ICD) codes based on medical documentation.
2. Identify and define specific medical terminology in relation to a specific disease or diagnostic procedure.
3. Know and understand laws, regulations and guidelines, including compliance with HIPAA related to medical billing.
4. Create a hypothetical health insurance claim form for medical reimbursement.
5. Apply a variety of computer skills necessary to prepare documents related to coding and billing in healthcare settings.
6. Apply oral and written communications skills — including letters, email, memos, telephone and video — with interactions related to insurance companies, physicians and other health care professionals.
7. Demonstrate the ability to be successful as a team member as part of a diverse environment.

Modeling and Animation - Minor

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Modeling and Animation minor provides students with an understanding of and skills to create: parametric models, 2D graphics, UV texturing, character and environment modeling, lighting and rendering, as well as animation.

Examples of Possible Careers and Salaries*

Registered nurses

- 7.2% faster than the average
- 3,096,700 number of jobs
- $75,330 potential earnings

Accreditation

The associate degree in nursing at Kent State University is accredited by the Accreditation Commission for Education in Nursing (ACEN), 3390 Peachtree Road NE, Suite 1400 Atlanta, GA 30326, (404) 975-5000. The most recent accreditation decision made by the ACEN Board of Commissioners is "continuing accreditation." View the public information disclosed by the ACEN regarding this program at https://www.acenursing.org/acen-programs-05202024/kent-state-university. Information on Student Achievement Data, including NCLEX-RN pass rates and program completion rates, are available.

The A.A.S. degree in Nursing ADN has full approval by the Ohio Board of Nursing.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, and the Twinsburg Academic Center, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning a minimum 71 TOEFL iBT score, minimum 6.0 IELTS score, minimum 47 PTE score or minimum 100 DET score, or by completing the ELS level 112 Intensive English Program. For more information on international admission visit the admissions website for international students.

For more information on admissions, contact the Regional Campuses admissions offices.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements (courses count in major GPA; min C grade required in all courses)		
NRST 10014	PHARMACOLOGY FOR NURSING I	1
NRST 20015	MENTAL HEALTH NURSING	3
NRST 20022	NURSING II	6
NRST 20023	NURSING III	6
NRST 20214	PHARMACOLOGY FOR NURSING II	2
NRST 20217	MATERNAL CHILD AND FAMILY NURSING	4
NRST 20219	TRANSITION TO NURSING PRACTICE	2
Additional Requirements (courses do not count in major GPA; min C/S grade required in all courses)		
BSCI 11010	FOUNDATIONAL ANATOMY AND PHYSIOLOGY I (KBS) (KLAB) [1]	3
BSCI 11020	FOUNDATIONAL ANATOMY AND PHYSIOLOGY II (KBS) (KLAB) [1]	3
BSCI 20021	BASIC MICROBIOLOGY	3-4
or BSCI 30171	GENERAL MICROBIOLOGY	
NUTR 23511	SCIENCE OF HUMAN NUTRITION (KBS) [1]	3
or NUTR 33512	INTERMEDIATE NUTRITION SCIENCE	
PSYC 11762	GENERAL PSYCHOLOGY (DIVD) (KSS)	3
UC 10001	FLASHES 101	1
Kent Core Composition		3
Kent Core Mathematics and Critical Reasoning		3
Kent Core Humanities and Fine Arts		3
Additional Requirements or Concentrations		
Choose from the following:		15
Additional Requirements for Students Not Declaring a Concentration		
LPN to ADN Concentration		
Paramedic to ADN Concentration		
Minimum Total Credit Hours:		**64**

[1] Students who have successfully completed BSCI 21010 and BSCI 21020 or (ATTR 25057 and ATTR 25058) or (EXSC 25057 and EXSC 25058) may use those courses in place of BSCI 11010 and BSCI 11020.

Additional Requirements for Students Not Declaring a Concentration

Code	Title	Credit Hours
Major Requirements (courses count in major GPA; min C grade required in all courses)		
NRST 10011	FUNDAMENTALS OF NURSING	5
NRST 10012	PROFESSIONAL COMMUNICATION FOR NURSING	1
NRST 10013	NURSING I	6
NURS 20950	HUMAN GROWTH AND DEVELOPMENT FOR HEALTH PROFESSIONALS [1]	3
Minimum Total Credit Hours:		**15**

[1] NURS 20950 must be completed within the past five years prior to admission to the program and a minimum C grade must be earned.

LPN to ADN Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (courses count in major GPA)		
NRST 10016	LPN TO ADN TRANSITION (min C grade)	3
Upon successful completion of NRST 10016, students are awarded credit (no grade) for NRST 10011, NRST 10012 and NRST 10013. NURS 20950 will be waived.		12
Minimum Total Credit Hours:		**15**

Paramedic to ADN Concentrations Requirements

Code	Title	Credit Hours
Concentration Requirements (courses count in major GPA)		
NRST 10018	PARAMEDIC TO ADN TRANSITION (min C grade)	5
Upon successful completion of NRST 10018, students are awarded credit (no grade) for NRST 10012, NRST 10013 and NURS 20950. NRST 10011 will be waived.		10
Minimum Total Credit Hours:		**15**

Progression Requirements

To be able to register for Nursing Technology (NRST) courses, students must be accepted to technical study. Acceptance is a selective process. Criteria for acceptance are the following:

- Minimum 2.700 overall GPA
- Minimum C grade in high school or college-level courses in algebra, biology and chemistry
- Completion of developmental coursework prescribed by placement testing
- Completion of the Associate Degree in Nursing Program Application

A NSRT course may be repeated one time for a total of two attempts, but the student may only apply for reentry one time to the A.A.S. degree in Nursing.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

- Minimum C grade in theory and a designation of "passing" for performance in the clinical area (if applicable) must be achieved for each nursing course.
- Minimum C grade in all required courses, including developmental courses.

Roadmaps

Nursing Major (No Concentration)

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Semester One		Credits
BSCI 11010	FOUNDATIONAL ANATOMY AND PHYSIOLOGY I (KBS) (KLAB)	3
NRST 10011	FUNDAMENTALS OF NURSING	5
NRST 10012	PROFESSIONAL COMMUNICATION FOR NURSING	1
NRST 10014	PHARMACOLOGY FOR NURSING I	1
PSYC 11762	GENERAL PSYCHOLOGY (DIVD) (KSS)	3
UC 10001	FLASHES 101	1
Kent Core Requirement		3
	Credit Hours	**17**
Semester Two		
BSCI 11020	FOUNDATIONAL ANATOMY AND PHYSIOLOGY II (KBS) (KLAB)	3
NRST 10013	NURSING I	6
NRST 20015	MENTAL HEALTH NURSING	3
NRST 20214	PHARMACOLOGY FOR NURSING II	2
NUTR 23511 or NUTR 33512	SCIENCE OF HUMAN NUTRITION (KBS) or INTERMEDIATE NUTRITION SCIENCE	3
	Credit Hours	**17**
Semester Three		
BSCI 20021	BASIC MICROBIOLOGY	3
NRST 20022	NURSING II	6
NRST 20217	MATERNAL CHILD AND FAMILY NURSING	4
NURS 20950	HUMAN GROWTH AND DEVELOPMENT FOR HEALTH PROFESSIONALS	3
	Credit Hours	**16**
Semester Four		
NRST 20023	NURSING III	6
NRST 20219	TRANSITION TO NURSING PRACTICE	2
Kent Core Requirement		6
	Credit Hours	**14**
	Minimum Total Credit Hours:	**64**

LPN to ADN Concentration

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Semester One		Credits
BSCI 11010	FOUNDATIONAL ANATOMY AND PHYSIOLOGY I (KBS) (KLAB)	3

University Requirements

All students in an applied or technical associate degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements, please see Program Requirements for details.

Code	Title	Credit Hours
Flashes 101 (UC 10001)		1
	Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Kent Core (see table below)		15
Total Credit Hour Requirement		60
	Some associate degrees require students to complete more than 60 credit hours.	

Kent Core Requirements

Kent Core Composition (KCMP)	3
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA)	3
Kent Core Social Sciences (KSS)	3
Kent Core Basic Sciences (KBS/KLAB)	3
Total Credit Hours:	**15**

Program Learning Outcomes

Graduates of this program will be able to:

1. Provide safe and effective nursing care which respects patient values, cultures and beliefs.
2. Demonstrate effective communication and collaboration with patients, families, caregivers and health care team members.
3. Demonstrate leadership and the ability to manage nursing care in a professional manner following legal and ethical guidelines.
4. Use quality improvement data and current evidence for delivery of optimal nursing care.
5. Use technology to communicate, manage knowledge and support decision-making.

Program Policies

Program and Course Withdrawal

Students withdrawing from the Nursing ADN major are expected to notify the program director. Students who do not register for any required course or drop any required course after registration should notify the program director immediately.

Program Time Limits

Student must complete the nursing course requirements within a maximum of four years after admission to the nursing program. Students are strongly advised to avoid a full-time work schedule.

For students previously in the Nursing ADN major who re-enter as a licensed practical nurse (LPN) or certified paramedic, their four-year limit begins the the term they start the NRST course sequence.

Readmission

Readmission to the Nursing ADN major is based on the decision of the Readmission Committee and seat availability. Readmission is not guaranteed to any student.

Students who left the major before earning the degree and are now a licensed practical nurse (LPN) or a certified paramedic may request readmission through the Advanced Placement Policies for LPNs and Paramedics.

Eligibility for Readmission

To be eligible for readmission, students must satisfy the following requirements:

- Meet with the Nursing ADN program director as soon as possible — after the end of the semester in which the student withdrew or failed and prior to the start of the next semester — to discuss the readmission process and policies.
- Hold a minimum 2.000 overall GPA from Kent State University.
- Submit a formal request in writing to the Nursing ADN program director. The submission deadlines are:
  - June 1 for returning in the fall semester
  - November 1 for returning in the spring semester at the East Liverpool and Tuscarawas campuses and the Twinsburg Academic Center
  - December 31 for returning in the spring semester at the Ashtabula Campus
  - March 1 for returning in the summer term
- Submit a detailed plan for academic success. The plan must address, in detail, why the student was not successful during the previous attempt, and how the student intends to be successful if readmitted. The student must sign the plan; it will become a contract that the student must follow throughout the remainder of the nursing program.
- For readmitted students who have been out of the program more than one semester: Follow the Nursing Clinical Requirements Policy for Readmitted Students.
- For readmitted students who have been out of the program more than one semester: Demonstrate satisfactory performance of previously learned skills. Students will have three attempts to demonstrate competency. The deadline for completing these skills as required are:
  - July 1 for returning in the fall semester
  - December 1 for returning in the spring semester
  - April 1 for returning in the summer term

After Readmission

- Readmitted students who fail an NRST course may reapply for readmission to the nursing program one time only.
- Any readmitted student who fails to meet the program's progression requirements a second time will not be permitted to continue in the program and will not be eligible to begin another NRST course or be eligible to reapply for readmission.
- Readmitted students are responsible for following the Kent State University Associate Degree Nursing Student Handbook in effect at the time of readmission and changing to the current catalog year.

Full Description

The Associate of Applied Science degree in Nursing prepares students for the registered nurse profession. The curriculum is designed to meet today's health care needs by focusing on the registered nurse's role in communities, hospitals, clinics and home health care.

Graduates are eligible to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN).

The Nursing major includes the following optional concentrations:

- The **LPN to ADN** concentration is a completer program for students who are licensed practical nurses.
- The **Paramedic to ADN** concentration is a completer program for students who are certified paramedics.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Program Learning Outcomes

Graduates of this program will be able to:

1. Engage in ongoing professional growth and development as an occupational therapy assistant practitioner.
2. Apply clinical reasoning by integrating clinical experiences with evidence-based practice and personal experience to provide best-practice occupational therapy services.
3. Implement occupation-based, client-centered practice to support clients' desired occupational roles and participation.
4. Promote community engagement through connecting resources to identified groups and populations to facilitate healthy, productive and satisfying lives.

Full Description

The Associate of Applied Science degree in Occupational Therapy Assistant prepares students for a career as an occupational therapy assistant. Occupational therapy services are provided for habilitation, rehabilitation and promotion of health and wellness, while emphasizing participation in meaningful occupations for clients and groups in a variety of settings. Occupational therapy assistants work under the direction of and in partnership with occupational therapists.

The degree program prepares students with a sequential curriculum, including lectures, labs and a variety of fieldwork experiences. Graduates are eligible to take the national certification exam and obtain state licensure.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Office Software Applications - Undergraduate Certificate

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Office Software Application undergraduate certificate provides a solid background in Microsoft Office software applications to assist individuals in becoming productive office workers. The program enables students to establish or update skills using the latest version of software that is commonly used in offices today.

- $31,110 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, and the Twinsburg Academic Center, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning a minimum 71 TOEFL iBT score, minimum 6.0 IELTS score, minimum 47 PTE score or minimum 100 DET score, or by completing the ELS level 112 Intensive English Program. For more information on international admission visit the admissions website for international students.

For more information on admissions, contact the Regional Campuses admissions offices.

University Requirements

All students in an applied or technical associate degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements, please see Program Requirements for details.

Code	Title	Credit Hours
Flashes 101 (UC 10001)		1
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.		
Kent Core (see table below)		15
Total Credit Hour Requirement		60
Some associate degrees require students to complete more than 60 credit hours.		

Kent Core Requirements

Kent Core Composition (KCMP)	3
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA)	3
Kent Core Social Sciences (KSS)	3
Kent Core Basic Sciences (KBS/KLAB)	3
Total Credit Hours:	**15**

Program Learning Outcomes

Graduates of this program will be able to:

1. Organize, manage and analyze critical business data using spreadsheet and database software.
2. Create state-of-the-art documents, using design guidelines, terminology and basic publication concepts of industry standards.
3. Import and integrate data from their original software to another for upgraded usage.
4. Determine the most appropriate software to use in creating specific business documents that meet industry standards for mailing.
5. Contrast, compare and adapt to forces that influence emerging management practices.
6. Manage the people, productivity, technology and environment within the administrative function of an organization.
7. Integrate coursework with realistic office settings, emphasizing the total quality management environment.
8. Use multiple channels used in business to communicate with others
9. Participate in the activities of various businesses to determine the variety of job responsibilities assigned to employees in their

profession; develop job search strategies for use in their outreach activities.

10. Track and provide administrative support in managing projects, using software designed for this specific purpose.
11. Examine, describe and exercise various leadership, decision-making and motivational skills.

Full Description

The Associate of Applied Business degree in Office Technology focuses primarily on front-end office functions, where employees use technology for daily job responsibilities that may include producing business documents, designing presentations, generating data reports and creating financial spreadsheets. Students use the most current versions of business software applications and learn the fundamentals of accounting, automated records management, business communications and resource management.

Graduates gain a wide variety of computer application skills needed for gainful employment in office administrative support positions, including office assistant, accounting clerk, office manager, administrative coordinator, executive administrative and administrative assistant–technology.

The Office Technology major includes the following optional concentration:

- The **Medical Billing/ Coding Office** concentration provides a basic understanding of software, medical terminology, billing/coding and procedures used in medical settings such as hospitals, clinics, doctors' offices and outsourcing facilities involved with providing billing operations.

Peace Officers Training Academy - Undergraduate Certificate

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

Join the ranks of law enforcement with Kent State's Peace Officer Training Academy certificate. Our comprehensive program provides the skills and knowledge needed to become a certified peace officer and serve your community with honor and integrity. Enroll now and start your journey towards a fulfilling career in law enforcement. Read more...

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Trumbull Campus
  - Twinsburg, Ohio

Examples of Possible Careers and Salaries*

Police and sheriff's patrol officers

- 5.7% faster than the average
- 688,400 number of jobs
- $65,540 potential earnings

Accreditation

The curriculum for the Peace Officers Training Academy undergraduate certificate is approved by the Ohio Attorney General - Ohio Peace Officer Training Commission (OPOTC).

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

Admission to the certificate is selective. Applicants to the certificate must meet all admission criteria for acceptance into Kent State's Basic Peace Officer Academy. Criteria includes the following:

- Valid driver's license
- High school diploma or GED
- Good physical condition
- No felony or drug convictions or arrests for domestic violence

Graduation Requirements

Minimum Certificate GPA	Minimum Overall GPA
2.000	2.000

- Completion of the Kent State University Basic Peace Officer Academy

Program Learning Outcomes

Graduates of this program will be able to:

1. Identify the components and legal processes of the criminal justice system, and apply basic criminal laws to various situations.
2. Explain the different types of police procedures and their effective uses in law enforcement.
3. Use ethical, analytical and critical-thinking skills toward situations typical to criminal justice settings.
4. Safely and properly conduct a traffic stop and respond to a domestic disturbance, dispatched call or crime in progress.
5. Properly carry out comprehensive criminal investigations and write various reports.
6. Proficiently provide first aid at the level of a first responder.

Full Description

The Peace Officers Training Academy undergraduate certificate prepares students to become law enforcement officers in the state of Ohio. Students pursuing the certificate must be accepted to Kent State's Basic Peace Officer Academy. The certificate's curriculum covers the basics of defensive tactics, firearms, driving, traffic, patrol, civil disorders and first aid. Students learn investigative methods and the fundamentals of policing, the criminal justice system, constitutional law and homeland security.

After successful completion of the certificate and the academy, students are eligible to take the state certification examination for law enforcement. Graduates of the certificate are able to matriculate into the A.A.S. degree in Criminology and Justice at Kent State.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Physical Therapist Assistant Technology - A.A.S.

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

Join one of the fastest-growing healthcare fields with Kent State's Physical Therapist Assistant Technology A.A.S. program. With a blend of classroom instruction and hands-on experience, you'll learn the skills needed to provide high-quality patient care and support. Read more...

Athletic Trainers Transition Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (courses do not count in major GPA)		
PTST 10010	TRANSITIONS IN PHYSICAL THERAPY (min C grade) [1,2]	8
Additional Requirements (course do not count in the major GPA)		
Kent Core Basic Sciences		3
General Elective (possible transfer coursework)		3
Minimum Total Credit Hours:		**14**

1 For PTST 10010, students will be required to complete two three-day laboratory weekends on the Ashtabula Campus.

2 Students in the Athletic Training Transition concentration will earn transfer credit (no grade) for PTST 10011 and PTST 20003 and PTST 20004 after completing PTST 10010 with minimum C grade.

Progression Requirements

To be able to register for Physical Therapist Assistant Technology (PTST) courses, students must be accepted to technical study. Acceptance to technical study is a selective process. Criteria for acceptance are the following:

- Completion of observation hours in a physical therapy clinic
- Minimum 2.700 overall GPA from the most recent academic experience of 12 credit hours or more
- Completion or placement out of all Kent State University prescribed developmental education coursework (ENG 01001 and READ 00006)
- Submission of application to technical study, separate from the university application
- Program Applicant Assessments as noted in the program application information packet for each cohort

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

- Minimum C (or S) grade may be required in some courses.
- Three practicum courses require students to complete a minimum of 640 off-campus clinical education hours under the supervision of a licensed physical therapist or physical therapist assistant. Under certain circumstances, students in practicum courses are required to attend clinicals on days outside of the academic calendar. These circumstances may occur on scheduled or unscheduled campus closures or on days when classes are cancelled. Examples include: certain holidays, spring recess, snow days and/or prior to the start of semesters. Students are notified in advance of the clinical education schedule.
- Contracted clinical education sites normally require students to demonstrate both medical and background clearances, as well as the ability to perform the core tasks and essential job functions of a physical therapist assistant. Students who are unable to perform the core tasks and essential job functions, or who cannot demonstrate medical and background clearance may not be able to complete the requirements for the degree program.

Roadmaps

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Athletic Trainers Transition Concentration

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester Prerequisite		Credits
	UC 10001	FLASHES 101	1
	Kent Core Requirements (possible transfer coursework)		12
	General Electives (possible transfer coursework)		3
		Credit Hours	**16**
	Semester One		
	PSYC 11762	GENERAL PSYCHOLOGY (DIVD) (KSS)	3
	PTST 10000	INTRODUCTION TO PHYSICAL THERAPIST ASSISTANT	1
!	PTST 10010	TRANSITIONS IN PHYSICAL THERAPY	8
	Transfer credit (no grade) for PTST 20003, PTST 20004 and PTST 10011 after completing PTST 10010 (min C grade)		7
		Credit Hours	**19**
	Semester Two		
	AHS 12005	CONCEPTS IN LIFESPAN DEVELOPMENT	3
	AHS 12010	PROFESSIONALISM IN HEALTHCARE	1
	AHS 24010 or HED 14020	MEDICAL TERMINOLOGY or MEDICAL TERMINOLOGY	1

!	PTST 10001	PRINCIPLES OF PATIENT CARE IN PHYSICAL THERAPY	4
!	PTST 10003	CLINICAL CONDITIONS I	2
!	PTST 11005	PHYSICAL THERAPY PRACTICE I	2
		Credit Hours	**13**
	Semester Three		
!	PTST 11092	CLINICAL EDUCATION I (ELR)	1
!	PTST 20006	PHYSICAL REHABILITATION PROCEDURES	4
!	PTST 20008	CLINICAL CONDITIONS III	2
!	PTST 22005	PHYSICAL THERAPY PRACTICE II	2
		Credit Hours	**9**
	Semester Four

!	PTST 22092	CLINICAL EDUCATION PRACTICUM II (ELR)	2
!	PTST 23092	CLINICAL EDUCATION PRACTICUM III (ELR)	2
!	PTST 20011	PHYSICAL THERAPIST ASSISTANT MANAGEMENT OF THE MEDICALLY COMPLEX PATIENT	2
		Credit Hours	**8**
		Minimum Total Credit Hours:	**65**

University Requirements

All students in an applied or technical associate degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements, please see Program Requirements for details.

