

LEADERSHIP - MINOR

Ambassador Crawford College of Business and Entrepreneurship
 Department of Management

About This Program

The Leadership minor provides students skills in understanding the business environment as a system of interrelated and interdependent parts. Students learn how to analyze the system to identify opportunities and challenges for addressing stakeholder concerns, in addition to gaining skills for influencing others to work toward sustainable practices. Responsible leadership involves making sustainable business decisions that consider the interests of all stakeholders including employees, clients, suppliers, customers, society, the environment and future generations. Addressing these varied and often conflicting concerns requires skill.