Code	Title	Credit Hours
Flashes 101 (UC 10001)		1
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.		
Kent Core (see table below)		15
Total Credit Hour Requirement		60
Some associate degrees require students to complete more than 60 credit hours.		

Kent Core Requirements

Kent Core Composition (KCMP)	3
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA)	3
Kent Core Social Sciences (KSS)	3
Kent Core Basic Sciences (KBS/KLAB)	3
Total Credit Hours:	**15**

Program Learning Outcomes

Graduates of this program will be able to:

1. Provide appropriate and effective physical therapy interventions within the plan of care established by a physical therapist.
2. Effectively communicate with others, teaching or instructing when appropriate.
3. Produce legal and ethical documentation to meet professional expectations and the needs of third party payers.
4. Ethically manage fiscal and human resources to provide high-quality, efficient and cost-effective physical therapy services.
5. Consistently demonstrate the core values of the physical therapist assistant; accountability, altruism, collaboration, compassion and caring, duty, excellence, inclusion, integrity and social responsibility.

Full Description

The Associate of Applied Science degree in Physical Therapist Assistant Technology provides students with the knowledge, skills and behaviors necessary to become licensed or certified as a physical therapist assistant, working under the direction and supervision of a physical therapist. Licensure or certification in most states requires graduation from an accredited program, background clearances and passing the National Physical Therapy Examination.

The integrated curriculum includes lecture, laboratory, seminar and practicum courses. Major course content is cumulative and taught in four sequential semesters in a two year cycle. The technical study curriculum requires student to be on campus or in the clinic three to five days per week each term.

The Physical Therapist Assistant Technology major includes the following optional concentration:

- The **Athletic Trainers Transition** concentration is for board-certified athletic trainers and may be completed, at minimum, in 15 months. The concentration adds the skills and knowledge of a physical therapist assistant to the certified athletic trainers knowledge and skill competency. The concentration is offered primarily online, but requires six three-day in person on the Ashtabula Campus to conduct laboratory assignments. In addition, students must complete a minimum 640 hours of clinical education, which, typically, can be arranged anywhere in the country.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Radiologic Imaging Sciences - B.R.I.T.

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

Kent State's Radiologic Imaging Sciences bachelor's degree is the perfect choice for students interested in launching a rewarding career in medical imaging. Gain hands-on experience with industry-standard equipment and work alongside experienced faculty to develop the skills and knowledge needed to excel in this growing field. Read more...

- Chat with an Admissions Counselor

Program Delivery

- **Delivery:**
  - Fully online (Computed Tomography completer program and Magnetic Resonance Imaging completer programs - for those with a degree in radiologic technology)
  - In person (Diagnostic Medical Sonography and Radiation Therapy concentrations)
- **Location:**
  - Salem Campus (all concentrations)

Examples of Possible Careers and Salaries*

Diagnostic medical sonographers

- 16.8% much faster than the average
- 74,300 number of jobs
- $75,920 potential earnings

Magnetic resonance imaging technologists

- 7.0% faster than the average
- 38,700 number of jobs
- $74,690 potential earnings

Radiation therapists

- 7.1% faster than the average
- 18,500 number of jobs
- $86,850 potential earnings

Radiologic technologists and technicians

- 6.7% faster than the average
- 212,000 number of jobs
- $61,900 potential earnings

Accreditation

The B.R.I.T. degree in Radiologic Imaging Sciences (Radiation Therapy concentration only) is accredited by the Joint Review Committee on Education in Radiologic Technology.

20 N. Wacker Dr. Suite 2850, Chicago, IL 60606-3182
mail@jrcert.org

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

Program Requirements

Major Requirements

Computed Tomography Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (courses count in major GPA; min C grade required in all RIS courses)		
RIS 34084	COMPUTED TOMOGRAPHY AND MAGNETIC RESONANCE IMAGING SECTIONAL ANATOMY I	2
RIS 34086	COMPUTED TOMOGRAPHY AND MAGNETIC RESONANCE IMAGING SECTIONAL ANATOMY II	2
RIS 44021	PATIENT MANAGEMENT IN COMPUTED TOMOGRAPHY	2

RIS 44030	COMPUTED TOMOGRAPHY IMAGE PRODUCTION I	2
RIS 44047	COMPUTED TOMOGRAPHY PROCEDURES I	2
RIS 44048	COMPUTED TOMOGRAPHY PROCEDURES II	2
RIS 44062	COMPUTED TOMOGRAPHY IMAGE PRODUCTION II	2
RIS 44068	COMPUTED TOMOGRAPHY TECHNIQUES	2
RIS 44083	PATHOPHYSIOLOGY FOR MEDICAL IMAGING	3
RIS 44088	LEADERSHIP IN MEDICAL IMAGING	1
RIS 44096	INDIVIDUAL INVESTIGATION IN MEDICAL IMAGING DIRECTED READINGS	3
RIS 44098	RESEARCH IN MEDICAL IMAGING (ELR) (WIC)	3
Clinical Electives, choose from the following:		5
RIS 44004	COMPUTED TOMOGRAPHY CLINICAL EDUCATION I	
RIS 44054	COMPUTED TOMOGRAPHY CLINICAL EDUCATION II	
RIS 44069	COMPUTED TOMOGRAPHY CLINICAL EDUCATION III	
RIS 44092	COMPUTED TOMOGRAPHY/MAGNETIC RESONANCE INTERNSHIP (ELR)	
Additional Requirements (courses do not count in major GPA)		
MATH 10041	INTRODUCTORY STATISTICS (KMCR)	3-4
or MATH 11009	MODELING ALGEBRA (KMCR)	
or MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	
PSYC 11762	GENERAL PSYCHOLOGY (DIVD) (KSS)	3
UC 10001	FLASHES 101	1
Kent Core Composition		6
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines)		3
Kent Core Additional		6
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours) [1]		51
Additional Concentration Requirements (courses do not count in major GPA), choose from the following:		**7-11**
Concentration for A.A.S. Radiologic Technology graduates *CTRT*		
AHS 24010	MEDICAL TERMINOLOGY	1-3
or HED 14020	MEDICAL TERMINOLOGY	
Biology (BSCI) Electives, choose from the following: [2]		6-8
BSCI 11010 & BSCI 11020	FOUNDATIONAL ANATOMY AND PHYSIOLOGY I (KBS) (KLAB) and FOUNDATIONAL ANATOMY AND PHYSIOLOGY II (KBS) (KLAB)	
BSCI 21010 & BSCI 21020	ANATOMY AND PHYSIOLOGY I (KBS) (KLAB) and ANATOMY AND PHYSIOLOGY II	
Concentration for for A.T.S. Radiologic Technology graduates (with certification) *CTHA*		
BSCI 10001	HUMAN BIOLOGY (KBS)	3
CIS 24053	INTRODUCTION TO INFORMATION SYSTEMS AND DIGITAL TECHNOLOGIES	3
or CS 10001	COMPUTER LITERACY	
or IT 11000	INTRODUCTION TO OFFICE PRODUCTIVITY APPS	
Kent Core Basic Sciences (must include one laboratory)		1
Minimum Total Credit Hours:		**120**

[1] Most general elective credit hours will be fulfilled with courses earned for radiologic technology associate degree or hospital-based certificate **(32-40 credit hours awarded for certificate).**

[2] Students who have successfully completed ATTR 25057 and ATTR 25058 (or EXSC 25057 and EXSC 25058) may use those courses in place of BSCI 11010 and BSCI 11020 (or BSCI 21010 and BSCI 21020).

or IT 11000	INTRODUCTION TO OFFICE PRODUCTIVITY APPS	
Kent Core Basic Sciences (must include one laboratory)		1
Minimum Total Credit Hours:		**120**

1 For students with an associate degree or hospital-based certificate, most general elective credit hours will be fulfilled with courses earned for that degree (32 credit hours awarded for certificate).

2 Students who have successfully completed ATTR 25057 and ATTR 25058 (or EXSC 25057 and EXSC 25058) may use those courses in place of BSCI 11010 and BSCI 11020 (or BSCI 21010 and BSCI 21020).

Progression Requirements

To be able to register for Radiologic and Imaging Sciences (RIS) courses, students must be accepted to technical study. Acceptance to technical study is a selective process due to the limited number of students approved for each clinical education setting. Criteria for acceptance are the following:

- Completion of required non-radiologic and imaging sciences (RIS) courses, e.g., biology, chemistry, mathematics, psychology, Kent Core courses
- Minimum 2.750 overall GPA

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.750	2.000

- Students must complete all Radiologic and Imaging Sciences (RIS) courses with a minimum C grade.
- Students must complete all academic and clinical competencies in their core concentration.

Roadmaps

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Computed Tomography Concentration for A.A.S. Radiologic Technology graduates

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence

based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of the Computed Tomography concentrations will be able to:

1. Effectively utilize critical thinking and problem-solving skills when performing computed tomography procedures.
2. Communicate effectively in oral and written form with patients, families and members of the health care team.
3. Perform Computed Tomography procedures successfully and consistent with entry-level requirements of a registered CT technologist. Successfully perform computed tomography procedures.
4. Determine the value of professional growth and development and to conduct themselves in a professional manner.

Graduates of the Diagnostic Medical Sonography concentrations will be able to:

1. Effectively utilize critical thinking and problem-solving skills in the practice of diagnostic medical sonography.
2. Use oral and written communication skills with members of the health care team.
3. Successfully perform sonographic procedures consistent with entry-level requirements.
4. Determine the value of professional growth and development and conduct themselves in a professional manner.

Graduates of the Magnetic Resonance Imaging concentrations will be able to:

1. Effectively utilize critical thinking and problem-solving skills when performing magnetic resonance imaging procedures.
2. Communicate effectively in oral and written form with patients, families and members of the health care team.
3. Perform Magnetic Resonance Imaging procedures successfully and consistent with entry-level requirements of a registered MRI technologist.
4. Determine the value of professional growth and development and to conduct themselves in a professional manner.

Graduates of the Radiation Therapy concentrations will be able to:

1. Use critical thinking and problem-solving skills in the practice of radiation therapy.
2. Effectively communicate in oral and written form with members of the health care team.
3. Successfully perform radiation therapy procedures consistent with entry-level requirements.
4. Determine the value of professional growth and development and to conduct themselves in a professional manner.

Full Description

The Bachelor of Radiologic and Imaging Sciences Technology degree is designed for students pursuing studies related to medical imaging. Job opportunities for CT and MRI technologists, sonographers and therapists exist in hospitals, surgical centers, clinics, physician offices and other healthcare facilities.

The Radiologic and Imaging Sciences major comprising the following concentrations:

- The **Computed Tomography** concentration uses specialized x-ray equipment to create sectional images of the human body. Each cross-sectional image reveals complex information about body structures that are used for a variety of reasons (i.e., diagnostic, treatment planning, interventional or screening).
  - Computed Tomography concentration for students who completed an A.A.S. degree in Radiologic Technology, Nuclear Medicine or Radiation Therapy
  - Computed Tomography concentration for students who completed a hospital-based certificate or A.T.S. degree in Radiologic Technology and American Registry of Radiologic Technologist certification examination
- The **Diagnostic Medical Sonography** concentration uses medical ultrasound (high frequency sound waves that produce images of internal structures) to diagnose a variety of conditions and diseases, as well as monitor fetal development.
  - Diagnostic Medical Sonography concentration for new students (freshmen) and students who completed an associate degree
  - Diagnostic Medical Sonography concentration for students who completed an A.A.S. degree in Radiologic Technology
  - Diagnostic Medical Sonography concentration for students who completed a hospital-based certificate program or A.T.S. degree in Radiologic Technology and American Registry of Radiologic Technologist certification examination
- The **Magnetic Resonance Imaging** concentration uses a powerful magnet, radio waves, and computers to create sectional images of the human body. The images reveal complex information about body structures and the chemical changes that occur as a result of the onset of disease.
  - Magnetic Resonance Imaging concentration for students who completed an A.A.S. degree in Radiologic Technology, Nuclear Medicine or Radiation Therapy
  - Magnetic Resonance Imaging concentration for students who completed a hospital-based certificate or A.T.S. degree in Radiologic Technology and American Registry of Radiologic Technologist certification examination
- The **Radiation Therapy** concentration uses specialized high energy treatment units to administer therapeutic doses of radiation to cancer patients.
  - Radiation Therapy concentration for new students (freshmen) and students who completed an associate degree
  - Radiation Therapy concentration for students who completed an A.A.S. degree in Radiologic Technology
  - Radiation Therapy concentration for students who completed a hospital-based certificate program or A.T.S. degree in Radiologic Technology and American Registry of Radiologic Technologist certification examination

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Radiologic Technology - A.A.S.

College of Applied and Technical Studies

www.kent.edu/cats

About This Program

The Radiologic Technology associate degree at Kent State provides students with the foundational knowledge and practical skills needed for a career in radiologic technology. With a combination of classroom instruction and clinical experience, students will be well-prepared to work in a variety of healthcare settings. Read more...

  - Ashtabula Campus
  - Salem Campus

Examples of Possible Careers and Salaries*

Diagnostic medical sonographers

- 16.8% much faster than the average
- 74,300 number of jobs
- $75,920 potential earnings

Magnetic resonance imaging technologists

- 7.0% faster than the average
- 38,700 number of jobs
- $74,690 potential earnings

Medical dosimetrists, medical records specialists, and health technologists and technicians, all other

- 8.5% much faster than the average
- 341,600 number of jobs
- $44,090 potential earnings

Radiation therapists

- 7.1% faster than the average
- 18,500 number of jobs
- $86,850 potential earnings

Radiologic technologists and technicians

- 6.7% faster than the average
- 212,000 number of jobs
- $61,900 potential earnings

Accreditation

The A.A.S. degree in Radiologic Technology is nationally accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT).

20 N. Wacker Dr. Suite 2850, Chicago, IL 60606-3182

mail@jrcert.org
www.jrcert.org/find-a-program/

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, and the Twinsburg Academic Center, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning a minimum 71 TOEFL iBT score, minimum 6.0 IELTS score, minimum 47 PTE score or minimum 100 DET score, or by completing the ELS level 112 Intensive English Program. For more information on international admission visit the admissions website for international students.

For more information on admissions, contact the Regional Campuses admissions offices.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements (courses count in major GPA; min C grade required in all courses)		
RADT 14003	INTRODUCTION TO RADIOLOGIC TECHNOLOGY	2
RADT 14005	CLINICAL EDUCATION I	1
RADT 14006	RADIOGRAPHIC PROCEDURES I	1
RADT 14015	CLINICAL EDUCATION II	3
RADT 14016	PATIENT CARE MANAGEMENT	2
RADT 14018	IMAGING EQUIPMENT	2

RADT 14024	RADIOGRAPHIC PROCEDURES III	4
RADT 14025	CLINICAL EDUCATION III	3
RADT 14034	IMAGE ACQUISITION AND PROCESSING	2
RADT 14085	CLINICAL EDUCATION IV	2
RADT 24008	RADIOBIOLOGY AND RADIATION PROTECTION	3
RADT 24016	IMAGING PHYSICS	3
RADT 24015	CLINICAL EDUCATION V	3
RADT 24025	CLINICAL EDUCATION VI	3
RADT 24014	ADVANCED IMAGING	2
RADT 24028	RADIOLOGIC PATHOLOGY	3
RADT 24048	RADIOGRAPHIC TECHNIQUES	3
Additional Requirements (courses do not count in major GPA)		
AHS 24010	MEDICAL TERMINOLOGY	1-3
or HED 14020	MEDICAL TERMINOLOGY	
BSCI 11010	FOUNDATIONAL ANATOMY AND PHYSIOLOGY I (KBS) (KLAB) (min C grade) [1]	3
BSCI 11020	FOUNDATIONAL ANATOMY AND PHYSIOLOGY II (KBS) (KLAB) (min C grade) [1]	3
MATH 11009	MODELING ALGEBRA (KMCR)	3-4
or MATH 11010	ALGEBRA FOR CALCULUS (KMCR)	
PSYC 11762	GENERAL PSYCHOLOGY (DIVD) (KSS)	3
UC 10001	FLASHES 101	1
Kent Core Composition		3
Kent Core Humanities and Fine Arts		3
Minimum Total Credit Hours:		**66**

[1] Students who have completed BSCI 21010 and BSCI 21020 (or ATTR 25057 and ATTR 25058, or EXSC 25057 and EXSC 25058) may use these courses in place of BSCI 11010 and BSCI 11020, but the courses must have been completed within the past five years prior to admission to the program.

Progression Requirements

To be able to register for Radiologic Technology (RADT) courses, students must be admitted to technical study. Admission is selective due to the limited number of students approved for each clinical education setting. Admission criteria are the following:

- Minimum 2.750 high school GPA (minimum 2.750 overall GPA for applicants previously or currently attending a college)
- Completion of high school or college-level algebra course (or MATH 00022) with minimum C grade
- Completion of high school or college-level biology course with minimum C grade
- Completion of high school or college-level chemistry course with minimum C grade
- Minimum four hours of job shadowing (eight hours preferred)
- Submission of a Radiologic Technology application
- Interview

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

- A minimum C grade is required in most courses; view the program requirements to see specific courses.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

First Year

University Requirements

All students in an applied or technical associate degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements, please see Program Requirements for details.

Code	Title	Credit Hours
Flashes 101 (UC 10001)		1
	Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Kent Core (see table below)		15
Total Credit Hour Requirement		60
	Some associate degrees require students to complete more than 60 credit hours.	

Kent Core Requirements

Kent Core Composition (KCMP)	3
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA)	3
Kent Core Social Sciences (KSS)	3
Kent Core Basic Sciences (KBS/KLAB)	3
Total Credit Hours:	**15**

Program Learning Outcomes

Graduates of this program will be able to:

1. Utilize critical thinking and problem-solving skills effectively in the practice of radiologic technology.
2. Communicate effectively in oral and written form with patients' families and members of the health care team.
3. Perform radiographic procedures successfully and consistently with entry-level requirements of a registered radiologic technologist.
4. Determine the value of professional growth and development and to conduct themselves in a professional manner.

Full Description

The Associate of Applied Science degree in Radiologic Technology educates students on how to perform diagnostic imaging procedures. Medical imaging is a branch of health care delivery that utilizes x-rays and other energy forms to aid in the diagnosis and treatment of medical conditions. Through a blend of classroom education at the university and clinical education at a hospital or outpatient centers, students learn anatomy, patient positioning, examination techniques, radiation safety, basic patient care and imaging equipment operation.

Graduates are eligible to take the certification examination administered by the American Registry of Radiologic Technologists (ARRT) to become registered radiologic technologists.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Kent Core Humanities and Fine Arts (KHUM/KFA)	3
Kent Core Social Sciences (KSS)	3
Kent Core Basic Sciences (KBS/KLAB)	3
Total Credit Hours:	**15**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate oral and written communication skills.
2. Use mathematics, science and computer skills in radiology.
3. Improve patient care skills.

Full Description

The Associate of Technical Study degree in Radiologic Technology offers a completion program to graduates of certificate programs in radiologic technology. Kent State University awards college credit for the hospital-based program and American Registry of Radiologic Technologists certification.

The degree program articulates to Kent State's Bachelor of Radiologic and Imaging Sciences Technology degree.

The Radiologic Technology major includes the following optional concentration:

- Radiology Department Management Technology

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Respiratory Care - B.S.

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Bachelor of Science degree in Respiratory Care is a completer program designed to prepare qualified respiratory therapists with the necessary knowledge and skills to develop professionalism and advance their careers in the areas of leadership, management, education, research, disease and sleep medicine utilizing best practices in order to advance the practice of respiratory care.

Contact Information

Program Delivery

- **Delivery:**
  - Fully online

Examples of Possible Careers and Salaries*

Respiratory therapists

- 19.4% much faster than the average
- 135,800 number of jobs
- $62,810 potential earnings

Accreditation

Commission on Accreditation for Respiratory Care (CoARC)

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

Admission to the Respiratory Care major is selective. Applicants must hold an active credential for certified respiratory therapist (CRT) or registered respiratory therapist (RRT) and an entry-level degree from an accredited respiratory therapy/care program with a minimum 2.000 overall GPA.

Applicants who are actively enrolled and in good standing in the second year of an accredited entry-level associate degree in respiratory therapy/care or are actively enrolled and in good standing in the third year of an accredited entry-level bachelor's degree in respiratory therapy/care may be conditionally enrolled in the program.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements (courses count in major GPA)		
NURS 46000	HEALTH CARE POLICY	3
RSPC 30000	PROFESSIONAL PRACTICE IN RESPIRATORY CARE	3
RSPC 30002	LEADERSHIP AND MANAGEMENT IN RESPIRATORY CARE	3
RSPC 30004	EDUCATIONAL INSTRUCTION IN RESPIRATORY CARE	3
RSPC 30006	SLEEP MEDICINE AND POLYSOMNOGRAPHY	3
RSPC 40002	RESEARCH DEVELOPMENT IN RESPIRATORY CARE (WIC) [1]	3
RSPC 40004	ADVANCED PRACTICE IN RESPIRATORY CARE	3
RSPC 40006	CONTEMPORARY ISSUES AND TRENDS IN RESPIRATORY CARE	3
RSPC 40008	CHRONIC DISEASE MANAGEMENT PRINCIPLES	3
RSPC 40075	INFORMATION AND PATIENT CARE TECHNOLOGY FOR HEALTHCARE PROFESSIONALS	3
RSPC 41092	PRACTICUM FOR RESPIRATORY CARE (ELR)	3
Additional Requirements (courses do not count in major GPA)		
PSYC 11762	GENERAL PSYCHOLOGY (DIVD) (KSS)	3
LIS 30010	INFORMATION FLUENCY IN THE WORKPLACE AND BEYOND	3
UC 10001	FLASHES 101	1
Statistics Electives, choose from the following:		3-4
BA 24056	BUSINESS ANALYTICS I	
MATH 10040	INTRODUCTORY STATISTICS PLUS (KMCR)

SOC 32220 & SOC 32221	DATA ANALYSIS and DATA ANALYSIS LABORATORY	
Kent Core Composition		6
Kent Core Mathematics and Critical Reasoning		3
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines)		3
Kent Core Basic Sciences (must include one laboratory)		6-7
Kent Core Additional		6
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours) [4]		44
Minimum Total Credit Hours:		**120**

1 A minimum C grade must be earned to fulfill the writing-intensive requirement.
2 Not required of transfer students with 25 or more credit hours
3 MATH 12022 and MATH 30011 are not offered online presently.
4 The majority of general elective credit hours may be transfer courses from an associate degree in respiratory care/therapy.

Progression Requirements

To be able to register for Respiratory Care (RSPC) courses, students must be admitted to professional study. Admission is a selective process. Criteria for admission into professional study are the following:

- Evidence of an earned accredited entry-level associate degree in respiratory therapy/care or accredited entry- level bachelor's degree in respiratory therapy/care
- Evidence of earned RRT credential
- Evidence of current active license to practice respiratory therapy

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate effective written, oral and visual communication skills by presenting arguments, recommendations and research with relevant sources used for support with proper citation.
2. Use research methodology and critical inquiry to formulate research questions, search for relevant literature, critically evaluate literature to determine quality, synthesize available literature and write a research project proposal.
3. Utilize research and theories of teaching and learning to produce educational materials for patients, families and healthcare professionals.
4. Analyze contemporary issues and evidence-based practices in respiratory care, and demonstrate the ability to identify the impact on professional practice and the ability to advocate for patients through ethical and current best practices.
5. Explore the principles of inter-professional collaboration and leadership to identify how teams come together to improve the

knowledge of the team and create innovations for advancement of the field and improvements in patient outcomes.

Respiratory Therapy - A.A.S.

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

Prepare for a career as a registered respiratory therapist. Students will take online lectures with in-person labs, combining the flexibility of virtual learning with valuable, hands-on experience. Gain in-depth knowledge through our comprehensive curriculum and clinical training opportunities. Our experienced faculty and state-of-the-art facilities provide you with the tools and support needed to excel in the field. Enroll now and start your journey toward a fulfilling career in respiratory therapy.Read more...

  - Ashtabula Campus
  - Cleveland Clinic Main Campus

Examples of Possible Careers and Salaries*

Respiratory therapists

- 19.4% much faster than the average
- 135,800 number of jobs
- $62,810 potential earnings

Accreditation

The Kent State University Respiratory Therapy programs, CoARC program number 200574 and 300037 Associate of Applied Science degree at Ashtabula and Cleveland Clinic, are accredited by the Commission on Accreditation for Respiratory Care (www.coarc.com).

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The Respiratory Therapy major is cohort-based, with students admitted in the spring semester only. Spring admission is limited to 20 students at the Ashtabula Campus and 10 students at the Cleveland Clinic location.

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, and the Twinsburg Academic Center, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning a minimum 71 TOEFL iBT score, minimum 6.0 IELTS score, minimum 47 PTE score or minimum 100 DET score, or by completing the ELS level 112 Intensive English Program. For more information on international admission visit the admissions website for international students.

For more information on admissions, contact the Regional Campuses admissions offices.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements (courses count in major GPA; min C grade required in all courses)		
RESP 10000	INTRODUCTION TO RESPIRATORY THERAPY	4
RESP 11003	APPLICATION AND MECHANISMS OF CARDIOPULMONARY ANATOMY AND PHYSIOLOGY	3
RESP 11004	THERAPEUTICS	6
RESP 11008	BLOOD GAS ANALYSIS	2
RESP 21000	CRITICAL CARE	4
RESP 21001	MECHANICAL VENTILATION	5
RESP 21003	PERINATAL AND PEDIATRIC RESPIRATORY THERAPY	2
RESP 21004	ADVANCED DIAGNOSTICS	3
RESP 21006	PULMONARY REHABILITATION AND CONTINUING CARE	1
RESP 21013	RESPIRATORY THERAPY CAPSTONE	2
Additional Requirements (courses do not count in major GPA)		
AHS 12000	BASIC PRINCIPLES OF PHARMACOLOGY (min C grade for both)	2
or RESP 11001	RESPIRATORY CARE PHARMACOLOGY	
BSCI 11010	FOUNDATIONAL ANATOMY AND PHYSIOLOGY I (KBS) (KLAB) (min C grade for both) [1]	3-4
or BSCI 21010	ANATOMY AND PHYSIOLOGY I (KBS) (KLAB)

RESP 11002	CARDIOPULMONARY DISEASES (min C grade)	3
UC 10001	FLASHES 101	1

Chemistry Elective, choose from the following:		3-4
CHEM 10050	FUNDAMENTALS OF CHEMISTRY (KBS)	
CHEM 10055	MOLECULES OF LIFE (KBS)	
CHEM 10060	GENERAL CHEMISTRY I (KBS)	
CHEM 10061	GENERAL CHEMISTRY II (KBS)	
Kent Core Composition		3
Kent Core Mathematics and Critical Reasoning		3
Kent Core Humanities and Fine Arts		3
Minimum Total Credit Hours:		**65**

[1] Students who have successfully completed ATTR 25057 and ATTR 25058 (or EXSC 25057 and EXSC 25058) may use those courses in place of BSCI 11010 and BSCI 11020 (or BSCI 21010 and BSCI 21020).

Progression Requirements

To be able to register for respiratory therapy (RESP) courses, students must be accepted to technical study. Acceptance is a selective process. Criteria for acceptance are the following;

- Minimum 2.700 overall GPA
- Completion, or placement out, of MATH 00022 (or equivalent)
- Completion of required first anatomy and physiology course with minimum C grade: BSCI 11010 or BSCI 21010 (or equivalent)
- Completion of required chemistry course with minimum C grade: CHEM 10050 or CHEM 10055 or CHEM 10060 or CHEM 10061 (or equivalent)
- Completion of four hours of job shadowing experience

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits

University Requirements

All students in an applied or technical associate degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements, please see Program Requirements for details.

Code	Title	Credit Hours
Flashes 101 (UC 10001)		1
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.		
Kent Core (see table below)		15
Total Credit Hour Requirement		60
Some associate degrees require students to complete more than 60 credit hours.		

Kent Core Requirements

Kent Core Composition (KCMP)	3
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA)	3
Kent Core Social Sciences (KSS)	3

Kent Core Basic Sciences (KBS/KLAB)	3
Total Credit Hours:	**15**

Program Learning Outcomes

Graduates of this program will be able to:

1. Describe, apply and analyze respiratory care principles, current theories and practices required of registered respiratory therapists as defined by the National Board for Respiratory Care (NBRC).
2. Exhibit competence in performing technical skills and procedures utilized in current practice by registered respiratory therapists.
3. Model personal professional ethics and behaviors expected of registered respiratory therapists in practice to obtain and maintain a positive impact in patient care and inter-staff relations.

Program Policies

Readmission

Students seeking readmission to the A.A.S. degree in Respiratory Therapy must submit a written request to the program director. A minimum 2.000 overall GPA from Kent State University is required for readmission. The decision of readmission is made by the Admission/Readmission Committee and may be based on seat availability.

Students seeking readmission to the program must complete the following:

1. Provide documentation of a current two-step Mantoux test and Basic Life Support (BLS) for Healthcare Providers card.
2. Repeat their BCI/FBI background check, drug testing and either retest or meet all other requirements as outlined in the Progression Requirements.
3. Re-demonstrate previously learned skills prior to entering clinical sites at the discretion of the instructor. Scheduling of re-demonstration of skills must be discussed with the program director prior to re-entering the program.

Students in the withdrawn or failed category will be removed from the status of "Admitted to Technical Study" until they meet all readmission requirements.

Any student who fails to meet the program's requirements a second time will be dismissed from the program and will not be able to register for future RESP courses or be eligible for readmission.

Students who are entering the program for the second time after withdrawing during their first or second semester for non-academic reasons may be excluded from the program completion time limit (three years) and re-start the program as a new student. For more information, see the Program Requirements Completion policy.

Remediation

Competencies in the Clinical Setting

Remediation begins after students who have passed a competency in the laboratory setting but failed the same competency after three attempts in the clinical setting with a clinical instructor. The director of clinical education will re-instruct students in the proper technique and complete remediation documentation with the students. Students are given two weeks to practice and prepare for re-demonstration of the competency. Students will then re-test with a program instructor in the laboratory setting.

- Students who fail the competency at this time will receive an F grade for the course.
- Students who pass the competency will return to the clinical site for demonstrate the competency with a clinical instructor or preceptor. Students will again have three attempts. Students who are unable to pass the competency in the clinical setting a second time will receive an F grade for the course.

Clinical instructors or preceptors will make every effort to complete required competencies with students and make referrals before the last two weeks of the semester.

Competencies in the Laboratory Setting

Students will be remediated in accordance with their course syllabus. Students who fail any competency in the laboratory setting for the third time must meet with the program director prior to attempting the competency for the fourth time.

Time Limits

All students enrolled in the program have a maximum of two years to complete all program requirements. This is inclusive of students in the withdrawn or failed category or status. Students who are entering the program for the second time after withdrawing during their first or second semester for non-academic reasons may be excluded from this and re-start the program as a new student. For more information on re-starting the program, see the Readmission Policy.

Full Description

The Associate of Applied Science degree in Respiratory Therapy provides students the skills to evaluate, treat and care for patients with breathing or other cardiopulmonary disorders. Practicing under the direction of a physician, respiratory therapists assume primary responsibility for all respiratory care therapeutic treatments and diagnostic procedures. Respiratory Therapists also provide complex therapy requiring considerable independent judgment, such as caring for patients on life support in intensive-care units of hospitals.

Graduates of the program are eligible to take national credentialing examinations administered by the National Board for Respiratory Care to become Certified and Registered Respiratory Therapists (CRT, RRT), Certified and Registered Pulmonary Function Technologists (CPFT, RPFT) and Neonatal Pediatric Specialist (NPS).

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Semiconductor Manufacturing Technician - Undergraduate Certificate

College of Applied and Technical Studies

www.kent.edu/cats

About This Program

Unlock the gateway to cutting-edge manufacturing with our Semiconductor Manufacturing Technician certificate, immersing students in a world of semiconductor fabrication, clean room expertise and advanced vacuum technology. From mastering DC circuits to troubleshooting with precision, our program equips graduates to seamlessly bridge the gap between engineering ingenuity and practical production. Join us in revolutionizing technology as semiconductor manufacturing technicians, driving innovation in chip production and circuit board design with every step. Read more...

Program Requirements

Code	Title	Credit Hours
Certificate Requirements		
ATS 11001	INTRODUCTION TO VACUUM SYSTEMS	3
ATS 11002	OVERVIEW OF MANUFACTURING MAINTENANCE	3
EERT 11000	INTRODUCTION TO SEMICONDUCTOR AND CLEANROOM	4
EERT 12000	ELECTRIC CIRCUITS I	4
IT 11000	INTRODUCTION TO OFFICE PRODUCTIVITY APPS	3
Minimum Total Credit Hours:		**17**

Graduation Requirements

Minimum Certificate GPA	Minimum Overall GPA
2.00	2.00

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate the capability of working safely in a cleanroom and microelectronic manufacturing environment.
2. Articulate how a semiconductor wafer is manufactured and processed to become an integrated circuit.
3. Articulate chemistry and safety awareness in semiconductor manufacturing.
4. Read and follow standard operating procedures/checklists in paper or digital format.
5. Examine maintenance procedures.
6. Articulate basic principles and purpose of quality control and quality systems.
7. Examine the basic concepts of geometric dimensioning, tolerancing, visualization and graphics in engineering technology.
8. Explain the operational mechanisms and process use of vacuum pumps used in the semiconductor industry.
9. Demonstrate the ability to test and troubleshoot a vacuum pump system with a leak.
10. Construct, analyze and troubleshoot DC electric circuits.
11. Demonstrate working with computers in daily manufacturing process environment.

12. Demonstrate problem-solving, critical thinking and communication skills.

Full Description

The Semiconductor Manufacturing Technician undergraduate certificate provides students with a core of hi-tech manufacturing-related courses and a focus on semiconductor fabrication, clean room, vacuum technology, manufacturing and maintenance, DC circuits and trouble shooting and fundamental use of computers in their daily work. Semiconductor manufacturing technicians help engineers to manufacture semiconductor chips in the fabrication plant, operate and maintain the vacuum pumps and systems in manufacturing facility, design and work with circuit boards in the manufacturing environment.

The certificate allows graduates to work in product evaluation and testing, using measuring and diagnostic devices to adjust, test and repair equipment.

The certificate articulates with Kent State's undergraduate certificate in Advanced Semiconductor Manufacturing Technician and the Associate degree in Electrical/Electronics Engineering Technology program.

Social Work - B.S.W.

College of Applied and Technical Studies
www.kent.edu/cats/bsw

About This Program

The Bachelor of Social Work program equips you with the knowledge and skills needed to make a positive impact on the lives of individuals, families, and communities. With a focus on social justice and human rights, you'll learn how to advocate for marginalized populations and create meaningful change in society. Enroll now and start making a difference in the world. Read more...

- $64,210 potential earnings

Accreditation

The Kent State University Bachelor of Social Work Program has achieved candidacy for accreditation by the Council on Social Work Education's (CSWE) Board of Accreditation (BOA).

Candidacy for a baccalaureate or master's social work program by the BOA indicates that it has made progress toward meeting standards of program quality evaluated through a peer review accreditation process. A program that has attained candidacy status has demonstrated a commitment to meeting the standards set by the Educational Policy and Accreditation Standards (EPAS) but has not yet demonstrated full compliance. Students that are admitted to candidate programs in the fall (or later) of the academic year in which the program is granted candidacy status will be retroactively recognized as graduates from a CSWE-BOA accredited program as long as the program attains initial accreditation. Candidacy is typically a 3-year process and attaining candidacy does not guarantee that a program will eventually attain initial accreditation.

Candidacy applies to all program options, which includes locations and delivery methods.

Accreditation provides reasonable assurance about the quality of the program and the competence of students graduating from the program.

Review our program's candidacy status in CSWE's Directory of Accredited Programs (https://www.cswe.org/accreditation/about/directory/?). For more information about social work accreditation, contact CSWE's Department of Social Work Accreditation.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent.

For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

Kent Core Composition		6
Kent Core Mathematics and Critical Reasoning		3
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines)		6
Kent Core Basic Sciences (must include one laboratory)		6-7
Kent Core Additional		6
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours)		35
Minimum Total Credit Hours:		**120**

Progression Requirements

Prior to enrolling in SWK 44192, students must complete the following requirements:

1. Complete the required college courses as specified on the roadmap, with a minimum 2.000 GPA in all social work (SWK) courses.
2. Submit an application to be considered for a field placement.
3. Meet with the program's field director or program director to determine options for placement sites.
4. Complete the background check and other orientation or pre-placement requirements as dictated by placement site.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

- Minimum 400 hours of supervised field experience

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Use social work skills to assess and treat micro-, mezzo- and macro-level challenges.
2. Apply ethical standards in interactions with social work clients.
3. Demonstrate cultural competence in social work practice.
4. Advocate for oppressed individuals and groups through social justice.
5. Apply social work skills using the person-in-environment focus to work with individuals, families, groups, organizations and communities.
6. Effectively communicate as a professional social worker using written and verbal language skills.

Full Description

The Bachelor of Social Work degree prepares students to work at a generalist level across many social work areas or to continue on to the Master of Social Work degree. Students in the program apply their academic knowledge to the practical realities of making a difference in the lives of individuals, families and communities. The curriculum includes a focus on rural social work, with options for students to specialize in mental health, substance use disorder, gerontology, child welfare settings, suicide prevention and trauma-informed care.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Software Development - Minor

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The Software Development minor is designed to complement a wide range of majors. The curriculum focuses on web scripting, Java, Python, C#, database and mobile device programming. The minor

provides students with hands-on experience and a robust understanding of software development principles across various platforms and languages, preparing them for roles in information technology, programming and systems development.

  - Geauga Campus
  - Salem Campus
  - Stark Campus
  - Trumbull Campus
  - Tuscarawas Campus
  - Online (any campus above)

Program Delivery

- **Delivery:**
  - Fully online

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

Program Requirements

Minor Requirements

Code	Title	Credit Hours
Minor Requirements		
IT 15000	FUNDAMENTALS OF PROGRAMMING FOR INFORMATION TECHNOLOGY	3
IT 21006	DATABASE PROGRAMMING	3
IT 21037	WEB SCRIPTING	3
IT 30000	PYTHON PROGRAMMING IN INFORMATION TECHNOLOGY	3
IT 36305	C# PROGRAMMING	3
IT 36306	JAVA PROGRAMMING	3
IT 36309	PROGRAMMING MOBILE APPLICATIONS	3
Minimum Total Credit Hours:		**21**

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate understanding of core programming principles, including data types, variables, control structures and problem-solving strategies.
2. Write and debug basic software applications across multiple programming languages.
3. Apply best practices for database optimization, normalization and secure data handling.
4. Create and maintain dynamic web applications through scripting technologies that combine client-side and server-side development.
5. Integrate web-based solutions with back-end databases and application programming interface (API) to enable user interactivity and data processing.
6. Utilize Python, Java and C# effectively to develop diverse applications, applying language-specific strengths to problem-solving.
7. Leverage object-oriented programming and reusable code structures for efficient and scalable solutions.
8. Design, implement, and deploy mobile applications tailored to user needs and compatible with multiple platforms (e.g., iOS, Android).
9. Integrate mobile applications with external API and services to extend functionality.
10. Apply secure coding principles to mitigate vulnerabilities across software development projects.
11. Optimize code for performance, scalability and maintainability.

Technical and Applied Studies - B.T.A.S.

College of Applied and Technical Studies
www.kent.edu/cats/btas

About This Program

Unlock your career potential with Kent State's Bachelor of Technical and Applied Studies program. Designed for students with an associate degree or equivalent credits, this program provides a flexible path to earn a bachelor's degree and advance your career. Enroll now and take the first step toward achieving your professional goals. Read more...

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Students who wish to declare the B.T.A.S. degree must meet with an academic advisor prior to admission or changing their major to discuss their future academic and career goals and to develop an approved program of study. Ideally, students should begin the process for evaluation and program review at or near the time they have a minimum of 12 earned credit hours of college-level coursework.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

This degree program may not be earned as a double major or dual degree with another major and cannot be earned as an additional degree after another degree at the same or higher level has been earned previously.

This degree program may not be earned as a double major or dual degree with another major and cannot be earned as an additional degree after another degree at the same or higher level has been earned previously.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Program Requirements (courses count in major GPA)		
TAS 37900	TECHNICAL AND APPLIED STUDIES CORNERSTONE (min C grade) [2]	3
TAS 40092	INTERNSHIP FOR TECHNICAL AND APPLIED STUDIES (ELR) [1]	3
TAS 47999	TECHNICAL AND APPLIED STUDIES CAPSTONE (ELR) (WIC) (min C grade) [3]	3
Additional Program Requirements (courses do not count in major GPA)		
UC 10001	FLASHES 101	1
Specialization Areas [4]		36
Kent Core Composition		6
Kent Core Mathematics and Critical Reasoning		3
Kent Core Humanities and Fine Arts (minimum one course from each)		9
Kent Core Social Sciences (must be from two disciplines)		6
Kent Core Basic Sciences (must include one laboratory)		6-7

General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours)		38
Minimum Total Credit Hours:		**120**

1 The internship or practicum allows students to gain workplace skills and real-world experience in their chosen field. Students with prior work, internship, practicum, student teaching and/or field experience may be waived the internship/practicum requirement with approval by the program coordinator. Students may earn a maximum of 6 credit hours.

2 In TAS 37900, students construct a meaningful career management plan to explore and prepare for their preferred professional goals.

3 TAS 47999, taken near the end of the program, synthesizes learning and focuses on foundational competencies in the form of service or experiential learning, a discipline-specific research project and the development of an academic/career e-portfolio. A minimum C grade must be earned to fulfill the writing-intensive requirement.

4 In collaboration with an advisor, students develop a plan of study for two to three specializations that draw on transferred, completed and available Kent State coursework. Students select from a flexible and robust core of skills- and knowledge-based courses - bridging multiple disciplines - to develop a tailored option to best benefit and further professional goals. A faculty member approves the student's specializations to ensure they meet the student's needs. Two of the three specialization areas may be from the same discipline. One specialization must be distinct.

Progression Requirements

Students must meet with an advisor for a plan of study for each specialization. Any changes made to the program of study must also be approved by an advisor, or the student may not be allowed to graduate.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

Program Learning Outcomes

Graduates of this program will be able to:

1. Interpret and communicate discipline specific information via written, verbal and/or visual or digital representations.
2. Demonstrate effective written, oral and digital communication skills in multiple contexts, for a variety of audiences.
3. Demonstrate application and evidence of skills and knowledge via presentation of artifacts in an electronic portfolio.
4. Analyze ethical issues in the context of the profession or discipline to produce reasoned evaluations and solutions.
5. Integrate applied skills and theoretical knowledge in a specific technical field with opportunities for experiential learning in a workplace environment.
6. Develop self-awareness about identity and culture, diversity, sensitivity and respect for differences.

Full Description

The Bachelor of Technical and Applied Studies degree is a completer program designed for students with an associate degree or some college-level coursework who wish to matriculate into a bachelor's degree. The program accommodates varied educational backgrounds, develops competencies needed for success in a variety of work settings and offers flexibility and scheduling attractive to working students and to time- and place-bound adults.

The B.T.A.S. degree integrates the practical application of technical skills and knowledge with the professional skills instilled in a bachelor's degree program. Students focus on career paths in technical and applied areas of specializations, leading to breadth and depth in a particular discipline.

The program provides a foundation for further graduate education and benefits students who need additional workplace and professional skills beyond their technical education with hands-on learning, experiential learning opportunities, internships and research projects. Employers are searching for professionals with a combination of technical expertise and business soft skills; this program provides the knowledge, skills and experiences necessary to transition from student to professional.

Many associate degree programs at Kent State University align well with the B.T.A.S. degree.

Technical Modeling Design - A.A.S.

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

Gain hands-on experience with industry-standard CAD tools while mastering 2D and 3D modeling, graphics and animation. Kent State's Technical Modeling Design major emphasizes real-world projects that build practical, job-ready skills. You'll also develop strengths in technical writing, programming and communication — preparing you to collaborate across a range of industries. Read more...

Program Learning Outcomes

Graduates of this program will be able to:

1. Apply knowledge, techniques and skills to create complex two- and three-dimensional drawings, modeling and animations.
2. Integrate effective communication skills, both verbally and in written form, with technical, business and design professionals as individuals and part of a project team.
3. Understand and commit to address professional and ethical responsibilities, including respect for diversity.
4. Recognize the need for and an ability to engage in lifelong learning.
5. Collaborate with people of diverse backgrounds and abilities.

Full Description

The Associate of Applied Science degree in Technical Modeling Design prepares students for entry-level positions as technical illustrators, drafter/designer technicians in business and computer animation and game design industries, as well as in the field of multimedia development. Computer-aided design (CAD) is used throughout the program for computer modeling and multimedia development.

The degree program articulates with the CAD for Manufacturing undergraduate certificate, the Bachelor of Science degree in Animation Game Design and other select bachelor's degrees at Kent State.

Veterinary Technology - A.A.S.

talents and adult students who graduated from high school three or more years ago.

Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, and the Twinsburg Academic Center, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning a minimum 71 TOEFL iBT score, minimum 6.0 IELTS score, minimum 47 PTE score or minimum 100 DET score, or by completing the ELS level 112 Intensive English Program. For more information on international admission visit the admissions website for international students.

For more information on admissions, contact the Regional Campuses admissions offices.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements (courses count in major GPA; min C grade required in all courses)		
VTEC 10001	INTRODUCTION TO VETERINARY TECHNOLOGY	2
VTEC 10002	VETERINARY NURSING I	3
VTEC 10003	VETERINARY PHARMACOLOGY I	2
VTEC 10204	CLINICAL LABORATORY I	3
VTEC 10205	VETERINARY NURSING II	3
VTEC 20001	NUTRITION OF DOMESTIC ANIMALS FOR VETERINARY TECHNICIANS	2
VTEC 20002	DISEASES OF DOMESTIC ANIMALS FOR VETERINARY TECHNICIANS	2
VTEC 20003	VETERINARY PHARMACOLOGY II	2
VTEC 20008	CLINICAL LABORATORY II	3
VTEC 20009	LARGE ANIMAL NURSING	3
VTEC 20010	IMAGING TECHNIQUES	3
VTEC 20212	SURGERY AND ANESTHESIA	3
VTEC 20215	VETERINARY OFFICE APPLICATIONS	1
VTEC 20216	LABORATORY AND EXOTIC ANIMAL MEDICINE	2
VTEC 20392	PRACTICUM IN VETERINARY HOSPITAL (ELR)	5
Additional Requirements (courses do not count in major GPA; min C grade required in all courses)		
BSCI 10005	SMALL ANIMAL ANATOMY AND PHYSIOLOGY FOR VETERINARY TECHNICIANS	4
BSCI 20021	BASIC MICROBIOLOGY	3
BSCI 20022	BASIC MICROBIOLOGY LABORATORY	1
CHEM 10050 or CHEM 10055	FUNDAMENTALS OF CHEMISTRY (KBS) MOLECULES OF LIFE (KBS)	3
UC 10001	FLASHES 101	1
Kent Core Composition		3
Kent Core Mathematics and Critical Reasoning		3
Kent Core Humanities and Fine Arts		3
Kent Core Social Sciences		3
Minimum Total Credit Hours:		**63**

Progression Requirements

All students in the Veterinary Technology program must complete all coursework in sequence before continuing to the next level.

To be able to register for Veterinary Technology (VTEC) courses, students must be accepted to technical study. Acceptance into technical study is selective and requires a separate application process. Students interested in the program must attend an information session prior to application. Criteria for acceptance is the following:

- Minimum 2.500 college or high school overall GPA

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.000	2.000

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
	BSCI 10005	SMALL ANIMAL ANATOMY AND PHYSIOLOGY FOR VETERINARY TECHNICIANS	4
	CHEM 10050 or CHEM 10055	FUNDAMENTALS OF CHEMISTRY (KBS) or MOLECULES OF LIFE (KBS)	3
	UC 10001	FLASHES 101	1
!	VTEC 10001	INTRODUCTION TO VETERINARY TECHNOLOGY	2
!	VTEC 10002	VETERINARY NURSING I	3
!	VTEC 10204	CLINICAL LABORATORY I	3
		Credit Hours	**16**
	Semester Two		
	VTEC 10003	VETERINARY PHARMACOLOGY I	2
!	VTEC 10205	VETERINARY NURSING II	3
	VTEC 20001	NUTRITION OF DOMESTIC ANIMALS FOR VETERINARY TECHNICIANS	2
	VTEC 20008	CLINICAL LABORATORY II	3
	VTEC 20215	VETERINARY OFFICE APPLICATIONS	1
	Kent Core Requirement		3
		Credit Hours	**14**
	Semester Three		
	BSCI 20021	BASIC MICROBIOLOGY	3
	BSCI 20022	BASIC MICROBIOLOGY LABORATORY	1
	VTEC 20002	DISEASES OF DOMESTIC ANIMALS FOR VETERINARY TECHNICIANS	2
	VTEC 20003	VETERINARY PHARMACOLOGY II	2
!	VTEC 20010	IMAGING TECHNIQUES	3
!	VTEC 20212	SURGERY AND ANESTHESIA	3
	Kent Core Requirement		3
		Credit Hours	**17**
	Semester Four		
!	VTEC 20009	LARGE ANIMAL NURSING	3

	VTEC 20216	LABORATORY AND EXOTIC ANIMAL MEDICINE	2
!	VTEC 20392	PRACTICUM IN VETERINARY HOSPITAL (ELR)	5
	Kent Core Requirement		6
		Credit Hours	**16**
		Minimum Total Credit Hours:	**63**

University Requirements

All students in an applied or technical associate degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements, please see Program Requirements for details.

Code	Title	Credit Hours
Flashes 101 (UC 10001)		1
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.		
Kent Core (see table below)		15
Total Credit Hour Requirement		60
Some associate degrees require students to complete more than 60 credit hours.		

Kent Core Requirements

Kent Core Composition (KCMP)	3
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA)	3
Kent Core Social Sciences (KSS)	3
Kent Core Basic Sciences (KBS/KLAB)	3
Total Credit Hours:	**15**

Program Learning Outcomes

Graduates of this program will be able to:

1. Qualify to take the Veterinary Technician National Examination.
2. Carry out successful completion of all essential skills as mandated by American Veterinary Medical Association's Committee on Veterinary Technician Education and Activities (Appendix I of the Accreditation Policies and Procedures).
3. Use safe techniques when performing animal handling skills.
4. Use competent decision-making abilities for patient case management, from the initial presentation to the successful outcome of the patient's treatment and resolution of the patient's presenting problem(s).

Full Description

The Associate of Applied Science degree in Veterinary Technology prepares graduates to serve as veterinary technicians performing support functions, including routine laboratory and clinical procedures. Other growing employment opportunities are expected in biomedical research, diagnostic laboratories, wildlife facilities, humane societies and animal control facilities.

Upon completion, graduates are eligible to take the Veterinary Technician National Examination, which is a step in the process to pursue registration in the State of Ohio.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Viticulture - Undergraduate Certificate

College of Applied and Technical Studies
www.kent.edu/cats

About This Program

The certificate in Viticulture provides students with the practical experiences and technological skills of the cultivation of grapes for making wine. This program emphasizes hands-on experiences and internships at local vineyards and wineries in Ohio.

Students who complete the certificate are qualified for positions in the commercial winemaking industry as a viticulturist, vineyard manager and assistant vineyard manager.

Examples of Possible Careers and Salaries*

Farmworkers and laborers, crop, nursery, and greenhouse

- 3.8% about as fast as the average
- 566,500 number of jobs
- $28,660 potential earnings

First-line supervisors of farming, fishing, and forestry workers

- -1.1% decline
- 53,200 number of jobs
- $50,080 potential earnings

Separating, filtering, clarifying, precipitating, and still machine setters, operators, and tenders

- 3.5% about as fast as the average
- 53,100 number of jobs
- $43,100 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, and the Twinsburg Academic Center, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning a minimum 71 TOEFL iBT score, minimum 6.0 IELTS score, minimum 47 PTE score or minimum 100 DET score, or by completing the ELS level 112 Intensive English Program. For more information on international admission visit the admissions website for international students.

For more information on admissions, contact the Regional Campuses admissions offices.

Program Learning Outcomes

Graduates of this program will be able to:

1. Apply foundational viticultural practices, including plant science, soil structure, pest management and vineyard design.
2. Implement technical skills in vineyard management — including planting, pruning, irrigation and canopy management — to promote vine health and optimize grape quality.
3. Evaluate soil properties, climate conditions and topographical features to recommend suitable grape varieties and sustainable vineyard practices.
4. Develop and implement pest and disease management strategies that balance economic productivity with environmental stewardship.
5. Understand and apply best practices in grape harvest timing, handling and initial processing to ensure quality for winemaking or other grape uses.
6. Integrate sustainable practices into vineyard operations, including resource conservation, biodiversity preservation and environmentally responsible pest and weed control.
7. Identify key economic and marketing factors influencing the wine industry and demonstrate the ability to evaluate vineyard costs, budgets and profitability.
8. Understand and adhere to legal and regulatory requirements related to viticulture, including agricultural safety, labor laws and environmental standards.

9. Work collaboratively in vineyard operations and communicate effectively with industry professionals, including winemakers, other growers and business stakeholders.

Architectural History - Minor

College of Architecture and Environmental Design
www.kent.edu/caed

About This Program

The Architectural History minor is intended for students who desire to expand their understanding of architectural history. Students with an interest in or declared in the following majors may benefit from this minor: History, Geography, Architecture, Art History, Interior Design and Architectural Studies.

Contact Information

- **Sung Ho Kim** | skim67@kent.edu | 330-672-2917
- caed_info@kent.edu
- Speak with an Advisor

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Kent Campus

Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

Program Requirements

Minor Requirements

Code	Title	Credit Hours
Minor Requirements		
ARCH 10011	GLOBAL ARCHITECTURAL HISTORY I (KFA)	3
ARCH 10012	GLOBAL ARCHITECTURAL HISTORY II (KFA)	3
Minor Electives, choose from the following:		15
ARCH 45210	RENAISSANCE ARCHITECTURE	
ARCH 45211	BAROQUE ARCHITECTURE	
ARCH 45213	20TH CENTURY ARCHITECTURAL HISTORY	
ARCH 45220	ARCHITECTURE IN THE UNITED STATES	
ARCH 45230	FRANK LLOYD WRIGHT	
ARCH 45240	THE SKYSCRAPER	
ARCH 45241	ARCHITECTURE OF WORLD'S FAIRS	
ARCH 45295	SPECIAL TOPICS IN ARCHITECTURAL HISTORY	
Minimum Total Credit Hours:		**21**

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Compare and contrast a wide range of architectural styles, structures and cultural differences from ancient civilizations to the present.
2. Analyze topics in architectural history both visually and verbally.
3. Criticize historical narratives according to historiographic method.
4. Define research topics, refine research methods and interpret archival and secondary sources.

Architectural Studies - B.A.

College of Architecture and Environmental Design
www.kent.edu/caed

About This Program

If you want to explore your creativity and study the many ways architecture intersects with art, history, culture, theory, society, environment and urbanism, Kent State's Architectural Studies B.A. program is right for you. The program will introduce you to a wide array of design fields and prepare you for professional master's degrees in architecture, landscape architecture, urban planning/design, historic preservation and other exciting fields. Because of its focus on the language, logic and rhetoric of design, it will teach you to read, write, discuss and debate issues related to architecture and express your voice as an architectural critic. Read more...

  - Kent Campus

Examples of Possible Careers

- Architectural criticism
- Architectural history
- Architecture

- Archiving
- Environmental conservation
- Geography
- Graphic design
- Historic preservation
- Industrial design
- Interior architecture
- Interior design
- Landscape architecture
- Museum curation
- Product design
- Urban design
- Urban planning

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

Minimum Total Credit Hours:		**121**

1. Students switching from the B.S. in Architecture to the B.A. in Architectural Studies may substitute ARCH 10101 for ARCS 10123 and ARCH 10102 for ARCS 20123. Students requesting either of these substitutions must submit a 1-2-page statement of purpose to the architectural studies program coordinator that explains a) what they understand about the ARCS program, and b) why it suits their interests and goals. Please contact the program coordinator for more information. Requests for these exceptions will be evaluated on a case-by-case basis according to a standardized rubric.
2. Students declaring a dual degree program with the B.S. in Construction Management may substitute CMGT 21071 for ARCS 30123.
3. Students declaring a dual degree program with the B.S. in Construction Management may substitute CMGT 33111 for ARCS 30321.
4. A minimum C grade must be earned to fulfill the writing-intensive requirement.
5. Students declaring a dual degree program with the B.S. in Construction Management may substitute CMGT 43099 for 3 credit hours

of Architecture Upper-Division Electives. Students may not use ARCH 30031 to fulfill Architecture Upper-Division Electives.

[6] Students declaring a dual degree program with the B.S. in Construction Management may substitute ACCT 23020, ECON 22060, ECON 22061 and MKTG 25010 for the foreign language requirement.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.250	2.000

- Students must declare and graduate with a minor to earn the B.A. degree in Architectural Studies. Students may select any minor available at Kent State University. The number of credit hours required to complete the minor depends on the minor selected.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7

Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate understanding of the language, logic and rhetoric of design and ability to deploy this understanding in design projects, research, analysis and critique.
2. Demonstrate abilities in design thinking, visual thinking, critical thinking and design discourse.
3. Demonstrate skills in research and apply these skills to the design of the built environment.
4. Recognize the value of cultural diversity and a broad range of historical traditions.
5. Demonstrate understanding of the interconnectedness of the allied design disciplines and the ability to articulate relationships between these professions and other areas of study.
6. Appreciate a wide range of contrasting perspectives on sustainability, recognize the relationship between these perspectives and the design of the built environment and advocate for specific positions.
7. Utilize and interpret literature and data related to environments and their design.
8. Demonstrate leadership skills in cross-disciplinary settings.

Full Description

The Bachelor of Arts degree in Architectural Studies builds a broad foundation for professional master's degrees in architecture and other design disciplines. By focusing on historical and contemporary design thinking, the program links design to art, culture, society, environment and urbanism. The degree prepares student to be innovative, active, well-rounded, critical and informed designers and introduces students to architectural design culture while emphasizing the history and theory of architecture and art. The program includes design studios, lecture/studio hybrid courses and seminars that focus on architectural history, theory and criticism; urban issues; and sustainability.

Students are required to complete elective credits outside of the Architectural Studies major, which allows students to customize their undergraduate experience to suit their own career and educational goals, expand their understanding of design and explore the ways it is connected to other fields. Students may use these electives to pursue minors, double majors and dual degrees in other areas of interest, such as a streamlined dual degree with the B.S. degree in Construction Management.

Students may take advantage of the semester-long study abroad program in Florence, Italy, during any semester after successful completion of at least 6 credit hours of Architectural Studies (ARCS) coursework and 30 total credit hours at Kent State University. The Florence program is open to all Architectural Studies students who have made satisfactory progress toward completion of their undergraduate program.

Students may apply early to the M.L.A I degree in Landscape Architecture and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program Policy in the University Catalog for more information.

Students in the Architectural Studies major must declare a minor at Kent State.

Architectural Studies - Minor

College of Architecture and Environmental Design
www.kent.edu/caed

About This Program

The Architectural Studies minor introduces students from other fields to the history, theory and design process of architecture and the built environment. The minor is open to students in interior design, construction management and any other Kent State University major outside of the College of Architecture and Environmental Design.

ARCS 30321	STRUCTURAL TYPOLOGY	
ARCS 30421	ENVIRONMENTAL IMPERATIVES	
ARCS 40022	URBAN DESIGN DISCOURSE (ELR)	
ARCS 40114	THEORY AND CRITICISM IN ARCHITECTURAL MEDIA (WIC)	
Minimum Total Credit Hours:		**18**

[1] Some courses may have prerequisites that students must satisfy prior to enrollment.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 9 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Articulate historical and contemporary theories that have influenced the architectural design process.
2. Write critically about the architectural design process.
3. Utilize and interpret literature and data related to architecture and the architectural design process.

Architecture - B.S.

College of Architecture and Environmental Design

About This Program

Design your future with Kent State's Architecture B.S. program. Our program provides you with a comprehensive education in the principles and practices of architecture and prepares you for a one-year path in Kent State's professionally accredited Master of Architecture program. With experienced faculty, advanced coursework, design studios, study abroad opportunities and hands-on experience, you will be prepared to design and build innovative structures that meet the needs of society. Enroll now and take the first step toward architecture licensure and a rewarding career in the profession. Read more...

Examples of Possible Careers and Salaries*

Architects, except landscape and naval

- 0.8% little or no change
- 129,900 number of jobs
- $82,320 potential earnings

Architectural and engineering managers

- 2.6% slower than the average
- 198,100 number of jobs
- $149,530 potential earnings

Architecture teachers, postsecondary

- 5.1% faster than the average
- 8,500 number of jobs
- $90,880 potential earnings

Designers, all other

- -1.9% decline
- 13,600 number of jobs
- $63,750 potential earnings

Historians

- 2.6% slower than the average
- 3,500 number of jobs
- $63,100 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Freshman Students: Admission to the Architecture major is selective and based on a holistic review process. Prospective applicants must have a minimum 3.000 overall grade point average (on a 4.000 scale) to be considered for a holistic review and potential admission into the Architecture program.

Applicants with a non-professional bachelor's degree or a pre-professional degree from another institution will have their prior education evaluated to determine if they meet student performance criteria as stipulated by the National Architectural Accrediting Board (NAAB). If deficient criteria or courses are recognized, the student may be required to complete additional courses to earn the degree. Determinations will be made by the program director and graduate coordinator at the time the student is admitted to the program

Admission to Non-Degree General major: Students not admitted to the Architecture major may qualify for admission to the college's non-degree General major. Students in the General major are assigned to

freshman orientation classes with students in all College of Architecture and Environmental Design majors. These classes aid in understanding the broad range of career options within the environmental design professions. Students should take regular coursework in preparation to attempt entry into one of the College of Architecture and Environmental Design majors or may consider alternative degree program options. Students should meet with their advisor to aid in making a decision regarding their degree program and major. In order to move forward with a minimum loss of credit hours, it is strongly recommended that students in the General, who were not accepted into a degree program, choose an alternate degree program within or outside the college prior to completing 45 credit hours.

Students in the General major may apply for admission to the architecture Spring/Summer studio programs. To be eligible for consideration, they must complete their first semester (or first-year) with a minimum 2.750 GPA (3.000 GPA or higher are the most competitive), complete first-year non-studio requirements and apply for the summer studio program. Students who are accepted will complete ARCH 10101 and ARCH 10102 during the Spring/Summer between their first and second years. A personal interview with the program director is recommended during the first week of the spring semester of their first year.

Transfer, Transitioning and Former Students: For more information about admission criteria for transfer, transitioning and former students, please visit the admissions website.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

MATH 12011	CALCULUS WITH PRECALCULUS I (KMCR)	3
PHY 13001	GENERAL COLLEGE PHYSICS I (KBS)	4
PHY 13012	COLLEGE PHYSICS II (KBS) [3]	2
PHY 13021	GENERAL COLLEGE PHYSICS LABORATORY I (KBS) (KLAB)	1
UC 10001	FLASHES 101	1
Kent Core Composition		6
Kent Core Humanities		3
Kent Core Social Sciences (must be from two disciplines) [4]		6
Kent Core Additional		3
Non-Architecture Electives (total credit hours depends on earning 124 credit hours, including 39 upper-division credit hours)		14
Minimum Total Credit Hours:		**124**

1. A minimum C grade must be earned to fulfill the writing-intensive requirement.
2. This course is equivalent to ARCH 30112.
3. Students who successfully complete PHY 13002 will have met the requirement for PHY 13012.
4. ECON 22060 is a recommended Kent Core Social Sciences course.

Progression Requirements

Requirements for advancement to third year—professional level:

Advancement review for the B.S. degree in Architecture occurs upon completion of second-year architecture course work. To advance, students must accomplish the following:

- Comply with all specific course prerequisites
- Earn a minimum 2.250 GPA in architecture courses
- Earn a minimum 2.500 overall GPA
- Complete the following courses: ARCH 10101, ARCH 10102, ARCH 10011, ARCH 10012, ARCH 20101, ARCH 20102, ARCH 20301, ARCH 20601, ARCH 20602, ARCH 30031, MATH 12002 (or MATH 12011 and MATH 12012), PHY 13001, PHY 13012, PHY 13021, UC 10001 and Kent Core Composition.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.250	2.000

- Architecture majors may not use the following course to satisfy the architectural major requirements: ARCH 10001.
- No more than 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses may apply to required credit hours for graduation.
- No more than the first 16 credit hours of ROTC courses—Aerospace Studies (ASTU) and Military Studies (MSCI)—may apply to required credit hours for graduation. Veterans who have completed a minimum one year of active duty may receive PWS credit for military basic training according to branch of service, as follows:
  - Army and Marine Corps: 3 credit hours
  - Navy and Coast Guard: 2 credit hours
  - Air Force: 1 credit hour

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

	Semester One		Credits
	ARCH 10011	GLOBAL ARCHITECTURAL HISTORY I (KFA)	3
	ARCH 10101	FIRST YEAR DESIGN STUDIO I	3
	ARCH 20601	COMPUTER APPLICATIONS IN ARCHITECTURE I	1

		Minimum Total Credit Hours:	**124**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate the fundamentals of visual perception and the principles of two and three-dimensional form and space making.
2. Demonstrate comprehensive design studio experiences through which graduates apply an understanding of the integration of building design, site design, assemblies, structure, environmental systems and building code requirements.
3. Demonstrate an understanding of building systems and their integration for human comfort, including lighting, heating ventilation and acoustics.

Full Description

The Bachelor of Science degree in Architecture enables students to learn, develop and apply knowledge that contributes to the betterment of the built environment. The balanced curriculum of technology, visualization, history, theory and design studio coursework offers a platform for research, constructive discourse and debate.

Northeast Ohio's rich history and dynamic urban landscape serve as a setting for academic learning. By placing equal emphasis on the art and science of architectural design, the curriculum inspires experimentation, collaboration, discovery, critical thinking and innovation in a studio context of project-based learning. The program fosters academic excellence and prepares students to become leaders in the architecture field.

The college offers full-semester programs abroad for qualified third-year students. The study abroad program is housed in the heart of historic Florence, Italy. The program is open to all students who have made satisfactory progress toward completion of their undergraduate program.

Architecture - M.Arch.

College of Architecture and Environmental Design

About This Program

Ready to pursue an architecture career? The professionally accredited (NAAB), STEM-designated Master of Architecture degree expands your technical knowledge and fosters creative thinking and design skills focused on making built environments that meet societal needs. With a strong emphasis on design skills, hands-on learning and real-world experience, our program offers students the opportunity to work with industry professionals and gain practical skills that will set them apart for leadership in the profession. Enroll today and take the first step toward becoming a licensed architect. Read more...

- $63,100 potential earnings

Accreditation

The M.Arch degree in Architecture is accredited by the National Architectural Accrediting Board (NAAB).

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university[1]
- Minimum 2.750 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Résumé
- Goal statement (include intent and background information)
- Portfolio, with design work clearly indicating role in group projects
- Three letters of recommendation, with one letter from a non-academic source
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[2]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] Applicants with a non-professional bachelor's degree or a pre-professional degree in architecture from another institution will have their prior education evaluated to determine if they meet student performance criteria as stipulated by the National Architectural Accrediting Board (NAAB). If evaluated courses are determined to be deficient, the student may be required to complete additional courses to earn the degree. Determinations will be made by the program director and graduate coordinator at the time the student is admitted to the program.

[2] International applicants who do not meet the above test scores will not be considered for admission.

Admission to the Prior-Standing Track concentration requires that applicants demonstrate strong completion of the following courses in the following areas:

- Minimum 16 credit hours of studio, including four semesters of foundation design and two semesters with an architecture focus
- Minimum 6 credit hours of history/theory, including a foundation architecture history course - broad/global content and one additional history/theory elective
- 12 credit hours of building technology, of which 9 credit hours must address the following:
  - Introduction/foundations in building structures
  - Introduction to environmental design and technology
  - Introduction to building methods and materials
- 6 credit hours of communication and modeling skills, including one course with learning outcomes related to digital representation (or equivalent skills demonstrated through studio work), one course with learning outcomes related to fabrication (or equivalent demonstrated through studio work) and/or one course with learning outcomes related to coding (or equivalent demonstrated through studio work).

Application Deadlines

- **Fall Semester**
  - Application deadline: January 15
- **Summer Term**
  - Application deadline: January 15

All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted after these deadlines will be considered on a space-available basis.

[1] Some or all of these courses may be waived upon review of the student's prior qualifications. See admission requirements for specific criteria.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate the ability to design across the various scales of architecture and integrate multiple factors in design process.
2. Demonstrate a holistic ability to address the relationship between built and natural environments, employing ecological design principles, advanced building performance and the use of emerging technologies in the design process and production of architecture.
3. Demonstrate the ability to design equitable environments for diverse populations, addressing diverse cultural, social, theoretical and historical contexts.
4. Demonstrate the ability to engage with multidisciplinary teams collaboratively and to address professional ethics, business practices and regulatory contexts.
5. Engage in architectural research to test, evaluate and apply innovations in the field, promoting continuous learning and advancement in architectural knowledge.
6. Participate in an academic environment that fosters positive, respectful learning and that promotes collaboration, optimism and innovation among students, faculty and staff.

Dual Degree with M.B.A. in Business Administration

Students have the opportunity to complete a dual degree program with the Master of Architecture degree and the M.B.A. degree in Business Administration. A separate application must be submitted for each program. Students can view admission requirements for each program on their respective catalog page.

The dual degree combining the M.Arch. and the M.B.A. is designed for architects or undergraduate architectural students who aspire to middle or executive management positions in architectural practices, or who are interested in starting their own business along with the preparation to enter the profession of architecture by stimulating the growth of technical knowledge and design creativity. It fosters the refinement of design skills acquired in undergraduate programs, also by offering a broad exposure to professional issues and knowledge.

[1] Topics in professional practice.

- Actual offerings and schedules vary from year to year and the college will jointly provide a pre-approved recommended course of study. Students who wish to take a different course of study need to obtain separate approvals from both college graduate coordinators. Contact the College of Architecture and Environmental Design graduate secretary for details on coursework registration.

Graduation Requirements

Minimum of 64 credit hours: 35 credit hours from the M.Arch. degree and 29 credit hours from the M.B.A. degree.

Dual Degree with M.U.D. in Urban Design

Students have the opportunity to complete a dual degree program with the M.U.D. degree in Urban Design and the M.Arch. degree in Architecture. A separate application must be submitted for each program. Students can view admission requirements for each program on their respective catalog page. Students in the M.Arch. degree must be declared in the Accelerated Track concentration to be admitted to the dual degree.

This dual degree program prepares students to enter the profession of architecture by stimulating the growth of technical knowledge and design creativity. It fosters the refinement of design skills acquired in undergraduate programs and offers a broad exposure to professional issues and knowledge related to urban design.

[1] Special topics course in professional practice.
[2] Special topics related to studio.
[3] With approval, students may apply other courses in the College of Architecture and Environmental Design; or from another Kent State

college, school or department; or from at the Levin College of Urban Affairs at Cleveland State University.

Full Description

The Master of Architecture degree seeks to prepare graduates to lead in the field of architecture by stimulating the growth of technical knowledge and design creativity. This STEM-designated program fosters the refinement of design skills acquired in undergraduate programs. Master coursework affords opportunities for inquiry in architecture through the introduction of traditional scholarly research methods as well as approaches to research through design in a studio setting. Professional practice courses are paired with theory seminars and elective classes in areas of digital technology, building sciences and history to provide a comprehensive exposure to professional opportunities and a broad capacity for considering and postulating architecture in innovative ways.

The Architecture major comprises the following concentrations:

- The **Accelerated Track** concentration is intended for students who have completed the B.S. degree in Architecture at Kent State. Non-Kent State applicants should apply to the Full Path Track or the Prior Standing Track concentration.
- The **Full-Path Track** concentration is intended for students who are new to the study of design, hold a non-design related degree or whose prior design experience needs augmenting. Normally, full-time students in this concentration complete the degree in three years.
- The **Prior-Standing Track** concentration is intended for students holding a prior design degree. Required total credit hours depend on specific student backgrounds and are evaluated on a case-by-case basis. Normally, full-time students in this concentration complete the degree in two or two-and-a-half years depending on the individual plan of study and required coursework.

Students completing the Accelerated Track concentration may also pursue a dual degree program with the Master of Business Administration degree or Master of Urban Design degree.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Architecture and Environmental Design - M.S.

College of Architecture and Environmental Design
www.kent.edu/caed

About This Program

Seeking career expertise in the built environment? Our research degree (STEM accredited) can help you forge a powerful career in architecture and the environmental design fields by combining design and science. Working closely with national leading faculty, students immerse themselves in cutting-edge topics such as A.I., robotics, bioclimatics, living architecture, kinetics or other subjects. Join us in making new knowledge, discoveries and innovations. Read more...

  - Kent Campus

Examples of Possible Careers and Salaries*

Architectural and engineering managers

- 2.6% slower than the average
- 198,100 number of jobs
- $149,530 potential earnings

Architecture teachers, postsecondary

- 5.1% faster than the average
- 8,500 number of jobs
- $90,880 potential earnings

Calibration technologists and technicians and engineering technologists and technicians, except drafters, all other

- 2.1% slower than the average
- 91,600 number of jobs
- $64,190 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree in a professional or pre-professional environmental design program[1]
- Minimum 3.000 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Résumé
- Goal statement (two pages) that includes an outline of a proposed study program
- Portfolio for design and research work
- Three letters of recommendation

- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[2]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] Conditional admission may be offered to applicants with undergraduate and graduate degrees in related disciplines.

[2] International applicants who do not meet the above test scores will not be considered for admission.

Application Deadlines

- **Fall Semester**
  - Application deadline: February 1

All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted after this deadline will be considered on a space-available basis.

Program Requirements

Major Requirements

Code	Title	Credit Hours
Major Requirements		
AED 60922	METHODS OF INQUIRY IN ARCHITECTURAL STUDIES	2
AED 60923	EMPIRICAL RESEARCH IN ENVIRONMENTAL DESIGN	1
AED 60930	APPLIED RESEARCH METHODS IN ARCHITECTURE AND ENVIRONMENTAL DESIGN	3
AED 66098	TOPICAL IMMERSION	3
AED 66198	ADVANCED PROPOSAL WRITING	2
ARCH 60301	THEORIES OF ARCHITECTURE	3
Advisor-Approved Electives (50000 or 60000 level) [1]		15
Culminating Requirement		
AED 66199	THESIS I	6
Minimum Total Credit Hours:		**35**

[1] Students either having earned or pursuing concurrently another master's degree with related program content may have maximum 5 credit hours of electives waived provided the related credit content is determined to be relevant to the thesis topic and is approved by the student's thesis advisor and program committee. **Upon approval, these students may graduate with fewer than 35 credit hours but no fewer than 30 credit hours.**

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Investigate new relationships within the built environment.
2. Gather, collect and analyze data.
3. Co-author technical and scientific reports, summaries, papers, abstracts, briefs and/or the development of products and technologies that may lead to patents and intellectual property.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Semester One		Credits
AED 60922	METHODS OF INQUIRY IN ARCHITECTURAL STUDIES	2

Electives (50000 or 60000 level)		6
	Credit Hours	**9**
	Minimum Total Credit Hours:	**35**

Full Description

The Master of Science degree in Architecture and Environmental Design is a research-intensive program with one-year full residency requirement. The program is best suited for individuals interested in pursuing a specialization in the built environment. The program covers cross-cutting themes in sustainable buildings, smart systems and healthy settings.

Students in the M.S. degree have the opportunity to pursue research in the following areas:

- Living architecture: Investigates vegetative integration upon and within buildings and structures in order to make cities more ecologically productive. Students master the conceptualization, assessment and examination of vegetative roofs, walls and related phytostructures for ecological service delivery through modeling and in-lab or field testing settings.
- Bioclimatic architecture: Explores thermal comfort, energy conservation and building systems integration for sustainable design and human experience. Research in this area emphasizes

computational simulation, physical modeling of natural phenomena, field/lab experiments and building information management.

- Structural resilience: Investigates metaheuristic design principles for naturally efficient, durable, aesthetic and adaptable structural systems; performances of sustainable construction materials; and resilience of synergistically responding infrastructures.
- Creative robotics: Revisits and explores the potential of cutting-edge technologies such as robotics, physical and digital computation; interaction and game design; X-R (augmented, virtual and mixed realities); app development; and UI-UX design as possible design mediums. Students work at the intersection of architecture, industrial design, robotics, computer since and media arts, developing applied design-research skills in response to contemporary design issues and through the lens of technology.
- Kinetic systems: Investigates temporary (interactive) structures, specifically their typological, programmatic and material effects. Research includes the study of dynamic structural patterns and the role they play in the configuration of variable and/or flexible surfaces and enclosures.

The program may be taken as a dual degree with the Master of Architecture degree.

Construction Management - B.S.

College of Architecture and Environmental Design
www.kent.edu/caed

About This Program

Build your future with the Construction Management bachelor's degree program. Our program prepares graduates for leadership in the increasingly complex, sophisticated and rewarding field of construction management through access to advanced technologies, leading experts, hands-on training and industry insights that prepare you to lead in a variety of construction management roles. Read more...

  - Kent Campus

Examples of Possible Careers and Salaries*

Construction managers

- 8.5% much faster than the average
- 476,700 number of jobs
- $97,180 potential earnings

Accreditation

The B.S. degree in Construction Management is accredited by the American Council for Construction Education (ACCE).

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9

Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Understand construction materials, methods and processes.
2. Competently read and understand construction drawings and specifications.
3. Control and manage the scope of work for a construction jobsite.
4. Maintain a safe work environment.
5. Quantify takeoffs and cost estimates.
6. Understand the scheduling process and use computer software to create construction schedules.
7. Uphold ethical and professional standards.
8. Use critical thinking and problem solving skills to analyze and perform functions within construction projects.
9. Communicate effectively to operate effectively in a construction management environment.
10. Understand construction laws, codes and regulations.

Full Description

The Bachelor of Science degree in Construction Management employs a professional-service approach that applies effective management techniques and oversight to the building and management of construction projects. Students learn the business of construction from inception to completion of a project—including emphasis on construction materials and methods—that will enable them to estimate costs, schedule work, oversee construction worksite activities and manage projects.

The Construction Management major includes the following optional concentrations:

- The **Civil Management** concentration offers students an opportunity to further explore civil construction estimating functions, utility systems, soils and subcontractor leadership. Focusing on the critical systems that are needed on all projects, this concentration provides construction managers with the tools to navigate civil construction on any project.
- The **Mechanical and Electrical Management** concentration offers students expertise in mechanical systems. By exposing students to sustainable building technologies, specific mechanical and electrical estimating, BIM and leadership, this concentration sets students apart in knowledge base and experience. Construction managers are more effective with an in-depth understanding of critical MEP systems.
- The **Safety Management** concentration is for those wishing to pursue a career in safety and/or construction managers looking to expand their knowledge in safety related to construction. Students take advanced OSHA and safety courses while exposing themselves to insurance and workers' compensation laws and procedures. Safety is the #1 priority of project management teams, and this concentration looks to provide future leaders with the tools to lead a safe job site.

Cooperative education opportunities are available to students in construction companies and architect/engineering firms in the region. In addition, students have an opportunity to pursue a dual degree with the B.A. degree in Architectural Studies.

Construction Management - M.S.

College of Architecture and Environmental Design
www.kent.edu/caed

About This Program

The Master of Science degree in Construction Management offers students a deep understanding of leading dynamic construction projects and organizations in the built environment. The program also offers a thesis or project option for those interested in a research and/or a future higher education role. Graduates of the program are prepared to lead at both the project and corporate level.

Minimum Total Credit Hours:		**41**

[1] Students with foundations in construction management may have CMGT 51040 and CMGT 52107 waived with approval from the program director. They may graduate with 35 credit hours.

[2] For students with strong qualifications in a related master's degree, one or more of the required electives may be waived (maximum of 5 credit hours) by the program director and admission committee. Students may graduate with minimum 36 credit hours. Students who have 5 credit hours of electives waived as well as CMGT 51040 and CMGT 52107 waived may graduate with 30 credit hours.

[3] Students who select the master's project are expected to demonstrate a summative understanding of their overall coursework. Students will be immersed in team settings and required to create a total company structure; estimate, schedule and complete risk assessment and sustainability goals for a proposed project; and develop a marketing plan and other expectations.

[4] Students who select the master's project will complete additional graduate-level courses to meet the minimum required credit hours for the degree. The courses will be part of the student's approved plan of study and should contribute to the master's project and student's future goals. Students will be advised to take coursework in either construction management or a related field (e.g., architecture, business, healthcare design).

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Exhibit the planning, organization, execution and contract skills of a construction manager.
2. Apply ethical and sustainability perspectives to construction management knowledge.
3. Demonstrate the financial, managerial and risk management of a leader in the construction industry.
4. Analyze how issues of cost, safety, quality, schedule and design impact project development and implementation.
5. Evaluate the procurement and logistics processes of underlying construction systems and devise strategies to mitigate these complexities.
6. Compare construction management technologies, innovations and processes, and how they relate to cross-disciplinary teams.

Construction Management - Minor

College of Architecture and Environmental Design
www.kent.edu/caed

About This Program

The Construction Management minor gives students an introduction to the body of knowledge expected for entry-level professional construction management positions. The minor is particularly appropriate for students whose major or interest is architecture, business or interior design.

Minor Requirements		
CMGT 41040	CONSTRUCTION ESTIMATING I	3
CMGT 41041	CONSTRUCTION ESTIMATING II	3
CMGT 42107	CONSTRUCTION SCHEDULING	3
CMGT 43099	CONSTRUCTION MANAGEMENT CAPSTONE (ELR)	3
Minor Electives, choose from the following:		6
CMGT 10001	INTRODUCTION TO CONSTRUCTION MANAGEMENT	
CMGT 22200	CONSTRUCTION DOCUMENT READING	
CMGT 31015	CONSTRUCTION TECHNOLOGY	
CMGT 32001	PROPOSAL DEVELOPMENT AND ANALYSIS	
CMGT 42105	CONSTRUCTION CONTRACTS AND LAW	
Minimum Total Credit Hours:		**18**

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.500	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Health Systems and Facilities Design - Graduate Certificate

College of Architecture and Environmental Design
www.kent.edu/caed

About This Program

Tailored for working professionals from diverse backgrounds and offered entirely online, the Health Systems and Facilities Designs graduate certificate equips you with the essential knowledge to understand how design strategies impact healthcare operations and quality. With the growing demand for healthcare services and the need for human-centered environments, your expertise will directly contribute to the development of facilities that enhance efficiency and improve patient care. Program Delivery

- **Delivery:**
  - Fully online

Examples of Possible Careers and Salaries*

Architects, except landscape and naval

- 0.8% little or no change
- 129,900 number of jobs
- $82,320 potential earnings

Architectural and engineering managers

- 2.6% slower than the average
- 198,100 number of jobs
- $149,530 potential earnings

Architecture teachers, postsecondary

- 5.1% faster than the average
- 8,500 number of jobs
- $90,880 potential earnings

Interior designers

- -4.9% decline
- 77,900 number of jobs
- $57,060 potential earnings

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree (from any field)
- Official transcript(s)
- A résumé or CV
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[1]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] International applicants who do not meet the above test scores will not be considered for admission.

Application Deadlines

- **Fall Semester**
  - Priority deadline: June 1
- **Spring Semester**
  - Priority deadline: November 1

All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted by these deadlines will receive the strongest consideration for admission.

Full Description

The Health Systems and Facilities Designs graduate certificate is catered to professionals from various fields and backgrounds. The purpose of the certificate is to develop an understanding of how healthcare operations and quality are implicated by design strategies. Given that the healthcare industry is prominent as an economic driver in the United States, as well as the increasing demand in health services, providing a human-centered environments is essential. This invaluable area of expertise helps students participate in facility development that will maximize efficiency and quality of patient care, all in an effort to raise the standard of healthcare facilities. This flexible online program for working professionals typically takes two semesters to finish.

Healthcare Design - M.H.D.

College of Architecture and Environmental Design
www.kent.edu/caed

About This Program

Ready to merge your passion for healthcare with the science of design? Explore our STEM-designated and innovative Master of Healthcare Design degree, which emphasizes evidence-based design and interdisciplinary collaboration. Gain skills for crafting patient-centered spaces that redefine healing. With immersive studios and research

opportunities, this degree propels you towards a rewarding healthcare design career. Start your transformative journey today. Join us! Read more...

Minimum Total Credit Hours:		**35**

[1] The normal path of study for this degree is 35 credit hours. For students with strong qualifications in a related degree and/or experience, the required elective may be waived by the program director and admissions committee.

[2] Students may work with the coordinator of the program for additional elective choices.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Note

Normal time to graduation is two years. However, students who start in the spring semester may complete the degree in three semesters. Students may also take an accelerated path to complete the degree in one year.

Program Learning Outcomes

Graduates of this program will be able to:

1. Recognize and employ expert knowledge, guidelines and regulations in healthcare design and delivery.
2. Design effectively in support of safety, quality and efficiency in healthcare.
3. Design empathetically to improve human-centered design experience for healthcare providers, patients and support communities.
4. Employ and translate research into innovative designs.

Full Description

The Elliot Master of Healthcare Design degree is a STEM-designated, post-professional degree and one of the very few in the nation focusing on the design of healthcare facilities. Program faculty empower students to use design as a powerful tool to advocate for safety, satisfaction and efficiency for all stakeholders, from patients to caregivers. As a member of the AIA's Design and Health Research Consortium, the M.H.D. degree exemplifies interdisciplinary innovation.

Kent State University prides itself in offering a leading healthcare design program grounded in innovation, translational research and scholarship — preparing outstanding professionals whose passion in human-centered design will transform the future of the healthcare design industry.

The M.H.D. degree stands out as a distinguished post-professional endeavor dedicated to shaping healthcare facility design. With its STEM designation, the program leverages scientific principles to equip emerging professionals as future leaders in healthcare design, emphasizing both empathic and evidence-based approaches.

This program's strength lies in its comprehensive curriculum, blending design, research and experiential learning. Through a holistic journey, students gain vital healthcare knowledge, refine design skills and acquire research skills, which are crucial for crafting innovative spaces prioritizing safety and satisfaction for patients, staff and caregivers. Moreover, the program's flexibility is showcased through a broad curriculum, offering elective courses from various disciplines such as public health and nursing. With completion timelines ranging from one to two years, students can tailor their academic path to suit their needs.

The culminating experience within the program is the completion of a master's project, where students develop their visions by designing a healthcare environment of their choice. Inspired by evidence-based design principles, students are trained to conduct research and integrate that into their design processes. This experience is enriched by highly qualified faculty and external practice-based mentors.

A core mission of the program is to enrich students' networks with professionals in the field and expose them to real-world projects that broaden their perspectives. Testament to the program's excellence, its graduates are sought after by premier healthcare-focused architecture and design firms, receive prestigious awards and recognition on an international level and present and publish in scholarly outlets.

Historic Preservation - Minor

College of Architecture and Environmental Design
www.kent.edu/caed

About This Program

The Historic Preservation minor is intended for students who desire to understand the history, theory and practice of historic preservation. Students with an interest in or declared in the following majors may benefit from this minor: architectural studies, interior design, studio art, real estate, geography, history, art history and business.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Analyze, research and document historic structures.
2. Understand the application of basic preservation methodologies and technologies.
3. Analyze examples of American architecture in relation to stylistic and socio-cultural development.
4. Evaluate historic preservation projects, taking account the need to reconcile best practices in preservation and larger community development priorities.

Interior Design - B.A.

College of Architecture and Environmental Design
www.kent.edu/caed

About This Program

The Bachelor of Arts in Interior Design combines art, technology and business to prepare you for a career in this exciting and ever-evolving field. With a curriculum that emphasizes design thinking, sustainability and user-centered design, you will gain the skills needed to create functional and aesthetically pleasing spaces. Enroll now and take the first step toward a career that combines creativity and practicality. Read more...

- 77,900 number of jobs
- $57,060 potential earnings

Accreditation

The B.A. degree in Interior Design is accredited by the Council for Interior Design Accreditation (CIDA) and the National Association of Schools of Art and Design (NASAD).

The CIDA-accredited program prepares students for entry-level interior design practice, for advanced study and to apply to membership in professional interior design organizations. The program meets the educational requirements for eligibility to sit for the National Council for Interior Design Qualification Examination (NCIDQ Exam).

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special

talents and adult students who graduated from high school three or more years ago.

Freshman Students: Admission to the Interior Design major is selective and based on a holistic review process. Prospective applicants must have a minimum 2.750 unweighted overall grade point average (on a 4.000-scale) to be considered for a holistic review and potential admission into the Interior Design program.

Admission to Non-Degree General major: Students who do not qualify for admission to the Interior Design major may qualify for admissions to the college's non-degree General major. Students in the General major are assigned to freshman orientation classes with all College of Architecture and Environmental Design majors. These classes aid in understanding the broad range of career options within the environmental design professions. Students should take regular coursework in preparation to attempt entry into one of the College of Architecture and Environmental Design majors or may consider alternative degree program options. Students should meet with their advisors to aid in making decisions regarding their degree program and major. In order to move forward with a minimum loss of credit hours, students are strongly recommended to choose an alternate degree program within or outside the college prior to completing 45 credit hours.

Transfer, Transitioning and Former Students: For more information about admission criteria for transfer, transitioning and former students, please visit the admissions website.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	

Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Understand the foundations of the interior design discipline: history, theories of design, technical knowledge, human factors, human sciences, design thinking and professional practices.
2. Understand the complex relationships between design practice, materials, technology, sustainability and social issues in the built environment.
3. Conduct and apply technical, historical, material and cultural research, using quantitative and qualitative methods to design projects.
4. Understand how a variety of building materials, finishes and systems are used, assembled and interconnected in construction.
5. Skillfully manipulate two- and three-dimensional representational techniques using a wide range of media.
6. Demonstrate effective visual, verbal and written communication skills.
7. Contribute effectively to multidisciplinary, diverse teams prepared to practice in complex, multicultural global contexts.
8. Create interior spaces at varying scales, in various contexts and for varying purposes, using research, critical thinking, analysis and problem solving, which respond to user needs and promote human well-being.
9. Create interior spaces that conform with required codes, standards and regulations to protect the life, safety, health and wellness of the building occupants.
10. Develop an ethical bearing that addresses sustainability, social justice, leadership, responsibility to clients and society and respect for difference and equity.

Full Description

The Bachelor of Arts degree in Interior Design seeks to exemplify design excellence, make interior spaces for human well-being and continually expand the reputation and rigor of the program. The program educates highly skilled and empathetic interior designers through a diverse curriculum that emphasizes research, creativity, professionalism and leadership in an era of social and technological change. Competencies achieved in the program include fundamental design skills tempered with the application of research and creative inquiry; knowledge of materials, methods and systems; space planning and programming; professional practice knowledge and critical thinking; gaining experiences through a guided internship; inquiry into human factors in design; and the comprehensive designing of interior spaces with vigilance toward the health, safety and welfare of the public.

The college offers a semester abroad for qualified third-year students in the Interior Design major. The study abroad program is housed in the heart of historic Florence, Italy and Paris, France. The program is open to all students who have made satisfactory progress toward completion of their undergraduate program.

Interior Design students may apply early to the Master of Healthcare Design degree and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program policy in the University Catalog for more information.

Landscape Architecture - M.L.A. I

College of Architecture and Environmental Design
www.kent.edu/caed

About This Program

Looking to make a real difference in the world with your design skills? The M.L.A. professional degree will provide you with the tools you need to become a creative and effective leader in the field of landscape architecture. Our inclusive and interdisciplinary design methodologies prepare you to study matters of global significance, such as the reclamation of urban vacancies, the design of infrastructural systems, the preservation of natural resources and the pursuit of social justice and cultural landscapes. Join us and shape a better future. Read more...

Program Delivery

- **Delivery:**
  - In person
- **Location:**
  - Cleveland

Examples of Possible Careers and Salaries*

Landscape architects

- -2.4% decline
- 24,500 number of jobs
- $70,630 potential earnings

Architecture teachers, postsecondary

- 5.1% faster than the average
- 8,500 number of jobs
- $90,880 potential earnings

Urban and regional planners

- 11.0% much faster than the average
- 39,700 number of jobs
- $75,950 potential earnings

Additional careers

- Landscape architectural project manager

Accreditation

The M.L.A. I degree is an accredited program through the Landscape Architecture Accrediting Board (LAAB) as of fall 2018.

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Minimum 2.750 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Curriculum vitae
- Goal statement
- Portfolio of design work
- Three letters of recommendation
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[1]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] International applicants who do not meet the above test scores will not be considered for admission.

Application Deadlines

- **Fall Semester**
  - Application deadline: February 1

All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted after this deadline will be considered on a space-available basis.

[1] Students with strong qualifications holding a prior design degree may be considered for advanced placement with up to 12 credit hours waived for the degree. Eligibility for advanced placement is reviewed on a case-by-case basis at the time of admission, in accordance with an evaluation matrix developed by the program coordinator and the admissions committee. Students who are deemed eligible to have course requirements waived may graduate with fewer than 72 credit hours, but no fewer than 60 total credit hours.

[2] Students may replace LARC 60106 with LARC 60799 with advisor approval.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Pursue careers in landscape architecture.
2. Synthesize higher-level learning necessary to practice landscape architecture; and develop critical understanding through increased independent, collaborative, interdisciplinary and course-based research.
3. Establish a design process that is firmly based upon research, technology and artistic expression.
4. Appraise and understand geo-cultural differences and develop skills to engage local phenomena.

Full Description

The Master of Landscape Architecture I degree in Landscape Architecture is a professional program that prepares graduates for active, creative and leadership roles in landscape architecture profession through inclusive and interdisciplinary design methodologies that are focused on issues surrounding urban landscapes, ecologies and social concerns.

Students are engaged in issues — ranging from hydrology in the Great Lakes and Ohio River Basins watershed to the role of urban landscapes associated with industrial cities. In addition, they study matters of global significance relating to the role of landscape and design relative to reclamation of urban vacancies, infrastructural systems, natural resources, climate change, water quality for health and social justice and cultural landscapes.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Full Description

The Master of Landscape Architecture II degree in Landscape Architecture is a post-professional program intended for students to develop new knowledge through research and design, and to provide professionals with the opportunity for specialization in an area of their choosing.

Students are engaged in issues — ranging from hydrology in the Great Lakes and Ohio River Basins watershed to the role of urban landscapes associated with industrial cities. In addition, students study matters of global significance relating to the role of landscape and design relative to reclamation of urban vacancies, infrastructural systems, natural resources, climate change, water quality for health and social justice and cultural landscapes.

Individual capstone research or advanced design studios comprise the second year of study.

Urban Design - M.U.D.

College of Architecture and Environmental Design

-	3.000

- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate the ability to build abstract relationships and understand the impact of ideas based on research and analysis of multiple theoretical, social, political, economic, cultural and environmental contexts. This includes the wider range of media used to think about urban and regional design, including writing, investigative skills, speaking, drawing and model making.
2. Develop an ability to utilize the technical instruments of the urban design field, including legal instruments, urban systems and their organization; and the role of these varied elements in the implementation of design and their impact on the environment. This is inclusive of understanding and abilities at a range of scales from local to regional design and the implications of policy and design decision-making at these ranges of scale.
3. Manage, advocate and act legally, ethically and critically for the good of society and the public. This includes collaborative, professional and leadership skills, especially in the public arena.

Dual Degree with M.Arch. in Architecture

Students have the opportunity to complete a dual degree program with the M.U.D. degree in Urban Design and the M.Arch. degree in Architecture. A separate application must be submitted for each program. Students can view admission requirements for each program on their respective catalog page. Students in the M.Arch. degree must be declared in the Accelerated Track concentration to be admitted to the dual degree.

This dual degree program prepares students to enter the profession of architecture by stimulating the growth of technical knowledge and design creativity. It fosters the refinement of design skills acquired in undergraduate programs and offers a broad exposure to professional issues and knowledge related to urban design.

1 Special topics course in professional practice.
2 Special topics related to studio.
3 With approval, students may apply other courses in the College of Architecture and Environmental Design; or from another Kent State college, school or department; or from at the Levin College of Urban Affairs at Cleveland State University.

Full Description

The Master of Urban Design degree expands on traditional architectural, landscape architecture and planning education with an understanding of the processes of urban development, and with the skills required to the physical shaping of urban places. The program is aimed at students with a prior background in either design or urban-related studies. The degree seeks to develop knowledgeable specialists who possess significant ability to identify opportunities in the urban environment and the sensibility to provide design solutions to the most complex problems encountered.

Faculty work in close collaboration with students through rigorous curricula focused on the application of research in the design of layered and mutually reinforcing systems and public spaces. The degree culminates with either a final hands-on practicum component or a final independent design research project for eligible students.

Projects range from neighborhood plans to large-scale urban and regional initiatives engaging cultural and environmental concerns. Project locations are often in Cleveland and similar regional cities, but they address far-reaching global concerns. Students can engage in applied research in the re-design of "Cities Growing Smaller" systemic approaches to the development of urban environments, considerations of place and identity and the place-making potential of infrastructure. Further directions include the design of cities and neighborhoods that promote physical and mental health; studies of sustainable infrastructures that support sustainable ecological systems; the adaptation of traditional models of urbanism to changing conditions; and the future of urban economies as it relates to physical place-making.

Arts Entrepreneurship - Minor

College of the Arts
College of the Arts
www.kent.edu/artscollege

About This Program

The Arts Entrepreneurship minor is open to all undergraduate students and offers an interdisciplinary curriculum from the College of the Arts and the Ambassador Crawford College of Business and Entrepreneurship. Students enhance their arts or arts-adjacent degree by developing an entrepreneurial mindset and professional practice skills designed to give agency to create opportunities. Students customize their studies with courses that complement their talents and goals so they can thrive as entrepreneurs in the arts or any creative industry.

ARTE 41525	ART EDUCATION: INQUIRY INTO PROFESSIONAL PRACTICE	
CA 31300	MUSIC CAREER DEVELOPMENT AND ENTREPRENEURSHIP	
DAN 47060	PROFESSIONAL ASPECTS IN DANCE	
FDM 35280	FASHION ENTREPRENEURSHIP	
THEA 41305	PROFESSIONAL ASPECTS: PERFORMANCE	
THEA 41306	PROFESSIONAL ASPECTS: DESIGN AND TECHNOLOGY	
THEA 41726	THEATRE MANAGEMENT	
Minimum Total Credit Hours:		**15**

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.250	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Discuss career options within and outside their discipline.
2. Develop a plan for a sustainable “life in the arts” and chart a career path.
3. Demonstrate practical skills in research, financial planning, marketing and networking.
4. Analyze contracts, copyright and other legal practices.

Accessories - Minor

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Accessories minor gives students an opportunity to focus on the design and production of innovative and unique objects within the studio areas of jewelry, metals and textiles, which leads to the development of functional, decorative and wearable forms.

Admission Requirements

Admission to a minor is open to students declared in a bachelor’s degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

2 ARTS 45080 and ARTS 45095 may be used with approval from a faculty or academic advisor.
3 Maximum 6 credit hours of ARTS 45708 may be applied toward minor requirements.
4 Maximum 6 credit hours of ARTS 45300 may be applied toward minor requirements.
5 Maximum 9 credit hours of ARTS 45314 may be applied toward minor requirements.
6 Maximum 9 credit hours of ARTS 45351 may be applied toward minor requirements.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.000	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Create work within textile arts, jewelry, metals and enameling, and understand associated materials, processes and applications.
2. Discuss larger contemporary and historical contexts within the creation of accessories, wearables and works for the body or domestic space.
3. Demonstrate design and visual literacy in their work.

Art Education - B.F.A.

College of the Arts
School of Art
www.kent.edu/art

About This Program

Earn your B.F.A. in Art Education and become a dynamic pre-K-12 visual arts educator! Our program blends hands-on studio practice with learner-centered teaching, equipping you with the skills to inspire creativity in diverse classrooms. You'll master traditional and digital media; explore art history and aesthetics; and develop inclusive, engaging instructional strategies. With a strong focus on cultural awareness, student development and creative expression, you'll graduate ready to create meaningful and transformative learning experiences through art. Read more...

Examples of Possible Careers

- High school teachers in traditional, special needs and technical schools, plus museums, community and enrichment programs
- Middle school teachers in traditional, special needs and technical schools, plus museums, community and enrichment programs
- Preschool and elementary teachers in traditional, special needs and technical schools, plus museums, community and enrichment programs

Accreditation

National Association of Schools of Art and Design (NASAD)

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students who have not attended another institution since Kent State and were not academically dismissed will complete the re-enrollment process through the Financial, Billing and Enrollment Center. Former students who attended another college or university since leaving Kent State must apply for admissions as a transfer or post-undergraduate student.

Transfer Students: Students who attended an educational institution after graduating from high school or earning their GED must apply as

transfer students. For more information, visit the admissions website for transfer students.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

[1] A minimum C grade must be earned to fulfill the writing-intensive requirement.

Progression Requirements

- Students must meet all professional requirements for admission to advanced study. Students will meet with an academic advisor to discuss the application for advanced study.
- Students must have a minimum 2.500 overall GPA and 2.500 major GPA for admission to advanced study, student teaching and graduation.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.500	2.500

- Students must receive a rating of “satisfactory” on selected works exhibited during their portfolio review.
- Students must complete over 120 field hours through a variety of teaching experiences (i.e., when they are out in schools or other educational settings) within their teacher education program.
- Student must satisfy all professional disposition assessments at least three times throughout their teacher education program, which includes student teaching. Professional dispositions are the professional attitudes, values and beliefs demonstrated through both verbal and non-verbal behaviors as educators interact with students, families, colleagues, faculty and communities.
- Students must pass ARTE 41009, a course that examines the student's knowledge, proficiency and ability to apply concepts in art and visual arts education.
- Students must pass the Kent Summative Teacher Education Project (K-STEP) designed to develop and evaluate their ability to plan for instruction, use instructional strategies and assess student learning during their final student teaching experience.
- Students must successfully complete student teaching, the culminating experience in the preparation of the student teacher candidate.
- ARTH 12001 is designed for non-art majors, and will not fulfill major requirements for art majors.

Licensure Information

Candidates seeking Ohio licensure are required to pass specific assessments in order to apply for licensure. The following Ohio Assessment for Educators (OAE) examinations are required for licensure: OAE 004, the visual art content assessment; and OAE 006, the pre-K-12 multi-age visual arts pedagogy assessment. See Ohio Department of Education-Educator Preparation website for more information on

assessments specific to licensure type. Taking and passing the licensure tests prior to graduation is encouraged, but not required.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3

Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Construct lesson plans that reflect learner-centered pedagogy that is culturally responsive, inclusive and developmentally appropriate.
2. Incorporate the use of evidence-based instructional strategies, resources and instructional technology as part of the learning activities aligned with goals, objectives and/or standards in the lesson plans.
3. Apply evidence-based instruction to meet a diversity of students'needs.
4. Practice reflective teaching in the classroom to accommodate all students using effective strategies, resources, materials and accommodations to adapt instruction to meet the needs of individuals and groups of students.
5. Implement formative and summative assessments that align conceptually to the lesson objectives and are designed to be appropriate to address individual student differences and minimize bias.
6. Demonstrate professional#teaching dispositions.
7. Apply creative, technical, procedural and interpretive skills through a range of studio art and design experiences.

Program Policies

Dual Degree/Double Major

School of Art

Students are permitted to double major in more than one division of the School of Art or complete more than one concentration in the same division.

1. Students enrolling in more than one major within the school must complete all course requirements in each major. If the two majors represent different degree programs, a minimum of 140 credit hours must be completed.
2. Students enrolling in a double concentration within the B.F.A. program must complete at least 12 upper-division credit hours within each concentration. In addition, all reviews must be passed and a senior project must be completed in each concentration.

A student taking a second major in art history must complete the language requirement. The program requirements for a double major must be approved in advance in writing by either the director or the division coordinator and become a part of the student's permanent file.

The Hugh A. Glauser School of Music

The Bachelor of Music, Bachelor of Arts degree in Music and the Bachelor of Science degree in Music Technology programs can be combined with approval by the faculty and director of the School of Music. In addition, double majors and more than one concentration within a major can be approved by the faculty and director of the School of Music.

Exhibitions

Students enrolled in a B.F.A. or B.A. program in studio art, and in the B.F.A. in art education, must receive a rating of "satisfactory" on selected works exhibited during their portfolio review.

No-Credit Courses

Some courses do not generate credit within particular programs. ARTH 12001 does not generate credit for majors within the School of Art, but can be used to fulfill Kent Core requirements. Check course descriptions carefully for more information.

Physical Activity and ROTC Courses

No more than 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses or the first 16 credit hours of ROTC courses—Aerospace Studies (ASTU) and Military Studies (MSCI)—may apply to the 120 credit hours required for graduation.

Veterans who have completed a minimum of one year of active duty may receive PWS credit for military basic training according to branch of service, as follows:

- Army and Marine Corps, 3 credit hours;
- Navy and Coast Guard, 2 credit hours;
- Air Force, 1 credit hour.

Requirement Audit

Upon completion of 60 credit hours, each student is required to contact the College of the Arts Advising office to obtain a current evaluation of progress toward completion of the student's chosen degree program. Requirement evaluations are not a substitute for meeting with a faculty advisor. Students may access GPS (Graduation Planning System) audit through their FlashLine account which provides them with information about their academic progress. Questions about GPS audits are answered in the College of the Arts Advising office.

Requirements for Admission to Advanced Study for Art Education and Music Education

Admission to advanced study is required of all art education and music education majors and minors prior to enrolling in upper-division education courses. Upon completion of coursework, as determined by program area, students should have satisfied the prerequisites for admission to advanced study. Students must submit an application for advanced study by the second Friday of the term during which all prerequisites for advanced study will be completed, and at least one semester prior to beginning any coursework for which "Admission to Advanced Study" is a prerequisite. Students at the Kent Campus apply for Advanced Study through the College of Education, Health and Human Services Student Portal, which can be accessed through the Vacca Office of Student Services web page. Students completing a licensure program at a regional campus should check with that campus for instructions on how to apply for "Advanced Study." Please note: Admission to advanced study is required for students pursuing an undergraduate major that leads to teacher licensure. Please be aware that reapplication may be

necessary if postponing advanced study coursework or if withdrawn for one year or more.

Requirements for Admission to Advanced Study for Art Education and Music Education

- College Writing: Students are required to attain a minimum C grade in each writing courses (ENG 11011 and ENG 21011 or equivalent).
- Pre-Advanced Study Coursework: To be eligible for advanced study, students must earn a minimum C grade in CULT 29535 and a minimum C grade in one of the following courses (please note that a minimum C grade must be earned in all of the four courses for teacher licensure programs):
  - EPSY 29525
  - SPED 23000
- Grade Point Average:
  - Art Education majors must have earned a minimum 2.500 cumulative GPA in order to be admitted to Advanced Study.
  - Music Education majors must have earned a minimum 2.500 cumulative GPA and a minimum 2.750 major GPA at the time of application in order to be admitted to Advanced Study.
- Disposition Assessment/Professional Disposition Plans (PDPs): Students are required to have completed all professional dispositions plan (PDPs) at the time of application to be eligible for advanced study.
- Advising Appointment: Art Education and Music Education students should make an advising appointment with a professional advisor in the Vacca Office of Student Services (or Regional Campus advising office if completing the program at that campus) for information about applying for Advanced Study and educator licensure. Advising appointments at the Kent Campus are made through the Vacca Office of Student Services' website at www.kent.edu/ehhs/services/voss.
- Teacher Candidate Acknowledgments and Legal Questions for Licensure: Candidates are required to electronically sign four statements acknowledging that they have read and understand the following areas: background check requirements; professional dispositions; licensure application information; legal questions asked on the licensure application. Statements can be found on the student portal.

Transfer Students to the School of Art

Transfer students with more than two studio art courses should submit a portfolio of work for proper placement. The director of the School of Art may impose additional requirements considered reasonable and necessary. Transfer credits are evaluated consistent with the state Transfer Articulation Guidelines (TAG), although each student will be evaluated individually in terms of their ability to perform within the program. Transfer students should make every effort to complete admission requirements before the deadlines and see an advisor in the School of Art for an evaluation of the portfolio and schedule planning before registration.

Full Description

The Bachelor of Fine Arts degree in Art Education prepares students to effectively teach visual art by applying a learner-centered pedagogy to embrace the many dimensions of human intelligence and aesthetic education.

Art educators understand child development to successfully engage learners in the complete artistic process of thinking—perceptual, imaginative, formative, expressive and communicative—by combining a range of subject matter, symbols and ideas. They organize and evaluate teaching activities for creating and analyzing works of art and design from contemporary and past cultures. This involves using a variety of media, technology and community resources and making connections between visual art and other disciplines, as well as assessing the learning outcomes of their students.

In addition, art educators are prepared to meet the needs of all students with an understanding of the value of diversity. They create safe and equitable learning environments in which to nurture lifelong skills in problem solving, critical thinking, collaboration, creativity and constructing meaning.

Graduates of the degree program will be eligible to be certified for pre-K-12 visual art teacher licensure.

Study Abroad/Away Opportunities:

- Travel opportunities to New York City and Paris
- Study abroad through Kent State's Florence program in Florence, Italy (full semester or summer art and design experience)
- Ohio Art Education Association and National Art Education Association Travel Studies

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.

Art Education - M.A.

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Master of Arts degree in Art Education provides opportunities for those with a background in art education to develop a focused competence in the visual arts, as well as an intellectual understanding of the history and current issues of the field of art education. Students study quantitative and qualitative approaches to research.

Applications to the M.A. in Art Education are not being accepted at this time.

Examples of Possible Careers and Salaries*

Art, drama, and music teachers, postsecondary

- 5.6% faster than the average
- 116,300 number of jobs
- $69,690 potential earnings

Self-enrichment teachers

- 10.3% much faster than the average
- 386,200 number of jobs
- $39,960 potential earnings

Additional Careers

- Visual arts teachers
- Preschool, elementary, middle school and high school teachers in traditional, special needs and technical schools, in addition to museums and community and enrichment programs

Accreditation

National Association of Schools of Art and Design (NASAD)

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

Applications to the M.A. in Art Education are not being accepted at this time.

- Bachelor's degree from an accredited college or university[1]
- Minimum 2.750 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Résumé or curriculum vitae
- Goal statement that focuses on the philosophy of art education
- Portfolio
- Three letters of recommendation
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[2]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] Preference is given to the applicant holding a B.A., B.F.A. or B.S. degree in Art Education.

[2] International applicants who do not meet the above test scores will not be considered for admission.

Program Requirements

Thesis or Capstone, choose from the following:		6
ARTE 61399	ART EDUCATION: GRADUATE PROJECT CAPSTONE [3]	
and Guided Elective [4]		
ART 67199	M.A.THESIS I [5]	
Minimum Total Credit Hours:		**30**

[1] Students who completed ARTE 41004 as an undergraduate will consult with their faculty advisor on the elective course to take as a replacement for this requirement.

[2] Students select elective courses in consultation with their program advisor based on research interests.

[3] ARTE 61399 is appropriate for students in contexts in which research can be completed as part of their own practice, in most cases in their own art classrooms or other educational venues. The course involves research, which focuses on participant/researcher studies in curriculum, classroom settings, grant implementation and/or community-based projects. Students articulate and refine knowledge, reflective practice (including critical self-reflection) and develop goals to improve practice or further understanding of phenomena within the field of art education.

[4] Students who select the project capstone as their culminating requirement will take an additional, guided elective, based on their research interest, to meet the 30 credit hours for the degree.

[5] The thesis is a significant project or body of work done independently of other coursework. Students are expected to demonstrate the ability to conduct research or produce a significant, original project in a discriminating and disciplined manner. The thesis topic should be one that will further the student's knowledge and ability in the specialty by demonstrating skill as a researcher. The outcome should be an effort that serves as a foundation for the pursuit of independent work when the graduate program is completed. At this stage, students are expected to work in close consultation with their thesis advisor.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.

- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Understand the breadth of theoretical, philosophical, historical and pedagogical issues in visual arts education instruction and curriculum.
2. Articulate how issues that foster positive social change are inherent in the field and are constructed within wider frameworks of culture and society.
3. Understand the purposes, functions and value of teaching art and design in PreK-12 educational settings.
4. Understand and refine the application of art and general education research methodology, methods and procedures.
5. Demonstrate advanced comprehension of self-identified topics through conducting detailed research investigation.

About This Program

Discover the beauty and significance of art with the Art History program. Our bachelor's degree provides a comprehensive education in the history and theory of art, preparing you for a wide range of careers in the arts and humanities. With a curriculum that spans cultures and time periods — as well opportunities for internships, study abroad and research with faculty experts in their fields — you will develop a deep understanding of the power of art and its impact on society. Examples of Possible Careers and Salaries*

Archivists

- 7.9% faster than the average
- 8,100 number of jobs
- $56,760 potential earnings

Art, drama, and music teachers, postsecondary

- 5.6% faster than the average
- 116,300 number of jobs
- $69,690 potential earnings

Curators

- 12.6% much faster than the average
- 14,500 number of jobs
- $56,990 potential earnings

Museum technicians and conservators

- 11.6% much faster than the average
- 14,800 number of jobs
- $45,710 potential earnings

Property appraisers and assessors

- 2.9% slower than the average
- 75,100 number of jobs
- $58,650 potential earnings

Accreditation

National Association of Schools of Art and Design (NASAD)

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Transfer students with more than two studio courses should submit a portfolio of work for proper placement. The director of the School of Art may impose additional requirements considered reasonable and necessary. Transfer credits are evaluated consistent with the state Transfer Articulation Guidelines (TAG), although each student will be evaluated individually in terms of their ability to perform within the program. Transfer students should make every effort to complete admission requirements before the deadlines and to see an advisor in the School of Art for an evaluation of the portfolio and for schedule planning before registration.

Transfer students visit the admissions website for transfer students for more information.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

Program Requirements

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate a comprehensive understanding of art from a range of historic and cultural traditions.
2. Observe, describe and interpret art objects, events and concepts within their cultural context.
3. Engage with a variety of methodologies and theories relevant to different fields of art history.
4. Demonstrate an advanced level of written and/or oral analysis.
5. Become engaged citizens of a global community and recognize the role of art and cultural production as they foster communities, reflect identities and understand social systems.

Program Policies

Dual Degree/Double Major

School of Art

Students are permitted to double major in more than one division of the School of Art or complete more than one concentration in the same division.

1. Students enrolling in more than one major within the school must complete all course requirements in each major. If the two majors represent different degree programs, a minimum of 140 credit hours must be completed.
2. Students enrolling in a double concentration within the B.F.A. program must complete at least 12 upper-division credit hours within each concentration. In addition, all reviews must be passed and a senior project must be completed in each concentration.

A student taking a second major in art history must complete the language requirement. The program requirements for a double major must be approved in advance in writing by either the director or the division coordinator and become a part of the student's permanent file.

The Hugh A. Glauser School of Music

The Bachelor of Music, Bachelor of Arts degree in Music and the Bachelor of Science degree in Music Technology programs can be combined with approval by the faculty and director of the School of Music. In addition, double majors and more than one concentration within a major can be approved by the faculty and director of the School of Music.

No-Credit Courses

Some courses do not generate credit within particular programs. ARTH 12001 does not generate credit for majors within the School of Art, but can be used to fulfill Kent Core requirements. Check course descriptions carefully for more information.

Physical Activity and ROTC Courses

No more than 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses or the first 16 credit hours of ROTC courses—Aerospace Studies (ASTU) and Military Studies (MSCI)—may apply to the 120 credit hours required for graduation.

Veterans who have completed a minimum of one year of active duty may receive PWS credit for military basic training according to branch of service, as follows:

- Army and Marine Corps, 3 credit hours;
- Navy and Coast Guard, 2 credit hours;
- Air Force, 1 credit hour.

Requirement Audit

Upon completion of 60 credit hours, each student is required to contact the College of the Arts Advising office to obtain a current evaluation of progress toward completion of the student's chosen degree program. Requirement evaluations are not a substitute for meeting with a faculty advisor. Students may access GPS (Graduation Planning System) audit through their FlashLine account which provides them with information about their academic progress. Questions about GPS audits are answered in the College of the Arts Advising office.

Transfer Students to the School of Art

Transfer students with more than two studio art courses should submit a portfolio of work for proper placement. The director of the School of Art may impose additional requirements considered reasonable and necessary. Transfer credits are evaluated consistent with the state Transfer Articulation Guidelines (TAG), although each student will be evaluated individually in terms of their ability to perform within the program. Transfer students should make every effort to complete admission requirements before the deadlines and see an advisor in the School of Art for an evaluation of the portfolio and schedule planning before registration.

Full Description

The Bachelor of Arts degree in Art History provides students with an understanding of major art and cultural achievements across historical periods, geographic regions and significant movements. The program fosters visual literacy, critical thinking, creative problem-solving and research development and writing competencies. Students are prepared for careers in non-profit and art organizations, graduate study in art history or museum studies and lifelong advocacy for the arts.

Study Abroad/Study Away Opportunities:

- Travel to New York and Paris
- Study Abroad in Florence, Italy, either for a full semester or a summer

Art History - M.A.

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Master of Arts degree in Art History offers a range of perspectives on art, theory and cultural production across historical periods, geographic regions and significant movements. When specializing in one area for the thesis, students may choose to focus in periods and genres related to faculty research and expertise.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Minimum 2.750 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Curriculum vitae
- Goal statement (approximately 250 words) indicating the proposed area of specialization within the art history curriculum
- Three letters of recommendation from persons who are in the proposed area of study or a closely related field
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[1]

- Minimum 79 TOEFL iBT score
- Minimum 6.5 IELTS score
- Minimum 58 PTE score
- Minimum 110 DET score

[1] International applicants who do not meet the above test scores will not be considered for admission.

Application Deadlines

- **Fall Semester**
  - Application deadline: February 1

Applications submitted by this deadline will receive the strongest consideration for admission.

ART 67199	M.A.THESIS I [1]	6
Minimum Total Credit Hours:		**32**

[1] The thesis is a significant project or body of work done independently of other coursework. Students are expected to demonstrate the ability to conduct research or produce a significant, original project in a discriminating and disciplined manner. The thesis topic should be one that will further the student's knowledge and ability in the specialty by demonstrating skill as a researcher or studio artist. The outcome should be an effort that serves as a foundation for the pursuit of independent work when the graduate program is completed. At this stage, students are expected to work in close consultation with their thesis advisor.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- A reading knowledge of a language other than English is required.
- Successful completion of the Candidacy Review Examination is a requirement in every School of Art graduate program. In the Art History major, the examination is given in the third semester of full-time coursework. Successful completion of the examination designates the student as a candidate for the degree.
- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate a comprehensive understanding of art from a range of historic and cultural traditions.
2. Observe, describe and interpret art objects, events and concepts within their cultural context.
3. Engage with a variety of methodologies and theories relevant to different fields of art history.
4. Demonstrate an advanced level of written and oral analysis.
5. Demonstrate advanced research skills and knowledge in a particular artist, collection, period or movement through the thesis.
6. Access and utilize relevant primary and secondary source material in diverse formats, including digital technology.
7. Become engaged citizens of a global community and recognize the role of art and cultural production as they foster communities, reflect identities and understand social systems.

Art History - Minor

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Art History minor introduces students to major works in the history of art and to the analytical and critical methods of the art historian.

- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate a comprehensive understanding of art from a range of historic and cultural traditions.
2. Observe, describe and interpret art objects, events and concepts within their cultural context.
3. Engage with a variety of methodologies and theories relevant to different fields of art history.

Ceramics - Minor

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Ceramics minor is designed to encourage students from all areas of the university to explore working creatively with clay. Students may explore making functional pots and sculptural objects using a variety of wheel throwing and hand-building techniques, or they may choose to work sculpturally in conjunction with other methods of creating three-dimensional objects. Flexibility in the curriculum affords students the opportunity to design a program intended to meet individual needs and freedom of expression.

Program Learning Outcomes

Graduates of this program will be able to:

1. Identify ceramic material and the mechanics of working with clay through the creation of wheel-thrown and hand-built pottery.
2. Demonstrate craftsmanship through a refinement of form, technical ability and attention to detail.
3. Identify ceramics firing processes at an intermediate level.
4. Perform ceramic glazing techniques at an intermediate level.

Drawing - Minor

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Drawing minor provides an introduction to fundamental form, pictorial structure and media through work from observation and conceptual projects. Emphasis in the minor is on students' continued development in drawing toward individually conceived creative practice.

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate the ability (skill) to work within their chosen medium/media, and understand associated materials and processes.
2. Demonstrate an understanding of larger contemporary and historical contexts.
3. Demonstrate a high degree of design and visual literacy in their work.

Glass - Minor

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Glass minor is designed to encourage students from all areas of the university to explore working creatively with glass. Students can take coursework in glassblowing, flameworking and kiln-formed glass, which creates a platform for broad understanding of the material and creative forces at play in the medium. Flexibility in the curriculum provides students with choices to design a program to meet individual needs and freedom of expression.

www.kent.edu/art

About This Program

The Jewelry, Metals and Enameling minor focuses on approaches to jewelry making and metalsmithing, while allowing students to achieve specialization. Students achieve such skills as cold connection techniques, small and medium scaled silver soldering, small jewelry- and object-making techniques, small scale fabrication, forming, cold forging and tool-making techniques.

Code	Title	Credit Hours
Minor Requirements		
ARTS 25700	INTRODUCTION TO JEWELRY METALS	3
ARTS 35700	JEWELRY CONCEPTS AND TECHNIQUES	3
ARTS 35701	METALSMITHING CONCEPTS AND TECHNIQUES	3
ARTS 35704	ENAMELING CONCEPTS AND TECHNIQUES [1]	3
Minor Electives, choose from the following:		6
ARTS 35704	ENAMELING CONCEPTS AND TECHNIQUES [1]	
ARTS 45095	SPECIAL TOPICS: STUDIO ART [2]	
ARTS 45700	JEWELRY DESIGN AND PRODUCTION	
ARTS 45705	CAD FOR JEWELRY	
ARTS 45707	CONTEMPORARY APPROACHES IN METALSMITHING	
ARTS 45708	BODY ORNAMENTATION [3]	
Minimum Total Credit Hours:		**18**

[1] Maximum 6 credit hours of ARTS 35704 may be applied toward minor requirements.

[2] ARTS 45095 may be used with approval from a faculty or academic advisor.

[3] Maximum 6 credit hours of ARTS 45708 may be applied toward minor requirements.

Graduation Requirements

Minimum Minor GPA	Minimum Overall GPA
2.250	2.000

- Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate jewelry, metalsmithing and enameling skills.
2. Analyze jewelry, metalsmithing and enameling within a contemporary art lens.
3. Demonstrate design skills for the creation of art jewelry and metalsmithed objects.

Painting - Minor

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Painting minor is an introduction to fundamental image-making and the use of form in painting through working from observation and conceptual projects. Emphasis in the minor is on students' continued development in painting towards self-initiated creative practice.

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate the ability (skill) to work within their chosen medium/media, and understand associated materials and processes.
2. Demonstrate an understanding of larger contemporary and historical contexts.
3. Demonstrate a high degree of design and visual literacy in their work.

Print Media and Photography - Minor

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Print Media and Photography minor provides an introduction to printmaking and fine art photography. Students can pursue a study in traditional printmaking techniques such as intaglio, silkscreen and lithography, as well as digital applications. Students can also pursue a study in photography, including traditional darkroom and film alternative photographic techniques and fine art digital photography. Synergies between these two historically related disciplines provide ample room for experimentation and a course of study designed specifically to suit students' interests.

3. Demonstrate a high degree of design and visual literacy in their work.

Sculpture and Expanded Media - Minor

College of the Arts

School of Art
www.kent.edu/art

About This Program

The Sculpture and Expanded Media minor offers students a wide range of approaches, strategies and techniques to making dimensional and spatial work. Students learn to fabricate sculptural objects utilizing techniques in clay, plaster, wood, metal and non-traditional materials. In addition, they are exposed to and learn to work in expanded media formats, such as installation art and time-based practices (video, sound, performance).

Accreditation

National Association of Schools of Art and Design (NASAD)

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Transfer students to the program who meet the general transfer admission requirements should schedule a meeting with the academic advisor in the School of Art and submit a portfolio to a studio art faculty member to review for proper course placement. The faculty member may specify additional requirements considered reasonable and necessary.

Transfer credits are evaluated consistent with the state-wide Transfer Articulation Guides (TAG), although each student will be evaluated individually in terms of his or her ability to perform in the program. Transfer students should make every effort to complete admission requirements before the deadlines and to schedule a portfolio review with before registration.

Transfer students visit the admissions website for transfer students for more information.

Admission policies for undergraduate students may be found in the University Catalog's Academic Policies.

Students may be required to meet certain criteria to progress in their program. Any progression requirements will be listed on the program's Coursework tab

Minimum Total Credit Hours:		**120**

1 Selected upper-division Studio Art courses (ARTS 30000 or 40000 level) may be taken without first successfully completing ART 30001. At the completion of seven specific courses (ART 10022, ART 10023, ART 10024, ARTH 22007, ARTS 14000 and two of the four foundations electives), students register for ART 30001 and submit a portfolio of representative studio work selected from these courses to a studio art faculty committee for review. An examination of knowledge of art history also will be included. Incoming transfer students are expected to provide examples of foundational coursework equivalent to School of Art requirements for ART 30001. The review is a formative assessment of the student's foundations work including a digital portfolio, installation of sampling of works and proficiency in written and oral critical thinking.

2 A minimum C grade must be earned to fulfill the writing-intensive requirement.

3 A maximum 3 credit hours of ARTS 45090 may be applied toward Studio Art Electives. Students may apply this course toward fulfilling general electives, with no maximum credit hours required.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.250	2.000

- ARTH 12001 is designed for non-art majors, and will not fulfill major requirements for art majors.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate technical competencies across a range of media, processes and materials.
2. Articulate in both written and oral form the contemporary and historical contexts within which the visual arts have been created.
3. Integrate design and visual literacy in their work.
4. Demonstrate the ability to make workable connections between concept and media.
5. Integrate knowledge across studio art disciplines, and make connections with other disciplines.

Program Policies

Dual Degree/Double Major

School of Art

Students are permitted to double major in more than one division of the School of Art or complete more than one concentration in the same division.

1. Students enrolling in more than one major within the school must complete all course requirements in each major. If the two majors represent different degree programs, a minimum of 140 credit hours must be completed.
2. Students enrolling in a double concentration within the B.F.A. program must complete at least 12 upper-division credit hours within each concentration. In addition, all reviews must be passed and a senior project must be completed in each concentration.

A student taking a second major in art history must complete the language requirement. The program requirements for a double major must be approved in advance in writing by either the director or the division coordinator and become a part of the student's permanent file.

The Hugh A. Glauser School of Music

The Bachelor of Music, Bachelor of Arts degree in Music and the Bachelor of Science degree in Music Technology programs can be combined with approval by the faculty and director of the School of Music. In addition, double majors and more than one concentration within a major can be approved by the faculty and director of the School of Music.

Exhibitions

Students enrolled in a B.F.A. or B.A. program in studio art, and in the B.F.A. in art education, must receive a rating of "satisfactory" on selected works exhibited during their portfolio review.

No-Credit Courses

Some courses do not generate credit within particular programs. ARTH 12001 does not generate credit for majors within the School of Art, but can be used to fulfill Kent Core requirements. Check course descriptions carefully for more information.

Physical Activity and ROTC Courses

No more than 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses or the first 16 credit hours of ROTC courses—Aerospace Studies (ASTU) and Military Studies (MSCI)—may apply to the 120 credit hours required for graduation.

Veterans who have completed a minimum of one year of active duty may receive PWS credit for military basic training according to branch of service, as follows:

- Army and Marine Corps, 3 credit hours;
- Navy and Coast Guard, 2 credit hours;
- Air Force, 1 credit hour.

Requirement Audit

Upon completion of 60 credit hours, each student is required to contact the College of the Arts Advising office to obtain a current evaluation of progress toward completion of the student's chosen degree program. Requirement evaluations are not a substitute for meeting with a faculty advisor. Students may access GPS (Graduation Planning System) audit through their FlashLine account which provides them with information about their academic progress. Questions about GPS audits are answered in the College of the Arts Advising office.

Transfer Students to the School of Art

Transfer students with more than two studio art courses should submit a portfolio of work for proper placement. The director of the School of Art may impose additional requirements considered reasonable and necessary. Transfer credits are evaluated consistent with the state Transfer Articulation Guidelines (TAG), although each student will be evaluated individually in terms of their ability to perform within the program. Transfer students should make every effort to complete admission requirements before the deadlines and see an advisor in the School of Art for an evaluation of the portfolio and schedule planning before registration.

Full Description

The Bachelor of Arts degree in Studio Art is a liberal arts program that provides students with the breadth of study that complements core work in the visual arts. Students may choose one or more studio art minors or a second major outside the arts to prepare themselves for a wide range of careers or for further specialized study.

Students in the program are encouraged to take advantage of travel opportunities to New York, Washington D.C., London, Paris and China. In addition, students can participate in study abroad full semester or summer experiences at Kent State's Florence, Italy location.

Studio Art - B.F.A.

College of the Arts
School of Art
www.kent.edu/art

About This Program

Earn your B.F.A. in Studio Art and turn your creativity into a career! This pre-professional program hones your technical skills, conceptual thinking and problem-solving through hands-on studio work, critiques and contemporary art exploration. Specialize in ceramics, drawing, glass, jewelry, painting, print media, photography, sculpture or textiles — each offering a unique path to artistic mastery. Showcase your work in a senior thesis exhibition and prepare for a future in the visual arts. Read more...

ARTS 25600	INTRODUCTION TO GLASS WORKING	
ARTS 25700	INTRODUCTION TO JEWELRY METALS	
Additional Requirements (courses do not count in major GPA)		
UC 10001	FLASHES 101	1
Kent Core Composition		6
Kent Core Mathematics and Critical Reasoning		3
Kent Core Humanities		3
Kent Core Social Sciences (must be from two disciplines)		6
Kent Core Basic Sciences (must include one laboratory)		6-7
Kent Core Additional		6
General Electives (total credit hours depends on earning 120 credit hours, including 39 upper-division credit hours)		7
Concentrations		
Choose from the following:		27
Ceramics		
Drawing		
Glass		
Jewelry, Metals and Enameling		
Painting		
Print Media and Photography		
Sculpture and Expanded Media		
Textiles		
Minimum Total Credit Hours:		**120**

1 Students may register for selected Studio Art upper-division courses (ARTS 30000 or 40000 level) prior to successfully completing ART 30001. At the completion of seven specific courses (ART 10022, ART 10023, ART 10024, ARTH 22007, ARTS 14000 and two foundation electives), students register for ART 30001 and submit a portfolio of representative studio work selected from these courses to a studio art faculty committee for review. An examination of knowledge of art history is included. Incoming transfer students are expected to provide examples of foundational coursework equivalent to School of Art requirements for ART 30001. The review is a formative assessment of the student's foundations work including a digital portfolio, installation of sampling of works and proficiency in written and oral critical thinking.

2 A minimum C grade must be earned to fulfill the writing-intensive requirement.

3 Students are required to plan and execute independently a senior thesis exhibition in the area of their declared concentration. The exhibition is presented for review to a committee of at least three School of Art faculty. In addition to presenting the project or exhibition, students must submit a written proposal and written summation (or artist's statement). Students must submit photographic documentation along with the requisite written components at the completion of the committee defense. Students should work closely with a studio art faculty advisor on all aspects of the senior project.

[4] A maximum 3 credit hours of ARTS 45090 may be applied toward studio art electives. Students may apply this course toward fulfilling general electives, with no maximum credit hours required.

Ceramics Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (courses count in major GPA)		
ARTS 24051	INTRODUCTION TO SCULPTURAL PRACTICE [1]	3
ARTS 25400	CERAMICS I [1]	3
ARTS 35400	FUNCTIONAL APPROACHES TO CLAY	3
ARTS 35401	SCULPTURAL APPROACHES IN CLAY	3
ARTS 45400	ADVANCED CERAMICS	3
Studio Art (ARTS) Elective		3
Ceramics Electives, choose from the following:		9
ARTS 35400	FUNCTIONAL APPROACHES TO CLAY	
ARTS 35401	SCULPTURAL APPROACHES IN CLAY	
ARTS 45080	KENT BLOSSOM ART [2]	
ARTS 45095	SPECIAL TOPICS: STUDIO ART [2]	
ARTS 45400	ADVANCED CERAMICS	
Minimum Total Credit Hours:		**27**

[1] Students who completed ARTS 24051 and/or ARTS 25400 as part of the major foundation electives may choose any Studio Art (ARTS) 10000-, 20000-, 30000- or 40000-level course(s) to meet required credit hours.

[2] ARTS 45080 and ARTS 45095 may be used to fulfill concentration electives with approval from a faculty or academic advisor.

Drawing Concentration Requirements

Code	Title	Credit Hours
Concentration Requirements (courses count in major GPA)		
ARTS 14001	DRAWING II [1]	3
ARTS 24002	DRAWING AS A STUDIO PRACTICE [1]	3
ARTS 24040	INTRODUCTION TO PRINT MEDIA [1]	3
ARTS 24061	INTRODUCTION TO PAINTING [1]	3
ARTS 34002	FIGURE DRAWING	3
ARTS 34003	DRAWING: STRUCTURE AND EXPERIMENTATION	3
ARTS 44002	ADVANCED DRAWING FOR ALL DISCIPLINES	3
Drawing Electives, choose from the following:		6
ARTS 34002	FIGURE DRAWING	
ARTS 34003	DRAWING: STRUCTURE AND EXPERIMENTATION	
ARTS 44002	ADVANCED DRAWING FOR ALL DISCIPLINES	
ARTS 45080	KENT BLOSSOM ART [2]	
ARTS 45095	SPECIAL TOPICS: STUDIO ART [2]	
Minimum Total Credit Hours:		**27**

[1] Students who completed ARTS 14001, ARTS 24002, ARTS 24040 and/or ARTS 24061 as part of the major foundation electives are to choose from the following to meet required credit hours: ARTS 24010, ARTS 25310 and ARTS 34061. If all four courses were completed to fulfill the major foundation electives, the student may choose any one Studio Art (ARTS) 10000-, 20000-, 30000- or 40000-level course to meet required credit hours.

[2] ARTS 45080 and ARTS 45095 may be used to fulfill concentration electives with approval from a faculty or academic advisor.

Glass Concentration Requirements

Minimum Total Credit Hours:		**27**

1 Students who completed ARTS 25310 as part of the major foundation electives may choose any Studio Art (ARTS) 10000-, 20000-, 30000- or 40000-level course to meet required credit hours.
2 Maximum 6 credit hours of ARTS 45300 may be applied toward the major.
3 Maximum 9 credit hours of ARTS 45314 may be applied toward the major.
4 Maximum 9 credit hours of ARTS 45351 may be applied toward the major.
5 ARTS 45080 and ARTS 45095 may be used to fulfill concentration electives with approval from a faculty or academic advisor.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
2.500	2.000

- ARTH 12001 is designed for non-art majors, and will not fulfill major requirements for art majors.

Roadmap

This roadmap is a recommended semester-by-semester plan of study for this program. Students will work with their advisor to develop a sequence based on their academic goals and history. Courses designated as critical (!) must be completed in the semester listed to ensure a timely graduation.

Semester One		Credits
ART 10022	2D COMPOSITION	3
ART 10024	DIGITAL MEDIA	3
ARTH 22007	ART HISTORY: RENAISSANCE TO MODERN ART (KFA)	3
ARTS 14000	DRAWING I	3
UC 10001	FLASHES 101	1
Kent Core Requirement		3
	Credit Hours	**16**
Semester Two		
ART 10023	3D COMPOSITION	3
Foundations Electives		6
Kent Core Requirement		3
Kent Core Requirement		3
	Credit Hours	**15**
Semester Three		
ARTH 22006	ART HISTORY: ANCIENT TO MEDIEVAL ART (KFA)	3
Foundations Electives		6
Kent Core Requirement		3
Kent Core Requirement		3
	Credit Hours	**15**
Semester Four		
ART 30001	COMMON REVIEW	1
ARTH 32066	ART AND THEORY SINCE 1940	3
Concentration Requirements or Electives		9
Kent Core Requirement		3
	Credit Hours	**16**
Semester Five		
Art History (ARTH) Upper-Division Elective (30000 or 40000 level)		3
Concentration Requirements or Electives		6
Kent Core Requirement		3
Kent Core Requirement		3
	Credit Hours	**15**
Semester Six		
ART 40008	PROFESSIONAL PRACTICES IN VISUAL ARTS (WIC)	3
Studio Art (ARTS) Upper-Division Elective (30000 or 40000 level)		3
Concentration Requirements or Electives		6
Kent Core Requirement		3
	Credit Hours	**15**
Semester Seven		
Studio Art (ARTS) Upper-Division Electives (30000 or 40000 level)		6
Concentration Requirements or Electives		6
Kent Core Requirement		3
	Credit Hours	**15**
Semester Eight		
ARTS 45099	SENIOR THESIS EXHIBITION (ELR)	3
Studio Art (ARTS) Upper-Division Elective (30000 or 40000 level)		3
General Electives		7
	Credit Hours	**13**
	Minimum Total Credit Hours:	**120**

University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

NOTE: University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Flashes 101 (UC 10001)	1 credit hour
Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37 credit hours

Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 credit hours
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.	
Total Credit Hour Requirement	120 credit hours

Kent Core Requirements

Kent Core Composition (KCMP)	6
Kent Core Mathematics and Critical Reasoning (KMCR)	3
Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each)	9
Kent Core Social Sciences (KSS) (must be from two disciplines)	6
Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)	6-7
Kent Core Additional (KADL)	6
Total Credit Hours:	**36-37**

Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate skills within their chosen medium/media, associated materials and processes.
2. Defend work showing a high degree of design, visual literacy and formal analysis.
3. Discuss their work within larger contemporary and historical contexts.
4. Articulate and critically examine artistic practices, including their own, in both written and oral form.
5. Defend self-directed research.
6. Situate their practice in relationship to the public and engage in professional practices as an emerging artist.

Program Policies

Dual Degree/Double Major

School of Art

Students are permitted to double major in more than one division of the School of Art or complete more than one concentration in the same division.

1. Students enrolling in more than one major within the school must complete all course requirements in each major. If the two majors represent different degree programs, a minimum of 140 credit hours must be completed.
2. Students enrolling in a double concentration within the B.F.A. program must complete at least 12 upper-division credit hours within each concentration. In addition, all reviews must be passed and a senior project must be completed in each concentration.

A student taking a second major in art history must complete the language requirement. The program requirements for a double major must be approved in advance in writing by either the director or the division coordinator and become a part of the student's permanent file.

The Hugh A. Glauser School of Music

The Bachelor of Music, Bachelor of Arts degree in Music and the Bachelor of Science degree in Music Technology programs can be combined with approval by the faculty and director of the School of Music. In addition, double majors and more than one concentration within a major can be approved by the faculty and director of the School of Music.

Exhibitions

Students enrolled in a B.F.A. or B.A. program in studio art, and in the B.F.A. in art education, must receive a rating of "satisfactory" on selected works exhibited during their portfolio review.

No-Credit Courses

Some courses do not generate credit within particular programs. ARTH 12001 does not generate credit for majors within the School of Art, but can be used to fulfill Kent Core requirements. Check course descriptions carefully for more information.

Physical Activity and ROTC Courses

No more than 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses or the first 16 credit hours of ROTC courses—Aerospace Studies (ASTU) and Military Studies (MSCI)—may apply to the 120 credit hours required for graduation.

Veterans who have completed a minimum of one year of active duty may receive PWS credit for military basic training according to branch of service, as follows:

- Army and Marine Corps, 3 credit hours;
- Navy and Coast Guard, 2 credit hours;
- Air Force, 1 credit hour.

Requirement Audit

Upon completion of 60 credit hours, each student is required to contact the College of the Arts Advising office to obtain a current evaluation of progress toward completion of the student's chosen degree program. Requirement evaluations are not a substitute for meeting with a faculty advisor. Students may access GPS (Graduation Planning System) audit through their FlashLine account which provides them with information about their academic progress. Questions about GPS audits are answered in the College of the Arts Advising office.

Transfer Students to the School of Art

Transfer students with more than two studio art courses should submit a portfolio of work for proper placement. The director of the School of Art may impose additional requirements considered reasonable and necessary. Transfer credits are evaluated consistent with the state Transfer Articulation Guidelines (TAG), although each student will be evaluated individually in terms of their ability to perform within the program. Transfer students should make every effort to complete admission requirements before the deadlines and see an advisor in the School of Art for an evaluation of the portfolio and schedule planning before registration.

Full Description

The Bachelor of Fine Arts degree in Studio Art is a pre-professional program that develops students' conceptual prowess, technical competency and independent problem-solving to meet the challenges of a career or advanced study in the visual arts. Through studio critiques,

the study of sophisticated art and design concepts, mastery of skills and technologies and critical analysis of historical and contemporary issues, students learn to analyze and evaluate visual art and apply this knowledge to their own creative practice. Graduating students demonstrate their competence by producing a cohesive body of work presented in their senior thesis exhibition to a panel of faculty reviewers.

The Studio Art major comprises the following concentrations:

- The **Ceramics** concentration offers students the opportunity to hone their command of ceramic material to create both artistic and functional forms. Students find new ways of practicing an ancient craft, drawing on both traditional and contemporary thought and practice. In addition, they investigate practices from around the world for a global context in understanding the medium.
- The **Drawing** concentration cultivates foundational through advanced observational, conceptual and experimental processes to enable students to explore ideas across media and disciplines. All majors in the School of Art are able to complete a sequence of drawing courses to strengthen their drawing as a tool for visual thinking and recording. The concentration encourages advanced students to work with a wide range of approaches and to pursue drawing in diverse contexts.
- The **Glass** concentration challenges students to explore glass as a creative medium, both technically and conceptually, within the broader context of contemporary art. In addition to the fundamentals of glassblowing, students learn glass casting, slumping, fusing, flameworking, enameling, cold-working and assembly. Both interdisciplinary and mixed media approaches are actively encouraged.
- The **Jewelry, Metals and Enameling** concentration equally embraces its rich history and the contemporary theory, materials and technology present in the discipline. Students are exposed to fabrication, smithing, enameling, rapid prototyping, alternative materials and industrial processes to encourage the creation of thoughtful art objects. Students are encouraged to meld the rich traditions and applications of the field into the development of their own artistic signatures.
- The **Painting** concentration is rooted in observation and technique while stimulating abstract, conceptual or material-driven ideas about painting and contemporary art practices. The curriculum supports a variety of specific approaches to painting — including collage, figural, landscape and abstraction — while simultaneously promoting an interdisciplinary approach and emphasizing engagement with contemporary practices. Advanced painting students work in consultation with faculty advisors to pursue individual directions and interests.
- The **Print Media and Photography** concentration introduces students to all traditional print forms as a foundation for conceptual approaches. Students are able to learn print techniques such as intaglio, lithography, relief, silkscreen and large-format digital printing. In addition, students can explore traditional and experimental photography and develop print matrices. Students learn how to develop printed and photographic works of art through layering, problem solving and thoughtful material applications.
- The **Sculpture and Expanded Media** concentration encourages proficiency in foundational methods of making-modeling, carving and assembly. The concentration is a springboard for students to learn how to communicate ideas through sculptural works. Although sculpture classes are rooted in the history of object-making, new forms of sculptural practice (installation, time-based practice, sound and kinetic works) are all part of a comprehensive three-dimensional program.
- The **Textiles** concentration is distinguished by a transdisciplinary approach that fosters conceptual vision, technical facility and formal and material sensitivity. Coursework includes weaving, digital fabrication, off-loom construction, dye and print. The curriculum emphasizes the position of textiles within a contemporary art landscape and is supported by evolving theoretical discourse. Making and meaning are engaged as interdependent elements of studio production. Consideration of the distinctive properties and processes of textiles – repetition, geometry, line, color, pliability and embodiment – engenders a rigorous vocabulary to support formal and conceptual inquiry. Students explore thinking and working with age-old hand processes while incorporating digitally-interfaced approaches to making. Individual and collective studio practice is contextualized through the study of histories, political meanings and social themes that are deeply interwoven into the discipline of textiles.

A concentration does not need to be declared upon admission, but students should declare a concentration no later than completion of ART 30001.

Students in the program are encouraged to take advantage of travel opportunities to New York, Chicago, London, Paris and China. In addition, students can participate in study abroad full semester or summer experiences at Kent State's Florence, Italy location.

Studio Art - M.A.

College of the Arts
School of Art
www.kent.edu/art

About This Program

The Master of Arts degree in Studio Art serves students wishing to develop a robust studio practice in a supportive and diverse community of makers. Students enter the program through a particular discipline and can work with a variety of studio art faculty. Students may use the degree to develop an individual voice within their studio practice and as an avenue for promotion or advancement within an existing career.

The M.A. degree is a flexible model that can be completed in one to three years, based on the student's individual needs and goals. Travel study courses and summer Kent Blossom Art Intensives offer unique opportunities for professional development and mentorship. Although private studio space is not available for M.A. students, access to facilities is available by taking courses in particular studio disciplines.

  - Kent Campus

Examples of Possible Careers and Salaries*

Artists and related workers, all other

- -0.2% little or no change
- 13,100 number of jobs
- $65,800 potential earnings

Fine artists, including painters, sculptors, and illustrators

- 1.0% slower than the average
- 28,300 number of jobs
- $52,340 potential earnings

Accreditation

National Association of Schools of Art and Design (NASAD)

* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics' Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

For more information about graduate admissions, visit the graduate admission website. For more information on international admissions, visit the international admission website.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Minimum 2.750 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Curriculum vitae that includes exhibitions and relevant experience
- Goal statement (250-500 words) indicating applicant's reasons for applying and the motivations for pursuing the degree in the proposed area of specialization
- Artist statement (250-500 words) that describes the major themes in the applicant's work, how the applicant formalizes those themes and the concepts and artists that influence the applicant
- Portfolio of 20 images with title, medium, dimensions and date
- Three letters of recommendation from persons who are in the proposed area of study or a closely related field
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[1]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] International applicants who do not meet the above test scores will not be considered for admission.

Application Deadlines

- **Fall Semester**
  - Application deadline: February 1

All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted by this deadline will receive the strongest consideration for admission.

Major Graduate Electives (50000 or 60000 level) [1]		18
Culminating Requirement		
ART 67199	M.A.THESIS I [2]	6
Minimum Total Credit Hours:		**30**

[1] After completing 16 credit hours of coursework, students present a body of current art work to a committee of three to five faculty members for review and discussion. Students may take major electives through cross-discipline, seminar-style courses, graduate studio, travel study and/or independent study. Maximum 6 credit hours of travel study courses and maximum 20 credit hours of graduate studio courses may be applied toward the M.A. degree.

[2] Students' thesis may comprise an installation or a series of collective works, in addition to a written thesis. The written thesis must document and substantiate the visual works through historical context, process or other theoretical premises. Students must present an oral defense of the works to a committee of three to five faculty members, in addition to mounting the installation and preparing the written thesis.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Create and publicly present a self-directed body of work.
2. Develop a studio practice that synthesizes form, media and meaning.
3. Engage with interdisciplinary research within contemporary art and supporting fields.
4. Articulate verbally and in written form critical analyses of contemporary art as it relates to form and meaning in their work and the work of others.
5. Situate their work within the context of the field and the public.
6. Build a strong portfolio to enhance opportunities for further education and/or career and entrepreneurial options.

Studio Art - M.F.A.

Admission Requirements

- Bachelor's degree from an accredited college or university
- Minimum 2.750 undergraduate GPA on a 4.000-point scale
- Official transcript(s)
- Curriculum vitae that includes exhibitions and relevant experience
- Goal statement (250-500 words) indicating applicant's reasons for applying and the motivations for pursuing the degree in the proposed area of specialization
- Artist statement (250-500 words) that describes the major themes in the applicant's work, how the applicant formalizes those themes and the concepts and artists that influence the applicant
- Portfolio of 20 images with title, medium, dimensions and date
- Three letters of recommendation from persons who are in the proposed area of study or a closely related field.
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions to waive) by earning one of the following:[1]
  - Minimum 79 TOEFL iBT score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 DET score

[1] International applicants who do not meet the above test scores will not be considered for admission.

Application Deadlines

- **Fall Semester**
  - Application deadline: February 1

All application materials (including applicable fee, transcripts, recommendation letters, etc.) submitted by this deadline will receive the strongest consideration for admission.

Graduation Requirements

Minimum Major GPA	Minimum Overall GPA
-	3.000

- Maximum 6 credit hours of travel study courses may be applied toward the M.F.A. degree.
- Maximum 42 credit hours of graduate studio courses may be applied toward the M.F.A. degree from the studio arts electives, general electives and concentration electives.
- No more than one-half of a graduate student's coursework may be taken in 50000-level courses.
- Grades below C are not counted toward completion of requirements for the degree.

Program Learning Outcomes

Graduates of this program will be able to:

1. Create and publicly present a self-directed and significant body of work.
2. Develop an in-depth studio practice that synthesizes form, media and meaning.
3. Engage with interdisciplinary research within contemporary art and supporting fields.
4. Articulate verbally and in written form critical analyses of contemporary art as it relates to form and meaning in their work and the work of others.
5. Situate their work within the context of the field and the public.
6. Engage in professional practices as an artist.

Full Description

The Master of Fine Art degree in Studio Art is designed to prepare students for careers as independent visual arts through the cultivation and refinement of a successful studio practice. The program emphasizes intensive personal investigation and the development of strong aesthetic and conceptual understanding. In addition to time in their own studio, students have opportunities to enhance existing skills and knowledge by observing undergraduate class demonstrations and critiques.

The M.F.A. is the terminal degree in the studio arts and is a requirement for those who intend to teach visual arts in higher education.

The Studio Art major comprises the following concentrations:
